BIG THEFTS FROM STORES CHARGED

Girl of 23 Is Placed Under Arrest in Boston and She Is Held in \$7,000 Bail.

(Boston Globe.)
One of the biggest department store thefts reported for years came to light this morning in the municipal court corridor, when Katherine Reynolds, alias Katherine Flannery, aged about 23, pretty and fashionably dressed, was placed under arrest by Special Officers Manning and Bresnahan of the Court square station.

The young woman was arrested last week on a charge of larceny of furs from a store, also with having in her possession narcotic drugs, and was out on bail of \$2,000, Special Officer Manning at that time informing the court that she desired heavy bail.

This morning it became known that the police visited the young woman's rooms in West Concord street, South End, and another house in East Cambridge, where the police, with the as-

instance of Mrs. Ebba Lundquist, recovered alleged stolen merchandise, mostly furs, to the value of about \$20,000. The alleged loot is now at Station 2, and Captain James P. Sullivan says it is the best invoice he has had for years. Saturday when she appeared before Justice Duff in the municipal court, three extra counts were placed against the young woman, who was represented by Attorney Herbert P. Callahan. The charges of larceny brought today against Miss Reynolds were dated April 1, 2 and 3. The first count charged she stole a fur coat, valued at \$800; the second count that she stole a fur coat, valued at \$875, and the third count, which is on April 3, that she stole a fur neck scarf valued at \$1,500, a hat valued at \$20, and another hat valued at \$25, a total of \$1,445 on that date from a store. Previous charges pending against Miss Reynolds allege she stole one skirt, valued at \$75; one coat, valued at \$100;

BANKS MAKE BLANKS

A Sign of Prosperity and Yet Drive Business Away.

George Creary, who spends his last business day at the corner of King and Germain streets on Saturday, has been the busiest business man in town for the past month.

"I've not only had to attend to a record number of customers at our Semi-ready Store," he said, "but I have had to supervise the building and preparations for the new Semi-ready Store at 87 Charlotte street."

"A bank will occupy the present corner. When I was a boy almost the whole of the retail business of St. John was on King street. But banks, wholesale houses and financial and office buildings have crowded the commercial business uptown, until Charlotte and King streets now mark the centre of trade. My new store is just a few doors from the corner.

A bank makes a blank in the retail section of any city. It is just like a church building for breaking up a trade centre. I know that the banks like to get the best corners, and they can afford to pay the price, but at the same time they force the real business of the city to build anew in other corners and other blocks.

"Our new store on Charlotte street will have the true north light for showing patterns and shades—the north light which every artist demands in his work. When we get through the throes of moving everybody will be glad we have moved, and particularly the other merchants on Charlotte street who believe that this thoroughfare has come into its own," concluded Mr. Creary.

Nelson Merrill of the C. N. R. police in Moncton will retire on the provincial fund tomorrow and be succeeded by W. Burke.

Drop in Prices on Women's Undershirts

Women's undershirts have taken quite a drop in price today, not universally of course, but particularly at the Oak Hill women's shop where a large quantity of heatherbloom undershirts have just been received that were purchased at a very low price some time ago. The regular value of these skirts today is \$6.25 but Oak Hill are offering their stock for today and Saturday at the very special price of \$3.60. There are many colors represented and every undershirt is a truly genuine bargain.

STATEMENT RE JAPAN MADE IN BRITISH HOUSE

London, April 30.—Cecil Harmsworth, under secretary for foreign affairs in the House of Commons, yesterday said Japan had not declared war on the Russian Soviet government in eastern Siberia.

He added that so far as the British government was aware, Japan did not intend to set up a protectorate or accept a mandate for eastern Siberia. There was no agreement between Japan and the Allies regarding Japanese action in these regions.

