MANUFACTURERS HERE TARIFF IS STILL UNSATISFACTORY WITH WORDS OF WARNING

Annual Convention is Now in Full Swing, With Large Attendance -- President Cockshutt's Annual Address.

RECEPTION AT NIGHT AND WELCOMES GIVEN.

Matters of importance, the manufacturing interests of Canada the more particularly, but to the country in general also, were brought to the attention of the 300 delegates who attended the first day's sessions of the Canadian Manufacturers' Association convention yesterday.

"A tariff which, under the most favorable circumstances, barely enables our manufacturing establishments to relatively hold their own, cannot but prove utterly inadequate to stem the swelling tide of imports when the foreign producer seriously and systematically prepares to unload his surplus products on the Canadian market," he declared.

"And this he will do, as surely as the sun will rise on the morrow, the moment that darkening days begin to re-assert their trade in other quarters. No hastily improvised tariff will then suffice to secure for Canada a continuance of her present prosperity."

"Retrenchment, not expansion, will be the policy of capital. Production will be curtailed, workmen will be thrown out of employment, and hard times will once more be found knocking at our doors."

"We believe it to be the part of wisdom to guard against the possibility of such a situation materializing, by affording immediate encouragement to the investment of capital in our manufacturing enterprises."

"It is only by so doing that we can firmly entrench ourselves against foreign competition and build up the industries of our country on a sure and solid foundation."

The reports of the several committees were distributed and contain a great deal of food for thought. Mr. Archibald Blue, chief census officer for the Dominion, read a carefully prepared paper, bristling with figures, but interesting nevertheless, showing that the twentieth century truly is Canada's.

Greetings Extended. Last night the members of the Toronto branch gave a reception at the King Edward in honor of their guests from the outside.

E. Freyberg, chairman of the Toronto branch, had charge of the program. Hon. J. J. Foy, attorney-general, extended a welcome to the visiting manufacturers on behalf of the provincial government. Hon. J. P. Whitney being detained, but wishing success to the gathering, the country needed true, sturdy and progressive men to work out her destiny, and such the members of the association had proved themselves to be.

Mayor Coatsworth greeted the visitors on behalf of the corporation. They fully appreciated the association, in fact, they were assiduously laying traps to catch some of the members, hoping to induce them to locate in Toronto. The association represented important interests. It was to the members that they looked for the development of the country's resources.

Replying on behalf of the association, Vice-President Hon. J. J. Foy, gratefully acknowledged the enthusiastic welcome extended by the Toronto branch. Every arrangement had been made for the pleasure and comfort of the association, and with his fellow guests he appreciated the princely reception of the evening.

President H. H. Cockshutt paid a big tribute to C. C. Ballantyne, president, in presenting him with an illuminated address from the association. It was then that Ballantyne's efforts that its affairs were so prosperous and during his term of office most of the projects, which have recently been brought to successful issue, were begun.

Acknowledging the kindness of his fellow members Mr. Ballantyne briefly reviewed his connection with the association, and said that the benefits he had received therefrom of themselves constituted a great reward for any effort of his.

President's Address. In his annual address to the Canadian Manufacturers' Association at the opening sessions of the convention yesterday, President H. H. Cockshutt defined the attitude of Canada towards the tariff reform.

"As Canadians we stand first and foremost for the upbuilding of our own country," said Mr. Cockshutt. "Our aim is to produce from Canadian materials and with Canadian labor everything which the economic conditions of this country permit of our producing. To this end we ask for a tariff whose minimum protection will be high enough to reserve the home market for the Canadian manufacturer. When it becomes necessary for us to go abroad we believe in a preference which will give the mother country and our sister colonies the refusal of our trade."

President Cockshutt also embodied in his address a very strong endorsement of the proposal to keep the fact from the pulpwood. The United States consumes 2,500,000 cords of pulpwood every year, of which Canada now supplies 25 per cent., and this great amount of

WIFE MURDERER ADJUDGED TO BE INSANE

Adam Lodwick Saved From Gallows by the Jury and Will Probably go to an Asylum.

WHITBY, Sept. 24.—(Special).—Adam Lodwick is saved from the gallows, but adjudged insane, for shooting his wife last July, as a result of the finding of the jury at the assizes here today.

Two talesmen from Brock Township, where the tragedy occurred, were challenged and relieved from service during the empanelling of the jury. Many witnesses were relatives and neighbors of the prisoner. All agreed that since last March he had become a changed man, despondent, morose and fearful of dying.

The evidence of Mrs. Blanchard and Boynton, who attended prisoner last spring, was very clear that he was suffering from melancholy. The latter witness advised that he was sent to a sanitarium if a recovery was to be expected.

Dr. Warren, jail surgeon, under whose care the prisoner has been since the shooting, pronounced him insane, and Dr. Bruce Smith, inspector of jails and asylums, and Dr. Beemer of Mimico hospital, agreed in the view of the local physicians.

Evidence Was Clear. The whole mass of evidence was so clear that the jury, after a short trial, did not think it necessary to address the jury. Mr. Arnold also refrained from doing so, and Judge MacMahon agreed strongly in favor of finding the prisoner insane, which the jury did after being out half an hour. It now remains for the lieutenant-governor-in-council to dispose of his custody.

Daughter Tells of Murder. Alma Lodwick, the fifteen-year-old daughter of Adam Lodwick, who was the first witness called. She went grievously upon going into the box. Mr. Arnold in lieu of examination read the young girl's evidence at the preliminary trial. Then Mr. Robinson asked a few questions. The facts elicited were that the daughter last saw her mother alive on the night of the 19th. Both father and mother were in the kitchen. In the morning she was awakened by a sound like a door slamming. When she came down stairs, she found her mother lying upon her bed, dressed with her head shot off, blood and brains scattered over the bed, and seven blood spots on the baby's face. The latter was crying. Amy carried the baby to the kitchen, where her father sat. She saw the shotgun, which was usually kept over the cellar door lying on the table. She said nothing to her father about mother, being afraid. She gave baby to father, and a few minutes she returned and saw the gun in its place.

Took Shells From Gun. The previous day her father had taken the gun down and asked her mother to go into the yard to see him shoot a bird. She expressed the opinion that there was something up. She succeeded in getting the gun and extracting the shells from it. She afterwards told her daughter she was afraid.

Last January Mr. Lodwick had been injured by a tree at Mr. Thompson's, a neighbor. Since the accident her father had said queer things and her mother had desired to keep the fact from the neighbors. For weeks her father had not come to bed at night, having been amputated above the knees. Perry, who has been in the country but a few months, lives at 852 Dovercourt-road.

Both Legs Cut Off. William Edward Perry, 27 years, missed his right leg in attempting to board a car at Dovercourt-road and Shanley-street yesterday morning. Both legs were mangled by the trailer, which passed over him.

He was removed to Grace Hospital in Harry Ellis' private ambulance, where he is in a serious condition, both legs having been amputated above the knees. Perry, who has been in the country but a few months, lives at 852 Dovercourt-road.

Five Life Prisoners Paroled. SCHENECTADY, N.Y., Sept. 24.—It was announced to-night that five men who were sentenced to Clinton Prison at Dannemora for life have been paroled under the new law. Each has served from 22 to 36 years. The last to leave was a veteran of the civil war, who was taken to the Bath Soldiers Home. He had \$500 in pension money when he left the prison.

MONGOLIANS MET STR. HURONA IN A FOG

Allan Liner Disabled With Many Toronto People on Board -- Limping Back to Quebec

MONTREAL, Sept. 24.—(Special).—Brief reports of an accident that seems to have been almost a terrible tragedy have come to hand by telegram from Fame Point, which indicates that a collision occurred some time on Sunday between the Allan Line's Mongolian and the freighter Hurona of the Thompson Line, probably in the Straits of Belle Isle.

No definite account of the accident has yet been forwarded, as neither boat carried a wireless apparatus, but the Mongolian was evidently seriously injured and is now on her way back to Quebec with the big freight boat standing by her.

The Mongolian had on board 150 passengers, including several from Toronto. This afternoon the first intimation of the collision reached this city, when Messrs H. and A. Allan received a telegram from Fame Point stating that the steamship Mongolian had signalled that she had been in collision with the freight ship Hurona, and had been so seriously injured that she was compelled to return at slow speed to Quebec with her hundred and fifty passengers.

Evidence of the Hurona was not much damaged, as she was standing by the Mongolian on her return trip. The Mongolian is a small passenger boat, while the Hurona is one of the biggest freighters plying between Canada and Great Britain.

Probably Met in Fog. Mr. Andrew Allan stated late to-night that the latest report he had received indicated heavy fogs in Belle Isle Straits, and in the Fame Point district. He left this evening for Quebec to await the arrival of the Mongolian, and he said he was preparing to make arrangements to have passengers conveyed to their homes on Sunday, if the accident took place on Sunday, the vessel should be completely disabled.

Also as yet nothing is known as to the location of the accident, apart from the fact that it must have occurred in the Belle Isle Straits, where there is thirty miles of sea-room. The Mongolian sailed from Montreal last Thursday and passed Fame Point on Friday evening. As she steams fourteen knots an hour it is figured that if the accident took place on Sunday, as seems most probable, she must have been well within the Straits of Belle Isle.

Further details of the affair will hardly be available until the two vessels reach Quebec, which will probably be some time Wednesday or Thursday, according to the speed of the disabled Mongolian.

The Mongolian is a passenger freight boat of 3088 tons. Capt. Maclellan was her captain, and she was bound for Glasgow. The list of her passengers cannot be as yet secured, but there were a number of Toronto people and western Canadians on board.

NEW HARD WHEAT HEREDITY TELLS Increase of One Hundred Per Cent. Predicted by Prof. McBride.

MONTREAL, Sept. 24.—(Special).—An increase of fully one hundred per cent. in the yield of No. 1 Manitoba hard without in the least interfering with the quality of the grain, was the optimistic prophecy made this afternoon by Prof. McBride, the agricultural expert of McGill University, on his return from England.

Prof. McBride made a special trip to Cambridge University to investigate the experiments in wheat breeding that have been carried on there for the past few years, and as a result he is convinced that the whole matter had been solved.

The result of the experiments carried on at Cambridge for cross-breeding the Canadian and English brands of wheat, Prof. McBride considered, had proved that the hardness of the western Canadian wheat was not a mere matter of climatic effect, but of heredity.

BAVARIAN GOING TO NEW YORK. SUEBIC, Sept. 24.—The steamship Bavarian, now at Indian Cove, was moved to-night from the east to the west side, in order to permit the making of certain repairs to allow of her being taken to New York.

Both Legs Cut Off. William Edward Perry, 27 years, missed his right leg in attempting to board a car at Dovercourt-road and Shanley-street yesterday morning. Both legs were mangled by the trailer, which passed over him.

