Fog of Vague Reports and Contradictions Surrounds Resumption of Peace Conference at Brest-Litovsk—To Spread Beneficent Influence of Bolsheviks in China

BRITISH REPULSE TWO ATTACKS BY THE GERMANS

Airmen Win Thrilling Battle In The Clouds

A SUCCESSFUL RAID

Five Tons of Bombs Dropped On Hostile Targets—Teuton Airplanes Again Visit Italian Cities But No Casualties Reported

Paris, Feb. 6.—The war office announcement tonight says: "The day was calm along the whole front save in the region of Amiens, where both sides displayed a certain amount of activity. Two surprise attacks this morning by the Germans in the region of the Bois des Fossés were repulsed."

On Feb. 5 one of our bombing squadrons flew over Salsbrück, dropping several German groups of airplanes, crews accepted battle and brought down three German machines, and then returned intact to their own lines.

It is confirmed that two enemy machines, reported as having been seriously damaged on Feb. 3 and 4, were really brought down, thus bringing up respectively to five and nine for those days the victories of our pilots.

Eastern theatre, Feb. 3. Patrol encounters occurred along the lower Struna in the region of Dolna and west of the Vardar. There were intermittent artillery actions west of Lake Prespa. An enemy attempt at a raid on one of our trenches north of Lesocava suffered a complete check.

Successful Raid. London, Feb. 7.—Liverpool troops carried out a successful raid last night east of Amiens, capturing several prisoners and machine guns, says today's war office report. "Our casualties were light."

The hostile artillery has shown some activity southwest of Cambrai and south of Lens."

Aerial Operations. London, Feb. 6.—British aerial operations are reported in an official statement this evening as follows: "Nearly five tons of bombs were dropped Tuesday on hostile targets. Five German aeroplanes were brought down in air fighting and four were driven down out of control. A hostile observation balloon was brought down. Four of our aeroplanes are missing."

One and a half tons of bombs were dropped at night on an airfield southeast of Cambrai and on enemy billets."

Shipping Losses. London, Feb. 7.—The official summary from the admiralty, reporting the loss of fifteen British merchantmen sunk by mine or submarine in the past week, follows: Arrivals, 2,389; sailings, 2,373. British merchantmen of more than 1,500 tons sunk by mine or submarine, ten.

British merchantmen of less than 1,500 tons sunk by mine or submarine, five. Failing vessels sunk, four. Merchantmen unsuccessfully attacked, thirteen.

Attacks on Venice. Rome, Feb. 6.—Hostile airplanes continue to carry out raids against Venice, Mestre and Treviso. These cities were again bombed last night, according to the official statement from Italian headquarters, but there were no casualties.

Patrols are reported as showing remarkable activity in capturing prisoners. Increased artillery activity is reported around the Brenna Narrows and along the Piave.

REACH UNITED STATES. An Atlantic Port, Feb. 7.—Three members of the British commission organized by Sir Arthur Pearson to look after the welfare of soldiers blinded by the war, arrived here today on a British steamship. They are Raymond Blathway, Miss Eva Fenton and Mrs. Ruby Mitchell.

Mrs. G. H. Brabson. Ottawa, Feb. 7.—Mrs. Gerald H. Brabson, wife of G. H. Brabson, former member of parliament for Pontiac, died on Wednesday morning at the residence of her son, C. H. Brabson, of this city.

WHITE GUARDS CONTROL NEARLY ALL OF FINLAND

Except Helsingfors and Tammerfors

BATTLE IN PROGRESS

Red Guards Reported to Have Defeated General Mannerheim—Fifty Killed in Iram Wreck—To Release More Prisoners

Petrograd, Feb. 5.—The White Guards, or government troops, in Finland now control all of Finland except Helsingfors and Tammerfors and a strip along the Gulf of Finland. A battle is reported to be in progress at Tammerfors. The Finnish Red Guards have been reinforced by Bolsheviks from Petrograd and other parts of Russia.

Estimates of expenditures for 1918 by the ministers of the Bolshevik government total 20,000,000,000 rubles. The budget issued is said to show an expected income of only five billion rubles.

Fifty persons were killed and 200 injured in a train wreck near Iram in Samara province. The wreck was caused by soldiers who seized the train and forced the crew to run it on the schedule of another train.

It is announced that the Bolshevik army headquarters will be moved from Mottler to Petrograd.

Denmark is providing money, food and transportation for Austro-German war prisoners congested in Petrograd.

The Bolshevik government announces that hereinafter all these prisoners will be permitted to return home next week.

Mannerheim Defeated? London, Feb. 7.—The Finnish Red Guard have surrounded Tammerfors and have defeated General Mannerheim, commander of the government forces in Finland, according to a despatch from Petrograd.

General Mannerheim's forces are said to be in retreat with the Red Guard in pursuit.

Gen. Mannerheim and his White Guards are retreating toward the Gulf of Bothnia. Tammerfors was defended by the Bolsheviks. The fighting on both sides was heavy. The fighting is said to have started early Monday morning.

Despatches from Stockholm Wednesday said that the Moscow branch of the bank has been closed indefinitely because of lack of funds.

To Reform China. The Bolshevik government, according to Petrograd despatches to the Times, is proposing to revolutionize China by supporting the movements in the southern provinces against the central Chinese government.

A Russian delegate will be sent to southern China to work on this plan. The object is to produce a socialistic revolutionary agitation. The view is helping to break down China's refusal to let Russia have Chinese produce.

In Poland. Petrograd, Feb. 7.—Ensign Krylenko, the Bolshevik commander-in-chief, has issued a decree ordering that all supplies be cut off from the Polish legion in the Russian army and declaring its commander, Dvobor Mousnitsky, an outlaw. He also appeals to all Bolsheviks to help Polish commands.

The decree was prompted by the refusal of the Polish commands to reduce their officers to the ranks and submit to Bolshevik democratization. Ensign Krylenko says that the Polish officers are under the control of the Polish Bourgeoisie who are unwilling to submit to popular rule.

A wireless despatch received at Berlin from Kiev forwarded to Amsterdam Tuesday said that Ensign Krylenko and his staff had been arrested by the insurgent Poles.

Denounce Misrepresentation. Petrograd, Feb. 7.—The Izvestia, and other Bolshevik newspapers denounce bitterly the campaign of misrepresentation in the German press. They charge that the German government is misleading the Socialists there by depicting the Bolsheviks as being in alliance with British and American imperialists.

The Russian delegation at Brest-Litovsk has complained repeatedly to the German delegates regarding the duplicity of the German press, but without effect.

The German newspapers, the Izvestia, declares have given the German public the impression that the Bolsheviks in Russia are a band of disorganized hoodlums. In an effort to persuade the German public not to listen to the demands of the working classes.

WHO IS PLEADING FOR DELAY?

St. John Standard:—"The Standard does not believe the public interest will suffer in the present case, but we are unable to see, from the evidence so far adduced, why the commissioners should not have the right to examine the document (Auditor Macintyre's report) before it is given out."

