MRS. LEIGH IS GIVEN HER LIBERTY

Suffragette Who Was Sentenced to Five Years in Irish Prison for Throwing Hatchet at Redmond, Secured Conditional Freedom by Steadfastly Refusing Nourishment.

DUBLIN, Sept. 20.—(Can. Press.)—Mrs. Mary Leigh, the suffragette, was released from Mount Joy prison today on account of ill-health, due to her refusal to eat and having to be forcibly fed. Mrs. Leigh was sentenced Aug. 7 to five years' imprisonment on a charge of having wounded John Redmond, leader of the Irish parliamentary party, with a hatchet which she threw at Professor Aquil's carriage during the visit of Mr. Aquil to Dublin. Shortly after her incarceration, Mrs. Leigh announced her determination to refuse to partake of food, and the prison officials resorted to the drastic measure of administering nourishment thru a tube. When Mrs. Leigh was brought out of the prison hospital in an invalid chair, she was in an emaciated condition. According to a suffragist journal published here, her condition was becoming desperate. The order for the woman's release gave her her freedom "on license."

CAUSE MUST WIN.

LONDON, Sept. 20.—(Can. Press.)—Mrs. Pankhurst, the suffragette leader, in an interview here tonight concerning the release of Mrs. Leigh from prison in Dublin, said that she could not understand what was meant by the words "on license," but that nevertheless Mrs. Leigh's release was proof that the government was powerless, even by methods of repression to resist the claims of women to the right of suffrage.

Wilson Pleased With His Tour

COLUMBUS, O., Sept. 20.—(Can. Press.)—Twelve hours did Gov. Woodrow Wilson spend in Columbus today, but in these hours he tonight completed the formal opening of the Democratic campaign in Ohio, a luncheon with Gov. Harmon, Representatives James M. Cox, the Democratic candidate for governor, and state leaders and a series of speeches and receptions. It was a strenuous windup to the presidential nominee's first week of consecutive campaigning. As he started back to Sea Girt, N.J., tonight, he said he was more than satisfied and pleased both with the thrill of campaigning and the enthusiastic greetings he had received.

BRYAN GRILLED BY ROOSEVELT

Denies Charge That Progressives Stole Democratic Platform—Wouldn't Accept as Gift.

OMAHA, Neb., Sept. 20.—(Can. Press.)—A defence of his action in quitting the Republican party and taking the lead in the formation of a new party was made today by Col. Roosevelt. He spent the day in Nebraska and traveled leisurely across the state, with a speech at every stop. He spent three hours this afternoon at Lincoln and the evening in Omaha.

At Lincoln he spoke at the auditorium. A number of students from the University of Nebraska greeted the colonel with college yells.

"Col. Roosevelt turned to the Democratic party, speaking of Wm. J. Bryan and criticizing the position of Gov. Wilson.

"One of the prominent features of this campaign," he said, "has been that Mr. Bryan has said we have stolen our issues from the Democratic platform. Stolen the Democratic platform? I would not have it as a gift." Col. Roosevelt said Gov. Wilson had proposed a platonic attachment to the Progressive platform, but that by his utterances and his party's platform he was wedded to a theory of government which would make it impossible for him, if he were elected, to carry out the progressive principles.

LAURIER'S NORTHERN TOUR CONCLUDED AT COCHRANE NOT BRILLIANT SUCCESS

Opinions Apart From That at Cobalt, Not so Enthusiastic Whole as Had Been Anticipated—Ill-advised Made by Hon. Mr. Murphy Coldly Received

(By Special Toronto Correspondent.)
COCHRANE, Sept. 20.—Sir Wilfrid Laurier and his party filled the last engagement of their Northern Ontario tour here today. The reception tendered to them in the morning was hardly sufficiently demonstrative to satisfy the local committee. In fact the evidence of party affection by the electorate in Northern Ontario during the past four days cannot be considered as substantiation for the claims of party leaders that they have made an appreciable quantity of political capital.

