NO CRIME TO GO TO THEATRE ON SUNDAY

Young Boy Killed by Locomotive at Muskoka

Three Men Shot in a Dispute Which Started in a Social Gathering in Toronto

PERRY SOUND, Ont., Feb. 5.—Eric, the young son of Chas. Sheldon, divisional engineer of the C.P.R. at Muskoda, was run down by an engine and his leg crushed, dying soon after being brought to the hospital here. There is no school at Muskoda divisional point and the children play in the railway yards.

TORONTO, Feb. 5.—A. J. Haggart is under arrest charged with shooting with intent to kill, and Victor Teasdale, a Feb. Lawrence Street, an engineer, and Charles Turf, a clerk, are in the hospital with bullet wounds. None of them are fatally injured. Haggart, Teasdale and some women were spending the evening in a cottage on Loutina street where they drove the Pole out. The latter smashed in a door and was shot in the leg by Haggart. Haggart then ran into the street and shot Turf and Turf while they were assisting policeman Mullen to arrest him.

QUERBEK, Feb. 5.—Under a by-law passed by the city council recently citizens appeared in the Recorder's court yesterday charged with attending moving picture shows Sunday. The by-law in question prohibits the opening of such shows on Sunday and subjects to yesterday's despatch those who were assisting policeman Mullen to arrest him.

REVOLUTIONARY GENERAL HAS BEEN SURROUNDED

Estrella's Onboard Made a Valiant Attempt to Shell Greytown—British Bluejackets Put out a Fire.

SAN JUAN DEL SUR, Nicaragua, Feb. 5.—Advises received here are to the effect that the provisional government gunboat Onsetepe endeavored to bombard Greytown Thursday but that contrary to yesterday's despatch it stood too far off and her shells did not reach the city. The land battery immediately replied to the fire of the Onsetepe which left after an hour's action. The advice says also that Thursday night a big fire broke out in Greytown and destroyed nine houses and that the flames were extinguished finally with the aid of British bluejackets.

Owing to the interruption of the telegraph and lines, news has just been received here of the arrival at Greytown, Wednesday, of the members of the Managua Red Cross from Corra Island, where they had been held prisoners by General Estrada, the provisional president.

Reports from the Department of Chentales say that the column of the revolutionary General Luis Mena is surrounded by government forces at Santo Domingo, nine miles from Lallbert and that Mena must fight or surrender.

DOCTOR BURST A BLOOD VESSEL TRYING TO KEEP A PATIENT ON THE OPERATING TABLE

LONG BEACH, Calif., Feb. 5.—The strain of supporting a 200 pound patient who had rolled off the operating table burst a blood vessel in Dr. William Lawrence Woodruff's lungs yesterday and the surgeon died shortly afterward. Dr. Woodruff's views on the simple life and spartan methods of raising children had made his name known throughout the city. He first practiced his theories on his infant children, who thrive on coarse foods and ice baths and the wearing of only a single garment even in the coldest weather.

STARVED HERSELF TO DEATH WHILE INSANE

Woman of Wealthy Family, Well Known as a Writer, Dead in an Asylum.

NEW YORK, Feb. 5.—Miss Laura Allen, at one time well known in the west as an authoress, and whose father presented Central Park to Decatur, Ill., is dead of starvation in the asylum on Wards Island. She had been in the hospital for a year but of late had persisted in her refusal to take nourishment and the authorities declined to release her.

ARGUMENT HEARD IN ISAACS CASE

Defendant Claims That No Fraud Was Practised

Adjournd for a Week—Hearing in the Curry Case May be Finished This Evening.

SHERBROOKE, Que., Feb. 5.—The Isaac case came up before Judge Mulvenna this morning. The accused himself being present. L. E. Fanneton, for the plaintiff, laid the case before the judge stating the ground on which the action was based. C. D. White, for the accused, argued that the section under which the charge was laid was not intended to be applied to the case.

FREDERICTON, N. B., Feb. 5.—Mayor Chestnut has been served with a Supreme Court writ by Barrister James Holland, acting on behalf of Maxwell and Mitchell, contractors. The case is against the city and the damages claimed amount to \$1,900. In all probability the case will be settled.

Net McIntyre, a well known colored gentleman of this city, was arrested this morning charged with stealing a Winchester rifle the property of Luther Smith, of Oranout.

The Curry case is still before the Supreme Court and on adjournment at noon Mr. Teed had completed his argument in favor of the appellant. He dwelt all morning at great length on the evidence in the case contrasting the testimony of Mrs. Curry with that of Mr. Curry and claimed that in many instances Mrs. Curry's evidence was supported by numerous witnesses, while Mr. Curry's lacked corroboration.

COUPLE HAVE SOLVED PROBLEM OF LIVING

Farmer and Wife Settle for Their Future

Sold Farm to Their Son for Maintenance for Life—Definite Conditions Named in Deed.

CHICAGO, Ill., Feb. 5.—Otto Meyer and his wife Mary have solved the difficulties attending the high cost of living as far as they are concerned. They have lived for years on a 20 acre farm near the village of Riverside, Cook county.

By a deed filed in the recorder's office yesterday Meyer for a consideration of \$4,000 in cash conveyed to his son, H. Meyer, the farm. That in return for this, the elder Meyer is to be furnished with all the necessities of life, including a house, regardless of the market price as long as he or his wife live.

SOUTHERN PEACE CONFERENCE BUSY

Several Resolutions Adopted Looking to Improved Conditions in Central America.

SAN SALVADOR, Republic of Salvador, Feb. 5.—The second Central American peace congress which convened last Wednesday with great eclat, has continued its session daily and as a result has completed much of its work. The following resolutions have been passed:

- First—Favoring the establishment of the gold standard as the basis of monetary system for Central America.
 - Second—Favoring the reduction of the customs duties of Central American States for the natural and artificial products of each state.
 - Third—Approving the plans and estimates of the Institute Pedagogic Centro Americano to be founded in C. Rico in accordance with the Washington convention.
 - Fourth—Favoring the establishment of the French metric system as the only legal system of weights and measures.
- The conference still is sitting.

TESTS OF PRESSURE WERE SATISFACTORY

Trouble at Fire Probably Due to an Obstruction

Generous Water Supply Available—Fish in Pipes Cause Trouble—Morning Paper's False Statements.

That the lack of water which was noticeable when the fire which destroyed the Hamilton factory broke out was due to a temporary obstruction in one of the pipes and not to any fault of the water pressure, the distribution or the construction of the hydrants seems to be indicated by the tests made this morning by the special committee appointed by the Council.

The committee, which consists of A. I. Frink, chairman of the Water and Sewerage Board; Ald. Vanwart, chairman of the Safety Board, and Wm. Murdoch, city engineer, were on hand at the scene of the fire at seven o'clock this morning in order that the water conditions might be practically the same as at the time of the fire.

Guages were appended to the hydrant complained of and at the corner of Erin and Brunswick street a pressure of 83 lbs. and a pressure of 82 1/2 lbs. at the corner of Erin and Hamilton streets was indicated.

Number 2 hose wagon was on hand and lines were attached to these hydrants, a stretch of 200 feet on one and 250 feet of hose on the other. The water was then turned on, streams were thrown 60 feet in the air and a distance of 100 feet along the street.

While these streams through 1/2 inch nozzles were playing the guage appended to the hydrant at the corner of Hanover and Albion streets showed a pressure of 80 lbs.

The hydrant at the corner of Erin and Brunswick streets is not supplied from the Brussels street pipe, and draws direct from both the 12 and 20 inch mains on Erin street by a 6-inch connection. The hydrant at the corner of the mill is supplied in exactly the same fashion.

As a matter of fact the 10-inch main on Brussels street was cut off at the lower end on account of one section having become beyond use, and is supplied by run backs at various points, one of them being the 6-inch pipe from Erin street which supplies the hydrant at the corner of Erin street.

The water has to come past the plug where the supply was said to be defective to reach the Brussels street hydrant which gave a good stream at the time of the fire without the use of an engine.

The hydrant at the corner of Albion and Hanover streets is not supplied from the main laid in 1857, by a 4 inch pipe, but its supply direct from the 20 inch main on Erin street by a four inch pipe. An excellent stream was obtained from this at the time of the fire without the use of an engine.

The other hydrant used, which is on the corner of Erin and Brunswick streets, is supplied direct from the 20 inch main.

It is shown that of the five hydrants in use at the time of the fire, two were supplied direct from the 20 inch main on Erin street and the other three had a double supply from the 20 inch main on the same street. The charge which has been made, that the weak pressure may have been caused in the earlier stages of the fire by the obstruction of water at that point by manipulation of the stop cocks, is also without foundation, as the only stop cocks which have been turned since the first of the year were two on St. David street, and one on Gilbert's Lane, which had to be shut off while minor repairs were being made. Neither of these could have affected the pressure at the time of the fire.

Although it is impossible, as yet at any rate, to give a definite explanation of the weak pressure at the time of the fire, these facts point to the conclusion that it must have been of a purely local nature, and was apparently due to some temporary obstruction in the pipe which feeds the hydrant at the corner of Erin and Brunswick streets.

A fact which lends support to this theory is the presence of fish in the city mains which have given the department a lot of trouble since the screen at the intake broke about a month ago and let in a shoal of fish. Their presence in the pipes was shown by the burst in one line of hose through which a large eel was blown out. The present officials in charge cannot be held responsible for this as the screen was designed by the engineer who directed the work of extension and has since been cared for according to Mr. Hunter's directions. Since the break, however, orders have been given by Mr. Murdoch to have the screens examined and cleaned once a week instead of once a month.

So far nothing has been revealed which can throw any discredit on the city's water supply, the pressure, the distribution or the hydrants which are in use.

Owing to the simultaneous religious campaign, the Temple of Honor will discontinue Sunday afternoon services. Tomorrow's meeting has been postponed until March 7.

BETTER PROTECTION ON PASSENGER CARS

Webbwood Jury Makes Several Suggestions

Canada Defence League for Ontario—Boy Given Five Years for Criminal Assault.

SUDBURY, Ont., Feb. 5.—Within less than two hours after crown counsel, Mr. H. L. Drayton, K. C., of Toronto, had finished summing up the evidence, the jury investigating the Webbwood disaster last night brought in a verdict that the accident was the result of a dereliction of the forward trucks of the first class coach, the cause of which they could not determine. They added a recommendation that the following named points be properly investigated by the Board of Railway Commissioners:

- (1) Are there sections sufficient to keep an eight mile section in proper condition during winter in the rigorous climate of New Ontario? (2) Should not openings be placed in the roofs of cars capable of being opened from either inside or outside and suitable for the escape of passengers in case of an overturned car? (3) Should not emergency tools be carried at convenient places outside of the car as well as inside?

