Mr. and Mrs. E. Leslie Weaner will be "At Home" to their friends on Wednesday and Thursday afternoon's and Thursday evening, Sept. 25th, and 26th, at their residence, Medford.

Mrs. Lewis Lyons, and three children of Kentville spent Saturday here visiting Mr. Lyons relatives.

Miss Lyons, is teaching this year in the school at South Alton.

Miss Josephine Harris, has gone to Acadia to enter college. She was the winner of the Sir F. W. Borden scholarship from this place. Mr. Victor North, won the same scholarship last year and went to Mt. Allison. He is returning to Sackville, this year to resume his studies.

The schooner which upset in the river has been sold and the ownership transferred from Capt. Winters to his son who was the purchaser.

Saturday, will be a great day in Canning, it being a day memorable of the return of former shipbuilding days. The launching of the 400 ton three masted schooner now being completed will take place on that day Sept 21st, at high tide early in the afternoon. The Canning ladies are making preparations for serving refreshments for those coming in on that day.

**CANARD.**

Mr. W. L. Barnstead, Immigration Agent at Halifax, and Mrs. Barnstead, spent a few days here recently visiting Mrs. Barnsteads sisters at the home of Mr. W. H. Hardwick.

Miss Leah Borden, has returned to Mount Allison Ladies College to resume her duties there.

Mr. Wilfred Burbidge, is returning to Mt. Allison, to take up his senior work in the college.

The cattle are now seen gazing on the different dykes. Dyke feed sold very high this year establishing a record, 5.00 was a usual price for a cows feed this year it went up to \$12.00.

Mr. Charles Cox, has greatly improved the appearance and efficiency of his farm by completely renovating and making a large addition to his barn.

PTRE J. CECIL MEEK  
 Portsmouth, Hants Co. Eng.

DEAR MOTHER.—  
 Arrived in Blighty yesterday. I suppose you have received word before this that I was wounded on the 10th. August. The bullet went in my left shoulder and came out at the back of my neck on my right shoulder I tell you Mother, it is better to be born lucky than rich isn't it? For it could have been so much worse. At the time I fell the Sergeant who was beside me fell too, poor fellow he never spoke afterwards. Leland DeWolf happened to be near me when I fell, he attended right to my wounds. He surely did his duty too. I think I have told you before he is a stretcher-bearer now. Mother, I am glad I came thru the Battle as it was worth while being in, and Fritz got worse from me than I did from him. I wish I could tell you all about it, but it's far too long and my arms are so sore and weak from the shock. I have lost the use of my right arm but it will come alright soon. Don't worry about me Mother I am in a nice place and will get along fine now. The nurses are regular

**Reasons for Purchasing a Heintzman & Co. Piano.**

- 1st—The members of the firm all being practical piano makers personally supervise the whole manufacturing.
  - 2nd—All scales are drawn and patterns made by themselves personally.
  - 3rd—Heintzman & Co., with their immense working capital have at all times been able to command the choice of workmen and vast quantities of the very choicest of materials.
  - 4th—The fact that the greatest caution should be exercised in the purchase of a piano, and that the established reputation of its maker should be as much relied upon as the apparent quality of the instrument and far more than its cost.
- Heintzman & Co. warrant each piano for five years, and their guarantee means just what it says.
- You are always welcome to see and hear the Heintzman Piano at our show rooms.

### THE ADVERTISER

Kentville, Friday, Sept. 20th, 1918.

#### Cornwallis Exhibition

The Annual Cornwallis Exhibition held in St. John's parish Hall Church St., on Wednesday afternoon, Sept. 4th., surpassed all previous exhibitions held in that place. All exhibitions were good, while special mention must be made of the beautiful show of Asters, displayed by Miss Susie Chase and Mr. Durell Sutton, the Dahlias Exhibited by Mr. George Starr, and the pansies exhibited by Mrs. Percy Starr.

The Judges, Prof. Blair, of Kentville, and Mr. Herbert Johnson, of Wolfville, are deserving of much praise, for the very satisfactory way in which each did his work. During the evening, inspiring addresses were made by Prof. Blair, Revs. S. J. Woodroffe, and J. U. Bell, of Canard.

