HUN AIR RAID ON ENGLAND; TEUTONS TAKE ALEXANDRIA

ROUMANIAN TOWN HELD BY ENEMY

Forces of Field Marshal Von Mackensen and General Von Falkenhayn Continue Their March Towards Bucharest and Are About 45 Miles from Capital.

BERLIN CLAIMS VICTORY 17 MILES FROM MONASTIR—MAY BE NEW ENTENTE DRIVE IN FRANCE—ITALIANS UNDER HEAVY FIRE—DESPERATE SITUATION IN GERMANY.

The entire line of the Alt river in Roumania, running north and south through the country from the Transylvanian Alps to the Danube, is now in the hands of the Teutonic Allies. In all directions the invaders are continuing to make progress, with Bucharest, their main objective, daily coming nearer.

The southern and eastern drive in the Alt region has brought the Teutonic forces across the Topolog river, while to the south between Roehi De Vede and Valeni their line has been drawn considerably nearer the Roumanian capital. Alexandria, 47 miles southeast of Bucharest, has been taken by Field Marshal Von Mackensen's troops. Considering the swiftness of the advance of the Teutonic Allies through Wallachia comparatively few prisoners have been taken, although semi-official reports credit them with having captured considerable supplies of needed stores. Near Orsova 28 officers and 1,200 men were made prisoner, while in the Alt region, near Tigveni, ten additional officers and 400 men fell into the hands of the Teutons.

Big Battle Near Monastir.
In a big battle extending over a front of about 17 miles northwest and northeast of Monastir—between Trnova and Makovo—the Entente Allies, according to Berlin, have met with a severe defeat through the failure of an attack launched against the lines of the allies of the Central Powers. Aside from reports of the repulse of the Bulgarians by the Serbians and of continuous progress for the Italians west of Monastir the Entente Allied war office record no important engagement on the Macedonian front. In the Carnia centre of the Austro-Italian theatre, and east of Gorizia, the Austrians are vigorously shelling the Italians. On the Russian front there has been considerable activity by both the Russians and Germans at various points.

Comparative calm still prevails along the front in France, so far as infantry engagements are concerned. A Berlin semi-official despatch says there are indications that the Entente Allies contemplate fresh offensives.

New Entente Offensive?
Berlin, Nov. 27, by wire to the Associated Press, via Sayville.—Indications are accumulating, according to military opinion, that the Entente Allies contemplate an offensive at some new place on the western front either as a diversion to assist the campaign on the Somme or as a transfer of the principal attack to another point.

British cannon on Saturday bombarded German positions near Arras in a manner usually regarded as preliminary to an attack. The French have displayed similar activity in the St. Mihiel region, south of Verdun.

Germans Desperate.
Copenhagen, Nov. 27, via London, 2:00 p. m.—The Berlin correspondent of the Berlingske Tidende says the German government is considering favorably a proposal of Conservatives in the Reichstag that the universities and others of the higher schools in the empire be virtually closed, so that the teachers and scholars may be embraced in the plan for mobilization of civilians.

Paris, Nov. 27.—The communication issued by the war office tonight reads: "There was no event of importance during the course of the day."

Belgian communication: "In the afternoon a reciprocal bombardment occurred in the region of Dixmude; the Belgian batteries directed a successful and destructive fire against the enemy organizations. The artillery activity was particularly intense in the direction of Steenstrate and Heestingshe."

SUBMARINE EXPERT KILLED ACCIDENTALLY.

London, Nov. 27.—A coroner's jury today reached a finding of accidental death in the case of William Henry Jacques, who was killed by a train last week at High Barnet, a London suburb.

Mr. Jacques was formerly president of the Holland Submarine Company,

FLAMES RAGE IN SPRINGHILL MINE OF DOMINION COAL CO.

Hundreds of Miners Fighting Blaze—No Person Injured—Fire which Started on Cne Slope Three Years Ago Has Been Burning Since.

Springhill, N. S., Nov. 27.—A serious fire is in progress in the north slope of the Springhill coal mines, controlled by the Dominion Coal Co. Although several streams of water were being poured on the flames they were unchecked at a late hour tonight. No one has been injured.

It is nearly three years since a fire started in the Springhill mines. One that broke out in 1913, is still burning in one of the levels. This fire was confined to one section and as the section was bricked off the flames and smoke do not interfere with the operation of the mines.

The latest fire evidently started some time yesterday, for it was then it was first discovered.

Fire Fighters Busy.
An urgent call was issued for fire fighters among the miners, and hundreds quickly responded. Tonight a large and competent force was engaged in battling with the flames.

The blaze broke out in the pipe bore of the north slope and spread with a great degree of rapidity. The extent of the conflagration is not yet known but it is hoped that the flames will soon be extinguished.

At a late hour the fire was still burning unchecked by several streams of water.

DID LAPLAND HIT GERMAN SUBMARINE?

Passengers on White Star Liner Think Ship Might Have Struck U-Boat.

New York, Nov. 27.—Passengers who arrived here today on the White Star Line steamer Lapland from Liverpool said they were awakened early yesterday by a shock such as might be produced by the ship striking some submerged object. The impact was so severe, some of the passengers said, that they were thrown from their berths.

Wireless advices received the day previous giving warning that belligerent submarines were suspected to be in the travelled sea lanes, caused some of the passengers to believe the Lapland had rammed one of the "U" boats. C. H. R. Young, an attaché of the American state department, returning from an official trip to England and France, said he was positive the liner struck either a derelict or a submarine.

Captain John Bradshaw, master of the Lapland, was reticent on the subject. Other officers of the ship said the shock, if any, might have been caused by a heavy wave hitting the vessel.

ANOTHER HUN AIR ATTACK ON ENGLAND

No Reports of Casualties or Damage Have Been Received at London.

Bulletin—London, Nov. 28.—Another air raid of the northeastern coast of England took place last night. The official statement says:

"Hostile aircraft crossed the northeastern coast Monday night. Bombs, it is reported have been dropped in several places in the northern counties, but no reports of casualties or damage have yet been received."

More Aerial Fighting.
London, Nov. 27.—The official communication from general headquarters in France issued this afternoon reads:

"Today our artillery dispersed enemy infantry west of Poulux and bombed enemy trenches in the Ypres area."

Yesterday, in spite of indifferent weather, our airplanes co-operated successfully with our artillery and also bombed several points of military importance. Two of our machines are missing."

RECENT ADVANCE IN N. S.

The miners in the extensive mines of the Dominion Coal Company in Cape Breton and Springhill and those of the Nova Scotia Steel and Coal Co., in Pictou and elsewhere recently announced a series of advances and bonuses.

ROUMANIA MAY ESCAPE FROM PREDICAMENT

Utter Lack of German Claim of Large Captures of Prisoners Gives British Hope That Forces of King Charles May Get Away.

CONDITION OF ROADS HINDERS PROGRESS OF TEUTONIC ARMIES BEYOND THE ALTA—VON FALKENHAYN'S SUCCESSFUL STRATEGIC CAMPAIGN IN WALLACHIA.

New York, Nov. 27.—A news agency despatch from London today says:

"News from German sources caused a renewal of hope here today that Roumania may, after all, extricate herself from the precarious position in which her Wallachian forces have been placed by Von Falkenhayn's concededly brilliant strategic campaign.

"Of prime basis for this hope was the utter lack, in all the German official reports, of any claims of large captures of prisoners or war munitions. If the Roumanian army had been trapped by the encircling movement around Orsova and Turnu Severin, reaching over Craiova, it was regarded as certain the Berlin official reports would have chronicled big captures of men and supplies. Furthermore, it is known here that the Roumanians succeeded in removing their artillery from Craiova before that city fell into the hands of the enemy.