Are there sections sufficient to keep an eight mile section in proper condition during winter in the rigorous climate of New Ontario? (2) Should not openings be placed in the roofs of cars capable of being opened from either inside or outside and suitable for the escape of passengers in case of an overturned car? (3) Should not emergency tools be carried at convenient places outside of the car as well as inside?

TORONTO, Ont., Feb. 5.—As an outcome of the resolution passed at a meeting held here last year favoring the formation of a Canadian Defence League, a meeting has been called for an early date to organize a division of the league for Ontario. Similar meetings will be held in other provinces. Objects of the league are to: (1) Promote the national defence. (2) Secure the best possible military training for all citizens. (3) Secure the best possible military training for all citizens.

PLOT TO POISON THE WHOLE VILLAGE?

Two Hundred Wisconsin People are in Terror

New Jersey Village Was Threatened With Destruction by Fire This Morning.

COONTO, Wis., Feb. 5.—That the village of Suning is destined to be wiped out by poison now is the fear of the 200 residents of that little hamlet, who are in the northwest part of this county. On Thursday the three year old daughter of Nels Nelson died after eating poisoned candy left on the doorstep.

The poisoning follows the sending out last year to the best known people of the village of a series of letters, in which it was promised that the writer would poison every person in the place. The people are preparing to move if there is another case of poisoning.

NEW YORK, Feb. 4.—The netre village of Chiffside, N. J., was threatened with destruction by fire that started today in Bennett, a silk factory. The factory was burned to the ground and the blaze spread to and consumed a big flat building and several other structures in the immediate vicinity. A dozen families were driven out into the cold. Lack of water hampered the firemen, but they managed to control the blaze after it had done damage estimated at about \$50,000.

JOHN E. WILSON BUYS THE McAVITY PROPERTY

There was a large crowd at the auction sales at Chubb's Corner at noon. Auctioneer Potts sold a \$1,000 city water debenture 4 per cent, due 1923, at 98.

Auctioneer Lantulum offered for sale the McAvity property, 145 Leinster street. There was some lively bidding for a time. John E. Wilson, M. P. P., became the owner of the building for \$275.

Mr. Lantulum also placed on sale the property at 22 Mecklenburg street, formerly occupied by D. C. Clinch. The property was withdrawn at \$7,000.

PERSONAL
Rev. Dr. Raymond returned to the city on the Boston train this morning. Senator Donville reached the city at noon today on the Atlantic express.

NOW THIRTEEN FEET BELOW ITS CREST

Parisians are Busily Engaged in Housecleaning

Effects of the Flood Will Not be as Serious as Anticipated—Relief Societies Organizing Their Activities.

PARIS, Feb. 5.—The Seine has fallen more than thirteen feet from its flood maximum and the city has begun to assume its normal appearance. The streets are clear of water and wreckage left by the flood is rapidly disappearing.

Above and below the city the waters have returned to the river bed and householders are busily engaged in cleaning and drying their homes. Train services in all directions is being restored and some of the factories have resumed operations, thus decreasing the number of unemployed.

In many quarters the gas and electric light services have been renewed but it will be many days before the transportation service, telegraph and telephone and other utilities are in complete operation.

In the meantime there will be no cessation in the work of relieving the misery caused by the rampant waters. The hospital and other places of refuge as well as the soup kitchens continued crowded today and the distribution of food and clothing proceeded systematically.

A group of generous women is engaged in a house to house canvass, collecting from the more fortunate old furniture, beds, mattresses and even toys for children.

Premier Briand presenting the flood situation before the cabinet today expressed the belief that the effects of the disaster would be somewhat less grave than had been anticipated. He said that he felt confident that the measures prescribed to prevent an epidemic would be effective. The cabinet decided to ask parliament to grant new credits for the furtherance of the work of restoration.

Tomorrow by agreement the authorities and relief societies will discontinue the promiscuous distribution of relief supplies to all comers, confining the list of those aided in each arrondissement to those in that particular community. The object is to furnish substantial aid and permit families to return to their own homes as rapidly as possible.

Many industrial concerns are allowing their employees half pay for the time that they are in enforced idleness.

CASTRO PREPARING TO MAKE MORE TROUBLE

Report That He Will be on Hand to Start a Revolution Against Gomez in April.

CARACAS, Feb. 5.—Private correspondence in the possession of the government says that former President Cipriano Castro has left Malaga, Spain, for Tenerife, Canary Islands, with the intention of proceeding thence to Central America, so as to be near Venezuela and in a position to foment a revolution against President Gomez when the Venezuelan congress meets in April to elect a constitutional president of the republic. The correspondence is considered to be reliable. The leaders of all parties here are now united in supporting President Gomez, and the principal sympathizers with Castro are in prison.

SPECTACULAR FIRE ON NEW YORK PIER

Great Flood of Water Poured on the Blaze From New Apparatus and Fire Boats.

NEW YORK, Feb. 5.—A spectacular fire which broke out early today on a North River was flooded out after an hour's hard work by firemen working from both the land and the water. From the street the new high pressure apparatus threw thousands of gallons of water a minute over the merchandise stored on the pier and this flood was augmented by streams six inches thick hurled broadcast from the nozzles of the city's fire boats. Tugs crept in under the streams of water and pulled away the steamer Protos, which lay alongside the pier with a valuable cargo, much of it highly inflammable, on board. On account of the effective work of the firemen the damage will be less than \$10,000.

Manager Good of the Dominion exhibition has opened correspondence with the provincial premiers with a view to having the provinces represented with exhibits at the big fair. It is the managers intention to give space to the provinces which place exhibits under the supervision of the governments. This move is an excellent one and Manager Good has client one and a manager will work out. The provincial exhibits would give a more national character to the exhibition.

POOR DOCUMENT MARCH 20 1914

TWO

THE STAR, ST. JOHN N. B. SATURDAY, FEBRUARY 5 1914

NEWS OF SPORT

TONIGHT'S GAME IN QUEENS RINK

Tonight the Tigers and the All-St. John hockey team meet in an exhibition game at the Queen's Rink. The All-St. John seven is getting into shape for its games with outside teams which will begin on Wednesday next with a game against Chatham. On Friday the locals will play Acadia University, and on Saturday, the 12th instant, the Amherst Rowdies will play here. The St. F. X. team which passed through the city yesterday on its way to Cambridge, Mass., where it will play Harvard today, will be unable to play the local team. However, there are some first-class matches in sight and the team desires the support of the public.

The Exmouth Y. M. A. basketball team leaves for Moncton today and will play at the Moncton Y. M. C. A. this evening. The Blue and Yellow are taking away its strongest team and its members expect to give a good account of themselves.

Catarth Cannot be Cured

with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarth is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarth Cure is taken internally, and acts directly on the blood and mucous surfaces. Hall's Catarth Cure is a quack medicine. It was prescribed by one of the best physicians in this country for years and is a regular prescription. It is composed of the best tonic known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing Catarth. Send for testimonials free. F. J. CHENEY & CO., Props., Toledo, Ohio.

AMUSEMENTS

THE GEM

Subjects of exceptional merit were shown at the Gem last evening. "The Restitution" was a hit, a strong drama of good action, and a strong plot. This subject tells the story of a thief which is made, apparently under favorable conditions to the thief; there is the detail of the story in which "restitution" is finally made. "The Fruit of Revenge" is a masterpiece of photography, beautifully hand colored, contains bright and cheerful transformations. "How to Grow Up" is a comedy which pleased all, one full of funny incidents and hearty laughter. Mr. Percy Hartney scored another hit in "That's What the Rose Said to Me." Master Holland in orchestral selections was a real treat, delighting all who heard him. All programs will be repeated tonight.

GREATEST PICTURE EVER MADE SEEN AT THE UNIQUE

The Unique has an interesting announcement to the effect that on Monday and Tuesday they will show, what many of the best critics in the world of motion pictures has pronounced the greatest motion picture ever produced. This is none other than a remarkable pictorial reproduction of Nero, or The Burning of Rome. In all its grandeur this historic tale is unfolded on the curtain in so thrilling and life-like a manner that the audience will certainly be carried back to the days of this dreadful and stirring event as they could not be transported in any other way. Every one of the fifteen wonderful scenes in the story is of sufficient beauty and interest to bring exclamations to the mouths of the audience, while the grand climax when Nero is watching the destruction of Rome by fire in the company of Poppaea, is certainly the last word in motion picture realism. Three other subjects and a new singer comprise a programme which will make it essential for all to be early.

Piles Cured in 6 to 14 Days

PAZO OINTMENT is guaranteed to cure any case of Itching, Blind, Bleeding or Protruding Piles in 6 to 14 days or money refunded.

ARITHMETIC CONTEST

In the last report of the arithmetic score at the Currie Business University, an error was made in stating that Miss Simmons was tie with Fred Dalton for fourth place. This honor was held by Miss Mary McGuire of North End.

In yesterday's score F. W. Fowler was first, J. D. Savage, second. Savage is pushing Fowler hard for first place, requiring only seven points for a tie.

Fred Dalton and Miss Louise Simmons are now tie for fourth place.

To cure Headache in ten minutes use Kumford Headache Powder.

Save of Defective Table Linens at M. R. As

This is the sale of the economical housewife always appreciates and no other occasion is quite so interesting from the saving point of view. Every home can use more table linens and no one should miss seeing just what unusual values these lines are. Sale commencing Monday morning in the linen room.

THE WORLD'S WATER.

The surface of the sea is estimated at 15,000,000 square miles, taking the whole surface of the globe at 19,000,000, and its greatest depth supposedly equals the height of the highest mountain, or four miles.

Only One "BROMO QUININE," that is **Laxative Bromo Quinine** Cures a Cold in One Day, Grip in 2 Days

HUGH BRADLEY JOINS THE LAKE OUTFIT

Worcester Captain Will Appear in Fast Company

Popular Worcester Man is Well Known in St. John—Played Against the Maroons Last Year.

BOSTON, Feb. 4.—Following closely upon the sale of First Baseman Arroy, Manager Fred Lake yesterday disposed of another player, a man whose accession to the Dove ranks has first given reason for believing that the Boston National League team would be greatly strengthened thereby. A recent injury sustained in basket ball may have caused Manager Lake to change his ideas in regard to the value of this promising young player.

At any rate, the release of First Baseman J. J. Kane to Omaha, Neb., was yesterday announced.