Altho large crowds attended the meetings at Halleybury and Cochrane, their actions did not bespeak wholehearted support. Of course the majority of people residing at Sturgeon Falls are of French extraction, which may be included in the reasons for the augmented attendance at the meeting. It was Sir Wilfrid's reputation and his personality rather than the questions discussed that brought them out.

On the other hand, the vindictive criticisms of the present administration were certainly received with lukewarmness, and some local men, prominently connected, resented the Hon. Charles Murphy's personal and vehement attacks upon the present cabinet minister, while others characterized Hon. G. P. Graham's account of the Canadian Northern Ontario deviation as unbecoming. They state they were aware of the fact that the Mackenzie interests had never entertained the idea of deviating their tracks for that purpose.

Cobalt Bright Spot.
Cobalt did give Sir Wilfrid Laurier an excellent welcome, and the committee here and Halleybury consisted of men of all shades of opinion, who welcomed him with one accord, but who returned for such courtesies was an attack on their own political leaders for actions taken in trivial matters.

"The special factor is very strong in Coleman Township, and if it can be proven that the Conservatives have lost ground, it is because the Ontario

HYDRO POPULAR IN BEAVERTON

Enthusiastic Rally of Supporters Held in Town Hall — Officers Elected

BEAVERTON, Sept. 20.—A largely representative and enthusiastic meeting was held in the town hall here this afternoon, for the purpose of promoting hydro-electric power in the district.

Mayor Geary of Toronto ably addressed the meeting on the Hydro-Electric Commission and its workings. Speeches were also given by H. S. Cameron, Wm. A. Robinson, T. A. Wilson and others. The following officers were elected:

President, Adam Dobson, Cannington; vice-presidents, reeves of Brock, Cannington, Beaverton, Thorah, Mara, Rama, Woodville, Eldon, Georgina, Sunderland and Brechin; secretary, Wm. A. Robinson, J.P., Cannington; treasurer, J. Cave, Beaverton; committee to work with the executive committee, Wm. Newman, Lorneville; H. S. Cameron, Stephen Furniss, R. E. Gunn, J. J. Cave and A. W. Talbot of Beaverton, Jas. A. Parliament of Brock, Mark Harris of Brechin, and M. Stoddart of Woodville.

WESTMAN'S BODY FOUND

Inquest Opened Into Drowning of Young Bank Clerk.

The body of Arthur Westman, 19-year-old bank clerk, who was drowned Thursday night off the pier at the Western Gap, was recovered by Matt Aykroyd yesterday morning and was removed to the morgue. Coroner Dr. Pickering opened an inquest in the afternoon and adjourned it until Sept. 30 without hearing any evidence.

Longshoreman Killed by Fall

MONTREAL, Sept. 20.—(Can. Press.)—Joseph Godin was killed and Joseph Richer and Ovide Legault, all longshoremen, were seriously injured on board the Canada line steamer Pallanza today when a gangway slipped and they fell into the hold of the ship.

Call Halt on Armament.

CHEMNITZ, Saxony, Sept. 20.—(Can. Press.)—The Social Democratic Congress today adopted a resolution looking to the termination of the international armaments competition. The resolution declares that the present rivalry among the nations threatens the peace of the world and is driving humankind towards a frightful catastrophe.

WANT A PARK IN EAST END

Residents Will Ask Council to Purchase Land Immediately North of Munro Park.

Ward One wants a new park and will petition the council for the same. A petition is now in circulation among the residents of the ward. The council will be asked to purchase a parcel of land situated immediately north of the old Munro Park, comprising about 15 acres, 250 feet fronting on Queen street and running northward about 2000 feet to a point a short distance south of the Kingston road. To the south of Queen street there is a vacant strip of land, which was part of Munro Park, and has an outlet to the lake front. This land is a beauty spot and particularly adapted for park purposes. The petitioners believe that now is the time for the city to buy, as a number of speculators have evinced a desire to get hold of the land, and the owner has only recently considered a scheme of dividing it into city lots.

OLD SURVEYOR PASSED AWAY

William Rose Rombough, Who Surveyed the Counties of Grey and Bruce, is Dead, Aged 91.

