Going Motoring? If So, You'll Need a Good Dust Coat Before You Start

Men! Here's an English-Made and Reliable Raincoat Low Priced at \$6.50... The material being English paramatta cloth, in self shades of fawn, and in single-breasted style, with the back cut full fitting; buttons neatly to the chin; has military collar and hinge tab; seams are sewn and cemented. Sizes 36 to 44. Price \$6.50.

When you're 'way out in the country and the dust leaves the roads in clouds, when you're 'puttering' about the car—maybe changing a tire or making minor repairs to the engine—it's on such and many other like occasions that you can appreciate a good dust coat.

New American Models The first type of Motor Dust Coat in this season's stock is a single-breasted one, buttoning up close, with a knife tab, patch pockets and full skirt. The material is of linen shade and very serviceable. Sizes 34 to 44. Price, \$2.75.

A Single-breasted Motor Duster, in a grass-colored linen effect, comes next. It has convertible lapels and full-sweep skirt. Price, \$3.50.

In a double-breasted style, with full skirt, there is this Light Grey Coat, with wind straps on the sleeves and convertible lapels. Priced at \$4.00.

A grey chambray of fine finish, also, comes in double-breasted style, with half belt and slash pockets. Price, \$7.00.

There are other lines, also, of finer materials—mohairs and Palm Beach—in the newest American style at \$10.00, \$12.50 and \$13.50.

A Rain Coat is Almost Indispensable But often they are unwieldy and hampering. Not so with these coats, however, for they are made of oiled silk, and hence are very light. They may be folded up into a very small bundle without injury in any way to the coat.

They come in amber and smoke shades, are double-ply throughout, have fly front, buttoning to neck, with low collar and windstraps on the sleeves. If you are undecided about the matter, come in and see them, and your doubts will vanish. Price, \$18.00.

Lawn and Border Fencing

Take advantage of the holiday to take down the old board fence on your back yard lot and put up a neat, sanitary wire fence. It will let the sunlight in and help to increase production if you have a garden. We offer a fence with upright wires, all No. 9 gauge, spaced 2 inches apart, corrugated and rounded over top, and fine wires No. 13 gauge twisted. This makes a strong, close fence, painted green. 42 inches high. Per foot, 17c.

Another style of fence in an attractive pattern is double half way up, top pickets are 3 inches apart, lower ones 1 1/2 inches, painted green, 48 inches high. Price, per foot, 21c.

BONE FERTILIZER

For your lawns, vegetables and plants, helps with the growth, increasing the quantity and quality of your vegetables. Sold in three sizes: 10-lb. bag, price, each, 70c; 25-lb. bag, price, each, \$1.30; 50-lb. bag, price, each, \$2.45.

See the Selection of Men's Straws and Panamas. --Main Floor, James St.

Men's Pyjamas, Greatly Reduced, Today, \$2.45

They are offered today as a big pre-holiday special. This is the season when week-end visits and vacation trips make the extra set of pyjamas essential. The assortment of patterns is large, including plain shade of pink and blue; also two or three-tone color combinations, in cluster or Roman stripes. The materials include mercerized cotton, silk and cotton mixtures. V-shaped neck, and some with fibre silk frogs. Sizes in the lot, 34 to 46. Reduced price, per suit, \$2.45.

Wash Neckwear, Specially Priced, 19c

This is one of the best specials in Neckwear that we have offered for some time, for every Tie in the lot would ordinarily sell at more than double the price. They were just purchased in time for the holiday. Best materials, exclusive designs and exceptionally low priced. Each, 19c.

Men's Neglige Shirts, Each 79c

A special purchase, together with broken ranges from stock—all in coat style with laundered soft double cuff, in neat striped patterns of blue, tan, black, green or helle, on light grounds—makes this offering of durable shirts well worth considering. Sizes 14 to 17 1/2. Each, 79c.

Men's Work Shirts—Made from a soft-finished blue chambray, in light shade; has lay-down attached collar, breast pocket, and with imitation soft double cuff, strongly sewn seams, and made in coat style. Sizes 14 to 18. Each, \$1.00.

Men's Invisible Braces

In the popular and seasonable invisible or coatless style, are just the thing for this hot weather. They are worn under the shirt and fastened to the trousers with nickel loops. They are made of good quality plain white webbing, in two and four-point style. Per pair, 25c and 50c.

Non-Wrinklable Neckwear, the "Cravat With a Long Life," Each, \$1.00

Without a doubt the season's most attractive novelty in Men's Neckwear is this showing of Ties, featuring in construction an idea entirely new, namely, a sheet rubber lining, which renders each and every tie so made absolutely non-wrinklable.

From an economical point of view, this ought to prove of great interest to the thousands who have discarded otherwise perfectly good ties, except for the wrinkles. The range of colors and designs is exclusive, and can be seen in a special display in our Annex Window, Yonge Street. The materials are silk and cotton mixtures. We have the making rights for this line in Toronto. Price, each, \$1.00.

