Joseph Simon, 28 Marlboro Street Gets Notice by Wire Today.

Joseph Simon, who is employed at the American Radiator Company, has dropped into a windfall. He is one of three heirs to a fortune estimated at \$163,000,000, which was left by a wealthy uncle who has just died in San Francisco.

Nervy Boy Seventeen Year Old Youth Proves Dangerous With Gun.

MONTREAL, May 19.—Harris Deschamps, aged 17, the runaway son of Isaac Deschamps, a respectable merchant of Belisle, Quebec, was this morning arrested by Inspector McLaughlin, of the detective force.

Business at the City Council Session Last Night.

Ald. Ryerson Insists Upon Having Brock Lane Lighted Up.

The business of the City Council last night was necessarily light. It was light not only because of the unexpected developments in the by-law stage, when a quorum vanished as it were in a moment on the Industrial Realty company's by-law, but because it was light. Two committees presented reports, the Finance and the Fire and Light. The Finance Committee proposes to raise the salary of the City Solicitor, Mr. Henderson and received permission to that effect.

Lively Scenes When Militants See King

Biggest Coup Ever Arranged Will be Staged on Thursday, When Suffragettes Will Endeavor to Have an Interview With King George—Mrs. Pankhurst Will Have a Bodyguard.

[By Special Wire to the Courier] NEW YORK, May 19.—A cable to the Tribune from London says: Lively scenes are promised when the suffragettes make an attempt to see the King on Thursday.

CITY COUNCIL BROKE UP WITH QUORUM MISSING

Industrial Realty Guarantee of Bonds Caused a Misunderstanding Resulting in Retirement of Several Members

Unexpected developments cropped up at the meeting of the City Council last evening whereby a number of aldermen bolted from the Council chamber and left the meeting without a quorum. When asked to return by the Mayor from the lobby, they declined, and the result was that the council adjourned for two weeks, and the meeting broke up.

CITY SOLICITOR TO GET RAISE IN SALARY, IT IS ANNOUNCED

Street Bridge. In other words, Mr. Henderson by his pugnacious qualities before legal tribunals and railway boards has saved Brantford tens of thousands of dollars. His advice has been invaluable and with a council disposed to fight for public rights, it has been held that he is worth more than \$1,500 a year salary. At the next meeting of the Council a by-law to increase his salary will be introduced.

DEFENCE WILL HAVE SURPRISES FOR THE COURT

Becker Case is One of Unusual Interest—Verdict by Next Monday.

[By Special Wire to the Courier] NEW YORK, May 19.—The opening of the defence to-day at the trial of Charles E. Becker, charged with the murder of Herman Rosenthal, promises to furnish some surprises as were sprung by District Attorney Charles S. Whitman, who completed his case against the former police lieutenant yesterday afternoon.

WAS COMMITTED

Sidney Drew Charged With Inciting People to Damage Property.

Teddy Home Roosevelt's Reception Will be a Family Affair.

[By Special Wire to the Courier] NEW YORK, May 19.—Theodore Roosevelt will get home from his South American exploration trip to-day. Agents of the Steamship Aidan, on which Mr. Roosevelt is returning, received wireless word to-day that the steamer would reach quarantine about 3 o'clock.

Rockefeller Fears That His Life Is Unsafe

He Has Doubled Guards Around House and Has Flash Electric Light System Established Throughout His Entire Grounds—His Son Has Installed a Similar System.

[By Special Wire to the Courier] NEW YORK, May 19.—In addition to doubling his guards from four to eight, John D. Rockefeller has had installed about the grounds of Pocantico Hills estate a system of electric lights which he can flash by pressing a button at the head of his bed.

BUSH FIRES ARE AGAIN CAUSING LOT OF DAMAGE

Hot Sun Up North and Probably Railway Carelessness Have Produced Flames Which Spread Rapidly.

[By Special Wire to the Courier] SAULT STE. MARIE, Ont., May 19.—The hot sun and dry weather of the last few days have combined to start the annual crop of bush fires and numerous outbreaks are reported from various sections surrounding the Soo. The nearest one was a blaze in Rosedale Place yesterday which the local fire department was called upon to check.

MAKING CHALLENGE A HOUSE OF REFUGE MAN TRIED TO COMMIT SUICIDE

Worrying About Having to do Some Work, It is Said.

Used a Razor on His Throat But Made a Bad Job.

Richard Smith, aged 56, who was registered at the House of Refuge as an inmate from Mt. Pleasant, endeavored at 7 o'clock this morning to cut off his earthly career by the suicide route. He made a bad job of it, and unless loss of blood proves to undermine him, he will live.

SAYS HUERTA WILL BE DRIVEN OUT OF POWER

Mexican Doctor Who Made His Escape From the Capital.

[By Special Wire to the Courier] VERA CRUZ, May 19.—Dr. Aureliano Urrutia, ex-minister of the interior, declares that he left the capital because he feared assassination, and in the belief that a revolt would shortly occur in the city of Mexico. "I left the capital," he said, "for two reasons. The first was a knowledge of a plot among General Huerta's close political supporters to assassinate me, they saying I knew too much. Second, there has been planned a general revolt of the people and the army. "I would not be surprised to receive now at any minute news of an uprising against Huerta, whom the people and the army are tired of, and of whom the people and the army are determined to rid themselves. I did not want to be in Mexico City when this occurred."

BRITISH GOLF TOURNEY SANDWICH, May 19.—Harold Weber of Toledo, to-day beat J. Remer, of Birkdale, by one up, in the first round of the British amateur golf championship tournament, and thus enters the second round.

Dr. Kippax Has Made a Presentation to Brantford Public Library.

Dr. Kippax has presented to the Public Library, a splendid set of 20th Century medical works. The gift is comprised of twenty volumes, handsomely bound and will form the nucleus of a medical section of the library, which will become very popular with all students of medicine.

MR WHITE MAKES ISSUE CLEAR

In the Dominion House yesterday the Minister of Finance in his usual clear cut manner, classified the situation with reference to the proposed grant to the Canadian Northern Railway. It was Mr. White's exceptional business ability which first brought him into prominence and led him to be entrusted with large financial affairs and his whole course since his occupancy of a seat in the Cabinet has abundantly shown that he is devoting the same thoroughness and acumen to the interests of the people that enabled him to take so prominent a position among financiers when still in the twenties.

He brought the entire issue down to the direct statement of further aid to a receivership and declared the latter to be unthinkable as it would most seriously impair the credit of Canada in the London market. The Government had given a most prolonged, careful and sincere consideration to the whole question, and they had reached the inevitable conclusion that it was their clear duty not alone in the interests of the West, but also of the entire Dominion that the administration must come to the aid of the system.

The Minister emphasized the fact that with the credit of the road restored the deperute stock of the company would again become saleable, and the proceeds available for the liquidation of debts. As to the provision for taking possession in event of a default, he said: "I never saw so effectual a means of entering into possession as has been provided by my hon. friend the Solicitor-General. I take my hat off to him."

A MISTAKEN COURSE

Not long ago in connection with the Greater Brantford movement, a subsidiary company was formed known as the "Industrial Realty Company." Into this some enterprising citizens put their own money, not with the idea of a big money-making scheme, but as a reasonable aid towards what we all so much desire, the further upbuilding of Brantford industrially. In this regard, they sought to have the Ontario Legislature authorize the city to guarantee the bonds of the company. They have already put up one building, which is now rented to the Piano Case Company, and the idea is, with the municipality back of the bonds, to sell them and put up still another factory, and so on. It is stipulated that those concerned can never receive higher than six per cent on their investment, and that this or any less sum must be earned. Mr. W. S. Brewster, M.P.P., worked hard this session at Toronto to get legislative sanction for the enabling measure, and he succeeded. It was the first bill of the kind ever got through the Provincial House, and he and Brantford were warmly congratulated upon the idea involved.

