ASQUITH'S OFFER NOT APPROVED BY REDMOND

Nationalist Leader Caused Sensation by Intimating That Break With Liberals Might Result From Home Rule Compromise Proposal of Premier.

Canadian Press Despatch.
LONDON, May 12.—The speech of John Redmond, the Nationalist leader, this afternoon, in which he declared that he and his followers would not commit themselves to support Premier Asquith in a compromise on the home rule bill, has created a sensation in political circles, but opinions differ as to its practical effect. The present position is that the home rule bill will be sent to the lords before Whitman, the house of commons having tonight voted Premier Asquith's proposals for hastening the remaining stages of the bill. Then if an agreement is reached with the opposition, Mr. Asquith will introduce an amending bill, enabling the Ulster counties to vote themselves out of the home rule bill for six years.

While some interpret Mr. Redmond's speech as a warning to the government against further concessions to the Unionists, others interpret it as a warning to Ulster that once the home rule bill is on the statute books, any further concessions can only be had by consent of the Nationalists.

Pledge to Amend Bill.
Premier Asquith pledged the government to introduce an amending bill to the home rule for Ireland measure in the hope of it being passed by agreement between the parties. If this offer is accepted, he said, both the original home rule bill and the amending bill will become law practically simultaneously. This, he contended, was the only proper way of carrying out any agreed settlement which might be reached.

The prime minister added that obviously in order to take advantage of the provisions of the parliament act no change could be made in the home rule for Ireland bill while it was in the committee stage, and therefore any debate during that stage would be pure waste of time.

The parliament act provides that if any public bill is passed by the house of commons in three successive sessions and is rejected or unacceptably amended by the house of lords in each of these sessions it may become law by receiving the royal assent provided that two years have elapsed between the second reading in the first of three sessions and the final reading in the third session.

A Supplementary Bill.
In announcing that the third reading of the home rule bill on its third passage thru the house of commons

MR. LANCASTER RESTS TO RESTORE HEALTH

Leaves Home for Point on Nova Scotia Coast in Premier's Car.

Special Toronto World.
ST. JOHN'S, N.S., May 12.—E. A. Lancaster, minister for Lincoln, father of the marriage bill and chairman of the railway committee of the Dominion House of Commons, left town tonight, accompanied by Mrs. Lancaster and daughter, for a point on the south coast of Nova Scotia, where he will rest in the hope of regaining his lost health. To guard against correspondence reaching him, physicians are keeping his destination a secret. Premier Borden placed his private car at the disposal of Mr. Lancaster to avoid a change of cars.

TO MAKE GIFT TO SIR WILFRID

Liberal Caucus Called to De- cide on Presentation on Fortieth Anniversary of Maiden Speech.

By a Staff Reporter.
OTTAWA, May 12.—A Liberal caucus has been called for tomorrow morning, at which Sir Wilfrid Laurier will not be present. The object of the meeting is to arrange for a presentation to Sir Wilfrid on the 40th anniversary of his first speech in the Dominion Parliament. A big gathering of leading Liberals will assemble here for that purpose before the close of the session.

Vice-Consul to Be Released On Return to Mexico City

MEXICO CITY, May 12.—Acting Foreign Minister Ruiz today telegraphed the South American mediators at Washington that American Vice-Consul Stillman, under arrest at Saltillo, charged with aiding the rebels, had been ordered sent to Mexico City under guard, to be delivered to the Brazilian minister for return to the United States.

JOHN W. MOYES STAMPED AS A SWINDLER OF SHAMELESS CYNICISM AND CUNNING

Attorney-General's Department Is Expected to Take Action

William Proudfoot, K.C., who represented the municipalities interested in the West Shore Railway before the Ontario Railway and Municipal Board during the intervention, was seen at the Ontario Club by The World last night. Asked for his opinion on the findings of the board, he stated that the attorney-general's department probably would take action against John W. Moyes. There were sufficient grounds, in his opinion, and far more grounds than in many other cases where the attorney-general's department had stepped in.

SIX BOYS HELD FOR THEFTS IN WEST END OF TORONTO

Organized Gang Ranging in Age From Fourteen to Seven- teen, Rounded Up and Will Face Charges of Burglary, Theft and Horse Stealing.

Acting Detective Nichols of No. 9 police division made a clean-up of the juvenile criminals in the western section of the city last evening, and before he got thru had six youngsters, ranging in years from 14 to 17, in the cells, on charges of theft, shopbreaking and horse-stealing.

The lads apparently had organized themselves into a gang, with petty thefts and sneak-thieving as their object. Four of them will be charged with entering vacant houses at 54 West Lodge avenue and 1 Fern avenue, and stripping the house of plumbing accessories, which are thought to have been disposed of in pawn shops. Hundreds of dollars' damage has been done to both residences by the thieves. Another of the boys will be charged

BIGGER SUBSIDY FOR DRY DOCKS

Government Seeks to Encour- age Waning Industry by Assuming Larger Share of Responsibility.

By a Staff Reporter.
OTTAWA, May 12.—With the object of giving additional encouragement to the construction of drydocks in Canada Hon. Robert Rogers has given notice of the following proposed resolution: "That it is expedient to provide that the subsidy payable in respect of first-class drydocks under section 8 of the Drydocks Subsidies Act be increased from three and one-half per cent. to four per cent. per annum of the cost of the work as fixed under the act, during a period not exceeding 35 years."

When the act was passed in 1910 the interest for which the government assumed responsibility was fixed at three per cent. Later on it was increased to three and one-half per cent, and it is now found necessary to make it four per cent. in order to encourage capitalists to put their money into Canadian drydock projects.

Ontario West Shore Railway is Called a Swindle From Beginning to End, and a Deliberate Scheme Used by Moyes to Defraud the Country.

"DEAD MEN TELL NO TALES."

"Appreciating This Moyes Sought to Unload Upon the Dead Vice-President the Vanished Books and Papers With All the Odium Attach- ing to Their Disappearance."

The truth about the Ontario West Shore Railway, that notorious flotation engineered by John W. Moyes and today pressing with a heavy yoke of debenture obligations upon several municipalities along the shore of Lake Huron, came out last evening in the report of the Ontario Railway Board, and it reads very black. The enterprise is stamped from beginning to end as a swindle. From every angle of inquiry Moyes is castigated as one who went into the scheme with the deliberate intention of defrauding the country. The devious trail of high finance which he pursued, is branded at every interval by the finger of falsehood. He is charged not only with wholesale misappropriation of funds and the juggling of accounts to conceal his machinations, but in the round utterance of established conviction the board states that he descended to the weaving of an "infamous fabrication" to lay the blame upon a dead man and thus save his own position.

"Dead men tell no tales, and appreciating this, with shameless cynicism and calculating cunning, Moyes sought to unload upon the dead vice-president, Mr. Smoke, the vanished books and papers, with all the odium attaching to their disappearance," reads one of the more withering passages of the report.

Moyes is Liable.
The board shows up in glaring fashion the flimsy fabric of the whole structure, and points to the hand of Moyes being always in the treasury box. No direct recommendation for a criminal charge is made, but it is said in two places that if such a charge were brought, he has become liable for the whole amount of profit accruing from the contract made with the Huron Construction Company. This is shown to be the part of the money and securities traced to his possession and control, and it is stated "he has no just ground of complaint if he is held accountable."

Moyes and the Huron Construction Company were one. In spite of his reiterated statements under oath that he had nothing whatever to do with it, the board is convinced of the fact. They take it as an established premise to proceed upon.

The Sole Actor.
"That company was without doubt John W. Moyes," reads a section, "He was the sole initiating, efficient actor thruout, the others who appeared upon the stage, Roberts the engineer, MacEwan, secretary, and Pattinson, the accommodating broker, being admittedly mere agents moved by him and doing his will."

In summary of the whole investigation the board reports in brief as follows:

(a). That Moyes, by false and fraudulent representation, that \$12,500 had been paid to the Dominion Bank, Toronto, on account of capital stock, procured the Ontario West Shore Railway to be permanently organized.

