DISSATISFIED OVER AGREEMENT OF IRISH PARTIES

Surprise Also is Expressed by London Newspapers.

Most Writers See in it a Surrender by Michael Collins to de Valera, With No Way of Enabling People to Express Views on Treaty.

(Canadian Press Cable) London, May 22.—Surprise and dissatisfaction are the predominant notes in the comment of the London morning newspapers on the agreement reached in Dublin on Saturday between the leaders of the opposing political factions. Most of the editorial writers regard it as the surrender of Michael Collins to Eamon de Valera and do not see how it will enable the Irish people to express their views respecting the Anglo-Irish treaty. Some also find a connection between the peace pact and the outbreak of Sinn Fein violence in the north.

The Times says the outrages in the north can only lead to a situation in which the last bounds of order will be reached. It declares that those responsible for the outrages are not connected with the treaty. The Daily Chronicle, the government newspaper, says "It may be wrong to connect in any way the agreement with the renewed hostilities against Ulster, but if they were unconnected before the event they will inevitably be connected in the eyes of Irishmen after it."

The newspaper fears that the Sinn Fein activities in the north will arouse burning indignation among the Protestants in Belfast and the statesmanship of the northern government's statesmanship to the utmost. It adds: "All Ireland would rejoice to learn of the agreement if it really meant that elections were freely to be held and that the people were to be the arbiters of their own fate, but we cannot see that it means anything of the kind. It seems to mean nothing but the provisional government in preparation to meet the hostility of its opponents, gaining nothing in return except postponement of the evil day."

The Daily News thinks the world must be growing skeptical of Irish patriots, one by one, very bold men. It adds: "The world would venture to say that the new agreement would produce peace in Ireland. The bitterest of the speeches in the Dail last week scarcely suggested that there was a sufficient stock of good will or adequate groundwork of common aims for budding forth with a bona fide pact."

The Westminister Gazette regards as the main feature of the agreement the fact that the Irish people will not be allowed at present to express their opinion of the treaty or give any mandate to create a strong government.

RECORD CATCH AT GRAND BANKS La Hare, N. S., May 22.—Captain John Thornhill of the schooner Marion Belle Wolfe, reports that he has arrived at St. John's, Nfld., with 4,000 quintals of fish from two bairtings, a record from the Grand Banks. On his return Captain Thornhill will be given command of a schooner being built at Shelburne by the designs of W. J. Ross, Halifax, which will compete in the Nova Scotia fisherman's races next fall, which will not be eligible for the international fisherman's races.

FOUR-FOOTED DUCK; TWO ON ITS BACK Flint, Mich., May 22.—Roy Traylor, a poultry farmer, living near Flushing, was startled on Saturday when he went to his coop to find a newly hatched duck running about on its back. He found it had four feet, two on its back and two in regular position. When its regular legs became weary it executed a flop and began prancing around on the other.

AFTER YEAR OF STRIKE FAIL TO REACH AGREEMENT Albany, N. Y., May 22.—Delegates of the International Brotherhood of Paper Makers, representing striking employees in the plants of the International Paper Company, adjourned on Saturday night after an all-day session, without reaching any agreement. The strike against the International Company has been in force for more than a year.

MRS MARY MAGUIRE Friends of Mrs. Mary Maguire, widow of Nathaniel Maguire, will be sorry to learn of her death, which occurred on Sunday at the home of her son-in-law, James Ewart, 220 Rodney street, West End, after an illness of several weeks. Mrs. Maguire was seventy-five years old and is survived by three sons, six daughters and thirty-six grandchildren. The sons are William and Leo of West St. John and John of Lunenburg. The daughters are Mrs. Fred Bossard of New York, Mrs. Robert Gillespie of Boston, Mrs. Cornelius Gillette of St. John, Mrs. Andrew Wilson of Lunenburg and Mrs. James Ewart and Miss Tressa Maguire of West St. John. The funeral will be held on Tuesday afternoon, burial at Lunenburg.

These little Jack Horners were sent to their corners for Eating Treaty Pie. But each said to his chum, "Never mind, we've had some, And will finish the lot by and by!"

TWO NEGROES ARE LYNCHED IN TEXAS

One is Hanged, the Other Burned at Stake for Attacks on White Girls.

Columbus, Texas, May 22.—Mose Brazier, a sixty-year-old negro, hanged to a tree by a mob of 800 people near Alleton, after he had been taken from officers who were making a charge of an attack on a young white girl.

Conroe, Texas, May 22.—Joe Winters, a negro, twenty-five years of age, was burned at the stake in the court house yard here on Saturday afternoon. Thousands of persons, including women and children, witnessed the burning. Winters, just before the match was touched to his oil-saturated clothing, admitted an attack upon a fourteen-year-old white girl. The burning of Winters followed a long chase with bloodhounds.

NOT MURDERED BUT OFF TO CANADA

The Belief of Vermont Police About a Farmer Whose Blood-stained Clothing was Found in an Outing.

Montpelier, Vt., May 22.—William E. Gay of Granville, whose blood-stained clothing was found on Friday in a deserted automobile near Montpelier, Vt., is not murdered, but went to Canada, so the state police authorities say. His body thrown into the Winooski River.

SIR GEO. FOSTER ON EMPIRE BURDENS

Sees Hope in Entente of Britain and U. S., and in the League of Nations.

Montreal, May 22.—Burdens which are upon the British Empire was the theme on which Sir George E. Foster dwelt in an address in St. James' Methodist church here last night. He found the European situation extremely grave in addition to the problems which are pressing upon the empire, notably in Egypt and India. He saw, however, two beacon lights, one being the entente between the English-speaking nations, the U. S. and the empire, and the other the League of Nations.

THE MACAROW BANK CHARGE IS DISMISSED

Judge Cusson Finds Nothing Deceptive or Wilfully Intended to Deceive in October Return Upon Which Allegation was Founded.

Montreal, May 22.—That nothing deceptive or wilfully intended to deceive was contained in the October return of the Merchants' Bank of Canada, is the substance of a lengthy decision handed down by Judge Cusson, who dismissed a charge against D. C. Macarow, of wilfully giving false reports to the minister of finance, was dismissed today.

WIFE IS SEEKING BUSINESS CONTROL

Proceedings Begun Relative to Former Mayor of Carleton Place, Ont.

Ottawa, May 22.—Proceedings to have George Arthur Burgess, a wealthy Carleton Place man and mayor of that town for 1921, declared incapable of conducting his own affairs were commenced here on Saturday by Mrs. Burgess. She is seeking to have the control of his business taken out of his hands and placed in her charge. Mr. Justice Orde reserved decision on the matter of leave to have the supreme court of Ontario try the matter.

MAY PETITION GOVERNMENT TO MAKE DONATION

Matter of Federal Grant for the Aid of Starving Children in Russia.

Ottawa, May 22.—The Russian famine relief fund has not received to date any official donation from the Canadian government. J. W. Woodsworth, M. P. for Centre Winnipeg, is answering a question with regard to the matter at a meeting last night under the auspices of the Friends of Soviet Russia, said that Colonel H. J. MacKie, whose efforts to relieve the sufferers he lauded, had spoken to members of both the progressive and conservative parties for support to make such a donation and had met with some degree of success, but that up to the present there had been no more heard on the subject from government sources.

DISARM WRANGLER TROOPS

Sofia, May 22.—The ambassador's council has ordered the Bulgarian government to proceed immediately with the disarmament of the Wrangel troops on Bulgarian soil and the dissolution of their military organization.

Washington Forecast of Attitude Toward Participation in Economic Councils in Europe.

Washington, May 22.—Participation of the U. S. in economic councils abroad when the governments of Europe are ready to eliminate political questions from the discussions would be a step toward the making of the tying and winning runs. The green is gone forever.

POLICE ENFORCE BLUE LAWS IN VICTORIA, B. C.

Refuse to Revoke Lord's Day Alliance Act Order, Though People Voted Otherwise.

Victoria, B. C., May 22.—The police commission has refused to revoke its order for the strict enforcement of the Lord's Day Act in Victoria. Although the anti blue Sunday league were armed with documents showing that the voters had gone on record by a seven to one vote last week against the closing of all stores in Victoria on Sunday, as provided by the Lord's Day Act, Mayor Marchant and Commissioner Stancle remained firm and declared they were willing to sacrifice themselves in a spirit of martyrdom rather than swerve from their interpretation of what their oath of office implied.

As Hiram Sees It

"I heard you was ridin' around in a carriage in Rockwood Park with a minister Saturday afternoon," said Mr. Hiram Hornbeam to the Times reporter.

"I was," said the reporter, "but this minister was once a newspaper man. He knows that no newspaper man could afford to keep a horse and carriage—and will never be able to go faster than a run until he attains the heavenly state—unless his earthly friends give him an occasional lift. Commodore Stewart of the Chatham World got up in an airplane once—but that was in France, and when they thought he was a veteran of the Franco-Prussian war and ought to get whatever he wanted."