The oldest Dominion land surveyor in Canada died last night in the person of William Rose Rombough, aged 91 years, at the home of his daughter, Mrs. David Hunter, 77 Grenville st. Mr. Rombough had been in failing health for some time, death being due to old age. He came to Toronto about 12 years ago from Durham, Ont., where he had lived for a great many years. In early life he was probably the best-known surveyor in the employ of the government. Two of his greatest tasks were the surveying of the Counties of Grey and Bruce about half a century ago. He retired from active work 20 years ago. Those who survive him are: his wife, two sons, John B. of Baltimore and Marshall A. of Vancouver, and four daughters, Mrs. Van Norman, Vancouver, Mrs. F. A. Collins, Winnipeg, Mrs. E. J. Cole, Niagara Falls, N.Y., and Mrs. David Hunter, Toronto. The funeral takes place to-day at Mount Pleasant cemetery on Monday.

HON. S. HUGHES AT BANQUET

Lord Roberts, Lord Kitchener and Other Leading Military Men Were Present.

LONDON, Sept. 20.—(C.A.P.)—Col. Seeley, secretary of state and war, and the army council entertained at dinner last night officers of the force of the overseas dominion, foreign military attaches and representatives of foreign countries who attended the recent manoeuvres.

Canada was represented by Col. Sam Hughes. Others present included Lord Roberts, Lord Kitchener, Lord Lansdowne, Gen. Ian Hamilton, A. J. Balfour and other distinguished personages.

Earlier in the day Col. Hughes and other Canadian officers visited the establishments at Coventry and ordnance works. Col. Hughes spent several hours inspecting the works and studying the methods of manufacture of modern naval and military armaments, and was much interested in what he saw. He has devoted much time and energy to obtaining a thorough knowledge of this subject since he arrived in England.

COVENANT STIRS LONDONDERRY'S ARDOR

Sir Edward Carson, Given Remarkable Reception by Orangemen of Historic City, Declares Solemn Compact is Devoid of Fireworks.

LONDONDERRY, Ireland, Sept. 20.—Sir Edward Carson, former solicitor-general for Ireland, today continued his campaign in the Province of Ulster against home rule for Ireland. He was the recipient of a remarkable ovation when he arrived here from Belfast, in which city and vicinity he addressed several meetings yesterday. Cheering crowds lined his route from the railway station to the Guild Hall, a distance of two miles, while others formed in procession and escorted him to his destination. The streets were gaily decorated for the occasion.

The enthusiasm culminated tonight in a big demonstration at the Guild Hall, at which the Duke of Abercorn presided. Sir Edward in the course of his speech stated the covenant which all the Ulster Unionists would sign on Sept. 28, pledging themselves to stand together "in defending our cherished position of equal citizenship in the United Kingdom and in using all means which may be necessary to defeat the present conspiracy to set up home rule in Ireland." He had disappointed the radicals because of its moderation. It was a solemn document, the speaker added, no fireworks having been permitted to creep into it.

SPECIAL PRAYERS IN IRELAND

ARMAGH, Ireland, Sept. 20.—(Can. Press.)—Most Rev. John Baptist Crozier, primate of all Ireland of the Church of England, has designated next Sunday and the days following it, including Saturday, Ulster Day, as "days for special intercession and prayer on behalf of our beloved native land." During the week the following special collect will be read:

"Deliver us, we pray Thee, from these great imminent dangers that threaten the welfare of our church and country. Grant that all that is said or done this week may tend to the glory of Thy great name and the welfare of the church and people, so that truth, justice, religion and piety may be established among us for all generations."

TORONTO MAN FATALLY HURT

Fred Carruthers Fell Under Train at Hamilton, Both Legs Being Cut Off.

(By Staff Correspondents).
HAMILTON, Saturday, Sept. 21.—Fred Carruthers, 383 Woodville avenue, Toronto, was probably fatally injured last night when he fell underneath the C. P. R. passenger train from Toronto, quailers at 8:10 o'clock. Carruthers, who is employed as a C. P. R. brakeman, but who was a passenger on the train, attempted to get off at the junction switch, when his head caught in the step and threw him underneath the cars.