The Special Prizes offered by Illsley and Harvey Co., were won by Cecil Woodworth, and Charles Woodworth.

The Lady Borden, Specials were won by Miss Susie Chase, and Mary Chase and the Lower Show Specials by Charles Woodworth, Miss Chase and Keith Morine.

#### Saving Gasoline

An agitation started this month in the United States for the purpose of saving gasoline in Sunday joy riding so as to make sure sufficient oil could be had for necessary war purposes. The people were requested to stop all unnecessary Sunday travel and as a result the people in the large centres patriotically complied and 90 per cent of the Sunday riding was cut out. The ten per cent who continued the use of their car were stopped by officials the number of the car taken and the native of their business that day inquired into.

Sunday was a test day throughout Canada a similar request being made to our motor riding public to patriotically help to save gasoline. The garages as a rule were closed for the day. But the result here we think was far different from that in the United States, cars were in use all day many on necessary work no doubt but many more for mere pleasure. One person who had occasion to travel to Wolfville Sunday in an ordinary team met 29 autos out during his one hour run, all burning gasoline as usual. Others report that the traffic seemed to have decreased but very little.

We feel sure that the people of King's Co. are just as willing to do anything to help win the war as in any other country. Probably the newspapers, did not draw sufficient attention to the serious shortage for the people to recognize their duty. Next Sunday let these be a compliance for saving gasoline by every car owner as far as it is possible.

#### Allied Citizens in Central Russia in Danger

WASHINGTON, Sept. 17—Information reached the State Department from a neutral country that Allied citizens in Central Russia are in danger. The position of the Russian populace was described as tragic in the extreme.

WASHINGTON, Sept. 17—Five hundred persons were shot in connection with the assassination of Uritsk a Bolshevik Cabinet Minister, a message received here says. A large number of other persons are held for execution in the event that further attempts on the lives of the Bolshevik leaders are made.

#### DIED

**Christmas Stockings for Soldiers Overseas**

The ladies of the Kentville, Red Cross are now arranging to get their Xmas Stockings filled for the sick and wounded overseas. As in former years there has been complaint that stockings varied in their contents from \$12.00 to 25 cents it has been decided to ask for contributions of the following articles enumerated below and the socks will be packed of equal value at the Red Cross rooms total cost not to exceed \$2.00 each pair. The articles asked to be contributed are:  
1. Pocket mirror; cheap style; pocket pencil; pocket knife pipe or match box.  
2. Writing pad and envelopes; fancy post cards; short story.  
3. Cigarettes; tobacco.  
4. Candies; chewing gum; maple sugar.  
5. Handkerchiefs; necktie; socks.  
6. Game; book; puzzle; mouth organ.  
7. Toilet requisites such as soap; toilet powder; tooth paste; pin cushion.  
8. Packet of raisins; dates or figs, nuts.  
9. Cake small or that can be cut.  
10. Money to purchase any of the above.  
All contributions should be handed in to the rooms here as soon as possible or not later than Sept. 26th. Red Cross knitters are asked to knit the leg of socks not longer than ten inches before starting on the heel. This is necessary to save yarn.

MALLWOOD,

Secretary-Treasurer

# Kitchener was right

when he said—

*"Either the civilian population must go short of many things to which it is accustomed in times of peace or our armies must go short of munitions and other things indispensable to them."*

NOW the only way we can possibly live up to that obligation is by going without in order that our soldiers may have. For the money we waste is not money at all—it is equipment, clothing, shot and shell that are urgently needed in France. By denying ourselves, therefore, we enable Canada to procure to the fullest extent the materials and labor which she and our Allies need for the successful prosecution of the war. What happens when we fail to save? A pull on labor by the Government in one direction and a pull on labor by the people in the opposite direction.

Hundreds of millions of dollars are of no use to the country if goods and services can be secured only to the extent of eighty millions of dollars. So we must do everything in our power to release both goods and labor for the purposes for which Canada needs them.