He was removed to Grace Hospital in Harry Ellis' private ambulance, where he is in a serious condition, both legs having been amputated above the knees. Perry, who has been in the country but a few months, lives at 852 Dovercourt-road.

EXPRESS SHIPS SCATTERGOOD IS WAS SUSPENDED FOR CANADIAN PACIFIC WALKING ON CAPTAIN'S LIFE SCHEDULE

Mute Confirmation by Sir Thomas Shaughnessy--Empresses to the Orient Route.

It looks as though the young Scattergood of Oshawa is going to make the Port Hope-Toronto and return walk of 128 miles in 38 hours' limit set by the veteran Jimmy Reynolds.

Scattergood left Oshawa at 2 a.m. yesterday and tramped to Port Hope. Then he headed for Toronto. He left Pickering, 22 miles east of Toronto, at 10:20 p.m. He expected to arrive at Toronto on schedule time, about four o'clock, and after an hour's rest at the King Edward, to start on his return trip.

To The World at Pickering P. Fenn, trainer, manager, guide, counselor and friend of the pedestrian, said: "We fully expect to reach Oshawa on time this afternoon. Scattergood had a hard day of it, but, as you see, he is in good shape. It started to rain just after we left Oshawa yesterday morning and it rained all night. It also rained during the afternoon until we reached Bowmanville, 33 miles east of Port Hope. I have not attempted to push Scattergood on, but he has been making four miles an hour steadily since he began. On the return from Port Hope to Oshawa he arrived forty minutes ahead of time and stayed until 7:30. Scattergood took a lukewarm bath at the Oshawa House and I rubbed him down. We reached Pickering, our next stop, on schedule time, at 10:05 p.m., and stayed for a quarter of an hour. Scattergood had a rub-down at the Gordon House. We do not allow him to lay down, as his muscles would become stiff."

When Scattergood reached Port Hope he was half an hour behind his country, having made the distance in eight hours and five minutes. Jimmy Reynolds' best time for this stretch was 7 hours and 40 minutes. Reynolds, it is said, feels very much put out that anybody should attempt to break his record, but he was among those who met his competitor and conversed with him at the Queen's Hotel.

Port Hope generally gave Scattergood a warm welcome and wished Scattergood is 24 years of age, weighing 145 lbs. He is walking in knickerbockers, white sweaters, peak cap, bicycle stockings, and heavy walking boots. His feet are standing the tramp remarkably well. He and his trainer are employees of the Pedal Roofing Co. at Oshawa, who are paying all expenses incurred. Scattergood has several medals for long distance track walking in the old country, and last June he walked from Oshawa to Toronto and return in 16 hours and 22 minutes. Since then Mr. Fenn has been busy getting him into condition for the long walk.

He is due at Oshawa at 3 this afternoon and will be met by the Allan Band and escorted to Alexandria Park where the Fall Fair is in progress and where he will walk his last mile. If he is successful in his undertaking, the fall directors will present him with a gold medal.

FIND SOME FAULT WITH SCHOOL FOR BIRD

But Principal Gardiner is Exonerated on Most of the Charges That Were Preferred

The report of A. J. Russell Snow, who as commissioner for the Ontario Government, investigated the charges respecting the management of the institution for the blind at Brantford, was made public yesterday.

In respect to the personal charges made against Principal Gardiner by Thomas Truss, the commissioner finds that the principal's educational fitness for the position is beyond question, and touching the charge of lax discipline he merely states that the principal trusts his pupils and does not believe in the spy system. Eleven students, almost adults, had been allowed to go into the city free of restraint, and had been irregular in their conduct. It was not proven that improper associations between male and female pupils had existed.

It is held to be true that attendance at church is no longer compulsory, and pupils' excuses for not attending Mr. Truss' Bible class are not discouraged by the principal, and that the elder boys have been allowed to use tobacco, conditionally, without teaching the younger boys the habit. No proper system of inflicting punishment exists.

The charge of gross language by the principal (truss) upon the use of some expressions which, in the commissioner's opinion, were not becoming to a gentleman in Mr. Gardiner's position. The charge that the industrial work has been allowed to become extinct is met by the principal's statement that when he took charge this work was practically extinct.

Later, after 30 years' service, Mr. Truss has naturally lacked aggressiveness, says Mr. Snow. Criticism followed between Mr. Truss and the principal, who concluded that no change could be made, until a change in government occurred. Accordingly in 1905 Mr. Truss, on the advice of the principal resigned and was given a gratuity.

The Political Features. In regard to the political charges he finds that the evidence shows that an active supporter of the Liberal candidate visited the institution to help to secure the registration as voters, of some of the pupils, and that they afterwards voted. Some of the pupils were allowed to attend a Liberal meeting, and some a Conservative meeting, and the principal did not object to the registration or the voting. On election day Mr. Gardiner announced at roll call that those who wished to vote could go at once and do so, but must not loiter at the polls. The commissioner found that the pupils were allowed to vote during school hours, and that while the principal did not actively assist the Liberal workers, his action in permitting canvassing, registration and the conveyance of pupils to the polls by Liberal party in making the ends they desired to achieve.

It is not proven that the principal allowed servants of the institute to do political work. Mr. A. L. McIntyre, assistant engineer, aided in the elections by canvassing for votes in the Liberals' interest.

As regards the work of the school, the commissioner finds that the whole system of literary instruction could be very much improved. Few of the pupils have been successful in any literary enterprise afterwards followed by them. There is an inadequate supply of reading material, and only a few of the books prescribed by the minister of education for the public schools are used. There are

The Only Original Bear Story.

Foot Teddy Roosevelt, how bad he feels! In September's Everybody's he vents his sentiments, and Dr. Long, who is a "reverend," too, gets some pretty plain statements flung at his head. "Nature fails" is the title Teddy bestows on his contemporary, along with that of well-as-the children say at school, "untruthful!" Of course it's all very cleverly done, and some rather rash and altogether too imaginative rhapsodies of Long's about bird and animal nerves are torn to pieces very dramatically. Still, we feel that a man who has so much to say about animals and their habits, and so much fault to find with "nature fails" shouldn't study the denizens of the wild with a gun in his hand and murder at his heart so frequently as the president, by his own statement, has been accustomed to do. There is a genuine sentiment and sympathy in Long's attitude, and if he isn't altogether scientific, at least he's the furthest removed from the kind of man who likes to tell about how many carcasses of wild creatures he has left to rot in the woods after an autumn foray.

Yet we can all sympathize with the hunters at the little, such of us, particularly, whose fathers came out to fight for a livelihood in an untamed forest, and lived by their guns as they might fill the clearing was made. With the crisp autumn air from "way up north" comes an indefinable "tang" and the smell of smoke curling up to an orange moon at night and damp with exhalations of the earth. Stirrs up an impulse, vague but potent in the breast of the hunter. Then the old hound stretches himself restlessly and howls, and at once one knows, somewhere there, that the trail is stretching out like a ribbon over the hill, with crackling pine beneath and waving pine above and a campfire at the end of the long day and "how we sit at home!"

So President Roosevelt takes the trail with his gun, and the Rev. Long with his camera, as King of the "To you all good hunting, each to his own way of life!" Only don't quarrel.

Personal.

On Tuesday morning a quiet wedding was solemnized at "Our Lady of Lourdes" when Miss Edith Russell, third daughter of Mr. F. A. Russell, of Huntly-street, and Mr. Hercules J. Morin, son of Mr. and Mrs. J. H. Morin of St. George-street, were married. The bride, who was given away by her brother-in-law, Mr. F. W. Benson, wore her traveling gown of grey chiffon broad cloth, with hat to match, and carried a bouquet of white roses. Her sister, Miss Kathleen Russell, attended as bridesmaid in a gown of white pongee trimmed with matisse lace, and carried a bouquet of white roses. Mr. C. W. Sequin of Ottawa supported the groom. After the ceremony Mr. and Mrs. Morin left for an extended tour in the States.

In St. Thomas Church, Belleville, a very pretty event took place on Tuesday morning, when Miss Edith Russell was married to Mr. Hercules J. Morin of Toronto. The Rev. Beahm performed the ceremony. The bride was daintily gowned in white, and the groom in a suit of grey. The bridesmaids, Misses Edna Chaplin, Essie Spangenberg and Isabel Nisbet, sister of the groom. They were dressed in pink mull over taffeta. Mr. William Watson supported the groom, and Messrs. James Wallace (Toronto), Arthur Northrup (Montreal), and Clifford Walker acted as ushers. Mr. and Mrs. Nisbet left for New York and Atlantic City. Their future residence will be in Toronto.

Mrs. Goldwin Smith and Mrs. Burns leave to-day for a visit of two or three weeks at Chilton Springs.

His Honor Judge Johnston of Sault Ste. Marie is spending a week with his family at 12 Madison-avenue.

Lady Sybil Grey has returned from Quebec to Ottawa, and is at present the guest of Mrs. Hanbury Williams.

Mrs. John D. Falconbridge's return from New York has been indefinitely postponed owing to the illness of her father and brother.

Mr. and Mrs. D'Arcy McMahon have returned to Ottawa.

Mr. and Mrs. Crowley have returned from Muskoka. Mrs. Crowley is the guest of Mr. and Mrs. P. T. Sutton, in Northumberland-avenue, before joining her husband in Winnipeg.

Mr. and Mrs. S. W. Ewing of Montreal are in town.

Miss Dora Benson of Perth is the guest of Mr. and Mrs. Starr Benson at the Dowling Apartments, Parkdale.

Dr. and Mrs. Nicol have returned from Windermere, Muskoka, to 173 Givens-street.

Colonel and Mrs. Rutherford have returned to Kingston.

The Kaw Beach Tennis Club will hold their second annual club-house on Thursday evening, Sept. 26, at 8.30.

Mr. and Mrs. Fred Heath of Montreal are registered at the Queen's. Mr. Heath, who is attending the C. M. A. convention, is an old resident of Montreal, but is well known in Toronto.

Thomas Mulvey, K.C., assistant provincial secretary of Ontario, and Miss Emily Margaret Wade, younger daughter of J. J. Wade of Chicago, were married on Saturday last at the Holy Trinity Church, Chicago, by Rev. Father Carney. They will spend a fortnight traveling, going as far west as Denver, and will then return to Toronto, where they will reside in future.

PLAIN TALK FROM THE DOCTOR.

A prominent physician, famous for his success in the treatment of kidney and bladder troubles, stated that for the following prescription is due a great deal of his success:

One ounce fluid extract dandelion;
One ounce compound salutarin;
Four ounces compound syrup sarsaparilla;
Mix and take a teaspoonful after meals and at bedtime, drinking plenty of water.