NEW ROADWAY MUST BE BUILT TO CARRY TRAFFIC OF VIADUCT

Howard Street is at Present Too Narrow for Vehicles Passing Thereon. FOUR ABRUPT TURNS

Corner at Bleeker Street Already Has Record in City for Accidents.

The works committee meets today to consider Commissioner Harris' recommendation that street car tracks be laid on the proposed roadway from the head of Parliament street to Bloor and Sherbourne streets.

Howard street, with only a 24 foot roadway is, at places, one of the most congested streets in the city as well as the most dangerous.

At present it is necessary for anyone entering Howard street from either Glen road or Bleeker street to slow down almost to a stop.

Last week a funeral procession on the way to St. James' Cemetery met another going west.

Another merchant told The World that the first thing he did when he reached the shops of fire was to turn back to the boulevard and wait until the firemen had passed.

Samuel Fearsall, who has been for years on the corner of Howard and Bleeker streets, describes the intersection as a death trap.

From the facts that there are no engineering or other difficulties to be met with and that the responsible city authorities have recommended the new roadway, those interested in the project are at a loss to understand why any objections should be raised to its construction.

Effort to Delay. The alternative proposal to still further burden an already congested street does not seem to have anything to commend it. The people in the neighborhood seem to look on it simply as another effort to delay the full completion of Toronto's great direct east-west thoroughfare.

It was stated that the two were married during the time Hanses was in prison.

LT.-COL. SAM SHARPE LANDS AT HALIFAX

Lieut.-Col. Sam Sharpe, D.S.O., M.P., landed in Halifax on Monday. He is staying off in Montreal for a few days and will arrive in Toronto at the end of this week.

Col. Sharpe raised the 116th (Ontario County) Battalion in the latter part of 1915 and early in 1916. He took the bat-

fallon to France early in 1917, where his battalion made a good name by its valorous service. The commander, who served at the front with his unit for a considerable time, displayed fine leadership, winning the Distinguished Service Order by his services in the field, and also being mentioned in despatches by Sir Douglas Haig.

Col. Sharpe was anxious to get back with the other members for the session of the house, but as he suffered a nervous breakdown this was the first time he was able to travel.

BROTHER IS FREED

Justice Middleton Criticizes Obtaining Statements From Prisoners.

After four hours' deliberation yesterday, the jury at the sittings before Justice Middleton returned a verdict of guilty of manslaughter in the case of her twin brother, Morris Dessol, on the charge of murdering the infant child of Beatrice Dessol.

When the body was found a piece of adhesive found on the infant's back with the words "Baby Gladstone, born Feb. 3, 1918." Investigation showed that a baby had been born at St. Michael's Hospital on that date, and that the mother had registered under the name of "Gladstone," and had left on Feb. 17.

MEN OF NINETEEN NOTIFIED TO REPORT

Attention is drawn to the notice issued by the department of justice, military service branch, which appears in this issue of The World. The notice points out that every male British subject in Canada must, if born on or before Oct. 13, 1897, who has attained, or shall attain the age of 19 years, and who is unmarried or a widower without children (unless within one of the classes mentioned in the schedule of exceptions to the M.S.A.) report to the registrar on or before June 1, 1918, or within ten days after his nineteenth birthday, whichever date shall be the later.

The reports must be addressed to the registrar or deputy registrar under the M.S.A. of the registration district in which they reside, to be sent by registered post, for which no Canada postage is required. Punctual compliance with these government requirements is of great importance to those affected, as failure to report within the specified time will expose the delinquents to severe penalties, and in addition, render them liable to immediate apprehension for military service.

GERMAN FOOD SHORT.

Further Reductions Necessary to Carry Thru Population. Washington, May 21.—The food situation in Germany, officials here believe, is the most critical it has been at any time. Even with the reduced rations planned for June 1 the country will not have enough food to carry the population thru to the next harvest, and further reductions will have to be made.

FREIGHT BOATS ONLY FOR MONTREAL ONLY

Admiralty Experts Advise That Passenger Steamers Go Elsewhere.

Montreal, May 21.—The Port of Montreal this season is to be devoted solely to freight traffic, all ocean passenger liners formerly using the St. Lawrence being diverted to another port.

The decision to make Montreal a centre for freight exportation was taken after careful consideration of the shipping question by the admiralty, whose experts advised them that greater economy and expediency in shipping would be effected by the concentration of the freight-carrying class of vessel to this port.

A feature of the shipment of horses overseas this year is the employment of soldiers to tend the animals instead of cattlemen. Upon arrival in Europe, the soldiers are drafted to their regular units. The expense of retaining the numbers of cattlemen is thus saved.

