They Have Cured Thousands

Father Morriscy's Famous Prescriptions Have Earned
The Confidence of Those Who Have Tried Them.

Father Morriscy's "No. 7" Cures Rheumatism and Kidney Trouble

There are different ways to relieve the wearing ache and grinding pain of Rheumatism—but only one way to cure it. That way is to clear the blood of the poisonous Uric Acid which, settling in the joints and the fibres of the muscles, causes all the suffering. This Uric Acid can only be removed by and through the Kidneys.

They are the natural filters of the body, whose work it is to take out of the blood the worn-out tissue and other waste matter that, if left in, so soon turns to poison.

Father Morriscy's "No. 7" acts directly on the Kidneys, toning them up to vigorous action. Immediately they begin to clear the poisonous Uric Acid from the blood, and in time remove it entirely, and with it, of course, the Rheumatism.

"No. 7" Tablets are most effective, and perfectly safe. Price, 50c. a box.

Mr. Barbare, who is Registrar of Deeds at Dalhousie, Restigouche Co., N. B., suffered for years till a friend recommended Father Morriscy's "No. 7" to him. He tells the result:

Dalhousie, N.B., April 14th, 1909.
THE FATHER MORRISCY MEDICINE CO., LTD.
I suffered from Rheumatism for years and recently have been confined to my house with it with Doctors attending. A friend recommended your medicine and I tried your No. 7 Tablets and also your Liniment and can recommend them to all sufferers, as they certainly gave me relief and to-day I can get around as well as I could years ago.

Yours very truly,
JOHN BARBERIE.

Father Morriscy's "No. 26" Cures Catarrh

Colds in the head, neglected, soon get the lining of the nasal passages into a state of chronic inflammation, almost certain to lead the Catarrh. While the earlier stages of Catarrh are not immediately dangerous, they are disagreeable. The more advanced stages become loathsome and usually end in fatal lung or stomach disease.

Unless something is done to check it, Catarrh almost always grows steadily worse, so that it is not safe to neglect it. According to the testimony of hundreds in the Maritime Provinces, the most effective remedy is Father Morriscy's "No. 26"—a combined internal and external treatment.

The tablets taken internally purify the blood and give the system added vigor to throw off the disease. The salve, applied directly to the inside of the nostrils, cleanses, soothes and heals the diseased tissues. The result, in almost every case, is a complete cure, even where other remedies have failed.

Price 50c. for the combined treatment.

These remedies are not new, nor are they in any sense "cure-alls." Each prescription was worked out scientifically by the late Father Morriscy to cure a certain kind of disease. Each prescription has been tested for years, and has proved beyond a shadow of doubt that it will cure that disease. Each remedy is therefore worthy of a place in the family medicine chest ready for the need which is so likely to arise suddenly. Get them at your dealer's, or from

FATHER MORRISCY MEDICINE CO. LTD., CHATHAM, N.B.

Father Morriscy's "No. 10" Cures Coughs and Strengthens Lungs

The man or woman who trifles with a cough—who lets a "common cold" run its course—who disregards a pain in the chest, that each full breath causes—is playing with death itself.

Father Morriscy's "No. 10", commonly called "Lung Tonic" is one of the safest and most effective remedies that has ever been used for these troubles. It not only relieves the cough and breaks up the cold, but it goes further, and actually builds up and strengthens the lungs and the whole system.

It is combined according to Father Morriscy's original prescription, from Herbs, Barks and Balsams, and does not contain a trace of Opium, Morphine or any other similar drug. It is therefore perfectly safe, even for babies.

Trial size 25c. a bottle. Regular size 50c.

Rev. Father Morriscy

Mr. Aylward got Father Morriscy's "No. 10" just in time to save his life. Read his story:

Campbellton, N.B., Feb. 5th, 1909.
THE FATHER MORRISCY MEDICINE CO., LTD.
During the winter of 1907, while travelling on the Gaspe Coast, I contracted a severe cold which settled upon my lungs.

After I returned home I wrote to Father Morriscy explaining my case. I received a letter from him with a Prescription for his medicine, which could not be filled at the time here. After one week's delay I received it just in the nick of time to save my life. After one month's use I felt like a new man.

Yours truly,
JNO. AYLWARD.

Father Morriscy's Liniment Drives Out Aches and Pains

Have you a really good Liniment in the house, ready for the many emergencies that are sure to come?

If you have a bottle of Father Morriscy's Liniment handy you can save yourself and your family hours of needless suffering, if nothing worse. It has been used for years by hundreds of the late Father Morriscy's patients, and has proved most effective for sore muscles—bruises—cuts—sprains—strains—chapped hands—chilblains—burns—frost bites—teeth aches—ear aches—back aches—pains in the kidneys—muscular rheumatism—swollen, aching or stiff joints—sore throat and pain in the chest. It is especially valuable in rheumatism if used externally while the "No. 7" Tablets are being taken. Similarly, it is particularly effective when rubbed on the throat and chest at the same time that Father Morriscy's "No. 10" is taken to cure coughs and colds.

Father Morriscy's Liniment is clean and pleasant to use, and a splendid "rubbing" liniment.

Price, 25c. a bottle.

Each prescription was worked out scientifically by the late Father Morriscy to cure a certain kind of disease. Each prescription has been tested for years, and has proved beyond a shadow of doubt that it will cure that disease. Each remedy is therefore worthy of a place in the family medicine chest ready for the need which is so likely to arise suddenly. Get them at your dealer's, or from

"Tell Him I Loathe Him."

CHAPTER XIX. ANOTHER HEAR!

SEE how sincerely honest I am when I can confess to you that I do! I must know that I have not yet recovered from that blow if I ever can. I think that my heart must have died under it, as well as my pride. I have never thought of you, Charlie, except as a dear brother. You see, I would have nothing to give you in return but a hand which you could not value, for even the promise that at some time in the future my heart might follow it could not be made.

'And yet it might, Duchess!'

"Nothing seemed to cure."

Hundred of diseases are the direct results of a diseased stomach, the most common of which are dyspepsia, constipation, nervousness, insomnia, congestion of the liver, general debility, headache, etc. Anything which interferes with the healthy action of the stomach may give rise to the above diseases.

Dr. Bovel's Herb Tablets quickly remove the cause and tone up the system. Read the following:

Winchester, Ont.
Dear Sirs:—
It is with pleasure I write to you to let you know the benefit I received from your medicine. I was troubled with distress of the stomach for years and nothing I could get seemed to cure me until I got a box of Dr. Bovel's Herb Tablets which cured me, now I can eat anything my appetite craves and am well.

Yours respectfully,
MRS. H. ANDERSON.

Dr. Bovel's Herb Tablets are sold by all Drugists or Dealers at 25c. per box. If your Dealer cannot supply you send 25c. (in stamps) to us direct.

BOVEL MANFG. CO'Y.
St. John's, Nfld.,
or Montreal, Can.

'Are you willing to risk it?'

His face was flushed with excitement.

'Yes!' he cried, all the boyish enthusiasm of his nature speaking through his glowing eyes. 'My life is nothing without you; why should I not try to win your love? Such devotion as mine shall be, given the right of display, must meet with some return. Duchess, tell me that you will let me love you! Tell me that you will not close your heart to me! Promise that some day, after you have learned not to be so indifferent, that you will be my wife, and I will wait as patiently as Jacob did for Rachel. Will you, dear?'

She was very tired in her heart and soul, weary of the memories that tortured her, eager to embrace anything that offered forgetfulness, and with a determination that she would help him all that lay in her power she yielded herself to his embrace.

Who can describe his happiness? He knew that he could trust her, and he held her closely, dreaming of the time when she would—when she should love him even as he loved her.

And as she rested there, they were aroused by the shrill scream of a woman.

CHAPTER XX. A LOVE TRAGEDY.

I was not until Bebe had groped her way between them that Lillard Lloyd-Mostyn seemed to recover from his surprise at the suddenness of the exclamation from Edwin Chapman; then with utmost sagacity he closed his sketchbook, put his pencil in its place, and coolly eyed the livid man.

'Perhaps you will be good enough to explain the meaning of your melodramatic words,' he said quietly. 'And also how it is possible that you know my name. If I am not mistaken, I have not the honor of your acquaintance.'

Under the strongest possible effort, Chapman recovered something of his self-possession. He was still ghastric in his pallor, his lips twitched convulsively, his eyes glaring like those of an animal that has reached the extreme length of the chain that renders him powerless.

He drew Bebe to him, his firm, though unconscious grasp upon her arm causing her to moan with pain.

'Is it true that you do not recognize me?' he hoarsely cried. 'I can almost believe it from your manner, and yet I should think the hideous, cowardly young you did me would cause you fear of my revenge to penetrate any change, any disguise. I am Erle Devereux Childes!'

For a moment Lloyd-Mostyn's coolness forsook him, but only for a moment. His cheeks became ashen, then the natural insolence of the man swallowed up his fear, and a vivid carmine surged beneath the skin.

'I might have realized,' he said calmly, 'that I could have judged nothing from your name. An alias never distresses you much.'

'Silence, man!' commanded Chapman, forgetting Bebe in his almost ungovernable rage. 'How dare you!

Asaya-Neuralin
THE NEW REMEDY FOR
Nervous Exhaustion
Nervous exhaustion, the ailment of the age, results from the destruction of nerve cells by over-strain faster than they are rebuilt. The only remedy is Food, Rest and increased nerve repair. "ASAYA-NEURALIN" is and makes possible this cure. It feeds the nerves, induces sleep, quickens the appetite and digestion, restores buoyancy of spirits. \$1.50 per bottle. Obtain from the following
M. CONNORS.