ASKED FIVE DOLLARS BUSHEL FOR SPUDS
So Prospective Purchaser Photographs Farmer for Souvenir.
Welland, April 30.—A unique snapshot ere long will find an honored place in the family album of a certain resident in these parts.
The subject was not a willing sitter—or stander. He was snaphotted only after being driven to bay at the end of an exciting chase in and about and over and under a maze of farm wigwags parked about the market here. The camera-wielding one was "The man who had the nerve to ask five dollars per bushel for potatoes," and the hunter who got him was an irate townsman, who, if he couldn't have his life, was at least determined to have his picture.
The townsman on his first attempt to buy potatoes was shocked to hear them quoted at \$4.50, and went farther, hoping to fare better. Thus it was that he came upon the "Five-dollar Man," and his indignation knew no bounds. "Not a bushel (this was one of his mildest terms) for five dollars!"

LITTLE GIRL IS KILLED BY AUTO AT RENFORTH

Car Taken from Front of Theatre Crashes into Building, Swerves and Kills Virginia Garrett.

A shocking fatality occurred last night near Renforth, when a motor car, driven by Dean, crashed into the front of the Imperial Theatre, killing a young girl, Virginia Garrett, seven-year-old daughter of Mr. and Mrs. F. E. Garrett, who was killed and her younger sister, Margaret, severely injured when an automobile ran them down. The car was owned by W. E. Gutter and had been taken from in front of the Imperial Theatre while he was attending a performance there. In the work Max Dean of Garden street, who was painfully injured in the accident; Allan Currie of Wellington Row, also injured; Harold Beverly, Main street; John Kennedy, Richmond street; Charles Ross, Spring street, and Jack Wilkinson, Union street. Beverly was driving the car at the time of the accident, having taken over the wheel just a short time before from Dean. All six of the young men are now being held by the police. Dean is now at his home; his left arm is broken in two places, his collar bone and also some of his ribs are fractured. Currie is in the hospital with a broken arm. The two little girls had been with a friend, Miss Finlay, visiting their grandmother, Mrs. Martha Richardson. On their way home they had just reached a point in front of the grocery store of G. H. Colby when the six cylinder Overland came bowling along the road. They stepped off to let it pass but it left road and caught the two little girls, crushing Virginia and knocking Margaret unconscious. Virginia lived but a few minutes. Her head and chest were crushed in. Miss Finlay escaped injury but is suffering considerably from the shock. The little body was carried to the residence of F. J. Nisbet, who lives nearby, while Margaret was carried to her grandmother's home. Wilson Dalton, police court clerk, who resides at Renforth, telephoned the police and Detective Donagan, Saunders and Biddiscombe reached the scene as soon as possible with the police patrol. When they got there they found that Currie and Dean had been brought to the city while the other four were conveyed in cars by M. Gen. Dalton, J. Knight and Fred Trifts. These four were bruised somewhat by the accident. Beverly's jaw being painfully injured. The automobile was badly damaged. Much sympathy is felt for the bereaved family at Renforth and also for the parents of the young men concerned—all respectable residents of the city.

RECENT WEDDINGS

HAYTER-HIGGS.

A very pretty wedding was solemnized in Knox church at 4 p. m. on Wednesday, when Geo. H. Hayter, son of Mr. and Mrs. James H. Hayter of 64 Winter street, a returned soldier and member of the 4th Siege Battery and later in France transferred to the 4th Siege Battery and wounded at Vimy Ridge on April 28, 1917, was united in marriage to Gladys V. Higgs, daughter of Frank A. Higgs, a prosperous merchant of Bristol, England, who arrived here on the last trip of the S. S. Gramplan. The double ring ceremony was witnessed by a large number of guests. The bride wore a grey traveling suit and carried a bouquet of carnations. She was given away by M. E. Grass of this city, a relative of the groom. The numerous presents received by the bride and her friends on the other side, as well as the city, testified to the esteem in which she is held. Among other presents received by the bride was a beautiful fur coat, which was presented by the groom's friends, and who ladies who had been overseas, and who are still continuing their interest in the groom who came back. After the ceremony a wedding luncheon was served at the residence of the groom's parents and Mr. and Mrs. Hayter left on the Nova Scotia points. On their return they will reside at 64 Winter street.