(b). That no permanent capital was contributed to the undertaking beyond the proceeds of the sale of bonds guaranteed by the applicants, although 15 of these at a par value of \$15,000 appear to have been taken by the Provincial Steel Company in part payment of rails.

(c). That Moyes, in breach of the Ontario Railway Act, procured a colorable agreement for the construction of the railway, to be entered into between the railway company and the so-called Huron Construction Company, which latter was Moyes.

(d). That by procuring to be issued false and fraudulent progress certificates, Moyes withdrew from the Toronto General Trusts Corporation the proceeds of the sale of the bonds, guaranteed by the applicants, amounting with interest to the sum of \$402,837.37, and Vaughan M. Roberts, engineer, by gross negligence and breach of duty, aided and abetted Moyes in his fraudulent design.

(e). That owing to the fact that no books of account of the company's business were kept, and that many vouchers for payment are missing, the board cannot report with exactness how much of the amount so fraudulently withdrawn by Moyes was properly expended. This much is clear, that while several thousands were applied to purposes foreign to the railway, that the sum of \$228,272.06 was properly expended in railway construction and materials.

(f). That the assets of the company consist of the right of way (which for the entire distance, except for twelve parcels, has been acquired), and construction work and material, which according to the corrected valuation of Mr. Middlemist, C. E., is worth \$276,021.21.

(g). That all the liabilities of the company known to the board are the bonds guaranteed by the applicants (Townships of Ashfield and Huron, and Towns of Goderich and Kincardine), of a par value of \$400,000, and a parcel of unguaranteed bonds of par value, \$15,000, both of which are secured by a mortgage on the company's undertaking and \$2000 worth of outstanding, unsecured accounts.

Details Given.
The board, in their report, go into the full details of the history of the railway, telling of how it was incorporated under 1902 revised statutes, as the Huron, Bruce and Grey Electric Company, to construct out of Goderich. The change of name brought increased powers, the share capital to be \$500,000 and bond issue of \$600,000 based on the mileage from Kincardine to Goderich. The latter town had guaranteed \$150,000 worth of these; Kincardine \$50,000 worth, and the other parts interested making up \$400,000. The deed of trust was placed in the hands of the Toronto General Trusts, being construed by Mr. Justice Middleton. On his receiving from time to time progress certificates certifying to 90 per cent. of the value of services and materials, the trust company at once paid over to the railway (actually to Moyes) out of the money on hand.

The sale of guaranteed bonds was handled by Moyes and the proceeds deposited. Construction began in 1908, and continued intermittently into 1911, when, in September, Moyes ordered the work stopped. Then followed Middlemist's report and the board hearing.

No Trace of \$400,000.
Referring to Moyes' evidence concerning the handing over of the papers to the late S. C. Smoke as vice-president, the board states that of the \$400,000 disbursed, not a trace could be found. The enquiry "had been plotted into this cul-de-sac" by Moyes and "there, no doubt, he intended it to end."

"And yet," states the report, "this story so solemnly affirmed and reaffirmed, was an infamous fabrication." Reference is made to the difficulty met by Accountant Neff with the papers. No systematic record

(Continued on Page 3, Column 5.)

(Continued on Page 3, Column 5.)

of the company's business had been kept in spite of the large amount of work and the disbursement of \$257,959 in 1911. During these 3 years Moyes has opened several bank accounts, five of which stood in his own name, and to each of which some railway money was traced. Mr. Neff had proceeded to work out a normal account, but even so, the destination of thousands of dollars is unknown.

Chairman McIntyre proceeds to show how the company under Moyes' direction, was dishonestly managed from beginning to end. The Railway Act provides that only when 25 per cent. of authorized capital stock is subscribed and 10 per cent. paid into the bank can permanent organization be secured. At the organization meeting in Goderich in 1908, Moyes, as chairman, stated that the percentage, \$125,000, had been paid, and that 10 per cent., \$12,500, was then in the Toronto Dominion Bank. Under examination he said that he got this money from Mr. Smoke.

"Both these statements are false," says the board, and proceeds to show that A. J. Pattinson of Toronto had been prevailed upon to advance it, but even so, it had fallen when six days later it was wiped out by a cross debit entry.

"This piece of financial jugglery—obviously fraudulent and intended to deceive—is the only pretense that anything was ever paid on account of the capital stock. In view of this the company was never validly organized," comments the board.

"Apparently no permanent capital whatever has been furnished outside of the proceeds of the guaranteed bonds."

The relations of the Huron construction and railway companies are then considered and mention is made of the delay caused by the "evasive and untruthful" answers of Moyes. The evidence of Mr. Root is taken to prove that Moyes sent him to seek incorporation of the Huron company and, this falling, carried on the work for himself. This was a direct breach of the Railway Act, and one for which Moyes is today liable.

Failed in His Duty. As to the issue of progress certificates it is pointed out that the municipalities left this entirely to the railway and Engineer Roberts failed grievously in his duty. He was not in accord with the trust deed. In a word, the financial necessities of Moyes, not the deserts of the company, determined the quantum of his demand. He "abdicated his functions as the certifying engineer and placed them in the hands of Moyes, thus facilitating the fraudulent purpose of the latter."

Illustrating Moyes' method it is stated that he drew \$58,900 on false and fraudulent certificates of work and material when not one dollar went into construction.

The sum of \$402,837.37 remains to be accounted for and of this \$174,656 is traceable to Moyes. The documentary evidence makes it clear that large sums were deliberately misappropriated.

Moyes Still Has \$165,000. The balance of the bonds, valued at \$165,000, in the mind of the board, is still in the control and keeping of Moyes and unless there be some unknown lien the railway is entitled to the delivery of the bonds.

In closing the report the board outlines the position of the shareholders. "It is clear that no real liability exists under this head," is stated, "as nothing of value was paid or given for the stock and the contract with the Huron company is void."

CURB ON RAILWAYS' POWERS IS DEMAND MADE BY PUBLIC

W. F. Maclean, M.P., Urges Joint Committee at Ottawa to Respond to Overwhelming Public Sentiment—Control of Stock and Bond Issues Essential Feature.

By a Staff Reporter. OTTAWA, May 12.—The first joint meeting of the special committees appointed by the senate and the house of commons respectively to consider and report upon the government's bill to revise and amend the Railway Act, was held in the senate railway committee room at noon today. Senator Finlay Young and Mr. Armstrong (East Lambton) presided. After some discussion it was ordered that the meetings of the committee should be held upon Tuesday and Thursday of each week, commencing next Thursday. The committee is anxious to hear from the railway companies, the railway employees, the municipalities and all persons interested.

Mr. Nesbitt (North Oxford) asked if the government had any intention of passing the bill at this session. Senator Lougheed, government leader in the senate, made a rather non-committal reply, but suggested that the committee could hear evidence and collect information which would be valuable to the government and parliament at the next session.

Must Control Issues. W. F. Maclean (South York) did not approve of any such dilatory tactics. He said the bill, as brought down by the government, dealt with several important questions, and there were still other issues to be dealt with. Parliament should at once meet public opinion by legislation which would place the stock and bond issues of the railway companies under the control of the government. Equality of freight rates should also be established, together with a uniform passenger rate. The railway act should also be amended so as to give the large cities an adequate suburban train service without discrimination between nearby towns and villages desiring to have commutation rates. Parliament should also deal, he said, with duplication of railways, not only as to construction, but as to operation; there should be a joint use of entrances to cities where the same were at an elevation, and railway companies in constructing their bridges should co-operate with other companies and with the municipalities upon fair terms.

Overwhelming Demand. Many of these progressive reforms were provided for in the bill now before parliament, and he doubted if anyone would dare to oppose them. They were demanded by an overwhelming public sentiment. Why should not the committee deal at least with these pressing problems so that the necessary legislation demanded by the people could be passed at this session of parliament?

Some discussion then arose as to the reprinting of the bill. Senator Lougheed explained that Mr. Price, K. C., of St. Thomas, who drafted the bill, had prepared a memorandum dealing with the various clauses, which should be a great help to the committee and to the public. It was ordered that the said memorandum be printed for distribution, and that Mr. Price be requested to attend all the meetings of the committee.