But we have me; at last, and now, by Heaven you shall pay for the curse you have put upon my life. I thank the fate that sent you here!

His hand had fallen from Bebe's arm, his eyes glared with maniacal intensity.

Lloyd-Mostyn laughed shortly, perhaps it was to conceal his terror. 'It would not surprise me much to have you murder me,' he said, taking a cigar from his pocket and biting the end off with utmost nonchalance. 'Practice makes perfect, you know.'

'Scoundrel!'

'Hold on a minute! I should like to tell you that I am unarmed. If you are willing to wait for half an hour I will get my gun. You know that I am a diabolical shot, so that there will not be the smallest danger to your life, but my having the gun will protect you from future trouble. The inluckiness of being hanged for murder runs in your family, and I should not like to have that occur for the sake of that little blind girl, who fancies herself your wife!'

'You infernal—'

Before the sentence could be completed Bebe had thrown herself upon her husband's bosom, clasping his neck with her arms.

'Who is the "infernal"?' she whispered, her tone hoarse from fright. 'Oh, my husband, what is it that he has done? What is it that tells me some horrible thing has happened? Tell me, I beseech you!'

The memory of all he owed her as wife came upon him again, and a terrible shudder shook him from head to foot.

'I have made my revenge impossible!' he groaned. 'He has wrecked my life, my heart, my soul, and I yet I am powerless to touch him! Oh, God! how can I bear it?'

A slow, sarcastic smile played about his sides and obtained cure by using Dr. Chase's Kidney-Liver Pills. These pills are the best on the market and I am glad to recommend them.'

Dr. Chase's Kidney-Liver Pills are definite and certain in action, soothe the liver and bowels as well as the kidneys, are lastingly beneficial and economical. But to obtain these results you must get the genuine Dr. A. W. Chase's Kidney-Liver Pills. One pill a dose, 25 cents a box, at all dealers, or Edmanson, Bates & Co., Toronto.

The belief expressed the brutality of the man's nature in all its despicable proportions.

'He is complimentary to you whom he calls his wife, madam,' he sneered. 'I thought that you had forgotten that old affair long ago, Childes. One should be off with the old love before he is on with the new. I suppose with usual candor he took the trouble to tell you that most dramatic story before you listened to his pleading, did he not, madam?'

With all the dignity of which she was capable, Bebe turned in his direction, he arose still about the neck of her husband.

'It did not require that he should tell me anything, sir. I know him to be a gentleman and a man of honor. It was enough.'

Lloyd-Mostyn laughed outright. 'I wonder what old St. John Beaufort, my respected cousin, would say to that Childes? I am afraid he would hardly assent.'

'Silence!' thundered Chapman. 'Can you not see that for the sake of my wife I am trying to spare you? You are making the effort too great. Leave my presence at once, or, as surely as there is a God, I will strangle you where you stand!'

(To be continued.)

Locked Out. The Tragic Side of Trade Troubles.

Consternation has been caused in the North by the great lock-out of boiler makers and others, following small strikes on the Tyne and Clyde. As the result, some 38,000 men have been idle on the Clyde, Tyne, Mersey, Humber and elsewhere within the Federation area.

The shipbuilders of Belfast, London, and the South Coast are not in the Federation.

To appreciate the appalling nature of the situation one has only to go back to 1908, when the same area was affected by a terrible shipyard war that lasted seven months.

On that occasion, the trouble started by the engineers refusing to accept a reduction of 5 per cent on their wages and when this dispute had continued for some weeks, the employers, seeing no hope of a speedy settlement, took the drastic measure of proclaiming a general lock-out, affecting about 80,000 men.

Starvation or Charity?

During this prolonged trouble, pitiable scenes of distress were witnessed in the affected districts. The direct wages loss on the North-East Coast alone was about £45,000 weekly, and many of the work-folk preferred starvation to charity, even where charity was forthcoming.

In the Newcastle suburbs many of the workers had to part with every stick they possessed in order to buy bread. At Jarow, a town practically dependent on shipbuilding, 6,000 people speedily found themselves on the verge of starvation. One afternoon a band of hungry women, with pale, pinched faces, secured a drum, drew a crowd about them, and marched on the mayor's residence.

The sum involved in the original dispute in this strike was about £1,200; the war cost the industry £5,000,000.

It was in September, 1906, that 7,000 boiler-makers stopped work in the Clyde yards, thus threatening to involve 30,000 men in a general lock-out. But in this case the men were simply playing into the employers' hands.

Owing to falling freights and general depression in the shipping trade, employers had no objection to postponing delivery of new vessels.

The strike was, therefore, quite abortive. After seven weeks the men

Laid Up With Lame Back

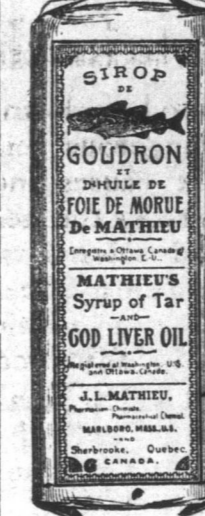

Pain, helplessness and suffering are overcome by DR. CHASE'S KIDNEY-LIVER PILLS.

Mrs. Frank Bloom, Harwood Lake, Ont., writes: 'I want to tell you of the great benefit I found in the use of Dr. Chase's Kidney-Liver Pills. I suffered so badly with kidney disease that when I lay down I could not get up without help. I was completely laid up with lame, aching back. I read about Dr. Chase's Kidney-Liver Pills in the Almanac, got them and they cured me of kidney disease and back-ache.'

'My husband had dreadful pains in his sides and obtained cure by using Dr. Chase's Kidney-Liver Pills. These pills are the best on the market and I am glad to recommend them.'

PERSISTENT COUGH.

Wherever soothing syrups fail to cure that persisting cough which exhausts you, **MATHIEU'S SYRUP** of Tar and Cod Liver Oil and other medicinal extracts will rapidly and definitely rid you of it. The merits of Mathieu's Syrup are highly recognized and endorsed. Here are a few proofs:—

PORT GREVILLE, C.B., Dec. 31, '09.
Blacking & Mercantile Co., Ltd.
Dear Sirs,—Please ship by next express if possible, 3 doz. Mathieu's Syrup. It is the best cough mixture on the market. Yours truly,
W. STERLING.

CHURCH POINT, July 31, '08.
Blacking & Mercantile Co., Ltd., Amherst, N.S.
Dear Sirs,—Nearly one year ago I had my first order of Mathieu's Syrup from you. It was not known in this country, and I gave samples to several families whom I knew would use it. After a few weeks I began to have a call for it, and trade has increased wonderfully since. I have not the least doubt but that it will soon be the best selling remedy for coughs, colds, etc., on the market. In my store here sales are good and our people ask for it. Several stores in this country now keep it in stock and report sales increasing. I have bought from you since August 10th, 1907, 4 gross and have only 3 dozen on hand at this date, and which I am holding for retail trade in my store. Yours truly,
LOUIS A. McLANSON.

AGAINST HEADACHE there is no remedy so active as Mathieu's Nerve Powders which contain no opium, morphine or chloral. 25 cts. per box of 18 powders.

J. L. MATHIEU CO., Sherbrooke, Can.
McCORMACK & Co., Wholesale Chemists and Druggists, St. John's, Nfld.

went back on the old terms, the dispute having cost them £178,000.

The Deserted Village.

Out of the strike and lock-out at Denaby, in Yorkshire, an extraordinary situation arose recently, culminating in the eviction of a town.

For a considerable time the Denaby and Cadeby Main Collieries, Ltd., had been in dispute with about fifty of their men over the rate of payment for removing "bag dirt."

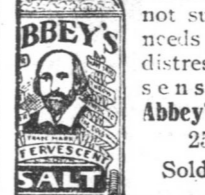

Suddenly, without notice, all the men in the companies two collieries came out on a strike that, becoming virtually a lock-out, lasted nine months in all.

After six months of it, the company, seeing no prospect of a settlement, decided to evict the men, who were also their tenants, and had paid no rent since the beginning of the trouble.

Three hundred men of the West Riding Police swooped down on the town of Denaby. Every man carried a cutlass wrapped in brown paper, but easily available if required.

In all, they had 750 warrants to execute, but many families had evacuated of their own accord, and the police occupied the empty houses as barracks.

Their method was simple. The street to be dealt with was cleared of people, and a cordon of constables

**Abbey's
Effer-Vescent
Salt**
Your stomach may not suggest what it needs when full of distress, but common sense suggests **Abbey's Salt.**
25c and 60c.
Sold everywhere.

was drawn up at each end. Then other constables entered the houses, turned men, women and children into the street, and placed their household goods in the roadway.

Eighteen years previously, 700 evictions had been carried out in the same town, with scenes of wild disorder; but on this occasion there was no trouble.

But it was a curious sight to see the poor miners and their wretched families housed in chapels, tents and the cottages of their friends.

On the vexed question of the employment of non-union operatives, a strike of hat-makers occurred at Denton recently.

Immediately, the employers of Stockport took the matter up. Stockport is a town of hat-makers, and things soon began to look serious.

First of all, seven firms, employing in the aggregate of about 2,000 work-people, closed their doors; and another big firm gave notice to quit for the following Saturday. Further, it was proclaimed that if the Denton people would not resume work, there would be a general lock-out throughout the town.

When Winston Intervened.