What has any commissioner or the city solicitor to say about this public document that he would not care to say in public? What public interest would be better served by secret discussion of a public document? Who wants to delay publicity—and why?

They Hasten To Explain, But Still Withhold The Report

Commissioners Now Profess Great Eagerness For Publicity, But The Press Still Waits For The Copy—Commissioner McLellan Would Publish It Under Certain Conditions

It is doubtful if ever before in the history of this city a government more heated discussion was heard than that which took place in city hall this morning. Those present were Mayor Hayes, Commissioner McLellan, W. M. Baxter, the city solicitor.

When the meeting was called to order Commissioner McLellan arose and said the audit and asked him to give him the desired information. The next morning Mr. Macintyre called, but was in a hurry, as he was leaving for Nova Scotia, and was only able to remain for ten minutes. He said he had his part to keep the contents of the report to himself, as far as he was concerned he was anxious that it should be made public. To show that he had no intention of concealing anything that might be contained in the report, he said, he had lent Premier Foster his copy upon request, to look over it, so that he could familiarize himself with the contents. In doing this, he felt that the matter was given the confidence that he had no intention of concealing anything that might be contained in the report. He said that a synopsis of the report must have been in the hands of the press, but that it had not been presented to the council or that someone else had a copy of it, because

questions asked in one of the papers could only have been prompted by one who had possession of a report or had seen it.

When the time is opportune, he said, he would make that newspapers would be given the report in its entirety. He said that if the majority of the council should be in favor of giving the report to the public, he would be glad to take any information he had learned and have it published if necessary on hand-bills.

With reference to legislation matters, which were to come before the council, he said that he would not sit at the board as long as newspaper men were present. He felt that a discussion of such matters should be among themselves and the solicitor and then to make public any changes they suggested before finally acting upon them.

Commissioner Russell. Commissioner Russell then said that as far as he was concerned he had no intention of delaying the report from the public. He said that he thought it most unfair for the newspapers to have drawn the solicitor into the matter. "As far as Mr. Baxter is concerned, I think it was unkind for any and unfair."

Commissioner Wigmore. Commissioner Wigmore said that regarding the notorious attack in the Telegraph that he was not ashamed of the stand he took. He maintained that he had not time to go over the copy of the report thoroughly and contended that he did not think that even though on the Telegraph with such great brain capacity could have done so either. He said that the matter had not really been before the council and had never been taken up in committee. He said he was not afraid of submitting it to the public, but thought that it should be held up as long as possible.

Commissioner Fisher then arose and said that he was strongly opposed to having matters discussed in private conversations.

LOSS OF TRANSPORT BRINGS UNITED STATES FACE TO FACE WITH STERN REALITY OF WAR

"A Fresh Challenge to The Civilized World"

Effect is to Unite People of America and Make More Determined Their Purpose to Press On—Fear Loss is More Than Two Hundred

Washington, Feb. 7.—Officials today anxiously awaited further details of the first disaster to American soldiers en route to France, due to the torpedoing of the Tuscania. It is believed that most of the 267 missing have been saved.

A coded list of survivors was coming into the war office early today, but officials declined to give out the names already received.

The troops aboard the Tuscania were mainly former Michigan and Wisconsin national guardsmen now attached to the thirty-second division training at Camp MacArthur, Texas. Several aero squadrons and several companies of the 20th Engineers, a forest regiment, were aboard.

Additional despatches reached the war department today, saying that some 600 survivors are at Larne, Ireland, and that twenty-seven are at Islay, Scotland. The despatches said that the British were doing everything to make the survivors as comfortable as possible and were sending supplies to the place where they landed.

Indications early today were that 168 American officers and soldiers have not yet been accounted for in the sinking of the Tuscania. British admiralty despatches account for 2011 American officers and men as survivors. War department records show 2,179 American officers and men were aboard.

Secretary of War Baker issued a statement in part as follows: "The sinking of the Tuscania brings us face to face with the losses of war in its most relentless form. It is a fresh challenge to the civilized world in its warfare. We must win this war, and we will win this war. Losses like this unite the country in sympathy with its families of those who have suffered loss and they also unite us to make more determined our purpose to press on."

Place Number at 210. London, Feb. 7.—The loss of life on the Tuscania so far as known was 210, the admiralty announced.

The approximate figures of those saved are: Officers, 76; men, 1,938; officers of the crew, 16; men of the crew, 126; passengers, three; not specified, 82.

London, Feb. 7.—So far as known at the time the announcement was given out at the admiralty, shortly before noon, there were 2,307 persons on board the Fifth Anchor Line.

New York, Feb. 7.—According to records of the Anchor Line here, the Tuscania carried a crew of 220 under command of Captain Peter McLean, the majority of the crew being subjects of Great Britain.

The loss of the Tuscania completes the destruction by submarines of a fleet of five passenger ships aggregating 37,618 gross tons owned by the Anchor Line at the beginning of the war. The other ships were Calceola, sunk in 1914; Cameronia, April 15, 1917; Transylvania, May 4, 1917; California, February, 1917.

LIVES LOST WHEN STEAMERS SANK

Thirty-two on Channel Steamer—Captain Only Survivor of Vessel From Ireland—Twelve in Liverpool Bay

London, Feb. 6.—(via Reuter's Ottawa Agency)—In the House of Commons replying to Mr. Houston, Hon. H. J. MacNamara, under secretary of the admiralty, stated that out of a crew of twenty and twenty-five military and naval passengers, 16 and 18 were respectively lost owing to the enemy repulsing a steamer from Liverpool Bay. He also stated that the captain was the only survivor out of twenty-five aboard a steamer from Ireland to Liverpool Bay. The steamer carried 400 cattle and 200 sheep.

Mr. Houston asked whether a steamer had been sunk in Liverpool Bay on Jan. 26, with a loss of twelve lives, 138 cattle, 361 sheep and 138 pigs.

Mr. MacNamara admitted that the details of the cargo were as stated. He added that the percentage of losses of vessels making the voyage from Ireland to Britain was extremely small, compared with the number of voyages.

questions asked in one of the papers could only have been prompted by one who had possession of a report or had seen it.

When the time is opportune, he said, he would make that newspapers would be given the report in its entirety. He said that if the majority of the council should be in favor of giving the report to the public, he would be glad to take any information he had learned and have it published if necessary on hand-bills.

HUN PRISONERS ARE EMPLOYED

Forty-one of Fifty Thousand Soldiers in England at Work—Some Civilians Also Engaged in Agriculture

London, Feb. 6.—(via Reuter's Ottawa Agency)—In the House of Lords Lord Newton stated that out of fifty thousand prisoners of war in the United Kingdom forty-one thousand were employed, mostly on work such as road making under the admiralty and war office. There were 4,300 employed in agriculture in which four thousand more, who were shortly expected from France, would also be employed. The remainder consisted of officers and men unfit for work and men entitled to exchange and repatriation under the recent agreement. There were also 29,000 civilians interned, of whom about two thousand were out on license to engage in work, chiefly agricultural.

