MANILA'S DEATH ROLL

Two Hundred and Twenty American Soldiers Already Lost in Most Favorable Season.

By Associated Press. Manila, Feb. 3.—According to a resolution of inquiry the secretary of war has sent to the senate Gen. Otis' report on the health conditions at Manila. The report is dated yesterday and was made by cable. It is as follows: Deaths among troops in Philippines since arrival to February 1st, seven months, 220, of which 41 were due to wounds and accidents. Of the remaining 179, 65 died of typhoid, 43 of smallpox, 22 of dysentery, and 8 of malarial fever. The remaining deaths were due to many various diseases. Smallpox causes apprehension. The entire command has been vaccinated several times. Twelve physicians have been engaged for several weeks vaccinating the natives. The most sickness is during the hot months, March, April and May, when fevers, smallpox and dysentery are more prevalent. Nine officers of the command are now reported sick. A great majority of the cases are slight ailments.

Hongkong, Feb. 3.—The Filipino junta here has issued the following statement: "Simultaneously with the proclamation of the republic Aguinaldo released the Spanish prisoners as an act of grace. The Spanish imposition of the poll tax is enforced by the Americans with greater severity. Formerly the poorest paid \$2 and the richest \$3; now the poorest pay \$5 and the richest \$100, which is greatly exasperating the people. "Gambling, drinking, squeezing and the American abuses of the customs are causing demoralization. The Manila Filipinos are indignant at the notion of the American officials that they will tamely submit to be experimented with by amateur colonial administrators and that they will be of the United States senate on Monday will be of a nature to satisfy their aspirations so frequently expressed."

MILES EMBALMED BEEF. The Court of Inquiry Will Investigate Whether Packers Defrauded the Army Department.

Washington, Feb. 2.—The indications are that a court of inquiry will be ordered to investigate the report upon the truth or falsity of the statements alleged to have been made by Gen. Miles in which the quality of beef used by the troops during the late war was brought in question. The matter was discussed at some length at today's cabinet meeting and although no definite decision was reached, the consensus of opinion was that such a proceeding should be had. It was argued that if the packers who had furnished the beef to the army had fraudulently supplied an article of the character charged by Gen. Miles the country had a right to know it, and if the charges were without foundation the people had an equal right to know that justice to all concerned, it is held, should be done. It was also agreed that Gen. Miles should not be suspended from his office as commander of the army pending such investigation as is at present being conducted by inference should be prejudicial of any wrong doing in this connection. The court of inquiry will be held at the same time as the court of inquiry into the matter of the late war, which is expected within the next few days.

COLORADO'S SNOW BLOCKADE. Immense Loss to Railways and Death of Many Cattle—Wrecking Crew Killed by Slide.

Denver, Col., Feb. 3.—It has been many years since the Colorado railways had to contend with such conditions as are now prevailing in the mountain regions. The loss to the railways in this state, taking into consideration the business that is not moving, and the outlay of cash to pay the armies of snow shovellers, is estimated at \$25,000 a day. Not less than 1,000 men have been shovelling snow for several days. Over 500 miles of road in the mountains has been at times shut off from communication with the main lines. Storm bound passengers are fed and cared for by the railway companies. The Denver & Rio Grande railway has a large force of men at work to-day clearing the tracks near Hoshone in the canyon of the Grand river where a snow slide occurred yesterday killing three men and injuring six others of a wrecking crew. The main line between the east and west will be reopened today if no further snow slides occur. On the mountains thousands of cattle are freezing or starving to death and nothing can be done to save them. In Eastern Colorado feed is being hauled long distances over the prairies to feed cattle and it is hoped to avoid heavy losses of live stock if the storm and cold abates within a day or two. However, there will be some losses of stock that is not closely herded.

DISORDER IN LIMERICK. Council Chamber Invaded and Business of the Corporation Interrupted.

Limerick, Ireland, Feb. 2.—The first meeting of the new Limerick corporation, held today, was exceedingly disorderly. A number of people invaded the chamber and interrupted business. Mr. John Daly, who was elected mayor on January 22 last, threatened to call in the police, and was finally compelled to adjourn the council. On leaving the building Mr. Daly was hissed.

THE AUSTRALIAN UNION

Details of the Long Discussed Federation at Last Formally Agreed Upon.