In due course, a by-law was introduced in the council last evening to send the matter to the people, and thereupon enough aldermen dropped out of the room to destroy the quorum and thus make any further civic business impossible. The Courier believes that in taking this course, they made a mistake. If they object to the proposal, they are at liberty to both speak and fight against it, but to block the submission of the issue to the ratepayers, is altogether a different matter. Residents of this city deserve to be trusted in this as well as in other cases.

This "Industrial Realty Company" idea is much, yes very much better than the plan followed in other places. Take Stratford as one illustration. There the city, in order to secure industries, financially commits itself, taking mortgages on concerns and running the attendant risk of failures. Anyone can see how much better is the Brantford plan of a municipality back of a company composed of reputable and efficient business men, who have put up their own cash. The matter certainly warrants further consideration at the hands of the aldermanic board.

HON. MR. COCHRANE HOME ONCE MORE

Hon. Frank Cochrane is back once more at Ottawa, and it is very gratifying to read the announcement that he is both "looking and feeling fine." His whole career has been that of a hard-working and capable man, and both in the Ontario Government as a member of the Cabinet, and later in the larger sphere as Dominion Minister of Railways and Canals, he has never spared himself. So much did this prove to be the case that three months ago he had a physical collapse and was ordered a complete rest. That he has so completely recovered will be a source of general satisfaction. He signaled his return by attendance at his office at 8 o'clock in the morning, his usual hour, and from that on during session he is usually at it until midnight and after.

The Hon. Frank is a man of few words. He believes in work rather than talk, and he seldom addresses the House, and then only in a brief and terse manner. He is deservedly held in the highest esteem at the capital, and well liked by members of both the political parties.

NOTES AND COMMENTS

Oil is a good thing for smoothing troubled waters, but it seems to have the very reverse effect upon the people of Calgary.

The Winnipeg Free Press crop report states that there is little, if any, increase in the acreage, and that general conditions are satisfactory, although rather later than could be desired.

The Toronto Globe pleads with the Liberals not to be "caught napping" in connection with an Ontario election. This idea that in some mysterious way a side in power can spring an election when nobody is looking is always foolish on both sides.

Out of four by-laws passed upon by the ratepayers of Stratford yesterday three were carried, viz., for better street lighting, a garbage incinerator, and a completed agricultural park. The proposal for the expenditure of \$17,250 for additional fire apparatus was defeated. It beats all how so many municipalities fail to keep their resources up to the top-notch with regard to fighting of the greatest destroying agency.

Some Grit papers have waxed quite indignant because certain Conservative papers have expressed surprise that Mr. Nickle, Conservative M.P. for Kingston, should have opposed the excellent Borden Government proposals in connection with the Canadian Northern. What those same Grit papers said when Hon. Mr. Blair left the Cabinet because he could not endorse Laurier's reckless proposals regarding the Grand Trunk Pacific, it would be a shame to repeat.

Birthdays of Note

TUESDAY, MAY NINETEENTH

To-day the Hon. Alexander Mathieson, K.C., premier of Prince Edward Island, completes his fifty-first year.

He is a native of the island, having been born at Brackley Point, and was educated at Prince of Wales College, Charlottetown. He took up the study and practice of law and entered the Legislature in 1900, becoming leader of the Conservative Opposition three years later.

When Premier Palmer resigned in 1911, after having been defeated in two bye-elections, Mr. Mathieson was called on to form a government. He did so and, appealing to the country, was returned to power by a large majority.

Also born to-day:—
Hon. A. W. Azwater, Montreal, born Montreal, 1856.
L. C. Belanger, Sherbrooke, born 1840.

IN THE JUNGLE.
Kangaroo Promoter—Your husband is very well to do, isn't he?
De Monk—Yes, and he is also very hard to do!

CITY COUNCIL BROKE

(Continued from Page 1)

for the by-law wore a look of chagrin.

It Was Peculiar.

The peculiar part of the entire bust up was that it did not seem to have been pre-concerted or pre-arranged. There was no real fight against the by-law and the aldermen just left the chamber as if they were going out to the water tap. The Mayor declared it was school boy stuff, and some of the recalcitrants had bolted only to find themselves in the hole as far as further business for that night was concerned.

Vote on June 25.

"I cannot understand why there should be opposition to a measure going to the people," said His Worship, "as it was proposed that the ratepayers vote on the by-law on June 25. 'I believe in trusting the people all the time in regard to these matters.'"

Explained By-law

Ald. Broadbent outlined the history of the company, which he said was formed by men with a public spirit and not for the purpose of making money. Industries were charged 8 per cent on the money already expended on site and building, to be provided, and the company could only declare a dividend of six per cent, and this had to be earned. Some \$50,000 capital had been paid up, and two new industries were under way already. The Piano Case factory represented \$35,000, and the Niagara Silk Company was anxious to get going. In getting new industries, local capital had to be raised, and the scheme of guaranteeing bonds for which guarantee there was ample security to the city, looked like a good one. The city would hold a first mortgage on the property, but would only guarantee the bonds on 3-4 of the value of the property. The amount of the guarantee was fixed at \$100,000.

Mayor Spence said the by-law would be a good thing if it meant bringing a half dozen new industries here. The scheme was to provide new industries, by locating in Brantford with land and buildings at cost price.

An Objection

Ald. Calbeck pointed out that private individuals would have the handling of the city bond guarantee, and some day the personnel of the company might change. He found no fault with the men at present behind it, but thought that pretty wide powers were distributed under the by-law.

City Safeguarded

Ald. Broadbent insisted that the city was safeguarded by the 25 per cent paid up by the ratepayers. He over-ruled every ill shrewd business man, and very unlikely to guarantee bonds for the benefit of an industry which would fail. At the present time there were two concerns, and each would employ too hands, who desired to locate in Brantford, but the proposed facilities were not at hand for them. The new company proposed to set aside sites near rail-ways to overcome the handicap.

Passed at Toronto

In reply to Ald. Calbeck, Mayor Spence said the private bills committee at Toronto had refused point blank to let Brantford guarantee the bonds of any company, except the Industrial Realty, as the committee, after a whole lot of hard work, had been convinced that the prominent Brantford citizens behind the enterprise were in it not for personal gain but for the city. It required considerable manipulation to get the bill through, and Brantford had gotten something at the hands of the Legislature which scarcely any other municipality could have gotten.

It was at this stage of the discussion that flying coal-tails were noticed "exiting" through the lobby door, and the discovery made that there was no quorum.

Special Meeting

The by-law will be reintroduced at a special meeting of the council which will be called by the Mayor Friday night. It is the intention to put up a fight to get the by-law through for submission to the people and representatives of the Greater Brantford board will probably be present to thoroughly explain the plans of the company. It is felt that some misunderstanding exists as to the nature of the enterprise.

MONEY BACK IF YOU ARE NOT SATISFIED

GIN PILLS ARE GUARANTEED

Every box of GIN PILLS is sold with a positive guarantee money back if they fail to give prompt relief and to effect a cure if properly used.

We know just what GIN PILLS have done for others and will do for you. We know that GIN PILLS have been sold in all parts of Canada for years and to-day are the most popular and most effective kidney remedy in the world.

We know that GIN PILLS will promptly soothe the irritated bladder, relieve congestion of the kidneys, take away the soreness in the back and through the hips, and completely cure Kidney Trouble and Rheumatism. We positively guarantee that GIN PILLS will do this and we pledge ourselves to return your money should GIN PILLS not do all that we claim for them.