COMMISSION TO STUDY INTERNATIONAL WATERS

New York, May 21.—The international joint commission of the United States and Canada, which was created by a treaty in 1909, met here today to discuss the sewage problem along the great lakes and the boundary streams between the United States and Canada. Buffalo and Detroit are the principal American cities affected.

Equitable distribution of waters for irrigation purposes on the Milk and St. Mary's Rivers in Montana, Alberta and Saskatchewan was another matter given consideration. The Canadian Government has requested more time to prepare to present its claims relative to the regulation of water-power development in the St. Lawrence River at Waddington, N.Y.

The session of the commission will continue thruout the week. Preparation of a final report on the matters placed under its jurisdiction by the commission, when completed it will be presented to Secretary Lansing and to the governor-general of Canada.

MEDIAEVAL FAMINE WILL CUT SHORT WAR

London, May 21.—"I feel confident that the time is at hand when famine—stark, medieval famine—will join the entente as a political ally against Germany and military ally against the United States and the Daily Mail telegraphs from Annemahe, in France, near the Swiss border.

Among the incidents given in support of the story of terrible want is the case of two prisoners of war employed at the gas works in Vienna who, he declares, are being employed by fellow workers, who ate part of their bodies.

"People often faint in the streets from hunger," he continues. "The health of many is such that they can hardly stand, to say nothing of work, and things are getting worse every day. Even the soldiers do not have sufficient food."

CANADA'S TRADE SHOWS DECREASE

Falling Off of About Three Million for Month of April. Ottawa, May 21.—A decrease of approximately three million dollars in Canada's trade for the month of April as compared with same month a year ago is shown by the monthly trade statement issued from the customs department. The grand total of Canadian trade last month, the first month of the year, was \$151,318,125. Total imports last month, exclusive of coin and bullion, were \$75,825,275, while during April, 1917, exports amounted to \$75,492,850. Corresponding figures for April, 1917, were imports \$86,807,809 and exports \$65,149,149.

Durable goods imported into Canada during April, 1918, totaled \$44,929,023 and free goods \$34,030,918. Last year, during the same month, total durable goods imported totaled \$44,756,635 and free goods \$42,021,171. Duty collected last month amounted to \$13,837,227, as against \$13,875,485 in April, 1917.

A great increase in the export of agricultural products over April a year ago is shown. Last month domestic agricultural products were exported, while a year ago these only totaled \$11,443,161 during April. Last month, however, there was a phenomenal increase in the export of manufactured articles exported when compared with April, 1917. Products of Canadian factories exported last month totaled \$23,895,275, while during April, 1917, exports of this kind amounted to \$40,859,616.

POLICY OF SINN FEIN TO LEAD TO DISASTER

Dublin, May 21.—John Dillon, the Nationalist leader, in an interview today, emphasized the divergence between his party and the Sinn Fein, whose policy he declared to be "wrong and foolish and bound to end in disaster."

Mr. Dillon said he still believed in a friendly settlement with Great Britain. He declared his opposition to the declaration of the late John E. Redmond, made at the outbreak of the war, that the "cause of the allies is the cause of freedom."

In an appeal to the American people, Mr. Dillon said that the Sinn Fein had been supplied with unlimited financial resources from New York. He urged that all those of Irish blood in the United States to support his party as against the Sinn Fein.

\$75,000 FIRE IN SASKATCHEWAN.

Carleville, Sask., May 21.—Fire which started in the basement of Coada Corner Block, the two stores of which with warehouses in the rear, were occupied by Hann and Jackson, general merchants, last night swept thru this structure. Shannon's hardware store was destroyed with most of its contents, and Mifflon Bros livey stable. The total loss is estimated at about \$75,000.

FIRE AT ARRPIOR.

Arrprior, May 21.—Fire, believed to have been due to a careless smoker, attacked the lumber yards of McLachlin Brothers, at Arrprior, at ten o'clock this morning, and destroyed 100 piles, estimated to contain 2,000,000 feet of rough lumber. The loss is estimated at between \$75,000 and \$100,000.

Hairs Quickly Vanish After This Treatment

(Helps to Beauty) Science has aided in simplifying the banishing of hairy growth from the face, and according to a beauty specialist, the most effective treatment yet devised consists of applying a de-latory paste to the hairy surface for 2 or 3 minutes. The paste is made by mixing some water with a little powdered delatone. When this paste is removed and the skin washed every trace of hair has vanished. Be sure to get real delatone.

ENTIRE FAMILY IS GRATEFUL FOR IT

Friends Say They Never Saw Such a Change in Anybody as Tanlac Made in Mrs. Spruit.

"I tell you what, the way Tanlac has built me up and brought me out of the funk of the neighborhood, and my friends all tell me they never saw such a wonderful change in anybody before," said Mrs. Maudie Spruit of 296 Runnymede road, Toronto, the other day.