Ottawa, April 30—(Canadian Press)—The minister of agriculture has received the following cable from the British ministry of food: "It has now been definitely decided that the ministry will not purchase the new season's Canadian cheese. The maximum importers selling price (32 cents) now in force, will be removed at an early date but the maximum retail price of one shilling and eight pence (40 cents) a pound for whole milk cheese will remain in force for the time being." Trap Shooting is "the Sport Alluring"

—the game of real, red-blooded men and women, where you are always sure of a hearty welcome and the companionship of kindred spirits. Trapshooting is the obeying of that impulse that is inherent in us all to break the fetters, to get away from the sordid grind and out into the open — out under the blue — and shoot. It is the most enticing and fascinating of man's sports—nerve-steadying, yet tingling with excitement—and each target broken convinces you that this is the "sport alluring."

TREAT WITH THE SOVIET AT ONCE

This Is Advice of British M.P. Says Russia Has Plenty of Grain.

Paris, April 30.—Soviet Russia has plenty of grain, and is willing to consider the question of fulfilling the obligations to France contracted by the Czarist regime, said Colonel Malone, M.P., an authority on Russia, who has just returned after a tour of that country. "The French imperialists may imagine they can get more from a reactionary government, but they are making a mistake. They should treat with the Soviets immediately in order at least to settle conditions in Europe. "It is in the interest of all allied governments to follow the example of Premier Nitti, who is far-sighted and is doing his utmost to arrive at peace and trade relations with Russia."

ICE CAUSES A BAD FIRE

Spontaneous Combustion at Farm House Responsible for \$10,000 Loss.

Peterboro, April 30.—A report made public here and prepared by Deputy Fire Marshal H. Cowan of Toronto, blames spontaneous combustion for the fire that destroyed the barn and contents on the farm of Hugh Fife, Ottonabee township. The net loss was \$10,000. According to the report, the fire originated under the gangway of the barn, where eighty blocks of ice had been stored and covered with sawdust. The action of the sun and the moisture generated sufficient heat to cause a combustion fire. Deputy Fire Marshal Cowan condemns the practice of building ice houses close to barns or buildings of any kind.

Following the custom of other years, the Men's Bible Class of St. Luke's church ended their year last night with a most enjoyable entertainment in the schoolroom, among the numbers being a soprano solo by Miss Marguerite Yerna, a baritone solo by Willard A. Smith and an illustrated lecture on the Fiji Islanders by Rev. R. Moorehead Legate, pastor of Knox church. A hearty vote of thanks was tendered the speaker by the president of the class, Willard Smith, and the ladies of the church served refreshments to those present.

AND THE ABUTTORS PAY. (Montreal Herald.) The project of having all the lanes of the city paved with asphalt or cement is meeting with support in every quarter of the city, and proprietors are presenting petitions at the city hall asking to have, at their own expense, the lanes of the properties in which they are inter-

ested paved this summer. The City Improvement League went on record today as being in favor of all lanes of the city being paved, on the grounds that such a movement would mean a cleaner, healthier, and more beautiful city. Today applications, signed by the majority of proprietors, were received asking that a large number of lanes be

