THE WEEK'S MARKETS

Table with market prices for various goods like flour, sugar, and other commodities.

SOME CHARGES WERE TRIVIAL

ON OTHERS THE SCHOOL BOARD MILDLY CENSURED TEACHERS CONCERNED.

The charges recently made by a few of the parents of the Norwood school and the mathematics master in the High School were fully disposed of by the school board at a special meeting held on Saturday afternoon...

Made at Norwood Meeting. The charges were made at a meeting held several weeks ago in Norwood school building...

A Trivial Charge. A charge against the mathematics master of the High School, who was said to have used offensive language towards certain pupils was characterized by the board as trivial...

Dissented from Report. S. A. Gordon Barnes submitted a minority report in which he expressed his dissent from the conclusions of the committee...

Report adopted by the board. The report adopted by the board was as follows: The committee appointed to inquire into complaints contained in two resolutions presented to the board by certain residents of Norwood were to report as follows:

Resolved: That whereas certain outrages have been committed in the schools of our city, such as children attending Norwood school were whipped on the morning of January 10th...

Moved by W. A. Lewis. Seconded by S. Rogers. "Tom F. Maxwell, chairman." Scarcely an Outrage. We find that on the morning of January 10th the principal of the Norwood school was unkindly to a number of children who he considered called to give satisfactory reasons for tardiness...

How to cure a cold is a question in which many are interested just now. Chamberlain's Cough Remedy is the best and most reliable remedy for colds and coughs. It is a great and safe remedy for all ailments of the throat and lungs.

CARTWRIGHT HAS A NEW GRAIN ACT

IT WILL DEAL WITH TRANSPORTATION, STORAGE AND INSPECTION OF GRAIN.

Ottawa, Feb. 7.—In the Senate this afternoon, Mr. Richard Cartwright introduced a bill respecting grain. He stated it was designed to deal with transportation, storage and inspection of grain...

Should Apply to Teachers. Your committee recommend that the board place itself on record as being at all times willing to deal promptly with complaints from parents or guardians which have for any reason not been satisfactorily attended to either by the principal of the school or the superintendent of the schools...

To Indicate Terminal Elevators. They will also have power to declare which are terminal elevators and in fact may be constructed. With the consent of the government and on appropriation being made for the purpose by parliament...

Headquarters at Licks. The bill provides that the three grain commissioners must reside in either Port William or Port Arthur and the offices of the commission will be located in one or other of these cities...

Oppose Elevator Bill. Saskatchewan Grain Growers' Convention Take Action. Regina, Feb. 7.—The Grain Growers' Convention this morning—some 300 in number—expressed their opposition to the government-owned elevator bill...

COL PELLET TOO FAST. Some of the Officers of Queen's Own Rifles, of Toronto, Retire. Toronto, Feb. 7.—Capt. George, the well known adjutant of the Queen's Own Rifles, of Toronto, is the latest applicant to be placed on the retired list of that regiment...

A THREATENED BOYCOTT. The Liberator Which Labeled King Must Retire Elsewhere. Paris, Feb. 7.—A threatened British boycott has made it necessary for Edward H. James to find another printer for the Liberator. Members of the printing firm which had been doing the work notified him today that they had been informed by a department from the British Chamber of Commerce...

Walked Ten Miles and Died. Bolton, Ont., Feb. 7.—Thomas McGuire, unmarried, about 60 years of age, was found this morning in an exhausted condition. He died almost immediately afterwards. He had walked from Lockport, where he had been acting as bellhop, a distance of about ten miles, during the night and was within half a mile of his home. The coroner is holding an investigation.

525 Fine for Kissing Young Lady. Brantford, Feb. 7.—For kissing his company to a young lady while walking along Brant avenue last night and thereby hindering business for his neighbor, Norval Saunders, a young man, was fined \$25, or 60 days by Magistrate Howell today.

MAKE TEETHING PAINLESS

Teething time is always a time of anxiety to mothers. At this time baby becomes cross, restless and nervous...

STEADY GROWTH SHOWN IN L.C.P.R. TOWN SOUTH OF COXA HAS EXTENSIVE PROSPERITY EXPAN

Bulletin Staff Correspondent. Leduc, Feb. 6.—Twenty miles of Sirathona, on the Calgary Edmonton branch of the C.P.R., thriving town of Leduc, no. Rev. Father Leduc, one of the needs of the Roman Catholic in Alberta. In the summer remember Leduc by the little lake just across the town. The snow covers the winter resort in the temporary fence, where a rink cleared. So both in summer winter the lake is a favorite of the young folks of the town...

Where there are so many there must be considerable done. This is true as the list shows: Four general stores, hardware stores, two furniture stores, three drug stores, law lawyers, but none jeweller, a baker, two hotels, two real estate agents, four mechanics, a barber, a shoemaker, a harness shop, a Chinese hotel, two harness makers, a stable and a justice of the peace. There are also many other businesses in the town.

There are about forty in the Leduc Board of Trade, which has marked the well. S. J. M. Wells, president, S. S. and secretary, A. L. M. Board has not only done well but has also made Leduc's resources by exhibiting them. The board has made an effort to secure for Leduc.

