### Montreal Stock Market

REPUBLIC THE ONLY ACTIVE ISSUE IN A LIFELESS MARKET—CANADIAN PACIFIC OFF FRACTIONALLY.

Republic Mining was the principal trading issue at this morning's session, and the stock was sold extensively, resulting in a sharp decline of 5 p. c. from Monday, on which day it was last dealt in. No good reason is forthcoming to account for this. All the news having direct effect on Republic is extremely favorable to the company. The railway to the mines has been surveyed, and the work will be pushed with all expedition. The result of railway connection will be to enable the company to ship a large quantity of ore to the smelters, which has hitherto been kept back, owing to excessive haulage charges, and the treatment of this ore should increase the earnings of the company, which are now about \$50,000 per month, to the neighborhood of \$80,000 per month. On such declines as that of this morning the stock should be picked up.

Quotations in the other mining stocks were but little affected by the decline in Republic and the transactions were very small.

The traction stocks were extremely dull, and what few shares changed hands were marketed at lower figures than those prevailing yesterday. There was a fractional decline in Canadian Pacific, no doubt in sympathy with a similar decline in London.

Canadian Pacific—On a slight decline of  $\frac{1}{2}$  p.c. in London this stock on one sale of 100 shares sold at 98, being  $\frac{1}{2}$  p.c. drop from the previous quotation of last night. 97 $\frac{1}{2}$  a bid and 98 wanted.

Toronto Ry.—There were 100 shares of this security marketed at 116, a decline of  $\frac{1}{2}$  p.c. from yesterday. The bid is 115 $\frac{1}{2}$  with 116 $\frac{1}{2}$  asked.

Montreal Street—This stock sold at 328 $\frac{1}{2}$  for 25 shares and the security shows some weakness. The bid is 328 with 328 $\frac{1}{2}$  wanted.

Twin City—125 shares of this stock were put through at 66 $\frac{1}{2}$  to 66 $\frac{1}{4}$ , the price being about the same as that prevailing for some time past. 66 $\frac{1}{2}$  is bid and 66 $\frac{1}{4}$  asked.

Republic—On sales of 5,000 shares this stock declined about  $\frac{4}{8}$  p.c. to 125 which was the closing price for the session. The decline was steady from 129, the opening figure. The bid shows much improvement however, being 126 $\frac{1}{2}$  with 127 wanted.

Payne—There was no material change in this stock, the price showing a very slight decline to 144 $\frac{1}{2}$ , which was the closing quotation. 1500 shares changed hands. The bid at the close was rather easy, being 143 with 144 $\frac{1}{2}$  asked.

War Eagle and Montreal-London each figured for 500 shares in the session's trading, and whilst the latter lost 1 p.c., to 50, the former remained stationary at yesterday's figures, 370. The bids were rather weak in both.

The remainder of the trading consisted of 25 Royal Electric at 185; 50 New Montreal Street at 327; 25 Halifax Heat & Light at 20; 50 Montreal Gas at 199 $\frac{1}{2}$ ; 35 Montreal Cotton at 155; and 16 Ontario Bank at 125.

#### CANADIAN PACIFIC IMPROVEMENTS.

General Superintendent May pole, of Canadian Pacific, after an extended tour over new lines in the west, said that the injunctions taken out in connection with the dispute between the Arrowhead & Kootenay and the Lardeau-Kaslo-Duncan Railways have been dismissed by mutual connection. The Arrowhead Kootenay is now pushing work through the Duncan Pass, which was the bone of contention, to Trout Lake. They have 600 men now at work, and are putting more on all the time. The new time bill gives a very much accelerated service to the whole of Kootenay District, particularly between Rosland, Nelson the Slocan and the Coast. As soon as the track of the Columbia & Western reaches Cascade and Grand Forks, which it is expected it will do in about a month a fast service will be inaugurated between Robson and those points to connect with the fast Coast service.

**MONTREAL MINING EXCHANGE.**

The weak feeling in Golden Star had the effect of stopping business in it. The views of buyers and sellers were too wide apart to lead to transactions. Various reports were afloat as to the possibility of the passing of one or two dividends that a reserve might be established. Their earnings last month were \$19,000, their dividend \$11,000. The general feeling was not buoyant by any means, except in California, which was in good request. A round lot would doubtless bring a better figure than current quotations. The business was very much smaller than yesterday morning's, as may be seen by the list of sales. No sales were made in Republic, but the bid and asked was 125 to 127. The news to hand about the railway to Republic Camp is very satisfactory.

**MORNING SALES.**

# NEW YORK EXCHANGE.

WESTERN AND PACIFIC STOCKS  
THE LEADERS IN TO-DAY'S MAR-  
KET—MANHATTAN ADVANCES  
SHARPLY.

New York, June 28.