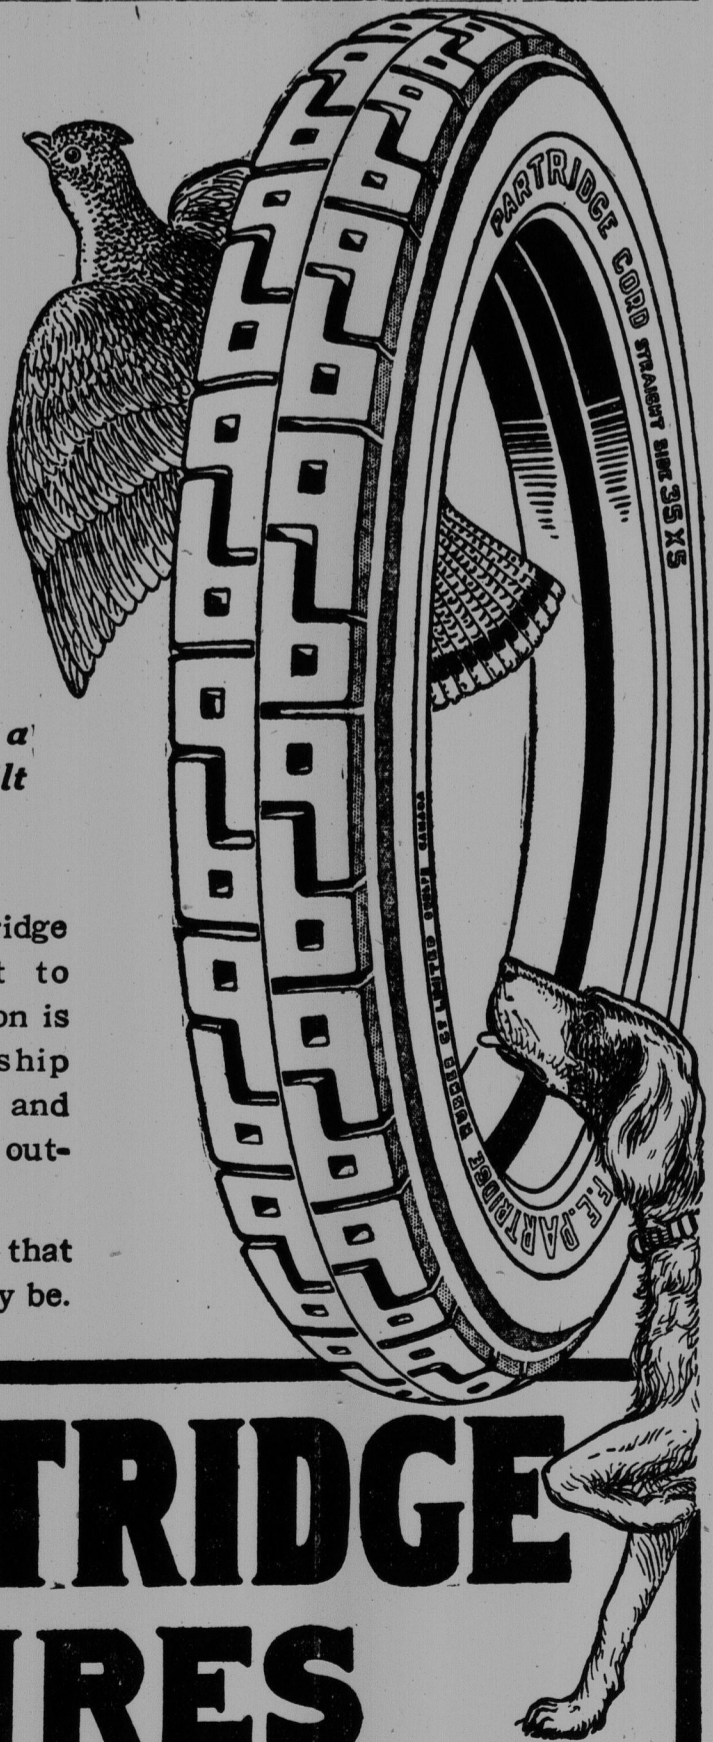

pared, the proprietors to bear all expenses. The postmaster at East Boothbay, receiving a package addressed to Mrs. Hodgson at his office, found out which of the fourteen Mrs. Hodgsons in town it was intended for by corresponding with the sender.

PROGRESS MADE IN MATTER OF STREET PAVING

Mr. Fisher Recommends Going On In City Road

The Matter of Curbing—Arrangements for Payment for Street Car Track Foundations—New Council In On Monday.

An effort was made this morning by the committee of the whole of the common council to clear up the matters of the public works department preparatory to the departure of Mr. Fisher from the council. It was decided to recommend to the new council that the City road paving be proceeded with subject to an agreement with the street railway regarding the payment for the foundation under street railway tracks. The matter of street car track foundations in Douglas avenue and Prince William street will be taken up at the same time.

An interested visitor present throughout this morning's meeting was E. Allan Schofield, the mayor-elect, who announced that he was present to get a few "pointers" in anticipation of his taking over his new office on Monday.

The mayor announced that the old council would hold its last meeting on Monday morning at 11 o'clock and that the new council would be sworn in at noon.