Labor Well Represented. Chairman Young then asked if any interests desiring to be heard were represented, and the following gentlemen representing organized labor responded: Harvey Hall, Toronto, representing the conductors of Canada and also appearing for the railway trustees; C. Lawrence, representing

the locomotive engineers; W. L. Best, representing the locomotive firemen; D. McCaughrin, representing the railway telegraphers, and Fred Cooke, representing the Union of Canadian Municipalities.

It was arranged that Mr. McCaughrin should be heard at the next meeting and the committee then adjourned until Thursday, May 14.

WILSON RECEIVES N. O'SHAUGHNESSY Charge Reports President Still Resolved on Deposition of Huerta.

Canadian Press Despatch. WASHINGTON, May 12.—Nelson O'Shaughnessy, charge d'affaires of the American Embassy at Mexico City, tonight told President Wilson the story of what happened in the Mexican capital during the occupation of Vera Cruz, and gave him an intimate picture of General Huerta. It was the first time Mr. O'Shaughnessy had seen the president since his arrival in Washington last week.

The charge said that General Huerta was a stubborn man, and not likely easily to surrender the dictatorship. The president thanked him, he said, for his services in Mexico, and expressed approval of his course.

No other post has been offered the charge, and this indicates that he will be allowed to take an extended vacation in the United States.

It is understood that O'Shaughnessy's account of General Huerta was such as to strengthen President Wilson's determination that the dictator must go. "General Huerta," said O'Shaughnessy, "knew nothing about the Tampico affair until I took it up with him."

Mr. O'Shaughnessy will continue to retain the title of first secretary of the American Embassy at Mexico, and will draw the salary attached to the post.

CARPENTER FACES THEFT CHARGE. Dennis Sullivan of 41 Huron street, a carpenter in the employ of the separate school board, was arrested by Detective Guthrie last night charged with theft. Sullivan is alleged to have gone to the Rice Lewis Company, and on the strength of a quantity of tools, which he afterwards disposed of in pawn shops. He was granted bail.

Mediators Will Propose Provisional Government Scheme for Mexico.

(Continued From Page 1.) world's navigation. Mr. Bryan told the mediators also that the navy and war departments were seeking to learn the facts concerning the arrest of five South Americans accused of "sniping" at American forces during the landing at Vera Cruz, and that a report would be made probably tomorrow.

Conferred With O'Shaughnessy. Nelson O'Shaughnessy, who, as charge d'affaires, conducted the business of the American embassy at Mexico City during the months of stress in which relations with the Huerta government were in a tense and critical state, had a long conference with President Wilson at the White House tonight. It was the first talk he had had with the president since his arrival, and it was understood that some of the indignities, including the Tampico incident, which led to the break with Huerta, were discussed, as well as some details that might come up in the mediation conferences.

Justice Lamar and Frederick W. Lehmann, former solicitor-general, who have been named as the two American representatives at the mediation conference, spent the day studying data on Mexico and official reports, familiarizing themselves generally with the Mexican problem.

To Release Vice-Consul. One tense phase of the situation was relieved by the news that J. R. Silliman, American vice-consul at Saltillo, has been ordered released by the Huerta government.

Tampico was under bombardment by the constitutionalists the entire day. Admiral Mayo, commanding the American ships lying off that port, reported that artillery fire had been in progress from 9 o'clock this morning. Whether federalists or constitutionalists were gaining was not stated.

SHIPPING MEN FIND IMMIGRATION IS HEAVY Bookings on Steamers From Great Britain Reported About Normal.

Canadian Press Despatch. MONTREAL, May 12.—The falling off in immigration had not been so pronounced as most shipping men anticipated, apparently, considering the depressed trade conditions here. It was stated at the C.P.S. office today that bookings from Great Britain were about normal, and there was a marked difference in the number of passengers booked from European places.

OFFICER RAN HIM DOWN. James Kern no home, was arrested by Detective Leavitt last night after a chase extending three blocks, charged with stealing \$30 from Arthur Meeers in the lavatory of the Grand Central Hotel. Meeers first went to Kerr when he discovered his loss, and when he finally caught him found he had thrown away half of the money during his flight.

WANT CIVIC LINE ON BLOOR STREET

Deputation of Ward Seven Ratepayers to See Board of Control.

GOT ENGINEER'S ADVICE

He Claims That the Line Can Be Built in Ninety Days.

Tomorrow morning a special deputation, consisting of the present and officers of the Ward Seven Ratepayers' Association will wait upon the board of control and urge the construction of a civic line on Bloor street from Dundas street to Queen's avenue.

Have Employed Engineer. "We have secured the services of a well-known civil engineer who has had large experience in this line, and he has informed us that within ninety days a line of car tracks could be laid through this district," said Secretary Fisher last night.

Public Protest. "Should the board not promise us relief," continued Mr. Fisher, "there will be all probability a public protest and a meeting of citizens held next week and public protest planned. The general feeling is that something can be done if they will only do it."

Another thing the deputation will urge is the immediate commencement of the construction of the overflow tank at the corner of Keele and Bloor streets. This tank is to be 200 by 300 feet, and it is reported that the city has decided to build a tank which will not be able to be used until the tank is built.

REDMOND BALKS AT COMPROMISE

Nationalist Leader Threatens to Withdraw Support From Asquith.

(Continued From Page 1.)

It is I hope—and more than hope, I trust—we may bring diverse ideas together with a common object and with concerted discussion—not perhaps on the floor of the house, but ultimately on the floor of the house—we may arrive at a settlement, I am sure as a matter of procedure that that settlement must be made in the form of a supplementary bill.

"I have said I will never close the door on the possibility of any settlement. I am going a step farther now as on behalf of the government that I will I shall ask the house of commons to give the Irish home rule bill its third reading before Mr. Balfour's government will make itself responsible for introducing amending proposals that will in the hope that a settlement by agreement may be arrived at in regard to matters immediately outstanding."

Mr. Bonar Law, leader of the opposition, who bitterly criticized the "peace" methods proposed by Mr. Asquith and accused him of failing to redeem his pledges to introduce a bill of lords, said he was unable to see the possibility of any settlement regarding the bill.

The crisis of the situation, Mr. Law said, lay between Premier Asquith and John Redmond, the Irish Nationalist leader, as under the government's eye, the premier's optimism regarding the possibility of a settlement regarding the bill.

DUKE SEES CITY IN RAIN STORM

Hamilton Crowds Gave Warm Welcome to Vice-Regal Party.

INSPECTED FACTORIES

Governor-General Turned Sod of New Hotel Which Bears His Name.

HAMILTON, May 12.—Inclement weather failed to dampen the enthusiasm of Hamiltonians when the Duke of Connaught, Prince of Wales, and his suite arrived in this city with a visit this afternoon.

The duke turned the first sod of the new Royal Connaught Hotel with a special spade, presented by T. L. Brown, secretary of the board of trade. He was followed by a further auto tour of the city including Dundas Park and the west end.

At 6.30 the vice-regal party were given a royal send-off on their special train with the Thirtieth Regiment doing the honors.

Acting Detectives Leavitt of No. 1 and Croome of No. 9 Division were yesterday 20 feet against an appeal to the people.

John Redmond, the Irish Nationalist leader, remarked that the reception of Premier Asquith's proposals by the opposition only emphasized the futility of trying to make advances to them.

Mr. Redmond's remarks were made in connection with the introduction of an amending bill, Mr. Asquith had declared that he would not commit himself to approval of this amendment, and for his part he would not commit himself to approval of this amendment, and for his part he would not commit himself to approval of this amendment.

WORKMAN FOUND AFTER BAD FALL

Stanley Walker Lay Unconscious Till Located by His Comrades.

CONDITION CRITICAL

Slipped From Trestle and Fell Forty Feet to the Ground.

After falling 40 feet from the overhead trestlework in the yards of the Erie and Ontario Co. on the Esplanade, at 9 o'clock last evening, Stanley Wallace, 23 Bruce street, lay unconscious for over two hours among the planks and debris where he fell before he was discovered by fellow-workmen.