A Good School. The Leduc School Board presents the following: Chairman, S. G. Tobin, E. B. Binnis, secretary-treasurer, J. M. Binnis, principal, and a number of other members. The school has a fine frame four-roomed building, and a new building for the principal R. A. Watt, assisted by K. E. Woods and Mrs. H. J. Binnis. The school has added shortly for the attention of about 150 pupils, and is well equipped with maps and teaching chemistry and physics.

Rev. T. Reikie is in charge of the Presbyterian Church; Rev. J. Nelson holds an Anglican church, but no pasteurized church. The German Episcopate holds Sunday per month. Carther lives in a nice place in the town. The Rev. T. Reikie is in charge of the Presbyterian Church; Rev. J. Nelson holds an Anglican church, but no pasteurized church. The German Episcopate holds Sunday per month.

Leduc is the fruit of a result of the Ontario Act of Edmonton, and the town of Leduc have become a city, and under the leadership of the C.M.B. Iler, and Secretary A. Binnis are making preparation for a general election.

Leduc has good many busy post office under management of Mrs. expert trap shooting several cups and prizes and individual shooting. Leduc is well prepared for the line of secret societies.

GRANDE PRAIRIE SETTLERS START ON THEIR RETURN TO THE NORTH

Convoy of Twenty-Three Teams Assembles at North Edmonton Preparatory to Trek Back to the Frontiers—Eight Caboose in the Outfit—Jas. A. Moore Taking in His Wife and Family—He Went Into Country With His-Fated Lampman Party.

They gathered at North Edmonton Friday night, preparatory to departure for Grande Prairie, a convoy of twenty-three teams, each with a load, upwards of three thousand pounds. The loads ranged from eight cabboses filled with bedding, to loads of seed wheat, and machinery. The men in charge are Grande Prairie settlers, all of whom have spent some time in the north, now going in with a full equipment to break the prairie sod and make the desert blossom as the rose.

Not the least interesting fact of this history-making outfit, were the eight teams owned by Jas. A. Moore, who is now taking wife and family for the first time to the northern home Moore went in with the famous Lampman expedition of 1907, when the country was caucused and held him since then he has been heading out a home in the wilderness, preparatory to taking in his wife and children. They arrived early in the winter in Edmonton and Moore has spent weeks since his arrival from the north, in preparing the requirements for traveling in comfort with wife and children, unused to the life of the trail. A light sleight was procured and fitted with a wooden frame, over which a canvas covering was drawn. Within one beheld a household in miniature, articles and furniture to endanger the heart of the most exacting housewife.

A FIERCE BLIZZARD RAGES ALONG G.T.P.

The Eastbound Train from Edmonton is Stalled at Watrous—Heavy Storms Are Also Reported in Toronto and Other Parts of the East.

Watrous, Sask., Feb. 6.—One of the worst storms of the season has just passed over this district. All trains are either blocked or stalled on account of the terrific weather. The eastbound train arrived here from Edmonton shortly after seven o'clock and is still at the station waiting for the auxiliary to assist in forcing snow plow out of a fourteen-foot drift. Between here and Venna, east of here, an engine had an head-on collision, in which an engine and a passenger car were wrecked, and the section gang had to clear the track.

A BITTER QUARREL IN ENGLISH ROYAL FAMILY

The Climax Has Been Reached in the Refusal of the Dowager Queen to Attend the Coronation of the King in June Next.

London, Feb. 4.—England is stirred as rarely before by the announcement that the Dowager Queen, widow of King Edward, would not attend the coronation of her son, King George. This is the latest move in the battle for royal supremacy being waged by Queen Mary and Queen Alexandra. Court leaders during the reign of Edward were opposing the Dowager Queen and from indications two distinct social sets may grow out of the bitter quarrel in the royal family. Almost immediately after the death of King Edward, rumors of friction between the two queens became current. Although these reports did not get into print in British newspapers they were commonly known and formed the chief topic of gossip in the clubs and at aristocratic gatherings. The Dowager Queen occupied Buckingham palace long after the time when, according to custom she should have left there. This and other acts have sorely tried the patience of King George and his royal consort, and an open rupture has resulted. It is rumored there will be two social courts in England and that Queen Alexandra applies to obtain the title of queen mother. The Premier promised consideration.

THE PEACE RIVER COUNTRY. Fred Vallieu, in Montreal, Declares It is a Great Country.

Montreal, Feb. 4.—That the Alberta section of the Peace River country will be supplied with railways within two years, and that an enormous movement of settlers into the country will take place within that time, is the prediction made by Fred W. Vallieu, formerly gold commissioner, assistant land commissioner, and stipendiary magistrate for the Omnipia country, B. C., and now in the lumber business, with Vancouver as his headquarters.

GREAT BRITAIN NOT TO OBJECT. Report States British Government is Not Averse to Canal Plans.

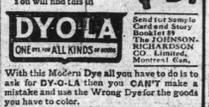

Washington, D.C., Feb. 4.—One of the facts likely to be brought out in the debate in the senate and House over the fortification of the Panama Canal is that Great Britain will not object if the canal is fortified. While no official statement has been given out to this effect, there is high diplomatic authority for saying that if the United States shall decide to go ahead and fortify the Canal the British government will not oppose a hand.

