NO. 19.

MANY FISHERMEN LOST IN TERRIFIC STORM

Schooner Orion, of Grand Banks, Went Down and Nineteen Perished

Many Other Vessels Missing and All Hope of Their Safety is Banished—North Sydney Craft Driven Ashore and Will Be a Total Loss—Four Others Part Cables and Crash Into Each Other.

(Special to The Telegraph.) North Sydney, N. S., Nov. 4.—All hope of ever seeing the Newfoundland fishing schooner Orion, with her captain and crew of eighteen souls, has been given up. One month ago the schooner was last seen off Battle Harbor, when she was leaving for Grand Banks, her home port. Shortly after the Orion sailed a terrible southwest gale sprung up, which wrought such havoc to the fishing craft. Since then fierce gales have swept the coast and in one of them the Orion is believed to have gone down with all hands. The vessel was owned by George Buffett of Grand Banks, and commanded by Edward Evans. All the crew, with few exceptions leave wives and large families. Another schooner came to grief during last night's storm, the fishing craft Kingfisher, owned by Fred Rowe of North Sydney. At the time the Kingfisher succeeded making Kelley's Cove, but afterwards parted her cables and was driven hard ashore on the beach. The crew reached shore safely and walked to North Sydney. The vessel is likely a total wreck and uninsured. During the blow four vessels, lying at anchor in North Sydney harbor, had a

EFFORT TO SAVE COLLINS' LIFE

Condemned Man's Counsel Starts for Ottawa With Petition for Clemency

SCOTT ACT MATTERS

Inspector Dickinson Didn't Attend Evangelical Alliance Conference About Difficulties of Enforcing the Law—Want Council to Adopt Compulsory Education—Other News of the Railway Town.

Crippled Banks Now Relieved

Steel Trust Takes Over Control of Rival Concern With Whose Securities Trust Companies Were Loaded--All-Night Sunday Conference Before the Deal Was Closed.

(From Our Own Correspondent) New York, Nov. 4.—It is very difficult to say with any degree of exactitude just what has happened in the financial community during the last forty-eight hours. It is a pretty shrewd guess, however, that the extraordinary proceedings of "high financiers" are directed toward further "eliminations." Augustus Heineze has been "eliminated." The Thomases have been "eliminated." Chas. W. Morse is so far "eliminated" that he mortgaged his city residence. The elimination process now seems to be directed against Oakleigh Thorne, an extremely wealthy man, of great business interests but one of the "new school." This is really the residuum of two days of excitement.

(Special to The Telegraph.) Moncton, N. B., Nov. 4.—Scott Act Inspector Dickinson declined to meet the Evangelical Alliance this afternoon and discuss the difficulties of enforcing the Scott act. As the inspector did not reply to the invitation to be present he was called up by telephone but replied he was too busy to attend.

(Special to The Telegraph.) Toronto, Nov. 4.—President Falconer, of Toronto University, was the speaker at the inauguration luncheon today of the Canadian Club for the season, and his theme was the Necessity of Breadth in National Life. Canada, as a nation, he said, was physically broken up into various parts, with racial distinctions, but the national spirit was growing. This must be developed, and various forces were developing it. The power of Ottawa was being used to bring the people together, religious bodies were having the same effect and in the English provinces, of course, education was practically the same. The homogeneous nature of Canada emphasized the necessity of national life and it behooved the statesman to give a policy in which the national principle would be national, rather than local. This policy should be broad and statesmanlike, directed in the interests of the whole, not a part, a democratic policy that would unify the country.

BOURASSA SNOWED UNDER IN QUEBEC ELECTION

Defeated by Turgeon in Bellechasse Contest by More Than 700 Votes

Result a Great Surprise, Even to the Victor—A Crushing Rebuke to Nationalism is the General Opinion—Ex-Member for Labelle Not Downcast, But Ready to Try Again, He Says—Ex-Minister's Vindication of Booding Charges May Land Him in Premiership.

(Special to The Telegraph.) Quebec, Nov. 4.—Hon. Adelard Turgeon, minister of lands and forests, was re-elected in Bellechasse county today by an overwhelming majority. According to the most reliable returns, he polled about 772 votes more than his opponent, Henri Bourassa, who met with a crushing defeat.

The result of the election was beyond the expectation of Hon. Mr. Turgeon, who reckoned on a majority of not more than 500 votes, while on the other hand it must have proven a disappointment to Mr. Bourassa, who hoped, at least, to defeat him. Hon. Mr. Turgeon has been representing the constituency of Bellechasse for the last fifteen years, having first been elected in 1892, by a majority of 38 over Zephirin Audet. On May 1897 Hon. Mr. Turgeon was again returned by a majority of 34 over Francois Castonguay, the Conservative candidate. In the elections of 1900 and 1904 Hon. Mr. Turgeon was returned by acclamation on both occasions. Asked Vindication of Booding. His appearance before the electorate was, this time, the outcome of charges of maladministration made against him as minister by Le Nationaliste, a French weekly of Montreal. These charges finally led to the placing of the editor on trial for libel and June assizes. Relying chiefly on alleged copies of letters, the defence attempted to establish that Hon. Mr. Turgeon was to be paid above the price of the land. The jury, however, failed to agree, with the result that the paper resumed its attack on Hon. Mr. Turgeon and a campaign headed by Henri Bourassa, then M. P. for Labelle, was started against him last summer.