New South Wales to Have the Capital but Houses Will Meet First at Melbourne.

By Associated Press. Melbourne, Feb. 2.—The unanimous agreement finally reached by the Australian colonial premiers, who have been in conference here for some days regarding certain unsettled questions connected with the Australian federation bill, referred to them by the colonial legislatures, seems to insure the success of the federation project.

COLLISION ON BRIDGE

C. P. E. Freight Train Struck by Another Following It Across the Saskatchewan.

Engineer Who Caused Accident Instantly Killed Together With His Fireman.

A Conductor Severely Injured—Supt. Niblock Nimbly Moves to Safety.

Special To The Colonist.

Winnipeg, Feb. 2.—(Special)—At 5:30 this morning an east-bound C. P. R. freight train was struck by another freight train following it on the Saskatchewan river bridge at the west end of Medicine Hat yard.

Engineer William Muir and Fireman J. Long, on Engine 122, were instantly killed, and Conductor B. French, who was reading in a caboose on the forward train, was injured, but it is thought not very seriously. Muir and French are married men, living at Medicine Hat. Long was single, living at the same place. Muir jumped from the engine at the west end of the bridge, and was instantly killed. Long stayed with the engine, which went through the side of the bridge on to the ice. Three cars were wrecked.

Superintendent Niblock was in the car which was wrecked. He heard the train coming and got out on the side of the bridge and escaped injury.

The accident was caused by the second train, Engineer Muir and Conductor Holder, approaching Medicine Hat at too high a rate of speed and failing to make the stop required by the rules at the west end of the bridge over Saskatchewan river.

NOTES FROM THE CAPITAL.

Minister Fisher's Hay Policy—Locomotive Works in Prospect—Drainage Contracts.

From Our Own Correspondent.

Ottawa, Feb. 2.—Minister Fisher has evolved the novel idea that with reduced steamship rates Canadian hay will find a ready market in England.

He proposes to compel the companies to reduce the rates has not transpired.

Railway locomotive works are to be established here. A company has been formed with \$750,000 capital.

Contracts for local drainage works aggregating half a million dollars will be awarded next May. There is a strong agitation in favor of confining the water to Canadians, although 70 American firms are figuring on the specifications.

A LESSON TO DOCTORS.

Verdict for Attempting Post Mortem Examination Without Authority.

Toronto, Feb. 2.—(Special)—An action of very unusual character was heard in the assize court this afternoon. The wife of James Davidson died a short time ago, after half an hour's illness.

An inquest was spoken of, but the idea was abandoned, the coroner not deeming it necessary. There is a strong suspicion that the body was opened shortly after his wife's death, however, Davidson found Doctors Garrett and Harris in his house operating on the body, which had been cut open.

They produced no authority, and the irate husband prevented them finishing and very angry action for \$500 damages. The jury, after an absence of two hours, found a verdict for the plaintiff for \$600 damages.

ONTARIO TAXING FOREIGNERS.

Outside Corporations to Make Up Revenue Formerly Received From Logs for Export.

Toronto, Feb. 2.—(Special)—The Ontario government will shortly introduce a bill to impose a tax upon foreign corporations doing business in Ontario. The object of the new tax is to meet a deficiency in the revenue resulting from the embargo placed upon the exportation of logs, that deficiency amounting to \$200,000 and will represent the amount formerly paid in stumpage dues by Michigan lumbermen when they were allowed to cut logs in Ontario.

The suggestion to tax foreign corporations was made some years ago but not acted upon until the government considered the finances of the province to be in a sound condition. The disappearance of this substantial source of revenue, however, makes the imposition of fresh taxation imperative.

SIR CHARLES ORGANIZING.

Strong Committee Formed in Montreal, and Every Province to Be Looked After.

Montreal, Feb. 2.—(Special)—While in Montreal for the past few days, Sir Charles Tupper has been working energetically towards organizing the Liberal Conservative party. It is announced that Mr. Henry Dalby, for about 20 years editor of the Montreal Star, has resigned his position, to become the organizer of the English section of the party here and the confidential representative of Sir Charles Tupper.

Mr. James Craithren, ex-president of the Montreal board of trade, has become the treasurer of the organization. There has also been appointed a sub-committee to actively superintend the work.

