\$2.00 PER YEAR IN ADVANCE
In United States \$2.50

LOCAL HAPPENINGS

Music Hall, (south end) for Fair Night Concert. s15-2t
Wheat 90c, oats 30c, eggs 23-24, butter 30c.
Attend Theford Fair Sept. 28-29. It's always good. s7-3t
Canton Crepe in all the new shades—Swift's.

Watford Fair Thursday and Friday of next week. Get your entries in early.
No one can complain about the lack of either heat or rain so far this September.

Miss Mimielly is now showing the latest designs in new Fall hats. An inspection is invited.

Now Displaying all the New trimmed and tailored Models in the Millinery Department.—A. Brown & Co.
Harvest Home Services and Pumpkin Pie Socials will hold sway for the next month.

Beware of wet feet on rainy days. Shoes and Rubbers. P. Dodds & Son carry the best lines. s15-2t

Division Court will be held in Watford this (Friday) at one o'clock sharp. Judge Judd of London will preside.

Mow the lawns, cut the weeds, and give your premises a good tidying up. We will have a large number of visitors in town next Friday.

The best talent procurable at the Music Hall Fair Night Concert. Remember—at the south end. s15-2t

Judging from the odors and scents encountered when passing along the streets just now Watford people will be well supplied with catsup and relishes next winter.

The crowds that now gather in Watford every Saturday evening surpass anything ever seen in this town before the automobile crowded out the family driving horse.
Fair visitors will find our range of Fall and Winter Goods the finest we have ever shown.—A. Brown & Co.

Rev. J. H. Whealen, B.A., rector of St. Paul's church, Theford, will preach in the churches of Watford parish next Sunday. The Rev. J. E. Hosford goes to Theford parish to preach Thanksgiving sermons.

Get your new Fall Fair Day—Swift's.
The little village at the south of Watford must be a pretty poor place to live in. The Alvinston Free Press says—"To tell the truth, if the back streets and byways of this old town could talk it would be simply crawling with scandal."

The Western Fair is being well patronized by the people of this district. Every morning numerous autos are seen wending their way towards London and the G.T.R. has issued a large number of tickets. The special trains Tuesday and yesterday carried the usual large quota of passengers.

Aberley pure wool Jerseys for men and boys—Just right for the cool evenings.—A. Brown & Co.

Mrs. Alfred Dunlop met with a serious accident on Monday which will confine her to the house for several weeks. While standing on a step ladder picking plums in her garden on Front street she lost her balance and fell, breaking her leg below the knee and dislocating the knee cap.

Rain and mud any day now! Get good rubbers at P. Dodds & Son.

The Guide-Advocate acknowledges receipt of Utah newspapers from Mr. Albert Jones of Provo, also his photo. He is 83 years old, and looks ten years younger. His wife, who was a Miss Park, left Brooke when she was a child to go with her family to Utah, and both are still hale and hearty.

Best Black Silks in the country \$1.69 up.—Swift's.

The ministers are all home from their well-earned holidays. It is up to you now to go to church regularly and make up for the times you missed during July and August. Like-ly your cash contributions have been neglected during those months. See to that matter also. Religion of course is free but the church expenses go on whether you attend or not.

William Duncan, Violinist—one of the best artists procurable—at the Fair Night Concert, in the Music Hall, (south end). s15-2t

The newest ideas in Stamped Pillow Cases, Towels, Centres, runners, and Night Dresses.—A. Brown & Co.

The new Coats, Suits, Dresses at Swift's. Big Fair Display.

No formal opening but you are invited to inspect the new Fall Millinery at any time.—A. Brown & Co.
A dollar pair of Rubbers is better than Five Dollars worth of Cold Cream. A nod's as good as a wink.—P. Dodds & Son. s15-2t

Like the sweet Hawaii music? Then hear Louch Bros! Hawaii Quartette at the Fair Night Concert, in the Music Hall (south end.) s15-2t

There are some very attractive flower beds in town this year which it is a pleasure to view. One of the most striking patches is that on the south side of the Watford Inn, between the fence and sidewalk, where there is a Castor bean plant over ten feet high. When passing that corner you will be amply rewarded by spending a few minutes viewing its beauty.

A 20th Century Suit or light weight overcoat for the Fair. The Standard of Canadian Quality.—A. Brown & Co., Sole Agents.

The directors of East Lambton Fall Fair have been fortunate in securing the Petrolia Citizen's Band for concerts at the Watford Fair next Friday, Sept. 22nd. Petrolia can easily boast of the best town band in the country this year and the many people who enjoyed the concert given by the boys in Watford last spring, are looking forward to meeting them again at Watford Fair.

On Fair Day you get a crisp dollar bill in the pocket of every suit sold. (Swift's Fair Surprise.)

The regular meeting of W. I. was held at the home of Mrs. Fitzgerald on Sept. 6th. President presiding. After the singing of the Institute Ode and prayer the minutes of previous meeting were read and approved. Our principal business at this meeting was to appoint the different committees to look after the work of School Fair. Mrs. Kinnel gave a reading, "Inventions to save work," and Miss Cameron a nice solo. Both were good. Meeting closed with the National Anthem. Next meeting at the home of Mrs. Prentis.—Sec'y.

Each citizen can help to make the Guide-Advocate news columns more interesting by sending in news items regarding trips, picnics, visitors, games, social events, successes of former residents in other places, marriages of local people or their relatives, bereavements of local families or deaths in other places of former residents. Each individual encounters many items of news each week. The Guide-Advocate desires to print all of these and solicits the co-operation of all in securing them for publication.

PERSONAL

Mrs. James F. Elliot is spending the weekend in Toronto, the guest of Mrs. H. A. Cook.

V. W. Willoughby and B. F. Cook, Toronto, called on Watford relatives Monday.

Miss Geraldine Elliott is spending her vacation in Kitchener.

Postmaster Luckham and wife visited relatives in Kent and Essex last week.

Mr. and Mrs. Alex. Kelly are visiting their daughter, Mrs. J. W. McLaren.

Mr. and Mrs. C. C. Dodds and son and Mr. George Dodds, Toronto, were Watford visitors this week.

Mr. Frank Elliot, who has been spending a week here with his parents, returned to Moncton, N.B., Thursday.

Mr. and Mrs. W. G. Connolly were in Toronto last week attending a class reunion at the Toronto University.

Mrs. J. Crossette, Toledo, Ohio, visited her brother, Mr. Arthur Higgins, 6th line, and her sister, Mrs. W. M. Styles, Watford, last week.

Mr. and Mrs. W. S. Fuller have returned from a two week's visit with relatives in Chicago and vicinity.

Mr. and Mrs. C. L. Ott and Mrs. Lillian Colburn of Detroit, spent Labor Day at the home of their father, Mr. Walter Cooke, Sr.

Mrs. Margaret Cooke was successful in passing her examinations at Bracebridge summer school and returned to her school at New Lovell on Sept. 8th.

Mrs. M. M. Gillespie, Mrs. R. L. Gillespie, Los Angeles, Cal., and Mrs. A. K. Wanless, Ipsilanti, Mich., were guests of Mr. and Mrs. Carl A. Class last week.

WARWICK

New Fall Skirts, smart styles—Swift's.

Attend Theford Fair Sept. 28-29. It's always good. s7-3t

Mr. Arthur Higgins and daughter, Mae, attended Toronto Fair last week.

Borsalino, King or Brock Hat, or Eastern Cap for the Fair.—A. Brown & Co.

Mrs. A. F. Crossette, Toledo, O., visited Mr. and Mrs. Arthur Higgins last week.

Miss Nellie E. Randall, Port Huron Mich., spent last week with her cousin, Miss Ula Higgins.

Special Fair Bargains, ask to see our W.P. Coats for girls and young ladies, \$7.50.—Swift's.

Even if you're not Scotch, you'll enjoy hearing Sandy Macdonald, the funny man frae Glesca; at the Fair Night Concert in the Music Hall (south end). s15-2t

Master Harold Thompson, 4th line, north, son of Geo. Thompson, was operated on in St. Joseph's Hospital on Wednesday morning of last week. At last reports he was doing as well as can be expected.

Dr. and Mrs. W. D. Wiley and daughter, Lois, of Brantford, Mr. and Mrs. Nathaniel Wiley of Norway, Sask., and Mr. and Mrs. A.S. Wiley of Brooke, spent Sunday with Mr. and Mrs. W. J. Wiley Main Rd.

Quarterly service of the Free Methodist church will be held in Sharon church, 6th line, Warwick, commencing Friday night at eight o'clock, Sunday 10 a.m. and 7.30 p.m. The services will be conducted by Rev. D. Allan from Sarnia. T. Robb pastor.

Don't fail to stop half an hour at Swift's on Fair Day, it will pay you.

