FEDERAL LAW MUST CONTROL COMBINES

Hon. Frank Oliver Supports
Contention of W. F. Maclean,
M.P., That Parliament
Must Take Cognizance of
Over-Capitalization Evil
— Methods Effective in
United States.

PEOPLE SHOULD HAVE COUNSEL

OTTAWA, Jan. 19.—(Special).—Hon. Frank Oliver declared in the house of commons this afternoon that the main question in regard to combines was overcapitalization, which took a double toll of both producer and consumer. He was welcomed by W. F. Maclean (E. York) as a recruit to the number of those who were making an effort to get this abuse dealt with.

"We have combines in this country," said Mr. Maclean, "and I assert boldly here that these combines must be regulated by the law of this parliament, and that law must be put in operation by the federal authority." In the United States, he said, there was an effective law against combines, and the attorney-general of the U. S. was empowered to enforce the law. He desired to see in Canada an extension of the principle exemplified in the telegraph and express rates cases in which special counsel were retained to represent the people. The railway commission was not given the power it should have.

J. H. Burnham also spoke in denunciation of overcapitalization, and Hon. Robert Rogers declared that the government had been seriously considering the question. Combines Investigation. When the house went into supply on the estimates of the department of labor, E. M. Macdonald (Plouffe) proceeded to throw a few bouquets to Hon. T. W. Cretchers for his announcement that the Combines Investigation Act would not be amended at the present session. The minister now sat with hands folded, unable to act, the patient by action.

Hon. Frank Oliver asked if in the settlement of the Alberta coal strike there

Central Railroad Soon to Be Built

Section From Montreal to Ottawa to Be Finished This Year—Georgian Bay Portion Later.

MONTREAL, Jan. 19.—(Can. Press).—It was announced to-day that preparations were complete for the building of the Central Railroad of Canada that the first section, from Montreal to Ottawa, would be completed by the end of the present year, while the further portion, from Ottawa to the Georgian Bay, will be built shortly after.

The company has changed its original plan and the route, instead of passing thru St. Benoit, will follow along the shore of the Lake of Two Mountains, passing thru St. Placid and Okla, crossing from the mainland to the Ile Jesuit, St. Eustache, and reaching the Island of Montreal at Carterville.

It will then parallel the Riviere Des Prairies, crossing the Canadian Pacific Railway tracks at Jacques Cartier Junction and reaching the harbor commissioner's line on the waterfront at Tarte Pier. This will be the first freight entrance to the city. A passenger entrance is planned from the west and it is expected that the terminus will be the Grand Trunk Railway new Bonaventure station.

TURKS WERE BEATEN BACK

Heavy Fighting in Tripoli—Italians Lost Forty-eight Men.

LONDON, Jan. 19.—(Can. Press).—Further serious fighting between the Turks and Italians is reported to have taken place in Tripoli. The Italian fleet, the night of the 16th, bombarded Zouara in order to punish the Turkish garrison there for sniping Italian patrol boats. On the 18th, 2000 Turks and Arabs attacked the Italian positions near Ghirgath, and there was brisk fighting for several hours. The Turks suffered heavily and were repulsed. The Italians had 48 men killed or wounded in the engagements. The Porte has issued a warning to shipping to avoid the coast in traversing the Bosphorus on account of mines placed there.

Pity the Poor Senator

OTTAWA, Jan. 19.—(Special).—Hon. C. J. Doherty's compassionate soul led him this afternoon to rush to the rescue of the poor patriots of the red chamber, whose piteous plight under certain circumstances he painted with a master hand. It appears that under the stony-hearted senate and house of commons act, certain senators who have been appointed during the session have been mulcted of such extensive sections of their seasonal indemnity as a penalty for their absence when their presence was legally impossible, that they actually found the emolument for their days of arduous labor, a minus quantity. A bill was introduced to alleviate their sufferings.

Duke Should Pay Visit to Taft

Fact That His Trip Will Take in New York Only Makes London Wonder.

LONDON, Jan. 19.—(Can. Press).—The fact that the Duke and Duchess of Connaught, with their daughter, Princess Patricia, are not to visit Washington while they are in the United States, is causing comment here, although it is believed there must be some good explanation for their decision.

It is usual when royal personages are on a visit to a foreign country, even if semi-official, for them to pay their respects to the head of the nation in which they are guests. The Duke of Connaught has the reputation of always doing the right thing, and people here refuse to believe that he is now making any mistake. The visit to Mr. and Mrs. Whitelaw Reid was arranged before the Duke and Duchess of Connaught went to Canada and follows the farewell dinner given to them at Dorchester House. They, in fact, have been frequent guests of the United States ambassador.

THE FIRST ROBIN.

Mrs. C. Caven, Humber Bay, writes The World as follows: "The first robin of the season was seen on Jan. 17. He seemed to be quite happy. He was taking advantage of the decided change in the weather from last week. It was seen by Mrs. Chas. Caven, Rose Glen Farm, Mimico."

Loveliest Type of Womanhood. Julian Eltinge, star of "The Fascinating Widow," in his endeavor to portray women by the highest possible artistic methods, has studied the feminine creature in all her phases and has perused her history from the time of Eve, and has left no stone unturned in his quest for suggestions to be incorporated in his wonderful composite picture of the loveliest type of womanhood—the American girl.

The Sunday World

On the front page of the illustrated section of this week's Sunday World will be found some excellent pictures of Toronto's popular pastimes—Skating, Hockey, Tobogganing and Sledding. "The Furry of King Frost," two natural thermometers; what happened last week and last July; huge snow drift on the road to Simcoe Park; and Scotch curlers at Quebec, and Sunday Tobogganing at High Park are also portrayed in this interesting section.

Artist Lou Skuce has depicted his impressions of a hockey match in another of his grotesque drawings, which is accompanied by a short history of the game by W. J. Sies. These will be found on the first page of the editorial section. "An Englishman's Impressions of Canadian Cities" will be of special interest to our readers. They will be given in a series of letters from Capt. D. J. Stanton to his friend R. H. Franklin, London, E.C. This is a new feature, and as Capt. Stanton is now touring thru the Dominion the editor anticipates some very interesting epistles.

With this week's issue also commences another new series, consisting of short sketches of the women's clubs and associations in Toronto. "The Home Thru the Club" being the first to appear. This is an article on the Canadian Household Economic Association. The King's column will be found striking views upon a subject of vital human interest. George Ade's Fabulous Slang, Casual Comment, and other regular weekly features will be just as interesting as ever.

A HARROWING DOUBT

Wilfrid (who has been throwing a good deal of passion into his reading): Now, I wonder is she deeply impressed or—asleep?

WRITHING HOSE HURTS THREE FIGHTING BIG FACTORY FIRE

Flames Rage Thru Top Floors of Allen Mfg. Co. Building—Firemen Hampered by Intense Cold and Ice-Laden Wires—Damage Over Hundred Thousand—Many Spectacular Features.

A damage roughly estimated at \$125,000; three firemen injured by a loose lay of hose carrying a high pressure stream, the partial demoralization of the street car service, affecting the lines serving two of the big theatres, and one more demonstration of the crippling effect of overhead wires upon fire fighting, were the results of a blaze which broke out in the Allen Manufacturing Company's five storey brick building at the southeast corner of Simcoe and Pearl-sts., at 7:50 last night. Those who lost are the Allen Manufacturing Company, who own the building, and occupy the three upper floors and basement, where they manufacture white-wear, blouses and umbrellas, and operate the Swiss Laundry, and R. D. Fairbairn, who manufactures white-wear and blouses in the two top floors. The estimate of the damage sets it at \$25,000 to building, and \$100,000 to contents by fire and water.

The fire broke out in either the third or top floor, and was seen by A. J. Phillips of the Toronto General Electric office in Simcoe-st., who says he heard something which sounded like an explosion and ran into the street to find flames bursting from the windows of both floors at the middle of the building on Pearl-st. He turned in an alarm at once and says that the firemen were there almost immediately.

Water Tower Effective. The department started their battle against the flames from the north side of the building on Pearl-st., and by running lines in thru the building and up the fire escape. The water tower, operated from Pearl-st., seemed to do the most effective work, and the flames were driven out of the fourth and confined to the easterly end of the front section of the building against a fire wall which divides this section from another to the east on Pearl-street.

There was a stubborn battle at this point, but the flames had the better of it, and rushed forward to the Simcoe-street end of the building, bursting out all along that side on the top floor. A line of hose was run up on an aerial truck here, but it was some time before the water was got into it in force enough to reach to the building, and for a time it looked as if this and three other streams which were directed at the blaze from the ground and which barely reached the upper windows from which the flames were pouring, were to be of little effect. A few moments later was heard the roar of the first high pressure stream which quickly darkened the south two windows and soon two more of these powerful streams were tearing away the casements of the win-

TWO TORONTO BANKS MAY JOIN

Rumors Current Yesterday That Imperial and Standard Will Amalgamate—Stocks Have Been Strong Lately

Bank amalgamations have taken place, and others are contemplated, or at least substantial rumors are that such is the case. The report from Montreal that the Bank of Montreal was to take in a partner was followed yesterday in Toronto by a statement that the Imperial and Standard Banks were to join forces. Both of these are strong financial institutions, but it was admitted that, if amalgamated, they would be a much stronger force in Canadian financial history.

Of course the rumor could not be confirmed, but it has more than the ordinary backing of an unofficial statement, and it was accepted as having some authority in downtown financial circles yesterday afternoon.

In the 1910 statement the Imperial Bank showed an authorized capital of \$10,000,000, with \$5,759,559.25 paid up, and the Standard an authorized capital of \$5,000,000, with \$2,000,000 paid up. The stocks of both of these banks have been strong recently, but whether the merger theory is responsible for this the future alone can show.

