LEGISLATURE OPENS TO-DAY

Forecast of Speech From the Throne Indicates Legislation Ahead for New Ontario.

LIBERAL CAUCUS ON FRIDAY

Choice of Leader for Session Will Probably Fall Upon Hon. Richard Harcourt—Few Members Here.

Fifteen guns at 3 o'clock need not be mistaken for nervous citizens this afternoon as the preliminary symptoms of an earthquake. They are only the opening of the legislature, the earthquake in Ontario which occurred two years ago. His Honor Lieutenant-Governor Clark, accompanied by Major Macdonald and Lieutenant Young, A. D. C.'s, and attended by a traveling escort of the Royal Canadian Dragoons, and a guard of honor from the Second Regiment, Queen's Own Rifles, will proceed officially to the parliament buildings, and as the moutpiece of His Most Gracious Majesty's government in Ontario, will propose more than twenty bills, and will be expected to happen during the next three months.

No doubt he will draw attention to the agricultural and commercial prosperity of the province as a subject for sincere gratitude. With a lively sense of favors to come, reference will follow to the conferences at Ottawa last fall, and the probable amendment of the N. A. Act as the result of one of them, by which Ontario will receive an increased subsidy of \$800,000. The other conference will be stated, related to the provincial boundaries. The ministers present then advanced the proposition that the eastern boundary of Manitoba be extended northward to Hudson Bay, until it strikes the Churchill River, and that it follow that river to the point where it empties into Hudson Bay. Ontario asks for all the territory lying east of this proposed Manitoba boundary line, and north and west of the present Ontario boundaries.

His honor will express the expectation that this matter will soon be settled. Other matters to be referred to in the speech are the revision of the statutes, which will not be completed till next year, owing to the manner in which the work is being done; improved accommodation for immigrants arriving in Toronto, and the determination of the government to make additional efforts to secure the work of the farm laborers for Ontario; the work of the municipal board, and the satisfactory progress made in the direction of providing cheap electric power for consumers.

The announcement of a new judicial district in Northern Ontario is expected in the speech. This will include the unorganized territory which the T. & N. O. Railway has been building in the north. Another announcement of considerable interest will be of a measure providing for the taxation of mining properties. In this connection a warning note against reckless speculation may be sounded. Mention will be made of the Public School Act. While it has given general satisfaction, certain amendments are considered advisable, and these are to be made this session. With regard to the price of text books, the government expects, during the present session, to be able to announce a satisfactory arrangement as a result of the steps that have been taken.

The question of labor and the desirability of avoiding all possibility of such labor entering into competition with free labor, will be dealt with. Among the bills which are foreshadowed are one to consolidate the Companies Act; to amend the Volunteer Land Grant Act; and to amend the act relating to colonizing roads; to amend the act creating the railway and municipal board, and to amend the act respecting the Temiskaming and Northern Ontario Railway.

The speech will indicate that there will be a substantial surplus this year. There'll be a Crowd. While the house will undoubtedly be crowded in every part, it will not be with the members, who were even less in evidence last night than usual. The cold weather will probably have but little effect upon the fashionable display which the ladies usually make on the floor of the chamber, and if the premier himself gets a seat it will not be due to the forbearance of the fashionable claimants. A lady will sit in the seat formerly occupied by Hon. G. W. Ross, thus solving a difficult problem.

Those expecting to be present are again reminded that reserved tickets will not be honored after 1.30. The interesting ceremony of the formal opening does not take very long, and after the assertion of the right of the legislature to do business by the speaker, the session will be opened.

Continued on Page 12.

The selling during the last three weeks has broken all precedent, but did not amount to anything like what you would expect. It is a pity that you are so foolish as to pay \$18 or \$20 for a pair of shoes. Hobblerlin's, 153 Yonge Street.

Toronto Public Ownership League.

I approve the formation of a public ownership league and am prepared to give the movement my earnest and personal support.

Name
Address

By all but universal admission a large majority of the citizens of Toronto favor the municipalization of the city's public utilities and services, and it is certain that a still greater majority of The World's readers give that proposition hearty support. The World wants to get into personal touch with its readers in this regard and has for some time had in view the promotion of a "Public Ownership League," which would be the centre of an active propaganda designed to confirm the faith of the citizens who believe in public ownership and operation of the municipal franchises and to educate the minority who either have not hitherto considered the question on its merits or whose attitude towards it is sceptical or even hostile.

Now that the latest action of the Street Railway Company has brought its quarrel with the people to a climax, and the many and flagrant violations of its agreement have caused such deep and justifiable resentment, the time appears to have arrived for the launching of the "Public Ownership League." As a preliminary The World wishes all its readers who approve of municipalization of the public utilities and services and are prepared to assist actively in a movement which cannot but stimulate civic patriotism and improve civic conditions to sign and return the prefixed form.

If the project receives, as we do not doubt it will do, a sufficient measure of support, steps will be taken to organize the league and to commence a vigorous and assertive campaign all along the line. Issues of vital importance for the future prosperity of Toronto are rapidly maturing, and if the city is to be freed from corporation tyranny and to enjoy the advantage of services and utilities run with a single eye to the needs and interests of the people, a strong and earnest public conviction must be created and sustained. A league of this sort is well fitted to perform eminent public service, standing as it will do for a cause which every day reiterates to be essential to the progress of administrative efficiency and the purity and amenity of civic life.

UNCLE SAM NOT MAD OFFICIALLY

President Assures British Representative That Government Will Not Take a Fair Up.

Washington, Jan. 23.—President Roosevelt has finally dismissed the Swettenham-Davis incident, as is shown in the following letter, made public at the state department to-day, addressed by Acting Secretary of State Bacon, to Charge Howard:

"State Department, Washington, Jan. 23.—To Mr. Eame Howard, charge d'affaires, ad interim: The British embassy, Washington: Sir—I have the honor to acknowledge the receipt of your note of yesterday's date, by which you communicate the substance of instructions received by you from Sir Edward Grey, in reference to the Jamaica incident. I hasten to assure you, on behalf of the president, that this government will pay no heed whatever to the matter, and very much appreciates the frank and ready courtesy and consideration shown in this despatch by Sir Edward Grey.

"I can only repeat to you in this formal way what I said to you personally last week, and which I have also said to the members of the local legislature from Toronto, to the press organs of public opinion, to carry their fight against the oppression of the Toronto Street Railway Co. to the legislature and there to get power to cancel the agreement on the proven ground that its provisions have been ignored and flagrantly broken by the company. The Waterloo of the Napoleon of the Toronto Street Railway Co. will be fought on the floor of the legislature.

In the meantime let the citizens of Toronto continue to agitate for an improved service. Let them take measures to limit the number of passengers to a car. Let them refuse to pay fares unless they get seats. Let them keep tab on the cold storage cars. Let them complain whenever they have reason, and let their complaints be sent to the newspapers, to their members in the house of commons and to the legislature. Keep everlastingly at it.

The citizens have a strong following in the city council, public opinion is aroused, the insolent arrogance of the Toronto Street Railway Co. has been given concrete illustration—and with this it needs only the word and the action of earnest leaders to get for Toronto a decent street car service.

Anyone who cannot get in to examine the goods advertised in this evening paper can use the telephone, and we shall send samples to your office or home. Just let us know where and the samples will come. Hobblerlin's, cash tailors, 153 Yonge Street.