One of the biggest days in the history of Warwick Methodist church since 1860 will be Sunday, Sept. 17, on which the reopening of the church, which has been undergoing extensive repairs, will take place. Rev. W. W. Shoup of Theford, will preach at 11 a.m., and 7.30 p.m. Special music will be rendered by Zion Congregational choir.

Thomas Venning, one of the old pioneers of Warwick township, died at his home, 4th line, Sunday morning, Sept. 3rd., in his 86th year. He had been ill some time and his demise was not unexpected. He came from England with his parents when he was eight years old, the family settling near Toronto, but a few years later came to Warwick. His wife survives him, and one son and three daughters, Wm. Venning, Plympton; Mrs. Jos. Barber, Ennisville; Mrs. Wm. Milner, London, and Miss Elizabeth Venning, at home. One brother and one sister are also living. Andrew Venning, now 90 years of age, and Mrs. N. Norris, 60, living near London. The funeral was held to Beechwood cemetery, Forest, Wednesday afternoon, and was attended by a large number of relatives and friends. The Rev. John Murray of Forest conducted the service.

It's Clothing Time. See the new Tweeds and Coatings, Art Tailored—Swift's.

After a long and painful illness Frances J., beloved wife of Mr. George Baird, passed away at her home, second line north, on Wednesday, Sept. 6th. Mrs. Baird was the eldest daughter of the late Mr. and Mrs. Arthur Brown of Watford. She was born in Toronto and came here with her parents when quite young. She was married twenty-seven years ago. She was a woman of many fine qualities and made a host of friends through her kindness and other neighborly acts of sympathy. Her admirable character and Christian spirit endeared her to all who knew her. Besides her husband she leaves two daughters, June and Frances. She is also survived by two brothers, A. G. and E. A. of Watford, and two sisters, Mrs. W.H. Biddle, Tacoma, Wash., and Mrs. (Dr.) James of Sarnia. The funeral was held on Friday, interment being made in Bethel cemetery. Rev. H. V. Workman, Presbyterian minister, conducted the services at the home and grave. The pallbearers were D. Thompson, Wm. Hall, J. Hall and three nephews, Ray James, Reg. Brown and K. Porter. The funeral was very largely attended.

Young men's Smart Suits, ready to wear.—Swift's Clothing Dept.

There are sixty-three electric cook stoves in use in Strathroy.

FORD PICNIC MOVIES AT THE LYCEUM ON FAIR DAY

Those people who attended the big Ford Owners' Picnic at Bright's Grove, August 2, will be interested in the announcement that the Ford Motor Company of Canada, Limited, will send the film photographed that day, around the circuit of picture houses of Lambton County.

It will be shown at the Lyceum Theatre in Watford on Fair Day, Friday, Sept. 22nd, matinee and evening, and the local actors (every one a star) will be able to see themselves and their friends on the screen.

The cast in numbers equals many of the big spectacles, there being about 10,000 in the various scenes. Over 2,000 Ford cars were used by Directors Stonehouse and Richardson in this mammoth production.

The water sports show up very well, the stars in these scenes being the equal of professional gymnasts, especially when walking the greasy pole. It is surprising how many contortions a human being will go through to win a prize.

Mack Sennet's bathing beauties have nothing on the girls of Lambton, and if old Mack were to browse around here, he could pick some real class for his beach shows.

Another professional star's laurels are in danger too. There is a boy who outfreckles "Freckles Barry." No use to try to count the spots, for he is nearly all one big freckle.

And as for babies: there is as fine an array of infant beauties as one could find any where, some of whom no doubt will some day be living in Universal City or Hollywood as screen stars.

Age has its terrors for some, but the movies know no age limit, as witness the aged star from Camlachie who photographed very well. He looks as though he might have his makeup on, but the beard is really his own.

A couple of other old timers show plenty of pep. These are two old Fords, but while they are genuine patriots as cars go, they perform as though they were in their young childhood.

Many other interesting scenes are portrayed, including the numerous races, the ball game, Watford vs. Petrolia, etc. etc.

The Lambton County Ford Dealers sponsored the picnic, under the direction of Mr. Stonehouse of Petrolia.

The Ford Motor Company produced the picture, and the exceptionally fine photography is by Mr. Ed. Flickinger of the Ford Movie Studio.

BROOKE

Attend Theford Fair Sept. 28-29. It's always good. s7-3t

Watson's Underwear for ladies and children, it will not shrink.—Swift's.

Mr. Robert Saunders and Mr. and Mrs. Wm. Saunders and little son Dick, Yale, Mich., motored over last week and spent a few days with their aunt, Ellen Saunders, 12th line.

Owing to anniversary services at St. Andrews, Napier, on Sunday, Oct. 1st, there will be no service in Chalmers church. The Rev. R. G. McKay, formerly of Alvinston, will preach in Napier at 11 a.m. and 7.30 p.m.

Buy your clothing at Swift's, always right in style and price.

CHOP STUFF

Attend Theford Fair Sept. 28-29. It's always good. s7-3t

Sarnia's population is 14,877.

Blenheim's tax rate for 1922 is 35 mills, six more than last year.

John J. Dowler, aged 79, a resident of Sarnia for many years, died on Thursday and was buried at his former home, Wyoming, on Saturday.

Misses Ada and Velma Virgo, Sarnia, made a remarkably good showing in the typewriting contest at the Toronto Exhibition.

Plympton and Sarnia townships are quarantined regarding the movement of corn and corn products owing to the presence there of the European corn borer.

Miss Agnes Adams, of Linwood, a few miles east of Milverton, was badly burned on Wednesday morning and her burns may prove fatal. She was igniting a pile of rubbish in the yard with coal oil when her clothing caught fire. Neighbors attracted by her cries rushed to her aid and extinguished the flames, but not before she suffered terrible injury, especially about the arms and shoulders.

Donald Nado, formerly manager of the Bank of Montreal, Tupperville, and also previously accountant of the Merchants Bank at Wallaceburg, was last week convicted for having misappropriated \$3,270.75, and sentenced to three years in Kingston.

One day last week Mrs. Howard Wigle, who lives near Kingsville, fell at her back door and sustained a broken arm. A few days later, Howard was working in the barn when a man who was doing some work in the mow accidentally dropped a claw hammer, striking him on the head. He was unconscious for an hour and a half. His head was badly cut.

Fire, caused by lightning, destroyed the barns of George Skinner, a farmer residing on the ninth concession of Caradoc, during Wednesday's storm. This year's crops were a total loss, and several implements were destroyed. The loss will amount to over \$4,000. This is Mr. Skinner's first year on the farm.

While horseback riding a few days ago, Miss Margaret Kribs of Bothwell was badly injured when another horse kicked her, severing an artery in the leg. Only the presence of mind of her little companion, Margaret Marsh, saved her from bleeding to death. The little girl tore up her skirt and made a tourniquet.

At Port Lambton on Saturday evening, September 2nd, by the Rev. M. C. Tait, M.A., of Wallaceburg, Miss Pearl McGee, daughter of Mr. and Mrs. Sam McGee of Wilkesport, became the bride of Cecil Taylor, son of Mrs. Henry Taylor Sr., and cashier at the Pere Marquette depot at Wallaceburg.

David N. Suller, aged 65, for years a well-known resident and respected citizen of Point Edward and village clerk for the past 10 years, died suddenly at 6 o'clock Friday morning from heart failure while visiting with Mrs. Suller at the home of his brother, Alex. D. Suller, of Detroit.

J. Comer, the 8 year old son of J. L. Comer, Wallaceburg, met with a painful accident recently when walking past the Brass Works barefooted, he stepped through hot ashes which he thought to be cold, with the result that both his feet up to his ankles were badly burned, and he will be unable to walk for some time.

A very bad electric storm passed over Theford Sunday morning and the steeple on the English Church was struck, passing down and damaging the electric fixtures, also putting several telephones out of commission.

Alexander Bros. Plympton, have purchased a new Sawyer-Massey gas tractor for sawing purposes.

FRIDAY, SEPTEMBER 15, 1922

NOTE AND COMMENT

Lots of people who have been let in on the ground floor have found that they finally fell through into the cellar.

In Germany 23 billion paper marks were put into circulation within ten days. At this rate people will soon refuse to exchange commodities for marks—and then the crash will come.

Hamilton Herald:—When the owners of the anthracite mines and those engaged in the industry are given convincing proof that the continent is not solely dependent on hard coal for fuel, strikes and other interruptions will probably be less frequent.

Guelph Herald: If only Canadians could burn the promises of the politicians, some kept and some never meant to be carried out, they might steam up day and night, and then the home fires might be kept burning until the hard coal comes home.

The United States labor men have abandoned the proposal for a general strike. Even organized labor is in a big minority in the United States, and a general strike would antagonize a whole community of a hundred million people. Such extreme measures never promote labor's cause.

According to the Presbyterian Witness a minister who preached on trial in a small town in Ontario was rejected because his pants bagged at the knees. To our mind this should be a recommendation, for the bagginess may have been caused by much praying.