"Was you an' the preacher able to agree?" queried Hiram. "We were," said the reporter. "You couldn't disagree with anybody in Rockwood Park unless you saw him throw away a burning match or cigarette, or commit some other reprehensible act. The horse was gentle, the carriage comfortable, the weather delightful, the scenery wonderful, and the minister most companionable. What have you got to say about it?"

"I hope it done you some good," said Hiram—"but I was thinkin' most about the preacher. He took an awful chance—yes, sir."

SOLDIERS SUFFER ON THE MARCH TO OTTAWA FOR AID

Bowmanville, Ont., May 22.—(Canadian Press)—McDonald's army of unemployed veterans en route from Toronto to Ottawa to appeal to the federal government for aid trapped into Bowmanville a little after noon yesterday and after having dinner and taking a rest, resumed their march eastward.

Many of the soldiers are suffering from a general sore throat and a sore eye, and a third of them have taken advantage of the kindness of motorists to reduce their road work. The report that the public is manifesting a generous spirit towards them and so far they have been able to eat regularly.

Taking Care of the Hair

The main trouble with hair is that we interfere so much with Nature and so unintelligently. All she wants us to do is to keep our hair clean and give it a little exercise. Don't wash any oftener than once a month and exercise by brushing rather than massage.

If you are one of those persons who think you have to wash your hair every week, wash it in lukewarm water, not hot. The weekly shampoo with hot water weakens the glands in the scalp so that they expand and do not contract actively, then the oil overflows, and you have excessively oily hair for several inches from the scalp, and then dry and brittle ends; a weekly shampoo also keeps the pores of the scalp wide open and the impurities of the body—oil and so on—go out through those open pores and make the hair greasy and clinging. It takes very strong hair to stand a weekly shampoo—better take treatments

In connection with it—tonic or intelligent massage.

There is a better way, we think, to keep your hair clean than washing it every week. Have two good brushes and wash one of them every day—brushing your hair with a dirty brush is inhuman treatment to one of your best friends. Your brush should have long flexible bristles, for they are the only kind that will thoroughly cleanse the hair and not break it. Then get a cleansing tonic—pour a little tonic in a saucer, take absorbent cotton about three inches square and, wadding it up, make a sort of sponge of it; now brush your hair out with the brush you've been using; then part the hair, beginning in the centre, and make the parts not over three-quarters of an inch apart; dip your cotton sponge in the tonic, squeeze it out a little so that the tonic won't go all over the hair, and rub it lightly on the parts. When you have got it all over your head, take a soft hand-towel and dry your head just as you do after a shampoo. Never use a Turkish towel. It

LIQUOR SEIZED.

A shipment of about 1,800 bottles of liquor in eighteen large cases filled as dry goods from this city to Toronto was discovered by Special Agent J. P. Ryan of the C. N. R., while in the yard here on Saturday night. One car, containing ten cases of 100 bottles each, was held, and the cargo of liquor turned over to the prohibition authorities. The other eight cases, which were packed under merchandise in another car, were allowed to go to Moncton, where it is expected that they will be taken out. The shipment was divided into three parts, addressed to three firms in Toronto by three different consignors. It is said that the names of the consignors are fictitious, and probably the names of the Toronto firms as well. The value of the shipment is in excess of \$10,000.

HERE IS THE RECORD.

More than two months ago, before the civic campaign for election of a mayor and two commissioners had fairly begun, the Board of Trade appointed a committee to prepare a report on hydro distribution.

hours in solitude, for meditation, or for the study of nature's varied forms and charms. Each passing week reveals new delights. Those citizens who do not have summer homes in the country have Rockwood Park within easy reach.

AN IMPROVED OUTLOOK.

Reviewing business conditions in the United States, the National Bank of Commerce of New York says that "improvement is definitely under way," but sounds a note of warning against recklessly increasing production in any direction.

When Roosevelt became president he had so large a family that he needed the entire White House. He got authority to build the present executive offices, but it cost a great deal more than Congress had anticipated.

Thus while on one hand it is evident that production must be increased carefully so as to avoid the risk of overloading the domestic market, the consuming power of which may easily be overestimated, there is evidence on the other hand that foreign markets will take care of reasonable surpluses.

Halifax Chronicle:—"The Laurier naval policy is accepted not only throughout the British Dominions, but in the Old Country, as the soundest and wisest policy, a policy which the experience of the war abundantly justified.

ROCKWOOD PARK

The swallows were flying low over the artificial lakes in Rockwood Park yesterday, and a genial warmth was welcomed by the bustling buds on birch and poplar. The may-cherry was in bloom, and the dandelion, the violets, the star-like flowers of the golden-thread, the trilliums, the honeysuckle, the blossoms of the wild strawberry, the hickory, the wild currant, the Andromeda, the Balausta and other varieties of heath; and in one favored location the lady-slipper was preparing to put forth its yellow glory above the rocky places where rich soil in the crevices gave it healthy growth.

The following striking comment by Mr. Lloyd George on the Genoa conference gives ample justification for that great meeting of the nations even if it had accomplished nothing more. Nothing the fact that the representatives of more than thirty nations rose and solemnly pledged themselves to non-aggression for many months to come, he said:—"We must remember that only a few weeks ago armies were massing on frontiers extending thousands of miles with the evident intention of marching against each other. By the Genoa conference their march has been arrested."

One negro was hanged and another burned at the stake in Texas on Saturday. One was charged and the other pleaded guilty to assault upon a young white girl. If both were guilty their crime was horrible, but not less so than the crime of lynching. Law and order cannot be maintained by mass repudiation of law and order.

Murder is more rampant in Ireland than for many months past, and there does not seem to be much hope that the agreement reached in Southern Ireland will bring an end to the strife. The real solution is the Irish Free State.

Today's cables say that a tentative agreement has been reached which may break the lock-out of the British engineering unions. Such a result would have a notable effect on the industrial situation in Great Britain.

The murder of a member of the Ulster parliament gives a still more serious turn to affairs in Belfast. The Ulster government is face to face with a very grave problem.

The warm wave will give a great impetus to vegetation in the province. The court ruled that ministers must pay income taxes on salaries. He now says it will be taken to the privy council.

A LITTLE HOUSE.

When I grew tired of gipsying, I bought a bit of land; I built a roof against the sky, A floor above the sand.

I built a fireplace for my fire, I bought myself a bed, I bought a pillow for my head. With linen sheets to cover me, A pillow for my head.

My house was neat, my food was good, My bed was soft—and yet Some sighs and sounds and smells there were That I could not forget!

I tried to stay, I tried to eat, I tried to sleep, but oh, One night the wind came calling me— What could I do but go?

What could I do but take my fire, And shut and lock my door? What could I do but set my feet Upon the trail once more?

But gipsying is not the same, For now I'm not so free— The little house I built myself Is always calling me! —Abigail Creason, New York Times.

When Roosevelt became president he had so large a family that he needed the entire White House. He got authority to build the present executive offices, but it cost a great deal more than Congress had anticipated.

It looked bad for "Uncle Joe," but, getting up leisurely, he remarked, dryly: "History tells us that a century ago good Abigail Adams (wife of John Adams) was wont to do her washing and hang it in the East Room. Mr. Speaker, where is that clothes line today? The House howled with glee, and the deficiency bill went through.—United Press.

"Soap King," who is in Toronto on a visit. He said, "My faith in Britain and British business is absolute and complete." He is one of the greatest industrialists of the United Kingdom, owning the Island of Lewis, one of the outer Hebrides, and most of the trawlers running out of Hull. During the war he bought twenty-three factories, although he owned seventy-five already.

"AN IDYLL OF PEACE" Both the heroes of the following poem are graduates of the Episcopal church college, Saint John's, Shanghai; the poem was written by a churchman in reprinting in The Church News of Spokane, which facts may justify its appearance here:

To the capital city where peace plans were Came the Chinese delegate, Wellington Koo, And there he was joined as conferee By the Chinese minister, Dr. See. Said Koo to See: "We both agree That our Japanese friends need a small 'navy.'"

"I think that'll do," Said See to Koo. So Dr. See and Wellington Koo Prepared the very best plan they knew, And this was the gist of the Koo-See song: That the Japanese fleet is much too strong. Said Koo to See: "The oceans are free, And the fewer warships, the better for us."

"How terribly true," Said See to Koo. Then they found that the plan of C. E. High Had a strong resemblance to that of Koo's; And they saw that the rest of the conferees Had sentiments similar, quite, to See's. Said Koo to See, "While pointing the tea: 'How peaceful the world appears to be.' 'One lump or two?'" Said See to Koo.

