Torontos Wallop Wanderers Quebec Troupe Tecumsehs

TORONTO TRAVELER SQUAD

Blue Shirts Win Burlesque Game From Wanderers, Who Quit Cold-Night for the Star.

There have been some burlesque games of hockey staged this winter in Toronto, but none of them had anything on Saturday night's farce. Torontos succeeded in walloping Wanderers to the tune of 10 to 3 and kept themselves from taking the case position again by tying with Tecumsehs, while they put the Peasoups practically out of the running for first place. The score expresses in some degree the superiority of the Queen City squad and the locals were decidedly off-balance on low bad Sammy's boys were.

The Wanderers were in a state of confusion at all times, and their play was ragged and loose play made them look like jokers, instead of hockey players. The Torontos displayed a different attitude, but Jack Marshall, who has proved himself the life of the team, time after time, was there with an opportune word, and kept the boys hustling. Altho he is not the best player on the team his generalship is the star of the game, and the Torontos fans would like to see a few more of his caliber. His great stick-handling and checking back are nice to have, and he plays tough hockey, as he keeps in condition and can easily keep up the pace set by any team without trying to play the puck, although he is not a fast runner, but he is a good player. He keeps in condition and can easily keep up the pace set by any team without trying to play the puck, although he is not a fast runner, but he is a good player.

ONLY GOOSE EGGS FOR TECUMSEHS

Quebec Champions Have: Out Their Best Team and Outclass the Indians.

QUEBEC, Feb. 15.—According to the fitness of things the Tecumseh hockey team, which in the beginning of the season were designated the "over-timers," should by their recent showing, be styled the "kaleidoscope receivers," as both Ottawa and Quebec have decorated them. The ice was in splendid condition, but the attendance was smaller than usual, the storm, which was raging, no doubt keeping many away. Besides, the Tecumsehs' defeat in Ottawa, the result of a better balanced team, each one doing his respective part to the letter, leaving nothing for the fans to complain of. The defence was up to the minute, never falling in one instant and the same may be truly said of the forward line and its combination play.

The Tecumsehs put up a fast and pucky game, but not one to cope with the article furnished by the men to whom they were opposed and this accounts for the fact that they left the ice a badly defeated team, the score being Quebec 8, Tecumsehs 0.

Heavy Body Checking. The opening of the first period of the game was slow, the puck going towards the Quebec end of the rink for a moment, being returned to Tecumsehs quickly. It remained between the centre and centre ice the greater part of the period. However, Malcom would occasionally make a rush towards Moran, but if he passed centre ice he was met by either Munnis or Hall and blocked. There was some heavy body checking, but no serious injury, save a short bout of end-to-end play the period ending with four goals for Quebec.

In the second period Quebec went to the front at the start, Malcom scoring the first goal. With a shot from centre ice Crawford tallied the second goal. A few minutes later, after a face-off, T. Malcom scored the third goal. Crawford made a beautiful spectacular rush up the ice, swerving from side to side and scored the fourth goal. Tecumsehs made a grand run, T. Smith scoring the fifth goal in one minute and a half. There was no more scoring.

With the exception of a couple of shots stopped by Moran, third period was all Quebec. H. Smith replaced Thorpe, and Gail replaced Crawford on the Tecumsehs. Malcom scored the sixth goal, centre, Vair, right, Corbett, left, Crawford. Malcom scored the seventh goal, immediately after starting play again. Quebec made a grand run, T. Smith scoring the eighth goal in one minute and a half. There was no more scoring.

THE T. EATON CO. LIMITED

LUCK HELPS OTTAWA TO BEAT CANADIENS. Frenchmen Rough It and Lose Several Men and the Game by Two Goals.

MONTREAL, Feb. 15.—Getting away to a good break, Ottawa assumed the lead over Canadiens in their match at the Arena Saturday night and retained it to the end, winning by a score of 3 to 2. Ottawa always seemed to have the better of the play and the team showed marked improvement over previous games here. Thru brilliant checking back and counterattacks, Ottawa had the locals on the defensive almost constantly.