TABLOID STORY OF THE FIRE

Time—7:50. General alarm, 8:12. Place—The Allen Manufacturing Co., Pearl and Simcoestreeets. Loss—Roughly estimated at \$125,000; fully insured. Losers—Allen Manufacturing Co., Swiss Laundry, R. D. Fairbairn, white-wear manufacturer. Injured—Fireman Ed. Courtney, right leg broken; removed to St. Michael's Hospital. Fireman W. H. Hawke, back injured; taken home. Fireman J. Roche, leg injured; taken home. Cause of Injury—Breaking loose of high-pressure hose. Car Lines Diverted—King, Bait Lane and Harbour.

TENSE FEELING IN PEKIN MANCHU RISING IMMINENT

Lack of Gold From Court Coffers, However, Somewhat Dampens Martial Aardor—Premier Yuan Declines to Take Part in Conference of Princes.

PEKIN, Jan. 19.—(Can. Press).—There has been considerable effervescence in Pekin throughout the day among both foreign residents and the Chinese. There were many rumors of the possibility of a Manchurian outbreak, which, however, appears unlikely at present.

The ex-regent, Prince Chun, and the former premier, Prince Ching, visited Premier Yuan Shi Kai this afternoon and had a long conference with him. It appears that the court has not concluded the gold it promised to provide, and the imperial soldiers do not show any anxiety to fight for glory. The Mongol princes who most strenuously oppose abdication, are these of Inner Mongolia from the districts south of the desert. Their opposition is strengthened by the fear that the Re-

FRANCE'S IRE STIRRED ITALY IS PENITENT

First Steamer Seized Will Be Released and Others Likely to Follow Suit

TUNIS, Jan. 19.—(Can. Press).—Some Italian destroyers to-day seized the French steamer Manouba, bound to Tunis from Marseilles. The Manouba is a mail boat belonging to the French line.

MARSEILLES, Jan. 19.—(Canadian Press).—The steamer Manouba, which is the regular Tunis mail boat, carried a Turkish medical mission, consisting of 27 members of the Red Crescent, headed by Dr. Raymin Bey and Rifki Efendi. She also had on board 87 sacks of mail for Tunis and one for Tripoli.

Seized for Turkey. TUNIS, Jan. 19.—(Can. Press).—The Italian officers who effected the seizure of the Manouba declared that the reason for her arrest was that it was believed Turkish officers were on board disguised as nurses. Italian destroyers also stopped and searched the German steamer Schleswig of the North German Lloyd, which left Marseilles on Wednesday and reached here yesterday, and is due at Alexandria on Jan. 22.

PARIS, Jan. 19.—(Can. Press).—The seizure of the French steamer Manouba by the Italian cruiser to-day has aroused intense feelings in political and commercial circles. Premier Poincare has instructed the French ambassador at Rome to protest against the seizure and several members of the chamber of deputies declare they will interpellate Premier Poincare about it. The premier, however, has announced that he will make a declaration on the subject Monday.

The Association of Ship Workers of

LANSING FARM SOLD.

Another York Township farm has changed hands at a good round sum. This time it is the Botham farm, at Lansing, consisting of 29 acres, and the price paid is said to be \$30,000, or slightly over \$1000 an acre. The farm has a frontage on Yonge-street, just south of the Lansing side road, which is 7 1/2 miles from the corner of King and Yonge-streets.

"The Real Thing."

There are very few serious moments in "The Real Thing," the comedy that Henrietta Crossman is presenting at the Princess Theatre. It is a laughing show, as the average theatregoer would say and built solely for entertainment. The story of the play is decidedly domestic, and is one that most men and women appreciate and most of those who see it will judge their companions and say: "There, I told you so." The matinee to-day and the evening performance will conclude the engagement here.

Germany Holds Out Olive Branch.

ROME, Jan. 19.—(Can. Press).—Altho it is announced officially that the object of the visit of Herr Von Kiderlen-Waechter, the German foreign secretary, who is expected to arrive on Friday, is to meet Foreign Minister San Giuliano, the real reason for his coming is to discuss possible conditions of peace between Italy and Turkey and the amount Italy is ready to pay as indemnity to Turkey for the loss of Tripoli. During the visit of Herr Von Kiderlen-Waechter the basis for a renewal of the triple alliance between Germany, Austria-Hungary and Italy will be discussed.

Sir Max Aitken, at Head of \$100,000,000 Project, for Which Federal Authority is Sought—Propose to Build Huge Embankment and Dam and Dredge River at Cost of \$50,000,000.

TWICE POWER OF NIAGARA FALLS

MONTREAL, Jan. 19.—(Can. Press).—With a capitalization of \$100,000,000 and possibilities of 100,000,000 horsepower within twenty-five miles of this city, the Eastern Canada Power Company will ask parliament for authorization to wipe out from the topography of the St. Lawrence River the Coteau and Cedar Rapids and divert the whole flow of the waterway nearly half a mile from its present course. Niagara has an electrical potentiality of about 600,000 horsepower. The new scheme will be capable of producing nearly twice that amount.

The company was incorporated by act of parliament on Nov. 18, and altho the names required by law before the charter could be granted were those of clerks and law students in the office of Brown, Montgomery and McEwen, it has transpired that Sir Max Aitken is the virtual head of the mammoth organization and has as his associates H. S. Hoff, president of the Montreal Light, Heat and Power Co., James Redmond, director of the Royal Bank of Canada and president of the Redmond Mfg. Co., D. Lorne MacGibbons, the Montreal capitalist, and a number of British and United States financiers. The name of A. Bonar Law, leader of the British Unionist party, has also been mentioned in connection with the project.

Wipe Out Soulanges Canal. The scheme involves the entire damming of the St. Lawrence River at a point above the Cedar Rapids, doing away altogether with the Soulanges Canal, the best equipped of the St. Lawrence chain, and turning the flow from the Lake St. Francis level into the Ottawa at a point opposite the southern end of Ile Perrot. For a distance of about twelve miles above the eastern end of the Soulanges Canal, an immense body of still water will be created where the river now flows in a swift current, thru the Coteau Rapids and down the narrow channel to the picturesque Cedars, and from there on to Lake St. Louis thru the smaller cascades and Split Rock Rapids. Immense Embankment. Starting at a point on the southwest end of Grand Island the promoters of the new corporation propose building an immense earth embankment or dam which will follow northwards and eastwards the shore line of the island until a point, almost opposite the town of Cedars is reached on the southern side of the St. Lawrence. From here an immense concrete dam will be flung across the rapids, the engineers utilizing the two islands intervening to strengthen their work. On the north side of the river, just above the town of Cedars, the embankment will be re-commenced and built to a point north of the present Soulanges Canal. This will then be diverted in an easterly direction until the Ottawa is reached, where the power developing machinery of the new company will be placed and an immense dam erected. The dam will cost \$25,000,000 to construct and the dredging nearly as much more.

BIG FUR SALE.

The big January sale now on at Dineen's should suggest a purchase in some fur goods providing you require any garment at a real bargain price. And remember everything on sale was made from last year's trappings of specially selected pelts. All garments made on the premises. The display includes Persian Lamb Coats, Alaska Seal Coats, garments large and small, in specie Canadian Mink, Alaska Sable, Muskrat, Chinchilla, etc.

Fishermen Less Lives. ST. ANDREW'S, N.B. Jan. 18.—There is little doubt that two Deer Island fishermen lost their lives in the severe storm of Sunday in the early part of this week.

On Monday last Sidney Lord and his brother, Mark Lord, of Lord's Cove, went out to fish for lobsters. Their boat was seen Monday, but nothing has been heard of the occupants.

The honorary governors who will visit the Toronto General Hospital during the week commencing on Jan. 21 are Messrs. John D. Ivey and J. W. Flavelle.

New Skin Absorber In Great Demand

(National Drug Review). Since the discovery that mercurized wax possesses remarkable absorbent powers when applied to the skin, the demand for it as a complexion restorer has been tremendous.

The mercuriole in the wax, according to Prof. Hoffman, gently absorbs the devitalized outside in minute particles so that the user gradually loses her old, worn-out complexion, the more youthful underneath making its place.

WORKMEN SHOULD CONTRIBUTE TOWARD THEIR COMPENSATION

Otherwise, They Would Be Humiliated, is Argument of C.M.A. Representative.

That the workmen should not be humiliated or lose their self-respect by having the employer bear all the pecuniary responsibility for accidents was the chief argument used by F. W. Wegensat, representing the Canadian Manufacturers' Association at last night's session of the enquiry into compensation for injured workmen.

Speaking on behalf of the C. M. A., Mr. Wegensat said that it was the strenuous opposition of the rank and file of the labor men to the idea of having any deduction made from their wages that made it hard to get a point settled as to whether or not workmen should contribute to the fund for compensation for injuries.

Ontario About to Enter New Era of State "Good Roads" Motor League Annual Meeting Forecasts Great Improvements

Good roads and matters of legislation were the principal features of the report of the state president, Paul J. Myler to Toronto, for example, will cause the Ontario Motor League presented at its annual meeting at the King Edward Hotel last night.

Maloney in South Renfrew Convention Holds Agreement With Liberals Wasn't Authorized.

RENFREW, Jan. 18.—Dr. Maloney, of Eganville, was the unanimous choice of the South Renfrew Conservatives to-day to oppose Hon. Geo. P. Graham for the seat in the Commons vacated by T. A. Low to make way for the return of the ex-Minister of Railways to Parliament.

FEDERAL LAW MURT CONTROL COMBINES

Continued From Page 1.

was an agreement as to the closed shop.

Hon. T. W. Crothers replied that there was no definite provision in the settlement.

J. H. Sinclair (Guyshero) asked if the minister favored restriction on the United States.

Hon. T. W. Crothers replied that the time was not opportune for a lecture on international unionism.

Who Settled Strike?
Hon. Chas. Murphy thought the con-
gratulations of Mr. Crothers to his
colleague, Hon. Robert Rogers, on
the settlement of the western strike
had been rather premature. A settle-
ment had not been reached till some
weeks after the visit to the west of
the minister of the interior. Many
people in the west had cancelled orders
for coal from the east on the announce-
ment of the minister, and had run
short in consequence.

Hon. T. W. Crothers retorted that
Mr. Murphy was not warranted in as-
suming that a case that did not stay
settled had not been settled.

