

# Entente Allies Harass The Enemy; Von Kuehlmann Resigns His Office

## SUDDEN THRUST AT GERMAN LINES IN EASTERN FRANCE BY ALLIES

While Waiting For the German High Command To Show Its Hand in Starting a New Assault, Entente Forces on Western Front Worry the Teutons.

French Strike Blow West of Oise and North of the Matz River — Spirited Fighting on British Front in Flanders—Progress in Albania — Dr. Von Kuehlmann Quits.

(Undated war lead by The Associated Press.) While waiting for the German high command to show its hand in bringing a new assault, the allied forces on the western front are giving the enemy little opportunity to perfect his arrangements for launching his expected but still deferred attack. From the Lys sector, on the north, to the Champagne front, in eastern France, there have been sudden thrusts at the German lines, at least one of which has made considerable ground.

This particular blow was struck by the French, west of the Oise and north of the Matz river, on the battle field where the Germans were stopped short in their attempts to hew their way through to Compiègne early in June. The French advanced along the Compiègne road northwest of Authueil and occupied the logs and Porte Farms on each side of the highway. The ground they have taken is important from a defensive standpoint and cuts down the area in which the Germans must manoeuvre in this part of the battle area.

## German Strongholds Are Well Bombed

British Airmen Bring Down Seven Hun Machines and Put Six More Out of Control — Italians' Splendid Record.

London, July 9.—Aerial operations are described in the official communication issued tonight as follows: "In spite of low clouds in the morning of July 8 and thunderstorms later in the day our airplanes accomplished a good deal of photographic observation and reconnaissance work during the intervals of fine weather. The enemy activity in the air was light. Seven German machines were destroyed and six driven out of control. Four of our machines are missing. "Nineteen tons of bombs were dropped, principally on railway connections at Roulers, Tournai and Wavrin and on dumps at Warneton and Bac St. Maur. "Practically no flying is possible at night."

## BRITISH SHIPPING LOSSES ONE PER CENT.

Result of Convoy System Is Improvement in Situation.

London, July 9.—Speaking in the House of Commons today Sir Leo Money, parliamentary secretary to the Ministry of Shipping, said the percentage of ships lost while homeward bound to the United Kingdom since January 1, 1918, was rather more than one per cent. The losses of food ships for the same period was less than 1.4 per cent.

The result of the convoy system, Sir Leo said, continued to improve. Since January, 1917, when the system was put into effect, 42,000,000 gross tons had been conveyed to British and French ports with a loss up to June 29 of 1.25 per cent. This included loss by the dispersal of convoys through bad weather.

## UPHOLDS CAPTAIN

A Canadian Atlantic Port, July 9.—The marine court of inquiry into the recent stranding of the Canadian troop ship City of Vienna on the Atlantic coast rendered a finding this afternoon by which Captain John Farrington, master of the steamer, was practically exonerated from all blame.

## A SEA FIGHT OFF E. COAST OF ENGLAND

British Submarines Damaged and One Officer and Five Men Killed.

## FIVE HUN SEAPLANES ATTACK SUBMARINE

Berlin Claims That Two Under-Water Boats Were Badly Damaged.

London, July 9.—A British submarine was slightly damaged and one officer and five men killed when the craft was attacked by German seaplanes off the east coast of England on July 8, according to an admiralty statement issued today. The text of the statement reads: "A British submarine was attacked off the east coast of England on July 8 by five enemy seaplanes which dropped bombs and directed machine gun fire at the boat. One officer and five men were killed. The submarine, slightly damaged, was towed back to her harbor."

Amsterdam, July 9.—Two British submarines were badly damaged by bombs and machine gun fire during an encounter with German seaplanes on Saturday afternoon off the mouth of the Thames, according to an official statement issued at Berlin. The statement reads: "Two squadrons of seaplanes severely damaged British submarines C35 and C51 by bombs and machine gun fire off the mouth of the Thames Saturday afternoon. Enemy destroyers endeavored to tow in the submarines but the C35, when last seen, was in a sinking condition."

## WILL GIVE BELAND ROUSING WELCOME

M. P. For Beauce Will Arrive Home in Short Time.

Quebec, July 9.—The citizens of Beauce county are preparing a big reception for Hon. Dr. Beland, former Postmaster General, on his return to his home in Beauce county, Quebec, in Germany. J. T. Ferron, Mayor of St. Joseph de Beauce and Perfect of the County, will officially welcome him home to the representatives of Beauce county and to the federal house.

## TORRENTIAL RAINS IN QUEBEC PROVINCE

Much Damage Done — Hay Fields in Some Sections Ruined.

Quebec, July 9.—Torrential rains recently have caused much damage to crops in the Beauce district and in some places affected the hay yield which looked very promising has been completely ruined. The Chaudière river rose 3 ft., 9 ins. between 11 in the evening and 7.30 next morning. If the rain continues the situation may assume a serious aspect.

## TEXTILE STRIKES IN N. E. STATES ON

Lowell Trouble Settled But Strikes Occur in Lawrence.

Boston, July 9.—Although the Lowell cotton mill strike has been settled there are still other labor disturbances on. The weavers of the Wood, Washburn and Ayer mills of the American Woolen Co., are on strike for more pay. These mills employ 20,000 operatives. The 20,000 cotton operatives of Manchester are still on strike. The 700 employees of the Saco and Pattee Co. Newlon cotton mill machinery are on strike for more pay.

## U. S. BUSINESS MEN MAY HELP THE RUSSIANS

New Plan To Relieve Critical Situation in Russia Decided Upon At Washington — If Americans Are Sent International Guard Will Protect Them From Germany and Care Will Be Taken To Impress Russians Their Country Will Not Be Exploited.

Washington, July 9.—Entente governments through their embassies in Washington are fully advised of the Washington administration's views as to the best means of carrying out President Wilson's pledge to "stand behind Russia." It is understood that a project is taking shape which it is hoped will counteract German influence and lead the people to rehabilitate themselves without exciting distrust of the unselfish motives which lie behind it.

While any official statement of the administration's policy still is withheld, there is reason to believe that the proposal to send American business men to Russia to carry material aid to the people with armed guards to insure the safety of the personnel and supplies from German aggression is forming the basis of the negotiations now proceeding with unusual rapidity between Washington and the Entente capitals.

Disarm Suspicion. Only it has assumed a new phase through injection of the idea to make the commission and armed guards international in composition, thus tending to disarm any suspicion on the part of the Russians that their country is to be exploited in the interests of a single power.

This measure is far short of the original desires of the Entente governments which frankly favored the dispatch into Siberia and perhaps into European Russia through the Archangel or Jor Kola route, of a 100,000 man expedition. But it is believed that in the absence of full American approval of this plan the Entente powers have been brought to the point where they are willing to let least penetration and that negotiations are now in progress to arrange the details of this enterprise. At any rate, the fact developed today that some action is imminent.

Relief to Russia. Possibilities of sending relief to Russia by the northern route, using Kola and Archangel as bases was strengthened today by reports reaching the state department. From Swedish press sources it was stated that the population of Mourmansk Coast had repudiated the Bolshevik government and declared their adherence to the Entente forces which now are stationed on the coast.

Intimations also have come from Finland that strong opposition to German control is developing there and it is quite probable that any military force can be raised in that country to attack the Entente and American marines and blue jackets now at Kola and vicinity. It was assumed that in view of its importance and the urgency expressed by the Entente powers, the Russian programme was discussed at the regular cabinet meeting today, but there was no official announcement on the subject.

## KING GEORGE CUTS OUT SHIRTS FOR FIFTY SOLDIERS

His Majesty Tries a Hand At Running Machine in Shirt Factory.

London, June 28. (Correspondence of The Associated Press).—Fifty British soldiers will soon be wearing shirts cut by the King.

King George and Queen Mary recently visited several clothing factories in the London district where shirts are being made for soldiers. In one of the plants the king became interested in the cutting process and accepted an invitation to try his hand. An electric cutter was given him and within a few seconds shirts lengths on a pile of material fifty thicknesses deep were severed, the flannel then being transferred to other machines which finished the detail work of cutting out.

## RAILWAY WAGE ISSUE

Montreal, July 9.—No meeting will take place until Thursday between the railway war board and the representatives of the Federated Railway Trades. It was stated today at the end of the meeting. An answer is then expected from the men in regard to the offer of the McAdoo schedule.

## IMPORTANT EVIDENCE AT CURRIE HEARING

Much Interest in Enquiry Into Charges By Hon. Dr. Baxter That Speaker of Legislature Defrauded Province in Lumber Scaling Arrangement—Charges Based on Affidavit By Archibald Murchie.

Mr. Murchie, Charles Purvis and Joseph Lapointe Testified Yesterday—Three Other Witnesses To Be Summoned To Stand Today — Enquiry Will Probably Be Transferred To Fredericton Later on.

Special to The Standard. Campbellton, July 9.—The evidence brought forward at the first day's session of the enquiry into the charges against Hon. Wm. Currie, speaker of the legislature of the Province of New Brunswick, to the effect that he as manager of the Continental Lumber Company paid stumpage on a smaller quantity of lumber than was actually cut for the company on leased lands, was of distinct importance. It will be recalled that in the affidavit of Archibald Murchie, lumber scaler, on which the charges were based the allegation was made that in consequence of a conversation with Hon. William Currie Murchie agreed to reduce his return of the Continental Company's cut and did so reduce it. It was on this statement that the company paid stumpage whereas the amount of the cut as scaled by Murchie and before the reductions were made at Currie's request was 6,780,852 feet. The difference between the two statements, viz. 2,166,290 feet, is the amount of cut which Murchie lopped off his statement and it is for the amount of stumpage on this quantity of lumber that it is claimed Mr. Currie defrauded the province.

## WAR IN ALBANIA IS LOOMING UP

Rome, July 9.—The Allied offensive in Albania is continuing, the war office announced today. New progress has been made along the left wing, on the Adriatic coast, the land forces being assisted by British monitors. "The action in Albania is continuing. On the left wing, after artillery preparation in which monitors of the British navy took part from the Lower Vojussa, carried after a bitter struggle the heights between Levani and the Monastery of Pohani."

## DR. VON KUEHLMANN RESIGNS HIS POST

German Emperor Accepts Resignation of Foreign Secretary Who Made Sensational Address.

Paris, July 9.—The German Emperor has accepted the resignation of Dr. Richard von Kuehlmann, the German foreign secretary, according to a Basle dispatch to the Havas Agency. It is expected that Admiral Von Hintze, the German minister at Christiania and formerly minister to Mexico, will succeed him.

Count Von Kuehlmann became foreign minister in August 1917 succeeding Dr. Alfred F. M. Zimmermann, whose retirement closely followed the exposure of his plot to involve the United States in war with Mexico and Japan in the event that this country showed any inclination to join the entente allies. Dr. Von Kuehlmann's conduct of the foreign office appeared to be more than usually successful until June 25th last, when he appeared before the Reichstag to discuss the political aspects of the situation facing Germany. During his address he said:

"In view of the magnitude of this war and the number of powers, including those from overseas, that are engaged, its end can hardly be expected through purely military decisions with sharp criticism by the country."

alone and without recourse to diplomatic negotiations. This statement, which flatly contradicted speeches by the German Emperor, who but a short time before had referred to peace won by the "strong German sword," was received with consternation in the Reichstag and

with sharp criticism by the country.

alone and without recourse to diplomatic negotiations. This statement, which flatly contradicted speeches by the German Emperor, who but a short time before had referred to peace won by the "strong German sword," was received with consternation in the Reichstag and

# INVESTIGATION OF LOGGING OPERATIONS AGAINST CURRIE

## IMPORTANT EVIDENCE AT CURRIE HEARING

### Much Interest in Enquiry Into Charges By Hon. Dr. Baxter That Speaker of Legislature Defrauded Province in Lumber Scaling Arrangement—Charges Based on Affidavit By Archibald Murchie.

### Mr. Murchie, Charles Purvis and Joseph Lapointe Testified Yesterday—Three Other Witnesses To Be Summoned To Stand Today—Enquiry Will Probably Be Transferred To Fredericton Later on.

(Continued from page 1)  
and Charles Purvis, who submitted the company's own records of its logging operations for the season of 1916-17 with the result as stated. Mr. Murchie was submitted to a stiff cross-examination by Mr. A. T. Leblanc, M. L. A., who appeared for Mr. Currie, but his statements were not materially shaken.

### Three Other Witnesses.

As established later by the company's own records the totals of Mr. Murchie's first scale and the company's record on which its operators were paid tallied very closely.

Tomorrow Mr. Murchie and Mr. Purvis will be recalled and there will be three other witnesses. The sessions in Campbellton may be completed tomorrow night or Thursday at the latest. Following Campbellton the next session will probably be in Fredericton when Col. Loggie will attend with the crown land department records. There is much interest in the hearing and the town council chambers where the session is being held was filled all day with an interested audience.

### Charles Purvis.

Charles Purvis, accountant of the Continental Lumber Co., was called as the first witness, but he was not present. Mr. Baxter said Mr. Purvis was expected to bring the company's books with him.

### Joseph Lapointe.

Joseph Lapointe, a farmer, was then called. He said he was acquainted with both Murchie and Currie and remembered accompanying Murchie to Mr. Currie's office at Charlottetown. He had no special reason for going, but merely went for the drive. He and Murchie entered the office together and Murchie said he did not know where there. He heard Murchie say to Currie that he came to make a settlement in regard to his stumpage. Murchie went into an inside room and closed the door and witness could not hear the conversation between them.

### Archibald Murchie.

Archibald Murchie of River Louisa, Restigouche, who made the affidavit containing the charges, testified that he was a lumber scaler and farmer. He was a scaler in 1905 and during a part of 1909. In 1916 and 1917 he was also scaling. His territory included all the waters flowing into Bay Chaleur from Restigouche River to River Louisa. Witness had no regulations for the guidance of scalers. He might have had them when he was first appointed. He then explained the general process of timber scaling.