The minister of lands and forests finally had recourse to the civil courts to defeat the editor's second trial at the assizes and upon obtaining judgment in his favor resigned his seat in Bellechasse, challenging his opponent to run against him. Mr. Bourassa accepted and resigned his seat in parliament for the purpose of opposing Hon. Mr. Turgeon on his own ground.

(Special to The Telegraph.) Toronto, Nov. 4.—Surveys of the main transmission lines from Niagara Falls to the municipalities in the western portion of Ontario have been completed by the engineers of the Hydroelectric Power Commission and branch line surveys will be completed in a fortnight. A loop system is adopted in the case of the principal lines, the main loop being 400 miles in length. A breakdown is thus made practical. The main lines run from Hamilton to Bramford, Woodstock, Ingersoll, London; Hamilton to Guelph, Galt, Berlin, Stratford, St. Marys, London.

(Special to The Telegraph.) Toronto, Nov. 4.—After having served half of a ten years' sentence in the western Pennsylvania penitentiary for a crime committed by another, Robert Simpson, who was convicted in connection with a safe robbery in the Irwin (Pa.) post office in Westmoreland county, about six years ago, will be given his freedom by the state prison board. It has been discovered that the robbery was committed by two men, both of whom are dead.

(Special to The Telegraph.) Toronto, Nov. 4.—Ontario cheese factories are now using the fat, hitherto lost in whey, for making butter. One manufactory was discovered in St. Michael's last few months out of the whey that it formerly threw away. The butter is said to rank first class.

(Special to The Telegraph.) Toronto, Nov. 4.—A case of smallpox was discovered in St. Michael's hospital, and one ward with eight patients is quarantined. Mrs. May Cooper, of Holland Landing, the patient, was removed to the isolation hospital.

(Special to The Telegraph.) Toronto, Nov. 4.—The body of Fred Jamieson, who died in Calgary on Oct. 29, is expected to arrive at Toronto on Tuesday, Nov. 5. Funeral at Clover Hill on Wednesday, Nov. 6, at 1 o'clock.

(Special to The Telegraph.) Toronto, Nov. 4.—Hon. D. McN. Parker, M. P., died this afternoon. Mr. Parker was a life-long friend of Sir Charles Tupper and was born of United Empire Loyalist stock, at Windsor in 1822. He graduated in medicine at Edinburgh in 1845. In 1867 he was made a member of the legislative council of Nova Scotia from which, on account of ill health, he retired in 1880. During his long term of practice in Halifax, besides being president of the Medical Society of Nova Scotia and of Canada, he filled a large number of other offices—commissioner of schools, governor of Acadia College for twenty-five years, president of the Baptist convention, and a member of the boards governing the hospitals of the city. Dr. Parker was for fifty years a member of the First Baptist church. He was the first surgeon in Halifax to perform an operation with the use of an anæsthetic, having first had it administered to himself to prove its safety. The first case in Halifax of the removal of the ovarium tumour, which had counted their victims by the hundreds of thousands, was performed by Dr. Parker, he having assisted Dr. Keith, of Edinburgh, the distinguished specialist in such operations. In politics Mr. Parker was uniformly a supporter of the Conservative party. He was twice married.

(Special to The Telegraph.) Ottawa, Nov. 4.—(Special)—Capt. Bernier was here today and had an interview with Sir Wilfrid Laurier. He is still anxious for a trip to discover the North Pole. The expense, he says, will not be great and a country ought to know all that it owns. Canada is the only country that does not know this.

(Special to The Telegraph.) Fort William, Ont., Nov. 4.—(Special)—The new Catholic church at Fort William was burned Sunday night. The loss is \$250,000.

HON S. W. McINNIS DEAD AT BRANDON

Was a Native of St. John and a Member of Manitoba Government.

Succumbed to Appendicitis After Brief Illness—Stricken While on a Hunting Trip—Had Assumed His Dual Portfolio in Roblin Cabinet Only a Few Months Ago.

(Special to The Telegraph.) Winnipeg, Nov. 4.—Dr. S. W. McInnis, minister of education and provincial secretary for Manitoba and a member of the legislature for Brandon, died at Brandon today. Death followed an operation for appendicitis. He was forty-two years old. A widow survives.

Dr. McInnis was shooting near Oak Lake, 180 miles west of Winnipeg, last Friday, when he fell ill and was hurried to Brandon hospital.

Dr. McInnis was born at St. John (N. B.) Oct. 8, 1865, son of John Lindsay McInnis. He was educated at Manitoba College, Winnipeg, and Philadelphia Dental College, where he graduated D. D. S. He was married to Clara M. Beckwith June 8, 1888. He was first elected to the Manitoba legislature in 1889 for Brandon and has continued to represent that constituency ever since. Only a few months ago he was sworn in provincial secretary and minister of education in the Manitoba government.

LOOKING INTO P. E. I. PROHIBITION ACT

New Brunswick Commission Has First Session at Charlottetown—Will Visit Other Towns.

