DEFERRING ON STRIKE MATTER

Representatives of Factions Meet in Chicago.

Labor Board's Probable Proposal to Avert Trouble—Some Vote Decisions to Remain at Work—Washington's Position.

Chicago, Oct. 18.—The first of a series of conferences in Chicago at which representatives of all factions in the railroad strike situation may decide the outcome of the strike call issued by the big four brotherhoods for October, began here today, to continue over the weekend.

Freight rate reductions approximately equivalent to the 12 per cent wage reduction in wages ordered last July 1 by the railroad labor board, were indicated as the probable basis suggestion that the labor board will propose, with the backing of the administration, to avert the strike.

It is understood, said Commissioner Hooper, a member of the public group of the labor board, that the administration commission has a number of important rate reduction cases in hand, on which it will act immediately. That will give some impetus to work on the board's policy, as outlined by Commissioner Hooper, would propose to suspend the strike order on their part and their influence in preventing other walkouts, while the executives would be asked to concede the withdrawal of the proposed request for further wage cuts and grant an immediate reduction of freight rates.

President J. R. Howard of the Farm Bureau Federation today had on file here a petition for a ten to twenty per cent freight rate reduction on necessities of life. At the same time he telegraphed union leaders and railroad executives urging them to join him in a conference here.

Referendum votes have authorized the leaders of the maintenance of way men and shopmen to call a strike at their discretion, but the railroad leaders have summoned their executive council and executives of the maintenance of way union have called a general meeting of their twelve divisions. Membership of these two and others of the eleven organizations which have not issued strike notices number 1,600,000 as compared with half a million in the train crew group now under instructions for sectional walkouts beginning on October 30.

Vote for Work. New York, Oct. 18.—Thirty local chairmen of the railroad yardmen's association of America, which claims to have more than 2,500 members in New York, nearby New Jersey points and Long Island, have voted in favor of the members remaining at work in the event of a railroad strike. The association is not affiliated with the American Federation of Labor or any of the large railroad unions.

Columbus, Ohio, Oct. 19.—National headquarters of the railroad yardmen's association of America, which claims to have more than 8,000, throughout the country, today sent out notices to its members to remain at work in the event of a railroad workers' strike.

Washington, Oct. 19.—The railroad labor board will give the full support of federal authority in its endeavor to avert the railroad strike, it was expected to justify its creation.

New York, Oct. 18.—Members of the Seaman's Union will be on the coastwise passenger boats touching New York if there is a railroad strike, according to John F. Walsh, an organizer for the union.

THE WASHINGTON CONFERENCE

Washington, D. C., Oct. 19.—Belief that the British and United States representative at the summit conference will work together with the other nations through dividing possible causes of war, was expressed by President Harding yesterday in a cablegram to King George.

The president's cablegram was in reply to one received from King George on Monday, in which the British ruler expressed his appreciation of the bestowal of the United States medal of honor on Britain's unknown warrior.

Paris, Oct. 19.—Premier Briand went before the Chamber of Deputies yesterday and made it clear that his policy must have the support, the strong approval, of the deputies. If he was in the country must say so. He would, however, decline to associate himself with such a policy.

San Francisco, Oct. 19.—The Japanese military and naval delegation to the Washington conference plans to leave San Francisco tonight for Washington. Several women of the delegation have donated European clothing for the first time.

FUNERALS. The body of Mrs. Henry Coy, who died in the hospital yesterday, was taken to Capetown this morning. The funeral will be held at her late home tomorrow afternoon.

The funeral of Emily Gertrude, wife of Morton A. Yerxa, of Roslinville, Mass., was held this afternoon at Fern-grave.

The body of Eugene Durand, killed on the Rothess avenue work, was sent to Halifax last night by Undertaker P. J. Fitzpatrick.

Flour Cheap in Amherst. Amherst, N. S., Oct. 19.—An Amherst departmental store is advertising flour for \$4.25 a half barrel bag.

SLUMP IN MARK CAUSES RUN ON GERMAN STORES

Berlin, Oct. 19.—The accelerated slump in the price of German marks has caused a run on stores in many parts of Germany by foreign buyers who, despite the enhanced prices of most manufactured articles, are still able to purchase advantageously.