### Counting Method.

Each scaler had a number of counters which counted the logs and the scalars afterwards got the contents. The logs were counted in the woods in the yard where they are brought together and sometimes in the streams it was the duty of the counter to mark the yard after he had counted it. After the counter counted the logs the scaler figured the number required to make 1,000 feet, made an allowance for the culls, estimated the quantity of fire and figured his return from his calculations. All scalers pursued the same system. His report was then made up and sent to the crown land office. A copy of the report was then sent back to the company.

### Did Not Represent All.

That statement, Mr. Murchie said, did not represent all the lumber cut by the Continental Lumber Co. and scaled by him. The statement marked "A" did, and between the two there was a difference of more than two million feet. Archie McKay was his counter. He visited the yards himself and made his count for Continental Lumber Co. the same way as in all other cases. Witness met Mr. Currie on the train coming from Charlottetown to Campbellton. That was on February 16th, 1917, on nomination say. He had a conversation with Mr. Leblanc. He objected that the witness could not relate this conversation. Mr. Currie was not then a member. Mr. Baxter—No, he was only on his way to become one. If Mr. Currie wanted to do wrong prior to his elec-

he had no scale bills and did not know what the cut was. Mr. Leblanc contended that the witness had already told Mr. Baxter that Mr. Richards had settled stumpage. Witness said he did not, and when time for he destroyed came the stenographer was reading the evidence to decide the point.

### Afternoon Session.

Resuming after luncheon Mr. Murchie said Mr. Richards had not told him that the cut of the Continental Lumber Co. would be about 4,500,000 feet. Mr. Richards did tell him that any arrangement made with Mr. Currie would be all right. If Mr. Richards swore otherwise witness would say he was mistaken. Witness would say he was at least five times on the land cut over by the Continental Lumber Company. He went in the woods in the fall of 1916 and would not swear that he had not seen a return of the Continental Lumber Company's cut prior to January 1st, 1917. He sent some reports in the month of January and did not remember the exact date he went to work. He did not remember how many reports he sent to the crown land office of the cut of the Continental Lumber Company. Scalars were supposed to send in an estimate in January but it might have been February before he got his estimate away.

### Monthly Reports.

He sent in all several monthly reports which were correct for the work he had done. He was twice on the ground of part of the Continental Lumber Co. camp and Thomas Mullis's camp. He had no papers that would give a record of his work for 1916-1917 but he remembered the exact final returns were in. He produced a copy of the correct returns of the cut of the Continental Lumber Co. He could not swear that the papers he produced had not been in his possession, and could not remember when it was prepared. The report produced in court was prepared from his own books and was made before he had quit the names of the six operators. After he prepared the statement produced he left in his trunk in his room. He did not remember how long the papers had been in his pocket nor who he showed the papers to. He did not show them to Hon. J. B. M. Baxter or Mr. Montgomery. He did not remember showing them to Mr. Stewart or Mr. Culligan or Rene Richard. The affidavit was prepared from a copy of the papers in his possession. He was asked to whom the witness sent the papers for the preparation of the affidavit.

### Visit to Charlottetown.

Referring to his visit to the Charlottetown office with Lapointe he said he first met Currie in the outer office, and they had a general conversation. Currie then took him into a private room and closed the door. Currie first started the conversation by saying he should not have anything to do with the scale. Mr. Richards should do it. Witness said Richards had told him to see Currie as he (Richards) did not have the scale bills.

### Continuing witness said Currie said he thought about 1.2 millions would be about right for the season's cut and suggested that witness make it about that. I said my estimate was higher than that and it would be hard for me to reduce the scale much below the estimate. I also remarked that I would probably be my last year scaling, as there had been a change of government, and I did not want to reduce the scale too much. He said if I used him right the government did not intend to use the axe and by the next election you fellows will be voting for us. Mr. Currie was the first to mention the figure 4.2 million. I told him I would have to leave off names of some contractors. He said he would not have the estimate. He told me to please myself as to how I did it, so long as I made the scale about 4.2 millions. I did omit six million from the reduction I made on the Continental Lumber Co. account, actually cut 6,780,862 feet, but the return sent in to the crown land office was more than two million less.

### Another Talk.

Witness had another conversation with Currie in March, 1918, when Currie said they were raising the doubt with him over the matter at Fredericton, and that if you fellows don't keep quiet we'll land some of you in the penitentiary. At the time of the conversation in Currie's office he knew that Mr. Currie had already settled with some of the contractors.

To Mr. Leblanc witness said he had passed an examination prior to his appointment as scaler, and had no difficulty passing it. No one passed him a slip of the signature. He considered himself a competent scaler. As a scaler it was his duty to get all the logs he could. He knew James Woods, of the Continental Lumber Co. He would not swear that he had not had conversation with Mr. Woods regarding his job as a scaler, but could not recall it. Witness identified his signature on his affidavit and also the signature of Mr. McAllister before whom the affidavit was sworn. He did not know who prepared the affidavit. He had asked no one to prepare it. He did not remember where he saw the affidavit first whether it was in his house or the post office. He read the affidavit in his house before he took it to McAllister's office. He did not remember who went to McAllister's office with him or who was there. He would not say D. A. Stewart was not there or Charles Henderson. Mr. Stewart might have spoken to him about the charges since they were made, but would not say for sure. He would swear he never showed the affidavit to Arthur Culligan. He had discussed the charges with Mr. J. and A. McKay, but could not remember having discussed them with W. S. Montgomery. When he went to Mr. Currie's office he went to see how his scale corresponded with theirs. He considered Mr. Currie was the boss of the job, as he was the member of the legislature and witness wanted to see him about his cut. He had previously settled stumpage with Mr. Currie. The year in question he would absolutely swear that he settled with Mr. Currie. If Daniel Richards swore he settled with him it would not be true. He considered that Daniel Richards was interested in Continental Lumber Company, but not as manager. His visit to Mr. Richards' office was not in connection with the Continental Lumber Co. company's cut, but had to do with the cut of the Tobique Lumber Co. The only time he remembered Mr. Richards talking to him about the government's cut Mr. Richards said

Kerr for reporting him to the government and told Currie so. He blamed Currie for putting Kerr on the river. Mr. Currie denied the charge and witness believed him. Mr. Richards did not talk to witness before February 24th, 1917 as the Continental Co.'s cut and if Mr. Richards said differently he would be wrong.

### Destroyed Notes.

Regarding the notes from which his final report was made, witness said he destroyed them. He had not taken them to Mr. Currie's office as he wanted to see if he could hold his job as scaler. He did not get the information he asked for, all he got was a promise that if he made his report of the company's cut about 4 1/2 million feet it would be about right and the government would not use the axe. Mr. Currie did not tell him that the company had cut about 4 1/2 millions. What Mr. Currie said was that if the scale return was 4 1/2 million it would be about right. He did not remember anything that happened when he left the office.

### Charles Purvis.

This was agreed to and Charles Purvis was called. Mr. Purvis is the employ of the Continental Lumber Co. and had books showing an account of the company's logging operations in the period in question.

Mr. Leblanc objected to the production of the books as Murchie had not had access to them and had never examined them. The scope of the enquiry was to determine whether Mr. Currie had evaded payment of stumpage as a result of inducing Archibald Murchie to reduce his scale. The evidence should be based on that scale and the enquiry should be limited to the sources of information open to Mr. Murchie. The commissioner said the whole subject of the enquiry was to ascertain whether Mr. Currie caused stumpage to be paid on statement of lumber cut that was not correct. He would allow the examination of the book. Mr. Baxter then questioned the witness as to the operations of jobbers. The remainder of the afternoon was occupied in going over the accounts of operators showing the number of pieces got out by each and the contents in feet. The hearing then adjourned until Wednesday morning at ten o'clock.

### DARING OUTRAGE IN COUNTY CORK

#### Fifty Masked Ruffians Hold Up Constables and General Fight Occurs.

London, July 9.—(Via Reuters Ottawa Agency).—Another example of the excesses occurring in various parts of Ireland is the daring outrage in County Cork, where constables returning from enforcing the proclamation at a gathering were held up by a party of fifty masked men, who attempted to stop the vehicle. In the melee which ensued, there was much firing. One policeman was severely wounded, another had his arm fractured, and others were badly beaten. The cab driver fled for his life. The assailants unharnessed the horse, and then threw the vehicle over a cliff.

### THE B. C. STRIKE

Vancouver, July 9.—There have been no developments today, the eighth day of the strike, in the labor troubles which involve the electrical workers of the British Columbia Electric and The Western Canada Power Co. Apparently the next move is to be taken by the municipalities.

Vancouver has agreed to the six cent fare, without which the electric company says it cannot pay the men's demands.

Victoria is holding out, and proposes to negotiate for cheaper light, as a concession, in return for higher fares for the morning and South Vancouver also are holding out.

### TELEGRAPH HEARING

Washington, July 9.—Senators demanding investigation before action on the house resolution authorizing the president to take over the telegraph telephone, cable and radio lines was a partial victory today when the senate committee on commerce heard testimony behind closed doors on the telegraph situation from President Carlton of the Western Union Telegraph Company. A decision regarding further hearings was deferred.

We will chase the high prices at our Price Attacking Sale. Bassen's. 14-15-16 Charlotte street. No branches.

Hun Government Owned It. Washington, July 9.—More than seven months' work, involving activities of the department of justice and secret service, as well as the efforts of New York State authorities, preceded the arrest of Dr. E. A. Rumlly, of the New York Mail Publishing Company.

Assistant Attorney General O'Brien says today the inquiry was from closed and intimating that further arrests were to be expected.

Mr. O'Brien said the department was especially satisfied that the Mail corporation was owned chiefly by the imperial German government.

Plans for maintaining the paper as a going concern are being worked out.

Ralph St. John Freese, Sussex was a visitor in the city yesterday.

### GRAY HAIR

Dr. Tremaine's Natural Hair Restorative is directed, is guaranteed to restore gray hair to its natural color or money refunded. Positively not dry and non-injurious. Price \$1.00. On sale in St. John by the Ross Drug Co., 100 King street.

### G. N. W. TELEGRAPHERS LIKELY TO STRIKE

#### Vice-President Hill Authorized To Call One Today.

Chicago, July 9.—S. J. Kosenkamp, international president of the C. T. U. A., today sent a message to C. E. Hill at Toronto, vice-president of the organization, authorizing him to call a strike of the employees of the Great North Western Telegraph Company tomorrow.

The company has offices in North-western New Brunswick.

At Senator Gordon Robertson's request a postponement of the strike of the G. N. W. Telegraph operators authorized by President Kosenkamp for tomorrow has been made until the senator reports the results of a conference with the cabinet tomorrow.

At this meeting D. B. Hanna and Z. A. Leah, the company's representatives will be present.

"We have our strike order, which will be put into effect tomorrow evening if Taylor and Thompson do not go back to work," said Mr. C. E. Hill, Canadian representative of the executive board of the union, today.

"This evening a mass meeting is being held in Winnipeg. The feeling there is decidedly in favor of a strike."

Senator Robertson said the situation was decidedly critical, and that the men were very restless. They were ready to go on strike tonight.

### PREMIER BORDEN AT CLIEVDENDEN

#### Visits Canadian Red Cross Hospital and Addresses Nurses.

London, July 9.—Premier Borden visited the Cliveden Canadian Red Cross hospital on Sunday and attended divine service. He addressed a great gathering of staff nurses and patients and congratulated them all on their service to the country in a great cause. He afterwards was a guest at the officers' mess.

Premier Lloyd George was also a guest at Cliveden. Premier Borden on Monday held a conference with the Canadian ministers, attended the war conference, and moved the address to their majesties on the occasion of their silver wedding. He later inspected the famous statue to be erected in the soldiers' cemetery at Cliveden.

### GERMANS UNEASY

London, July 9.—An Amsterdam despatch to the Central News Agency referring to the landing of British forces on the Murman Coast says there is uneasiness in Germany on this account and quoted the Norddeutsche Allgemeine Zeitung as speculating on the British purpose.

### RECONSTRUCTION WORK FOR WOMEN

The new era in women's work and citizenship has been significantly recognized in the first report of the Executive Committee of the Canadian Industrial Reconstruction Association. The Executive Committee recommends that a "post-graduate scholarship or fellowship be offered in the departments of economics at McGill, Toronto and Manitoba Universities, successively, open to women graduates of any Canadian university, for the purpose of carrying on research work of an economic character in the industrial or home-making occupations of women." It is also proposed to offer a matriculation scholarship at various Canadian universities for essays by girl matriculants on the economic importance of a national standpoint of household buying or on the training of girls for skilled employment. Prizes are to be offered in the different provinces for essays by school children on national industries or on the value of trade training in finding advantageous employment.

### MISS MARJORIE MacMURCHY

who is in charge of the Women's Department of the Canadian Industrial Reconstruction Association. Women graduates, undergraduates, girls at school, teachers, home-makers and women belonging to organizations will be specially interested in the plans for reconstructive study in women's occupations proposed by the Women's Department of the Canadian Industrial Reconstruction Association.

### Pastor Russell and His Numerous Victims

The end of a very cleverly conducted semi-religious promotion stunt. Leaders of the denomination sentenced to lengthy prison terms on various charges. History of a gigantic mercantile organization which, operating under the cloak of religion, has found its dupes in every part of the country. Many believers are here in St. John where frequent lectures have been given and Russell's books freely sold. Pastor Russell cleverly planned his whole campaign, controlling subsidiary corporations for the promotion of his various enterprises. Miracle Wheat one of the stunts which first gave him unenviable notoriety. His successors were not quite so bright as their leader and soon after his death trouble appeared. Read all about Pastor Russell and his world-wide game in The St. John Standard Saturday, July 13th. If your newsdealer does not handle the paper ask him to get it for you, or better still, subscribe direct. The Saturday Standard alone is worth five dollars a year of any man's money.