The play warmed up as time progressed, developing into a match marked by roughness, with Canadiens the greater aggressors. In the opening period Pitre gave Durragh the butt of his stick. This was overlooked. On resuming play in the second stanza Pitre again got after Durragh. After he had been checked by the Ottawa forwards, he cross-checked Durragh over the eye, which put Durragh out for the remainder of the game. Pitre was given a match foul, which weakened the team's chances.

Penalties: Canadiens—Pitre, 1 minor; Lavolette, cover; Lalonde, wing; Pitre; centre; Smith; wing; Berlanquette. Ottawa—(3)—Goal, Benedict; point, Shore; cover, Merrill; wing, Ronan; centre, Durragh; wing, Westwick. Referee—Fullford, Assistant—Horn.

UNIVERSITY SCHOOLS WIN RETURN GAME

In a Junior Intercollegiate fixture on Sunday morning at the Arena, University Schools defeated Trinity College 14 to 10, but lost on a round by 14 to 21, as T. C. C. was worked in fine order. University Schools was changed around since the last game and doubtless this had greatly to do with the defeat of T. C. C.

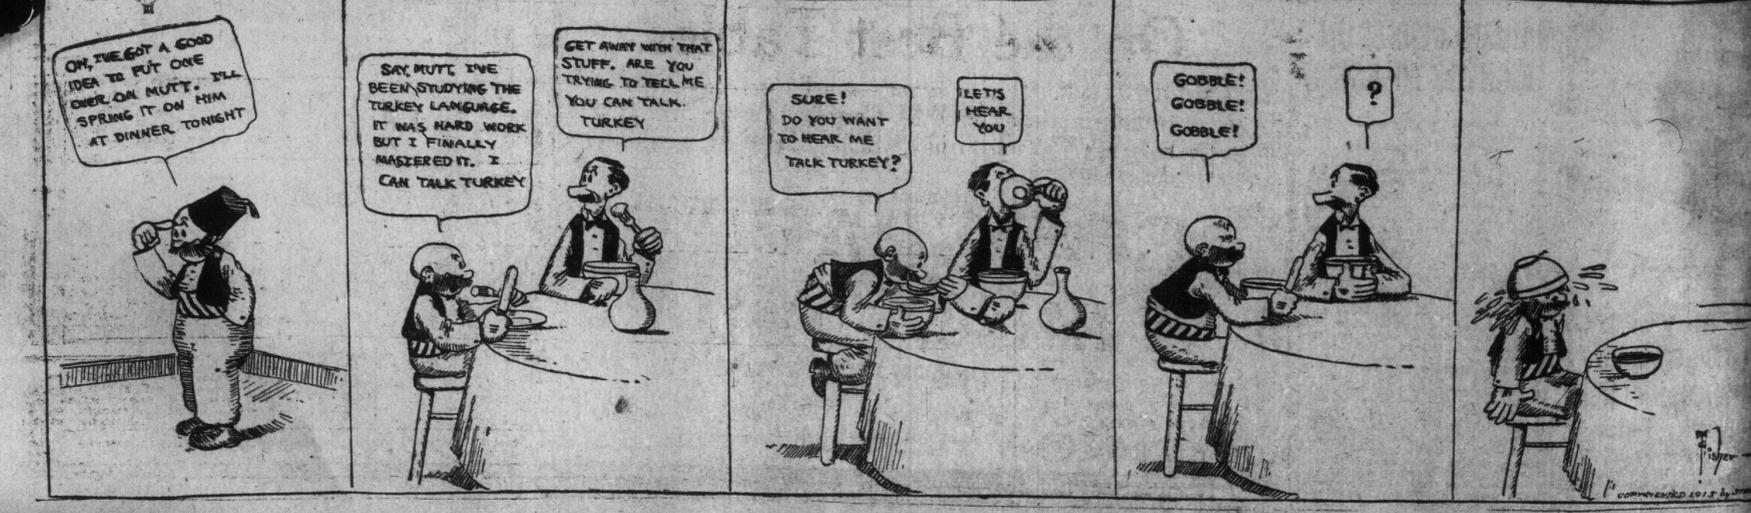

In the first half T. C. C. started a bombardment of the U. T. S. goal, but after a few minutes, combined with the checking of the forwards, kept the score 2-7 in favor of U. T. S. To mid-life, the half ended with a score: U.T.S. 2, T.C.C. 4.

The second half started off with a goal by the U.T.S. forwards, who dominated the T.C.C. goal for ten minutes, but the game was more individual, while the equally divided and the game ended with the score 9-7 in favor of U.T.S.

The whole U.T.S. team played significantly, while the T.C.S. forwards worked in fine order. University Schools game was more individual, while the equally divided and the game ended with the score 9-7 in favor of U.T.S.

Worked the combination style of play. The teams: U.T.S.—Goal, Broughall; point, Crowther; cover, McDonald; rover, Centre, Wilson. U.T.S. (9)—Goal, Remis; point, Miller; cover, Garrett; rover, Broughall; centre, Lyon; right, Davis; left, Centre. Referee—Fred Waggoner.

MONDAY MORNING, FEB. 17, 1913.

SIR JAMES, THE SOCIALIST.

It should not be without significance to Sir James Whitney and also to The Globe that the balance of power in the students' parliament is held by the party described as social-democrats. This is the thin end of a much thicker wedge than Sir James was able to destroy in the land tax reform.

Party government in recent times has not been a division of men guided by different principles, but rather the separation of the sheep and the goats on the basis of honesty being the best policy. A strong conviction among the people that Sir James' predecessors in office were not politically honest drove them out of power.

