# SPUN ABOUT FOR 3 HOURS IN GRASP OF WHIRLPOOL

### Bobby Leach Was More Dead Than Alive When Rescued After Trip Thru Rapids in Barrel—Beachy Has Narrow Escape in Second Day's Flight—Wire Artist Stuck Midway Over Gorge.

### BLAZING SHIP SENT OVER THE HORSESHOE FALLS

NIAGARA FALLS, N.Y., June 28.—(Special.)—Lincoln Beachy, the fearless aviator, who yesterday afternoon performed a feat hitherto declared impossible, when he flew over the Horse Shoe Falls and under the upper steel arch bridge, narrowly escaped death in his second flight over the Niagara River, to-day.

Bobby Leach, who shot the whirlpool rapids in a barrel, was almost suffocated before he was taken from the whirlpool.

To-day, which marks the closing of Niagara's great international carnival, was a day of high excitement, whose exhibitions were witnessed by three hundred thousand people, the great Houdini being marooned for half an hour on the wire over the falls across the gorge. Leach is in a serious condition at his home here to-night, but Beachy and Houdini are none the worse for their experiences.

When Leach entered the whirlpool rapids in his steel barrel he was caught by a giant wave, and hurled twenty feet into the air. With a splash that could be heard above the angry roar of the rushing water, the staunch red-painted barrel re-entered the rapids and was carried on to the whirlpool, buffeted from wave to wave, and severely shaking up the man sitting on a canvas hammock within its dark interior.

The barrel was caught by the outer current when it entered the whirlpool, and carried around the mighty wheel-stone for over three hours before it was brought ashore.

Exhausted, Leach was dragged thru the small opening thru which he had emerged, apparently unharmed, and to the day. Those who took him from the barrel thought that Leach was dead, but he soon revived and was carried by the river to his home on the Canadian side.

Leach's barrel was tossed on end in several times in the very center of the whirlpool. Despairing of ever again seeing the man alive, hundreds of those watching the barrel bob about on its merry-go-round like course, left the scene.

After the barrel had been held in the middle of the whirlpool for more than two hours by the swirling water it suddenly shot out towards the outer edge of the pool. Several times it circled around within twenty or thirty feet of the shore, before the expert swimmers, everlastingly awaiting a chance to bring its human freight ashore, could grasp it.

"More than once during the half hour that I was in the barrel," Leach said, "I feared that I might possibly meet with mishap. The wind was strong, almost a gale. As I rose into the wind, I would have carried me with it had I not had perfect control of my machine," said Beachy. "My first attempt to cross the gorge would surely have brought me to grief had I not used every atom of power my six-horsepower motor possessed, and turned as quickly as possible.

"As I neared the gorge there was a strong suction pulling my machine down towards the river flowing in the chasm twenty-five hundred feet below. When I noticed this I turned my machine higher into the air and turned my machine directly around. The staunch little craft I have driven so long, in which I have carried so many, was rocked terribly, but I escaped being dragged into the gorge.

"When I saw that it would be impossible to fly across the river at such an altitude, I shot my machine higher into the air. I was almost five thousand feet above the ground as I soared over the gorge. Even at this height my machine rocked badly. It rolled and pitched; I had my hands full in managing it.

### Merchandise by Aeroplane

NEW YORK, June 28.—The first piece of merchandise ever delivered at sea by aeroplane fell on the upper deck of the giant White Star liner Olympic to-day, as she steamed thru the Narrows, outward bound, on her maiden eastward passage.

W. Ailee Burpee, of Philadelphia had contracted for delivery before sailing, with a New York and Philadelphia department store, which in turn engaged the services of Thomas Sopwith, the English aviator. With Richard R. Sinclair, secretary of the Aero Club, holding the package, Sopwith rose from the aviation grounds at Garden City, splashed out the Olympic as she bore down the Hudson, timed his flight to meet her in the Narrows, and set his course over land and sea.

Even from the pier end, passengers on the Olympic are no more than animated dots of white and black to those on shore. Presently there was to be seen among those dots a scurrying to and fro, as bits of paper blown by the wind. Sopwith had been sighted bearing down on them from aloft. Working nearer and nearer, he circled the ship as low as he dared, hovered overhead for an instant, and then made back for shore, landing safely on the grounds of the Crescent Athletic Club at Bay Ridge.

While Sopwith controlled the aeroplane, Sinclair dropped the package at the given signal. No word came from on board of whether it had landed or not, but to those in nearby craft, and to the aviators it seemed certain that it had fallen true.

"We descended to a height of about 250 feet, I should think, above the Olympic," said Sopwith after landing, "and I am positive the package reached its owner. We felt no disturbance worth speaking of from the ship's hot breath pouring from her great funnels—only a slight rarification of the air—what we call a 'wille-waw,' or pocket, that caused us to dip perhaps 20 feet."

### POLITICAL INTELLIGENCE

#### HARTLEY DEWART LIBERAL CANDIDATE IN C. YORK

Defends Reciprocity in an Appeal Directed Entirely to the Farmers.

THORNHILL, June 28.—(Special.)—Hartley H. Dewart, K.C., was to-day chosen as Liberal candidate for Centre York in the next Dominion elections. Mr. Dewart was not unopposed in the convention. Six other names were offered, but all subsequently withdrew except George W. Verrall of Weston. A ballot was taken and the count stood: Dewart 81, Verrall 25.

The convention was fairly representative of the Liberal party in the riding, and had it not been for counter attractions in the way of several barn raisings, the attendance would have been larger. The meeting was somewhat restive and for a time there was a strong feeling of feeling that a local man would prove stronger in the campaign than Mr. Dewart. In this respect it was made clear that the nomination if it was not to be the nomination, but the executive had taken his name under advisement in endeavoring to secure the strongest possible support.

There was plenty of filibustering, and when the demand for a local man seemed to be the strongest, Mr. Dewart, who is a farmer, was called upon to go before the meeting, only to allow it to be reinstated later. The names proposed were: W. D. Annis, W. D. Annis and H. H. Dewart, Toronto; George Verrall, Weston; N. W. Rowell, K.C., Toronto; Dr. McLean, Woodbridge; Scott McNair, Vaughan; and A. J. H. Eckardt, Toronto. This latter nomination was made in absentia, and will probably be treasured among the traditions of the family.

The elimination contest. Dr. McLean (a former candidate), N. W. Rowell, W. D. Annis and H. H. Dewart withdrew, the latter making it plain that he did not want to divide the convention, and would only accept the nomination if it was the wish of the delegates that he should run. Scott McNair then withdrew from the contest and Mr. Verrall urged Mr. Dewart to allow his name to stand, with the result noted above.