### Washington

Washington, July 9.—The Bohemian forces says a despatch from July 5, the Czechoslovak forces to the westward, defied the force of Bolshevik prisoners and occupying the naval station on the

### THE WEATHER

Toronto, July 9.—The area of low pressure which for over a week, was off the Atlantic Coast, has moved westward into the Ottawa and Upper St. Lawrence Valleys, and has brought showers to almost all parts of Ontario. The weather continues fine throughout the western provinces, and has become very warm in Alberta.

# PROMINENT BOLSHEVIK OFFICIALS ARE CAPTURED

## MUCH FIGHTING CONTINUES IN SECTIONS OF RUSSIA

### Washington Has Decided on Its Russian Programme, But Details Are Withheld So That Germany Cannot Obtain Information—Prominent Kerenskyites and Bolsheviki Placed Under Arrest—Situation Still Greatly Mixed.

Washington, July 9.—The latest reports reaching the United States ambassador to Russia said fighting was progressing in the streets of Moscow. Wireless messages to the Soviet government told of the capture of several prominent Bolsheviki officials by revolutionists and of the arrest of revolutionary leaders by Bolsheviki forces.

Similar information reached the department from The Associated Press representative at Vologda, who said there was street fighting both at Moscow and Jaroslav.

Statements as regards the new policy toward Russia, believed to have been definitely decided upon, was not forthcoming from high officials today, and it was intimated that the line of operations to be followed would not be revealed.

Possibilities of endangering the programme to be carried out through information reaching Germany was regarded as the cause of the unusual reticence in official circles.

**Vladivostok Quiet.**  
The Bolsheviki and Austro-German forces suffered heavy losses. They withdrew to the northward along the railway toward Khabarovsk, the capital of the Maritime Province.

**Kerenskyites Involved.**  
Paris, July 9. (Havas Agency).—Several prominent members of the Kerensky cabinet were among the alleged leaders of the revolt in Moscow arrested by the Bolsheviki, according to despatches received by Paris newspapers.

**The Czech-Slovaks.**  
London, July 9.—Statements attributed by the Cologne Gazette to a German described as holding many years a distinguished position in the Far East and who lately travelled from China to Germany across Siberia, are printed in the Times. The German is very contemptuous of General Semenov's Cossacks but writes with great respect of the Czech-Slovaks, who, he says, are not destined for the French front but are to be used exclusively against the Russian Bolsheviki.

The German says he saw 10,000 Czech-Slovaks on the Amur railway and was told there were nearly 50,000 Czech-Slovaks altogether in Siberia. He described the 10,000 whom he met as splendid material, well-fed and well-clothed but not armed. No arms, at any event, were visible even among the officers. He was informed that the whole force was commanded by a French general. The subsequent occupation of Omak showed, says the writer, that more Czech-Slovaks had arrived since he passed through Siberia.

**The Bad Bolsheviki.**  
Regarding the Bolsheviki the German says: "Their power which does not seem quite firm even in Moscow and Petrograd does not exist at all in Siberia. The smallest Soviet does what it likes. Everybody's first concern is himself. Soviet soldiers search the houses of the Bourgeoisie population and seize their property. Hotels also are searched and plundered. Nobody has a minute's security. These rascals are criminals who escaped from prison or were released by the Bolsheviki. They are armed to the teeth.

"The authors of the terrible butcheries on the Amur were these criminals. There was absolutely no battle. The people were simply murdered. Some rich merchants shot themselves to escape brutal torture. Educated classes yearn for the day when the Germans will come to create order. A counter revolution is being systematically prepared. Lemine and Trotsky will disappear."

**Take Nikolayevsk.**

Shanghai, July 9.—After disarming the Bolsheviki forces at Vladivostok, says a despatch from Vladivostok dated July 5, the Czech-Slovaks advanced to the westward, defeated a mixed force of Bolsheviki and Austro-German prisoners and occupied Nikolayevsk, a naval station on the Amur River.

## "YOU ARE A LIAR," DECLARED LAWYER IN O'LEARY CASE

Assistant District Attorney and T. B. Felder Complimentary.

### CLASHES FEATURES OF LIVELY TRIAL

Madame Marie K. De Victoria Is Again Identified.

New York, July 9.—Clashes between attorneys marked the trial in the federal court here today of John J. O'Leary, New York lawyer charged with having aided his brother, Jeremiah A. O'Leary, the Sinn Fein leader, to escape just before he was to be tried for publication of alleged defamatory articles in the Bull, an anti-British magazine.

In opening for the defense Thomas F. Felder called the case against his client a "frame-up" and denounced the "hods" which he said had been pursued by Assistant United States District Attorney Barnes and his agents. Earlier in the day Mr. Felder objected to the admission of certain evidence on the ground that Jeremiah O'Leary's office had been "raided" and papers illegally seized.

To Mr. Barnes' assertions that this would be a "false statement," Mr. Felder replied curtly: "You are a liar."

The court admonished the attorneys. After Mme. Marie K. De Victoria, indicted with Jeremiah O'Leary, and others on charges of conspiracy to commit treason and espionage, had been identified in court by Jeremiah's office boy as a woman who had called twice on his employer last year, Mr. Felder, despite his vigorous objections, was called as a witness by the government.

After being examined as to his engagement as counsel for the O'Learys, Mr. Felder cross-examined himself before opening the case for the defense.

Our drive on high prices commences on Friday, July 12. Bassett's, 14-15-16 Charlotte street.

## ST. JOHN MAN AT PYTHIAN MEETING

Supreme High Chancellor Visits Moncton Lodge—Terry Brady and Madame Elvina Gully.

Special to The Standard.

Moncton, July 9.—R. B. Slipp, St. John, supreme high chancellor of the Knights of Pythias, paid an official visit tonight to Westmorland Lodge, Moncton, and installed the following officers for the ensuing term: C. C. Thos. E. Lawrence; V. C. Frank Armstrong; K. of R. S. A. P. Gorbell; M. of P. Wm. Fox; M. of E. W. E. Sherrard; Prelate, A. R. Hunter; Mat. A. W. E. Nelson; I. G. Murray Steeves; O. G. Warren Duff.

Supreme chancellor Slipp discussed the proposal of the supreme lodge to raise a war fund of half a million and after hearing his explanation, Westmorland Lodge decided to contribute its proportion allotted namely \$200.00.

Terry Brady and Madame Elvina were arraigned in the police court today, and both pleaded guilty. They were remanded until tomorrow for sentence. Brady's real wife left today on her return to West Gosford.

**John Hutchinson**

Newcastle, July 9.—Death came suddenly to John Hutchinson, one of Douglastown's most respected citizens, on Saturday evening. Deceased had been around the house all day and was reading the paper in the evening when he was stricken and died in a few moments. The late Mr. Hutchinson was 63 years of age, and besides his wife, leaves four sons: Harry, of Winnipeg; Alexander, Robert and David at home; also three daughters: Barbara and Mary, at home, and Ruby (Mrs. Claire Gekkie) of Douglastown. Special to The Standard.

## AN ADVANCE OF ONE MILE BY THE FRENCH FORCES

### German Lines on Two and Half Mile Front West of Authueil on Front Between Montdidier and the Oise Penetrated and Enemy Forced Back At Several Points—Italians Gain More Ground—British and American Quiet.

Paris, July 9.—French troops early this morning attacked the German lines on a front of about two and a half miles west of Authueil, on the front between Montdidier and the Oise, penetrating the enemy positions and realizing an advance of a mile at certain points. The war office so announced today.

A German counter-attack upon the French lines at the Loges Farm, in the area of this advance, was repulsed, the French entirely maintaining their gains. Prisoners were taken to the number of 450, including fourteen officers.

In the Long Pont region, east of the Retz Forest, the French increased their gains of yesterday and took additional prisoners.

**French Headquarters, July 9.**—(Via Reuter's Ottawa Agency)—In order to obtain information as to what was passing behind our front, the Germans have formed "spachttruppe" or scouting troops—specialists in kidnapping isolated French soldiers, in the hope of extracting from them information.

The German order deals with the organization of "spachttruppe" and the qualities necessary for its officers and men. The German command is evidently anxious lest its own men, under similar circumstances, should be disposed to be too communicative.

**The Italian Statement.**  
Rome, July 9.—Austrian troops yesterday again attacked the Italian positions at Corona, between the Brenna Valley and the Brenta, and again met with a repulse according to today's official statement. There was artillery fighting and activity by the Italian patrols at various points along the remainder of the front.

The statement says: "Italian cavalry, passing between the western slopes of the Malcastra and the sea, daringly attacked the enemy rear and destroyed bridges over the Semlaj at Metali. Fieri (about 18 miles north of Avon) the Italian base on the Adriatic, has fallen into our hands.

"Very strong positions at Cafa Grava and Cafa D'Avon, defended by the enemy are in our possession. "At the head of the Tomococa, we have carried the contested heights of Cafa Devisi. Our own and British airplanes lent aid during the fighting. The number of prisoners has risen to 1,200. The capture of the Italian base on the Adriatic, has fallen into our hands.

"At the forest of Villers Cotterets partial attacks were frequently repulsed, and on the north bank of the Somme strong enemy attacks broke down. On this sector the artillery duel continued lively and in the evening increased intermittently to great violence.

"West of Authueil local attacks were launched by the French broke down in our fighting zone. "Eighteen enemy airplanes were shot down yesterday."

**U. S. Troops Quiet.**

Washington, July 9.—General Persh-

## BIG BASEBALL ROW STARTS

### Hon. John K. Tener Withdraws From National Commission and According to Ban Johnson Will Resign From National League.

New York, July 9.—The imbroglio between the American and National Leagues regarding the status of player Scott Perry flamed afresh today when Hon. John K. Tener, president of the National League, notified his club owners that he would have no further dealings with the National Commission of which he is a member.

This announcement verges dangerously upon a declaration of war between the major organizations as the National Commission distinctly states that the two leagues shall have no say in the commission and the National League constitution makes no provision for any other representative.

**President Johnson Talks.**

President Johnson's letter addressed to each of the club presidents of the senior league, charges the American League with a violation of the national agreement and quotes the president of the latter organization as advising the commission when the Perry verdict was announced that "under no circumstances or condition will Perry be turned over to the Boston (National League) club."

Tener further states that "the case above referred to is probably the first instance where a major league club has violated its agreement by appealing the decision of the commission to a civil court."

"I will leave, therefore," continued President Tener, "to advise you that hereafter I will give no attention or consideration to any cases submitted to which the American League is a party."

**President Johnson Talks.**

Chicago, July 9.—President Ban Johnson, of the American League, replying to the statement of John K. Tener, president of the National League, that he would have no further dealings with the National Baseball Commission in any cases in which the American League is a party said tonight that he feared no break in the relations with the National League as he understood President Tener would shortly resign.

"The contemplated resignation of President Tener from the presidency of the National League occasioned me no surprise," said President Johnson.

"From advice I have received from several sources, the course he has taken is absolutely necessary for the welfare of baseball in view of the fact that he devoted so little attention to the affairs of the game.

"Morally and technically, Manager Mack of the Philadelphia Club cannot be justified in the position he has taken in the Perry case. Governor Tener has on one or two occasions been a party to decisions of the commission that seemed unfair and absurd to me but I never accepted that as an excuse for declining to serve as a member of that body.

"I presume the parent body will find no difficulty in ably filling the position Governor Tener has finally determined to execute."

The parties, both of whom live at Lorneville, in the County of St. John, were married in May, 1915, the plaintiff, Eleanor Elizabeth Cunningham, then being 18 years of age, and the respondent 26. They lived together for a year or more, when owing to respondent's violent conduct, they had a quarrel. One child was born in March, 1916, and respondent continued to live with his wife for some time afterwards, during which time he assaulted her without due provocation and his conduct at other times being such as to put his wife in fear of further bodily injury. Ultimately at the end of July, he ordered her out of the house, saying that he was done with her, and has not lived with her since. A second child was born in April, 1917. The plaintiff, Mrs. Eleanor Elizabeth Cunningham, gave evidence.

## THE FREDERICTON DIVORCE COURT

Fredericton, July 9.—The July sittings of the Court for Divorce and Matrimonial Causes, which was adjourned from the 2nd inst., were commenced today. His Honor Mr. Justice Crichton presiding. The number of cases on the docket is larger than for any time, if ever, before, though many of them are not to be continued. There was quite an array of counsel from various parts of the province, including Messrs. W. P. Jones, C. J. Cunningham, K. C., E. A. Reilly, K. C., D. Mullin, K. C., N. Marks Mills, Francis Kerr and Kenneth A. Wilson.

The following are the cases to be heard at this sitting:

**Remnants.**  
Louise Logan vs. Robert A. Logan. Francis Kerr files record.  
Eleanor Elizabeth Cunningham vs. William Henry Cunningham. Daniel Mullin, K. C., files record.  
John Mallory vs. Alberta Best Mallory. Kenneth A. Wilson files record.  
Henry E. Allen vs. Florence M. Allen. Berton L. Gerow files record.  
Daniel Mullin, K. C., for defendants.

**New Cases—Undefended Cases.**  
Melissa McMullin vs. William McMullin. E. Albert Reilly, K. C., files record.  
William H. Reid vs. Olivia Reed. N. Marks Mills files record.  
Mary Louise Gormley vs. William Gormley. Daniel Mullin, K. C., files record.  
Oscar Herman Tries vs. Annie Evelyn Tries. E. Albert Reilly, K. C., files record.  
Annie Gertrude Berton vs. James Berton. Francis Kerr files record.  
Maria Hatheway vs. Rainford Hatheway. T. J. Carter, K. C., files record.