Protection Against Embezzlement. A guarantee bond is security against loss by embezzlement. THAT WOLF HUNT

Mr. CANUCK (as he takes a shot): Why should there be a postponement? The wolves are plentiful enough.

Jury Who Will Try Thaw Renounce Unwritten Law

Two Are Selected After First Day's Work—Insanity as Excuse for Crime Thoroughly Explained to Each Talsman.

New York, Jan. 23.—The long-awaited trial of Harry Thaw for the murder of Stanford White began this morning shortly before 10.30, and when an adjournment for the day had been taken at 5 p.m. there were two jurors in the box. A third had been accepted and sworn, but he was excused in the closing moments of the day's session, the reason for the court's action being of a private nature. Nineteen of the 200 talsmen who were summoned were examined before the day closed. Nearly all of them seemed anxious to serve, and a very small percentage were excused for cause.

The examination of the first talsman called from the large panel was followed by the keenest interest because it was thought the line of questioning by the attorneys for Thaw would develop the character of the defence they are to set up. But the defendants' counsel seemed perfectly willing to accept any talsman who satisfactorily answered the questions put by District Attorney Jerome. The defence peremptorily challenged two talsmen, however, who are architects.

Mr. Jerome asked each talsman in turn if he would be influenced by any so-called higher or unwritten law to the exclusion of the laws of the state as they would be laid down by Justice Fitzgerald. None said he would not accept the court's ruling as to all questions of law, whether he agreed with the law or not.

As to the question of insanity as an excuse for crime, Mr. Jerome explained to each talsman that the law excuses only those persons who are laboring under such defective reasoning powers as not to know the nature of the act committed, or even that the act is wrong.

Again the talsmen said in turn that they would be guided solely by the court. Thaw's counsel entered objections only to certain forms of questions put by Mr. Jerome along this line. They declared they had no objection to the questions in principle.

The presence of three noted alienists in the court room, as prospective witnesses for the prosecution, created some comment. Thaw sat during the day at the table set apart for his counsel. At times he seemed to take a lively interest in the examination of talsmen. He leaned well forward and held his hand to his ear to catch words from the talsmen.

A RECOGNITION LONG DEFERRED

Root's Visit a Realization of Canada's Status Which Britain Should Likewise Show, Says Times.

(Canadian Associated Press Cable.) London, Jan. 23.—The Times says the very fact of Root's visit and his discussion with leading Canadian statesmen, coupled with the belief that the visit is only a prelude to some comprehensive attempt to settle all outstanding diplomatic differences, is in itself a recognition of Canada's status, which American statesmen have not hitherto conceded her. Such recognition is most satisfactory, but it is far more important that the recognition should come even more clearly from our side.

It is good business for Root to get into touch with Canadian sentiment. To do so is Sir Edward Grey's imperative duty. It is equally imperative that the visit is only a prelude to some comprehensive attempt to settle all outstanding diplomatic differences, is in itself a recognition of Canada's status, which American statesmen have not hitherto conceded her.

Canada's interests lie in the wide sphere of reciprocal arrangements provided by the British empire. The Freeman's Journal says Root declared he and the United States were great admirers of the Canadian people. This may be, but Canadians by no means return the compliment.

The idea of Root and Grey and Laurier discussing Newfoundland fisheries seems almost comic in view of the Jamaica incident. It is to be feared that while Grey and Root have been talking in the semi-tropical zone they have been thinking in a tropical one.

The Journal's London correspondent, referring to Root's visit, refers to past hostility of the American senate to British treaties, and says the understanding with the United States can only be attained thru a previous settlement of Ireland's just demands.

See the lines of trousseurs displayed in our windows, selling at 75¢ per pair. These are regular \$4 goods. Hobblerlin's, 153 Yonge Street.

SAYS GOVERNOR CAN BE EXCUSED

Conduct of U.S. Sailors and Tourists Was Not Proper, Declares Returned Montrealer.

WERE QUICK TO EXAGGERATE

And Swaggered and Grumbled Instead of Really Attempting to Relieve Distress.

Montreal, Jan. 23.—(Special.)—"I am just back from Kingston and I feel hot about it all yet, I can tell you. The newspaper despatches to the American papers seem to be a tissue of lies. Certainly Gov. Swettenham, the captain of the Fort Kingston, and others, have been cruelly misrepresented. The whole affair is a campaign of calumny."

This is the opinion of A. Stuart Ewing of the firm of Gault & Ewing, who has just returned from Jamaica. He was in Kingston when the earthquake occurred, and thru the following days of horror. He says: "The swagger of the American sailors was intensely irritating, the more so because we were smirking under the knowledge that there were only 200 white troops in the island. The imperial government is making a terrible mistake in the withdrawal of the white troops in the island. Little wonder that the governor was angry at the landing of an armed party without his permission."

"The dead had all been dug out by that time, I should say, and there was no necessity for the Americans coming in. As it was, when they came, the American tourists of the island—and Jamaica is full of American tourists—kicked up a terrific row, cheering and shouting. Before then they had been groaning and grumbling all the time. Their behavior was disgusting to all of us."

"Stretched" it. "They were doing disgraceful things in the line of disseminating gross exaggerations about the disaster, too. I went on board the Fort Kingston soon after the earthquake, and when I got on board I found one of them about to send a telegram. He was wearing a gold and it said that there had been 40,000 people killed, hundreds of thousands ruined, and that the whole island had been practically destroyed. I protested against any such telegram being sent. I told him he had no right to send such lies, that it was turning down at home who had a weak heart, and that the receipt of such would kill her."

Then Sir Alfred Jones came along and asked what was the matter. I told him, and he said that he would be sound.

DIABOLICAL TORTURES END IN HERMIT'S DEATH

Michigan Robbers String Him Up and Amputate His Fingers and Toes.

Dear. Mich., Jan. 23.—The body of Daniel Heaton, a wealthy hermit, was found late yesterday, frozen in his own blood in a small hut near the house where he had been living alone.

There were evidences that the old man had been tortured to make him reveal the hiding place of his money. Amputated fingers and toes lay scattered about and the appearance of a heavy rope and of a beam over the victim's neck, indicated that he had been strung up to the rafters for a day.

Apparently a blow in the head with a barbed head finally ended his sufferings. It is thought that the murderers secured the booty they sought, as no money was found.

OVER A MILLION STARVING. Bible Society Appeals for Relief for Chinese Sufferers.

New York, Jan. 23.—The American Bible Society has received the following telegram from its agent in China:

"Notify all boards Shanghai Missionary Association, 274 members, urgent appeal famine relief thru all churches. A million and a quarter starving. Many deaths already, the five months' suffering only begun. General relief committee, representing all interests in this part of the east, united in placing work of relief entirely in responsible hands of missionaries. Opportunity century impress China."

ELOPING GIRL ARRESTED. Spends Night in Cells and is Then Freed to Get Married.

Peterboro, Jan. 23.—Edith Pritchard, aged 15, of Hamilton, ran away from home and came here to marry Ernest Armstrong. Her parents objected and the police were advised to arrest her.

DOLLY VARDON DOLLS. Competitors Will Have the First Opportunity to Get Dolls Back.

Little girls who are entering their dolls for the Dolly Vardon Doll Congress in this city in competition for the 100 prizes, will have the first opportunity of getting their dolls back after the congress is held.

ON ROOSEVELT'S INVITATION. Hon. Chas. Fitzpatrick is Making a Visit to the White House.