Meanwhile across the water the seeds of future discord are being sown in the "Proletarian Schools" which have been organized since the war. These are conducted chiefly by alien agents with foreign money. The children attending are taught that there is no God, are encouraged to abuse the King and to insult the British flag. There are forty of these Sunday schools in London, forty-eight in other parts of England, and a much larger number in Scotland and Wales.

BOY SAVED BROTHER. George Sauve, Aged Eight, Acted Part of Hero. Cornwall, May 22—Through intelligence and bravery, a lad of eight years, George Sauve, saved his six-year-old brother from death by drowning. They were left playing at their home near the canal. Their mother, Mrs. Peter Sauve, was in town paying a grocery bill. The younger child slipped into the canal, and who were passing, rushed to his assistance. The little boy had long hair and this, no doubt, accounts for his rescue, as it enabled his brother to discover him quickly and pull him to the edge of the water with the aid of another boy, Willie Duffy.

Passage. (Cale Rice Young in The Forum.) Come, let us watch that rock down in the tide (So many things must go, so many things!) Once we were young and the sea was not so wide, Or love had wings. Once we could round the earth without a sail. (The magic winds are gone, the magic foam!) Where was the harbor that we did not halt— That was not home? Come, we will watch the moon with thoughts, not dreams, (Whatever goes, love stays, love warns and warns)

Winged is youth; and yet our way still seems Toward Paradise!

THE EVENING TIMES AND STAR, ST. JOHN, N. B., MONDAY, MAY 22, 1922.

DOCTOR ARRESTED, WAS WELL ARMED

Graduate Student Says the Equipment was "Joke on Girl"—Blames Drink and Drugs.

New York, May 22.—Dr. Arthur Hart Remington, 46, a graduate student at Flower Hospital, a former intern at the Metropolitan Hospital and member of a well-known family, was held in \$600 bail by Magistrate John E. McGeehan in Morrisania Court for Special Sessions on a charge of violating the Sullivan law.

The physician, who told the court he had no license to practice here, was arrested at 149th street and Moti avenue by Patrolman Henry Hoekler of the Alexander avenue station. He was armed with pistol, bludgeon, dagger and a belt of cartridges. A desire to "play a joke on a girl friend" was the reason given by the prisoner for his equipment.

In his room at 1 East 101st street the police found many suits of good clothes and other wearing apparel, although the physician was dressed like a tramp when taken into custody.

A search at the Alexander avenue station showed that the belt, of Sam Browne style, had wires hanging through holes, from which were suspended the bludgeon with a brass end and wrapped with twine dyed in ink; the dagger, concealed in a scabbard, a pair of pliers and a screwdriver.

Dr. Remington told the magistrate he had been drinking heavily and admitted that a bottle of paregoric found in his room by the police had also been used by him. He said he had become an intern at the Metropolitan Hospital to cure himself of the habit.

Both Dr. House, chief physician at Flower Hospital, and Dr. Cannelly, head

of the Metropolitan Hospital, spoke highly of the prisoner.

Dr. Remington said he was a graduate of the University of Pennsylvania Medical School and had been at Flattsburg and Fort Oglethorpe during the war training period. He said his mother and a sister were in California and that he had another sister in a brother in Philadelphia.

Philadelphia, Pa., May 22.—Dr. Arthur Hart Remington is the son of the late Dr. Joseph Remington, for many years Dean of the College of Pharmacy here. He married Miss Sophie Thomas, daughter of the late George C. Thomas, who left an estate worth over \$7,500,000. They were married in Philadelphia on Feb. 7, 1898, and were divorced Feb. 28, 1910.

Mrs. Remington later became the wife of Walter Schuyler Volkman, a retired naval lieutenant of California. She is the sister of Leonard M. Thomas, who married Miss Blanche Oetrick of New York.

IF OUR LITTLE ONES WERE IN NEED, WHAT?

Thousands of Children in Russia Starving and There is Appeal to Canadians.

(Issued by the Canadian Committee Save the Children Fund, Sir George Burn, treasurer, Elgin Building, Ottawa.)

The community of nations is being splendidly demonstrated in the case of Russia's starving millions. Down at bottom we must see that the response to Russia's appeal rests on something deeper than mere policy. It is the human side of international relationships that has called forth an expression of innate brotherhood.

The strongest appeal has come from the spectacle of thousands of starving Russian children. The thought of little boys and girls, and of babies in their mothers' arms, dying slowly and painfully through lack of food touches human hearts as nothing else could. They are the helpless ones. They can do nothing but wait, while hunger reduces their little bodies to mere skeletons and ends their lives.

We have never had a famine in Canada, thank God! We have always had plenty and to spare. Crop failures have occurred in localities, but never over a wide area. We have been spared the spectacle of acute want among the

HUSBAND'S LOVE
FOR GOLF WINS
WIFE DIVORCE

New York, May 22—The ties of golf grew stronger than those of family for Sterling P. Hayward of Montclair, according to his wife, Mrs. Rachel Dean Hayward, who now lives with her mother in Germantown, Pa., and who obtained a divorce from Vice Chancellor Fielder in Newark.

Hayward is manager of the Connelly Iron Sponges and Governor Company of New York, is of a prominent Montclair family socially, a stockholder of the Glen Ridge Golf Club and a member of the Princeton Club of New York. He is reported to be wealthy.

According to Mrs. Hayward, it all started when her husband joined the Glen Ridge Golf Club, in 1910, about a year after their marriage. His attitude toward her began to cool, she said, and he left her frequently to visit the golf club. By 1914 his attitude had changed from "coolness to badness," she spent much of his time journeying from one golf tournament to another and refused to take her alone.

He left for one trip to Europe, she said, without even advising her of his plans, and when he returned greeted her at the door with a cool "How do you do?" brushed past her to his room, put on a golf suit and immediately left for the club with his golf sticks.

Hayward testified that the trouble lay with his wife, who, he said, was not respectful to him and was not interested in the things he liked. His wife is considerably younger than he is. He said she had not been accustomed to wealth before her marriage, as he had been, and that she ran up large bills, but his Vice Chancellor Fielder allowed Mrs. Hayward \$85 a week alimony and the custody of the children.

SENTENCED TO 14
STROKES OF LASH

Chief Judge Decarie Also Sends Accused to Prison for Seven Years.

Frank Smith, alias Louis Kaloutsky, was sentenced to seven years in the penitentiary and to fourteen strokes of the cat-o-nine tails by Chief Judge Decarie in the Court of Special Sessions in Montreal. Smith was convicted of seducing and abducting a girl under fifteen years of age, having brought her from Ste. Adele, Que., to Montreal. The case was brought before the higher criminal courts following a trial in the Juvenile Court which brought to light the actions of Smith.

Before imposing sentence Judge Decarie asked the prisoner what his real name was. "Frank Smith," was the reply. "I thought your name was Kaloutsky," said the judge. "Oh, that is my brother," replied the prisoner. He denied being married and a father of a family in Montreal, protesting that he had become engaged to be married to the girl at Ste. Adele, and that he was willing to marry her now. "Your behavior in the past," declared the judge, "is such as to warrant no sympathy from this court. You have acted in a most despicable manner; you have left your wife and children penniless in the street, and you have ruined the life of the other young girl who was living peacefully with her parents, honorable people in the village of Ste. Adele. I sentence you to seven years in the penitentiary, and you will be whipped with the lash, seven strokes upon enter-

SONS OF ENGLAND
CHURCH PARADE

Greatly impressive was the annual service of the Sons of England, held yesterday afternoon in the Victoria street Baptist church, when the members of the three lodges, Marlborough, New Brunswick and Portland, attended in a body and St. Mary's band of forty members assisted in the stirring musical portions of the service.

The service throughout was deeply patriotic and appropriate. F. J. Punter sang a solo, and the anthems "Onward Christian Soldiers" and "Break Forth Unto Joy" were sung with splendid effect. The collection taken at the service was for the expenses of the church which has heavy responsibilities in connection with its new building.

CRUISER HERE
LAST YEAR IS TO
BE SCRAPPED

It is announced in British naval circles that the fast cruiser Constance, which was in St. John harbor for several days last year, will shortly be scrapped in the old country, as a development in the new programme of building up vessels to reduce the strength to that agreed upon at the Washington conference. The Constance still is on this side of the Atlantic, but will leave Halifax soon on her final voyage. She has been spending several days in Boston harbor and left that port on Friday for the Nova Scotia capital. The officers and men were entertained during their entire stay in Boston. They made many friends during their stay in St. John, where they were also entertained.

IN HONOR OF THE
CITY'S FOUNDERS

In a sermon commemorative of the Loyalists founded by the city of St. John, preached in Trinity church last evening, Rev. Canon R. A. Armstrong referred to the fact that each year it had been the custom for the late D. J. Seely as president of the Loyalist Society, to come to him and ask that on the Sunday nearest to May 18, Loyalist Day, he should preach a Loyalist Day sermon.