(Special to The Telegraph.) Charlottetown, P. E. I., Nov. 4.—The committee appointed by the New Brunswick government to examine into the working of the prohibition act in this province, held its first sitting today. The committee has no power to examine under oath, unless witnesses be taken to New Brunswick, which may be done later. The committee will sit at Summerside, Souris, Georgetown and other points. Evidence will be taken on both sides.

DR. RUDDICK, EX-M. P. P., TO BE APPOINTED PORT PHYSICIAN

(Special to The Telegraph.) Ottawa, Nov. 4.—Dr. Ruddick, M. P. P., St. John county, is to be appointed port physician at St. John in place of Dr. March, deceased.

(Special to The Telegraph.) Ottawa, Nov. 4.—(Special)—Two reports were received today from Canada's trade commissioners in Australia. They set forth that there is a depressing feeling in trade over the uncertainty of what the new tariff is to be. The general idea is that there will be a scaling down in duties.

PRESIDENT FALCONER PLEADS FOR BREADTH IN NATIONAL LIFE

Declares Canadian Statesmen Have a Difficult Problem in Unifying the Country.

(Special to The Telegraph.) Toronto, Nov. 4.—President Falconer, of Toronto University, was the speaker at the inauguration luncheon today of the Canadian Club for the season, and his theme was the Necessity of Breadth in National Life. Canada, as a nation, he said, was physically broken up into various parts, with racial distinctions, but the national spirit was growing. This must be developed, and various forces were developing it. The power of Ottawa was being used to bring the people together, religious bodies were having the same effect and in the English provinces, of course, education was practically the same. The homogeneous nature of Canada emphasized the necessity of national life and it behooved the statesman to give a policy in which the national principle would be national, rather than local. This policy should be broad and statesmanlike, directed in the interests of the whole, not a part, a democratic policy that would unify the country.

STEAMERS YALE AND HARVARD LAID OFF TILL SPRING

(Special to The Telegraph.) Boston, Nov. 2.—With the trip run on the outside route tonight the fast turbine steamers Harvard and Yale will be withdrawn from service on the Metropolitan all-water route between Boston and New York. The Harvard leaves this city, at the same time that the Yale leaves New York; the boats will be left in the same cities from which they started when the line was opened, in the middle of September. Both vessels were in Boston on 9 o'clock last night, and the final closing of these sessions did not come until 5.30 o'clock this morning. In the interim prominent financiers connected with each of these three groups rushed back and forth between the hotel and Mr. Morgan's library, and four times before the ending of the discussion a procession of men, which included all the directors of one or the other of the companies interested, wrangled its way from the hotel to the library, or from the library to the hotel.

MORGAN AT ALL-NIGHT CONFERENCE

(Special to The Telegraph.) J. P. Morgan, at the ripe age of seventy, took business until after 3 o'clock this morning. He was in his office in Wall street. In last night's conferences the group of men whose immense fortunes have stood between the companies and drawn from service on the Metropolitan all-water route between Boston and New York; the Harvard leaves this city, at the same time that the Yale leaves New York; the boats will be left in the same cities from which they started when the line was opened, in the middle of September. Both vessels were in Boston on 9 o'clock last night, and the final closing of these sessions did not come until 5.30 o'clock this morning. In the interim prominent financiers connected with each of these three groups rushed back and forth between the hotel and Mr. Morgan's library, and four times before the ending of the discussion a procession of men, which included all the directors of one or the other of the companies interested, wrangled its way from the hotel to the library, or from the library to the hotel.

SAY ROOSEVELT IS TRIMMING

(Special to The Telegraph.) President Roosevelt is rewriting that part of his annual message which relates to financial conditions and financial legislation. The recent panic has apparently made Mr. Roosevelt realize the responsibility that rests upon him to bring about the prosperity of the country, and this is now every reason to believe that the views which he will communicate to congress when it assembles next month will be of a most reassuring character—that is, reassuring in the sense of its conservatism and indicating that the president has no intention to press any line which will tend to disturb the money market or industries.

TEXAS NEGRO LYNNED

(Special to The Telegraph.) Canyon, Texas, Nov. 4.—Following his indictment today by the grand jury on a charge of criminal assault, Alex. Johnson, a negro, was taken from the jail here by a mob of 500 men and hanged to a tree in the court house yard. Officers and influential citizens pleaded with the mob to allow the law to take its course, but the rioters paid no heed to them and battered down the doors of the jail. The town is quiet this evening.

WOMAN MURDERED AND ROBBED

(Special to The Telegraph.) Philadelphia, Nov. 4.—Harina (Carmella) Monoluzzo, an aged Italian woman, was murdered and robbed of \$700, the savings of her life, and her husband, while she was at work today in a shed in the rear of her home in southwest Philadelphia. The woman's husband, Amato Monoluzzo, left her at the wash tub when he went to work this morning, and when he returned home he found her lying in the shed with her throat cut from ear to ear.

INNOCENT MAN SERVED FIVE YEARS FOR ROBBERY

(Special to The Telegraph.) Pittsburgh, Pa., Nov. 4.—After having served half of a ten years' sentence in the western Pennsylvania penitentiary for a crime committed by another, Robert Simpson, who was convicted in connection with a safe robbery in the Irwin (Pa.) post office in Westmoreland county, about six years ago, will be given his freedom by the state prison board. It has been discovered that the robbery was committed by two men, both of whom are dead.