ENGINEER TO BLAME. "I Forget All About the Passenger Train," Was His Statement.

Toronto, Feb. 6.—Grand Trunk Superintendent Gillen, who returned today from an investigation of the Paris wreck stated that the blame for the disaster rests on the engineer of the light engine. He had an order to run an extra No. 29 from Paris towards Stratford to Paris Junction, keeping clear of all other trains. This order he did not carry out, admitting that in the inquiry in the words, "I forgot all about the passenger train." He had obeyed the signal code, which had been no accident. In paid for his 31 mile from Stratford to Paris Junction he would not meet more than three trains.

THE MODERN WAY OF HOME DYEING

It is now ONE DYE that will color either Wool, Cotton, Silk or Mixed Goods Perfectly. You will find this in

ASK ASSISTANCE FOR SHAREHOLDERS

Industrial Deputation Wait Upon Sir Wilfrid Laurier and Hon. W. S. Fielding on Behalf of the Shareholders of the Defunct Farmers' Bank.

Ottawa, Feb. 3.—A deputation of gentlemen interested in the case of defunct Farmers' Bank waited upon the Premier and Hon. W. S. Fielding today and urged upon them that something should be done for the relief of the shareholders and depositors in that institution.

C.P. LAND NOT EXEMPT AFTER OCCUPATION

Erroneous Impression Gained From Press Despatches Corrected by the Council for the Government Land Taxable As Soon As It is Occupied.

The press despatches announcing the decision of the Privy Council in the case between the Alberta government and the Canadian Pacific railway, conveyed an erroneous impression as to the effect of the judgment. The text of their lordships' judgment, as given out, was that land was not taxable until twenty years after the actual grant of letters patent to the settler, even should there be a delay of many years on his part in taking out those letters patent.

U. S. SENATE DOES NOT WANT EXTRA SESSION

Reciprocity Agreement Will Certainly Pass House of Representatives, and Senate is Only Obstacle, But Fear of an Extra Session May Work Change of Mind.

Washington, Feb. 5.—Legislation to put into force the Canadian reciprocity agreement will probably advance during the week. Many applications were received by the Ways and Means committee for hearings, but such are granted, probably will be disposed of by Thursday.

NEW RAILWAY FROM MONTREAL

Would Tap National Transcontinental Near Weymontachene.

Ottawa, Feb. 4.—A line of railway connecting Montreal with the Transcontinental railway is foreshadowed in an application made by Joliette and the Montreal and Great Eastern Railway, which proposes to build from Montreal by way of Joliette and Lake Manseau to a point on the N. T. R. near Weymontachene. Authority is being sought also to acquire the Joliette and Lake Manseau Colonization Railway. The New Ontario and Quebec Railway Company gives notice of a bill to build from Joliette to a junction with the James Bay Railway at Conger, a distance of 160 miles. It also proposed to build around the west side of Lake Abitibi to a junction with the first-named line, and from Joliette Falls to a junction with the High River, Saskatchewan, and Hudson Bay Railway asks authority to construct a line from Township 22 range 1 west of the 4th Meridian to its former unoccupied state, nevertheless, such land still continues to be assessed as agricultural.

WILL ALLEVIATE CONDITIONS. Western Foodstuffs Will Keep the United States, Says N.Y. Financier.

Ottawa, Feb. 4.—Addressing the Canadian Club on Saturday, W. Perkins, New York financier, and former partner of J. P. Morgan, made a passing reference to the recent reciprocity agreement. He said that, "if the United States can be fortunate enough to get some foodstuffs from the Canadian West, it will be a great boon and condition as the result of the high cost of living in the States, I am sure it will soothe a number of wounded feelings ever since the war. I notice that everyone is living and apparently living pretty high."

SUIT FOR CRIPPLEN'S ESTATE. Half Sister of Belle Elmore Enters Action.

London, Feb. 4.—In the Probate court today, counsel for Mrs. Theresa Hunn, of Brooklyn, N.Y., a half sister of the late Mrs. Hawley Harvey Crippen, better known as Belle Elmore, has applied for letters of administration of the estate of the murdered actress, whose husband was hanged for the crime on November 23 last. The application states that the estate consists of jewelry, furs and cash, and amounted to about \$55,000.

STORMS COST RAILWAYS MUCH. Great Northern Have Paid \$9,000 to Keep Few Miles of Line Open.

Brandon, Feb. 3.—That the railways are finding it very expensive work to maintain any kind of a train service in the apparent in the fact that since the snow trouble started in this district it has cost the Great Northern \$9,000 to keep sixty miles of road from here to the boundary in decent condition and even with that heavy expenditure the company has had great difficulty in maintaining a service. A gang of eighty men with a big engine and snowplow is steadily employed keeping the line clear. These men are paid from \$2.25 to \$2.50 a day and as they are also provided with their board it is pretty representative employment for the winter.