The Swiss frontier, according to the Vorwarts, has been closed for across-the-border trading in textiles, as Swiss buyers have completely stripped the frontier towns around Baden of articles of apparel. It is also reported that the Swiss watch industry almost paralyzed, on account of the cheapness of German watches in consequence to the slump in German marks.

LOCAL NEWS

HERE TOMORROW. Grant Hall, vice-president of the C. P. R., is due to arrive in the city tomorrow morning in his private car Mount Royal, which will be attached to the Halifax express. TELL TRUTH AND AVOID APOPLEXY

London, Oct. 19.—The most popular  
meetings of the British Association at  
Edinburgh were those relating to phy-  
siological subjects. The large lecture  
room was packed, and half the audience  
were women.

Dr. H. S. Langfeldt in his study of  
personality, said that exhaustive tests  
have shown that your blood pressure  
rises when you tell a lie. He added that  
this peculiarity is more marked among  
women than men.

The obvious inference, then is—speak  
the truth and lessen the danger of  
apoplexy.

A blood-curdling picture of the future  
was drawn by M. O. Forster in his presi-  
dential address to the chemistry section.  
"A day must dawn," he said, "when the  
last ton of coal and the last gallon of oil  
have been consumed."

Quality maintains economy.  
No matter how much you pay  
"per gallon" for other lubri-  
cating oils, you get more lubri-  
cation "per dollar" when you buy  
Imperial Polarine Motor Oils.

Imperial Polarine Motor Oils coat every moving part with an oil film  
which cuts down friction drag and reduces wear. They show up de-  
preciation costs and absolutely eliminate excessive repair bills and  
carbon troubles. You get more real motoring satisfaction, as well as  
more miles, for less money if you use, exclusively, the correct grade  
of Imperial Polarine Motor Oils.

Our Chart of Recommendations shows the grade especially suited to  
your type of car. Standardize on this grade. Consult our Chart at  
your dealer's. Our new booklet, "Automotive Lubrication" also con-  
tains the complete Chart, besides other interesting and valuable in-  
formation. Write to 55 Church Street, Toronto, for your copy.

materially reduce operating costs if you employ crank-case cleaning  
service regularly. Dealers displaying this sign give all crank-case  
cleaning jobs prompt and expert attention. Such dealers use Imperial  
Flushing Oil. It takes out all grit and dirt and does not impair the  
fresh supply of oil as would be the case if kerosene (coal oil) were  
used.

The Evening Times and Star  
ST. JOHN, N. B., OCTOBER 19, 1921.

The St. John Evening Times is printed at 27 and 29 Canterbury Street, every morning (Sunday excepted) by The St. John Times Printing and Publishing Co., Ltd., a company incorporated under the Joint Stock Companies Act.

THE POLICY OF DECEPTION.

The Conservatives have huge posters on St. John billboards setting forth that there are industries in these provinces, valued at millions of dollars, and employing thousands of men.

We are still nearly two months away from election day. If the Conservatives can spread broadcast such falsehoods at this early stage, what will they not do as the polling day draws nearer?

Take another instance. Mr. Meighen is confronted by the fact that Quebec is going strongly if not solidly Liberal.

Still another instance. Premier Meighen is warning the people of Ontario against "entanglements with the United States."

This is all very familiar. The same sermons from the same texts were preached before the elections of 1896, but the Liberals came into power and the government was not for one moment under the dictation of any province or of the United States.

So far as the province of Quebec is concerned, the trouble with the Conservatives is that Sir Lomer Gouin has entered the field against them, and they know that the Liberals will sweep the province.

The detailed results of the election are as follows: St. Martin's parish: Elected, Robert Crossman, 129; Reuben McLeod, 135; F. Shanklin, 149. Other candidates were: Thomas Kane, 123; George E. Mosher, 108; Charles S. Black, 106; John Howard, 95.

The councillors who dropped out of the fight this year are J. M. Donovan, of Simonds, and Robert Bowland and Wendell B. Bentley, of St. Martin's.

The Standard pays this tribute to the agriculturists of Canada: "Mr. Crea's manifesto is issued in the sole interests of a particular class, which class is composed of the very last kind of men who should be entrusted with the administration of affairs for the general welfare."