Alliston Herald: What would we do without the pessimist? When everybody is admitting large crops and rejoicing over what the benefit will be the pessimist with a long face interjects the remark that it has not turned out nearly as well as he thought it would. His sincerity and solemnity provide amusement.

Petrolia Advertiser:—All is not pi in a newspaper office—the Watford Guide-Advocate lost an issue because the electric melting pot on its linotype went on strike. So many are striking these days that one can hardly blame an intelligent melting pot for following the crowd. But the worst of it was that the disk wheel, the first and second elevators and all the rest of the unions went out in sympathy.

The anthracite miners agreement has been ratified and it is expected that several hundred tons of hard coal will be on the market before the end of the week, but the normal output of two million tons a week will not be reached before the 1st of next month. Under the agreement 155,000 miners have returned to work, but it will be some weeks before much anthracite comes to Ontario, so the dealers say.

Pay cash is one of the best of slogans for a household. One of the best agents for filling the poor house is a charge account. Paying cash puts a constant check on buying, while a charge account encourages reckless purchases. It's so easy to buy and "have it charged", but when the day of reckoning comes it is not so easy to settle the bill, and many a conscientious merchant is accused of adding to the bill simply because the customer cannot realize all his moments of past foolishness.

Toronto Globe:—For marrying a couple in a swimming pool, in bathing suits, himself in one, an Oklahoma clergyman has been suspended by his Church for unbecoming conduct. This is an extreme and exceptional case. But there is a tendency for which ministers are not responsible, to treat a wedding as a joke, plastering the car containing the bride and groom with such inscriptions as "We are Married," and indulging in a lot of other freakish performances and noise. Allowance must be made for the exuberance and thoughtlessness of youth but it ought

not to be forgotten that a union for life is a serious affair, involving solemn obligations, and the accompanying festivities ought to be marked by dignity. It is not without reason that marriage is made a religious ceremony. The smile with which a friendly world looks at the launching of the ship should have behind it some serious and perhaps anxious thoughts as to the voyage.

Mr. Geo. E. McIntosh, formerly editor of the Forest Standard, who has been acting Fruit Commissioner since the resignation of Mr. C. W. Baxter, has been appointed Fruit Commissioner of the Department of Agriculture at Ottawa. Following several years of journalism, Mr. McIntosh on behalf of the Ontario Fruit Growers' Association, conducted an investigation of the conditions surrounding the marketing of fruit, as well as the transportation of fruit both within and beyond the Province. He was engaged in this work from 1911 up to 1917, when he was appointed Transportation Specialist in the Federal Fruit Branch, which position he has been holding up to the taking over of the present position. As Transportation Specialist Mr. McIntosh has become intimately acquainted with fruit and vegetable growers, shippers, and carriers in all parts of Canada, and has become thoroughly familiar with the marketing problems of the different provinces and districts.

CHILDHOOD AILMENTS

The ailments of childhood—constipation, indigestion, colic, colds, etc.—can be quickly banished through the use of Baby's Own Tablets. They are a mild but thorough laxative which instantly regulate the bowels and sweeten the stomach. They are guaranteed to contain no harmful drugs and can be given to the youngest baby with perfect safety. Concerning them Mrs. Alcide Lepage, Ste. Beatrix, Que., writes:—"Baby's Own Tablets were of great help to my baby. They regulated her bowels and stomach and made her plump and well." The Tablets are sold by medicine dealers or by mail at 25c a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Everyone reads the "Guide-Advocate Want Column" on page 4.

A DAY OF RECKONING COMING

(Welland Telegraph)

The boys and girls of the Children's Aid Society Shelter in Toronto were to have been the guests of the Shriners on Children's Day at the Exhibition.

You know what that would mean to a lot of more or less friendless little ones.

The morning of the eventful day found two of the young inmates missing—they had taken French leave in the night.

When the Shriners arrived with motor cars to transport the children to the day's festivities, they were told that there was nothing doing—that none of the children would be permitted to attend. The sin of the two absentees was to be visited upon the shoulders of the rest.

Honest, now; if you read such an incident in a work of fiction, wouldn't you say it was overdrawn—that nobody could possibly be as mean as all that?

Yet we find it recorded as part of the day's news.

There are two comforting thoughts in connection with the episode.

One is that the Shriners are not only mighty good fellows, but a rather influential lot of men, and it is safe to assume they will see some one gets his or her's before the thing is closed.

The other, which need be fallen back upon only in the event of the Shriners failing to place a few hearty kicks where they should be placed, is found in certain words written many years ago and which read something like this: "Who so shall offend one of these little ones, it were better for him that a millstone were hanged about his neck, and that he was drowned in the depth of the sea."

From which we gather the consolatory thought that if the Shriners don't attend to this, Some One Else surely will.

CATARRH

Catarrh is a local disease, greatly influenced by constitutional conditions. HALL'S CATARRH MEDICINE is a Tonic and Blood Purifier. By cleansing the blood and building up the system, HALL'S CATARRH MEDICINE restores normal condition and allows Nature to do its work. All Druggists. Circulars free. F. J. Cheney & Co., Toledo, Ohio.

Profitable Savings

THE STERLING BANK
OF CANADA

SAVE ~ Because

DOMINION OF CANADA VICTORY LOAN BONDS
MATURING 1ST DECEMBER, 1922.

THE BANK OF MONTREAL, under authority of the Minister of Finance, is prepared to effect, without charge, exchange of the above bonds for

5 year 5½% Bonds
Maturing 1st November, 1927,
or
10 year 5½% Bonds
Maturing 1st November, 1932.

FULL PARTICULARS are obtainable upon application to any branch of the Bank of Montreal in Canada.

To Holders of Five Year 5½ per cent Canada's Victory Bonds
Issued in 1917 and Maturing 1st December, 1922.

CONVERSION PROPOSALS

THE MINISTER OF FINANCE offers to holders of these bonds who desire to continue their investment in Dominion of Canada securities the privilege of exchanging the maturing bonds for new bonds bearing 5½ per cent interest, payable half yearly, of either of the following classes:—

(a) Five year bonds, dated 1st November, 1922, to mature 1st November, 1927.
(b) Ten year bonds, dated 1st November, 1922, to mature 1st November, 1932.

While the maturing bonds will carry interest to 1st December, 1922, the new bonds will commence to earn interest from 1st November, 1922, GIVING A BONUS OF A FULL MONTH'S INTEREST TO THOSE AVAILING THEMSELVES OF THE CONVERSION PRIVILEGE.

This offer is made to holders of the maturing bonds and is not open to other investors. The bonds to be issued under this proposal will be substantially of the same character as those which are maturing, except that the exemption from taxation does not apply to the new issue.

Dated at Ottawa, 8th August, 1922.

W. S. FIELDING,
Minister of Finance.

JAS. HAND, ALVINSTON, WINS HANNA TROPHY

James Hand, of Alvinston, is the winner of the Hanna Trophy. This trophy was presented by the late Hon. W. J. Hanna, to be offered in competition for the best four acres of corn, any variety, grown in Lambton County.

The competition has been conducted annually since 1914. The winner had to win the trophy three times before the trophy becomes his own property. There probably has been no one competition or organization which has done so much to improve the corn crop of Lambton County. Careful selection of seed, care in storing and proper cultural methods have developed many fine selections of choice seed corn of known varieties. The present winner has been working with the variety Golden Glow and has now a fine selection of this well-known variety.

The winners during the past nine annual competitions are as follows:

- 1914—David Hayter, Alvinston
- 1915—Alex. Wark, Wyoming
- 1916—Keith Hillier, Sarnia
- 1917—James Hand, Alvinston
- 1918—John McRae, Pt. Lambton
- 1919—Harry Sheller, Pt. Lambton
- 1920—Nelson Powell, Inwood
- 1921—James Hand, Alvinston
- 1922—James Hand, Alvinston

The score card used in scoring the fields in the competition, in all cases, is as follows:

Condition of field and freedom from weeds	15
Uniformity of stand and height of stalks	10
Freedom from barren stalks ..	10

Quantity and quality and maturity of corn fit for seed ..	50
Quantity and quality of stalks for fodder	15
Total	100

The first ten winners in this season's competition are—

1. James Hand, Alvinston
2. David Hayter, Alvinston
3. Bert Payne, Port Lambton
4. Chas. Oke, Alvinston
5. Harry Sheller, Pt. Lambton
6. Thos. Lovell, Alvinston
7. Russell Lovell, Alvinston
8. Nelson Powell, Inwood
9. Melvin Johnson, Alvinston
10. Jas. Abra, Cosnna

L. D. Hankinson, Seed Inspector, Dominion Department of Agriculture, acted as judge.

The Lambton Loan and Investment Company, of Sarnia, has presented the Lambton Corn Growers' Association with a handsome trophy to be offered in competition for the best five acres of Fall Wheat grown in the county. The winner to be successful in three competitions before the trophy becomes his property. All entries to be made with the Secretary of the Lambton Corn Growers' Association. The standing of the first ten competitors in this year's competition is as follows:

1. Stewart McDonald, Sombra Tp.
2. David Hayter, Brooke Tp.
3. A. Capes, Sombra Tp.
4. Clifford Davis, Sombra Tp.
5. F. H. Burgua, Sombra Tp.
6. Roy Melton, Brooke Tp.
7. J. Capes, Brooke Tp.
8. Wellington Griffith, Brooke Tp.
9. R. Graham, Enniskillen Tp.
10. Geo. Handsford, Brooke Tp.