J. H. Sinclair (Guyshero): "Would
the minister appoint a board of con-
sultation at the instance of a union
having its headquarters in the United
States?"

Major Currie (N. Simcoe): "I think
the honorable gentleman should tell
us what his own views are."
Mr. Sinclair: "I would favor the Can-
adian union of the department."

Hon. T. W. Crothers declared that the
department established boards of con-
sultation without reference to whether
the men were members of an interna-
tional or any kind of union. No such
question had arisen since he had as-
sumed charge of the department.

Carpet Company Prosecution.
Hugh Guthrie (S. Wellington) en-
quired as to the state of the prosecu-
tion of the Toronto Carpet Co. It was
reported to have been stopped at the
instance of the minister of trade and
commerce (Foster) and the member
for West Toronto (Osler).

"These are hypothetical questions,"
interjected Major Currie.

Hon. Robert Rogers volunteered the
information that sufficient evidence
had been gathered and the case was
proceeding against the Toronto Carpet
Company.

Hon. Frank Oliver declared that,
when a combine had been formed in
the baking of bread, the time was ripe
for a new visit to be taken in regard
to combines. The main question to-
day was the over-capitalization of com-
panies, which took a double toll of
both producer and consumer, on one
of the most vital necessities of life.

Over-Capitalization Issue.
W. F. Maclean (S. York): "I can
see now that I and some other mem-
bers of this house are likely to get
more support than in the past in deal-
ing with the capitalization of com-
panies of all kinds."

"The hon. gentleman has raised the
important question of the enforcement
of federal law by the federal authority
and for many years I have advocated
that principle in this parliament."

"Our Combines Act to-day is left to
the initiative of private individuals,
but, as in the combines law of the
United States, there is a distinct clause
stating that it is the duty of the at-

torney-general of the United States to
enforce it, and there is provision made
for the appropriation of a large sum
of money to enforce that law."

Law Enforced in United States.
"There is a clause in their
legislation stating that it is the duty
of the attorney-general of the United
States to enforce the law, and to that
end he is authorized to engage counsel
and employ special aid. The result is
that in the United States to-day there
is an effective law against combines,
and the most active man in this en-
forcement of the law is the president
of the United States and his attorney-
general and the United States attor-
neys throughout the country."

"It is idle for us to pass laws in this
parliament if we make no provision
for their enforcement, and I trust that
hon. gentlemen opposite will change
the idea they have held in the past
with regard to this matter."

"Our doctrine is that, while we pass
laws at Ottawa to remove grievances,
it is for the provinces to enforce those
laws, but that doctrine I have never
subscribed to. The enforcement of the
Railway Act with reference to exorbitant
railway rates is left in Canada to the
individual shipper, whereas in the
United States the interstate commerce
commission can enforce their laws and
employ special counsel to that end."

People Represented.
"I believe, sir, we are coming to that
in this country, and, indeed, by the
telegraph rate case and the express
rate case before the railway commis-
sion, special counsel were retained to
represent the people. It is for an ex-
tension of that principle that I am
contending. I want to see federal laws
enforced by the federal government."

"We have combines in Canada, it is
true, and I assert boldly here that
these combines must be regulated by
the law of this parliament, and that
law must be put in operation against
them by the federal authority."

"I would like to hear some expres-
sion of opinion in that regard—the
question of over-capitalization. I pro-
pose to discuss it at a very early day,
as I have given notice on the order
paper that I shall bring that question
up. That is comprised in the railway
question, and that very same question
has been raised in this house by the
present minister of public works (Mr.
Monk), who has been long desirous of
this government having some control
over the capitalization of joint stock
companies."

State Must Act.
"That is a question which must be
dealt with, and it cannot be dealt with
by the individual so well as it can be
by the state. We must change the
system we have followed in the past
and no longer leave the enforcement
of the law to individual initiative.
"I take the ground that the enforce-
ment of federal laws must rest with
the law to individual initiative.
We have a railway commission,
but it is not given the power it should
have. In many cases in which that
commission took the initiative it was
taken by the chairman largely on his
own account, and the law would be
much more effective if we had some
council whose duty it would be to en-
force it."

J. H. Burnham (W. Peterboro) de-
clared that the people of the country
would not submit to their bread being
taken away by over-capitalized com-
bines, and, if the government could
not deal with them, then the people
would take over the means of produc-
tion and transportation."

Take Up Cement Merger.
W. E. Knowles (Moosewa) men-
tioned the cement merger to the com-

mission of labor as a question to be
grappled with.

Hon. Robert Rogers agreed with
much that Hon. Frank Oliver and W.
F. Maclean had said. The government
had been seriously considering the
question. He intimated the opposition
with their new found zeal against
combines.

E. B. Devlin (Wright) thought the
bread combine was even worse than the
cement combine.

Hon. Charles Murphy declared that
the bread combine was a creation of
the Ontario Government. He would
like to know if the Toronto corre-
spondents of The Labor Gazette had
drawn attention to it.

Hon. T. W. Crothers: "No, they
have not."

Dr. Clark (Red Deer) took his free
trade hobby out for a canter. It was
the tariff, he declared, that artificially
protected combines, which only became
dangerous when they got the field to
themselves.

J. H. Burnham (W. Peterboro):
"Have you ever seen the report of the
statistician on the tremendous over-

capitalization of railways in Great
Britain?"

Mr. Clark didn't think this a case in
point. Foreign competition in railways
had nothing to do with over-capitaliza-
tion.

An Old Story.
The evening session was absolutely
wasted in a wearisome relation of op-
position charges about the dismissal of
civil servants and counter charges
from the right of the Speaker as to the
iniquities of the preceding Liberal re-
gime. Hon. F. D. Monk stated that
where any prima facie case for an in-
vestigation were made out, he would
grant it gladly. The session was wear-
ing away, and, if the public realized
how time was being wasted, there
would be an outcry throughout the coun-
try.

To Discuss Railways.
On the orders of the day being called
W. F. Maclean (S. York) gave notice
that at an early date he proposed, on
going into supply, to discuss the rail-
way question in Canada, in view of
the recent decisions of the railway
commission.

Hon. C. J. Doherty's bill to amend
the Enquiries Act was given its third
reading and passed.

WINTER RESORTS.

To the many who are compelled to
seek a warmer climate, the attractions
of the sunny south, California or
Mexico, appeal to the majority, and
before deciding, if you will drop in and
see C. E. Horning, the City Passenger
and Ticket Agent of the Grand Trunk,
at the northwest corner King and
Yonge-streets (phone Main 4209), he
will save you lots of trouble and ar-
range for a comfortable trip.

The popular slides at Riverdale
Park, thronged with happy young
people, are pictured in a series of
views in this week's Sunday
World.

Owl Shoes Drop Two IN BUSINESS LEAGUE

Telegram Lose the First Game—Dodgers in the St. Mary's League—The Scores.

In the Business Men's League at the Toronto Bowling Club last night The Telegram, now under the management of Herb Berkeley, won two out of three games from Owl Shoes, and not only that but the new manager got away to a good start by running second to Tommy Ryan for three high games for the night, collecting 370, while Tommy put in one of his biggest offerings of the season, totaling 92 pins, while his 222 count in the last game featured Joe Burney for Owl Shoes, was high with 457. The score:

Table with 2 columns: Team Name, Score

Public Utility League. In the Public Utility League at the Toronto Bowling Club last night Hydro-Electric No. 2, leaders, got their first good beating of the season, losing all three games to Postoffice, Graham and latter, the first named totaling 350 for high, with his middle game also being high single, counting 235, while the crutman was there with a 564 collection. For Hydro Bill Phyle was high with 514. The score:

Table with 2 columns: Team Name, Score

Printers' League. In the Printers' League at the Toronto Bowling Club last night, Saturday Night won two out of three games from MacLean Pub. Co., Tommy Glynn for Saturday Night was high with 82, while Geo. Martin for MacLeans put the only other roller over the 500 mark with 523. The score:

Table with 2 columns: Team Name, Score

Niagara Falls Maple Leafs Winners. WELLAND, Ont., Jan. 19.—The intermediate O.H.A. game here to-night was won easily by Maple Leafs of Niagara Falls South. Score 16 to 10. Following is the line-up:

Weland (C): Goal, Valenciour; point, Selly; cover, Hagan; cover, Schlegel; centre, East; right, Beattie; left, Mason; Maple Leafs (Niagara Falls) (C): Goal, C. Evans; point, R. Bevan; cover, Boulter; cover, Trounhart; centre, Potter; right, Fraser; left, Wallis; Referee, Hancock of Toronto.

St. Mary's 5, Clifton 3. CLINTON, Ont., Jan. 19.—The O.H.A. intermediate game played here to-night between St. Mary's and Clifton resulted in a score of 5 to 3 in favor of St. Mary's. Half time score was 3 to 2 in favor of St. Mary's. It was a good clean game throughout. The line-up:

St. Mary's (C): Goal, Wickes; point, Lowe; cover, Wilson; rover, Riddell; centre, Shiltz; left, Lee; right, Haydon, Clifton (C): Goal, Johnson; point, O'Donnell; cover, Rumbell; rover, Fair; centre, Kerr; left, Draper; right, Dreg; Referee, Sid Hankin of London.

Orillia Juniors Win Group. ORILLIA, Jan. 19.—In the last Junior O.H.A. game of this district, played here to-night Orillia defeated Midland 10 to 3. The score at half time was 3 to 1 in favor of the home team. The Orillia boys have won this season and look like players for the championship. Butterfield and Jupp played a star game and were well supported by Orillia's centre man, Mohan. Orillia's defence were right on the job and it takes some team to get by them. The line-up:

Orillia (C): Goal, E. Cooke; point, R. Cooke; cover, Macnab; rover, Butterfield; centre, Mohan; right, Jupp; left, Knox; Clifton (C): Goal, Pineson; point, Farrell; cover, Grant; rover, Simpson; centre, McLaughlin; right, Campbell; left, Mc. Donnell; Referee, Green Caldwell of Barrie.

See the groups of skaters on the Little Victoria Rink reproduced in this week's Sunday World.