This dispute followed immediately on the trouble with the cap-makers of Manchester, where the introduction of blacklegs gave rise to riotous scenes in the streets. Assaults were frequent, women and children were trampled under foot in the turbulent crowds that assembled on Cheetham Hill, and at least two stabbings occurred, and numerous other cases of assault, including one in which a man had been struck on the head with a hand-sling, had to be dealt with by the magistrates. It was the timely

MINARD'S LINIMENT RELIEVES NEURALGIA.

Dr. de Va's French Female Pills

A reliable regulator; never fails. While these pills are exceedingly powerful in regulating the generative portion of the female system, they are strictly safe to use. Refuse all cheap imitations. Dr. de Van's are sold at \$3.00 and \$5.00 a box. Mailed to any address. The Scobell Drug Co., St. Catharines, Ont.—Inks

Or at McCormack & Co.'s Drug Store.

She Kept Her Nerve.

Went to Top of 185 Foot Smoke Stack. When taunted by a friend that she would faint if she ever got ten feet off the ground, Miss Louise Hartman, a young bookkeeper interested in aviation, said she would go to the top of the 185 foot smokestack at the plant of the Logansport Heating Company, at Logansport, Ind. The friend laughed and bet a box of bonbons that she did not have the nerve.

Donning her hat and jacket, she led the way to the plant, explained the bet to the foreman of the company of the construction, and asked to be permitted to go to the top. The hoisting rigging, which included a bucket in which men and material were raised to the top, had not yet been taken down and the foreman, after trying to persuade the girl not to make the ascent, reluctantly gave his permission.

She stepped into the bucket and was shot to the top of the giant stack. Reaching there she climbed out of the bucket, and although a strong wind was blowing, stood on the top and waved to the friend and the workmen on the ground. Then she daintily walked around the top of the stack which is eleven feet in diameter, and descended without mishap.

She now wishes to ride in an aeroplane.

**MOTHERS SHOULD
WATCH CLOSELY
DISEASED KIDNEYS THE CAUSE
OF BED-WETTING.**

Wellesley young man permanently cured by Dodd's Kidney Pills, gives the public the benefit of his experience.

Wellesley, Ont., October 21.—(Special.)—That all diseases of the bladder from bed-wetting to Gravel are the direct results of Kidney Disease, has been proved again and again by Dodd's Kidney Pills. They cure the Kidneys and the Bladder diseases speedily disappear. One of the latest proofs comes in the experience of Mr. George Strebel the well-known harness-maker of this place.

'I was troubled with bed-wetting for many years,' Mr. Strebel says. 'The doctor could not give me relief and no one knows how I suffered, I tried many medicines, till in January, 1905, reading the experiences of others led me to use Dodd's Kidney Pills. Nine boxes cured me so completely that I have never been troubled since.'

Mothers should learn that when their children are addicted to bed-wetting it is time to look to the cause. The Kidneys are the cause. Cure the Kidneys by using Dodd's Kidney Pills, and not only stop the bed-wetting, but ward off serious and dangerous diseases in after life.

TALK No. 4

MAGIC BAKING POWDER

Does not contain Alum

YOU cannot bake pure food with an alum baking powder. Alum is a dangerous acid that causes certain injury to health. It causes indigestion and disorders of the heart; and wrecks the nervous system.

Food scientists everywhere condemn alum as an unwholesome chemical, unfit for use in any food preparation.

MAGIC makes pure, delicious, light bread, biscuits and pastry, insuring healthful home baked food.

MAGIC is a medium priced baking powder and the only well-known one made in Canada that does NOT contain alum.

NO ALUM

Full Pound Cans, 25c.

No. 363

The Evening Chit-Chat

By RUTH CAMERON

fame.

For if this innovation becomes a permanent custom, as I hope it does, it will probably mean the vanishing of that absurdly helpless type of man who can scarcely get himself a glass of milk and a rocker in his own home, and who, under no pressure of circumstances, would be able to make himself a cup of tea.

And I surely think that disappearance would be a blessing to humanity.

"Oh, but I just hate a fussy man that thinks he knows all about your work, and is forever prowling about the kitchen," objected a lady to whom I was expressing my delight at this innovation.

So do I.

But to think it is a far cry from him to the man who doesn't know how to boil water, and I don't see why there isn't a happy medium.

I would be the last person to want to see a busy man regularly helping with the housework in his leisure hours. I think it is rank injustice to expect that. But I do think a little understanding of the work of house-making, on the man's part, would make family life pleasanter, both by

making the man capable of looking out for himself a bit when occasion demanded, and by giving him more respect for that share of the burden which his better half carries.

I think it would be a good idea if the superintendent's innovation could be carried from the school into the home, and boys, as well as girls, expected to take a hand in helping mother about the house.

A woman who evidently believes as I do on this subject, wrote me the other day to tell me how much help her four boys are to her.

"I am a mother of four boys and one little girl," she writes. "We live on a farm and as my husband has a man to help him, there is more work for the children inside the house than outside, so I have trained my boys to help me.

"Our eldest child, a boy of fourteen, can prepare breakfast when occasion demands as well as most girls of his age. The next, a boy of ten years, can wash dishes and sweep nicely and help care for the younger children.

"Our little six-year-old boy has made several nice gingerbreads when mamma was very busy. He measured everything very carefully, too.

By having them all help, the work is divided so that no one has an irksome amount and I am given some leisure to be a companion to my boys, as well as the housekeeper.

"Do you think such work will make my boys unmanly?"

Most certainly not, madame. On the contrary, I think helping their mother will make them more considerate and more truly manly men, and I wish more boys had a little training.

Ruth Cameron

No Man is Stronger Than His Stomach

A strong man is strong all over. No man can be strong who is suffering from weak stomach with its consequent indigestion, or from some other disease of the stomach and its associated organs, which impairs digestion and nutrition. For when the stomach is weak or diseased there is a loss of the nutrition contained in food, which is the source of all physical strength. When a man "doesn't feel just right," when he doesn't sleep well, has an uncomfortable feeling in the stomach after eating, is languid, nervous, irritable and despondent, he is losing the nutrition needed to make strength. Such a man should use Dr. Pierce's Golden Medical Discovery. It cures diseases of the stomach and other organs of digestion and nutrition. It enriches the blood, invigorates the liver, strengthens the kidneys, nourishes the nerves, and so gives health and strength to the whole body.

You can't afford to accept a secret nostrum as a substitute for this non-alcoholic medicine of known composition, not even though the urgent dealer may thereby make a little bigger profit. Ingredients printed on wrapper.

Household Notes

No scum will settle on the delicate white tips of cauliflower if it is cooked with the head down.

Newspapers may be used to pad the ironing board just as well as an old blanket or muslin.

In toasting biscuit they are better if cut in slices across the grain instead of slicing in the usual way.

Bouillon cups have almost entirely superseded the soup plate for purées, as well as for any lighter form of soup.

When cooking a shoulder or leg of mutton many people have the right end on, scoring it carefully before cooking.

Try mixing flour and water for thickening with a fork instead of the usual spoon. It is less likely to turn lumpy.

A rubbing with cocoa butter once or twice a week, after a bath, will go a long way to insuring foot comfort for the children inside the house than outside, so I have trained my boys to help me.

A spoonful of flour added to the grease in which eggs are to be fried will prevent them from sticking or breaking.

A nice relish to serve with fish is raw cabbage cut very fine and covered with French dressing beaten almost to an emulsion.

When washing fine china or cut glass, a heavy Turkish towel on the bottom of the dishpan will often prevent chipping.

Rubbing the entire surface of a felt hat with fine sandpaper will remove every speck of dirt and dust and leave the hat like new.

To work buttonholes in net, baste a small piece of muslin underneath. Work the buttonhole through that, afterward cutting the muslin away beneath.

The syrup for the pickled peaches done up a year ago may be used this season. Heat the syrup to the boiling point, and use it as though fresh.

To prevent the cork in a bottle containing a sticky mixture from becoming too tightly fastened, dip the cork in olive oil before placing it in the bottle.

Match marks may be removed from white paint by rubbing with a cut lemon. To forestall further marring, smear the spot lightly with vaseline.

When cooking cabbage, the unpleasant odor may be avoided if a piece of charcoal, stale bread or a tiny bit of baking soda is added to the water.

When gas mantles are blackened they can be cleaned by sprinkling with salt when flame is turned low, turn light full for a minute and repeat until clear.

Rust on steel can be removed by rubbing sweet oil well into the surface. Let it stand two days; then rub the steel with unslaked lime until surface is clear.

To mend a sifter or sieve that has a hole in it, use a large needle and coarse thread and darn back and

forth across the hole as one would darn a stocking.

Fish that is to be broiled or fried will be enriched in flavor if it is spread well with olive oil and lemon juice and allowed to stand for at least an hour before cooking.

Indigo stains on woodwork should be removed at once, as they make an ugly spot. Soak up with blotting paper, then rub the spot with a soft cloth moistened in camphor.

A paste of almond meal and peroxide spread on the inside of the gloves will bleach the hands. Almond oil and rice powder used in the same manner will soften the hands.

When you are making an omelet that requires bread-crumbs for thickening, and you have none handy, try using a slight larger amount of any of the flaked breakfast foods.

To clean white felt hats put some borax in a piece of cheese cloth and clean the hat with it, rubbing quite hard, then brush off with a clean brush. If it is not clean, repeat the process.

As housecleaning time approaches do not forget the use of damped cloths in furniture cleaning. Dust is easily removed in this way without streaking woodwork or filling lungs.

To beak furniture put damp unlinen cloths over the upholstered parts and heat until it is black with dust, then turn to other side. Continue with fresh cloths until no more dust shows.