When the competition in honesty becomes sufficiently keen to abolish the spoils system and to assure the people that a square deal for everybody is the equal aim of either party, socialism need no longer masquerade as a compromise between efficiency and sound economics, but will put on the ermine of royal justice.

Meanwhile Sir James should realize that his strength in the province lies in what has been described and denounced by the trusts and the capitalists as his socialistic legislation, with the Hydro-Electric Act in the forefront of his achievements.

When the World predicted a population of a million people for Toronto's centenary year in 1935 a great deal of ridicule and some abuse was directed this way. The ridicule was maintained until a few months ago.

It is because these impostors are so numerous that we do not use common sense in ascertaining the facts and they, the impostors, are so numerous that we are unable to detect them.

and Wexford in the office. Leads, we believe, will exceed the symmetrical limits suggested by our contemporaries, and lead to a development as marked in the east as anything that has taken place on the western side of the city.

With the recognition of a million in sight for the city comes the necessity we have so constantly urged of preparing for the future by a proper system of municipal government. We need a traffic commission; we need a parks commission; we need some means of enlisting the services of men of wider vision and abler business capacity on the city council.

A FIXED FACTOR. The Globe, illogical as ever, either misses or evades the whole point of our reference to the erection of skyscrapers in Montreal. Everybody knows that the skyscraper limit in the narrow streets there is ten stories. But the point is that this limit has been established and is well-recognized as a stable factor upon which real estate values are based, and the result, as we stated, is the projection of \$18,000,000 worth of skyscraper structures.

In Toronto no settled condition has yet been established, though we trust that a very short time only will elapse before the 250-foot limit is adopted. Once Toronto has a stable condition, as Montreal has, building operations here will probably not be eclipsed by the activity of our friends in Quebec.

A MAN OF FAITH. Because Sir James Whitney expressed the old-fashioned view that land nationalization would be the certain precursor of the abolition of the home, marriage and religion, some people have described him as a "bygone man's jest". The same view was held by many people when it was proposed to extend the franchise to others than property holders.