Germans Delayed.
"One other source of hope was the report from German correspondents at Von Falkenhayn's headquarters that further progress beyond the Alta was delayed because of the conditions of the roads.

"Both of these bits of news led military experts here to reconstruct a story of an orderly retreat of the Roumanian forces from the angle, on which two arms of the Teutonic forces are now exerting pressure. There was no disposition, however, to disguise the fact that Roumania is still perilously placed."

Berlin's Version.
Berlin, Nov. 27, via Sayville.—The war office announced tonight that the whole line of the Alt river in Roumania is in the hands of the Teutonic troops. The statement follows:

"On the western and eastern fronts there is nothing important to report. In Roumania the whole Alt river line is in our hands.

"On the Monastir Plain and mountains and in the Cerna bend the Entente forces suffered a severe defeat by the failure of a great attack from Trnova, northwest of Monastir, to Makovo."

The sector of the Euboea front in Macedonia, between Trnova and Makovo is about seventeen miles long, running approximately east and west a few miles north of Monastir.

Roumanians Retire.
Bucharest, Nov. 27, via London.—The text of the Roumanian statement says:

"Northern and northwestern fronts: On the frontier of West Moldavia there was no change.

"On the frontier of North Wallachia there has been an artillery bombardment at Table Butz, in the Provova Valley, and in the region of Dragoslavele.

"On the western front the left wing of the enemy attacked yesterday but was repulsed. Our troops retired from the Alt and from the Topolog a little towards the east. In the direction of Swardoss there have been violent engagements.

"On the southern front there has been an artillery bombardment all along the Danube.

ANOTHER DISPUTE BETWEEN U. S. AND ENTENTE ALLIES

Washington Expected to Act as Result of Great Britain and Allies Refusing to Grant Safe Conduct for New Austrian Ambassador to United States.

Washington, Nov. 27.—Another controversy between the American government and the Entente Allies is in prospect as a result of the refusal of the British government to grant safe conduct to Count Tarnowski, the newly appointed Austro-Hungarian ambassador to the United States.

In the absence of official advices on the subject officials of the state department were not in a position today to discuss it formally or to forecast the course the government is likely to pursue. It was made evident, however, that the unfavorable action of the British foreign office on the notice of the intention of the new ambassador to cross the Atlantic to his post came as an unpleasant surprise. It had not been doubted here that Great Britain would be the last power to deny the privileged character of a diplomatic officer on such a voyage.

U. S. Disappointed.
Aside from the belief that England would not desire to arouse adverse feeling in the United States by interfering with the ancient and generally unquestioned right of a neutral government to receive an ambassador or ministers, officials had counted upon Great Britain's record in the Mason-Sidell case to prevent such an action as reported in today's cable despatches.

The fact is recognized that in protesting against the removal of the confederate commissioners from the steamship Trent the British government was mainly concerned with the violation of the protection afforded by the British flag under which the Trent sailed, and it is said that it was on that account the United States repudiated the action of its naval commander.

There is an absence of any precedent exactly fitting this case that requires the department to be very careful in assuming ground and the text of the note handed to Ambassador Page will be awaited before a decision as to the course to be followed is reached.

DISTRESS CALL FROM STEAMER THIS MORNING

Bulletin—Halifax, Nov. 28.—According to a wireless despatch from Sable Island this morning, the steamer Amerique is sending out "S. O. S." calls. These messages have been picked up by the wireless operators on duty at the island. Nothing can be ascertained here as to the reason for the calls.

SCHOONER ARTHUR J. PARKER AND CREW LOST

Special to The Standard.
Halifax, Nov. 27.—The schooner Arthur J. Parker, owned by F. K. Warren, of Halifax, and bound to this port with a cargo of phosphate for the fertilizer works, is believed to have been lost, and only a slight hope exists that her crew may have been picked up. The Arthur J. Parker was on her way from Boston and had gone into Liverpool, N. S., which port she left on November 11 for Halifax.

Captain Joseph Evans was the master of the Arthur J. Parker and Duncan Conrod was mate. The officers and crew belonged to Liverpool.

ST. PIERRE STEAMER ASHORE

Halifax, Nov. 17.—The steamer Pro Patria, (French) is ashore at Flat Point near Cranberry Head C. B. The steamer has some passengers aboard. Tugs are being sent to her assistance.

SIR SAM WISHES KEMP SUCCESS

Lindsay, Ont., Nov. 27.—"I feel it is a duty I owe to my constituents to give them an insight into the past and my purposes as to the future," said Lieut.-Gen. Sir Sam Hughes today, according to an interview in the Daily Warder.

Continuing Sir Sam said: "I intend taking a trip to the south, possibly to Virginia, and will be absent a week or two, but on my return I will address a public meeting in Lindsay."

What are Hon. Mr. Kemp's chances in his election to the position of minister of militia?

General Huthers—"I wish him success. Hon. Mr. Kemp will be unopposed in his election, that is, as far as I am concerned."

CROTHERS WINS A VICTORY

Special to The Standard.
Ottawa, Nov. 27.—Hon. T. W. Crothers has drawn first blood under the cost of living legislation. Last week he was informed by a retailer that two wholesale bread bakers had refused to sell him bread unless he kept up the price to the figure they placed upon it for retail. The Minister of Labor at once wrote the wholesaler stating that he would not permit this and threatening criminal action if they persisted.

Today he was informed by the retailer that the wholesale firms had notified him he could have all the bread he wanted and he could sell it at any price he liked.

ST. JOHN NOT MOST COSTLY CITY ON EARTH

Boston and Sharon, Mass., Folks Who Wrote for Prices Here Sat Up and Took Notice.

St. John is by no means the most expensive point on the high cost of living chart. In fact Boston and other places are going to this city as a gauge where the residents are fortunate in that they are not obliged to pay the extortionate prices demanded elsewhere.

Wide Difference in Prices.

Widespread discrimination in prices of meat, so as to charge for them not what they are worth but what the community is able to pay, is charged and condemned in resolutions passed by the Sharon, Mass., Improvement Association. Copies of the resolutions, signed by William Edwin Clark, president of the association, will be sent to Congressmen, urging legislation to investigate and prohibit such discrimination, and to other Boards of Trade or Improvement Associations, with a view to co-operative effort.

The action by Sharon organization is the result of an article which appeared Nov. 6 comparing prices in Boston with those current in St. John, where war conditions prevail, while the meat is shipped from Chicago by the same packing corporations which supply Boston. The article showed that prices here were much lower, on almost all cuts of meat, than in Boston.

The Sharon Improvement Association wrote to the Board of Trade in St. John and verified the figures. They found that, where the figures secured in this way differed from those given in the newspapers the result was to increase the discrepancy between the prices there and here.

On investigation evidence of discrimination in New England were found. Prices in Elizabeth, Lawrence and Brockton were found to be sometimes 25 per cent. cheaper than in Boston. Marketmen who were questioned stated that the packing houses maintained agencies in many of these cities and that the prices were regulated by the economic ability of the community to pay, and that for this reason prices were higher in Boston than cities like Lawrence, where the average wage is \$10 because of the large number of mill workers.

One market dealer said that he could buy lamb at retail in Lawrence and other mill cities for less than he had to pay for it in Boston at wholesale. As a result of this information the association passed these resolutions, calling on Congress to start an investigation with a view to begin whatever legislation may seem necessary.