I find a very good way to remove dents in wood is to take a piece of wet felt and place it on the dent. Press with a hot flat-iron and the dent will instantly disappear. This is good for all cases of dented wood.

Gentlemen's white lawn string ties when washed and pressed carefully make excellent facings, and are also fine for binding sleeves. They are usually thrown away by the men, as they only wear them once.

For convenience in dish washing have a rubber scraper, also a chain hoop for greasy pots. Dark crash dish-cloth should be supplied for pots and pans and the use of dish towels forbidden for this purpose.

A good way to clean cake tins, patty pans and all small tin ware is to put them in the copper or saucepan of water with a good bit of soda, and boil for some time. They will be like new—quite fresh and clean.

Put a deep pan or a small bucket of water containing a medium-sized sponge inside your bread box. Change the water often, replacing with clean cool water, and your bread will keep fresh as long as it is needed.

If cold steak is cut into outlet-shaped pieces, marinated and then rolled in egg and crumbs and fried it deep fat, it will be as tasty a dish as one could wish. Garnish the outlets with lemon and parsley.

Hobble Skirt Joke Fatal

South Norwalk, Conn., Oct. 13.—A joke told by his daughter probably will result in the death of Judge Alfred Austin. Eight days ago his daughter related a story in which the modern hobble skirted woman resembled a giraffe walking in a barrel hoop figured.

Judge Austin laughed so heartily that he began hiccupping from which he has not recovered, and despite efforts of physicians he has not been able to eat since.

AFTER FOUR YEARS OF MISERY

Cured by Lydia E. Pinkham's Vegetable Compound

Baltimore, Md.—"For four years my life was a misery to me. I suffered from irregularities, terrible dragging sensations, extreme nervousness, and that all gone feeling in my stomach. I had given up hope of ever being well when I began to take Lydia E. Pinkham's Vegetable Compound. Then I felt as though my new life had been given me, and I am recommending it to all my friends." Mrs. W. S. FOX, 1888 Lansdowne St., Baltimore, Md.

The most successful remedy in this country for the cure of all forms of female complaints is Lydia E. Pinkham's Vegetable Compound. It has stood the test of years and to-day is more widely and successfully used than any other female remedy. It has cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, flatulency, indigestion, and nervous prostration, after all other means had failed.

If you are suffering from any of these ailments, don't give up hope until you have given Lydia E. Pinkham's Vegetable Compound a trial. If you would like special advice write to Mrs. Pinkham, Lynn, Mass. for it. She has guided thousands to health, free of charge.

H.P. SAUCE THE NEW SAUCE. The Ingredients—Choicest Oriental Fruits and Spices—Pure Malt Vinegar. The Making—A Secret. The Result—A Delicious, Thick, Fruity Sauce—quite unique.

City Council.

The meeting opened at 7.30. It was thought by several Councilors that some report should be made and some official record kept, of the recent forgery case, and the manner in which the incident ended. The Secretary will prepare a report for next meeting.

A letter was received from Sir E. P. Morris, stating that the Government would lend the Council the sum of \$15,000, to be expended in the purchase and refitting of the Seamen's Home, for a City Hall. A letter from the Colonial Secretary, in relation to the same matter, was also read.

The Premier also wrote, in reply to Council's request, for the assistance of the Government Engineer in planning a redistribution of the city's water supply. The Government has no objection to the Engineer giving his services to the Council, and leaves the latter to make arrangements with Mr. Hall.

Messrs. Morris, Bennett and Kennedy, M.H.A.'s for St. John's, West, asked the Council to instruct Inspector Bambrick to repair the Southside Road, East of Baine Johnston's, and they would find money for same, up to \$400.00.

Stephen March & Sons complained of premises being flooded through lack of drain or gully, and intimated they would require the Council to pay them or damages resulting from same.

T. J. Scovier of South Side, asked for light on South Side. Referred to lighting committee.

Gilbert W. Snow, on behalf of residents of Monroe Street, requested the Council to repair Western part of said street. Matter will be attended to.

Wm. Pilley, 46 Gilbert Street, stated he was unable to comply with Council's demand, to connect with sewer.

Ted. Skiffington asked permission to erect wood shed, at rear of dwelling, refused, as only brick or stone building could be allowed in the locality. John Woodford asked for water pipe to be extended to his house, Convent Square. Granted.

J. Barter called the attention of the Council to the drains on Mundy Pond Road, which had not been cleaned for years. Road Inspector will attend to the matter next week. Hamilton St. and other in the same conditions, will also receive attention.

consideration of conditions under which Council would permit them to lay cable through streets. SOLICITOR'S REPORT. J. L. Slattery Esq., Secretary-Treasurer, Municipal Council.

Dear Sir,— In reply to your request for a report on the matter of the application of the Commercial Cable Co. for permission to lay underground cables through the streets of the city, from Cuckhold's Cove, their present headquarters, to the site of a projected building on the South Side of Water Street, I beg to submit the following:—

As this is the first time that the matter has come up for consideration before the present Council, it might be well to note some of the principal points considered as the matter progressed.

The Commercial Cable Co.'s request for permission to lay the cable, first came before the Council, for consideration, upon the Co.'s application of date June 11th, 1909, in which was set out the streets through which the cable was to run. At that time the Council decided to grant permission to lay the cable, subject to certain conditions, amongst the principal of which were that the work should be done in such a manner as not to interfere with any of the mains, pipes, or sewers already in the streets; that the Company would make good any damage caused the pipes, mains, sewers, etc.; and would put the surface of the streets and roads back in its normal condition; that the excavation work should be carried on so as not to unnecessarily interfere with traffic; that the Council had the right to lay down water pipes, sewer mains or electric wires under or over the Co.'s cable, without being liable for compensation in respect of the same. In all, there were 18 conditions set forth, which, in all respects, guarded the city's interests, and which will appear in the communication addressed by the Secretary to the Co., of date June 24th, 1909. Some of the conditions laid down by the Council were objected to by the Company, as will appear from a perusal of the letter from the Co.'s superintendent to the Council, of date July 16th, 1909, but condition 19, which set forth that the Company should pay the Council an annual charge of \$2,000, was vigorously objected to by the Co., and has been the principal bone of contention ever since.

In answer to your question, as to the right of the Council to impose a tax or charge on this Company, for the privilege of using streets within the Municipality for the purpose of laying their wires, I have no hesitation in saying that the Council is perfectly within its rights in making the charge and conveying such a privilege.

Before the passing of the Municipal Act, the local affairs of the city were managed by the Board of Works. Section 75 of the Municipal Act of 1902 provides that within the town limits the Council shall have, possess, exercise, perform and discharge all and singular the functions, powers, rights, obligations, duties which, under any Act or Law in force, have been or are vested in or exercised, performed or discharged, by the Board of Works, in and in relation to roads, streets, bridges, etc.

As regards your second query, in relation to the imposition of an annual tax on the Company, I might say that, under Section 137 of the Municipal Act, the Council have the power from time to time to fix and impose certain taxes, rates, and imposts; and sub-section 9 of said Section 137, provides that an annual tax upon every telegraph Company may be imposed, the maximum amount of which is fixed at \$400.

I notice that the words, "Doing business within the city limits" are omitted from this sub-section, although appearing in all the others; but I take it that this is an omission, and that these words would necessarily be read in with the sub-section.

Sciatic Rheumatism

Unable to work or sleep—Six years of suffering—Cured by Dr. A. W. Chase's Nerve Food.

Mr. Alex. Etkier, Jr., Clarence-Creech Russell Co., Ont., writes:—"My nervous system was run down to such an extent that I suffered a great deal from weakness of the nerves and sciatic rheumatism, and at times was like one paralyzed. I could not work, was unable to sleep, and had no appetite. 'Nothing seemed to build up my nerves until I made use of Dr. Chase's Nerve Food. After having used about \$12.00 worth of this medicine I feel like a new man. I can walk all right, do a great deal of work, have a good appetite and sleep well every night. When you have tired of experiment, you can turn to Dr. A. W. Chase's Nerve Food knowing that persistent treatment is bound to be rewarded with lastingly beneficial results. But you must get the genuine, bearing portrait and signature of A. W. Chase, M. D., 50 cents at all dealers of Edmonson, Bates & Co., Toronto. Write for free copy of Dr. Chase's Recipes."

Certainly Ends Stomach Misery.

Indigestion, Gas, Heartburn, or Dyspepsia go in five minutes. You can eat anything your stomach craves without fear of indigestion or dyspepsia, or that your food will ferment or sour on your stomach. If you will take a little Diapepsin occasionally.

Your meals will taste good, and anything you eat will be digested; nothing can ferment or turn into acid or poison or stomach gas, which causes Belching, Dizziness, a feeling of fullness (like a lump of lead in stomach), Bloating, Heartburn, Water Brash, Pain in stomach and intestines or other symptoms.

Headaches from the stomach are absolutely unknown where this effective remedy is used. Diapepsin really does all the work of a healthy stomach. It digests your meals when your stomach can't. A single dose will digest all the food you eat and leave nothing to ferment or sour and upset the stomach.

Get a large 50-cent case of Diapepsin from your druggist, and start taking now, and in a little while you will actually brag about your healthy, strong Stomach, for you then can eat anything and everything you want without the slightest discomfort or misery, and every particle of impurity and Gas that is in your stomach and intestines is going to be carried away without the use of laxatives or any other assistance.

Should you at this moment be suffering from indigestion or any stomach disorder, you can get relief within five minutes.

that if the Commercial Cable Company were domiciled within the city limits, had their cables in operation, and their staff operating same, and were sending and receiving messages for the Government, or private companies or individuals, that they would be doing business within the city limits, and would be liable for an annual tax, the maximum of which would not exceed \$400.