St. Michaels Win From U.C.C. in Overtime

Local College Junior Teams Play Two Extra Periods to Decide a Winner.

It required 20 minutes of overtime play yesterday afternoon to decide a winner in a junior hockey game between St. Michael's College and Upper Canada at the Excelsior Rink. The former were the ultimate winners by 3 to 5. Half time score 3-2.

As has been usual for a number of years these two colleges furnished an excellent and closely fought game. The teams were evenly matched and the boys played with great dash and vim. First one would lead and then the other, until finally full time was called with the score 3-2.

The next game between the boys will be worth going a long way to see. The line-up:

St. Michael's (9): Goal, Pepler; point, O'Gorman; cover, Garvey; rover, Day; centre, Burton; right, Beck; left, Burwash.

Upper Canada (8): Goal, Gorman; point, Nealon; cover, Culliton; rover, McNeil; centre, Latchford; right, Dugan; left, Bourgeois; Referee, Ed. Allan.

LAYMEN'S MEETINGS.
In addition to the central meetings of the Laymen's Missionary Movement to-morrow afternoon others will be conducted at the Y.M.C.A., East Toronto, Eglington Baptist Church, Church of the Messiah, Avenue-road, and Dorchester Presbyterian Church.
The central ones will be at First-avenue Baptist, Bloor-street Presbyterian, and North Parkdale Methodist Churches.

INDUCT NEW RECTOR.
Bishop Sweeney will preach at Hummeridge Mission to-morrow morning, and hold a confirmation service at Mimico at night.
Bishop Reeve will preach at St. John's, Norway, to-morrow morning, and induct the new rector, Rev. W. L. Arncliffe, at St. Michael's Church, Parkdale, at night.

SERGEANTS' THEATRE NIGHT.
The Toronto Garrison Sergeants will hold their annual theatre night at the Princess next Monday. The Lieutenant-Governor, Sir James Gibbons, and party, together with the following, will be present: General Cotton and staff, Col. Sir Henry Bellair, Col. Fleming and officers of the different units. It is expected that all non-commissioned officers will give the association their support on this occasion.

Toronto Missionaries Reach Field.
Word was yesterday received at the Presbyterial Mission rooms that the party of Canadian missionaries which left Toronto in December had reached their destinations and were pleased with the outlook at their various stations. The missionaries heard from were: Mr. and Mrs. G. W. McKay, Tamsui, Formosa; Mr. and Mrs. Dunlop, A. McDonald, Misses M. Collart, M. Drummond, and M. Cameron, Central India.

Harper, Customs Broker, McKinnon Building, 10 Jordan St., Toronto.

Mount Forest's Easy Win.
HARRISTON, Jan. 19.—A very exciting but one-sided game was played here this evening between Mount Forest and Harriiston, resulting in a score of 12 to 1 in favor of the visitors.

No. 1 District Cup Final.
The exciting final in District No. 1, between the Granites and Aberdeens, will be played to-night at Granite rink at eight o'clock.

PREMIER GIVES SCANT CONSIDERATION TO TAX REFORM PROPOSALS

Trades and Labor Council Appeals for Changes on Assessment Laws—Long List of Suggestions.

Many and devious were the suggestions for improved legislation made to Sir James Whitney and his cabinet yesterday afternoon by a delegation of the Ontario executive of the Trades and Labor Congress of Canada. As one speaker after another stepped forward and presented his particular grievance Sir James threw down his pen with the customary impetus and remarked: "I wonder will this world ever be fixed up to suit everybody's wishes?"

The delegation, which was introduced by Allan Studholme, M.L.A., consisted of W. Lodge, Ottawa; G. Crammond, E. Elliot, and W. Worrell of Toronto, composing the executive committee; Fred Bancroft, vice-president of the Trades and Labor Congress; James Simpson, J. Bruce, J. Doggett, W. Gocking, J. Barnett, Leon Wright, and others.

Of all the petitions presented, none was so forcible, instructive and amusing as that at the same time as James Simpson's plan for reform in municipal taxation and the assessment of improvement values at a lower rate than land values.

Conscious that he was hitting a tender spot in Sir James Whitney's political make-up, Mr. Simpson introduced the subject warily.

"There is one subject that has given you considerable prominence in the last provincial campaign," began Mr. Simpson.

"Tax Reform Not Prominent." "Did you say 'prominence'?" interrupted Sir James.

"Yes, sir, I said 'prominence,'" replied Mr. Simpson. "It is regarding the right of municipalities to change the old system of checkerboard legislation. I am utterly and entirely opposed to having a government that isn't a government."

"But isn't your Assessment Act checkerboard legislation?" remarked Mr. Simpson.

"Maybe it is, I don't know," was Sir James' reply.

"All right," commented Mr. Simpson, "I will give up the argument, which he seemed to regard as fruitless."

Before broaching the subject of tax reform, James Simpson made several references to the fact that he was for three shifts, instead of two, for the workers in steel plants, blast furnaces, etc., where he said the employee were

Additions Made to the Enforcers of Provincial Liquor License Act.

The Ontario Gazette announces the appointment of several additional license commissioners throughout the province. These are: James E. Salmon, Dundas; Thomas Montgomery, Durham; Wm. George Miller, Hamilton; Wm. Henry Cooper, Hamilton; Wm. J. Leigh, Muskoka; Thomas C. Savage, North Northumberland; W. Burgess, North Oxford; James A. Little, Port Arthur; Manesippe Lauson and William Chisholm, Huron; H. A. Bransby, H. H. Dester, I. H. Theobald, G. T. Woodland.

Victorias Win From Socials.
HALIFAX, Jan. 19.—With poor conditions in both ice and weather, the Moncton Victorias tonight defeated the socials in a strenuous game by 5 to 2. Both teams played well and were evenly balanced.

N.H.A. Officials To-night.
MONTREAL, Jan. 19.—President Quinn announced that Russell Bore and Duncan Campbell will officiate here in the Canadian-Wanderer hockey match to-morrow night, while, in Ottawa, Jack Marshall and Johnny Brennan will be the officials.

Brussels Wine From Ripley.
BRUSSELS, Ont., Jan. 19.—In the Northern League game played here to-night, Brussels defeated Ripley by a score of 13 to 2. Referee—R. Johnston of Lucknow. Line-up: Brussels (13)—Goal, G. Armstrong; point, S. Fox; cover, R. Brown; rover, A. Hawkshaw; centre, C. Scott; right, Ewan; left, C. McMillan. Ripley (12)—Goal, Chapman; point, Irving; cover, Harris; rover, Brown; centre, Wedgenhammer; right, Armstrong; left, Davy.

Ingersoll Defeated Simcoe.
INGERSOLL, Jan. 19.—Ingersoll defeated Simcoe here to-night, 16 to 4, in a Junior O. H. A. game. Half-time, 10 to 2. The line-up: Ingersoll (16)—Goal, Wilson; point, Houghton; cover, Birch; centre, Gilmore; rover, Jackson; left, Radford; right, Davy. Simcoe (4)—Goal, Durward; point, Smith; rover, Cook; centre, Evans; rover, Curtis; left, Osborne; right, Foyler.

THREE FIREMEN HURT FIGHTING FACTORY FIRE

Continued From Page 1.

tel in King-street, where he was attended to by Dr. Roland Rice and removed to his home in the police ambulance. W. H. Hawkes, also of the Portland-street hall, was one of the men who were holding the line. When it escaped it swung about the road like a great serpent. The stream struck Hawkes fairly in the stomach, hurling him against the aerial truck and severely injuring his back. He was taken into the General Electric office and attended by Drs. G. Silverthorn and Wilberforce Allins. Just as the line broke loose, Fireman Ed. Courtney of the Portland-street hall came into Simcoe-street, out of Pease-street. He was struck on the left leg just above the ankle by the heavy nozzle of the swirling hose. It snapped the pipe stem and he was seen pulling himself along the ice with his arms. He was attended by Dr. Silverthorn and sent to St. Michael's Hospital.

Spectacular Blaze.

It was the most spectacular fire that has been in this city for months and one of the hardest for the firemen to extinguish. It snapped the pipe stem and he was seen pulling himself along the ice with his arms. He was attended by Dr. Silverthorn and sent to St. Michael's Hospital.

Shortly after the fire broke thru the front of the building, the men working inside were called by Chief Thompson, who saw that the roof was bound to fall thru. The men had already been driven from the fire-escapes on the north side in Pease-street, but ran a line up into the building and fought it from there and with the water tower on the north side as well as with an aerial line.

On the Simcoe-street side were three high pressure lines, a line run from an aerial and three ordinary lines sprouting up from the ground. On the south side was another high pressure line and three ordinary lines. The heavy fire wall which divides site building in halves, fifty feet west from Simcoe-st., was holding it at that point. A ladder standing against one of the upper windows from Simcoe-st. caught fire and had to be removed. The men working from the tops of the aerial ladders were having a terrible time from the cold, and, weighted by ice, directing their streams from the precarious footing.

Great Danger From Wires.

Meanwhile the fire engines were pumping away in all the surrounding streets; great crowds gathered all about the big blaze, which now showed dull red thru the heavy smoke and again broke forth in bright yellow flames. The fire was not yet under control. It had fallen in at 9 o'clock and it was not till nearly an hour later that the fire was plainly under control. Even then the flames broke out of the fourth storey windows and then was shown the great danger of overhead wires. When even the great streams from the high pressure line, which had been carried unbroken to the roof, were diverted to these windows and struck these lines of wires, they ripped away the festoons of icicles, but were themselves broken into a set of well nigh harmless sprays. Chief Thompson said that these wires were the greatest difficulty with which he was called upon to cope.

A clear and accurate estimate of the damage could not be had. Mr. Fair-

WESTERN BAPTIST CHURCH.

Western Baptist Church, during a most successful year just closed, raised for all purposes \$12,598.40. The regular place collection amounted to \$320.95, the missionary collection raised \$1085.88, and \$7691.57 was collected for the new church edifice, which will be opened the second week in February. The re-elected deacons were: Kent, Weaver, Hall, Thompson, and Vernon Cowart was added to their number. J. C. Grant was re-elected treasurer and H. D. Murray returned to the office of secretary. The pastor, Rev. S. E. Grigg, received an increase in stipend of \$200.