CHEESE FACTORIES MAKING BUTTER FROM WHEY

(Special to The Telegraph.) Toronto, Nov. 4.—Ontario cheese factories are now using the fat, hitherto lost in whey, for making butter. One manufactory was discovered in St. Michael's last few months out of the whey that it formerly threw away. The butter is said to rank first class.

SMALLPOX CASE FOUND IN TORONTO HOSPITAL

(Special to The Telegraph.) Toronto, Nov. 4.—(Special)—A case of smallpox was discovered in St. Michael's hospital, and one ward with eight patients is quarantined. Mrs. May Cooper, of Holland Landing, the patient, was removed to the isolation hospital.

Will Be Tried at Norton.

(Special to The Telegraph.) Norton, N. B., Nov. 4.—The body of Fred Jamieson, who died in Calgary on Oct. 29, is expected to arrive at Norton on Tuesday, Nov. 5. Funeral at Clover Hill on Wednesday, Nov. 6, at 1 o'clock.

FROM ALL OVER THE MARITIME PROVINCES

ST. ANDREWS. Church presented a pretty scene yesterday morning when Miss Elizabeth Marley...

H. D. AMES TALKS ON CITIZENSHIP

Tells Maritime Y. M. C. A. Representatives Reflect Character of Electorate

New Glasgow, Nov. 1.—At the convention of the Young Men's Christian Association today, the following officers were elected: President, Rev. E. W. Forbes, Canada; vice-president, Geo. E. Johnson, St. Peter's; 2nd vice-president, D. B. McDonald; secretary, R. M. Nicholson, Yarmouth; assistant secretary, Harry Corbett.

The Y. M. C. A. contributes to higher citizenship in four ways. It is a powerful agency in character building, and it helps a young man to make the most of himself. It furnishes in the community a constant exemplification of unselfish service; it aids by means of classes and clubs, the study of social conditions and principles of municipal government of Canadian political history; it is seeking to instruct in the duties of citizenship immigrants entering our country.

CHARLES APPELEY OF WOODSTOCK DEAD

Well Known Newspaper Man Passed Away Sunday

Woodstock, Nov. 3.—The many friends of Charles Appley, editor and proprietor of the Woodstock Dispatch, all over the maritime provinces will be sorry to hear of his death, which took place this morning at 4.30. Deceased had been in failing health for some years, but had been attending to his regular business almost up to the time of his death.

RECORD MACKEREL SHIPMENT

Thursday's Boston Transcript says: When the steamship Prince Arthur, Captain Kinney, arrived this afternoon from Yarmouth (N. S.), she brought a record shipment of fresh mackerel to this port.

STAY HOME FROM WEST, JAMES E. WHITE'S ADVICE

Much Capital Required—Farmer as Well Off Here if He Works as He Would Have to There—Business Man, Too.

To the editor of The Telegraph, Sir.—Many years ago Hon. John H. Gray, who spent his last days in the west, lectured in the Mechanics Institute here in the North-west. It was an entirely new subject to his audience, and when he spoke of the rivers Saskatchewan, Assiniboine, and the great Manitoba, few then present had the smallest idea that in such a short time there would be a network all over the prairies and that towns would be springing up like magic in all directions.

I. C. R. FREIGHT SHED AND CONTENTS BURNED AT CAMPBELLTON

Campbellton, N. B., Nov. 1.—The inter-colonial freight shed here was totally destroyed by fire last night, together with its contents, which were valued at about \$30,000.

WYEMOUTH SUSPECT ESCAPED FROM DIGBY JAIL

Digby, N. S., Nov. 1.—(Special)—Another sensation is on this morning. Charles Edward Elderkin, charged with burglarizing the Wyemouth Bridge post-office, escaped from the Digby jail during the night and his present whereabouts are unknown.

QUEEN VICTORIA AS A POLITICIAN

Sidelights from Letters on Canadian Affairs

QUEEN A RIGID CENSOR

Criticism of Various Canadian Governors-General—Lord Metcalfe a Royal Favorite—Naming of British Columbia—The Canadian Insurrection.

The reality and potency of the "power behind the throne" have never been more vividly revealed than they are in the Letters of Queen Victoria, edited by Arthur Christopher Benson and Viscount Esher, and published in three volumes by John Murray, London. Though the editors are careful to explain that their aim was rather to illustrate the development of the queen's character and disposition than to turn the searchlight upon the political aspect of her reign, it is from their revision of the queen as a politician that the letters derive their chief value and interest.

INSANITY THAW'S DEFENCE NEXT TRIAL

"Unwritten Law" Will Be Cast Aside—Wife's Story Will Be Retold in Less Detail.

New York, Nov. 1.—Insanity is to be the defence of Harry Kendall Thaw on his second trial for the killing of Architect Stanford White on the roof of the Madison square garden.

QUEEN NAMED BRITISH COLUMBIA

For example, from a letter which she wrote on July 24, 1858, two interesting points are made clear for the first time with reference to the naming of British Columbia—first, that France objected to the name of New Caledonia, and second, that the credit of suggesting the name of British Columbia belongs to the queen.

CANADIAN REBELLION

Several references are made in the letters of the queen and Lord Melbourne in 1837 to the insurrection in Canada, and these show that in the Melbourne cabinet there were serious differences of opinion as to the measures that ought to be adopted, particularly in relation to the army.