Robert Scott, Victoria Square, president of the Centre York Liberal Association, in opening the meeting, referred to the action of the executive in suggesting Mr. Dewart's name. They were anxious to secure a strong man, but had no desire to conceal the meeting. It was necessary, said Mr. Scott, that a decision should be arrived at, in view of a pending election. An election at the present time he declared unjustifiable in view of the position of the census and an inevitable redistribution.

During the melee confusion upon the nomination a voice taunted Mr. Dewart with the remark: "He's handicapped because he is not right on the trade question," which later brought a defence from Mr. Dewart, that a man had a right to enquire into all sides of a policy affecting the trade of the country, and if it had been necessary to grant a measure of protection to establish certain industries in the country, it would be well to pause before destroying that safeguard.

After the nomination had been made unanimous, Mr. Dewart on rising was greeted with cheers and applause. He accepted the nomination as from the Liberals of Centre York, and proceeded at once to discuss the trade question upon which the election would be fought.

All for the Farmers. Contrasting the trade arrangement of to-day with unrestricted reciprocity of twenty years ago, he pointed out that in seeking a larger market for Canadian natural products, it was absolutely in the interest of the farmers.

## BITTER ATTACKS ON THE TARIFF AGREEMENT

### Reciprocity Bill Comes in for Severe Arraignment in the United States Senate—Again Proposal is Made That Senate Take Several Months' Recess.

WASHINGTON, June 28.—This was a day of bitter arraignment of the Canadian reciprocity bill in the senate. Beginning with Senator Cummins' attack on the measure as legislation unjust to the agricultural interests of the country, and concluding with Senator Borah's denunciation of the bill as republican betrayal of the farming interests, the debate was all antagonistic to the agreement and critical of the president and his methods.

The senate gave but partial attention to the speeches, although they were among the most important that will be made against the bill. Several times a call of the senate was demanded. Senator Nelson of Minnesota finally proposed that as so little attention was given to the subject the senate take a recess until November or December.

Senator Cummins, who will continue his speech to-morrow, attacked not only the construction of the reciprocity agreement itself, which he said put the whole burden of free trade upon the farmer without giving him any benefit in the way of reduction of duty on manufactured products, but he criticized also the power exercised by the president to negotiate and to bring it to the point of a definite agreement between the two countries.

Excluding the Farmer. "I know that the day has come for the farmer," declared Senator Cummins, "the day in which he is to be excluded from the benefits of the protective tariff. The decree has been written; it needs only the official signature for the time to begin to exclude him from the company of the manufacturers of the United States."

Senator Borah's criticism was placed on the record of the Republican party for the farmer. He quoted at length from Republican platforms, campaign documents, campaign arguments and definitions of policy to show that the establishment of the protection on farm products was a reversal of all Republican policy.

Senator Borah said both political parties were now striving for the vote of the cities and the support of the press. "The administration now in control," said Senator Borah, "came into power on a pledge to protect the American market for the American farmer. The time was when the farmer was not disputed with in this chamber, that such legislation as this was destructive of his prosperity. Then every Republican in the senate was his attorney. Now, because he calls in a New York attorney to present his case before the finance committee, he is excluded from the friend and companion of the trusts and big interests."

### JUNE SNOWFALL

Reported by Steamers on Lake Superior.

DULUTH, Minn., June 28.—Steamers down the lake are sending in wireless messages stating that they are late because they have been held up by a snowstorm this side of the Canadian Soo. Snow fell in abundance, according to the reports, all last night. During the storm, most of the freighters anchored and rode safe until the snowfall ceased.

Forty-one degrees with a stiff east wind blowing thru the city streets brought out a heavy frost, Duluth to-day, despite a brilliant sun.

### PRISONER DID A SPRINT BUT LIBERTY WAS SHORT

Mother Encouraged Him in a High Shriill Voice—Will Deport Family.

CHATHAM, Ont., June 28.—(Special.)—Walter Taylor, an immigrant, appeared in the police court this morning before Magistrate Houston, charged with fighting on the street, but when the magistrate announced his fine Taylor refused to pay. He also refused to be locked up. Instead, he bolted from the prisoners' dock and started for the door.

Chief Holmes tried to intercept him, but Taylor broke away from him. Officer Dodson likewise grabbed him when he was near the door, but he eluded the policeman and gained the street. Later, Dodson found him at his home and arrested him once more. It was necessary for the officer to choke him before he could be managed. Taylor was placed in the cells.

It is likely the whole family will be deported. Taylor has served time in England, and was brought out here by an immigration agency. Walter Taylor was making his thrilling escape, his mother, who was in the court room, offered every encouragement in a high, shrill voice.

### NEW BANK

Makes its Deposit and Applies for a Charter.

OTTAWA, June 28.—The International Bank of Canada, the new bank in which much French capital is interested and which was promoted by Rodolphe Forget, M.P., has made application to the treasury board accompanied by a quarter of a million dollars deposit for a certificate to begin business. As the members of the cabinet are out of town, the matter has not been dealt with yet.

The vested rights of a rag-picker and old paper collector do not include the right to pick such glad rags as underwear priced to the public at \$2.50 per piece.

### "POET SABINE" PASSES

Was Found Dead in Bed

Francis John Sabine, better known to the public as "Poet Sabine," is dead.

The end came suddenly. Mr. Sabine, who was 65 years of age, appeared to be in his usual health on Tuesday evening, although during the afternoon he had spoken of a slight feeling of congestion in the chest. Yesterday morning he was found dead in bed at the home of his son, George Sabine, 591 Dufferin-street. Heart failure his claimed him.

Mr. Sabine was a familiar, if not a familiar figure at municipal and political meetings in general. His facility as an impromptu versifier was such that he could be depended upon to string a couplet or more pretentious verse. At a moment's notice, he would recite a couplet or more, and many of his sallies were charged with pungent wit, which irresistibly appealed to the auditors. He usually occupied a front row seat at public gatherings, and his witticisms lightened many an evening of dull oratory.

They even flummied the nominations at the city hall, which is saying much for his wit. Mr. Sabine was on several occasions a candidate for the board of education and the never elected. His presence in the field lent interest to his campaign literature was a feature always. Many will be sorry his light is finally dimmed.