Wallace was one of a night shift of a dozen men and was last seen by his comrades about 8.45 last night. By 10 o'clock his comrades became anxious over his absence and two of them began a search of the section of the yard where they knew he should be working. A thorough search of this part of the trestlework that he found lying on the ground was made.

He was conveyed to the hospital in the police ambulance, and is thought to have serious internal injuries. His condition is regarded as critical.

Nearly a thousand bricklayers gathered in the assembly hall of the Labor Temple last night, and a meeting of the bricklayers' union was held.

The bricklayers' union is in a state of agitation because of the international executive's refusal to sanction a strike, and the final decision was to leave the matter in the hands of the arbitration committee and international executive for another week, and await developments.

SOME OF THE NEW

In Motion Picture Stories

COMMENCING Monday, May 18, The Toronto World will publish every day a story of a motion picture to be shown in the city, or an instalment of a story. No story will be continued for more than a week.

THE stories of the motion picture plays which will be published in The World will not be continued for weeks or months. They will be short and crisp.

SOME of them will be complete in one or two thousand words. Others that take longer in the telling will be continued for two or three days, or at most, a week.

Every Story Will Be Illustrated

WOLFE, or the BATTLE OF QUEBEC

IT cost half a million dollars for the Kalem Company to produce this play on the Plains of Abraham. The film will be released in Toronto on May 25. It is a magnificent story, handed down by an important actor in the great victory of General Wolfe in 1759, and reproduced in exact detail. This story will be published in The World in three instalments.

THE second story to appear in The World, which also will be released in Toronto shortly, is

NINA of the THEATRE

a story of the devotion of a beautiful woman.

THIS is only the commencement of a series of stories of motion picture plays, like of which never have been published in Canada.

YOU can read the stories in The World EVERY DAY and see the plays produced in the motion picture theatres at the same time, or the week following their publication. READ THEM.

BECKER PLOTTED TO SLAY GAMBLER

Jack Rose Gives Evidence of Being Sent to Hire Assassins.

Canadian Press Despatch. NEW YORK, May 12.—Jack Rose testified to the court today according to the story of the relations of Rosenthal and Becker, and told of the gambler's growing bitterness toward the former police lieutenant. Becker learned, Rose testified that Rosenthal was preparing to "square" whereupon he said: "That being the case, let him go on. I won't budge an inch."

A few days later, after the arrest of "Big Jack" Zelig, Becker according to Rose: "Rosenthal is getting very dangerous. Can't you do something with Zelig and these fellows to silence Rosenthal?" Zelig was a notorious gunman.

"Becker gave me \$100," continued Zelig, "and asked me to go to the witness stand and ask him to furnish the money to do the job. Zelig said he didn't want any money from a cop. He reported this to Becker and he told me to get hold of Harry Vallon and Bridgie Webber."

THE TORONTO WORLD

Earl and Countess Grey and Lady Evelyn Grey are expected in town from Los Angeles, via Vancouver, on the 27th inst., and will stay at Government House with His Honor the Lieutenant-Governor and Lady Gibson, en route to Ottawa to visit T. R. B. the Duke and Duchess of Connaught.

The officers of the Royal Grenadiers held the Batoche anniversary dinner in the messroom at the barracks last night, when, attended by Major Clyde Caldwell, and covers were laid for 52.

The marriage took place in Montreal on Monday morning, at the St. Paul Presbyterian Church, the Rev. Dr. R. Bruce Taylor officiating, and Mr. E. G. R. Malcoureane playing the wedding music. Mr. George Maurice Bolton Lumsair, son of the late Mr. G. M. Lumsair, Maurist, and of Mrs. Archibald Hove, England to Vida Mrs. A. A. Dickson, 3 Spadina road, who was given away by Mr. Bostwick.

In the absence of Mr. Dickson, the bride, who was unattended, looked very pretty in a smart white tailor-made dress, with a bouquet of orchids and lilies, a hat to match with rose tipped white plume, and wore the groom's gift, a string of pearls. The best man was Mr. P. Norman.

After the ceremony the wedding party adjourned to the Ritz-Carlton, where breakfast was served at a table beautifully decorated with Richmond roses which were also carried by the hostess, Mrs. Augustus Bostwick, who received the bride and groom on their return to Toronto. Mr. and Mrs. Lumsair will occupy Mr. and Mrs. Dickson's house in Spadina road until their return in the autumn.

The Hon. Adam and Mrs. Beck are in Ottawa for the horse show, and will spend a few days in Montreal before returning to London, Ont.

Mrs. Boyd Caldwell is in town from Lanark, staying with Mr. and Mrs. Henry Winnett, Beverley street.

Mr. and Mrs. J. J. Palmer, Mr. and Mrs. T. J. Clark, Mr. Christie Clark sail on June 3 for England.

Miss Waidie and Miss Haxton have returned from an extended trip to China and Japan, returning via England. Mr. Fred Waidie returned from England last week.

Mr. Norman Green, who has been in Montreal for the Dickson-Lumsair wedding, has returned to town.

Mr. and Mrs. Allen Case spent a few days at the Holmstead, Hamilton, with Mrs. Hendrie.

Mr. and Mrs. Charles Byron have arrived from England and are staying with Dr. and Mrs. Graessl.

Mr. and Mrs. Bethune and Miss Biddle Bethune sailed for England last week.

Mr. and Mrs. J. J. Dixon have returned home after spending the winter in Egypt.

Mr. and Mrs. Frank Plummer and their children are leaving on the 23rd inst. to spend the summer in England.

Mrs. Eustice Bird is on her way back from England, having left her children in England at school.

Mr. and Mrs. Vernon Castle, the New York dancers, will appear at the annual meeting of the afternoon and evening on Tuesday.

Mr. and Mrs. Robert Ormsby have bought the house formerly owned by Mr. Frank Macdonald at Eglinton and have moved into it.

Mr. and Mrs. Lawrence Baldwin and Miss Baldwin are visiting Mrs. Edward Martin in Hamilton.

Mr. and Mrs. C. L. Wesley announce the engagement of their daughter, Irene Lillian, to Mr. T. Russell Palmer, son of Mr. and Mrs. William Palmer, Richmond Hill. The marriage will take place in June.

Miss Gladys Morphy, who has been staying with Mrs. Anderson in St. Thomas, visiting Mrs. Anderson.

The dramatic class of the Canadian Academy of Music will present the comedy of "Confusion" under the direction of Mr. Water Howe, on Thursday evening at 8:15 o'clock.

The Presbyterian Ladies' Council will hold their meeting on Thursday afternoon from 4:30 to 5 o'clock in the Redemptive Home, 123 Yorkville avenue, for the delegates attending the annual meeting of the Ontario and Foreign Missionary Society. Miss Raitt will address the meeting at 7 o'clock.

The marriage was solemnized on Tuesday morning in St. Michael's Cathedral, the Rev. Father C. Cantillon officiating, of Marion, daughter of Mr. and Mrs. W. E. Blake, Pembroke street, to Dr. Thomas S. Kirby, son of Mr. and Mrs. P. M. Kirby, Arthur, Ont. The bride, who was given away by her father, looked charming in ivory satin trimmed with real lace and pearls, she wore draped and fastened with butterflies and orange blossoms. Her veil of applique lace was arranged with a coronal of orange blossoms, and held in place with small bouquets of flowers and butterflies, and she carried a shower bouquet of white roses and lilies of the valley. She was attended by Miss Marjory Fox (Orilla) as maid of honor, who was gowned in pale blue satin with lace and plaid and a Parisian hat and carried pink roses. Miss Kathleen Blake, sister of the bride, was the bridesmaid, and wore pale pink satin, with tulle and corsage of lace and hat of pink chiffon and lace and carried a bouquet of narcissus and carnations. Alice and Hilda Blake, the young sisters of the bride, wore lace dresses over chiffon and wore wreaths of narcissus and carnations. The same flowers. The groom's present to the bride was a necklace of pearls, to the flower girls pearl-set rings, and to the best man and ushers gold sleeve links. The best man was the brother of the

BOILER EXPLODES ON U.S. STEAMSHIP. Eight Dead and Three Injured—Two Killed Were White Firemen.