LARGE NEW INDUSTRY FOOD CAMPOBELLO

Lumber Mill to Cost Thousands—Burglars Rob Store—Improvements on Island.

Special to The Standard. Campobello, Nov. 27.—W. Roberts has secured an engine boiler and all the necessary supplies in St. John for a large lumber mill which he is erecting here at a cost of \$7,000. The new industry, when in operation, will give employment to one hundred hands and will distribute, it is estimated, \$30,000 in wages during the time it is expected to be active.

Shingles, boards, laths and all kinds of lumber will be manufactured. Burglars entered the store of G. M. Byron recently and carried off woolen and rubber goods, the thieves evidently having an eye to cold weather and a number of fishing trips. The loss is about \$50.

A concrete dam has just been completed across the ice pond. The contractor was W. Parker.

The Anglican rectory has recently undergone extensive additions and repairs.

OBITUARY.

Mrs. Adam Black.

Harcourt, Nov. 27.—The friends of Mrs. Adam Black, for many years a resident of Front Brook, heard with profound regret of her demise at River Falls, Wis., on the 17th inst. Mr. and Mrs. Black and family moved to that town about two years ago. Her mother, Mrs. Hugh English, and brother, Mr. Melvin English, reside here.

Frances Pearl Northrup. Erik Settlement, Nov. 27.—The home of Mr. and Mrs. Alexander J. Northrup was deeply saddened on the 23rd inst. by the death of their dear little daughter, Frances Pearl, aged seven years and three months, who was called away after severe suffering. Little Pearl was a bright loving little girl and is deeply missed by the whole family. She leaves to mourn her father and mother, two brothers, Cresswell and Robert, and two sisters, Eva and Iva Bell, at home, and one sister, Mrs. B. Durnian of Erik Settlement. The funeral took place on Saturday, conducted by Rev. Mr. Jamsay, pastor of the Methodist church, and Rev. A. C. Fenwick, rector of the Church of England.

The funeral of Mrs. Elizabeth McLean took place yesterday afternoon from her late residence, 95 Mitchell street. Services were conducted by Rev. J. H. A. Anderson, and interment was made in Fernhill.

The funeral of Samuel Orr took place yesterday afternoon from his late residence, 12 St. Andrews street. Interment was made in Cedar Hill.

ST. ANDREW'S SOCIETY TO OBSERVE "THE DAY" BY DINNER AND SMOKER

Rev. J. A. MacKeigan, Pastor of St. David's, will be Speaker of the Evening on November 30th.

St. Andrew's Society in this city will celebrate the natal day of their patron with an informal smoker and dinner at Bond's on Thursday evening, November 30. The oration of the evening will be delivered by Rev. J. A. MacKeigan, pastor of St. David's church.

This is a day which is observed by the true "Scot" no matter what part of the world he may be in, and he knows that all over the broad world on this particular night "Brither Scots" will gather and remember the glories of "Auld Scotia." Since the war began in 1914, there has not been any formal celebration of the anniversary here, but on Thursday night they will meet and drink a toast to the "lads" over the water, who are upholding their country's honor on the blood-stained battlefields of France and Flanders, and to pay their tribute of respect to those who will never come back.

Fredericton, Nov. 27.—A local hotel man charged with violation of the Canada Temperance Act was convicted of a subsequent offense by Magistrate Limerick this afternoon. The case resulted from a recent raid at the hotel, one bottle of liquor having been found by the police. The defendant put up a hard fight, witnesses having been brought here from St. John to give evidence. An employee of an up town hotel pleaded guilty to a first offense case and was fined \$50 and costs.

Underwriters Scared. New York, Nov. 27.—Submarine increased activity has caused heavy losses to New York underwriters. East Mediterranean and Suez business is hard to place even at 7 1/2 per cent. The coincidence of the sinking of the Britannia and the Braemar Castle make marine insurance men suspect that they were caused by submarines.

Y. M. C. A. NOTES.

On Wednesday night the Y. M. C. A. will hold open house for the employees of W. H. Thorne and Co., and T. McAvity and Sons.

The men of these two houses will be the guests of the association and they will participate in all the activities of the institution. They will play basketball, have a tug of war and play games on the gymnasium floor, do some bowling, then they will come upstairs and have some music, and the evening will wind up with refreshments.

The men in charge of the entertainment are Roy White and P. Legee. It is the intention of the association to have these open nights for the members of the different industrial establishments in the city quite frequently and in this way provide a pleasant evening for the workers and at the same time make the association better known.

GRAND TRUNK BUILDS BIG NEW CAR SHOPS FOR WESTERN LINES.

Montreal, Nov. 27.—The Grand Trunk Railway has undertaken the construction of a new plant at Port Huron, Michigan, for the repair of freight and passenger cars.

The principal car repair plant for the lines west of St. Clair river has been at that point for many years, but was destroyed by fire during the winter of 1914-1915. The old plant was of limited capacity, and located at what was the old terminus of the line previous to the construction of the tunnel under the St. Clair River. After the fire negotiations were carried on between the town of Port Huron and the railroad, resulting in the acquisition of the property recently vacated by the Port Huron Thrasher Company, which property is very much more advantageously situated, being near the new tunnel line.

The plant will consist of a power house containing 6,150 H. P. boilers serving double turbo steam generating units of 300 K.W. for developing the electric power for lighting and operation of machines, all of which will be motor driven; a passenger car shop of two units, 135 feet by a combined length of 645 feet, accommodating 27 modern passenger cars. Between the two units will be a transfer table 30 feet in length; a freight car shop 160 x 360 feet accommodating 70 freight cars; a cabinet shop, two floors each 73x250 feet; a blacksmith and Machine shop 150x300 feet; a wood mill, 90x210 feet; a dry lumber shed, 47x147 feet; a storehouse, 67x164 feet; an office building, 61x64 feet.

These buildings, including trackage, will occupy a space of approximately 55 acres, and are arranged for economical operation, special attention having been given to this feature to ensure maximum efficiency. The total cost is estimated at \$700,000.

KILLED ON WAY TO HEAR BILLY SUNDAY

Principal of Nahant High School Struck by Automobile—Driver Charged with Manslaughter.

Boston, Nov. 27.—While on his way to a Billy Sunday meeting John D. W. Chester, principal of the Nahant High School, was struck by an automobile on Huntington avenue and killed. The body was not identified until 15 hours later. Herbert I. Lothrop, driver of the car, is charged with manslaughter.

TURN HAIR DARK WITH SAGE TEA

Grandma kept her locks dark, glossy and youthful with a simple mixture of Sage Tea and Sulphur.

The old-time mixture of Sage Tea and Sulphur for darkening gray, streaked and faded hair is grandma's recipe and folks are again using it to keep their hair a good, even color which is quite sensible, as we are living in an age when a youthful appearance is of the greatest advantage.

Nowadays, though, we don't have the troublesome task of gathering the sage and the musky mixing at home. All drug stores sell the ready-to-use product, improved by the addition of other ingredients, called "Wyeth's Sage and Sulphur Compound" for about 50 cents a bottle. It is very popular because nobody can discover it has been applied. Simply moisten your comb or a soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, but what delights the ladies with Wyeth's Sage and Sulphur Compound is that, besides beautifully darkening the hair after a few applications, it also produces that soft lustre and appearance of abundance which is so attractive. This ready-to-use preparation is a delightful toilet requisite for those who desire a more youthful appearance. It is not intended for the cure, mitigation or prevention of disease.

