

WILSON IS RE-ELECTED TO UNITED STATES PRESIDENCY

Assurance Given That Russia Will Protect Roumania From Foes

GERMANY CERTAIN OF VICTORY, DECLARES BETHMANN-HOLLWEG

Hun Chancellor in Address to Reichstag Committee, Lauds "Inexhaustible Heroism" of the German Empire.

By Courier Leased Wire

Amsterdam, via London, Nov. 10.—Chancellor Von Bethmann-Hollweg expressed the conviction that Germany was certain of final victory, in his speech before the Reichstag committee yesterday, according to reports of the session published here. The chancellor is quoted as saying:

"England and France in 1915, guaranteed to Russia territorial rule over Constantinople, the Bosphorus and the western shores of the Dardanelles with its hinterland, while Asia-Minor was to be divided among the members of the Entente. The annexation intentions of our enemies also include Alsace-Lorraine, which the League of Peace is to guarantee them. Such a policy of course, cannot form a basis for an effective peace union. Germany is ready at all times to join a union of the peoples and even to place herself at the head of such a union to restrain a disturber of the peace. Not in the shadow of Prussian militarism did the world live before the war, but in the shadow of a policy of isolation which was to keep Germany down.

"Against this policy, whether it appears diplomatically as an encirclement, militarily as a war of destruction or economically as a world boycott, we, from the beginning, were on the defensive. The German people wage this war as a defensive war for the safety of its national existence. For its free development. We never pretended anything else, never intended anything else. Not otherwise can be explained this display of gigantic forces, this inexhaustible heroism exemplified in all human history.

"The enemy has hitherto wills to war with the calling up of military material and artillery forces from all parts of the world. These efforts harden our resistance to still greater determination. Whatever England's command of strength has its force our will to live. This will is unconquerable and we await the enemy's recognition of this, confident that this recognition must come."

Berlin, Nov. 10.—(By wireless to Saville)—The speech of Chancellor Von Bethmann-Hollweg before the Reichstag main committee yesterday in which he announced Germany's

willingness, under certain conditions to co-operate in efforts to form an international league of peace after the war, was followed by a debate on the chancellor's remarks. In the course of this discussion a member of the Socialist party said that in all countries the idea that there should be an end to war, was gaining ground. The chancellor was correct in stating that the cry for international treaties to prevent recurrence of war would become so strong that eventually it must lead to results.

The speaker said that formerly Germany had attached less importance than France and England to the idea of arbitration. The chancellor had expressed fear that England would form a peace coalition in accordance with the League of Nations. Nevertheless the principle ought to be recognized as right.

It was an important point, the Socialist member continued, that the chancellor never had spoken of the annexation of Belgium as essential. Germany was at war for defense and not for conquest, he said, and it would be of advantage if Germany should take the lead in a coalition for the prevention of war.

Warm Welcome

Russian Forces Are Close On Tchernavoda

Are Now Within Two Miles Of That Stronghold Of the Teuton Forces, And Are Fighting For Bridge Over the Danube--Roumanians Share in Heavy Fighting in Transylvania

Petrograd, Nov. 10.—Via London, 1.14 p.m.—Russian troops are now two miles west of Tchernavoda, fighting for the famous bridge across the Danube, the war office announced today, in its campaign in Dobrudja.

On the Transylvania front the Roumanians have suffered a reverse at the hands of the invading Austro-German forces. They were driven four versts southward in the region west of Buzeu Valley. Roumanian troops undertook an enveloping offensive movement in the direction of Preceal.

Bucharest, Nov. 10.—Via London.—Heavy fighting is under way on the Transylvania front, but no important changes in the military situation are reported in today's announcement from the war office. The statement follows:

"On the Western frontier of Moldavia (northern Roumania) as far as Predelus, the situation is unchanged. In the Praхова Valley, violent fighting is under way all along our left wing. Artillery actions are in progress in the region of Dragoslavia. Fighting continued on the left bank of the Alt. The situation is unchanged in the Jul Valley and at Orsova.

"Along the Danube there was an artillery bombardment. An enemy monitor and two patrol boats, which approached the Ramada bridge at Giurgevo, were obliged to retire as a result of our artillery fire."

Pres. Wilson Retains His Position in White House

California is the Democratic Column But Three Other States are Still Doubtful--Many of the Returns Were Late Because Stage Coaches Had to Plow Through Snow

By Courier Leased Wire

New York, Nov. 10.—Woodrow Wilson was elected president of the United States when California swung definitely into the Democratic column early today.

Three still doubtful. The only states where the result remained in question to-day were Minnesota, New Hampshire and New Mexico, with 13 electoral votes.

Less there is a decided overture to the districts making, Wilson will carry New Mexico. Hughes is leading in Minnesota. The result will not be known in New Hampshire until the official count is completed. West Virginia, which was classed as doubtful until late last night, has gone definitely for Hughes. Unless the vote of California is divided which now seems a possibility, Mr. Wilson is assured of 289 votes in the electoral college, three more than a majority. The President-elect will be inaugurated on January 20, 1917. Mr. Hughes carried both Minnesota with 12 votes and New Hampshire with four, he would have only 259, seven less than enough to elect. Mr. Wilson could lose New Mexico

and three votes from California and still win. The result in Minnesota may be determined by the ballots of 2,135 national guardsmen now on the Mexican border, which will not be counted until the state canvassing board meets on the 11th. Some definite course is being taken in the state gave Hughes a lead of slightly over 700 votes.

Stage Coaches

It was not until stage coaches had come through from communities tucked away in the Sierras or settlements on the arid eastern slopes of the mountains that the result was known. Ordinarily the few votes cast in these remote districts are considered of little moment, but in this history-making presidential year they were of vital importance. They could not be reached by telephone or telegraph and the trails and passes leading to them were choked with snow in many places. There was nothing but a comparatively few votes would do, but wait for the stages and they began coming in last night.

Similar difficulties were encountered in collecting the returns from the wilds of New Mexico and from the far corners of Minnesota. In past campaigns New Mexico's three electoral votes have been considered merely as incidental in swelling the

majority of the winner, but yesterday they might have elected a president. Minnesota was almost as important as California in determining whether Hughes or Wilson had won and the returns from that state came nearly as much jubilation among the Republicans as those from California in the rival camp.

Recounts Expected

That President Wilson's election will not be conceded without a recount in the close states, was the declaration of Republican leaders early today after conferences lasting far into last night. Some definite course of action probably will be decided upon within a few hours. The states in which it was said recourse to judicial proceedings was likely were California, New Hampshire, New Mexico and North Dakota. No formal statement was forthcoming as to what was contemplated, but Chairman William R. Wilcox of the national committee, asserted a recount would be demanded wherever the margin of Democratic was so small that a comparatively few votes would take the position, they said, that there should be no "cloud" upon Mr. Wilson's title to the presidency. Until President Wilson's victory was assured the Democrats also were preparing to demand a recount in the so-called doubtful states.

Parties have already called for a recount in New Hampshire where less than 200 votes seem likely to determine the result. Charges of attempts to tamper with the ballot boxes in North Dakota have been made in several sections of that state and have been laid before the federal district attorney by the United States marshal. Agents of the department of justice have been mobilized at points in other states.

Will Look for Errors

The Republicans contended, it was said unofficially to-day that since the Democrats claimed California by a margin of only approximately 2,000 out of nearly 1,000,000 votes cast, it was apparent there might be errors in the count. The Democrats maintained, on the other hand that no charges of fraud had been made by the state chairman Rowell of the Republicans in connection with the state to Mr. Wilson and that if there had been any basis for them he undoubtedly would have informed the national headquarters of the party in this city.

In a statement made to The Associated Press at San Francisco, the only contention Mr. Rowell made was even a partial victory for Mr. Hughes was that the electoral vote of the state might be split on the official count as it was in 1912 when two votes went to Wilson and 11 to Roosevelt.

Both sides conceded that no matter what action might be taken in regard to a recount there was little likelihood of a contest being carried. (Continued on Page Six)

BALLOTS OF WOMEN VOTERS GAVE WILSON THE ELECTION

Claim Made That Suffrage Granted to Women in Many States Was Cause of President's Re-election

By Courier Leased Wire

New York, Nov. 9.—(Montreal Gazette)—Leaders of the cause of women suffrage yesterday believed that the vote of women in the west had elected President Wilson, and that without these votes, Hughes would have been elected president by a considerable majority in the electoral college.

Of the ninety one electoral votes in states where women voted, 44 went for Wilson, the thirteen votes of California were uncertain, and the twenty-nine votes in Illinois and the five of Oregon were for Hughes.