Hon. P. J. Veniot reminded his Campbellton audience last night that Hon. Mr. Baxter supported the government's railway policy of placing the Intercolonial Railway under direction of the Toronto board, while in the provincial legislature he moved to condemn the Meighen government for violating the pact of Confederation by placing the Intercolonial Railway under the present conglomerate of railways.

At Campbellton last night Hon. MacKenzie King, dealing with Premier Meighen's assertion that the railways had been taken out of politics, pointed out that one of the directors of the Canadian National Board was in the field as a Meighen candidate in Nova Scotia and there had been no announcement of his resignation from the directorate.

"I want to try it in my slight-shoot."  
"Shoot it?"  
"Yep."  
"What for?"  
"Oh, just for the novelty of seeing a dollar go a long way."

Then He Didn't Laugh.  
(London Tit-Bits.)  
A young man was wandering up and down the platform of the railway station, intent on finding an empty carriage in the train, which was almost blue to start. But in vain. Assuming an official air, he cried up to the last carriage, and strolled in a stationman's uniform, and by the stationmaster's permission he hurried out of the carriage and packed himself away in other parts of the train.

shopkeepers alleging that they are guilty of profiteering. Lord Beaverbrook's paper, the London Express, has taken exactly the opposite view. Lord Beaverbrook, addressing the Traders' Federation, declared that the first object ought to be the restoration of home trade, a lower bank rate to cheapen money, extension of credit and lower income, sugar and tea taxes. These factors have been ignored, he said, in the making of loose charges against the retailers.

## FIRST ELECTION WITH COL. BIGGAR

The Duties of the Chief Electoral Officer in the Coming Balloting.

Ottawa, Oct. 19. — (By Canadian Press.)—The coming general election will be the first in Canada which has been held since the abolition of the office of the clerk of the crown in chancery. Provision was made, in recently amending the Dominion Elections Act, for abolition of that office, and the appointment instead of Col. O. M. Biggar of Ottawa as chief electoral officer. His duties, as set forth in the act, are:

(a) Throughout every election to properly direct all returning officers, and, in case of incompetency or neglect of duty on the part of any of them, recommend his removal and the appointment of another in his stead.

(b) Exercise general direction and jurisdiction over the administrative conduct of elections, with a view to ensuring the fairness and impartiality of all election officers and compliance with the provisions of this act.

The chief electoral officer holds office "on the same tenure, is removable only for cause and in the same manner, and is from time to time paid the same salary and superannuation allowance" as a justice of the Supreme Court of Canada. "He shall rank as a deputy head of a department, shall communicate with the governor-general through the secretary of state for Canada," and, in addition to taking charge of the administration of elections, he is required to act as counsel for the crown or the attorney-general and make such enquiries as the governor-general may direct.

Outside of his assistant and two stenographers, "all of whom shall be appointed by the governor-in-council," the chief electoral officer is not given any permanent staff attached to his department. Provision is made, however, for him to appoint such temporary help as may be necessary from time to time for carrying out his duties in connection with the holding of elections. The chief electoral officer is in charge of all other election officers.

It is not generally known that provision is made in the Dominion Elections Act for the penalizing of any election officer "who is guilty of any mis-

### ECONOMY

**MOST** of us to-day are careful with clothes. It is economy to buy good things, and keep them so. It is economy to buy guaranteed Corsets, that will wear and wear, because they fit you well and will stand the test of frequent laundering. It is true economy to select carefully a pair of Warner's Rust-Proof Corsets.

Not only is it economy from the viewpoint of the corset, but it is economy on your outer garments—a good fitting corset prolongs the life of the dress.

Ask to see the new Warner styles. Ask about uncut pairs—the double boning and the double interlining—which mean so much in the life of the corset. Wear a Warner's and combine economy with comfort, style, and satisfaction.

**Paris' Own Charm**  
And an added saving of  
50c to \$10 on every gown

AUTUMN is here, all scarlet and windblown—forecasting a season of sparkling gayeties and urging you to plans of winter clothes.