Born in London, England, he learned the baking trade, and coming to Toronto about 23 years ago, he started in business. He was a Methodist, an Orangeman and an Independent Conservative. He is survived by a widow, three sons and three daughters. The sons are, William, 995 West Queen-street; Francis John, Jr., 62 Brockton-avenue; and George, 591 Dufferin-street, and the daughters, Mrs. James Sargent, 23 Sheridan-avenue; Mrs. C. O'Neil, and Miss Ellen, 995 West Queen-street.

### KIRVAN DROWNED IN BAY

Tragedy Peculiar One

Harvey Kirvan, a young electrician, boarding at 13 Isabella-street, lost his life in a peculiar manner on the bay yesterday noon, and the body has not yet been recovered.

Kirvan who was 29 years of age has not been employed for some time. He took out his motor-boat, according to the story told by Anna Swindlehorst, 22 years of age, who was with him at the time, from his boathouse at the foot of York-street at about 11:50 in the morning.

### COUNTERFEIT BILLS.

OTTAWA, June 28.—The Dominion police have been further investigating the circulation of counterfeit bills around Lindsay and Uxbridge, and it is intimated that more arrests may follow. David Watson was recently convicted at Orillia and sentenced to two years' imprisonment on the charge of passing the money at Buffalo and Toronto, but the spurious currency still looms up occasionally.

### THE NATIONAL HOLIDAY.

The 1st of July is to Canada all that the 4th of that month is to the republic to the south of us and something more besides. The day in Canada is to celebrate the "Confederation of the provinces in Canada in one dominion under the protection of the British flag."

It marks the day of our independence as a nation among the nations of the British Empire. The constitution of the United States offers a greater liberty than is contained in the statutes of the Dominion.

The day is generally celebrated by a rush countrywards to escape the mid-summer weather. You must go prepared as far as your hats are concerned, for there are high chances that the Company are showing some special lines. Call at the store before you go on your holidays.

NOT MURDERED. BIDDEFORD, Me., June 28.—After remaining in Maine a few hours, just long enough to prove to the satisfaction of the authorities his identity and thus securing the release from custody of two men and a woman charged with having been concerned in his supposed death, Charles I. Weymouth left for his home in Sherbrooke, Canada, to-night.

of the Dominion from ocean to ocean. (Applauds.) It was the best bargain the Canadian representatives had been able to obtain at Washington. It was securing a maximum advantage for the farming and agricultural industry with a minimum of disadvantage to the manufacturing interests.

Three Points of View. Reciprocity, he declared, had a local, national and imperial point of view. In almost every instance the local interest formed the basis of any argument and for that reason was there any farmer in the County of York who did not think it would interest him? He poured anation over the policy of the Liberal Government to secure larger markets for Canadian products without disturbing home conditions, in reduction of the duties and the introduction of the British preference.

From an imperial point of view, he thought reciprocity would act as an ameliorating influence between Great Britain and the United States, without which such proposals as peace arbitration would not be possible. It was rational that Canada should seek to enjoy the markets closest at hand.

NORTH ONTARIO CONS. A UNIT AGAINST PACT

Continued From Page 1.

Sledge-hammer sentences fell from the mouth of these men, words big with the meaning for the future of Canada's government. All seemed optimistic. Borden and his party will be returned to power at the next general election, he predicted to take place in the fall of this year.

At St. Catharines, a large number of the Conservative members of the Ontario Legislative Assembly were welcomed by a delegation of the North Ontario Conservative Association. The city set special electric cars at the disposal of the Conservative leader, and on his arrival here was tendered a civic welcome.

WEST VICTORIA LIBERALS.

LINDSAY, June 28.—(Special.)—At the Liberal convention here today, C. E. Weeks, barrister of Woodville, was elected to contest the West Victoria riding at the coming election. The vote was between Messrs. Weeks and J. B. Berg, ex-mayor of Lindsay.

EAST PETERBORO LIBERALS.

PETERBORO, June 28.—East Peterboro Liberals nominated F. D. Kerr for the commons, and Edward Hawthorn for the legislature.

Object to the Bridge.

The aquatic clubs on the island are objecting strongly to the recommendation of the island committee that a bridge with two 100-foot spans be built across the western lagoon. They want the southern end of the lagoon filled in and the waterway preserved as a rowing course, a project which they claim will be seriously interfered with if a bridge is built.

Annexation Matters.

Ald. May's motion regarding the annexation sections north of the present northerly city limits and east and west of North Toronto come up before the board of control yesterday. The matter was laid over for a few days, and meanwhile arrangements will be made for the controllers and aldermen to visit the sections in question.

From Dear Old Armagh.

From "the Retreat," the residence of A. Dawson Allen in Armagh, Ireland, Shoe brought his enquiry in a late mail: "I would be obliged if you would let me know what price, and if you could send me a pair of brown high boots, the same as supplied the Royal Northwest Mounted Police. A. Dawson Allen."

Increases Asked For.

The turnkeys and meter readers of the waterworks department are asking an increase in wages similar to that granted other employees. The sewermen ask that their wages be made 25 per cent, the working week to be fifty hours instead of fifty-four hours.

A Precarious Couch.

KINGSTON, June 28.—(Special.)—Because it was warm, William Troy, a yardman at the Queen's Hotel, took a nap in a window on the third story of the hotel. He fell asleep and rolled out to the ground. He escaped with a broken arm.

LIBERAL CONSTITUENCY CHEERS AGAINST PACT

Conservative Leader Given a Hearty Reception by Town of Wetaskawin.

EDMONTON, June 28.—(Special.)—"The empire first, last and all the time," read a banner stretched across the platform at the Conservative leader's meeting at Wetaskawin this afternoon. The demonstration had been arranged for in the open air, but the continued rain, which is bringing much joy to western farmers, made it necessary to hold it in the town theatre. The audience numbered about 400, and they gave the Conservative leader a hearty welcome. Wetaskawin is in the Liberal riding of Strathcona, but, nevertheless, there appeared to be nearly half of the audience who cheered against reciprocity.

After the presentation of a civic address of welcome, G. H. Manser read a memorial from the United Farmers of Alberta. This memorial argued against the view that reciprocity would lead to the loss of the Canadian character of Canadian wheat. It contended that it would not pay to mix, because that would lower the price, and it also cited the premier's argument that it would go by the Canadian route. The memorial also declared that Canada had trusts in spite of her American trusts came in, that even if she could control them. Finally it declared for an increase in the British preference to Great Britain or any part of the empire.