TITANIC'S TWIN CANCELS TRIP

LONDON, Sept. 21.—(Can. Press.)—The White Star Line has cancelled future sailings of the steamer Olympic, says the correspondent of The Chronicle at Southampton. He adds that, on the return of the Olympic from New York early in October she will be sent to Belfast, where she will be fitted with an inner skin and additional bulkheads. This work, it is said, will occupy six months.

Australia's High Regard for U.S.

NEW YORK, Sept. 20.—(Can. Press.)—Australia's feeling of cordial friendship for the United States was testified to today by Sir George H. Reid, former premier and now high commissioner for Australia, who was the guest of honor at a luncheon given by the Merchants' Association here. Altho 75 per cent. of Australia's imports were from the British empire, the high commissioner noted in his address, he expressed gratification that the trade of his continent with the United States was a large one and that the feelings of the Australian people for the people of the United States were those of the most genuine affection.

GRAIN BLOCKADE IS THREATENED

Sir Thomas Shaughnessy Admits That Continuance of Wet Weather Will Prove Serious.

WINNIPEG, Sept. 20.—(Can. Press.)—Sir Thomas Shaughnessy, president of the C.P.R., arrived here this afternoon after making a thorough inspection trip over the western lines as far as Vancouver. With him were George Bury, vice-president and general manager of the western division, and K. G. Sullivan, chief engineer. "I am delighted with all I have seen in the west," said Sir Thomas. "I find development and progress everywhere. However, this continued wet weather is very unfortunate, as it is delaying the crop movement. We have cars distributed throughout the west waiting for the grain movement to start. The transportation situation this fall all depends on weather conditions. If it clears up there will be no great danger of a blockade on our lines, but if it remains wet, it will be bad."

Scientific Mining.

Scientific mining and the treatment of low-grade ores by customs and mines mills and the expenditure of large sums of money in the erection of same evidence the faith of mining men in the camp's permanence. While the number of new shippers is by no means startling, there are "new shippers" and money can now be got for development work on any well-located prospect where the men who put up the money can assist in it.

G.T.R. AHEAD OF RAILWAY BOARD

Company Starts Building Spur Line to Which Whittby People Object Without Getting Permission.

WHITBY, Sept. 20.—(Special.)—Men and teams employed by the Grand Trunk Railway started this morning laying a spur to the Ontario Hospital for the insane on the route to which objection had been made to the Board of Railway Commissioners for Canada. On account of its entailing a level crossing on the only streets over which the approach can be had to the institution, an alternative route is proposed that altogether avoids this objection.

STOLEN BILLS ARE RECOVERED

Portion of Missing Bank of Montreal Loot Unearthed, But Bandits Baffle Pursuers.

CHICAGO, Sept. 20.—(Can. Press.)—Part of the \$272,000 loot robbers long ago got from the Bank of Montreal at New Westminster, B. C., has been recovered by Chicago police. How much money was found the police refuse to say, but it is estimated the amount would run into the thousands. It was said the money was in Canadian bills of large denomination. Capt. John J. Mahoney and Lieut. Bernard J. Burns, who will be required to answer charges preferred by Chief McWeene before the civil service commission for permitting the bank bandits to escape, returned to the city today; they went on a furlough shortly after their unsuccessful attempt to capture the thieves and returned before the expiration of their leave of absence.

COBALT MINING PROFITABLE FOR YEARS

Many Properties Which Have Been Idle or Worked in a Half-Hearted Manner for the Past Two Years Are Now Being Opened Up, and Revival Has Started.

(Special Correspondence to World.)
COBALT, Sept. 19.—There may be and undoubtedly are weak spots today in Cobalt camp, but a careful inspection of its mines and "near mines" and a general survey of the Townships of Coleman and Lorraine and the Elk Lake and Gowdanna districts compel even the pessimist to admit that profitable mining will be carried on for many years in all these districts.

Cobalt's production may decrease in tonnage but few can be found willing to predict that the values will decline for some years. Cost of production is still low and dividends for many years are still in sight.