This mixture will, he says, positively cure any diseases arising from weak, clogged or inactive kidneys, and will assist these organs to cleanse the blood of the poisonous waste matter and acids, which, if allowed to remain, cause jaundice, back rheumatism and sciatica, and at the same time will restore the kidneys to healthy normal action. The ingredients, which are purely vegetable and entirely harmless, can be procured from any good druggist and mixed at home at very little cost.

This advice will undoubtedly be much appreciated by many readers.

FRUIT SECTION HAIL WRECK

Thousands of Baskets of Peaches Ruined Near Rochester.

ROCHESTER, N.Y., Sept. 24.—Damage to the extent of thousands of dollars was caused by a hailstorm that swept the Irondequoit gardening and fruit section to-day. The storm wrought havoc with all crops from Lake Ontario to the ridge road, and from the Genesee River to Irondequoit Bay.

Reports received here indicate that thousands of baskets of peaches have been damaged and will be a total loss. Peaches, which are shovelled from the ground like snow.

TORONTO WORLD HUMANE LEAGUE.

The competition for the best letter telling a story about a cat closes on September 28. The prize is an enamel pin with the letters "T. W. H. L." Several of our clever little correspondents have already sent in contributions, and as time is short the rest will have to hurry. All letters must be plainly written on one side of the paper and signed with the name and address of the writer.

I wish to become a member of The Toronto World Humane League.

GAZARD AND OTHER MURDERS

THREE BABES IN SLEEP

Strangles Little Ones With Clothes Line and Then Tells Husband.

BUFFALO, Sept. 24.—Shortly after 7 o'clock this morning, Mrs. Bertha Mund, aged 35, strangled her three children, Christopher, aged 8 years; Helen, aged 2 years, and Freda, aged 8 months, to death at their home, 225 Clinton-street.

Immediately after committing the deeds, she went to the Pennsylvania Hotel, where she met her husband, who is employed, and informed him of her action.

The children were all sleeping when their mother killed them. She murdered the boy, Christopher, first. He was asleep on a mattress in the parlor. She wrapped a blanket about the boy's neck, covering his face, and then tied a clothes line to his neck, turning it around three times and then drew it tight and fastened it by tying several knots.

The girl, Helen, was asleep in a crib in the parlor. Mrs. Mund wound a clothesline around the little one's neck twice, and after straining the child, she tied the clothesline to the bedpost and put it on the bed, covering it with a quilt.

Freda, the baby, was her next victim. She was asleep in a baby carriage in the kitchen. Mrs. Mund tied a piece of clothesline about the little one's neck once and fastened it in two knots.

When Mrs. Mund met her husband, she said: "Fred, I have made away with the three children; come home and see."

Mrs. Mund hurried home, taking his wife with her. When they reached the house, Mrs. Mund sat down at a table and began to cry. Mund notified the police, and the children were taken into custody. To Superintendent of Police Regan Mrs. Mund made a statement, in which she said: "I killed the children because I did not want them to grow up and be a crazy like me."

The police say the woman does not realize the enormity of her crime, and that she is a simple-minded woman, suffering with an attack of insanity that suddenly seized her. She had been ill with nervous trouble for about six months, but her illness was not in the morning, manifested signs of mental derangement.

GUILD OF CIVIC ART.

Experts From American Cities to Speak at Monthly Luncheons.

The executive of the Toronto Guild of Civic Art is actively engaged in a campaign to largely increase the membership of the guild. Public opinion is being secured by the aid of experts from other cities who desire to assist in the beautification of their city are earnestly requested to apply for membership in the guild.

The membership fees will be entirely devoted to the object of securing expert advice from other cities to come to Toronto. The luncheons will be held under the auspices of the guild during the coming fall and winter. Already A. E. Huestis, the secretary, has secured speakers from Cleveland, Chicago, Philadelphia, Boston, Detroit, Ottawa and other cities where good work has been accomplished.

The luncheons will be in the form of monthly luncheons or dinners, to which all members of the guild will be invited.

The secretary has issued an application form, of the back of which is outlined the aims and objects of the guild, as follows:

To create a public sentiment in favor of a much-needed comprehensive plan of improvements for Toronto along proper lines.

To endeavor to have a proper plan of civic improvements adopted, including the laying-out of new thoroughfares, the widening of existing ones, the improvement of the complete system of parks and playgrounds. (This plan to be carried out gradually as the requirements of growth should demand.)

To endeavor to have a properly constituted commission appointed to carry out these plans of civic improvements.

REPORT ON WATER SERVICES.

Control Harrison submitted a motion yesterday asking that Dr. Sheard and the city engineer be given the right to inspect the water works, and to arrange their yards. There was unanimity as to the cost of a viaduct from Balmhart to Cherry-streets, it being estimated at \$2,000,000.

FAMOUS ORGANIST ARRIVES.

Alfred Gurney, A.R.A.M., is Now Organizing St. Peter's Church Choir.

Alfred Gurney, A.R.A.M., formerly organist and choir master of the parish of St. Peter's Church, Cleveland, England, and also a music master at the famous Harrow school, where he was a colleague of Doctor Dyke, who was released on a technical charge, has been appointed to the position of organist and choir master at St. Peter's Church, Carlton-street, where he intends to form a promising and up-to-date choir.

Mr. Gurney, who was the guest of the Rev. Frederick Wilkinson at St. Peter's vicarage, Carlton-street, a few days ago, has taken up his residence at 44 Sherbourne-street, and will be glad to see old friends.

READY FOR THE NEXT ROW.

Guatemala and Honduras About to Fight.

BERLIN, Sept. 24.—According to information received here to-day from President Davila of Honduras, Guatemala will support ex-President Manzanera in the contest for the presidency of Honduras.

This is taken to mean that war between Guatemala and Honduras is likely to begin immediately.

GENERAL BOOTH AT HALIFAX.

Was Accorded a Reception at the City Hall.

HALIFAX, Sept. 24.—(Special.)—Gen. William S. Booth of the Salvation Army was accorded a reception in the city hall this afternoon. Lt.-Gov. Fraser, French Murray, Judge Longley and other prominent citizens were present.

A special meeting of the city council was called and an engraved address presented on behalf of the city corporation.

The general, in reply, outlined the work of the Army. After reading of a letter and news of the Army, the general's address was held.

Gen. Booth addressed a large public meeting to-night.

PORT ELGIN PASTOR'S FAREWELL.

PORT ELGIN, Sept. 24.—On the eve of their departure for Calgary, Rev. A. Mahady, B.D., and Mrs. Mahady were given a rousing send-off. Farewell addresses were read and a beautiful cabinet of silver given to Mrs. Mahady, while the pastor was accompanied by the various church organizations, and given a gold belt, cane and a suit of clothes.

BEER PARK COMING IN

TORONTO JUNCTION WAY

Movement Towards "Greater Toronto"—The Viaduct and Water Questions.

The board of control yesterday received deputations from Toronto Junction and Deer Park bearing annexation by the city of these municipalities, and so favorable an impression did the latter make that the board gave assurance that a recommendation along those lines would be made to the city council, provided favorable reports were received from the city treasurer and assessment commissioner.

A. J. Anderson, solicitor for Toronto Junction, remarked that deputations from the Junction had always in the past been cordially received.

"Now we are here at your invitation to discuss whatever proposition you may see fit to put forward, and we are dependent and is doing very well," he added. The mayor returned that he understood it was the Junction that was making the advances, and that the city was willing to discuss any terms decided on by that municipality.

Mayor Baidy and the city engineer, who were present at the discussion, and the upshot was an agreement that the Junction Council meet and draw up a basis of annexation, and then approach the city with a definite proposition. The understanding was that the offer should be on basis different from that rejected by the school property. The proposition will be again received next Tuesday morning.

Mark Bredin, who was chief spokesman for the Deer Park voters, said that they came as supplicants, asking no special privileges. The assessment of Deer Park was about \$750,000, there was no debt, and the school property was worth \$22,000, but had a \$9000 debt on it. The sanitary conditions were very poor.

CONFERENCE WITH RAILWAYS.

The city engineer held a conference yesterday with engineers representing the railroads, bearing upon the question of the viaduct and the proposed extension of the Grand Trunk; F. P. Guithe, chief engineer of the C.P.R.; W. G. Foster, architect of the C.P.R., and J. W. Moyes, engineer representing the board of trade.

The railway engineers pointed out the difficulties of the viaduct and held that the elevated tracks would not remove the danger from shunting except at Yonge-street, and that it would be difficult and costly for them to arrange their yards. There was unanimity as to the cost of a viaduct from Balmhart to Cherry-streets, it being estimated at \$2,000,000.

HIGH COURT AT LINDSAY.

Wife Sues on Policy on Husband's Life.

LINDSAY, Sept. 24.—(Special.)—The case of King v. Cartmill is being tried in the court of general sessions here before Judge Harding. The charge is that Cartmill did conspire with intent to defraud Henry Moss.

Edward Lee of Sarnia, who received the sentence of one year in Central Prison, for brutally assaulting Isaiah Spring of the same place last year, but who was released on a technical charge, has been charged in a technical charge, and is being tried in the court of the general sessions, and was discharged on his bond, and is under consideration the time he had served, and that a civil case was pending against him.

The fall assizes have opened here. Judge C. J. of Toronto presiding. Only one case was to be decided, that of Mrs. McCallum v. The Ontario Accident and Insurance Co., to recover \$1500 insurance. Her husband was found dead about a year ago. He had a very restricted policy on his life and the insurance company claim that conditions do not warrant the payment of the money. The case was adjourned until the spring assizes, an important witness being sick.

CIVIL SERVANTS REQUEST SUBSTANTIAL INCREASES

Dominion Commission Meets Here To-day to Receive Various Petitions.

Civil Service Commissioners J. M. Courtney, formerly deputy minister of finance, Thomas F. Fyfe, formerly manager of the Merchants' Bank, and F. J. Bayin, wholesale merchant of Quebec, with T. S. Howe Ottawa as secretary, will sit in conference at the general postoffice, Adelaide-street, for the next three days and will receive memorials from the members of the civil service in Toronto and the west. The opening session will be held at 10.30 this morning, when the following matters will be considered:

1. General operation of the civil service act.
2. Classification of service.
3. Salaries.
4. Temporary employment.
5. Technical employees.
6. Promotion.
7. Discipline and hours of service.
8. Efficiency and sufficiency of departmental staff.
9. Retiring allowances, and any other matters which in the judgment of the commissioners require consideration.

To-day the letter carriers, railway transfer agents and mail clerks, post-office clerks and officials will meet the commissioners and make known their demands.

All sittings will be held "in camera," but reports of each day's proceedings will be given in the press at the close of each session.

The principal demands of the men are for an increase of salary. They contend that the spending power of the dollar has greatly diminished since 1900, owing to the great increase in rentals and cost of living, and they request that an increase of pay be made them sufficient to place them on the same level as in 1900.