STRATHY-BISCOE.

GALT, Jan. 19.—(Spe. in.)—Trinity Church this morning was the scene of a quiet wedding, at which were present only the family of the bride and a few close relatives. Dorothy, daughter of Col. and Mrs. Biscoe, Galt, and Harry Ernest Debary, Strathy, Montreal, were the contracting parties. Rev. Canon Ridley performed the ceremony. The couple were unattended, the bride wearing her traveling dress, Mr. and Mrs. Strathy took the afternoon C.P.R. train for the east.

To-Day's PIANO BARGAIN

Three Upright Pianos

Recalled from rental—almost as good as new—at large reduction from regular prices and on easy terms of payment.

VE OLDE FIRMES
Heintzman & Co.
Limited
193-195-197 Yonge St., Toronto

There will be not in the city, being on his way here from Montreal on the train, and will not learn of the fire until his arrival in Toronto this morning. None of the Allen firm could be seen.

There was one fortunate feature of the fire and that was that the section of the building premises lying to the east of the fire wall and being untouched either by fire or water contained the factory, where more than three hundred girls are employed. This will save these employees from loss of occupation. A number will be out of work in the laundry and Allen factory.

Fourth Staight for Palmerston. PALMERSTON, Jan. 19.—In a Northern League hockey match here this evening, the local sept defeated Liatower team by a score of 5 to 4. The half-time tally was 3 to 2.

FRANCE'S IRE STIRRED ITALY'S PENITENT

Continued From Page 1.

France has written a letter to M. Poincare pointing out the injury to neutral shipping caused by the Italian war, as French ships demonstrating the urgent necessity for the establishment of an international prize court, and asking him to do his utmost to hasten the ratification by parliament of the Hague convention of 1907, and the Declaration of London of 1909 and an additional protocol thereto of 1910.

Will Release Steamers.

ROME, Jan. 19.—The Italian Government to-night telegraphed the authorities at Cagliari to immediately release the steamer Carthage, which recently was seized by the Italians, and her cargo. It is said that the steamer Carthage, a French line mail boat, was captured by Italian destroyers, also will be released after a number of Turks, who were on board her, are landed.

The order for the release of the Carthage was sent after the French charge d'affaires here had assured Foreign Minister San Giulliano that Aviator Duval, who was a passenger on the steamer, had announced to the French Government a formal intimation that he would accept the terms of the agreement to leave neither himself nor his aeroplane at the service of either the Italian or the Turks in Tripoli, whether the Carthage was found when she was captured. The charge d'affaires told Marquis San Giulliano that the French Government would accept that Duval strictly observed his promise.

Bombarded Zoara.

TRIPOLI, Jan. 19.—As punishment to the inhabitants of Zoara, who fled on Italian boats, the warships Carlo Alberto, Irde, Fulmin and Cipro Casoppe to-day bombarded that locality, destroying the barracks, the residence of Kalmakan, or administrator, and sweeping the Turkish trenches. A number of Turks were seen fleeing in disorder. Many of them were struck by Italian shells.

Turks Fought Bulgarians.

BONFON, Jan. 19.—Turkish troops have had a sharp fight with a Bulgarian band near Kratovo, a town of 6000 inhabitants in the Vilayet of Kozovo, a short distance east of Uebuh. Says a despatch to a new agency from Saloniki. Five of the Bulgarians, including their leader, were killed, while the Turks lost one man. It is said that bombs had a number of important documents were found on the dead Bulgarians.

A BIT OF HISTORY

Sandy Macdonald
SPECIAL LIQUEUR
SCOTCH WHISKY
10 YEARS OLD

HISKY—the liquor distilled from grain and malt, probably originated among the Celtic inhabitants of Scotland, as the name is from the Celtic meaning "Water of Life". It was first known as AQUA VITAE and used only as a medicine; it was first used as a drink in Scotland in the XVII Century.

Very few whiskies could now be truly known as "water of life" as many of the concoctions sold under the label of Scotch Whisky are positively dangerous to health and life. It is even said that "Made in Germany" should truthfully be the label of millions of gallons of liquor consumed in this country under the name of whisky.

SANDY MACDONALD SCOTCH stands out in strong relief amongst the many brands offered for sale on this market, as it is medicinally recognized as a pure, toning and invigorating drink of quality, flavour, strength and purity.

ALEXANDER & MACDONALD
DISTILLERS
LEITH, SCOTLAND

TWO RACES UNFINISHED SIX HEATS, NO WINNER

Great Racing on the Ice at Ottawa—Black Cat Distanced—The Results.

OTTAWA, Jan. 19.—Altho six heats were trotted in each event, neither of the races on to-day's card at the Hull driving meet was finished. The track was fast and the weather favorable, and the most exciting racing in many years followed, altho the fields were not particularly large.

In the 2 1/2 mile stake, for \$100, Indian Hill, owned by Laphall Bros. of Lachine, took two heats. Wick Brino took two, and Ned Wilkes and Black Cat got one each.

In the classified race, after Adrian Pointer had snatched two, her half-brother, Angus Pointer, came to the front and won the third and fourth heats. He came up in the fifth and sixth and won both in sensational style. Rick, Adrian Pointer and Angus Pointer will fight it out in the class to-morrow. In the 2 1/2 mile stake, Ned Bay's Black Cat, who had won the sixth heat, The backers of Angus Pointer made a kick to the judges after the fifth heat, but the umpire's decision that Driver Charlie Barrett was not trying to win, but the officials could see nothing wrong with no change was made. Five races, including the finish of to-day's event, are on the program for to-morrow.

Summaries:

2 1/2 mile stake (unfinished):
Indian Hill, Laphall 1 2 1 2 3 3
Black Cat, Nat. Ryan 3 1 2 3 4 4
Wick Brino; J. R. Johnston, Springfield, Ont. 3 3 1 2 1
Ned Wilkes; W. Collins, Sunderland 4 4 4 4 1 2
Ethel Binger; W. Hunter, Toronto 2 2 2 2 2 2
Time—2:27 2/5, 2:29 2/5, 2:30 2/5, 2:31 2/5, 2:32 2/5.

Classified race (unfinished):
Rick; C. Stewart, Aylmer, Quebec 7 7 2 2 1 1
Angus Pointer; J. E. G. Amario, Peterboro 3 3 1 1 2 2
Adrian Pointer; A. Proc., Toronto 1 1 3 3 4 4
Frankie Bogash; J. Nault, Sherbrooke 2 2 3 3 2 2
Edna D.; B. Sheldon, Malone, N.Y. 3 3 3 3 3 3
Cobbie Ruth; D. E. G. Amario, Norwood, N.Y. 4 4 3 3 4 3
Stephen Deane; R. Maxon, Waterbury, N.Y. 4 5 7 dia.
Time—2:30 2/5, 2:31 2/5, 2:32 2/5, 2:33 2/5.

Results at Juarez.

JUAREZ, Jan. 19.—The races here today resulted as follows:

FIRST RACE—Six furlongs:
1. Inguila, 107 (Callahan), 5 to 1.
2. John Huple, 107 (Callahan), 8 to 1.
3. Rosa Kable, 107 (Bore), 8 to 1.
Time 55. Ingle, Beulah Mc. Philphena, Troderast, Casan, J. J. Jay, Russella, Josie Lee and Little Belle also ran.

SECOND RACE—One mile:
1. Jack Laxson, 115 (Gross), 8 to 5.
2. Juan, 110 (Callahan), 8 to 5.
3. Lotta Creed, 110 (Carters), 8 to 1.
Time 1:49. Flores A ran.

THIRD RACE—Six furlongs:
1. Tallow Dip, 112 (Gross), 2 to 1.
2. Velini, 108 (Post), 8 to 1.
Time 1:12 1/5. Juan, Amario, Brave Range, Earlscurt, Kuropatkin, Hove Withers, Elder, King Thistle, 111 Meet and King White also ran.

FOURTH RACE—Five and one-half furlongs:
1. Kookeyay, 101 (Taplin), 2 to 1.
2. Dr. Dougherty, 108 (Carters), 3 to 1.
3. Pride of Lincoln, 112 (Deane), 3 to 2.
Time 1:06. Lady Rankin, Flying Wolf also ran.

FIFTH RACE—Six furlongs:
1. Ozer, 115 (Gross), 4 to 1.
2. Bob Lynch, 115 (Murray), 7 to 5.
3. Don Diego, 115 (Denny), 10 to 1.
Time 1:14 2/5. Jim Mac, Discontent, Pedro, Stortoff, Vanover and Lombard also ran.

SIXTH RACE—Six furlongs:
1. Gemma, 107 (Bosen), 7 to 10.
2. Faneuil Hall, 111 (Post), 10 to 1.
3. Light Knight, 111 (Robb), 4 to 1.
Time 1:12 3/5. Crow, Robb, Angelus and Ed. Rock also ran.

Varsity Opens With A Win Over McGill Basketball Squad

Varsity opened their intercollegiate basketball season yesterday afternoon when they defeated the fast McGill five, 20 to 21, on Varsity gym floor.

The game was one of the best seen here for some time and was fast at all stages. Team play and good shooting won for Varsity. The blue and white McGill team play was not so good.

The half-time score was 18 to 8 for Varsity. The teams lined up as follows: Varsity—forward, Preston, Bodey; McGill—forward, Jaffien, G. G. G., center, Baldwin; forwards, Burroughes and Kennedy.

Referee—Mr. Stafford, West End Y.

The Duluth Ensnip.

DULUTH, Minn., Jan. 19.—A to-day in the borough, Arthur Warner, an American named Richard Cooper, the referee stopped the bout in the fourth round, as Cooper's man was unable to continue. Both eyes of the American were closed when the referee put an end to the contest.

Skating Meet at Kenilworth.

The Kenilworth Aquatic Association will hold their first skating meet, on Wednesday night, Jan. 21, at Kenilworth rink. This meet is open to club members. Events will be: Half-mile (novice), one mile (senior), and pursuit race. Entries close Jan. 20.