THE WHITE PLAGUE. With the completion of the King Edward Memorial Fund for the assistance of the National Sanitaria for Consumptives a step has been taken that should do very much to remedy the ravages of the white plague. It has been ably and earnestly argued, however, that this is but a part of the work that needs to be done for the eradication of the disease.

Guaranteed Rupture Holder On 60 Days' Trial Won't Cost You a Cent If the Two Months' Test Doesn't Prove All Our Claims. Protected against all strains and constantly kept from coming out. Just as a broken bone can't "knit" unless constantly held together... THE ONLY THING GOOD ENOUGH TO STAND SUCH A TEST. You know as well as we that a mere trypsin is not a cure for rupture... MADE ON NEW PRINCIPLE. The Clutte Truss is so radically different from every other truss for rupture that it has received eighteen separate patents. Made in the U.S.A. and is the only one made more than 30 years.

Real Catarrh Cure Furnished by Nature Has Wonderful Effect on Weak Throat, Bronchitis, Chest Weakness and Catarrh. New Method Very Successful. Late scientific research has brought forward results that seem incredible. Anti-toxin has reduced the mortality of Diphtheria to a minimum, and Catarrhose has established itself as an absolute cure for Catarrh, Bronchitis, Asthma, La Grippe, etc., and thousands are continually being cured by its use. It is a new method of treatment, that of medicated air, and cannot fail to be beneficial. It goes wherever air can go, thus reaching all the affected parts. It purifies as by fire, simply burning up the diseased germs. Catarrhose is a non-poisonous, powerfully oxidizing and healing agent; it therefore acts upon the mucous membrane of the throat, nasal passages, and bronchial tubes, destroying all microbe life, and at the same time heals up all the inflamed parts. As a cure for Catarrh, Bronchitis, Asthma, La Grippe, etc., Catarrhose cannot be equaled. It is a guaranteed cure, and is highly endorsed by prominent physicians who use Catarrhose in their practice. Catarrhose outfit, complete, consisting of a beautifully polished brass portable inhaler and sufficient Catarrhose for two months' use, price \$1.00, smaller size 50c, at all dealers, or by mail from the Catarrhose Co., Buffalo, N.Y., and Kingston, Canada.

REALIZING SALES DEPRESS WHEAT

Prospect of Moisture in Winter Crop Belt Induced Longs to Unload.

CHICAGO, Feb. 15.—Possibility of rain or snow tempted wheat owners today to try to realize profits. In consequence a fresh advance was more than wiped out, and the market closed weak at prices ranging from last night's level on 3-8c down. Corn finished 1-8c to 3-8c off, oats at a decline of 1-4c to 3-8c, and provisions varying from unchanged figures to a rise of 11-15c.

Buying of wheat was quite brisk for a while, so much so that many of the shorts were forced to cover. Dry weather in the American winter crop belt, and lack of snow protection in Russia, gave most of the courage to the bull side. Nebraska reports told of the ground being cracked, and in bad condition for seed to stand a sated no moisture between now and Monday.

Crop Score Premature.
On the other hand, leading experts declared that fall sown wheat was dormant from December to March, and that fears regarding the plant were premature. Opinions that it was too early by 30 days for a crop score helped turn the trade to the selling side. In addition, receipts at primary points were liberal and rain had visited the Punjab.

Despite alleged scarcity of forage southwest, corn eased off with wheat and because of limited shipping demand more than 8000 cars of corn were reported as being held back from elevators here by a blockade on the belt line. Selected investors lifted onto a trifle, but subsequently the market was slow to absorb the offerings.

Provisions averaged higher thru the day. Most of the impetus came from an advance at the yards.

Northwest Receipts.

European Markets.
The Liverpool market closed 3/4d to 1/2d higher on wheat and 1/4d to 1/2d higher on corn. Berlin wheat closed 1/4c higher, and 1/2c to 3/4c lower, and Antwerp 1-5c to 1-1/2c higher.