Canon Armstrong said that since last Loyalist Day Mr. Seely has passed away in his ninety-sixth year and he paid a tribute to that life well spent which he had been a strong link with the past. It was right that reference should be made to the Loyalists in that church, as a benediction gathered her hood under her wings and ye would not."

When the American colonies were breaking away from the British crown, although it cost them their wealth and set their lives in danger, the Loyalists did not waver in their patriotism. Particularly, the Christian religion made men but it followed that good men made good citizens and every inhabitant of a town should seek to add to its beauty. It was chiefly the memory of great and unselfish men which would excite patriotism and he wished to recall the Loyalists, whose qualities of heart and mind and whose perseverance in building a city hewn out of rock should instill intense patriotism.

While Christ's standard, that was more truly great who rendered most valuable service to the greatest number, made little progress in the minds of men and policy was too often a game of ambition rather than a sphere of usefulness, yet the common heart responded to Christ's teaching and the Loyalists had counted him the greatest who achieved the most for the most. Therefore the Loyalists would be remembered so long as there was a city of St. John or the church of Trinity stood.

Rev. A. L. Fleming, preaching in St. John's (Stone) church yesterday, was moved to great heights of eloquence. He referred to the day as falling midway between Loyalist Day and Empire Day and the subjects of his sermons were essentially patriotic. In the morning he spoke more particularly of the Loyalist enterprise. In the evening his theme was the equality of rights with the equality of duties, and the equality of duties, which he entailed. His text was "For He shall have dominion from sea to sea, and the river unto the end of the earth" which text he said had been in the minds of the Fathers of Confederation and the river was chosen to end Canada a "dominion." Not until God had dominion from sea to sea, Mr. Fleming said, would there be true national unity and lasting peace in the great Dominion.

MOUNT ALLISON
BACCALAUREATE

Sackville, May 21—Before an audience which completely filled Charles Fawcett Memorial Hall, Rev. Dr. Ross, professor of English Bible, in Mrs. N. College, Montreal, delivered a powerful sermon tonight, his subject being "Five Steps to Truth." The sermon was part of the baccalaureate service of Mount Allison University for the year just closing and was certainly a discourse that should be treasured by all who heard it. The text five, verses nineteen to twenty-two, "Quench not the spirit, despise not prophesying, prove all things, hold fast that which is good, abstain from all appearance of evil."

The music was of a high order of excellence and fully maintained Mount Allison's standard. The stringed orchestra of Mount Allison conservatory and a choral class of nearly 100 voices, gave the numbers with splendid effect. Dr. Borden, president of the university, presided and with him on the platform in addition to members of the university faculties, were Hon. Dr. Wood and Senator P. B. Black, and Rev. Charles Flemington, of Perth. The exercises throughout were of a most interesting and impressive character and will long be remembered by those who were privileged to be present.

Among the victors in attendance at the closing are the following: Mrs. E. S. Weeks, Mrs. H. B. Barnhill, Mrs. F. L. Rayworth, Bayfield; Mrs. Gordon E. Crowe, Miss Isabel Flemming, Truro; Mrs. J. C. Johnston, Mrs. E. E. Styles, St. John; Miss Therese MacDonald, Pictou; Mrs. Harold W. Gates, Mrs. K. L. Dawson, Halifax; Miss Evelyn Hewson, Miss Bernice Stultz, Miss Nora A. Proulx, Mrs. Carl W. Fridham, Miss Georgia Whitman, Lawrenceton (N. S.).

After Three Weks Use
of BON-OPTO

Le Junta, Col.—I am pleased to report that I have been using Bon-Opto for my eyes about three weeks with very satisfactory results. For the last two or three years I have been unable to attend meetings without wearing colored glasses on account of the electric lights hurting my eyes and causing only a short time till they would begin to hurt and the letters run together. Now I can read three or four hours with no pain at all and perfect clearness. A few days ago I was in a lodge hall three hours and my eyes did not hurt at all formerly they would have pained me two days.

Thousands use Bon-Opto daily to cleanse, refresh and strengthen their eyes. It is especially valuable in morning to open the eyes when they feel rough or sticky, or to cleanse the eyes after a ride in the automobile. Doctors prescribe it and druggists recommend it and sell it under a money refund guarantee.

MAJOR MAGEE
TAKES PLACE OF
MAJOR FROST

At a meeting last week of the Council of the Provincial Rifle Association, the resignation of the secretary, Major J. S. Frost, was regrettably accepted, after faithful service in the secretary's position for fifteen years. Major Frost finds his business activities becoming too pressing to permit him to continue. A strongly worded resolution of appreciation of Major Frost's services, and those of Mrs. Frost as well, was adopted at the meeting. Major W. C. Magee was unanimously elected to fill the office of secretary and treasurer. Discussion took place regarding a revival of the inter-provincial rifle shoots between New Brunswick, Nova Scotia and P. E. Island. It was thought that the shoot could be held in Halifax about the middle of June. This match has not been held since 1918 and was an event of great interest when it was held. The provincial meet will be held this year at Sussex during the week immediately preceding that of the Dominion Rifle Association meet at Ottawa.

LEAVES \$30,000 TO
PROTESTANT HOME

Charlottetown, May 21—Over \$30,000 will go to the support of a home for aged Protestant women, according to the will of Horace Hassard, former M. P., and a wholesale grocer, who died recently, leaving an estate worth \$60,000. Small bequests are made to St. Paul's church and the Prince Edward Island Hospital, the balance of the estate going to relatives and friends.

40 Years Old—and Over

For forty years, the human machinery has been working without rest. For forty years, the Heart has been pumping blood through the body, every second of every day in all these years. For forty years, the Stomach has been helping to digest three meals a day. For forty years, the Kidneys and Bowels have been carrying off the waste of the body. After forty years, these vital organs of the human system begin to slow up. Very gradually; almost imperceptibly. But there comes a lack of nimbleness to the limbs, an inclination not to hurry. One notices that favorite dishes do not agree with the stomach. The Liver grows less active and Constipation develops. Sometimes, there are Headaches, Pain in the Back, Bilious Attacks, or a Rheumatic twinge makes itself felt. One has to be careful about the diet, avoid draughts and wet feet, and wear heavier clothing. After 40, one begins to believe there is something in this talk about high blood pressure and hardening of the arteries.

City Tax Rate This Year \$2.98

Twenty two Cents on the \$100 More Than Last Year—Valuation Drops More Than Million and Half—About 850 More Taxpayers—Halifax Rate \$3.10.

The tax rate for the city for this year will be \$2.98 on the hundred dollars, so E. Murray Olive, chairman of the board of assessors, announced this morning. Last year the rate was \$2.76 and in 1920 it was the same as it is this year.

The city's proportion of the rate this year will be \$2.20 and that of the county seventy-eight cents; last year it was divided \$2.02 and seventy-four cents. The total valuation this year is \$54,040,300, as compared with \$55,626,350 last year. This reduction is caused partly by a depreciation in the values of stocks in trade and reduced profits in industries. The amount of the surplus on incomes decreased from \$26,000 to \$18,000. There is an increase of about 850 in the number of taxpayers.

The assessors are about one week behind their last year schedule, but it is expected that the assessment will be filed on about the same date as last year—June 20. Last year the discount period ended on July 14.

The tax rate in Halifax this year is \$3.10, but there there is no income tax.

AGAIN TAKE UP REQUEST FOR LAND FOR ORPHANAGE

Suggestion of Payment of Some \$2,500 for Front Lots

Will be a Further Report—Decision Reached on Ferry Piling Question—N. E. W. Stairs for Murray Street—Prince Wm. Street Paving.

Further consideration was given this morning by the city council in committee to an application from the New Brunswick Protestant Orphan Home for a block of land in the city town planning area at Lancaster for the erection of a modern home. Commissioner Bullock reported that he accompanied a member of the board to the site and suggested that the organization pay the purchase price of the six front lots on the Manawagonish road, which amounted to some \$2,500. He said that the total area was about fifteen acres and took in about eight lots. Commissioner Frink was of the opinion that the land in question was the best that the city owned in that district, and while the object was commendable one it should be expressed by the petitioners whether the project was a province-wide one or confined only to the city.

The chamberlain, D. G. Lingley, said that he doubted if the city could donate the land, as it was granted with the provision that proceeds from its sale should be applied to the city debt. He reported that about \$80,000 was held in a special fund now, received from that source. He said that \$80,000 was offered some years ago for the purchase of the whole area.

Commissioner Bullock agreed to report further. The Stephen Construction Co. wrote regarding the oak piling being placed on the east side of the ferry. They said they had several piles seventeen inches at the butt, but the specifications called for eighteen-inch piles. They offered a reduction of five cents a lineal foot if they were allowed to drive the seventeen-inch piles, or they would complete the contract with eighteen-inch piles, but the work would be delayed.

Commissioner Bullock argued against delay in completion of the work. The city engineer, he said, was of the opinion that the seventeen-inch piles would make a satisfactory job. The mayor said it was not a question of which size was satisfactory; the city specifications should be carried out.