120 KILLED IN FLOOD WHICH OVERWHELMED AN AUSTRALIAN TOWN. Brisbane, Australia, Feb. 6, via Reuter's Ottawa Agency.—The sunshower of casualties in the town of Mackay, recently overwhelmed by flood, is 120 and the damage is estimated at £1,500,000 sterling.

TUSCANIA LOSS AFFECTS STOCK MARKET OPENING. New York, Feb. 7.—(Wall Street)—Heaviness at the opening of today's stock market were traceable to adverse news developments, including the loss of the Tuscania. Shippers were again the most conspicuous victims, yielding only moderately, but soon showing gains.

Standard rails lost little ground and active industrials, including steels, averaged recessions of less than a point with coppers, equipments and affiliated specialties. Liberty 4's made a new low record at 96 3/4.

GERMANS INVENT ENGLISH RIOTS

Government Reports Tell Wierd Tale of Conflicts With Police—Emperor's Message to Medical Congress

London, Feb. 6.—A German government wireless message thus describes a number of non-existent strike riots— "Hardly a day has passed in the whole of January without strikes, riots and conflicts with the police in English towns. A conflict occurred in Oxford street, London, on January 17, in which the police were wounded. Troops were summoned, but refused to fire. Eighty troops were arrested. All the windows in a big store were smashed."

Amsterdam, Feb. 7.—Emperor William, in reply to a congratulatory message from the Berlin medical congress, sent this message: "The rebuilding of the people's strength is almost the one greatest task it can only be fulfilled by the co-operation of science and legislation, and with the warm-hearted participation of all discerning people."

Amsterdam, Feb. 7.—The semi-official Wolff Bureau announced that the German imperial government will undertake to care for the interests of German holders of Russian securities. The government possesses full details concerning the securities through a law compelling the declaration of foreign securities held within the empire.

Amsterdam, Feb. 7.—All German Bohemian deputies in the Austrian parliament, a Vienna telegram to Dutch newspapers says, have been called to Berlin for a conference next week. The conference will attempt to get their standpoint regarding the establishment of a German Bohemian province.

Amsterdam, Feb. 7.—The municipality of Fosen has decided to present Field Marshal Von Hindenburg with an estate and to confer the freedom of the city on General Von Ludendorff, the Berlin Kraus Zeitung states. The Polish members of the city council unanimously opposed the proposal to confer these honours.

Commissioner Fisher then arose and said that he was strongly opposed to having matters discussed in private conversations.

SHORTER RATIONS FOR HOME FORGES

British Troops in Training Will Have Less To Eat—Reduced Ration Compares Favorably With Field Ration Of Other Armies

London, Feb. 6.—The Earl of Derby, secretary for war, today notified Field Marshal Viscount French, commander of the home forces, of his decision to reduce the rations of meat, sugar and tea for all the home forces except youths under nineteen years training for abroad. "When the whole nation is being asked to reduce food consumption in the interests of our armies abroad," says the secretary, "I think you will agree with me that the army at home will expect equally to be asked to make certain sacrifices. The burden cannot be allowed to fall wholly on women and children and civilian workers."

He explains that the reduced ration compares favorably with the field ration of most other armies and says that the reasons for making the reduction imperative are known to all, adding: "The fate of the war may well depend upon the spirit in which such reductions are accepted. The grit of every individual soldier and civilian is now being tested and may be still further tested during the coming months. It is the duty of the army at home to set the whole nation an example of determination and cheerfulness, and I have no doubt of their response."

Amsterdam, Feb. 7.—The municipality of Fosen has decided to present Field Marshal Von Hindenburg with an estate and to confer the freedom of the city on General Von Ludendorff, the Berlin Kraus Zeitung states. The Polish members of the city council unanimously opposed the proposal to confer these honours.

Prussian Moral Gymnastics. (St. Paul Pioneer Press.) In accord with the leniency shown by German courts, a Teutonic soldier may have as many wives as the number of military engagements in which he has taken a part. The theory is that a man should not be held responsible for any possible lapse of memory in regard to his marital affairs after having been subjected to the possibility of shell shock. To the women, it probably is considered, that due to the scarcity of men, each little wife and mother should be thankful to have had a husband even for a limited period of time. Wonderful are the moral gymnastics of the Prussian mind! 2-11.

Arthur Henderson Says—A pair of rough brogans would be cheaper than a fine pair of boots. A good tanner could take that hide and make good leather out of it; a good shoemaker could turn out the finest pair of shoes. It's the difference between a slouch and a finished workman.

That is the difference that marks the make and material in a Henderson Custom-Tailored Suit.

To be sure, you can get suits for less than I make them; but if you knew as much as I do about men and their clothes, you would know why some folks complain about cheap clothes that are mighty expensive.

ADVANCED TICKETS EXCHANGED ON FRIDAY

For "Mrs. Temple's Telegram"—Fine Production of Real Comedy—Two Catchy Specialties Also

Friday of this week has been decided upon as the day for the exchange of advanced tickets at the Imperial Theatre for the production "Mrs. Temple's Telegram," which will be presented on Tuesday, Feb. 12.

There has been a large number of tickets out and the demand is very brisk, therefore a big rush is anticipated on Friday morning. It would be advisable to secure advance tickets in the intervening time as there will be a close sale.

The security of advanced tickets will lead to good reservations. It is one of the favorite seats in St. John and for those who like clean, wholesome and sparkling comedy see this production. Mrs. A. M. Wilson is handling the cast and she promises a fine performance and that is a recommendation for the public of the city. The Y. M. C. A. are lending every effort and proceeds are for their military work.

HONEY NEEDED TO REPLACE SUGAR

Last Year's Crop Sold Quickly and Indications Point to Higher Prices—Opportunity for Bee-Keepers

(Experimental Farms Note.) Sugar is an important war food, its price is high and there will probably be a shortage in the near future. Honey, the unequalled natural sweet that sugar cannot wholly replace, is being effected in sympathy. The unusually large crop of honey produced in Ontario, Quebec and Manitoba in 1916 was sold quickly at prices slightly above those of the previous season and present indications point to a still greater demand and higher prices for the new crop. Thus, by producing as much honey as possible

this year, the bee-keepers of Canada will not only increase their returns but will be helping the cause. These remarks refer to extracted-honey. An increased demand for comb-honey cannot be predicted.

The appeal for greater production is especially to those who are neglecting their bees or are not managing them in the best manner. There are many apiaries in good locations for profitable honey production more particularly in eastern Canada, where colonies in box hives or in seldom-opened frame hives, now producing from 20 to 40 pounds of honey each, could be made to produce 50 to 100 pounds or more in an average season. If time cannot be spared to give the bees the attention they need, they might be handed to a member of the family who would take an interest in them, or they might be sold to a professional bee-keeper. But well managed bees often pay as well as, or better than, one's regular occupation for the amount of time spent with them. The different operations in modern apiculture are briefly described in "Bees and How to Keep Them" (Experimental Farms Bulletin No. 26, Second Series) which may be obtained free on application from the publication branch of the department of agriculture, Ottawa. become acquainted with the better methods of bee-keeping is to arrange to attend one of the apiculture demonstrations that will be held early in the summer, under the auspices of several of the provincial bee-keepers' associations. A list of the bee-keepers' associations with the addresses of the secretaries is given in the above-mentioned bulletin.