Sir Charles goes to Ottawa on Friday. He will at once take steps to press forward the work of organization in every province of the Dominion.

FITZSIMMONS' MONEY COVERED.

Twenty-Five Hundred Dollars Put Up on Behalf of Sharkey.

Syracuse, N. Y., Feb. 1.—Tom O'Rourke announced here to-night: "I have forwarded to-night a certified check for \$2500 to New York to cover Fitzsimmons' forfeit, now in the hands of the New York Journal, to bind a match between Tom Sharkey and Bob Fitzsimmons before the club offering the largest purse. The referee and terms to be mutually agreed upon as soon as a club qualifies."

Saginaw, Mich., Feb. 1.—Bob Fitzsimmons today declared there is no truth in the despatches stating that McCoy has challenged him. He said further that until he (Fitzsimmons) has first taken care of both Sharkey and Jeffries.

BALFOUR TAKEN TO TASK.

Protestant League Question Him as to Proposed Catholic University and Doings of Established Church.

London, Feb. 1.—Mr. Arthur J. Balfour, first lord of the treasury and the government leader in the House of Commons, received at Manchester yesterday a deputation from the local branch of the Protestant League, who visited him with reference to his recent advocacy of the establishment of a Catholic university in Ireland and also to learn his views as to the action to be taken in connection with the so-called lawlessness in the established church.

Referring to the illegal practices in the established church, Mr. Balfour said he had not observed them himself, but was willing to accept the statements that such practices existed in certain places, which were highly objectionable and constituted a grave danger to the church.

He thought that the church was in a desperate state and that the bishops were restoring discipline. He admitted that the bishops during the last few years had been slack in preserving discipline, which fact was recognized by them as was evident from the recent action taken by them.

Mr. Balfour pleaded that the controversy should not be embittered by pressing for legislation until its necessity was absolutely demonstrated. He thought that the whole satisfied the reputation, though several of the members emphatically expressed their distrust of the will of the majority of the bishops to enforce discipline.

THE FINAL EFFORT.

Government Candidates and Many Official Champions Before a Small Meeting.

The government meeting and band at the A. O. U. W. hall last evening did not draw very well, and it was half an hour or more after the advertised time when Mr. Higgins started the proceedings by asking "any supporters of the government who were present to come on the platform, and for permission, as it was very late indeed, that he might keep his cap on. Permission being granted amidst laughter, Mr. Higgins assumed the chair."

Mr. Deane, M. P. P., next addressed the meeting with no response, and Mr. Higgins called on Mr. Gregory. The Colonel first explained about the profitable connection between his partner and the government services, stating that Mr. Fell puts in his own pocket the \$600 he receives as clerk of the legislative assembly.

Mr. Patterson spent the time allotted to him enlarging upon the old-time connection of Mr. Turner and his partner with the Victoria and Sidney routes.

Mr. Ralph Smith said that the atmosphere was so chilly he too had to keep his hat on while talking through the window, which was into Bonanza at the "side of misrepresentation and lies," and he gracefully thanked his opponents, and intimated that no opposition member could get a hearing from the government.

Mr. Stewart started by saying that if he had to earn a living it was an honest one, but left the audience to make the application of this statement to the speaker. Mr. Munro, M. P. P., called on Victorians to join hand in hand with the Mainland people to support the government of the day. "Victoria would come in later."

Mr. Macpherson attempted to show his very great interest in Victoria, and asked the audience to vote for "their homes, hearts and country."

Mr. Deane, M. P. P., congratulated the audience on having an opportunity to vote to-day. The three other M. P. P.'s, Mr. J. M. Martin, Mr. Helgesen and Mr. Kidd—and the Hon. the minister—were also carried there, and all the members of the party were taken to the meeting.

On the 20th of December Kid Williams and William Moss fought ten rounds, when the former was compelled to give in from a broken hand received in the second round, and the victory in the seventh. The mill was for a purse of \$800, and chiefly notable for the remarkable endurance and grit of Williams. Ed. Thomas and Tom Magan were two other combatants, who furnished amusement for a crowded house. Both hail from Chicago.

DEWEY TO BE ADMIRAL.

Rank Reserved for His Benefit and Ten Years Added to Service.

Washington, Feb. 1.—The senate committee on naval affairs has decided to report favorably the joint resolution providing for the rank of admiral in the interest of Rear Admiral Dewey. The resolution was so amended as to extend the time of his retirement ten years.

