TO ORDER OPENING OF DOUGHTY'S BOX IN DOMINION BANK

Relatives' Counsel Confirms World's Statement and Scores Absentees Act.

APPLICATION TODAY

Miss Clara Brett Martin, solicitor for the John Doughty sisters, and children of his first wife, yesterday confirmed the statement recently published in The World, to the effect that Doughty's box in the Dominion Bank safe vaults had not yet been disturbed, but that it was likely the court would today make an order for it to be opened. Miss Martin says she does not expect much will be found in the box, with the exception of the jewelry belonging to Doughty's first wife. "Of course, there might be some papers which would throw some light on the small mystery which is pure speculation," added Miss Martin. An order was issued yesterday at Osgoode Hall for the administration of the estate of John Doughty, former secretary to Ambrose Small, under the absentees act. This morning, G. T. Walsh, acting for Mrs. John Doughty, the wife of the missing secretary, will appear before J. A. C. Cameron, official referee, to try and determine the extent of the estate, and ask that the Chartered Trust Company be appointed to take charge of it. An Unfair Measure. Miss Martin, in the course of a chat with The World, just after the decision to seek to administer the estate (Continued on Page 6, Column 4).

MAN O' WAR, SUPER-HORSE, WINNER OF \$75,000 RACE AT WINDSOR. About 30,000 persons saw the great three-year-old chestnut stallion, owned by Samuel Riddle of Philadelphia, defeat the famous four-year-old, Sir Barton, owned by Commander J. K. L. Ross of Montreal, at the Kenilworth track yesterday afternoon. The distance was 1 1/4 miles, and the time, 2:03, while 3 seconds slower than the record for American tracks, established a new mark for Kenilworth. Had Man o' War been proved, he might have made turf history at the distance, but Sir Barton was outclassed and the winner finished about seven open lengths to the good. The jockey up is Kummer, who rode Man o' War to victory yesterday.

INTERPRETS RESULT OF BY-ELECTIONS

Ballantyne Says It Contradicts "Mandate" Plea of Mackenzie King.

Montreal, Oct. 12.—(Canadian Press).—Speaking at the banquet tendered him tonight at the Windsor Hotel by the Progressive Club, Hon. C. C. Ballantyne said that he was now a member of the National Liberal-Conservative government and that the people of Canada were no longer interested in the old party divisions. This party, he said, would, even to the present, be defeated at the polls government were defeated at the polls in the next general election, still form the largest group in the Dominion. While the Farmers' party was showing strength both in the east and the west it should be borne in mind that many farmers were in sympathy with the government. The Liberal charge that the government had been contradicted by the results of the recent by-elections in St. John and Colchester county, where Messrs. Wigmore and McCurdy had been returned with large majorities.

PETERBORO LAWYER IS GIVEN FREEDOM

Jas. G. G. Bagley Released by Judge—Had Been Given Jail Sentence.

Peterboro, Oct. 12.—James G. Guise Bagley left the county court a free man today after his Honor Judge E. C. S. Huycke had sentenced him to imprisonment of nine months less one week, to run from the date of his arrest, nine months less one week ago. P. D. Kerr, counsel for Bagley, made an eloquent plea in his defence. He spoke of the painfulness which must result to the judge in having to deal with a member of the bar. He dwelt upon the fact that Bagley, now 59 years of age, had reached his life ambition five years ago, when he was admitted to the bar and had started out handicapped by his years. His practice had been poor, and he had succumbed to temptation.

BABY IS BADLY BURNED; NOT EXPECTED TO LIVE

Little three-year-old Violet Davidson, 36 St. Joseph street, lies in the General Hospital in a critical condition as a result of severe burns about the head and body. The little tot was playing with matches at her home yesterday afternoon, when her clothes caught fire. Her screams aroused her mother, who extinguished the flames as quickly as possible. She was rushed to the hospital, where it was expected last night that she is not expected to live.

MAN O' WAR WINS GREAT MATCH RACE FOR RECORD STAKE

Carries Off \$75,000 and Gold Cup at Windsor, Beating Canadian-Owned Sir Barton With Ease and Proving Himself Greatest Race Horse on the Continent.

Windsor, Ont., Oct. 12.—Sam Riddle's Man o' War, champion three-year-old of America, won the thoroughbred championship of the American continent this afternoon from Sir Barton, owned by J. K. L. Ross, over a course of a mile and a quarter, at the Kenilworth track. Man o' War's time was 2:03. The victory netted his owner a \$75,000 purse (American money) and a gold cup donated by the Kenilworth Jockey Club, valued at \$5000. Man o' War broke the record for the track by two and two-fifths seconds. The track record was 2:02 2/5. The American track record for the mile and a quarter distance is 2:00. Man o' War was ridden by Jockey Clarence Kummer, and Sir Barton by Frank Keogh. Man o' War bounded to the front when the barrier was released, and was rated at a fast pace the entire trip. Keogh went to the whip before they had gone a quarter, but was unable to improve his position. The winner was well in hand at the finish. The fractional time was exceedingly fast. The first quarter was stopped in 22 seconds flat, the half in 46 2/5, the five-eighths in 59 1/5, the three-quarters in 1:11 4/5, the mile in 1:37 2/5, and the mile and a quarter in 2:03. Man o' War never headed and won by seven lengths. A Hollow Victory. It was a hollow victory, which Man o' War won with ridiculous ease by seven lengths. He made all of his own pace, leading from the ride of the barrier, and winning in hand by seven lengths from Sir Barton. Incidentally, he established not only a track record, but a new Canadian record for the mile and a quarter, when he ran the distance in 2:03. The former Canadian record for the distance was 2:04 3/5, made by Captain Swanson over the Hamilton track several years ago. The previous track record was 2:05 2/5, made by Old Honesty. It was no long-eared mule that Man o' War was defeated, but a splendid game horse, over a distance that he liked. They carried weight for age—the winner 120 pounds, and the loser 126. Both followed the last furlong trail in 2:01 4/5, with 123 pounds up at Saratoga. The weights made no difference, however, in this race. Sir Barton was seconds in 59 1/5, the three-quarters in

TWO MAJORS WILL BE ADVERSARIES IN NORTHEAST RIDING

Liberals Make It Clear That Major Kippen Is Their Hope. EXPECT SMALL VOTE

At the organization meeting of Northeast Toronto Liberals, held in St. Paul's Hall last night, it was practically admitted that the name to be presented to the nominating convention in Foresters' Hall tomorrow night, with the backing of the powers that be in the Liberal forces, is the name of Major H. B. Kippen. It was very definitely stated that the candidate to be proposed is an ex-soldier. Major Kippen's candidacy was overshadowed by three happenings in last night's meeting. First, the speakers of the evening—Col. A. W. Kirkpatrick, Major Kippen and Lt.-Col. Cooper, asserted that the campaign must be organized only as a soldier would organize a campaign. Lt.-Col. Cooper went so far as to say: "We're going to all come out in support of a good soldier candidate." Second, Major Kippen, when called upon to speak, very noticeably indicated that he felt some honor had suddenly been thrust upon him. Third, the secretary of the association, Frank Denton, on being requested for Major Kippen's initials, very excitedly scribbled on a piece of paper, not the major's initials, but a brief outline of the probable candidate's war career. Secretary Denton wrote as follows: "Major Kippen (Meredith Crescent), D.S.O., M.C., with bar; late of 8rd Batt., C.E.F.; spent 44 months on firing line in France; an unusual fighting record." Expects Light Vote. W. F. Summerhayes of the provincial (Continued on Page 7, Column 3).