"My troubles began over two years ago," she told me, "when I had such a serious breakdown that I had to be taken to the hospital, and I was there seven weeks undergoing treatment, but couldn't get back my strength. In fact, I was in such a awful fix that they took me home, where my friends said they expected to see the end at any time, and they even prepared my grave. I was in bed for six weeks, and was so weak and lifeless that I could hardly lift my head and my eyes had to be fed me like I was a helpless baby. After a while I managed to get up out of bed, but I was still too weak and run down to do anything but crawl. I tried to get myself around, unable even to wash a plate. I didn't have a bit of appetite, and for two or three days at a time I would not eat anything but bread, and I felt like I wouldn't be able to speak for several minutes, and I was so restless that when I went to bed I would roll and toss from side to side and feel like the night would never end."

"In this miserable condition I was trying everything I could get my hands on, but nothing did me any good. Finally, after hearing so much about the good Tanlac, I decided to try it. I bought a bottle, and after a few days I was feeling better. My appetite had grown so I can eat and relish most anything I want, and my food is giving me the strength and energy I had been lacking. My nerves have quieted down, so I now sleep all night like a baby, and get up in the mornings rested and refreshed. I am getting stronger and better every day, and the members of my family feel so grateful for what Tanlac has done for me that we are boasting it all the time."

AN OVERLAPPING OF DEPARTMENTS

Minister of Agriculture Intends Holding Conference to Unify Undertakings.

Ottawa, May 21.—Important questions confronting the farmers of Canada were taken up this morning at the final meeting of the agricultural committee of the House. Mr. T. A. Creer addressed the members, speaking mainly in regard to the co-operation of the federal and provincial departments of agriculture.

The minister stated that there was a tendency to overlap in the work of the departments, which would be practically a division of the work. He thought there was much to be done in co-ordinating and unifying the undertakings of the department, and to that end he proposed to hold a conference of ministers and officials of the provincial and federal agriculture departments in order that matters could be discussed in detail. He called attention to the fact that the burdens after the war would be very heavy, and it would be wise to make adequate preparations.

Complaints were made by members of the committee in regard to the administration of the Canada Food Board, and in reply Mr. Creer declared that the work of the board was extremely difficult. He stated that while the board made regulations, the local authorities were called upon to see that they were carried out. He said that the controller had been confronted with the problem of making regulations which would apply to the whole country, and in view of the different conditions existing in different sections, the work had been extremely difficult. He expressed the opinion that if the board was to be called upon to enforce regulations made the necessary machinery should be created.

The shortage of sugar was referred to, and the minister explained that the difficulty had been one of transportation. The shortage of sugar, he said, had been lying at ports in the sugar-producing countries but it had been impossible to get ships necessary to transport it. The food controller, however, been able to obtain a sufficient number of ships to carry this out.

TOTALS OF CASUALTIES BEGIN TO DECREASE

London, May 21.—British casualties to the number of 36,877 have been reported in the week ending today. The casualties are divided as follows: Killed or died of wounds—Officers, 312; men, 2,815. Wounded or missing—Officers, 1,241; men, 31,808.

The British casualty reports are still reflecting the recent heavy fighting, although the totals are beginning to decrease. The figure last week was 41,612, the largest of any week since the German offensive began.

HAIG GIVES PRAISE TO THE LABOR UNITS

London, May 21.—Field Marshal Haig has issued a special order of the day paying tribute to the devotion, endurance and gallantry of the labor units under the most trying circumstances at the beginning of the present battle. "The discipline shown by these units enabled them to render the most valuable services to the rest of the army," the order states.

GIRLS STEAL LINEN.

Hundreds of Canadian Red Cross Linen Bags Made into Underclothing. London, May 21.—Some hundreds of linen bags sent over as gifts from Canada have been stolen by women employed at Maidenhead to sort the units under the most trying circumstances. The thefts were discovered 19 women were prosecuted, and it was found that some of the bags had been made up into underclothing. All the women were fined.

HUNGER TO FORCE BATTLE

Germany May Make One or Two More Desperate Smashes in West. Washington, May 21.—Germany, slicing her bread and meat rations, is having trouble at home explaining why her war lords do not push victoriously on in Italy and France. Germany may make one or two more desperate attacks in the west and then set in motion her insidious peace factory.

English Dentist Voluntarily Treats Interned Men in Switzerland. London, May 21.—Colonel Armstrong, director of dental services, has recently sent a box of dental materials to Joseph A. Woods, an English dentist who voluntarily went to Switzerland to give dental attention to repatriated prisoners. Mr. Woods, who is carrying on the work at his own expense, has done much for the comfort of the Canadian prisoners.

Small Village Near Quebec Scene of Dynamite Outrage

Quebec, May 21.—A dynamite outrage has been committed in the small parish of Loubliniers, about forty miles above Quebec. The fence, mail box and gates of the house of Camille Morand were demolished by the explosion. It is alleged the sympathy of the family with the Military Service Act had something to do with the dynamiting. No one was hurt.

BRITISH IMPROVE LINE.