As we figure it out \$15 is a popular figure so it's been our stunt to continue to order suits of quality and style that we could sell at this popular price—considering the increased cost of everything it has been some achievement.

The line is now large and we view it with satisfaction for we know the VALUES are there. You'll find full fifteen dollars worth in quality; you'll find a good fit, and a good variety of fabrics and models. An ample selection of Overcoats and Ulsters at the same figure.

THROBBING, NEURALGIC HEADACHE CURED HEAD-SPLITTING DISTRESS VANISHES INSTANTLY

This Wonderful Curative Liniment Never Fails. RUB ON NERVILINE

Neuralgia quickly cured is twice, nay, ten times cured. Little neuralgia pains grow into big ones, but "Nerviline" in ten minutes relieves even the worst ones. Even a single application will remove the nerve congestion that causes the pain. Nerviline penetrates deeply into the sore tissue, reaches the source of inflammation, drives it out root and branch. Every drop of Nerviline is potent in pain-subduing power, and its strongest charm lies in the fact that it rubs right in, even to the very last drop. Nerviline is not greasy, and its pain-removing power is at least five times greater in strength than ordinary remedies. We guarantee Nerviline will cure neuralgia—not only relieve it, but actually and permanently cure it. Just in the same way will it cure lumbago, sciatica, stiffness and rheumatism. To conquer all muscular and nerve pain, use Nerviline. A large bottle in the home keeps the doctor's bill small. Get the large 50c. family size bottle; it is more economical than the 25c. trial size. Sold by all druggists everywhere, or the Catarrhozone Co., Kingston, Canada.

NEWS AND COMMENT FROM THE FINANCIAL WORLD

MUCH EUROPEAN GOLD IN CANADA

If Offering of British and French Treasury Bills Successful, Proposed New British Loan Will be Postponed

Special to The Standard.
New York, Nov. 27.—To the recent successful offering of \$300,000,000 British notes is to be added in a short time a new and more or less permanent demand of a foreign character upon money supplies here, namely, the offering of British and French treasury bills for discount on the dollar basis payable in New York. It is understood the terms will be made sufficiently attractive to encourage large transactions.

The bills will include all maturities that may be desired running as high as six months if necessary. The discount rates that will be accepted will be slightly in excess of ordinary money rates here, but will not be so high as to aid in establishing a permanent rise in money circles in this country. Results in connection with these special offerings will doubtless be watched with keen interest. If they are satisfactory it will mean the postponement of the proposed unsecured British loan which has been under discussion since the successful placing of \$300,000,000 security notes a few weeks ago. That it is in the interest of the British treasury to prevent any important advance in rates in this market is evidently the fact. Gold importations are to be resumed. It is stated in responsible circles that British and French gold has been forwarded in large volume to Canada where it will be held in reserve to meet emergencies as they may arise. This gold comprises a combination of stores from the treasuries of the Allied countries more particularly from Great Britain, the Bank of France and the Russian Imperial Bank. It is understood to comprise about \$300,000,000.

ENTHUSIASM MISSING QUANTITY IN MARKET

Prices Decline Throughout Day's Trading, with Only Slight Upturn at Close—Developments Few.

New York, Nov. 27.—The decline in prices continued throughout the day's trading with only slight upturn at the close. The buying demand was willing to wait for reactions and although trading was active there was no indication of enthusiasm in the market.

Call money again advanced and the more conservative attitude adopted by the banks regarding loans and collateral again received more attention and was generally conceded to be the reason for the resumption of the downward movement. As we have pointed out the decline of last week did not place the market in as favorable a technical position as it should have been. It was public buying that turned prices upward sooner than was expected. This demand has now been largely satisfied and today the technical market situation again became weakened. Some further reactions can be carried under present conditions. There is no doubt that the public has still money that could be used in the market and that business conditions are such as to engender public confidence. On the other hand there is the technical situation of the market with some of the large interests pretty well sold out and with the banks following a policy that has allowed a substantial readjustment of prices toward developments of the day were few and of little influence. Sales, 1,351,100. Bonds, \$5,658,000.

FEAR OF MINERS' STRIKE AFFECTS METAL SHARES

Zinc Ore Advances \$10 a Ton or Double Regular Weekly Advance for Last Seven Weeks.

Special to The Standard.
Montreal, Nov. 27.—The easy tone in the market for shares of Consolidated Smelters is believed to reflect the feelings of insiders respecting the unsettled conditions in the western coal mining camps and its possible effect on the coke supply of smelters at Trail, B. C.

Evidently the threat of the miners to strike has offset the remarkable strength in the metals market generally, prices having shown a disposition to advance in all the lines on which Smelters is now concentrating its output.

The tendency is shown in a message from Joplin, Mo., today which says that zinc ore had advanced \$10 a ton which is double the regular weekly advance for the last seven weeks. The price is now \$105 a ton, with a large tonnage being sold.

Smelters will shortly add electrolytic copper to its other shipments, a plant with a capacity of five tons daily being almost completed. Electrolytic has never been smelted in Canada before and the domestic product comes on the market at a time when copper prices are bringing the highest prices on record. It is not apparent that there is any short selling to speak of on the strength of the western mining trouble as traders are reminded of the advice of a famous operator, the late James R. Keene, whose advice was never to sell the market on labor troubles owing to the danger of such being settled overnight thus leaving the speculator in the lurch.

Germany Gets None of Belgian Relief

Conditions of Agreement with Neutral Relief Commission respected by Germany

When the Belgian Relief Commission was organized, Britain insisted that Germany guarantee not to touch a particle of the food imported by the Commission for the Belgians. This guarantee, given to the American business men who are the executive heads of the Commission, has been respected—probably because its violation would be reported at once and would rouse the whole neutral world.

So each contributor to the Belgian Relief Fund may feel perfectly sure that every pound of food which his money has helped to purchase, has gone directly to the Belgians.

No dollars in the world are needed more—will be handled better—or will do more vital good—than the dollars which it is your privilege to give to the Belgian Relief Fund.

VAQUE RUMORS INDUCE SELLING

Advance in Call Money to 5-1-2 per cent in New York Also a Factor—Exchange on Central Powers Slumps.

New York, Nov. 27.—Vague rumors of a disquieting character, aggressive selling by professional traders, and an advance in call money to 5 1/2 per cent, the highest rate except once this year, contributed to the heavy closing of today's market, after an early period of strength and several new maximums.

The hardening of money rates was not unexpected, in view of last week's bank statement, which disclosed a further contraction of excess reserves to barely more than \$58,000,000, a decrease of more than \$65,000,000 in the last three weeks, and the smallest total since the middle of the year.

Gains of the forenoon ranged from a substantial fraction in United States Steel, at the new high record of 129 1/2, to a point or two in other active industrials, and one to three points for leading equipments. Coppers also were better, being stimulated by another advance in future prices of the refined metal.

Utilities and specialties of no special designation were higher, at their best by two to seven points, the latter gain being registered by Ohio Gas at the new record of 105 1/8.

Pittsburgh Coal, Philadelphia Coal, Industrial Alcohol and other miscellaneous issues reflected the activities of pools or cliques, but yielded to moderate pressure.

Rails were in no sense a factor marketwise, the only noteworthy movement in that quarter being the temporary strength of Reading and other coals, and the consistent heaviness of Canadian Pacific. Mexico followed the upward trend of the first hour, but were among the first to lose ground.

Total sales aggregated 1,320,000 shares.