NORFOLK, Va., May 12.—Eight dead and three severely injured was the toll of the explosion of one of the boilers of the Old Dominion line Jefferson at 10:55 last night five miles inside of Cape Henry. Two of the dead were H. Miller and J. Topez, white firemen; five were negro firemen and coal passers, while the injured are Chief Engineer W. L. Portlock, First Assistant Engineer H. B. Smith, both of New York City and M. Olsen, an Italian. These three are in a hospital.

The Jefferson is on her way to New York and should arrive there tomorrow morning. An inspection of the boilers will be made at New York to determine the cause of the explosion.

TRAIN ROBBER CAUGHT. SAN FRANCISCO, May 12.—A man boarded the Southern Pacific incoming coast line limited train five miles south of the city last night and was robbing the passengers when he was struck down by one of the crew and rendered unconscious. When he recovered he shot himself thru the cheek.

When the train arrived in San Francisco the man was rushed to an emergency hospital. He is believed to be James Hove, former railroad man of Flagstaff, Arizona.

MORE EARTHQUAKE SHOCKS. CATANIA, Sicily, May 12.—Slight shocks were felt today in this vicinity and Mount Etna became very active again. During the night tongues of flame issued from the crater, which is surrounded by a high column of smoke. The bodies of all those who were killed during the recent disaster have been interred.

WHAT TO DO FOR SORE THROAT. SOME GOOD ADVICE BY A SPECIALIST. As there seems to be a regular epidemic of sore throats this spring, the following valuable recipe will be welcomed by many. A shower of hot water over the throat, with a little with, as the bronchial tubes lead directly to the lungs and the disease often travels along these tubes into the lungs and there sets up an inflammation that invariably results in a serious lung trouble.

At the first sign of soreness in the throat or around the tonsils you should secure from your chemist 1 oz. of Paracetamol (Strength) and take this some and add to it 4 pint of hot water and 4 oz. of molasses. Stir until dissolved. This will give instant relief and will usually cure the worst throat within 48 hours. The healing and soothing qualities of this formula are unequalled and every person suffering with a bad sore throat should give this prescription a trial. There is nothing better.

Important—Ordering Paracetamol always specify that you want Double Strength; your druggist has it or he can get it for you. If not send five to the International Laboratories, 74 St. Antonio St., Montreal, who make a specialty of it.

STOLE BEER FROM BREWERY. GUELPH, May 12.—Holiday's brewery was broken into last night and two barrels of beer stolen. One barrel was found in a swamp today nearly empty. The other has not yet been located, and the whereabouts of three wheels stolen of a delivery wagon in Hugh Walker and Son's yard last night is still a mystery to the police.

HATCHING WILD PIGEON EGGS. GALT, May 12.—Chifford Hunter, Preston, the other day secured a nest of wild pigeon eggs near Roseville, transported them home safely, and is having a tame pigeon hatch them. Mr. Hunter declares that the belief in the extinction of the wild pigeon in Canada is erroneous, for he knows the haunts of the birds.

Billy Hay says: "It was Oliver Wendell Holmes who said that boys ought to be kept in a barrel and fed through the bung-hole until they were twenty-one years old."

"Shame on Oliver for that!" "Lots of boys earn as much today as their grandfathers did when they had a family to keep, and are working out an education for themselves that will enable them in a few years to stand out before the public as successful business men."

"And these same boys recognize how much personal appearance helps or hinders them in their efforts for advancement."

"The 'Varsity' is a special model that has been particularly designed and tailored for the clean cut type of young man who believes in himself and what he is capable of."

"Call in and ask to see the 'Varsity.'"

He feels that if he can leave the jolt out of his daily stride he is going to add mileage to his years. And with this New Dunlop 'Peerless' Heel he gets live rubber, uniform quality and a frictioned canvas plug which prevents slipping and never comes out. Also makers of 'Comfort' Heels.

Soccer Football in Russia Flourishes

The team of London amateurs who are touring Russia are having a most enjoyable time, and a member of the side writes to The London Sporting Life as follows: 'The Russians and the English in Moscow are treating us right royally, and we are extremely comfortable. We played at Orechovo, a place sixty miles from Moscow, on Monday, against the champions of the Moscow League, and won 5-1. Lockton scored twice, Bruhl (King's College) twice, and B. J. Bateman once. The occasion was the opening of a new ground by the Orechovo team, and the ceremony in connection with it was of a most elaborate kind. I shall not attempt to describe it, but I may mention that the Russian priests blessed the ground, and there was not anything in the ground in this, for it was all very joyous the football. Our opponents know how to play, but they have not yet mastered the art of finishing properly, and there is also room for much improvement so far as the science of the game is concerned. The football, however, is much better than we expected to find it, and I understand that it has improved immensely in recent years.'

BOYS' OWN CLUB.

At the regular weekly meeting, the Boys' Own Club decided unanimously that a mentor was needed as it is strictly a boys' club. Several important communications are awaited, which will put the club on a firm financial basis, among these being a letter concerning a symposium which the club hopes to use. Charles E. David, who presided, gave the members some very sound advice. In the first game of the checker tournament, N. Seale defeated A. Lewis.

POLE GIANT KILLER REPEATS IN GOTHAM

Detroit Tigers Keep Right in Their Stride and Blank Yankees.

NEW YORK, May 12.—Covaleskie, known since 1908 as the "Giant Killer," for his series of successes over the New York Nationals in that year, revisited the Polo grounds in a Detroit uniform today and shut out the New York Americans by a score of 4 to 0. Covaleskie yielded only four hits, and only one New Yorker reached third base. Detroit won the game in the first innings, when they hit Schultz hard and scored three runs. Bush played a spectacular game at short for Detroit, besides making three hits. A delegation from Harrison, N.J., attended the game in honor of Second-Baseman Kavanagh of Detroit, whose home is in Harrison. Mayor Joseph Flordan of that city presented the player with a gold watch when he went to bat in the first inning. Kavanagh responded with a single. Score: Detroit—A. B. R. H. O. A. E. DICK RUDOLPH IN A REAL DUEL

Held Pirates to Three Hits in Ten Innings—Cooper Also in Form.

PITTSBURG, May 12.—Pittsburg and Boston went ten innings to a 1 to 1 tie this afternoon, Umpire Klein calling the game on account of darkness at the end of the tenth inning. Rudolph and Cooper pitched excellent ball, and each pitcher scored his team's only run. Cooper's single in the sixth was Pittsburg's first hit off Rudolph. He took second on an out, and scored on Carey's triple. Rudolph singled in the sixth, advanced on Evers' sacrifice, took third on an out and scored on Duguey's infield hit. Wagner's hand was badly spiked when Mann was retired at second trying to stretch a single in the tenth. He may not play in the New York series. Score: Pittsburg—A. B. R. H. O. A. E. FEDERALS WILLING TO REFUND MONEY

ROCHESTER, N.Y., May 12.—James A. Gilmore, president of the Federal League, came to Rochester today in answer to the grand jury as a witness in the proceedings brought by the International League club to recover the money alleged to have been paid in advance to the Federal League club by the International League club. He has jumped to the Federal League.

Before departing for Chicago he announced that his agents will gladly return the money to the Rochester team, if it can be shown that McDonald paid the money and has not returned it. The Federal League does not want any of its players to keep money that belongs to other leagues, said Mr. Gilmore, for the owners of the Rochester club had explained the matter to him, and we could have settled it there outside of court.

There's a great difference in serge suits. The "Ed Mack" kinds do not fade or turn rusty.

This we guarantee.

Serge suits are here in the most accepted styles. Of fine and medium twills, deep blues, and blue blacks, splendidly tailored, excellent linings, in the two and three button styles—some in extreme English effects, others in more conservative styles, with well moulded shoulders, sleeves perfectly shaped, hand tailored.

All sizes, ready to try on, and finished to your actual measure.