I would, therefore, suggest that the Council, when fixing the amount to be paid by the Company for the privilege of laying their cables through the city streets, would take the liability of the Company, for the payment of their annual tax, into its consideration.

I don't know that there is any other legal phase of the question presenting itself at this present time for my consideration. As I take it, the main point at issue is the fixing of the amount which the Council should charge the Company for the privilege of opening up and using the streets for the purpose of conveying its cable from Cuckhold's Cove to its projected building on Water Street, and this is entirely a matter for the Council to pass upon.

I beg to remain, Yours very truly, (Sgd.) F. J. MORRIS.

There was considerable difference of opinion, as to the proper amount of tax to levy on the Company, but there was a prevailing idea that something should be charged for the privilege of using the streets.

In this connection, the Mayor wished to deny certain statements made by an anonymous writer in the Evening Chronicle, who said that at last meeting the Mayor said the Council could levy a corporation tax. He had made no such statement, and he was surprised that anyone who was at the meeting could have quoted him so falsely. He wished those who were present to be more careful in future, and not give the public a false impression of views expressed or business transacted at the meeting.

There was an evident desire, on the part of all the Councilors to treat the Company fairly, and yet safeguard the city's rights, but no decision was arrived at, and the matter will come up again at next meeting.

It was decided to lay a sewer in Central Street and to make sundry repairs to drains in Dicks' Square and Lone's Hill.

Patrick Myron asked for employment as foreman on one of the cuts, where pipes are being laid.

Notices will be published, forbidding country people to feeder hay about the streets, when feeding their horses at the different stands around town.

The report of collectors showed that considerable arrears in water and sewerage rates were being paid up. On request of the Mayor, Councilor Myrick consented to defer his motion for reconsideration of the new arrangement for paying Collectors Salaries until the end of the year.

After passing of bills, pay rolls, etc., the meeting adjourned at 10.30.

Jottings From Wabana

OUR IRON ISLE.

Wabana was honoured with a visit last week from Messrs. M. J. Butler, General Manager of the D. I. & S. Co., and D. H. McDougall, Assistant General Manager of the same Company, who inspected Wabana mine, and left on Sunday by a special boat en route to St. John's to catch the six o'clock express. This was manager Butler's first trip to Wabana, and he was greatly surprised at the extent of developments there. Mr. McDougall is well known at Wabana, having been Resident Manager there for many years.

Dr. Guthro who was on a few weeks' vacation to Cape Breton, returned by the s.s. Sygna Saturday night, looking fine after his short sojourn in the north. He is on his way to the Regulus is due from Sydney with a cargo of coal to the D. I. & S. Co.

Dr. Lynch of Sydney, who was acting in Dr. Guthro's place, left with Mr. McDougall and Mr. Butler on Sunday for Sydney. Mr. Lynch has a daughter of Manager Butler also left.

"Herrly we roll along," was the parting anthem of the Dominion Football team, as they left for Cape Breton Tuesday morning. No doubt very soon after they left the young fellows were verily "rolling along," however, "tis all in the trip. They deserved it, they got it, and we hope they will all enjoy themselves in the trip, including the usual dose of "mal do mer."

Mr. R. C. Power, representing the I.C.S. and Mr. J. Power representing the Singer Sewing Machine Co., are at present on the Iron Isle, staying at the Murphy Hotel. Welcome to the "owers that be!"

Miss May Liddy of Torbay, is a guest of Mrs. Thomas Murphy at the mines. May is well known here, and her many friends at Bell Island are pleased to see her once again amongst them.

Very pleasing celebration took place on Tuesday night at the residence of Mrs. Thomas Murphy, when an impromptu dinner and entertainment was given in honour of the birthday of Mr. W. A. Coughlan, of the survey staff of the D. I. & S. Co. Quite a number of the young fellows attended and a most enjoyable time was spent. The affair was gotten up rather quickly, otherwise many more could have been able to start in the crowd. After a sumptuous repast had been gone through, Mr. J. M. Greene was voted Chairman, and speeches and recitations were in order. The following contributed: The Misses Costigan, Liddy and Shanahan (2), and Messrs. Burke, Phil and Grace. The list was short and appropriate.

"The King"—God Save the King.

"Our Host"—W. Coughlan—Prop.

J. M. Greene, resp. W. Coughlan.

"The Ladies"—Prop. F. Burke; resp. R. Pipe.

About midnight the affair terminated, all vowing to have been a real jolly good time, and wishing the host the compliments of the day and greetings for the future, all departed for their various residences.

The Nova Scotia plant was hung up a day or so last week owing to a cart falling over the side. Such a delay through such an accident caused the company much inconvenience.

Miss Mollie Jackson, who spent a three weeks' vacation in the Metropolis, returned on Monday.

Miss Lulu O'Donnell, daughter of the late Magistrate O'Donnell, returned to Littleton on Monday morning, to resume her studies.

Things on the "Dominion side" are a bit quiet since the past week the mine has been in a lull. The following have gone:—Messrs. J. J. Miller and J. B. Murphy of the office staff, W. Martin, M. J. O'Brien, J. P. Egan and J. J. Nugent, while we must not omit the well-known sport, Joe Murphy, who accompanies them.

We wish to call attention to the following statement which appeared in your valuable journal of Monday's date:—"During the past week the weather has been intensely cold, and about 400 men of the two companies who work on the surface could not perform their duties and had to give it up until better weather prevails. Numbers of men who recently arrived on the island seeking work cannot get it, and most of them quit the place to try and get employment elsewhere. are still men on the island who are not doing any work and had to give it up. Such a state of affairs does not exist here. Several men have quit for the winter as it usually the case, but no means many have been latefy discharged men getting work, all who have sought it have got it. During the summer just past not near as many have been hired as have been lately discharged men getting work, all who have sought it have got it. During the summer just past not near as many have been hired as have been lately discharged men getting work, all who have sought it have got it.

Wm. Buckle, referred to by us yesterday, was before court charged with barratry in connection with the stranding of the Lavonia. The hearing was postponed till Wednesday. Mr. Wood, who appeared for accused, in the preliminaries, applied for bail for his client. The request was granted.

The Sydney Herald of the 19th inst., scores their own police force in allowing Brjen and Callahan to escape. The paper in the same column pays the following tribute to our St. John's police force:—"How different matters of this kind are conducted in the Ancient Colony, especially in the city of St. John's! Upon an hour's notice by wire the superintendent of police of that city has the culprits in custody, and no loss of same is witnessed here, and both held here until a Cape Breton constable is sent at considerable expense."

This is a high compliment, particularly to Supt. Grimes who is always so assiduous in the discharge of his duties.

STAGES SWEEP AWAY.—At Lower Island Cove in the storm of Saturday last stages owned by Messrs. Garland, Walsh and Morris were swept away by the high sea. When it was seen that there was danger of this the fish they contained was removed hurriedly.

The Hague Decision.

A week ago, Mr. Aylesworth the Minister of Justice of Canada, reviewed before the Canadian Club of Toronto the history of the Fishery Dispute and the Hague Award thereon. His remarks are of interest. He declared that Canada and Newfoundland had behind them at the "Hague all the weight of the British Empire. The very best assistance, which Britain could give was given up." He also declares that the success of our case emphasizes among those of us who are intimately connected with it and who know the practical value of British protection and influence, the feeling of warm gratitude, which we have for the Motherland. We are glad indeed to find such a tribute of praise merited by the Motherland. It is peculiarly gratifying to those who found it necessary to take a strong attitude in combatting the claims of the United States regarding fishery rights, and the compromising attitude and unconstitutional acts of the British Government in attempting to force upon Newfoundland the notorious fishery Modus Vivendi. All honor to Sir Robert Bond who fought the good fight and brought the British Government to a sense of its duty to Newfoundland.

CARBON SHOOTING.—Mr. David Bentley will go out by the express tomorrow evening to hunt caribou on the Topsail country.

WEATHER AT QUARRY.—The temperature at the Quarry is always the coldest for the season. The glass was down to 45 at the Quarry.

Death of Mr. Harris.

At 2.30 this morning death removed from our midst another venerable and very estimable citizen in the person of Mr. William Harris, father of Hon. John Harris. The deceased who was a contractor and builder, and well and favourably known all over the country, was born at Ferryland in 1827, coming to St. John's when but 5 years old. By his energy and integrity Mr. Harris created for himself a large and prosperous business, and was associated with the late Mr. Thomas O'Neill in the erection of St. Patrick's Church. Mr. Harris completed the interior. Mr. Harris was for the past four years had been confined to his home on Monkstown Road, was an invalid for over a year passed, and suffered greatly from the disease which afflicted him. He was the only survivor of a family of eight, and for many years during his career was prominently identified with the Phoenix Fire Brigade of this city, being for a lengthy period its Secretary and Director. He leaves four sons, viz., Mr. Wm. Harris, carpenter and builder, Hon. John Harris, principal of the firm of Hearn & Co., James, Secretary of the Board of Works, and Thomas, buying and selling agent at Hearn & Co. Four daughters are left to mourn the loss of their father by several years. These are:—Mrs. M. F. Smyth, Mrs. W. H. Tobin and Sisters Callista and Raphael who are Nuns in one of the Convents in New York. Another daughter, Mrs. E. J. Doyle, predeceased her father by several years. To the bereaved family the Telegram extends its condolences.

Should be Endorsed.