METHODIST SUPERNUMERARY BOARD

Besides the business of the Methodist supernumerary board at Thursday's meeting here is already reported, the capital fund was stated to be about \$120,000, invested at an average of 6 per cent.

QUEEN INFORMED HER MAJESTY THAT LORD DURHAM BEFORE ACCEPTING THE OFFICE OF GOVERNOR-GENERAL DESIRED HER TO EXPRESS HER WISH OR, RATHER, AS HE PHRASED IT, "LAY UPON HIM HER HAND THAT HE SHOULD UNDERTAKE HIS DUTY."

On Aug. 10, 1838, Lord Melbourne acquainted her majesty with the office of governor-general, desired her to express her wish or, rather, as he phrased it, "lay upon him her hand that he should undertake his duty." With this suggestion the queen duly complied.

AN UNSUITABLE GOVERNOR GENERAL

Lord Durham was not the only governor-general who was not suitable for the office. In a letter to Sir Robert Peel, dated Sept. 9, 1841, she wrote: "The queen cannot refrain from saying that she cannot quite approve of Sir Charles Bageot's appointment, as from what she hears of his qualities she does not think that he will be able to discharge the arduous and difficult position in which he will be placed."

QUEEN ON HER DIGNITY

"For the future it appears to the queen that it would be best in all appointments of such importance that before a direct communication was entered into with any individual intended to be proposed that she might talk to her ministers fully about it; and because it is an error to suppose that she might be misled by the qualities and abilities of the person whom she regarded as a servant and many a sharp rap over the knuckles she seems to have administered to some of the distinguished statesmen of her reign."

METCALFE'S SERVICES TO CANADA

Of Lord Metcalfe's services as Governor-General of Canada the Queen appears to have formed an estimate as high as that of Sir Charles Bageot's capabilities was depreciatory. Her letter to Sir Robert Peel upon Lord Metcalfe's resignation says: "He will be an immense loss and the selection of a successor will be most difficult. The Queen hopes that there will not be too great a delay in making the appointment, as experience has shown that nothing was more detrimental to the good government of Canada than the last interregnum after Sir Charles Bageot's death."

CANADA A SOURCE OF WEAKNESS

But while approving the regime of Lord Metcalfe, the Queen appears to have regarded Canada's political relations with the Imperial Parliament in a none too favorable light. In a letter to Earl Grey on August 3, 1846, the Prince Consort wrote: "The subject of the government of Canada is one which the Queen has much at heart."

THE SEAT OF GOVERNMENT

The letters are silent as to the selection of Ottawa as the capital of the dominion, but fifteen years antecedent to that event there is a communication from the Queen to Lord Stanley approving of Montreal as the seat of government. In that letter the Queen writes: "This question is in no way to be settled without giving offence to one part of the country. The Queen, however, hopes that the fixing upon Montreal as the seat of government will hereafter be considered as fair by impartial minds."

WRITING ON JAN. 14, 1838, LORD MELBOURNE

On the following day Lord Melbourne wrote that he had better hopes of producing a general agreement upon Canadian affairs, "but the question of the administration of the army, which is of less immediate importance, is of more difficulty."

ARMED IN THE BASEMENT

By BARON PALLE ROSENKRANTZ

(Copyright 1907 by Palle Rosenkrantz. All rights reserved.)

CHAPTER I.

"It's dirt cheap, sir—dirt cheap. Three and a half guineas a week for the whole house completely furnished, studio at the top, two reception rooms, large dining room, and three bedrooms. Kitchen with gas stove, electric light, no mention of the garden. Dirt cheap it is. It is only a fortunate combination of circumstances that enables me to offer you the house—to offer it to you for three and a half guineas a week." Mr. Sydney Armstrong gave a smack of the tongue and a twist to his brown leggings.

Sydney Armstrong; he had won now and could afford to be amiable. "Who is the owner?" asked Nielsen. He had a foreigner's curiosity to know whose house he lived in.

"Major Johnson," said Mr. Sydney Armstrong. "He's gone to Burma. Just sailed. I have a power of attorney. It's a strange story; a pure piece of luck that you have this charming house. Major Johnson only bought it a week ago. That's a fact; bought it of a friend, who had inherited it from his mother—I forget the name. I never can remember names; it's a great disadvantage to me as a business man, but I can't remember names. This Mr. —, whatever his name was, sold the house to Major Johnson, and the next day the major had to go abroad. No help for it. He had to go. He was living here in the country, that have colonies. You may be glad Denmark has no colonies except Spitzbergen. Well, that's all about it. Major Johnson had to leave. He's gone. His friends say he was ready to jump for joy at getting rid of his mother-in-law that was to be and his former intended. That's quite likely."

Holger Nielsen signed an agreement with Mr. Sydney Armstrong and paid half a crown for the stamp.

"I don't know," was the answer. "I don't know him. But he was unmarried." Holger Nielsen looked at him.

"The furniture looks as if it had been in a lady's house. Don't you think so?" "Yes," thought Mr. Sydney Armstrong.

"It was a Danish bird, and he was working it out in Danish money. 'Three and a half guineas is more than three and a half pounds,' he said. 'A guinea is an obsolete tradition of former days, and it means a pound and a shilling, goodness knows why.' So that three and a half guineas came to three pounds, thirteen shillings and sixpence, or sixty-five crowns in Danish money."