Local Attack Advances Position on 800-Yard Front Near Merville. With the British Army in France, May 21.—Further improvement of the defending line was achieved by the British in their local attack last night northwest of Merville, where they carried out a successful operation which advanced their position along a front of 800 yards. The effect was to reduce a salient which bulged into their territory.

Some prisoners were taken. For counter-attack was broken up by artillery fire.

THREE NEW PLAYERS FOR HOWLEY'S LEAFS

Scout Knottley reported to local baseball headquarters last night, Lee has been very busy and found that good baseball players are scarce.

Anderson, a semi-pro infielder from Buffalo, will join the club on Friday.

Shocker, the former Leaf pitcher in Buffalo yesterday, Shocker has been drafted and will don the uniform of the Toronto Club and Shocker advised him to get after Peterson, a player who will be remembered that Peterson was with the Ottawa Club in the Canadian League at same time as Shocker.

Anderson, a semi-pro infielder from Buffalo, will join the club on Friday.

Dunlop and Auto History

Practically speaking the automobile has been in existence in Canada only since 1903. Years before that we made hundreds of thousands of tires for the bicycle.

And since that time we have made hundreds of thousands of tires for the automobile, until the manufacture of Dunlop Auto Tires—"Traction," "Special," "Plain"—has become a big industry in itself.

The automobile knows no better running mate than Dunlop Tires.

WOMEN INDIGNANT OVER TREATMENT

Local Council Disapproves of Reception at City Hall.

Mrs. Sanford of Hamilton, vice-president of the Women's Council for the Province of Ontario, and Miss Carmichael, provincial vice-president for Nova Scotia, were guests at the meeting of the Local Council of Women held in the Sherbourne House Club yesterday afternoon. Mrs. A. M. Huestis, the president, welcomed the guests in the name of the council. Mrs. Sanford expressed her pleasure at the serious thought which she saw the members gave to the subjects that came up for discussion. Referring to earlier days in the council, she said she had sometimes feared how women entering upon public life would succeed, but she knew that special evils could never be remedied by human hands alone.

Miss Carmichael made a plea for the smaller councils. Her council was small, and she knew that sometimes the smaller bodies were apt to be discouraged by the large things done by the larger bodies.

On behalf of the Ontario resources committee, Mrs. L. A. Gurnett spoke on dehydration of vegetables, and stated that difficulties in the way of introducing it were the expense of installing machinery, and the fact that there was no money on hand for the purpose. It might be found difficult to get a market. A resolution, however, was passed asking the government to instal apparatus in different parts of the province. A resolution was also passed expressing indignation at the way in which the delegation of women from different societies had been treated at the meeting in the city hall for the purpose of protesting against the reduction of the staff of the medical health department. The treatment was stigmatized in the resolution as an "insult to a representation of citizens."

SOCIETY

Conducted by Mrs. Edmond Phillips

The Duke and Duchess of Devonshire gave a dinner at Government House, Ottawa, for Mr. and Mrs. W. Redfield, Washington.

Their Excellencies, accompanied by the Ladies Blanche and Dorothy Cavendish, will arrive at Government House on Victoria Day and will be the guests of His Honor and Lady Hendrie, and will accompany them to the Woodbine to the Red Cross Horse Show, when the race will be run for the King's Plate.

The chief justice of New Brunswick and Mrs. Hason have returned from Vancouver and are at the Chateau Laurier.

Mrs. MacLennan, Ottawa, spoke on Food Conservation yesterday afternoon at Cartbrook, by invitation of Miss Campbell, to a representative gathering of women. Tea was served at the close of the meeting. Some of those present included Lady Hendrie, Mrs. Sweeney, Mrs. H. D. Warren, Mrs. E. F. B. Johnston, Miss Constance Leing, Mrs. Victor Cathra, Mrs. Arthur, Mrs. Campbell Reaves, Mrs. H. S. Strathy, Mrs. Fraser Letroy, Mrs. A. H. Campbell, Mrs. Thomas, Mrs. John Kent, Mrs. A. Wallis, Mrs. Alan Sullivan, Miss Grace Cavindra, Mrs. Graham Thompson, Mrs. Hamilton Burns, Mrs. Charles Band (New York).

The impression has gained ground that the lawn and stand at the Woodbine on Friday and Saturday are only open to members of the Jockey Club. This is not the case, as the races are under the management of the Hunt Club for the benefit of the Red Cross.

Miss Mary Tyrrell has returned from a visit to Ottawa.

Mrs. J. E. Elliot is in the southern states.

Miss Rosamund Slade, Quebec, is visiting Mrs. J. B. Maclean, Wells Hill.

Tables can be reserved for the luncheon on Saturday at the Woodbine.

Mrs. Iposmore, wife of Mr. H. H. Loosmore, Standard Bank, Colborne, is recovering from a serious illness in St. John's Hospital.