It is now believed, however, that Manager Lake is pretty confident of getting a good man to hold down the initial bag on the South End grounds, and that, despite contrary rumors, his recent conferences with Director John Harris in Pittsburgh have not gone for nothing. It doesn't seem reasonable to suppose that Lake would let go of Autrey and Kane, both of them first basemen, unless he was reasonably sure that he could get some other player who was fully qualified to guard the first station on the National diamond.

LAKE WEEDING OUT.

While Lake hasn't succeeded in signing up any new players as yet, he has been mightily busy disposing of a lot of surplus baggage, and as he must have secured some room for players like Beaumont, Autrey and Kane, it is plain that he must be getting together a purse to take care of some other player who will take their places. Long ago Lake admitted that first base and the outfield were the weak points in the Dove's make-up. Fred seems very hopeful now and the chances are that he has been assured of securing a couple of men who will help to make the outfit under his control bear a striking resemblance to a real baseball team.

Dave Sheen, the Arlington player, brought in a signed contract to headquarters yesterday afternoon. Sheen has just recovered from a severe attack of neuritis. He is now in fine condition, and as he works pretty hard down in the market during the week, surplus cash has had no chance to accumulate. Dave says that he thinks the coming season will be a good one for him. As he has already shown plenty of evidence of future greatness, it is not surprising that he was touted as the player to succeed big Jake Stahl at the Red Sox first sack.

BRADLEY VS. STAHL.

Reports from Oregon were full of the tremendous hitting of the big New York lad. There were plenty of hints as to Danzig's ability to break the fences up at the Huntington avenue park, and the many friends of Jake Stahl were worried over the duel scheduled to take place between the two big fellows when they met on the Hot Springs training ground.

But the season was not a week old before Danzig was shoved into the background, and his early relegation to the minors forestalled. In hitting, baserunning and fielding Stahl had it all over his younger rival, and while Stahl had the best year he ever had in baseball, Danzig had to be content with a New England League berth and a transfer in the fall to the Providence Grays.

This year again Stahl's title to the first sack is threatened in the person of Hugh F. Bradley, the first baseman of last year's Worcester team. Bradley is a big fellow who has long been looked upon as a corner, and last fall John I. Taylor secured him for a try-out with the Red Sox. He sent his signed contract in yesterday and will fight it with Jake Stahl accordingly next month. But he will have to travel at an awful clip to displace a man who hit for .28 last season and who put up such a grand game at the first station for Boston.

(Bradley is one of the most popular men on the baseball diamond. He played here against the Maroons last year and has many friends in St. John who will wish him success with the Doves team. Bradley no doubt will prove a valuable acquisition to the Boston.)

NEW ORLEANS, Feb. 4.—John Cuelon, champion bantam weight of the world, and Jim Kendrick, champion bantam weight of England, have been matched for a fight here on February 19, under the auspices of the Royal Athletic Club.

Carmarthen Street Methodist—Rev. C. W. Squire, pastor. Rev. Mr. Mortimer preaches in the morning; and in the evening Prof. Watson of Sackville University and F. H. Murray will hold a meeting in the interests of the missionary movement.

To remove odor of fish or onions from the frying pan, put in vinegar and heat until scalding, and then wash out.

To prevent eyeglasses "steaming" in cold weather, rub with vaseline and polish with a silk handkerchief.

All who would like a good bean supper come to the Seaman's Institute Saturday, Feb. 5th, from 5.25 to 7.25. Admission 20c.

TED GOY WILL BE HEAD COACH AT YALE

Fred Daly, captain of the Yale football eleven, has not announced his list of coaches for next season, with the exception of Ted Goy, who will be head field coach. It is believed that other backfield coach will be "Jack" Oweley of Chicago, who was head instructor of

Over 4,000 enthusiasts watched the police sports at the Victoria Rink last evening. The meet was a grand success and the relief fund will be greatly enriched. There were speed and fun combined at the sports.

Honors of the evening in the speed events were divided. Logan won the laurels in the 220 yards. Wright took the 440 yards, while Elliot Belyea captured premier honors in the half and one mile events. Coleman and Riley deserve prominent mention. These men, as well as the winners, skated in excellent fashion. Riley was surely traveling in the first heat of the 440 yards when he took second place. Coleman was right on the heels of the runners throughout. M. Bell, W. Bell, Northrup, Whitebans and Campbell were also to the front in the various events. M. Bell had two heats to his credit. W. Belyea took the police race.

SHEPPARD IN MIDST OF ATHLETIC TROUBLE

Mighty oaks arise from little acorns. Down in Philadelphia a whitey go Mel Sheppard, a N. Y. Athletic word to a Military Athletic League sports promoter and the promoter got sore. So he took the matter up for saying the Naughty Word, but for asking ten dollars more expense money than the promoter offered. The Philadelphia didn't promise the extra ten and Sheppard refused to be content with the original expense money, which, according to reasonable estimates, was out of all proportion to the actual expense money. In addition, Sheppard was to get a prize worth twenty-five dollars if he won no race. And when the Naughty Word was spoken to the Military official the Military official raked up to Mel that he was being given more money—which he hadn't at that time and hasn't yet received—and then put the matter up to the Military League and Sheppard was declared suspended. It all looks very complicated and the A. A. V. will have to thresh the thing out. It seems that it is quite customary for some of these New York boys to receive an expense money in about double proportion to the actual expenses and a good deal of house money. Some time ago, I. Garnett, 1st; Alchorn, second. Time, 2:27.25.

Yards semi-finals No. 1.—Logan, first; Coleman, second. Time, 2:11.5.

220 yards dash (2nd heat)—Wright, first; Trickey, second. Time, 20:1-5.

220 yards dash (3rd heat)—Riley, first; Belyea, second. Time, 21:2-5.

Boys' half mile, 12 and under (1st heat)—McKiel, first; Elliott, second. Time, 2:29.

Boys' half mile, 15 and under (first heat)—Stack, first; Donovan, second. Time, 1:42-2-5.

Boys' half mile, 15 and under (second heat)—Apleby, first; Evans, second. Time, 1:40-2-5.

Boys' half mile, 15 and under (third heat)—Elliott, first; Moore, second. Time, 1:39-4-5.

440 yards dash (first heat)—Riley, first; Logan, second. Time, 40-4-5.

440 yards dash (second heat)—Wright, first; Coleman, second. Time, 41-2-5.

440 yards (third heat)—M. Bell, first; Campbell, second. Time, 42-4-5.

Reporters' half mile—G. M. McDade, first; F. Carr, second. Time, 1:48.

Deal of house money. Some time ago, I. Garnett, 1st; Alchorn, second. Time, 2:27.25.

Yards semi-finals No. 1.—Logan, first; Coleman, second. Time, 2:11.5.

220 yards semi-finals No. 2.—Wright, first; Logan, second. Time, 21.

Police snow shoe (2 laps)—Crawford, first; Lucas, second; Hughes, third. Time, 57-4-5.

440 yards semi-final No. 1.—Logan, first; Wright, second. Time 46.

440 yards semi-final No. 2.—Bell, first; Campbell, second. Time 42-1-5.

Bakers' race, half mile—A. Shaw, first; M. McKiel, 2nd; St. C. McKiel, 3rd. Time 2:02-2-5.

Carpenters' half mile—Northrup, first; Isarrat, 2nd; Logan, third. Time, 1:57.

220 yards (final heat)—Logan, first; Wright, second; Riley, third. Time, 1:33-3-5.

Boys' 2 years (final heat)—Gorman, first; M. McKiel, 2nd; Boyer, 3rd. Time, 1:42-2-5.

Boys' 12 years (final heat)—Apleby, 1st; Elliott, 2nd; Evans, 3rd. Time, 1:42-2-5.

440 yards (final heat)—Wright, 1st; Bell, 2nd; Logan, 3rd. Time, 42-1-5.

Police, Class II, 4 laps—Hughes, 1st; Linton, 2nd; Jones, 3rd. Time, 1:25-2-5.

Conductors, 4 mile—N. Burke, 1st; F. Smith, 2nd; Shaw, 3rd. Time, 2:14.

Police consolation (4 laps)—H. Linton, 1st; Finlay, 2nd; Jones, 3rd. Time, 1:12-3-5.

Snowshoe race open—C. Logan, 1st; C. Scott, 2nd; A. Crawford, 3rd. Time, 55.

Grocers, 4 mile (2nd heat)—Logan, 1st; C. Colwell, 2nd; Harley, 3rd. Time, 1:55.

220 yards, hurdles—Longley, 1st; Riley, 2nd; Whitebans, 3rd. Time, 1:55.

180 yards (final heat)—H. Belyea, 1st; M. Bell, 2nd; R. Belyea, 3rd. Time, 1:38-1-5.

One mile, open—H. Belyea, 1st; Coleman, 2nd; M. Bell, 3rd. Time 3:13-2-5.

The officials were as follows: Referee, Chas. Clark, Starter, James Pullen, Timers, Jas. Barnes, Robert Watson, Martin Dolan, Judges, Aid. Potte, Hudson Brown, and finally Chopin number, which was received with immense applause. A minor fault, the C mile, however, and finally Chopin's Berceuse brought this part of the programme to a close. In the closing of the meeting, the stately words of Moszkowski, Mr. Hambourg's own volklieder and Tschakowsky's Patot Eugene, Mr. Hambourg was immense, and at the close was forced to respond to a thunderous recall, and in doing so gave a brilliant capriccio by Paderewski.

Mark Hambourg's recital given in the Victoria House last evening more than fulfilled the high expectations of those who heard him. The audience was not large, but was after the first number a most enthusiastic one. The great piano virtuoso held the audience almost spellbound during his performance, and at the close he was given a rousing ovation. The audience was a discriminating one and fully capable of appreciating the splendid work of the eminent musician.

The programme opened with a gavotte and variations by Rameau. Then followed the sonata appassionata by Beethoven, in which Mr. Hambourg was heard at his best. The second portion of the programme opened with Chopin number, which was received with immense applause. A minor fault, the C mile, however, and finally Chopin's Berceuse brought this part of the programme to a close. In the closing of the meeting, the stately words of Moszkowski, Mr. Hambourg's own volklieder and Tschakowsky's Patot Eugene, Mr. Hambourg was immense, and at the close was forced to respond to a thunderous recall, and in doing so gave a brilliant capriccio by Paderewski.

BIG CROWD SAW EXCELLENT RACING AT POLICE SPORTS

BRINSMEAD

The Piano of the King's Emperors, His Holiness the Pope. The Piano for you.

The famous (School) piano on exhibition in our window. This piano is built especially for the London Conservatories of Music. Same construction in every detail as the most expensive Brinsmead we carry. By putting it in a case size case the English manufacturers are going to try and compete with the price of the average Canadian piano.