Gibraltar, Feb. 1.—The United States transport Grant, which left New York January 24, having on board the General Lawton, the Fourth infantry and a battalion of the 17th infantry, bound for Manila, arrived here this morning.

FRANK WATSON OUVY.

Word Brought by the Dirigo of Much Distress Among Yukon Miners.

Salvation Army Now Established at Dawson—An Unsuccessful Attempt at Suicide.

Victoria's Klondike ship yesterday was the Dirigo, which arrived during the early morning, having left Skagway 30 hours after the Danube. She had quite a number of men from Dawson aboard, but they were bound for Sound ports. They included W. C. Waterous, of the Klondike Nugget; W. O. Yeomans, agent of the Empire line of steamers; E. Hall, mining engineer from Eagle City; Mrs. Frank J. McGregor and J. Carlson. Mr. Hall represents the Eagle City Mining and Development company and is now on his way East on business. He speaks enthusiastically concerning the situation of the Yukon. Mr. Hall, with some other Eastern capitalists, is interested in a number of dry claims in the Klondike region. He has 100 acres near Eagle City. Wolfe Creek is turning out very rich. Mr. Hall states, and a nugget has been found on a bench claim worth \$450. Forty-mile and American creeks also promise to be great producers, and the whole district is being worked by the Klondike. Mr. Hall states that Eagle City is just very badly governed, a man named Beaverton, who claims to be a prospector, has the place and the town, who laid out the townsite, have done a great business, everyone paying \$5 being given a guarantee that their interests would be protected. This business continued until the townsite was sold, and then it was abandoned. The place and the town were open to relocation. At present Beaverton is wanted by the police at Dawson, and it is said that extradition papers are being taken out for him.

A recent issue of the Nugget says the Salvation Army gave a free dinner on Christmas when 300 set out at their tables. Ensign McGill, who with nine assistants has charge of the Army Food and Shelter, declares the conditions of the Klondike are deplorable. He is a citizens' relief committee, which met at the American consulate, he is credited with making the following statement: "The Salvation Army shelter will be ready for occupancy about the middle of the month of March. It is a building of 300 beds, with a kitchen and dining rooms. Meals will be furnished on the short-order plan at bedrock prices. At present the bunks are without mattresses or blankets. LEGISLATIVE ASSEMBLY

Attorney-General Refuses to Hear a Word About Re-election of Victoria Members.

Plan for Reorganizing Departments and Providing an Additional Salaried Minister.

Friday, February 3.

Victoria's "Big Four" was made complete in the house this afternoon, when Messrs. Turner, Hall and McPhillips were formally escorted back to their seats in triumph, while both sides of the house joined with the galleries in expressing satisfaction at the reaction.

Private Legislation. The reports of committee on the North Star and Arrow Lake railway and the Vancouver, Northern and Yukon railway bills were adopted, and these measures were read a third time and passed.

Noxious Weeds Bill. The house then went into committee, Mr. McBride presiding, on the bill to amend the Noxious Weeds Act (Mr. Helgesen's).

Dentistry Bill. The last business of the afternoon was the consideration of the second reading of the Dentistry bill (Mr. Helgesen).

Victoria City Elections. The clerk read the certificate of election of Messrs. J. H. Turner, Richard Hall and A. E. McPhillips for the city of Victoria.

Col. Baker, preparatory to moving that the certificate and return of the election be entered on the returns of the house, said that he was delighted to hear from the clerk the result of the election in Victoria.

Col. Baker protested that he was speaking to a question of privilege, "The leader of the government, on the return to the house of Mr. Tisdall, had the honor to make a few remarks in connection with his re-election, and surely that precedent would justify the house in listening to what he has to say."

Mr. Higgins took the point of order that the formal motion for the return of the Province be taken up first, and that the motion for adjournment was not a motion to adjourn, and quoted copiously from May in considering that the Speaker might name the member for East Kootenay to proceed.

Col. Baker then moved an adjournment, claiming his right under Rule 30; he subsequently withdrew the motion, however, rather than his colleagues, who were waiting in the lobby. The motion that the return be entered on the journals of the house was agreed to by a vote of 15 to 10.