"The Major bought the furniture with the house. What's his name, the heir, the former owner, or his sister, had been living here until a week ago. Then he died. The whole thing was settled on the spot, and off he went."

LOOKING INTO THE ACCOUNTS

Aldermen Temporarily Suspend the Chamberlain Until Some Matters Are Cleared Up

EVERYTHING RIGHT SAYS MR. SANDALL

Discrepancies of Some \$10,000 or \$12,000, Which May Be Due to Bookkeeping Errors, Lead to Call for Independent Audit—Some Advances on Salaries That Need Explanation.

For some days past there has been excitement in civic circles over the fact that a snap audit of the chamberlain's books revealed certain discrepancies which have not yet been satisfactorily explained, although it is quite probable that the required explanation may be forthcoming by tomorrow morning.

It appears that at present those who have examined the accounts find that there is from \$10,000 to \$12,000 not clearly accounted for. This relates to current transactions. It is not thought, however, by many, that a more thorough examination of the various accounts which in many cases are long and necessarily complicated, will show that by duplication of items or some similar error in bookkeeping the larger portion of the sum in question may be accounted for. But it is reported that the books show that several persons in the employ of the city have had advances on their salaries in various sums, mostly under \$100, and that the list includes both members and officials of the city government.

It should be said here most explicitly that Chamberlain Sandall not only scotches any suggestion of wrongdoing on his own part, but says with the utmost confidence that within a day or two everything will be satisfactorily explained. The chamberlain's reputation for honesty has never been questioned in the slightest degree, and the Telegraph, in speaking of the examination now proceeding, must warn all of its readers against drawing any conclusions in the premises which might in any way reflect on Mr. Sandall.

Mr. Sandall is under bond in two amounts, \$15,000 as chamberlain of the city, and \$10,000 as an individual. It was decided in order to comply with the regulations of the guarantee company that they should be notified of the audit, and, however, that the city will have to fall back on the company.

The system of audit, which has been in operation for many years, involves considerable delay before the reports of the auditors are submitted. The audit on the accounts for the year 1906 has only recently been completed. David Willet, an accurate check on the financial transactions of the current year is available. The board decided in the interest of all parties that an audit up to date was most desirable. R. A. MacIntyre, of Halifax, has since been communicated with and will arrive tomorrow to undertake the examination.

Chamberlain Makes Statement.

A Telegraph representative called Sunday on the chamberlain and after a reference to the current rumors asked him for a statement of the situation from his own standpoint. He was most reluctant to speak at this stage of the proceedings, the chamberlain finally said: "I am not at liberty to discuss the matter, as it is entirely in the hands of the audit committee. As far as I am concerned I am prepared to go into all details which may require explanation or adjustment at the monthly meeting of the council. I have no doubt with satisfactory results."

On Friday last the treasury board was in session behind closed doors from 3 p. m. till after 6 o'clock and had before them the results of the snap audit. The matter was further discussed at a private meeting Saturday morning. As a precaution measure it was decided that the chamberlain should be temporarily suspended, a course to which Mr. Sandall readily consented. David Willet, was placed in charge of the cash, the combination on the safe was changed and the bank of New Brunswick was notified that for the time being Mr. Sandall's authority to sign checks was cancelled.

The report of the auditors would, in the ordinary course, have been submitted at the monthly meeting of the council today. The meeting has been postponed until Wednesday in order to give time for the treasury board to complete the routine work, and also the most satisfactory arrangement under the circumstances.

Snap Audit Taken Friday.

It is supposed that it was either because of something in the auditor's report or from something which he had heard that Ald. Bullock, the chairman of the audit board, decided to have the snap audit taken Friday morning. That audit apparently disclosed several puzzling features. It seemed to show from the examination that a large amount of money paid to the city early in January did not appear in the books until nearly a month later and that even when it appeared on the books it did not seem to have been present or in the bank account. This may well be susceptible of some proper explanation when a new detailed audit has been completed.

Another question was raised because on the last day of the year the books indicated a large amount of money had been received by the city which amount apparently was not placed to the credit account in the bank. It was said with regard to some of these items that the apparent shortage, or at least \$5,500 of it, could be accounted for by the fact that this amount had been set aside to pay the award of the arbitrators in connection with the Gordon and Sleeth-Quinlan lease, but it was shown subsequently that the person who received this money to tender to the last side property owners had returned it upon their refusal to accept the amount of the award and had received the receipt which he originally gave the city.

TWO HURT IN A WILD RUNAWAY

Mrs. Tilley Gaunce of Fairville and William Richards Injured

CHIEF CLARK'S NERVE ATTEMPT AT RESCUE

Richards Knocked Unconscious in Trying to Help Woman in Carriage Hauled by Runaway—She Was Finally Thrown Out and Had Rib Broken—Many Streets Covered in Wild Dash.

The central part of the city was aroused by a sensational runaway on Saturday evening when two people were considerably injured, while a number had narrow escapes.

Mrs. Tilley Gaunce, of Fairville, wife of the owner of the horse, had her head cut and a rib broken, while William Richards, a colored barber, was knocked unconscious in an effort to stop the horse. Chief of Police Clark also narrowly escaped injury, as he made a nerve-racking attempt to curb the frightened animal.