Another class of bee-keeper that may profit greatly at this time is the expert apiarist located in a good honey producing region, whose time is not fully occupied with the bees. His principal problem will be how to increase the number of bees to the fullest extent in time for the honey flow, so as to make the most of his valuable knowledge of bee management. The early replacing of unsatisfactory queens is important. Judicious feeding during the dearth that in many places immediately precedes the honey flow will help under some conditions. By dividing strong colonies not less than six weeks before the middle of the main honey flow an increased crop of honey will be obtained, provided fertile queens are on hand to be given to the queenless part. These queens may be procured from breeders in the southern states at from 50 cents to \$1 each. This procedure is chiefly applicable to the freeweed and golden-rod districts; as a rule the clover honey flow comes too early for it. Two-pound packages of bees with untested fertile queens obtained from the south by express in May or early June costing about \$4 each, including transportation charges, will be found a paying investment, if they arrive in good condition and can be placed on combs.

There should be a sufficient supply of supers for extracted honey, with frames and foundation, or combs, on hand to take a maximum crop, and this year it is more than ever necessary to order supplies and honey containers early. Two-pound supers may be fastened together to make one deep super for extracted honey production. Particulars of an attractive container for honey that has been designed to meet a possible difficulty in obtaining sufficient tin pails or glass jars will be supplied on application to the apiculturist, Central Experimental Farm, Ottawa. Beeswax is very scarce and all discarded combs and scraps of wax should be saved to be turned into foundation. It will be wise to retain some combs of clover honey in case they are needed for winter stores, because sugar may be very dear in the autumn.

Dainty Wash Fabrics FOR SPRING

Styles come and go, but the demand for dainty wash fabrics ever increases; whether it be modest cotton fabrics or materials of silk, we have always maintained our position of leaders in these lines.

Years ago this store became recognized for the liberality of its stocks in wash goods, and we have been pleased to maintain that reputation, adding the prestige of style, as that became a most important factor.

Whenever a new fashion calls for a new material, you are always certain to find it here immediately. Many fabrics are to be found exclusively in this store—Ginghams, Drills, Galateas, Novelty White Voiles, Fancy Printed Voiles, Fancy Silk Tussahs, Duro Dye Dress and Waist Goods, Poplins, White Wash Goods, etc.

Making the Farmers Better Business Men

A most successful educational campaign is being carried on by the Minnesota Bankers' Association in furnishing their farmers with an account book, especially designed for the use of farmers by the Extension Division of the University of Minnesota, says "Commercial West." Secretary Richards of the

Minnesota Bankers' Association, reports that nearly 6,000 of these books have been purchased through his office by the members of the association and given to their former customers, to aid them in keeping tabs on the financial end of farming. Such books are especially useful at this time, as the majority of Minnesota farmers are eligible to pay an income tax under the new war tax law, and this account book will help them to figure

out their incomes that are subject to the income tax. Incidentally this campaign will help the farmers towards being better business men and go far towards establishing the farming industry on a business like basis. Too many farmers have been content to carry their accounts in their head or in small memorandum books, and do not know at the end of the year whether they have made or lost money on the raising of crops

Illinois has taken up this work, and the bankers' association of that state is also distributing these farmer account books through its members, so that farmers in the corn belt may have a better idea of what it costs to fatten stock. glnotfoam ifm onYonisto

To Free Your Skin of Hair or Fuzz (Boudoir Secrets.)

No toilet table is complete without a small package of delatone, for with it hair or fuzz can be quickly banished from the skin. To remove hairs you merely mix into a paste enough of the powder and water to cover the objectionable hairs. This should be left on the skin about 2 minutes, then rubbed off and the skin washed, when it will be found free from hair or blemish. Be sure you get genuine delatone.

RECENT DEATHS

John Barbour. Waterside, Albert county, Feb. 4.—John Barbour, one of the best known men in Albert county, passed away in his home in Waterside on Monday night, Jan. 28. He was seventy-four years of age and had been in failing health for several months. He leaves three children, Mabel, wife of Stillman Anderson, of Waterside; Florence, wife of James Alcorn, of western Canada, and David, of Riverside, Albert county; and one sister and three brothers. They are Mrs. John Ross, of St. Martins; James and Howard, of Waterside; and Marshall, of British Columbia.

Mr. Barbour was greatly respected. His last disposition made for him close friends, and his death will be keenly regretted. The sympathy of a wide circle of friends will go out to the bereaved family. The funeral took place on Thursday, Jan. 31.

Mrs. Jessie May Brown. Many will learn with regret of the death of Jessie May, wife of James Brown, at her late residence, 78 Hilyard street. Mrs. Brown had been in very poor health for some time, but the end was, nevertheless, unexpected. She was a member of St. Luke's church, and was the only daughter of John W. Cunningham, and leaves to mourn besides her husband and father, one daughter, Florence, all of this city, and one brother, John, of New York.

ADAM MACINTYRE, Comptroller. 72396-2-9.

PT. T. CHAMBERLAIN IS SERIOUSLY ILL Mrs. Louise Chamberlain of Fairville received a letter this morning from Nursing Sister A. Willis, who is in charge of a Canadian casualty hospital in France, informing her that her son, Pte. Thomas Chamberlain, is seriously ill there. The letter was as follows: "Very sorry to have to tell you that your son, Pte. Thomas, is a patient in this hos- pital, seriously ill, having been wounded in the head and back. He was operated on yesterday and is doing as well as can be expected and we hope that he will pull through. I will write again in a few days and let you know how he is getting along."

NOTICE PUBLIC NOTICE is hereby given that a Bill will be presented for enact- ment at the next session of the Provin- cial Legislature, the object of which is to provide that the Common Council of the City of Saint John, when issuing Debentures under Sections 28 and 29 of the Act of Assembly, 62 Vic. Cap. 27, may fix the rate of interest at such rate as it may deem desirable, provided the same does not exceed six per centum per annum; also to make valid any Deben- tures which may have been issued by the said City during the present year bearing interest at the rate of six per cent per annum. Dated at the City of Saint John, N. B., the fifth day of February, A.D. 1918. HERBERT E. WARDROP, Common Clerk. T.F.

WOMAN WITNESS IN THE BOLO CASE

Testifies That He Was Not Quite So Careless of Money as He Had Alleged-Bolo Denies Making Loan

Paris, Feb. 7.-The first woman witness to be called by the government to testify against Bolo Pasha, now being tried for treason, took the witness stand late yesterday.

Madame Lafargue's testimony was principally to the effect that Bolo, notwithstanding his claim that he never kept business books and cared nothing for money, once loaned her 20,000 francs, but only on condition that she give him a mortgage on her property as well as a note signed by her father, her two brothers and herself.