WHETHER it be food, coal, wool, steel, leather, labor or transportation, the result in all cases is the same. Whoever competes with the nation by freely satisfying his own desires, selfishly appropriates to his own use that which is so urgently required for our fighting men in France.

*For the sake of your country and the boys "over there," spend cautiously. Think of what Lord Kitchener has said, and ask yourself first, "Is this something I really need or can I do without it?"*

## Sheep Pay Best of all Live Stock in Nova Scotia

High Prices for Wool and Mutton are assured for some years AFTER THE WAR Now is THE TIME TO INCREASE Nova Scotia Flocks. Keep Your Ewe Lambs

If you have more than you need induce your neighbours to purchase them for breeding purposes. Do not sell them to the butcher unless you cannot help it.

1918 legislation requires the compulsory taxation of every dog in Nova Scotia and provides for pay in compensation to owners of sheep destroyed by dogs, the owners of which are not known. Now let every farmer who can, help meet war demands by keeping sheep.

The Nova Scotia Department of Agriculture in co-operation with the Live Stock Division of the Dominion Department of Agriculture, announce the following policies.

- 1.—Several hundred selected grade ewe lambs have been purchased and will be sold at cost to bona fide sheep breeders wishing to secure them.
- 2.—The Departments will pay transportation on these ewe lambs from place of purchase to destination.
- 3.—If parties wishing to secure ewe lambs for breeding purpose will write the Nova Scotia Department of Agriculture, Truro, they will get advice relative to price and other particulars. If all lambs already secured are disposed of, an effort will be made to purchase more. Get orders in early, as later prices may be higher.
- 4.—The Live Stock Division of the Federal Department of Agriculture will assist as heretofore the distribution of pure bred rams.
- 5.—To supplement the distribution of pure bred rams, the Provincial Department of Agriculture will secure and ship at cost, high class unregistered ram lambs at slightly higher than butcher prices.
- 6.—Mr. S. A. Logan, in charge of Sheep Extension Work of the Nova Scotia Department of Agriculture will, as far as possible, call on parties wishing help with their sheep flocks or requiring further information in regard to the increasing of their flocks.

E. J. Arnot, Halifax, has been appointed head of the Maritime Provinces Division of the new Y. M. C. A. Town and County Department whose objective is a widespread constructive welfare work for boys and young men in the rural communities. A Secretary will be appointed in each county to work in close cooperation with the ministers and teachers, and who will organize Boy Scout Corps, Agricultural Clubs for boys and girls and Pig Clubs. Boys' Conference Summer Camps will also be held at various points.

An outstanding feature of the new Department's activities will be the promotion of the Canadian Standard Efficiency Training for boys in their teens. This program which aims at inculcating high ideals of Christian citizenship, bears the "Made in Canada" mark, and its excellence is such that it has been adopted on a very large scale in the United States. It teaches the basic value of four things the home and community, the church the school and personal health and habits. The Department will also feature games demonstrations in school grounds and will hold an annual Union Play Day for each county.

Mr. Arnot was for four years a highly successful County Secretary in Lenawee County, Michigan, and he brings to his new field in the Maritime Provinces a trained enthusiasm that will repeat his success here.

**NERVOUS TROUBLE**

The nerve system is the governing system of the whole body, controlling the heart, lungs, digestion and brain; so it is not surprising that nervous disturbances should cause acute distress. The first stages of nervous debility are noted by irritability and restlessness in which the victims seem to be oppressed by their nerves. The matter requires immediate attention, for nothing but suitable treatment will prevent a complete breakdown. The victim however, need not despair for even severe nervous disorders may be cured by improving the condition of the blood. It is because Dr. Williams' Pink Pills actually make new, rich blood that this medicine has cured extreme nervous disorders after all other treatment had failed. The nerves thrive on the new blood made by these pills; the appetite improves, digestion is better, sleeplessness no longer troubles the former nerve shattered victim and life generally takes on a cheerful aspect. Every sufferer from nerve troubles, no matter how slight, should lose no time in giving Dr. Williams' Pink Pills a fair trial, thus regaining their old-time health and comfort.