The most interesting development of the day, in its broader implications, was the decline of exchange on the Central Powers to the lowest rates quoted since the outbreak of the war. In point of fact, offerings of bills on Germany and Austria were barely nominal, so that today's depreciation was sentimental rather than actual.

Gold imports on a large scale from England, by way of Canada, were resumed, and further moderate exports of the metal to South America were made.

Bonds were irregular, with Paris 6's at a new low quotation. Total sales, par value, \$5,340,000.

BRITISH GOLD KEEPS DOWN MONEY RATES

Practically Impossible to Maintain Higher Rates Until After War—Missouri Pacific Now Convalescent.

(McDOUGALL & COWANS.)
New York, Nov. 27.—In banking offices the money attitude now seems to be that not until the end of the war is in sight can higher rates be effectively maintained because of the flood of British gold which will seek employment whenever figures go above recent low levels. In addition to this it is to be the interest of England to keep rates down so long as it needs credits continually as now. Members of the Missouri Pac. syndicate are privately quoted as saying that higher prices for the new stock are certain and in this connection it is declared that for the first time in its history the road has a strong foundation on which to build with a territory of vast extent and growing development. It is noteworthy in present market activity the new public which has come to speculate widely is not asking for educational features as much as that outside element which was present in the 1915 bull market. What this or that pool is doing or likely to do seems to be of more importance according to office gossip.

Western buying is prominent in A. H. Chalmers stocks. It is noteworthy, however, that conservative Philadelphia interests are recommending these issues saying the capital is now in a good financial position and physical accumulation of the common stock has not been followed by any distribution of consequence according to current gossip.

DROWNING IN MIRAMICHI S.W. RIVER

Wesley Connors, of Upper Blackville Loses Life and Young Son Narrowly Escapes Father's Fate.

Special to The Standard. Fredericton, Nov. 27.—Wesley Connors, of Upper Blackville, broke through the ice while crossing the Southwest Branch of the Miramichi river, near his home, yesterday, and was drowned. His ten-year old son who was crossing the river at the same time, was rescued by several men who heard his cries for help. Mr. Connors and his son were on their way home when the fatal accident occurred, both of them breaking through the ice at the same point. The boy shouted for help and several men who were on shore near by ran to the assistance of Mr. Connors and his son. When they reached the hole in the ice the father had sunk while the boy was making frantic efforts to catch hold of the ice. He was pulled out by rescuers but was unable to give any particulars of the accident. He told the men amid tears that "papa was in the hole."

Mr. Connors was about 50 years of age and is survived by a widow and four sons.

Interesting News For Working Men

AN ARTICLE WELL WORTH YOUR WHILE TO READ

This is a nerve-racking age—not a man in an office or behind the counter, striving hard to get on in the world, that does not feel the strain. If nerves are in order, a man is strong, eats and sleeps well. Unstrung nerves mean ill health, worry, sleeplessness and a general decay of bodily strength.

Most men are careless of their health. They trust to luck and that kind of thing, instead of taking Ferronze for a few weeks when they feel dull in the morning, or when they sleep poorly or lose appetite.

Ferronze quickly brightens up the mind. It creates an appetite and improves digestion. Ferronze makes blood, quiets the nerves, makes muscles like steel and induces refreshing sleep.

Ferronze is a body builder, thousands have proved it. If you are sick or out of sorts, use Ferronze and enjoy the splendid health it so surely brings.

Permanent in its results, the greatest health-giver in the world is Ferronze. Because nourishing and perfectly harmless, all can use it, even children. Get Ferronze today, 50c per box, at all dealers or by mail from The Catarrhone Co., Kingston, Ont.

GIRLS! TRY IT! HAVE THICK, WAVY, BEAUTIFUL HAIR

Every particle of dandruff disappears and hair stops coming out. Draw a moist cloth through hair and double its beauty at once.

Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a "Danderine hair cleanse." Just try this—moisten a cloth with a little Danderine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt and excessive oil and in just a few moments you have doubled the beauty of your hair.

Besides beautifying the hair at once, Danderine dissolves every particle of dandruff; cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair.

But what will please you most will be after a few weeks' use when you will actually see new hair—fine and downy at first—but really new hair growing all over the scalp. If you care for pretty, soft hair and lots of it surely get a 25-cent bottle of Knowlton's Danderine from any druggist or toilet counter, and just try it. Save your hair! Beautify it! You will say this was the best 25 cents you ever spent.

SCHR. ROB ROY ABANDONED.

London, Nov. 27.—The captain and crew of the American schooner Rob Roy have arrived at Morador, Morocco, in a motor boat. The Rob Roy ran into a gale on Nov. 15, while bound from Alicante, Spain, for Havana. Buffeted by the high waves and leaking, the schooner was abandoned on Nov. 20 ninety miles northeast of Madeira. She was then in a sinking condition.

The Rob Roy was a four-masted schooner of 786 tons. She was owned in Philadelphia and was built at Camden, N. J., in 1890. The Rob Roy sailed from New York Aug. 30 for Lisbon on her previous voyage.

COUNCIL DECIDES TO GET INFORMATION ON ADVANCED MILK PRICE

Investigation Which May Take in Other Lines of Foods May Follow—The Elevator Site.

At the meeting of the common council yesterday the matter of accepting the offer of \$28,670 for the city lots on Prince William street was left over until Thursday. The Mayor was empowered to confer with the solicitor in regard to the necessary steps to be taken to hold an inquiry into the proposed increase in the price of milk. The mayor submitted a statement showing how the food streets which we have heard so much about in other cities, were paid for, and compared the debts of several of them with St. John.

The council met at 11.30 with the mayor in the chair, all the commissioners being present.

The first matter taken up was the offer of the Dominion government of \$28,670 for the lots belonging to the city, and the right of the city in the Bonnel Lot, and it was moved by commissioner Russell, and seconded by Commissioner Wigmore, that the offer be accepted.

Commissioner McLellan moved in amendment that the offer be not accepted until it was ascertained whether the other owners were willing to accept the same figure, but this failed to find a seconder.

Commissioner Fisher thought that some arrangement should be made whereby that portion of the corner lot now used for street purposes be retained by the city, and felt that he could not support the sale unless such was done.

Commissioner Wigmore pointed out that the city was offered more now than they had been able to get in boom times, and felt that the offer should be accepted.

The Mayor expressed himself as in favor of accepting the offer as he considered it a fair one, and he had no desire to harass the government. It was finally decided to let the matter lie over until Thursday, Commissioner Russell in the meantime to make inquiry as to the attitude of the government in regard to the use of the corner for street purposes.

Commissioner Fisher brought up the matter of the proposed increase in the cost of milk, and moved that the dealers be asked reasons for the increase, looking toward an investigation if the reasons given were not deemed sufficient. This was supported by the other commissioners and Commissioner Wigmore was of the opinion that the investigation should not be confined to the milk question.

After some further discussion the matter was left in the hands of the mayor to consult with the city solicitor as to the best course to pursue.

Commissioner McLellan criticized the cleanliness of some of the streets, and the commissioner of public works promised to look into the matter.

Mrs. James Loggie

Loggieville, Nov. 27.—The death of an aged citizen of a place is always keenly felt in any community. This is true of the death of Mrs. James Loggie of this town, which occurred at her home here on Thursday afternoon, after an illness of a few days. Mrs. Loggie's maiden name was Annie Wilkinson. She was born at Bay Du Vin 77 years ago. Although having attained advanced age, she always had a remarkably good health, and her last illness, of such short duration, made the announcement of her death a great shock to the whole community. She was a highly esteemed citizen and was one of the landmarks connected with the Presbyterian church of this town, and there, as well as elsewhere she will be greatly missed. As a friend Mrs. Loggie will be mourned by many.