At the regular meeting of the city council on Monday evening last the following petition was submitted and placed on file: "The undersigned citizens of the City of Victoria, E. A. Wilmet."

ROYAL PEACE MAKERS

Queen Victoria's Deep Sympathy with the Young Czar's Great Undertaking.

Suggested Congress of the Rulers of Europe at London Next Spring.

Blasphemy, terrorism and all the horrors of foreign and civil war characterized the closing of the eighteenth century.

No peace was made until the year 1815, when the Congress of Vienna was held. It was the first time since the year 1648, when the Peace of Westphalia was signed, that the rulers of Europe met to discuss the future of the world.

The year which opens to-day, which is the first year of the twentieth century, bids fair to present a striking contrast to 1793, in so far as it is likely to constitute the end of a long era of peace which may extend far into the new cycle. In fact, if royal and imperial projects for the ensuing century are carried out, the world will be led to look for the advent of a new era of peace in the same way as their ancestors one hundred years ago, though on different grounds.

The year which opens to-day, which is the first year of the twentieth century, bids fair to present a striking contrast to 1793, in so far as it is likely to constitute the end of a long era of peace which may extend far into the new cycle.

SICK IN YUKON'S SOLITUDE

Young Man Lies Two Months Helpless in His Cabin—Deceased at Point of Death.

Dr. H. W. Yemas, agent of the Esquimaux Transportation company at Dawson, who came down on the steamship Dirigo from Skagway, brought a story of the most awful distress of a young miner on Galena creek, in the Klondike country.

The most horrible case of helplessness which occurred on Galena creek in the winter of 1898, was that of a young man named Monte Cristo Lind. During the past summer a party of two young men decided to build a cabin about four miles from the mouth of Galena creek.

Monte Cristo Lind, the younger of the two, and about 25 years old, had a peculiarly weak feeling about the lower limbs and decided to attempt the trip himself. He had plenty of food provisions, and before leaving his partner cut him a good supply of wood for use till he should be able to get on his feet.

Shortly after the partner's departure the unfortunate youth found himself utterly unable to move about at all. For several days he lay in his sleeping bag, without fire and without meals. He made up his mind that this was his last day, and he determined upon one more effort to help himself. Crawling from his bag he made an attempt to stand up, but fell on the floor in an unconscious heap.

He does not know how long he lay, though it was probably but a few hours, before he was discovered by his partner. When he roused up he found his hands and feet frosted. He crawled into his bag again and set himself to the task of waiting for the long winter.

Day after day he patiently reached over his head to where a calendar hung upon the wall and checked off the days and nights. His only food was sugar and flour mixed with a little water, the water being secured by picking some of the snow and melting it in a tin cup over a candle.

Saturday, December 17, Gill marked off the end of the month. He was in bed, his case was more hopeless than usual, for he found the coldness of death creeping up his limbs. He was unable to get up, and he was unable to get up, and he was unable to get up.

It is a picturesque idea, this congress, and well worthy of the sagacious and venerable sovereign to whom it is dedicated. The rulers of the two greatest powers of Europe, namely, the czar and the kaiser, are her grandsons. Her only grandsons are the emperor of Austria and the emperor of Russia. Her only granddaughters are the empress of Austria and the empress of Russia.

THE UNIVERSITY ASSOCIATION.

Sir: Now that the acute interest in politics has subsided and citizens have a breathing spell, I wish to call their attention to a matter, which, though not so keenly exciting, nevertheless not less important than the issues of the recent contest.

I wish to present for their consideration the merits of a course in political economy, political science and sociology being one of the courses prescribed by the University Association, of which I am the representative in British Columbia.

The University Association is the outcome of a series of meetings held in Chicago during the winter of 1897-8, being one of a series of social congresses which are more familiar to all. It had for its object to devise ways and means for the betterment of extending the benefits of university education, so as to bring it within the reach of all in a practical manner.

The course so far include universal history, universal literature, religion and theology, political economy, geology and astronomy. The instruction is conveyed by means of a monthly syllabus, of which there are twelve, constituting one year's course in each study.

Over fifty university professors, more or less distinguished as specialists, are associated with the work, which I may say is in the hands of a large number of extracts from the best authorities and standard works, the plan thereby furnishing a wide range of the most interesting and important subjects, but in familiarizing students with the various phases and schools of thought.