You can get Dr. Williams' Pink Pills through any dealer in medi-

cine or by mail at 50c a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

**Our Far Seeing Farmers**

Although the joint policy of the Federal and Provincial Departments of Agriculture for the encouragement of sheep raising has been advertised in the press only a week, the response is very gratifying. The N. S. Dept. already has received a large correspondence from farmers now keeping sheep and planning to increase their flocks as well as from farmers who intend to establish new flocks.

Before the advertisement appeared the men who carry on the work under the Sheep Division reported a marked tendency of farmers to hold their ewe lambs for breeding purposes and many local sales between farmer and farmer.

This all means that Nova Scotia farmers are realizing the monetary advantage of increasing their sheep holdings as well as its usefulness from the patriotic standpoint.

This branch of stock raising cannot be overdone. In 1871 there were 389,000 sheep in Nova Scotia, now they are probably less than 250,000 with a larger farming area. There is room for an increase of several hundred thousand and even then our per acre number will be far below the corresponding numbers in Scotland, England and other parts of the world.

**NOW RAISES 600 CHICKENS**

After Being Relieved of Organic Trouble by Lydia E. Pinkham's Vegetable Compound.

Oregon, Ill.—"I took Lydia E. Pinkham's Vegetable Compound for an organic trouble which pulled me down until I could not put my foot to the floor and could scarcely do my work, and as I live on a small farm and raise six hundred chickens every year it made it very hard for me. I saw the Compound advertised in our paper, and tried it. It has restored my health so I can do all my work and I am so grateful that I am recommending it to my friends."—Mrs. D. M. ALTERS, R. R. 4, Oregon, Ill.

Only women who have suffered the tortures of such troubles and have dragged along from day to day can realize the relief which this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, brought to Mrs. Alters. Women everywhere in Mrs. Alters' condition should profit by her recommendation, and if there are any complications write Lydia E. Pinkham's Medicine Co., Lynn, Mass., for advice. The result of their 40 years experience is at your service.

**Red Cross Contributions**

Chautauqua Association of Pennsylvania, Swarthmore, Pa.

My dear Mr. Newcombe,—  
 I am enclosing a money order of \$48.50 which is the amount that we took in on the day that was turned over to the Red Cross. I understood that it was to go to the National Red Cross whereas it should have gone to the local chapter.

I am sending it to you as I do not know the officers in Kentville.

Very sincerely Yours,  
 (Signed) DAVID W. HARR

With the above was received check as noted and as there were nine guarantors from Wolfville and 21 from Kentville. We gave the Wolfville Society 9-30th of the amount viz: \$14.55 and credited balance to Kentville Branch of Red Cross \$33.95.

The Kentville Branch of the Red Cross Society has received \$35.00 from Mrs. John Moore which is the amount of money she received for rent of her Tennis Court for the season, this is greatly appreciated by the Society and will buy a lot of comforts for our gallant soldier boys who will join us in thanking Mrs. Moore for her generous gift, also the Red Cross Society has received from the Sister Susie Kindergarten the sum of \$50.00. Again we thank these energetic young ladies for adding so materially to our funds.

**CONSTIPATED CHILDREN.**

Childhood constipation can be quickly banished through the use of Baby's Own Tablets. These Tablets are a mild but thorough laxative which never fail to regulate the bowels, sweeten the stomach and in this way relieve all the minor ills of little ones.

Concerning them Mrs. Eugene Couture, Knox Bridge, Que., writes: "Baby's Own Tablets have been marvellous in the case of my baby. She was constipated and feverish but the Tablets soon regulated her bowels and made her well." The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

why that skin trouble, from which you are suffering, will not heal? It is because it is so deeply rooted that ordinary ointments are incapable of penetrating to the seat of the disease.

Zam-Buk, on the contrary, is so refined that it is capable of reaching the underlying tissues, and that is why so many cases of skin trouble, which have defied all other treatments, have yielded to Zam-Buk.