As new specifications and new tenders were required for the paving of Douglas avenue, City road and Prince William street, Commissioner Fisher urged that the council pass his recommendation that the tenders and deposits be returned to the tenders. He said that in some of the contracts the specifications were not willing to lay the asphalt at the price in the tenders.

Mr. Bullock suggested that the work be gone ahead with and the matter of the costs to be paid by the street railway arranged later.

Regarding Douglas avenue, the street engineer said the tenders were not required for the street car foundation.

The mayor suggested that an effort be made to arrange with the contractors for the additional work required and if the work could not be arranged to call for new tenders.

In discussing the question of City road the road engineer said that he recommended granite block paving. The mayor and Commissioner Bullock also favored granite.

The road engineer figured that the cost of concrete foundation for street car rails would be about \$2.75 a square yard and he thought that an agreement should be entered into with the street railway with regard to payment for this work.

Commissioner Jones said that there was some excavation to be done for sewers and service pipes in City road, and the road engineer thought that the paving should be held up until this work was well ahead. He said that it would cost more for work on this account as the concrete foundation would have to be reinforced. The extra expense would be about \$100,000 for City road.

Commissioner Jones said that this work was held up by bad weather last year.

Thomas Stevens of the Stevens Construction Co., was present, and said that he would be able to start work in about three weeks, and in the meantime the water department could be far enough ahead not to delay him in the work.

Mr. Fisher recommended that the work in City road be proceeded with subject to an agreement with the N. B. Power Co. regarding the street railway foundation. Agreed to.

On motion of Commissioner Thornton it was decided to take the matter of street car foundation in Douglas avenue and Prince William street to the N. B. Power Co., and the commissioner of public works was authorized to take this matter up.

Regarding the contract with Morrison & Newlands for supplying 10,000 feet of granite curbstones, the contract with Frank Wade for setting it in City road and Douglas avenue and the purchasing of 20,000 to 100,000 granite blocks from Morrison & Newlands for general use, Commissioner Fisher reported as follows:

(1) That the amount of curbstones so far delivered and ready for delivery is about 5,100 feet, including 800 feet waiting for flat cars to be available at the quarry, that Morrison & Newlands who are considerably behind time with their contract, have apparently put forth every effort to make more rapid progress in supplying the curbstones and he found it impossible to complete the contract unless allowed an advance of 30c. running foot for the balance of the curbstones, about 4,900 feet, and a further extension of time to May 1, 1921, and that it would be advantageous financially and otherwise for the city to pay the advanced rate rather than to have the contract terminated and the guarantee forfeited. He therefore recommended that the contract be varied so as to allow the proposed increase of 30c. a foot and that the time limit be extended to May 1, 1921.

(2) That Frank Wade, with whom the city contracted in 1919 for setting the 10,000 feet of curbstones in Douglas avenue and City road in the expectation that the whole amount of curbstones would be delivered in time for setting that year, has asked in writing for an increase of 18c. a foot on the contract rate for the setting of the balance of the curbstones.

Mr. Fisher recommended that Mr. Wade be called upon to set under his contract whatever amount of curbstones the city may have ready before August 1 next, and be asked to render, after the work has been completed, an itemized account showing the difference between the cost of the curb setting in 1919 and the cost in 1920, with a view to the city paying that difference if not exceeding 18c. a foot and approved by the commissioner of public works.

(3) That the commissioner, acting under authority recently given to him by the council, is ordering 40,000 granite blocks from Morrison & Newlands in addition to the 50,000 ordered in November last, delivery of which is soon to be completed. The use of these blocks, which are being purchased at a lower rate than any other contractor has offered, is to be decided by the council; 50,000 may be used in paving the west and south sides of Market square and the balance may be held in stock for repairs and for any new work which may be ordered.

On motion of Mr. Fisher the report was ordered received and the recommendations adopted, except the second sec-

ONLY ONE CHILD NOW TO BE CARED FOR

Unhappy Sequel of Action Taken in the Case of the Totten Sisters—One Is Dead.