HELPLESS CRIPPLE FROM RHEUMATISM

Five Boxes of "Fruit-a-tives" Cured Her

4 HOME PLACE, TORONTO, DEC. 15th, 1909. "It was a terrible sufferer from Rheumatism for nearly a year, and my right arm was swollen and the pain was fearful. All down the right side, the pain was dreadful, and I could hardly move for the agony. I was treated by two physicians but their medicine did me no good, and I tried numerous other remedies but received no benefit. I was simply a helpless cripple and suffered from Rheumatism all during last winter.

I saw "Fruit-a-tives" advertised in "The Telegram" and decided to try this remedy. After I had taken one box, I was much better and the pain less, and I continued the treatment with good hopes. When I had taken three boxes, I was so well that I could use my arm again and the pain was practically gone. After I had taken five boxes, I was entirely well again—no pain—no suffering—add now I am as well as ever was.

The cure of my case by "Fruit-a-tives" was indeed splendid because all the doctors failed to even relieve me of my sufferings. For the sake of others who may suffer from this terrible disease, Rheumatism, I give you permission to publish this statement."

Mrs. LIZZIE BAXTER. "Fruit-a-tives" is the only remedy that actually cures Rheumatism, and Sciatica because "Fruit-a-tives" is the only medicine that actually prevents Uric acid in the blood, there can be no Rheumatism. "Fruit-a-tives" keeps the stomach clean—the liver active—the bowels regular—the kidneys strong and the skin healthy. These are the organs that rid the body of all waste. When "Fruit-a-tives" so regulates the system that all waste is eliminated, then there can be no waste of "uric acid" to be changed into uric acid. Thus, there can be no uric acid in the blood, to inflame nerves and cause the pain which we know by the names of Rheumatism, Sciatica, Lumbago, Neuralgia, "Fruit-a-tives" will cure every trace of Rheumatism, Pain in The Back, Swollen Hands and Feet, and other troubles due to the blood being poisoned by uric acid.

If you are subject to Rheumatism, cure yourself now with "Fruit-a-tives" and be free of pain this winter. soc. a box, 6 for \$2.50, trial size 25c. At all dealers, or sent postpaid on receipt of price by Fruit-a-tives Limited, Ottawa, Ont.

A TRAGIC OCCURRENCE. Long Lost Brother Returned But Expelled While Telling of His Adventures. London, Ont., Feb. 3.—For years the family of Albert Smith have wondered where he had gone. They had not heard of him for years and had come to the conclusion that he was dead. Yesterday Robert Smith, living near London was surprised by having his long lost brother walk in.

The usual greetings of a long lost relative were exchanged. Albert had heard of his travels to his brother and family when suddenly he fell overboard. Medical aid was called but he was dead. Albert was a cripple from hip disease.

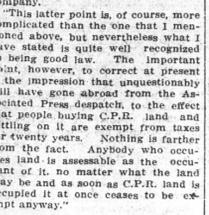

Earthquake Shock Recorded. Cleveland, Ohio, Feb. 3.—The seismograph at St. Ignace College this afternoon recorded earthquake shocks emanating from a point probably 1,000 miles distant according to Father Odehuck's observations. The first shock took place at 3:18 p.m., the magnitude 3.21, the maximum at 3:22 and the last at 3:32. The movement was not violent.

Insurance Rates Raised in West. Winnipeg, Man., Feb. 4.—Following a million dollar loss in Winnipeg last year and four hundred thousand dollars this month, the Western Canadian Underwriters' Association have decided to raise rates from ten to fifty cents per \$100. This will be partially offset by an increased reduction of signal services and automatic arms are installed.

Missouri Capital Burned. Jefferson City, Feb. 6.—The Missouri capitol building was entirely destroyed by fire from lightning tonight. Many of the records of the Governors and other state officers are a complete loss.

THE THING TO CONSIDER

in purchasing a sound-reproducing instrument is the fidelity with which it reproduces the human voice in songs or speeches and the musical notes of instruments. Until you have heard the

Edison Phonograph you cannot appreciate how far Mr. Edison has carried his invention in this respect. Every note of music and every syllable of a speech is not only clear and distinct, but also a perfect reproduction of the singer, band, orchestra or speaker who made the original Record.

There are Edison dealers everywhere. Go to the nearest and hear the Edison Phonograph play both Edison Standard and Edison Amber Records. Get complete catalog from your dealer or Edison Phonograph Co., 300 Madison Ave., New York, N.Y. Edison Standard Records, 50c. Edison Amber Records (50c. per copy). Edison Grand Opera Records, 80c. to \$1.00.

NATIONAL PHONOGRAPH COMPANY 300 Lakeside Ave., Orange, N.J., U.S.A.

Edison Phonographs and Records Sold by Jas. J. Gourlay, 128 Jasper Ave., West, 501 Jasper Ave., East.

WANTS \$20,000 DAMAGES. Shipowner Sues for Loss of Cargo.

Hamilton, Feb. 3.—A high court writ for \$20,000 damages was issued on behalf of Robert Silverick against the Imperial Russian Baltic Company for damages for injuries received by the ship "The Silesia" when it was sunk by Mordkin's sword, which slipped from the handle during a performance of the ballet here two weeks ago. The ballet has now been recovered in St. Joseph's Hospital.