The branches of the service to be represented before the commission here are the postoffice, customs, revenue, militia, meteorological bureau, public works, and the office of the inspectors of weights and gas.

The postoffice clerks will be represented by J. S. Boddy, J. Huggert, J. A. B. Crisp, G. M. McVicar and J. W. Leake. The inspector's office staff by G. B. Sweetman, and the letter carriers by L. E. Manhard, W. F. Mackie, and W. McVicar, and the Federal Association will be looked after by President R. Guy and Alex. McDonald. The railway transfer clerks will be represented by Mr. Ball of London, and the railway mail clerks by J. L. Hart, Toronto; Ross C. Clark, London, and W. McVicar of Sarnia. F. F. Payne will appear for the observatory employees, and J. G. Ridout for the office of the inspectors of weights and gas.

The main revenue department there will be H. R. Frankland, collector, who will be accompanied by a deputy collector, and several collectors from all Ontario. N. Henderson will represent the deputy collectors of the province.

In the case of the tariff commission, the commissioners will hear all that is to be said, but will have no answer to make.

From the tone of the memorials prepared so far it is apparent that the demand of the service will be for at least a 40 per cent increase, amounting to nearly the entire salary of a well-known public official, to \$160,000 a year in Toronto alone.

The commissioners have already heard the demands of the men in the eastern section of the Dominion.

TOMLIN'S TEA LOAF

Tomlin's Tea Loaf has been designed especially for the dainty tea table. It is of even texture, firm to the touch, free of hard lumps and "eyes" and will cut easily into fine, thin slices. These qualities make it a great favorite with Toronto housewives.

THE RELIGIOUS CRISIS AS IT AFFECTS FRANCE

Prof. Ballantyne's Address at the Conference of Knox College Graduates.

Rev. Prof. Ballantyne gave a vivid presentation of the religious crisis in France at yesterday morning's opening session of the Knox-College graduates conference. Nearly a hundred ministers and graduates were present.

Prof. Ballantyne briefly reviewed contemporary movements in the Catholic Church, including the "old Catholic Church," the "Los von Rom" movement in Austria, Germany and Spain, and the manifestation of liberalism in Italy, which drew forth the denunciation of the Pope last April, with reference to the past relations between the church and state in France and the growth of Gallicanism. The warfare was not between the church and its enemies, nor between Catholicism and Protestantism, but between ultramontanism and Gallicanism, between the reactionary and the liberal elements in the Roman church itself, ending in the triumph of the latter party. Under the concordat of 1801 the relations between the Vatican and the French government were often strained to the utmost, especially on the accession of Pius X.

"The cause of the crisis," said Dr. Ballantyne, "was the high-handed and short-sighted policy which shattered the concordat, but speaking generally, the aggressive attitude of religious orders in the crusade against Freemasonry, the deception of Leo XIII, and Diana Vaughan, the clerical intolerance shown in the trial of Dreyfus and many other instances.

Rev. Prof. H. A. Kennedy gave an address on "The Synoptic Sources of the Life of Jesus."

"The Principles Underlying Public Reading and Speaking" was the subject of Prof. Kirkpatrick's address. The substance of his address was that the thought must be evolved again in the speaker's mind at each time of reading. Further essentials were specified as grouping centralization by pitch and inflection, sentence subordination and paragraph subordination.

FRANK GILL, 10-1, WINS SHOWS FORM REVERSAL

Added Starter Takes Hindoo Stakes at Gravesend—Armo Boosted.

NEW YORK, Sept. 24.—Frank Gill, an added starter, and quoted at 10 to 1 in the betting, easily won the \$1,000 Hindoo Stakes, at about a mile and 6 furlongs at Gravesend today. Frank Gill's race was a big improvement given that of last Saturday, when he ran last. Prince Hampton went out to make the pace and led for nearly 1/4 mile, when Frank Gill took command and won. Armo, winner of the second race, was bid up to \$300, an advance of \$200 over his earlier price. The starter took the customary \$5 and kept the colt.

First race, handicap, 2-year-olds, 5/8 furlongs—Bellwether, 30 (E. Dugan), 12 to 5 and 4 to 1; Big Chief, 11 (Miller), 4 to 5 place, 2; Rambo, 96 (Nutter), 3 to 1 show, 3. Time, 1:08 1/4. Halzet, Grignon and Seymour Bentler also ran. Second race, 2-year-olds, 5/8 furlongs, 1 1/4 miles—Armo, 30 (G. Burns), 10 to 1 and 2 to 1; J. H. Moran, 10 (Miller), even place, 2; Brance, 10 (Musgrave), 12 to 1 show, 3. Time, 2:08. Sonoma Belle, Lord Budge, Prince Fortunus, Knock Out and Lacharrian also ran. Third race, 2-year-olds, selling, about 6 furlongs—Laguna Crest, 91 (Burton), 10 to 1 and 4 to 1; J. E. Hunt, 104 (Ladner), 4 to 1 place, 2; Martha Jane, 59 (G. Burns), 11 to 5 show, 3. Time, 1:12 3/4. Running Account, Apple Tooty, Scallion, Thomas Calhoun, Kerry, Omnipotent, Prechtly, Sanguine, Blue Heron and Dixon Belle also ran. Fourth race, the Hindoo, 3-year-olds, selling, about 1 1/4 miles—Frank Gill, 12 (Horne), 10 to 1 and 5 to 2; Prince Hampton, 103 (Brussell), 5 to 1 place, 2; Montfort, 12 (E. Dugan), 12 to 1 show, 3. Time, 3:02 3/4. Superman and Smiling Tom also ran. Gillan added starter. Fifth race, for 3-year-olds and up, selling, about 5 furlongs—Fleming, 46 (G. Burns), 11 to 5 and 7 to 10; Tom McGrath, 42 (Miller), 4 to 5 place, 3; Ganbrius, 100 (McDaniel), 5 to 1 show, 3. Time, 1:11 3/4. Col. White, Shotgun, Cinchona, Boomerang, Cuban, Golden shoe, Sunfire and Anna May also ran. Sixth race, handicap, all ages, 1 1/4 miles—Tomaco, 105 (E. Dugan), 12 to 1 and 2 to 1; Right Royal, 120 (Hogg), 1 to 4 place, 2; Chaloupe, 95 (Merced), even show, 3. San Aviso also ran.

Changes at Latonia. CINCINNATI, Sept. 24.—The Latonia Jockey Club yesterday refused to furnish racing news to poolrooms and refused to allow the Interstate News Bureau to telegraph race descriptions from the track. The officers of the meeting say the stand taken is for the purification of the turf. Also the club announced that scratches, odds and other information valuable to race players, would be furnished to members of the club. To-day's entries were held back to prevent their posting for the players of Toronto's racing press, owners and bettors of one-fourth interest in the Latonia Jockey Club, yesterday sold his entire interest to George B. Cox of Cincinnati.

Fine Run With the Hounds. A large number met the hounds of the Toronto Hunt at Daviessville yesterday at the start of the season. The country, especially at this season of the year, with its green and golden sheathed fields, is a grand spectacle, and the sight of a pack of baying hounds eagerly pursuing the scent is one that is rarely seen, except by those who love a good hunting horse. Life's cares and burdens are soon lost in the invigorating air of the numerous hills and dales which are so picturesque and blend so nicely with the well-kept farms of the good-hearted farmers whose lands the Toronto Hunt members are so kindly permitted to ride thru.

For a New Tenth League. A general meeting of the members of the Toronto Bowling Club will be held at the clubrooms Thursday night at 8 o'clock, when a new league will be formed to take the place of the Tenth League. The president and officers will be elected and the circuit arranged for the coming season. A meeting of the executive will be held later to discuss a schedule and arrange for the opening.

St. Andrew's College Athletic Ass'n. The annual election of officers of the St. Andrew's College Athletic Association was held yesterday, and the following officers were elected and the circuit arranged for the coming season. Dr. Macdonald, president; Mr. Mackenzie, first vice-president; Chas. Mackenzie, second vice-president; Hon. president, Dr. Macdonald; president, Mr. Mackenzie; first vice-president, Chas. Mackenzie; second vice-president, Robert Macdonald; secretary, Hope; assistant secretary, Davidson I.; treasurer, Grass; curator, Winstanley; assistant curator, McAvity; committee, Edmonds, Bolland, Douglas, Patterson, Cassels.

THE WARD MARATHON. Controlled Ward has returned from Chicago. He acted as judge of the third annual Marathon race at Chicago on Saturday last, when Tibbeau, a half-breed, whose father was an Indian, was the winner. Tibbeau's time was not as fast as Bennett of Hamilton, the winner last year. There were 35 starters and 2 finished. Lindquist, a Brooklyn boy, led within a couple of miles of the finish and collapsed. The first entry for the 10-mile Dominion bicycle championship was Fred R. McCarthy of Stratford. There are about 20 entries in the Ward Marathon, which includes Longshot, Goldbro, Sellen, Kilty, Dick Grant, Hilton Green and Tom Cole. The boys' race, under 17 years, has about 15 entries and under 17 about six entries. The trustees of the trophy will meet this week, when arrangements to go over the road will be made. Declared before me at the City of Toronto, in the County of York, this 25th day of August, 1907. (Sgd) COURTNEY LOVE, A Commissioner, etc.

THE MOSLEM MENACE. In the current number of The Nineteenth Century Captain H. A. Wilson discusses the probable effects of the secret propagandist organization carried on in Africa by the Mohammedan sect known as Senussia.

It is Captain Wilson's conviction that the Senussia is a far more mighty force than people in Europe have any conception of, that it is prospering and gaining prestige daily—almost hourly—and that the day is drawing steadily nearer when they shall stand face to face with a wave of Mohammedan fanaticism, universal throughout Africa, thoroughly organized and amply prepared to attack all previous wars with black races will be the merest child's play.

There is nothing in this urgent warning and in presence of that other and equally formidable yellow peril, the drawing together of the European powers may have more significance than at first appeared. The advent of a struggle for racial supremacy may prove the most potent hammer for the welding together of the white races in the face of a vast and common danger.

It may seem ungracious for anyone to object to Premier Gouin annexing Ungava to the Province of Quebec. The federal government has virtually promised to partition Keweenaw between Ontario, Saskatchewan and Manitoba, if they can agree upon a decision. Ungava, at present, is virtually unexplored and uninhabited, and it is ever to be settled up, such settlement would naturally be looked for in the first instance from Quebec.

There is, however, another point to be considered. Under the B. N. A. Act, Quebec is the pivotal province for parliamentary representation. For all time, Quebec's representation is fixed at 65, and after each decennial census her population, divided by 65, is to determine how many people shall be required for one member in every other province.

Under this rule, Ontario and the three maritime provinces have already lost members of parliament. To make Quebec still larger in area is to make possible an increase in the ratio of representation hereafter, to a point

which will reduce the representation of the maritime provinces to insignificance. In the case of Prince Edward Island, it might amount to extinction.