Buy GIN PILLS on this guarantee, backed by the largest wholesale drug house in the British Empire. 50c a box—5 for \$2.50—at dealers or from us direct. Sample box free on request. National Drug and Chemical Co., of Canada, Limited, Toronto. 172

Conservative Association of the South Riding of Brant

A meeting of the Conservatives of the South Riding of Brant will be held at Conservative headquarters, corner of Dalhousie and King Streets, in the City of Brantford, in the County of Brant, on Thursday, May 21st, 1914, at 8 p.m., for the purpose of nominating a candidate for the Provincial Legislature of the Province of Ontario.

All Conservatives invited. Only those will be entitled to vote who are duly elected delegates.

W. M. CHARLTON, President.
GOD SAVE THE KING

The ANNUAL MEETING of the Conservative Association of the North Riding of Brant will be held in the Conservative Club Room Paris at 3 o'clock, on Saturday, May 23 for the election of officers and general business.

Nominating Convention

A nominating convention to select a candidate for the Provincial Legislature will be held immediately afterwards. Some members of the Government, together with the local representatives and others, will be present and address the meeting.

Everybody Welcome

GOD SAVE THE KING

The Poet Philosopher

THE RAIN

The clouds are banded up overhead, the thunder rips and roars; the lightning his old Jimpsen's shed, and now the torrent pours. The crazy hens get wet and mad, the ducks rejoice and quack; the patient cow looks pretty sad, and humps her bony back; the hired man, driven from the field, for shelter swiftly hies; old Pluvius can surely wield the faucet when he tries. In half an hour the rain is done, the growing thunder stops, and once again the good old sun is warming up the crops. In half an hour more good is wrought to every human cause, than all our statesmen ever brought by passing helpful laws. Old Pluvius sends down the juice, when he's blown off the foam, and once again high hangs the goose in every happy home. Not all the armies of the earth, nor fleets that sail the main, can bring us prizes which are worth a half hour's honest rain. No prophet, with his tongue or pen, no poet with his lyre, can, like the rain, bring joy to men, or answer their desire. The sunflowers have new lease of life, the johnnie-jumpers jump. Now I must go and help my wife to prime the cistern pump.

WALT MASON.

Press Comment

Profitable Sennambulism.

London Standard.

The death of S. R. Crockett, the novelist, recalls a curious incident in his life.

One morning the postman brought to S. R. Crockett, the novelist, a letter from the editor of the St. James' Gazette containing a small cheque as payment for a contribution. Mr. Crockett knew that nothing was due to him, and that he had been paid for all articles, and—remarkable man—he hid the cheque up in an explanatory note and returned it to the editor.

The next day back came the cheque from the editor—remarkable man—with a note saying it was due. The St. James Gazette had published an article from the pen of Mr. Crockett which had not been paid for hence the cheque. Again Mr. Crockett—remarkable man—returned the cheque, and still the remarkable editor returned it, this time with the article cut out of the columns of the St. James' Gazette.

Now comes the curious feature of the incident. When Mr. Crockett clapped his eyes on the article he was astonished to find it one of his dreams materialized. One night going to bed extra tired, he dreamed that a good idea for a St. James Gazette column had occurred to him, that he then and there sat down, wrote it and posted it. Next morning he remembered his dream and made up his mind some day to write the article exactly as he dreamed he had written it, when, to his astonishment came article and cheque from the newspaper. Few writers earn cheques while asleep.

WATER COMMISSIONERS

Met Yesterday and adopted a Change in order to prevent water Waste.

The Water Commissioners held a meeting in the City Hall yesterday afternoon when tenders for the additions to the pumping station and the new machinery for the building. No awards were made as yet.

Accounts amounting to nearly \$9,000 were passed. The secretary reported that in the opinion of many prominent engineers and first-class plumbers that a shut-off cock should be placed on the water pipes supplying closet tanks, as in the event of the valves going wrong the water could be shut off and prevent a great waste of water and not interfere with the regular supply for domestic purposes.

On motion it was decided to instruct all plumbers in making water connections to place a tap on the pipe leading to the closet tank thereby preventing waste.

City Engineer Jones advised the commissioners that a pavement is to be laid on Park avenue between Dalhousie and Arthur streets, on Dufferin avenue and between St. Paul's avenue and the property of John F. Schultz.

Those present were Chairman, John Fair, A. G. Montgomery and Mayor J. H. Spence.

CHILDISH INTERPRETATION.

The bricklayer was a source of great interest to little Gerie. She had never seen anything like him before. And when he took up his trowel to apply mortar, her excitement knew no bounds.

"Oh, mummy," she cried, "look at that man a-butterin' bricks!"

SALTS IF BACKACHE AND KIDNEYS HURT

Stop Eating Meat for a While if your Bladder is Troubling You.

When you wake up with backache and dull misery in the kidney region it generally means you have been eating too much meat says a well known authority. Meat forms uric acid which overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed and loggy. When your kidneys get sluggish and clog you must relieve them like you relieve your bowels; removing all the body's urinous waste, else you have backache, sick headache, dizzy spells; your stomach sours, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels often get sore, water seals and you are often obliged to seek relief two or three times during the night.

Either consult a good reliable physician at once or get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of kidneys get slugged, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys, also to neutralize acids in the urine so it no longer irritates, thus ending bladder weakness.

Jad Salts is a life saver for regular meat eaters. It is inexpensive, cannot injure and makes a delightful effervescent lithia-water drink.

WELCOMING THE NEXT GOVERNOR-GENERAL

Vancouver Province (Cons.)

The new governor-general will be welcomed by Canadians, both on account of his royal connections and on account of his distinguished career.

Regina Standard (Cons.)

Prince Alexander should fill well the exalted position. Certainly he will be welcome to Canada as all his distinguished predecessors have been.

Stratford Beacon (Lib.)

In wishing Godspeed to the departing governor-general we offer a word of welcome to his successor, Prince Alexander of Teck, a brother of Queen Mary. The Duke of Connaught has set a standard for royal governors that pleases the people.

St. John Globe (Lib.)

The Prince of Teck is one of the best liked members of the British royalty. He comes of a family popular because its members are known to be intelligent, broadminded, public spirited and possessing in a large degree that sympathy with and understanding of the people that is so desirable in a ruler. The intimate relations between the crown and the people established by His Royal Highness the Duke of Connaught, whose sojourn in Canada membership will be further strengthened by the coming of Prince Alexander of Teck, whose works in the

cause of charity and of philanthropy have made him an idol of the English people.

Montreal Herald (Lib.)

The news that H. S. H. Prince Alexander of Teck is to become governor-general of Canada when H. R. H. the Duke of Connaught retires is received in Canada with general satisfaction. This will be the third occasion when the vice-regal position in the Dominion has been filled by one directly connected with the Royal family of the Empire.

Our governors-general have followed the example of the ruling sovereigns for the past three-quarters of a century in Great Britain in being in the fullest sense of the word constitutional rulers. Now that we are to have a brother of Her Majesty Queen Mary and with him as a spouse a cousin of the reigning monarch, all Canada will give them a glad welcome. The fact of H. S. H. having won distinction in South Africa, where the blood of Canadians was shed, gives him an added hold on the affections of our people. His personal charm and youthful energy gave him a popularity in England which is sure to be transferred to Canada.

LOCAL NEWS ITEMS

Will Hold Union Picnic. Arrangements are being made by the First Baptist, Calvary Baptist and Park Baptist churches, to hold a union excursion and picnic to Niagara Falls, July 8th.

St. John's Ambulance. Apropos of the Old Home Week, it is proposed that a St. John's Ambulance Section be raised that at such a time when crowds will predominate and the likelihood of accidents be increased, they could be of inestimable service. Persons interested in this movement should communicate with Mr. W. Jarvis, 40 Curtis Street.