The cabinet work alone ought to sell this piano at the price we are going to ask.

We invite all music lovers to inspect this instrument. Open evenings in February.

W. H. JOHNSON CO., Ltd., 7 Market Square, St. John, N. B. Also: Halifax, Sydney, New Glasgow.

\$50.00 IN PRIZES

To Readers of CLASSIFIED ADVERTISING

A Contest of Skill and Diligence

First Prize.....\$15
Second Prize.....10
Third Prize.....5
The Next Twenty (each).....1

Rules Governing the Contest
The object of this contest of skill and diligence is to cause our readers every day to carefully read all our classified ads. Every day for fifty consecutive days the name of a little prize is placed in the value of classified advertising.

Prizes will be made to those contestants who make the most correct selections of the words of the classified ads, and place or copy the words in the correct position of the advertisement. The number to be selected is clearly a test of care and diligence. All answers must be sent in separate envelopes, and must be accompanied by a receipt for the prize. The prize will be awarded to the contestant who has the most correct answers in the last copy of the paper. It will be easy to distinguish the correct answers, each day among the ads.

FEW IDLE HANDS

IN GERMAN CITIES

Employers Loudly Glamor for the Workmen Which They Cannot Find.

BERLIN, Feb. 4.—An analysis of the official statistics of unemployment in Germany during December, 1909, covering all trades and industries, skilled and unskilled, in all parts of the country, reveals 97 of unemployed.

Employers in almost all branches of industry are clamoring for workmen whom they cannot find. Although the statistics reveal 97 of unemployed, employers in almost all branches of industry are clamoring for workmen whom they cannot find.

The statistics of unemployed, published in the Radical organs and propagated by Radical Socialist politicians, and second from trade unions who deliberately falsify the figures relating to unemployment to serve their own political ends.

These utterly misleading statistics, resting on no solid basis whatever, are seized on eagerly by British free traders to demonstrate Germany's terrible condition.

An instance of this kind has just occurred at Halle, where Socialist trade unions petitioned the town council to provide work for 1800 unemployed. The committee of the town council investigated the matter and reported that there was practically no unemployment in Halle. The suggestion that there were 1800 unemployed in Halle was, said the committee, preposterous; there were not even eighty.

SHACKLETON TO TRY

SOUTH POLE AGAIN

Maxi Attempt to be Made in Co-operation With German Scientists.

BERLIN, Feb. 4.—Sir Ernest Shackleton is planning a fresh attempt on the South Pole—practically in co-operation with German scientists. His project was divulged at a dinner given in his honor by Professor Penck, director of the Museum of Oceanography and president of the Geographical Association. These present included the British Antarctic expedition, and a number of German Antarctic explorers and

own work. I went to a doctor, and he told me I had heart trouble and that my nerves were all unstrung. I took medicine, as he ordered me to do, but it did me no good. I then started to take Milburn's Heart and Nerve Pills, and had only taken one box before I started to feel better, so I continued their use until I had taken several boxes, and I am now strong and well, and able to do my own work. When I commenced taking your pills I weighed 125 pounds, and now weigh 185 and have given birth to a lovely young daughter, which was a happy thing in my family. When I commenced taking Milburn's Heart and Nerve Pills, I could not sleep without rest, and I got the top. I can now go up without trouble.

My 50 cents per box or 3 for \$1.25, all prices by mail direct on receipt from The T. Millburn Co., Limited, Cooke, Ont.

TO LET—Flat of eight rooms in new house, with modern improvements. Can be seen Monday and Friday afternoons. Apply 120 City Road. 2-1-11.

FREE KINDERGARTEN REPORT FOR JANUARY

So far this winter not so much real poverty has been noticed and only some children returning when holidays were over needed clothing. Mothers are becoming more independent and in more than one case have asked to pay something for things given them and many were very thankful for Christmas gifts.

The reports for the month have been Time. Beginning with the new year and what it brings, to time and what it means to big and little people, the children learned about the clock and its uses. They were much interested in learning the different ways of telling the time four ago. Some of the children were taken to see Trinity clock and the clock at the station. Prized lays great stress upon the art a clock (with a pendulum that in its swing) plays in the education of the child.

The work has been picture-making, coloring, painting, making calendars, writing checks on church steeples, etc. One of the kindergartens during the month there was a little snow they had

You Can Afford to use 40c. Tea Just as Well as 30c. Tea if You Use 40c. Red Rose

A pound of 40c. Red Rose goes further than any 30c. or 35c. tea and it is distinctly superior in quality.

30c. and 35c. Red Rose Teas are good teas, so good that very many people say they want nothing better. But, if they would once try a package of the 40c. Red Rose they would use nothing else in future.

Just think, five cups of 40c. Red Rose Tea will only cost 1c. One lb. makes over 200 cups. Not a question of affording.

RED ROSE TEA "Is Good Tea"
WILL YOU TRY A PACKAGE?

USE OF WIRELESS IN BRITISH NAVY
Lord Fisher Extends Service, Even Equipping Submarines

Operators Have Chart on Which All Movements of Vessels are Constantly Marked.

LONDON, Feb. 4.—Lord Fisher, of Kilcraigo, on his sixty-ninth birthday relinquished the post of First Sea Lord of the Admiralty to his successor, Sir Arthur Wilson, who has already given signs of an intention to preserve a continuity in the policy of his predecessor.

It is at least significant that Sir Arthur has appointed as his naval assistant Captain H. F. Oliver, the officer who filled this post under the retiring First Sea Lord, Captain Oliver. It may be recalled, was the commander of the Admiral's flag when the Admiral carried his fleet of battleships and cruisers into the harbor of Scilly in a fog, a difficult feat in seamanship and navigation, for which he has always given the greatest credit to the magnificent pilotage of this officer.

Furthermore, it is well known in the naval service that during the last six years Sir Arthur Wilson was frequently consulted about the disposition and use of the fleet in the event of an emergency arising, because he would certainly have been called upon to take the supreme command afloat. There can, therefore, be little doubt that a complete agreement in respect of the plan of campaign exists between the two Admirals.

EXTENDING WIRELESS SERVICE

In this connection there has been no more striking example of the scientific preparation for war made by Lord Fisher than that which concerns the utilization of wireless telegraphy. Not only has the fleet been equipped with wireless, but many of the smaller craft, such as the destroyers, have had this fitting put into them and it has been stated that the new submarines are to have it.

Incidentally it may be mentioned that, excluding the 100 ton boats, first built seven years ago, there are now more than fifty submarines in the British navy, all sea-going vessels, of which the "D" class displace 600 tons, have a surface speed of 7 knots and a range of action of more than 3,000 miles. The newer submarines will not only carry wireless, but will be equipped with one another under water, but they are to be armed with guns as well as torpedoes. Wireless is essential to every ship, even fishery protection boats, small, fast vessels stationed in the North Sea to look after the interests of the trawlers and other fishing craft, and to prevent poaching, are all fitted with this means of signalling.

The duties of these little vessels naturally oblige them to patrol by day and night the waters east and west of the Doggerbank, and there is very little moving in the maritime world from the F. S. on the south, to Behring on the north, which escapes their attention.

Wireless signals stations, too, are popping up all around the coast, and there are at least half a dozen actually erected or projected between Harwich and Liverpool. Finally, above the Admiralty Building itself there is a huge installation, which was first put to practical use in 1908. In the rooms underneath are the operators, who receive messages through the stations on the coast and thus keep touch between the brain of the navy and its ships hundreds of miles away. Necessarily these rooms are closed to all but the chief officers of the fleet and the little group of electricians employed on this most secret work. Into one of these rooms, it is said, admission can be obtained with a pass from the First Sea Lord himself.

ALL VESSELS DAILY CHARTED.

Here, it is reported, is spread upon a table a chart which exhibits all the seas within a radius of fifteen hundred miles or more from Whitehall. On this chart are little models of the ships of the Navy, each in the place it actually occupies at the time.

Not only are British ships shown on the chart, but those of foreign Powers also, the movements of which, if within these seas, are reported from time to time, and their places registered. As the aerial waves bring the news so the models are moved, and thus at any given moment the Lords of the Admiralty can see at a glance the condition of affairs within their maritime horizon, and can issue their orders accordingly.

There is something almost uncanny about this working of wireless, coupled with the growth and radius of action of the submarine. It was said that these were to be the weapons of the weak, but the prophecy has not been fulfilled. Under an administration which is nothing if it is not progressive, science lends its aid to the strong. The aerial waves have marvellously increased the sight of the executive at the Admiralty and its means of communication, while beneath the surface of the sea its striking power is extended and wrapped in mystery.

HOW IT HAPPENED.

"Since you've been calling on Miss Jones how have her father and mother treated you?"
"Fine, I haven't even met them."

NEGRO CONFESSES TO TRIPLE MURDER
Farmer's Wife and His Whole Family

Fisherman Drowned in Slight of Rescuers—Negro Girl Wins Medal—Sixteen Inches of Snow at Port and.

SAVANNAH, Feb. 4.—The mystery of the murder of the three women, Mrs. Amanda Grille, her daughter, Mrs. Olander, and Mrs. Maggie Hunter, on December 10 last, was cleared up today by the confession of Richard Bryan, a Negro, arrested on Thursday and held on suspicion. Bryan said he entered the house bent on robbery and carrying a hammer as a weapon, and attacked the women when detected.

PROVINCETOWN, Mass., Feb. 4.—William Ruckheim, a farmer aged 25 years, murdered his wife and four children on the night of Feb. 3, 1909, at Parker's Prairie. He was found dying when his son went to the farm today. Ruckheim is believed to have been temporarily insane. No other motive for the crime has been found.

SILVA leaves a wife and three children.

NEW YORK, Feb. 4.—Estelle E. Gibbs, a Negro girl, 14 years old, of Hoboken, received today the first prize, a gold medal, at the graduating exercises of the Hoboken public school pupils. She had the highest average of any public school in the city—83.3 per cent, in six subjects. There are 10,000 white pupils in the schools, but only 15 negroes. Only eleven negro families live in Hoboken.

PORTLAND, Me., Feb. 4.—Sixteen inches of snow fell in the storm of yesterday and today, which is the heaviest snow since January 25, 1888, according to the records of the Portland Weather Bureau. The snow was heavy and did not drift badly. Steam and coal were behind the schedules and shipping remained in port. The snow stopped a little after noon.

BOSTON, Feb. 4.—King Victor Emmanuel, by royal decree, has appointed Nelson Gay of Boston a member of the national committee on the history of the Italian Resurrection, which is a special honor and one which no foreigner ever had received.