The "mining boom" is now on, as evidenced by the opening up of many properties which have been idle or have been worked in a half-hearted manner for the past two years.

The success of Cobalt Townsite and Casey Cobalt have created an interest in London in the camp. Many attempts were made to do this in the early days but with indifferent success. Today many inquiries reach the camp as to Cobalt possibilities.

CAN'T FIND AIDS OF ROCKEFELLER

Directors Higgins and King of Standard Oil Self-Effacing Individuals—Operations in Canada.

NEW YORK, Sept. 20.—(Can. Press.)—Two witnesses, both directors of the Standard Oil Company of New York, much wanted by counsel for the Waters-Pierce Company in defending the action brought by Standard Oil interests to obtain control of the company, cannot be found, it developed in testimony taken today.

Higgins and King were described on the stand today by R. C. Velt, secretary of the Standard Oil Company of New York, as men who solicited business for that company in competition with the Standard Oil Companies of Ohio and Indiana.

Business in Canada. Mr. Untermeyer brought out thru Mr. Velt that the Standard Oil Company of New York transported oil on the Great Lakes for the Standard Oil Company of Indiana and the Imperial Oil Company, Limited, of Canada, both formerly controlled by the now-dissolved company.

"How is it your company does not transport its own oil on these lakes instead of transporting it for others?" asked the attorney.

"We have no oil to transport on the lakes," said the witness. Velt declared that his company did business in Canada, but said he was "not competent" to give the names of any of the company's customers there. He denied that his company limited its territory.

Where to Buy Victrola Records. The assortment of Victrola records in the new parlors of Ye Olde Firm of Heinemann & Co., Limited, 193, 195, 197 Yonge street, is, perhaps, the largest to be found anywhere in Canada. All the newest classical and popular selections are there. Buy your records at Heinemann & Company's.

AN APPEAL

The Associated Charities know of several families in need of furniture and stoves. Doubtless there are others who are considering disposing of such and who would gladly place them where they were sure they were needed. By calling up the office, 314a St. George street, arrangements could be made for having them delivered to the homes.

SHE FAINTED WITH THE AGONY

"Fruit-a-Tives" Cured Her Kidneys

MISS MAGGIE JANNACK

'Mountain, Ont., Dec. 14, 1910.

"I desire to let the world know the great debt I owe 'Fruit-a-tives' which saved my life when I had given up hope of ever being well again. 'For six years I suffered from dreadful kidney disease. My legs and lower part of my body were fearfully swollen. The pain in my side and legs would be so bad that I would faint with the agony."

"Five different doctors attended me and all said it was kidney disease and gave me no hope of getting well. 'A kind neighbor visited me and mentioned the case of Mrs. Fenwick, who had been cured of a sickness like mine. I took 'Fruit-a-tives' and in a short time I began to feel better—the swelling went down—the pains were easier—and soon I was well."

"I have gained over 30 pounds since taking 'Fruit-a-tives'—and my friends look upon my recovery as a miracle. 'Fruit-a-tives' are sold by all dealers at 50c a box, 6 for \$2.50, trial size 25c, or sent on receipt of price by Fruit-a-tives Limited, Ottawa."

BIG PROFITS IN COAL

Should Sell at \$3.25 a Ton, But Brings in \$7.00.

PHILADELPHIA, Sept. 20.—(Can. Press.)—Mayor Blankenburg and Director Cooke have received from the experts on the anthracite coal rate case the preliminary plan which they will use in the case against the coal-carrying railroads to reduce the present rates and so ameliorate the high cost of living by an attempt to bring this necessity down to the price at which it is declared it should be sold at.

These papers, show that coal which now sells for \$7 a ton should not retail at more than \$3.25 a ton, and the smaller sized coal at \$2.05 a ton.

COBOURG FAIR GREAT SUCCESS

West Northumberland Agricultural Society Held Best Exhibition in Its History on New Grounds.