Yesterday the crew of the Roostevit who were sent bonuses by the Peary Arctic Club had some difficulty in getting their cheques cashed. The documents were drawn on the Industrial Bank of New York. Each cheque therefore had to be endorsed by some reputable merchant. The signatures of such were secured to-day and the men got their money.

POLICE COURT NEWS.

To-day a drunk and disorderly had sentenced suspended in his case. A woman, drunk and disorderly, was fined \$5 or 14 days.

A drunk and disorderly in his own house was put on the Black List. Two young men were charged by a man with disorderly conduct and smashing his cart on the 19th inst. One was fined for disorderly conduct \$5 or 14 days, and for the damage done, \$2.50 or 7 days. The other for each offence was fined \$2.50 or 7 days, or in all \$5 or 14 days.

A woman summoned her husband for assaulting her on the 20th inst. The assault was withdrawn. The couple are separated, and the man who has heretofore given the woman \$1 per week to support herself and family, was ordered to pay her in future, \$2.

Wm. Buckle, referred to by us yesterday, was before court charged with barratry in connection with the stranding of the Lavonia. The hearing was postponed till Wednesday. Mr. Wood, who appeared for accused, in the preliminaries, applied for bail for his client. The request was granted.

Praises Our Police.

The Sydney Herald of the 19th inst., scores their own police force in allowing Brjen and Callahan to escape. The paper in the same column pays the following tribute to our St. John's police force:—"How different matters of this kind are conducted in the Ancient Colony, especially in the city of St. John's! Upon an hour's notice by wire the superintendent of police of that city has the culprits in custody, and no loss of same is witnessed here, and both held here until a Cape Breton constable is sent at considerable expense."

This is a high compliment, particularly to Supt. Grimes who is always so assiduous in the discharge of his duties.

STAGES SWEEP AWAY.—At Lower Island Cove in the storm of Saturday last stages owned by Messrs. Garland, Walsh and Morris were swept away by the high sea. When it was seen that there was danger of this the fish they contained was removed hurriedly.

AGRICULTURAL MEETING.

The meeting of farmers held in the British Hall this forenoon was largely attended. There are fine prospects of a good exhibition.

OPORTO MARKET.—Newfoundland stocks, 36,850 qts; Consumption, 6,000 qts; Norwegian stocks, 9,250 qts; Consumption, 1,880 qts; stocks at Vianna, 1,400 qts.

MORE TYPHOID FEVER.—Yesterday a female resident of Springdale Street, and a male resident of Cuddebe Street, developed typhoid fever. Both were taken to the Hospital for treatment.

BORN.

On 21st inst., at Carling, a daughter to Mr. and Mrs. C. W. Fliley, postal telegraph.

DEED.

This morning, William Harris, aged 82 years, funeral from 30 Monkstown Road will take place on Monday next, at 2.30 p.m.

Minard's Liniment Cures Burns, Etc.

Train Notes.

The express and shore train combined arrived here at 12.10 p.m. today bringing 50 passengers, including Magistrate McDonald, Rev. Fr. Condy, Rev. Fr. Doucette, Mrs. Dorsey T. Hayden, Mrs. Ayre, J. Norris, J. Power and Mr. Thomas. The west bound express arrived at Port aux Basques at 11.25 last night.

Marine Notes.

The Dunure, Capt. Hartery, arrived at Bahia yesterday after a passage of 42 days.

The s.s. Benedick does not sail for Montreal until Monday night. She takes considerable cargo.

The Furness liner Shenandoah arrived here from London direct this forenoon with 800 tons cargo and one passenger in transit to Halifax. She had some stormy and foggy weather but made a quick run to port.

The schr. Antoinette, Capt. Webber, arrived here this morning to W. A. Munn with 24 pipes of wine. She made the passage from Oporto in 21 days and had it stormy after coming over the Banks.

Coastal Boats.

REID NFLD. CO.

The Argyle left Placentia at 5.20 p.m. yesterday on the Merasheen run.

The Bruce left Port aux Basques at 11.45 p.m. yesterday.

The Clyde left Fortune at 2 p.m. yesterday going north.

The Dundee left King's Cove at 6.50 p.m. yesterday for Port Blandford.

The Ethie arrived at Carboneau at 4.15 a.m. to-day and sailed this p.m.

The Glencoe left Placentia at noon to-day.

The Home is north of Bonne Bay.

The Invermore is north of Twilligate.

BOWING SHIPS.

The Fortia sailed east from Rose Blanche at 7.30 this a.m.

The Prospero arrived at LaScie at 4 a.m. to-day.

Here and There.

AGRICULTURAL MEETING.—The meeting of farmers held in the British Hall this forenoon was largely attended. There are fine prospects of a good exhibition.

OPORTO MARKET.—Newfoundland stocks, 36,850 qts; Consumption, 6,000 qts; Norwegian stocks, 9,250 qts; Consumption, 1,880 qts; stocks at Vianna, 1,400 qts.

MORE TYPHOID FEVER.—Yesterday a female resident of Springdale Street, and a male resident of Cuddebe Street, developed typhoid fever. Both were taken to the Hospital for treatment.

A Daring Climb.

Peter Power, a smart young sailor of the West End, performed a daring feat yesterday. Mr. Frank McNamee's flag halyards got caught in the pole on the top of the "big feed" building, Queen Street. It was 70 feet from the ground and Mr. M. could get no one to go up to disentangle it till Peter came along. He "shinned" up a bare pole of 2 1/2 feet and did the work O.K.

Women Who Have Made Fortunes.

Enterprising Lady Financiers. There is a common saying to the effect that a woman has no head for business, but whoever makes the remark is either wittily blind to the

facts or amazingly ignorant, for there are a great number of women in the world to-day who have not only proved that they have a head for business, but that they know how to make money in a far quicker and more enterprising manner than thousands of men.

Many an expert on the other side of the Atlantic has confessed his inability to make farming and ranching pay, and yet there are women in Mexico and the States who have built up some of the most prosperous farms in the world.

A Million-Pound Farm.

There is Mrs. Harriet M. King, for instance, the sole owner and actual manager of Santo Gertrudes Ranch, near Corpus Christi, Texas. You could ride ninety miles in a straight line and yet remain within the barbed-wire fence which encloses this amazing farm. Its pasturage affords grazing for 100,000 cattle, 50,000 sheep, and nearly 3,000 horses, and more than 2,000 employees are kept busy on the ranch. When a certain cattle syndicate offered Mrs. King over £1,000,000 for her farm she simply laughed at the valuation, and refused to consider the possibility of a sale.

C. P. EAGAN,

DUCKWORTH STREET and QUEEN'S ROAD.

Note from Dr. Grenfell

Dear Sir.—The report of the expert on the cultures from the throats of patients at Fort Saunders which were made in the new pathological laboratory at St. Anthony, show clearly the Klebs. Loefler, or Bacillus Diphtheriae. Doctor Ethel Flagg Butler, of Johns Hopkins, the volunteer surgeon, who undertook the work on the "Strathcona" for Doctor Grenfell, at the request of the Government, reports that the services rendered no doubt helped to prevent the disease spreading. He attributes great praise to the preventive and quarantine precautions taken by Magistrate Goff.

WILFRED T. GRENFELL,
St. John's, Oct. 21st, 1910.

Drawing in School.

Dear Sir.—Professor J. W. Nichols, of the School of Art, who has been sent out by the Government to introduce the new method of teaching Drawing in the schools, spent Monday, Tuesday and Wednesday at Carbonear.

On Monday and Tuesday the Professor lectured in the Methodist School to about thirty teachers, and on Wednesday he visited several of the larger schools to see the teachers start in the new method. The teachers gave the most enthusiastic attention to the Professor's presentation of the subject, which he accomplished in such a manner as to encourage every teacher to devote a portion of time to this subject, which formerly was altogether neglected in the lower standards.

There is no reason to doubt that this system of drawing he adopted in all the schools and taught on the line laid down by the Professor, that in future there will be a marked improvement in the subject.

The Professor expressed himself as well pleased with his reception at Carbonear, and hopes that the teachers of other parts of the country will give him a similar welcome.

R. H. RICHARDS,
Carbonear, October 20th, 1910.

Our Newfoundland Flag

Dear Sir.—I noticed an item in this morning's "News" stating that the Curling Rink had been decorated by J. F. Downey with the Newfoundland colors. When I visited the rink a day or so ago I was surprised to find that the Newfoundland colors were conspicuously by their absence. I saw only the Society colors (Pink, White and Green) of one of our religious denominations. We should not give strangers a WRONG impression, but on public occasions give our Newfoundland colors their rightful position. I refer to our native flag as used by the City and Government on all official occasions, the native flag which the Government House and our Parliament Building when our beloved King George was proclaimed. Trusting that the committee in charge will not make the same misrepresentation when decorating the Manufacturers Building.

I am, yours etc.,
NATIVE.

NOTICE.—Tenders will be received by the undersigned at his residence Freshwater Road, for the sale of the well-known farm situated on the corner of Freshwater and Thorburn Roads, with house, barns, horses an carriages, cow, pig, poultry, etc., an everything thereon; also, a new store—built this spring—with stock on hand. There could be a splendid business done in this locality as it is one of the most popular roads in the suburbs, and no rivalry to contend with. The farm contains about four acres of splendid soil, and has a frontage of 750 feet on Freshwater Road, and has a river running through—surrounded on all sides by different kinds of trees, and would be an ideal spot for some gentleman for a summer residence; it is one and a half miles from the General Post Office. Tenders will be received up to the 25th of the present month.—J. HAMLIN, Freshwater Road.—oct17.

Obituary.