The case of the two Totten children was to have come before Chief Justice McKeown again this morning. Unhappily there is only one child now, as the other is dead. She contracted disease after being placed in the Wright street Home, was removed to the epidemic hospital and died.

The Children's Aid Society were arranging to have these two children committed to their care, when through the action of two women they were removed to the Wright street home. Their guardian had instituted legal proceedings to have them returned to her care under the Children's Aid Society could complete its arrangements, when she was summoned to court at the instance of the directors of the Wright street home on a charge of neglect. The case was to have been resumed today, but as the surviving child is still under quarantine she could not attend and a postponement was made for two weeks. Mrs. Johnston, who had kept the children, and fed and clothed them and sent them to school for seven months without any pay was present with witnesses to deny the charge of ill-treatment.

Montreal, April 30—In connection with a Socialist parade held on May Day, it was learned last night that the Trades and Labor Council do not intend to assume the responsibility for the orderly conduct of the demonstration as the city administration, when permission was given to hold the parade, it has no connection with the Socialist movement, but that since some Socialist Council, it was asked to use its influence to allow the parade to be held, but that it cannot take any responsibility for what may happen. SCOVILLE BROS. LTD. WILL SUE REVENUE TO OAK HALL CORNER

Instead Occupying Corner Building as Well as Their Present Modern Store. After an absence of four years from the corner of King and Germain streets, the popular corner was originally occupied by Oak Hall in May 1889 and here they grew from a small business to a large one. The original stand on the corner was the logical outgrowth of the business and the present magnificent building which adjoins the old one and in the spring of 1916 they moved to the new building on the corner.

About eight o'clock this morning a dozen men visited the police station and complained that they had been fooled by a man, whose description they gave as being a stout man, wearing black clothing and black dip hat. About the same time the telephone rang of a similar complaint came from men at the railway station.

THE SARAGOSA STRIKE.

NEW PHASE OF MURDER CASE

Doctor's Evidence at Trial of Romeo Remillard in Quebec.

(Canadian Press.)

Quebec, April 30—It was a lover of mother's, and I shot him. I am not afraid. I will not be hanged for this. Father told me to fire, and I fired! Such was the statement made by Romeo Remillard, aged twenty years, whose trial for the murder of Lieutenant Lucien Morissette began at the criminal assizes here yesterday.

This statement was made to him after the shooting on the morning of Jan. 28 was testified by Dr. Romeo Roy of Lévis.

Following the shooting both Romeo Remillard and his father, Joseph Remillard, were placed under arrest and were later held on the charge of murder. The father will stand trial immediately after the son.

In outlining the case to the jury, Arthur Laclance, K. C., crown prosecutor, said that on the night of Jan. 27 and 28, three men employed as train despatchers for the Canadian National Railways at Lévis decided at midnight to call at the house of a friend named Baker, who lived in Riverville.

The three men left about midnight to go to Baker's. Remillard lived just at the other corner of the street from Baker's. There was no light in Baker's house window, while the windows of Remillard's house were lighted up. In doubt as to the right house, Morissette, the victim, knocked at the door of the Remillard home and a woman came to the door. Morissette was heard to mention the name of Baker; he then turned away from the house. Two shots were fired. Morissette was seen to fall and he died soon afterwards.

CLOSING SESSION OF AUXILIARY

Officers Elected and Final Business Transacted by the Church of England Women.

The final sessions of the seventeenth annual meeting of the Fredericton Diocesan Branch of the Women's Auxiliary were held in Trinity schoolroom yesterday afternoon, with the retiring president, Mrs. Thomas Walker, in the chair and a large attendance of members. Throughout its sessions the meeting was a most successful and inspiring one. Among the new officers for the coming year were Mrs. George F. Smith, the former first vice-president, who was elected president; Mrs. G. A. Kubring, first vice-president, and Miss Helen Richardson, the youngest member of the new executive, who was elected to the office of superintendent of girls' branches. All officers were accorded a very hearty welcome on the announcement of the results of the election. Mrs. Smith in accepting office said she was diffident of her powers to carry out her new duties but would do everything possible to further the interests of the auxiliary.