COBOURG, Sept. 20.—(Special.)—Cobourg's popular exhibition grounds, beautiful Horse Show Park, was used for the first time yesterday and today, as the show grounds of West Northumberland Agricultural Exhibition. The Canadian Pacific Railway's new lake shore line passes thru the old agricultural grounds, and during the past few months, the buildings, including the modern new horse barn, have been removed to Horse Show Park, which is, indeed, an ideal spot for the fall exhibition.

Yesterday and this morning the weather was anything but propitious, but this Toronto Old Sol emerged in full splendor, clouds were dissipated, and a large crowd, with most favorable weather conditions, attended the fair. The nine grandstands, ring and race track were found great conveniences. Many improvements have been made in the buildings removed from the old agricultural grounds, and the society is contemplating more. The horse barn accommodated 60 horses, and a second building has room for 72 head of cattle, the second floor of this being used for the poultry exhibit, which this year was unusually good. In the form of a semi-circle, with outer and inner aisles for spectators, have been provided for the sheep and swine.

The grain displayed a good sample, the fruit was good, and cut flowers were never so fine before. Ladies' work and fine arts had fewer entries than last year, but, homemade bread, butter and pastry were excellent. Garden vegetables were fine, but field roots not quite up to the standard of past seasons. Although the produce shown proved that the trying wet season has not proved quite as unfavorable as last year.

The cattle and horses, sheep and swine shown were a distinct credit to the breeders of West Northumberland. Among well-known exhibitors and prize-winners were R. F. Massey, of Toronto, and New Lodge Farm, Cobourg; Hon. Senator Oliver, J. B. McColl, Chas. E. Spear, D. H. Taylor, Westington and Lean, R. L. Holdsworth, Geo. Holdsworth, Jas. McLeod, John Russell, R. O. Morrow, C. H. Curtis, A. J. Lacey, W. S. Nelson, I. M. Jibb, E. H. Rowe, W. L. Abbott, Hinman and Son, A. Johns and Son, and others.

HON. JOHN HAGGART BETTER.

OTTAWA, Sept. 20.—Alarmit reports have been sent about the condition of Hon. John Haggart. He is in Ottawa, receiving treatment from a physician, but the state of his health is no way regarded as serious. He is not confined to his bed.

"Drive Your Grist to Your Own Mill"

An old saying that—your grandfather knew its meaning

HE and his neighbors built a grist mill to secure for themselves the profits of their labor.

YOU and your fellow citizens of Toronto built a plant to distribute electric power.

The idea that inspired you to do this was as sound as that which prompted your grandfather and his neighbors to build a grist mill.

THE TORONTO HYDRO-ELECTRIC SYSTEM distributes efficient, reliable power, to light your home or store, to run your factory or shop. It delivers this power to you at less than half what you formerly paid for it.

The Toronto Hydro-Electric System has justified the faith you placed in it.

Your grandfather drove his grist to his own mill. He gave his personal support to the enterprise he helped to create. He shared in the dividends as well as the responsibility.

Use Hydro-Electric power and "drive your grist to your own mill." You'll share the Hydro dividends—efficient, reliable service at the lowest rates.

You can get full information about Hydro service and Hydro rates at the Hydro-Electric shop. If you write or phone one of our men will come to your place to tell you all about them.

FATAL RIOT IN POLLING BOOTH

Burning of Ballots Also Figured in Desperate Affray in Hon. Frank Oliver's Riding.

OTTAWA, Sept. 20.—A tale of a terrific struggle in a polling booth, terminating in the death of one man and the burning of ballots, is set forth in brief form in the usually staid document, "the return of the twelfth general election to the house of commons."

The tragedy occurred in one of the four north polls of Edmonton, the constituency of Hon. Frank Oliver, and is told in the official record as follows: "Poll No. 189, Leaman. Poll was held and 79 ballots were cast for Hon. Frank Oliver, but owing to a riot and death of one man in the polling booth, and the alleged burning of ballots, as substantiated by the affidavit of the deputy returning officer, Frank Van Camp, the returning officer did not count the said 79 ballots in his recapitulation."