Bolo Pasha denied that he had made a loan to Madame Lafargue, claiming that at the time mentioned, according to the testimony of M. Doyen, a financial expert, he had an income of only 47,000 francs.

Yesterday's session was devoted almost wholly to hearing corroborative testimony and M. Casella, a newspaper writer, and M. Mouthon, editor-in-chief of the Journal, the newspaperman described in great detail the activities in Switzerland of Bolo Pasha, his relations with former Khedive of Egypt and the purchase of stock in the Journal.

URGES MORE PUBLICITY IN PUBLIC HEALTH MATTERS

John Hall Reports on Survey of Health Conditions in New Brunswick—More Hospital Accommodation Needed—Should Safeguard Milk.

Some striking recommendations with regard to St. John health conditions are made in the report of John Hall in his sanitary survey of the province at the request of the provincial government. Mr. Hall recommends an increase in hospital accommodation, greater care in securing a pure milk and water supply and a more open attitude on the part of the chief health officer who is inclined to shun publicity, he finds, rather than take the public into his confidence.

This portion of Mr. Hall's report with his recommendations follows: "The most important part of health work seems to have been most neglected in St. John. It has been the policy of the health officer to work along quietly, asking for little co-operation from the people and giving them little in the way of information or advice. This is the wrong attitude and should be changed as outlined in the recommendations. The confidence, interest and education of the public is necessary for health department's success."

- Recommendations.
1. That the chief district health officer be paid a salary consistent with the duties he is expected to perform and that he devote his whole time to the work.
 2. That a typewriter be added to the office equipment and the secretary be some one in how to use it.
 3. That certain changes be made in the system of filing records in the departments; that card rather than book records be kept, particularly of the investigations of nuisances and communicable diseases.
 4. That the health department be provided with an automobile for the use of the health officer and his staff.
 5. That the Vital Statistics Law be enforced.
 6. That the registration of births, marriages and deaths for the city and county be placed under the direction of the chief district health officer.
 7. That a so-called spot-map be used in the office to indicate the location of cases of the reportable diseases.
 8. That more careful supervision over dwellings on the Loch Lomond watershed be exercised and the land be purchased and the buildings removed as soon as possible.
 9. That every effort be made to remove the remaining 300 privies in the city after giving the premises connection with the sewers.
 10. That a municipal system for collection and disposal of garbage and other refuse, including stable manure, be inaugurated and placed in charge of the public works department.
 11. That so-called "dip milk" be abolished and that milk be allowed sold only in bottles or for cooking or manufacturing purposes, only in unopened cans.
 12. That all milk be graded according to dairy scores and bacteria counts.
 13. That no raw milk be allowed sold except from tuberculin tested cows.
 14. That the pasteurization of milk

be encouraged and the standard for such milk be as follows: It shall be heated rapidly to 145 F. and held at that temperature for thirty minutes; it shall be cooled immediately to 50 F. or lower, promptly bottled; and it shall contain not more than 50,000 bacteria per cubic centimeter when delivered to the consumer.

BEST FOR LIVER, BOWELS, STOMACH HEADACHE, COLDS

They live the liver and bowels and straighten you right up.

Don't be bilious, constipated, sick, with breath bad and stomach sour

Tonight sure! Take Cathartic Cabecards and enjoy the nicest, gentlest liver and bowel cleansing you ever experienced. Wake up with your head clear, stomach sweet, breath light and feeling fine. Get rid of sick headache, biliousness, constipation, furred tongue, sour stomach, colds. Clear your skin, brighten your eyes, quicken your step, and feel like doing a full day's work. Cathartic Cabecards are better than pills or castor oil because they don't shock the liver or gripe the bowels or cause ineffectiveness all the next day. Mothers should give cross, sick, bilious, feverish children a whole Cathartic Cabecard anytime as they can not injure the thirty feet of tender bowels.

LIVER TROUBLE and HEARTBURN CURED BY MILBURN'S LAXA-LIVER PILLS

When the liver is torpid and infirm it cannot furnish bile to the bowels, causing them to become bound and costive. The symptoms are a feeling of fullness or weight in the right side, and shooting pains in the same region, pains between the shoulders, yellowness of the skin and eyes, floating specks before the eyes, coated tongue, bad taste in the morning, heartburn, water brash, etc. Milburn's Laxa-Liver Pills gently unstick the secretions, clear away all effects and waste matter from the system, and give tone and vitality to the whole intestinal tract, and are by far the safest and quickest remedy for all diseases or disorders of the liver.

Mrs. A. Cummings, Manchester, Ont., writes: "I have used Milburn's Laxa-Liver Pills some time, and can faithfully recommend them to anyone suffering from heartburn and liver trouble. They are a great many other remedies, but they only relieved me for a time. I believe Laxa-Liver Pills to be a valuable remedy for all sufferers from liver trouble."

Milburn's Laxa-Liver Pills are 25c a vial at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

UPSET THE PLANS OF THE AUSTRALIANS

Recent Operations on the Italian Front Exceptionally Important — To Avenge Outrages

Rome, Feb. 6.—The commander-in-chief of one of the Italian armies on the Piave River has informed his troops that the Austrians on the opposite bank besides insulting the Italians are now boasting that they are outraging the women in the invaded region. He pointed out that such actions by the enemy justify the hatred and desire for revenge of all true Italians. He exhorts his troops to use their utmost endeavors to drive the invaders back and to exterminate them, thus avenging the outrages committed against the Italians. It is needless to say that the exhortation was most effective.

The recent operations on the Italian front consist of the so-called aggressive defensive, which is exceptionally important because it upsets the plans of the Austrians, who had expected to resume the offensive that was interrupted about Christmas, early in the spring as soon as the weather was sufficiently improved.

It is well known that the immediate Austrian objective was the extension of the invasion to the Venetian plains, but the starting points of their offensive have now been captured by the Italians, whose power of resistance in the future has been considerably improved, as the Austrians' repeated attempts to debouch into the plains have been made much more difficult. Besides the ground gained, the Italians have inflicted the heaviest losses on the enemy, whose morale, improved by their former easy successes, is now depressed.

MORE THAN \$70,000 FOR THE RED CROSS

Quarterly Meeting of Provincial Branch Hears Encouraging Reports

The quarterly meeting of the New Brunswick Provincial Branch of the Canadian Red Cross Society was held Wednesday afternoon in the mayor's office. Present were the secretary, Miss Clemens, and the treasurer, C. A. Allan. Lady Tilley also reported on the work done in connection with the prisoners of war department.

In presenting his report, Mr. Allan commented on the amount of money raised in the province since last October, a sum of about \$70,000, the result of the two campaigns of the British and local Red Cross funds. In connection with the provincial branch, from December 1, when Mr. Allan raised in the local Red Cross funds, in connection with the maritime provinces, is now owned by Frank C. Redding, of North Sydney. The handsome stallion was purchased on Saturday by William Sharon, the well known Fredericton trainer, and is due to arrive this week. It is not unlikely that Mr. Sharon will come to Cape Breton with the McKinney horse.