SUGAR REFINERS PLACE OTTAWA IN QUANDARY

Government Expected to Seek Advice of Board of Commerce, Which Body May Make Announcement Today—U. S. Refiners Offer Sugar in Trainloads.

Ottawa, Oct. 12.—(By Can. Press.)—The Dominion government and the board of commerce are jointly endeavoring to settle the sugar problem. Representatives of the sugar refiners who have been hovering around the capital for some days interviewed the government, today had an interview with the members of the board of commerce. It was subsequently intimated that the board might have something to say on the situation on Wednesday. The sugar puzzle, it is understood, was also before the cabinet council, but it was intimated when the ministers adjourned that no action was likely to be taken until after the return to the capital of the prime minister tomorrow. Presumably the government will seek the advice of the board of commerce before coming to a definite decision in regard to the request of the refiners; that the anti-dumping feature of the customs act be invoked to prevent sugar being sent into this country at a price less than the export price across the border. The board has been watching the sugar situation for months, has issued a couple of orders fixing the price of the commodity, and is in possession of complete statistics as to imports and production. The government realizes that the problem with which it is confronted is a knotty one, but a minister, in referring to the matter today, said the (Continued on Page 10, Column 5).

ONE WAR WILL END, POLES AND SOVIET SIGN PEACE TREATY

Armistice Will Actually Become Effective Midnight October 18.

GIVE AND TAKE PEACE

Riga, Oct. 12.—A preliminary peace treaty and armistice was signed by the Polish and Russian soviet peace-delegates here at 7:10 o'clock tonight. The terms of the armistice becomes effective at midnight Oct. 18, that is, 144 hours from midnight tonight. The announcement that peace was to be signed brought great crowds to the square surrounding the Black Head House. M. Joffe and the Bolshevik delegation entered the hall first and were followed by M. Dombaki and the Polish delegation. About 200 persons, including the entire diplomatic body, and prominent Lettish officials crowded the small room, many of them standing. Considerable delay ensued, which was due to the physical work necessary for the completion of the treaty for signature. Tired by more than five days and nights of almost constant work, M. Joffe looked extremely pale, but his voice showed no nervousness when he announced, without rising, that the treaty had been completed, and began reading the Russian text. The head of the soviet delegation described the Riga peace as a peace without victory and without vanquished in a brief address before the signature of the treaty. That describes the Riga peace with all their details, it appeared to disinterested onlookers as a peace of give and take, which those who have followed the course of events fear will not be very popular, either with the Bolsheviks or the Poles.

Both Nations War Worn

But it is undoubtedly a triumph for the two chairmen who made it and the spirit of conciliation with which they ended the long-drawn-out negotiations that disrupted the Baltic peace. It is likely to win for them the gratitude of a war-exhausted world. The Riga armistice will put the Bolsheviks at peace with all their neighbors within 144 hours from midnight tonight, and leave the Wrangel movement as the only great military operation against the soviets. M. Joffe called attention to the many difficulties encountered in arranging the armistice, and also to the harmonious manner in which the delegation carried out the negotiations. He also expressed the belief that the foundation has been laid for a permanent peace, as both nations are absolutely tired of war and unwilling to assume responsibility for continuing the strife.

What Man o' War Has Yet to Do!

Man o' War, notwithstanding his victory of yesterday, should run a race in England next year against the crack four-year-old, say in the Ascot gold cup, where he would meet the best horses in the world on a very good turf course. Mr. Riddle, the owner, said some time ago that it would not suit his plans to hold back Man o' War long enough to acclimatize him to race in England. The way to race Man o' War in the England next year, say in the Ascot gold cup, would be to keep him in America undergoing American training with the English race in view, but not to take him across the ocean until the last minute so that he would arrive in time for the race, not more than two days before it was fixed. Mr. Riddle must know, as an exhibitor of winners in the saddle horse class at Olympia, that wins have been made by Canadian and American horses who arrived only in the same week that they were shown; whereas horses that have been sent over and given three or four weeks to get ready often failed to win. Mr. Riddle has time to think it over.

Man o' War has still to prove his class by the question of John Porter, "Who did he beat?" and class will never be established with regard to a horse until not only his speed, but his stamina, weight-carrying powers and his perfection as a racing machine are supplemented by names of great horses that he has beaten. There is at least half a dozen three-year-olds in England, including Caligula and Spion Kop, who may be very high-class horses next year in the big English four-year-old contest; and if Man o' War beat them in very fast time he would establish a reputation of being the best horse of his time, and perhaps of being the best horse of his century. But if he does not make reputation that way he will still have a chance of enduring fame as a horse by his descendants.

Mushrooms Again!

Even mushrooms are coming back after the war; and those who know where to look for them were able to make good finds both on Monday and yesterday; and with one more shower and the same weather there may be a fair mess for the hunter.

RAID BY MILITARY IN MEATH RESULTS IN GENERAL'S DEATH

Was Brother of Commissioner Smyth Who Was Assassinated in Club Last Summer—Raid Was on All Hallows' College in Drumcondra—Sinn Feiners Threatened With Death.

Brussels, Oct. 12.—An attempt was made to assassinate Prince Alexander of Serbia during his recent tour in Bosnia, according to the Montenegrin Press Bureau today. The bureau adds: "A bomb was thrown under the train in which the prince regent of Serbia was returning from Sarajevo. Two coaches were wrecked, but the prince was unhurt. An inquiry into the incident gave no results. The mayor and municipal council of Sarajevo have resigned."