Mrs. Eliza Anne Wright. The death occurred at Rexton Monday evening of Eliza Anne, widow of Alexander Wright, after a long illness, at the age of 56 years. She was formerly a Miss McEachern of Moncton. She is survived by three daughters and one son. The funeral took place on Thursday afternoon. Interment was made at West Branch Presbyterian cemetery. Rev. G. S. Gardner officiated.

Robert Bell. Rexton, N. B., Nov. 27.—Mr. Robert Bell, well known lumberman and millman, passed away suddenly Saturday evening at his home at Bell's Mills. He was doing some chores in the barn when he became weak and was removed to the house where he died an hour later. He was the last member of the family of the late Mr. and Mrs. Thomas Bell of East Galloway, and was born there 62 years ago. He was a good neighbor, of kind and generous disposition. He leaves to mourn his death, a wife, who was Miss Janet Main of East Galloway, a little son, Colin, and little daughter, Margery. Mrs. Edwin Wright of Little River, Buctouche, is a niece, and Messrs. Max and Ira Hewston of Exeter, (N.H.), are nephews. The funeral will take place at 2 p. m. Tuesday. Interment will be made in the Galloway cemetery.

J. H. P. McAuley. Yesterday morning James H. P. McAuley died at his home, 10 Charles street, after about a week's illness. The deceased, who was thirty-five years of age, was baggage master on the C. G. R. and was engaged on the Maritime Express. His death was not expected although it was seen that he was seriously ill a few days ago whilst on duty. Deceased was a son of the late James P. McAuley of Moncton, who was killed in a railway wreck about ten years ago. He is survived by his wife, formerly Miss Julia Saunders of this city, his mother, residing in Moncton, three brothers, John of New York, Roy of Moncton and Clyde of Regina, and three sisters, Misses Lois, Hazel and Edna, at home. Mr. McAuley was greatly respected by the railway officials and had many friends throughout the city. The case against the railway officials who will be tried by the jury, which will be held from his late residence tomorrow afternoon at 2.30, will be conducted by Rev. P. S. Dowling. The Brotherhood of Railway Trainmen, of which he was a member, will also conduct their special service.

THE POLICE COURT. In the police court yesterday morning Louis Dritz, a junkman, was sent up for trial on the charge of stealing a quantity of rope. He was admitted to bail on \$1,000.

George Hope charged with selling liquor without a license, was remanded until Friday.

The case against Joseph Flynn, charged with tampering with a fire alarm box, was also remanded, and after one witness had testified, the

prisoner was admitted to bail on a deposit of \$40, and Wesley Robinson, arrested in company with Flynn, on a deposit of \$5, the trial to be resumed on Friday.

At the afternoon session the case was resumed against Louis Hudivits charged with keeping liquor for sale in his house, Main street. Four Russian Poles testified that the liquor bottles taken in the raid were their property. The defendant was remanded.

One drunk was remanded. One man charged with begging was allowed to go on the promise to leave the city.

In the juvenile court a small boy was charged with stealing a wagon on October 29th. He explained that he had returned the wagon and was allowed to go.

Miss Brown Returns From Egypt. "The rocks of St. John never looked so good to me before" said Miss Charlotte Brown, the nursing sister of the St. John's Ambulance, who returned on the Corsican yesterday. "But in my travels I have never seen anything that I thought were as beautiful as those same rocks." Miss Brown went from St. John a year ago in May. She went as a St. John's Ambulance nurse, was sent to Egypt and has done splendid work there. Miss Brown has been to Folkestone and will go to Hampton to rest for a few weeks.

"One does not have to go to England to see war activities," said Mrs. P. R. Warren at the conclusion of a business meeting held at the Natural History rooms.

Get in the habit of drinking a glass of hot water before breakfast.

We're not here long, so let's make our stay agreeable. Let us live well, eat well, digest well, work well, sleep well and look well.

plished and contributions made to almost every fund."

This was the opening of a short speech given by Mrs. P. R. Warren at the conclusion of a business meeting held at the Natural History rooms.

Minutes of the last meeting were read by Miss Ethel Jarvis, after which Miss Clara O. McGivern reported cash on hand \$510.44.

Mrs. Melrose, the corresponding secretary, gave a most interesting account of several things at which the club had assisted. A party of fifty soldiers who spent the night in the station yard had been given a good tea and 85 sailors who left late at night were provided with lunches.

Letters were read from the captain of a vessel in our port thanking the club for hospitality offered to sailors from Mayor Church of Toronto expressing his gratitude for the welcome to the 180th and other battalions, from the Hon. Rupert Guinness who hopes to be able to come to St. John later to speak before the Canadian Club, and from Miss Kathleen Burke voicing her sincere thanks and appreciation for the reception and hospitality extended to her on her visit to St. John.

Miss McGivern gave an account of the fund: Collected at the door \$40.05, Collected at the Canadian Bank of Commerce 165.93, Total \$206.10

escent home where orders are coming in splendidly.

Mrs. Arthur Coster told of the hospital visiting and Mrs. J. R. VanWart of the letters written to wounded soldiers.

Mrs. Warren in her talk told of her visit to St. Dunstan's Hostel for the Blind and of Sir Arthur Pearson's great work; also of her visit to that brave woman, Lady Drummond, who has done so much in the care of our wounded and in relieving the anxiety of those at home.

Mrs. Warren ended by saying that we were on active service as well as our soldiers and must never give up hope but stand shoulder to shoulder for the Empire.

After a vote of thanks to Mrs. Warren had been gracefully given by Mrs. John Thomson Mrs. S. K. Bell sang two solos which were much enjoyed. Refreshments were served by a committee of ladies and the meeting closed with the National Anthem.

THE INSISTENT CALL OF CHARITY

When the King and Queen went down to Shoreham and Eastbourne to inspect military commands and hospitals, Princess Mary lunched with Queen Alexandra and afterwards accompanied her and Princess Victoria to Lady Gosford's entertainment at Burlington House in aid of the Red Cross, says the Ladies' Field.

Lady Gosford is, of course, one of Queen Alexandra's most intimate friends, and Her Majesty seemed thoroughly to enjoy the concert, which did not err on the side of heaviness. Miss Shirley Kellogg (such a favorite with our Canadian soldiers), and Mr. Harry Tate had the honor of being presented, as had Mr. Pett Ridge, who nowadays finds little time to spare from philanthropy to novel-writing.

Princess Mary, whose pretty air of deference to her grandmother and aunt everyone likes to see, was in blue with a tawny-colored hat; and Princess Victoria in black velvet with some white in her hat. The Royal ladies have a full programme between now and Christmas, when charitable entertainments fall thick and fast as autumn leaves are falling at the moment. Indeed, only an expert collector of statistics could hope to keep pace with them, and the ever-ready generosity of the public is a thing over which to wonder and be grateful.

Four Selznick Companies Busy at Three Studios.

Four producing companies are at work in three studios on Selznick Picture productions for release in December and January. The success that followed the presentation of the first Selznick-Pictures, Clara Kimball Young in "The Common Law," and Herbert Brenon's production Nazimova in "War Brides," has brought Mr. Lewis J. Selznick's new trademark to the fore and established him as one of the great geniuses of the industry.

The third Selznick-Picture will present Clara Kimball Young in an adaptation of Thomas Dixon's powerful novel, "The Foolish Virgin."