G. H. Waring, ferry superintendent, said that the piling received was a good class of timber. He said on account of some of the rotten stumps it was impossible to drive all the piles fifteen feet deep.

On motion of Commissioner Bullock, it was decided to accept the first proposition — to allow the contractors to drive the seventeen-inch piles.

George G. Clark offered \$25 a year for a lease to lot 825, corner Ludlow and Rodney streets. On motion of Commissioner Bullock, it was decided to lease the lot for seven years from May 1, 1922, at \$30 a year, the lessee to build his own retaining wall and sidewalks and not allow filling to interfere with a main sewer through the mill pond.

Commissioner Frink recommended that John Flood & Sons be allowed to use a section of Burpee avenue for their plant used in the erection of a new school, provided they kept open a twenty-two-foot roadway and accepted all responsibility in the matter, and put the street back into proper shape. Carried.

Commissioner Frink re-submitted a plan of the Murray street steps. This was first submitted last year, but action was delayed by a petition to grade the street to Main street. The cost of the new proposed concrete steps was placed at \$804. The cost of making the proposed grade was a great deal higher.

It was decided to recommend the carrying out of the work, payment to be made by bond issue. G. N. Hatfield, road engineer, reported that the Currie Construction Co. might be allowed to lay a section of one of the heavy traffic streets at their own expense with a new pavement, "Solignum" in order to test it out. On motion of Commissioner Frink it was decided to accept the report and submit a copy to the Currie Construction Co. Commissioner Frink was authorized to purchase cement for Prince William street paving at a cost not to exceed \$425 a barrel. This, he said, would make the net price, less bags, \$3.25. C. H. Ferguson wrote on behalf of Misses Major, 165 1/2 Prince William

MAY SAVE SCH. ADA A. M'INTYRE

Better Report Comes from the Vessel Ashore on Point Pringle.

Reports reaching the city this morning from the schooner Ada A. McIntyre, which lies aground on Point Pringle, indicate that there is a good chance of saving her, in spite of the reports on Saturday that she was beyond salvage. A report yesterday was that the rudder and keel were gone, but that the bottom was not pounded out as was at first feared. The weather moderated yesterday, and today the sea was reported calm.

The owners are reported negotiating for the use of either the government tug Helena or the tug Springhill, and one or the other of these craft may go to the scene tonight or tomorrow morning. Should the effort to pull the vessel free be successful, she will probably be towed to Seaside or King's Cove for repairs. Captain Barton and his crew will remain at Grand Manan until after the vessel is floated or it is decided to abandon her.

Sydney Pilotage District.

Ottawa, May 22.—(By Canadian Press.) The minister of marine and fisheries has been appointed "pilotage authority" for the pilotage district of Sydney, N. S.

It was asked if the city would accept forfeiture of vault space under the sidewalk. The matter was left with the commissioner.

Commissioner Frink reported that the N. B. Power Co., in a letter, agreed to pay \$3.00 a yard for the concrete under the ties in Prince William street. They had no new rails, but would lay the best available and all new ties. The cost was to be taken from the bill for street lighting. The road engineer said the Power Company was indebted to the city for paying to the amount of about \$47,000.

The communication was ordered received and the terms accepted.

F. N. McNair, Middle street, asked the city to build a retaining wall at the corner of Waterloo street. The road engineer said the street was filled about eighteen inches, and suggested that the city might pay for the top eighteen inches of any wall built on the property. The report was received and referred to Commissioner Frink with power to act.

Regarding application of Thomas Dean, Jr., for permission to install a gasoline pump in City road, Commissioner Frink said he was not prepared to report on the matter. He said he had an application of F. W. Kelly to erect a gasoline pump on the curb on Leinster street. He said some policy would have to be adopted by the council in this connection.

Commissioner Thornton reported that his attention had been called to the fact that there was no sewerage in Metcalf street extension. Commissioner Wigmore said he was preparing a plan to take care of this condition.

Genuine Congoileum Art Rugs at Reduced Prices

Commencing today, we are offering a large variety of these nationally advertised Rugs at special discounts, 10 per cent to 20 per cent lower than usual.

The prices on these goods are set by the makers, and we invariably follow their list, which is extremely reasonable, but in the present instance, we have a large accumulation of discontinued patterns in broken sizes which cannot be renewed. We have therefore arranged with the makers to allow us to clear these out at reduced prices in order to make room for the new designs. The rugs we offer are exactly the same quality and carry the same guarantee as any others, and we think they are just as handsome in appearance. We have every size to offer, and it will pay you to look them over while the variety is large. See our window display.

**VESSELS COLLIDE;
100 DROWNED**

Brest, May 21—Nearly 100 persons perished last night when the Peninsula and Oriental Line steamer Egypt sank off the Island of Ushant after collision with the French freight steamer Seine. The Egypt sailed from London for Bombay on Friday with forty-four passengers and a crew of 290. A roll call on board the Seine after the disaster showed that at least fifteen of the passengers and eighty of the crew of the Egypt were missing.

The collision occurred during a dense fog within twenty-two miles off the French coast. The disaster was about to be sounded on board the Egypt. Many of the passengers and crew were on deck. The hulk of the Egypt was seen to sink and a number went down with it. The Egyptian was rammed amidships on the port side.

The Seine, badly damaged, reached port today with twenty-nine rescued passengers, more than 200 of the crew and the bodies of twenty dead. The main of the Egypt is among the rocks. When the collision occurred there was a rolling sea.

The Egypt was a vessel of 8,000 tons. The Seine was bound for Havre when the disaster occurred.

BAD WRECK ON C. N. R.
Newcastle, May 21—A bad wreck occurred at Derby Junction at 8 o'clock this morning when an extra freight was derailed and tore up the track for a considerable distance. The train under a car of heavy steel rails gave way suddenly and ten cars went off. The wreckage was piled up in great confusion, and although wrecking crews from Moncton and Campbellton were rushed to the scene, it was not until 6:30 in the evening that the track was clear again. The north-bound Ocean Limited and the south-bound Limited were both held up while the repairs were being made. The engine of the freight train was No. 8278 and the train was in charge of Driver Edward Betts and Conductor Murphy. No one was injured.

EAST ST. JOHN WAS DRY.
The residents at East St. John were without water supply during yesterday from early morning until about 4 o'clock in the afternoon, when repairs were effected to a broken joint connection under the creek. The creek was dammed and the water sluiced over until the new joint was placed in position. Commissioners Wigmore was in charge of the gang from the sewerage department.

**REACH AGREEMENT
IN SOUTH IRELAND**

Dublin, May 21—An agreement making possible the holding of Irish elections in June and the formation of a coalition cabinet was reached yesterday by the leaders of the two political factions in southern Ireland and was unanimously approved by their respective followers in the Dail Eireann. Michael Collins and Eamon De Valera arrived at the agreement after all possibility of reaching any semblance of reconciliation had been virtually abandoned.

The articles of agreement follows: First—That a national coalition panel for this the Dail Eireann, representing both parties in the Dail and in the Sinn Fein organization, be sent forward on the ground that the national position requires entrusting the government of the country into the joint hands of those who have been the strength of the national situation during the last few years without prejudice to their respective positions.

Second—That this coalition panel be sent forward as from the Sinn Fein organization, the number from each party being their present strength in the Dail.

Third—That the candidates be nominated through each of the existing party executives.

Fourth—That every and any interests are free to go up and contest the election equally with the National-Sinn Fein panel.

Fifth—That constituencies whose elections are not held shall continue to be represented by their present deputies.

After the speaker had announced that an agreement had been reached, the terms were read and were greeted with applause. Mr. Griffith then proposed his motion for elections in June, subject to the agreement, which was unanimously adopted. The Dail afterwards discussed the granting of £100,000 for relief of distress and adjourned until May 31.

**MOUNT ALLISON
CLOSES YEAR**

Sackville, May 21—Mount Allison closing exercises for the college year 1921-22 began on Friday night when a splendid concert was given in the Charles Fawcett Memorial Hall. The audience, while not large, made up in warm appreciation what it lacked in numbers. Miss Kathryn Thompson, soprano, with Miss Dorothy Higgins, accompanist, all members of the faculty of Mount Allison Conservatory of Music, composed a trio of artists of unusual ability. Every number received hearty and prolonged applause, testifying to the delight of the audience.

Junior Recital.
Fine weather yesterday greeted the visitors. There was a large audience in Fawcett Hall in the morning to hear the recital by the junior students. Every number was well received. One of the notable features was the violin playing of little Frances Cole, who, though only nine years old, gave an exhibition that would have done credit to one of mature years.

When You Eat Meat
be sure you eat it with Shredded Wheat. You need the carbohydrates and the mineral salts. Nothing so deliciously nourishing as Shredded Wheat with a rasher of bacon. Shredded Wheat contains the three mineral salts the body needs—calcium, iron and phosphorus—also the vitamins that are so necessary to normal growth.