BOSTON, Mass., Feb. 4.—Max Fiedler, conductor of the Boston Symphony Orchestra for the past two seasons, was re-engaged today for the seasons of 1910 and 1911.

ST. LUIS, Mo., Feb. 4.—A great fire broke out here today and destroyed one of the largest lumber yards in the city. The financial loss was heavy.

LOS ANGELES, Cal., Feb. 4.—Henry W. Taft, brother of the president, who is suffering in a local hospital from a nervous ailment, was reported by his physicians today to be entirely out of danger.

TWO CHARGES AGAINST MINISTER WITHDRAWN

TORONTO, Feb. 5.—Henshaw Maddock, representing the California-Alberta Oil Company, and Aholi G. Robertson, were convicted in the police court today of attempting to sell stock in Ontario without giving the information required by the Companies Act. Maddock was fined two hundred dollars, and Robertson one hundred, each on two charges. Maddock has started an action against W. A. Fraser and the Saturday Night for five thousand dollars for an alleged libel.

Two charges against Rev. George M. Atlas, who came back from Egypt to answer the allegations of theft, were dismissed by the police magistrate today, and three others will be proceeded with on Monday.

Mrs. Isaac Wilson, Burke Falls, Ont., gave birth to four children yesterday. They were all girls.

DYSPEPTICS
AND ALL WHO SUFFER FROM DISORDERS OF THE STOMACH AND LIVER!

Mother Seigel's Syrup will quickly set you right. It is a purely vegetable compound, having special action on the stomach, liver and bowels. It promotes healthy digestion and excretion, cleanses and invigorates the blood, and gives health and tone to every part of the body.

THE STAR, ST. JOHN N B SATURDAY, FEBRUARY 5 1910

ACCOMPLISHED SINGERS TO BE HEARD AT THE MEETINGS

(Continued from Page 9.)

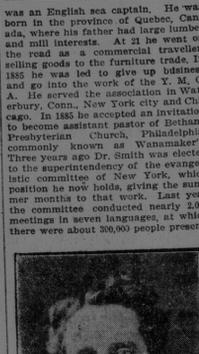

REV. LAWRENCE GREENWOOD. Rev. Lawrence Greenwood will conduct the services in Fairville. He was born in New Hampshire, but was reared and educated in Boston. He has been associated with Rev. B. Fay Miller, the famous evangelist, filling the place of chorus director and soloist. One of the most remarkable features of the Philadelphia simultaneous campaign was his work at the shipyards, for which he became popularly known as "The Chaplain of the Champ Shipyard." The meetings that he started are still being held twice every week. It has been remarked that the whole atmosphere of the shipyards, where thousands of men are employed, has been changed, and instead of blasphemy and the coarse jokes, the songs which were daily sung at the meetings are heard.

MR. HOWARD H. HARE Mr. Howard H. Hare, who will be associated with Rev. A. B. Winchester, is a graduate of the University of Minnesota. He has been in simultaneous evangelistic campaigns with Dr. Chapman in Minneapolis in 1906 and in the North Cambridge Group. He is a man of strong personality, a fine musical director, and a great worker among young people.

EMINENT EVANGELISTS WHO ARE TAKING PART

(Continued from Page 9.)

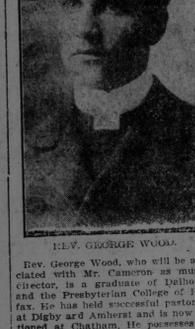

REV. W. A. CAMERON. Rev. W. A. Cameron will take charge of the work in the Brussels street group. He is a graduate of McMaster University, Toronto, and is now pastor of the Dorset Street Baptist Church of that city. In that pastorate he has succeeded three men well known in this province, Dr. O. C. S. Wallace, Dr. C. A. Eaton and Rev. J. D. Freeman. Moreover, he has succeeded them successfully in preaching from week to week to increasing congregations. For three years he has led a band of college students in evangelistic tours of unusual interest.

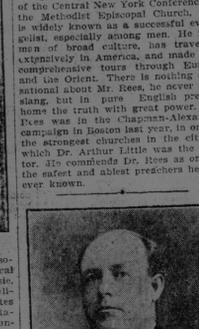

REV. M. S. REES, D.D. Rev. Milton S. Rees, who will have charge in the West End, is a member of the Central New York Conference of the Methodist Episcopal Church, and is widely known as a successful evangelist, especially among men. He is a man of broad culture, has travelled extensively in America, and made two comprehensive tours through Europe and the Orient. There is nothing in his national record but the most successful. Dr. Rees was in the Chapman-Alexander campaign in Boston last year. In one of the strongest churches in the city of which Dr. Arthur Little was the pastor, Dr. Rees is one of the ablest and most successful preachers he has ever known.

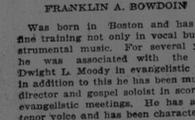

MR. EVERETT R. NAFZIGER Mr. Nafziger is a native of Indiana, born in Logansport in 1888. He began the study of music under Professor Johnson of St. Louis, and also studied under Miss Nannie C. Love and Alexander Ernsthoff of Indianapolis and Karl E. Brossman of New York. Mr. Nafziger has been associated with the Chapman party for the past six years. Four years ago he was engaged by Rev. John H. Elliott as musical director and Gospel soloist and has been with Dr. Elliott in some of the largest evangelistic campaigns in the country, in Philadelphia, Richmond, Va., and Boston, Mass. He is a splendid musical director and a fine tenor soloist.

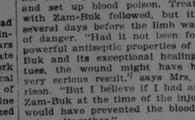

REV. GEORGE WOOD. Rev. George Wood, who will be associated with Mr. Cameron as musical director, is a graduate of Hillsdale, N. J., and the Presbyterian College of Halifax. He has held successful pastorates at Digby and Amherst, and is now situated at Chatham. He possesses unusual ability as a singer and leader. At the Provincial Sunday School Convention and at the Maritime Y. M. C. A. Convention this past year he led the choruses with marked success.

REV. WM. MATHESON. Evangelist William Matheson, who will conduct the services in the Salvation Army Citadel, was born in Nova Scotia. He left home when 16 years of age. For several years he was a west-chopper in the lumber camps, and was known as "Hilly Matheson" among the boys called him. He was a prize fighter during his career as a pugilist. He fought Paddy Ryan, the heavy-weight champion of Pennsylvania, and won in the 13th round. Matheson was also a saloon keeper. Fifteen years ago he was attracted to a prayer meeting by the singing. Being down and out he felt the need of a friend. The minister who was in charge of that meeting spoke to Matheson, urging him to live a different life. Ever since that day he has engaged in Christian work. He went to the lumber camps and saloons and preached the gospel. Men laughed at him at first, but soon respected him for his courage. Many of his old chums were converted. During the past years he has done excellent work in Sussex and Moncton.

FRANKLIN A. BOWDOIN Was born in Boston and has had fine training not only in vocal but instrumental music. For several years he was associated with the late Dwight L. Moody in evangelistic work. In addition to this he has been musical director and gospel soloist in scores of evangelistic meetings. He has a fine tenor voice and has been characterized as "the who sings with his soul."

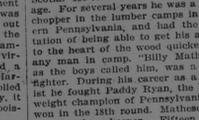

STOCKING DYE CAUSED POISON A case at Kingston shows vividly the danger of neglecting to apply Zam-Buk to a cut or a sore. Mrs. A. Harrison, living in Place d'Armes, while attending to her household duties, struck her ankle against a sharp projection on the furniture. She took no notice of the injury, deeming it trivial. In a day or two the ankle began to swell and cause excessive pain. A doctor, called in, found that dye from her stocking had entered the wound and set up blood poisoning. Treatment with Zam-Buk followed, but it was several days before the limb was out of danger. "Had it not been for my powerful antiseptic properties of Zam-Buk and its exceptional healing virtues, the wound might have had a very serious result," says Mrs. Harrison. "But I believe if I had applied Zam-Buk at the time of the injury, it would have prevented the blood-poisoning altogether."

If You Have Rheumatism Let Me Send You a 50 Cent Box of My Remedy Free.

I Will Mail FREE To Anyone Suffering From Rheumatism, Gout, Lumbago, Sciatica (Who Will Enclose This Advertisement) A 50 Cent Box of my Rheumatism Remedy Free.

My Remedy has actually cured men and women seventy and eighty years of age—some were so decrepit that they could not even dress themselves. To introduce this great remedy I intend to give fifty thousand 50 cent boxes away, and every suffering reader of this paper is courteously invited to write for one. No money is asked for this 50 cent box neither now nor later, and if afterwards more is wanted I will furnish it to sufferers at a low cost. I offer this remedy by a fortunate chance while an invalid from rheumatism found this remedy by a fortunate chance while an invalid from rheumatism, and since it cured me, it has been a blessing to thousands of other persons. Don't be sceptical, remember the first 50 cent box is absolutely free. This cause of rheumatism is removed, have no fear of deformities. Rheumatism in time will affect the heart, so do not trifle with this merciless affliction. Address enclosing this adv., JOHN A. SMITH, 49 Laing St., Windsor, Ont.

THE JEST. (By Robert J. Shores.) "Now tell a jest," said the snow-haired King. "I'll tell you a jest, said the snow-haired King. 'Tis with a jest that I'll tell you a jest. On the face of the holy Pool. 'No, no!' cried the King as he bent his knee. 'Never may I smile more, I have stolen the love of thy lovely Queen. And he rovelled on the floor. 'Ho!' cried the King in gladness, 'Ho! ho! What a Fool of a Fool!' quoth he. 'Mid the gorgeous court sat the snow-haired King. And he boasted of his Pool. He swore the jest was quite the best. 'Ho!' cried the King as he slapped his knee. 'Never have I laughed more— He has stolen my lovely Queen, has he? 'Ho!' laughed the Pool in gladness. 'Ho! ho! What a Fool of a King!' quoth he.

"Did you find marriage a failure?" "No, I get ten thousand a year alimony."