Canada's famous winter sports are depicted in a galaxy of wonderful pictures in the half-tone Art Section of this week's Sunday World.

The Fourth Great Annual

AUCTION SALE OF Registered Draught Horses

Will be held this year as follows:

100 REGISTERED CLYDEDALES
TUESDAY, FEB. 27th, 1912

50 REGISTERED PERCHERONS
WEDNESDAY, FEB. 28th, 1912

At both the above sales we will offer animals, both imported and Canadian-bred, of all ages, from yearlings up to 10 years, including the famous "Foal." Included in the lot will be two carloads of Clydesdale Mares imported direct from Scotland.

It has been demonstrated there is big money in Heavy Draught Horses. This is the breeder's chance.

Prepare to attend Canada's Great Heavy Horse Sale.

Entry books for the Special Sales close Feb. 15, 1912.

J. HERBERT SMITH, Manager.

Winnipeg Cricketers Want Headquarters Of the C. C. A.

WINNIPEG, Jan. 19.—There was a large attendance of cricketers at a meeting last night in the city hall. It was decided that A. R. Morrison, the secretary of the W. C. A., should go east to again represent the west at the annual cricket meeting to be held in Toronto the latter part of February, by the Canadian Cricket Association. The meeting, which was first called for by the Western Canada Cricket Association, developed into a Winnipeg Cricket Association meeting, inasmuch as the W. C. A. was left to finance the whole affair.

It is on the cards that Winnipeg will make a hard fight for the headquarters of the Canada Cricket Association, which is at present being operated from the latter part of February by the Canadian Cricket Association. The securing of this will be a big thing for Winnipeg from a cricket point of view, for it means that this city will be the centre of Canadian cricket. The international matches will have to be held here, and the east-west match.

The entertainment of the cricketers will, of course, fall upon the western association, but this is a small item when one considers the good that will be done for the game in the west.

Hon. Hugh John Macdonald was in the chair and made a deal chairman. His individual interest in the game will do much to boost it along this season.

Balmly Beach Gun Club.

The regular weekly shoot of the Balmly Beach Gun Club will be held as usual, on their grounds, Eastern avenue, Saturday afternoon at two o'clock. All members and friends are requested to be on hand good and early. To-day will be "goat day." Come and enjoy the fun.

Officers' Indoor Baseball.

Queen's Own will be strong for their game with the Canadian team tonight at eight o'clock at the armory. The same at 8:30 between Grenadiers and Highlanders. The game will be a very close one, and it is expected that both teams are determined to keep up their winning streak and both are going strong.

Broadview Skating Meet.

It has been decided to add to the service skating meet to be held Jan. 25 a one-mile senior race open to club members. Entries close Jan. 23 at 6 o'clock at Broadview Y.M.C.A. Entrance fee will be ten cents for each race.

Last Night's Big Four Game.

Southern Press met the A. T. Reid Athletic Club in the Big Four Commercial League at Varsity rink last night. The game was the best seen in the league and resulted in a win for the undefeated Reid boys. After five minutes was played each way, in which the latter scored their winning goal, Reid, 5-2. The next game of the league will be played at Varsity rink between Southern Press and Adams Furniture Company, on Jan. 27.

W. R. Brock Co. v. Nisbet & Auld Co. hockey match at the Varsity Stadium is pictured in this week's Sunday World.

DANGERS IN THE STREETS OF NEW YORK.

Vehicle traffic killed 423 persons and injured 2004 others in the streets of New York City in 1911, according to the annual report of the National Highway Protective Association, recently made public. This is an increase of thirteen per cent over the fatalities of 1910, when 376 persons were killed and 339 injured.

Colonel Edward S. Cornell, the secretary of the association, is quoted in the New York Times as saying:

"In 1911 sixty automobile chauffeurs, according to our records, ran away and left their victims dead or injured in the street, thus escaping identification. The worst month was December. There were twenty-three automobile fatalities during December alone."

"There were 142 deaths and 1031 injuries due to automobiles in 1911, an increase of thirty-eight per cent over 1910. Trolley cars killed 108 persons and injured 694 persons. Wagons killed 12 persons and caused serious injury to 208. Many wagon accidents, of course, are never reported, while, because of the license number, accidents in connection with automobiles are reported in almost every case. Public taxicabs caused the death of only four persons through the entire year."

Of the 376 persons killed by vehicles in New York in 1910, 182 were children under sixteen years of age, according to the association's figures. Of these children fifty-four were killed by automobiles, thirty-three by trolleys and fifty-six by wagons. More adults, but fewer children, were killed by vehicles in 1911. The number of children killed by vehicles decreased seven per cent.

According to Colonel Cornell, the association will try to have a constitutional measure passed by the legislature which will fix the responsibility and liability of chauffeurs and drivers. The association will also try to increase the safety of the state roads by having local ordinances passed in various townships.

C. N. R. Wants to Cross City's Tracks.

The C. N. O. has made application to the city for the right to cross on the level the city's industrial spur south of Winchester-street. The city will object, however, because of the level crossing, and in all probability, the matter will go before the railway commission when they meet here on Feb. 8.

A woman thinks she eats more than a bird's just because it is ice cream and cake instead of potatoes.—New York Press.

ISAAC WATSON, Assistant Manager and Auctioneer.

"NERVOUS PEOPLE"

NOT SICK IN BED, YET HARDLY ABLE TO WORK EVERY DAY

I WANT TO TALK TO YOU

I want to talk to those who have aches and pains, who feel run-down physically, who realize that the old "fire" and energy which was so evident in youth is absent now; men who can't stand the amount of exertion they could years ago. I want you—if that means you—to come to me, and if I say that I can cure you I don't ask you to pay me until I DO so, if you give me reasonable security for the belt while you use it. That is fair, surely. You take no chances, as I know what I can do, and I'll run the risk.

No man should be weak; no man should suffer the loss of that vital element which renders life worth living. No man should allow himself to become less a man than nature intended him; no man should suffer for the sins of his youth, when there is at hand a certain cure for his weakness and loss of vitality.

Most of the pains, most of the weakness of stomach, brain and nerves from which men suffer are due to an early loss of nature's reserve power through mistakes of youth. You need not suffer for this. You can be restored. The very element which you have lost you can get back, and you may be as happy as any man that lives.

It is for men who open their eyes in the morning upon a world that looks blue and discouraging, for men who feel tired, despondent and out of luck; who have lost the fighting spirit—those fellows who have almost concluded that nothing is worth fighting for—who have pains in the back and who don't get rest from their sleep, and who wish that they were as strong as they used to be. It is all a matter of nervous energy—that is what ambition comes from—and that is what you can get from Dr. McLaughlin's Electric Belt. It is an invigorator of men.

It will make you strong. It will send the life blood dancing through your veins; you will feel the exhilarating spark warm your frame, the bright flash will come to your eye and a firm grip to your hand, and you will be able to meet your fellow man and feel what others are capable of doing is not impossible for you. This great appliance has brought strength, ambition and happiness to thousands in the past year.

What would you not sacrifice to feel as you did a few years ago; to have the same snap and energy, the same gladness, joyous, light-hearted spirit and the physical strength you used to have? You know you are not the same man, and you know you would like to be. You can be.

Dr. McLaughlin's Electric Belt makes you noble; it causes the nerves to tingle with the joyous exhilaration of youth; it fills the heart with a feeling of gladness, makes every thing look right, and makes the nerves like bars of steel. It has cured Nervous Debility, Weakness of every kind, whether in Nerves, Stomach, Heart, Liver or Kidney, Rheumatism, Pains in back and Shoulders, Sciatica, Lumbago, Indigestion, Neuritis, Constipation, Dropsy, and all troubles where new life can restore health. It does all this while you sleep by constant electricity, which is Nature's energy, into your nerves and blood. Electricity is life to the vital parts, when they are weak it will make them strong.

Dear Sir,—I wish to say that your Belt has done me more good than all the medicine I ever took. I used it every night for about three months, and now I can sleep good, and I can do my work as good as ever I did. I am only too pleased that I made up my mind to get your Belt. I have my permission to use this letter if you wish, as I will be only too pleased if it will help anyone to get a cure.

AT THE ROYAL. Gertrude Hoffman Next Week.

The big sweep of the Gertrude Hoffman Ballet Russe, which opens a week's engagement Monday night at the Royal Alexandra, is adequately described in this paragraph by a New York critic: "From the serpentine, creeping, vice-stepped, sin-haunted Cleopatra, poisonous as the goblet she hands the archer...

"Excuse Me." Everybody in New York is saying "Excuse Me" now, and when they do they laugh. Funny, isn't it, that a seeming apology should be a laugh? But there is an excuse, and that is so funny it causes the laughter. The excuse is "Excuse Me," the Rupert Hughes farce that Henry W. Savage has written for the Royal Alexandra Theatre the week of Jan. 23. Here is a play that is a train load of laughter running 2000 miles and for four days. It is the merriest play imaginable, the kind that everybody enjoys, a lightning express of laughter. Small wonder that New York exploded with glee at it for nine months while it ran at the Gaiety Theatre and titters now at the very mention of it. There is an excuse for excessive laughter in "Excuse Me," the farce that takes place on a railroad train between Chicago and Reno.

AT THE GRAND. "The Traveling Salesman," that pleasing comedy by James Forbes, will be the attraction at the Grand next week for the first time here at less

Scene from "The Traveling Salesman," at the Grand next week.

than dollar fifty prices. Henry Harris is sending a cast of uniform excellence to play the familiar roles. Among them are Shep Camp as the round and slangy Bob Blake and Faith Avery as the sympathetic Beth Elloit, the local telegraph operator, whose property is involved for taxes.

AT SHEA'S. Irene Franklin Coming. At Shea's Theatre next week the bill will be headed by that charming comedienne, Miss Irene Franklin. She is without question America's cleverest comedienne and most versatile character artist. She will be assisted by Bert Green, who has collaborated with Miss Franklin on her delightful songs. The special feature for the week will be Ray L. Royce, character comedian, late star of "York State Folks."