In "The Foolish Virgin," Miss Young has one of the strongest dramatic roles she has ever played. In the east will be seen Conway Tearle, who made such a decided success as Miss Young's leading man in "The Common Law," and Paul Capellani, who has been seen in powerful characterizations in a number of Miss Young's greatest pictures.

The offering to follow will be, according to the present plan, Joseph M. Schenck's presentation of the president of the Norman Talmadge Film Corporation, of Miss Talmadge in a film version of "Panthea," the drama by Monckton Hoffe that scored such a tremendous success as presented several seasons ago in Europe and America on the legitimate stage.

Bessie Eyton Weds. Behind the story of Bessie Eyton's marriage to Clark Coffy, of Vicksburg, lies a little romance which was aided and abetted by the quaint old costumes that the Selig film star wore. It all resulted from her being cast as Virginia Carvel in "The Crisis." She was sent with her company to Vicksburg in order to get the proper surroundings of the historic scenes described in Winston Churchill's novel. She became quite popular socially and appeared at a fashionable costume ball, where she shone in the hoopskirts of fifty years ago. It was on that occasion she met Mr. Coffy, who is a wealthy young lawyer of

15 YEARS SUFFERING FROM PILES

Mr. J. McEwen of Dundas, Ont., writes:—"For fifteen years I suffered with Piles and could get no permanent cure until I tried Zam-Buk. Persistence with this herbal balm resulted in a complete cure, and I have not been troubled with the painful ailment since."

Mr. Henry Fougere of Poulton, N.S., says:—"I suffered terribly with Piles and could find nothing to give me relief until I tried Zam-Buk. This cured me. I consider Zam-Buk the finest ointment on the market."

The above are specimens of the many letters we are constantly receiving from men and women who have ended their suffering by using Zam-Buk. Why not do likewise?

TODAY'S LITTLE JOKE. How it Happened. One day a little eight year old girl, who had been taught to report her mistakes promptly, sought her mother with an aspect of grief denoting great penitence. "I broke a brick in the fireplace," the youngster explained between sobs. "Well, that isn't beyond remedy," smiled the parent, "but how on earth, child, did you do it?" "I was pounding it with father's watch."

MR. BUSHEL'S PARTY.

Mr. Bushel decided a party to give. But he couldn't tell whom to invite; The Pecks would feel slighted if they were passed by, The Quarts and the Pints and the Gills "would most die." He was in a grave quandary quite!

"If I should ask only the Pecks," he thought, "Only four would there be in the crowd; If the Quarts are invited, there'll be thirty-two; If the Pints, sixty-four—dear me! what shall I do?" Mr. Bushel—he just groaned aloud.

"If I should ask all the Gills to be here (There are two-fifty-six—do not starve), The house will be crowded with all little folk. And, really, I tell you, that isn't a joke!" Mr. Bushel was quite in despair.

"I have it," he chuckled; "One Peck I'll invite. Eight Quarts," and rubbed his round chin. "Sixteen of the Pints, sixty-four of the Gills—how could any more have squeezed in? This number—yes, just my capacity fills." —Sent in by a Member.

Vicksburg. The pair were afterwards seen often in each other's company. Not long after Miss Eyton went back to the Los Angeles studio Mr. Coffy came out to see her and ask her hand in marriage.

Who's Who and What's What in the Picture World and on the Stage—Favorites and What They Say and Do.

IMPERIAL.

"Hulda From Holland." Those who go to see this Paramount production and do not like it have lost something very precious—the capacity to enjoy a thoroughly pretty funny picture with Mary Pickford as "Hulda."

The reviews of this picture were so enthusiastic that I was all prepared to be disappointed, though since "The Foundling" I am one of Mary Pickford's sincere admirers, but it is a pleasure to be able to praise so unreservedly this story. Whether Mary is Italian, Japanese or Dutch her smile and her charm seem to win us just the same. There is much to amuse, and if you want to give the children a treat let them see Hulda from Holland, her little brothers, especially the youngest, her goat and all the adventures they go through.

The story is of a Dutch girl left in charge of three brothers whom she spans for their souls' good, and brings up carefully. Her Uncle Pete sends for the family to come to America, and it is here that Hulda meets her fate. There are many funny scenes, but the best of all is where Hulda "drops in" on Allan to his surprise and hers. She is irresistible in that part and no one but Miss Pickford could have been quite so funny.

John Powers plays opposite Miss Pickford very commendably, and Frank Losee gives a most impressive performance as the railroad magnate. Uncle Peter is remarkably played by Russell Bassett and the boy who appears as Hulda's youngest brother is one of the greatest child actors we have ever seen.

"Hulda from Holland" is an excellently directed production. Too much praise could hardly be accorded John B. O'Brien for the highly artistic manner in which he produced this story.

The Imperial also showed some some fine Pathe views of the big guns on the Somme front—seeing America at Richmond, Virginia—a cartoon of Babbling Bess and a Christie comedy, making up a very excellent programme.

LYRIC. Philip Holden—Waster. Starring Richard Bennett, who made such a name for himself on the stage playing in such well known plays as "Man and Super-Man," "The Lion and the Mouse," and with Maud Adams in "What Every Woman Knows." This piece possesses elements which are sure to make it a popular one. The character of Philip Holden is one that always appeals—a dreamer who wakes up and takes hold, defeating the plans of those who looked down upon him. The story tells how Philip went into the business world and by using his eyes and brain he gets his brother and the father of "Helen" into a tight corner where he has his own fun with them.

Scenically it is a fine picture to watch. Darkness and night have been photographed with great effects and a rain storm after the Bride party takes of the Holden's is thoroughly realistic. Philip is so in love with Helen that he does not know enough to come in out of the rain. The old devoted valet is a fine character. The supporting cast includes George Perloff, Adrienne Morrison, Rhea Mitchell, Clarence Burton and Orral Humphrey.

The Foundling is a vaudeville sketch given by "Dunn and Marlow." Miss Marlow is a versatile young person with strong character talent. Her baseball story took very well.

UNIQUE.

Shielding Shadow. Jerry reappears in this episode and Ravenger appears and disappears but one time we see him do it and it is the heavy cloak of darkness of our old fairy tales. We see Leontine almost drowned in what looks like the pool of tears in "Alice in Wonderland." This serial gets more exciting each week. A comedy and a Pathe Weekly were also shown at the Unique yesterday.

Admirers of Rae Eleanor Hall will be pleased to know that an excellent picture of her is on the cover of the New York Clipper of Nov. 25. The Clipper, which is one of the leading dramatic papers of the United States, gave Miss Hall a splendid notice when she appeared at the Palace Theatre, New York, a couple of weeks ago. The talented violinist is now playing the "big time" vaudeville houses in the States.

OPERA HOUSE.

The Homan Musical Comedy Company with Eddie Flavelle have caught on and are already prime favorites with the theatre-going public of this city. Last night the offering was "A Midnight Frolic," which pictures the doings of several people in the cabaret and incidentally furnishes the excuse for the songs and jokes of the company.

All the numbers last night were

good but the feature which caught the fancy of the crowd and received the most applause was "The Little Quakeress," a song and dance number by Marion and Irene Findlay. Claire Elgin and Arthur Paquette in "The Tango Argentine," also made a big hit and Miss Elgin certainly can dance some. The mind reading stunt of Eddie Flavelle and Billy O'Connell created a sale of laughter—did also the great illusion act.

Taken all through the show is well worthy of patronage and any person who wants to be amused and entertained for a couple of hours can do no better than call on the company.

