SATURDAY EVENING, MAR. 29, 1873. Carving Victoria County.

It is very much to be regretted that a najority of the House of Assembly should see a fancied necessity for dividing toria County, thus increasing the cost of local government and necessitating the erection of new public buildings. The principal reason given for the division, the French being in one end of the County and the English in the other, is the best reason in the world for not making the division at all. It is highly esirable that the two races should be blended into one as soon as possible, and the recognition of the principle of separation will do a great deal of harm. The only real reason for this division is the lesire of Mr. Tibbits and his friends to create a pocket constituency for themselves. They fear that the French majority may insist on sending two Frenchmen to the Legislature next session, and

Strict attention paid to Jobbine and the majority of the House has listened REPAIRING. If it was thought impossible to carry on the public business with two Frenchmen from Victoria the House might THE President and Directors of the above named institution, in order to liquidate the liabilities of said building, and to render it worthy of the purposes for which it was intended, as a look to the Legislative Council to reject the bill. Mr. Jones, Mr. Hanington and other members of that body often point with pride to the manner in which that body can rise above mere local considerations, and ephemeral public demands, and we look to it for an example now. The members who voted for the bill did not believe in it and don't want it to become law. It is the most insincere vote 30.000 Dollars in Cash cast this session in the House of Assembly. We can form no idea of the motives of the Government in permitting 1,000 this thing, but suppose they didn't want

1,000 to disoblige a faithful follower like Mr. Tibbits. Profiting by the Death of a Reporter. Mr. Anglin must be one of the hardest workers in the House of Commons. 1,000 He has not only drawn up that gigantic motion of inquiry and written reports and editorials for his paper, but he actually finds time to write little paragraphs to be inserted in the paper as though Ur, about UNE chance in NINE.

Should the enterprise not succeed, the BUSI NESS MANAGERS BIND THEMSELVES to return all monies received from ticket holders.

The other night the reporters left the gallery in a bady, when the West Peterboro's election case debate was at its height, to accompany the remains of Mr. Gregg to the railway station, and our ingenuous journalist and statesman insinuates that they left to avoid listening to a speech from one of his colleagues. Now, a man must be talented to think of making the death of a reporter, and the act of the other reporters in honoring their departed brother's remains, available for furthering his own personal spite and jealousy. Mitchell named a long list of harbors that have no Board of Trade, and the members laughed. One member, Holton, had never heard of the places before. Mr. A. J. Smith would support the measure as he considered the Sessions entirely unfit to make the appointment. Mr. Palmer would support any measure for the improvement of our harbors or mercantile interests. If the Minister succeeded in making an improvement he would deserve the thanks of the country. Mr. Domville was in favor of Harbor Commissions, part of whose members should be chosen by the local Boards of Trade and part appointed by the Government. Mr. I. Burpee thought that cities like St. John should be permitted to control their own harbors, as the local officers knew best what was wanted. The proposed measure would work well in small ports. Mr. McAdam favored the resolution. Several Nova Scotia members spoke in favor of the measure, one of them suggesting that Mr. Mitchell be authorized to hold office for life, as this would be too much power to entrust other men with.

Dear Madam,—In justice to you, and that the afflicted may know the great tenefit derived from the use of your justly Celebrated Dinner Pills, I send you the following statement:—My wife was efflicted with the Dyspepsia for one year, and Files many years, and tried various remedies that were recommended, but nothing did good untill a friend toid her to try your Pills, which she did, and after taking one box found so much relief that she continued to take them for four mouths, and now she is really in as good health as she ever was. And for myself, I had a cough for four years, and constant pain in my breast; I was also troubled with hemorrhage for upwards of nire months. I tried almost everything, but no cure was effected, until I used your Fills, which I have been taking for three months, and I have neither pain nor cough, and enjoy as good health as ever I did, and allow me with due respect to remain Yours, very thankfully,

It was a dull and dismall fit. It was a dull and dismal afternoon,
The ice had melted in the Skating Rink,
And lovers sighed to walk beneath the moon,
And topers paused at Bars to get a drink:
The coffin maker hummed an air, then stood,
And drove a nail deep in the coffin-wood.