The death occurred yesterday evening at the Lunatic Asylum of Mrs. Murdoch, a well known and highly respected resident of Harbor Grace, after an illness of short duration. The deceased was the oldest daughter of Mr. John Spence, of Harbor Grace and sister of Mr. Albert Spence, Chief Despatcher with the Reid Nfld. Co. Both in St. John's and Harbor Grace Mrs. Murdoch had many friends who will learn of her demise with sincere regret. The body was confined yesterday and will be sent home for interment by this evening's train.

Lost \$133 Cash.

About 6 p.m. yesterday as a Water Street business man proceeded along that thoroughfare he met with a serious loss. He dropped on the sidewalk \$133 in notes mostly of the denominations of \$5 and \$10 and one \$20 bill. It went through a seat pocket in which he carried the lining of which was torn.

LARACY'S have just got in Men's Work Shirts, all Black, Black and White Stripes, and Fancy, from 50c each. Blue Denim and White Duck Overalls, Men's Tweed Pants, from \$1.00 a pair. At LARACY'S, 345 & 347 Water Street, opposite the Post Office—oct16.

EXHIBITS COMING IN.—The Agricultural exhibits from the outports are beginning to come in. Some splendid specimens of peat have been received.

Here and There.

FISH STILL PLENTIFUL.—Codfish still continues plentiful at Petty Harbor. Bosta had over a quintal each this morning.

EXHIBITION MEETING.—The Manufacturers Association will have a meeting in the Board of Trade rooms next week to make final arrangements for the Exhibition.

MAKES TWO MORE TRIPS.—The "Strathcona" for Doctor Grenfell, at the request of the Government, reports that the services rendered no doubt helped to prevent the disease spreading. He attributes great praise to the preventive and quarantine precautions taken by Magistrate Goff.

ABOUT PIANOS. Have you tried the old established house for a piano instead of the side lines of chance men who endeavour by ingenious statements to mislead and hum you.

WISSELY WOODS—The White Piano and Organ Store.—oct12.

STARTS NEW MILL.—Mr. Briffitt, who arrived here by last night's train from Troytown, E.B., is soon to start the new saw mill on a section of land which he has recently acquired. It will cut up 10,000 feet of lumber per day and will employ 12 men for the better part of the year. Mr. Briffitt's enterprise is deserving of success.

AT GEORGE ST. CHURCH.—To-morrow morning the Methodist Church will attend Divine service at George Street Church. The preacher will be Rev. J. W. Bartlett, taking as his subject "Our Rear-guard." Mrs. Leo Ayre will render a solo. The subject for the evening service will be "The question of amusements."

To all who are not otherwise engaged in Christian service, a hearty invitation is extended to attend the "Gospel Meeting" at the Temperance hall to-morrow afternoon. A short address will be given by an enthusiastic man, also a short oration will be rendered by a male soloist and bring a friend.—ad,11

Only One "BROMO QUININE" that is "Active Bromo Quinine" cures a Cold in One Day, Grip in 2 Days.

B. H. Brown on ever box 25c.

MAN BADLY BRUISED.—On Thursday afternoon Mr. Sharpe, while crossing New Gower Street from Dalley's store, was run into by one of Harvey's trucks, driven by a licensed trucker, and was thrown to the ground. Mr. Sharpe was badly bruised about the face and body, but a very thankful that he escaped serious injury.

FELL IN A PIT.—Yesterday afternoon as an old man named Kenned was passing down Williams' Lane he was suddenly seized with an epileptic fit and fell heavily to the ground. Const. Ryan and citizens ran to his aid and did all possible for him until he revived. He is subject to epilepsy and was bruised from the fall.

RESISTED ARREST.—Yesterday evening a burlly outboard man came down Water Street in such a condition that it was feared by those who saw him that he would fall through one of the windows of the stores. A constable took him in charge, when he resisted violently and had to be thrown to the ground and handcuffed. With the aid of citizens the man was taken to the station.

ADVENTIST CHURCH.—Elder William Guthrie, President of the Canadian Union Conference of Seventh Day Adventists, will preach a sermon at the Adventist Church, Cookstown tomorrow night at 6.30. Subject: "The effect of Church Interference in Spain; and the ultimate result of Moral Reform when secured by Civil Law." Seats free; all welcome.

OUR STOCK OF PROVISIONS IS COMPLETE.

- 100 Bbls. Choicest BARBADOS MOLASSES.
- 100 Boxes Fine Oil Stalk, VALENCIA RAISINS.

T. J. EDENS,
DUCKWORTH STREET & MILITARY ROAD.

Mrs. Pinsent Receives an Enthusiastic Welcome.

AT W. M. S. MEETING.

The Woman's Missionary Society had a meeting yesterday at Cochran's St. Church to tender a reception to Mrs. Pinsent, lately returned from Japan, where she has been engaged in mission work. It was a memorable event as the first time that the W.M.S. ever received one of their members from Japan. Mrs. Pinsent delivered an interesting address, which was followed by one from Mrs. Matthews, who had just returned from Toronto, where she represented Newfoundland on the General Board. Mrs. Pinsent was dressed in the regulation costume of a Japanese lady and gave a most interesting account of the manners and customs of that nation. Songs were rendered by Miss Vincent and Miss Robinson and refreshments were served to all who wished to partake. At night the meeting was a public one, presided over by Mrs. Curtis. Mrs. Matthews again delivered an address which was of the deepest interest and full of hope and encouragement for the future. Mrs. Pinsent spoke also and gave her experience of missionary work in Japan. A deep impression was made on the audience. Miss Elsie Herder rendered a pleasing solo. Mrs. Matthews presided at the organ. The congregation was large, and the general opinion was that the proceedings were instructive, profitable and enjoyable.

Trafalgar Day.

The Sports Committee of Dudley Lodge, S.O.E., celebrated the 150th anniversary of the Battle of Trafalgar in Victoria Hall last night. Mr. R. A. Squires was moved to the chair. There were present also on the platform Mr. Thompson, P.P. of Empire Lodge; Mr. C. E. Hunt, Secretary, and Mr. G. B. Lloyd, P.D. of Nfld. of Empire Lodge, and Mr. W. H. Good and P.P. of Dudley Lodge. An excellent programme was rendered after the Chairman had made the opening speech. There were songs, recitations and instrumental pieces, all of which were warmly applauded. Miss Nesworthy gave a charming instrumental duet, Miss England a recitation. Mr. C. Noonan a solo, Miss Couch and Mr. Bartier an instrumental duet. Mr. S. J. Tucker a solo, and Master Nesworthy an instrumental solo. Those who had charge of the arrangements deserve to be congratulated on the success.

A Sensible Merchant.

Bear Island, Aug. 26, 1903.

Minard's Liniment Co., Limited.

Dear Sirs,—Your traveller is here today and we are getting a large quantity of your MINARD'S LINIMENT. We find it the best Liniment in the market making no exception. We have been in the business 33 years and have handled all kinds, but we have dropped them all but yours; that sells itself; the others have to be pushed to get rid of.

W. A. HAGERMAN.

Returned From the Railway.

Last evening Messrs. Ed. Moore and Ed. Mahoney, two strapping residents of Avondale, arrived here from Trinity in the sch. Dauntless. They were down to work on the branch railway and were only a few days there when they quit, as they did not like to work in the cold and wet weather which prevailed. They had no money and came to the lock-up for shelter. Supr. Grimes kindly offered to defray the expenses of a bed and shelter for the night, when Mr. T. J. Moran of the News offered to take them to a boarding house which he resigned, and they were conducted here. The men left to-day to walk to Avondale.

A Sad Case.

Last evening a young woman appeared on Duckworth Street in an emaciated condition, and people who saw her pass by feared that she would fall and hurt herself. On coming near the Eastern Fire Station she repeatedly fell to the ground and had to be taken in there. The police were then phoned for an Head Sparrow and officer Walsh drove down and took her to the station in a cab. The woman resisted violently, and it took our men all their time to get her to the station. On the way to the station the woman kicked and screamed, and the incident drew a concourse of people.

The Ventures O.K.

A rumor gained currency in the city last evening that both the Bonaventure and Bellaventure were total wrecks as a result of the tornadoes which swept the Caribbean Sea recently. The Telegram called on Mr. A. J. Harvey at his residence last night and he denied the story. Mr. Harvey states that the Bonaventure is due at Philadelphia Monday next, while the Bellaventure is at Mobile, Alabama. The circulating rumour of this latter ship was put out of order in the storm, but beyond this she suffered no damage.

Much Fish Handling.

At all the mercantile wharves there is now a rush of work, and yesterday at Goodridge's there were fifteen crafts landing while seventeen were in the stream awaiting a chance to discharge. The same applies to other firms. Yesterday on some wharves there was a scarcity of laborers, and on one premises 20 were required to stow fish in the stores, but they could not be had. The scarcity of men is due to the fact that many men have gone on the railway and Sydney.

PUBLIC NOTICE!

THE BOARD OF AGRICULTURE has made arrangements whereby all articles for exhibition other than live stock, which is being shipped by rail, steamer or schooner, from any port of the Colony, for the Exhibition to be held in St. John's from the 31st October to November 5th, 1910, will be accepted and carried free of charge to the shipper. All such stock or produce ought to be plainly marked and shipped to the following address:—

SECRETARY NEWFOUNDLAND AGRICULTURAL BOARD, ST. JOHNS.

Shipments should reach St. John's not later than 25th October. The Station Agents on the line of Railway and the Purser on the different steamers will give intending shippers any other necessary information. oct12, eod

C. L. MARCH COMPANY, LTD.

Corner Water and Springdale Streets.