While Edward Revere was driving along the Marsh road Wednesday night he collided with a team and was thrown out. His shoulder was dislocated and his head and face badly cut.

Seven burial permits were issued last week by the board of health, as follows: Inanition, nephritis, accident, bronchitis, tubercularis, acute nephritis, cirrhosis (hepatic), one each.

BANQUET TO MR. HAZEN WILL BE DECEMBER 4

Opposition Leader Accepts Testimonial—Will Be in Keith's Assembly Rooms.

The banquet to be tendered J. D. Hazen, K. C., leader of the local opposition, will be given in the assembly rooms of Keith's theatre on Wednesday, Dec. 4.

At a recent meeting of the supporters of the local opposition held in this city, it was unanimously decided to tender Mr. Hazen this mark of appreciation and a testimonial was appointed to be prepared by a committee of seven members, waited on Mr. Hazen and formally asked him to accept the proposed banquet as a mark of the loyalty and esteem which was felt for him as the leader of the party.

Mr. Hazen gratefully replied expressing his pleasure in accepting the committee's proposal. Among those who will be present will be the members of the local opposition in the New Brunswick legislature and all the candidates who have been nominated in the interests of the party in the various constituencies. Supporters of Mr. Hazen from both the federal and provincial camps were in attendance. The banquet is being looked forward to with much pleasant anticipation.

HAVE PLAN FOR TEACHERS' PENSIONS PREPARED

Will Likely Be Submitted to Next Meeting of the Association.

For some time past a committee of the city school teachers' association has been at work devising a scheme for the administration of teachers' pensions. They have now finished their labors and will submit the result to the association at its meeting, but meanwhile it is not given out.

In the meantime the chairman of the committee will place a list of the names of the province to ascertain their opinion on the subject. Should the vote of the meeting be favorable to the scheme, a meeting of the executive of the New Brunswick Teachers' Association will be called soon after when means will be devised by the master to the attention of the government.

MANY MOURN FOR LATE HARVEY GRAHAM

New Glasgow, N. S., Nov. 2.—Seldom, if ever, has such a concourse of people been gathered in New Glasgow as witnessed today in the funeral service held in the home, and was conducted by Rev. Messrs. Forbes and Rogers, of New Glasgow, assisted by Rev. Mr. Murray, of Halifax. Many employees of the Nova Scotia Steel Works, who were called in the morning, accompanied by R. E. Harris and George Stairs, of the board of directors. A carriage overflowed with mourning friends from all over the province. The pall-bearers were being friends and fellow workers, in church or state, who had been deceased. They were Thomas Gantley, G. Forest McKay, R. E. Chambers, A. C. Thompson, J. Howard (Cavanagh) and James C. McCreary.

Following the morning relatives came the delegates attending the maritime convention of the Y. M. C. A., then followed citizens and representatives of province, town and county. In the number were Premier Murray, of Halifax; A. Johnson, M. P., and Alex. Dick, of Sydney; A. C. Rose, M. P., of North Sydney; and E. M. McDonald, M. P., of Pictou. Thoughtful merchants had the blinds of their stores drawn while the cortege wended its way to the burial ground.

New Rotary Mills.

Owing to the unsatisfactory condition of the lumber market the number of rotary mills being established this winter is not nearly so large as usual. Among those who have brought out, however, is the enterprising firm of Donald Fraser & Sons, of Fredericton, who have ordered from E. Leonard & Sons, of this city, a complete milling outfit, including lath machines, engine and boiler, etc. The outfit has been shipped to Plaster Rock and operations will begin soon.

John T. & A. S. Mackay, of Nova Scotia, have also purchased a rotary from Messrs. E. Leonard and will operate in Colchester county.

The new cornmeal mill of Ford & Darling, New Brunswick, is also being fitted with Leonard boiler and engines.

The Evangelical Rescue Home is being wired for the electric lights by Frank E. Jones.

The customs receipts for October were \$103,929.75, as against \$116,944.49 for October, 1906.

The inland revenue receipts here for October were \$29,899.84, a decrease of \$2,590.75 as compared with October, 1906.

L. G. Crosby is loading the schooners Helen E. Kenney, Lady of Avon, and Jessie Lena with lumber here for the West Indies.

Mahone congregation is extending a unanimous and hearty call to the Rev. J. A. Macdonald, Harvey Station (N. B.), Presbyterian minister.

Nomination day for the St. John county election will be held on Friday. It is now assumed that Hon. H. A. McKeown will be returned unopposed.

Twenty-five cars of flour consigned to one of the winter port steamers arrived in the yard at Bay Shore Friday and were unloaded in the C. P. R. shed.

While Edward Revere was driving along the Marsh road Wednesday night he collided with a team and was thrown out. His shoulder was dislocated and his head and face badly cut.

Seven burial permits were issued last week by the board of health, as follows: Inanition, nephritis, accident, bronchitis, tubercularis, acute nephritis, cirrhosis (hepatic), one each.

A letter received in the city Friday from the Rev. William M. Duke to the effect that a good many farmers in that section had had their potatoes frozen in the ground. Many of the late apples have been frozen on the trees.