Don't delay! Get a box of Zam-Buk and prove it for yourself. Not only is it best for eczema and all skin troubles, but also for ringworm, ulcers, old sores, blood-poisoning, boils, piles, burns, cuts and all skin injuries. All druggists or Zam-Buk Co., Toronto. 50c. box, \$ for \$1.25.

**Build up the Mighty National Force**

FOR fifty years the Teuton peoples have been trained, disciplined, whipped, into servile cogs of an implacable military machine, by which is maintained the Prussian doctrine of might, and the Kaiser's autocracy. The Teutons deny themselves, they make sacrifices, because they are trained or forced to do so, but they do it.

The peoples of the Allied nations must make great sacrifices and tremendous efforts in order to defeat the enemies of freedom, but because they are free peoples it is left largely to the individual to say what or how much self-denial each will practice.

So if freedom is to prevail individuals must make voluntary sacrifices which in the aggregate will be greater than the forced sacrifices of the enemies of freedom.

THE measure of your love of freedom is your willingness to deny yourself so that the strength of the nation for war effort will be increased.

This self-denial must take the form of money-saving-thrift. Each person knows in what way he or she may save.

The national need says you must save, but free Canada leaves it to you to say by what means and to what extent you will save.

NOW, it is for you, each of us, everyone of us to say how much patriotic endeavor, how much loyal sacrifice we will make by saving our money, by "doing without" so that each day will see a surplus to add to our own and the nation's strength. No matter how small the surplus it is important because each saving is an effort made, and many small individual efforts make the mighty national force.

### Interesting Letter from France.

The following letter was received by Mrs. Arthur Johns, Lakeville, from her husband in France.

France

My Dear Wife:—

I suppose by the time you get this letter the news of this battle will be stale and you will be fed up with it. However the Canadian boys did not spoil their reputation but rather put more lustre upon it. I think it was a great surprise to Fritz as the prisoners have been coming in by the thousands and there are many dead lying around and any amount of machine guns and heavy guns of all sorts. The affair was kept very secret and we were moved around a lot and we never knew where we were going until we got there. I was for six days and five nights that I only got about four hours sleep in the whole time. On the day before the scrap started my officer said to me "I want you to take thirty-five men at 10.30 tonight and meet me at—Go up in battle order, and I will give you instructions as to what to do." I smelt a rat and he told me a thing or two. He said "I guess we will get a rough trip this time." Anyhow off we goes at 10.30 p. m. and marched about eight miles and when I got to the place he mentioned I could not find him. We had passed all kinds of troops and tanks on the way up. I asked some fellows the name of the place and they told me and said don't go any further as you are nearly in the front line. After an hour or so I met the officer and we placed our men and he gave me full instructions as to what to do. Then we waited a while. Everything was as quiet as anything. Not a gun was firing except the rat-tat-tat of a machine gun once in a while. At 4.20 a. m. a gun fired a single shell, then a battery fired four more, and then all hell broke loose. I shall never forget it as long as I live. Fritz was taken by surprise and was sending up flares to his artillery for help and they were not long in responding. When this racket started we were about a hundred yards from Fritz's post and some how got mixed up in the communication trench with a battalion that was going over. We worked our way out but it was the hottest place I have been in as Fritz was putting his 5.9's and 9.2's and other souvenirs into our corner at a very rapid rate and the machine gun bullets were coming about a million a minute. I was saying to myself here's where little Willie goes West I never expected to get out of it, and I remember that through it all I was saying to-morrow is Amy's birthday I wonder will it be a happy one: You could not see 10 yards in front of you for smoke and dust. We had a few men wounded and my officer was killed outright by a piece of shell. I don't know how I missed it for I was with him. However after about an hour our fellows got most of their machine guns and then got to his field and heavy guns and things around our corner got quiet and since then Fritz has been going so fast that I am now about fifteen miles from the scrapping, but expect to move up to-morrow. It was a grand sight to see our fellows going up the hills in open order just as steady as through on parade. The ground around here is very hilly. Well Dear that is enough about the war. We don't get any news but there are stories to the effect that Fritz is getting the greatest walloping of the war. Good luck to him. I hope he will thruc up the sponge soon. I hope your Red Cross Drive was a great success as the funds are sorely needed. We have not had such a lot of casualties considering the magnitude of the success. The wounded are mostly slight cases and we are as happy as sand hogs. I guess we will all be home before Christmas as I have no doubt that this is the decisive battle and will help finish the war sooner.