**Defended Cases.**  
George Hetherington vs. Priscilla Hetherington. T. J. Carter, K. C., files record. Jones & Jones for defendant.  
Annie Southan vs. Walter Southan. J. C. and R. P. Harries for defendant.  
In the case of Logan vs. Logan, Mr. Kerr made application for the case to be heard at St. John on account of the parties and witnesses being there and that plaintiff (the wife) cannot bear the expense of bringing them up

**You Serve when You Conserve**  
"But when you serve, serve wisely. Be not misled by spurious imitations. Your health and the health of your family. Eat what is whole, clean and nutritious as well as inexpensive. The more milk in your cooking."  
Use Borden's Sterilized Malted Milk because it is all pure and clean, sweet, sterilized and convenient."

### OBITUARY

**Sir Philip Wolley**  
Sir Philip Wolley, who died in British Columbia Monday night, was born in Devonshire, England, sixty-five years ago, a descendant of the noted British family of which Lord Clive was a distinguished member. He was a captain in the Royal Navy and went to British Columbia twenty-five years ago on a big game hunting expedition. His letters descriptive of his trip at this time were published in the British press, and were later published in book form.

Sir Clive's son, a lieutenant commander in the royal navy, was the first Canadian born Britisher to be killed in the present war. He was killed in the battle of the Falkland Islands. He was known for his contributions to Canadian literature.

**W. A. Eddleston**  
William Ambrose Eddleston of the city died yesterday morning at his son's residence, Princess street, after six months' illness. He was eighty-one years old. Mr. Eddleston was a member of the Sons of England and took an active part in the order until a few years ago. He leaves one son, Frederick W. Eddleston, of Princess street, and one daughter, Mrs. W. E. Emerson, of West St. John. The funeral will be held tomorrow from his late residence.

**Mrs. William Hazen**  
Kingston, July 9.—The funeral of the late Mrs. Wm. Hazen took place from her late residence, "The Bluffs," where she had spent many years with her son, S. B., and daughter Miss Hattie Hazen. Her husband having passed away three years previous. The home was filled with sorrowing relatives and friends who assembled to pay their tribute of respect to one who had spent many years in their midst.

Mr. Frost of Hampton was in charge of the burial arrangements and a long line of teams followed the hearse to Old Trinity Church.

The bereaved family consisting of George and Otis Hazen of Kingston, S. B., and Miss Hattie Hazen at home, Mrs. E. Ellsworth Puddington of Moss Glen and Mrs. Warren T. Holder of Long Road, were able to attend.

David Jones of Kara is a brother. Mrs. Seymour Urquhart, Mrs. Alfred Urquhart of Bellisle are sisters also. Mrs. M. Vail of St. John.

All have the sincere sympathy of a host of friends of the entire community.

The casket was banked with beautiful flowers.

Geo. B. Jones, M. L. A., Mrs. Jones, Mr. Colby Jones, Mrs. Nell Kingston of Aponahqui, Dr. Carter of Fredericton, E. S. Carter of Fair Vale and others to numerous to mention were present at the funeral.

Rev. H. Waterston preached an eloquent sermon from 29th chapter of St. John, 15th verse.

The pall-bearers were: Harold Kierstead, Maxwell Puddington, (Grandson) Warren Holder, John Johnston, Frank Northrup, L. T. Crawford.

"A vacant chair is left which can never be filled."

**FLEET FOOT**  
has proved its necessity to the well-dressed woman who values ease and comfort in all her out-door life.  
She finds FLEET FOOT so satisfactory for sports and holiday outings that she wears FLEET FOOT for housework and shopping, too.  
The cost is so small, that she can have several pairs of FLEET FOOT for the price of one pair of leather shoes.  
FLEET FOOT shoes are made for men, women and children—for work and play—for every summer need and occasion.  
Don't leave for your holidays without having one or two pairs of FLEET FOOT.  
None genuine without the name FLEET FOOT stamped on the sole.

TO THE PEOPLE OF THE EMPIRE—Every fighting unit we can send to the front means one step nearer peace.

### "THE GERMAN MICHEL"

There is much instruction in the phrase "German Michel" applied to itself so generally and proudly by the German nation today.  
"Der Deutsche Michel" is what Germany calls her man-power. "Michel" is low-German for "Michael." Many foreigners are likely to regard the term as referring to the Archangel Michael, and suggesting the triumphant power of German arms.  
As explained by a writer in the New York Times, it is nothing of the sort. It is a catch-phrase by which the German people "call themselves fools and insist on it."  
For in Germany, a "Michel" is a fool, a clown, a weak-wit of great physical power when aroused, but wholly dominated by his masters of higher intellect and greater power. In plain United States, "the German Michel" means "The German boob."  
The phrase is heard every day and everywhere in Germany. Particularly one hears the saying, "Michel bleib Michel," meaning "Michel remains Michel." A German applies it to himself whenever anything goes wrong with the nation.  
"Every intelligent person," adds the writer, "will agree with me that the German is right. He has proved it in many ways, in a thousand instances of diplomatic and military blunders during the war."  
A NEW CHALLENGE TO GERMANY.

The assassination of Count von Mirbach, the German Ambassador at Moscow, may have very momentous consequences. The shot fired—if the killing was done by shooting—will also be heard round the world, unless Potsdam forgives and forgets. If it orders German troops to march on Moscow, the ancient capital of Muscovy, the smouldering embers of Slav hatred of the Teuton may blaze up again fiercely. Von Mirbach was virtual master at Moscow. His murder was probably by hands that would scorn patriotic action. It is another signal to Germany that though it has laid Russia prostrate, it has not, and cannot, quench the flames of hatred. So far as the Allies are concerned, the reopening of the quarrel between the Russians and the Germans—for that is what the assassination is intended to mean—may give them that opportunity to step in to help Russia that is so much desired. Only a few days ago the Supreme War Council met in Paris, and considered means to help Russia, and told German designs in the East. The decisions of the Council are said to have been presented to President Wilson. The new challenge to Potsdam from the heart of Muscovy is a singular timeliness, and we may well suspect that the hand of passionate Russian patriotism is trying to put a torch to the Brest-Litovsk treaty.—Toronto Mail and Empire.

### CANADA'S HEAVY FIRE LOSS.

Canada has the heaviest fire loss of any civilized country in the world. A report issued by the Conservation Commission shows that where the annual loss per capita is \$2.26 in the United States, 64 cents in England, 74 cents in France and 13 cents in Switzerland, in Canada it is \$2.73. In the last half century the direct loss through fire, exclusive of forest fires, has reached the enormous total of \$350,000,000, while a greater sum has been expended in the maintenance of fire protection services and in payment of insurance premiums for which compensation has not been required.  
A considerable part of this loss is due to natural causes. The extreme cold of the Canadian winter requires more intense heating than in other countries and quite a percentage of the fires are attributable to this heating. But even much of this loss could be prevented by precautions in the way of heavier chimneys and other safeguards.  
The great cause of fires in Canada is carelessness. The commission estimates it is responsible for seventy per cent.  
And in this carelessness which, according to the commission, causes seventy per cent. of the fire losses, there is another wastage which must amount to millions of dollars in a year. The North American habit of extravagance is responsible. In our places of business materials are discarded in volume which in the more systematic old world are utilized. For instances, tons of paper in the form of letters with only one side used are discarded. In European countries there is not such waste. The blank sides of letter sheets are used for memoranda or for purposes of copy for files. Thus the inflammable material accumulated is not half what it is here, and the consequent risk of

fire is that much less. There are many other forms of waste which increase the fire menace, and they prevail proportionately in the home.  
The report of the Conservation Commission describes Canada's fire departments as the best in the world. Since they are not succeeding in reducing the abnormal fire loss it is all the more evident that the loss, beyond what can be ascribed to natural causes, is largely due to the careless accumulation of fire risk.  
It is suggested that the state should provide stringent laws for the prevention of such carelessness, and that may be advisable, but the people of Canada are paying for this loss out of their own pockets every year and since the remedy is in their own hands they should have sense enough to apply it.

Some of the Canadian newspapers, notwithstanding the strenuous objection United States soldiers make to the appellation, persist in dubbing them "Sammy's," a babyish, wishy-washy name. Let us drop it immediately, if we desire to remain on friendly terms with the American warriors. Those newspapers which are reluctant to call the soldiers of the republic Americans because the United States is not the whole of America can relieve their feelings by using the threadbare but still much honored name, Yankees. It is true many residents of the Southern States have not looked upon themselves as Yankees, as years ago that was one of the terms they applied to the Northern people, particularly the New Englanders.

It is said that Premier Foster sometimes forgets that he is a member of the legislature for Victoria County. There is considerable dissatisfaction up there over the treatment the district is receiving from Fredericton, and some lively protests have been made.

Will tin Lizes advance in price? A large plant in Canada controlled by a leading Detroit concern has been shut down. About eight hundred employes have been thrown out of work.

### A BIT OF VERSE

#### THE WAY THROUGH THE WOODS.

They shut the road through the woods Seventy years ago,  
Weather and rain have undone it again,  
And now you would never know  
There was once a road through the woods  
Before they planted the trees.  
It is underneath the coppice and  
heath,  
And the thin anemones,  
Only the keeper sees  
That where the ring-dove broods,  
And the badgers roll at ease,  
There was once a road through the woods.

Yes, if you enter the woods  
Of a summer evening late,  
When the night-air cools on the trout-  
ringed pools,  
Where the otter whistles his mate  
(They fear not men in the woods  
Because they see so few),  
You will hear the beat of a horse's  
feet,  
And the swish of a skirt in the dew,  
Steadily cantoring through  
The misty solitudes,  
As though they perfectly knew  
The old lost road through the woods.  
But there is no road through the woods.  
—Rudyard Kipling.

### A BIT OF FUN

No Criterion  
"Mixer has rotten manners, hasn't he?"  
"On the contrary, I have always found him to be a perfect gentleman."  
"Oh, well you may be right. I have only seen him with his own family."  
—Life.

Latin at the Farm  
"Semper fidelis," announced the hobo.  
"Dat's me."  
"Sic semper," chirped the head of the house, and the bulldog promptly responded.

Heard in Court  
"What is your age, madam?" asked the judge of a witness.  
"Your honor," answered the lady diplomatically, "that is something I will leave to your kind indulgence."

The young man who embraces his best girl shows his love in a round-about way.  
Experience  
Lieutenant Governor—Where did our governor learn to steer the ship of state?  
Senator—He used to own a zivver and travelled country roads.

A Conjuror  
He was a proper professional conjuror, and after proceeding to get his audience under his spell he commenced in real earnest.  
"Now, ladies and gentlemen," he said

with a wave of his hand, "this is the magic cabinet. I invite any lady in the audience to enter this cabinet. I will then close the door, and when it shall be opened again, the lady will have disappeared, leaving no trace."  
There was an impressive silence until a little, undersized man in the second row turned to an enormous woman who sat by him and breathed eagerly.  
"Maria, dear, won't you oblige the gentlemen?"

### BRAZIL WILL BE IN THE FIGHTING

#### Soldiers From South American Republic Are To Be Sent To Palestine.

New York, July 9.—Brazil, the most potential of the Latin-American Allies, is preparing to send an expedition into Palestine to replace some British forces there, in addition to her active participation in European waters, where the Brazilian fleet has been a material aid to the British, French and American navies.  
That was the bit of information brought to this country today by Jorge Miter, general manager and publisher of Lanaco, the Argentine newspaper of world repute. Senior Miter's arrival in this country was not made known until he reached New York and quietly took quarters at the Ritz Carlton Hotel. He picked up the important information about Brazil's war programme at Rio de Janeiro, where he was stranded for several days on his way north.

### SUDDEN THRUST AT GERMAN LINES IN EASTERN FRANCE BY THE ALLIES

Continued from Page One.  
There seems to have been some spirited fighting on the British front along La Bassee Canal, northwest of Lens, and north of the Somme, in the Picardy region. Berin announces that the British were repulsed frequently repeated attacks in the former region, and adds their attacks north of the Somme broke down.  
The French attack at Authel is merely mentioned in the official German statement, which says, however, that attacks in the Villers-Cotteret and Chateau Thierry sectors were repulsed by the Germans.  
While the fighting on the Macedonian and Albanian frontiers must remain a side issue to the great battles that are expected momentarily in France, and possibly northern Italy, the progress of the French and Italians along the Albanian coast brings that theatre of the war into consideration.

#### The Austrian Collapse.

Rapid strides have been made since the French and Italian assault was launched north of Avlona on July 6. Strong Austrian positions have been stormed and it appears that the allies have been successful in turning the Austrian right wing. An official statement from Rome says that Italian cavalry have gained the Austrian rear, and destroyed bridges across the Semlun River, which parallels the Vojussa, where the attack was begun. This marks an advance of about fifteen miles.  
Dr. Richard von Kuehlmann, the German foreign minister, has retired from office, it is announced, and the German Emperor has accepted his resignation. This has been expected since von Kuehlmann's address in the German Reichstag on June 25, in the course of which he said that victory by purely military decisions could hardly be expected.

#### In Russia.

Czecho-Slovak forces in Eastern Siberia have extended their sphere of influence up the Amur River to Nikolayevsk, an important naval station. The defeated Bolshevik troops with their Austro-German allies, are said to have retired toward Khabarovsk, the capital of the maritime province.  
General Pershing's official statement of operations along the sectors held by Americans makes special mention of heavy German troop movements near Mulhouse, in Alsace. It is also reported that German airmen are very active in that sector of the front.

### NEW FOOD CONTROLLER IN GREAT BRITAIN

Secretary Robert Clines Appointed To Succeed Viscount Rhondda.  
London, July 9.—Robert Clines, parliamentary secretary to the food control department, has been appointed to succeed the late Viscount Rhondda as food controller.

### You Feel Fine

Fatigue is the result of poisons in the system, the waste matter resulting from the activities of life. The kidneys have failed to filter these poisons from the blood and you are tired.  
But awaken the kidneys and liver by using Dr. Chase's Kidney-Liver Pills and you soon feel fine. The poisons are swept from the system, the pains and aches are gone and you are ready for work and for play.