Had Exciting Time. Last night about 10.30 a wagon belonging to a Jew and loaded with scrap iron, came to grief at the corner of Market and Dalhousie Sts. The driver turned the corner too short, and the front wheel hit the curb. The horse did not stop for five or six blocks, but the wagon did. The whiffle-tree was broken and the horse left some of the harness behind it, also its owner. It was nearly an hour before the damage was repaired.

Attempt to Wreck Train. A Hamilton note says: An attempt was made on Saturday morning to wreck the 10.15 T. H. and B. train between Brantford and Hamilton. A tie was noticed by the engineer, lying across the track near Summit, but too late to stop the train, which struck the tie and hurled the piece to the side of the track, and passed on, without any of the passengers being injured. T. H. and B. Detective McDonald later found that the pieces of tie had been removed from the track and hidden in some bushes.

Mission Circle. A mission circle was organized by Mrs. Chrysler Sunday evening, May 17th, 1914, at Marlborough Street Church, with a membership of 15. Hon. President, Mrs. Pettit; president, Mrs. John Greer; 1st vice-pres., Mrs. Joseph Freeborn; 2nd vice-pres., Mrs. White; 3rd vice-pres., Mrs. Easterbrook; rec.-secy, Mrs. Henrick; cor.-secy, Mrs. Telford; treasurer, Mrs. Robert Anderson; Christian stewardship, Mrs. W. H. Freeborn. Mrs. Greer was appointed delegate to Colborne St. March meeting.

The Eagle Gun Club. The following scores were made in a twenty-five bird match at Bellview last Saturday: F. Cook 21; J. Bowden 21; B. Fisher 19; J. Norris 18; W. Doherty 16; R. Lambden 15; W. Scott 15; H. Bowden 13; P. Mather 11; A. Wood 11; H. Wood 11; S. Mayer, 10; I. Cook 9. The members of the club are looking forward to a big day on May 25th. The club house and trap house are now erected and the grounds are in first class condition. It is the intention of the club to hold matches both in the morning and afternoon.

Conservatives!

Subdivision chairmen and all Conservatives of Ward 3 are urgently requested to attend a meeting tonight in the Borden Club rooms. A meeting of subdivision chairmen and Conservatives of Divisions 1, 2 and 3, in Ward 1, will be held to-morrow night.

WAS KILLED IN FACTORY BY ELECTRICITY

Jury Returns Verdict in Death of Terrance Cassidy at Paris. (From our own Correspondent) PARIS, May 19.—The council chambers, was crowded last night when an exhaustive enquiry was held by Crown Attorney Wilkes and Coroner Ashton of Brantford into the death of Terrance Cassidy, 17 year old son of Mr. and Mrs. Frank Cassidy, Paris, who was found dead shortly after starting work in Penman's No. 1 Mill on Thursday morning. The evidence of Percy Hooton, a machinist, who worked in the same room, where deceased had charge of 25 knitting machines, was to this effect: Terrance Cassidy, shortly after work started, drew his attention to a strange smell of burning. Both looked around and detected smoke coming through a small hole in the floor in the south west corner of the mill, from the room below. Deceased stooped down to investigate while Hooton turned back to his work. Within a minute, as deceased did not show up, he (Hooton) returned to the corner, and was surprised to see deceased lying on his back, with his head resting against the steam pipe, and feet stretched out. Thought he was in a fit, and got help. Tried usual means to revive Cassidy, and in the meanwhile Dr. Lovett was phoned for. The conduit containing power wires was in the corner, and not far away from the steam pipe. Dr. Lovett told of being called and tried artificial respiration, but without avail. Was of opinion boy was dead when he (the doctor) was sent for. Organs of body were healthy. Death might have been caused by an electric shock. Could not say what else would cause it. Foreman MacFarlane told of having made a test of the conduit and steam pipes within an hour after death. He placed a 120 volt globe on a copper wire, between the conduit and steam pipe, and globe was shattered. Then he tried a 5-lamp series down to one, but could not even find a spark. Thought that the blow out of the lamp had removed the cause that caused pipe to be charged. Had since grounded the conduit pipe. Dr. Dunton, who made the post-mortem, stated that all organs of the body were healthy. Never had conducted post mortems on persons killed by an electric shock. Was possible for a body to receive a shock and yet not show it. Would venture the opinion that an electric shock would explain the conditions found in body of deceased. Dr. Burt was present at post mortem on deceased. All organs were healthy. Conditions found all pointed to death from an electric shock. A number of other witnesses were heard, but nothing further could be learned, beyond that the boy went to work in an apparently healthy condition, and shortly after was found dead in a corner of the mill where a conduit pipe carrying power wires was situated. Also that the pipes were at that time charged with electricity. Coroner Ashton made the situation exceedingly fair, and conducted the case in an able manner, as also did Crown Attorney Wilkes. For the firm, Mr. H. Landers appeared, while Mr. J. R. Layton looked after the interests of the family. The verdict of the jury was that: "In our opinion, the death of Terrance Cassidy, on May 14th, was caused by his receiving an electric shock." The funeral of the late Terrance Cassidy took place on Sunday afternoon to the Church of the Sacred Heart, and was exceptionally well attended. Father Cassidy conducted the last sad rites that funeral procession was headed by 150 men from the C.M.B.A.. Many who attended, were unable to gain admission to the church owing to the large number present.

Hydro Pay Sheet. The Hydro Electric pay sheet for the last two weeks amounted to \$701.84.

Building Permit Issued. A building permit was issued today to D. F. Campbell, Ross street for a brick cottage to cost \$700.

To Close Earlier. Local furnishing stores have joined together to close earlier each evening. The stores will be closed just shortly after six o'clock instead of 6.50.

Not Wrapped Yet. Mr. Gordon Philip, secretary of the London Board of Trade wants to know if the bakers of this city wrap the bread before delivering it.

Saw Team Defeated. Owner Geo. H. O'Neil of the Erie Yankees was in the city yesterday and saw the Erie squad go down to defeat. He returned to London last night.

Dolan Is Here. Outfielder Dolan, the latest acquisition to the Red Sox arrived in the city today and will take part in to-day's game against Erie.

Are In District Lands. Major Leonard to-day received a letter from his sisters, Mrs. Cameron and Miss Leonard, who are visiting in Benova at present. A number of picture post cards were enclosed.

Dufferin Rifles

Inspection Held Last Night—Regiment Looked in Splendid Form—Other Military Notes

The Dufferin Rifles Regiment paraded last night for the Spring inspection. The unit en masse looked in first class order, as regards equipment and clothing; drab as the service kit is, it can be improved up when pains are taken to touch up the little points, till in soldier parlance, they look "jins" so." The Duffers were in "jins" order last night, and looked their best. Succeeding the call of company markers, the men fell in and were formed into battalion in column and proved by Adjut. Ballachee, who then handed the parade over to Col. Howard. The commanding officer intimated that the next drill parade would be on Tuesday night instead of Monday as has been usual in the present season. Returning from the parade, he was met by the inspecting officer, Major Sweeney, officer in charge of instructional-cadre, and late of Royal Fusiliers, assisted by Major Butcher, R.C.R., and the Brigade Officer, Col. Moore. The battalion was marched outside and in turn by companies they were inspected singly in the hall. Testing the officers and men thoroughly, the inspecting staff brought to light the usual commendable exhibitions and sub-stratum of errors, inseparable from such events. The muster was fairly high, as the following company statements will show: A, 63 non-com's and men, 3 officers, Capt. Colquhoun; B, 34 non-com's and men, 3 officers, Capt. B. Newman; C, 9 non-com's and men, 3 officers, Capt. Shultis; D, 39 non-com's and men, 3 officers, Capt. Hicks; E, 42 non-com's and men, 3 officers, Capt. Newman; F, 29 non-com's and men, 3 officers, Capt. McLean; G, 31 non-com's and men, 3 officers, Capt. Miller; H, 34 non-com's and men, 3 officers, Capt. Cutcliffe; Brass band 32. F. Johnson, B.M.; bugle band, 38. J. T. Mellor, Sergt.; signallers 30. J. S. Dunlop.