Included in next week's bill are such well known favorites as Ashley & Lee, Middleton Spellmyer & Co., Three Escardos, Snyder & Buckley, Max White, Melody Lane Girls, and the Kinetograph.

AT THE STAR. "The Whirl of Mirth." "The Whirl of Mirth" Company, featuring Eddie B. Collins, the man with

WEEK STARTING JAN. 29, Seats Ready Monday. THE LAUGH WILL BE UP TO YOU! EXCUSE ME. Report Hughes' Comedy in Pullman Car Loads. 9 MONTHS IN NEW YORK 6 MONTHS IN CHICAGO.

"Mayor of Laughland," will appear at the Star this week in a two-act musical farce, called "Dooley's Reception." The principals of the company are particularly noteworthy as artists in their field and the scenery and costume equipment are lavish and magnificent.

AT THE GAIETY. Whirl of Pleasure. Not only have the producers furnished an excellent book, as well as beautiful scenery and costumes, but never before was there gathered in a burlesque organization so remarkable a cast of funmakers and singers as those embraced in the personnel of the "Whirl of Pleasure," which comes to the Gaiety next week.

AT MASSEY HALL. Slezak Next Wednesday. According to competent authorities, Leo Slezak, the eminent Czech tenor of the Metropolitan Opera, who is to sing with the Symphony Orchestra on next Wednesday, is one of the finest dramatic tenors that ever visited this country, and his success in the great Wagner roles has been little short of phenomenal.

AT SHEA'S. Irene Franklin Coming. At Shea's Theatre next week the bill will be headed by that charming comedienne, Miss Irene Franklin. She is without question America's cleverest comedienne and most versatile character artist.

CHIROPRACTIC. A course of adjustments covering one month, \$15. 33 Bloor East. For further information apply.

PORT PERRY, Jan. 20.—Mr. and Mrs. Thos. Stenphenson, who celebrated their golden wedding, have their portraits in this week's Sunday World.

Mlle. Cochlin in "Les Sylphides," with Gertrude Hoffman at the Royal Alexandra, week of Jan. 22.

ULTIMATUM TO PREMIER YUAN

Manchus Must Abdicate, and Capital Be Established Elsewhere Than at Peking.

NANKING, Jan. 18.—(Can. Press)—A most important step was taken by the republican government to-day when it telegraphed an ultimatum to Premier Yuan Shi Kai at Peking.

The terms of the document are very drastic and are substantially as follows: "In the first place the abdication of the throne and the surrender of the sovereign powers are demanded.

"In the second place no Manchu may participate in the provisional government of China.

"In the third place the capital of the provisional government cannot be established at Peking.

"In the fourth place Premier Yuan Shi Kai cannot participate in the provisional government of China until the republic has been recognized by the foreign powers and the country has been restored to peace and harmony.

"To-day's decided action by the republican government is due to Premier Yuan Shi Kai's demand that Dr. Sun Yat Sen resign the presidency.

"I am convinced that a republic is not only practicable, but that it would be the best thing for China. Those asserting otherwise know nothing about the Chinese.

"No outside meddling. "China cannot permit outsiders to dictate her form of government. This republic is now an established fact. Nothing can awe me from what I consider my duty to my fellow countrymen.

"Undoubtedly the best thought of China unanimously supports the republic. There is no question of north and south. I am firmly convinced that the people of eighteen provinces are in favor of a republic.

"We are now confident of the righteousness of our cause and of the superiority of our military strength. If Yuan Shi Kai persists in obstructing our arms will be ordered to march northward."

Ask Foreign Recognition. NANKING, Jan. 19.—The Republican government to-day sent an appeal to the powers for recognition. This took the form of a circular, which was sent to London, Washington, Tokio, Paris, Berlin and St. Petersburg, and was signed by Wang Chung Wei, the foreign minister of the Republican cabinet.

The terms of the circular are as follows: "The Manchu Government having entered into negotiations with the Republic of China for the purpose of abdicating its entire sovereign rights, powers, and privileges, we reverently pray for recognition in order to avoid a disastrous interregnum.

"(Signed) Wang Chung Wei, Foreign Minister."

Sunday tobogganing, the regulation of apartment and tenement houses, and the intake pipe situation were the chief questions discussed at the meeting of the board of control yesterday morning.

City Solicitor Johnston reported that the city had a right to prohibit the use of the High Park slides on Sunday. He based this report upon the fact that the courts had upheld the bylaw which was passed in 1901 prohibiting preaching in the city's parks.

Several real estate dealers appeared before the board, asking that the city seek power from the legislature to restrict the building of apartment houses in certain residential districts, and also to restrict the erection or alteration of any house for any other purposes than that of a dwelling for one person and his family.

City Engineer Rust asked the board to authorize his stopping the concrete work on the intake during the severe weather. He wanted to make as much progress as possible in the work of driving the sheet piling along side that 50 feet of the pipe which was unprotected. He explained that it was questionable whether the concrete work done under the present conditions would be of any value.

GOES TO KINGSTON Y.M.C.A. Assistant Physical Instructor Gordon Thompson of the Central Y.M.C.A. has accepted the position as physical instructor at the Kingston Y.M.C.A., and will leave Toronto about the first of next week.

Mr. Thompson has been with the central association since last fall, and was well liked as an instructor. On Monday evening there will be a musical evening at the central association, and the building will be thrown open to members.

IN RACE WITH ICE FLOES. GLOUCESTER, Mass., Jan. 19.—(Can. Press)—All of the Gloucester fishing vessels, comprising the fleet in Newfoundland waters, have started for home, according to information received here to-day. Following the news received yesterday and the day before regarding the successful dash for liberty made by the eighteen schooners which had been imprisoned by ice in Bay of Islands, despatches from Newfoundland to-day stated that the seven vessels which had been shut up in Bonne Bay struck out into the open sometime yesterday and began a hazardous race with the ice down the west coast of Newfoundland.

Watch Men and Grow

Do you want a better job this coming summer? Would you like to get a good position where wages are high and living is cheap? If so, drop us a card to-day for our FREE illustrated circular about the fastest growing town in Eastern Canada, where 2000 men will be needed this summer in the new factories being built.

We are not an employment bureau, but we may be able to help you get a better job.

Write us to-day, giving name, address and occupation.

MASSEY-HARRIS SHOPS CLOSE DOWN FOR WEEK

"We have closed our Toronto factory for a week" was the announcement made by Thos. Findley, assistant general manager of the Massey-Harris Co. to the World last night.

"The shut down is only temporary, and we do not expect it to be for more than a week."

Mr. Findley said that this was the first time the factory had found it necessary to close thru overtakeing the warehouse capacity.

The men were given but a half day's notice, the Massey-Harris Co. works would be closed till Jan. 29 being posted on the boards yesterday noon.

Progress and Recklessness. This is a generation that has far too little insight into the meaning of its own institutions. It has forgotten how much blood and iron went into the making of the liberties which it inherited and which cost it nothing.

It regards itself as the Fathers and the Prophets. It thinks it has nothing to learn from the past and that the history of the human struggle for freedom carries no lesson to this century.

Anything like constitutions or courts or precedents which stand in the way of its immediate will is regarded as an obstacle to progress.

New York World.

You May Have Catarrh And Not Know It

HEAD AND THROAT BECOME DISEASED WITH CATARRH FROM GRAFTING COLDS AND COUGHS.

Catarrh is Treacherous—When Fully Developed is a Horror—Note its Symptoms.

"Is your breath bad?" "Is your throat sore?" "Do you cough at night?" "Is your voice hoarse?" "Does your nose stop up?" "Have you nasal discharge?" "Has your nose an itchy feeling?" "Have you pain across the eyes?" "Is your throat irritable, weak?" "Do you sleep with mouth open?" "Are you subject to sneezing fits?" "Do your ears roar and buzz?" "Are you hard of hearing?"

If you have any of these indications of Catarrh, cure the trouble now—stop it before it gets into the lungs or bronchial tubes—then it may be too late. The remedy is "Catarrhose," a direct breathing cure that places antiseptic balsams and healing medication on every spot that's tainted by catarrhal germs.

There can be no failure with Catarrhose—for years it has successfully cured cases that resisted other remedies. "No one can know better than I, the enormous benefit one gets from the very first day's use of Catarrhose," writes T. L. Hopkins of Westvale, P. Q. "I had for years a stubborn case of Bronchial Catarrh, nose, head, chest, eyes, stopped up nose and throat. It affected my appetite and made my breath rank. Catarrhose cured quickly."

Get Catarrhose, use it, and you are sure of cure—be aware of imitations and substitutes. Large size Catarrhose, with hard rubber inhaler, lasts two months, and is guaranteed. Price 10¢ at all dealers, or the Catarrhose Co., Buffalo, N.Y., and Kingston, Ont.

Caradoc Roberts, on whom Oxford recently conferred the degree of Doctor of Music for an oratorio, worked at a carpenter's bench only a few years ago.

Shorts in Hollinger Run to Cover--Shares Up to 16 Dollars

Hollinger Makes a Sharp Spurt But General List is Apathetic

Big Porcupine Issue Soars Once Again, But Smaller Stocks Fail to Respond--Nipissing Scores Advance.

World Office, Friday Evening, Jan. 19.

An advance of about a dollar per share in Hollinger, inspired by bullish anticipations of the report to be submitted to the directors, who are meeting at the property this afternoon was the feature of the local mining exchange to-day. Elsewhere in the list changes to-day, however, were about on a par with yesterday, and at the close quotations outside of some slight shading, showed comparatively little alteration.

The idea was general in the market that much of the demand for Hollinger represented the efforts of short traders to cover their contracts. The recent advance in the Porcupine list has undoubtedly led to the taking on of numerous short commitments by the bear interest, and the vulnerable position of that side of the market was plainly shown to-day by the easy manner in which the Hollinger rise was brought about. The top for the day was \$14.00.

Small Price Changes.

There were decidedly few price changes of any appreciable account in the general mining list. Stocks were in a fall demand throughout, but there seemed to be a sufficiency of securities on offer to take care of the buying and selling of this account no definite trend to prices developed.