Your loving husband.

### WHY not give your lad the same training?

"When I was a growing lad, and came upon many words in my reading that I did not understand, my mother, instead of giving me the definition when I applied to her, uniformly sent me to the dictionary to learn it, and in this way I gradually learned many things besides the meaning of the individual word in question—among other things, how to use a dictionary, and the great pleasure and advantage there might be in the use of the dictionary. Afterwards, when I went to the village school, my chief diversion, after lessons were learned and before they were recited, was in turning over the pages of the 'Unabridged' of those days. Now the most modern Unabridged—the NEW INTERNATIONAL—gives me a pleasure of the same sort. So far as my knowledge extends, it is at present the best of the one-volume dictionaries, and quite sufficient for all ordinary uses. Even those who possess the splendid dictionaries in several volumes will yet find it a great convenience to have this, which is so compact, so full, and so trustworthy as to leave, in most cases, little to be desired."—Albert S. Cook, Ph.D., LL.D., Professor of the English Language and Literature, Yale Univ. April 25, 1911.

**Canada Soon to have Naval Fleet all of its Own**

**Hon. C. C. Ballantyne Makes Interesting Announcement at Montreal—Naval Air Force as a Start**

(Montreal Gazette, Monday)

In the course of an informal talk before the Sons of the Empire at the Windsor Hotel Saturday night, the Hon. C. C. Ballantyne, minister of marine and fisheries and naval service, indicated his belief and hope that in the near future Canada will have a strong, sound naval policy of her own. His vision was of a Canadian fleet forming part and parcel of the great imperial fleet, but at the same Canada's unit and under the absolute control of Canada. This fleet would work in conjunction and closest harmony with the imperial fleet, and in time of war would pass under one united command.

"That is as far as I can go until the government announces its policy," said the minister. Although the minister made no announcement of the fact, it is understood that the Naval Air Force now being formed is an important part of the government's policy, and that its programme will include adequate and efficient measures to cope with any future submarine activity off Canadian coasts as well as with other kinds of enemy naval activity. In other words, the safety of Canadian shores and shipping will be the first consideration while providing in conjunction with Great Britain for the strategical considerations involved in the term of an offensive defense.

—Dr. Con Webster, Mrs. Webster, their son Donald and little daughter Dorothy, of Pictou, were in Windsor for a short time Thursday afternoon en route to the Doctor's old home in Yarmouth. They were accompanied in their auto as far as Kentville by Mrs. Johnson, of Tatamagouche. On their return they will bring home their daughter Miss Helen, who has been spending her vacation in Yarmouth with her grandmother, Mrs. Webster—Herald.

**Roosevelt vs. the Kaiser**

The war loving Hohenzollern, family like war for others rather than risk themselves in the contest. Contrast the record of Roosevelt's family.—Theodore wounded; Archibald wounded; Quentin killed; Kermit decorated for bravery in battle and the father trying ever since the war started to get into the midst of it. The Roosevelt family is doing its part, and the patriotic, red-blooded American has reason to thrill with pride when he contrasts the young Roosevelt with the young Hohenzollerns.

**"Drums Afar"**

War is the background for most of our thoughts today, and a novel without a war tinge would seem almost out of keeping. In "Drums Afar" the new novel by John Murray Gibbon, the war interest is kept subdued till the latter part of the story, which indeed vibrates with echoes of the great conflict Canada plays its part in this international romance, the author obtaining some vivid local colour from a Patriotic Fund Campaign Described in a subtitle as an international romance. "Drums Afar" has as its hero a happy-go-lucky young Englishman who after three years of Oxford University with vacations in Germany and France, becomes director of an illustrated weekly newspaper in London. The charms of an American girl lead him to the United States, where he arrives just on the outbreak of the war. All the pictures of life at Newport, Rhode Island at Chicago and at Lake Geneva, Wisconsin, the drums of war are heard beating ever louder. On the one hand is the call of the Mother Country; on the other is the prospect of luxurious ease in a country of mixed races which at the time of the story was aiming to be neutral. It is the influence of Canada however, which brings the hero to his great decision a decision which first entangles and then disentangles the skeins of love woven into the story. "Drums Afar" is published in London and New York by John Lane, and in Toronto by S. B. Gundy of Oxford University Press, who also published "Hearts & Faces," the well known novel by the same author.