After Brantford Girl

A Toronto despatch says: Although at present held on a charge of vagrancy, Herbert Tipping and Frederick Lambe, two young men rooming at 171 Carlton street, may have to face a much more serious charge when they appear in the police court; one of attempting to assist persons to escape from lawful custody. They were arrested early Saturday evening by Constable Skinner in a lane at the rear of the Haven, 320 Seaton street. Many young girls who come into the hands of the police are sent to the Haven. Recently the matron of the Haven has learned that two of the Brantford and Trenton, had been inmates, girls who had been sent from communicating with the young men, whose rooms overlook the institution. Notes had been found in the stockings of the girls, stating that the men would assist them to escape on Saturday evening. The girls were told to keep the appointment. The police were notified, and early Saturday evening Constable Skinner was sent

THREATEN THE MAYOR.

MONTREAL, May 18.—Mayor Martin has received a number of letters containing threats against his life. Most of the letters complain that Mayor Martin is trying to play the role of a boss. The police are investigating. They think the threats are all made by one man, probably one of the unemployed.

FOUR MEN ELECTROCUTED.

MONTREAL, May 18.—Four men were this morning electrocuted at Black Lake, Megantic County. They were Russians and were repairing a power line. One man touched a wire carrying 50,000 volts, and the others were killed trying to pull the man's body off the wire.

BRANTFORD BEAT THE YANKS BY THE SCORE OF EIGHT-TWO

Jumped Right Into the Much Tooted Pennant Contenders From Across the Border and Wailed the Stuffed Horse-hide to All Corners of the Lot--Ump Raley in Wrong Again.

Playing ball like champs, the Red Sox yesterday took the first game of a three-day series from the Erie Yankees, at present leaders of the Canadian League, by the score of 8 to 2. Except for the rotten umpiring of one by the name of Raley, the game was a good exhibition of baseball. That gentleman can take the prize for the rottenest umpire that ever stepped in this league. At that, he was good besides his work in the Hamilton series last week. Either the said Raley is suffering from a bad case of blindness, or else he is a rank amateur, who came here on his nerve. Very bad indeed was his decision on Schaffer at first base. LaCroix whipped the ball to Deneau at first to catch the runner, who had taken a big lead, and the manager caught him cold off the bag. LaCroix started to raise a kick and was promptly banished to the bench for the remainder of the game. Matty Laford was called upon to catch the remainder of the game, and when Gero started to warm up with him, Manager Henrie Smith of the Yanks stepped on the plate and refused to let him continue, whereupon Gero told him to beat it, and when he refused, Henry promptly threw the ball at him. To say the least, Raley's work was very bad. Deneau sent Gero in against the Yanks, and his work was that of mid season form. For eight full innings he had the visitors eating out of his hand. In the ninth session he walked Gygli, nationality unknown, and Schaffer poled a long hit over the right field fence for the circuit. It was a splendid hit, and was really the only healthy wallop the visitors got off Gero. Fitzpatrick was Manager Smith's choice, and for three innings he went fine, and for a time it looked like a pitcher's battle, but in the fourth the Red Sox started to find his delivery easily. Although they went out in order in the fourth, still all the batters hit the ball hard, and only the good fielding of the men behind him saved scores. In the fifth the Sox got to him for three runs, and again in the eighth, with Stark pitching, they added four runs to their list, scoring one in the seventh by way of diversion. Nine good healthy wallops which came when most needed, were gathered off both pitchers. Fitz only allowed five hits during his period of work, but every one of them counted.

plate he had two two-baggers and a sacrifice, besides accepting five chances in the field. One or two of his catches were real classy running stabs, which saved runs. Gaby Ivers improved wonderfully in the field and cut off a two base hit by a wonderful peg to second. He also made a nice running catch of a high fly, Gaby went without a hit all day, but got one walk. The Game. There was nothing doing in the first innings. Harris led off for Erie with a scratch hit to the outfield, but the next three went out. Biddy Burns drew a walk for the Red Sox, but Wagner forced him at second, and Deneau and Ivers went out. Smith opened the second for the Yanks by going out at first. Honeck booted Behan's grounder and was safe, but Witse and McNeal went out. The Red Sox went out in order. After Fitzpatrick had fanned in the third, Harris doubled through first, but Dawson flew out to Sandusky, and Gero took care of Gygli's bouncer, netting him at first. The Red Sox went out in order. Schaffer hit a long liner to centre which Sandusky pulled down out of the clouds by a great running catch and Smith went out at first. Gaby Ivers made a great running catch of Behan's skyscraper near the right field foul line. Not to be outdone by their rivals the Yanks pulled off a few sensational fielding stunts in their half of the fourth. Wagner hit a fast liner to third base and Witse struck out his gloved hand getting the ball in a great play. Schaffer made a great running catch of Deneau's high fly behind third base and Ivers went out at first. The Yankees went out in order in the first of the fifth, but not so the Red Sox. They found Fitzpatrick's offerings to their liking and when the cloud had rolled by three runs were chalked down for Chief Deneau's tribe. Sandusky started the fireworks with a two bagger to right, the ball falling on the foul line. Honeck sacrificed him to third and Roth came through with a single to right through second where Smith was absent and Sandusky scored. Le Croix was hit by a pitched ball and Roth went to second. Gero was passed and the bases were densely populated. Burns sopped to Smith and Wagner drove a fly between left and centre. Dawson got under the ball and dropped it and Roth and LeCroix scored and Deneau forced Wagner at second ending the round with three runs to the good. After Harris flew out to Sandusky, Dawson was passed and Gygli hoisted another to centre. Dawson crossed second when Sandy caught the ball and as a result he was doubled off first, via Wagner. Sandy's catch and peg was a clever exhibition of fast fielding. Fitzpatrick was in trouble again in the sixth. After Ivers had skied out to Schaffer, Sandusky hammered a long bingle to centre over Dawson's head for two bases and went to third on a passed ball. Honeck hit to short and Sandusky was caught at the plate. Honeck was caught stealing a minute later. It was in the seventh that the fireworks started. Schaffer hit between centre and right and Gaby Ivers by fast fielding and a great peg held him at first. Schaffer took a big lead off first and LaCroix whipped the ball to Deneau, but Umpire Raley called him safe. LaCroix started to kick and was promptly banished, although some of the players said more to the umpire than LaCroix. Smith Gero held Erie to three hits for eight innings. Having a lead of 8 to 0, the Yanks got three hits more in the ninth frame. Lamond looked like the Matty of old. He is still a sterling little catcher and better than several first string men in the league. The Erie outfit really looks like a swell team. Yesterday Fitzpatrick was paraded as a pitcher, but the club has better than Fitz. LeCroix, the Red Sox catcher, looked a whole lot better than McNeill of Erie. The latter was drafted from Peterboro last year by Buffalo. Kelly Harris has a specialty in getting on by beating out bunts. He worked it in the first, Gero being unable to get his hands on the ball. Gero got two fine bingles as well as pitching superbly. In the ninth, he was not tired, but careless. He put the ball over the heart of the plate and Erie got three of their six bingles.