Mr. W. S. Carter, of Elliot Row, received a telegram Sunday from Brandon, Manitoba, that his cousin, Hon. Stanley Melniss, provincial secretary and minister of education in the Roblin government, was in a critical state, following an operation for appendicitis.

Wednesday evening his parishioners in Shelburne attended to Rev. William M. Duke, on the eve of his departure, a well fitted purse. The presentation was made by R. A. Logan and the addresses read by R. McDonald and Dr. L. E. Robb.

At the monthly meeting of the slaughter house commissioners Friday afternoon the inspector gave out the following figures for the month: John E. McDonald, 255 sheep, 75 calves; Kano & McGrath, 218 sheep, 88 sheep, 12 calves; M. J. Collins, 10 cattle, 8 sheep; 17 calves.

Dr. E. Stone Higgins has donated to the Natural History Society an iron fork made more than a century ago at York County (N. B.), and was valued at \$100. The fork was given to him by the French cannon ball which he found recently.

The salmon stripping at the Little River pond will be completed this week. The work is going on very favorably and the work has progressed well. Though no figures have been given out, it is understood that the fish are considerably better than last year, and the fish are reported in good condition.

Jarvis Arnold, who has been 19 years with Manchester Robertson Allison, Ltd., severed his connection with the house yesterday to go with John Taylor & Co. to the same firm. He was a very energetic, with headquarters here. The young men of his department proposed to him a traveling bag. Mr. Arnold's friends will wish him much success.

It has been stated that Rev. M. O'Brien of the cathedral parish was to go to Fredericton, N. B., to attend the annual conference to Rev. F. L. Carney there. This, however, is authoritatively denied. Father Carney is going to New York to spend three weeks because of the illness of his brother, and during his absence, Father MacLaughlin, of Milltown (N. B.), will be in charge of Fredericton parish.

George Appleby, son of Mrs. Fannie L. Appleby, of Waterloo street, has recently severed his connection with the Boston stage manager for J. J. Flynn, a Boston opera promoter, and is now acting in a like capacity with the Atlantic Telephone & Telegraph Co. in New England and the middle western States. He also has an important character in the piece.

A number of the city laborers, who are employed in sewerage work, expressed dissatisfaction on receiving their pay envelopes Friday. The reason for this is that some of those recently hired, as well as some of the regular hands, received \$1.79 a day while the ones complaining were paid only \$1.50. They claim that the class of work in which they are engaged justifies equal treatment with the rest.

Sunday was the day on which it was announced that the price of milk in St. John would be advanced to eight cents a quart. One supplier said yesterday that the new rate would go into force among milkmen's customers, but it would likely be a week before storekeepers would ask the advance. All interested are evidently not agreed on the price and to quote one milkman "some are even selling for six cents a quart."

Leslie Snowden, of 116 Mill street, was injured Saturday morning by the collapse of a milk wagon he was driving, the property of Thomas Robinson. When near the corner of Elliott row and Pitt street, the axle broke and the wagon turned over, with Snowden underneath. He could not get out and his cries brought a milkman to his help. The ambulance was summoned and Snowden taken to his home. His face was badly cut and he was considerably bruised. Dr. Roberts attended him.

Schooner With Gasoline Engines.
The equipment of the schooner Francis with powerful gasoline engines has been completed by E. Leonard & Sons, and the Francis has left on her first trip to Bridgetown (N. S.). The Francis was built in Bridgetown and is owned by J. H. Longmire & Son of that place. She is 63 tons burden, 70 feet in length, and draws eleven feet of water when unloaded. Her equipment of engines, however, outpaces anything ever attempted in St. John before. Two 3-cylinder Smalley engines giving 91 horse power, were installed with a special generating dynamo. The Francis will trade regularly between St. John and Bridgetown.

LETTERS TO THE EDITOR

(The opinions of correspondents are not necessarily those of the Telegraph. This newspaper does not undertake to publish all letters received. Distinct communications will not be noticed. Write on one side of the paper only. Communications must be plainly written; otherwise they will be returned. Stamps should accompany all letters of manuscript if desired in case it is not used. The name and address of the writer should be given and every letter should be evidence of good faith.—Ed. Telegraph.)

SURVEYORS OF LUMBER

To the Editor of the Telegraph:
Sir,—Kindly print in your next issue the names of surveyors of lumber qualified to measure and survey lumber, etc., in the jurisdiction of the city of St. John; also the surveyors who have jurisdiction in the city and county of St. John, but no jurisdiction in the city of St. John.

Yours truly,
ALEXIS.
St. John, Nov. 2, 1907.

SURVEYORS OF LUMBER

To the Editor of the Telegraph:
The names of persons who have taken out warrants for surveying and measuring lumber in the city of St. John in the present year are:

Samuel K. Wilson, Jordan K. Jones, Comly Robertson, George W. Carleton, Herbert J. McLean, William J. Urquhart, Edward H. Eagles, Thomas Hayes.

The names of persons who have taken out warrants for surveying and measuring lumber in the city and county of St. John are:

George F. Gilchrist, A. S. Osborne, Joseph P. Whitney, Moses Cowan, Geo. Bowd, Alex. B. Holly, James Holly & W. Taylor, James O. Brown, George R. Johnson, John Moore.

The recorder gave an opinion some years ago that surveyors holding warrants in the county had no jurisdiction in the city.