Ottawa, Jan. 23.—(Special.)—The retail grocers and their clerks are asking the city council for a bylaw to make the closing of all city grocery stores at 6 o'clock on week days and 9 o'clock on Saturdays compulsory.

Hot After Bandit. Tangier, Jan. 23.—War Minister Gabbas is concentrating men, munitions and friendly tribes at Zinat, announcing that he intends to make a supreme effort to capture Raissuli before the departure of the French and Spanish squadrons from Moroccan waters.

SHOULD BE NIPPED IN THE EARLY BUD Thus Preventing Very Serious Trouble That May Be Hard To Eradicate.

A very eminent authority in matters of health says: "People, when they find a cold or a gripp, taking hold of them, or who have a cough, catarrh or bronchitis, would take proper precautionary measures instead of allowing these apparently slight troubles to develop into decline and consumption, which could be done to save individual suffering and stamp out tuberculosis otherwise known as the Canadian White Plague. They should, upon the first symptoms showing themselves, consult a doctor, or, better still, take some thoroughly reliable home remedy, the virtues of which have been tested and found to be a specific in such cases, such as Psychone or Oxomulion, and thus avert the dangers of this blighting scourge, which is as insidious as it is terrible."

Writing in this connection, Mr. Alex. Matheson of Brimley, Oxford County, says: "In the winter of 1906 I was a sufferer with catarrh, asthma and bronchitis. Mine was a most complicated case. My physician advised me to go to another climate. He told me that my lungs were seriously affected, and that I could only live a short time."

"It was so bad I could not go out of the house for months at a time. I procured PSYCHONE, using about \$50 worth, and it was money well spent, as I am now hearty and strong, and free from taking medicine of any kind."

ALEX. MATHESON. Mr. Matheson has for the past five years been the wonder of Oxford County. Those who know him consider that little less than a miracle has been performed in saving his life. Psychone has many such cases to its credit. For sale at all druggists at 50c and \$1. or at Dr. T. A. Stocum's, Limited, Toronto.

IN QUEST OF MISSIONARIES. Rev. Dr. Woodworth Will Go to England—Church Notes.

Rev. Dr. Jas. Woodworth was yesterday appointed by the executive committee of the Methodist Foreign Mission Board to go to England this spring in an endeavor to get young men for missionary work in the North-West.

Owing to the ill-effects of the climate in Mrs. Wilson, Rev. W. A. Phillips, a Presbyterian missionary of Indore, Central India, intends coming to Toronto on furlough in the spring. Mrs. Wilson is a daughter of the late Principal Caven.

Rev. J. R. Harcourt, Presbyterian missionary of Central India, who is at present in Canada on furlough, will visit congregations at Alberta in the interests of the Presbyterian mission in that province.

Archbishop Sweetman has appointed Prof. Wm. Clark and Rev. A. J. Broughall honorary canons of St. Albert's Cathedral.

Rev. J. G. Warren of Nanago, and Rev. R. H. McGinnis of Nagayo, missionaries for the Canadian Anglican Church in Japan, are about to return to Canada on furlough.

THE WOMAN'S WORLD. Among the invitations to the opening of the legislature this afternoon, are the following:

Mrs. Justice Anglin, Mrs. J. E. Atkinson, Mrs. Mackenzie Alexander, Mrs. H. W. Auden, Miss Addison, Mrs. G. W. Allan, Mrs. Frank Arnold, Mrs. E. D. Armour, Miss Armour, Mrs. J. D. Allan, Mrs. W. H. JOHN CATTO & SON
Month-End Sale
Five Linen Damasks in Table Cloths, Napkins, Tea Cloths, Doyles, etc., including a very special chance in slightly imperfect Table Cloths, 2 to 6 yards long, at 1-1 less than regular.
Wool Blankets—A lot (counter-sold) being cleared at reduced prices. Special Flannelette Blankets at 75c, \$1.00, \$1.25 per pair.
Down Quilt—Elegant assortment of French Printed Satens, Silk and Satin-covered Quilts. Attractive showing of Embroidered Linens and Lace Bed Covers, all reduced in price.
Huck Towels, Turkish Bath Towels, Mats, etc., various sizes, all special prices.
Prints and Muslin Department in clearing off entire collection of Oddments and Remnants at low figures.
Balance of Coat and Costume stock has been attractively reduced to effect quick sales this month.
Wonderful values in Lace Gowns, Black White or Cream, in Chantilly, Brussels and Besant patterns, including Sequin decorated nets, all much below regular quotations.
Markedly special attractions are also held out, before stock-taking, in the Silk and Dress Goods sections, one extra special line being a choice range of Dress Patterns in Black and Colored Silk and Wool Dress Fabrics; formerly \$2.00 to \$3.00 per yard, now 60c.
Mail orders receive prompt and careful consideration.

THE TARIFF.
(Canadian Associated Press Cable.)
London, Jan. 23.—The Scotsman, discussing the Canadian tariff, says the Radicals here are satisfied to recite the shibboleth of Cobdenism. On the other hand the Canadian government approaches the fiscal question from the point of view of good business for the Dominion, and at the same time for the empire, and completes a fiscal system to meet all cases. The Scotsman devotes two columns in an article on the centenary of the Montagu-Cuninghame Club.
Donald MacMaster, K.C., spoke at Dillie to-day on behalf of tariff reform.

NEW WARDENS.
Ontario: John Bright, reeve of Whitby.
Perth: John A. Hacking of Listowel.
Perth: Capt. Sheppard Somers.
Dufferin: James Armstrong.
Victoria: Taylor Parkin.

St. Mark's Presbyterian Church.
At the annual meeting of St. Mark's Presbyterian Church last night receipts for general purposes of \$1488.23 and expenditures of \$1488.23 were reported. The Sabbath school receipts were \$165.56, \$50 being subscribed to the mission fund. The session's report showed the congregation membership at 114, while four members by certificate and nine by profession of faith have since been added. The board of managers was elected as follows: William Calhoun, Walter Calhoun, R. Urquhart, F. B. Mitchell, Robert McAllister, P. Burnett, F. Burnett, E. Haynes and B. Hannigan; auditors, G. White and W. Chisholm; printing committee, J. T. Patterson, P. B. Mitchell and E. Haynes. The pastoral care was vacant for two months and no call has yet been extended.

New Cure for Nose, Throat and Lungs
Rich Pure Essences Are Breathed Right to the Spots That Are Sick. Cure Follows.
The merit of "Catarrhose" is most remarkable.
In a few years this famous remedy has won its way through sheer power of merit into nearly every home in America.
"Each year hundreds of thousands of "Catarrhose" outfits are sold, and doctors regularly prescribe it because it is the purest and safest remedy of its kind ever produced.
Catarrhose is composed of healing ingredients that instantly allay irritation and clear all mucus from the linings of the nose and throat.
The irritation of constant coughing is stopped at once—catarrhal headache and buzzing ears no longer bother every trace of cold disappears.
For an effective medicine in bronchitis, asthma, catarrh and winter influenza, possessing the power to cure quickly as Catarrhose.
Men of prominence and importance frequently recommend Catarrhose—they know it is a real cure—one that cures what is quoted as Nova Scotia's Inspector of Mines, Mr. Nevill.
"Catarrhose is the best remedy I ever used; it cured me of catarrh of the head and throat, and I am pleased to recommend such a satisfactory remedy."
One of the most experienced and able druggists in Canada, Mr. Henry Taylor, of Halifax, says:
"Wherever it goes gives satisfaction. It is simple and convenient to use, and enjoys fully the reputation of the sale of any other catarrh remedy sold in this city."
A complete outfit, with hard rubber inhaler, sufficient for two months' use, and guaranteed, costs \$1; small (infant) size 50c. All dealers on N. C. and Kingston, Ont.