This new addition to the racing stables in Cape Breton is one of the best bred stallions in Eastern Canada. He is a stout, patriotic, and one that has a large number in the list. For the past three years he has been a consistent race horse, winning a large share of the purse money in his starts in Maine and the provinces. The first year he started in the province he did make good in every sense of the word but then Mr. Sharon got hold of him and made a real race horse out of "Jimmy," as the stable boys call him. He should prove a fine prospect for Mr. Redding, who is a follower of the horse game that always wants a good one. I think this time he has one of the best stallions available in this country.

MORNING NEWS OVER THE WIRES

The British parliament was prorogued yesterday after Feb. 12. In the speech from the throne, which was read by the speaker, King George stated that he hoped for a speedy solution of the Irish problem and that Great Britain's first aim was still the successful prosecution of the war.

A London dispatch states that the resignation of the Earl of Derby as secretary of state is imminent and that his successor will be a surprise to the people.

That forty-nine German airplanes have been destroyed by the British army last week is the statement made in a London despatch. All this was done with a loss of only eight machines.

It's no exaggeration to call this book—
"What the Farmer can do with Concrete"—
a money-saver. It makes money by saving money—for every farmer who reads it and who acts on the advice and instructions it contains. How does it save money? Simply by telling how to build farm improvement of concrete.

The farmer nowadays realizes that he is under a terrible handicap in his efforts to make money. He has to be constantly sinking profits in repairs. Only by using Concrete can he have buildings that do not call for repairs and painting. Only with Concrete can his farm buildings be made to last. Concrete material can be had from seven first-class water-proof, watertight, repair proof, vermin proof and sanitary.

- In our 100-page book, there are directions which enable the farmer to construct all sorts of improvements of Concrete in odd times—with the help of his man. Send for this remarkably useful, money-saving book. Mark on the coupon the subjects which are of immediate interest to you.

THE BEST HABIT IN THE WORLD

In the habit of health. The way to get it is to train your bowels, through the liver, to act naturally, at a fixed time, every day.

Take one pill regularly (more only if necessary) until you succeed. Then you can stop taking them, without trouble or annoyance.

This has been the good-health rule for 50 years.

CHRISTMAS NUMBER OF A FRONT LINE MAGAZINE

The Christmas number of the "N. Y. D." incorporating "The Iodine Chronicle," "The Splint Record" and the "Now and Then" magazines, published on the western front by permission of Colonel R. P. Wright, D. S. O., A. D. M. S., and christened by Major D. J. Cudmore, C. A. M. C., has been received in the city. The magazines are made up of many trench sketches, revealing in a very vivid manner some of the hardships, but nevertheless they are. Through the magazines can be found many pieces of poetry written by the men. Here and there through the paper appear various little articles, describing some of the trips spent by the boys while in leave. There are many excellent illustrations and humorous cartoons.

Eat Less Meat If Back Hurts

Take a glass of Salts to flush Kidneys if bladder bothers you

Eating meat regularly eventually produces kidney trouble in some form or other, says a well-known authority, because the uric acid in meat excites the kidneys, they become over-worked; get sluggish; clog up and cause all sorts of distress, particularly backache and misery in the kidney region; rheumatism, twinges, severe backaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water

Facts and Figures of This Great Sale

At the time of the great Halifax explosion our factory in Amherst (N. S.), was working mostly on orders from the J. A. McDonald Piano & Music Co., Ltd., of Halifax. The terrible disaster which was visited upon the city of Halifax has eliminated pianos as a possibility from the minds of the Halifax people for some time to come. Our St. John store being the next most important distributing point have undertaken to shoulder the tremendous task of disposing of practically the entire output of the factory until Halifax will again be ready for its regular quota. We realize that this is a gigantic task. We know that ordinary methods and ordinary means will not accomplish the desired result. Therefore we have with the consent of the officials of the Amherst Pianos Ltd. undertaken the most terrific Piano selling drive in the history of the music business in Canada.

The Actual Facts and Figures of This Great Sale

At the stroke of 8 o'clock, Friday morning, we will launch the most astounding Piano Sale of modern times. We have carefully considered all the details. Our St. John store must take up the slack of the Halifax store. We have assembled here on our floors now the greatest collection of Piano bargains ever assembled in one store in the city of St. John. Just a Point some of the Pianos have been used, others shop worn, but in fine condition. Still others are odd styles taken in on Amherst Pianos and Players, but the vast majority of the Stock is our own high grade standard of quality, "AMHERST PIANOS". We start the drive without a single thought only to concentrate on the task of disposing of the enormous surplus stock.

The First Piano

At the stroke of 8 o'clock Friday Morning we will place this Piano on sale and we will sell it to the first customer that calls. This Piano would not be more valuable if you paid cash for it.

DAMAGED GOODS

A STIRRING PLEA FOR A PURE LIFE BEFORE MARRIAGE IN SEVEN ELECTRIFYING ACTS AND BEAUTIFUL SCENES

JUST A FEW OF THE MANY ENDORSEMENTS RECEIVED FOR "DAMAGED GOODS"

Dear Mr. Spencer:

It has been my privilege to see the motion picture film called "DAMAGED GOODS," and I hold little doubt but that its public performances will have great uplifting power, and accomplish the good for which it was created, namely, educating the people to the danger which surrounds them. If I could preach from my pulpit a sermon so convincing, I would consider that I had achieved a triumph.

I have no hesitation in recommending "DAMAGED GOODS," but believe it would be indelicate and unwise to have men and women see it at the same time, or permit the attendance of children under fifteen years of age, unless accompanied by their parents.

My best wishes are for the successful exploitation of "DAMAGED GOODS," as it will mean much to those who remain in ignorance of the great truths told so forcibly therein.

Yours truly, (Sgd.) J. A. MACKIEGAN, Pastor St. David's Presbyterian Church.

Dear Mr. Spencer:

I was much interested to learn a day or two ago that the people of St. John are to have the opportunity of viewing the picture "DAMAGED GOODS," and I venture to convey my impressions of that picture when, as a member of the New Brunswick Board of Censors a year or so ago, I had the privilege of viewing it. It is not a pleasant picture; it is not the intention, so to speak, but it does present in unforgettable fashion a story which, if we are to believe the statements of medical men and social workers, is but too often enacted in the life of the present day.

I have no hesitation in saying that those who witness "DAMAGED GOODS" will remember it. They may gasp at its frankness, but they must be benefited by its lesson. To my mind it is a wonderful educator in a subject concerning which there is a woeful lack of knowledge.

Yours very sincerely, (Sgd.) ALFRED E. MCGINLEY, Editor The Standard.

Dear Mr. Spencer:

I have seen the motion picture film called "DAMAGED GOODS," and feel its public performance will have great enlightening power, and accomplish much good. I have no hesitation in recommending it, but feel it would be wise to segregate the audiences.