Correspondents from Arizona, Colorado, Idaho, Kansas, Montana, Nebraska, Nevada, Utah, Washington and Wyoming have reported that the general belief was that the women vote in those states had gone heavily for the president. In Idaho, Kansas, Nevada, Utah, Washington, and Wyoming, states which have a total of thirty one electoral votes—it was believed to be very likely that the majority among the women for Wilson had overthrown a majority among the men for Hughes.

IS SUCCESS OR FAILURE TO BE YOURS? THIS WEEK WILL TELL

Your Friends Will be Disappointed in You if You Lose, For They Have Been Watching You From the Start

It is work that counts most now. This campaign is being conducted differently than any previous event of the kind in Brantford. The big votes come at the first instead of the last. Each week the returns for the smaller contest are accomplished are smaller than the week before.

The biggest remaining vote offers closes this week. Only one day remains to take advantage of it.

Do you think that you have enough votes to win the prize you intended winning when you entered the struggle a few weeks ago?

Your friends have been watching you in this race. Many have been very much interested in your very far. Can you look them in the face and tell them that you have done your best and if you find that you are not the winner of one of the larger prizes say to them that you could not help it?

Don't blame anyone but yourself if you are not the winner of the grand prize. The candidate that wins this beautiful prize has had to travel the same path as you. There have been no favorites in this campaign and whoever the lucky one may be at the end of this campaign to receive the automobile, he or she will have won it honestly and deserve a great deal of credit. This is a long and hard race. Some may drop by the wayside. Others have not done their best. But the ones to stick to the end and come out victorious are the people that have mastered the greatest en-

terprise of its kind that has ever been presented to Brantford. Remember it is the busy people who do things in this world. No dreamer ever gained anything worth while. The dreamer spends his time thinking how easily he can do this or that, and by the time he has made up his mind the easiest way to accomplish a certain thing, the opportunity has gone.

The world likes people that do things—not talk and think about them.

This is the end of the fifth big epoch in the history of the big Daily Courier prize campaign. This is your last chance to receive as many votes as you can. The race is very close and it is up to you to have enough subscriptions by that time to win the prize you aspire to.

Marina Case to be Investigated

By Courier Leased Wire

Washington, Nov. 10.—Germany has informed the American embassy in Berlin that the sinking of the British steamer Marina, on October 28, with the loss of the lives of six American horse-tenders will be thoroughly investigated as soon as submarines operating on that date have reported according to confidential advices received here today from Berlin.

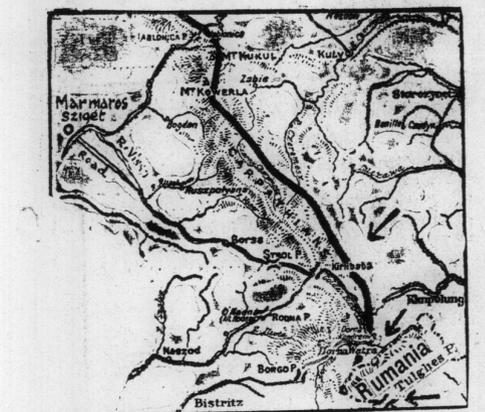

WEATHER BULLETIN.

Toronto, Nov. 10.—A shallow depression situated in Wisconsin, while a pronounced cold wave covers the northwestern portion of the continent. Fair weather prevails generally with wintery conditions in the western provinces.

Forecasts

Winds, increasing to strong breezes and moderate gales, southerly veering to northwesterly, showers this evening and to-night, turning much colder by Saturday, with some light local snow falls or flurries.

THIS MAP SHOWS THE IMPORTANCE OF THE TULGHES PASS.

Only the topmost section of Roumania is shown in this map (lower right corner), but the section includes Tulghes Pass (lowest ar. row), where the Roumanians have driven the invaders back into Hungary. The Russians, barred by the mountains from a direct junction with the Roumanians, are meeting with success in the Dorna Water district (second arrow), via which they could reach the Borgo Pass and join the Roumanians, who are pouring through Tulghes.

ALLIES WILL UNITE IN THE PROTECTION OF ROUMANIA

Russia Will Defend Her Small Ally From Invading Forces of Teutons, Declares General Brussloff

By Courier Leased Wire

London, Nov. 10.—Two optimistic views of the war from the point of view of the allies are given a prominent place in the morning papers. The first is a quotation from the speech made by the Lord Mayor's banquet last night by Field Marshal Viscount French. The Field Marshal said:

"It seems that the contest is approaching a climax, to come either now or in the spring. We must remember, however that a climax and an end are not necessarily the same thing."

The second opinion was expressed by General Alexis Brussloff, speaking to a British correspondent at Russian headquarters. General Brussloff said:

"The war is now to-day. It is merely a question of speculation as to how much longer it will be before the enemy is convinced that their cause is irretrievably lost." The General added that he spoke with authority in declaring that the whole of Russia, from the emperor to the humblest soldier, was determined to protect, help and support Roumania in every possible way.

"Russia will see," he said, "that our brave little ally does not suffer for expounding the cause of the allies."

SIR SAM HUGHES

Is Confident Full Quota Of Men Will be Raised.
If Not Compulsion Will Ensnare.

Lieut-General Sir Sam Hughes told a great audience assembled in Metropolitan Methodist Church last night in honor of more than six thousand Toronto Methodists fighting at the front, that he is perfectly satisfied with the recruiting situation as it is to-day, and that though a process that he termed "education" Canadian manhood will furnish the required number of men to make up the army of half a million called for by Sir Robert Borden. The districts that have not done their duty, he said, have failed because they have not grasped the true significance of the war, and because they have not been educated up to doing their duty.

WHERE THE BRITISH SUBMARINE TORPEDOED GERMAN MAN-O-WAR

This map shows scene of recent naval action in the North Seas, and also locality in which Germans were recently forced to destroy one of their submarines to prevent capture by the enemy.

IF

Michael Angelo lived today and said that a certain printing process reproduced his art better than any other, you'd believe him—because Angelo was the greatest painter of his time.

IF Napoleon had said that a certain cannon was the finest type of artillery, you would also have believed this without question—because Napoleon was the greatest soldier of his time.

IF The world's greatest living artists were to tell you a certain sound-reproducing instrument gave the most accurate and faithful replicas of their voices, you'd believe them too, wouldn't you.

THEY DO!!!

Enrico Caruso says

I am indeed satisfied with my new Victor records. They are magnificent and I congratulate you on the superb reproduction which the Victrola gives them.

Madame Melba says

I wish you to know that I am more than delighted with my new Victor records. They are wonderful and reproduce with that perfection which is only possible with the Victrola.

John McCormack says:

The Victrola alone of all talking instruments achieves a perfect reproduction of the artist's voice. You may be sure of it that I would not have engaged to make Victor Records exclusively till 1916 unless I was entirely satisfied that the instrument reproducing them was the very best.

Louise Homer says

The fidelity with which the quality of tone of each artist is reproduced by Victor Records as if each of the Victrola is almost startling.

Antonio Scotti says

Never had I imagined that a talking machine could give such perfect results as the Victrola.

Victrolas—\$21 to \$400. Victor Records 75c up.

DRUGS EXCITE YOUR KIDNEYS, USE SALTS

If Your Back Is Aching or Bladder Bothers, Drink Lots of Water and Eat Less Meat.

When your kidneys hurt and your back feels sore don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your bowels clean, by flushing them with a mild, harmless salt which removes the body's urinous waste and stimulates them to their normal activity. The function of the kidneys is to filter the blood. In 24 hours they strain from it 500 grams of acid and waste, so we can readily understand the vital importance of keeping the kidneys active.

Drink lots of water—you can't drink too much; also get from any pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys will act fine. This famous salt is made from the acids of grapes and lemon juice, combined with lithia and has been used for generations to clean and stimulate clogged kidneys; also to neutralize the acids in urine so it no longer is a source of irritation, thus ending bladder weakness. Jad Salts is inexpensive, cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep their kidneys clean and active. Try this, also keep up the water drinking, and no doubt you will wonder what becomes of your kidney trouble and backache.

tion to the rest of the Dominion."