STREET CARS RUN AGAIN
ROAD ISSUES A PORDER
Company Restores the Service the City Objected to—Attorney-General Was Unable to Reader Aid—Manager Fleming Asserts Company Has Never Recognized Engineer's Right to Create Routes.
It was "unfortunate that they should take the part of the street railway," but Controller Harrison took comfort from the fact that the board had been "brought to heel and would act very promptly," Controller Hocken said the board was "running the law in defiance of the supreme court."
Some Points in Their Favor.
There is some difference of opinion among the aldermen as to whether the citizens would benefit by a return to the old routes on the Bathurst-street and Arthur-street cars. Ald. McNeil has the view that the present routes are advantageous, and Ald. McNeil, who voted to call out the police, now says that restoration of the old routes would be unsatisfactory to residents of the northwest section as the large district now served by the cars going down Lansdowne-avenue would be cut off.
Mr. Rust, while sticking firmly to the principle that he should have been consulted by the city council, that the restoration of the old route on the Bathurst-street line would mean that the people living west of the extension to the western limit of Dupont-street now operated. He is, however, decidedly of the opinion that the company's change in the Winchester-street route was a gross injustice, particularly as the route was used by a large number of commercial travelers living in the northeast section.
Mr. Rust does not agree with Mr. Fleming that the present timetable is not applicable to the present service, and that the fact that the company is now carrying out the table at times prohibits it is applicable. He will not submit a new schedule until the present situation has cleared up.
It is estimated that an average day's traffic on the three affected lines is 22,704 cash fares and 9448 transfers, or between \$800 and \$900. There are 25 cars on the Bathurst-street route, 20 Winchester-street cars, and 18 Arthur-street cars, or 43 all told.
Ready for Flight.
Manager Fleming was a visitor at the city hall yesterday afternoon, and was in complete command of the situation. "I have nothing to say about the railway board's decision except this," he said before the public council, "and I am prepared to bow to it, and so take off our hats," he remarked.
"No, I can't say I was actually expecting it, you see, I hadn't the faintest idea what they were going to do."
The manager said that if the city was going to insist that the company was prepared to meet it at every turn.
H. S. Oiler, solicitor for the railway, in taking the routes ordered by the city engineer, would have forfeited his rights before the public council. He said that the city's right to draw up a timetable or to say that more cars should be run on any line was conceded, but that the company denied the right of the city to order the company to create a new route.
A Substantive Issue.
The city engineer, acting under the council's instructions, to provide transportation facilities, had commissioned 12 omnibuses, and was operating an automobile service also, when the ordinary teaching staff and superintendents of departments were arranged with it. It was decided to place the female teachers in three grades, according to terms of service, and advance them as follows: Female teachers of less than 7 years' service increased \$50 each per year; over 8 and under 12 years, \$75 per year; over 12-15 years, \$100 per year. This meant a total advance of \$525. Public school male assistants will get a minimum of \$1000 and maximum of \$1200. This will boost the salaries of five teachers with experience from \$1000 to \$1200; 12 of over 5 years, from \$1000 to \$1200; 23 of less than five years, who have been receiving between \$800 and \$950, to \$1000. Nine assistants in high schools get an advance of \$100, and the maximum was raised from \$2000 to \$2200.
Nominal salaries were fixed for special superintendents as follows: Mr. Richardson, superintendent of manual training, \$1600, \$100 increase; Col. Thompson, drill instructor, \$1600, \$100 increase; Miss Semple, superintendent of drawing, \$1500, \$300 increase; Miss Currie, superintendent of kindergarten, \$1500, \$300 increase; Miss Hunter, superintendent of music, \$1500, \$100 increase; Miss Currie, superintendent of manual training, \$1600, \$100 increase; Col. Thompson, drill instructor, \$1600, \$100 increase; Miss Semple, superintendent of drawing, \$1500, \$300 increase; Miss Currie, superintendent of kindergarten, \$1500, \$300 increase; Miss Hunter, superintendent of music, \$1500, \$100 increase.
Mrs. Woolverton, teacher of newsboys' classes in Elizabeth-street school was increased from \$1000 to \$1200.
Principals Hagarty and Smith of Harbord and Jamison collegiates were each given a bonus of \$200 for acting in the capacity of principals from September to December 31st.

WOMEN'S KID GLOVES
\$1.00 A PAIR
Chicago
Here is a sale of gloves that will interest every woman in Toronto, an opportunity to secure a supply of gloves that will last for the rest of the season—500 dozens of Renner Press' celebrated kid gloves, both in the lace and suede finish—made with three-dome fasteners, and in a beautiful assortment of colors. At January Prices
The many good values offered in our flannel section for this month's selling are noteworthy; every day we put before our patrons many new lines at prices that are very surprising. To-morrow, for instance, we have a special offering of white and cream embroidered skirting flannel, 30 and 33 inches in width, with heavy silk embroidery along the edge, which comes in both the plain and scalloped effect. This material is very popular for the present season.
Look at these special prices for to-morrow:
Regular 75c quality for 68c
Regular 90c quality for 81c
Regular \$1.00 quality for 90c
Regular \$1.25 quality for \$1.12-12

WANT CANADIAN SECURITIES
Bill introduced in N. Y. Legislature to Benefit Insurance Companies.
Albany, N.Y., Jan. 23.—A bill was introduced in the legislature to-day permitting insurance companies to invest in stocks and bonds outside of the United States.
The bill is supposed to enable the companies to invest in Canadian securities.
FOUGHT BATTLE O'ER AGAIN.
Gen. Lake Says Cavalry Were Not Used Except Thanksgiving Day.
The Toronto Branch of the Western Ontario Tactical Society, the organization newly formed at the suggestion of Brigadier-General Otter, held its first meeting in the lecture room of the Armouries last night. The attendance was satisfactorily large.
Major-General Lake, C.B., C.M.G., who was chief of the umpiring staff at the Thanksgiving manoeuvres, made an interesting survey of the battle of Brindlee, and spoke some helpful words of criticism on the manner in which the forces were disposed, emphasizing the fact that the cavalry were not used for reconnoitering to the extent they should have been. A brisk discussion followed.
The chair was occupied by Lieut.-Col. Henderson of the 84th Regiment and Brigadier-General Wyatt of the Q. O. R. acted as secretary. Those present included the commanding officers of the local corps and a number of officers from military districts adjacent to the city.
The next meeting will take place early in March when Col. De Bury of the R.M.C., Kingston, will speak on the subject, "Free Arms in Attack."