Yours truly, G. F. DAWSON, Rm. 204 St. Methodist Church

Dear Mr. Spencer:

I greatly appreciated the opportunity of seeing the motion picture "DAMAGED GOODS" and it affords me pleasure and satisfaction to endorse its public showing, as I fully realize the importance and necessity for the lesson so forcefully portrayed therein.

The possibilities of this picture I believe to be far-reaching, and I am in hopes to hear of good results during coming months and years, having in mind the thought that more forcibly probably than any other medium it will impress upon the people, and through them the government, the necessity for pre-marriage certificates.

Yours truly, T. E. BISHOP, M. D.

Dear Mr. Spencer:

The motion picture film called "DAMAGED GOODS" has, in my opinion, great educational value as it deals with a subject of social and material importance, about which there is much ignorance and apathy. Exceptional methods of enlightenment are needed and I believe that "DAMAGED GOODS" will arrest the attention and thought of many who have hitherto been indifferent. I would not favor the admittance of children under fifteen years and think that separate exhibitions should be given to men and to women.

Sincerely, (Sgd.) J. CHAS. B. APPEL, Pastor Christian Church, Douglas Ave.

IS THIS NOT CONVINCING?

WE, the undersigned, greatly appreciate the privilege of seeing the picture called "Damaged Goods" last Saturday, and very freely and gladly do we permit the use of our names endorsing same, believing it to be a subject that every man and woman of a thinking age should see.

While the idea of segregated audiences is probably wise, at the same time there is not the slightest reason why the most fastidious of either sex should refrain from seeing the picture, and so very many reasons why they should do so.

We recommend your enterprise in giving to St. John the much needed opportunity of seeing "Damaged Goods," and we hope that many will avail themselves of it.

- Mrs. E. A. Smith, Mrs. H. A. Powell, Mrs. W. E. Raymond, Mrs. E. J. Hooper, Rev. W. R. Robinson, Mrs. A. C. D. Wilson, Mrs. N. C. Scott, Judge Ritchie, Mrs. J. V. Anglin, Mrs. H. A. McKeown, Mrs. O. J. Ooster, Mrs. J. A. McAvity, Mrs. J. H. Frink, A. O. Skimmer, Horace A. Porter

Dear Mr. Spencer:

I read with interest that the motion picture "DAMAGED GOODS" is to be shown locally.

I saw this film about a year ago, and greatly regretted at the time that the public was denied the opportunity.

I am convinced that the presentation of this subject will prove a revelation, and cannot but be a means of instruction to many.

Yours very truly, G. A. B. ADDY, M. D.

Dear Mr. Spencer:

Relative to "DAMAGED GOODS," a strong and vivid picture, showing the folly of ignorance and vice, and the possibilities of education in the prevention of disease and social depravity. Throughout the entire picture the emphasis is placed on the positive and constructive elements.

I commend it to the young men and boys of our community.

Cordially yours, FRANK L. SMITH, General Secretary Y. M. C. A.

Mr. F. G. Spencer, City:

Dear Sir,—Pursuant to your request that I attend a private exhibition of the picture "DAMAGED GOODS" and submit a personal opinion as to its being a contravention of the criminal code and thereby cause its suppression by the police department, permit me to state, viz:

That I have seen the picture and am fully in accord with the opinions of clergymen, doctors and others who have seen the picture, that it is educational and should be shown to segregated audiences, a limit being placed on the ages of those who are permitted to see it.

I also wish to commend the judgment of the censors in passing the picture as it may be possible that the exhibition of such pictures may ultimately tend to the promotion of such legislation as will enforce the production of health certificates before marriage may be consummated.

Personally, I cannot see where there is any contravention of the code, and believe that the picture should be shown in its entirety in order that the full amount of educational value should accrue to its patrons.

Respectfully yours, (Sgd.) H. R. McLELLAN, Commissioner of Public Safety.

Mr. F. G. Spencer, City:

Dear Sir,—I am glad to hear you are going to exhibit the picture entitled "DAMAGED GOODS." I saw a private exhibition of this at your picture house, Charlotte street, about one year ago, and my only regret was that this picture had not been exhibited broadcast through Canada, United States and Europe during the last ten years, as I believe had it been properly placed before the public, the lesson taught would have had a great and beneficial influence upon the masses generally and many today who see it, their only regret will be that the light had not been given them a few years earlier.

From reports, this is the history of many who have returned to Canada from Europe in the last year or two.

Respectfully yours, (Sgd.) F. L. POTTS, Member Provincial Parliament.

Dear Mr. Spencer:

I am very pleased that "DAMAGED GOODS" passed the censors. This picture should show the public the need of more education in health matters, the need of pre-marriage certificates and more strict control of quack medicines.

Yours sincerely, H. A. FARRIS, M. D., Superintendent St. John County Hospital.

Mr. F. G. Spencer, City:

Dear Sir,—It gives me much satisfaction to endorse the public showing of "DAMAGED GOODS," and I strongly recommend all to see it, as the subject has had too little attention paid to it, in my opinion.

(Sgd.) J. V. RUSSELL, Commissioner of Harbor and Ferries.

Dear Mr. Spencer:

When asked for an opinion of the picture called "DAMAGED GOODS," I do not hesitate to endorse same, as I believe it to be a subject that cannot receive too much attention.

If I could preach a sermon so convincing as this picture, I would feel that I had accomplished something.

Yours truly, HAMMOND J. JOHNSON, Pastor Queen Square Meth. Church.

Mr. F. G. Spencer, City:

Dear Sir,—I have seen the film "DAMAGED GOODS," and believe it possesses much educational value at a time when all reforming agencies are laying particular stress upon the subject with which it deals. In my view, however, it should not be shown to mixed audiences of men and women, and not at all to children. To an audience of men or of women it should convey a lasting impression such as, in the interest of public health and morals, is perhaps more desirable today than ever before.

Yours faithfully, A. M. BELDING, Editor "Times."

A PRESENTATION
Friends of Mr. and Mrs. Robert Currie called at their home, 71 Britain street, last evening and presented to their son, Lance Currie, George Currie, a fountain pen, as he will leave soon for overseas.

TO ATTEND FUNERAL.
H. R. Ryan of this city, left this morning for his brother, Lorne Ryan, who died as the result of being injured in a hockey match in Sydney, New Brunswick. Mr. Ryan will have the sympathy of his friends in his bereavement.
ENTERTAINED CHOR.
Mr. and Mrs. Fred McMullin, assisted by Mr. and Mrs. Arthur Brown, entertained the choir of St. Luke's church and their friends at a most enjoyable musical evening at Mr. McMullin's home, 148 Bridge street, last evening. Solos by Miss Trask and Mr. Marney were greatly enjoyed. At the close refreshments were served. Thanks were extended to Mr. and Mrs. McMullin for their hospitality.

MRS. ABNER CAMPBELL.
Many friends in this city will regret to learn of the death of Mrs. Abner Campbell, which took place at her home in Hampton yesterday morning. Besides her husband, she is survived by one son, Howard, of the Goodyear Tire & Rubber Company, who was in Toronto at the time of his mother's death and who is now en route home. Mrs. Campbell formerly resided in this city and moved to Hampton a few years ago.