Can Raise 500,000
The minister opened by saying that he greatly appreciated the work of the Methodist Church in the great war and that the support of the Churches is a great encouragement. There has been of late, he said, much talk of recruiting falling off, but he was not pessimistic on this account, because Canada had on every occasion since the outbreak of the war risen to the occasion every time. It is just a question of education, he went on. Nobody had ever dreamed after war was declared that Canada would need to send more than her 35,000 men; but the call to-day is for more men and more men. In the year 1895 or 1896 in the House of Commons it was his honor to propose a motion to the effect that it was the duty of Canada to back the Motherland in her wars. No seceder could be found for the resolution and Sir Sam was told that Canada must never enroll herself in the Motherland's wars. "Times have changed," he continued. "They have changed because of the greater aspiration of liberty and humanity that has dawned on the people of the land. I felt that this cause was just and that manhood and womanhood would rise and do its duty without coercion, and they have so far done it. We can raise 500,000 men, but we must educate the women and men of the country to the righteousness of our cause. Then the game will be easy."

Quebec is Law.
"I am disappointed," he said, "that the Province of Quebec and my French-Canadian fellow-countrymen have not done their full duty. But they have never been educated along the lines that we have been in the splendid Province of Ontario. When this great war broke out there were only three first-class regiments in Quebec. Ontario had many fine units and splendidly-trained officers. Ontario had been educated along these lines."

"When on the 22nd of April, 1915, our boys marched off and faced twenty of the enemy to one of their own numbers, they did not quail. They were ready to do and die. They stepped into the breach made when the terrible gases used for the first time in human warfare drove back the colonial French; and our boys held the Germans for three days. They trimmed them although they were but one to ten or twenty or thirty in many points of the line. That was a unique event in the history of the world. The French-Canadians did magnificent service at St. Julien and subsequent fights. But all in all Quebec has not done its duty. My own opinion is that this is due to Quebec's lack of trained officers; but before I form any further opinion I propose to meet my French-Canadian countrymen and to let them thoroughly understand the present situation."

Favors Universal Training
Sir Sam declared amid much applause that he had ever favored the project of universal training in the schools, but owing to the fact that the schools are controlled by their Provincial Governments and the realization of this project is faced by a very great obstacle. He declared that in nine cases out of ten the boys who have had no military training will be better citizens.

KINDLY NOTIFY COURIER

It is the rule of the Militia department that relatives are first notified of casualties at the front by means of the official list is issued from Ottawa. Readers of The Courier will kindly call at the office, or phone when such telegrams are received, so that the information may be known to their friends.

Friday, November 10, 1916.

THE SITUATION.

The Russo-Rumanian continue to forge ahead in the Dobruja. They have recaptured Hirsova, which was set on fire before the Teutons evacuated the place, and are driving Mackensen's troops southward.

Nothing of importance has lately transpired on either the Somme or the Italian fronts.

At the annual banquet of the Lord Mayor of London, the Premier, according to time honored custom, was the principal speaker.

"Let there be no illusion about our enemies. They are great organizers and fine fighters in the field. They are also if not skillful, yet indefatigable workers in the sphere of propaganda, where they have a double motive—to divide the allies and capture neutral opinion."

"Nobody had a greater reason to desire peace than Great Britain, but it would come under one condition—that the terrible sacrifices of the war had not been made in vain."

"Our peace must be such as will build up on sure and stable foundations the security of the weak, the liberties of Europe, and a free future for the world."

And this, be it noted, is the unaltered and unalterable tone of each of the Allies.

COLD STORAGE.

When the above system was developed it was heartily welcomed as a means of keeping surplus produce to be released during lean periods, so that stuff which would otherwise be wasted, could be available the year round.

Recent investigation in Chicago has shown that eight men with plenty of cold storage space at their disposal, have practically cornered the egg supply.

To-day the eggs are fetching forty-five cents a dozen in the city named, so that these manipulators are netting a profit of over one hundred per cent.

None would object to men, able to store up quantities of produce, securing a fair return for their investment and their enterprise, but when the thing partakes of the nature of a bare faced and brazen hold-up, then the authorities should step in.

The thing which to-day naturally makes wage-earners feel that they are paying too much through the nose for table necessities, is the fact that they see in trade and other papers the record of the fact that men and concerns dealing in commodities are piling up the shekels—wheat speculators, egg speculators and others of that ilk.

WILSON WINS.

It has been another case of the tortoise and the hare as far as the recent Presidential election across the line is concerned. Hughes in the first place seemed to have hrested the tape a comparatively easy first, and the New York papers without regard to politics, hailed him as the victor.

As the returns came slowly in from remote states, it became more and more evident that the swing was towards Woodrow. There has been a good deal of comment over the fact that it should have taken so long to reach even an approximate idea of the result. However, it should be remembered that the vast territory

known as the United States has many wild and scattered regions and that stage coaches and other primitive methods of transport still exist in many districts.

What have been the determining factors in Wilson's remarkable success, for it is remarkable in view of the fact that the political trend in the States has always been Republican—only three Democratic Presidents in all its history.

Had the war anything to do with it? To an extent perhaps, in two essentials: (1) Many people were grateful to him for keeping the country out of it, at what expense to national honor they did not seek to enquire. (2) It was generally believed that Hughes was getting the Teuton vote and that incensed a great many no doubt, who did not desire to have any truck with the hyphen outfit.

Wilson doubtless scored to quite an extent in the two respects named, but most decidedly not altogether.

There were also large domestic considerations. His insistence on an eight hour day for the railway men was one factor, and his administration had shown many effective measures, rural credit bill on behalf of farmers, a greatly improved banking law, a new income tax law bearing more heavily on the well-to-do and so on.

No one reason counted most perhaps, and it was probably all combined. At any rate Mr. Wilson has attained, single-handed, to all intents and purposes, a most notable vote of public confidence.

NOTES AND COMMENTS.

Woodrow raised to some purpose. In the matter of letter writing, Mayor Bowly is evidently endeavoring to emulate President Wilson.

The Democrats claim that Wilson captured a majority of the women votes. It was the great Dr. Johnson, who in answer to his Biographer, Boswell, who had criticised a widower for marrying again so soon exclaimed in effect: "Not at all sir. His speedy re-marriage was the greatest compliment he could pay his dead wife. His course demonstrated that she had made him happy in the marriage relationship."

A Court of Honor, appointed by the Montreal City Council, has found that Mayor Martin insulted the City Clerk when he called him "an old dish cloth." The Clerk wants the slur wiped out, but probably not with the alleged cloth.

In Buchanan, N. Y., a young lady punctured a would-be nasher, in three places, with a hat pin. He felt the point and skidded.

Mrs. Wilson will have at least the consolation of know that she didn't do her Fall house cleaning for another woman.

There was intermittent artillery fighting on various sections of the front, and also infantry skirmishing.

A customer, freshly lathered, leaped from a chair in Albert Goin's barber shop in Atlantic City, when Stephen Kelly, who had been shaving him, fell dead.

For the second time in a year fire fast night virtually destroyed the town of Wirt, Ok., in the Healdton oil fields. Fifty buildings were burned with a loss of \$125,000.

St. Louis, Mo., has several doctors accused of selling illegitimate babies at \$5 each.

SMITH-DORRIEN AGAIN IN THE LIMELIGHT. Gen. Sir H. L. Smith-Dorrien inspecting Dulwich College O.T.C. He addressed the boys and deplored the degrading nature of many of the present-day postcards, posters and cinema films. Smith-Dorrien commanded the Canadians in South Africa, and an army corps in France in the earlier part of the present war. He was superseded for some mysterious reason and was announced to have been appointed to command the British forces in German East Africa, but so far as known, has never taken over that command.

Minnesota last year spent \$2,292,000 in road building. Texas ships 1,200,000 turkeys this year to other states. New York's noted old Fulton market is falling into ruins. New York will add a \$100,000 building to its zoological outfit. Copper and zinc claims near Porterville, Cal., were recently sold for \$600,000. Boston has paid out \$125,000 in public funds fighting infantile paralysis. Mrs. Joseph Bickley, Sandusky, O., recently found a daughter lost 17 years.

STORY OF LIFE IN TRENCHES

Is Told By Capt. the Rev. C. E. Jenkins at Wellington Church.

AN APPEAL

For Sending of Comforts to the Soldiers at the Front.

Wellington Street Church was filled last evening practically to capacity, to hear Captain C. E. Jenkins give one of the most interesting and inspiring lectures ever heard in Brantford, on the experiences of the men in the training camps, in the hospitals and in the trenches.

There is each time the story is told a wealth of new material, which keeps the listener spell-bound. Once more the Captain showed how crowd and dogma are lost sight of during the supreme moments at the front and he believes that a new spirit of Christian brotherhood will permeate all denominations, when the conflict is over.