ROSIE CHEEKS
The Ambition of Every Woman.
Hollow cheeks with dark lines, sallow complexion—how a woman hates them!
But Rosie cheeks, clear skin, bright eyes—give them to a woman and she is happy.
In the blood is found the first sign of trouble.
It grows thin and watery, its color fades and increases in paleness and weakness give the outward evidence of the change within.
Soon the nerves weaken, the heart easily tires and palpitates, strength declines.
The delicate mechanism of the womanly functions is interfered with, and pleasures, activities and even duties are loaded down with the burden of declining health.
Why is it that women neglect the first warnings?
Usually she waits till she is ready to drop—often it's too late.
These conditions are easily checked, easily cured at the beginning—but even when long established Ferrozene will remove the cause and cure the trouble.
Ferozene's action aids the three principal functions—the body—digestion, assimilation, elimination.
By strengthening digestion it forms a abundance of rich, red blood—this gives good color.
By perfecting assimilation, Ferrozene supplies nutrition—this gives strength.
Elimination is assured because Ferrozene quickens the actions of the liver, kidneys and bowels—this guarantees the maintenance of vigorous health.
Ferozene puts you on the right road—the one that leads to health.
Not a man, woman or child need be who is weak, nervous or sickly, not a person in ill-health who won't receive immediate help from Ferrozene. As a tonic and restorative, as a health-bringer and body-builder, Ferrozene is unrivaled, because it contains the elements that build up and strengthen. Try it yourself—sold everywhere in the boxes.

INCREASES TO TEACHERS
WILL TOTAL \$70,000
An Array of Additions to the "Salaries" Roll Agreed Upon by Finance Committee.
The total increase over last year in the salaries of employees of the board of education is roughly estimated by Chairman Shaw of the finance committee at nearly \$70,000. Yesterday the ordinary teaching staff and superintendents of departments were arranged with it. It was decided to place the female teachers in three grades, according to terms of service, and advance them as follows: Female teachers of less than 7 years' service increased \$50 each per year; over 8 and under 12 years, \$75 per year; over 12-15 years, \$100 per year. This meant a total advance of \$525. Public school male assistants will get a minimum of \$1000 and maximum of \$1200. R. H. McWilliams President Of National Cement Company

Flattering State of Operations Reported at Annual Meeting Yesterday - Sales Almost Reach the Half-Million Mark.

The National Portland Cement Company, Limited, held its annual meeting yesterday in the Labor Temple assembly rooms, with a large and representative attendance of its shareholders. During the year the sales of the company reached a total of \$441,744, without a single bad debt. The company during the year acquired a marl bed, contiguous to the mill, which will give the advantage of two trunk lines for export and distribution, and thus materially enlarges the horizon for the company's market, besides ensuring a supply of marl which, at a conservative estimate, will outlast 25 years, working at an output of from 350,000 to 400,000 barrels of cement per year. This gratifying prospect, based on the most careful calculations of experts, will place the company among the most permanent dividend paying industries of the kind that our cement resources have yet given birth to, as well as giving it the superior advantage of sale, as a result of being known to be always in position to fill unlimited orders up to any required quantity.

The president, R. H. McWilliams, stated at the meeting yesterday that he and his colleague, Mr. McGraw, had carried out their duties with a single eye to the company's interest, and by the application of organization, system, and unflagging attention, had increased the output to a very considerable degree.

Future is Certain.
The property possessed by the company was one that well managed and intelligently directed, could not fail to increase its reputation as a profitable and dividend-paying industry. The very

F. McLaren, M.P., S. G. McKay, C. N. Eyer, both the afternoon and evening meetings were harmonious and expressive of high gratification of the high road to prosperity that the company is fairly entered upon.

A Real Success.
A successful man is the man who does things, and when he has done them they do not need to be undone. This definition has its concrete exemplification in the person of R. H. McWilliams, president and managing director of the National Portland Cement Co. In eight months of actual running, as the facts presented to the shareholders' meeting in the Labor Temple Building yesterday proved, he has been able to increase the output of the mill at Durham, very considerably, pay a ten per cent. dividend and present a handsome surplus. This is doing things.

The great success of the National Portland Cement Co. of Durham is due, first of all, to the engineering organization and executive ability of Mr. McWilliams, assisted at all points by George A. McGraw, his chief of staff, and the other experienced and competent members of his engineering force. This mechanical staff is composed of tried and true workmen, who have been instrumental in installing some of the best dividend-paying cement plants in Canada and the United States. Among other mills they have been instrumental in erecting, equipping or improving are the National Portland Cement Co. of Durham, Ontario; the International Cement Co. of Ottawa, Ontario; the Southern States Portland Cement Co. of Atlanta, Ga.; the Caledonia Cement Co. of New York State, and the Perrier Portland Cement Co. of Union City, Mich.

The best tribute to the capability of Mr. McWilliams' engineering staff is that when they have installed a plant in a cement mill it has been installed completely, and what they have done has never had to be done over again.

of all other mills must measure. The business of the plant has gone up with leaps and bounds, until to-day one-half of the present year's output has already been contracted for at top prices.

A significant feature of the desire of Mr. McWilliams and Mr. McGraw to be entirely up-to-date and progressive in their methods, that last year they visited all the leading cement plants in the United States to gather new ideas, and with their long experience in the cement business, to work them into proper shape to fit the conditions existing at Durham.

In the Forefront.
Altogether, the annual meeting of the shareholders of the National Portland Cement Co. heaps added honors upon Mr. McWilliams and his engineering staff and places him in the forefront of cement manufacturers in America.

MILITIA ON STRIKE DUTY WHO SHOULD PAY COSTS?

Senators Discuss a Motion Making Federal Government Liable.

Ottawa, Jan. 23.—(Special.)—In the senate to-day, papers referring to the calling out of the militia in the strikes at Buckingham and Hamilton and were moved for by Senator David.

He said three years ago he had offered an amendment to the militia act providing that the federal government should pay the cost of militia called out to deal with strikes on government property. The amendment would have been carried but for an intimation that in the next session the minister of militia would introduce a similar amendment. That had not been

trouble reaching the point of destruction of property or bloodshed. Small municipalities could not afford to call out soldiers to keep the peace and postpone so doing until too late.

Case More Serious.
Senator Power thought the proposed change would result in more strikes for municipal officers would not try so hard to prevent strikes if the municipality did not have to foot the bill. The resources of the civil power should

WHAT ZAM-BUK CURES
Zam-Buk is a herbal balm and embrocation, a skin healer, an antiseptic dressing and a searching liniment all combined! Rubbed well into parts affected it is a sure cure for rheumatism, sciatica, stiffness, sprains, etc. Applied as a balm it cures eczema, abscesses, ringworm, scap sore, burns, bruises, sore feet, chafing sores, chapped hands, etc. It stops bleeding, eases the itching and smarting of piles, and in a hundred ways is the handiest and best household balm. All druggists sell at 40 cents a box, or direct from the Zam-Buk Co., Toronto, on receipt of price. (6 boxes for \$2.50.)

ATLANTIC CITY HOTELS. ATLANTIC CITY HOTELS. ATLANTIC CITY HOTELS.

DIAPYRAMISM

Yields to Zam-Buk

Not only is Zam-Buk unequalled as a healer of skin injuries and diseases, but it is an excellent embrocation, and speedy reliever of rheumatism, sciatica, stiffness sprains, etc. Its penetrating powers are great and it searches to the very seat of the disease. In many cases it has been found to relieve muscular rheumatism when all else failed. To farmers and out-door workers generally who are subject to cold and damp, and contract rheumatism so frequently, Zam-Buk is invaluable. A few minutes' trouble spent in briskly rubbing it in on an aching limb or muscle is rewarded by a warm glow in the member and relief from pain. Write for free sample box and prove its merit at our expense. Send 1 cent stamp for postage.