FIGHT THE GERMS OF DISEASE AT HOME

DAY by day the crusade against germs is gaining ground. Every year sees a swelling of the total among those who have come to realize that on ounce of prevention is better than a pound of cure. While the greater portion of the active fight has been directed against the great white plague, the very core of the movement has drawn the attention of the public to the fact that other diseases, either illnesses, can be wiped out or avoided in much the same way. The great breeder of disease is dirt—yes, simply dirt. Soap and water plus a powerful germicide will do a great deal more. There are hundreds of soaps on the market—some better and some worse than others; there are dozens of soaps on sale that have antiseptic and germicidal properties—but there is only one germicide that is also a soap—there is only one Asepto. Asepto Soap Powder is a powerful germicide in soap form. It may be used for practically every purpose for which any ordinary soap may be employed—for washing even the most delicate fabrics or the most beautiful woodwork—and is absolutely harmless to everything—everything but disease and dirt. Asepto Soap Powder cleans better and quicker than any other soap and sterilizes at the same time. It both makes clothes whiter and more healthful. It is unexcelled for dishes. Dishes washed with Asepto have every particle of

GLOVER WAS ON GOOD TERMS WITH HIS WIFE

BOSTON, Mass., Feb. 4.—Rumors that there would be sensational developments which might throw light on the mysterious murder of Mr. Charles F. Glover, of Waltham, who was shot while in his laundry last November, were confirmed today when Mrs. Lillian Marie Glover, his widow, was charged in open court with causing her husband's death.

FOR THE CAMPAIGN

The St. John STAR will be sent to any address during Simultaneous Evangelistic Campaign, for Twenty Cents. Fill in name and address of person to whom the paper to be sent, and send remittance to the STAR Office, St. John

Send the STAR from Feb'y 7th to 28th

TO THE FOLLOWING ADDRESS: Enclosure 20c.

HELP! HELP!

It's a sad predicament to be in, when you need help and can't get it. "STAR WANT" AD will find help, and that quickly, for you

LOCAL NEWS

This evening's game in the City Bowling League will be between the Two Hs and the Tigers.

Can you afford to lose five dollars? Better to make five dollars at Pidgeon's sale of custom suits for \$4 under the regular price.

Charles McGill, formerly manager of the Ontario Bank, has been liberated from the Kingston penitentiary after serving three years. He had been sentenced to a term of five years.

Dr. Alward will speak of "Then and Now, or a Quarter of a Century After," at the Natural History Museum on Tuesday evening. The lecture is free.

J. A. Erskine of Toronto will sing in Lenten Street Baptist Church tomorrow evening. Mr. Erskine is one of the leading Upper Canadian church singers.

Members of the Holy Trinity church of the Intercollegiate League say that the St. Josephs could not claim last evening's match by default. The Holy Trinity team had given notice that it would be impossible to play.

Rev. Z. Ono, native Japanese, will preach at 11 a. m. in the Portland Street Methodist Church in the evening. A platform meeting will be held. Rev. Geo. T. Bond, B. A., and Mayor Bullock will address the meeting in the interests of missions.

St. John Presbyterian church, King street East. Rev. J. H. A. Anderson, B.D., minister. Sabbath services 11 a. m. and 7 p. m. Sunday school 2:30 p. m. Adult Bible Class 2:45 p. m. cordial welcome to all.

The police report finding a pair of man's boots on Mill street yesterday. The owner can obtain the boots on application at the North End police station.

In the police court this morning it was very quiet. The magistrate, the police clerk and the sergeant were present, but there was no business. The entire police force was not at the Police-mans Sports last night but there was a limited number on the beats. Not an arrest was made. This is an unusual occurrence.

The King's Daughters desire a large attendance of the order at the prayer meeting to be held tomorrow afternoon in the girls' rooms at a quarter to four. Mrs. Deane will lead the meeting and her subject will be "Preparation for service." Her thoughts are towards helpfulness in the coming evangelistic campaign. A very interesting meeting of the Guild was held yesterday afternoon. There was a good attendance and important business was transacted.

Richard L. Peters, who is visiting Arthur Goddard, of Penobscot, last Sunday on January 29th, picked May flowers in full bloom. A sample of those picked was received at The Star office. They are most fragrant. The exceptionally mild weather during the last few weeks with the warm rains that caused all snow and ice to disappear made possible this new record in the production of the May flowers.

MISSION CAMPAIGN IN THE METHODIST CHURCHES

Outside Speakers and Local Laymen Will Occupy the Pulpits Tomorrow.

A simultaneous missionary campaign will be carried on tomorrow, Sunday, Feb. 6, in all of the Methodist churches of St. John. In the morning an appropriate sermon will be preached in each church and in the evening platform meetings will be held which will be addressed by visiting clergymen and local laymen representing the Laymen's Missionary Movement. Special music will be rendered in all of the churches. The programme for the day is as follows:

Queen Square—A. M.—Rev. Professor Watson, B. A., B. D.; P. M.—Rev. W. J. Mortimer, B. A. from China, and Mr. J. N. Harvey.
Centenary—A. M.—Rev. G. J. Bond, B. A., recently from China. P. M.—Rev. Mr. Geo, a native Japanese.
Esplanade—A. M.—Rev. W. W. Andrews, B. D.; P. M.—Rev. Principal Borden, D. D.
Portland—A. M.—Rev. H. Ono, P. M.—Rev. G. J. Bond, B. A., and His Worship Mayor Bullock.
Carlton—A. M.—Rev. Principal Borden, D. D.; P. M.—Rev. Thos. Marshall, Carmarthen—A. M.—Rev. W. J. Mortimer, B. A.; P. M.—Rev. Dr. Andrews and Mr. P. Murray.
Zion—A. M.—Rev. James Crisp; P. M.—Rev. Professor Watson and Mr. James Marrie.
Carlton—A. M.—Rev. Thos. Marshall; P. M.—Rev. Geo. Ross and Mr. George Jenkins.

A SLACK MONTH ON THE TRANSCONTINENTAL

Little Done During January—Many Residences Closed—Expenditure Was \$134,726.

The month of January was probably the slowest of the year on the Transcontinental in New Brunswick. The working force is practically all laid off and the engineering staffs have been greatly reduced. In many of the residences there are not more than two engineers, and a number are closed entirely. Those that remain are engaged themselves in the preparations of their bridge sheets and similar work.

The estimates of the money expended during January on the various contracts were tabulated yesterday, and are as follows:

Contract No. 1	\$25,906.50
Contract No. 2	16,237.71
Contract No. 3	69,815.09
Contract No. 4	22,282.89
Contract No. 5	4,790.45
Total	\$134,738.65

Speaking with The Star this morning Engineer Foss said the estimates were the lowest since 1908. The unfavorable weather was the cause for the curtailment of operations. Mr. Foss said the recent mild spell would assist those engaged in concrete work. He looked forward to a steady advance in the work and thought operations would be normal about March.

MANY PRIZES GIVEN FOR POLICE SPORTS

Winners May Call for Them at the Central Station.

The prizes for the police sports winners are a varied lot. The winners of the events may secure their prizes by calling on Deputy Chief Jenkins at the police station.

Slightly Defective Damask Table Cloths and Damask By the Yard

Sale Commencing Monday

In the enormous output of the Linen Mills there is quite naturally a portion of the stock not strictly up to the standard of perfection. These "imperfects" are laid aside and sold as defective at a large discount.

We have been fortunate in securing a very desirable lot of slightly defective Table Cloths and Damask by the yard. These goods will answer every purpose of the perfect kind—in fact the defects are in most cases so minute that only an expert could detect them. This is an opportunity to purchase at very attractive prices. Both Cloths and Cuts of Damask Hemmed Free of Charge.

Sale Commencing Monday Morning.

Cloths about 2 by 2 yds., \$1.45, \$1.50, \$1.80, \$1.85, \$1.95, \$2.00, 2.10, 2.25, 2.50, 3.00
Cloths about 2 by 2 1/2 yds., \$2.00, \$2.20, \$2.30, \$2.35, \$2.60, \$2.80, \$3.15, \$4.00
Cloths about 2 by 3 yds., \$2.40, \$2.50, \$2.90, \$3.00, \$3.50, \$3.85, \$4.65, \$4.75
Cloths about 2 1/4 by 2 1/4 yds., \$2.75 and \$3.40
Cloths about 2 1/2 by 2 1/2 yds., one price only, \$4.10
72 inch Linen Damask, by the yard, Rose and Broad Stripe design, per yard, \$1.10

We are still taking Free Hemming Orders for Sheets, Pillow Cases, Quilts, Cloths Napkins and all kinds of Towels:

Furs—Allan Liner Leaves in the Morning.

The Allan liner Corinthian, which sails for London via Havre tomorrow, will take away the largest cargo of furs in the season. The steamer will also have a number of passengers. The Corinthian will leave port about 7 a. m. The cargo includes ten loads of grain, 65 cars of agricultural implements, 25 staves of leather, 2 cars of apples, 2 cars of asstos, 4 cars of sundries, 2 cars of lumber and one car of iron. In addition there will be many tons of general cargo. C. P. R. steamer Montezuma, which sailed on Wednesday for London via Antwerp had a valuable cargo aboard. A unique shipment of 125 cases of furs from the Hudson Bay Company, consigned to London.

THE WEEK'S DEATHS

Eleven deaths were recorded at the Board of Health offices during the past week. Causes of death were as follows: Old age, injury, asphyxia, mania, meningitis, pneumonia, hemiplegia, consumption, hydrocephalus, whooping-cough, carcinoma of liver, one each.
The names of the deceased were as follows:
Harriet Friars, 153 Paradise Row, aged 64 years.
Child of John Nelson, corner of North and George streets, aged three hours.
S. Kent Scovil, St. John, N. B., aged 35 years.
Josephine A. Johnston, 118 Harrison street, aged 8 months.
George H. Duplesse, 250 City Road, aged 1 day.
Lawrence A. Welsh, 377 Douglas Avenue, aged 19 years.
Thomas Wilson, 353 Carmarthen street, aged 2 days.
Andrew William McMillin, 15 Sewell street, aged 3 years, 7 months.
Theresa, Colohan, 14 Cliff street, aged 65 years.
Annie E. Magee, 9 Wright street, aged 72 years.
Jane McMackin, 165 Gullford street, W. E., aged 55 years.
Elizabeth Farmer, 295 Main street, aged 80 years.

The Star

ST. JOHN, N. B., SATURDAY, FEBRUARY 5, 1910.

GREATEST RELIGIOUS MOVEMENT IN THE HISTORY OF ST. JOHN WILL BE INAUGURATED TOMORROW

ACCOMPLISHED SINGERS TO BE HEARD AT THE MEETINGS

SIMULTANEOUS CAMPAIGN WILL BE CONDUCTED BY THIRTY CITY CHURCHES

EMINENT EVANGELISTS WHO ARE TAKING PART

Group of Musicians Who Have Made the Music a Special Feature in Similar Campaigns Elsewhere Will be Heard in St. John

THIRTY CHURCHES WORK TOGETHER Divided into Groups for More Effective Action

Special Meetings, Mid-Day and Evening, to Extend Over a Period of Three Weeks—Churches Working in Groups in All These Services

The Program for the Meetings Which Start Tomorrow and Continue During the Next Three Weeks.