**Died In France**

The death in action of Harry Simmonds which we made mention of in our last issue was heard with regret here where he was well known. He worked for years in the N. S. Carriage Co. before leaving town. His death took place almost immediately after landing in France and but a few hours after reaching the front trenches on August 30th. He was a brother of Conductor Simmonds and his mother resides at Rockingham. This is the third death in the family within the year. A brother of the deceased was killed in the explosion, December 6th, and only on Sunday Sept. 8th a sister, Sadie a trained nurse at the Harlem Hospital, Lennox Avenue, New York, passed away. She had been in New York about two years. Conductor and Mrs. Simmonds went to Halifax last week to meet her remains but on account of international difficulties the body was not allowed to be sent home.

The sad news of the death of that noble boy Charles, son of Capt. Charles McBride of Waterville was received during the week. Killed in action is all the news we have yet received.

Among the large number of new subscribers we have recently placed on our list is that of a former, long time subscriber at Kentville Mr. Isaac Strong, is now settled at Ryley Alberta, living with his daughter Mrs. A. Ch. r, who has recently moved from Edmonton, to her house and shop at Ryley. Mr. Strong longed for the Kentville, news after going west and has sent for the 'Advertiser' He likes it there, and has better health than while residing at Hortonville. Mr. Strong's familiar face is missed by his old associates at Kentville.

**WEAVER-FOX**

Middle Musquodoboit, N. S. Sept 4—The home of Mr. and Mrs. John W. Fox was the scene of a quiet wedding, when their daughter Estella Enid was united in marriage to David Leslie Weaver of Medford, Kings Co. The Ceremony was performed by Rev. L. P. Archibald, pastor of the Presbyterian church in the presence of the immediate relatives of the contracting parties. The happy couple motored to Shubenacadie and took the Ocean Limited to Truro, thence to Medford where they will reside.

**DAWSON COLDWELL.**

Wolfville, Sept. 17—A very pretty but quiet wedding was solemnized this afternoon by the Rev. D. G. Milbury of Gasperenx, when Alden Benjamin Dawson, of Wigg, P. E. I. was united in marriage to Evelyn, youngest daughter of Mr. and Mrs. Marshall Coldwell, Wallbrook. The bride, who was unattended, looked particularly charming in a tailor's suit of serge, with smart hat to match. She is a graduate of Acadia Seminary in piano, and will be much missed in musical circles. Dr. Dawson, who graduated from Acadia in 1915, receiving his Ph.D. at Harvard this year, has recently been appointed Professor of Biology at Mt. Allison University. The happy couple left on the afternoon express for a short trip to Prince Edward Island before occupying their new home on Charlotte Street, Sackville, N. B.

The Lawn Party and sale held on the grounds of K. T. Hibbert Port Williams Aug. 22nd., was a decided success. A number of school children (all under fourteen years) appropriated to themselves the name of "Busy Workers" for vacation time, and took as their aim the raising of 25.00 for the Field Comforts fund for our soldiers. To the untiring efforts of Mrs. K. Hibbert and Mrs. J. W. Harvey, who originated the affair and directed the children is due its success. The contents of fancy work and apron booth would have been a credit to much more experienced workers, the flowers and ice cream donated by kind friends all found a ready sale. The boys too contributed a share in helping decorate the grounds, selling apples etc. and one small boy of ten years, who, has three uncles and a number of cousins averseas knitted a pair of reins alone. When the interesting time for counting the cash came they found it totalled the neat sum of \$78.50

A Black Orpington hen beat the world's record by laying 335 eggs, 27½ dozen in twelve months in the egg laying contest just completed at Victoria, Australia. This record is all the more remarkable when it is stated that the average weight of the egg laid by this hen totalled 26¼ ounces a dozen.