Condemned Separatist Policy. Orland Bush, former M.L.A. for Greenville, Ont., and now president of the Conservative association for the constituency of Strathcona, read two resolutions passed by a convention held in the morning. The first condemned the "separatist" policy of Sir Wilfrid Laurier, and advocated the admission of Canada to a voice in imperial affairs and a real and effective contribution to imperial defence. The second expressed confidence in Mr. Borden and "in the policy he has laid down."

Mr. Bush stated further his belief that great mass of the farmers of the riding were not in favor of reciprocity. He added that they approved Mr. Borden's policy on the Hudson Bay Railway and terminal elevators.

Mr. Borden, whose voice has almost recovered its former power, was again cheered when he declared that he would rather leave public life than support reciprocity. He answered the arguments in regard to the mixing of the grain by pointing out that in the theories of the advocates of reciprocity they would not get the higher price for grain if it did not go to the United States. He declared himself in favor of closer trade relations with Great Britain, but added that within the empire he was for Canada first. "An industry in Canada," he said, "is just as good for the empire as it Great Britain." (Cheers.)

At St. Catharines, a large number of the Conservative members of the Ontario Legislative Assembly were welcomed by a delegation of the North Ontario Conservative Association. The city set special electric cars at the disposal of the Conservative leader, and on his arrival here was tendered a civic welcome.

SWIMMING CHAMPIONSHIPS

Hundred Yards Race Dominion Day in Connection With the Regatta.

The 100 yards swimming championship of Canada, takes place on Dominion Day in connection with the Dominion Day regatta on Ashbridge's Bay.

The winner will have to cover the distance under 65 seconds, and that will be very good time, considering that the season is hardly opened.

Joe Wilson has entered for the race, together with about 10 other contestants.

Last year Wilson captured the 100 yards distance around 69 and 69 seconds. Although he is hardly in form, it will take a 60-second man to reach the finishing line ahead of him.

Bath, the youngest contestant, and also a member of the Toronto Swimming Club, has been getting into form rapidly, and together with Leckhart, they should manage to give Wilson the race of his life.

Wilson, having only been beaten once in Toronto, feels that his chances are bright, while the others are just as confident.

R. C. Y. C. PROGRAM FOR DOMINION DAY.

The program at the Royal Canadian Yacht Club for Dominion Day is as follows:

The first division, including schooners, race from Toronto to Port Dalhousie, around the bell buoy at Niagara on their way.

The Nicholas gold cup goes to the winner among the schooners, while the cutters Merrythought, Argyle, Stimacoon, Zebra, Chinook, Yuma have made the race a sweepstakes, which the schooners will contest in if they care to.

Queen's Cup races in the lake, 25 miles. Queen's Cup races to the winner. Both races start in the lake off the eastern channel, the cruising race at 10:30 a.m. and the course race at 11 a.m.

ALCYDE AND BILLY SIMS WINNERS AT AYLMER

Low Jean, Favorite in Stake, is Second, and Billy Sims, First Choice in Purse, is Fourth.

AYLMER, June 28.—The second day's racing of the Canadian Circuit at Aylmer was made up of surprises in the two events carded for the day.

The first race was a 215 pace, stake of \$1000, with six entries and five starters.

Low Jean, owned by Thos. Hodgins of Orillia, was made a prohibitive favorite, selling in the pools for \$3 and field \$10.

She drew the pole and looked all over the winner, but there are many good things that go wrong and this was one of them.

Alcyde, owned by the same party, was a very fast miler, being stepped in 2:24, and Low Jean was just beaten out in the stretch.

The second heat was easy for Alcyde, as Low Jean went to a bad break just after getting the word and could not recover.

Alcyde, who had finished second in this heat, 2:18 1/2.

In the 225 pace, there were nine entries and eight starters.

Robert Simpson of Kenosha, Wis., will be pitted against Jack Cooke of Westfield, N.Y., Chicago, while Tom McNamara of Boston and Wilbur Oakes of Detroit will be off together.

The match between Robert and James Simpson proved the stellar feature of the afternoon play, altho interest was intense at the end of the Kenosha-Sperwood battle.

The Kenosha golfer was one down on the eleventh hole, but he negotiated the twelfth in three and, continuing his splendid play, clinched the match, three up and two to play.

The winner made the eighteen-hole course in 72, while his Milwaukee brother took 74, the two best scores of the afternoon.

DEPRIVED THE CADET OF HIS COMMISSION

Kingston Standard Protests Against What It Considers Unduly Harsh Treatment.

KINGSTON, June 28.—(Special).—An interesting fact is disclosed to-day thru an editorial in The Daily Standard of this city.

A graduate of the Royal Military College was deprived of his diploma and commission on the very last day of his college term.

The Standard takes the occasion without mentioning the cadet's name, to make a plea on his behalf, claiming that the punishment does not fit the crime.

The graduate in question comes of a good family, has been a good student, and popular with the professors.

SOCIALISM CONDEMNED

As Heresy and Evil by Archbishop of Milwaukee.

CHICAGO, June 28.—Socialism was condemned as a heresy and an evil, and all Catholics were warned against it by Archbishop S. G. Messmer of Milwaukee in today's proceedings of the Catholic Educational Congress in session here.

"Socialism is a heresy and an evil, the viciousness of which is apparent to every thinking man," said the archbishop. "The immorality which Socialism breeds and the dangers which it leads to are so obvious that they are almost beyond refutation."

HIS LIFE IS HARD

The Red-Headed Co. Boy Saddy Bemmons His Lot.

"That job of mine is awful tough," said the red-headed office boy, slumping down dejectedly. He reached for a piece of pie on the quick lunch counter, while his friend of an adjoining office peered over his shoulder.

"All jobs is tough," commented the other boy. "You bet," agreed the injured one. "I ain't done a thing this mornin' but I'm hollerin' at somethin' here."

"What's he jumpin' on you now fer?" enquired the other boy, with growing interest. "Some extra kick or just the regular grouch like all bosses has?"

"Sarge," said the other boy. "I want you on the aggravated one, 'at a quarter 'o seven this mornin' 'at a dinks into an office an' asks for 'th' boss. He's a long guy with a sort 'o grin in his eye, an' before I knowed what I was doin' I'd showed him into the boss' private office, an' tells him I want you on the aggravated one, 'at a quarter 'o seven this mornin' 'at a dinks into an office an' asks for 'th' boss. ### Real Estate News

"If it wasn't for the billboards many a man who holds a vacant lot on a main street would quickly sell." So said a real estate operator the other day in pointing out that the revenue produced from billboard rental goes a long way toward paying taxes on a piece of otherwise unused property that would be much better built upon.