What You Don't Read On The Score Boards

Deneau and Ivers went hitless. Watch Hamilton blow up as the pace grows hotter. With fair weather, there will be a game every day this week. Two out of three from Erie should be considered pretty fair picking. Peterboro's defeat at Ottawa keeps the Petes at the bottom of the league. The outfielders of both teams had rather a busy day. It was a real ball game. St. Thomas with Wild Bill Baker pitching, got a victory over Toronto yesterday. Biddy Burns again showed his effectiveness. Biddy can wait 'em out or hit as occasion requires. Umpire Raley did not look as bad yesterday as on his appearance in Hamilton, yet he indeed looked raw enough. Gero held Erie to three hits for eight innings. Having a lead of 8 to 0, the Yanks got three hits more in the ninth frame. Lamond looked like the Matty of old. He is still a sterling little catcher and better than several first string men in the league. The Erie outfit really looks like a swell team. Yesterday Fitzpatrick was paraded as a pitcher, but the club has better than Fitz. LeCroix, the Red Sox catcher, looked a whole lot better than McNeill of Erie. The latter was drafted from Peterboro last year by Buffalo. Kelly Harris has a specialty in getting on by beating out bunts. He worked it in the first, Gero being unable to get his hands on the ball. Gero got two fine bingles as well as pitching superbly. In the ninth, he was not tired, but careless. He put the ball over the heart of the plate and Erie got three of their six bingles.

Table with columns: ERIE, A, R, H, O, A. Rows include Harris, Dawson, Gygli, Shaffer, Smith, Behan, Witse, McNeal, Fitzpatrick, aDunn, Stark, and Totals. BRANTFORD, A, R, H, O, A. Rows include Burns, Wagner, Deneau, Ivers, Sandusky, Honeck, Roth, LaCroix, Lamond, Gero, and Totals. Summary: Stolen bases, Wagner. Sacrifice hits: Burns, Sandusky, Honeck, Dawson. Two base hits: Harris, Sandusky, Burns. Three base hits: Roth. Home run: Schaffer. Hit by pitcher: By Fitzpatrick (LaCroix). Bases on balls: Off Fitzpatrick 3; off Stark 1; off Gero 2. Struck out by Gero 3; by Fitzpatrick 1. By Stark 1. Wild pitch: Fitzpatrick. Passed ball: McNeal. Double play: Sandusky, Wagner and Deneau. Left on bases: Brantford 6, Erie 7. Innings pitched: By Fitzpatrick 7 (runs, 3 hits), Stark 1 4 runs, 4 hits). Umpire, Raley.

Yanks Repulsed

position perfectly. He got on the business end of a double play by making a beautiful catch in deep centre. Roth made a bad peg to Deneau, and drew an error. He made up for it by his timely bingles. How the old boy can pole 'em when they are needed. It did the fans good to see signals flashed and taken up by intelligent players at both ends of the squeeze play. In each instance runs were scored. Shaffer hit to right centre fence, and Gaby Ivers did great work in holding him to a single. Ordinarily when a player hits the fence, he gets two bases. If Pitcher Worfel does not get here to-day he will be suspended. And when he does get here, after all the talk he has created, he had better be a big leaguer. No getting away from it, the Erie bunch were rock sure of easy pitching yesterday. They were disappointed and were sent to bed early by Manager Smith. Ottawa looks like the tough proposition of the league, but then again the Senators had first better hit the road for a prolonged stay. They sure can win in Ottawa. Anytime Gero is right, fans can depend that there will be few bases on balls issued. Gero's strength is in his control. Outside and inside corner balls are his specialty. With third and second base occupied and no one out in the seventh, Gero came across with his best pitching feat of the day. He fanned Behan and retired the next two on easy rollers to himself and there was no score. Hamilton sport writers charged that Rube Deneau's outfit were great front runners. There looked to be something in the charge yesterday, because once the team got a lead they pulled off all sorts of stunts and made Erie look foolish. In fact, Brantford never had a team which could successfully squeeze a man in from third

base and the Red Sox yesterday reminded the fans of the old days when Deneau headed Berlin with Scotty Cameron, Templin and the rest of them. Thus far this year, the Red Sox have not shown a disposition to come from behind, but the season is young yet. Certain members of the gang look as if they can hit, at least they hitting strength it will be a dangerous factor any time. Outfielder Dolan did not report to Brantford yesterday as scheduled, but is expected to-day. Glowing reports of his ability as a clutter have been received at baseball headquarters, and President Nelson says that if reports are true, they will have to move the dyke back into the water several feet. The boys with the punch are those we need. LaCroix has one, in fact he has several splendid features. He can catch runners off bases better than any catcher Red Sox fans have ever seen here. He is better than Matteson, formerly of London. Twice already has Harry done the trick, but umpiring, such as has been dished out spoiled what was really clever work. Yesterday he was banished from the game because he kicked.

SAINTS WON IN THE NINTH FROM THE TORONTO BEAVERS

Both Baker and Schawb Were Wild—London Beat Hamilton—Ottawa Takes Lead by Defeating Peterboro.

ST. THOMAS, May 19.—The Saints won a somewhat loosely played game here yesterday from Toronto by a 5 to 4 score. Baker, pitching for the Saints, was wild, and was continually getting in a hole. Schawb, for the visitors, showed streaks of wildness also. St. Thomas' errors by the infield were costly, and nearly lost the game for the home team. The Saints took the lead in the first but were tied and passed by Toronto in the second and third. The Saints again scored in the sixth and seventh, but were tied in the eighth. A single sacrifice hit, a pass and single gave the Saints the needed run. Doubtless plays by the Saints and a stop of Ott's in the third were the features.

OTTAWA HAD THE BREAKS
Defeated Peterboro Team by the Score of 2 to 0.
PETERBORO, May 19.—The Senators doubled the Blount men after a grand battle yesterday by the score

Football

Paris 5, Wanderers 1.
(From our own correspondent.)
PARIS, May 18.—The largest attendance at a football game here, occurred on Saturday afternoon when the local team tried conclusions with the Wanderers of Brantford. Fully three hundred enthusiasts watched the game, which was warmly contested, although the score was 5 to 1, in favor of Paris at the close. The Wanderers put up a cracking good game, but the fates seemed against them scoring. The first goal was kicked by E. Chaplain for the locals five minutes after play started, and within 15

minutes he scored again, followed shortly by Rhodes, and just before half time Chaplain again found the nets, the first half ending 4 to 0, in favor of Paris. In the second half Chaplain once more put the ball through within 1 minute of play and later Johnson for the Wanderers scored their only goal from a penalty kick. The game throughout was clean and practically free from penalties. The line up was:
Wanderers—Whelan, goal; Johnson and Charlie, backs; Wallace, Little and McDonald, half backs; Hutchings, Mears, Bonner, Dudden and Hayes, forwards.
Paris—G. R. Brier, goal; C. Parker and W. Peberdy, backs; T. Coxall, J. Melvin and G. Becker, half backs; W. Rhodes, J. Eccles E. Chaplain, C. Hall and H. Verity forwards.
Referee Mr. Hollister of Brantford, gave every satisfaction. He knew the game and kept each team down to business. It was a pleasure to watch how he handled the match.

P.S.A. to Meet.
The P. S. A. Football club will hold a meeting in the basement of the Congregational church on Tuesday night instead of Thursday night. Committee men will please note and report at 8 o'clock on Tuesday.
Don't forget Monday, May 25th. The Simcoe United Football club will be in Brantford and will meet the P. S. A. Footballers on the Recreation Park. Come and see this fine show of soccer, all you fans. The time of the kick-off will be made known later.

SERIOUS MATTER
Merchant: "What's the matter with your writing this morning—new pen?"
Bookkeeper: "No, sir."
New ink?
"No, sir."
"What then?"
"Neuralgia."

Young man seeking position as umpire—"Mr. Manager, how about giving me a try-out as an umpire? I was formerly a college professor."
Manager—"Follow me to the grounds."
New Umpire (after first ball pitched) "Positively a strike."
Batter—"Did you say strike?"
New umpire—"Sir, your conception of my vocabulary is accurate to a surprising degree. The sphere was projected in a perfectly horizontal position within the required limits; and what's more, I respect the obnoxious, hateful, odious and reprehensible manner in which you address me, the umpire of this pastime."
Same umpire, the following morning: "Tell me, nurse, did they save any of the women and children?"