Suffragette Coming To Interview Borden

LONDON, Sept. 20.—(C. A. P.)—Barbara Wylie left on the Empress of Ireland on a suffragette mission to Canada. Miss Wylie was one of the deputations to Premier Borden when here three weeks ago. Her speedy departure to Canada is presumably in response to the premier's careful, non-committal attitude on the question. Miss Wylie today refused to disclose her plans for a campaign beyond announcing that she intended seeking a further interview with Mr. Borden, which she anticipated would be readily granted. About twenty women, including Mrs. Pankhurst, beside her farwell. One lady, in the extremity of her enthusiasm, waved a paper flag.

An Ocean Ship Up Yonge Street. The general and traveling public will be surprised to learn that between six and seven o'clock last evening, the model of the Cunard Line SS. Mauretania, one of the largest and the fastest ship in the world, moored in the window of Sellers-Gough Fur Company, 24 Yonge street, where it will be on view for some time. The Robert Reford Company, Limited, 50 East King street, agents for the Cunard Steamship Company, state that it took twenty-five men to place this model where it is. This firm deserves considerable credit for giving the public, who have never seen an ocean vessel, an opportunity to do so, even in miniature.

AEROPLANES TO ENSURE PEACE

Proposal to Have Them Banned as War Engines Disapproved at Geneva Conference.

GENEVA, Switzerland, Sept. 20.—(Can. Press.)—Flying machines in war was the subject of a prolonged debate at today's session of the inter-parliamentary union. The subject was introduced by the Belgian minister of state, Auguste Bernart, who proposed a resolution interdicting their use. Baron d'Estournelles de Constant, president of the French inter-parliamentary group, strongly opposed the resolution, declaring that the world's peace would be better ensured by the use of flying machines. This view was finally approved by the congress.

The American delegates presented a formal invitation to the union to hold its congress in 1913 in New York and in 1915 in San Francisco. Assurances were given that the delegates would receive a memorable welcome in the United States.

SPLIT HEATS AT DETROIT

The Wanderer Wins \$10,000
Michigan Sake After Finishing Last in First Heat.

DETROIT, Sept. 20.—Young Ramey Mace sprung a big surprise at the State Fair grounds this afternoon, when he drove the Wanderer to victory in the Michigan \$10,000 Stake, Dorsh Medium, Grade entry, of whom much was expected, failed to finish inside the money. The Wanderer, overlooked by those who pick winners, took kindly to the heavy going, and, after finishing last in the first heat, went out and took the next three in successive style. Split heats featured the day's card, only one of the four events decided being taken in the minimum time.

Three-year-old pace, three heats, purse \$10,000. Homecoming Futurity (two heats on Wednesday):

To Select Ontario

Team for Montreal

The Ontario Amateur Athletic Association are making considerable effort to secure the very best team for the Canada championships in Montreal on Saturday, Sept. 23.

They will observe the competitors at the Baptist closed games tomorrow, when outsiders may compete, but not for the prizes.

Then next Tuesday at Variety at 5:15 the O.A.A.A. will hold trials in the 100 yards, 200 yards, 400 yards, 800 yards, mile and 2 miles. Winners will not necessarily be sent, as the committee will go most on performance. For further particulars apply the secretary, No. 2 College street.

Kelley's Brave Boys Win Another Swatting Carnival

Leafs and Hustlers in a Clouting Mood—Toronto Wins 10 to 8—Three Home Runs in One Day.

The Leafs and the Hustlers indulged in another swatting carnival yesterday, and once again the Leafs men came out on top, to the tune of 10 to 8.

Home runs, triples and doubles were common things, and the Leafs got their fill of extra-base clouting. The Rochester crew outdid the Kelleyites, 14 to 12, but the Leafs were always out in front.

The battle started with Quinn, late of the New York Highlanders, and Drucke doing mound duty, but two innings were enough for the tall, fair boy of the Leafs, and he was chucked back to the bench.

It was a day of accidents, and three people were hurt. First, a foul ball hit a lady in a box on the fourth, and in the eighth innings Johnny Lush was hit over the heart by a pitched ball and laid out. He was able to go in and pitch the last inning. Joe Kelley, who ran for Lush, turned his ankle kicking back to first base on a throw from the pitcher, but he was not seriously hurt.