The weak feature of the list was Crown Chartered, which sold down to a new low record at 9 1/4, loss of four points for the day. The selling was accepted as the closing out of a large account made necessary by the recent brokerage failure. A sale of Big Dome was made at \$20.50, or 1/4 below the last transaction.

The market during the last few days has shown signs of recovery from the recent depression, and while sentiment is still inclined to be apprehensive at indications point the fact that conditions are rapidly righting themselves.

The feature of the Cobalts was Nipissing, which sold up 10 points to \$6.80, and closed higher at that figure, with bids of \$6.70 in evidence.

VIPOND AT SECOND LEVEL.

Porcupine, Jan. 16.—Drifting has been started on the No. 3 vein at the Vipond at the 200-foot level. C. H. Politer, the manager, would not say the exact values that are being obtained at this level, but the vein, he said, is 28 feet wide and looks very good. One hundred feet of drifting has been done on No. 3 vein, and the cross-cut shaft is now 126 feet away from the shaft.

STAMP MILL AT MINTYRE.

Porcupine, Jan. 15.—All the machinery for the McIntyre mill is on the ground and the foundations for the heavy pieces are practically completed. The work of construction of the mill building will now be pushed with all possible speed, and W. Cooper, manager, has ordered Toronto to hasten the shipment of equipment for the mining operations.

The Timiskaming Rumpus.

MONTREAL, Jan. 19.—A meeting of Timiskaming shareholders, residents of Montreal, was held yesterday afternoon, and a resolution was carried authorizing Messrs. G. A. Slater and T. K. Dickinson to be their representatives at the annual meeting, in Toronto, Feb. 17, and to call for proxies to be voted in favor of a new board of directors.

Free Gold at One Hundred Feet.

Porcupine, Jan. 16.—At the 100-foot level the Little Pet has come into a quartz vein about 3 1/2 feet wide which shows the vein heavily impregnated with sulphides and it carries free gold in spectacular quantities.

SHAFT DOWN AT 150 FEET.

Porcupine, Jan. 16.—A depth of 150 feet has been attained in the No. 2 shaft of the McEnaney, and sinking will be continued to the 300-foot level. At 200 feet a station was drilled and sinking will be resumed. In No. 4 shaft cross-cutting east and west is in progress from the 75-foot level along the line of the Hollinger property.

CURB BROKERS OF NEW YORK.

WALL STREET, Jan. 19.—It is the favorite remark of most Wall-street men passing the curb to say "It won't meet." It is not generally known that, even in these bad times, the 200 registered curb brokers enjoy an income averaging \$3000 annually net, and that during the good period of 1907-7 curb brokers made from \$10,000 to \$15,000 a year. Since the end of 1906 at least 60 curb brokers have gone to the board, and out of these over half paid among the high prices for their seats.

COBALT MINES ARE BY NO MEANS DEAD

Camp Will Yield Considerable Silver For Many Years to Come.

In his review of the mineral output of Ontario in 1911, Thomas W. Gibson, deputy minister of mines for Ontario, speaking of this record-breaking product of the Cobalt mines in 1911 asks how long Cobalt will maintain the pace? While it is quite possible, he continues, that the climate of production may prove to have been reached in 1911, the indications are that for many years to come the Cobalt mines will be yielding silver in considerable quantities.

Naturally the phenomenal richness of first obtained in the Cobalt mines, the evidence being that no means worked out, and more and more dependence is being placed on the low-grade concentrating material.

This is shown by the fact that while the aggregate tonnage of shipments from the camp was less than in 1910, the shipments of concentrates increased from 874 tons to over 9000 tons. Some of the high-grade ores are also being refined on the spot. After reviewing the production of bullion in the camp he comments on the fact that the tendency towards the final treatment of ores in the camp, or at least in the province, was a strongly marked feature of the operations of 1911.

Will Deposit Shares AS DIRECTORS ORDER

Canadian Locomotive Differences Have Been Cleared Away—Amelius Jarvis Co.'s Statement.

Another circular letter on the rumpus in Canadian Locomotive affairs has been received. It bears the signature of Amelius Jarvis & Co. and William Hartly, the contending parties in the dispute.

The circular says in part that the only matters involved which are of interest to the shareholders of the company are the question as to the 1000 shares of common stock which Messrs. Jarvis & Co. agreed to deposit in trust for the purpose of the company's debt, and the question as to the 1000 shares of common stock which Messrs. Jarvis & Co. agreed to deposit in trust for the purpose of the company's debt, and the question as to the 1000 shares of common stock which Messrs. Jarvis & Co. agreed to deposit in trust for the purpose of the company's debt.

Church Annuls Marriage

Woman Who Married Cousin Will Secure Liberty She Seeks.

MONTREAL, Jan. 19.—The marriage of Dame Anne Meunier vs. F. X. Blanchet comes again before the court. A month ago she made application to have the marriage annulled. The two Catholic priests, who were officiating at the ceremony, were called to the witness stand, and the court found in favor of the plaintiff.

Electrician Killed by Falling to Basement

Losing his balance while at work on a ladder on some new houses at Lanedowne and Wallace-avenues yesterday morning, Frank Watson, 17 years, an electrician, living at 281 Concord-avenue, slipped and fell 15 feet into the basement. His head struck a beam, and he was almost instantly killed. His skull was fractured, and his neck was broken.

Safe Blowers at Brockville.

BROCKVILLE, Jan. 19.—(Can. Press).—Burglars blew open the safe of the office of the Thousand Island Mineral Water Company during the night of Jan. 18 and several cheques for small amounts. An ivory box containing jewelry belonging to the wife of the proprietor and valued at \$500 was overlooked.

Canadians Are Honored.

Market

Market Takes Turn for Better And Wheat Closes at an Advance

Apprehension Over Conditions in West and Argentine Lift Wheat Fit Out of Depression—Corn and Oats Firmer.

CHICAGO, Jan. 19.—Talk of an alleged shortage of 8,000,000 to 100,000,000 bushels in May wheat here gave a strong tone to the market to-day in the last hour. As a result, closing figures ranged from last night's level to 1-3/8 to 1-1/2 up. Corn was 1-3/8 off to 1-3/4 advance; oats a shade to 1-3/8 higher, and hog products 1/2 to 1/4 decline.

Statements that the chief speculative option in wheat has been a long time in the market, and that Chicago traders originated with a widely known dealer in cash grain. It was pointed out by his estimate, if correct, would mean that more than the entire visible supply in the United States had been hedged here. A good-sized decrease in stocks at Minneapolis acted also as an aid for the bulls.

Bad Weather in Argentina.
Unfavorable weather in Argentina had a similar effect, and so did reports of demand at Liverpool for Pacific coast wheat. Early in the session, however, the market suffered some depression owing to a forecast of larger world shipments, and because of growing indications that the Argentine railway strike would soon be settled, and grain moving again in a normal manner. The dip in prices, though, was only of a temporary sort, the ensuing bulge holding out fairly well the rest of the day. Quotations for May wheat between 97 7/8 to 100 1/2, with last sales \$1.00 1/4, a gain of 1-3/8 to 1-1/2 net.

Demand for Corn.
The demand which absorbed a great deal of corn came from the sources where selling has chiefly developed of late. Buying at a moderate level, with the railroads, despite milder weather, would be unable to handle country shipments of wheat. The price of May fluctuated from 65 3/4 to 66 3/4, with the close 66 1/2, just the same as last night. Cash grades were only in moderate request.

Altho oats followed corn, the firmness was not so robust as it might have been.

Northwest Receipts.
Receipts of wheat in cars at primary centers were as follows:

	Week Ago	To-day	Wk. Ago
Chicago	100,000	100,000	100,000
Duluth	100,000	100,000	100,000
Minneapolis	100,000	100,000	100,000
Winnipeg	100,000	100,000	100,000

European Markets.
The Liverpool market closed to-day on wheat unchanged to 1/4 lower than yesterday, and corn advanced. Paris wheat closed 1/4 to 1/2 higher, Berlin 1/2 higher, Antwerp 1/2 higher, and Budapest 1/2 higher.

Winnipeg Inspection.
Winnipeg receipts of wheat to-day graded as follows: No. 1 northern, 4 cars; No. 2 northern, 3; No. 3 northern, 2; No. 4 northern, 1; No. 1 southern, 2; No. 2 southern, 3; No. 3 southern, 4; No. 4 southern, 5; No. 1 extra, 1; No. 2 extra, 2; No. 3 extra, 3; No. 4 extra, 4; No. 1 feed, 1; No. 2 feed, 2; No. 3 feed, 3; No. 4 feed, 4.

Argentine Shipments.
The weekly Argentine shipments, with usual comparison, follow:

	This Wk.	Last Wk.	Last Yr.
Wheat	100,000	100,000	100,000
Corn	100,000	100,000	100,000

The visible supply in the Argentine chief ports this week was 100,000 bushels, against 100,000 bushels a week ago, 100,000 bushels a year ago, and 100,000 bushels two years ago.

World's Estimates.
Broomhall estimates wheat and flour

shipments for the week exclusive of North America, 100,000,000 bushels, against 100,000,000 bushels last week. Of this, Europe will take about 40,000,000 bushels. Arrivals of breadstuffs into the United Kingdom will aggregate about 4,000,000 bushels. He predicts moderate changes on passages. Total shipments last week, 1,000,000 bushels, and last year 1,000,000 bushels.

Wheat—Wheat shipments, 600,000 bushels, against 1,000,000 bushels last week, and 1,000,000 bushels last year. Estimate next week, 700,000 bushels.

Australia—Wheat shipments, 1,000,000 bushels, against 1,000,000 bushels last week, and 1,000,000 bushels last year.

Primitives	To-day	Wk. Ago	Yr. Ago
Wheat	100,000	100,000	100,000
Shipments	100,000	100,000	100,000
Receipts	100,000	100,000	100,000
Wheat	100,000	100,000	100,000
Shipments	100,000	100,000	100,000
Receipts	100,000	100,000	100,000