ENNISKILLEN

Fire on Thursday night 31st ult. completely destroyed the barn and contents of James Irwin, 18th side-road. The local fire bell was sounded, the discoverer of the fire assuming that the blaze was in the direction of the flax company's building. During the day threshers had been at work at Mr. Irwin's farm, but had stopped work at eight o'clock. Mr. Irwin himself discovered the blaze on the east side of a hay stack and endeavored to beat it out but without success. A threshing machine owned by Connors Bros. was also burned. There was insurance of \$10,000 on the barn and contents but none on the threshing machine.

One of the picturesque figures thrown on life's screen passed into the unseen on September 5th, in the person of Patrick M. Dalton, who died at the advanced age of 80 years 6 months and 8 days at his home in Enniskillen Tp. lot 5, con. 10, of senile decay. He was born in Ireland on March 28th, 1842, coming to Canada sixty years ago, to face the hardships of pioneer life, known so well to many brave hearts during the first half of the century. Patrick Dalton settled on the Enniskillen farm over forty years ago, making out of the virgin surroundings what was to be until the end of his life, a home of congeniality. He is survived by two children, Kate, who is a nurse under the U.S. government in the Philippine Islands and Patrick J., at home. His wife predeceased him and a brother, Michael, resides in Sarnia.

ALVINSTON

Miss Alice Carbut spent a few days with friends in town.

Alex. Moore returned home after spending his vacation in London.

Newton Jones of Strathroy, spent the weekend at his home here.

Miss Margaret McNally returned home after holidaying in Detroit.

Archie McEachern of Inwood, spent the weekend at his home here.

Mr. and Mrs. G. G. Bramhill, of Simcoe, are renewing acquaintances in town.

Miss Lucy Germain spent the week end at the home of her friend Miss Annie Ferguson.

Harold McRoberts, of Florence, spent a few days last week as the guest of his brother, Ross.

Silby Gilroy, of Sarnia, spent the weekend at the home of his parents, Mr. and Mrs. H. A. Gilroy.

Miss Edna and Master Stewart Munroe returned home after visiting in London and Port Stanley.

Miss Helen Cowan returned home after spending her holidays at the home of her grandmother, Mrs. A. Gilroy.

Mrs. Luckham, of Glencoe, spent a few days last week at the home of her sisters, Miss Maryn and Mrs. Anderson.

Mr. and Mrs. Bert Grieves, of London, spent the weekend at the home of the latter's sister, Mrs. Frank Pavey.

Mrs. Anderson and Miss G. Martyn have returned home after spending the past month with relatives in Rochester.

Miss Marguerite Peirce has returned home after spending the past week at the home of Mrs. Silas Wuden of Inwood.

Mr. and Mrs. Stanley Code and children, of Toronto, spent the past two weeks at the home of the former's father, Mr. Richard Code.

Mr. and Mrs. W. W. LeRoy, of Detroit, returned home after visiting for a few days at the home of the latter's sister, Mrs. Jessie Martyn.

Mrs. Pavey and daughter, Mary, and George Pavey, accompanied by Miss Lyda Ridley and Mrs. Dauphin and son, Stewart, have returned home after a motor trip to Niagara Falls.

While planing a board at the sawmill of D. J. McEachern & Son, Wm. Rundle had the two fingers of his right hand severed at the first joint, while the third finger was badly lacerated. Mr. Rundle met with a similar accident about a year ago, in which he had the fingers of his left hand amputated.

After a lingering illness of several years, Mrs. Malcolm McPhail, Alvinston passed peacefully away at her home here on Friday, Sept. 1st. Deceased was in her 66th year and was highly respected by all who knew her. Prior to moving to Alvinston, about three years ago, the family resided on the ninth concession of Brooke, and while of retiring disposition, her kind and gentle manner made for her a large circle of friends who will mourn her loss. Besides her husband, one son and one daughter survive, Flora, at home, and Fred, on the homestead in Brooke. The funeral service, which was largely attended, was held in the Anglican church on Monday afternoon, interment taking place in Alvinston cemetery.

WEST ADELAIDE

The W. M. S. of West Adelaide Presbyterian church held their September meeting at the home of Mrs. David Wilson on Thursday Sept. 7th, with an attendance of 15 members and one visitor. Ladies Aid collection \$1.70. The sale was packed amounting to \$24.60. It was also decided to hold the annual fowl supper and bazaar on the 5th of October. Next meeting of auxiliary to be held at the home of Mrs. L. Grogan.

PETROLEA

Petrolea lawn bowlers won the Waddell cup and consolation at the tournament held there on Labor Day. Late Saturday afternoon, Sept. 1st, two young lads, Freeman and Walter Winder, hailed the driver of one of the three ton trucks owned by the Canadian Oil Companies, asking for a ride from Ed. McGregor's farm County Road, to their home at the corner of the Twelfth line and Tank street. The driver obligingly picked them up and they rode along on the running board. At their home the driver slowed down telling them not to get off until he had stopped the truck. Freeman, however, jumped, thereby setting an example to his younger brother. The driver tried to catch Walter as he jumped but failed to grasp the child firmly with the result that the little fellow did not fall free of the truck but was thrown under the rear wheel which passed over his stomach causing injuries which resulted fatally three hours later.

FOREST

Mr. and Mrs. Jas. K. Kennedy of Vancouver, B.C., spent a recent weekend with Dr. and Mrs. C. L. Huffman.

Mrs. Detwiler returned to Toronto yesterday after spending two weeks here with her aunt and uncle, Mr. and Mrs. E. Pierce.

Miss Elsie Hubbard returned to Toronto to resume her course as nurse-in-training in the sick children's hospital. She will graduate next May.

Richard G. Smith has sold his property on the south side of Church ave., to William J. Straker of Northumberland, England, where he proposes carrying on a market garden.

Mr. and Mrs. J. D. Livingston and daughter Vivian, have returned home after a ten days motor trip to Guelph and vicinity, Miss Hindley of Guelph, returned with them and spent a few days here.

The fruit shed at the G.T.R. station was badly demolished on Monday, when two loaded freight cars jumped the bumpers at the end of a siding and crashed into it. Two children who were under the shed miraculously escaped unhurt. The building is a partial wreck.

Miss Dorothy Wright of St. Marys student at the collegiate there has been awarded the fourth Edward Blake scholarship in classics and moderns. Her father the late W. J. Wright, a former teacher in the Forest high school who lost his life in the great war, was one of the earlier winners of this scholarship.

Mrs. Frank Gustin, who has been in the Sarnia Hospital for the past ten days and had her tonsils removed was able to let her special nurse go Saturday. Before going to the hospital Mrs. Gustin was critically ill at her home at Lake Valley Grove, and her many friends are pleased to know of the splendid hopes held out for her complete recovery.

Mrs. Jos. Mack and daughter, Mrs. Wm. Douglas, Plympton, have arrived home after spending three months in British Columbia, with the former's sons and daughters, William, Walter and Ed. Mack and Mrs. Reeves, of Enderby, and Robt. Mack in Vancouver. They also visited Victoria and were accompanied to the latter two places by Mrs. Reeves and her daughter, Miss Edna Lang, Miss Lang came to Forest with them, and will make an extended visit here with them, and another aunt, Mrs. Charles Douglas.

On Saturday morning about nine o'clock Mr. Duncan Weir, was engaged in lighting a fire in the cook stove to prepare some fowl for dinner, and in doing so, he used some oil which had been taken out of an auto engine. Some gasoline must have been mixed with the oil, for as soon as the mixture became ignited it caused an explosion. The flames immediately set fire to the window curtains and other articles in the room. Mr. Weir was badly burned about the hands and face and his daughter Bessie also received several burns, but not near as serious as her father. An alarm was sent in and the fire department responded but their services were not required, as neighbors had formed a bucket brigade and succeeded in getting the blaze out.

INTERESTING NEWS FROM FAR AND NEAR

The opening of the delivery warehouse of the Tobacco Growers' Co-operative Marketing Association at Smithfield, N.C., was marked by the singing of the Doxology and the delivery of an extemporaneous prayer by the Rev. H. D. Tuttle.