To Men Earning From \$20 to \$30 Per Week

You don't have much left after paying expenses, do you? If some misfortune should deprive you of your income for a few months you'd probably run behind temporarily.

Now what about your family? How would they get along if your income should be permanently cut off by your death? Don't you realize that you should have at least \$5,000 of life insurance to provide for them after you're gone?

And, of course, you want the kind of assurance that's absolutely safe. And you want the "savings bank" kind under which you don't have to "die to win."

Write for free information about such an Imperial Life Policy—one to suit your particular needs. Do it today—tomorrow you may be uninsurable.

MISS ADAMSON'S PUPILS' RECITAL

An invitation recital by violin pupils of Miss Lina Drechler Adamson was given in Conservatory Hall last night before a well-filled house. The program included the Rosini Serenade, a trio for violin, cello and piano, by Messrs. H. Crossley and Don Agnew, members of Miss Adamson's ensemble class, and a Haydn quartet by Miss Kathleen Reid, Miss May Kelleher and Miss Elsie D. Adamson. Master Lionel Charlesworth, aged 7 years, was one of the soloists of the evening, and played a Grouse-like tenor solo with intelligence and perfect intonation. Mr. Crossley played De Beriot's "Scenes de Ballet," Miss Reid performed a Viotti's Fantasia, and Miss Wallis some Gipsy dances by Sarasate. Miss Gertrude Birra and Miss Vera McLean contributed groups of songs. Miss Adamson's thoroughness and care in the preparation of the program, and the qualities of delicacy and finish displayed by her pupils made the evening quite an enjoyable treat.

SETTLERS' TRAIN WAS TAKEN OVER THE N.T.R.

Run of Four Hundred Miles Made From Quebec City.

By a Staff Reporter. OTTAWA, May 12.—Advices from Ottawa, Ont., received at Ottawa, state that a train of 33 cars, containing 220 settlers and their effects, has reached Hurrikanaw, Que., traveling direct by the N.T.R. from Quebec City. Hurrikanaw is 428 miles west of Quebec and 140 miles east of Cochrane, and between Cochrane and Hurrikanaw the National Transcontinental Railway has been in operation by the contractors for some time.

HUNGER STRIKE SUCCEEDS.

LEEDS, Eng., May 12.—A "hunger and thirst strike" brought about the release today under the "Cat and Mouse Act" of Lillian Lovell, a militant suffragette, who was sentenced on May 8 at the setting fire to Walsley House, Doncaster.

FOR HEALTH AND STRENGTH Use Dr. McLaughlin's Electric Belt

To those who suffer from chronic ailments, stomach and bowel troubles, kidney and liver complaints, nervous affections, rheumatism, neuralgia, etc., the use of Dr. McLaughlin's Electric Belt is a cure at the price within the reach of all. It is a scientific device for infusing the body with the least shock or unpleasant sensation. Electro-Vigor is not like electric it gives a continuous current without charging. All you have to do is to adjust it correctly, and turn on the power to the proper degree of strength. It holds electricity, weakness and disease cannot exist. Where there is plenty of electricity, life is the nerves of the body. They cannot live without it.

My Belt, applied while you sleep, will fill your nerves with a glowing stream of electric force. It will drive out your pain and aches, build up your strength, and restore your health by giving your body the power to eliminate disease from the system by the natural process. It is a scientific device for infusing the body with a powerful but soothing current of electricity for hours at a time, without the least shock or unpleasant sensation. Electro-Vigor is not like electric it gives a continuous current without charging. All you have to do is to adjust it correctly, and turn on the power to the proper degree of strength. It holds electricity, weakness and disease cannot exist. Where there is plenty of electricity, life is the nerves of the body. They cannot live without it.

Full Elliptic Springs, and Why

Jackson FULL elliptic springs both in front and in rear have been distinctive features of the Jackson Car for many years. And, for as many years, Jackson Cars have been known as the most comfortable cars on the road.

With a view of securing perfect riding ease, Jackson engineers have conducted a series of experiments to determine the best type of spring suspension. They found that the full elliptic spring had from 88 1/2 to 100 per cent more flexibility than the other types.

They found that a Jackson car fitted with four full elliptic springs, designed in correct proportion to the wheel base and weight of the car — would carry its passengers without the slightest discomfort over roads and at speeds that have formerly been considered impossible.

They found that in practical service a car fitted with four full elliptic springs could be driven faster over a given road than with springs of a less resilient type. They found that with a given load, tires gave more mileage on cars fitted with four full elliptics than with springs of other kinds.

They found that the full elliptic springs were practically immune against breakage — a conclusion that has been proved by our subsequent experience. In the seven years we have been using them, replacement for breakage has been almost unknown.

The conclusions which were reached by our engineers have been backed up by seven years experience in the hands of Jackson owners. It is their verdict which has established the reputation of the Jackson as the easiest riding car at any price.

Come take a ride in a Jackson and know real road comfort

Three models, "Olympic Forty," \$1,800; "Majestic Big Four," \$2,400; and "Sultan Six," \$3,000. Full equipment, including electric cranking and lighting.

A BRILLIANT EVENT

The Coming of the Castles at Massey Hall Eagerly Awaited by Society — The Dancing Tournament One of the Big Features — Pavlova Academy to Make the Selection.

What will eventually end in determining the best amateur couple in the United States and Canada in the modern dances is a motive of the contest to take place at Massey Hall during the Castle's engagement here next week.

In each of the twenty-one cities visited by the Castles on this tour, a cup has been donated to the winning couple in a tournament, which is one of the features of the Castle program.

This cup is known as the Castle Trophy Cup, and at the conclusion of the present tour a final international dancing tournament will be held in New York City for all the Castle cup winners, when a grand Castle trophy, worthy of the occasion, will be presented to the victorious couple in this distinguished event.

Toronto should have a good chance of winning the trophy, as the people of this city have taken a wonderful interest in the new modern dances, and it is not unlikely that the Castle Cup will not be owned by Canadians after the tournament.

Pavlova Academy has been requested by the Castles to take charge of the arrangements of the preliminaries of this event, and this academy will endeavor to select twenty of the most expert and graceful couples in the modern dances to compete in the tournament at Massey Hall, when the winning couple to represent Toronto will be selected by Mr. and Mrs. Vernon Castle.

With this in view, Pavlova Academy has called next Friday night, May 15, and Monday night, May 18, Castle nights. On these two nights the management of Pavlova Academy will have the assistance of five capable judges in selecting twenty couples, the leaders in modern dancing in this city.

Only amateurs may enter this tournament. Professionals who have received money for dancing or teaching are not eligible. Pavlova Academy has full and complete charge of the preliminaries, and their decision upon the entries will be final and absolute.

All entrants to the contest must enter the preliminaries at Pavlova. Make application to the manager.

TAMPICO-BOMBARDED HOT FIRING ALL DAY

Rear Admiral Badger Reported That Engagement Appeared Heavy One.

Canadian Press Dispatch. WASHINGTON, May 12.—Secretary Daniels received a message late today from Rear Admiral Badger stating that heavy firing had been heard through the day at Tampico. Admiral Badger said reports were coming from Admiral Mayo, whose ships are off Tampico.

Admiral Badger reported that bombardment of the town by constitutionalist artillery began at 9 a.m. and had continued all day.

INTERESTING EXHIBITS FROM ATLANTA, GA.

PRESS CRITICISM AFFECTS ALDERMEN

Four More Decline to Take in Jaunt to Inspect Sewage Plant.

MAY GO TO BALTIMORE

The Maryland Capital Has No Imhoff Tanks at Present in Use.

On Monday it was practically decided fifteen aldermen would go on a jaunt to the southwest in Atlanta, Philadelphia and Worcester, but now four more have changed their minds because of the attitude of the newspapers to the trip they say.

Baltimore, too, may be another port of call. Yesterday the commission of works wired City Engineer H. K. McKay as follows: "Please wire immediately, my expense, capacity Imhoff tanks, population served by tanks, if system is satisfactory. When city representatives from City of Toronto inspect this plant in operation."