Shredded Wheat
is 100 per cent. whole wheat, nothing added, nothing taken away—cooked in steam, drawn into filmy shreds, and baked in coal ovens. The most real food for the least money.

Shredded Wheat Biscuit is delicious with hot or cold milk, sliced bananas, prunes or rasped fruits. Tropic is the Shredded Wheat wafer and is eaten with butter, cheese or marmalade.

industry, care and ability of the young ladies. One of the best exhibits in this department is by Miss Marjorie Johnston, of St. John (N. B.)

THE RAVAGES OF CANCER.
Dr. Franklin H. Martin, who is the Director-General of the American College of Surgeons, says "cancer is the worst enemy of the human race." Dur-

ing the war Canada and the United States lost 165,000 lives through casualties and illness, but during that period these two countries lost 450,000 through cancer. Of these fully one-half or two-thirds might have been saved by early recognition of the disease and treatment.

LOCAL NEWS

In the Anglican and Catholic churches, Monday, Tuesday and Wednesday this week will be observed as rogation days, days of prayer that the seed sown may yield abundant harvest. Special prayer was offered in the churches yesterday for the blessing of the seed and many pulpits references were made regarding the observation of rogation days.

Friends of Max Williams assembled at a farewell banquet in his honor on Saturday night at the Dufferin Hotel and presented to him a handsome traveling bag. Max Marcus acted as toastmaster and the best wishes were extended to Mr. Williams, who is leaving today for Montreal, where he expects to make his home. Mr. Williams expressed his thanks for the gift and the good wishes of his friends in a brief speech.

Rev. Thomas McDonald, who for the last year and a half has been assistant to Right Rev. J. J. Walsh, D. P., V. G., pastor of Holy Trinity church, will leave this evening to visit relatives in Boston. After spending a short time there he will go to Halifax, in which diocese he will continue his priestly labors. Father McDonald, who is a native of Edinburgh, Scotland, has made a great number of warm friends in St. John who will regret to learn of his departure.

His Lordship Bishop LeBlanc has appointed Rev. A. P. Allen pastor at Peterborough in succession to Rev. Wm. P. Hannigan, transferred to Sussex. Fr. Allen was ordained at the Cathedral on June 29, 1917, by Bishop LeBlanc. He is a son of Mrs. Mary Allen and the late John Allen, Waterloo street. He was a student at St. Joseph's University, St. Joseph, and pursued his theological course at Holy Heart Seminary, Halifax. Since his ordination he has been the secretary of His Lordship Bishop LeBlanc and the chancellor of the diocese for several years.

Our portrait is of Mr. MICHAEL T.
DONOVAN, of St. Michael's, Long Eaton, England, who writes:—

"Some years ago whilst touring Ireland with 'Sanger's Royal Circus,' I contracted some kind of an irritable skin complaint, which seemed to baffle different treatments in the way of ointments and lotions, all of which utterly failed to give me the slightest relief. Recently at Long Eaton, where I am engaged as Advertising Manager of The Picture Palace, the conductor there begged me to try Clarke's Blood Mixture, but I refused. However, he, knowing his curative powers from experience, made me a present of a bottle, which I began to take. Recognizing a slight improvement in my lotions, I got another bottle, and continued the treatment until I had used four bottles, and now my skin is perfectly healthy again."

Sufferer's Bad Legs, Abscesses, Ulcers,
Eczema, Itch, Pimples, Eruptions, Chasms, etc. should realize that lotions and ointments can but give temporary relief—to be sure of complete and lasting benefit, the blood must be thoroughly cleansed of the impure matter, the true cause of such troubles. Clarke's Blood Mixture quickly attacks, overcomes, and expels the impurities, that is why so many remarkable recoveries stand to its credit. Pleasant to take, and free from injurious ingredients.

Of all Dealers—see that you get
Clarke's Blood Mixture
"Everybody's Blood Purifier."

Octogenarian's Suicide.

A TENTATIVE AGREEMENT HAS BEEN REACHED

The Engineering Situation in
England—Plan for Federation With More Than a Million Members.

London, May 22.—(Canadian Press).—The negotiating committee representing the employers and forty-seven engineering unions, but excluding the amalgamated engineering union, have reached a tentative agreement which will be submitted to the individual unions on Tuesday.

The members of the unions are now locked out owing to their refusal to sanction the claim of the employers for greater managerial control, especially in the matter of overtime.

By a large majority the locomotive engineers' and firemen's union has endorsed a big scheme to link up all grades and sections of the transport and rail-

way workers in a transport workers' federation. If the scheme is approved by two other railway unions the federation would number more than a million.

IN THE CHURCHES.
The organist, Captain James E. Browne of St. John's (Stone) church gave an organ recital in the church last night after the evening service and it was greatly appreciated by a large congregation.

In the Victoria street Baptist church at the morning service yesterday two other railway unions the federation candidates were baptized by the pastor, Rev. G. D. Hudson and at the evening service they were received into church membership.

The special music in the Carleton Methodist church yesterday was sung with fine feeling. Miss Rose Neil was the soloist and the anthem sung was "Father Keep Us in Thy Care." A quartette was given by Mrs. Barrett, Mrs. Brunstrum, Mr. Barrett and F. J. Punter.

IRON, STEEL, METAL AND MACHINERY

Canadian Markets Generally are Reported Firm—May Best 1921 Month So Far.

In its summary of the iron, steel, metal and machinery markets, Canadian Machinery and Manufacturing News, Toronto, makes the following comment in its May 18th issue:—

Canadian markets generally are firm. Demand is keeping up as well as can be expected, and with a few exceptions, there is no cause for complaint. The iron and steel section is showing decided signs of strength, and the volume of business closed so far this month indicates that it is by far the best this year.

Small tools and supplies continue to be in fairly good demand. Enquiries are increased, no added interest in the volume of added business is satisfactory. Galvanized sheets are particularly active, and the price is now \$5.00 in place of \$5.25.

Roofers are exceptionally busy, and in some cases cannot accept further orders. A well-known Canadian representative of a large American concern says that if Canadian consumers do not place orders for their steel requirements in the near future, they will be sadly disappointed in delivery dates, for the American steel mills are booking a large number of orders ahead. Railroad material is in heavy demand in the States, but Canadian markets will not show strength in this respect until the government decides to spend money on track material. Such a move is unlikely at present.

Non-ferrous and scrap metals are very quiet. Pig iron has also tapered off. Consumers of pig seem to be pretty well covered, and until the rate of metal is increased in foundries throughout Canada, no added interest can be expected.

Machine tools are holding their own, but large orders are not being closed. Single machines are usually asked for but several good prospects are according to dealers, nearing the closing point. The general tone of the closing

M'LEAN GIVES STRONG STORY OF EXPERIENCE

Declares Mealtime Comes Too Slowly Now, and Says He is Lucky to Get Such a Valued Medicine as Tanlac.

"My troubles are all gone and Tanlac helped me in every way," said James McLean, 220 City Place, St. John, N. B.

"Stomach trouble made my life miserable for three years. I seldom ate anything except at noon, and the food soured on my stomach and caused gas that made me gasp for breath. I got insufficient sleep, and while it was such severe would come in my side that I could hardly stay on the job."

"I heard so much good about Tanlac I tried it and now mealtime comes too slowly, my appetite is so keen. I get plenty of restful sleep and my gas is all gone. I'll always put the good word along for Tanlac."

Tanlac is sold by all good druggists.

THE BUSINESS COLUMN

Edited by Mansfield P. House (Copyright)

Changes Interest on

Chiefs Crooks of Fairbury, Neb., a town of 5,000 population, tells some interesting facts about the unique methods for collecting accounts used in this town.

The Crooks store had difficulty in getting its money until the following plan was adopted:

All customers whose accounts are paid before the 10th of the month are net cash.

On all accounts over thirty days net charge of 7-8 of one per cent. is charged.

For all cash purchases of which 31 or more is paid on account, a discount of five per cent. is given to the customer.

Before the plan was adopted Crooks' business ran about forty per cent. cash and forty-six per cent. charge purchase. Afterward his business was seventy-two per cent. cash and twenty-eight per cent. charge.

Of course, a great many customers object to being charged 7-8 of one per cent. on their overdue accounts, but after the cash plan is explained to them—after they see the way in which the store actually earns five per cent.—they realize the fairness of being charged. Crooks says that one farmer who came to the store and raised a big row about being charged for his overdue account became a regular customer when he saw that he actually saved by paying cash.

"Here's the way the cash discount works," Crooks explained. "A woman comes to buy a coat, and she says \$50. I say \$45. She says, 'That's all right, but you're not giving me a discount of five per cent. because you paid cash,' explains the woman going away feeling pretty well disposed toward the store. 'I'll warrant she goes home that night and tells her family about getting back \$2.50 on a cash purchase. It's one of the best advertising stunts we have, for it's trading on the old love of getting something for nothing.'"