RATES FOR NAVAL FORCES. Ottawa, Ont., Feb. 4.—An Order-in-Council has been passed prescribing the rates to be charged by the railways for the transportation of naval forces in Canada. East of Port Arthur it will be two cents a mile and west it will be two cents a mile and two cents per mile for second-class.

WANTS \$20,000 DAMAGES. Hamilton, Feb. 3.—A high court writ for \$20,000 damages was issued on behalf of Robert Silverick against the Imperial Russian Baltic Company for damages for injuries received by the ship "The Silesia" when it was sunk by Mordkin's sword, which slipped from the handle during a performance of the ballet here two weeks ago. The ballet has now been recovered in St. Joseph's Hospital.

MANY BIG QUESTIONS WILL COME UP IN BRITISH HOUSE NEXT WEEK

The Lords' Vote, the Budget, and Disability Insurance Among the Business That Will Await Parliament, Which Opens for Business on Monday—Latter Measure Will be Pressed.

London, Feb. 4.—When Parliament meets on February 15th, it will commence a busy and in all probability a breezy session. There is in the first place the Lords' Vote Bill, which it is hoped may be disposed of before adjournment.

The Budget for 1910-11 has not yet been finally passed, the reason for the postponement being, of course, the hopes of an adjustment of the burning differences between the political parties regarding the House of Lords. It is expected that the Budget will be presented in the first week of the session. The State proportion is unlikely to reach twenty-five per cent. until the end of the year.

Another question which will assuredly excite much debate is Invalidity Insurance, which the government will deal with this session. It is announced that although the

FAMINE AND THE PLAGUE IN CHINA

10,000 DEATHS DAILY FROM DISEASE AND 100,000 IN A STARVING CONDITION.

Nanjing, China, Feb. 4.—With 10,000 deaths daily from the pulmonary plague in Manchuria and with over 100,000 Chinese in a starving condition, aid will be required from other nations at once if the present appalling conditions are to be remedied.

More than 30,000 men, women and children are gathered outside the walls of this city alone having made their way out from the famine district in the hope of finding employment in the city. Most of them have been refused admission and they are living in pitiful squalor without food and many of them without clothing.

UNION OF THE TWO SCOTTISH CHURCHES

Movement is Under Way in Looking to Presbyterian and Church of Scotland Another Matter Under Consideration is Improvement of the Public Roads Throughout Country.

Edinburgh, Feb. 4.—It is with obvious pain that the churches complain that the people of Scotland are losing their habit of church-going. Yet there never was a time when matters theological were more actively discussed.

MEXICAN INSURRECTOS TO PROMOTE THRIFT AND LAND PURCHASE

Train Carrying General Rabago's Federal Example in Issuing Government Bonds of Small Amount Through the Day—Rabago's Force Finally Proceeds to Juarez.

El Paso, Feb. 5.—The regular passenger train over Juarez division of the Mexican Northwestern railway was derailed by General Rabago's insurgents at Bucho, ten miles south of Juarez, at 2:15 o'clock last night.

The insurgents, who were stationed within 200 yards of the engine, immediately made an examination because the train had not been stopped when it should have been.

One banker of world-wide reputation voiced a somewhat general opinion as to whether it would ever be possible to persuade working men to save money. The city men entertain a fixed opinion that thrift is less common in England than in France or Germany.

A prominent financial authority has foreseen a crisis in the banking system. He said, "In January, 1909, the Canadian government issued, through the Bank of Montreal, 16,000,000 of \$3-4 per cent. bonds."

The effort was well advertised in the press and it was suggested by Mr. Fielding himself, the Canadian minister of finance, who was known to have been approached on the subject by Mr. F. W. Hirst, the editor of the occasional discharge of artillery. Orozco is said to have a mountain howitzer with him.

Red Cross Flag no Protection. A red cross train of four coaches went out of Juarez late this afternoon for the scene of the fighting, carrying physicians, nurses and medical supplies. The train returned to Juarez tonight, bringing in twenty wounded and children found near Bucho, and one woman who was badly wounded.

General Benago and his command of 200 Federals entered the city of Juarez at 9:25 tonight unmolested by the insurgents and were received with joyful acclamation by the people of the city.

Rebels Killed 107. El Paso, Feb. 5.—Mail advices from Chihuahua to the Herald today say that a special train has arrived from there from the northwest, bringing many wounded from the vicinity of Coyote, Chihuahua, where the rebels defeated the Federals and killed 107.

More Catholics for Congress. Archbishop Ireland says there is no prospect of Catholic Back. Detroit, Feb. 4.—The sensation created by Archbishop Ireland in an address before the students of the University of Detroit, was even greater today than at the time of the Archbishop's demand for more Catholics in Congress.

Thinking of Building a Silo? Better Build it of Concrete

The construction of a Silo affords an excellent example of what the farmer can do with Concrete—and of the superiority of Concrete over all other material for various structural work about the farm.

The usual wooden silo, besides being expensive, is far from satisfactory. In the first place, it does not endure; and, more important still—being far from weather-proof—its contents become water-logged—producing an unsanitary condition.