"This was the reply: "Baltimore, Md., May 12, 1914. "R. C. Harris, Commissioner, Public Works, Toronto, Ont. "Telegram to city engineer referred to me as he is not coming with the work. Extension of plant with Imhoff tanks, capacity one hundred and twelve thousand, just placed under contract. Present plant in operation capacity two hundred seventy-five thousand, no Imhoff tanks. Will be pleased have your representatives make inspection. "Calvin W. Hendrick, Chief Engineer."

CONVALESCENT HOME IN RIVERDALE.

It is the medical officer of health's intention to recommend erection of a convalescent home for treatment of contagious disease on the Riverdale jail property, to be abandoned as a prison by November, 1915.

WRONGLY MARKED CHECKS MAY BE PROHIBITED.

If the practice of sending wrongly marked checks as payment for water rates, in order to take advantage of the discount, continues, the by-law of the city may be amended to prohibit it. This was Mayor Hocken's remark yesterday in board of control when the waterworks department was asked to report.

PAY NO TAXES.

Exemption from taxation for the Free Dispensary, 18 Seaton street, is recommended by the board of control. The property is assessed at \$200.

NO PUBLIC TENDERS.

Commissioner Harris, replying to a query, has stated it would be costly to advertise for tenders for work or material valued at less than \$200.

TO FINISH SEEDING BY END OF WEEK

Reports From New Ontario Say Crop Prospects Are Good.

Special to The Toronto World. GALT, May 12.—R. H. Clemens, chief of the South Waterloo branch of the Ontario Department of Agriculture, today received an interesting and valuable report from the Monteth Demonstration Farm in New Ontario, of which he will be visiting next month. Monteth is 218 miles north of North Bay. The report states that ideal spring weather has been enjoyed. The wheat, peas and most of the oats have been sown. This week all seeding will be finished. There has been exceptionally fine weather throughout the whole country. Part of the land that was drained as an experiment has been worked and is satisfactory. On a two-year-old field of alfalfa the crop is promising. The crops all thrive in good condition; the country is especially adapted for the growing of clover and potatoes.

ELEVATE LEGATIONS TO EMBASSY RANK

Bills Passed by Congress Create Ambassadorships to Argentina and Chile.

San Francisco Press Dispatch. WASHINGTON, May 12.—The United States legations in Argentina and Chile will be raised to the rank of embassies today by bills passed by the house today. The Argentina bill already had passed the senate and needs only the president's signature. The Chilean bill now goes to the senate. Both measures were advocated by the administration and will be reciprocated by the two South American governments.

MOOSE JAW TO IMPROVE.

MOOSE JAW, Sask., May 12.—Eight public utility by-laws, involving the expenditure of \$427,700, were passed by the ratepayers yesterday.

FREE OF ALL THREE DISEASES

"Fruit-a-tives" Brought Him Perfect Health.

AVON, Ont., May 14, 1914.—"I am younger since I have been taking 'Fruit-a-tives.' I was troubled very badly with Piles, Constipation and Stomach Disorder, but I found 'Fruit-a-tives' was the panacea for the whole three. "Now I am free of all these diseases and enjoying perfect health, and able to work whenever I like. Five years ago, I started taking 'Fruit-a-tives.' I took two every night and they worked wonders for me. "No other medicine I could get was so good and I took lots of different remedies before I found out how good 'Fruit-a-tives' were. "I keep 'Fruit-a-tives' on hand all the time, and am never without them. I even take them with me when I go motoring, so I can have them handy. 'Fruit-a-tives' are worthy of every good word I can say about them. The fact that they cured me of Piles was something to be everlastingly thankful for."

LIVE STOCK SHOW SHOULDN'T GET GRANT.

There is friction between the boards of the Exhibition and Live Stock Show, because of the board of control's recommendation favoring making good a deficit of \$20,000 for the Live Stock Show. The matter will be discussed when the Exhibition board meets today.

COLLIE DOG EXHIBIT.

The Ontario Collie Club will hold a show in Occident Hall, corner of Queen and Bathurst streets, on Friday evening, May 15, commencing at 8 o'clock. J. T. Reeve, the well-known collie dog expert, will judge, and cash prizes will be distributed over 20 classes. The admission will be free.

CITY STREETS NOW CAN BE PROTECTED

Mayor Pleased With Amendment to Niagara Railway Bill.

The city's success in having passed the Toronto, Niagara and Western Railway Bill thru the Dominion house as amended in committee is advantageous as a precedent to the city. Mayor Hocken yesterday said, "It established a precedent which I believe will protect the city in any further charters and give us practical control of our streets."

FEWER PRISONERS NOW THAN IN THREE YEARS.

Fewer persons are imprisoned in Toronto jail now than in 1911 or any year since. Figures showing this have been prepared by the property commissioner. They are:

Table with 4 columns: Year, Men, Women, Total. Rows for 1911, 1912, 1913, 1914.

FAVOR ANNEXATION.

Annexation of the Upper Canada College district was strongly favored yesterday by the board of control, which again recommended the annexation of that district by the city.

OVER SIX HUNDRED FOREIGNERS APPLY FOR NATURALIZATION.

Six hundred and twenty-seven foreigners applied to the general sessions yesterday for naturalization, which is a record for the court.

This arduous task of hearing the applications fell to C. H. Evans, and the difficulty of the undertaking can be understood when it is remembered that most of the names are unpronounceable to an English-speaking person. Nearly 400 of the applicants are Russians.

ACCOUNTS EVENED MARKET IS DULL

Toronto Exchange Down Pretty Close to Condition of Stagnation.

GAS SHARES ARE FIRM

Toronto Railway Rights Are Active With a Firm Market at Two and Five-Eighths.

The Toronto stock market is getting pretty close to a condition of stagnation. Outstanding professional accounts, long and short, appear to have been about even at 2 1/2. The something of a definite nature strikes the market, there will be little or any increase in activity. There are investment buyers ready to take offerings of the high grade issues, as was the case with Gas yesterday, when 100 shares came into the market. These buyers, however, are not anxious for securities and will only take them as offered.

London was reported a seller of Brazilians yesterday, but the amount was not large and it had not much influence on the price. Toronto has already a fair proportion of the Brazilian capitalization, and additions to this amount are not likely just now.

With yesterday's renewed decline in Steel Corporation shares the two days' previous rally was accepted as having been accomplished for the purpose of liquidation, and it is believed that the market is still in an unsettled condition.

Trading was again mainly concerned with Toronto Railway rights, which had a firm market at 2 1/2. The stock itself was inactive, but was wanted at 130 1/2.

Barcelona was slightly heavy. Bread common had a responsible market at 28, and is being bought for a long pull, as the company's prospects are understood to be of a cheerful nature.

Twin City and Mackay were firm but quiet. Richelleu was the weakest feature of the day, selling down to 95 1/2.

UPWARD MOVEMENT ON LONDON MARKET

Paris Took Most of the Three Million Five Hundred South African Gold Offered.

LONDON, May 12.—Money and discount rates were steady today. Most of the \$3,500,000 South African gold offered in the open market was taken by Paris at 7 1/2, a reduction of 1-8.

The fact that a large account had been satisfactorily adjusted created a better feeling on the stock exchange, and the commencement of the settlement was smoother than expected.

Paris also sent more cheerful advices and prices recovered after early uncertainty and closed firm and generally higher. Consols advanced three-eighths on reports that Mexican rails were barely steady.

American securities were quiet and steady during the early trading.

Light covering advanced the leaders a fraction before noon, and later the whole list joined in the upward movement on New York buying. The closing was steady.

TORONTO RAILWAY NEW STOCK

Toronto Railway shareholders will have until June 15 to make application for the new stock, and, as previously stated, the payments will be due in four equal instalments, beginning with that day and ending on Sept. 1.

The shares will rank for dividends to the extent of the amount paid thereon from the date of the first payment. Payments are made in full on June 1 interest will be adjusted at the dividend rate until July 1, when the dividend is due. Notices to this effect will be sent on Wednesday.

STOCK MARKET IN STATE OF DEADLOCK

Neither Bulls Nor Bears Are Able to Make Much Progress.