A LADY'S GRATEFUL TESTIMONY
From East and West of this vast continent evidence is daily forthcoming of the value of Zam-Buk as a cure for rheumatism and similar trouble. Mrs. John Sidstone, of Swan Valley, Man., says:—"I have proved Zam-Buk to be all that it is represented. I tried it for rheumatism and its effects were so fine that I would not now like to be without it. You can publish this fact in the interests of others, if you care. Enclosed you will find order for a further supply of Zam-Buk."

WE OFFER YOU A TRIAL BOX
Send one cent stamp with the name and date of the paper to Zam-Buk Co., Toronto, and we will mail you a free trial box of Zam-Buk and a descriptive booklet.

THE GOLF COURSE AT ATLANTIC CITY NEW JERSEY

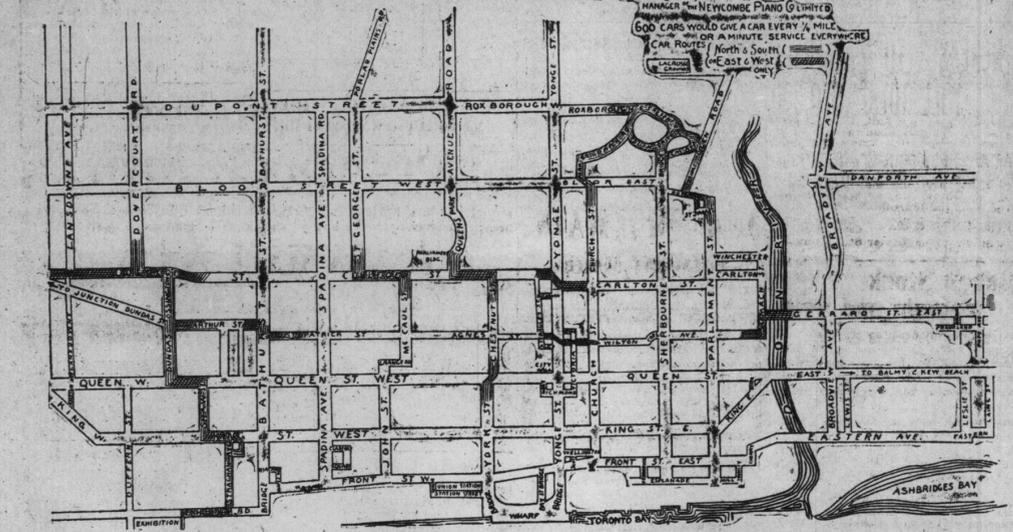

Is in superb condition, the ideal weather and the usual absence of snow at all times during spring months; being held at frequent intervals. The Atlantic City Golf Club has one of the best 18-hole courses in the country, ideal kept greens and a club house.

Atlantic City, with its mild, equable climate, affords excellent opportunities for outdoor pleasures of every description.

RAILROAD FACILITIES: Via Pennsylvania R.R. from Buffalo to Philadelphia, connecting at Broad St. Station with Delaware River Bridge route; via Lehigh Valley R.R. from Suspension Bridge to Philadelphia, connecting with Atlantic City R.R. to Atlantic City. Also via N.Y. Central and Hudson R.R. to New York City, connecting with Central R.R. of N.J. or Pennsylvania R.R.

COMPREHENSIVE PLAN FOR AN UP-TO-DATE STREET RAILWAY SYSTEM FOR TORONTO

A. T. Lawson, managing-director of the Newcombe Plano Company, Limited, has forwarded to Mayor Coatsworth a plan of a street railway service, the underlying principle of the system being an arrangement by which only two classes of lines or routes shall prevail, namely: cars running north and south shall run north and south only; and those running east and west shall run east and west only—and that all lines shall intersect each other at their right angular points. The above map outlines the proposal.

fact that the year just closed had brought with it a 10 per cent. dividend to those interested, and sufficiently manifest that with a continued intelligent and careful management and the addition of an increased supply of high-class marl, which he had taken care would be so increased that it would only follow as a natural consequence the dividends would in like proportion be augmented.

The vice-president, W. H. Hoyle, M.L.A., spoke of the satisfactory year just ended, and said nothing so succeeded success excepted—like good management backed by a man who was brainy, resourceful and indefatigably industrious, like the president of their company. He could testify that Mr. McWilliams had not only done his duty, which should be the aim of anyone, but he had far exceeded, by assiduous attention to the shareholders' interests, in tireless energy and unremitting industry, the average results which are expected from a president of a like concern, and by pursuing a policy consistent with the highest principles of management and exercising to the best possible advantage his great executive ability, had proved what he set out to demonstrate: that the capacity and prodigious powers of the company's plant and possessions could be vastly expanded and increased. He himself had found it a pleasure to co-operate and confer with one who had such a complete mastery of the subject in hand.

A fortunate man is the man who does things, and when he has done them they do not need to be undone. This definition has its concrete exemplification in the person of R. H. McWilliams, president and managing director of the National Portland Cement Co. In eight months of actual running, as the facts presented to the shareholders' meeting in the Labor Temple Building yesterday proved, he has been able to increase the output of the mill at Durham, very considerably, pay a ten per cent. dividend and present a handsome surplus. This is doing things.

At the meeting of the directors held last night in the Rossin House all the old officers were re-elected: R. H. McWilliams, president and general manager; W. H. Hoyle, M.L.A., first vice-president; Valentine Katz, second vice-president; G. McKechnie, treasurer; A. C. Mal'and, secretary, Directors: A.

or in any detail undone. They took complete charge of the Durham mill, installed machinery, manned the kilns and ran the establishment at full capacity without having to change a wheel or reline the kiln. What they have done at Durham they have done elsewhere, and doubtless they will have other places in times to come. Having once installed a plant that plant is a permanent asset in the world can be, and their past experience is a criterion to their employees that the work they have pronounced finished is complete and needs no adding to or taking from.

Believes in Thoroughness.
There is no disputing the fact that there are cement engineers who have wasted thousands and thousands of dollars of their employers' money in making a botch job of the installation of machinery in cement mills. Their chief claim to fame is their unblinking audacity and utter disregard of the virtues of doing a thing thoroughly. Where a company is about to spend \$1,000,000 or \$2,000,000 in the installation of a plant in a cement mill, it is a consideration to it to know that when that money is expended the plant will be in ship-shape and absolutely guaranteed to run at the estimated output without needing the expenditure of perhaps another \$100,000 or \$200,000 in making additions to it that were never contemplated, or undoing work that was the result of an experimental hand.

The engineering staff of the National Portland Cement Co. have proved by their work at Durham that they are not experimenters, but skilled engineers and mechanics, whose expert and successful work are the best guarantees that when they undertake to do anything and do it, it is done and remains done. This is evidenced by the fact that all the buildings at Durham are of metal and absolutely fireproof. Hence, with the buildings in permanent shape, with the machinery properly installed and regulated, with the kilns absolutely in kilter, and the whole mill manned with capable workmen, the National Portland Cement Co. of Durham is an absolutely perfect mill and a glowing tribute to the masterful force of Mr. McWilliams, Mr. McGraw and their engineering staff.