The programme was as follows: Girls of the cabaret company, Casey's Return, Eddie Flavelle and Billy O'Connell, On to the Cabaret company, Some Nonsense, Ed. Flavelle, Never Mind Singing, Claire Elgin and company, Pretty Please, Marion Findlay, The Travelling Man, Flavelle and Yorkie.

Good Night Little Girl, company, Still some nonsense, O'Connell, Flavelle and Yorkie, Canny Cannibal, Mabel Killen, The Little Quakeress, Marion and Irene Findlay, The Great Illusion Act, Ed. Flavelle and Bert Yorkie.

Songs of Long Ago, Dot Dean, Still some nonsense, Claire Elgin, Ed. Flavelle, Billy O'Connell, Pet Names, Marion Findlay and Billy O'Connell, Mind Reading, Ed. Flavelle and Billy O'Connell, Shades of Night, Claire Elgin, Ireland, Billy O'Connell, The Poor Blind Man, Ed. Flavelle, Then more nonsense, Marion Findlay, Ed. Flavelle, Billy O'Connell, The Tango Argentine, Claire Elgin and Arthur Paquette, Finale, company.

Richard Stanton, Fox director, who for many years played on the stage, is an expert in widely varying roles, and can play them at a moment's notice. More than once he has done his make-up and jumped into a picture which he was directing.

ALICE FAIRWEATHER, suffered from Severe Headaches FOR TWO YEARS. Headaches are many and varying; but when the head starts to ache you may be sure there is some chief cause. The stomach may go wrong, the bowels become constipated, the blood may not circulate properly, but the presence of the headache clearly shows that unless the cause is removed some other baneful disease is liable to assert itself.

Burdock Blood Bitters has, for the past forty years, been curing all kinds of headaches and has proved itself to be a remedy that cures where others fail.

Mr. I. N. Petersen, Dnieper, Man., writes: "I am only too glad to be able to state that I derived wonderful benefit from Burdock Blood Bitters. I suffered from severe headaches for two years. I was treated by several doctors, but received no benefit until by chance I heard of B.B.B. and I at once procured two bottles and in a short time I was completely cured. I am, and always will be, grateful for what Burdock Blood Bitters has done for me who suffer from headaches."

B.B.B. is the oldest and best known blood medicine on the market today, having been manufactured for the past forty years by The T. McEwen Co., Limited, Toronto, Ont.

The Gold Dust Twins' Philosophy. If you have ever fumed and fussed, because of dirt and grime and rust, and said unto yourself, "Oh, dear! This household work will kill, I fear!"—then it is time that you should find some other method far more kind. Of all the woes a housewife bears, one always fills her day with cares: The kitchen after-meal-time mess, is quite enough to make one fuss. What, with the pots and pans and knives and forks and plates and cans, no task of man, however grim, the half as mean is handed him.

The Gold Dust Twins. Two little willing workers aim to enter in this household game: their job, the lessening of work, a task that neither of them shrink. With active little hands and brains they grab the kitchen household reins, till soon each kettle, pot or dish, is just as bright as you could wish. And not until the chores are done, from sink to silver, sun to sun, could anything inspire the two, to drop the tasks they have to do. Therefore, if you have never known assistance such as we have shown, your troubles end, where joy begins. Now, Mrs. Drudge, the Gold Dust Twins! Henceforth, as diases congregate, when cutlery, in sad array, awaits you at the close of day—'Cheer Up!' Forget the labor planned: You have two aids at your command.

Around the City

Recruiting Committee To Meet. The naval recruiting committee are asked to meet this afternoon at the naval recruiting office, Jardine building, Prince William street.

Came Out to Wed. Among the passengers on the Corsican yesterday was the bride of Rev. H. B. Bennett of Upper James.

Corsican Sailors Arrested. John Lee, George Monetta, Nell Peter Christensen, John Ganon and Griffiths Evanovas, five members of the steamship Corsican's crew, were arrested by the C. P. R. police yesterday afternoon and locked up in cells at police headquarters.

180th Pictures Will Be Here Today. The 180th Battalion motion pictures announced to be shown at the Opera House yesterday missed connections at Montreal on the way from Toronto where they were shown all of last week and did not arrive here in time for last evening's performance.

River Navigation Still Possible. There is still much ice in the St. John river. The Majestic, however, got in yesterday at 1.10 p.m. from Gagetown with a general cargo, including a large quantity of hay.

Winter Flowers. The Standard is pleased to acknowledge the receipt of a box containing a dozen or more bright fresh pansies from Miss Helen Worden, Coddy's, Queens county. The pansies were received yesterday afternoon packed in a box of damp moss, and were as fresh and fragrant as if they were picked in the garden last August.

What the Police Found. Last night while one police constable found a baby carriage on the street, another found a bright little fox terrier, and both were taken to police headquarters for protection.

PERSONALS. Mr. and Mrs. B. M. Goodwin of Amherst, N. S., will pass through the city this morning en route to Boston where they will spend the winter months.

THOUGH SORELY WOUNDED DUTY WAS FIRST IN HIS MIND

Deed for Which Egbert Robertson Was Awarded D. C. M. One of Bravest in War's History—Wounded Hero Reached City Yesterday.

Among the arrivals in the city yesterday was Private Egbert M. Robertson of the "Fighting 26th" Battalion, who was wounded on February 14th last, and who for his bravery was awarded the Distinguished Conduct Medal. Private Robertson came into the city by train from Quebec having arrived in that city on the steamship Gramplan a week ago yesterday.

Private Robertson on arrival in the city did not have a great deal to say about himself to the press, but he spoke in the highest praise of the officers of the 26th. He is walking with the assistance of a cane, having an artificial limb, for at the time he was wounded one of his feet was blown off and the other leg was shattered in three places. It was his bravery in sticking to his post after receiving such terrible injuries that won for him the much coveted Distinguished Conduct Medal.

RETURNED CANADIANS TELL INTERESTING WAR STORIES

Men Who Came Back on S.S. Corsican Have Had Thrilling Experiences in the Fight for World Liberty.

The Allan liner Corsican, the first steamer to reach the port of St. John, arrived yesterday morning and docked at Sand Point. As the liner swung into her berth the 165th band struck up "Oh Canada." Besides the general freight and mail the steamer had 365 passengers, including 205 soldiers. Of this number 23 are to receive their discharge at the depot here. The remainder of the men left on a special train for points west.

Young Johnson showed the reporter several of the gauze masks used by the Allied snipers to cover their faces. He had three of them, a green for sniping in the grass, a dark grey for sniping in the sand, and a red mask when lying in red mud.

Another of the party who has played more than an ordinary part in the war is J. L. Dave, of Florence, C. B. He has spent thirteen months in the trenches, participating in such prominent battles as Ypres, and the Somme.

ONLY THREE MEN ON THE HONOR ROLL

One Other Man Tried to Join Siege Battery, but Unit is Up to Strength—Notes of Local Units.

- HONOR ROLL. J. R. Southern, Edinburgh, Scot. J. Garfield Troy, New Brunswick Canadian Engineers. M. A. Marr, Moncton, N. B. 8th Ambulance Train.

Only three men were accepted in the city yesterday for overseas service. An application for the 9th Siege Battery was also received but as this unit is up to strength it is not known whether any more men will be signed on.

The medical officers at the hospital will be Captain C. D. Davidson and Capt. H. L. Walker. Major E. D. Wiley, director of national service for New Brunswick, left last night for Halifax where he will close up his office as recruiting officer for the province. He will return to the city tomorrow.