During all the discussion about downtown street widening proposals, one small phase of the subject seems to have received very little consideration and it is that placing new buildings five or ten feet back of the present street line would mean that for a few years at least the sidewalk obstructing boardings would be set back out of the way. The usual fence and covered way that contractors place in front of a building under construction projects five feet on to the sidewalk. Consequently we have the familiar sight of pedestrians jostling and crowding thru a narrow space and occasionally they are crowded out on the roadway among autos, rigs, motorbikes and street cars. While serious accidents from such collisions are not many are narrowly averted. Merchants and others with places next door to new buildings do not find boardings a help to their business, as they tend to divert traffic diagonally away from their store fronts. While this is but a small matter compared with the great general civic improvement that would accrue from the putting into effect of a street widening law, the ordinary passer by would greatly welcome the removal of boardings from the sidewalk. Then there is the aesthetic side to consider. These unsightly signs of progress, while inspiring to the real estate man, are not an adornment to any thoroughfare. They give an appearance of incompleteness, as well as hide from the visitor looking up or down the street the view of many beautiful buildings that grace our downtown district. While the boardings would only disappear from the street line until all the buildings were set back, a matter of but a few years in fast-growing Toronto, a short benefit at least would be conferred upon the citizens along with the greater, lasting one of wider streets.

The Toronto Stock Exchange has no particular site under consideration, holds no option on any piece of property and has not bought, according to the secretary, Lyndhurst Ogden, who last night set at rest a report that the exchange intended to rent just above King-street. And as far as can be learned, the Standard Stock Exchange are also "still looking."

The Gillette Company, after careful and prolonged consideration, has decided to stay right here and manufacture their various lines of household necessities, and they will build a new factory on Fraser, George and Liberty streets. This decision of course was not reached until the building bylaw which puts the erection of a reinforced concrete structure out of the question had been deeply deluged, and moreover, the decision was made in the face of many tempting offers in the line of free sites, etc., made by other cities. Toronto's taxes are not a serious objection to the company's remaining here, but in the end the board of directors gave a full appreciation of this city's many advantages, with the above happy result.

ARRANGEMENTS NOT COMPLETE  
But Flour Merger Will Be Put Thru in Week or Ten Days.

CHATHAM, June 28.—(Special)—In reference to the proposed flour mill merger reported from Chatham, in which the Canada Flour Mills and the H. H. Taylor Mills of this city were mentioned, Mr. H. H. Taylor, the former company has issued the statement that while negotiations are under way to form the amalgamation, nothing definite has been decided as yet. It is expected that the deal will be finally put thru in a week or ten days. W. H. Taylor, of the Taylor Flour Mills Co., states that his firm are in no way connected with the merger, and will continue on as an independent milling company.

NEW FRENCH CABINET.  
PARIS, June 28.—The new French cabinet is definitely constituted, and Joseph Caillaux, the premier, who succeeds M. Monis, presented his colleagues to President Fallieres, who signed the nomination decrees. The cabinet is composed as follows: M. Caillaux, premier; minister of the interior, Jean Cruppi; justice, Justin G. Deslèves; foreign affairs, L. L. Klotz; finance, Joseph Messimy; war, Theophile Delcasse; marine, Jules Steeg; public instruction, M. Auguste Doumer; agriculture, M. Couba; commerce, Jules Poincaré; labor, Under-secretaries: Interior, M. Tardieu; finance, M. Renaud; arts, M. Dujardin-Beaumetz; posts, M. Chautaud.

Death Rate Among Children.  
Of the 134 deaths registered at the city clerk's office last week, 61 were under five years of age and 45 under two years of age.

Montreal's record for the same period was 147 deaths, 118 being children under five years of age.

Toronto's death rate, therefore, compares very favorably with that of Montreal, the percentage of deaths among children in Montreal being about 69 as compared with 45 per cent. here.

Gillett Company to Build Here.  
The E. W. Gillett Company have finally decided to erect their new building in Toronto, although they will not fashion reinforced concrete construction.

The site is located on Fraser and the Beave-avenues and Liberty-street. The company's building will take up the site to meet the plan in running order.

Sued for Twelve Hundred Dollars.  
Frederick Hill sued John M. Dods, proprietor of the Alton Knitting Mills, for \$1200, alleged to be due him as commissions, over and above his salary as superintendent and manager of the mills.

The case was heard before Justice Sutcliffe in the non-jury session, William Laidlaw appearing for Hill, and Gibson Grant for Dods.

The case was dismissed.

Civic Lobby Ready This Fall.  
Assistant City Engineer Powell thinks that the St. Clair-avenue car lines can be made ready for operation this fall if an immediate start is made on the construction work.

### HURT IN RUNAWAY

Victims of Accident at Whitby Recovering from Injuries.

Mrs. Slight of 54 Bathurst-street, Miss Ody of Methodist Deaconess and Training Home, 257 Jarvis-street, and William Heard of Whitby, who were most seriously injured by the party in the runaway accident near the railway bridge on Brock-street, Whitby, on Tuesday evening, are progressing favorably and will soon be out of the doctor's hands.

The injured were among a party of 55 girls and four deaconesses who left the Fresh Air Home, maintained at Whitby by the Deaconesses' and Training Home, on Tuesday afternoon.

Mr. Heard won the praises of all by his prompt conduct. The suffering from a broken arm, he rendered all the assistance he could, and it was not until some time afterward that it was discovered that he was injured.

Miss Ody, who is recovering at her home, said yesterday, on her return to the city, that it was the first accident for years and it was especially regrettable because it was the unpleasant end of a very pleasant holiday.

Exactly how many were hurt and their names cannot be ascertained, as the Fresh Air Home, maintained at Whitby by the Deaconesses' and Training Home, on Tuesday afternoon.

Examination at the hospital showed bad cuts about the head. There was, however, no other injury, and he is reported as doing nicely.

Membership Already Doubled.  
The membership campaign of the High Park District Ratepayers' Association is going ahead with a rush. Already the number of members has more than doubled, and by the time the work ends to-morrow, slowing reports are expected.

One candidate for having been mistaken for a belated census man, while another was asked what church he was working for.

Noran Gets Three Years.  
James Noran, who came hither from Montreal and at once began a systematic campaign of rousing boozers by a sale of clever snuff boxes, was sent to the penitentiary for three years from police court yesterday morning. He was a steward on an Atlantic liner and missed his boat. It was then that he came to Toronto and embarked upon a record run in crime.