CITY SOLICITOR

(Continued from Page 1)

Ald. Hollinrake explained the insurance item in the report. It had been found that several big buildings were under insured and as the result of the finding of a special committee it had been found necessary to recommend increased insurance on several buildings. The extra money was for premiums. In reply to Ald. Ryerson, Ald. Hollinrake said the sum of \$15,000 had been placed on the City Hall instead of \$8,000, as formerly. The fire hall was now insured for \$5,000 instead of \$2,000. The total amount of premiums was over \$500, but the city got a rebate.

Mayor Spence explained that the House of Refuge only had \$13,000. That had been wiped out and an insurance of \$60,000 placed on the building. Ald. Ryerson thought the fire hall was over insured on the building and under insured on the contents. Mayor Spence said that saved of the matter. The fire hall could not be replaced for \$50,000, and the House of Refuge could not be replaced for \$100,000.

Ald. Calbeck wanted to know what raise the City Solicitor was to receive. Ald. Hollinrake said it would be a matter for the Council to decide. During the last year the solicitor had spent almost his whole time in civic interests. In reference to the hospitals, schools, etc., Mayor Spence explained that the insurance matter had been gone into and the different boards would deal with the matter.

New Fire Alarm System.
The committee on Fire and Light reported as follows:
1. That your committee be empowered to purchase, 2 plate pipes and nozzles, 14 Rubber coats, 4 chemicals, 25 batteries, 2 fire alarm circuits No. 2 and 3.
2. That new circuits be installed commencing at the Fire Hall to Wellington street, to Terrace Hill and Sydenham, then looping down over Elgin street to Buck's stove works, then back up Clarence street to Dalhousie, up Dalhousie to the Fire Hall.
3. That new circuits be installed commencing at the Fire Hall to Wellington street up to Albion street, then straight up to James street, from James to Palmerston avenue, then up to St. Paul's avenue, and from St. Paul's avenue up to the Institute for the Blind then back to the Fire Hall taking in the Malleable Iron Works.
4. Your committee ask permission for lights to be placed on Henry St. from Clarence to small bridge, taking in about four lights. On Alice St. from Clarence to a little below The Piano Factory, about 5 lights. On Brock Lane from the street to the Works property as far as The Lake Erie and Northern Railway Tack, about 4 or 5 lights.
5. That the Park Commissioners be requested to put lights in Victoria and Alexandra Park.
6. That Geo. A. Elliott be permitted to erect a gasoline tank for the storage of gasoline on Water street, under the terms of By-law 1053.

A number of communications were ordered filed.
Ald. Ryerson said that every new light asked for, despite the fact that the cost is \$8 apiece, was needed. "Brock Lane, you know Brock Lane, Mr. Mayor" (laughter), "didn't have a light."
Ald. Pitcher thought it would be throwing money away to put more lights in Victoria Park, but Ald. Bragg thought Alexandra Park should have lights as conditions were not good down there, as there had been many complaints made by the police.
Ald. Ryerson said the police had recommended lights in both parks.
Ald. Charlton wanted to know the cost of the new circuits.
Ald. Ryerson replied that 16 lights cost \$8 apiece and if Ald. Charlton used his head he could figure it out. The fire alarm system would cost \$1,000, and the work had been neglected for years. The report was thereupon carried.

Council Notes
Several applications were received for the job of street railway manager. Frank Exelby asked for the job of road roller engineer at 28 cents per hour.
The chairman of the Public Library reported that Hydro was now installed in the building.
It was 8 o'clock before a quorum was secured. The regular hour is 7:30, but Mayor Spence never said a word.
Granville Avenue has a temporary wooden sidewalk put down last fall which is dangerous. So wrote a resident of that locality.
E. P. Watson wrote that the St. Paul's Avenue hill, leading to the

THE RETURN OF TARZAN

By EDGAR RICE BURROUGHS

Copyright 1913 by W. G. Chapman.

He crossed the window which overlooked the street. In a minute

"We are lost now."

there would be enemies below. Already he could hear the mob clambering the stairway to the next quarters—they would be at the door beside him in another instant. He put a foot upon the sill and leaned out, but he did not look down. Above him, within arm's reach, was the low roof of the building. He called to the girl. She came and stood beside him. He put a great arm about her and lifted her across his shoulder.

"Wait here until I reach down for you from above," he said to Abdul. "In the meantime shove everything in the room against that door—it may delay them long enough." Then he stepped to the sill of the narrow window with the girl upon his shoulders. "Hold tight," he cautioned her. A moment later he had clambered to the roof above with the ease and dexterity of an ape. Setting the girl down, he leaped far over the roof's edge, calling softly to Abdul. The youth ran to the window.

"Your hand," whispered Tarzan. The men in the room beyond were battering at the door. With a sudden crash it fell splintering in, and at the same moment Abdul felt himself lifted like a feather on to the roof above. They were not a moment too soon.
—As the three squatted upon the roof above the quarters of the Ouled-Nails they heard the angry cursing of the Arabs in the room beneath. Abdul translated from time to time to Tarzan.

"They are hearing those in the street below now," said Abdul. "For permitting us to escape so easily. Those in the street say that we did not come that way, that we are still within the building and that those above, being too cowardly to attack us, are attempting to deceive them into believing that

"TIZ" FOR ACHING, SORE, TIRED, FEET

"TIZ" for tender, puffed-up, sweaty, calloused feet and Corns.

"All Boys, 'TIZ' the thing!"
People who are forced to stand on their feet all day know what sore, tender, sweaty, burning feet mean. They use "TIZ" and "TIZ" cures their feet right up. It keeps feet in perfect condition. "TIZ" is the only remedy in the world that draws out all the poisonous exudations which puff up the feet and cause tender, sore, tired, aching feet. It instantly stops the pain in corns, callouses and bunions. It's simply glorious. Ah! how comfortable your feet feel after using "TIZ." You'll never limp or draw up your face in pain. Your shoes won't tighten and hurt your feet. Get a 25 cent box of "TIZ" now from any druggist, department or general store. Just think! A whole year's foot comfort for only 25 cents.

SCREAMED WITH THE TERRIBLE PAIN

"Fruit-a-lives" Completely Cured Distressing Kidney Trouble.

ST. THOMAS, ONT., April 1st, 1913. "In 1911, I was laid up with Kidney Trouble and not able to get out of my chair. Had tried many kidney remedies without satisfactory results. The pain was excruciating and my screams could be heard on the street. One day a friend from Ottawa came to see me, and when he found me in such poor health, said he would send me a sample of 'Fruit-a-lives', which he did and I commenced taking them. The results were so apparent with the first few doses that I continued to take 'Fruit-a-lives' and was completely restored to my normal state of health. I would strongly advise anyone suffering with Kidney Trouble to take 'Fruit-a-lives' and cure themselves." CHARLES CALVEY, 505 a box, 6 for \$2.50, trial size, 25c. At all dealers or from Fruit-a-lives Limited, Ottawa.

base and the Red Sox yesterday reminded the fans of the old days when Deneau headed Berlin with Scotty Cameron, Tomplin and the rest of them.
Thus far this year, the Red Sox have not shown a disposition to come from behind, but the season is young yet. Certain members of the gang look as if they can hit, at least they did yesterday. When the club shows hitting strength it will be a dangerous factor any time.

Outfielder Delan did not report to Brantford yesterday as scheduled, but is expected to-day. Glowing reports of his ability as a clouter have been received at baseball headquarters, and President Nelson says that if reports are true, they will have to move the dyke back into the water several feet. The boys with the punch are those we need.