Dublin, Oct. 12.—Major-Gen. Smyth, brother of Commissioner Smyth, of the Irish Constabulary, who was assassinated in a club house in Cork, where he was sitting with friends last summer, was killed last night during military raids in Drumcondra, County Meath. The killing occurred while the military was raiding the home of Prof. Carolan of All Hallows' College. The family of Major-Gen. Smyth was notified of his death this evening. Another officer was shot dead, a non-com. wounded, one civilian killed, and another wounded. Major Smyth long had been in the British army and had been decorated with the Distinguished Service Order and the Military Cross. At the time of the assassination of his brother, he was serving in Egypt, but shortly afterward returned to Ireland, and had been stationed in Dublin for a short time. Extensive military raids were carried out in Drumcondra during the morning, and All Hallows' College, the principal missionary college supplying priests to the dominion and the United States was visited. Several shops and private houses were closely searched and during the search one civilian was wounded. It was reported that a major and three soldiers were wounded, but this was not confirmed officially.

Education Board Seeking Power to Control Finances

Various committees were formed last night by the Toronto Board of Education in its campaign to arouse public opinion in the proposal to give the board full power to procure its own finances for its insuperable needs, and the campaign has got off to a good start, with movie-pictures and newspaper advertisements in view. Sir Edmund Walker will be asked to officiate as the convener of the campaign finance committee, and with him will be such well known men as A. E. Jones, W. W. Pearse, E. R. Wood, Colonel Vincent Massey and P. M. Douglas.

Will Use Movies

Dr. E. A. Hardy will head the propaganda committee, and with him will be Samuel Richardson, Charles G. Fraser, Dr. Gordon Bates, Inspector Elliott, Colonel W. Mitchell and Miss Mina Nicol of the Teachers' Association. Not the least of all the committees appointed was the speakers' committee, which will comprise Dr. H. J. Gaddy, George Locke, Toronto's librarian, Dr. James Hughes, Dr. A. McKay, Mr. Warburton of the Y.M.C.A., Dr. Marty James Simpson, and a number of women, among whom will be Miss Cherry and Miss Mackey. The president of the General Ministerial Association will also be invited to officiate on the board.

MEET INDUSTRY'S NEEDS IN TARIFF, SAYS MEIGHEN

Premier Receives Ovation at Stratfordville, E. Elgin, Where He Declares Policy Is a Reasonable, Moderate Protection, Enough to Keep Canadian Industries in Canada—Opens By-Election Campaign.

Stratfordville, Ont., Oct. 12.—(Special.)—Premier Meighen made something like a triumphal progress through the riding of East Elgin today, and this afternoon delivered a notable speech at Stratfordville on behalf of John Stansell, the government candidate at the coming by-election, to fill the vacancy caused by the death of the late David Marshall, M.P. Mr. Meighen and Mrs. Meighen arrived at Aylmer at 1 p.m., and, after a civic luncheon, motor to Stratfordville, accompanied by M. E. Stansell, Hon. T. W. Cochrane and Mrs. Cochrane, and a large number of supporters, making up a parade of 110 autos. Stratfordville was ray with hunting and crowd- ing with people to welcome the prime minister. Ideal weather prevailed, and 2000 men and women attended the meeting, which was addressed by Mr. Meighen, Mr. Cochrane and the candidate.

The prime minister dealt almost exclusively with the tariff question. He declared himself a protectionist and said that Mr. Cochrane, the leader of the Farmers' party, was a free trader. He did not know what Hon. Mackenzie King was, nor did Mr. King apparently know himself. His talk about favoring neither protection nor free trade was "rubbish and humbug" (Applause and laughter). "Moderate Protection."

"I believe it is reasonable, moderate protection," said Mr. Meighen. "It was not only such protection as will keep Canadian industries in Canada, allowing enough foreign goods to come into the country as will keep up healthy competition and fair prices, but I do not believe that our home industries should be subjected to unfair competition. We are today buying too much from the United States and are paying an exchange of one hundred million dollars per year in consequence. Yet Mr. King and Mr. Cochrane would throw down our tariff and have us buy more and still more from the United States." Mr. Meighen did not speak with the same fire and vigor as at Stratford.

Made Deep Impression

His speech today was argumentative, but it made a deep impression on his attentive audience. How ever, he asked, could the tariff be ruinous to agriculture when our annual agricultural production had increased in volume three hundred per cent. and in value six hundred per cent. COMPLAINTS GROW OF HIGH RENTALS

Nearly Three Hundred Toronto People Allege Profiteering by Landlords.

Two hundred and eighty complaints have been sent to the assessment commissioner alleging rent profiteering by landlords. One letter received yesterday stated that the rent of a Mair avenue house had been increased from \$25 to \$60 in two months. An occupant of an apartment on Dundas street writes that his rent has been boosted from \$45 to \$90 in three years. The assessment rolls show that this apartment is assessed for \$2,540 and that the assessment has not been raised in seven years. One landlord on Kendal avenue has jumped rents from \$45 to \$106 in three years. The assessment is \$3,100.

MANY MILK BOTTLES OBTAINED FROM GARBAGE

In 1919, employees of the street cleaning department recovered 13,966 milk bottles from garbage carried out from residences. Street Commissioner Wilson said yesterday. These represent only about a thousand of the 75,000 lost reported by the dairies last year in missing bottles. The dairies pay the city employees one cent each for all bottles turned in.

TO CONSIDER WORKING INDUSTRIES AT NIGHT

"The question of the Hydro suggestion to run certain industries at night time, and relieve the peak load, has been submitted to all our members," stated J. M. McIntosh of the trades section of the C.M.A., yesterday. "This question will certainly be taken up," added Mr. McIntosh, "especially if we are immediately faced with the alternative of closing down or adopting such a plan. It might cause a question of difficulty with the labor. The employees may object to working at night and cause awards of overtime pay, and so raise the cost of production. However, it will probably be up to the individual initiative of the manufacturers themselves. If the shortage of power becomes acute, the matter will be taken up with the commission direct."

JUDGMENT ON CONTRACT.

Mr. Justice Logie yesterday awarded Edward J. Taylor \$1,500 and interest in his suit against Grace Motors, Limited, for the return of \$1,500 paid on account of a Sterling motor truck and for damages for alleged misrepresentation. The defendants failed to carry out their agreement to secure a contract for the plaintiff, who returned the truck.

WORKMAN LOSES TOES

William Tracey, aged 29, 61 Boustead avenue, a G.P.R. yard foreman, had his right foot badly crushed in King street subway yards at 3.30 yesterday morning. He was taken to the Western Hospital where two toes had to be amputated.

FARMER BURIED BABIES ALIVE

Took Them to Field Near the River and There Chloroformed Them.

Leans, Mich., Oct. 12.—Earl Roop, farmer, was arraigned today on a charge of murdering his daughters, Dorothy and Bernice, aged 3 and 2, respectively, whom he buried alive on his farm, 10 miles from here, Monday, according to his reported confession to Sheriff Silbee. Preliminary hearing was set for tomorrow, after Roop had stood mute and a plea of not guilty had been entered by the court.