Once more he urged the home people to do their utmost to send cheer and comfort to the brave boys who so richly deserve our best. The various devices worn or carried by the men for safety and comfort, shown by the speaker, were of much interest to his audience, while the slides made vivid many scenes that cannot well be given in words.

The lecture was given under the auspices of the Friendship Mission Circle of Wellington St. Church, and Miss Jackson, as president of the Circle, in a few welcoming words, gracefully introduced the speaker. Mr. Darwin gave an interesting organ number and Mrs. Thomson sang a solo. The Circle will realize a splendid sum from this successful evening.

St. Louis, Mo., has several doctors accused of selling illegitimate babies at \$5 each.

The Royal Loan & Savings Co. 38-40 Market St., Brantford Incorporated 1876. Total Assets \$2,400,000.00. DEBENTURES. CONVALESCENT
Little Vera Armstrong, 8 years old daughter of Mrs. and Mrs. Armstrong, of 566 Colborne St., who had her arm and leg broken while playing in the Workman brickyard on Tuesday, is resting nicely at the hospital and progressing well under the doctor's care.

HOLLOWELL WOUNDED.
The afternoon's official casualty list announced the wounding of Pte. W. Hollowell of this city. Pte. Hollowell was a member of the 84th battalion, being transferred later to the 75th. He is of English nationality, 21 years of age and unmarried, his home being at 5 T. street.

BOARD OF WORKS.
The regular meeting of the Board of Works was held last evening. Considerable routine business was transacted. A denutation was presented from Eagle Place in favor of the proposed storm sewer on Port street. A short trip through the city will be made by the members of the Board on Monday afternoon.

MET WITH ACCIDENT.
An unfortunate accident was experienced shortly before one o'clock by Mr. E. T. McCubbin, a local merchant. Mr. McCubbin was proceeding along Colborne Street, and when nearing Alfred Street, the gasoline in the engine attachment of the wheel on which he was riding became ignited in some way. The flames soon spread to oil on the engine and with the heat of the fire, the gasoline tank burst open. In spite of everything that could be done, the blaze could not be extinguished until the gasoline had burned. The bicycle was badly damaged, but not beyond repair.

I. O. F. MEETING.
The Companion, Court Regina, Number 334, I. O. F., held a meeting in their hall in the Temple building last night, when the election of officers for the ensuing year was conducted. The following officers were elected: Court Deputy, Mrs. Mary Lemon, Court Physician, Dr. W. H. P. Chief Ranger, Mrs. J. Swain; Chief Ranger, Mrs. Harry Pettit; V. G. Chief Ranger, Mrs. Esther Evans; Recording Secretary, Mrs. A. Christie; Financial Secretary, Mrs. Maud Watson; Treasurer, Mrs. L. Lemo; Orator, Mrs. Margaret Smith; Senior Woodward, Mrs. F. Bloodale; Jr., Mrs. Jennie Nolan; Senior Beadle, Mrs. Maud Smith; Junior Beadle, Mrs. F. Jarvis. The next meeting of the court will take the form of a social evening, the proceeds to be devoted to the benevolent fund.

STORY HOUR.
About one hundred children were present yesterday afternoon at the story hour held in the library. Stories were told by two of the pupils, and the innovation proved to be a decided success.

DRAIN WANTED.
Thirty-four citizens, residing in the vicinity of Port and Superior Sts., have presented to the city council a petition requesting that a drain be installed at that corner to remove the storm water from that place.

FATHER DEAD.
A telegram was received to-day by Chief of Police Slemm carrying the intelligence that the father of Mrs. Wilfred Johnston had died in Sault Ste. Marie, Mich. She is requested to come at once to that city. As her whereabouts are unknown to the local authorities, the Chief would be grateful for any information in that regard.

WARNING TO MOTORISTS.
Chief Slemm this morning issued a warning which he states will be the last, to drivers of automobiles and other motor vehicles in the city. In several cases of breach of the Motor Vehicles Act, in evidence mostly for overspeeding. A great deal of laxness in observing the requirements of the speed limit has prevailed recently and the police authorities are determined to strictly enforce the law. Autoists have also neglected to light their tail lights, and this section of the by-law must also be complied with to avoid trouble. The most trouble has been experienced in the congested districts of Colborne, Market and Dalhousie Streets.

NEWS FROM PARIS

Town Makes Appeal To Provincial Government To Retain Land.

Other Items of Interest to All Local Readers.

TO OUR PARIS SUBSCRIBERS. Owing to the recent heavy increase in our subscription list, it has been found impossible, in spite of every effort, to make a perfect distribution of the Courier. The delivery is rapidly being put in perfect order, and the Courier will consider it a favor if those not receiving their paper regularly will, for the present, drop a card to the Business Manager, Courier Office, Brantford.

Paris, Nov. 9.—(From our own correspondent)—An application will be made by the Corporation of the Town of Paris to the Legislative Assembly of Ontario at their next session, asking for an act giving them permission to retain or dispose of a piece of land, just at the back of Mr. M. Walker's residence, as the Corporation may see fit. About 60 years ago this piece of land was willed to the town by the late Robert Roseburgh to be used as a market square. Since that time however, the town has gradually grown in opposite direction and the piece of land outlined is useless. Before it can be disposed of, it will be necessary to revoke the will made, and hence the application which is about to be made.

Engagement Announced.

The engagement is announced of Miss Evelyn Wisdom, eldest daughter of Pte. and Mrs. W. H. Wisdom, of Paris, to Mr. George Stolf, of Syracuse, N.Y. The marriage will take place early in December, at Syracuse, N.Y.

Broke Arm.

Percy Spencer, a young lad, met with a nasty accident the other day. He was coming down the stairs in the local Y.M.C.A. when a companion pushed him, causing him to fall and break his arm.

For 215th The board of directors of the Y.

NO STOMACH PAIN, GAS, INDIGESTION IN FIVE MINUTES

"Pape's Diapepsin" Is the Only Real Stomach Regulator Known.

"Really does" put bad stomachs in order—"really does" overcome indigestion, dyspepsia, gas, heartburn and sourness in five minutes that is just that—makes Pape's Diapepsin the largest selling stomach regulator in the world. If what you eat ferments into stubborn lumps, you belch gas and eructate sour, undigested food and acid; head is dizzy and aches; breath foul; tongue coated; your insides filled with bile and indigestible waste, remember the moment "Pape's Diapepsin" comes in contact with the stomach all such distress vanishes. It's truly astonishing—almost marvellous, and the joy is its harmlessness.

A large fifty-cent case of Pape's Diapepsin will give you a hundred dollars' worth of satisfaction or your druggist hands you your money back. It's worth its weight in gold to men and women who can't get their stomachs regulated. It belongs in your home—should always be kept handy in case of a sick, sour, upset stomach during the day or at night. It's the quickest, surest and most harmless stomach regulator in the world.

M. C. A. have extended the privileges of the building to the men of the 215th battalion, who came to use it when in town, and to any other soldier when visiting here.

The young ladies of Penman's Limited, general office staff have, since the commencement of the war, been doing some splendid work for Patriotic and Red Cross purposes. They have lately formed themselves into an organization and as such will be known as the V.V.V. club.

Red Cross.

The local branch Red Cross Society will make a house to house canvass here to-morrow, for more funds to enable them to meet the daily increasing demands which there are upon this society.

Painful Accident.

Charlie Morgan met with a painful accident while cranking his father's car. The crank flew back, striking his right arm and breaking it in two places.

The Young People's Society in connection with the Congregational Church, held its first meeting for re-organization the other evening, when there was a good attendance. After business matters had been disposed of, those present sat down to a pork and bean supper and enjoyed a social hour. The following officers were elected:

Hon. Pres., Rev. D. A. Armstrong; President—Mr. Wm. Kendrick; Treasurer—Mr. Wm. Shannon; Secretary—Miss E. Hambleton; Conveners of Committees: Devotional, Mr. David Patton; Literary, Mrs. Arthur Skinner; Missionary, Miss Greig; Social, Miss M. Roberts; Honor Rolls.

Next Sunday morning the Honor Rolls containing the names of members and adherents in connection with St. James Church will be unveiled by Rev. Capt. McKegney and Hon. Col. H. Cockshutt. There will be special music for the occasion.

Boys' Conference.

The following boys left to-day to take in the Boys' Conference at Toronto: Austin Duntoo, Stanley Robinson, H. Bonner, Ralph Nichol and Stanley Hilborn. They were accompanied by the Y. M. C. A. Secretary, Rev. D. A. Armstrong.