At the afternoon session Mrs. Willoughby Cummings spoke of the wonderful spiritual result of the Forward Movement. Mrs. Alfred Morrissey read an interesting letter that had been received by Miss Alice Walker and gave an account of Zenana missions. Mrs. Hammond Evans spoke of means of meeting the expense of babies' branches and font roll branches.

Miss Scott gave a report of the organization of the Forward Movement, after which Mrs. J. A. Richardson spoke in glowing terms of Miss Scott's work. The results of the Forward Movement were dealt with in three inspiring papers as follows: Miss L. Peters of Gagetown, on the subject "Christ in the Heart"; Mrs. Alfred Morrissey on the subject, "Christ in the Home," and Miss Scott a paper entitled "The World for Christ." Announcement was made of the result of the election of officers as follows: Honorary president, Mrs. J. A. Richardson; honorary vice-president, Mrs. Thos. Walker; president, Mrs. George F. Smith; first vice-president, Mrs. G. A. Kubring; second vice-president, Mrs. L. R. Harrison; third vice-president, Mrs. R. Fritz Randolph; corresponding secretary, Mrs. W. D. Forster; recording secretary, Mrs. H. J. Roberts; treasurer, Mrs. G. C. P. McIntyre; E. C. D. treasurer, Miss Clara Schofield; Dorcas secretary, Mrs. John Hay; superintendent of girls' branches, Miss Helen Richardson; superintendent of junior branches, Miss Portia Mackenzie; superintendent of babies' branches, Mrs. F. Foster; convener of literature, Mrs. James F. Robertson; secretary-treasurer of literature, Mrs. Charles Gosters; leaflet editor, Miss Sadleir.

You can't fool your palate

WHEN Klim is whipped into water it becomes again natural-flavored, fresh, pasteurized separated milk. Klim is simply the solids of this milk with the water removed. By its taste you know that Klim is genuine—that it contains no added "filler", sweetening nor preservative. It is the only milk which you can buy in tins that has the unchanged milk flavor.

Buy a tin and try it. Let your palate prove that Klim is separated milk at its best. 1-lb. and 10-lb. tins at your grocer's.

THRILLING CHASE AFTER THIEF

(Boston Globe.)

For more than a half-mile from the Boston Art Museum, where he is alleged to have stolen a pocketbook from a student, Harry Collins of Roxbury was pursued by Patrolman Daniel F. Roxbury Crossing station yesterday afternoon, through the main thoroughfares, in and out of alleys and into a house in Leon street thence to a house in Roxbury where he leaped six feet on to another roof with Galvin, not to be beaten, repeating the performance. The roof chase continued until Collins found his way into another house from the roof, descended the stairs and made a getaway to the street, where Galvin lost sight of him. The policeman kept an eye open for his man and finally found he had taken refuge in a house in the same street.

Collins had rushed into the house, told the occupant that he was being pursued and asked for protection. He was soon found there by Galvin, and another chase in this house, finally terminating when Galvin found Collins had leaped into a bed in the house and covered himself with the bedding. His arrest followed at the point of a revolver. He was brought to the Roxbury Crossing station and booked for the larceny of a pocketbook with a small amount of money belonging to Anna, Ide of West Roxbury, which is alleged to have been stolen in the Art Museum, and larceny of an overcoat from the Wentworth Institute. To these complaints in Roxbury court, before Judge Palmer, he pleaded not guilty and was held in \$1,500 for hearing on May 4.

THE CONVICTED STRIKE LEADERS NOW ARE ON MANITOBA PRISON FARM

(Winnipeg, April 30—(Canadian Press))

The convicted strike leaders, Rev. W. J. Ivens, W. A. Pritchard, E. J. Johns, George Armstrong, Alderman John Queen and R. E. Bray are now at the provincial prison farm, about seventy-five miles from the city.

They were removed yesterday and only a few people who happened to be in the vicinity of the jail at the time saw them go. The men have expressed a desire to be sent to this farm as soon as the good weather came on.

New Bishop of Hartford.

Hartford, Conn., April 28—Rt. Rev. John G. Murray, late chancellor of the diocese, now titular Bishop of Flavius, was consecrated auxiliary Bishop of the diocese of Hartford in St. Joseph's Cathedral today.