Dependency over financial matters and the failure of his crops, according to the sheriff, was given by Roop as the reason for his alleged act. He was quoted as saying that he had been pondering the idea of taking the lives of his babies for nearly a year. In a matter-of-fact manner, according to the sheriff, Roop told of driving the children from his home on Monday to a field, thru which ran the Red Cedar river. There, Roop said, he administered chloroform to the little girls, then set about digging a hole in the soft earth near the river. While he was thus engaged, Dorothy revived, Roop told the sheriff, and walked over to him. He then carried Bernice to the river and placed both children in the hole, covering their bodies with mud, Silbee quoted him as saying.

Officials would not believe the man's story until they had gone with him to the spot and found the bodies of the babies this morning.

Sixteen Persons Injured When Grandstand Gave Way

Jersey City, N.J., Oct. 12.—Sixteen persons were injured, seven of them seriously, when an improvised grandstand collapsed during the progress of the Carpenter-Levinsky fight here tonight.

The stand, which had been erected outside the ball park, where the boxing bouts were staged, gave way under an overload of fight fans, many of whom were caught and crushed under the weight of fallen timbers.

BROKER SHOT BANDIT IN DEFENCE OF GEMS

New York, Oct. 12.—In a fight in a narrow thirty-ninth street hallway there tonight, an unidentified man, one of a party of three who held up William Stern, diamond broker, was shot to death.

The broker, who carried gems valued at \$2,000 and \$100 in cash, was arrested, charged with the shooting, as he pursued other members of the party, Pasquale Miller, 22, was taken in custody later as the principal witness.

Stern told the police three men dragged weapons in his face and searched his feet into the hallway, brandishing clothing. When one of them turned his head, he said, he drew his revolver and shot. The others then ran.

Look for Fresh Break in Wheat at Winnipeg

Winnipeg, Oct. 12.—Direct cable advices from London and Liverpool suggest no indication of any support of the grain market in the immediate future on behalf of the British commission. Without enlarged export business, it looks as the advance will be difficult to maintain. The advance of the past two or three days has been a bit too rapid, and the American milling trade have not followed it actively.

Community Service Work Successful

The Toronto Confederation for Community Service held an enthusiastic meeting yesterday afternoon. The president, Rev. Peter Bryce, introduced the new secretary, Mr. C. McClean. Reports were presented showing that the confederation has been successful in its work in the short period since it began to function. The confederation depends on financial support from forty-seven social societies, and has undertaken work which involves expenditures of about \$30,000 monthly. Funds have been subscribed sufficient to carry on the work all the year of the year. A committee is now being formed to carry on the campaign for the budget for 1921.

REID MONEY SEIZED BY PARIS POLICE

Two Bolsheviki Arrested With 75,000,000 Rubles in Russian Securities.

Paris, Oct. 12.—Two Russian Bolsheviki from Moscow were arrested today at the Lyons station. With them they were bringing into France two trunks containing 75,000,000 rubles in Russian securities and numerous Bolsheviki booklets.

The bonds and securities were wrapped up in Bolsheviki literature "to allay suspicion," Levi Fahey, one of the prisoners, is reported to have told the customs officers. The other prisoner's name is Samuel Pollok, and both were taken to La Santé prison. They have refused thus far to say for whom the funds were intended.

The police hope with a little persuasion the men will consent to name the beneficiaries of the funds. The prisoners were still under examination late this evening.

READY TO ATTACK THE UKRAINIANS

Russians Only Waiting Till Armistice With Poland Is Signed.

Warsaw, Oct. 11.—The Russians are concentrating along the southern front for the purpose of attacking the Ukrainians as soon as the armistice with Poland is signed, it was declared in last night's Polish statement on military affairs.

Fighting along the northern front virtually ceased several days ago, with the Poles gradually working eastward toward the boundary line, as agreed in the terms made with the Russians, the Poles occupying various villages to the north and east, including Minsk.

Lithuanian patrols, despite the armistice in the north, have repeatedly crossed the demarcation line, it is asserted in the statement, which also declares that the inhabitants of territory on the Lithuanian side of the line have come to the Poles with requests for protection from Lithuanian and Bolsheviki bands.

Reports from various sources are to the effect that Kiev was evacuated several days ago by the Bolsheviki under the pressure of the Ukrainian insurgents, who have occupied the city. The Ukrainians in Warsaw are planning to open communication with Kiev as soon as possible. Their representatives are already vying for passports for Kiev, with no arrangements have as yet been made for trains.

MINERS TO REJECT BASIC LINE PLAN

Leaders in Britain Disappointed, But Believe There Will Be No Strike.

London, Oct. 12.—It is virtually certain now that the miners' dispute will not be settled without further negotiations and balloting on the "basic line" principle, making the wages dependent on the output. The proceedings of yesterday and today are not yet completed, but it is already shown that the principle will be rejected by a substantial majority. The result will be officially announced Thursday, when the national delegation of the conference of the miners will meet and consider the position, and will probably again suspend the strike notices, which expire Saturday.

The leaders had advised the men to accept the "basic line," and are disappointed over the result of the ballot. It is believed they will try to induce the men to accept reference to an independent tribunal, as previously proposed by the government. The belief is still general, that there will be no strike.

BIG LIQUOR SEIZURE IS CALLED ILLEGAL

Institute Court Proceedings to Recover \$40,000 Shipment to Amherstburg Farmers.

Windsor, Oct. 12.—(By Can. Press.)—Basing his arguments on the ground that the action of Inspector Mosseau and the Canadian Express Company in their seizure of five shipments of liquor consigned to Amherstburg farmers, valued at approximately \$40,000, is a contravention of the British North America Act, F. W. Wilson has instituted supreme court actions for recovery of the liquor in question.

The liquor—1,000 cases—was delivered to the Canadian Express Company by Montreal firms for shipment to the five farmers, residents of Sandwich East and Anderson townships, and was subsequently seized by Inspector Mosseau under the transit clause of the Ontario temperance act.

BOOTLEGGERS SHOT DEAD IN GUNFIGHT WITH POSSE

Lethbridge, Alta., Oct. 12.—As the result of a running fight between Alberta provincial police and bootleggers along the Alberta-Montana border last Sunday, Victor Ryberg, bootlegger, was killed, it became known today when his body was found in a haystack on the Montana side of the line.

WOMAN MAKES SACRIFICE TO SAVE MAN'S LIFE

Montreal, Oct. 12.—A young woman who refused to allow her name to be published today gave two pints of her blood in order to try and save the life of J. J. Carey, Lawrence, Mass., shot in the abdomen during a fight on the street last night.

MORATORIUM AIDS BANKS OF HAVANA

Depositors Permitted to Draw Only Small Percentage of Deposits.