PRESIDENT WILSON RETAINS POSITION

(Continued from Page One) tives as it was after the Hayes-Tilden campaign in 1876. Legislation enacted in 1887, it was said, made the states sovereign in pronouncing judgment on a recount of the presidential vote.

In three states, however, there were prospects of contests over one or more of the electoral votes. The eligibility of a Democrat elector in Texas has been questioned because he is said to be an office holder and the federal laws prohibit a person holding office from serving as an elector.

Supports Another Man

One of the Democrat electors in Washington died just before election day and the party managers attaching the ballots, substituting another name for his. The legality of this procedure has been questioned by the Republicans. A somewhat similar case has arisen in West Virginia, where one of the Republican electors refused to run and the Republicans resorted to a substitute bearing another name in place of his. Up to the time Republican headquarters here were closed some of the party leaders gathered there refused to concede defeat. They seemed to base their confidence upon the assumption that something might happen in California.

Mr. Hughes was told before he retired for the night that California had gone against him, but he had no comment to make. Mr. Wilson is the only president ever elected with the "solid east" against him. His victory was believed by politicians to presage an alignment for the first time in congress of the west with the south. It was pointed out that while he would not have a "working majority" in the lower house, he would not have to combat a majority inimical to his policies. The news was much speculation to-day among suffragists as to the part played by women in the election. Analysis of their vote was eagerly awaited. While President Wilson lost in Illinois and Oregon, he carried Washington, Idaho, Montana, Wyoming, Utah, Colorado, Arizona, Kansas, Nevada and California, the other ten states in which women voted.

THE DOOR TO HEALTH

Is Through the Rich, Red Blood Dr. Williams' Pink Pills. Actually Make.

The blood is responsible for the health of the body. If it is good, disease cannot exist. If it is bad, the door is shut against good health. Disease is bound to appear in one form or another. One person may be seized with rheumatism or sciatica, another with apasemia, indigestion, heart palpitation, headaches or backaches, unstrung nerves or any of the many other forms of ailment that comes when the blood is weak and watery. There is just one certain, speedy cure—Dr. Williams' Pink Pills. They make new, rich blood, and this good blood strengthens the whole system and brings good health and happiness. Thousands owe their present good health, some, life itself, to the pills.

Miss Evelyn Lambert, St. Jerome, Que., says:—"Last year I seemed gradually to grow weak and run down. I did not sleep well, had a poor appetite, and grew pale and generally languid. I consulted a doctor who told me I was anemic, and gave me a tonic. This I took faithfully for some time, but it did not help me, and I appeared to be growing worse. Finally I was hardly able to go about the house and almost wholly incapacitated for work. While in this condition a friend advised me to try Dr. Williams' Pink Pills, and I got several boxes. It was not long after I began their use when I could see an improvement, which first manifested itself in an improved appetite and better rest at night. From this on the improvement was rapid and I was not long in regaining perfect health. I think Dr. Williams' Pink Pills are a real blessing for all weak girls." You can get these pills through any medicine dealer or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

BALLOTS OF WOMEN

(Continued from page 1) There is no way of checking the women vote in any of these states. It is not a certainty that any of them would have gone for Hughes, had the men alone voted, but the estimates of majorities of women for President Wilson are based on the observation of the apparent popularity with women of the argument that he saved the country from war.

Whether the women swung the west or not, the fact that the west suffrage states were almost unanimous, for Wilson saved the situation for the suffragettes. Before the election they had relied on Illinois to shatter the argument that women ought not to have the vote, because they would vote the same as the men. Pre-election predictions were that the women of Illinois would go for President Wilson by a majority of 150,000. The Republicans admitted that they were very much worried about the way the women would vote and it was this uncertainty which caused the state to be classed as doubtful.

But in Chicago, the only place where the women vote separately and were counted separately, they did the opposite of what was expected. Their votes indicated that where President Wilson's sentiment was strong, it was stronger with the women than with the men, and that where Hughes' sentiment was strong the women gave his greater pluralities than the men did. The total women vote in Chicago was apportioned between candidates in about the same manner as the vote of the men.

Children Cry FOR FLETCHER'S CASTORIA

A CHILD DOESN'T LAUGH AND PLAY IF CONSTIPATED

Mother! Your child isn't naturally cross and peevish. See if tongue is coated; this is a sure sign its little stomach, liver and bowels need a cleansing at once.

When listless, pale, feverish, full of cold, breath bad, throat sore, hoarse, eat, sleep or eat naturally, has stomach-ache, diarrhoea, remember, a gentle liver and bowel cleansing should always be the first treatment given.

Nothing equals "California Syrup of Figs" for children's ills. Give a teaspoonful and in a few hours all the foul waste, sour bile and fermenting food which is clogged in the bowels passes out of the system, and your child is again a happy, playful child again. All children love this harmless, delicious "fruit laxative," and it never fails to effect a "good inside" cleansing. Directions for babies, children of all ages, and grown-ups are plainly on the bottle. Keep it handy in your home. A

WARM WELCOME

Is Accorded to President Wilson.

When He Arrived on a Naval Yacht at Rhinecliff.

Rhinecliff, N.Y., Nov. 10.—The naval yacht Mayflower with President Wilson and Mrs. Wilson on board, on their way to Williamstown, Mass., to attend the christening of Mr. Wilson's grandchild, arrived off Rhinecliff early to-day after an uneventful trip up the Hudson River.

The Mayflower anchored off Rhinecliff before daybreak, but the President did not come ashore until 9:50 o'clock, to take his train for Williamstown.

Throns lined the river bank, many carrying American flags and when the Mayflower's launch, carrying the President and Mrs. Wilson, was seen to put off from the yacht the crowd rushed excitedly toward the landing to greet them, amid enthusiastic cheers.

The President's face was wreathed in smiles. He looked completely happy. He had received by wireless the word that he had been re-elected. He raised his hat and waved it to the crowd as he and Mrs. Wilson set out on foot for the railroad station nearby.

"NOT YET" SAYS CHAS. E. HUGHES

Republicans Have Not Yet Given Up Hope of Victory.

UNOFFICIAL RESULTS Have Been Base of Democrats' Calculations So Far.

By Courier Leased Wire
New York, Nov. 10.—Lawrence Green, secretary to Charles E. Hughes said to-day in response to questions by newspapermen that Mr. Hughes would not to-day send congratulations to President Wilson. "Not yet," said Mr. Green.

Mr. Hughes himself declined to make any comment upon the election results. He rose about 8 o'clock, and after reading the newspapers went for an automobile ride. He was, apparently, in cheerful spirits.

It was expected at his hotel that he would receive a visit during the day from Republican National Chairman Wilcox, and one or two other party leaders, probably after the conference at Republican headquarters, set for the noon hour, on the occasion of a recount of the vote in close states. This matter, it is understood, Mr. Hughes was leaving entirely in the hands of his campaign managers, although before definite action they would consult him to learn his views.

New York, Nov. 10.—Chairman Wilcox refusing to concede the election of President Wilson, said to-night in a formal statement, issued after the conference with other Republican campaign managers, that the result still depends upon the vote of a few close states and that the returns thus far announced in most states are unofficial, and may be changed by the official count.

WINDSOR STREET STATION
It has been said by officials of other roads that the Windsor street station is the best kept of any they have seen, and this is due to the efforts of Mr. Bell, who is the genial superintendent of the building. Certainly, the station proper, the yards, the platform, the tracks, the concourse, the waiting rooms—all bear testimony to the scrupulous care with which they are treated. There is not a scrap of paper to be seen anywhere. The motor trucks have their entrances and exits; but they never trouble the passengers.

The concourse has latterly been entirely re-painted with a color which gives the light all the necessary encouragement. The whole administration of the station and offices is like clock work for precision and order and neatness. The higher officials are much interested in seeing that all is in apple pie order in a station which speaks the work or advance and provides for the future.

Past Baseball Season Saw Two Records Made

Feature and Freak Plays Were Plentiful in Major Leagues During 1916—Summary of the Season's Showings.

Two major and world records were created during the 1916 season, one by the Yankees when they flashed a triple play against St. Louis, which resulted from a grounder, for, rare as triple plays are, they mostly occur on line drives. Pitcher Nabors, of Philadelphia established the other record by losing his last twenty games pitched. The schedule saved him from further losses.

WITH THE ALLIES IN MACE- DONIA. Picture shows a French Senegales, marching along a dusty road with his equipment on his head, jungle fashion.

Dave Davenport are tied with 9 straight victories for the best record in consecutive games won by pitchers, and Foster's string was unbroken at the end of the season.