### ALDERMEN SUSTAINED

Were Members of a Committee Who Paid for Mayor's Trip to Paris.

MONTREAL, June 28.—The case instituted by Henri Larin against the Aldermen members of the civic finance committee, who paid for Mayor Payette's trip to Paris in what was alleged to be an illegal manner, was decided to-day by the judicial committee of the city council, judgment being given in favor of the aldermen, with costs to the plaintiff.

Ald. Lapierre, Ald. Lavallée and Ald. Robinson are the three in the council who had taken action against them. The case was heard by the Canadian courts, the superior court, the court of appeal, the court of review, and finally the aldermen were condemned. Now the aldermen were condemned. Now the aldermen have reversed the decision of the highest Canadian tribunal.

# Wall Street Fears Resumption of Trust-Bursting Campaign

## Market Fears Policy of Gov't Prices Are Let Down a Little

### Wall Street Attributes Decline in Values to Possibility of "Big Stick" Methods—Toronto Market in Lull-less Condition.

World Office, Wednesday Evening, June 28.—The Toronto stock market made no definite change in to-day's business. Operations were of the most listless character, and price changes were unimpressive.

In some of the speculative stocks the undertone was uncertain, and gave the impression that these issues had a weak market.

Closing bids would indicate that the first impression was not well founded, but at the same time left the certainty that manipulation was not altogether an absent factor in the market.

Montreal is still supplying all the energy for advancing Canadian listed issues outside of London. Toronto Ralls were put up to 141 1/2 to-day, but the rise engendered realising, and the price eased in the presentation of real stock.

The London buying of the Southern

Trans. has speeded, but holders of the shares display no nervousness and the price is therefore held intact without much difficulty.

Black Lake bonds, with the other issues of this concern, have come under the ban of displeasure of traders and investors, and the supporting interests have to absorb any of these offerings at a time being.

In the selling of Dominion Bank is a criterion of outside opinion of the proposed capital increase of this institution. The proposal is not liked.

Those who look beyond the immediate action of the market, however, are buying the shares, and regard the new issue, a solid investment six per cent security, as a fine bonus to shareholders.

In general the market is in a holiday frame of mind, and nothing is expected in the way of new business for some time.

### THE DOMINION BANK

Notice is hereby given that a dividend of three per cent. has been declared upon the Capital Stock of this institution for the quarter ending 30th June, 1911, being at the rate of twelve per cent. per annum, and that the same will be payable at the Head Office of the Bank and its Branches on and after Monday, the 3rd day of July, 1911, to shareholders of record of 20th June, 1911.

By Order of the Board.

Toronto, 19th May, 1911.

C. A. BOGERT,  
General Manager.

#### WALL-STREET POINTERS.

Railroad orders equipment improve within past week.

American stocks in London steady, with small changes.

United States Treasury will show surplus of \$25,000,000, best year since 1907.

Crop reports continue fair, excepting South Dakota wheat, which needs more rain.

Steel companies show gain of 25 per cent. in mill operations during past six months.

Pittsburg reports indicate that manufacturers are confident of further improvement in the iron and steel trade.

CHICAGO: Western representatives of several independent steel companies' orders have been coming in at rapid rate in the last few days, with prospect of being in the best demand.

Inter-urban Rapid Transit Company has its co-ordinating plans while the B.R.T. has announced its willingness to meet them with certain modifications concerning the length of the line and method of determining the division of earnings.

## Steel Corp. Leads In Montreal Market

### Specialties Run Up in Eastern Exchange, But Reaction Comes Late in Day.

MONTREAL, June 28.—Trading on the Montreal stock market to-day was fairly active and other issues, which have not been lately prominent in the upward movement were taken hold of, such as Steel Corporation and Detroit United, while Richelleu, Soo and Toronto Ralls were also active in the trading.

Steel was the most active issue with transactions of 1800 shares and advanced to 38 3/4, as compared with 37 1/4 at the close yesterday. In the late trading it reacted to 37 7/8, but advanced to 38 1/2 at the close. Detroit United under good buying sold up to 73 3/4, compared with 72 7/8 at the close yesterday, the last sale being 73 1/2. Richelleu displayed a vicarious advance, the last sale at 118 7/8, that figure being bid and 119 asked at the close. Soo in the early trading advanced to 143 3/4, but sold off in the late market to 141 3/4.

## Steel Trade Keeps On Improving

### No General Buying Movement Noted, But All Branches of Industry Pick Up a Little.

NEW YORK, June 28.—The Iron Age to-morrow will say: "The iron trade in the steel trade continues, the volume of business showing a steady gain. The United States Steel Corporation is enlarging the scope of its operations, the active steel output of this week being over 68 per cent. as against 66 per cent. in the same time last week. In the structural trade in general, railroad bridge work forms a substantial proportion of the new business coming into the market, but some excellent orders have also been booked for other purposes. Reports from the various pig iron markets are also better, as orders are more numerous and inquiries are more plentiful. No general buying movement has yet set in. Prices are no firmer, the export trade is fairly active with moderate orders being received for rails, track supplies, locomotives and other railroad material from South and Central America."

## ON WALL STREET.

Erickson Perkins & Co. had the following: Stocks showed a sagging tendency during most of the day, with under most pressure. This was due to an impression that something unfavorable is coming out about the Steel corporation and something may come out of the investigation of the Smelting Company. The decline in these two stocks unquestionably affected sentiment. The source of the trouble in the steel shares was not clear, but some very large blocks came out on a scale down, as if in confirmation of some unfavorable news to occur soon. It is quite possible that some of the selling of stocks to-day is due to the coming Independence Day recess, and disposition to lighten commitments before a holiday. Railroad stocks, however, held fairly well.

## 40 Per Cent. Dividend

NEW YORK, June 28.—The National City Bank which is organizing security company with \$10,000,000 capital has declared a special cash dividend of 40 per cent. to facilitate shareholders' subscriptions.

## Erie Financing

It is learned that the Erie Railroad Co. has disposed of \$6,000,000 equipment trust certificates, the proceeds of which will be utilized in payment for sixty locomotives and about 2000 passenger cars and a number of passenger cars.

## Gov't Will Go After American Smelters

WASHINGTON, June 28.—An investigation of the American Smelters Co. is being conducted by the Bureau of Corporations. This is admitted in official quarters where it is said that material concerning the company was being collected. No report, however, is expected right away.