Havana, Oct. 12.—All the Havana banks, both foreign and domestic, some of which continued Monday to carry on business as usual, today took advantage of the moratorium decree issued by President Menocal Sunday night, which permits depositors to draw only 10 per cent. of current deposits and 12 per cent. of savings deposits.

A change in the method of operations under the moratorium has been agreed to by bankers, under which any person desiring to do so may make new or "special" deposits, which may be drawn on for any amount. Such deposits, however, may not withdraw more than 10 per cent. of their old deposits. Until this agreement had been reached, the banks refused to accept deposits, except with the understanding that only 10 per cent. could be withdrawn during the moratorium period. It was realized by the bankers that this procedure would result in serious difficulties for business operations of all kinds.

The Havana newspapers comment favorably on the moratorium decree. They are unanimous in declaring that the country's financial crisis is only transitory.

FRANCE TO REDUCE COST OF LIVING

Cabinet Promises Strict Enforcement of Food Laws—Stop Profiteering.

Paris, Oct. 12.—The cabinet today adopted a program to reduce the high cost of living in France. Departmental councils of consumers are to be established, with a central council in Paris.

The use of fish is to be encouraged, and many food markets will be opened, while the exportation of dairy products and cheese will be prohibited. The importation of frozen meats has increased, and the system of distribution has improved.

A proposal to place a ban on the serving of meals during the evenings in hotels and restaurants was not adopted by the cabinet because it was believed the measure would only increase the prices of substitutes for meals. A strict enforcement of food laws and suppression of profiteering is promised by the cabinet and new regulations will be drafted to control the slaughter and sale of beef in an effort to check the rapidly rising price.

BITE OF MONKEY MAY KILL KING

Only His Strong Constitution Can Save Alexander of Greece.

Athens, Oct. 12.—Only the strong constitution of King Alexander of Greece is relied upon by his physicians to bring him thru the crisis of his illness resulting from the bite of a monkey a short time ago. It was admitted at the palace today that the king had entered into the critical phase of his illness.

The government, alarmed at the serious turn in the king's condition today discussed the question of a regency and decided that the council of ministers would take up the task of administering the country in the event of the king's condition becoming worse.

Yesterday it was said at the palace that there had been little change in the condition of Alexander since Sunday. His physicians at that time refrained from giving any concise statement, although there was no attempt to conceal the fact that the illness of the monarch was grave.

Today's statement, made at one o'clock this afternoon, was the first indication that the physicians in attendance were relying only on the strong constitution of King Alexander, who is but 35 years old, to save him.

SAY MINERS WORE GERMAN UNIFORMS

Report Incident at Glace Bay, N. S., Over Clothes Worn by Polish Immigrants.

Ottawa, Oct. 12.—(By Can. Press.)—Immigration department officials here have little knowledge of an alleged incident which is reported from Glace Bay, N. S., when some newly-arrived immigrants are reported to have started out to work at the mines wearing parts of German uniforms. In one case, it was said, mine officials had to lead the newcomers out of

harm's way by means of an unused shaft. The explanation of the foreigners that they were Poles who were conscripted for service with the German forces is accepted as a likely one by the department here, officials pointing out that the men could not have emigrated direct from Germany, while they could have come thru Poland.

CORN KILLS SIX COWS

Kingston, Ont., Oct. 12.—(Special.)—John Teskey, farmer, living near Wellington, turned his cows into a cornfield after the corn had been removed, not thinking that there would be enough to do any harm, but he found six of his cows dead from over-eating.

Sports Days--

Autumn is the season of school sports and intercollegiate matches

An exhilarating October day, a cloudless sky above the sun-flooded campus, the eager anticipation of the onlookers, the waving of banners, the school yells, the blowing of countless whistles and horns; youth exultant! This is sports day!

And in that struggle for athletic honors it is the healthy boy who wins. The boy whose bright color and clear eyes bespeak of steady nerves and a cool brain. To him the honors fall.

His excellent physical condition is not mere chance. It is the result of weeks of training, of careful and judicious diet.

The most important item of that diet is MILK.

It is the most essential food in the world. Its body-building power is unexcelled. It is quickly and easily digested and aids the digestion of other foods.

Farmers' Dairy milk is richer than ordinary milk. It comes fresh from the countryside, from well-fed and well-tended cows. And it is made safe by scientific pasteurization in the Wonder Dairy of the continent.

NEED BETTER CELLS, GRAND JURY STATES

Recommend Woman Doctor for Mercer Reformatory— Jail Farms Satisfactory.

"We found the city hall police court and cells connected therewith to be in good order, but are of the opinion that more adequate cell and lavatory accommodation for prisoners awaiting trial at sessions should be provided, also better ventilation and light."

This was one of the recommendations of the general sessions grand jury in a report made to Judge Coatsworth yesterday.

"We spent considerable time," the report goes on, "inspecting the jail farms, and were favorably impressed with the cleanliness of both institutions and the manner in which both farms are managed. We would recommend that the salary of the government be made commensurate with his responsibilities and that a more efficient telephone system be installed."

"We visited the Mercer Reformatory and found the whole building scrupulously clean and well-kept, and are of the opinion that owing to the congested manufacturing district where this institution is situated that it should be removed to more suitable location. We further recommend that a woman doctor be appointed to attend the inmates of the institution. We visited the Mimico Asylum and found everything well-kept and in good order."

Favor Parole Principle.

We request that from the information received at the various institutions visited the prevalence of social disease and recommend strong measures be adopted to stamp it out. We recommend that the principle of parole be more fully adopted."

The grand jury said they had examined 49 indictments, returned 65 times bills, three no bills and allowed one bill to stand over because of the absence of important witnesses.

Most of the indictments were for theft and receiving and the jury said that they believe that if receiving were more severely dealt with, there would be less theft, and they recommended this to his honor's attention. Judge Coatsworth heartily concurred in the recommendations, and said they would be forwarded to the proper authorities. W. C. Wilkinson, former secretary of the board of education, was foreman of the grand jury.

ARABELLA

Arabella, which is bestowed in all good faith by fond parents, only to be cut down directly to the more convenient Bella, is a name of great power and dignity. It comes from the "League" series of Icelandic names, which are responsible for many of the appellatives popular in English-speaking countries.

Arabella signifies "eagle heroine." The first lady to bear the name was the granddaughter of William the Lion, of Scotland, who married Robert de Quincey. Another Arabella was the wife of the husband of John de Montpyncon, held the manor of Magdalen Laver, in the 39th of Henry III.

The Normans, who made radical changes in all names that did not sound like French, cut Arabella down to Arbell. "My Lady Arbell" was the title of the unfortunate Arabella Stuart, whose history is familiar to all of us. It is chiefly due to this poor lady that Arabella gained such vogue and had such widespread usage in England.