Colonel McGillivray, who returned yesterday from St. Catharines, left again last night for Ottawa.

Mr. A. P. Tippet, Montreal, spent the week-end with his brother, Mr. W. T. Tippet in town.

Rev. Dr. Neill is in Winnipeg, where he will lecture on his experiences in France. He is the guest of Rev. David Christie, A. F.

Mrs. Kenneth Ewart, Winnipeg, and her little daughter, who have been in town, have gone to Ottawa to stay with the former's mother, Mrs. J. E. Simpson.

Mr. Gustave Pelletier, son of Mr. Alderman Pelletier, St. Boniface, is in town to join the A. F.

The commencement at the Margaret Eaton School of Literature and Expression began last night at 8 o'clock with the presentation of "Twelfth Night" by the students of the school.

This morning at 10 o'clock there will be an open meeting of the physical training class to which the public is invited. On Thursday evening the commencement exercises will be held with addresses by Prof. Law, Captain Paulin and the principal.

Owing to the illness of the bride's father, Mr. F. W. L. Shaw, the marriage took place quietly last night of Mary Maraden to Mr. Arthur H. Follett, late of the 13th Batt., C.E.F., son of Mr. and Mrs. J. J. Follett, at the residence of Mr. Shaw in Park road.

Rev. John Neill, pastor of the Westminster Presbyterian Church, officiated, and the wedding music was played by Miss Dorothy Follett, the bridegroom's sister. The bride, who was given away by her brother, Mr. Clifford Shaw, looked pretty in white satin trimmed with Chantilly lace and a tulle veil spotted with orange blossoms. She carried a bouquet of orchids and white sweet peas. Miss Grace Rylie, who was maid of honor, wore a pale pink georgette crepe with a Victorian bouquet of sweetheart roses and sweet peas. Mr. Arthur Walker was best man. Mr. and Mrs. Follett are spending their honeymoon in New York and Boston. The bride traveled in a tailor-made of navy blue serge with hat to match.

HOUSES CORPORATION MAKES SOME CHANGES

Under new auspices a meeting of the Georgina Houses Corporation was held at the Beverley street house yesterday afternoon. Mrs. H. D. Warren in the chair. The president explained that changes had been made by which the directors now were all women.

These would be assisted by a strong advisory board of men. Some changes had also been made in the constitution and bylaws. The minutes of the last meeting were read by the secretary, Miss Helen Cattanech, who also read the new constitution and bylaws, which were approved without discussion. There are now fifteen women on the board of directors.

The report of Miss Baldwin showed that the institution had passed thirty trying times during six months of 1917. The Sherbourne House Club had taken 15 of the girls; it had been found difficult to get domestic, and owing to varied occupations of the girls the meals had been irregular and hard to prepare. The opening of a cafeteria had been a source of great difficulty. The girls of the house had started work in Red Cross. Instead of printing the annual report the money had been spent on linen. Some of the rooms had been painted thru a cheque from Mrs. Kilgour. During part of the year the house had been running at a loss. Mrs. Armstrong, the new superintendent, reported that all the rooms but one were now filled, 74 girls being in residence. The treasurer reported receipts for the year of \$1,615.99, with a balance on hand of \$33.26. Reports from Spadina Lodge were also given. The honorary officers and directors are: Mrs. Bishop Sweeney, patron; Mrs. Broughall and Mrs. Sweeney, honorary presidents; Mrs. H. D. Warren, president; Mrs. George Biggar, first vice-president; Mrs. Joseph Kilgour, second vice-president; Miss H. Cattanech, recording secretary; Miss C. Body, corresponding secretary; Mrs. Mallory, treasurer; Lady Meredith, Mrs. Stratford, Mrs. Charles Fleming, Mrs. George Burton, Mrs. Durfield, Mrs. Edward Cayley, Mrs. Baldwin, Miss Brock, Miss McCollum and Miss Bethune.

SOLDIER'S WIFE SENTENCED.

In the sessions yesterday afternoon, Judge Winchester sentenced Emma Gardiner, the wife of a soldier now overseas, to 30 days on the jail farm for stealing two blouses from the Robert Simpson Co.

THREE WOMEN MAKE ESCAPE FROM JAIL

Stealing the acting matron's keys during the absence of the woman superintendent at the Toronto jail on Sunday afternoon, three women prisoners, after breaking a lock and opening several doors, made a successful get-away by scaling a fifteen-foot wall and a high fence, using a table, two ladders and a stool. One, Martha Berryman, was later picked up by the officials at the home of a friend in Weston, but the other two, Frances Fletcher and Mabel Sumnerville, are still at large.

It is alleged by Mrs. K. L. Sinclair that the woman who was left in charge of the prisoners during her absence failed to notify Chief Turnkey Addy of the escape until nearly seven p.m., and that she had reported all her prisoners safe an hour or so before.

SAVING OF WHEAT.