Imagine being able to create frocks that will bear Paris' own touch—for less money than any clothes you made ever cost! Imagine being able to complete these frocks in a fraction of the time just ordinary sewing required! Imagine a more extensive, smarter wardrobe—at an actual money-saving! It's all in reach of your needlepoint—all because of a wonderful new invention—the Deltor!

Go to the Butterick pattern counter. Select there the Parisian styles that you like best; the Deltor simplifies the making of the most intricate gowns, suggests correct materials, and saves 50c to \$10 because it specifies less material than would be possible were it not for the Deltor's layout chart.

FOR—Paris styles for sports and social wear that you can make yours, with the Deltor.

FOR—Absorbing fiction, advice on the care and upbringing of children—how to economize in the home.

**The DELTOR**  
Saves 50c to \$10 on Materials

You will find this invaluable Deltor enclosed in the envelope with your Butterick pattern. It is not a part of the pattern itself, but a separate service.

First, the Deltor gives you an individual layout chart (yes, individual—not just a general chart, but one for your exact size and for each suitable width of material.) You buy ¼ to 1½ yards less material on every garment, a saving that amounts to 50c to \$10 on every gown you make!

Then, following the simple picture-and-word illustrations of just how to put your own frock together, your fingers fly with all the skill and finesse of a professional. You save hours of time and achieve the set, drape and chic of a Paris labelled model!

Finally, you finish your frock with the inimitably clever little touches of the true French modiste. Smart little ideas of frenchness are revealed to you in profuse detail—every important touch that gives your frock the air of Paris.

## A GREAT SHOW AT OPERA HOUSE

Pretty Irish Love Comedy and Charming Violinist Head a High Class Bill.

From the charm of Irish love comedy and delightful violin music to the droll antics of sagacious baboons and a trained bear ranges the new vaudeville at the Opera House—with comical and novelty in variety between Robert Kelly, assisted by Miss Molly Kennedy, a captivating young beauty from County Kilkenny, and little Larry, a clever child comedian, present a song playlet which depicts the courting of Miss Bedelia O'Shea. This is a very good character Irish sketch with music, singing, talking and dancing, which brings out the full story.

Miss Betty Washington is a violinist and she bears out all that the critics of two continents have said of her. Her musical art, displayed in a variety of compositions, is admirable, while her personality is sweetly appealing.

Miler and Evans, billed as a couple of "wise crackers," are loaded with more new comical chat than half a dozen

ordinary pairs, and the house is in a giggle while they are on.

Clifford Jordan opens the bill with a brilliant novelty—the manipulation of flaming batons and other objects, and the spinning on his head of an illuminated wheel, while Robinson's baboons and brainy little bear close with an exhibition of cycling and other circus stunts that sets the house shrieking.

The whole show is unquestionably the best seen at the Opera House in years, and is well deserving of capacity business during the engagement.

Service League, as the first step towards unity. President Maxwell advocated federation because it seemed to be the only legal thing. It was better to try that first, before embarking upon anything of a larger scale. The G. W. V. A. had always believed in unity, but the thing could not be rushed.

J. F. Marsh, secretary of the G. A. U. V., declared his association had never approved immediate amalgamation, but he believed with a government threat of the fifty per cent pension bonus being cut off, it was time for unity of some sort.

John W. Vaughan of Winnipeg, secretary of the Imperial Veterans, said his association had no axe to grind. He hoped to see the returned soldiers organized under one head, with two branches—one for Canadians and one for Imperials.

The relation of housing to unemployment was dealt with in a resolution which drew the attention of the Dominion government to an extract from the recommendations of the last parliament re-establishment committee to the effect that a loan to soldiers for housing purposes would go a long way to check unemployment. **Ends Stubborn Coughs in a Hurry**

For real effectiveness, this old-time remedy has no equal. Easily and cheaply prepared.

You'll never know how quickly a bad cough can be conquered, until you try this famous old home-made remedy. Anyone who has coughed all day and all night, will say that the immediate relief gives is almost like magic. It takes but a moment to prepare and really there is nothing better for coughs.

Into a 16-oz. bottle, put 2½ ounces of Pinex; then add plain granulated sugar syrup to make 16 ounces. Or you can use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, this mixture saves about two-thirds of the money usually spent for cough preparations, and gives you a more positive, effective remedy. It keeps perfectly, and tastes pleasant—children like it.