All these things being so, it follows that the quality of cement manufactured at Durham is the best in Canada. In fact, the National Portland Cement Co.'s produce is now considered the standard up to which the produce

done. Senator David said he was now willing to go further and move that the federal government should pay the militia bills for all strike service. Canada had no war or threat or war to deal with. The militia was only designed to maintain internal peace. Their services should be available to municipalities without extra cost. Canada had a permanent militia of 2500, and had power to increase the number to 5000 men. The permanent force should be used for riots whenever possible. But whether the permanent or volunteer militia were used the government, and not the municipality, should pay the bill. If this were the case, the militia would be called upon in time to prevent the

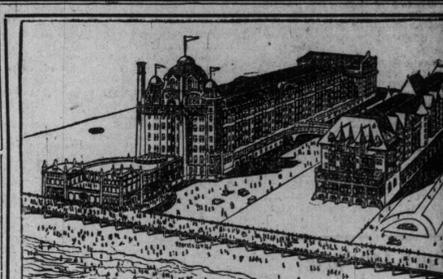

be exhausted before the militia were called on. Rioters should be brused by police batons rather than that bloodshed should flow from soldiers' bayonets and bullets. Senator McMullen thought the municipalities should pay as at present otherwise municipal officers would be liable to influences which would not produce the best results. It would not be fair to compel rural municipalities to help pay the cost of keeping order in cities and towns. Senator Sullivan said it was unfair to compel a municipality to pay for the settlement of labor troubles for which they were no more responsible than it occurred in the boundaries, than was the rest of Canada. What had Buckingham to do with the riot that occurred there?

MANLY STRENGTH

Free to Men Until Robust Health, Strength, and Vigor is Regained.
Happy, glorious Manhood—the strength that pushes the world! Success in its completeness! And what is weakness, failure, despair? But why be weak, when a cure is within your reach for the asking? All men with very few exceptions were made strong and should be so through life. Many have abused this grand privilege and their disposition has become weaklings, puny, lack confidence, can't face the slightest difficulty, have drains, loss, impotency, varicocele, rheumatism, lame back, etc., and are mere playthings in the hands of their associates. How deplorable, but all these men can be made full of strength, vigor and life if they will only turn to the right source. Electricity cures these cases. I have been curing thousands every year for nearly forty years. So positive is my method that Dr. Sanden Electric Bells will do what if you will call or send for one you can see it FREE UNTIL CURED.
Not a penny on deposit or in advance. I will take your word for results, and only charge ninety cents—many cases less as \$4.
My wonderful success has brought forth many imitations of my bell, but my valuable experience to advise and guide my patients cannot be imitated. It and my bell can be had free until a cure is effected, but only as best as below.
Call and get one to-day, or write. I also send two best books ever written upon health and strength of men. Free, sealed, by mail.
DR. A. B. SANDEN, 140 Yonge St., Toronto, Ont.

THE WESTON RECOUNT.
In considering the recount of ballots for the local option election at Weston Judge Morgan yesterday decided that it was not within his jurisdiction to decide whether or not certain voters should be disqualified, and on the point of spoiled ballots he reserved his decision.

SHARRETTI COMING BACK.
Ottawa, Jan. 23.—Mons. Sharretti, papal ablegate in Canada, who is in Rome, will return to Ottawa in the spring. Rumor had it that he was in disgrace and would not come back.

Cashed Bogus Cheques.
Henry Moncton, 72 Crawford-street, who came out of the Central Prison a few weeks ago, whether he had been sent on a charge of working phony cheques, is again in the hands of the police.

This time the complainant is Thos. Taylor, 875 West Bloor-street. Moncton's name has been to order goods to be sent to a fictitious address, hand out a worthless cheque and receive some change on the balance. There are several other charges of a similar nature.

DIES FROM INJURIES.
William Johnston, 7 Lima-pleck who, after paying a visit to his friend, the watchman at the old St. Lawrence foundry, and who fell into a pit on the 16th inst., and was later taken to St. Michael's Hospital, died there of his injuries last night. He suffered from a fractured skull and various bruises on the body.

The coroner was notified, but it is unlikely an inquest will be held.

ROOT IN MONTREAL.
Montreal, Jan. 23.—(Special.)—Mr. Root, U. S. secretary of state, lunch to-day at Sir William VanVorss's and after visiting McGill University and Mount Royal Victoria Hospital, the festivities were concluded by a grand dinner party this evening at Lord Strathcona's.

INCREASED WEIGHT TICKET.
W. A. Cook of Richview postoffice who came into the city with a 100-lb. hay, has been arrested on a charge of increasing his weight ticket by 50 lbs. The hay was sold to T. Bertram a hay dealer.

They are Liver Pills
Ayer's Pills are liver pills. They act directly on the liver, make more bile secreted. This is why they cure constipation, biliousness, dyspepsia, sick-headache. Ask your doctor if he knows a better laxative pill. We certainly do not. If he does, then use his. We use Ayer's Pills. We publish full particulars in our circulars. Send for them.

The weather is urging the sale of furs regardless of any reduction in price. We shall be busy this week whether or no, but the rule holds good—to reduce stocks to the lowest possible basis before inventory.

The Dineen reputation is back of these specials. Nothing wrong with the furs in any way. —Ermine Muffs at \$85, reduced from \$95. —Ermine Ties at \$35, reduced from \$45. —Minkrat Coats at \$85, reduced from \$95. —Men's Coats at \$35, reduced from \$50. —Ladies' Astrolina Jackets at \$25, reduced from \$40.

Mail orders for any of these must reach us at once to be thoroughly genuine. No such buying chances will come again for a year.

Dineen's CANADA'S LEADING FURRIERS 140 Yonge Street, TORONTO. TO-DAY IN TORONTO. American Carnation Society, convention and exhibition, city hall, all day. Empire Club, address by H. B. Ames, Montreal on "The Machine in Human Hands," 1.

These are Clear-up and Clear-out Days. And we're holding a well-planned after-stock-taking sale of high-class haberdashery.

Not a line of it that isn't as good and staple all the way through as Bread and Butter—but we're making ready for the new season and that means we need the room for the newer goods and so with good business policy goes many a money-saving chance for gentlemen who will appreciate them.

Two lines for special mention: —12 dozen starched bosom shirts—nice, neat, new patterns—broken sizes—were \$7.00 to \$10.00 for 1.95 —15 dozen very newest effects in French folded neckwear 2.00 —Regular 75c and \$1.00, selling 3 1.00 —Regular \$1.25 and \$1.50, selling 3 2.00

Just as favorable opportunities to save on gloves and other things. STORE CLOSURE SATURDAY AT ONE O'CLOCK JANUARY AND FEBRUARY.

NEED FOR SHIP SUBSIDIES TO RETAIN AN AMERICAN TRADE

Roosevelt, in Message to Congress, Says That It is a Matter of Urgency.

Washington, Jan. 23.—The president to-day sent a message to the senate and to congress calling attention to the great desirability of enacting legislation to help American shipping and American trade by encouraging the building and running of lines of large and swift steamers to South America and the Orient. He said: "The urgent need of our country's making an effort to do something like its share of its own carrying trade on the ocean has been called to our attention in striking fashion by the experiences of Secretary Root on his recent South American tour."

One prime reason for this state of things is that those who now do business on the sea do business in a world not of natural competition, but of subsidized competition. State aid to steamship lines is as much a part of the commercial system of to-day as state employment of consuls to promote business.

European Competition. "Our commercial competitors in Europe pay in the aggregate some twenty-five million a year in their steamship lines—Great Britain paying nearly seven millions. Japan pays between three and four millions. By the proposed legislation the United States will still pay relatively less than any one of our competitors pay."

Based on Other's Success. "The proposed law which has been introduced in congress is in no sense experimental. It is based on the most successful precedents, as, for instance, on the recent Cunard contract with the British government. As far as South America is concerned, its aim is to provide from the Atlantic and Pacific coasts better American lines than the great lines of Europe."