Arabella's talismanic gem is the diamond. It promises her health, success, and, if set in gold and worn on the left hand, true and abiding love. Thursday is her lucky day, and 6 her lucky number. The violet is her flower.

URGE ENDOWMENT OF GRENFELL WORK

Desire to Avoid Necessity of Doctor's Lecture Tours to Raise Money.

"I do hope that out of this visit will come the full measure and share that has been allotted to Toronto in connection with the endowment," said Sir Joseph Flavelle at a luncheon of the Grenfell committee of Toronto held at the King Edward yesterday, the occasion being to give all the members an opportunity to become acquainted with the hero of Labrador.

W. K. George, chairman of the committee, referred to the excellent work being done by Dr. Grenfell on the Labrador coast, and pointed out the urgent necessity for establishing an endowment that would enable the work to be permanently maintained without the necessity of Dr. Grenfell having to personally travel all over the world lecturing at frequent intervals, as he has had to do in the past.

Mr. George also emphasized the necessity of the various members, each of whom was in charge of a certain district, explaining to prospective contributors the money projective contribution of the money that was given was not going to be used up in the next twelve months, but would be invested indefinitely, the purpose being to invest all donations made in Canada in Canadian securities yielding at least 5 per cent interest, and to use the interest only for the Grenfell missions.

Dr. Grenfell thanked the committee for the warmth of their reception, and expressed himself as highly gratified at the financial results already achieved.

Those present included Sir Joseph Flavelle, Sir John Willson, Col. Noel Marshall, Justice Craig, Prof. G. M. Wrong, Dr. Geo. T. Webb, Messrs. W. K. George, F. Gordon Oaker, B. B. Cronyn, D. A. WOMAN MAKES PLEA FOR COMMUNITY WORK

What promises to be a very interesting series of lectures were inaugurated at the American Women's Club by Mrs. George C. Nasmith at the Sherbourne House Club yesterday afternoon. As the first in the "Masters of Literature," which will form the subjects of study, Mrs. Nasmith read Macaulay's description of the assembly in the house at Westminster for the trial of Warren Hastings, the selection serving both as a piece of classical literature and a fine piece of history.

As "current topics" Mrs. Nasmith read a newspaper clipping telling of "block community work" in Cincinnati. She made a plea for community work which should begin in one's own neighborhood, and referred to things being done in Toronto along this line, and especially to the buoyant effect of the community singing at the Exhibition.

A cycle of songs were delightfully rendered by Mrs. Qua. with Miss Cork accompanist. One of the numbers was the composition of H. Clough-Lightner, who is to meet the club at their next gathering.

REMEMBER VETERAN PRESIDENT'S BIRTHDAY

When Mr. J. K. Macdonald, the veteran president of the Confederation Life Association, and the dean of Canadian life insurance, arrived at his office on his 83rd birthday yesterday morning, he found a basket of American Beauty roses on his desk, as a kindly remembrance from the office and field staff of the company.

The members of the agency committee of the board of directors also remembered the occasion with another bouquet of roses. Mr. Macdonald has been for 48 years the head of the Confederation Life Association.

At noon, President Macdonald entertained the head office staff at a luncheon in the newly-opened lunch-room provided by the company for the members of its staff.

FUEL CONTROLLER TO LOOK FOR COAL

Ontario Government Acts on Reported Discovery at Shelburne.

The finding of coal in the Shelburne district and the proposal to found a public company for its development, which was exclusively reported in The World last Saturday and Monday, have roused the Ontario government to take some action in the public interest in the matter.

Reeve Brown of Shelburne advocated that before the public were allowed an opportunity to invest money in the local coal venture the government should send up a diamond drill and officially set at rest a thirty-year-old story as to the presence of coal in and around Shelburne.

The Hon. H. Mills, minister of mines, has compromised on this idea and yesterday announced that Fuel Controller H. H. Harrington will today proceed to Shelburne and make a thorough investigation into the whole matter and bring back samples of the coal obtained from the farm of G. F. Lyons.

Where is Diamond Drill?

The worst feature of Mr. Mills' appointment is the fact that the fuel controller is not a geologist, but a coal merchant, and can hardly determine with any authority whether the underground of Shelburne is composed of coal seams or only ordinary earth deposits. If Reeve Brown's idea of a diamond drill under the control of a competent geolo-

ELECT MODERATOR OF TORONTO SYNOD

Presbyterians Choose Madoc Pastor to Fill Office for Year.

At the opening of the synod of Toronto and Kingston, in St. James' Square Presbyterian Church last night, Rev. Dr. McFavish of Madoc was elected moderator for the ensuing year.

"This is a time of great change," said Rev. William Cooper, retiring moderator, in delivering the annual sermon. He pointed out that in times of crisis the way for the state and the church to solve problems had been taught in the 46th Psalm, which said: "Be still and know that I am God."

The first duty of a nation, community or church, when faced by a problem, was to study it in a spirit of reverence and faith. Action upon the knowledge thus obtained would lead to progress. There was a questioning spirit in the ministry, as well as in the state, but this was a good sign, and pointed to progress.

TO ADDRESS MEETING OF NAVY LEAGUE VETERANS

Sam Harris of the Toronto Navy League campaign committee, and Lieut.-Col. C. G. Williams will address a gathering of Navy League veterans in their headquarters, 38 Grosvenor street, tonight. The meeting will be open to the public.

Canadian ships sailing to all parts of the world carrying Canadian goods and manned by Canadians, is the slogan of the Navy League of Canada in their effort to raise \$750,000 in a national campaign for the relief of merchant sailors' widows and orphans, the training of Canadian boys to help sailors' institutes, and for the development and administration of the movement.

Dr. H. J. Cody, chairman of the campaign committee, has received a letter from D. B. Hanna, president of the Canadian National Railways, expressing hearty sympathy with the objects of the league and a desire to co-operate in every way.

WEDNESDAY MORNING, OCTOBER 13

The Sugar Barons!

The Globe of yesterday seeks in an invidious way to hold up the price of sugar. When it cannot say what it would like to say editorially, it has a trick of publishing one-sided news to help its friends.

Helping the Wounded.

Down in Quebec they now and then do something or say something to help "the wounded in Ontario" wounded by Ontario's school laws.

GRANT STAY OF EXECUTION IN JOSEPH REMILLARD CASE

Quebec, Oct. 12.—Joseph Remillard of Levis, sentenced to be hanged on October 21 for shooting Captain L. Morissette, who called at the prisoner's home to ask for the address of a friend and was mistaken for a lover of his mother, was today granted a stay of execution by Mr. Justice Desj.