American securities in London are active and all show advances. The whole list shows considerable buoyancy, L.N. enjoying the greatest advance. London was a buyer of some 15,000 or 20,000 shares yesterday. Speculative sentiment in that quarter seems to have turned and to be in favor of Americans. Yesterday's market was one of the most active and strongest we have seen in a long time.

New York, Noon, June 28.

There is little new to say about this morning's market. The influences which dominated prices yesterday are again in evidence to-day and are responsible for a generally strong and higher market. The higher prices from London and the strength and activity in that market, resulted in considerable business in ours at the opening. Stocks generally opened higher than last night's close, and buying orders seemed to be distributed throughout the entire list. London is a moderate buyer of stocks this morning, its purchases being largest in Atchafalpa pfd., S. E. pfd., and L. N.

There is a rumor current that the L. N. directors will increase the dividend at their next meeting and on this rumor and the excellent earnings of the Co. is based the upward movement. There were several large buying orders in the stock this a.m. and traders also took a considerable line.

St. Paul continued to advance and although large blocks came out on every material rise, it is all well taken, and this a.m. sold highest price for long time. One prominent Com. House bought some 5000.

Mr. Flower is quoted as saying that all the talk about a strike on B. R. T. was originated for stock jobbing purposes and that the officials have heard nothing of it from their front.

B. R. T. is strong in response to this statement as are the other local traction shares. New York Central holds its advance well in spite of the fact that nothing new has come in regard to the B. and A. deal.

Most of speculation is in the Standard Railway shares but the industrials are coming in for more notice than they did first two days of the week, most of them displaying decided firmness. General market strong.

## NEWS OF THE MINES. LARGE GOLD VALUES IN CARIBOO NO. 2.

A mill-test made in Camp McKinney recently, showed values of \$73.88 per ton for ore taken out of Cariboo No. 2. The certificate of the test shows assay values of 2.4 ounces silver and \$71.94 in gold; a total of 73.88. The ore concentrated 8.3 into 1 and the value of the concentrates was 13.4 silver and \$468.01 in gold; a total of \$476.05 per ton. The takings showed 7 ounce silver and 7.65 gold; a total of 8.07 per ton.

The claim owned by the Cariboo No. 2 Mining Co. is the Rosoy, and it adjoins the Cariboo mine. The lead which is being opened is said to be a spur from the main Cariboo vein.

### BLACK TAIL.

The Black Tail is showing up pretty well at present. The last crosscut on the Surprise ledge belonging to the Black Tail Co. shows six feet of clear quartz that will average \$47 per ton in gold. The mine is classed among the foremost in the camp.

### REPUBLIC CAMP.

Jas. P. Harvey has tendered his resignation as general manager of the Republic mine, to take effect July 1st, and it is understood that Bernard McDonald, the mining expert will take charge of the property.

# CHICAGO MARKET.

WHEAT SHOWS SOME IMPROVEMENT—CORN DULL AND EASY—PROVISIONS ACTIVE AND STRONG.

Chicago, June 28.

There was an advance of  $\frac{1}{2}$  penny in Liverpool cables for wheat this morning and in line with this wheat opened here at a slight advance of from  $\frac{1}{4}$  to  $\frac{3}{8}$  p.c. There was an early disposition to sell on the bulge, and prices receded to 72 $\frac{1}{2}$  for July and to 74 $\frac{1}{2}$  for December. However, buyers were quick to take advantage of the decline and prices advanced as quickly as they had gone down. July sold up to 73 $\frac{1}{2}$  for high, and September at 75. Towards the close there was a fractional settling off, but the net result of the day's operations show slight advances in all options over the closing prices yesterday.

Corn was very dull and somewhat easier in price. Some lines were thrown over on strong spots in wheat, but the decline is fractional and unimportant.

Oats were firm, with no change in quotations.

Provisions again advanced, and the tone is very strong.

European cables for wheat are higher this morning, being about equal to the advance made by this market yesterday. Northwest receipts are still heavy, 924 cars against 910 last week and 74 last year. Seaboard clearances show a falling off, these being 102,000 bushels against 323,000 last week and 46,000 last year. Cash demand is fairly good. The impression is that English markets will respond quickly to improvement here, and that as soon as the market steadies, foreigners will purchase freely.

The strength in corn continues on light country offerings, and continues good cash demand, especially for export. Seaboard clearances are 513,000 bushels. It is thought that in the near future receipts will run much smaller.

Oats rule strong in sympathy with corn. Country offerings are light, and cash demand is good, New England being a large buyer. Trade is large and undertone shows strength.

Provisions are strong and higher. Traders are watching the market closely. Cash demand is good and the shipments are very large.

Chicago receipts car lots wheat 152, corn 810, oats 248, and hogs 37,000.