The consecrator was Most Rev. John Bonzano, apostolic delegate, who was assisted by Rt. Rev. John J. Nilan and Rt. Rev. Thomas J. Shanah, rector of

the Catholic University at Washington, D. C.

The preacher was Rt. Rev. Thos. S. Dugan, rector of the cathedral. Ten years ago Rt. Rev. John J. Nilan was consecrated as bishop of this diocese in the same cathedral. Today, as then, the spacious edifice was filled to overflowing with a congregation made up of church dignitaries, priests, nuns and members of orders in the diocese, guests and laity.

The rain compelled cancellation of the street procession of priests prior to the ceremonies, but the ritualistic impressiveness within was enhanced by the artificial illumination of the cathedral.

THIS IS WHY.
(Toronto Globe).
In this money season the league secretaries are making up their annual pass lists. Many are the applications they receive, but few are those who are favored with the mystic passport. There is a lure about a pass to a ball park that buy out the grounds is never so happy as when he can flash something that cost him nothing and smile into the field of change. Curious psychology! Back in the Bible times the Amie Oakley habit evidently was known, if we must judge from the following Biblical citations taken from the New York Central Magazine, which may prove a solace to those who fail to receive their annual passes this season:

THE PROPOSED STEEL MERGER
Four Firms in the City Will Likely Be Included.

At a meeting of the directors of the Maritime Steel Works, Ltd., yesterday it was decided to recommend the plans of a merger as a member of the British Empire Steel Corporation to the stockholders for acceptance. If the consolidation takes place four concerns in St. John will be included, the Maritime, James Pender & Co., Ltd., Dominion Coal Co., and the Canada Steamship Lines, Ltd. The likelihood is that S. E. Ekin, M. P., will be in control of the St. John end of the organization.

A meeting of the directors of the Dominion Steel Corporation, the Nova Scotia Steel and Coal Co., and the Canada S. S. Lines, Ltd., held in Montreal yesterday decided to recommend acceptance of the terms of the merger to their shareholders.

Colonel Morden said that the initial share capital issue of the new corporation will be \$205,000,000, but declined to say into what amounts of first, second and third preferred and common stocks it would be divided. Formal and official announcement of these details would, he said, be given in the near future.

What of to-morrow?

THEY have fought uphill for fifty years. They have won respect even from their hereditary enemies:—saloon keepers, dive owners, habitual criminals, outcasts, harpies, and knaves in every walk in life.
MORE—they have the respect of business men, because business men know that they are a stabilizing force—a balance wheel—that meets present day conditions in a practical way.
THIS good will has been dearly won, but they work just as hard to preserve it by intensifying their activities in the Home Field, and by enlarging them in the Missionary Field.

JUDGMENT IN CANCER CASE

(Halifax Echo.)
Mr. Justice Longley this morning gave judgment in Walsh vs. McKay. Walsh, the plaintiff, about fifty-eight years of age, had been troubled for a year or two with cancer and was induced in January, 1919, to go to Mr. McKay, living about thirteen miles out of Halifax. It appeared by his evidence that he was noted for dealing with cancer cases, and he claimed to have cured 600 cases in his lifetime. Walsh said he went to defendant who examined him carefully and

stated he would take \$50 and cure the whole disease. He paid him \$45 cash and McKay went to work plastering and bandaging him, which caused him to suffer excruciating pain. He was there for a fortnight and the cancer got worse than ever and Walsh had gone down

steadily ever since and was now in a serious condition. His lordship did not think McKay had the right to undertake to make cures, and defendant betrayed considerable ignorance in regard to treating secondary symptoms. He declared he made his

cure conditional upon there being no secondary symptoms, but His Lordship was inclined to believe plaintiff in this regard, and gave judgment for \$45, the amount defendant received from plaintiff. The damages, His Lordship remarked, were not easy to assess. One

scarcely knew how far plaintiff had been subjected to a shortening of his life or being placed in a worse condition than he was before. He suffered, however, and His Lordship gave judgment for a total of \$145, including \$100 for damages.