No Application to Prevent Meeting of Irish League

Ottawa, Oct. 12.—So far as can be ascertained, no formal application has been made to the federal authorities for interference with the meeting of the Irish Self-Determination League, announced to be held in Ottawa.

of paper stocks in the Canadian pulp and paper mills are so anxious to sell to Canadian investors their watered shares, which many of these concerns recently put out.

Another Mining Branch Railway Wanted.

For the development of the mining camps of northern Ontario some further assistance seems to be needed from the provincial government.

Remarked in Passing.

If Montreal really wants to draw a herring across the trail that leads to deeper St. Lawrence waterways, why not suggest carrying the Newmarket Canal a few miles farther on?

Two hundred motorists contributed fines for speeding on the Hamilton Highway yesterday. Who said good roads were not a profitable investment for the community?

The grand jury says more police cells are needed at the city hall. Certain aldermen with a tendency towards over-zealous argument in debate had better be careful.

First thing we know, Ottawa will be sending for Mayor Church to deal with the sugar profiteers.

Judging from yesterday's race, Man O' War can stand still faster than Sir Barton can gallop.

Plungers who bet two dollars on Man O' War yesterday are hanging the dime they won on their watch chains as souvenirs.

Now that the world's series is decided, the presidential candidates in the United States will have a better hearing from a newspaper audience.

It may be necessary for some factories to work at night in order to get enough power to carry on. And yet there are some people who question the advisability of using the twenty-million horsepower now running to waste down the St. Lawrence River.

Well, it was a great race, and even if Sir Barton did win, it has shown Commander Ross to be a worthy leader in the sport of kings.

The manner in which council side-stopped the housing commission bylaw on Monday looks as tho it is the intention to let the bid die a natural death.

Agitation and organization have made a big issue out of the question of permitting the building of stables on a lane off First avenue, and there are likely to be wigs on the green before council sees the last of it.

THE HOUSE 'ROUND THE CORNER

By GORDON HOLMES

CHAPTER IX. (Continued).

Wondering what he was driving at, she obeyed. Then the true cause of Whittaker's fright was revealed. The natural light thru the plain glass of the door nearly overcame the weaker rays which filtered thru the colored panes, but as soon as the doorway was blocked, the figure of the Black Prince leaped into a prominence that was almost astounding, even to one who looked for some such development.

"Mary on us!" she whispered in a scared way. "Who'd ever ha' thought of the like of that. You must have bin comin' in 'er, sir, the way that poor young gentleman put foot on the second flight o' steps, an' that thing just lepped at him."

Your Working Partners

SUCCESS, in almost any line of endeavor, depends upon team work. Those who work with you to carry out your plans are, to a great extent, your business partners.

Among your business associates should undoubtedly be included those who provide your telephone service.

Private branch exchange operators, "central" operators, repairmen, linemen and other telephone workers perform a most important service in keeping open your "lines of communication."

They realize the importance of their work, and do their best to serve you efficiently and well. The Company uses every means in its power to choose its operators and other workers carefully, and to train them thoroughly for their work.

The Company and its employees are extremely anxious to give you as good service as you get from your most trusted employees.

If at any time our service does not fully satisfy your requirements, you may be assured that at such a time it has fallen below the high standard we set for it—a standard we are always striving to maintain.

With your active, friendly, helpful co-operation and good-will, the standard of service can be upheld.

The more you know about the Telephone it will serve you.

PISTOL SHOT ENDS FIGHT ON A ROOF. Patrolman Drops Negro to Prevent Being Hurlled Into Street. New York, Oct. 12.—Patrolman Martin Gill today struggled for twenty minutes on the roof of a five-story building with a San Domingo negro who was trying to arrest, and then shot his antagonist to save himself from being hurled into the street.

The negro, with a bullet in his stomach, and off the roof, falling into a bucket of wash, which a woman had left on the sidewalk. There he died a few minutes later. Scores of pedestrians stood on Sixth avenue, transfixed, watching the struggle, while guests in several hotels nearby pressed their faces to window panes. Finally a former sailor dashed by one leg just as the negro was about to roll him into the street. The negro, identified as Rafael Cotin, had by this time obtained Gill's pistol. He fired at the patrolman, wounding him in the shoulder. The sailor cracked Cotin on the head with a piece of wood and Gill, retaining his weapon, fired twice as the negro made his last furious rush. Medical Examiner Nor-

ris later expressed the opinion Cotin would be hanged, which he said would account for his almost superhuman strength. Gill, a veteran of the war who recently rescued two women from drowning in Central Park Lake, said he had attempted to arrest Cotin on complaint of a woman, who later disappeared, that he had insulted her.

SUGAR REFINERS WORRY OTTAWA. (Continued from Page 1). question would have to be settled on its merits. Cheap sugar in trainloads is being offered to big Canadian purchasers and whether it is coming across the line in quantities is a matter for surmise. By the customs officials in Toronto have shut up tight and refuse to tell. A world reporter was sent from one customs official to another yesterday, but all refused to discuss what was happening regarding sugar. The world learned, however, that the staff in Toronto were following instructions from Ottawa and were applying the anti-dumping law and the drug and pure food law, which calls for examination for adulterants before shipments are released. One of the most prominent sugar refiners stated to The World yesterday afternoon that the price of sugar

ELECTION NOTICE TO THE VOTERS OF NORTHEAST TORONTO. TAKE NOTICE that Sittings of the Revising Officer for the purpose of hearing complaints or appeals with regard to the voters' lists to be used at the pending election of a Member of the Assembly for Seat "A" in the Electoral District of Northeast Toronto, will be held in Court-room No. 2 in the City Hall on Friday, Saturday and Monday, the 22nd, 23rd, and 25th days of October, 1920, and that His Honour Judge F. M. Morson will be the Revising Officer, and his clerk will be J. L. Shannon, whose address is Room 107, City Hall. Each Sitting will commence at 10 o'clock in the forenoon and will continue until 5 o'clock in the afternoon (with an intermission from 12:30 to 2 p.m.), or until the appeals have been disposed of.

AND FURTHER TAKE NOTICE that any voter who desires to complain that his name, or the name of any person entitled to be entered on the said list, has been omitted from the same, or that the names of any persons who are not entitled to be voters have been entered thereon, may on or before Tuesday, the 19th Day of October apply, complain or appeal to have his name or the name of any other person entered on or removed from the list. AND FURTHER TAKE NOTICE that such appeals must be by notice in writing in the prescribed form, signed by the complainant in duplicate, and given to the Clerk of the Revising Officer or left for him at his address as stated above. E. COATSWORTH, Chairman of Election Board for the County of York. Dated at Toronto this 12th day of October, 1920.