You can feel this take hold instantly, soothing and healing the membranes in all the air passages. It promptly loosens a dry, tight cough, and soon you will notice the phlegm thinning out, and then disappear altogether. A day's use will usually break up an ordinary throat or chest cold, and it is also splendid for bronchitis, croup, hoarseness, and bronchial asthma.

Pinex is a most valuable concentrated compound of genuine Norway pine resin, the most reliable remedy for throat and chest ailments.

To avoid disappointment, ask your druggist for "2½ ounces of Pinex" with directions and don't accept anything else. Guaranteed to give absolute satisfaction or money refunded. The Pinex Co., Toronto, Ont.

**COUGH REMEDY**

commented that the federal, provincial and municipal government be requested that all labor contracts contain a clause providing for the employment of ex-service men to the fullest possible extent.

**JUBILEE CONVENTION**

The Golden Jubilee convention of the Maritime Religious Education Council began its sessions last evening in Centenary church with a large attendance. J. A. Clarke of Fredericton, the president, opened the convention. Mayor Schofield presented the greetings of St. John, and Rev. Dr. Heine the greetings of the Bible Society. The address of the evening was given by Martin Lawrence, international Sunday school secretary, who gave an interesting and inspiring address on Sunday school work. L. W. Simus presented the report of the naming of committees as follows: Creighton, Gordon Flewelling, C. B. Watson; resolutions, Rev. H. S. Strothard, Rev. J. H. A. Anderson and D. W. Macdonald; nominations, G. D. Wallace, Rev. F. M. Milligan, Robert Reid, Rev. H. P. Patterson, Rev. O. H. Peters, and Mrs. F. H. West; press, Rev. A. E. Gostline and R. S. Stephenson.

Rev. W. A. Ross, the general secretary, made the announcements regarding registration and billing.

**MORNING NEWS OVER THE WIRES**

The circuit court at Woodstock yesterday true bills were found by the grand jury in the cases against Richard Britton, Oliver Davenport and John Burpee who are being tried on separate indictments on a charge of attempting to murder Wendell Slipp. A true bill was also found against the three Hartleys, charged with grievous bodily harm with intent. No bill was found in the case of Byron Ross, charged with manslaughter.

The fishing schooners Alcala and Independence of Lunenburg, which tied for third position in the races will receive third and fourth prize money between them. An attempt to decide the race yesterday failed on account of wind.

Daniel W. Hawthorne was almost instantly killed at the St. Croix paper mills in Woodland, on Saturday afternoon. While he was working around the water wheel the power was turned on. He was 38 years of age and was a native of Bethel, Mass.

George McAlpine, son of Douglas McAlpine of Weymouth, was instantly killed yesterday, when a gun was accidentally discharged, while he and his brother were on a hunting trip.

**BIG CONTRACT FOR CANADIAN FIRM**

Prospect of Building of 36 Grain Elevators in South Africa.

London, Oct. 19. — (Canadian Press Cable.) — Reuter's correspondent at Capetown, South Africa, says it is officially announced that it has been decided, subject to certain formalities, to place the whole contract for the erection of thirty-six grain elevators with a Canadian firm. It is understood that part of the machinery will be purchased in Great Britain, but almost the whole cost of the buildings, other than structural steel to be used therein, will be expended in South Africa.

**MINES STILL FLOATING IN ENGLISH CHANNEL**

Paris, Oct. 19. — Mine sweepers have again been called into use in the English Channel, and off of the French coast, following repeated warnings that floating mines have been sighted off Cherbourg. The Olympic is said to have missed one of the mines by a few yards.

**No Appetite**

Nervous exhaustion leads to distaste for food. The nerves of the stomach are weak, digestion fails and you become generally upset and out of sorts.

The secret of complete restoration is in getting the nervous system fully built up.