A Silo built of Concrete, on the other hand, is practically everlasting—it is proof against heat, cold and moisture—and it has the merit of comparative economy.

This economy feature is further explained in our free book—"What the Farmer Can Do With Concrete," which tells how to mix and use Concrete for the making of silos and other buildings on the farm.

You may send me a copy of book entitled "What the Farmer Can Do With Concrete." Name _____ Address _____

Canada Cement Co. Limited 51-60 National Bank Building, Montreal.

MAY NOT HAVE BEEN BALLOON OF ANDRE

Father Tourquet Reaches Prince Albert from the Far North and Tells More of the Story that Astonished the World Some Months Ago.

Prince Albert, Sask., Feb. 4.—Rev. Father A. Tourquet, missionary at Reindeer Lake, in the far north, whose story concerning the supposed discovery of the Arctic continent by Eskimos in the Arctic circle created much excitement all over the world about a year ago, reached Prince Albert today.

After a journey of 500 train lasting eighteen days. He says that the narrative which was given to the outside world, and which brought letters to him from almost every country in Europe, had been much distorted.

He can therefore, furnish no additional information. He says that the Eskimos who were trading with the Eskimos 300 miles north of Reindeer Lake were very industrious in every respect, and while the general trend of the narrative was that the Eskimos had been trading with the Indians could give him no reasonable data as to the time or place, and that the story had come through two different bands of Eskimos who scarcely understood each other's language.

He can therefore, furnish no additional information. He says that the Eskimos who were trading with the Eskimos 300 miles north of Reindeer Lake were very industrious in every respect, and while the general trend of the narrative was that the Eskimos had been trading with the Indians could give him no reasonable data as to the time or place, and that the story had come through two different bands of Eskimos who scarcely understood each other's language.

NO BID RECEIVED FOR THE A.G.W. TIMBER

Auction Sale Was Held at the Land Office on Tuesday. The Teaming Costs Too Much, Says Dr. H. L. McNeil, of the Empire Supply Company.

The auction sale of the timber cut last summer along the right of way of the Alberta and Great Waterways and set aside weeks ago by the Department of the Interior for timber dues, was closed, with a quarter of the timber, valued at \$100,000, having been made.

A crowd of indifferent spectators, with a small number of interested parties, were the only ones that attended the sale Tuesday in the lobby of the Dominion Land Office.

Shortly after eleven o'clock, K. W. McKenzie, Crown timber agent, and H. A. Clark, chief clerk, advanced to the counter, and after the preliminary rapping, order was called and the following announcement made:

"Tenders on the proposed second Dominion Lands Act and the timber regulations, the Department of the Interior has selected certain timber with a total value of \$100,000 for sale by public auction, to be held on the 11th inst. at 11:30 a.m. at the Dominion Land Office, Ottawa, Ontario.

The timber consists of the following items: 1,107,776 railway ties, 618,000 ft. of 2x4, 2x6, 2x8, 2x10, 2x12, 2x14, 2x16, 2x18, 2x20, 2x22, 2x24, 2x26, 2x28, 2x30, 2x32, 2x34, 2x36, 2x38, 2x40, 2x42, 2x44, 2x46, 2x48, 2x50, 2x52, 2x54, 2x56, 2x58, 2x60, 2x62, 2x64, 2x66, 2x68, 2x70, 2x72, 2x74, 2x76, 2x78, 2x80, 2x82, 2x84, 2x86, 2x88, 2x90, 2x92, 2x94, 2x96, 2x98, 2x100.

The timber is to be sold in lots of not less than 100,000 ft. and not more than 1,000,000 ft. The minimum bid is \$100,000. The highest bidder shall be the purchaser of the timber. The purchaser shall be bound to take delivery of the timber within 30 days of the date of the sale.

PEOPLE IN THE EASTERN CITIES EAGERLY SOUGHT EXTRA EDITIONS

Manager of the Acme Company Returns From Trip to New York and Montreal—Says Reciprocity Agreement the Sole Topic of Discussion Among the People in the East—Expects Good Year Commercially in Edmonton, Despite Quietness in East.

"I was surprised on my return to Edmonton," said A. E. Ludwig, manager of the Acme Company, to the Bulletin Tuesday, "to find so little interest displayed here in reciprocity. Why in hotel lobbies in the east, particularly in New York and Montreal, it was almost the sole topic of conversation. Little groups gathered on the streets to discuss it, and take opposite sides on the question. People thronged the streets, waiting for the extras that reported 'Fielding's speech'."

Mr. Ludwig has but recently returned from a business trip to the Eastern cities, where additional buyers for his firm he had an excellent opportunity to observe the attitude of the Americans towards reciprocity. "The western American farmer," said Mr. Ludwig, "is the only class disappointed; he has been striving to get the tariff reduced, and now he finds that the tariff is to be raised, and that the farmer will have to pay more for his goods."

Real estate fluctuates from time to time here, but people must get it out of their heads that the price of real estate has anything to do with the general prosperity. Irrespective of the value of real estate, whether high or low, we in Edmonton can anticipate in 1911 the best year of progress since 1906.