Pink Salmon are being caught in large quantities in the inland waters off the coast. One boat arrived with 20,000 fish caught in Johnson Straits in a night's operation. Three other fish boats brought another forty thousand fish. These salmon weigh on an average three pounds each and the fishermen are getting ten cents per fish.

A German engineer has succeeded in perfecting a process for coloring living trees. It has been found that a whole tree from the end of its roots to the topmost leaf can be completely and permanently colored with in 48 hours. Aniline dye is used and 50 grams of it together with 200 liters of water are sufficient for one tree.

Fifteen hundred cars of grapes will be handled by the Niagara Grape Growers Association this year, almost double that of last year. The season has been one of the most successful for many years, with weather conditions ideal throughout. The 15,000 cars the company will handle represent about 94 per cent. of the production of all the peninsula vineyards.

Two landmarks that were closely connected with the business interests of the village of Florence in the sixties have been removed within the past six months. The Quill building, which was torn down last winter, was one of the first buildings built in that village and for many years a general merchandise business was conducted in it, and last Thursday evening the old grist mill was destroyed by fire. Both buildings were situated at the extreme entrances to the town.

The grandson of a great Indian Chief, in Manitoba, predicts an open fall, with no cold weather until late in December. And another son-of-a-gun of a great Indian chief in Washington, predicts an early and long cold winter. The one bases his prediction on the slow movements of the big dipper, and the other on the unusually large number of summer insects. The seven stars' prediction is pleasing, but if you are wise you take your money and you buy your coal just the same.

Many farmers have been growing sweet clover for ensilage. The government experts have been experimenting and have come to the conclusion that all sweet clover when containing mould is very dangerous. At the same time all mouldy sweet clover is not harmful, but the trouble is to tell which is and which isn't. When harmful it causes anaemia, a weakening of the blood vessels, liability to rupture and bleeding to death. All of which goes to show that the feeding of sweet clover must be done with great care to avoid loss of stock.

At the closing session of the Ontario Municipal Association which met in Toronto recently, the executive was authorized to frame a resolution asking that a portion of the motor license, amusement, billiard parlor and theatre tax revenues revert to the municipality. Other matters in which the Government will also be petitioned concern the creation of danger signals upon the highways, the creation of a superannuation scheme for municipal officers and the amendment of the Assessment Act, so that religious bodies will be required to actually occupy property in order to secure exemption from it.

Britain has taken a step in advance in an attempt to solve the servant problem by establishing a college for the training of young women in domestic science and the useful arts. The Government has set aside \$250,000 for the purpose. The cost of training an unemployed girl so that she can take a situation in domestic service is \$100. The girls are given a course lasting 13 weeks, with 30 hours' instruction every week. They are taught cookery, laundry work, housewifery, needlework, infant welfare and hygiene. They are also given instruction in the arts of singing and piano playing, which are considered indispensable adjuncts to the all-around servant who wishes to brighten her mistress' life with something more than mere culinary accomplishments or household industry.

CASTORIA For Infants and Children In Use For Over 30 Years Always bears the Signature of *Chas. H. Fletcher*

SALE REGISTER

Monday, Sept. 25th, farm stock of Fred Collins, Warwick. See ad. Farm and chattels of late F. L. Smith, Warwick. Monday, Sept. 13. See ad.

Children Cry FOR FLETCHER'S CASTORIA

The Presbyterian charge of Brigidon and Bear Creek is vacant. One of the finest barns in the county, the property of Thos. Holdway, Warwick township was struck by lightning Sunday night and burned to the ground. This is the second barn of Mr. Holdway's that has been destroyed by fire within a year.

A Prime Dressing for Wounds.—In some factories and workshops carbolic acid is kept for use in cauterizing wounds and cuts sustained by the workmen. Far better to keep on hand a bottle of Dr. Thomas' Electric Oil. It is just as quick in action and does not scar the skin or burn the flesh. m

WHAT CAUSES GAS ON THE STOMACH

It is caused by fermenting, sour waste matter in the intestines. This old, foul matter should be thoroughly cleaned out with simple buckthorn bark, glycerine, etc., as mixed in Adler-ika. This acts on BOTH upper and lower bowel, removing old accumulated matter you never thought was in your system. Adler-ika relieves ANY CASE of gas on the stomach. EXCELLENT for sour stomach and chronic constipation. Guards against appendicitis. J. W. McLaren, druggist, Watford.

PARTICULAR ATTENTION PAID To Copying and Enlarging AT ROBSON'S STUDIO PETROLEA

A new piece of Furniture --select it on Fair Day

Visit us in our big store next Friday while you are in Watford. Look around and see all the splendid pieces of Furniture we have on display—

then let us assist in selecting some piece that will add so much comfort and appearance to your home this winter.

Is your Dining Room going to be comfortable enough to use this winter instead of your front room or living room? On account of the great scarcity of fuel many people are planning on adding a few comfortable chairs and a couch—all so easily priced—and shutting off the room where their better furniture is located. Come in and let us help solve your problems.

Peaches—This will be the week for the big, fat, juicy Alberta and Crawford peaches, ripened on the trees. Leave your order at Brown Bros. or call W. A. Butler, Mgr.

A double wedding was solemnized at the Manse, Arkona, on Saturday last, when Rev. Jas. A. Gale joined in wedlock Peter Schier of Dunnville and Freida Thoman of Arkona, and Lloyd C. Safe of Grand Bend to Isabel V. Knisley of Arkona.

INWOOD

Mrs. Alex. Johnson of Bridgen is visiting her son, Mr. Lyle Johnson.

Misses May and Barbara Weston of Toronto are visiting Mrs. Andrew Gray.

Miss Vera Vance has returned home after a week's visit with friends in Thamesville.

Mr. and Mrs. Fred Bennett of Detroit are visiting the latter's sister, Mrs. E. S. Lorrman.

Mr. and Mrs. William Wade were in Detroit recently attending the funeral of Mr. Wade's father.

Dr. J. M. and Mrs. MacVicar of Port Huron, Mich., were Sunday visitors at Mr. J. P. MacVicar's.

E. J. Bannister, V.S., has moved his office to the building recently vacated by Mr. Coult's shoemaker.

Mr. and Mrs. Albert McAuslan and children of Sunnyside spent last week at the home of Mr. Albert McCabe.

Miss Mills of the 6th line, Ennis-killen, has accepted a position in Andrew Calhoun's confectionery store.

Miss Preece of Culloden sang two very acceptable solos at the Presbyterian church morning and evening, Sept. 3rd.

The Women's Missionary Society of the Presbyterian church met at the home of Mrs. Isaac Rush last Thursday afternoon.

Mr. and Mrs. Dawson Brooks, Mrs. Alice Vance and Miss Wright of Thamesville spent Sunday at Mr. Johnston Vance's, the latter two remaining for a few days visit.

NAPIER

Anniversary services will be held in St. Andrew's church, Napier, on Sunday, the 17th, at 11 a.m. and 7.30 p.m. The preacher at both services will be the Rev. R. G. McKay M.A., of Dresden and formerly of Guthrie church, Alvinston. Special music.

F.H. Lovell's BAKERY, CONFECTIONERY AND ICE CREAM PARLORS

HILL—SMITH

On Saturday, September 9th, a quiet wedding was solemnized at the Methodist parsonage, Strathroy, by the Rev. Couch, when Verna Iona, eldest daughter of Mr. Luther Smith, Hill, son of Mr. and Mrs. James Hill of Caradoc. After a short honeymoon they will reside on the groom's farm in Caradoc township.

ACTON—ANDERSON

A very pretty wedding took place at the home of the bride's parents, Cedar Crest Cottage, second line, Plympton, on Wednesday, Sept. 6th, at 4 o'clock, when Flossie Irene, second daughter of Mr. and Mrs. D. N. Anderson, became the bride of Mr. Fred Acton of the townline. The Rev. Wm. Raithby performed the ceremony, assisted by Rev. L. J. Stone. The bride was given away by her father and was gowned in white satin covered with point de aspic lace, and tulle veil arranged in cap effect and was attended by six maids of honor, Ruby Anderson (the bride's sister), Mary Garnham, Hilda McPhedran, Margaret Brereton, Florence Williamson and Cassie Simpson. The wedding march was played by Mrs. Brereton and Mrs. Stone sang during the signing of the register, her husband accompanying her. After the ceremony over one hundred guests sat down to a daintily served substantial supper, after which the happy couple left by auto for Sarnia and then took train for Toronto and Niagara Falls. The bride's travelling dress was navy serge with hat to match. Guests were present from Sarnia, Forest, Camlachie, Watford, Corunna and the vicinity.

On the Friday evening previous the young people of Calvary Baptist church tendered the bride a miscellaneous shower at her home. A large number of useful and beautiful gifts were presented to the bride, accompanied with the best wishes for a long and happy wedded life.