A despatch from Boston says:—Arrangements have been made to start a regular steamship service between Boston, Nova Scotia and Newfoundland, by the Nova Scotia Steamships Limited, it was learned yesterday and Frank C. Chipman, for years connected with the Plant Line here and an official of the company will probably be the Boston manager. The service which is to be inaugurated very soon will have sailings about every 10 days. Terminal facilities have already been secured and details are now being arranged. The company now maintains a service to New York and Boston will be a regular port of call.

### Class 3 Under The M. S. Act

#### Calling Out of Men Not Discussed.

Ottawa, Sept. 6.—Reports that class three under the Military Service Act is to be called out are generally discredited here. The question, the Canadian Press, Limited, is informed, has not even been discussed. Any further calls under the act would depend on the war situation and the supply of reinforcements.

### Save-- The Rainy Day Comes!

Prosperity, too often, blinds us to the struggling years when money was not so easily made. He knows best the value of prosperity who has encountered adversity. The barley loaf that was insignificant amid an abundance saves the situation in the critical time. Economy for little things has saved many a man from ruin and many a situation from disaster in the testing time. Economy even to shabbiness in some times of national plenty well becomes the patriot at the present time when the Allies need so much of our Canadian products in order to win the war.

The savings of the farmers from the surplus crops of Canada this year are going to form the bulwarks of our national life to-morrow when the readjustment depression settle over the wheels of industry. Surpluses of to-day, properly husbanded, become the powerful engines of to-morrow to make living possible for everyone.

And that's the question—are we wisely saving against such a time?

All the guns captured by the Canadians were marked by the units who took them, and after the war these may be sent to Canada as mementos for the several districts from which the victorious units came.

### WEDDING.

#### RYAN-WOODMAN.

The marriage of Miss Hazel Jean Woodman, daughter of Mr. and Mrs. A. J. Woodman of Wolfville, Nova Scotia and Mr. Charles Wilbert Ryan of Vancouver, B. C. took place in Washington Saturday August 17, at the apartment of the bridegroom's mother, Mrs. W. H. Ryan, in the Victoria. There were no attendants for either bride or bridegroom, and the parents of both were the only witnesses of the ceremony, which was performed by the Rev. William E. Harrison, Jr. The bride's gown was of taupe crepe meteor. Mr Ryan, who is a graduate of Acadia University, and of McGill University Montreal, Province of Quebec, is engaged in war construction work in Washington, and he and his mother, Mrs. Ryan, have an apartment at the Victoria since their arrival there. Mr. and Mrs. Woodman, parents of the bride, accompanied her to Washington from their home in Wolfville, on account of the bridegroom's inability to go to Nova Scotia for the wedding. They will make their home for the present in Washington, in the apartment where the marriage took place. Mr. and Mrs. Woodman left Washington on Monday and will visit several American and Canadian cities before returning to Nova Scotia, Washington Star.

# Pile up the Surplus

To win this war every ounce of the strength of each of the allied nations must be put forth to meet the organized, trained and disciplined efficiency of the Central Powers—that gigantic, ruthless force which is the result of fifty years of planning and preparation.

And every ounce of every allied nation's strength is in the hands and brains and hearts of the individuals of each nation, because they are free peoples.

Now the individuals of each nation must live as well as fight, therefore a proportion of the effort and material of each nation must be diverted from war purposes to living necessities,

So the less each individual takes for himself or herself for personal use the more effort will there be left for fighting and winning the war.

Every cent you spend represents that much effort because somebody must do something for you in order to earn that cent—somebody's effort must be given to you instead of to the war.

Therefore the less you spend—the less of somebody's effort you take for your individual use—the more will you leave in the national surplus for war effort.

The war can be won only by the surplus strength of the allied nations. The money each individual saves represents that surplus strength.

So the truly loyal Canadian will use less, spend less, and save more, to help to win the war.