Says Stocks Are Still Too Large

E. M. Skinner, general manager of Wilson Brothers, and recognized as one of the leading authorities on men's wearing apparel in the U. S., declares that the merchants today are still disregarding the lessons 1921 taught by carrying unusually large stocks of clothes and furnishings on hand.

"Merchants explain that it is difficult to reduce overhead costs," he says. "But if these merchants will look around them they will see men doing business and not complaining about selling clothes. Retailers who are preparing are those who have caught sight of present-day problems, are analyzing and remedying conditions, and using every known method for stimulating and expanding trade."

A man must constantly see to it that his expenses are below his profits. In many cases retailers have been found who do not know what amount of stock should be carried in proportion to business. I know of merchants who have had as high as fourteen times the stock required for the volume of their business. Last year declining prices and depression diminished the assets of clothing merchants, while liabilities increase in an almost like proportion. For the great crowd, should watch the condition of stocks more than ever during 1922, and every other item that tends to increase the general cost of overhead."

Lets "Customer" Educate Clerks

One of the most important things which department store clerks are trying to perfect today is the relationship between the sales-clerk and the customer. In the majority of cases beginning salespeople are always instructed to handle the customer, but the Jordan March Company, of Boston, has taken the other side of the question and argues it from the standpoint of the customer himself. The following entitled "How To Treat Me, The Customer" appeared recently in the store's house organ, The Plover Worker:

"First, Be agreeable to me. Be agreeable in voice and all details of dress. Agreeableness is one of the few things

Say Ads Make Trade Friendly. "Does Educational Advertising Pay?" was the topic of the address given by Richard H. Hebb, publicity director of Swift & Co., before the Advertising Council of the Chicago Association of Commerce at the Hotel Morrison.

Mr. Hebb pointed out that a great deal of what is regarded as educational advertising might better be called "good" advertising. Perhaps it is necessary to define "educational advertising," he said. "To some men doing national advertising 'educational advertising' is anything that does more than name one specific article. To these people this type of copy means an advertisement which includes everything they manufacture from direct to complete automobiles, or from fertilizer to porthouse steel.

"Good" advertising of all kinds, if properly handled, carries direct and special benefit to the concern which is marketing identifiable products. All of us like to see with our own eyes, and in our case it is also industrial. It advertises Chicago's greatest business, the packing industry, and it is a physical wreck. Luckily my husband was able to get a good job just when I had to go to bed. I tried everything I could think of to get strong, but each day I seemed to be getting weaker and weaker. I was reduced to a skeleton, I couldn't eat or sleep. I had no strength left and finally I was so weak that in trying to cross the floor one day I collapsed. I was so ill and weak that I didn't care whether I lived or died. And then I heard about that marvelous preparation—Carnol. A friend of mine had used it with wonderful results and as it had done so much for her, I decided to try it. The results were nothing less than miraculous. In two weeks I was able to get up and walk about. I was actually hungry. I could sleep when I went to bed, something I had not been able to do for months. I have already taken six bottles of Carnol and I am still taking it. I weigh more today than I ever weighed before in my life. I sleep like a child. I am never tired and my skin is as clear and my cheeks as rosy as a girl's. I bless the day I heard about Carnol." Mrs. K., Toronto.

Carnol is sold by your druggist and if you can conscientiously say after you have tried it, that it hasn't done you any good, return the empty bottle and we will refund your money. s-12

"SIX MONTHS AGO"

"It's hard to realize that six months ago I couldn't walk across the floor and now I am so well!"

"I have never been very strong but the heat last summer was too much for me. This and the fact that my husband was out of work and I had to work day and night to keep from starving, left me a physical wreck. Luckily my husband was able to get a good job just when I had to go to bed. I tried everything I could think of to get strong, but each day I seemed to be getting weaker and weaker. I was reduced to a skeleton, I couldn't eat or sleep. I had no strength left and finally I was so weak that in trying to cross the floor one day I collapsed

ATHLETIC.
Six Sport Papers.
The growth of interest in sports and athletics in Poland has led to the establishment of six sport periodicals during the last nine months, according to the Kurjer Polski of Warsaw. In addition, practically all of the leading newspapers now devote some space to sporting events. A few years ago regular sports columns in the newspapers were unusual, and it is only comparatively recently that mention of news of this type has become at all a regular practice.
Of the six new periodicals devoted wholly to sports, three are published in Carow, and one each in Warsaw, Poznan and Wilno. The three more important ones, according to the Kurjer Polski, are the "Sporting Review" and the "Sporting Weekly," both of Carow, and the "Sport" of Lwow.
TURF.
South Shore Wins King's Plate.
South Shore, a four-year-old brown filly, carried the Thorneiff stable colors off in the historic King's plate held in Toronto on Friday. Eleven horses started, and the time for the mile and a quarter was 2:12.
BOWLING.
Thorne Lodge Wins Series.
The second series of the I. O. G. T. Bowling League has ended and Thorne Lodge quintette emerged victorious by wide margin. The first series was captured by No Surrender Lodge and these two teams will be pitted against each other to decide the championship. This match game will take place on Black's alley tonight, and the total pinfall shall decide the issue. Supporters of both teams are confident that their favorites will win and as the teams are fairly evenly matched an exciting game is anticipated.
The standing of the league for the second series follows:
Won. Lost. P.C.
Thorne Lodge 21 3 .875
No Surrender 15 9 .625
District 7 17 .291
Dominion 5 19 .208
AQUATIC.
Cornell Wins.
Derby, Conn., May 21—A great Cornell crew defeated Princeton and Yale in the varsity race on the Housatonic River last night. The red and white shell swept down the course of two miles in the first time of ten minutes, eleven seconds.
Princeton was second, three lengths behind the winner, and Yale was third, nearly four lengths behind Princeton. The Princeton time was 10:25, and Yale time, 10:42. The triangular freshman race was won by Princeton which spurted in the last quarter mile after a Cornell oarsman dropped his oar for a moment. The times were—Princeton, 9:53; Cornell, 9:56; Yale, 10:18.
Because of a false start the race did not begin at the regular mark and the distance was not a full two miles.
AMATEUR SPORT.
(Moncton Transcript).
President A. C. Covey's statement to the press ought to help clear the air in M. P. A. U. of C. circles. Sportsmanship rests on the principle that the game shall be played according to the rules; the rules may be subject to improvement, but while they are generally accepted they should be loyally observed. Professional athletics may have its place, but the encouragement of amateur athletics is more important to a community. Whether athletes from one town win games from another community is no doubt a matter which touches local pride, but to play the game according to the rules, win or lose, is a far more important matter because it touches a community's honor.
The trouble seems to be that some athletes who occupy a doubtful border line between the amateur and professional classes have been suggested by a few sports promoters in an attempt to eat their cake and have it too. But a community's interest in sport lies mainly in its value as a means of providing a healthy discipline and exercise for the greatest possible number of people.

REJOICING AMONG LEBANON PEOPLE

New National Assembly Under French Mandate

Large Measure of Self-government is Accorded, but Some Hold for Independence—Details of Recent Serious Troubles.

Beirut, Lebanon, April 28—(A. P. by mail)—The people of Lebanon have been celebrating with feasts the proclamation of a new constitution for Lebanon and are setting up of a new national assembly under the French mandate. The constitution, as proclaimed by General Gouraud, the French high commissioner, affords the country a large measure of self-government.

The administrative committee of the Lebanon which was nominated by France in 1920 for the purpose of cooperation in government affairs in Lebanon has been dissolved and has been succeeded by a representative assembly whose members are all elected by the people.

There are thirty members in the national assembly. In accordance with the French electoral law which was promulgated in Syria, there is allowed one deputy for every 20,000 inhabitants. The census just completed shows the population of Lebanon to number 600,000.

The constitution affords the national assembly absolute power over legislation, taxation, education and welfare in Lebanon. France, however, retains control over foreign and military affairs.

The extremists are naturally dissatisfied with the provisions of the constitution and ask for no less than complete independence. "We are worthy of independence and well qualified for it," declared the ex-mayor of Aintab, in a speech protesting against the new organic laws. "When Palestine, Syria and Mesopotamia were still under the actual sway of Turkey, Mt. Lebanon had a privileged system of government, which afforded a wide scope of freedom. Why cannot we have the same privileges now?"

The liberals, however, who form the majority of the population, although not altogether satisfied with the constitution, still consider it a great step forward in their onward march to free statehood. Their leaders remind the opposition of the fact that the country is still under mandate according to Article 22 of the pact of the League of Nations and therefore still under tutelage.