LaCroix has one, in fact he has several splendid features. He can catch runners off bases better than any catcher Red Sox fans have ever seen here. He is better than Matteson, a quarry of London. Twice already has Harry done the trick, but umpiring, such as has been dished out spoiled what was really clever work. Yesterday he was banished from the game because he kicked.

City News Items

THE PROBS.
TORONTO, May 19—The area of high pressure which still covers the great lakes and Middle States, dominates the weather over the eastern half of the continent. The weather is fine and warm from Ontario to the Maritime provinces, while in the west it is unsettled and showers have occurred in Manitoba and Saskatchewan.
Forecasts.
Light winds, fine and warm to-day and on Wednesday.
Give One Hundred.
At a meeting of the associated banks of the city this morning it was decided to give \$100 to the Old Home Week funds.

Wants to Erect Pump.
W. Oliver, 9 Fleet Street, has applied to the City Council to erect a curb gasoline pump at 45 and 47 Dalhousie street to feed automobiles.

Library Closed on Sunday.
The Public Library will be closed on Sundays during the months of June, July and August, and this will take effect the Sunday after next.

Prisoners Taken to Toronto.
Prisoner Gains, the negro, who was sentenced to a term in Central prison and Peter Hill, the Indian, also sentenced to the same place were taken to Toronto to-day on the 1.42 Grand Trunk train.

Poles May Be Erected.
The special committee on poles, at a meeting in the city hall yesterday, decided to recommend to the City Council that the Bell Telephone Company be given permission to erect poles on any street in the city, providing the city may have the free use of the poles.

Wire Cable Broken.
The big wire cable which is used in placing stone on the new post office, broke this morning, and a big block of stone, three or four hundred pounds in weight, was dropped about six feet. Luckily no damage was done as the stone was about to be placed on the steps of the south side entrance to the building.

Big List of Permits.
Building permits were issued to-day to Dr. Hicks, 54 Brant avenue, for a one storey brick addition to cost \$16,000. Fred Chalcraft, 48 Palmerston avenue, for a stone and brick one storey addition to cost \$1,000. Gordon Caudwell, Lorne Crescent, for a two storey brick house to cost \$7,000. Mrs. C. G. Ellis, Chestnut avenue, for a two storey brick dwelling to cost \$6,000. Fred Chalcraft, Lorne Crescent, for a two storey brick house to cost \$5,000. Brantford Realty Co., Alice street, for a brick kiln to cost \$2,000. Mrs. F. Avey, Clarence street, for a frame kitchen to cost \$75. Brantford Roofing Co., for an iron warehouse to cost \$1,000.

Library Extensions.
The extensions to the Public Library will be finished in the rough on or about July 1st. By that time it is expected that all will be completed except the interior decorations. The builders have made good progress and all is now ready for the roof of the structure being placed thereon. The frame for the roof is to-day ready and it is a scene of industrious labor. The alterations will double the ground area besides giving an extra 360 square feet of attic room. The old area was 2560 square feet, and the new area will be 5456 square feet. The extra space will be taken up for stack room and will not alter the frontage of the building in any way.

EMPIRE THEATRE
OUT OF BUSINESS
At Temporarily—Employees Ask Police Department to Get Their Wages.

Sam and George Kovatic, were dismissed on a charge of theft by Magistrate Livingston at the police court this morning. Jack Harpacc, a clerk charged them with stealing five dollars from him. He had gone to sleep after a drunken time and the room had been free to all. There was no conclusive evidence that defendants took the money which complainant alleges was taken from his trousers pockets, and the bench did not convict.

John Longbottom, who was up on a charge of procuring liquor, was allowed his liberty for a week in order that he might settle an old score. R. Wakeling was charged with theft by F. Grobb. He worked at the Massey Harris works and had taken articles which included drills, hammers and files, from the scrap heap. The magistrate wanted to know if it was possible that he could have taken all the articles from the scrap heap, and upon examination he decided that most of the metal was only fit for scrap. Defendant admitted taking the files and said he thought they were no good or would have asked Mr. Grobb for them. The bench decided that there was no intention to steal and defendant would be allowed to go on payment of costs.

Harry Stayley did not answer his name when it was called. There were four charges preferred against him of non-payment of wages, by persons who had been in his employ. Stayley was the erstwhile manager of the Empire Theatre which has ceased business in the theatrical line, and he is, it is alleged, skipped the city, and is said to be owing money in all directions.

SCARED THE GIRLS

Van Westrum Residence Was Scene of Unwelcome Visit This Morning.
—Michael Driscoll of 46 1/2 North James street, Hamilton, is at present in the care of the Brantford police, and to-morrow will be charged with threatening to do grievous bodily harm.
At 10.30 this morning he went to the Van Westrum residence at Langley Park, about a mile outside the city limits, and demanded a sandwich. Upon being told that this was impossible, he grew abusive and withdrew for a moment. In order to pacify him the girl offered him a glass of milk and a piece of bread, and this time he drew a knife and made use of obscene language. The girl was afraid and shouted, and a second girl came from the washhouse and found Driscoll at the foot of the stairs. He again drew his knife, which was of the small pocket variety, when he was only about a yard from the terrified girl. The shouts of the girls had by this time attracted the attention of the men around the place, and Dave Potter, with other aid, succeeded, after a struggle, in wresting the knife from the man, who was then allowed to lie upon the grass under watch until Sergt. Wallace and P.C. Rutherford drove up with the patrol. He was conveyed to the lock-up, and here he again became abusive and swore volubly at the officers. Nothing very dangerous was found in his possession, the knife being taken over by the sergeant.

KNIGHTS COLUMBUS
Messrs. Dr. Stinson and J. E. Quinlan Have Returned From Convention at Ottawa.

Messrs. Dr. S. B. Stinson and J. E. Quinlan of this city, who have been attending the state convention of the Knights of Columbus, held at Ottawa, have returned and report a very successful and enthusiastic convention. The order is growing very rapidly in Canada, and Brantford Council will have the honor of entertaining visiting Knights and conferring degrees for the first time on Victoria Day, the 25th inst. A canvas of the delegates at the convention reveals the fact that a very large gathering of visitors will be on hand Hamilton advise not less than 150, while arrangements have been made with the C.P.R. for a special car to accommodate the Toronto delegation. Niagara Falls, St. Catharines, Buffalo as well as London, Guelph, Berlin, and Stratford will be represented, and the committee find themselves forced to prepare for not less than 350 visitors to our City. This Victoria Day initiation is usually held in Hamilton, but for this year has been transferred to Brantford. Three crack degree teams from outside points will be in charge, and from reports received the committee are satisfied that their work is of a very high order. Messrs. L. A. Chervier, J. L. Callon and J. Mooney of Hamilton, have been in the city assisting in the preparations, and express themselves as well satisfied with the progress made. This initiation will serve to place Brantford on the map as far as the Knights of Columbus are concerned. Every City in Ontario larger than Brantford, and many smaller cities and towns, report flourishing councils, and Brantford has won the last to be gathered into the fold. The candidates class numbers eighty, representing Brantford, Hamilton, Woodstock, Berlin, Cayuga and Niagara Falls.

GROMPTON DISPLAY IS VERY BEAUTIFUL
E. B. Crompton and Co., this week have a most attractive exhibit of the best line of the world can produce, those manufactured by the celebrated firm of John S. Brown and Sons, Belfast Ireland. At the World Exposition, Ghent, Belgium, held last year, the firm produced a Textile class which won world-wide notoriety. After the Exposition the firm decided to split its exhibit up and send it throughout the world for display. To-day Crompton and Co., exhibited an interesting lot of especially beautiful stuff of considerable variety. Some of the highest class exhibits are for sale, but will be so marked when sold, but will not be delivered until the third day of the exhibition. To-day Crompton's store was crowded with admirers and buyers.

An international exposition will be held next year at Milan, Italy, to show the development of marble, granite and stone working throughout the world.