ALCOHOL THE BEST FUEL. Announcement is made that as a result of experiments conducted by Charles E. Lucke, assistant professor of mechanical engineering at Columbia University, and S. M. Woodward, irrigation engineer of the United States department of agriculture, alcohol can now be used as a fuel in internal-combustion engines with as much success as gasoline and kerosene.

No material change in the construction of the engine is required, its operation under alcohol is more noiseless, its power greater and the risk of danger is removed. Alcohol was found also to be specially adapted to automobile air-cooled engines, as well as less easily ignited and when ignited does not occur so injurious hammering results.

Further reforms in the matter of denatured alcohol are specially needed in Canada, and there is no reason why the liberal legislation now in force in the United States should not be followed here. Not content with the original measure, congress last year passed an act enabling alcohol distilling to be carried on from waste or inferior farm products on the lines adopted in Germany. The product passes into sealed tanks, which are forwarded to a government denaturing plant and fitted for industrial use.

It is gratifying to note that the citizens of Essex are rapidly repairing and rebuilding, until but little trace remains of the explosion. The Michigan Central lost no time in reimbursing the property owners, and apparently this casualty will soon fade from public recollection.

In this particular case, this may be defensible. The employe blamed for the accident was himself a severe sufferer by the explosion. If he is solely responsible, it may be argued, fairly enough, that he has been sufficiently punished.

But are we not allowing too many tragedies to be quietly forgotten? The country is startled by negligent, sometimes by wanton destruction of human life. There is great activity in all directions. Dominion officers, provincial officers, coroners, detectives, and commissions are hard at work. Barristers, stenographers, and typewriters get busy; the people hold their breath waiting for the law to sweep down the incline, turn two complete somersaults in mid-air, and land on somebody with a loud resounding smash.

Well something else happens and the attention of the people is distracted. A few months later somebody wakes up and enquires "What was that done about killing all those people?" "Oh, I don't know," is the answer, "they fixed it up somehow!"

STEEL-COAL ARBITRATION. Editor World: I notice that His Excellency the Governor-General of Canada has submitted to the presidents of the Dominion Coal and Dominion Iron & Steel companies a proposition to arbitrate the whole matter in dispute by referring it for adjustment to some capable and impartial tribunal, and following up this suggestion, his excellency mentions the names of E. S. Clouston, general manager of the Bank of Montreal, and Byron E. Walker, president of the Canadian Bank of Commerce, as persons to whom the matter might be referred for adjudication and settlement.

Some months ago I outlined a similar scheme to some of the leading officials of both companies, suggesting that the matter should be left to arbitration, and mentioning the following gentlemen as a conciliatory board of arbitrators: Sir Thomas Shaughnessy of the C.P.R., E. S. Clouston, general manager of the Bank of Montreal; Sir George Drummond, president of the Bank of Montreal, and Hon. W. S. Fielding, finance minister of Canada.

The finance minister may be said to be the father of the Dominion Coal Company, and without a Dominion Coal Company we never would have had a Dominion Iron & Steel Co. No board of arbitrators on the present steel-coal case would be complete without the name of the finance minister. Not only would his name be one to conjure with from the birth and inception of both companies, but he has proved himself an adept in the art of pouring oil on the tempestuous sea of vexed and troubled finance. Witness his efforts at the Windsor Hotel, Montreal, last December. I happened to be present at the occasion, and I remember well the tact and ability displayed by him on that memorable afternoon, when he succeeded in reconciling the two great warring factions.

J. C. Cadegan, M.D. THE DANGER. Goldwin Smith in The Weekly Sun: The bystander is aware that he has somewhat wavered on the subject of the Lemieux Act. It appeared to him at first that the board of arbitration, in the proper sense of that term, was a high board of medicine, by which these unhappy disputes are liable to be inflamed. But he did not foresee the publication of a report involving anything like condemnation of one of the parties. This seems to be possible, and with our form of government it might work serious mischief. After all, the one trustworthy arbitrator of wages, as well as of prices, is the market.

Political Intelligence

"Nova Scotia," writing in The News on the outlook for the parties, submits "forecast" of the state of the parties after the next general election, which he claims will be much nearer the mark than the one published by The News some weeks ago. His summary is: Lib. Con. Ind. Nova Scotia ... 10 7 1 New Brunswick ... 5 7 1 Quebec ... 50 15 1 Ontario ... 26 8 0 Manitoba ... 2 8 0 Saskatchewan ... 4 3 0 Alberta ... 1 6 0 British Columbia ... 1 6 0 Yukon ... 0 1 1

This, he claims, is the limit of possibility for the Liberals. Beginning with Nova Scotia he says that 4 seats are morally certain to go Conservative, namely, Cape Breton, North, Elgin, Colchester and Hants, while six are equally certain to go Liberal: namely, Yarmouth, Digby, Queens and Shelburne, Antigonish and Richmond. Of the balance Annapolis, Lunenburg and Cumberland are most likely to go Conservative, and the two Halifax, Cape Breton North and Inverness Liberal, while Kings will probably return an independent.

In New Brunswick the Conservatives will probably carry John City and County, but will gain at least two seats elsewhere, namely, Kent and Northumberland. It is surely not too much to expect, he says, that the Conservatives will gain at least four seats in Quebec, while in Ontario the Laurier government is utterly discredited and consoling all the circumstances the Conservatives should gain 10 or 12 seats.

In Western Canada the Conservatives appear to be gaining the ascendancy. Premier McBride confidently predicts a solid British Columbia for the opposition. The Conservatives have recently won a notable victory in Manitoba, in Saskatchewan and Alberta Mr. Borden's policy of restitution of the crown lands and the government's separate school legislation should tell strongly in favor of the opposition.

T. M. Humble has returned from Southampton, Port Elgin, and Warton. Discussing the political situation in North Brice, Mr. Humble said: "The political puce is boiling, and the Conservatives are candidates for a man strong enough to defeat him."

SR JOHN READE DEPARTS FOR ENGLAND. Surgeon to King Edward and Queen Victoria and Was Native of Perth, Ontario.

MONTREAL, Sept. 24.—Word has been received here of the death of a famous Canadian in England, where Surgeon Major-General Sir John Reade, surgeon to King Edward, has passed away. Sir John Reade is a native of Perth, Ontario, and was a high rank by merit in the Crimea and Indian mutiny. Rev. G. H. Reade of Drummondville, Quebec, nephew of Sir John, is here to-day en route to England.

Sir John Reade, as stated in the above dispatch, was a native of Perth, Ont., where he was born July 7, 1832. He was a son of the late Geo. Hume Reade, staff surgeon, and formerly commanding the 2nd Regiment of Canadian Militia. He was married in 1861 to Harriette Fanny, daughter of Major J. D. Bean, of the Indian army. He was educated at private school and Edinburgh University. In 1854 he entered the army medical department and became a surgeon-general in 1888. He retired in 1893.

Sir John served thru the Crimean campaign, 1854-55, and was wounded, receiving three medals and a Turkish medal. He also took part in the Afghan campaign, 1878-80, receiving medals and clasps. During his last five years he was employed as a professional assistant in the office. He was appointed honorary surgeon to Queen Victoria in 1895 and died on Sept. 23, of the arrival of the morning train from Toronto.

T. & N. O. MAKES MONEY. Government Road in New Ontario Shows Increased Receipts.

The provincial treasurer states that the receipts for the T. & N. O. Railway Company for June amounted to \$21,364, making a surplus of \$38,717. The passenger and freight receipts each showed an increase of \$14,000. For the six months ending June 30 last the net surplus reached the figure of \$111,833, making a total of \$1,022,400. The amount of royalties, \$137,546. The gross receipts for these six months were \$402,829, against \$350,042 for the corresponding period of last year, an increase of \$152,587. And the expenses reached \$284,796, against \$143,734 for the same months.

TO CUT EXPENSES. To secure retrenchment in expenditures, the following are recommended: The discontinuance of farming operations, the services of farm employes, except the gardener, being dispensed with. The disposal of all horses and conveyances, except one strong horse. Abolish office of bursar, employing a competent stenographer with a knowledge of book-keeping to perform the duties of this office and assist the principal in his correspondence. The services of a salaried medical attendant are not required, a physician to be called in when needed. Disburse with the services of one of the engineers. Increase the fees for pupils from outside the province to \$312 per pupil.

STRICTER DISCIPLINE: church attendance to be compulsory. Measures taken for following up pupils after they have left the school, and assisting them to secure employment. An advisory board, consisting of the Mayor of Brantford, the senior high school principal, and the senior county judge to be appointed to report from time to time to the minister of education.

GIFT TO MUSEUM. C. W. Nash of this city has donated specimens of some four hundred varieties of fish found in this province to the provincial museum.

A "WHEEZY" CHEST. Means your trouble is deep seated. T. delay is dangerous. All the inflammation to be drawn out in one day by applying Nerviline. It penetrates through the pores of the skin, relieves inflammation and thus prevents serious consequences. For sore throat, weak chest and tendency to colds, no prescription is better than Poison's Nerviline. For nearly fifty years it has been Canada's great household remedy. Twenty-five cents buys a large bottle.

Street Railway Accident. Robert Robb, as administrator of the estate of Margaret Hunter, deceased, has filed a writ against the Toronto Street Railway Co. for damages for her death, which was caused thru the alleged negligence of the company.

Stephen Lagomarsino alleges that he had an agreement with Maria Giovanna Torre of Genoa, Italy, to convey to him one-third interest in the estate of her late husband, Mrs. Angelina M. Canessa, if he would come to Canada and look after the estate. Lagomarsino came, but the money not being forthcoming, and the agreement not having been carried out, he has now instituted an action to enforce his claim.

Action Withdrawn. The action brought against Mayor Coatsworth and City Clerk Littlejohn by W. R. Johnston on behalf of the ratepayers of Elm-street, between Nanton-street and Hawthorne-avenue, to restrain the city from laying an asphalt pavement on Elm-street, Rosedale, has been dismissed.

Must Give Particulars. Thomas Roberts in April last was employed at the Foster mine and while not the subject of an action brought by a bucketful of ore fell and hurled Roberts to the bottom of the shaft, seriously injuring him. An action for damages was brought by the company against the Roberts. Before Master-in-Chambers Cartwright, on application, an order for particulars of certain paragraphs in the statement of claim was made.

Promissory Note. A balance of \$751.50 due on a promissory note made by H. C. Baker is the subject of an action brought by the Robert-Craig Co. of Toronto to recover the amount.

Ontario Bank Appeals. Arguments in the appeal before the divisional court in the action of the Peterboro Hydraulic Power Company against the McAllister Milling Company, which was dismissed by the Ontario Bank had taken over the McAllister Company's affairs and the management of the mill over against them for the full amount and costs. The bank are now appealing.