## Dividends Declared

The Quebec Railway has declared another dividend of one per cent., payable July 15, to holders of June 30. With this declaration the company presumes that the dividend is quarterly. The year ends on June 30.

The London Street Railway Co. has declared an interim dividend of 2 per cent. on its B debentures, this being a reduction of one per cent. from the previous payment. The usual interest rate of 3 per cent. was declared on A debentures.

## Cotton Markets

Erickson Perkins & Co. (J. G. Beatty), 11 West King-street, report the following prices on the New York cotton market:

Month	Open	High	Low	Close
July	14.60	14.80	14.40	14.50
Aug.	14.50	14.70	14.30	14.40
Sept.	14.40	14.60	14.20	14.30
Oct.	14.30	14.50	14.10	14.20
Nov.	14.20	14.40	14.00	14.10
Dec.	14.10	14.30	13.90	14.00
Jan.	14.00	14.20	13.80	13.90

## Cotton Gossip.

Erickson Perkins & Co. had the following at the close: The local market rallied during the opening session, influenced by aggressive buying by local bulls, which encouraged short covering, but offerings increased, and the demand soon subsided, with the market lapsing into dullness, with the tone easier. Cloudy conditions were reported over southwest. A little rain was reported from the Memphis Exchange members made the condition 8 1/2 per cent. As a market feature it attracted little attention. The market is looked for up to July 3, the day of the government condition. Trading conditions will continue under the influence of Texas weather.

## Liverpool Cotton Exchanges.

Cotton—Spot, moderate business; prices eleven points higher. American middling, fair, 8 1/2; good middling, 8 3/4; middling, 8 1/4; low middling, 7 3/4; good ordinary, 7 1/2. The sales of the day were good, of which 2500 were for speculation and export, and included American. Receipts were 106 bales, including 500 American. Futures opened firm and closed quiet.

## Inspected Civic Plant.

Mayor Beattie, Ald. Cooper, Ald. Sanderson and City Engineer Wright, of London, visited the city yesterday, to inspect the civic asphalt plant.

### WALL STREET TRADING

NEW YORK, June 28.—Transactions in stocks were marked to-day with the same degree of irregularity which has prevailed most of the time for the last fortnight. Public participation in the market has fallen to a low point, leaving the bulk of trading to the professional operators. Large speculators are not disposed to engage in enterprises of magnitude, pending the receipt of definite information as to the crops, and confine themselves to day-to-day operations, the varying character of which have given the market its irregular appearance. Through alternate periods of depression and recovery to-day there was noticeable a continued effort to depress prices, particularly in Steel, which has been a feature of the market recently. London prices for Americans were for the most part higher before the opening here, but the gains were not transferred to the market where a vigorous selling movement was instituted at the opening. After a series of fluctuations the market became decidedly weaker late in the day and closed with losses of a point or more for many of the active stocks.

MARKET A COMMONPLACE ONE.

World Office Wednesday Evening, June 28. With an almost entire absence of inside manipulation, the Toronto stock market is drifting, entirely subservient to the whims of traders. Toronto Rails is still in the throes of a campaign engineered to discount a later announcement, but this was the only issue of an exciting nature to-day. In instances it appeared as though the pressure was being exerted for effect, and this gave some stocks the appearance of weakness. Between this and the end of the week the market promises to be a most commonplace affair.

Commercial Reports Conditions Not So Bad After All So Market Gets Another Bump

Weather in Wheat States More Favorable, and Prices Get on Down Grade Again—Corn and Oats Reactionary. CHICAGO, June 28.—The beginning of the movement of new wheat to this market undermined the confidence of buyers to-day. Largely as a result, closing prices showed a net decline of 1-2 to 1-1/2. The end of the session left corn 5-8 to 1/4 down, oats off 1-2 to 7-8 and hog products the same as last night to 7-12 to 10c. below.

Each downward swing was lower than the one before in wheat. For a while there was a stiff market, the price going to 1-1/8 premium over September, but the merely like all others of the day proved unprofitable. With more rain and a predicted northwestern states the final tone was weak. Between the opening and the close, September ranged from 88 to 90 3-8, with latest trading 88 1-2 to 89 1-2, 2-8 to 2-10, compared with last night. Belief that recent buying had been overdone made the corn market depressed. Prices and cooler weather, as the crop reports seemed to show that the damage southwest had done exaggerated. September ranged between 58 3-8 to 59 1-2, closing 58 1-2 net lower at 59. Cash grades were easy.

Oats suffered less than other grain. Every decline making plain that the market was full of resting orders to buy during breaks. Nevertheless, the moisture and cooling coming from the west induced a reaction. High and low points touched by the September delivery were 44 3-4 and 43 3-4, with the close 44 1-4 to 44 1-2. Because of a liberal run of hogs and the weakness of grain, the provision market dropped. Ultimately, pork was 5 to 7-1/2 points less expensive, and lard unchanged to 10 off and 7-8 easier by a shade to 5 to 7-1/2.

Receipts at Primary Centers. Receipts of wheat in car lots at primary points, with comparisons, were as follows: To-day, ag. ago. Chicago 1,234,124 1,234,124 1,234,124. Minneapolis 123,123 123,123 123,123. Winnipeg 151,151 151,151 151,151.

European Grain Exchange. The Liverpool market closed today 1/4 higher on wheat, compared with yesterday, and 1/4 higher on corn. At Buda Pest wheat closed 2 1/2 lower than yesterday, and 1/2 lower on corn and 1/4 higher on barley.

Winnipeg Inspection. Receipts of wheat to-day graded as follows: No. 1 northern, 200; No. 2 northern, 60; No. 3 northern, 20; No. 4 northern, 10; No. 6 northern, 2; winter wheat, 12; rejected, 6; oats, receipts to-day were 60 cars; fax, 2; barley, none.

Chicago Holidays. There will be no session of the Chicago Board of Trade on Monday and Tuesday, July 4. It is expected that all other grain exchanges in the United States will follow the lead of Chicago and close for two days.

Crop Conditions Improve. CHICAGO, June 28.—The immediate opening market values were 1/4 to 1/2 higher on firmness in America and unfavorable crop reports. Following this market declined 1/4. At 1:30 the market was easy for the remainder of the day. Opened 1/4 higher on strength in America, firmness in Buenos Ayres, and a good demand for nearby months. The firmness in coarse grain.

All offerings were readily taken at these advanced prices. Prices for milkers and springers were steady at \$4 to \$6 each. Veal calves sold at \$7 per cwt., or about 50c per cwt. lower quotations.