MAYOR WILL APPOINT BOXING COMMISSION

For the first time in its history the city will have a commission from now on to advise the mayor in regard to the issuance of permits for boxing and wrestling bouts here, when admission is charged. Mayor McEllan said he would officially constitute such a body today. The men selected to serve are Peter Clinch, Laurence MacLennan and Edward J. Mooney. All are willing to act on such a tribunal. No permit will be issued by the mayor unless the approval of the commission is first obtained. A nominal fee will be charged for the license, he said, and a percentage of the gate receipts will go to the city coffers.

PRINCETON WINS ROWING EVENT

Derby, Conn., May 21—Princeton's 150 pound crew won a three-crew race over the Housatonic distance of one and five-sixteenths miles here yesterday with Yale three-quarters of a length behind and Harvard third, half a length behind. The time was: Princeton, 7 minutes 1 second; Yale, 7 minutes 5/8 seconds; Harvard, 7 minutes 12 seconds.

BETTING ON DERBY

London, May 21—For the Derby at Epsom on May 21 the following is the latest betting: St. Louis, 4 to 1 against; Pondoland, 7 to 2 against offered and 4 to 1 taken; Re-Echo, 13 to 2 against; Tamar and Captain Cuttle, 100 to 8 against; Lord of Burghley, 22 to 1 against; Bucks Hussar, 20 to 1 against; secondly, Harvard, 7 minutes 12 seconds to 1 against Diligence and 40 to 1 against Breakers and Norseman. Norseman dropped from 25 to 1 against after being defeated for the Salisbury Cup on Friday for which he was one of the favorites.

NEW YORK DRAW

New York, May 21—Jack Sharkey, of New York, and Vincent "Pepper" Martin, of Brooklyn, featherweights, boxed a twelve-round draw at Ebbett's field. Joe Mandell, Philadelphia lightweight, was given the judges' decision in the semi-final contest of ten rounds.

CHURCH WHERE LITTLE DORRIT WENT TO SLEEP

London, April 24—A. P. by mail)—Lovers of Dickens are preparing to participate in the commemoration of the 80th anniversary of St. George's church, where Little Dorrit went to sleep after the party when she was too late to return to the Marshalsea Prison, after she was married to the church. Dickens was also a worshipper there during his boyhood and often attended the services and lectures. The present church was built in 1784 on the site of the first church, which was given by Henry Augustus, the monks of Bermondsey Abbey in 1122.

TO PROBE LAKE EYRE'S SECRET

Body of Water in New South Wales Has Mysterious Outlet—May be Underground River.
Sydney, N. S. W., May 22—An attempt to solve the secret of Lake Eyre, which has been sending the price of gasoline down sharply during the last three months has ended in a treaty of peace between the rivals.
Seven rivers from the hills miles away penetrate Australia's great interior desert and tumble their contents into the lake. In the rainy season these rivers become enormous flooded areas covering miles. Without any apparent outlet, Lake Eyre, an inland sea as the result of the flooded rivers, collides and becomes a lake again in a surprisingly short time. The water simply vanishes, puzzled scientists say. It has been suggested that a subterranean river may exist.
G. Halligan of Sydney, one of the party that will investigate the "mystery lake," deprecated the suggestion that the mystery may be the result of especially rapid evaporation, and said the evaporation of such a large amount of water would be impossible.

GASOLINE PUMP BROUGHT PRICE WAR TO PARIS

Paris, May 2—(Associated Press, by Mail)—The war of the pump and can which has been sending the price of gasoline down sharply during the last three months has ended in a treaty of peace between the rivals.
The familiar red pump labelled "filtered gasoline" was introduced into the Paris region a few months ago by an American concern and spread rapidly, so rapidly that the big local refiners who have large sums locked up in cans grew alarmed and began cutting prices against the pump.
The pump interests responded and between them the price of the gallon dropped by stages from \$1.50 to 75 cents. The intelligents then found the war unprofitable, came to an arrangement and raised the price by fifteen cents a gallon, at which advance it remains fixed.

NEW GREEK CABINET

Athens, May 22—M. Protopapadakis, who was minister of finance in the Gounaris cabinet, has formed a new cabinet.
Gounaris has been appointed minister of justice, and Nicholas Stratos minister of the interior. The other important portfolios remain unchanged.

What You Owe to Advertisers

You owe to advertisers in daily newspapers a lot more than you think. It is a fact that advertising has made life more comfortable and healthy.
Daily Newspaper Advertisers of foodstuffs gave you clean foods, just weights and fixed prices for the things you buy to eat.
Daily Newspaper Advertisers gave you better houses, modern bathrooms, hardwood floors, electric lights, gas and electric ranges.
Daily Newspaper Advertisers gave you better clothes to wear by educating the public to the value of good clothes and their economy.
Daily Newspaper Advertisers gave you housework easier by giving you quick cleaning fluids, furniture polishes, floor machines, vacuum cleaners, carpet sweepers, aluminum cooking utensils, clothes dryers, sewing machines, gas and electric irons.
Daily Newspaper Advertising made it possible for you to retain the beauty nature endowed you with by suggesting emollients, toilet preparations, shaving creams, safety razors, etc.

The pioneers in all these things were the firms who made them and advertised them.
They led the way.

It is for this reason that you should always buy advertised goods.

These goods have raised your standard of comfort and living; and the manufacturers of them command admiration for their courage and foresight.

Dollar for dollar, the advertised article is always better value. The reason is that when an article is advertised, production of it is invariably greater. Therefore, the manufacturer has a larger output and a lower cost of production; hence the greater value for the money.

Further, the advertised article generally has superior merit and greater refinements about it. If it were not so, it would not be advertised.

Buy advertised goods, and buy them from the local store that advertises.

DEMPSEY MAY MEET BRENNAN

Chicago, May 21—Jack Dempsey, world's champion boxer, accompanied by his American secretary, his English monocle and his German police dog arrived here from New York today and left for Los Angeles.
The only prospect for a fight in the near future, he said, was a contest with

Bill Brennan at Michigan City (Ind.), on Labor Day. Promoter Fitzsimmons talked with Dempsey while he was in Chicago today and told him that Brennan had been signed for the Labor Day engagement. Dempsey expressed considerable interest and asserted he was ready for the engagement if his manager and the promoter can come to terms.
If the Benton Harbor fight is staged, Dempsey said, he will not return to Europe to meet Georges Carpentier until after the engagement here, his European contract calling for a fight with the Frenchman by June, 1923. Carpentier, Dempsey said, was heavier and in better condition than when he and the Frenchman met last year.

Paris, May 20—L'Auto, a prominent athletic daily, gives prominence to an article dismissing the proposed "revenge match" between Georges Carpentier and Jack Dempsey, as "devoid of sporting interest, a mere repetition of the Jersey City fight, and completely useless."
The paper advises Carpentier to stick to his own category, that of light heavy-weight, in which he has given France the world's championship. It also recommends that the fighter's managers be not dazzled by largeness of the purse which could be raised in Europe, but study the true interests of the sport, which he says would only be injured in the end by such a combat.

"We are going to drive out outlaw movements which have been a menace to the cause of the workers in this port."

"It is no secret that the Industrial Workers of the World have been organizing strongly in this port."

"For some months the outlaw independent organizations have been attempting to disrupt our activities on the waterfront."

"The marine workers are law abiding, Healy said, and believe that it is only proper that they should protect the workers of this vicinity by aiding in stamping out drug smuggling."

"The next meeting of the federation will be held next Tuesday at which time plans will be completed for the activities of the new organization."

"For some months the outlaw independent organizations have been attempting to disrupt our activities on the waterfront."

"Labor leaders have made no secret of the fact that the radical element has been striving to get a foothold in this port, and have succeeded in rounding up a membership of several thousand workers on the Jersey side."

Helps digestion

—and cleans a coated tongue. Thousands of men and women have found relief from various digestive disturbances by eating Fleischmann's Yeast.

It is human nature to want to find out "why." So far as living conditions can tell us this is the reason:

Fleischmann's Yeast is a food abundant in certain elements which are necessary to health and life itself.

Try Fleischmann's fresh yeast in orange juice or in milk. Men like it in milk shakes and malted milk. Women like it spread on bread or crackers.

Keep your digestion in the pink of condition and your tongue clean and healthy by eating 2 or 3 cakes of Fleischmann's Yeast fresh every day before or between meals.

OFFICER SAYS HE WAS OFFERED BRIBE

Declares \$7,000 was Offered if He Would Cut the Hawser Towing Rum Sloop to Port.

New York, May 22—Seven thousand dollars for a piece of broken hawser is apparently a one-sided transaction, but it represented the difference between jail and the open sea to the crew of the Edna and Grace, seized as a rum smuggler...

"If I'm on this boat when we dock at the surge buoy," he is quoted as saying "and you try to pull any funny business or try to get away, you'll get this."

The pistol impressed the prisoner as convincing argument and the subject was dropped, though it may be taken up again when the alleged rum smugglers are taken before the United States Commissioner in Newark.