Must Pay Alimony. John D. Healdler lost his appeal against an order from the local judge at Hamilton, that he pay interim alimony of \$5 a week. He claimed his income was recovered over against the bank and was mostly in the hands of his creditors.

Joseph Woodruff, an Indian in the Brantford Reserve, is appealing against paying a week alimony claiming that as the Six Nations are the wards of the Dominion they are not amenable to the Ontario statutes, and that consequently an order should not be made against them.

OBITUARY. Miss Mary Carlyle, for many years a resident of this city, passed away last evening at her late residence, 96 Seaton-street. She was the youngest sister of the late ex-Ald. Wm. Carlyle, and came from Dumfriesshire, Scotland, to the city in 1850 and has been a resident ever since. In her home, church and benevolent work, she was highly and justly esteemed. With a large and tender heart, her sympathy went out to the struggling and unfortunate, and her words were kindly and thoughtful acts will long be remembered by those who had the pleasure of a personal acquaintance with her. The funeral service will be held at her late residence on Thursday evening, Sept. 26, commencing at 8 o'clock, and will be held at the 6th line Churchyard, Innisville, on Sept. 27, on the arrival of the morning train from Toronto.

Mr. White's Lectures. John Z. White of Chicago will lecture on "The Ownership of Public Utilities" on Friday, Oct. 4, and on next Friday, as previously announced. The change is occasioned by the great success of the committee in charge for his services. Commencing to-night with an address on "The Housing Question" at the city hall, for ten successive nights, he will lecture in the city on economic questions, commencing Friday, Oct. 4, was the night assigned to the Public Ownership League, under whose auspices the lecture will be given.

Fuller notice will be given in subsequent issues. Hear John Z. White, who is the recognized authority on this subject that is occupying the attention of thoughtful men on both hemispheres.

MEMORIAL TO PREMIER FROM FRIENDS' SOCIETY

Regret Expressed for Attacks on Japanese—All Men Are Brothers.

The following memorial is self-explanatory: To the Right Hon. Sir Wilfrid Laurier: Sir—At a recent meeting of the Society of Friends, which included representatives from Toronto, Newmarket, Schomberg and other places, it was decided to memorialize your government in connection with the recent attack on the Japanese in Vancouver.

We desire, then, to express our regret for the wrong inflicted on these people, and for the blot thus put on the fair name of our country, and also to express our appreciation of the firm resolve of your government, as expressed by yourself, to protect the Japanese who have sought the hospitality of this Dominion.

We feel moved to do this for the following reasons: (1) We have a lively recollection of the bitter, relentless persecution the Japanese, the Chinese, the Hindus, the Sikhs, and the Mohammedans, have suffered from bigotry and intolerance, and can therefore sympathize with others who may be the victims of ignorance and inflamed passions.

(2) We believe it to be true that God hath made of one blood all nations of the earth, and that, therefore, the Japanese, the Chinese, the Hindus, are really our brothers, their skin and creed may differ from our own.

(3) Simple justice demands that whatever may be said as to the right of the inhabitants of this country to exclude from it any of these, our brothers, who may seek to earn their livelihood here, there can be no question whatever as to their right to the protection of the various governments—municipal, provincial and federal—once they are here, and to their right for compensation for any damage received owing to the insufficiency of such protection.

(4) We believe that governments should be praised when they do right, especially when such action is apparently unpopular, as well as blamed for their mistakes. (Signed) George Phillips Irene Brown. Clerks of the Meeting.

Bread Up to 12 Cents. OTTAWA, Sept. 24.—All Ottawa bakers to-day announced to their customers that bread is up and is now 12 cents a loaf. This is the highest it has been here in eight years, and is the second increase since June.

The civic asphalt plant is turning out 1500 square yards daily.

MR. COURTNEY WILL SPEAK.

J. M. Courtney, ex-deputy minister of finance, will address an open meeting under the auspices of the Cornishmen's Association in St. George's Hall on Friday evening. A general invitation is extended.

COBALT --- Two Stocks Provide Activity in the Mining Markets --- COBALT

BIG SALES OF TWO STOCKS IS THE ONLY FEATURE

in the Mining Markets—Nova Scotia and Cobalt Central the Stocks in Demand.

World Office Tuesday Evening, Sept. 24. Big sales of Nova Scotia to-day again electrified the mining market, over 14,000 shares changing ownership at from 21-1/2 to 22. This activity in Nova Scotia, the miners claim, threatens to awaken the entire Cobalt market from the state of coma in which it has been enveloped for some time past. Cobalt Central was also very active, 60,000 shares being traded in in New York and Toronto from 30-1/2 to 32-1/2. The brokers generally are thought to be very partial to Cobalt Central, owing to the effective management in vogue and the excellent support from time to time forthcoming from those interested in the stock. Over 8000 shares of Silver Leaf were also traded in within a close range. There appears to be considerable buying by 'insiders' from time to time in this stock. One hundred shares of Coniagias brought 4.55, which remains firm on its large shipments of ore. Foster, Trethewey and Temiskaming are steady, but without any activity worthy of mention.

FUNDS EXHAUSTED.

Larder Lake Road Will Be Stopped if Government Does Not Act.

James Tighe of this city received a telegram from his brother at Englehart, Ont., yesterday, stating that Road Construction Judge would dismiss a large number of men working on the new government road between Boston and Larder Lake, a distance of twenty miles, unless a further grant (the present one being exhausted) is made by the government.

The work is about two-thirds accomplished, and it could be finished before the snow flies if a supplementary grant were made.

Mr. Tighe claims that 4000 applications have to be recorded in the Larder Lake country, and these at \$10 per record would mean \$40,000 to be added to the provincial treasury. In addition to this, Mr. Tighe thinks the government should go ahead with the work without delay with so much money in sight.

SUFFERED PRIVATIONS.

Gold Prospectors Find Wealth After Extreme Difficulties.

Two pioneers of the Larder Lake district are at present in the city, and they have some interesting news from the golden north. These men were the parties who pegged, and were part original owners of the claims, now owned by the Highland Mary Gold Mines, Limited. They have had some very hard and some very soft times during the long period that they have been in the Larder Lake camp, and are complaining very much about the transportation question, which is keeping the developments in the camp back. Speaking of the time when the original discoveries were made by them on the Highland Mary claims, they said that they were a hard-up crowd, and that they had to take it in turn to buy their provisions in order to purchase tools and provisions. To repeat the words of one of them, he said: "It was no easy job in all kinds of weather to stride over the ranges with a week's supply of grub slung on one's back, but hundreds of others were doing it, as well as my mate and myself. The reason we prospected on these claims was because I saw at a glance that in this part of the district there was volcanic eruption must have been terrific. The reason I accounted for this was because of its mountainous and rocky nature, and the countless number of wide quartz veins so heavily mineralized.

"One day we tossed our swag down at the fork of two large veins and lighted our pipes, undecided where to go, along the right vein on the left, when my chum, Joe Flancy, was picking leisurely with his prospecting pick and knocked off a piece of quartz, and began to examine it. At all once I saw him change color, and he was so excited that he could scarcely speak. He handed the piece over to me, and while doing so, shouted: 'Look, George, we have got the yellow stuff!' I took the piece and looked at it, tried it with my knife, and, sure enough, the goods were there. In less than 10 minutes we were staking out a claim. We had some good financial backing, and we lost no time in gathering up other claims around us and prospected on all the properties. It turned out just as I thought, and we have uncovered any number of 'highly mineralized veins showing gold sticking out on the surface. We have made a nice little pile out of our discoveries and intend to return and get back into the game before long.

PORTAGE BAY DISTRICT.

Considerable interest is centered around the Portage Bay district since the definite locating of the Cobalt-Sudbury line of railroad, which provides easy facilities for shipment to all the more important properties. The mines being operated in that district are the Edison, The Evans, Prince Rupert, Richardson, Latchford and a number of properties which are being developed, among which are those of Mark Harris

ATTORNEY-GENERAL BOWSER MAKES IMPORTANT STATEMENT.

VANCOUVER, B.C., Sept. 24.—At the banquet of the Board of Trade last night to commemorate its 20th anniversary, Hon. J. Bowser, attorney-general, announced that the government had in hand a policy to bring white immigrants from the old country by assisting them, and that all possible work would be done without the Japs or Chinese.

ASSIST WHITE IMMIGRATION.

Another announcement was made by R. Matpole of the C.P.R., that that railway was going ahead with development in all parts of this province, and especially in the port of Vancouver. Capt. T. H. Worsnop of the Mexican service gave the pleasing information that, although the steamers have been in operation but a few months, the port boat would leave here with a full cargo, and as freight rates would be very low, the merchants of Western Canada would find it to their advantage to trade with Mexico. Mr. R. L. Borden was a guest at the president's right.

BLEW WALL OVER.

And Insurance Agent Fell With It and Was Hurt.

The strong wind yesterday at noon blew over the 35 foot high gable wall of a house in course of erection at Bloss-street, opposite Margueretta. George Pretty, insurance agent, 144 Macdonell-avenue, who was standing on top of the wall, had his face and arms injured. He had been soliciting a policy on the building from Michael Boland, who clung to part of the wall and escaped injury.

A. J. HUSBAND SUCCEEDS.

BROCKVILLE, Sept. 24.—(Special.)—The post of principal of the Brockville Collegiate Institute, left vacant by the resignation of Alex. Mowat, who is going to Peterboro shortly as inspector of public schools, has been given to A. J. Husband, one of the staff.

ASLEEP ON TRACK.

BROCKVILLE, Sept. 24.—In an intoxicated condition, Nelson Blair, a local character, lay down on the tracks in the G.T.R. yards here and fell asleep. A light engine crushed his two limbs, and amputation was made. He is a middle-aged man and will likely recover.

PROGRAM OF DUTIES FOR NEW SUPERVISOR

Special Committee Outlines Matters Over Which He Should Be in Control.

The special sub-committee appointed to make a proposal for the appointment of a supervisor for teachers in the high schools in this city met yesterday afternoon, and the following report was agreed to and recommended to be placed before the next general meeting of the board:

(a) That the supervisor look after the following things:

- (1) The recommendation, appointment, transfer and promotion of teachers.
- (2) The preparation of all reports required for board or committee.
- (3) The organization of teachers according to the subjects taught, and to convene each section at least once a year for the discussion of teaching methods.
- (4) Under direction of management committee to arrange distribution of pupils at opening of fall term.
- (5) To attend all board meetings and any committee meetings to which he may be summoned.
- (6) To investigate under direction of management committee all charges and complaints against teachers.
- (7) On or before Nov. 1 of each year, to recommend what teacher should not be re-engaged.