Mrs. R. Cheney, 208 Richmond St., Chatham, Ont., writes: "I was troubled with indigestion, which caused me many sleepless nights. I would be in terrible distress at times, and would get no relief for two or three hours. For sixteen months I ate nothing but Shredded Wheat biscuits, as I dare not eat anything else. I did not know what to do, as I had tried so many different remedies, as well as doctors' medicines, without gaining permanent relief. Finally I got some of Dr. Chase's Nerve Food, and while on the second box noticed that I was improving. I continued the treatment until I am now fully restored, and have returned to my regular diet. My husband has also taken Dr. Chase's Nerve Food with splendid results, so we are glad to recommend it to others."

**ALLEGED ATTEMPT AT EXTORTION IN C. B. LIQUOR CASE**

Sydney, N. S., Oct. 19.—Charged with attempting to extort money by means from Mrs. Annie O'Hearn, proprietress of the Royal Hotel, Herbert Moseley, and attorney and James Weatherbee, a county constable, were released on bail yesterday, pending a preliminary hearing.

Mrs. O'Hearn's story is that Weatherbee told her that N. S. Temperance Act Inspector Karn was about to bring several "sure conviction" liquor cases against her, estimated that the fines would total \$2,100, declared that he and his associates were holding Karn's witness in an office up town, and suggested that the cases might be avoided by paying \$350.

**Concentration Sale!**

**Amdur's Sell West End Clothing Store!**

ELIMINATION—That tells the reason for the boldest, most sensational sacrifice of Boots and Shoes ever featured by a retail store at the beginning of the season.

If prices will do it, we intend to convert over \$15,000 worth of Boots and Shoes into cash within the next two weeks. The sale of the West End store demands that space be provided at our King Square shop for a large stock of Ladies' and Men's Clothing. Hence this concentration sale which involves entirely eliminating our stocks of Boots and Shoes and materially reducing surplus stocks of clothing.

NO DANGER OF A WHEAT SHORTAGE

Not are There Indications of an Undue Surplus This Year.

There is no danger of a world shortage of wheat during the coming year, and there is at present no indication of an undue surplus, according to the October issue of Commerce Monthly, published by the National Bank of Commerce in New York. World wheat production and requirements are approximately equal in balance.

"Estimated 1927 production of wheat in twenty countries which before the war produced 88 per cent of the known crop of the world, aggregates 2,400,000,000 bushels as compared with 2,084,100,000 bushels produced last year," Commerce Monthly says.

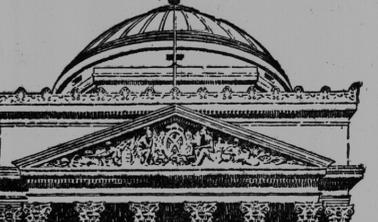

"The 1927 crop of the United States is estimated at 754,000,000 bushels and of Canada at 294,888,000 bushels. Allow-

The Industry of Growing Earnings

Many power and light companies are showing steadily increasing earnings both in gross and net.

The Southern Canada Power Company is one of such companies. The earnings for June showed an increase of 19 1/2% in gross and 28% in net over the same month last year, and for the nine months ending June 30th, 11% in gross and 21 1/2% in net increase over same period of 1926.

We recommend the 6% First Mortgage Bonds of this Company as a very attractive long term investment.

Original!

To have originated some great and permanent thing is to have done something truly worth while in which a deep and abiding pride may safely be displayed.

Consequently, it is with a feeling of genuine satisfaction that we remind you that the world's standard "quality way" of brush making—the process of gripping every bristle everlastingly in hard vulcanized rubber—was originated and perfected by the proprietors of Rubberset Company.

The trade name RUBBERSET identifies all brushes, and the only brushes, made under these methods as perfected in the factories of the originators.

Insist upon seeing it in the form herewith illustrated on every brush you buy.

St. Johns With Otta—Line  
Broke, Several Times.**

St. Johns, Nfld., Oct. 18.—After what was probably one of the most difficult passages in marine annals, the C. G. M. S. steamer Canadian Trooper is in port, having in tow the Norwegian steamer Otta.

The Otta left Montreal over two weeks ago, bound to England with 6000 tons of grain. The ship 400 miles off this coast encountered a heavy gale and her rudder stock was smashed. S. O. S. calls brought the Canadian Trooper bound to Montreal in ballast. For ten days the ships have been slowly steaming to land. Time and again the lines parted. During yesterday the line parted three times. Last evening the tug Monton and Hero went to the steamer's assistance, and with the Canadian Trooper steering, and the tug ahead, the Narrows was safely navigated.