INFORMATION AND RULES. The lists to be used in the coming by-election in Northeast Toronto will be the same as those used in the last Provincial Election in October, 1919, but subject to revision to add the names left off by mistake, or the names of persons who have since become entitled to vote in that district, and to strike off names of persons who are not now entitled to vote there. IF YOUR NAME WAS ON THE NORTHEAST TORONTO LIST FOR THE LAST ELECTION, IT WILL STILL BE ON FOR THE COMING BY-ELECTION. NO CHANGE OF ADDRESS SINCE THE LAST ELECTION AFFECTS YOUR RIGHT TO VOTE, PROVIDED YOU HAVE NOT MOVED OUTSIDE OF NORTHEAST TORONTO. The Electoral District of Northeast Toronto is bounded as follows:—On the north by Mount Pleasant Cemetery and (east of the Cemetery) by the present City limits; on the west by Spadina Avenue and Spadina Road; on the east by Logan Avenue, and on the south as follows:—by College Street, from Spadina Avenue to Yonge Street, Carlton Street from Yonge to Sherbourne Street, and Gerrard Street from Sherbourne Street to Logan Avenue.

The Voters' Lists are listed for inspection in the office of the Election Board, Room 107, City Hall, and in the office of the City Clerk. Information may be obtained by telephoning Adell 6588 between 9 a.m. and 5 p.m. Forms of appeal may be obtained from the various Committee Rooms or from the office of the Election Board. NO APPEAL FORM CAN BE RECEIVED WHICH APPEALS AS TO THE LIST FOR MORE THAN ONE POLLING SUB-DIVISION, AND ALL APPEAL FORMS MUST BE FILLED OUT IN DUPLICATE AND FILED WITH THE CLERK OF THE REVISING OFFICER FOR NORTHEAST TORONTO ON OR BEFORE TUESDAY, THE 19TH DAY OF OCTOBER, 1920. The Revising Officer's Clerk is J. L. Shannon, and his office is Room 107, in the City Hall. F. H. M. IRWIN, Clerk of the Election Board.

KIDNAPPER'S STORY IS SUBSTANTIATED. Rail to Which He Attached Baby's Body Recovered by Diver. Philadelphia, Pa., Oct. 12.—By the confession of August Pasquale, "the crank," the mystery surrounding the kidnapping of 13-month-old Blakeley Coughlin, who was stolen from his parents' home at Norristown last June, has been solved, according to authorities working on the case. At the same time, Pasquale is alleged to have confessed the murder of a woman in Philadelphia, which, local police believe, clears up the mystery surrounding the killing last June of Mrs. Rose Asherman, who conducted a rooming-house here.

Pasquale's latest confession, that after stealing the child from its crib, he accidentally smothered it under his coat and threw the body into the Schuylkill river, nearby, has been substantiated today, the authorities said, by the finding of a piece of steel rail and a string at the spot in the river pointed out by him. It is their opinion the body has decomposed and never will be found. In his confession, as given out in Harrisburg by Major Lynn G. Adams, superintendent of the state police, Pasquale said he tied a piece of rail to the body before casting it into the water. Today the prisoner, who has been locked up in the Montgomery county jail since his capture on August 2, led Capt. Samuel W. Gerhardt of the state police and a diver to the place where he claimed to have thrown the body. The diver brought to the surface the rail with the string still attached, as described by Pasquale. Thorough search of the river bottom in the vicinity, however, failed to reveal any trace of the child's body. Later Capt. Gerhardt and Major G. T. Lutz, zepher, counsel for George H. Connelin, the baby's father, inquired of physicians at the University Hospital how long it would take the body of a 13-month-old child to decompose and disappear in the waters of the Schuylkill. They were told was not possible. Gerhardt expressed himself satisfied that the mystery had been cleared up, but that the body would never be found.

Confessed to Murder. Major Adams also disclosed today that Pasquale had confessed to the murder of a woman in this city, believed to have been Mrs. Rose Asherman, the mystery of whose death two nights before the Coughlin kidnapping has now been solved. Pasquale is quoted as having said he killed a woman about 60 years old at a rooming house at 608 North Eighth street with a piece of steel, the latter part of which would take the form of a 13-month-old child to decompose and disappear in the waters of the Schuylkill. They were told was not possible. Gerhardt expressed himself satisfied that the mystery had been cleared up, but that the body would never be found.

Retal Price Sag. The World's informant quoted above stated that with some refineries refining of beet sugar has already commenced, and that this will be an important factor in bringing quotations down to a lower level. An important factor upon the raw sugar market is that many of the Cuban growers who had collected this commodity for the purpose of maintaining the level at a minimum of 22 cents have been forced to come down with a crash, and may soon be forced to sell at bankrupt figures of 11 and 12 cents. This at least is the impression gained by the Canadian sugar refiner at Havana. Last September Cuban growers were holding some 300,000 tons of the raw sugar, valued at \$50,000,000 credit, and already this year they have received several hundred millions of dollars from the sale of 3,000,000 tons.

Editorially The Canadian Department of Trade and Commerce Weekly Bulletin states: "Manufacturers and consumers in Canada are no longer under a delusion regarding the scarcity of sugar, and in light of the fact that the price of sugar has fallen to a level of 11 and 12 cents, the public should come in Canada right away by a drop from the present whole-sale price of 15c to 16c to 17c per pound, against the present American price of 16c. This probably can be effected without a destructive unsettlement of the sugar industry."

No Cabinet Action Yet. Ottawa, Oct. 12.—(By Can. Press.)—The cabinet met this morning, but no action has yet been taken regarding the sugar situation. Canadian refiners have urged operation of the anti-dumping clause to provide with cheap sugar from the United States. "There is no immediate probability of cheaper sugar for Canada," said a prominent member of the Retail Grocers' Association. "The market is weak, but the average retail price of sugar today is about 21 cents per pound. There is no likelihood of a drop in the price of sugar, but it does not appear to be immediately decreasing the price of sugar to the Toronto manager of the Wholesale Commission said that in such a case the general public has been helped in some way to prevent the importation of sugar at any time when the price at which it was purchased was more than five per cent lower than the fair market value of the goods in Canada."

"Murder will out" said Mr. E. M. Trowen, secretary of the Dominion Board of Retail Merchants' Association of Canada, in reference to the present situation with regard to sugar, and the pleas of the refiners for government protection, now they have been given up, and big stocks on a rapidly-declining market. "It seems to me that there has been too much speculation among the big fellows in sugar," said Mr. Trowen, "and it has been out with a bang from the very first—that the board of commerce should be empowered not to get after the refiners, but to get after the retailers, but also the refiners, wholesalers and manufacturers. If this authorization had been granted by the government, the board, acting in conjunction with proper advisory committees, could have accomplished what has not yet been done—speculation and profiteering. With regard to the sugar situation, the general public has been helped in some way to prevent the importation of sugar at any time when the price at which it was purchased was more than five per cent lower than the fair market value of the goods in Canada."