Mrs. J. S. McLennan Gives Practical Advice on Matter.

Advice of a most opportune and practical character was given by Mrs. J. S. McLennan, wife of Senator McLennan of Ottawa, when she addressed a large number of women under the auspices of the Women's Patriotic League at the home of Miss Campbell, Queen's Park, yesterday afternoon.

The speaker told of conditions both in the United States and Canada in relation to the food question. Even before the war the railroads in the former country had been congested, rolling stock being depleted. Now there was scarcely a yard of road but

BODY OF BABY FOUND.

Wrapped up in a heavy brown paper lying on a seat last night in a Yonge street motion picture house. The parcel was found by a patron of the theatre, who in turn turned it over to the management. The police were notified and an investigation will take place. The child was about ten days old and was well developed. The body was removed to the morgue.

BOYS TO HARVEST BIG CROP OF FLAX

Two Thousand Needed in Great Patriotic Effort.

Two thousand boys are to be organized to help harvest 15,000 acres of flax in western Ontario in order to help supply the government with the raw material from which aeroplanes wings are made. After a two days' session at the parliament buildings, the Canadian Flax Growers' Association, in co-operation with Dr. Hiddell, superintendent of the trades and labor branch, has formulated plans whereby sufficient labor will be secured to ensure a safe harvest.

The boys, ranging from 14 to 17 years, will be grouped and put into camps under proper supervision and will be supplied with everything but clothing, soap and towels. They will be paid by the acre and after a little practice it is thought one boy will harvest from 1/2 to 1-3 of an acre per day.

So great is the demand for flax fibre, the acreage planted this year is twice that of last year and three times that of 1914, and indications point to satisfactory crops. With the solution of the labor problem a good harvest seems very probable. Harvesting operations will commence in July, and the first camps will be established about July 12. These will take boys from Toronto and towns and cities west of Guelph.

At present there is but one mill in Canada where the raw material is converted into the finished product, most of the fibre going to the United States.

States. However, it was stated yesterday that more mills may be established here within the near future. In connection with the process of curing the flax, representatives of the association went to Ottawa last night to confer with the minister of militia regarding exemption for "scutchers," men who understand the process and of whom there are only about 40 in Canada. It is held that their experience would be worth more to the country at this time than their services in the army.

FARMER IS SCOLDED AND ORDERED TO PAY

John Stanley Watson, farmer, of Pine Grove, was fined \$20.25 in the county court yesterday and ordered by Major Brunton to pay the wages earned by Paul Rees, a returned soldier.

Rees stated he had been engaged to work for \$30 a month and board. After working 15 days he was told he was of no use and to get out. He had broken a spade, and when he asked for his wages Watson said he would get them in seven months' time. Watson claimed that Rees was set to work drawing tree stumps and that after he broke the spade they had some words, but that he had not ordered Rees to go.

In giving judgment the magistrate said: "You know this man had been to the front and was wounded there, and was not so strong as you, who are a young and strong man, who should be at the front yourself, yet you employ him at a mere pittance and expect him to do as much as an ordinary man could do. Now you will pay him what you owe him and the costs, \$20.25."

Defendant: "Won't you deduct the cost of the spade?"
Major Brunton: "Not a cent. You are a most miserable creature, and thank God there are not many like you."

SPRING GRAIN CROP IN GOOD CONDITION

Reports From All Over the Province Say All Fields Look Well.

The following is a summary of reports made by agricultural representatives to the Ontario Department of Agriculture:

Reports are practically unanimous regarding the excellent condition of spring grains. Sowing conditions were ideal, and the fields never looked better to date.

A large acreage of potatoes, sugar beets and mangels has already been put in. In Essex corn planting is at its height, and preparations are being made for an extra large area. Early tomatoes are also being set out.

Fall wheat will now do well if it averages 30 per cent. of an average yield per acre. While improvement is noted here and there owing to the remarkably favorable weather, other reports state that some farmers will get very little more than their seed.

Clover is promising. Clover, on the other hand, is spoken of generally as a most promising crop, poor fields being the exception. Old meadows are not doing so well as new seeding.

Orchards are showing a profusion of blossom and should frosts and heavy rains keep off during the period of bloom heavy fruit crops may be looked for. Live stock are improving on pasture, as the grass has come along fast during the last week or two. Choice beef animals are bringing as high as 16c a lb., although some cattle sales are quoted as low as 12c. Dairy cows are selling at from \$100 to \$125. Friday was cattle day in Forest, and about 600 cattle were lifted in that vicinity.

Milk production is now well up to the average for the season. The Lambton Creamery Co., Petrolia, is reported to

be producing from six to ten tons of butter a week.
Hog Supply Light.
Hogs are coming to market generally light at from \$19.50 to \$20.50 a cwt. Small pigs from four to six weeks old are in great demand at from \$12 to \$13 a pair.