A Dangerous Fall.

This morning about 8.30, while the laborers were absent to breakfast, a lad named Mallard while climbing up the rail of the s.s. Benedick slipped and fell fully 25 feet between the ship and the wharf and went into the water. A man named Morgau was in his schooner nearby and hearing the boy's cries rushed to his aid and found him clinging to the shores. The man climbed down and fished him out. The boy was in a bad state and the man was just in time to save him from drowning. He was badly hurt about the back and side, received a concussion and after a while was able to proceed home. Boys are always prowling about these ships and wharves, and the wonder is that more accidents do not occur.

One of the Old Stock.

Mr. Thomas Squires died at 51 Queen's Road yesterday afternoon in his 71st year. He leaves a wife, four sons and three daughters. He was a well known citizen and went to the sealfishery in the days of the "beaver trade." He afterwards was employed with the Anglo-American Telegraph Co. when they first started to build the line through this country. For a number of years he was stevedore at Harvey & Co's, where he was highly esteemed. The Telegram extends its sympathy to the relatives.

Prof. John Bennett

Bids Farewell to His Native Land, Editor Evening Telegram:

Dear Sir,—It is regrettable to learn from your issue of yesterday that the citizens are about to lose the services of Prof. John Bennett, who, it is said, leaves here for Montreal at the end of the present month. This announcement to the younger generation may go unnoticed; but to us, the "old boys," it came as a shock, for we never expected that the first-class cornet player and musician would be compelled to leave our shores to care out a living for himself and his talented sons and daughters among strangers in Montreal. The reason for this must be apparent to all. For upwards of fifty years, to my own memory, any further I cannot speak of, the name of Bennett's band was familiar and ever popular under the leadership of his father, Prof. David Bennett, of revered memory, and the leadership of this band descended from father to sons, Thomas and Harry, who have years ago passed away, and for the past 25 years Bennett's band has distinguished and furnished first class music both in rinks, street parades, balls, dancing assemblies, etc. Who of us cannot recall with pleasure John Bennett's familiar bugle call on Regatta Day, notifying the various crews to get ready for the start. Times have changed and so have the people, and a new order of things exists. New bands have been started, practically supported by public subscriptions. These bands, solely composed of young men, are up for hire on all occasions where their services may be required, and furnish influence they are engaged much to the injury of John Bennett's band, which is his only means of making a livelihood. Hence it is that he is compelled with his large family to emigrate. This to my mind is a great loss to the community generally. I think Mr. Bennett, the bandmaster and old time cricketer, to sever his connection with us without presenting him with an address and a purse, voluntarily subscribed, thereby showing our appreciation of his valuable service, both as a musician and cricketer bowler in the palm days of Pleasantville. This, I think, can be easily accomplished by the appointment of a few gentlemen to lead. The following names I would respectfully suggest: Hon. Mr. Winter, Hon. Jno. Harris, Hon. W. C. Job, Mayor Ellis, Councillor Ryan, Mr. J. S. Keating, Mr. J. Savage, Dr. Rendell, Messrs. A. & R. Rendell, Mr. J. L. Slattery and Mr. E. M. Jackman.

Trusting that my suggestion will meet the approval of the above-named gentlemen, I am,
Yours respectfully,
A VOLUNTEER SUBSCRIBER,
St. John's, Oct. 21st, 1910.

PRICE OF OIL.—The price of cod oil is now higher than it has been many years.

DODD'S KIDNEY PILLS

FOR ALL KIDNEY DISEASES
GOUT, RHEUMATISM,
BRIGHT'S DISEASE,
DIABETES, GRAVEL.

NUMBER 23 THE PHARMACY

Cochrane St. Church.

"Songs of the Sea."
At the above church to-morrow evening there will be held a unique service. The hymns will be those relating to the sea, and the sermon by the Pastor, Rev. Fred. R. Matthews, will be on the subject of the "Anchors of the Soul." The present service will particularly interest those who go down to the sea in ships, and as the hymns are well-known, and the words have been specially printed for the use of the congregation, every person can enter with heartiness into the singing. Service commences at 6.30, and ushers will be in attendance to welcome any visiting friends from the city or the outports.

S. S. Service.

To-morrow Wesley Sunday School will hold their Rally Day, when every scholar is asked to bring a friend. Rev. J. Thackeray will preach. Scholars will assemble at 2.15 p.m. A good programme will be rendered, Mr. H. V. Tuft and Mrs. Faraday, late of England, will sing solos. Rev. J. W. Bartlett will deliver an address; singing under direction of Mr. James Pratt. The Pastor, Rev. J. K. Curtis, will preach.

Here and There.

The regular yesterday took out about 40 passengers.
A SEVERE FROST.—We had severe frost last night. The surface of Burton's Pond was caught over with a thin coat of ice which the sun's rays melted by 9 o'clock.

LOGGERS ACTIVE.—A large number of men left Norris Arts and Port Blandford by the last west going express to go to work logging at Millerton and Grand Falls.

HERRING FISHERY. The preparations for the herring fishery is already going on at Bay of Islands. It is likely that there will be more men at the work than ever before.

EVANGELICAL CHURCH, HUTCHINGS STREET.—Evangelistic services on Sunday, 11 a.m., 3 and 7 p.m. Rev. T. Laite will preach morning and evening. All are invited; books provided.

TRADE IMPROVING.—Yesterday and to-day business showed much improvement on Water Street in the stores. The fine weather for handling fish the past few days is the cause. A large number of schooners arrived last night, and the wharves are again beginning to present a busy scene.

MADE BIG VOYAGE.—Capt. John Lewis of the banking schooner Hispanola, arrived home at Holywood yesterday. Capt. John had his usual good luck this season in his fine vessel, the Hispanola, and landed over 2,800 qtls. of fish. We congratulate him on his success.

Councillor Mullaly met Jack McGrath of this city, while at Halifax last week. Jack, who is studying law at Dalhousie, is a very steady and sensible young man, and has successfully passed all the examinations. He told Councillor Mullaly that he intended to return to his native land in a few months to take up his profession.

Doctor Crippen

Cross-Examined.

Special Evening Telegram.
LONDON, Oct. 21.

Dr. Hawley H. Crippen, accused of the murder of his wife, known to the theatrical profession as Belle Elmore, matched wits to-day with Richard Muir, one of the cleverest criminal lawyers in England. The fact that the defendant was to undergo cross-examination by this representative of the Crown increased interest in the proceedings, and when Lord Chief Justice Alverstone, always punctual to the minute, entered the New Bailey Court room, and the prisoner at the same time took his place in the dock, the spectators were already in dress-coats awaiting the opening of the trial. Before Crippen re-entered witness box, from which he gave direct testimony yesterday, the Lord Chief Justice announced that at its own request the jury would be allowed later in the day to examine microscopically the skin from the part found in the Hilltop Crescent cellar, which bears it, it is alleged by the prosecution, a scar such as Belle Elmore received from a surgeon's knife 12 years ago. The defence claims that there is no scar but that what appears to be such was caused by a fold in the skin. Although the steamer Montrose is at sea, the quarter master who Crippen testified yesterday entered into a conspiracy to hide him during the flight to Canada, is in London, and Mr. Muir had a long talk with him last night. When Crippen was escorted to the witness box he assumed the same characteristic attitude he did when found. He rested his elbows on the railing, clasped his hands, and looked inquiringly about the court room. Mr. Muir, losing no time in preliminaries, asked Crippen whether he had seen or heard anything of his wife since early on the morning of February 1. He replied in the negative, and in answer to further question could not prove any fact showing that she left the house alive. He supposed that she had gone to Bruce Miller, her professional acquaintance, who lives in Chicago. That was the only guess he could make. He made no inquiries. The witness said that he last saw his wife between 2 and 3 o'clock in the morning of February 1, when they retired as usual. That morning he prepared his own breakfast. Returning home in the evening he found that Mrs. Crippen had disappeared, as she had threatened to do. He made no inquiries regarding the passengers he listed on vessels sailing for America, nor had he since suggested that inquiries regarding the whereabouts of his wife should be made. Mr. Muir suggested that if the witness's wife were alive she would call upon her sisters in the United States. Crippen's reply to this was that if his wife had gone with another man, she would not have "the face" to go to her sisters. This opinion from the witness box drew forth the doctor did not say whether his wife took any quantity of furs and dresses. Regarding the disposition of Belle Elmore's jewellery, the witness stated that he considered that he was quite entitled to tell Inspector Dew that he had not pawned his wife's valuables, as these had been purchased with his own money, and he considered them his. He had used the proceeds of the sale to pay for advertising. He did not know what cash his wife has at the time she left. "I asked her," said the witness, "if she wanted money, and she replied, 'No, I want nothing.'" Counsel took up the subject of the letters and statement to Belle Elmore's friends which the husband had made regarding her death. Crippen admitted that all were lies and smilingly assented to the suggestion that he had to play the roll of a bereaved husband. He thought that he played the part pretty well. The witness suggested that it was not impossible that the human parts found in the cellar of his home had been placed there during the periodical absence of himself and wife.

(Daily News Message.)

LONDON, Oct. 21.
Witness said that he had resolved to go away on July 9th after realizing that suspicion would be directed against him. He feared that he might be arrested and held until she was found. Crippen was under cross-examination for four hours, and throughout the whole time was the personification of coolness. When the defendant was excused from the box, Turnbull, the director of the Pathological Institute of the Gordon Hospital was called, and bluntly declared that the so-called scar on the body of the victim could not be a scar.