On the other hand opposition to the tariff decision will be in the hands of the Liberal party, and who realize that their constituents cannot be hoodwinked by the specious arguments of the agricultural interests. The western Conservatives and most of the industrialists are strongly in favor of reciprocity, recognizing that their only hope of re-election is to get in with the Liberals in support of the tariff decision.

On the other hand some of the eastern, urban representatives and ultra-Tory members are anxious to adopt such a policy as will best suit the interests of the province. The government whether right or wrong, is a result of the opposing councils. No decision as to party policy had been reached when the caucus broke up, but another effort will be made to reach some acceptable compromise between the divergent views of the party before Tuesday's resolutions will be resumed.

It is considered probable that the ultimate decision will be left to each member of the Opposition act in the matter as he thinks will best suit his own interests. In his own constituency, some comparatively non-committal opposition amendment may be introduced, expressing regret that the government is endeavoring the consummation of the scheme of international preferential trade. Indications point to an opposition policy of damning the reciprocity agreement with faint praise, and criticizing the party in particular cases, but temporary embarrassment may be caused to special interests without any real effect on the reciprocity legislation as a whole.

THE ORIGINAL AND ONLY GENUINE. BEWARE OF IMITATIONS SOLD ON THE MERITS OF MINARD'S LINIMENT.

Every woman has some little plan for recording her household expenditures. A bank book will fit into every such plan and simplify the records—saving time and the trouble of preserving receipts.

ALL DENOMINATIONS IN HIS VITUPERATION, ESPECIALLY ROMAN CATHOLIC. Ottawa, Feb. 10.—The chief of the Commons sitting today, attacked by Colonel Hughes of the House, accused Rev. Mr. Donald, of the Toronto Globe, in the pay of a "Pious" in Boston, whose propaganda efforts, said Col. Hughes, that Dr. Macdonald had a doctrine for the association of Hughes objected to this as being inimical to the best interests of the country.

Mr. Milne was alleged to have preached in his church in a sermon commendatory of Col. Hughes, but not mentioning his name. However, Col. Hughes stated that many members of his congregation had assured him that Dr. Macdonald had a doctrine for the association of Hughes objected to this as being inimical to the best interests of the country.

Ministers Take Matter into their own hands and passed a resolution in support of Col. Hughes was false and explicit confidence in Rev. Mr. Hughes were unnecessary. Col. Hughes' statement to the effect that he reaffirmed all his views said and offered to resign from the Order of St. Michael and St. George against Mr. Milne. He demanded the ministerial association with Dr. Macdonald and that there should be the fullest offer to sign the Hon. Mr. Hughes' name as a condition of his resignation. He refused to do so.

Towards the end of his speech, Mr. Milne stated that he had been asked to sign the Hon. Mr. Hughes' name as a condition of his resignation. He refused to do so. He stated that he had been asked to sign the Hon. Mr. Hughes' name as a condition of his resignation. He refused to do so.

His Friends Return Attack. He provoked a warm rejoinder from the Hon. Mr. Hughes, who stated that he had been asked to sign the Hon. Mr. Hughes' name as a condition of his resignation. He refused to do so.

Mr. Miller replied sarcastically to the Hon. Mr. Hughes' remarks, stating that he had been asked to sign the Hon. Mr. Hughes' name as a condition of his resignation. He refused to do so.

Too Much Methodism. Toronto, Feb. 8.—The Toronto Presbytery, the chief of church union as sent by general assembly, is that it is much of methodism and the principles have been cast

HE REPEATS STORY ALREADY DENIED

Hon. Price Ellison, Minister of Finance and Agriculture, Resurrects the Old Yarn that J. J. Hill Was Behind Trade Agitation.

Victoria, B.C., Feb. 6.—In the British Columbia legislature today Hon. Price Ellison, minister of finance and agriculture, expressed the opinion that reciprocity with the United States should not go into force before being submitted to the people.

He also said the whole agitation for reciprocity had been brought about by a handful of men in Manitoba and chiefly in Winnipeg, who got fifty thousand dollars from James G. Hill to be used to go down to Ottawa and raise the cry for free trade.

Hill's object, said Mr. Ellison, was to divert railroad traffic north and south so that it would be carried over his lines. Mr. Ellison hoped, the handful of men would not be able to persuade the government to make arrangements so disastrous to Canada.

ADVANCED LEGISLATION IN ALBERTA FOR THE PROTECTION OF CHILDREN

Recent Amendments Extend Age of "Child" Under the Act to 17 Years. Instead of 16—Improve Home Training Warrants Apprehension of Child by Children's Aid Society—Wider Powers for Truants, Officers—Every Child Must Provide Officially—Child Who Breaks the Law Must Not Be Confined in Ordinary Cells.

By the recent amendments to the Children's Protection Act of 1909, the Province of Alberta is placed in a position as to be able to handle the cases of dependent children, to cope with this problem in such a manner, it is held, as to prevent the commission of criminals in the state.

Among these amendments are the following changes: The age of a "child" under the Act is extended to seventeen years, instead of sixteen, as formerly. The term "neglected child" is made to include the child who is incorrigible or who is compulsively idle, or who is employed in the streets or in any other place, or who is employed in any other place, or who is employed in any other place.