### Little Benny's Note Book

BY LEE PAPE.  
Up follows was standing around the lam post this afternoon looking at our faces in little round mirrors with advertisements on the back which some man had went around putting under front doors, and all of a sudden Leroy Shooter dropped his and the glass brook all up in his. The pieces, Leroy saying, G. 7 years had luck G.  
And he started to pick up the pieces looking disappointed, and Sid Hunt said, O well, wat do you care, 7 years aint so long.  
They'll soon be over, you'll only be 17 years old, I said.  
Besides, you mite not even live that long, Leroy, said Sam Cross.  
No matter wat happens, Leroy, you mite get over it all rite, said Ed Wernick, I know a fellow brook a mirror wunts, and that rite he fell down and tripped and brook his leg, but he got over it all rite and now he can wawk pritty near as good with that leg as wat he can with the other one, pritty near, so wat do you care, Leroy?  
May be if I pick up all the peeces it wont be sutch bad luck, said Leroy Shooter. And he kept on looking for more peeces, and my cuzin Artie said, That dont make any diffrnts, its luck jest the same no matter how meny you pick up, but wat do you care, Leroy, in 7 years maybe you'll have so much bad luck you'll use it.  
Wich Leroy Shooter jest kept on wawking around looking for peeces, and all of a sudden he said, G. Deers a dime. Wich one was, and he quick picked it up, saying, Gosh, if I hadent of brook the mirror I wood never of found it.  
G, sed us fellows.

### J. B. CUDLIP AND MR. SUGRUE MAY GET THE APPOINTMENTS

#### Government Will Meet Tonight — Workmen's Compensation Commissioners To Be Named.

The provincial government will meet at Fredericton tonight. The most important matter expected to come before the government will be the appointment of the commission to administer the Workmen's Compensation Act. Three commissioners are to be appointed. One of these will represent the manufacturing interests, one the labor interests and the third will be a member of the legal profession.  
It is said that many manufacturers favor the appointment of J. B. Cudlip of St. John, formerly manager of the York and Cornwall Mills. James Sugrue is the candidate of the labor men.

### MARTIAL LAW IN THE PERSIAN CAPITAL

#### Riots in Teheran Due To Food Shortage.

Washington, July 9.—A despatch received at the State Department from the American Legation at Teheran, Persia, states that on account of riots arising from the food shortage and other disturbances the city has been placed under martial law.

**THE GERMAN CAPTURED U. S. AIRMAN OF DEATH OF ONE**  
**Frank C. Baylies of New Bedford Loses His Life and His Friends the Enemy Bury Him With Honors—Had Good Record.**

By Wilbur Forrest. (Special Cable to the New York Tribune and St. John Standard.)  
 With the French Armies—Pilot Baylies killed. Was buried with honors. Mass., flyer of the famous Storke's Escadrille who succeeded Lafayette as American ace of aces. In the vicinity where Baylies fought his one-sided battle against four German machines and was brought down far behind German lines with his machine afloat, a German airman appeared at dusk, circling high and occasionally dodging in order to destroy the accuracy of anti-aircraft fire from below. The flyer dropped a small weighted ball to which were attached long paper streamers.

His last two citations, just published in the "Journal Officiel," follow:  
 "Frank Baylies, sergeant Foreign Legion Pilot Escadrille, spent three, was an excellent chasing pilot, on March thirtieth with his airplane struck in vital parts he landed between the lines. Assisted by a French infantry patrol Baylies freed himself from the debris of his machine and despite the enemy fire returned to his lines, bringing his valuable flying instruments. March sixteenth, he shot down his third enemy airplane in flames."  
 His last citations repeats his brilliant qualities as a pilot and aviator: "The ninth and tenth of May he shot down his seventh and eighth enemy airplane."  
 His six previous citations were equally eloquent.  
 Though the German note announcing Baylies' certain death is without details indications are that the American ace was killed by machine gun fire. His airplane was on the ground two days under French balloon observation before it was removed by the Germans. Though its upper wings appeared to have been burned it remained intact.

**INEXORABLE TRUTH OF RAEMAEKERS' CARTOONS MAKES HIM HATED BY FOE AND AN INSPIRATION FOR THE ALLIES**

Artist's Power Derived From His Deep Convictions and Loathing of German Atrocities—Work Won Instant Recognition.

The Dutch cartoonist, whose sketches of "Schrecklichkeit" are now appearing in newspapers in the United States, has made mental neutrality impossible for every one who believes that he has a right to a free press. He is a trifle saying now that for the allies Raemaekers, who was almost unknown before the war, is as good as an army corps, or that the German will rather lose a great battle if, by that loss, they could lay hands on the artist-Dutchman. It cannot be too often reiterated, however, that the reason why "Kultur" has placed a high price upon him is not merely because, with brutal frankness, he has depicted Germany as the Cain of nations, but because there is no gaining anything from the truth embodied in his cartoons.  
 Louis Raemaekers spent his early years at Roermond, in Holland, and afterward studied art in Amsterdam and Brussels. Before the war he was living quietly with his family in Haarlem, the heart of tulip-land, where he was contentedly painting the canals, cattle and windmills of his beloved Dutch countryside.

Investigated Belgian Horrors.  
 Four days after the war began he drew his first cartoon, "Christendom After Twenty Centuries." He investigated the horrors in Belgium personally. Since then his chief thought has been to break out and to add the cause of the allies. His early cartoons appeared in the Telegraaf, of Amsterdam, and at once attracted general attention.

From the outset his works revealed something more than the humorous or ironical power of the caricaturist; they showed that behind the mere pictorial comment on the war was a man who thought and wrought with a deep and uncompromising conviction as to right and wrong. The leading newspapers of Great Britain, France, the United States and England, reproduced his sketches. Quick to recognize the significance of his work, the German authorities did all in their power to suppress it, and failing in this, used every form of intrigue to hand to silence him. They charged him with endangering Dutch neutrality; they put a price on his head, and he was continually threatened with the vengeance of the central powers.

Lionized at the Sorbonne.  
 Then Raemaekers removed with his family to a suburb of London. The English public accorded him a warm welcome. Great crowds thronged the galleries where his cartoons were exhibited. Later, in Paris, he was presented with the cross of the Legion of Honor and was given a reception at the Sorbonne, which is said to be the highest purely intellectual honor Europe can confer.  
 He has a wonderful record for industry, for he has drawn more than 600 cartoons since the war began. There is scarcely a phase of it, political, military, or naval, on which his brush and pencil have not made their comment, and a line once placed is seldom altered.

To understand Raemaekers fully, one must first understand the Germans. Civilization expects implicit obedience to the accepted code by all its devotees. Now, some of us have had our fill of pictures of the Germans, surviving from long, long ago, as a peacefully inclined, industrious folk, as students,

**THE EMPRESS OF AUSTRIA DEFENDED**

It is Denied That She is To Blame For Delayed Drive and Defeat in Italy—Partly Desires Peace.

Amsterdam, July 9.—Denying rumors which have been circulating in Austria-Hungary regarding Empress Zita, the correspondent at Vienna of the Tijd says:  
 "It is true that the Austrian Empress partly desires peace and had with proper dignity advocated it, but the rumor that an energetic Austrian offensive against Italy was delayed by her influence is slanderous, also is the rumor that the Empress was to blame for one or two setbacks which followed the offensive.  
 "It is still more slanderous to involve her honor as a woman with the non-existent correspondence which the imperial house, the Empress, whose sensitiveness is well known, suffered not a little under the imputations which have driven her to a sick bed.  
 "The slander is more painful as it even assailed the wedded fidelity which so distinguished the conduct of the imperial couple, while the non-existent correspondence which was said to contain utterances of the Empress regarding peace is reported to be the first cause of the difference between the Emperor and the Empress."

Inspiration to World.  
 No matter what its form, he loathes "Kultur," and against the dark background of evil he causes to stand out the nobility, endurance, and stinkiness of the sacredness of the allied cause. Never for a moment is he in doubt that that cause will succeed. Victory to him is inevitable. For that view of the world; he is an inspiration, as such an inspiration as though the war had long since ceased, and he were recording in bronze and marble the glorious victory of civilization, instead of merely presenting us with the first rough sketch.—From the Christian Science Monitor.

AT THE HEAD OF HIS CLASS.  
 "Well," said the square-jawed old gentleman who was a member of 18 boards of directors and the payer of an income tax that gave him the chills every time he thought of it, "go on, I'm anxious to hear why you think you

are good enough for my daughter."  
 "I'm afraid," Paucal Paxon, replied, "that I'm not good enough for her. No man is good enough for her."  
 "Um! Perhaps not. Let that pass for the present. What have you ever done to make yourself fit to be my son-in-law?"  
 "I graduated at the head of my class in college."  
 "You'll have to give me a better reason than that."  
 "I have never tasted a cocktail nor smoked a cigarette."  
 "All right—that's something. But it isn't enough."  
 "I began working for \$10 a week and an now making \$5,000 a year."  
 "Pretty fair. Let's hear some more."  
 "As you doubtless know, I'm a lawyer. A few days ago a lady who possessed a bundle of letters which you had written to her called on me. In most of them you addressed her as 'Dear Baby.' I offered her \$10,000 for them. I have until tomorrow to produce the money."  
 "You say you graduated at the head of your class?"  
 "Yes."  
 "Well, sir, I've never told anybody about it before, but I always have had a hunch I would marry a scholar."  
 —Dayton News.

**NEW YORK MAIL AND EXPRESS BECOMES PATRIOTIC PAPER**

German Interest in Property Seized By Custodian of Alien Property and It Re-Appears As Simon-Pure American Newspaper—Dr. Rumely Released Under \$35,000 Bail Bond.

New York, July 9.—With Dr. Edward A. Rumely, publisher of the New York Evening Mail, under arrest charged with having financed the newspaper with German money, the question as to the future ownership and management of the newspaper was in abeyance for a time.  
 Henry L. Stoddard is chief bondholder of the property, and Paul Block is said to own \$50,000 worth of the stock.  
 Frances P. Garven, investigator for the alien property custodian, announced that Messrs. Stoddard and Block would go to Washington to confer with A. Mitchell Palmer, alien property custodian and that "for the time being" these two would conduct the paper. All German equity in the property would be seized according to law.  
 Stoddard in Control.  
 The first edition of the Evening Mail appeared about 2 p. m. It contained the statement of Mr. Stoddard, occupying four columns of the front page. Above the title spread across the page appears the following: "The Evening Mail."  
 "With the assent of the alien property custodian, A. Mitchell Palmer, I am in conjunction with Mr. Paul Block, now in absolute control of the Evening Mail and propose to conduct it as a loyal, patriotic newspaper."  
 (Signed) "Henry L. Stoddard."  
 "I believe the bondholders represented by Mr. Stoddard and Mr. Block are now, and always have been, loyal Americans; and now that the control of the Evening Mail has been restored to them, they will conduct it as a genuinely patriotic newspaper."  
 (Signed) "Attorney General Lewis."  
 Statements were also published from Theodore Roosevelt, Governor Whitman and Nathan Straus expressing confidence in the patriotism of Mr. Stoddard.  
 Late today counsel for Dr. Rumely furnished the \$35,000 bail bond and he was released.

**The Farmerettes**  
 Whether from city or country find themselves living under an unusual strain. The unusual work necessitates the use of different muscles and this development demands a good supply of pure, rich blood.  
 Because it goes directly to the formation of new blood, Dr. Chase's Nerve Food is of the greatest assistance in building up new cells and tissues and strengthening the muscles.

**Physicians Explain Why Women Need More Iron in their Blood Today Than 30 Years Ago**

Say Anaemia—Lack of Iron is Greatest Curse to the Health, Strength, Vitality and Beauty of the Modern American Woman.

Less than a quarter of a century ago, little or no effort was expected of the average woman and her quiet pursuits demanded far less strength, energy and endurance than now.

Today there is not a woman but who stands ready to serve her country and do a man's work if needed. But to meet the strain she must be full of the life, vim and vitality that come from having plenty of iron in the blood.

cooked, are responsible for another grave iron loss. Therefore, you should supply the iron deficiency in your food by using some form of organic iron, just as you would use salt when your food has not enough salt."  
 Dr. A. J. Newman, former Police Surgeon Chicago, and former House Surgeon, Jefferson Park Hospital, Chicago, says: "It has been my particular duty during the past six years to assist in keeping Chicago's five thousand blue coats in good health and perfect fighting trim, so that they would be physically equipped to withstand all manner of storms and ravages of nature's elements. Recently I was prompted to give Nuxated Iron a trial. This remedy has proven through my own tests of it to excel any preparation I have ever used for creating red blood building up the nerves, strengthening the muscles and correcting indigestive disorders."  
 Dr. Schuyler C. Jaques, formerly Visiting Surgeon of St. Elizabeth's Hospital, New York City, said: "I get myself into a condition to ward off the millions of disease germs that are almost continually around us. It is surprising how many people suffer from iron deficiency and do not know of it. If you are not strong or well you owe it to yourself to make the following test: See how long you can work or how far you can walk without becoming tired. Next take two five-grain tablets of Nuxated Iron three times per day after meals for two weeks. Then test your strength again and see how much you have gained."  
 Manufacturers' Note—Nuxated Iron which is prescribed and recommended above by physicians, is not a secret remedy, but one which is well known to druggists. Unlike the older iron products, it is easily assimilated, does not injure the teeth, make them black, nor upset the stomach. The manufacturers guarantee successful results to every purchaser or they will refund your money. It is dispensed in this city by Watson's drug store, and all other druggists.

No other remedy will so surely and quickly correct stomach ailments, regulate the liver and improve the general health as a dose of **Beecham's Pills**

CORN HARVEST MAY BE LARGEST EVER

Record Crops of Barley and Rye and Potatoes Are Doing Well.