TIFFIN—CURTIS

A pretty wedding took place at the beautiful home of Mr. and Mrs. D. H. Curtis at Pine Grove, two miles from Courtright, when Miss Nellie Fern Curtis of Sarnia, became the bride of Mr. Beverly Tiffin, of Windsor. About forty guests were present. The bride was charming in a dress of pearl grey beaded silk crepe, shoes and gloves to match, and carried a bouquet of Killarney roses. The bride who was given away by her father, was unattended. The house was beautifully decorated throughout in a color scheme of pink, green and white. The ceremony was performed under a canopy of pink and green with a background of gladioli and asters. Mrs. Rutledge, Mrs. Wilson and Miss Carrie Lucas of Sarnia, assisted in the dining room. Miss Edna Hales of Windsor played Lohengrin's wedding march. Miss Anna Boyington of the Central Baptist church, Sarnia, sang "Because". The Rev. Mr. Tiffin of Blythe, father of the groom performed the ceremony and was assisted by the Rev. J. E. J. Millyard of the Central Methodist church, Sarnia. The bride who is a graduate of Alma college was a valued member of the choir of the Central Methodist church and will be greatly missed on leaving the city. The groom is assist-

SUFFERED YEARS WITH ECZEMA

"Fruit-a-tives" Cleared Her Skin

POINTE ST. PIERRE, P.Q. "I suffered for three years with terrible Eczema. I consulted several doctors and they did not do me any good. Then, I used one box of "Sootha-Salva" and two boxes of "Fruit-a-tives" and my hands are now clear. The pain is gone and there has been no return. I think it is marvellous because no other medicine did me any good until I used "Sootha-Salva" and "Fruit-a-tives", the wonderful medicine made from fruit." ant manager of Crowley & Milner's wholesale drug store, Detroit. Many costly gifts were bestowed on the young people by friends. Mr. and Mrs. Tiffin left for London and points east following the ceremony.

IN THE SHADOW OF POOR HEALTH

In This Condition Relief Comes Through Dr. Williams' Pink Pills

When the shadow of poor health falls upon you; when hope fades and life itself seems scarcely worth living, then is the time you should remember that thousands just as hopeless as you feel, have been restored to the sunshine of health through the use of Dr. Williams' Pink Pills. The rich red blood which these pills actually make, strengthens the whole system. The nerves are strengthened, headaches vanish, the appetite improves, and once again there is joy in life. Among the thousands benefited by the use of this medicine is Mrs. Jos. Robinson, Oshawa, who says:—"Some time ago I was in an anaemic condition and so weak I would faint away at times. I had no appetite, could not do my household work; in fact life seemed scarcely worth living. I was exceedingly pale and tried doctor's medicine with no good results. Then one day I saw Dr. Williams' Pink Pills recommended for a similar condition and I got a supply. I continued taking the pills until I had used about a dozen boxes and they have made me a well woman. I can now do a good day's work about the house, have no more fainting spells and can go about more actively than I did before. I believe these pills just the thing for pale, weak girls and women, and if given a fair trial will do for them what they have done for me." You can get these pills through any medicine dealer or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co. Brockville, Ont.

LAMBTON TURNKEY SUSPENDED

Sarnia, Sept. 7.—Turnkey Pat Burns, employee at the Lambton County Jail for eleven years, who with James Forbes was trussed up by Edward McMullen on Saturday morning, was today suspended from duty by Sheriff A. J. Johnston, following instructions received from W. W. Dunlop, Provincial Inspector of Prisons, Toronto.

While commending the conduct of Governor Dodd, Mr. Dunlop said that the failure of Burns and Forbes to follow their duty could not be overlooked. Forbes resigned voluntarily Monday. Burns is said by Sheriff Johnston and Governor Dodd to have been a most faithful jail servant, and it is not improbable that a petition asking for his reinstatement will be circulated locally. He is no longer a young man, and it is claimed that the circumstances admit of extenuation.

Of Governor Dodd Mr. Dunlop said: "If we had more men of Mr. Dodd's calibre, we would have less trouble in handling the very difficult situation."

One of the most effective vermifuges on the market is Miller's Worm Powders. They will not only clear the stomach and bowels of worms, but will prove a very serviceable medicine for children in regulating the infantile system and maintaining it in a healthy condition. There is nothing in their composition that will injure the most delicate stomach when directions are followed, and they can be given to children in the full assurance that they will utterly destroy all worms.

RADIO

A Weekly Feature of The Guide-Advocate to give our readers a clear explanation of this new popular science. By Chas. M. Fitzgerald, Watford

Before dealing with receiving apparatus and the ways and means used by radiophone broadcasting stations to provide entertainment etc. for the distant audience let us consider briefly a general description of the apparatus necessary for wireless telegraphy and telephone communication.

The most common type of apparatus used in wireless telegraph transmission is called the spark telegraph. This type of apparatus makes use of a spark produced between two points or a series of such gaps to produce or cause electro magnetic wave motion. As will be assumed, it is necessary to step-up the pressure (voltage) of the electric current to such a value as to enable it jump a given space. This purpose is accomplished by the use of a transformer. The current is further intensified by the use of what is termed a condenser which allows the current to accumulate till it is capable of a much heavier discharge. The place where the sparks take place is called the spark gap. This gap may consist of merely two electrodes or points or more properly separated or the spark may take place between flat discs which may be air tight or at the end of the spokes of a rotating wheel as it passes a stationary point or points.

In order to bring the apparatus in resonance to tune a definite wave length when connected to an aerial the use of one or more inductances or coils of wire is connected thereto. In contrast to spark telegraphy which makes use of individual and separate wave trains which are produced by sparks, radiotelephone must make use of a continuous train of waves. There are several methods used in producing continuous wave motion but the chief one as well as the one used by the broadcasting station is by the use of vacuum tube (auditor) transmitters.

The audion is merely an electric light which not only has a filament which lights when the proper current is applied but also has a spiral or network of wires called the grid surrounding the filament and on the outside of this again a cylinder or plate of metal which is termed the "plate". (A further description will be given of this wonderful instrument later when dealing with receiving apparatus.) A suitable direct (unidirectional) electric current supply is connected to the audion causing it to oscillate producing high frequency alternating current which can be made to vary in rapidly by the altering of the apparatus used in conjunction with it. The strength of the high frequency current is caused to vary thro the use of a transmitter which performs a similar function to that of a transmitter of an ordinary wire telephone when it causes the electric current to fluctuate in accordance with the speaker's voice. The electromagnetic wave radiated by the aerial connected to this audion radiophone transmitter will also carry the same variation following the characteristics of the high frequency current exciting the aerial system. The wave radiated by a continuous wave transmitter such as used in radiophone transmission is very sharp and therefore broadcasting stations can operate within a wave length very nearly the same as the wave length of a neighboring radiophone station without interference as compared to spark telegraph which radiated a broader wave and therefore require a greater difference in wave length since this type can be heard when receiving apparatus may not be exactly in tune with the transmitter. This sharpness of tuning is advantageous for the radiophone when so many broadcasting stations are in operation within a narrow band of wave lengths.

Children Cry for Fletcher's

CASTORIA

Fletcher's Castoria is strictly a remedy for Infants and Children. Foods are specially prepared for babies. A baby's medicine is even more essential for Baby. Remedies primarily prepared for grown-ups are not interchangeable. It was the need of a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research, and no claim has been made for it that its use for over 30 years has not proven.

What is CASTORIA?

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Children's Comfort—The Mother's Friend.

WILL ANSWER ANY WOMAN WHO WRITES

Montreal Woman Finds Health by Taking Lydia E. Pinkham's Vegetable Compound

Montreal, Quebec—"I was a sufferer for three years, not able to do my housework. My husband was discouraged, for I was no better and had had the doctor all this time and nothing helped me. I was always sleepy, had no appetite and suffered with my left side. My mother in England recommended Lydia E. Pinkham's Vegetable Compound because it had helped my sister, so I have been taking it. I am now able to do my housework and I can not praise your medicine too highly as I have great hopes for the future. I will tell anyone who writes to me what good it has done me."—Mrs. E. MASSON, St. Henry P. O., Montreal.

For nearly fifty years Lydia E. Pinkham's Vegetable Compound has been helping women just as it helped Mrs. Masson; oftentimes after doctors and other medicines failed. If you are suffering from disagreeable symptoms caused by some female weakness, try this splendid medicine. It is a woman's medicine for women's ailments, and can be taken in safety by any woman.

CULTURES FOR SILOS

Helping Out Poor Fodders Turned Into Ensilage.

Lactic Acid Cultures Now Applied—Good Fodder Requires No Treatment—Sealing the Silo—Make a Compost Heap of Garden Rubbish.

(Contributed by Ontario Department of Agriculture, Toronto.)