White Sox Need Third Baseman

Chicago, Nov. 10.—Chicago fans although they believe Clarence Rowland has the greatest collection of individual stars in baseball, are hoping that still another will be landed this winter.

Send Gifts to Soldiers Now Abroad at the Front

Instructions Given How to Post and Address Parcels To Be Shipped to the Soldiers Overseas.

If you wish to send a Christmas gift to your soldier on the continent or in camp or hospital in England, do it NOW! This is the dictum of the post office authorities, and is based on the belief that the sending of a Christmas gift naturally desires the person to whom it is sent to receive it before, on, or very shortly after Christmas Day. And now is the time to send.

Already the postoffice authorities are in the midst of the Christmas rush for the soldiers of the Canadian expeditionary force. Christmas parcels for the soldiers sent from the Montreal office alone already run about 20,000 per week. This will be many more than this very shortly. It is estimated that every soldier will receive at least one Christmas parcel. Many will receive a dozen, and some a score. That means that the grand total will be away up in the hundreds of thousands.

That is why the wise Santa Claus will mail his Christmas gifts to the trenches or to the training camp early. If it is destined to the trenches, the earlier the better, but even to the camp in England, the element of time must be considered. For after all, heavy as the volume of

Christmas packages from Canada will be, it is but one item in the tremendous mass of Christmas mail sent from all parts of the Empire to the men in Khaki in Europe.

Many Sending.
Australia, New Zealand, India, South Africa—these and many more have sons fighting for Britain and themselves. In addition to these contingents, one must consider the immense number of English soldiers at the front, all of whom may reasonably expect to receive tokens of Yuletide from their relatives and friends at home. So great as may be the congestion of mail from overseas, the congestion of cross-channel mail will be vastly greater.

There have been modifications of the arrangements for sending packages to men at the front since last year, due to the restrictions of the French parcel post. That is, for packages destined for men on the continent, the French regulations must be observed. For presents to men still in England the old regulations, of course, still prevail.

So, if a parcel is being mailed to a friend in the trenches seven pounds must be the limit. There are two tariffs. On parcels up to three pounds, or fraction thereof, the rate is 24 cents. On parcels, weighing from three to seven pounds, the rate is 32 cents.

The rate for parcels addressed to soldiers still in England is 12 cents a pound, and the limit is 11 pounds.

Correct Addresses.
The following is the correct method of addressing mail to soldiers:
a. Regimental number.
b. Rank.
c. Name.
d. Squadron, battery or company.
e. Battalion, regiment or other unit, staff appointment or department.

f. Canadian contingent.
g. British Expeditionary Force.
h. Army Postoffice, London, Eng.

The Tabernacle in Boston, in which the Rev. "Billy" Sunday will conduct a ten weeks' evangelistic campaign, beginning next Sunday, was dedicated yesterday. A chorus of 3,000 voices sang. The building has a seating capacity of 13,000, and for 5,000 more standing. It cost \$40,000.

SUNDAY SCHOOL.

Lesson VII.—Fourth Quarter, For Nov. 12, 1916.

THE INTERNATIONAL SERIES.

Text of the Lesson, Rom. xiv. 13, to xv. 3.—Memory Verse, xiv. 16.—Golden Text, Rom. xiv. 21.—Commentary Prepared by Rev. D. M. Stearns.

This is called a temperance lesson and is no doubt intended to be used as an exhortation and a warning against the use of intoxicants, a most important topic, and a line of service on which we cannot do too much. But when I consider the intemperate people who are so often prominent in what is called temperance work I feel increasingly the need of getting at the root of the matter rather than prescribing for symptoms. The words "temperance" and "duty" are seldom used in the Scriptures, not over six or seven times each in the whole Bible, and the meaning of temperance is self-control in every form (Acts xxiv, 25; I Cor. ix, 25; Gal. v, 23; II Pet. i, 6). As in Paul's talk with Felix and verse 17 of our lesson, righteousness comes first. In I Cor. vi, 9, 10, where the drunkard is mentioned among other gross sinners, the opening sentence is—"The unrighteous shall not inherit the kingdom of God."

The great topic of this epistle is righteousness, the word being used at least thirty-five times and fifteen of these in chapter xv. As in Paul's talk with Felix and verse 17 of our lesson, righteousness comes first. In I Cor. vi, 9, 10, where the drunkard is mentioned among other gross sinners, the opening sentence is—"The unrighteous shall not inherit the kingdom of God."

The great topic of this epistle is righteousness, the word being used at least thirty-five times and fifteen of these in chapter xv. As in Paul's talk with Felix and verse 17 of our lesson, righteousness comes first. In I Cor. vi, 9, 10, where the drunkard is mentioned among other gross sinners, the opening sentence is—"The unrighteous shall not inherit the kingdom of God."

We are here to win others to Christ and then to help build them up in Him, rooted and grounded in love and filled with all the fullness of God for service here and an abundant entrance into His kingdom by and by (Eph. iii, 16-20; II Pet. i, 5-11). Although all believers are accepted in justified and made meet to be partakers of His inheritance (Eph. i, 6, 7; I Cor. vi, 11; Col. i, 12), we are left here for service and good works, for which every one of us shall give account of himself to God at the judgment seat of Christ, where only saved people shall be, and there our service shall be approved and rewarded, or else burned up and we suffer loss (Iv. 7-12; I Cor. iii, 11-15). The service which will be rewarded will be that which He has wrought in us by His Spirit, according to Phil. ii, 13; Heb. xii, 21. We cannot expect that anything we do of ourselves that is not His working in us will have His approval.

When I was off duty for eleven weeks a little over three years ago because of heart failure, which many thought would take me home, nothing gave more comfort in my weakness as I lay in bed than Rom. xiv, 8: "Whether we live, we live unto the Lord, and whether we die, we die unto the Lord. Whether we live, therefore, or die, we are the Lord's." It is possible so to abandon ourselves to Him for life or death, for service or suffering, that His perfect will shall be everything to us, and our heart song shall be, "Not I, but Christ; 'Not I, but the grace of God' (Gal. ii, 20; I Cor. xv, 10). This will keep us so occupied with Himself that we shall not see others except to help them and will make us so sensitive to what He likes or dislikes that we shall not wish to allow that which He would condemn.

Forevermore, beside us on our way, The unseen Christ doth move.
That we may lean upon His arm and say: "Dest Thou, dear Lord, approve?"
The kingdom to which we are hastening and which cannot come till He comes, if it fills our souls' vision, will lift us above all such matters as eating and drinking, and is there any harm in this or that, and on acceptable service of Christ will be manifestly righteousness and peace and joy in the Holy Ghost (Iv. 17, 18).

Don't think because you have taken many remedies in vain that your case is incurable. Hood's Sarsaparilla has cured many seemingly hopeless cases of eczema, catarrh, rheumatism, kidney complaint, dyspepsia and general debility. Take Hood's.

Valuable Suggestions for the Handy Homemaker—Order Any Pattern Through the Courier.

MATERNITY GOWN.

By Anabel Worthington.

To have this maternity gown perfect from the viewpoint of comfort as well as on lines that would express good taste the designer made the sides of the body and the sleeves in one piece.

Then in order that it would convey little idea of its real purpose—to conceal condition—the garment was made over a body lining with darts in each front panel with the front edges finished for eyelet lacing, so that it could be readily adjusted to fit the changing figure. The blouse has the effect of being plaited at the back, and this relieves the extreme plainness. The sleeves may be full length or shorter, according to preference, and the neck finished with the very popular low collar of self material or contrasting goods.

The one piece gathered skirt is at raised waistline on an elastic and finished to fit outside the waist. In choosing a material for this type of garment, it is well to consider whether it is to be altered after the figure regains normal proportions, also whether one may want to wear such comfortable gown outside the home. Pride and satisfaction will attend the making of it from the pattern.

The dress No. 8015 cuts in sizes 34-44 bust. To make in size 36 requires 6 1/2 yards 36 inch material with 3/4 yard 27 inch contrasting goods for collar and cuffs; 1 1/2 yards 36 inch lining.

To obtain the pattern send 10 cents to the office of this publication.

BRITISH ARE GUM CHEWERS

Habit Probably Introduced Since War By Canadian Soldiers.