UNCERTAIN FACTORS

Railway Rate Decision Expected Soon — Missouri Pacific Again Declined.

NEW YORK, May 12.—Interest in speculation died away today and the stock market reverted to the state of normal dullness which prevailed last week. The level of prices was barely disturbed in one hour only 6500 shares were dealt in and with few exceptions movements were limited to small fractions. The market ruled slightly lower most of the day, on account of the absence of demand, but there was no pressure to sell.

The government's weekly weather report showed a continuation of conditions favorable to the growing crops. The usually good crop prospects and the expectation of an early decision in the freight rate cases are strong factors on the constructive side, which prevent aggressive speculative operations for the decline. Experiments in the other direction, however, prove that it is difficult to attract a following for bullish manoeuvres and the stock market today reached a state of deadlock.

More Cheerful in London

Sentiment was more cheerful in London and the settlement proceeded more easily than had been expected. For the first time in several days London was a buyer of stocks here. Dealers for foreign accounts were not large, however, the total purchases being only about 6000 shares.

A few stocks pulled away from the narrow movement. Some of the specialties advanced. Harvester, which had been in demand for the last week, made a further sale, being bought in the belief that the company would benefit from the large crops now expected.

Missouri Pacific was under pressure at times, falling under the pressure of its recent level. Selling of this stock was attributed to failure of negotiations for cancelling new banking support, and to the terms under which it is proposed to extend the company's \$25,000,000 notes.

Foreign exchange rates, which yesterday touched the highest figures in four years, held up firmly today.

RICHIELEU STOCK UNDER PRESSURE

Decline at Montreal Attributed to Short Selling From Toronto.

MONTREAL, May 12.—Some selling of Richelleu in the late trading provided the chief feature of another dull market for collecting new banking. General market conditions were unchanged, the moderately firm tone of C. P. R. and the steadiness of the New York list as a whole being sustaining influences, but definite incentive to buying of stocks was lacking, and the market fell off. Net changes among important stocks were so small as to be negligible. C. P. R. after showing a gain of 1-2 at 122 1/2 in the morning closed at 122 1/2 in an inactive session in the afternoon at 121 1/2-1/4 against 121 1/2-1/4 the previous day. Iron showed renewed weakness and dropped 3-4 to 21 1/2, rallying only 1-8.

Richelleu attracted little attention in the morning, dealings being light on a decline from 98 1/4 to opening at 98 1/4 later on in the session. Offerings of the stock came freely on the market in the afternoon, and the weight of the selling of about 700 shares broke the price to 98 1/2. From that level the price was bid up 1-2 just before the close, reducing the net loss on the day to 3-4. Toronto was a seller of the stock here, and in part it was interpreted as for short account.

Total sales 3722 shares, 1326 rights, \$6400 bonds.

MINE AND MARKET ACTIVE AND STRONG

Timiskaming, Beaver, McIntyre, Jupiter and Petre Lake Advanced.

The mining market showed considerable strength yesterday and gives every indication of going very much higher. The public are taking hold of several stocks, and as there is very little floating supply, higher prices will have to be paid before orders already in the market can be filled. About 90 per cent. of the orders were for Timiskaming, Lake was strong, closing at top price of 43 1/2. New York has turned a heavy buyer of this stock, and it is believed that the big strike on the camp says that the vein on Peter-son's strip is 125 feet, and that the strike is a big holding. News from the stock will be ex-dividend on Thursday and the short interest will be able to pay off some of the debt.

Timiskaming was again the feature, selling up on large transactions to 47 1/2. The public seem to have every confidence in Mr. Culver, who will soon be able to put the stock back on a dividend basis. There was a rumor yesterday afternoon of a big strike on Timiskaming around the 700-foot level. Beaver closed very strong at 26 bid. The stock is selling altogether too low, and a quick advance in price will no doubt take place. Cobalt news says that Beaver has two cars of high-grade ore ready to ship.

Right of Way sold at 4 1-8. This company is working in good ore and should be the best buy in the list in the low priced stocks. McKinley-Darragh closed at 62 bid. There is very little of this stock in the market, and the street expects higher prices. The money in the treasury of McKinley almost represents the market price of the stock.

Chambers-Ferland sold up to 17. This stock is out of line with the rest of the list, and a buying movement is likely to start at any time. Dome Lake was strong at 37 1/2. There is very little of this stock in the market, and it would advance quickly if any stock was wanted.

Jupiter was stronger, selling up to 10 1/2. News from Porcupine received yesterday of the stock was very optimistic. This company has ample funds for development work and many good prospects. It is believed that the future of strength in the low priced Porcupines. There is some large buying orders just under the market in Jupiter.

McIntyre was very strong, selling up to 27. An effort has been made to hold this stock down, but large buying orders are coming into the market, and it looks as if it could easily advance to 40. The annual report showed that McIntyre has reserves of \$1,500,000, and the production for March and April was over \$100,000. This would give a market value to McIntyre of about 42 cents.

Porcupine Gold (Vipond) sold higher, around 80 cents. Work on the new mill for Vipond will commence on Monday, and as there is considerable ore already in sight, it will only be a short time before Vipond will be on an earning basis. The stock will no doubt anticipate this.

Random Notes on the Mining Stocks.

Since the Peterson Lake dividend was declared upwards of 200,000 shares have been transferred, mainly through the brokers to actual owners of the stock. The last transfer day before dividend day is Thursday, and owners of stock who want to get in on the dividend should transfer on or before that day.

Twenty thousand ordinary pound shares in the Teck-Label syndicate have been introduced to the Kirkland Lake section of the London market at par, for a cash capital of \$44, and to acquire 13 claims, ten of which are in Burnside.

This communication is from the current issue of The Financial Post: "The article on Peterson Lake, in your issue of May 2, is interesting about somewhat misleading, and even backed up by the opinion of one of the directors, that the stock is worth below 35 cents a share, one can only conclude that this director must be one of the many reported shorts of this stock, and that he is very anxious to cover his shorts at lowest prices possible, to the extent of even misusing his position as director of the Peterson Lake Mining Co."

Your remarks about the "excellent speculative value" of this property lead us to ask when does mining property of this kind cease to be speculative?

In view of the following approximate values, we might be excused for thinking that the time had arrived for a reasonable basic intrinsic value. Seneca Superior lease has five million ounces of reserves, the value of this to Peterson Lake is \$750,000. Peterson Lake proper has one reserve of an approximate value of \$900,000.

Cash in treasury \$400,000, making a total of \$1,550,000 in sight. We will not ask you to ask when does mining property exist in the Gold lease and the speculative value, and the fact that Peterson Lake mine is the only one in the Cobalt camp that is taking out high-grade ore from three separate veins at the same time, and you still have cash and ore enough to pay the stock up to a value of 58 cents a share.

We are of the opinion that everything that has been done that could be done to bear the market in this stock and keep the price down in the interest of those whose motives are best known to themselves.

PETE LAKE SHAREHOLDER. P.S.—Since writing the above the Peterson Lake directors have declared a dividend of 7 per cent. per annum. I also hear that the company shipped 30 tons of high-grade last week and 40 tons of high-grade today. Possibly the above-mentioned director may be more optimistic NOW?

The minority shareholders in the Chambers-Ferland will take out an injunction against the proposed by-law for the taking in of the minority stock at the ratio offered. They will base their case on the allegation that the assets of Cobalt-Aladdin are much less valuable than the majority shareholders estimate. The minority shareholders are dissatisfied over officials of the Chambers-Ferland having sold out their stock to the controlling company without notifying the minority.

WILL GRADUALLY APPRECIATE

Peterson Lake will sell ex-dividend on Thursday, so that buyers, to get the dividend, will have to make purchases today. This stock is being sold by the price will gradually appreciate. Our confidence in this issue remains unshaken. Timiskaming has advanced in accordance with our circular of last week, but there is still room for buyers to get in on the dividend. JUPITER, now being operated by the McKinley-Darragh Co., is worth attention, and Right of Way, an out-of-date and producing Cobalt, has certainly possibilities higher than the present market. Orders for these stocks or other issues promptly executed on the Standard Exchange.