Attempts have been made to control or direct acid bacteria. Bacillus lactis acidus has long been known to be beneficial in silage making, and its product, lactic acid, is found to the extent of one per cent. in well made silage. Experience has demonstrated that the addition of bacillus lactis acidus in quantity to the fodder as the silos were being filled gave good results, particularly so when the fodder material was past the best stage for making high-grade silage. The addition of the bacillus lactis acidus in quantity to the more or less spoiled fodder provided an active agent to check and override the other bacteria present and thereby control the fermentative process, and bring the silage mass to a fairly uniform condition with lactic acid predominant in the silage.

Add Lactic Acid Culture.
 This addition of lactic acid culture to the fodder at the time of silo filling is easily accomplished by securing a small quantity of a pure culture for lactic acid, from a creamery as a beginning. The pure culture obtained from the creamery is placed in a three-gallon can of clean skim-milk. This is placed in a warm position for three days, it can then be added to more skim-milk, increasing the bulk sufficiently to have one gallon for each load of material that goes into the silo. This skim-milk culture carrying a vast number of bacillus lactis acidus is sprinkled over the cut fodder, as the silo filling proceeds.

Good Fodder Requires No Culture Treatment.
 If the corn is in prime condition for silage making at the time of ensiling, nothing is to be gained by adding culture, however its use is strongly advised if the corn or other fodder is a bit off in condition due to damage through unreasonable weather, delays, etc.—L. Stevenson, Sec. Dept. of Agriculture, Toronto.

Sealing the Silo.
 Several methods of sealing the silo after it has been filled have justified their use. What is wanted is a heavy blanket of material on top as near airtight as possible. A Minnesota writer says:

Some times weeds or heavy green grass are run through the cutter as a finishing layer. Some prefer to pack the ears from the last two or three loads of corn used so no grain is lost, and allow the corn itself to make the airtight layer needed to preserve the silage below. At any rate, it is a good practice to tramp the silage around the edges at intervals of three or four days for about two weeks. This helps to prevent the settling away from the wall, which often occurs.

Spilling at the surface may be prevented entirely by covering the top of the silage when filling is completed with a layer of tar paper cut to fit snugly around the walls and overlapping between the strips. If this is used, it is advisable to weight it with some green material of some kind or with boards. Most farmers, with the ears removed and with proper tramping is more economical than the use of paper.

In filling the silo the usual recommendation is to keep the surface higher at the sides than in the center and to do most of the tramping near the wall. The last two feet had best be kept about level with the same amount of tramping in all parts of the silo.

MAKE A COMPOST HEAP.
 Save the Garden Rubbish and Make Cheap and Valuable Manure.

Garden waste, decayed vegetables, dead vines, weeds, and the organic rubbish that collects about the place during a busy summer may be cleaned up and put to work again through the agency of a compost heap. Start the heap by laying down a bed of stable manure which has not been burned or heated. The size of the plot will vary with the amount of refuse to be used; for ordinary uses, if the bed is made 8 feet long by 6 feet wide and 2 feet deep it will serve the purpose. Over the manure spread a two-foot layer of refuse and cover with another layer of manure. This last layer need be only a foot in thickness. Repeat the layers until all the waste has been disposed of and then cover the whole with a layer of earth.

If it is desired to add to the heap from time to time the top layer may be opened and the new material emptied into the hole thus made. This is convenient for the suburban home where there is no animal to consume the kitchen waste. In the spring the heap is well mixed with a fork and the compost is ready to be spread

on the garden plot. The weeding manure will effectively destroy any weed seed present and will also break down the structure of most of the materials that have been thrown upon the pile. The process may be continued indefinitely by simply adding enough manure to insure heating. Compost is especially valuable for use in hot-beds and cold frames.

A flock of scabby sheep will infect the roads, trails, sheds, yards, bed grounds, pastures, ranges, and the ground around the watering places. It is therefore important that the flock receive proper treatment as soon as the disease appears, before the infection becomes scattered.

TWO BAD INSECT PESTS

Play Havoc With Some Field and Garden Crops.

The White Grub, Larva of the June Beetle—The Wireworm, Larva of the Click Beetle—How to Deal With Them—Calf Feeding a Real Problem.

(Contributed by Ontario Department of Agriculture, Toronto.)

Much injury is done to certain field and garden crops by the two insects named above. Hints as to their control are given below:

The White Grub.
 The White Grub working and feeding beneath the soil on grass roots, field crops and garden crops, destroys many thousands of dollars' worth of effort each year, much of the destruction in the corn and strawberry fields can be charged to this insect. Pasture fields, hay meadows and grain fields are frequently much reduced in value through the roots of the plants being nibbled off by this pest. The parent of the white grub is the June Beetle, usually very common as a night flier in late June and July. The female beetle usually lays her eggs in grass land, meadows, lawns, roadsides, fence rows, bushes and such like places. The grubs hatch in twelve or fourteen days after the eggs are laid, they require two years to develop, living and feeding on grass and other plant roots until ready to pupate. The change from grub to mature insect takes place between the autumn of the second year and the following spring. Since these grubs live and feed beneath the soil for full two years it is impossible to reach them with poisons or sprays. Cultivation to break up the pupal cases or expose such to the weather or birds is the most efficient way to control. Old lands are usually heavily infested, and the crop following the first ploughing suffers heavily. A short rotation with deep autumn ploughing whenever possible, and not more than one year out of three in grass will keep the numbers down sufficiently to permit profitable crop production.

The Wireworm.
 What is the matter with the crops? Much of the seed has failed to produce a plant and what plants have developed are weak and stunted. Scratch away the soil and look for the seed that you planted some weeks ago. If you find that the seed grain has been penetrated or partly devoured you will know that wireworms have been at work. You may even find "hard smooth shining slender cylindrical" six-legged larva at work boring and eating the seed. The wireworms vary in color from reddish to yellowish brown. The wireworm is the larva of a class of beetles commonly known as "Click Beetles" (Elateridae). These beetles frequent and breed in grass land. Fields that have been down in hay or pasture for a number of years are generally heavily infested and the first crop sown after breaking the soil usually suffers considerably. Tillage is the best agent to destroy the young beetles. A short crop rotation that does not include hay or pasture more frequently than one year in four is generally effective in controlling this pest. The ploughing should be done early in the autumn, and the land worked as much as possible before the hard freezing weather stops tillage operations. The stirring of the soil will break up many pupal cases and thereby expose the young or developing beetles to the cold and wet. All or many will perish, reducing the possibility of serious infestation on cultivated lands during the following season.—L. Stevenson, Sec. Dept. of Agriculture, Toronto.

Calf Feeding a Real Problem.
 It is well known to dairymen that calves under six months old make little or no gain on pasture alone, however good the pasture may be. Their feeding is a real problem. For this reason dairymen try to have the calves come in the fall so they will be ready for pasture in the spring. Spring calves or calves born in late winter should be kept in the barn during the summer if they are to make proper growth. It is well to have a small pasture or yard in connection in which they can run a few hours a day. In hot weather, the night is the better time for them to be out of doors.

Efficiency Complication.
 "You mustn't ask the telephone operator the time of day when your clock stops."
 "Why not?" inquired the new subscriber.
 "Because it takes up too much valuable time."
 "But it takes up more of everybody's time when you get the wrong number once or twice before you can call up a friend or a jewelry store to make the same inquiry."

FOR seed, skimming, mixed whole oats and corn half and half, and clover or alfalfa hay, are always satisfactory rations. When there is a shortage of skim-milk or clover or alfalfa hay, some oilmeal will greatly add to the ration.

Calf scours are frequently caused in summer by unclean pails. Tin pails should be used, and they should be washed every day and set out in the sun.

U. S. Senator Gore on the Farmer.
 The farmer cannot continue to sell his produce for less than the cost of production any more than he could live in a vacuum. Out of the reduced proceeds of what he sells, the farmer is obliged to pay extraordinary prices for everything that he buys. I believe that our national progress and prosperity are bound up with the progress and prosperity of our farmers. Any policy which crucifies the farmer will bear evil fruit, and will dry up the fountains of national prosperity.

Utilizing Unmarketable Potatoes.
 Unmarketable potatoes add succulence to the dairy ration. Where corn silage is not available and there are plenty of small potatoes, a peck a day will give an increase in milk flow. They should be introduced into the ration gradually and be run through a root cutter to avoid the possibility of choking the animal.

A TRADE BOOMERANG.
 Canada Was Not Injured by U. S. Emergency Tariff.

A statement issued to the United States press by the Canadian Trade Commissioner in New York, indicates the marked reactive effect of the United States emergency tariff upon what the United States sells to Canada. The statement makes it clear to United States manufacturers and exporters that the measure, instead of increasing and protecting United States trade, is having the opposite effect.

According to the statement, while Canada's total exports to the United States in 1921 fell to \$227,600,000, as compared with \$560,000,000 in 1920, a decrease of well over \$300,000,000, United States exports to Canada fell from \$921,000,000 to \$555,000,000, a decrease of nearly \$400,000,000.

