The copy filmed here has been reproduced thanks to the generosity of:

Medical Library

The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shall contain the symbol → (meaning "CONTINUED"), or the symbol ▽ (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole → signifie "A SUIVRE", le symbole ▽ signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. Les diagrammes suivants illustrent la méthode.

REPORT

OF THE COMMITTEE OF MANAGEMENT OF THE UNIVERSITY LYING-IN HOSPITAL, *For the Year ending Oct. 1st, 1858.*

The Committee of Management of the University Lying-in-Hospital, in resigning the trust confided to them at the last Annual Meeting, have to congratulate the friends of the Hospital on the prosperity which has marked its progress during the year now closed; and while tendering these congratulations, they are desirous of most gratefully remembering and acknowledging, that all is due to the watchful care of "Him who neither slumbereth nor sleepeth," whose choicest blessings are freely dispensed to all, "without money and without price."

Your Committee with feelings of deepest gratitude have no deaths to record among the increased number of patients admitted during the year, undoubtedly due to the strict attention with which cleanliness and ventilation are enforced. Pauper patients are admitted as usual, and they are attended to with as much care as those who pay their board. Unmarried females are, as a rule, not admitted twice, the Committee being persuaded that the observance of this regulation—standard one of the Hospital, is the only safeguard of the Institution against a charge of connivance with vice. This rule is rigidly enforced, and will continue to be so.

A reference to the list of admissions will exhibit a considerable increase over that of the year preceding; and, while is a source of still greater pleasure, is to observe, that while the number of unmarried patients is about the same, that of the married has very considerably augmented. Your Committee are much pleased to witness this fact, as it tends to demonstrate that among that class—the poor mechanick and laborer, for whose benefit the Institution was more immediately established, its advantages are becoming daily more appreciated.

The admission list is as follows:

Total admitted from September 1st, 1857, to October 1st, 1858.....91

Of these there were natives of Ireland....52

" " " England....7

" " " Scotland....9

" " " France....1

" " " Germany....2

" " " Canada....15

" " " U. States....5

With reference to religious persuasion, there were:

Roman Catholics.....53

Protestants.....38

And with regard to civil condition, there were:

Married.....42

Unmarried.....49

Before concluding, your Committee feel that they would be committing an injustice, if they failed to record their high opinion of Mrs. Hope's management of the domestic concerns of the Institution. They feel that much, very much of the prosperity which has marked the progress of the Hospital, since her appointment to office, is due to her, and they bear this willing cheerful testimony to the fact. In making these observations, your Committee are assured that they but give expression, in few words, to the sentiments

which pervade the minds of all who have had an opportunity of witnessing her general conduct of affairs.

Your Committee refer to the satisfactory condition of the finances of the Hospital, as they appear in the annexed statement; and in conclusion, they return their grateful thanks to the following friends of the Hospital for their several generous donations:—Mrs. J. Molson, Jr., Mrs. Col. Clarke; His Worship the Mayor; Mr. Abbott, Clerk St. Ann's Market; Honble. Jos. Bourret, Messrs. Cowan & Cross, Mr. Wright, St. Paul Street, Mr. Fitz, and a large number of anonymous friends.

All which is nevertheless respectfully submitted.

JANE REDDY,
Secretary U. L. H.