"I have laid stress upon the benefit to be expected from our trade with South America. The lines to the Orient are also of vital importance. The commercial possibilities of the Pacific are unlimited, and for national reasons it is imperative that we should have direct and adequate communication by American lines with Hawaii and the Philippines. The existence of our present steamship lines on the Pacific is seriously threatened by the foreign subsidized lines. Our communications with the markets of Asia and with our own possessions in the Philippines, no less than our communications with Australia, should not depend upon foreign but upon our own steamships. The southwest and the northwest should alike be served by these lines, and if this is done, they will also give to the Mississippi Valley through its entire length the advantage of all transcontinental railways running to the Pacific coast."

LEGISLATURE OPENS TO-DAY

Continued From Page 1. Introduction of a bill, the house will be adjourned.

A highly important event will then take place, permission having been accorded to the Sunday World to take a photograph of the brilliant assembly. The process will only occupy a few minutes. A flashlight is necessary, and the report and reverberations are sometimes alarming, the harmless, nervous individuals who present themselves for the noise and look pleasantly expectant.

Liberal Caucus on Friday. The assembly of the Liberal caucus last night in connection with the presidential campaign was a most interesting affair. The process will only occupy a few minutes. A flashlight is necessary, and the report and reverberations are sometimes alarming, the harmless, nervous individuals who present themselves for the noise and look pleasantly expectant.

Mr. Harcourt stated that there would be no Liberal caucus until Friday morning at 10.30. The question of a temporary leader for the session would be decided at the Parliament Buildings. Mr. L. Kohler, for the Liberal caucus, was at the Walker, declared that it would be unreasonable to tie down the Liberal caucus to a particular hour. The decision of the representatives of fewer than one-third of them, and that the probable course would be to elect Mr. Harcourt as their permanent leader for the session, after which a convention would be called and a permanent choice determined. Mr. Harcourt, who presided, said he had given it as his opinion that Mr. Harcourt would lead the opposition during the session.

CARNATION SHOW OPENS

Thousands of Blooms at City Hall, Where All May See. A beautiful fairland of blossom may be seen in the American Carnation Show now on at the city hall. The show is the largest and most complete ever held in this city. There are 4000 blooms from one exhibitor, F. R. Pierson & Co., Tarrytown, N.Y. The carnation show is the largest and most complete ever held in this city. There are 4000 blooms from one exhibitor, F. R. Pierson & Co., Tarrytown, N.Y. REGINA SHIVERS NOW

Regina, Sask., Jan. 23.—A furious blizzard is sweeping over the prairie and trade winds from the west are blowing to completely tie up for several days unless the storm suddenly moderates. For the first time this winter, this city is fearing a fuel famine, having hitherto escaped owing to Regina being the provincial distributing point for the principal western coal mines. Urgent enquiries from numerous towns on the main line and the Arcadia branch have not been answered, but under present conditions it is impossible to relieve the situation from here. Fortunately, the temperature has moderated, and the thermometer around zero, the outlook is not so depressing as it would have been last week when a snow storm below was recorded several nights.

GOVERNMENT SHOULD DECIDE G. T. P. QUEBEC TERMINALS

Present Supervision is Thru the Bridge Company—Trent Canal Prospects.

Ottawa, Jan. 23.—(Special.)—Armand Lavergne of Montigny in the absence of Mr. Bourassa to-day led in an attack on the government with a daring worthy of his chief. He charged that the transcontinental railway commissioners were preparing to construct a water union depot and terminal in this location and he intimated an attack on the government with a daring worthy of his chief. He charged that the transcontinental railway commissioners were preparing to construct a water union depot and terminal in this location and he intimated an attack on the government with a daring worthy of his chief.

PERSIAN LAMB JACKET BARGAIN

We join hands with the weather and urge you to buy furs now. Our special argument for Persian Lamb Jackets is a reduction in price you won't often see, and the same holds good with men's furs, too.

22 Persian Lamb Jackets, blouse and reefer styles—black satin lining—sizes 34 to 42—regular prices from \$110 to \$145—three qualities—for \$73.50, \$85.00, \$95.00.

Men's fur-lined coat—black English beaver shell, Persian lamb or other collar—size special at \$65, for \$57.50

Siberian dog coat—regular value \$35.00, for \$24.50

"Buy Furs Now, You Need Them."

J. W. T. FAIRWEATHER & CO. FURRIERS, 84-86 Yonge Street.

PAID \$12,000 ON MORTGAGE. Immanuel Baptist Church Has a Remarkable Year.

While a deficit of \$36,744 was reported last night in the ordinary revenue account of the Immanuel Baptist Church for 1907, it was shown that the building and mortgage accounts each showed a substantial balance. The mortgage account showed a balance of \$12,000, which the church survived a very heavy year with streaming colors. The reason for the deficit in ordinary revenue was ascertained to be a failure to collect the contributions and open collections, making a total decrease as compared to 1906 of \$36,744. The improvement fund shows a balance of \$28,740 on hand. The 1907 contribution of the various organizations toward missions was \$478. The present membership is 718. During the year 73 members were added and 62 removed by death. Following are the new members of the board of management: Thomas McMillan, D. Donald, A. H. Jeffrey, T. R. Glover, R. Mills, C. B. Petrie, R. Bannerman and D. Bain.

Among the Baptist churches of the city none have shown more marked progress during the year than Immanuel. The annual meeting of the church was held on the 21st inst. The financial statement submitted showed a record probably unsurpassed in the church's history. The receipts were \$190,155, and a surplus of \$75,000. The church debt was reduced by about \$60,000. The board of deacons were elected: W. H. Weston, W. N. Stuart and W. Dunn. E. J. Cousins is treasurer and J. Eccles secretary. Mrs. J. W. Weston, president, presided at the meeting. The church is now wholly free of debt. The church is now wholly free of debt. The church is now wholly free of debt.

Denatured Alcohol. Mr. Miller (S. Grey) presented a resolution declaring "that in the opinion of this house the subject of denatured alcohol and legislation permitting the manufacture and use of the same free from excise duty, for fuel, light and power, and in the industrial arts, is one which should receive the early and careful attention of the government and the parliament. The United States had been led to this legislation by the example of Germany. He believed that in Canada, as in Germany, the farm still could be introduced and every farmer be thus enabled to use corn cobs, rotten fruit and many other waste products to furnish light, heat and power for his house and barn. In Canada denatured alcohol is sold by the government, and at a prohibitive cost. The department should make alcohol at a cost of not more than 30 cents a gallon. It should be cheaper than either coal oil or gasoline, and it is far more efficient."

Marine Certificates. The special committee of the commons in Mr. Lancaster's bill to provide that masters and mates certificates be granted only to British subjects, had another meeting this morning. The minister of marine said that his information was that during the past ten years of 82 certificates issued for inland and minor waters only 10 had been issued to foreigners, and of these only four to Americans. It was believed that there were on American ships at least a thousand masters and mates whose families lived in Canada. Mr. Lancaster questioned the accuracy of the minister's figures, and the president and secretary of the Masters' and Mates' Association will be summoned to give evidence.

C. P. R. OFFICIAL CHANGES. Montreal, Jan. 23.—(Special.)—It has been practically settled that G. J. Bury will receive the appointment of assistant general manager of the C. P. R. western lines, with headquarters at Winnipeg. This is in accordance with C. P. R.