The English have suddenly become a nation of gum chewers, and the leading manufacturers are able to claim that within six months they have increased their monthly sales from three million to twenty million bars. It has been suggested that the habit has been introduced by the Canadian soldiers, who of course share the Americans' fondness for chewing gum, but I am assured that they have nothing to do with it. The spread of the habit is purely a triumph of natural weakness and advertising. The most enthusiastic adherents—a good word—are said to be not women clerks but soldiers and munition workers, with the navy fair third. It seems that for the past four years chewing gum has been sold at the army and navy canteens but it was not until this last year that it was issued as an army ration. The soldiers' theory is that it steadies his nerves to have something to chew on, and it certainly keeps his otherwise parched throat moist in times of stress. There is a story of a wounded man kept alive for three days by the saliva induced by gum, and a good yarn about a flying man who used his wad to plug a bullet hole in his petrol tank—not a advertised use.—From the Manchester Guardian.

NOSE CLOGGED FROM A COLD OR CATARRH

Apply Cream in Nostrils To Open Up Air Passages.

Ab! What relief! Your clogged nostrils open right up, the air passages, your head is clear and you can breathe freely. No more yawning, sniffling, mucous discharge, headache, dizziness, struggling for breath at night, your eye or catarrh is gone.

Don't stay stuffed up! Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of the fragrant, antiseptic cream in your nostrils, let it penetrate through every passage of the head; soothe and soothe the swollen, inflamed mucous membrane, giving you instant relief. Ely's Catarrh sufferer has been seeking. It's just splendid!

It seems that for the past four years chewing gum has been sold at the army and navy canteens, but it was not until this last great advance that it was issued as an army ration. The soldiers' theory is that it steadies his nerves to have something to chew on, and it certainly keeps his otherwise parched throat moist in times of stress. There is a story of a wounded man kept alive for three days by the saliva inducing gum, and a good yarn about a flying man who used his wad to plug a bullet hole in his petrol tank—not an advertised use.—From the Manchester Guardian.

NOSE CLOGGED FROM A COLD OR CATARRH

Apply Cream in Nostrils To
Open Up Air Passages.

Ah! What relief! Your clogged nostrils open right up, the air passages of your head are clear and you can breathe freely. No more hawking, sniffling, mucous discharge, headache, dizziness—no struggling for breath at night, your cold or catarrh is gone.
Don't stay stuffed up! Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic cream in your nostrils, let it penetrate through every air passage of the head; soothe and heal the swollen, inflamed mucous membrane, giving you instant relief. Ely's Cream Balm is just what every cold and catarrh sufferer has been seeking. It's just splendid.

BREAK A CHILD'S COLD BY GIVING SYRUP OF FIGS

When your child suffers from a cold, don't wait; give the little stomach, liver and bowels a gentle thorough cleansing at once. When cross, peevish, listless, doesn't sleep, eat or act naturally; if breath is bad, stomach sour; give a teaspoonful of "California Syrup of Figs," and in a few hours all the clogged-up constipated waste, sour bile and undigested food will gently move out of the bowels, and you have a well playful child again.

If your child coughs, snuffles, and has caught cold or is feverish, or has a sore throat give a good dose of this harmless "fruit-laxative." Millions of mothers keep it handy because they know its action on the stomach, liver and bowels is prompt and sure. They also know a little given to-day saves a sick child to-morrow.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which contains directions for babies, children of all ages and for grown-ups plainly on the bottle. Beware of counterfeiters sold here. Get the genuine, made by "California Fig Syrup Company."

Music and Drama

The Grand

The high class society drama, "Paid in Full," which ever since its first production some few years ago has enjoyed wonderful popularity wherever played, was most capably rendered at the Grand Opera House last evening by the May A. Bell Marks company before a fair-sized house. The theme and story of the play are too well known to all to require comment, and suffice it to say that all who witnessed the presentation of the drama were unanimous in pronouncing it equal in every way to the performance of any company upon any stage. Miss May A. Bell Marks scored another great success in the leading role, while her support was of the finest character.

Despite the indifference of the United States Government, an American syndicate has won a valuable and strategic oil concession from Costa Rica, for which British and German interests made a strong bid.

GERMAN SUBS IN THE CHANNEL

Recent Raid By Warships
Served Merely as a
Blind.

London, Nov. 10.—German submarines have been operating extensively in the English Channel and off the southern coast of France. They broke through the British blockade and ring of defences under cover of the recent raid by German warships. This information came to The Tribune to-day from reliable sources. The raid carried out by enemy warships in the shipping route between the Thames and Holland on November 1, this report says, was a blind to get half a dozen or more U-boats through the Channel. That it succeeded is evidenced by the unusual activity of submarines in these waters during the last few days. Their toll of victims this week has been exceptionally high. The British naval authorities have learned of this fact, and are making strenuous efforts to trap some of the raiders, it is said. The Channel patrol has been augmented, and a watch is being kept night and day for sign of the submarines reported to be operating off the coast.

"The White Flour Pinch"—have you felt it?

With the advancing price of wheat "the seven-cent loaf is doomed," say the bakers. In its place we have the eight-cent loaf—in many cities only the sixteen-cent loaf. A loaf of white flour bread is not a complete ration. However wholesome and pure, it does not supply all the proteids the human body needs. In **Shredded Wheat Biscuit** you have all the body-building nutriment in the whole wheat grain prepared in a digestible form. It is always the same price, always the same high quality. Eat it for breakfast with milk or cream or with fruits.

Music and Drama

AT THE GRAND

"When Dreams Come True," the first musical comedy written by Philip Bartholomae, author of "Little Miss Brown," and "Over Night," will be produced at the Grand Opera House next week.

Silvio Hein, who composed the music, will be remembered as the composer of the scores of some of the most pronounced successes of recent seasons.

The three acts of "When Dreams Come True" are entirely different in outline, the first carrying some dramatic features, as well as a number of comic situations; the second being farcical, and the third having musical and dancing features. The play contains no fewer than seventeen dancing numbers most of them invented and directed by William Pruett Jr., the leading member of the cast. In the Northwest are in addition to Mr. Pruett, Lorraine Lester, Carmen Eccelle, Connie Mac, Anna Little, F. C. Palmer, Roy E. Butler, Harlan Briggs, Jim Woodard and other well known musical comedy artists. A chorus of exceptional shapely and handsome young women will act as a background for the principals, and help materially in the rendition of the various singing and dancing numbers.

The Brant.

An exceptionally large audience at the Brant theatre last evening witnessed the first day's showing in this city of the eight part photo drama, "God's Country and the Woman," a gripping drama of the Canadian Northwest which holds enthralled the attention of all until the final moment, when a climax is reached which for thrills and excitement has yet to be surpassed in the world of moving-pictures.

In the sixteenth episode of the stirring "Pathe serial" "The Iron Claw," matters also apparently reach a climax, but the vein of mystery is sustained throughout, and the identity of the mysterious righter of wrongs, the Laughing Mask, remains upon the bill are the ever popular cartoon characters of Bud Fisher, Mutt and Jeff, who are almost funnier upon the screen than upon paper. The Four Seasons present a musical act of exceptional quality and attractiveness, introducing a number of entirely new features to Brantford audiences.

Children Cry
FOR FLETCHER'S
CASTORIA

Rippling Rhymes By Walt Mason

If you're complaining of your task,
and sighing as you labor, I greatly
fear you'll never bask in Easy
street, my neighbor. The world is
seeking willing hands to keep its pul-
leys turning; it will pass up the gen-
tlest of you for soft employment.
The man who drops away
behind, who cannot make the rifle,
keeps talking of the dreary grind,
and all that sort of piffle. The man
who gayly does his work, pretending
to enjoy it, who, be his tool a spade
or disk, will cheerfully employ it,
who, though he may be feeling dead,
will never make confession, is he who
marches at the head of industry's
procession. The man who grunts
whenever he swings his fountain pen
or hammer, or never smiles and
never sings, who makes a cheerful
clamor, who never will consent to
hump until he sees his wages, will
land some morning at the dump,
and there he'll stay for ages.

J. S. Hamilton & Co.

Canadian Wine Manufacturers. Brantford

Our Wine Sales Show a Big Increase Since Sept. 16

Many persons think that we cannot sell them direct from our Wine House here, but that order must come through some Montreal firm. This is not correct. We can sell you direct, but in not less than one case, or five gallon lots.
We have a good Port Wine at \$4.00 a case, while our "St. Augustine," an excellent Wine, 8 years old, only \$5.50 a case, of one dozen reputed quarts or \$7.80 per Imperial gallon. War tax stamps are included in these prices. We have a score of other brands, all excellent value.
Buy a case and entertain your friends with pure juice of the grape.

NEWS FROM OVERSEAS

Items of More or Less Interest From Great Britain

Sir Theodore Dostford, of Grindon Hall, South Durham, is again seriously ill.

John Burns, M.P., conducted a large body of Dominion troops through the Houses of Parliament.