Where a child is found in any of the places mentioned in the Act, the parent or guardian of the child shall be notified, and if the parent or guardian fails to appear, the child shall be taken into custody and placed in a suitable home, or in a reformatory, or in a place of detention, or in a place of detention, or in a place of detention.

Where a child is found in any of the places mentioned in the Act, the parent or guardian of the child shall be notified, and if the parent or guardian fails to appear, the child shall be taken into custody and placed in a suitable home, or in a reformatory, or in a place of detention, or in a place of detention.

Where a child is found in any of the places mentioned in the Act, the parent or guardian of the child shall be notified, and if the parent or guardian fails to appear, the child shall be taken into custody and placed in a suitable home, or in a reformatory, or in a place of detention, or in a place of detention.

THE TORIES DARE NOT CONDEMN IT

But They Are Unwilling To Support the New Trade Agreement Because Canada and the United States Now Under Consideration.

Ottawa, Feb. 8.—After several days of cautious reciprocity agreement with the United States, Mr. Borden's followers are still unable to reach a decision on the whole issue. They are on the horns of a dilemma, not to oppose the agreement, which promises to be the largest political interest of the year, or to give the campaign, would give the government an immense tactical advantage, and which would be a severe blow to the government's fiscal policy.

On the other hand some of the eastern, urban representatives and ultra-Tory members are anxious to adopt such a policy as will best suit the interests of the province. The government whether right or wrong, is a result of the opposing councils. No decision as to party policy had been reached when the caucus broke up, but another effort will be made to reach some acceptable compromise between the divergent views of the party before Tuesday's resolutions will be resumed.

It is considered probable that the ultimate decision will be left to each member of the Opposition act in the matter as he thinks will best suit his own interests. In his own constituency, some comparatively non-committal opposition amendment may be introduced, expressing regret that the government is endeavoring the consummation of the scheme of international preferential trade.

Indications point to an opposition policy of damning the reciprocity agreement with faint praise, and criticizing the party in particular cases, but temporary embarrassment may be caused to special interests without any real effect on the reciprocity legislation as a whole.

INDIANS GET LAND ON COLD LAKE SHORE

Sixteen Sections of Original Chipewyan Reserve Exchanged by Department of Interior for Equal Area Bordering on Cold Lake in Response to Request of Indians.

Sixteen sections of the Cold Lake Indian Reserve, which lies about eight miles north of Lloydminster, have been exchanged, on the recommendation of the Minister of the Interior, by order-in-council, for an equal area of land outside the present reserve, in order to give the Indians direct access to the shores of the lake. Application for the exchange was made by the Department of Indian Affairs on behalf of the Indians of the reserve. Notice of the exchange is contained in the latest issue of the Canada Gazette.

The lands of which an exchange is effected are sixteen sections in Townships 61 and 62, range 3, west of the Fourth Meridian, comprised in the Cold Lake Indian Reserve, and an equal area of land in townships 63 and 64 west of the Fourth Meridian. The exchange is made with the provision that the regular statutory road allowance across the lands added to the reserve may, with the consent of the Department of Indian Affairs, be opened at any time that they may be required for the development of the country. The lands surrendered by the Indians is vested in the Department of the Interior, to be disposed of in the ordinary way, under the provisions of the Dominion Lands Act.

The Cold Lake Indian reserve consists of 72 square miles of land lying on the north shore of the Beaver River, near Cold Lake, in April, 1904. The majority of the Indians took their abode on the reserve provided for them, but a number objected to going south of the river, where they would be away from the lake, and made the request that they be located on its shores, which has been granted.

IMPERIALISTIC AMENDMENT. Submitted by Unionists to Address in Reply to King's Speech. London, Feb. 7.—Nearly seven pages of amendment to the address appear in today's parliamentary papers. Among these is on fatherly opposition, amendment may be introduced, expressing regret that the government is endeavoring the consummation of the scheme of international preferential trade.

Indications point to an opposition policy of damning the reciprocity agreement with faint praise, and criticizing the party in particular cases, but temporary embarrassment may be caused to special interests without any real effect on the reciprocity legislation as a whole.

NO STRIKES AT KINGSTON

Labor Leaders Report Amicable Relations With Employers. Kingston, Feb. 7.—In labor circles it is stated that there will be no strikes in May, as alleged, but that there is harmony between employers and employees, and that the wages promised will be acceptable.

At noon a civic deputation left for Ottawa to present to the Marine Department the petition for a harbor space. It will also ask the government to build a new bridge across the harbor. The old bridge has been in use since 1827.

TEACH IRISH IN SCHOOLS. Hamilton, Feb. 7.—At the combined banquet of the Hamilton Irish-American lodges here last night Provincial President C. J. Fox, of Perth, made a plea for the organization of juvenile leagues to unite the Irish youth. He advocated the teaching of the national language in the separate schools, and complained that, unlike the French clergy, many of the Irish clergy had not taken the Irish support they should.

Removing Snow From Streets. Montreal, Feb. 6.—Two thousand men and twelve hundred carts are now engaged by the City to remove snow from the streets. The city surveyor states that it will take over a week before the snow is all cleared from the streets where there are cars.