Sheep and Lambs. Prices for sheep and lambs were easier. Sheep, ewes, heavy, at \$3 to \$3.50; light ewes, \$4 to \$5 per cwt.; rams, \$3 to \$3.50; spring lambs, \$7.50 to \$8.50 per cwt., or 75c to \$1 per lb.

Liverpool Grain and Produce. LIVERPOOL, June 28.—Wheat—Spot, steady; No. 1 Manitoba, 5 1/2; No. 2 Manitoba, 5 1/4; No. 3 Manitoba, 5 1/4; No. 4 Manitoba, 5 1/4; No. 5 Manitoba, 5 1/4; No. 6 Manitoba, 5 1/4.

Local grain dealers' quotations are as follows: Oats—Canadian western oats, No. 2, 60c; No. 3, 59c; No. 4, 58c; No. 5, 57c; No. 6, 56c; No. 7, 55c; No. 8, 54c; No. 9, 53c; No. 10, 52c.

Toronto Sugar Market. Sugar are quoted in Toronto, in bags per cwt., as follows: Imperial, 100; No. 1, 98; No. 2, 96; No. 3, 94; No. 4, 92; No. 5, 90; No. 6, 88; No. 7, 86; No. 8, 84; No. 9, 82; No. 10, 80.

Chicago Live Stock. CHICAGO, June 28.—Receipts 28,000; market, dull, lower; mixed and butchers, \$8 to \$8.25; good heavy, \$6.75 to \$7.25; heavy, \$6.50 to \$7.00; yearlings, \$6.50 to \$7.00; sheep, \$3.75 to \$4.00.

Winnipeg Wheat Market. Wheat—Close, Open, High, Low, Close. July 97 1/2 97 1/2 97 1/2 97 1/2 97 1/2. Oct 91 1/2 91 1/2 91 1/2 91 1/2 91 1/2.

St. Lawrence Market. Receipts of farm produce were 100 bushels of grain and 8 loads of hay. Oats—One hundred bushels sold at 42c per bushel. Hay—Eight loads sold at \$17 to \$18 per ton.

Chicago Cossip. J. P. Bickell & Co. from Logan & Bryan at the close: Wheat—The market opened easier, but turned strong shortly after the opening, with the July delivery leading the advance and selling at about one cent over September, strictly on the northwest, because heavy and prices broke sharply. Weather conditions were considered more favorable, particularly in the northwest, where further good rains were reported.

Bell Piano Competition

First prize in the Bell Piano Company's competition was won at Association Hall Tuesday night by Eva E. Galloway, 642 Bathurst-street, a pupil of Mrs. J. H. Farmer. Second prize went to Master Harold Spencer, 320 Canton-street, a pupil of W. E. Fairclough. The other contestants were: Simeon Joyce, Gladys McMaster, Kathleen Davis, L. C. Stewart, Isabel Kue and Helen Skoy. They had been selected from several hundreds of competitors for the final trial. Optional numbers were given from Bach, Schumann, Chopin and Hofmann. The judges were Messrs. Hamberg, Alcock and Fuddcombe, the latter from Hamilton and Ottawa respectively. The two prize winners were called for a second trial along with a lad who played with delicacy and taste, while not lacking in virility. He displayed subtlety in his sostenuto and had many supporters for his fine, strong touch. A little pink witch with a professional manner and much character in her playing was also regarded by many as deserving to win. She displayed more individuality than any of the other performers, and the piano under her touch, as she seemed to put her soul into the melody. The judges, however, preferred Miss Galloway, who if not so distinguished in tone was thoroughly correct and accurate in execution. She played with more confidence the second time. Master Spencer, with his curly head and Elbert Hubbard like was a picturesque figure. He was graceful and poetic in his interpretation, and excellent in manner and feeling. All the candidates were under sixteen. The first prize winner is but fourteen. She is the daughter of W. O. Galloway, a statistician in the provincial department of agriculture. The first prize was \$100 in gold, and Miss Galloway accepted a choice bouquet. The second prize was a silver medal. There was a large audience in attendance, and the performers were loudly applauded. The Bell Piano Company is to be congratulated on the marked success of their competition.

Dividend Notices

Notice is hereby given that the above named insolvent has made an assignment of his estate to the undersigned Administrators, with the will annexed, of the City of Toronto (115 Roswell-avenue), Grocer, insolvent.

The Dominion Permanent Loan Company

Notice is HEREBY GIVEN that a dividend of three per cent on the shares of the Dominion Permanent Loan Company, for the month ending June 30th, 1911, being at the rate of six per cent per annum, has been declared on the Permanent Stock of the Company, and is due and payable at the office of the Company, 12 King Street West, Toronto, on and after the 3rd day of July, 1911. Notice is further given that the Transfer Books of the Company are to be closed on the 19th to the 30th inst., both dates inclusive.

BISHOP CAUSED SENSATION

MADRID, June 27.—The second general assembly of the Eucharistic Congress was held to-day in the Church of San Francisco. The Bishop of Belja caused a sensation in a speech attacking the Masonic Government of Portugal. A telegram was read from Cardinal Merry del Val, the papal secretary, expressing the satisfaction of the Pope at the splendid inauguration of the congress. A French delegate, M. Toussaint, spoke on social questions, demonstrating the effectual manner of assisting in solving the problem of capital and labor.

BRUCE OLD BOYS AND GIRLS

The twelfth anniversary of Toronto Association to be celebrated next week. The celebration of the twelfth anniversary of the Bruce Old Boys and Girls' Association of Toronto, will be marked next week by a great outpouring of former Bruce people to their native haire. Two special trains will leave on Friday morning, July 7, at seven o'clock, making a thru run to Bruce and stopping at all stations on the old county. The excursionists have almost four full days to enjoy the delightful breezes of Lake Huron or the Georgian Bay. The excursion is by the regular Grand Trunk trains. The outlook is that fully fifteen hundred people will take the trip.

Believed to Be Kidnapped

KINGSTON, June 28.—(Special.)—It is now believed that the five-year-old son of John Lalley, who has been missing since Thursday last, and who, it was believed, had been drowned, has been kidnapped. The boy has been dragged with no success. One lad swears he saw the missing boy walk off the wharf and return home.

More Succession Success

A cheque for \$11,294 as succession duty upon the estate of the late Mr. Wallace of Wood, Wallace & Co., Hamilton, has been received by Hon. A. J. Matheson, provincial treasurer. This makes \$636,000 up to date for the present year, as against \$768,000 for the whole of last year.