Miss Whalley Smythe Gardner, a cousin of Admiral Sir John Jellicoe, at Rowhams, Havants, celebrated her 101st birthday.

Frederick Hempster, who is 21 and 8 ft. 2 in. in height, is by far the tallest recruit in the British Army. He was born in Bayswater.

Charles Horton, of Otham, near Maidstone, who celebrated his 102nd birthday, is believed to be the oldest inhabitant of Kent.

Serjt.-Maj. Hansell, A. S. C., was killed at St. Albans through being run over by a motor lorry under which he slipped when alighting.

George Frederick Moseley, a retired confectioner, of Liverpool, fell from a L. and N. W. Manchester express train near Roby Station, Liverpool.

W. E. Denison, of Ossington Hall, Newark, who died aged 73, was M.P. for Nottingham from 1874 to 1880 and was a familiar figure in the cricketing world.

B. W. Beales will be the new Mayor of Cambridge. He has been on the Town Council since 1905, and is retired lieutenant-colonel of Cambridgeshire Regiment.

The King and Queen inspected, at Buckingham Palace, the new dental surgery car, the first of its kind designed for the use of the British Army in the field.

Jimmy Law who died after a long and painful illness was associated with many forms of sport, and was a close friend of the late W. J. Innes, "Pegasus," of London.

Jas. Cox, general secretary of the Associated Iron and Steel Makers of Great Britain, having completed 25 years' service, it is proposed to give him a national testimonial.

John William Nuttall, a famous bandsman, of Heywood, has been killed in action. He was a stretcher-bearer with Lancashire Fusiliers, and was shot through the head.

Frank Allen, of Moss Empires, appeared at Westminster Tribunal on behalf of the secretary, T. R. Osborn, who was granted a month.

The Chelsea coroner presented Miss Nora Russell, of Cheyne-walk with the Vellum Certificate of the Royal Humane Society for her gallant conduct in attempting to rescue a boy from the river.

Lying on his back, with his gun resting on his right arm, and the back of his head blown off, Chas. Hy. Falcon, a harrister on the Northern Circuit, was found at Kirkgate, Loweswater, Cumberland.

Four young men were at Old street Police Station sentenced to various terms of imprisonment for stealing £10 collected by them in the streets by selling flats on behalf of the "Earl Roberts Rest Home."

During the past season 52,000 crans of herrings were landed on the Northumberland and Berwickshire coasts, six times the quantity landed in 1915. The average price was 50s 3d a cran, as against 69s 5d last year.

We consider a man like you is not fit to be at large," said a northern magistrate, when sentencing a miner to six months for refusing to extinguish a light in his house when ordered by a special constable.

At Liverpool, Alfred Roberts, who wore the uniform of a mercantile

Hopes Women Will Adopt This Habit As Well As Men

Glass of hot water each morning helps us look and feel clean, sweet, fresh.

Happy, bright, alert—vigorous and vivacious—a good clear skin; a natural, rosy complexion and freedom from illness are assured only by clean, healthy blood. It only every woman and likewise every man could realize the wonders of the morning inside bath, what a gratifying change would take place.

Instead of the thousands of sickly, anaemic-looking men, women and girls with pasty or muddy complexions; instead of the multitudes of "nerve wrecks," "rundowns," "brain fags" and pessimists we should see a virile, optimistic throng of rosy-cheeked people everywhere. An inside bath is had by drinking, each morning before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver, kidneys and ten yards of bowels the previous day's indigestible waste, sour fermentations and poisons, thus cleansing, sweetening and refreshing the entire alimentary canal before putting more food into the stomach.

Those subject to sick headache, biliousness, nasty breath, rheumatism, colds; and particularly those who have a pallid, sallow complexion and who are constipated very often, should obtain a quarter pound of limestone phosphate at the drug store which will cost but a trifle but is sufficient to demonstrate the quick and remarkable change in both health and appearance awaiting those who practice internal sanitation. We must remember that inside cleanliness is more important than outside. Because the skin does not absorb impurities to contaminate the blood, while the pores in the thirty feet of bowels do.

A marine officer, was charged with giving false information to the alien's officer. He had sailed as third officer in a Bristol steamer. Four months in jail.

A new regulation under the Defence of the Realm Acts makes it an offence for any person to keep any bomb or projectile or any fragment of one, or any other article which may have been carried on an enemy airship.

The extensive works occupied by J. Newsome and Sons, woollen manufacturers at Batley, were totally destroyed by fire with damage of £61,000. A portion of Victoria Mills fell across the tramway lines between Dewsbury and Batley.

The autumn roach angling season has been early marked by an exceptionally heavy catch of 75 lbs., made by Mr. F. Wright in the Avon at Fordbridge, Hampshire. One of the roach weighed 2 lb. 2 1/2 oz. and another 2 lb.

Col. Wood Martyn, Royal West Kent Regiment, has sent a letter to Lord Derby expressing his gratitude to the promoters of the Liverpool Merchants' Mobile Hospital, where he and several of his men were treated for wounds.

In recognition of his services to the shipwrecked crew of the Britannic, of Hull, whom he rescued in the Mediterranean, the Board of Trade awarded a piece of plate to Capt. Telemaco di Pietro Poolinelli, of the Italian brigantine Maria, of Viareggio.

At the Woodside goods stage, Birkhead, a trailer, becoming detached from a motor-wagon when close to the top of the stage, crashed down the decline to the bottom. One horse was killed and several others were injured and other damage done.

A. J. Bolton, of Formby, who is dead, was an authority on coursing, and the kennels attached to his hotel sheltered many notable dogs competing in the Waterloo Cup. He was a district councillor, and chairman of the Formby Conservative Association.

SIDE TALKS

By RUTH CAMERON

There are certain qualities in men and women, manifestation of which sends queer, fine thrills through one.

One is a physical courage; another is the moral courage of one's convictions; and another (and to me perhaps the greatest of all) is that splendid squareness that honors superiority even in a rival.

When two great tennis players shake hands after the tournament that has left one of them defeated, and the one who has lost looks the other in the eye and says "The best man won," I can feel a thrill so poignant that it is actually physical.

One can even get this thrill by reading of great men who have held this high humility.

Can You Imagine Anything More Sportsmanlike?

Take, for instance, the case of Turgenev, the Russian writer who was famous all over the world when Tolstol was practically unknown. Yet Turgenev himself considered Tolstol his superior, and tried to make others realize it by sending Tolstol's works to men of letters everywhere. When he lay dying he wrote to Tolstol: "I feel to have been your contemporary."

And yet even then he himself was still regarded as the greatest Russian writer!

WOMEN'S INSTITUTE

The Tutella branch of the Women's Institute held its November meeting at the home of Mrs. Hargrave, the president, Mrs. Hird, in the chair. Mrs. Duncan played the opening ode. A most interesting paper was read by Mrs. Denton on the Mohawk Institute and was nicely rendered by Misses E. Hargreaves and B. Makins. The members decided to continue knitting for the soldiers and to send Christmas gifts to our boys in khaki. The usual collection was taken up for Red Cross work. The singing of the National Anthem brought the meeting to a close, after which a dainty lunch was served by the hostess. The December meeting will be held at the home of Mrs. Littich.

To reach the age of four-score and two without having seen a railroad train was the experience of Ah Ping, a Chinese, who came to Redding, Cal., from Westerville, and left on the train the other morning for Fresno.

Already the parents of twin boys ten years old, Mr. and Mrs. Fred J. Hawley, of Seattle, Wash., adopted by decree of Judge Everett Smith, in the Superior Court, Mary and Margaret Erickson, twin girls sixteen months old.

Why are Tip Top Tailors the Only Large Tailoring Organization in Canada Making \$15 Clothes to Measure---Exclusively?

Because we bought our woollens direct from the mills, saving 25% to 40% by placing our orders long ago.

Because we are satisfied with only one small profit on every order---and take thousands of orders where smaller tailors only take one.

Because we buy for cash and sell for cash---eliminating the expense and loss of charge accounts and extended credit.

Because we have done away with all the handicaps of the small one-horse tailoring shop---which costs the consumer \$10 to \$15 extra on each suit or overcoat.

Because we make every order in our own great tailoring shop and employ specialists to do each part of the work---Our cutters and tailors are the best that money can engage. They know their business.

The man who still believes that the Big price alone can give him good clothes hasn't given much thought to the modern progress and efficiency of made-to-measure clothes making in a big way, and has never worn one of the Tip Top Tailors \$15 suits or overcoats.

TIP TOP TAILORS