ALEXANDER WARREN
Many friends about the North End will learn with regret of the death of Alexander Warren, which occurred at 4:40 morning at the General Public Hospital. Mr. Warren for many years conducted a livery stable in the North End and will be greatly missed in that section of the city. He leaves three daughters, Mrs. Geo. Connor of West St. John, Misses Margaret and Hazel at home. The funeral will be held from the residence of his daughter, Mrs. Geo. Connor, 247 St. George street, West St. John.

WOOL GROWERS WILL ORGANIZE
Toronto, Feb. 6.—Representative wool breeders from every province in the Dominion assembled here today to form an organization that would be truly national in its character, and the object of which would be to advantageously market the wool clip on Canadian soil.
It was decided to call the organization the Canadian Co-operative Wool Growers Association.
The association is for commercial purposes, and will be a joint stock company. Among those signing up the by-laws are: Angus Avar, New Brunswick; Stanley Logan, Nova Scotia; W. H. Reek, Prince Edward Island; N. Savoie and A. A. McMillan, Quebec.

AMERICAN BARK LOST
Buenos Aires, Feb. 7.—In shipping circles here it is believed that the American bark Normandy has been lost while on a voyage from the United States. She left an American port last August with coal for Buenos Aires, but has not been reported since. Captains of vessels recently arrived here say they did not see the Normandy.
There is an American bark Normandy, of 548 tons, owned at Bangor, Maine.

BRITISH SUBJECTS IN N. Y.
Albany, N. Y., Feb. 7.—British subjects in this state number 85,612, according to lists compiled from the state military census files and furnished to the British-Canadian recruiting mission. Under an agreement just signed by Great Britain and the United States many of these subjects will be liable to draft, but the recruiting officers from Canada are making a great effort to enlist as many as possible.

MONTREAL BREWERS TO BOOST PRICE OF BEER.
Montreal, Feb. 6.—Local brewers have decided to increase the price of beer \$1 a barrel, beginning tomorrow morning. The beer that has been sold at \$7 a barrel will be \$8 after this and the fine grade will be \$8.50 a barrel. The increase is due to the anticipated prohibitory legislation at Quebec.

SECOND OPERATION ON ROOSEVELT IS SUCCESSFUL.
New York, Feb. 6.—An operation performed late today on Col. Theodore Roosevelt, in a hospital here, the second within a week, for the removal of abscesses, was successful, according to a bulletin issued tonight by his physician, Dr. Walton Martin.
The Colonel was reported as resting comfortably.

TELEPHONE MEN'S BOWLING LEAGUE
In the match game on the Victoria alleys in the Telephone Company league, between No. 2 team, captained by Mr. Perry, and No. 5 team, captained by Mr. McCarroll, the latter team won four points. The line-up of the teams were:
No. 2—Marshall, Moore, McKay, Perry and Skinner.
No. 5—McAllister, Kee, McCarroll, Wasson and Drumm.
Mr. Marshall of No. 2 team was high man, having an average of 97-3.
This league is composed of employees of the New Brunswick Telephone Co. They are divided into five teams, as follows:
Teams and Captains:—
Line-men, No. 1, Mr. Wasson.
First Floor, No. 2, Mr. Perry.
Second Floor, No. 3, Mr. Gray.
Wire Room, No. 4, Mr. Duncan.
Switch Board and Repair Dept., No. 5, Mr. McCarroll.
Most of the members of these teams are practically new men at the bowling game, but are showing up well and no doubt before the season ends will make good in faster company. Some interesting games are being seen and as each team has its loyal supporters with them much enthusiasm is displayed in these games. Although scores made are not of the highest, they are well up to the average made by amateur teams.

PTE. MOWERY WAS KILLED IN CHARGE.
Letter from France Tells the Circumstances and Pays High Tribute to Former St. John Soldier
Mrs. Mowery, 98 Harrison street, has received a letter telling of the circumstances under which her son, Private Douglas Mowery, was killed in action. Private Mowery went overseas with the 160th Battalion and crossed to France with a draft from that unit to the 26th Battalion. The letter received is as follows:—
"I would have written you long ago but I could not find your address, nor was it to be found among the effects of your gallant son.
"Your brave boy was killed instantly during our charge on the enemy's line at Passendale. He was buried on the battlefield where a cross has been erected to his memory. Generous and brave, he gave his life for others, and died in the cause of justice. What nobler death could any of us look forward to? What manner of death could hold brighter prospects for the future? He met the great sacrifice, and you, by your loss, share it with him. Really I do not know who are the bravest, the boys who die on the battlefield or the mothers who suffer at home; this I do know, if you accept of the will of God, your reward will be equally great. But my speak of loss? He is not lost who but goes before, and in a few short years you will see him where there is no death, no suffering, no sorrow."
Yours sincerely,
(Sgd.) B. C. MACGILLIVRAY,
Captain, 26th Battalion

PURSUED ALIEN FROM HALIFAX TO ARIZONA
Phoenix, Arizona, Feb. 6.—A. Strelitz, vice-president of the National Bank of Arizona, and Richard Parham, wealthy business man of this city, both Americans, were taken into custody tonight by United States officers on the charge of aiding the escape of an interned enemy alien.
It is charged the men gave financial aid to a fugitive from an internment camp at Halifax, named Tritterman, who came here seeking employment, and who disappeared before officers arrived from Halifax.

ARRIVED SAFELY IN SPITE OF WARNINGS
An Atlantic Port, Feb. 6.—The Holland America steamship Nieuw Amsterdam, which sailed from Rotterdam January 28, after a long period of delay in that harbor, arrived here today. The steamer had on board a large number of passengers, among them thirty American citizens. During the time the steamer was held up at Rotterdam it was announced in despatches from Holland that Germany had declined to give a guarantee for her safe crossing of the Atlantic and that passengers on board had received warnings similar to those before the Cunard liner Lusitania was sunk, advising them not to make the passage on the Dutch vessel.

ENOUGH CORN FOR CANADA
Ottawa, Feb. 6.—The food controller announced today that arrangements had been made with the authorities at Washington under which the United States war trade board has apportioned to Canada sufficient corn to meet the monthly requirements of this country. This corn will be moved just as quickly as the transportation situation will permit. The bureau of licenses of the food controller's office, in turn, has apportioned part of this corn among Canadian importers, in accordance with their monthly needs, so that in future these importers will not be required to secure a separate import permit for each purchase.

BRITISH AIRMAN IS ARRESTED IN CHICAGO ON SERIOUS CHARGE
Chicago, Feb. 7.—Federal agents last night arrested Frank Fielding, a cadet of the British Royal Flying Corps, on a charge that he was planning to dispose of British military code and plans and designs of flying machines to a supposed German agent. The code book was found on Fielding, but he denied that he had made any efforts to dispose of it.
The supposed German agent—a Mr. Statforth—is still at liberty.