Washington, July 9.—A reduction of 40,000,000 bushels in the prospective wheat harvest was shown today in the department of agriculture's July forecast, which is 891,000,000 bushels, compared with 931,000,000 bushels forecast in June. Deterioration during June reduced the prospective winter wheat crop by 30,000,000 bushels and the spring wheat crop by 10,000,000 bushels. The corn harvest promises to be the largest on record with a total of 2,160,000,000 bushels as forecast for the first time this season by the government. The increase is almost 10 per cent. smaller than planted last year, the total being 113,836,000 acres. Record crops of barley, rye, sweet potatoes and rice are indicated, while forecasts of the oats, white potatoes and tobacco crops show they probably will equal their records if they have good growing conditions. Only half as much wheat remained on farms on July 3 this year as was held on that date last year and the quality was about one-fifth of the average hold-over of the five years, 1912-16.

WALL STREET EXPECTS BIG DRIVE SOON

Trading Becomes More Active in Early Afternoon and Prices Turn Upward.

STEEL AND EQUIPMENT GAIN POINT OR MORE

Number of Commission Houses Advise the Purchase of Rails.

McDOUGALL & COWANS New York, July 9.—Trading became more active for a time in the early afternoon, and prices turned upward. United States Steel advanced from the day's low and several of the steel and equipment issues gained a point or more. The movement had all the appearance of short covers on the failure of the German offensive to materialize. In military circles a new German drive is still expected any time before the end of the month. A number of commission houses were today advising the purchase of the rails for a turn on the prospect that reasonably satisfactory form of contract with the government would be arranged within the next week or ten days.

The prospect is good for such an agreement, but with new corporation bonds and notes coming on the market at prices to yield 7 per cent. and upwards, and with continued tightness in the money market, conditions do not appear altogether favorable for an extensive move in the rails. Those most likely to benefit from the conclusion of the federal control agreements are some of the low priced issues, and even with these the result will depend more or less upon the outcome of further negotiations for the adjustment of the amount of the actual money compensation in each individual case. E. C. RANDOLPH.

NEW DIRECTORS OF ROYAL BANK

Additional Members Represent Northern Crown Bank—Advisory Committee Named.

Three new directors have been appointed to the Board of the Royal Bank of Canada, the new members representing the Northern Crown Bank, whose branches were officially taken over by the Royal Bank. The new directors are Captain William Robinson, A. McTavish Campbell and W. H. McWilliams. Captain Robinson and Mr. Campbell were members of the Board of the old Northern Crown. Mr. McWilliams is a prominent figure in western business, having managed the director of the Canadian Elevator Corporation.

N. B. BANKER IN N. Y.

A young man who has made his mark in banking circles in New York and for whom a brilliant future is promised is Park Rowley, vice-president of the Bank of Long Island, a native of Marysville, who received his first banking training in Fredericton. His career is watched with interest by numerous friends. Alfred Rowley, formerly of Marysville and now of St. John, is the father of this rising young man who is only thirty-four years of age.

WORLD SWIMMING

Chicago, July 9.—Duke Kahanamoku of Hawaii and Perry McGillivray of Chicago will meet on next Saturday and Sunday in three swimming contests for the world's shortest distance swimming championships. They will meet at fifty, 100 and 200 yards.

COTTON CROP

Washington, July 9.—Final figures on the 1917 cotton crop, announced by the census bureau, place the production at 11,302,375 equivalent 500 pound bales, the smallest crop since 1893, except that of 1915. Sea Island production was \$2,619 bales.

TRANSPORT CONTRACT

Washington, July 9.—Chairman Hurley, after a visit to the White House today announced that the shipping board has let contracts for 92 army transports. After the war the transports will be put into the passenger carrying trade.

JOHN D. ROCKEFELLER ENTERED THE 80TH YEAR OF HIS LIFE MONDAY

CORN MARKET SAGS SLIGHTLY

Oats Also Easier At 69 7/8—Provisions on Down Grade—Pork Drops.

Chicago, July 9.—To a great extent traders in corn assumed a waiting attitude today and avoided commitment until after the issuance of the government crop report this afternoon. The effect was bearish as the market tended to sag owing to lack of support. Selling was of only a scattered sort. Opening prices which varied from unchanged figures to 5-8 cent lower with August \$1.53 3/4 to \$1.54 and September \$1.54 5/8 to \$1.55 were followed by a material setback all around and then a moderate rally.

WHAT DO YOU KNOW ABOUT WAR?

What the average patriot thinks he knows about war would fill a red brick Carnegie library, with President Elliot's five feet of books left over. What the average man knows about it could be jotted down on a celluloid card and leave room for the grocery list and a recipe for Hoover pudding without eggs.

RAILROAD STOCKS SPURRED INTO SOME ACTIVITY

Reported Mr. McAdoo Will Soon Announce Form of Improved Contract.

NO REAL LIFE IN MARKET HOWEVER

Advices From Abroad of Favorable Tenor, But Crop Report Weaker.

New York, July 9.—Railroad stocks were spurred into momentary activity and strength at the opening of today's session on reports that Director-General McAdoo would soon announce a form of contract satisfactory to holders of such securities. These reports were premature but the market soon relaxed into its recent somnolent condition, although nominal gains prevailed at the close. The movement lacked conviction, however, as it embraced various issues under professional control. Advices from abroad were again of favorable tenor, but the government crop report, issued in the final hour, confirmed fears of frost damage. Spring and winter wheat especially lost ground, the all-wheat condition barely exceeding the 10 year average.

CHICAGO CATTLE

Chicago, July 9.—(United States Bureau of Markets)—Hogs receipts 42,000; mostly 15 to 20 cents lower than high time Monday; bulk of sales 1600 to 1715; butchers 1675 to 1720; packing 1615 to 1675; high 1685 to 1725; rough 1550 to 1610; pig 1615 to 1650. Cattle receipts 14,000; beef and butcher cattle steady to 15 cents higher; calves steady to 25 cents higher; stockers and feeders slow. Sheep receipts 9,000; strong to 25 cents higher; western lambs held at \$10.00; top natives \$18.75; good Washington weathers \$13.50; western yearling breeding ewes \$18.00.

DOG BITES CHILD

Newcastle, July 9.—Little Everett Park, the two-year-old son of Mrs. J. E. Park of New Glasgow, N. S., who is visiting friends in town, was badly bitten by a cross dog on Saturday. The animal sunk its teeth in the little fellow's cheek and made a very painful wound. Dr. J. E. Park, the child's father, is at present overseas.

SEVERE TYPHOON

Washington, July 9.—The island of Guam was devastated by a typhoon on July 8, so Captain Roy Smith, governor of the island and commandant of the naval station, reported today that the inhabitants are destitute; crops have been destroyed and much material damage done. Steps have been taken to feed the destitute.

10,000,000 IF NEEDED

New York, July 9.—One million men in France and ten million more if they are needed, and every man up to sixty years of age serving his country. This was the limit set for the war by Secretary of the Navy Daniels in Carnegie Hall last night, in a speech which opened the campaign of the Y. M. C. A. for 1,000 "Y" secretaries.

TELLS DYSPEPTICS WHAT TO EAT

Avoid Indigestion, Sour Acid Stomach, Heartburn, Gas On Stomach, Etc. Indigestion and practically all forms of stomach trouble, say medical authorities, are due nine times out of ten to an excess of hydrochloric acid in the stomach. Chronic "acid stomach" is exceedingly dangerous and sufferers should do either one of two things. Either they can go on a limited and often disagreeable diet, avoiding foods that disagree with them, that irritate the stomach and lead to excess acid secretion or they can eat as they please in reason and make it a practice to counteract the effect of the harmful acid and prevent the formation of gas, sourness or premature fermentation by the use of a little Bismarck Magnesia in their meals.

Consolidated Financial Statement of the National Council, Y.M.C.A. of Canada (CANADA - ENGLAND - FRANCE)

The National Council of the Y.M.C.A. herewith presents a complete statement of its finances for the year 1917, covering its entire service Overseas and in Canada.

The Executive Committee of the Council arranged last November to have a complete statement of the balance sheet for publication before the recent Red Triangle Fund Campaign, but owing to conditions arising out of Military operations in France, this has been unavoidably delayed. It is presented now at the earliest date that existing conditions have permitted.

The portion of the following statement which concerns England and France has already been submitted to the Overseas Military authorities. Audited statements of the funds handled have been submitted to the Militia Department at Ottawa and for the past two years regular accounting has been made as well to the authorities in England and in France. In addition to the regular audit in France, the canteen business is checked every month by the Military Field cashiers, to determine the amount which is paid to Military units as indicated in the Expenditures. Printed copies of the audited statements are posted up in the huts for the information of the soldiers.

The General Operation Account shows on the one hand the entire receipts of the National Council, first, from the gross sales of its Military canteens in Canada, England and France, and second, from subscriptions received during the year. On the other hand, there is shown the entire expenditure for the year, including, first, the cost of the goods sold in the canteens and, second, the expenditures connected with the entire service which is carried on under the direction of the National Council.

The balance represents the excess of receipts over expenditures. Of this the sum of \$118,351.43 was the balance at the National Headquarters at Toronto, and the remainder was Overseas. This balance at the end of the calendar year represents the amount available to carry on operations until the time of the campaign in 1918. While the financial statement draws up on the basis of the calendar year the receipts from the campaign of one year have to serve until the campaign of the next year. The above balance at the National Headquarters was by April 30th, just before the new campaign, not only used up but changed to a debit balance of \$237,930.13. This deficit was, however, offset by the balance overseas, which has to be maintained as a working balance to carry on operations.

The item of \$240,524.86 is a special amount which had to be expended for the purchase of canteen and other supplies in Canada for shipment to France. Beginning with June, 1917, on account of the scarcity of supplies in Great Britain, much of the purchasing formerly done there had to be transferred to Canada. The long period of time required for the shipment of these supplies to France involves the continuous employment of a large staff, who are treated as an expenditure and placed in a Reserve Account against the merchandise in hand. It is, however, a possible asset and will, when realized, be devoted to other forms of service to the soldiers, when it is no longer required to maintain the canteen service in France.

It is to be remembered that the goods at the front in France, where the greater part of the stock is carried, are subject to enormous

Table with columns: RECEIPTS, RECEIPTS, RECEIPTS. Rows include Operating Balances brought forward from 1916, Remittances from Canada in 1916 received Overseas in 1917, Gross Canteen Sales, Subscriptions received in Canada, Subscriptions received Overseas, Adjustment of Exchange between Canada, England and France.

Table with columns: EXPENDITURES, CANADA, ENGLAND, FRANCE, TOTAL. Rows include Cost of Goods sold in Canteens, Transportation and Transport Equipment for Canteen Goods, Loss from Damaged Goods, Free Distribution of Athletic Supplies and Prizes, Automobile and Transport Equipment and Maintenance, Advertising, Printing, Organization and Collection Expenses in connection with Financial Campaigns.

AUDITOR'S CERTIFICATE

We have audited the books, vouchers and accounts of the National Council Headquarters at Toronto, and of the Central Territorial Division, for the year ended 31st December, 1917, and have been furnished with the audited statements of the Maritime and Western Divisions of the National Council for the same period. We have also been furnished with the Annual Statement for England for 1917, duly audited, and the Annual Statement for France for 1917 with the auditor's Certified Statement for the six months to June 30th. Owing to uncertainty, to Military restriction on civilian travel between England and France, it was impossible for the auditor to go to France and complete the audit to 31st December, 1917. We have agreed the Canadian and Overseas statements with the above General Statement, which combines them, and, according to the books and statements furnished, the above statement in our opinion, correctly sets forth the operations of the National Council at home and overseas.

Oscar Hudson & Company, Chartered Accountants. Toronto, July 3rd, 1918.

NEWS OF SPECIAL INTEREST

LET'S TALK IT OVER.

I simply have to talk about food conservation, just now there does not seem any other subject which is so occupying our minds. At a meeting held for the discussion of this subject and at which a number of excellent recipes for the use of substitutes were given, the objection was made that all these things take time to cook and that everybody is so busy now. It was contended that in former times one put a roast in the oven and there, when it was cooked, was the foundation of your dinners for some days.

The answer to this is that we have to stop all of us and realize that the saving of food is the most important thing we can be doing at the present—that our time is valuable if it is only valuable as we are using it to help our country on towards victory. We may not take the time from Red Cross work, but we can perhaps go over the minutes of our day and decide that it is more necessary to watch a fish sizzle in the oven than it is to make over some gown, recover the living-room furniture or do any one of the hundred and one household tasks which used to be quite allowable in pre-war days.

Then too, it gives one a shock to hear someone say: "I'm sick of all this talk about saving food. I shall eat all the bacon I want." One such thoughtless girl was sharply rebuked for making such a heartless remark by being shown a picture of a French child thin and miserable, begging for bread. She was forced to acknowledge that she knew this was only one of the thousands in France and asked if she had forgotten Serbia, Belgium and Poland with their suffering people.

When we buy a cake of sweet chocolate, let us remember that since the first of May France had her chocolate, her one luxury taken away from her. This is a great privation, for the babies of France need sugar and chocolate has supplied the craving for sweet things. Do the French complain?

Then to go back to our subject of time, when we say it takes a long time to fuss with "made dishes," did you ever think of the soldiers and sailors with their long watches? Did you ever hear of a nurse in the hospitals overseas complaining of her long hours on duty? "We were on duty for eighteen hours" came in a letter from a devoted nursing sister in France. She mentioned the fact without a comment or a murmur of fatigue, and her joy in service is a lesson to those who know her.

It is things like this which make us ashamed of our complaints about the small privations we make to endure in the way of our daily food or the few extra moments spent in the kitchen.

Make your hours in the kitchen your "watch" for the Empire, your "sentry-go" or your "time on duty." Looking at it from that viewpoint cooking becomes a patriotic duty, a sacrifice for your country. However small that sacrifice may seem and whether or not you are adding it to the great ones you have already made it will go to help sum up the benefits which will be felt by our soldier men and the forlorn people who have been oppressed by the Hun to the point of starvation.

What do you think about it? MARGUERITE.