CHURCHES CO-OPERATING, according to groups:

Thirty of the city churches are to begin on Monday the first simultaneous evangelistic campaign ever conducted in the Dominion.

MR. CHARLES F. ALLEN

St. Andrew's group—St. Andrew's Presbyterian, St. David's Presbyterian, German street Baptist, Queen Square Methodist.

DR. C. R. FLANDERS, Chairman of the General Committee.

Mr. Allen has high ideals of what church music ought to be, and his leadership and enthusiasm make his ideals contagious.

Contemporary group—Contemporary Methodist, St. John's Presbyterian, Leinster street Baptist, Carmarthen street Methodist.

This method of pushing religious work should be first adopted in St. John is another indication that the spirit of push is upon the people of the city.

MR. AUBREY N. PETERS

NOON MEETINGS. Beginning Wednesday noon meetings for everybody will be held in the Nickel Theatre, and for men in the Unique Theatre.

REV. J. C. B. APPEL, Secretary of General Committee.

has directed the chorus choir at Dudley street Baptist church, Roxbury, and is a teacher of voices in Boston and in Manchester, N. H.

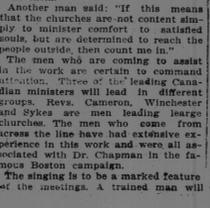

REV. FRANK M. LAMB

methods thus far adopted have been devised or reviewed by men who understand local conditions.

Rev. Frank M. Lamb who will assist Dr. Smith, was born in Poland, Maine, He studied vocal music with W. J. Winchell, Boston, in 1877 and continued his studies with Charles R. Adams in 1882.

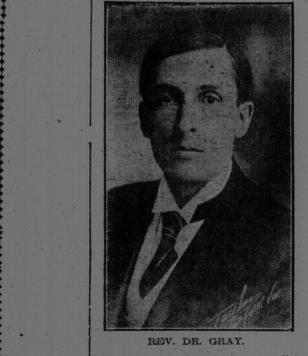

work for ten years, with leading evangelists, of the country. He was in the Boston Evangelistic campaign in the Uplander's Corner group, one of the strongest groups in the city. He has a rich tenor voice, and is considered one of the best in the business.

REV. A. B. COFFIN, Chairman of the Publicity Committee.

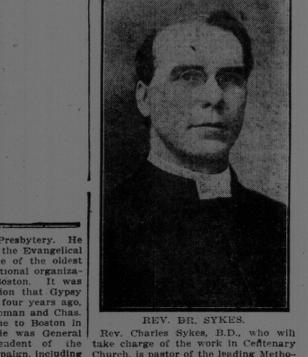

The Fight is On. Musical score with lyrics: 1. The light is on, the trumpet sound is ringing out, The cry "To arms" is heard a-far-and near; The Lord of hosts is marching on to vie-to-ry, The vic-tory will be sure Go back-le on the sac-er-dot God has giv-en you, And spans the eastern sky; His glorious name in ev-ry land shall hon-ored be, The triumph of the right will soon ap-pear, in His strength us-to the end en-dure. The fight is on, O Christian morn will break, the dawn of peace is nigh.

Eloquent Speakers From Other Cities to Assist at the Services Here—Something About What These Men Have Done Elsewhere

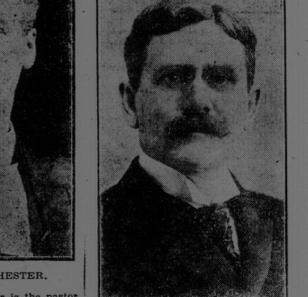

REV. DR. GRAY

Rev. Ora Samuel Gray, the evangelist in charge of the St. Andrew's group, was born in Vermont, and is a college graduate.

REV. DR. SYKES

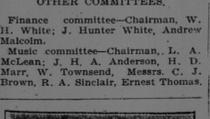

Rev. Charles Sykes, B.D., who will take charge of the work in Contemporary group in Kingston, Ontario.

REV. A. J. SMITH, D. D.

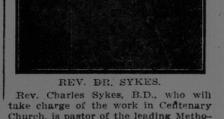

Dr. Smith, who will be in charge of the Knox group, is of English and Scotch descent. His father will be of unusual interest.

OTHER COMMITTEES. Finance committee—Chairman, W. H. White; J. Hunter White, Andrew Malcolm.

REV. D. A. MCPHIE

Publicity committee—Chairman, Rev. A. B. Coffin; Revs. S. W. Anthony, G. A. Ross, J. Charles B. Appel, and C. G. Brown.

REV. DR. WINCHESTER

Rev. A. B. Winchester is the pastor of Knox Presbyterian Church, Toronto, one of the largest and most influential congregations in the Dominion.

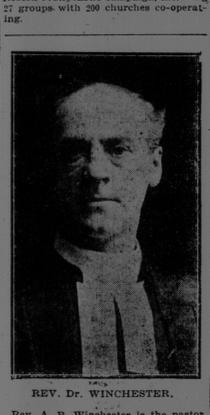

REV. DUNCAN A. MCPHIE

Rev. Duncan A. McPhie, the leader of the simultaneous movement, is a college and seminary graduate and a member of the Boston Presbytery.

REV. A. B. COFFIN

Rev. A. B. Coffin is the pastor of St. Stephen's Church, Montreal, and has recently accepted a call to Wesley Memorial Church, Toronto.

REV. A. J. SMITH, D. D.

Dr. Smith, who will be in charge of the Knox group, is of English and Scotch descent. His father will be of unusual interest.

ST. JOHN, N. B., SATURDAY, FEBRUARY 5, 1910.

JAP SPEAKER AT BANQUET

Elaborate Affair at Centenary-- Churches Unite

The banquet which was held last evening in the school room of Centenary Church by all the Methodist churches of the city proved a most successful affair.

SIGNAL BY WIRELESS SAVES WHOLE CREW

Rescued From Decks of the Kentucky

"We are sinking," is the startling message received at wireless station.

FIRE STOPPED AFTER RAGING 50 YEARS

Had Already Eaten Up 10,000, 000 Tons of Anthracite

After destroying about \$15,000,000 worth of good anthracite coal, a mine fire that started 50 years ago, near the village of Summit Hill, in northeastern Pennsylvania, has just now been checked.

APPEAL TO WEAK MEN WHO HAVE LOST HOPE

Why Not Travel the Electric Belt Line to Health and Strength? Is the skeleton in your cupboard, as with thousands of others, some complaint for which you are unable to get a cure?

Dear Sir--I wish to congratulate you on your success in inventing such a powerful, yet so simple, and so effective, means of restoring health and strength to the weak and suffering.

Dr. McLaughlin's Electric Belt is the grandest remedy of the twentieth century for renewing lost vitality. From the start, the use of the Electric Belt alleviates pain.

Rev. Geo. J. Bond was then introduced as the next speaker. He spoke of the skillfulness and accomplishments of the Orientals, particularly the Japanese.

At the conclusion of the addresses, Mr. R. T. Hayes made a motion that all the Methodist Churches of the city subscribe towards the Japanese Missionary Movement.

On the north of the basin, where the coal comes to the surface, an open cut was made, and the theory being that the water level would be lowered.

Dear Sir--I am writing to you to thank you for the book which you have sent me. It will be of great help to me.

THRILLING RESCUE IN THE NORTH SEA London Man's Perils, and Three Escapes From Death.

WOODSTOCK, N. B., Feb. 4--J. F. Maloney, charged with criminal libel by F. B. Curvill, M. P., was committed for trial at the County Court this morning.

At the trial of Mr. Curvill, J. C. Hartley for Mr. Curvill, and J. C. Hartley for the defendant.

Troubled Every Winter With Severe Colds. Dr. Wood's Norway Pine Syrup Cured Her.

Mrs. W. J. Hammond, Hamilton, Ont., writes: "I beg to say that I have used Dr. Wood's Norway Pine Syrup for my youngest girl who was troubled every winter with bronchitis and very severe colds."

The Kentucky was insured for \$750,000. DAYANNAH, Ge. Feb. 4--Saved from the decks of the sinking vessel, the crew of the steamship Kentucky, owned by the Eastern S. S. Company, and on her way from New York around Cape Horn to Seattle, are on board the Malloy liner Alamo, speeding off for Key West.

On the south of the basin, where the coal comes to the surface, an open cut was made, and the theory being that the water level would be lowered.

200 HAT MAKERS TO PAY \$222,000 A Sensational Verdict in Suit Brought by Dr. W. Maa.

THREE DAYS AT THE PUMPS The story is of a series of adventures, the memory of which must be like a nightmare to the men who went through them.

On Oct. 17, he said, "I shipped on the Norwegian sailing ship Haugeund, bound for Finland in ballast. Our first serious disaster was on the return from Finland, when we ran into a terrific storm, six weeks ago."

At the trial of Mr. Curvill, J. C. Hartley for Mr. Curvill, and J. C. Hartley for the defendant.

THE FAMOUS RAYO LAMP. Once a Rayo user, always one. The Imperial Oil Company, Limited.

STAR WANT ADS. BRING RESULTS. The Imperial Oil Company, Limited.

LA GRIPPE. Arrested, and Consumption Cured. Mr. G. D. Colwell, of Walkerville, Ont., was stricken down with La Grippe in 1906.

PSYCHINE. PRONOUNCED SI-KEEN. Dr. T. A. STOUT, LIMITED, TORONTO.

On Oct. 17, he said, "I shipped on the Norwegian sailing ship Haugeund, bound for Finland in ballast. Our first serious disaster was on the return from Finland, when we ran into a terrific storm, six weeks ago."

CHAMBERLAIN'S COUGH REMEDY. THERE IS NOTHING that strikes terror to the hearts of parents more than to be awakened in the night by the ringing cough which accompanies an attack of croup.

ST. JOHN, N. E., SATURDAY, FEBRUARY 5, 1910.

PANTRY TALKS

I am the Queen of the Flour Bin, the lady-in-chief of the Royal Pantry, the oracle of the Royal Household.

I want the attention of Big Folks and Little Folks, of Experienced housewives and Inexperienced—of Rich housewives and Poor—Young housewives and Old.

For I have stories to tell. Secrets—flour secrets—to unfold. And these secrets have come by Experience—by actual knowledge of flour, actual study of different grades of flour.

So I will ask your close and careful attention to my little stories about flour and bread and cakes and pies and things.

And I will promise you Profit as well as Pleasure from them.

If I can tell you the secret of making better Bread and Cakes and Pies and Pastry, that will be profitable to you.

And if I can tell you why one flour is more economical as well as more wholesome than another, that, too, will be profitable.