Sheep are steadily increasing in favor. Fodder supplies are holding out well generally, although owing to shortage some had to turn their stock too early upon pasture. There is plenty of hay and straw on hand, but grain is scarce with most farmers. Ensilage has been carefully husbanded and was never more appreciated.

The favorable weather for operating on land has been a boon to farmers, and it has enabled many of them to overcome in large measure the great scarcity of experienced help.

Accommodation at Civic Clinic Has Not Been Meeting the Needs

Following up a rumor that the property department at the city hall intends to place seats at the disposal of the large number of mothers and children who are impelled to attend the vaccination section of the health department, a reporter approached David Chisholm, the property commissioner. He stated that it was the intention of the department to have the seats placed at the disposal of these women. These may be supplied in the course of the next few days. "It has always been our policy to supply these seats during the rush periods," said the commissioner. A number of mothers were seen yesterday in the corridors at one end of the basement in the city hall awaiting the turn of their children for vaccination, and they had to wait a long time in several instances. Some of the little tots were seen lying in the middle of the corridors on the floor, and others were being led by their mothers, who engaged in forced constitutional. There were many complaints against the lack of seating accommodation.

Dyspeptics Get Relief or Money Back

A Remarkable Remedy

The contention that over 90 per cent. of all stomach troubles are either directly or indirectly due to acidity or food fermentation, seems to be amply proven by the uniformly instant relief experienced by sufferers from indigestion and dyspepsia, who take a teaspoonful of pure Bi-Nesia or two, or three of the five-grain tablets in a little water immediately after eating. Many dyspeptics, however, have tried so many highly-praised remedies without obtaining relief, that they have begun to think nothing can help them. It is therefore a matter of pleasant surprise to these people to learn that every bottle of Bi-Nesia, either tablets or powder, is accompanied by a binding guarantee to return the purchase price if it fails to give complete satisfaction—proof positive of our confidence that Bi-Nesia, which is readily obtainable at any drugstore, is the most remarkable remedy ever known for dyspepsia, indigestion, acidity, flatulence and stomach troubles generally.

FIRST NIPIGON FISH.

Tonight the first spring shipment of Ontario Government fish from Lake Nipigon will reach Toronto. S. L. Squire, director of distribution, announced at the parliament buildings yesterday. The quantity will be about two tons and it is expected the demand will not be met by a shipment of this size. However, a further allotment will be in about a week.

MONTHLY MEETING HOUSE OF INDUSTRY

The regular monthly meeting of the board of the Toronto House of Industry was held yesterday with Beverley Jones in the chair. The following reports were read:

For outdoor relief: 190 new families, including 484 children were assisted during the month; 85 tons of coal, 2,507 3-pound loaves of bread, 6,458 pints of milk and 2,706 pounds of groceries. Emergency deliveries of groceries and coal during the month, 150.

The report shows 28 persons admitted 286 nights during the month; 23 of the applicants were residents of Toronto, and five only were from outside points. They received 887 meals. During the month 100 inmates were in the home, 61 males and 39 females. Seven were admitted and 20 left during the month, 12 leaving to work.

The treasurer's statement was read, showing expenditures of \$7,620.90 for the month, with receipts of \$584.20, a balance overdrawn at the bank of \$23,126.20.

This being the first meeting of the new board after their election in April last, the following gentlemen were elected as officers: Rev. T. Crawford Brown, president; Charles T. Stark, secretary; J. Harry Paterson, treasurer.

NO CLUE DISCOVERED TO WESTON MURDER

Whoever murdered George Tucker in the C. P. R. car on the Rompage Stone Company's siding at Weston on Sunday night has apparently left no direct evidence of his guilt. That the murdered man arrived from Toronto on the 6:20 train Sunday night and was seen reading a newspaper in the door of the car by a resident about 7 o'clock has been established. The Tuesday evening

Low Prices—Easy Terms
Every Instrument Guaranteed

These are not poor, worn-out instruments that you will be ashamed of. Every one has been thoroughly overhauled and renewed—inside and out. Some of them are only slightly used, and all are practically as good as new.

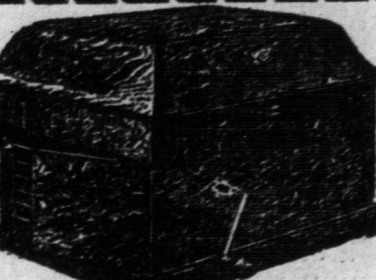

A Complete Clean-Out

This is the end of our business year, and every used instrument must be sold before stock-taking. We have marked prices and terms so low that even the immense number we have on sale will go quickly—so don't delay.

FEAR DAMAGE TO OATS IN CANADA

Corn Rallies on Reports of Injury to Oats, But Sells Off Again.

Chicago, May 21.—Weakness developed in the corn market today, owing mainly to absence of any aggressive buying...

About the only demand for corn came from local traders, whereas commission houses were moderately active sellers...