Y. W. P. A. EXECUTIVE

An executive meeting of the Y. W. P. A. was held yesterday afternoon in their committee room in the G. W. V. A. Building. Miss Jessie Church, president, and a number of matters came up which will be brought before the regular meeting. A very pretty crocheted bag—donated by Miss Alice Rising, was presented to the Y. W. P. A. to be sold by them the proceeds to go to the Navy League. The Association are asked to furnish ushers for the War Anniversary Service on August 4th. Miss Fairweather was appointed acting secretary and Miss Sheldon acting treasurer during the absence from the city of Misses de Soyres and Hatch. Miss de Soyres reported that the money sent to the Belgian prisoner in Holland had reached the soldier safely. Plans for the musical comedy to be held in September were discussed. The association was asked to sell tickets for the French Red Cross Bazaar on France's Day. It is planned to have an entertainment for the Siege Battery in the near future.

BERRY PICKERS GO TO SACKVILLE

Names of Patriotic Young Ladies Who Will Form Y. W. P. A. Camp.

The suit cases are all packed, the rolls of bedding are tied up carefully and with hearts full of anticipation of hard work and good times the twenty-two members of the Y. W. P. A. who have undertaken the work of berry picking start off today for the farm of F. C. Fawcett of Sackville. It is not expected that they will be able to begin gathering the strawberries until Saturday as it has rained in Sackville as well as in St. John but the campers will be settled down by then and enjoy every detail in good working order.

The names of the young ladies who have undertaken this patriotic way of spending their holiday are:—

- Miss Jessie Church, (President.)
Misses: Winifred Ross, Madeline de Soyres, Gertrude Green, Winifred Green, Ruth Milne, Hazel Gibson, Gladys Gibson, Helen Church, Ermine Climo, Bertha Boyer, Annie Storm, Florence Climo, Alison Morrison, Leora Patchell, Anna Goodspeed, A. E. Sherwood, Madeline de Soyres, Ada Fawell, Marlon Cruikshank, Sarah Ring, Stella Allingham, Muriel Ellis, Lena Nica, Gladys Howel.

The Misses Ethel and Dorothy Daye of Oxford former members of the Y. W. P. A. will join the party at Sackville.

The thanks of the Association are due Messrs. F. A. Dykeman, T. H. Estabrook, H. Evans and W. A. Stejper for the loan of tents and to W. R. Reek of the Agricultural Department at Fredericton and William Kerr of St. John for assistance in transportation.

W. C. T. U. MET YESTERDAY

That a patient in the General Public Hospital had been visited and had received flowers from the Women's Christian Temperance Union was reported by Mrs. Davis who is the superintendent of the Railway work, at the regular meeting held yesterday afternoon in the Orange Hall.

The president Mrs. David Hipwell was in the chair and led the service of prayer with which the meeting opened. Many of the members of the city Union are out of town but the weekly meetings are kept up and the business attended to.

Patients at the Military Hospital have also been well looked after, receiving visits and flowers regularly.

At a recent meeting \$20 was returned to the Treasurer of the National Trunk Fund, the returns from which are used to purchase coffee and cocoa for the soldiers.

"IT ISN'T DONE WITH US"

The difficulties of food conservation work is a true one, occurring recently in St. John:

A diligent and up-to-date worker in the food conservation work interviewed a local dealer in fish. The following conversation took place:

Lady—"Have you any pollock?" Fish Dealer—"We don't handle pollock."

Lady—"But the government is urging us to eat these cheaper fish."

F. D.—"We don't handle pollock."

Lady—"If I should agree to buy pollock every week and get ten ladies to do the same, would you get pollock for us?"

F. D.—"We don't handle pollock."

Retreat of lady—baffled.

Uprising in Ukraine

Amsterdam, July 8.—A despatch from Kiev to the Ukrainian Press Bureau says the Ukrainian government have requested Germany to form a fighting column consisting of one German battalion and four armoured cars, for each province in order to subdue peasant uprisings.

STRAIGHT HEATS IN THE IGRAND CIRCUIT RACES

With Exception of 2.12 Pace All Events Easily Decided.

Cleveland, Ohio, July 9.—With the exception of the 2.12 pace each event on today's Grand Circuit card at North Randall was captured in straight heats with honors divided between favorites and outsiders.

The 2.12 pace caused the biggest upset of the afternoon. After Margaret Margrave had taken the first heat, she was forced to succumb in the second to Grace Elder, which paid \$417 for a \$2 pari mutual ticket.

However, Margaret Margrave captured the third and deciding heat.

The first division of the Pauls three-year-old trot went to Mamie Locke, which was practically overlooked in the betting.

Salah Baird, the favorite, won the 2.30 trot in rather easy fashion from Hanks Stout, the contender in each heat.

In the 2.04 pace, Hal Roy, the other successful favorite, had things his own way.

The summary:

2.30 Class Trotting—Purse \$1,000

- Salah Baird, ch m, by Hobo (Murphy) 1 1
Hanks Stout, bg, (Stout) 2 2
Red Lop, ch g, (Wattles) 3 3
Telrose, b h, (Ellis) 4 4
Hollywood King, ch g, (Jamison) 5 5
Will Abing, b m, (Thomas) 6 6
Petra Queen, b m, (Thomas) 7 7
Telford, ch g, (Edman) 8 8
Heartless, b m, (Miller) 9 9
Time, 2:11 1/4; 2:10 1/4; 2:10 1/2.

The Fasig, 3 year old Trot—\$1,666.67. (First Division)

Mamie Locke, b f, by Gordon Todd (Valentine) 1 1

Eleven Black, blk f, (Lee) 2 2

Myleaf, br f, (Cox) 3 3

Peter Lafayette, b c, (McDonald) 4 4

Betty Mae, br f, (Stinson) 5 5

Sadie Janet, b f, (Hayden) 6 6

Arxolo, ch c, (White) 7 7

Time, 2:04 3/4; 2:05 1/4.

2.04 Class, Pacing—\$1,500

Hal Roy, b g, by Halb (Mahon) 1 1

Peter G. b h, (Sno) 2 2

Little Batic, b g, (Cox) 3 3

Time, 2:05 3/4; 2:08 1/4; 2:07 1/4.

2.12 Class Pacing—Purse \$1,000

Margaret Margrave, m, by Margaret (Fallin) 1 1

Our King, b g, (Stokes) 5 5

Mattie the Great, ch m, (Reaves) 6 6

Meat Abbe Brino, b m, (Ray) 7 7

Highland Lassie, blk m, (Edman) 8 8

Time, 2:06 1/4; 2:07 1/4; 2:08 3/4.

A TIME PRO-GERMAN

Washington, July 8.—Official correspondence made public today disclosed that Charles E. Bibe, Jr., editor of the Monthly Weather Review, recently dropped from the government service, was dismissed because of his well known sympathies for the imperial German government.

(Toronto Weekly Sun.)

Gold, which is in unusual demand in all belligerent countries as a basis of credit and in Canada is so highly prized for use in international exchange that the Minister of Finance has decided that it becomes nevertheless so cheap that it is scarcely worth producing in the rich mines of New Ontario. The mines are closing down, at all events, because production does not pay. The explanation is that gold is the measure of value and the rises in the prices of other commodities and labor are expressed in terms of gold. It is, therefore, accurate to say that gold has become cheap in the sense that it buys less and costs more.

SPORTING NEWS AND GOSSIP THE BIG LEAGUES

NATIONAL LEAGUE

St. Louis 6; Brooklyn 4. St. Louis, July 9.—Although Brooklyn got twelve hits for a total of twenty bases, the visitors could not connect at the right time, while St. Louis hit Cheney opportunely and added five wild pitches won today's game 6 to 4 for an even split on the series.

Brooklyn . . . 10000630—4 12 3

St. Louis . . . 02001010—6 12 0

Batteries—Cheney and M. Wheat; Doak, Sherdell, Packard and Gonzalez.

L. C. VOLUNTEERS 10; NORTH END ROSES &

In a very fast and exciting game of baseball played last evening on the Barrack Green the Lower Cove Volunteers defeated the North End Roses by a score of 10 to 8. The game was a very close one from beginning to end.

The feature of the game was a home

run made by Kerrigan for the Roses. Foster pitching for the winning team did some very fine work and had good support.

Batteries for winning team, Foster and Barnes; for losing team, Logan and Tannan.

STRIKE POSSIBLE IN CAPE BRETON

Dominion Steel and Coal Company's Moulders Want Twenty Per Cent Advance.

Sydney, N. S., July 9.—The moulders of the Dominion Steel and Coal Company are asking for an average increase in their wages of 20 per cent and the situation will require careful handling on the part both of the company and the men. It was stated by J. C. Watters, president of the Dominion Trades and Labor Congress, who has arrived in the city again in the capacity of mediator, when Mr. Watters left Sydney the labor situation had apparently been cleared up with the exception of the moulders and the bricklayers. It has been stated, however, that the different unions will stand by one another in the negotiations for increases.

THE WHISPERING CHORUS

Around the City

WEATHER—SHOWERY

RED HEAD INSPECTION

Brigadier General Macdonell, G. O. C., and Lieut. Colonel Powell, A. C., made an inspection yesterday of the Head Camp where the 9th Siege Battery is stationed.

COL. PIGEON LEAVES

Lieut. Col. Donald Pigeon left for Halifax last evening on the late express. He spent the previous few days in the city visiting his home and also in an official capacity.

MAY MOVE HERE

J. Jameson, St. George, was a visitor in the city yesterday. He was a former partner with Thos. Kenney of Fredericton, and managed a hotel in the capital. Mr. Jameson remarked that in near future he might remove with his family to St. John.

HAVE ARRIVED IN ENGLAND

Frank L. Titus, of Bloomfield Station, has received a cable that his two sons, Leonard and Gilbert had arrived safely in England. These two young men enlisted in the 9th Siege Battery and went overseas with the last draft from this point.

RECTOR APPOINTED

Rev. Mr. Fisher of Stonehaven, has been appointed rector of the Anglican church at Devon, and will enter upon his duties early next month. The rectorship has been vacant for several months. Rev. Mr. Nason of Grand Manan was appointed some time ago, but was later prevailed upon to remain at Grand Manan.

PYTHIAN GRAND CHANCELLOR

Robert L. Slipp, Grand Chancellor of the Pythian Fraternity, left the city at noon yesterday on an official visit to Westmorland Lodge, No. 3, at Moncton. Mr. Slipp says that grand lodge will meet at Summerside, P. E. I., the third week in August, at which numerous important matters will be taken up.

RECEPTION TO PASTOR

The reception tendered to Rev. A. L. Tedford, the new pastor of Tabernacle Baptist church last night was most successful. A cordial welcome to the new comer was extended by representatives of the various denominations and by the other Baptist pastors of the city. At the close of the programme light refreshments were served by the ladies of the church.

COAL HANDLERS MEET

A meeting of the coal handlers was held in their rooms, Goldfellow Hall, last evening. F. Freestone, acted as chairman. Routine business was the order, and the chairman gave a report regarding the coal handlers' work at the pulp mills in the city. A lively discussion followed in which a great many present aired their views on certain matters.

MORE RECRUITS

Still they come! Who? Recruits for the Imperial Army. Last evening's Boston train brought eight men of all splendid type. This number coupled with previous numbers arriving on the trains yesterday made up a grand total of 48 stalwart recruits. Six of this number were for the Jewish Legion at Windsor. They all proceeded to Windsor this morning on the Digby boat for their training centre.

ROTHESAY RED CROSS

Good Report Heard At Monthly Meeting Held Yesterday—Much Work Accomplished.

The Rothesay Red Cross held their regular meeting yesterday afternoon with a large attendance, as many of the summer residents are adding to the numbers who see for the soldiers every Tuesday and Friday afternoons. It was the regular business meeting of the Society and the secretary Miss Maribel Robertson read a good report of the month's work and finances.

The returns from the Drive are not in as yet and the monthly subscriptions are keeping up well. One new life member was reported, Mrs. W. E. Fiewelling of Rothesay. An appeal was read for France's Day.

The work in hand during the month was as follows: Day shirts, 104 pairs. Pyjamas, 84. Pairs socks, 208. Comfort bags, 39. Miss Pitcher had charge of the tea.

DAMAGE CASE MAY GO TO SUPREME COURT

Mr. Justice Chandler in the Supreme Court yesterday ordered a verdict entered for the plaintiff in the case of F. Woodford Fulton vs. the Fegles Belows Engineering Co., Ltd. This case was tried before His Honor last week. The Plaintiff claimed damages for injuries received while in the employ of the defendant company. Several questions were left to the jury and before entering the verdict, His Honor said that he would give consideration to the findings of the jury respecting the questions.

F. Woodland Fulton Wins Suit Against Fegles-Belows Engineering Co.

The Church of England Sunday School Association for the Denary of St. John held a meeting in the vestry of the Good Shepherd, Fairville, last evening.

All the Sunday School teachers were present and various phases of their work were discussed.

Rev. W. P. Dunham, the president of the Association was appointed chairman of the meeting. The reverend gentleman gave a devotional address on "St. Luke," which was very instructive. After which the meeting drew up a resolution, to be forwarded to Rev. G. F. Scovill—regarding the loss sustained by his removal, and expressing a hope for genuine success in his new fields of labor in the Lord's Vineyard.

This resolution was the unanimous voice of the meeting.

THE VEHICLE TAX QUESTION TO BE AIRED TOMORROW

Common Council Will Hear Opinion of Public on Problem.

The common council yesterday decided to spend the \$200 voted for the Shamrock grounds on Victoria square, as Commissioner Fisher reported that he had been unable to secure the free use of the Shamrock grounds as a playground. The vehicle tax by-law will be considered on Thursday morning, when any person desiring to offer suggestions will have an opportunity. Commissioner McLellan announced that he will in the near future have some recommendations to make in connection with the fire department. The Common Clerk read a letter from the clerk of the executive council which stated that no action had yet been taken with regard to the memorials sent up by the city.