For I mean to go into the flour question deeply, giving Whys and Wherefores, Facts and Figures.

I hope to instruct and edify at the same time. So if you follow my little stories from time to time, as they appear, you will learn lots of things about flour that nobody has told you before. These Pantry Talks of mine will be chiefly about

Royal Household Flour

so named because it was the flour selected for use in the Royal Household of Great Britain. It is the one flour in Canada which stands out head and shoulders above all the rest. It is made in Canada by the largest millers in the British Empire—The Ogilvie Flour Mills Co. Limited, Montreal, and because of its high quality and absolute uniformity, has given the greatest satisfaction both for Bread and for Pastry.

BABY LEFT IN THE

LUGGAGE VAN

Left in a Wickerwork Basket on the Rack—'Lost' O'lies Su priso—Another Baby Abandoned.

LONDON, Feb. 4.—There was received at the St. Pancras station on Saturday a baby boy who had been found in a wickerwork basket in a Midland Railway van at St. Pancras Station.

The train in which the basket was left was not a "special" but the 1.45 from Derby calling at Leicester, Market Harborough, Kettering, Wellingborough, Bedford, and Luton before reaching St. Pancras.

The practice is for the vans which take the newspapers into the provinces early in the morning to be utilized as luggage vans on the return journey, but to guard travelers in them. When this particular train arrived at the terminus, the luggage was cleared out of the van, and afterwards Porter Turner found the wickerwork basket on the rack.

As the package was not claimed, it was removed to the lost property office. Up to this moment no suspicion as to the contents of the basket had been aroused, but no sooner had it been placed on the rack than the officials in the office were surprised to hear the cry of a baby from within. The lid was hastily removed, and there was a little baby boy reclining on blankets, and wrapped in a shawl, as if in a cradle, with a pillow for his head.

The police were at once sent for, while a porter rushed off for a heavy railway rug, in which the "little stranger" was carefully wrapped, to protect him from the cold. Police Constable 837 took charge of the baby, and conveyed it in a Midland Railway private omnibus to the workhouse, where it is now being cared for.

The child was dressed in long clothes.

\$3.50 Recipe Cures Weak Kidneys, Free

Relieves Urinary and Kidney Troubles, Backache, Straining, Swelling, Etc.

Stops Pain in the Bladder, Kidneys and Back.

Wouldn't it be wise within a week or so to begin to say goodbye forever to the scalding, dribbling, straining, or too frequent passage of urine; the foreshadowing and back-of-the-head aches; the stings and pains in the back; the growing muscle weakness; spots before the eyes; yellowish skin; itching bowels; and dependency?

I have a recipe for these troubles that you can depend on, and if you want to make a quick recovery, you should write and get a copy of it. Many a doctor would charge you \$10 just for writing this prescription, but I have it and will send it to you entirely free. Just drop me a line like this: Dr. A. E. Hooper, The East Building, Detroit, Mich., and I will send it to you.

As you will see when you get it, this recipe contains only pure, harmless remedies, but it has great healing and pain-removing power.

I will quickly show its power once you try it, so I think you had better see what it is without delay. I will send you a copy from you can use it and come forward at once.

EXCURSION SCHEMES TO BE ANNOUNCED SHORTLY

Manager Good of Expo. and His Staff Getting Down to Work.

Matters are growing livelier each day in the offices of the Dominion Exhibition, Prince William street. Manager H. J. Good is receiving enquiries by mail and in person from prospective exhibitors every day, some of these being representatives of large western concerns down this way on their sample tours. These people have been specifically commissioned to talk the matter over with the Exhibition people.

Details of the big show are taking shape quickly. In a few days the exact plan will be planned and the excursion schemes made public. Some attractive features will be offered to the outside public in this department of arrangements.

Manager Good is of the opinion a very fine art loan exhibit can be secured with a little co-operation on the part of local commissionaires. It has been a considerable time since an art show has been held here, that is, a display of national importance, at least fairly representative. Efforts will be made along these lines at an early convenient date.

An enjoyable reception and social was held last evening in the Sunday school room of St. James' Church, in honor of Rev. H. A. Cody and Mrs. Cody. Many of the members of the congregation were present, by whom Mr. and Mrs. Cody were warmly received. Rev. W. B. Armstrong, whose father and father's father were successful pastors of the church, his grandfather being the first pastor of St. James' was among those present.

Mr. Armstrong gave a very interesting sketch of the church, from its foundation, followed by the dining and sleeping cars, also causing the derailment of the second-class car. But points to 77.

MONTREAL, Feb. 4.—United States curriers were badly beaten in the international match for the Gordon medal here today, six rinks drawn from clubs of the Montreal district winning out against six representing Jersey City, St. Andrew's of New York, Boston, Brookline, Utica and Chesham, by a total score of 141 points to 77.

UNION BLEND TEA the Tea that satisfies

THE best customers I have are people who simply cannot learn to like ordinary tea—they find in Union Blend a richness and delicacy coupled with a strength that other teas do not even approach.

They gladly pay the price—forty cents a pound—because they realize it is tea economy, because it goes half as far again as ordinary tea; indeed, being unaccustomed to its strength, most people make it too strong at first. Then, they learn that a little Union Blend makes more tea and makes it far better than can be made from a good deal of the common kind.

Go to your grocer and get a pound packet of Union Blend—be sure my picture is on the end—and try it for yourself. One single pound carries conviction.

Union Blend one pound packets—the pound packets only—contain coupons that are worth money to you. But this is only an advertisement—the tea itself is worth the price, fully.

There is only one way for you to prove that Union Blend Tea is all I claim—better than other teas. Try it. If it is not up to your expectations, I stand to lose more than you do. For my advertising can only induce you to try it once—can only introduce Union Blend to you; after that, its own quality must continue to sell it. Yet I am not only willing but anxious to risk the test—will you give me the chance? Go to your grocer, get a single pound—or a half pound if you prefer—and I shall be perfectly satisfied to accept your decision.

Henry W. Domet

Chief Train Despatcher Brassard of Riviere du Loup, P. Q., is reported to have been appointed to the Intercolonial Railway commission in the place of M. J. Butler, resigned. The announcement was made yesterday, and has been received with surprise by the employees of the I. R. C. It is understood that Mr. Brassard has not been connected with the Intercolonial for many years. He is a French-Canadian and his appointment will give the French-Canadian representation on the I. R. C. commission. Mr. Brassard is well known on this section of the Intercolonial.

Excursion schemes to be announced shortly. Manager Good of Expo. and his staff getting down to work.

Enjoyable reception at St. James' Church.

Union Blend tea advertisement.

SKUNK IS ODD PET OF A NEBRASKA GIRL

She is Twelve Years Old and Raised Animal From Killenood.

NORFOLK, Neb., Feb. 4.—The only pet skunk in captivity belongs to a 12-year-old Nebraska girl. Lucille Bliss, daughter of Dr. W. B. Bliss, a farmer near Tilden, and formerly a commercial traveler, is the child who has reared this unique pet from its kittenhood. It is now full grown and romps and plays with its little mistress just as any common house cat.

The little skunklet, captured near Tilden, in its infancy, was taken home by Lucille and petted. The animal grew fat under caressing and house care.

When Lucille comes into the house the polecat, now grown big, races to her side, leaps to her shoulder, licks her cheeks and snuggles down into her neck.

She loves it more dearly than any other pet. Tabby she calls it, and Tabby comes when the call is given. Mr. Bliss says that he expects some of these days the animal will get excited and the family dwelling will have to be burned.

The Strongest Blood Purifier Known

Remarkable Effect of Calcium Sulphate in Purifying the Blood, Strengthening the Nerves and Building Up Flesh and the System Generally

Nothing proves so conclusively the remarkable effects of pure blood upon the nervous system as the results of calcium sulphate, the strongest blood purifier and nerve strengthener known.

Stuart's Calcium Sulphate restores the normal action of the bowels, liver, and kidneys; invigorates the nerves and brain, and makes you healthy.

You can obtain Stuart's Calcium Waters in any drug store at only fifty cents a box. If you want to prove to your own satisfaction the remarkable effects of Stuart's Calcium Waters, send us your name and address and we will send you a free sample package.

Write today. Address: P. A. Stuart, Co., 175 Stuart Bldg., Marshall, Mich.

An Encouraging Message

I have a message of hope and good cheer, of encouragement and inspiration to every suffering woman. I have endured the torture due to female troubles and the consequent debility and mental agony almost to the point of despair, and I have been restored from this condition to a state of vigorous health and the happy, contented frame of mind which accompanies physical well-being. This change has been brought about wholly by the use of ORANGE LILLY.

In addition I have had the privilege and pleasure of inducing multitudes of other suffering women to give ORANGE LILLY a trial, and have received thousands of enthusiastic acknowledgments of the blessings it has brought to them. The following is a sample:

Truro, N. S., April 11, 1898. Dear Mrs. Currah—Your very kind letter was received yesterday. In reply to your question about my health, I am thankful to say that I am very well. As I have never given you a statement of my case you may be interested in it.

For several years I have suffered untold agony. This suffering was continuous, but I would have violent attacks every few weeks, each attack lasting several days. The first Sunday in November I felt the pain increasing and so did not go to prayers. The rest of the family did go, and soon after the service down pain seized me and I had to remain on the floor until their return. I was in great pain all night and was very sick for a whole week.

Then Mrs. L. came to see me and told me of your wonderful medicine. I got my husband to send for it right away, as I was too sick to write myself. (My doctor could do nothing for me.) I have used six boxes of ORANGE LILLY. I have had three months of good rest, and am now well, never better in my life. I have not had the old pains since. I often ask my husband if it is true that I have been around and doing my own work. I can scarcely believe it. It brings tears of joy to my eyes. I could about it all the world. I cannot speak enough in its praise.

Your friend, MRS. E. H. F. Reporting as I do, dozens of such reports as yours, I feel compelled to make known to my suffering sisters the merits of ORANGE LILLY. It differs from other medicines in that it is a natural product of the earth, and its curative elements are absorbed into the system, and its action is direct upon the organs which have been irritated by the disease, and it is a positive, scientific remedy, and even if you use no more than the Free Trial treatment you will be very materially benefited.

FREE TRIAL OFFER

I want every reader of this who suffers in any way from painful monthly periods, irregularities, leucorrhoea, inflammation or congestion of the womb, pains in the back, etc., to send me their addresses, and I will forward at once, without charge, a trial package. If your case is not far advanced it may entirely cure you, and if not, it will do you much good. I am so earnest in making this offer, that I will not take advantage of my offer and get a bill. Address, enclosing 2 stamps, MRS. FRANCES E. CURRAH, Windsor, Ont.