The 60 per cent. reduction in the value of both Canadian exports to the United States and United States exports to Canada during the calendar year 1921, was partly attributable to an average drop in prices of about 27 per cent. Taking this into account, it will be seen that Canada exports to the United States and United States exports to Canada were each reduced in volume by approximately 45 per cent., as compared with 1920.

The reactive effect of the exclusion of Canadian goods from the United States by the emergency tariff, upon what the United States sells to Canada is clearly indicated. This is brought about by the necessity for a greatly decreased purchase in Canada of United States goods, because of the coincident curtailment of Canada's ability to buy, and the greater surplus available for domestic consumption, the statement declares.

BELOVED BY ALL PARISIANS

Solemn and Sacred in Memory is the Square Known as the Place de la Concorde.

"The spot where France weeps," the Place de la Concorde, is one of Paris' greatest showplaces. Thousands died there in the blood of madness of the French Revolution; the allied enemies of Napoleon held a solemn Te Deum there in 1814; in 1871 the hated Prussian encamped in the beautiful square; later the same year it was the scene of fierce and bloody conflicts between the Versailles troops and the Communards, who had erected barricades at one of its entrances. Since 1871 until recently the statue dedicated to the city of Strassbourg had been continuously draped in mourning, and known as the "Lost Sister," keeping Alsace-Lorraine alive in the minds of Frenchmen.

It is a place of lovely fountains and statues. Originally it was intended as a center of commemoration, where statues and monuments might be erected to celebrate the memory of great Frenchmen and their deeds. There are in it now eight colossal statues, representing eight principal cities of France—Lille, Rouen, Nantes, Bordeaux, Brest, Marseilles, Lyons and Strassbourg. There is now talk of erecting in it some immortal conception of the present conflict and its victorious outcome.

Efficiency Complication.
 "You mustn't ask the telephone operator the time of day when your clock stops."
 "Why not?" inquired the new subscriber.
 "Because it takes up too much valuable time."
 "But it takes up more of everybody's time when you get the wrong number once or twice before you can call up a friend or a jewelry store to make the same inquiry."

BORN
 In Watford, Aug. 21st, 1922, to Mr. and Mrs. Roy Hollingsworth, a son—Robert Roy.
 In Watford, on Sunday, Sept. 10th, 1922, to Mr. and Mrs. Russell Harrower, a daughter—Olive Louise.
 In Alvinston, on Friday, Sept. 2nd, 1922, to Mr. and Mrs. Gordon Chambers, a daughter.
 In Brooke, Sept. 6th, to Mr. and Mrs. Charlie Swartz, a daughter.
 In Alvinston, on Friday, Sept. 1st, 1922, to Mr. and Mrs. Duncan Leitch, a son.
 In Brooke, on Sept. 4th, 1922, to

Mr. and Mrs. Neil McNeil, a daughter.
 In Enniskillen, on August 28th, to Mr. and Mrs. Joseph K. Stonehouse, a daughter—Leila Fern.

MARRIED
 In the Central Methodist church, Windsor, on Sept. 4th, by the Rev. Amos J. Thomas, Leila Bell, daughter of Mr. and Mrs. W. E. Morrison, Dougall Ave, Windsor, to Mr. Robert Bruce Lithgow, son of Mr. and Mrs. Thos. Lithgow of Bosanquet.
 At the home of the bride's parents, Cedar Crest Cottage, Plympton,

on Wednesday, Sept. 6th, by the Rev. W. Raithby, assisted by Rev. Stone, Flossie Irene second daughter of Mr. and Mrs. D. N. Anderson to Mr. Fred Acton of the town line.

At the Manse, Arkona, on Wednesday, Sept. 6th, by the Rev. Jas. A. Gale, Loftus W. Wilson, of Adelaide to Margaret M. Donaldson of Arkona.

At the Manse, Arkona, on Saturday, Sept. 9th, by the Rev. Jas. A. Gale, Peter Schrier of Dunnville to Freida Thoman, of Arkona.

At the Manse, Arkona, on Saturday, Sept. 9th, by the Rev. Jas. A. Gale, Lloyd C. Scafe of Grand Bend to Isabel V. Knisley of Arkona.

DIED
 In Warwick, on Sunday, Sept. 3rd, Thomas Venning, in his 86th year.
 In Warwick, on Wednesday, Aug. 30th, Jessie Fisher, beloved wife of Geo. Brodie, in her 48th year.
 In Warwick, on Wednesday, Sept. 6, 1922, Frances J. Brown, beloved wife of George Baird, in her 58th year.
 In Killarney, Manitoba, on Thursday Aug. 24th, 1922, Catherine M. Shaw, beloved wife of George Beacom, aged 67 years.

Children Cry FOR FLETCHER'S CASTORIA

KERWOOD
 Miss Roberta Richardson is visiting in Glencoe.
 Attend Theford Fair Sept. 28-29. It's always good. s7-3t
 Mrs. Chittick spent the weekend with friends in Burlington.
 Mr. H. Morgan and Mr. Ed. deGex attended the State Fair in Detroit.
 Mr. Wm. Leacock has rented his blacksmith shop to Mr. H. Lucas of Strathroy.

Miss Ethelwyn Rogers of Toronto is visiting her parents, Mr. and Mrs. A. Rogers.
 Mr. and Mrs. Jno. Johnson, Mr. and Mrs. Jno. Richardson spent Sunday in Mt. Brydges.

Mr. and Mrs. Frank Wright and daughter Irene have returned from visiting relatives in Detroit.

Services as usual in the Methodist church next Sunday, Rev. C. J. Moorhouse, the pastor will be in charge.

The W. A. of St. Paul's church met at Mrs. Geo. Mathews on Wednesday of this week with a good attendance.

Capt. Wigdahl while enroute from Montreal to South Africa called and spent several days with his sister Mrs. Bert Bourne.

Mr. and Mrs. Gillespie of Detroit and Mr. and Mrs. Robt. McPherson of Buffalo, visited their sister Mrs. R. Pollock last week.

The Women's Missionary Society of the Methodist church will meet on Thursday afternoon at 3 o'clock in the basement of the church. Interesting topics will be given by Mrs. Chas. Johnson and Mrs. Seymour Langford. There will be a short intermission and those wishing to pay their dues will kindly hand them to the secretary and names of new members will also be received.

The August meeting of the W. I. was held at the home of Mrs. Harry Eastabrook. At this meeting plans were made to assist the teachers in preparing for the coming School Fair. Two ladies were appointed in each section to do this. Miss Kathleen Foster and Miss Annie McLean, 8th line school; Mrs. Robt. Denning and Miss Nora Wilson, 6th line east; Mrs. John Johnson and Miss Irene Eastabrook, 6th line west; Mrs. F. Hull and Mrs. H. Kerr, 4th line west; Mrs. Lloyd Eastabrook and Mrs. Noxell, Warwick school. The ladies had the pleasure of listening to a talk on "Communicable Diseases" by Dr. N. F. McNally, Health Officer of Western Ontario. He dealt principally with such diseases as diphtheria, typhoid fever and tuberculosis and gave us much useful information upon the care of these diseases, and how to prevent their spread in a community. He also gave us practical hints on the proper care of milk and why it should be cared for, also on protection of drinking water, the advisability of the individual drinking cup, and the necessity of protecting the home against the common house fly, use screens everywhere, no one can estimate how much disease is spread by flies. We are sorry so many of our members missed this excellent talk. Members will please note that the September meeting will be held on Sept. 21st, Thursday, instead of date on programs, at the home of Mrs. Fred Cook. At this meeting Miss Nona Wilson will give a paper on "Accidents and First Aid". Mrs. Robt. Galbraith will give a talk on "A Canadian Writer." Lunch Committee—Mrs. Dymond, Mrs. Jno. Redmond, Mrs. Herb Morgan and Mrs. E. deGex.

Introducing Many Lines of New Fall Goods

With manufacturers producing Quality goods not even equalled in pre-war days, and this store carrying quantities of quality and up-to-the-minute merchandise never attempted before, there are indeed many pleasant surprises awaiting you when you visit this store.

 "THE QUALITY STORE"

Why the Fall is the Best Time to Paint

1st—Because your house will be much drier, after the summer heat, and a dry surface is essential to best results. The paint will take better hold of the wood and will dry harder.
 2nd—Because the flies, gnats, bugs and other insects which so often spoil the appearance of the newly-painted house, will not trouble you now, and the weather is ideal for painting.
 3rd—Because your house needs protection as well as beauty, and needs it more in the winter than any other time. The paint will keep out dampness and decay, which cause far more loss than fire.
 4th—Because LOWE BROS.' HIGH STANDARD PAINT is perfectly adapted to Fall work. It will save you money, time and trouble. Its quality is your best assurance of long wear, protection and economy. It goes farther than most paints and takes less to make it go.
