The Premier of Canada, in the course From Black River to Tynemouth (or te of his tour through Ontario, has been developing the Government's policy on certain subjects, and among them the farmed district, and the houses along the course they propose to pursue in refer- way are comfortable in appearance and ence to the manufacturing interest. In neat in surroundings. Near Black Rive is a large house formerly occupied by Mr Hawks, but since his removal it has been his speech at Chatham he said :--

his speech at Chatham he said :--The Government was in favor of fivo-dental protection. (Cheers.) In order to secure that, however, it was necessary that the manufacturer on the one hand and the farmers on the other should agree The manufacturer must be willing to have a duty upon coal or other articles of that kind if he expected in turn a duty upon foreign manufactures; while the farmer must not grumble that these latter duits should be imposed if he wished to derive benefit from protective legislation. Both of them must support the present Govern-ment that adopted "i indicating instead of George Brown and Mackenzie who went in for what was known as rabid free trade. Free trade was all very well as sh abstract theory. Until the world generally actheory. Until the world generally ac-knowledged and adopted it, every country must lock to its own interests. It was he-cessary that in this country a policy of our own should be adopted, and, as far as prize for the horse making the best time such questions were concerned, his doe, such questions were concerned, his doe, trine was "Canada for the Canadians." (Loud and continued cheering.) If the (Loud and continued cheering.) If the Americans choose to put duties upon arti-cles of Canadian production, there was no THE ENGLIS THE ENGLISH CHURCH

terest to do so, should not put duties upon looking edifice, but 13 only opened for ser

ing for 34 years and generally lays a new Ship-Building in St. John and Portkeel each season. The last vessel built by land. Personal bim, a ship of 1,450 tons, was launched in The new steamer "Albert," schooner

IN HILLYARD'S YARD

August last, and with many others built rig, is lying at Rankine's wharf, Lower Hotel. by him, is largely owned by himself and Cove. She measures 90 feet keel, 28 feet Common Council. his Sons. In connection with this yard is beam, 8 feet hold. Her engine is an upa two storey building, 80 feet in length, right-surface condensing engine, cylinder the Council Chamber to morrow, Wednesused for a model room and oakum ware-28 inches diameter, 20 inches stroke. She bouse. In one apartment of this building is furnished with a steam wench on dock The Fish Market. 3 boys are kept constantly at work prepairing oakum for the caulkers. Farther up the creek is a Saw Mill, worked by a Turbine water wheel and used

ntirely in sawing ship lumber. It has a about 300 tons, carpenters measurement, this fine fish,-and nothing else. gang of 7 saws; it cost \$6,000 and keeps and is to run between St. John, Monoton, from 6 to 10 men at work. and the port of Albert County. They ex-Before leaving the yard, some mention pect to have her ready to run in about one should be made of the praiseworthy spirit

month. shown by Mr. Parker in deepening and IN SCAMMELL BROS. YARD, widening the channel of the Creek at much Portland, the keel of a new bark is laid. She will measure 137 feet 6 inches keel, 30 Foreign ports. expense to himself. By two ingeniously contrived piers he has widened the channel some 50 or 60 feet; so that schooners register 600 tons. She is under inspection and other vessels can safely sail up and

down the creek; strong posts being set around the bar to assist in keeping the man. There are 20 men employed on her. ressels from grounding. A cluster of cut This firm has launched two new vessels tages opposite the ship yard marks since 1st January. THE SITE OF A SETTLEMENT

now deserted but which formerly consisted there are two new ships being built. The of some 70 families, engaged in fishing first measures 180 feet keel, breadth 38 feet, herring, cod and salmon. This year, how-depth 24 feet, lentgh over all 194 feet, and ver, the low price of fish in foreign mar will draw, when light, about 10 feet of kets to which they were before exported. water. She is built of pitch pine, spruce has caused the enterprise to be aban

and tamarac. She will register about 1300 tons, and belongs to Mr. Hilyard and beauties of Tynemouth Creek, with its white tree surrounded villas, its rocky bluffs on the sea, its fertile farms and for baeadth 40 feet, depth 26 feet, length over est hills inland, one should have the good all 210 feet, and will draw, when light, 11 all 210 feet, and will draw, when light, 11 fortune to be acquainted with Mr. Geo. F. Parker, a gentleman abounding in the warmest hospitality and most genial kind ness. Keenly enjoying the beauties of the surrounding country himself, he sparse no surrounding country himself, he spares no both full rigs for foreign ports. This ves trouble in assisting others to become fami el is understood to belong to a Boston liar with them. An introduction to him firm There are 150 to 200 men employed

secures at once a friend, to whom nothing in the shipyard, Joseph Sullivan being s considered a trouble that may be con foreman. ducive to the happiness of his guest. May he and his equally pleasant and hespitable lady long enjoy the good things with which they are surrounded.

Miss Le Clercq at the Academy.

Mr. Lanergan's excellent company did is foreman, and about 20 men are employed ing at the Academy of Music by their ad on her. This is the first vessel that Mr.

mirable performance of "AsYou Like It." IN MR. POMARES' YARD The mise en scene, the music, and the acting were, without exception, all that could a desired. Never were the bewitching qualities of the all-captivating Rosalina exhibited with more grace. vivacity, and r.finement than in Miss Le Clercq's version of the part, as the unqualified delight of a most appreciative audience abundantly tes tified. Her passages of wit with Celia and shore. Fouchstone in the earlier scenes, the fine combination of dignity and tenderness with which she accompanied the gift of the chain to Orlando, her spirited vindication of her father's honor before the usurping duke, her flashes of repartee with Jacques, her description of time's varying paces, ployed. and of the wayward caprices of lovers, in There is in the same locality that famous passage, "Say a day without the ever," etc., her most archly rendered Cuckoo song, her rebuke of the imperious little coquette of a shepherdess, and her fainting scene when Oliver exhibits the blood stained handkerchief, - all there things were simply superb, and took all hearts captive. When we recall the many abominable travesties of the past, tha by Mr. Andrew Ruddock. have been inflicted on the long suffering public by loud talking, saucy swaggerers, An Important Invention. and strikers of attitudes, as unattractive both in appearance and costume as they were boisterous and explosive in their u terances, it enhances tenfold our admira tion and gratitude to the artist for an in terpretation wherein all the delicious rail lery and sparkling effervescences of the character are given, combined with the deepest feeling and the most perfect modesty. Had the great master himself been present, we feel as if he would instinctive ly have grasped the fair performer's hand, and rewarded her effort with a cordial smile of approbation. Miss Rachel Noah was a most intelligent and agreeable Celia, tion fully before the public in a short as she is. indeed, on all occasions. Such devotion and conscientiousness as she uni formly manifests are most creditable to her, and ought to be, and, we doubt not, wil be rewarded with a prosperous career Mr. Fuller gave us a charming, natural version of dear, good old Adam, a charac ter that we fear is fast becoming obsolete in these degenerate days. Bless his old Seven Ages without the usual fuss and feathers of the occasion, and with no ap-peal whatever to the foot lights. He seem if ed really to be under the boughs of Arden forest, and listening to the pleasant prattle, so full of matter, of the sentimental mis anthrope, as his thoughts flowed freely out of his experience, and dropped of their delightful and refreshing it is when actors thus descend from their stilts, and throw away their buskins, and talk so naturally. men at present, although at one time this thus descend from their stilts, and throw