A Splendid Endorsement

for the shares of the HIGHLAND MARY GOLD MINES, LIMITED, is the fact that large blocks are being rapidly subscribed for at Cobalt, Halleybury, New Liskeard and Larder Lake. We are receiving letters from mining engineers and miners every day reserving large blocks of HIGHLAND MARY shares. These men have been over the ground, and in all of the letters we receive from them they say that the properties are even better than we represent them, and that HIGHLAND MARY will be the greatest and most profitable mines in HIGHLAND MARY should be sufficient to satisfy the most men are investing their own money in HIGHLAND MARY are all pinning their faith to the HIGHLAND MARY. They are buying all the shares they can. They realize what a splendid investment they are getting in buying HIGHLAND MARY at 10 CENTS PER SHARE. They know a good thing when they see it. Are you going to join them in making a fortune? Bankers and conservative business men throughout the whole country are now buying these shares for their investment. We strongly advise our clients not to hesitate, but buy to-day at 10 CENTS PER SHARE. We have only one million shares to dispose of at this price, and at the rate they are being absorbed they will not last long. The public will buy six months from now buy

HIGHLAND MARY

at One Dollar per share or more. We strongly urge the immediate purchase of these shares. We are placing our own funds in it, and we are willing to stake our reputation on the merits of HIGHLAND MARY.

The properties consist of 30 claims of 40 acres each, making a total acreage of 1,200 acres. The claims are in the locality of the famous Reddick claims, the Proprietary Gold Fields, and the wonderful Blue Bell and Lucky Boys properties.

We have sent our own mining engineers to examine and report on the properties, we have looked exhaustively into the merits of the properties before offering the shares to our clients. We question if an opportunity like this will ever present itself to you again. We advise our clients to buy HIGHLAND MARY.

We advise you to buy all you can, you are bound to profit greatly thereby.

The stock of the HIGHLAND MARY is actually worth a great deal more money than the price we are asking for it. Our engineers figure that there is in sight on the properties of the Company gold equal to many times the par value of the total capitalization of the Company. All it requires for investors to make money is to have faith and confidence.

Could you visit the Larder Lake district and examine the properties, as we have done, you would not hesitate a single moment in placing every dollar at your command in the shares of HIGHLAND MARY at

10 CENTS PER SHARE

(Par Value, \$1.00. Fully Paid and Non-assessable.)

All of the Directors of the Company are well-known and successful business men—not men that are simply interested in a mine—but men that are miners in every sense of the word, and who know how to operate, maintain and conduct a mine in a business-like manner, and who have been connected with the strongest and most successful mines in the Cobalt camp. These gentlemen are just the kind of mining men that investors should be glad to become identified with.

The mineral production during the current year has been remarkable as compared with former records, and it will be still greater in 1908. Remember, when you see the enormous advances in the prices of Larder Lake mining securities that are coming immediately, and that will continue for months and months, if not for years, that we told you to select one or more good stocks, and that a small investment in them will yield inside of a very short time enormous profits that would be impossible in any other industry.

We are not trying to sell stocks to uneducated or half-witted people. We are trying to interest legitimate business men in a proposition that we believe will turn out to be one of the greatest of its kind the world has ever known, and again we say, if you are not in a position to hold this stock until such time as the properties are developed, we do not want you to buy it. A mine cannot be developed in a day any more than a railway of 50 miles can be built in an hour, and no railway ever paid dividends or ever amounted to anything until the trains were running, and a mining property cannot amount to anything until the ore is being treated. People who purchase the stock of the HIGHLAND MARY cannot expect the Officers and Directors of the Company to pay dividends until dividends are earned. We do honestly believe, however, that within a year HIGHLAND MARY will be paying dividends to its stockholders. We are in business to-day and we propose to stay in it while there is any business to be had, and we can say to you now that in some years to come we expect to be counted among the financial houses that are spoken of and referred to in the highest terms by investors.

When we offered the first block of Blue Bell and Lucky Boys shares, we predicted that the Larder Lake district would be the greatest gold district in the world, and our predictions are being endorsed daily by eminent engineers arriving from the golden north with the beautiful specimens of pure free gold. These men fully endorse our predictions. The time is not far distant when the eyes of the whole world will be concentrated upon the wonderful golden north of New Ontario.

A year ago very few white men had trodden the trail through the Larder Lake district. To-day one of the greatest stampedes the world has ever known has taken place. Capitalists, mining engineers and prospectors are now "bitting the trail" and hurrying through as fast as they can. Millions of dollars will be offered for some of the Larder Lake properties within the next few months.

HIGHLAND MARY

is positively the best buy that has been offered the public in mining shares. Don't overlook this opportunity. Big and rapid advances will surely occur.

The price of HIGHLAND MARY shares will TAKE A JUMP some of these days, and then it will be too late to buy them at the first issue price.

REMEMBER

The first issues of Blue Bell and Lucky Boys were greatly oversubscribed and many investors were disappointed in having their remittances returned. Highland Mary will be taken up rapidly. Act quickly and get in at bottom price.

Wire or telephone orders at our expense. Prospectus, with full information, containing application blanks, mailed to any address.

Highland Mary Gold Mines, Limited, is capitalized at \$3,000,000, shares of the par value of \$1.00 each, with 1,000,000 shares in the Treasury for development purposes.

BOYS OF THE BROADVIEW INSTITUTE HOLD FAIR

Ground is Broken for Massey Parsonage—Scarboro Fair Today—County Items.

TORONTO JUNCTION, Sept. 24.—In police court today, George Marritt of 33 Brook-avenue, who was arrested last night for disorderly conduct, was remanded for a week to the county jail. He made an attempt to get someone to go bail for him, but was unsuccessful.

The case against James Reid of Pelham-avenue, who was arrested by a C.P.R. constable on a charge of trespassing on the railway property, was dismissed. The evidence showed that Mr. Reid was on his way home and was only following the usual custom of climbing between the cars to save time, so Police Magistrate Ellis refused to take any action in a case of this kind, as he said it was no offence.

James Ahrs and Rosino Inonelli, the two Italians arrested for trespassing on C.P.R. property, were allowed to go on suspended sentence.

An Italian wedding took place last night at 80 Mulock-street. The bridegroom strenuously opposed the idea of his name appearing in print, as he said all his friends would know about his wedding and he did not want the public to know it. His English was very broken, but his determination to keep his name and the wedding secret was invincible. The wedding ceremony was witnessed by an orchestra.

The annual meeting of the directors of the Dominion Carriage Company was held today at the company's works in the Junction.

May, aged 16 months, youngest child of Mr. and Mrs. Albert Waite, 44 Pelham-avenue, died this morning of pneumonia. The funeral will take place on Thursday at 2 p.m. to Prospect Cemetery.

Lorne Richardson of Wallaceburg, who last year obtained a fellowship in mathematics at Toronto University, is at present on a visit to Town Clerk Conron, 128 Pacific-avenue. Mr. Richardson intends taking a post-graduate course at the university this coming year.

A deputation of councilmen and prominent citizens of the Junction met Mayor Coatsworth and the Toronto Board of Control today on the much-discussed "annexation" question. The Junction men showed a spirit of independence which was not favorably received by the city officials, and in consequence, no definite negotiations resulted. It is understood that the matter will be further discussed on Tuesday next.

Miss Aida May Smith, daughter of William Smith, Park-road, Swansea, was married at her father's residence at 430 p.m. today to Arthur Ralph Terry, of the Junction. The officiating clergyman was the Rev. Thomas Copeland, uncle of the bride. The young couple left on an evening train for Chicago, where they will spend a short vacation, after which they will proceed to Medicine Hat, Alta., where they intend to make their future home.

STOUFFVILLE.
Historic Old Church Will Hold Anniversary Services.

STOUFFVILLE, Sept. 24.—The Reformed Memorial Band of St. James' Presbyterian Church have secured Miss Rattle, a French-Canadian Bible woman, to give an address on Monday, Oct. 7.

Rev. F. L. Barber has tendered his resignation as pastor of Christ Church (Anglican), to accept that of the Bobcaygeon Anglican Church.

Claremont Baptist Church will celebrate the 57th anniversary of its founding on Sunday and Monday, Sept. 29 and 30. Rev. Alexander White of Toronto will be the speaker of the occasion.

A. G. Brown's residence on Main-street has been sold to R. Forsyth.

The Women's Institute will meet at the home of Mrs. Helen Hopper at Victoria Square to-morrow (Wednesday), at 2.30 p.m.

OAKVILLE FAIR ON FRIDAY.
\$1850 in Prizes and Tom Longboat Will Run.

Oakville Fair will be held on Friday with a long list of attractions. Tom Longboat will run five miles, and there will be an open five mile run under the C.A.A.U. sanction.

The prizes offered total \$1850. Three horse races will be kept full of attractions all afternoon, especially in carriage and hunting classes.

Expert government judges will hand out the awards.

Single fare on G.T.R. trains leave Toronto at 12 noon and 2 p.m.

NORTH TORONTO.
Large Concours Attend Funeral of Dead Lineman.

NORTH TORONTO, Sept. 24.—The Davison Epworth League held a very successful temperance meeting last night at which Wm. W. Cording presided. The program consisted of solo songs by Henry Duke, vocal solos by Miss L. Davis, recitations by Ed. W. Varden and Fred Pinder, and readings by Bert Peters.

The funeral of the late John McHughan took place from the Oulcott Hotel to Mount Pleasant Cemetery this afternoon. The Rev. Mr. Mustard of Toronto officiated. The pall-bearers were: Robert Heeneey, Geo. Humphrey, Richard Ramsey and Wm. Cloughley. The music by the Metropolitan division of the York Radial sent a floral contribution, representing a pillow, while one representing a broken wheel was sent by the York Radial operating employees, and a similar token of esteem came from the boarders at the Oulcott Hotel. Other tokens were: a wreath from Councillor S. J. Douglas; sprays from Miss

WESTON, Sept. 24.—The way in which the entries are coming in to the secretary of the Weston Fair is encouraging a feeling of the greatest enthusiasm, and successful as this fair has been in the past, it looks now as if the coming one on Saturday, Oct. 5, will far surpass any previous year. There will be an exceptionally fine display of horses, which is always a strong point with Weston.

The Times and Guide recently issued an illustrated souvenir, which is a work of art and replete with information. A gratifying feature about Weston is the steady demand there is for good, comfortable houses at a moderate rental, and there is every indication that another spring will see a great revival of building operations.

THORNHILL.
Committee of Citizens Will Provide Modern Rink.

THORNHILL, Sept. 24.—M. D. Letch of Nobleton, who arranged to rent Mr. Letch's farm at Germanias, has rented a farm in King Township, so will not move here.

The meeting of the male members of the congregation of the Methodist Church was held Monday evening, when a committee was appointed to formulate a plan for the erection of a gymnasium and spiritual advancement of the young men of the village.

The committee who are arranging for the erection of a skating rink have the offer of two lots and are negotiating for another. A decision will be arrived at on Thursday evening next.