### CHILD FALLS 30 FEET INTO A WELL AND SAVED

Franklyn, Mass., Oct. 19.—Clare Costello, the four-year-old daughter of Mr. and Mrs. Richard Costello, fell into an open well here. The promptness of William Rietty in descending after her saved the child from drowning.

The well is about thirty feet deep and had between three and four feet of water, but the child was removed so quickly that all she suffered was the shock and a cold bath.

**POLICE COURT.**  
George V. Parker, held in connection with a charge of receiving stolen goods, was before the magistrate yesterday afternoon. The goods alleged to have been wrongfully received were stolen from E. R. Taylor, tailor, of the west side, and from the C. P. R. while in transit. Evidence was given by Mr. Taylor in connection with some pieces of cloth produced in court, and by Thomas B. Wishart, shipping clerk of the Hart Boat and Shoe Co., Fredericton, who identified boots produced in court as some he had delivered to an express company for shipment to Camrose, Alberta. Robert McLennan, C. P. R. checker of Fredericton, and Albert H. Heenan, assistant C. P. R. agent at Fredericton Junction, also testified concerning the shipment of the goods. The case was postponed until Friday morning at eleven o'clock. Daniel Mullin, C. C. appeared for Parker, and H. H. McLean, Jr., for the C. P. R.

### BAPTISTS PASS RESOLUTION ON CHURCH UNION

Fredericton, Oct. 18.—The following resolution on church union was adopted by the Maritime Baptists today:

"In view of the various pronouncements of organic church union which are being made by various religious bodies, this convention of the Maritime Baptists in annual session, wishes to make known our desire for the most sympathetic relationship with all other Christian communions, but deem it was necessary to make it quite plain that any negotiations looking toward a closer union would not be entertained that did not recognize the validity and equality of our ordination with that of all other religious bodies."

At the afternoon session the report of the social service board was given. It dealt largely with prohibition and child welfare. The reports of the committee on resolutions and the board of governors of the Maritime Home for Girls were also presented. The closing session of the convention was held last evening. The eighty-fifth annual report of the Grand Ligue mission was received.

### WILL CARRY 2 PRINCES AND ELEVEN BLACK CATS

London, Oct. 18.—The battleship Renown will carry two princes when she starts for India in October to carry the Prince of Wales on a visit by the empire. Prince Charles, the second son of the Belgian King Albert, is a midshipman on the Renown. He probably will not share in any of the honors of the British prince, but will devote his time to his duties. He is well acquainted with members of the British Royal Family, for he was a cadet on board the vessel in which the British Prince George recently made a Mediterranean tour.

Eleven black cats have been taken on board the Renown as mascots. The Renown will take with her for receptions, several thousand extra cups and saucers, plates, knives, forks and spoons. The provisions include 112,000 pounds of beef, 16,000 pounds of mutton, and 2,000 pounds of ship's biscuits.

### THE ORPHANS' FAIR.

A large number of people were in attendance at the Protestant Orphanage Fair in St. Andrew's Rink last evening. All of the amusements were well patronized. The Martello band furnished music during the evening.

It was announced by the executive in charge of the fair that Mrs. James Gosline, of 18 Gullford street, West Side, was the winner of the ton of coal donated by the Colwell Fuel Company as the door prize for Monday evening. Ticket 807 won the door prize last night, which was an electric reading lamp donated by F. L. Potts. The holder of this ticket has not yet come forward to claim his prize. The other prize winners last evening were: Ring toss, J. R. Whalley; ladies' air gun, Mrs. J. T. McCormack; bean toss, Mrs. J. T. McCormack; book gates, Thomas Killen, Jr.; ten pins, F. Clark; excelsior, Thomas Campbell; gentlemen's air gun, Charles Fullerton. The City Cornet Band will furnish the music at the fair tonight.