NO FIRE ALARM ON ST. DAVID'S CHURCH

Fire Horn Likely To Be Heard on Sugar Refinery Soon.

Mayor Hayes presided and Commissioners McLellan, Hilyard, Ballock and Fisher were present.

The commissioner of finance and public affairs recommended that the controller be authorized to pay for payment all accounts properly certified, coming to him before July 18. Carried.

A Protest. A communication from A. B. McIntosh, Rockland Road, protesting against an increase in valuation of his property from \$7,000 to \$8,000 was referred to the assessors.

M. B. Dickson, clerk of the executive council wrote that the memorials to Police Magistrate and division of fines sent by the city to the government in March last had been before the council but no action had been taken.

Commissioner McLellan remarked that "Miles" was not as communicative as he might be.

Tenders for a new smoketack for the Ludlow were opened as follows: Union Foundry and Machine Company \$500; St. John Iron Works, \$545. On motion of Commissioner Ballock the lowest tender was accepted.

Commissioner McLellan read a letter from the trustees of St. David's church saying that it would be necessary to cancel the arrangement for the use of the bell as a fire alarm.

The commissioner said the bell was owned by the church and the striker by the city. It was proposed to place this striker on the bell at the police station and he hoped to make arrangements to place a horn on the Atlantic Sugar Refinery, and for the North End it was proposed to remove the bell now on Portland street to No. 5 station on Main street. The new horn would cost over \$1,300, and for this it would be necessary to ask for a bond issue. He also expressed his intention to bring a recommendation to the council for concrete floors in No. 7 engine house West Side and the Hook and Ladder station on King street east.

ASHBURN BRIDGE

On motion of Commissioner Fisher he was authorized to call for tenders for the repairing of Ashburn bridge. Commissioner Fisher mentioned that the New Brunswick Power Company be allowed to place two poles in Vulcan street, one in Sydney street and to move one in Sydney street. Carried.

The lighting bill for the quarter ending June 30 amounting to \$7,391.64 was ordered paid.

On motion of Commissioner McLellan the invitation to attend the service to be held on August 5 on the anniversary of the Empire's entry into the war was accepted.

Mayor Hayes brought up the vehicle tax matter and it was suggested to consider this on Thursday afternoon when any person with any objections to offer might appear and place them before the council.

Commissioner Fisher asked if the commissioner of safety had taken into consideration the regulation of the streets to be held on unimproved streets and mentioned particularly the new section of the Marsh Road.

Commissioner McLellan said the police were prepared to look after those exceeding the speed limit, but unless they were given support on the other end it was not much use reporting violations. He also took occasion to compliment Commissioner Fisher on the work done on the Marsh Road, which, in his estimation, was better than that being done by the provincial government.

ANGLICAN SUNDAY SCHOOL TEACHERS

Meets At the Church of the Good Shepherd, Fairville.

The Church of England Sunday School Association for the Denary of St. John held a meeting in the vestry of the Good Shepherd, Fairville, last evening.

All the Sunday School teachers were present and various phases of their work were discussed.

Rev. W. P. Dunham, the president of the Association was appointed chairman of the meeting. The reverend gentleman gave a devotional address on "St. Luke," which was very instructive. After which the meeting drew up a resolution, to be forwarded to Rev. G. F. Scovill—regarding the loss sustained by his removal, and expressing a hope for genuine success in his new fields of labor in the Lord's Vineyard.

This resolution was the unanimous voice of the meeting.

TWENTY CITIZENS AT PLAYGROUND

Work At South End Gets Under Way—Boys Will Soon Be Playing on Site.

The South End playgrounds now seem a reality, as last evening citizens to the number of twenty gathered there loaded down with picks, shovels, etc., and proceeded to clear off the grounds. By the aid of the city's teams, good work was accomplished in removing stones, etc., from the grounds. Sixty loads of stone were picked up, hauled, and deposited in other places and the grounds then took on an appearance as if they were ready for much to be accomplished yet, and workers are needed. Here is a grand chance for some, who work in offices, and to whom this manual work would be a pleasing change, as it would provide some excellent exercise. Tonight let not twenty but three score gather and give the workers a hand, as the boys of the South End need a suitable playground to exercise themselves, thus eliminating petty thefts, etc., which are ailed occasionally in the police court. The officials of the movement, and the workers who are clearing the ground deserve all praise for their good work. Let others come along also, and give a willing hand this evening—if only for an hour's time, it will accomplish much.

THE NEW BRUNSWICK DENTAL SOCIETY IN SESSION IN ST. JOHN

Numerous Papers Read At Morning, Afternoon and Evening Meetings.

The annual meeting of the New Brunswick Dental Society opened yesterday morning in the Masonic Temple. Sessions were held morning, afternoon and evening, and a number of instructive and helpful papers were read. Today there will be a business session in the morning and the afternoon will be spent in an auto ride to Hampton and an entertainment at the home of Dr. Leonard's father, Quispamsis. At the morning session a paper was read by Dr. James Manning on "Business in Dentistry."

The afternoon session was devoted to papers by Dr. James Macgoon on "Extremes" and Dr. J. G. Harrington on "Conductive Anaesthesia."

At the evening session, which was held in the Art Club rooms, Dr. Fred E. Brien, of Moncton, delivered an illustrated lecture on "Focal Infection" and the part it played in producing rheumatism and systemic conditions. The lecture was illustrated by 71 radiograms and was followed very closely by those present. This paper was discussed by Dr. W. E. Rowley, M. D., of Moncton, Dr. Leighton, D.D. S., of Moncton.

Dr. J. G. Leonard, president of the society occupied the chair at all the sessions.

Among those who registered yesterday were: J. G. Leonard, James Manning, F. A. Godson, W. F. Broderick, F. G. Sanection, A. P. McAvenny, W. P. Bonnell, J. H. Barton, L. H. Reed, H. B. Nasse, J. L. Savage, of St. John; W. M. Jones, Bathurst; A. T. McMurray, Fredericton; Jasper J. Daley, Sussex; L. R. Davison, L. A. Langstroth, St. John; F. E. Burden, Moncton.

MORE RETURNED MEN ARE DUE TOMORROW

D. L. Martin, W. G. N. Stokes, O. Roberts, F. Martin and J. M. Gibson Among the Number.

Charles Robinson, Secretary New Brunswick Returned Soldiers Commission, has received a wire saying that the following men had arrived at Halifax and would probably leave for their homes in New Brunswick on Thursday the 11th.

S. Irvine, Campbellton. G. P. Cahoun, McGiverny Junction. F. Pepper, Woodstock. C. W. Drish, Sussex. J. W. Pillely, Oak Point. R. Thompson, White Town. L. J. Blake, Hillsboro. A. Chaisson, Pigeon Hill Gloucester County, N. B.

T. Chamberlain, Fairville. C. N. Dale, Port Elgin. J. M. Gibson, 44 Waterloo Road, Fredericton.

K. S. Kennedy, Hampton. F. Martin, 9 Somerset street, St. John. H. M. McRae, Coughlins P. O. D. L. Martin, 21 Garden street, St. John.

W. G. V. Stokes, 67 St. Patrick street St. John. O. Roberts, 280 Erin street, St. John. M. J. Stevens, Hills side, Elgin, Albert county.

C. W. Rand, Moncton. E. Matchett, Newcastle. F. B. Raun. H. Duggan. H. Lee. A. McCullan. J. S. Matall. W. A. Muir. T. W. Taylor.

The last eight men have no Canadian addresses.

DIED.

EDLESTON—At the residence of his son, 313 Princess street, on the 9th inst., William Ambrose Edleston, aged eighty-one years, leaving one daughter, one son, and seven grandchildren to mourn.

Funeral today, Wednesday, from his late residence; service at 2:30 o'clock.

WARWICK—At Ononette, N. B., July 8th, Ida May, widow of the late Orlando H. Warwick in her 66th year. Funeral Thursday at 2:30 p. m., from Queen Square church. Short service at residence, Ononette, Thursday, 10 a. m.

CARD OF THANKS.

Mrs. Ann Clark wishes to thank her friends for their many kindnesses extended to her during her recent bereavement.

MAGISTRATE WILL VISIT MARITIME CONSTRUCTION CO.

Will Get Evident First Hand Regarding Engine and Boiler Rooms.

Police Magistrate Ritchie held the opinion yesterday morning that St. John was not a dry town, as an old offender appeared again charged with being drunk, this being the offender's 162nd time on a similar offence.

His Honor alluded to "lemon extract" which the prisoner reported the prisoner had been imbibing, and added: "With three detectives, two inspectors and a police force it was disgraceful that this man should appear, and the place where, or from whom, he obtained the liquor remains in oblivion, as on previous occasions." His Honor believed that the person who supplied prisoner with the lemon extract should be apprehended.

He gave the prisoner a lecture on the evil effects of drink and the death meted out to others who at one time appeared in the dock with him. The prisoner was remanded.

Too Much Lemon Extract Being Handed Out in City of St. John.

For Joy Riding. Two young men of the city appeared to answer a charge of over-speeding an auto, and with refusing to obey the order of a policeman.

Policeman Duffey gave evidence, saying he was called by Commissioner McLellan late in the evening telling him (witness) to place the two young men under arrest along with a third who accompanied them in the car, as they were breaking speed laws. He called to the driver to stop the car, and when the driver did not stop, he jumped on the running board of the auto, which was driven to the Great Eastern Garage. Here one of the three made his get-away. He remarked that the commissioner and the driver of the auto had had some words on the way to the station.

His Honor's Remarks.

His Honor in reviewing the case believed it would naturally make a driver mad to have a policeman jump on his car; also it was an open question whether the commissioner could order an arrest when the policeman had seen nothing radically wrong.

The case was postponed until Friday, for a further hearing. Wm. M. Ryan appeared for city, and E. S. Ritchie for defendants.

The case of Robert London and John Hodd, charged with operating the steam engine of the Maritime Construction Co. varies without necessary licenses, were given a further hearing.

Factory Inspector Kenn, having laid the information appeared as prosecutor on the cases.

Joseph Trevion, engineer of the plant, testified that he stated formerly this company had two engineers on the plant, one of whom was always on duty. Witness had occasionally been on duty, and had helped with the loss, but since he had been placed in charge of the engines, he had not been off the engines, the day of Mr. Kenney's visit was in the boiler room and could not remember Mr. Kenney enquire for him. Witness produced his license, but not the one which, at time of Mr. Kenney's visit had not been placed in the engine room.

Superintendent Warning.

Geo. Waring, superintendent of ferries, called, and had lately visited the plant and found everything in first class condition.

E. A. Baker, president and general manager of the company, in giving evidence, stated a certified engineer was always kept on the job, he could hire as many assistants as desired according to law.

K. J. MacRae, for the defence argued that under the act as long as a certified engineer was always on the works the conditions of the law were fulfilled.

The question arose regarding the distance from the boiler room to the engine room. Inspector Kenney interpreted the act to mean that this qualified man was on duty in the engine room on duty in case of an emergency, but not in the boiler room.

His Honor stated that he himself would make a personal inspection of the plant in order to ascertain this distance. His judgment will be given on the completion of this visit.

MRS. O. H. WARWICK PASSES AWAY AT ONONETTE

Was Native of St. Martins and Daughter of Late Alexander Lockhart.

The death occurred yesterday at Ononette, N. B., of Mrs. O. H. Warwick, 66 years, after a lingering illness. Deceased lady was born at St. Martins, being a daughter of the late Alex Lockhart. Her husband predeceased her a few years ago. She leaves to mourn one daughter, Ida M., residing at home, and four sons, George L., Charles J., at home, and William, who is now on active service in France. One sister resides in this city, Mrs. G. R. Pritchard; also a brother survives, George B. Lockhart, of Great Falls, Montana.

Deceased was a member of the Queen Square Methodist church. The funeral will be taken to the above named church at noon tomorrow, the funeral service being held from there at 2:30 p. m.

Deceased survived a host of friends due to her hospitality and affable manner. The sympathy of all go out to the bereaved family in their great loss.

KNIGHTS OF COLUMBUS DRIVE ON AUG. 19 Plans To Raise Funds in Maritime Provinces Considered At Meeting in This City. Two meetings of the central committee of the Knights of Columbus convened yesterday in the K. of C. hall, Coburg street. Dr. W. P. Broderick, state deputy, presided at the meetings. Outside representatives present were—O. T. O'Brien, Chatham; L. B. McMillan, Charlottetown; J. A. Walker, Antigonish, N. S.; J. D. Campbell, Halifax, and Chas. E. Owen, of this city. Arrangements for a maritime drive, starting August 19th, in aid of the Catholic Canadian Army Hosts in France, were made—the details of this drive to be announced later. It was decided to commence the movement on the above date, to run for a specified time, the sum aimed at being \$100,000 for maritime provinces only, each district to be given a special figure as its objective, canvassers being appointed for different districts who would have no ground uncovered. These canvassers would be aided by teams of workers, endeavoring to reach the limit set for their district. The grounds to be covered being systematically arranged for the canvassers. A feeling existed that this proposed drive will meet with genuine success. When we at home remember the sacrifice of our soldiers we cannot but feel a few coins to aid our laboring comrades on the bloody fields of France. When the day arrives let us give the canvassers our loyal support, as we know the object of their work, and the common aim of all. Success to the movement. THE PICTURESQUE SMOCK Shown at Dykeman's And such charmingly feminine fashion to woman can resist it. Graceful lines, daintiness of trimmings, an all prevailing softness, makes this Smock a style of such subtle loveliness as only an artist in the designing of feminine apparel could conceive. Artistic to a degree is a Smock of White Jean Cloth, Copenhagen notch Collar with daintiest Floss smocking on the front and pockets, priced at \$2.65. Dainty, too, is this Norfolk style in white with Rose and orange shawl collar, collars, and cuffs. See Them At Dykeman's. Chill Borden's Evaporated Milk and it will whip.