RIVERDALE.
Englewood Anglican Mission Holds First "Annual."

RIVERDALE, Sept. 24.—St. Clement's Mission (Anglican), on Englewood-avenue, celebrated their first harvest anniversary services Sunday morning and evening. In the morning Rev. Mr. Bushell, rector, officiated, and in the evening Venerable Archdeacon Sweeney. The services were especially bright and cheery, and the mission is making satisfactory growth.

On Sunday next, St. Clement's Church congregation will hold their harvest services. Rev. Mr. Heathcote, former rector, now of Winnipeg, will be the speaker of the day.

MILLIKEN'S CORNERS.
Fine New Silo Collapsed—Special Meetings in Progress.

MILLIKEN'S CORNERS, Sept. 24.—While engaged in filling a newly finished cement silo, on the farm of Henry Harding, a short distance to the east of this place, the structure gave way, entailing considerable loss. It is thought that sufficient time had not elapsed to allow the material to thoroughly set. An effort is being made to draw the silo together again with iron bands.

Special evangelistic services are being held in Ebenezer Methodist Church, conducted by Rev. Mr. Fowlers and Rev. Mr. Rodwell.

Farmers are busily engaged in securing their corn crop, which averages above the average. Mangolds and turnips, which the late rains, are making rapid growth.

Walter Hood, who some three weeks ago, went to the northwest, has returned. He reports the crop in some districts is a complete failure, but is said to be generally favorably impressed with the outlook.

TEMPERANCEVILLE.
Returned Missionary Gives Memorable Address.

TEMPERANCEVILLE, Sept. 24.—Very successful services were held in the Methodist Church in this place on Sunday, Sept. 22. Rev. D. Norman, missionary from Japan, addressed large audiences both morning and evening. The children's service in the morning was very interesting, but the evening address will long be remembered by those present.

Mr. Norman's former home was here and he has many warm friends, who wish him great success in his work in Japan, to which country he will very soon return. The church was beautifully decorated. The music by the children in the morning was enjoyed by all, while the excellent choir of the church rendered suitable selections in the evening.

RIVERDALE.
Broadview Institute Boys Are Getting Ready for Fair.

RIVERDALE, Sept. 24.—General interest in the east end centres this week in the Broadview Boys' Institute fall fair, which takes place on Friday and Saturday of this week. The coming fair will be the sixth.

The prize list, which has been issued in book form, is nicely illustrated, and shows considerable taste in compilation and execution. The pony

class this year will be a good one, and there are prizes for the best outfit, best boy rider, and a pony race. A burlesque circus will be held each night, and attractive musical programmes will be given afterwards and evenings.

Strong in Sports, Too.
The Broadviews will have this fall a junior team in the Toronto Football League, as well as three teams in the Boys' Gilmour League. All the Broadview boys and "old boys" who have been managing Geneva Park have returned.

The next monthly meeting of the Ladies' Auxiliary of the Broadview Boys' Institute will be held on Tuesday, Oct. 1, at 8 o'clock.

WESTON.
Beautiful Little Town of Weston is Looking Up.

WESTON, Sept. 24.—The way in which the entries are coming in to the secretary of the Weston Fair is encouraging a feeling of the greatest enthusiasm, and successful as this fair has been in the past, it looks now as if the coming one on Saturday, Oct. 5, will far surpass any previous year. will resume their fall and winter series of meetings on Thursday afternoon at 8 o'clock, in the vestry of the church. A number of the members of the society have laboriously increased the number of years to increase the attendance and the scope of the work, and it is hoped that the coming season will witness a very large accession of members. The aims and objects are of the most worthy and unselfish nature.

The Thursday evening annual harvest home services will be held, when an interesting evening is expected.

Mrs. J. L. Tidsberry, wife of Chief Tidsberry, left on the 2 o'clock train today for Edmonton, Alta., and will be absent for two months.

Court York, I. O. F., held their regular meeting last night, the attendance being especially gratifying. Chief Ranger Stewart Toms occupied the post of honor, and following the business part of the evening, a delightful social and informal concert and banquet took place. Court York, I. O. F., is making splendid progress. A number of the brethren are contemplating taking part in the dedicatory proceedings in connection with Broadview Lodge on Monday next.

The funeral of the late Mr. Wixon took place this afternoon from the residence of his brother on Balfour-avenue, and was attended by many friends. The pallbearers were chosen from among the intimate friends of the deceased. The services at the house were conducted by Rev. Mr. Rogers, and at the cemetery by Rev. Mr. Gay. The floral offerings were especially beautiful. The proceedings were in charge of Mr. Cobblehead.

The young son of Mr. and Mrs. Maynard took place this afternoon to St. John's Cemetery, Rev. Mr. Ferguson and Rev. Mr. Ratcliffe conducting the services at the home. The funeral of the infant child of Mr. Button took place today to St. John's Cemetery.

Excavation work has begun on the proposed new Massey memorial parsonage at the corner of Main-street and Danforth-avenue.

East Toronto Lodge No. 363, I. O. O. F., met in Society Hall to-night, Robert McClure, noble grand, in charge. Following the initiations and general business, there was a most enjoyable concert and banquet. There was a large attendance of local and visiting brethren.

EAST ROSEDALE.
Editor World: Permit me to suggest to the people of Chippewa to Gen. Ward-street, the name of East Rosedale, and a change of the name the Don River to the Rosedale River, which, with a bridge across it, at Bloor-street, would connect and locate both without confusion.

POLICE WANT GRANT TOO.
Want \$8500 Yearly as Women Receive—Up to City Council.

Pursuant to the request of the benefit fund committee, the police commissioners will forward to the mayor a request that an annual grant similar to that given by the city to the firemen's benefit fund be voted to the police benefit fund. The firemen receive \$8500 annually, and the committee urge that their fund is equally deserving. The matter will likely be brought before the council at its next meeting.

P.C.'s Dixon and Townsend were reprimanded for interfering to secure names at the Labor Temple, upon the complaint of Alex. McEain. The board refused to interfere with a quarrel between W. J. Griffin and P.C. Jarvis. Griffin's complaint that he had been assaulted by the constable at a ball game, P.C. Robert Bell's resignation was accepted.

Thirty recruits have been passed as fit, and twenty-five will be selected Oct. 1. The remaining five will go on the waiting list.

Chief Graetz presented his report on street nuts and fruit vendors. He recommended that the license of those now in force be renewed at once the further restricting of these men. None should be allowed within 100 feet of any school, educational building, hospital, theatre, railway station or street car or railway crossing, or intersection nor within 300 feet of any licensed circus. He also advised their exclusion from Yonge-street, between Wilton-avenue and the Esplanade; King-street, between Jarvis and York-street, and Queen-street between Church and Chestnut-streets.

A number of second-hand licenses were issued and a number laid over.

WOULD SHOOT WIFE.
Drunken Man Brandishes Gun With Miasia Ammunition.

Rudolph Doleis, 43 years, a German laborer devoid of residence, was drunk yesterday. He has been married for some time.

He pled several rim-fire cartridges into a short, stout revolver and went to see his wife, from whom he has been separated for some time. In Trinity street a wild-eyed man met P.C. Wood, and threatened to shoot him. Wood, entering to become a widower on the spot, whereupon the constable pinched Rudolph. He is charged with being drunk. The loaded gun was found on him.

CALGARY GET THE GRANT.
Dominion's \$50,000 Will Go to Western City.

OTTAWA, Sept. 24.—(Special.)—Ottawa has lost its chance of securing the federal grant of \$50,000 for the Dominion exhibition next year. Calgary, Alberta, was beforehand and as recently the 17th inst., secured a pro-tem grant from Hon. S. A. Fisher, that the grant would be given to the Calgary Exhibition Company for 1908.

This year's Dominion exhibition grant was secured by Sherbrooke, and the minister of agriculture was very firm when the occasion offered to arrange that it should next year go to the west. That has been the arrangement for some years past. After Toronto came the turn of Winnipeg. Then it came east again to Halifax. Last year it went to New Westminster, and, as stated, this year Sherbrooke had it. It is expected the formal order in council will be passed in a day or so.

HELPING BELL MEMORIAL.
Subscriptions From Prominent Men in Ottawa.

OTTAWA, Sept. 24.—(Special.)—Ottawa are assisting towards the fund being raised at Brantford, Ont., concerning the projected memorial to commemorate the invention of the telephone in that city by Prof. Graham Bell.

It has been set out to secure a fund of \$40,000, and has secured nearly that amount. The federal government has subscribed \$10,000, and the Ontario Government has given \$5000.

The rest of the subscriptions are from private individuals, among whom are the following Ottawans: E. C. Whitney, \$150; J. R. Booth, \$100; Hon. W. C. Ed-Rowley, \$100; T. C. Koefer, \$50; W. H. Sir Sandford Fleming, \$50.

JAPS FLOCKED TO SHIPS DOCKED AT HONOLULU

Two Attorneys Said to Be Acting for Employers of Labor in Canada.

WINNIPEG, Sept. 24.—(Special.)—"I know of two attorneys, residents of Hawaii, who have gotten up shiploads of Japanese for emigration to British Columbia. It was supposed and understood in Honolulu that these attorneys were acting for parties who would be employers in Canada. There was also a general understanding among the Japanese that work would be provided for them on reaching Canada. They therefore flocked in large numbers to those who were organizing the shiploads, and they had no trouble whatever in filling their vessels."

This was the statement made today by J. G. Kingsbury of Honolulu, who will be married to-morrow at high noon to Miss S. Jones, sister of the American consul, Dr. Jones.

GOVERNMENT TELEPHONES IN ALBERTA PROVINCE
Work is Proceeding Briskly on Unfinished Sections and Much Work Already Completed.

EDMONTON, Sept. 24.—(Special.)—Provincial government telephone lines have been completed in several parts of the province and work is proceeding briskly on the unfinished sections. The MacLeod, Blairmore and Franklin lines are almost finished and this will be operated shortly. The line from Wetaskinaw, east to Stettler, is complete. The section from Edmonton to Lloydminster is finished past Vegreville and is expected to be completed this fall.

Phones have been distributed for a portion of the line to Athabasca Landing for a distance of about 30 miles. The poles will be put up, the wiring strung and the rest of the distance will be completed on the federal government telegraph poles this fall to extend to the landing.

BRIDGE INVESTIGATION.

OTTAWA, Sept. 24.—(Special.)—The members of the royal commission who have been investigating the collapse of the Quebec bridge are on their way here to hear Collingwood Schreiber, Messrs. Douglas, Johnston and others. Then they will go direct to New York to question Mr. Theodore Cooper, the engineer who passed the plans, and from there they proceed to Phoenixville, Pa., to examine several witnesses relative to the steel portion of the bridge.

The new playground at Markham-street and Vermont-avenue is being set in order.