**ABLE SPEAKERS HEARD TODAY**  
Interesting Session in Centenary Church.  
Religious Educational Council Listens to Addresses on Evangelism and Bible Message to Teachers.  
The second session of the Maritime Religious Educational Council opened this morning with devotional exercises by Dr. T. D. DeWolfe. The session was presided over by J. A. Clark, of Trenton. The meeting devoted itself to addresses on "Evangelism" considered from the educational viewpoint.  
The first address, by Rev. W. C. Machum, general superintendent of the Baptist Sunday school board, stressed "the significance of educational evangelism." The ultimate aim of the Sunday school was to win the boy and girl to Christ, not merely to enlist him as a church member. This was fundamental. Some misunderstood education in reference to evangelism. There was no evangelism that was not educational. Men must be informed before that important decision was made.  
The speaker cited the experience of Dr. C. L. Goodrich, who said "that in all his experience he knew of no one led to Christ who had not in early life been attracted in Christian truths in some way. The Sunday school must show this trait in the hearts of boys and girls, that there might be later stages the gathering in of larger harvests. Educational evangelism enables them to take the advantage of the secular opportunities of growing childhood. Great efforts were made in other days to reach the adult, but this phrase stressed the opportunity of the young. If they spent efforts on reclaiming the prodigal they would waste their future."  
If this work was so important then these institutions which touched the life of the young must be emphasized. This for them meant the Sunday school. The work now is not simply to reach those already within the constituency, but to reach out to all in the community. They have been simply playing at their task.  
Rev. A. Myers spoke on "The Needs and Methods of Educational Evangelism." He said that he was glad to see that the other provinces of the dominion were trying to meet the great task. Many were giving themselves to this task. The denominations were realizing that they must care for their own youth and also co-operate with the others. What were the child's needs? None were so ignorant and so helpless as a child. They were at the mercy of the adults to be taught as they like. God was at work with the child. But there were certain things that men must do. The child must be taught about God. Many children in towns and cities were without adequate religious knowledge. Children in the street get wrong impressions. The child differs from the adult and must be taught differently. They must be won to it. It was only when they were interested that habits were formed. Teaching was what was needed to win the boy and girl to Christ. The boy and girl were led to fight then the man and woman would live right.  
At the conclusion of Mr. Myers' address the delegates formed themselves into four groups for an hour's study. The children's division was led by Rev. W. A. Ross, the Teen Age Girls and the Teen Age Boys united under the leadership of Miss Mary Allison and M. Gregg and the Young People's Division of Rev. W. E. Mack.

**PRICES OF CANNED GOODS.**  
It has been incorrectly stated that there has been a recent sharp advance in the price of all canned goods. This advance has been 7 1/2 cents a dozen this only, and not 7 1/2 per cent, and from the fact that canned goods this year are considerably lower than for some years, the difference will not be felt. The opening prices of the Dominion canners this year were placed at almost cost, to help relieve the food situation. Corn opened at thirty cents a dozen, sixty cents a case less than last year; tomatoes at twenty cents a dozen less, peas and beans fifteen cents, peaches forty cents, pears seventy cents, cherries eighty cents and strawberries \$1 less all per dozen tins, and the advance recently made is on these prices only.

**THE SOLDIER MONUMENTS IN FERNHILL**  
A member of the Imperial War Graves' Commission recently visited St. John to arrange for the placing of the regulation soldier headstone on each of the forty-four graves in the naval and military plot in Fernhill, and it is expected the work will be completed in the spring. These stones are all of uniform plan, the world over, wherever a British soldier is buried. They will be of granite, two feet six inches high, with a maple leaf in a circle on the top, and below it a simple cross, underneath which will be the soldier's or sailor's name and description, with date of death, etc.  
The commission in Canada is acting under the Department of Militia and Defence and their own staff have been sent from England. They also will place a headstone by request on the grave of any soldier or sailor in a private lot, provided he died on service or from sickness caused by service. The officers who visited St. John expressed their delight with the plot in Fernhill, and said it was the best they had seen in Canada.

**AMATEUR SPORT.**  
Amateur News.—Already A. W. Corey is busy on the new year of amateur sport. Yesterday he spent in Amherst, getting acquainted again with the athletes of the town. He informed me in the course of the afternoon, that every possible step to keep Maritime sport clean would be made this year. Mr. Corey has the courage of his convictions. He plans on making a practically complete tour of the province with Vice-President Gordon Thompson of Halifax.