Eddie Holly was the handiest little man with the hickory for the Leafs, and his three hits were the biggest hit collected by any one man on our side. His double in the first inning sent three base-warriors scurrying home. Lush got his fourteenth homer, and Drucke tripled. Rochester supplied two home runs, a triple and a two-base.

Drucke hadn't much to peddle out to the Rochester sluggers while he did duty, and they pounded him for seven hits in two innings. Lush, who relieved him, was much better.

Quinn got off to a bad start, and the Leafs scored enough in the first inning to win any respectable game of ball, crossing the plate no less than seven times. It was a case of hit and tonk all day. Two walks helped it along. Meyer got on first and O'Hara singled. Shaw fanned and Jordan was walked. Debraun, R. Bradley bounced a hit off Dolan's boots and run No. 1 was in. McConnell sniped off Quinn's glove and O'Hara scored. Holly cleared the bases with a double and was out trying to make third on the throw-in. Benis singled and came in on Drucke's triple. A wild pitch left the pitcher scoreless, and the sum total was seven.

Shaw's home run in the second made it eight, and O'Hara's double and singles by Shaw and Bradley counted two more for the Leafs, and this proved to be the last of the day.

A triple and a single started Rochester off with one in the first, and they got to Drucke in telling fashion in the second. Three singles, a double and Quinn's home run gave them four runners, and proved to be Drucke's last.

The Hustlers got one from Lush in the third; he then kept them without scoring until the ninth, when they came through with two runs and came within two of the lead.

 Bisons and Phillies Fight Over Schang Athletics Get Him

CINCINNATI, Sept. 20.—The Philadelphia National League Club and Buffalo of the International League asked the National Baseball Commission to decide who was entitled to the services of Player Schang, each claiming that the other had not kept faith with it and the commission, in deciding the case here today, pronounced the agreement entered into between the two clubs antagonistic to the laws of the game, and for that reason declared it null and void.

The commission also issued a warning to all national agreement clubs that severe penalty will be imposed on any club which becomes a party to an agreement which is antagonistic to the laws of the game and injurious to the interests of ballplayers.

Player Schang was obtained by draft from the Buffalo Club by the Philadelphia American League Club and the above ruling removes all doubt as to the draft being valid.

Motorcycle, Bike and Whippet Races Today at Ex. Track
 The Exhibition track is in grand shape for today's combined motorcycle, bicycle and whippet meet and rain will have no effect on it. Like it did last Saturday, a superb card has been arranged, with something to interest all. A large crowd is expected, but provision has been made in the mammoth grand stand to accommodate everybody. No person will be allowed on the lawn or fences, as a precaution against accident. Stout, Cole, Burton, Scott, Newport, Amos and the other motorcycle cracks should furnish some sensational riding. The challenge bicye races and the whippet events are attractions in themselves. The national bicye race with 21 prizes will begin at 2.30 with a regular program half an hour later.

7 RACES TODAY AT WOODBINE

O.J.C.'s Best Fall Meeting With the Pari-Mutuels—Sizing Up Some of the Features.

What promises to be the best fall meeting since the inception of the pari-mutuel machines at the Ontario Jockey Club's Woodbine course, will begin this afternoon. The devotees of the thoroughbred will have an opportunity to see the cracks of the Canadian circuit in action, an excellent afternoon's entertainment of high class sport being down for decision. Joe McLennan, the guiding genius of the local staff of officials, thru his indefatigable efforts has brought some of the best sprinters and long distance performers to time in the seven featured events. These are: The Torontonian Handicap, Rosebery Purse, Toronto Cup Handicap, Woodbine Autumn Steeplechase, Dominion Handicap and the Chiffney Purse.

The Woodbine meeting will mark the close of the thoroughbred sport in these parts for the year of 1913.

Foremen continued to arrive late last night from Havre de Grace, Baltimore, New York and Montreal, to be on hand for the opening at 1 o'clock this afternoon.

John W. Schorr's Progress, Edna and Star Charter in the Toronto Autumn Cup, the \$2000 fixture for three-year-olds and upwards, set a mile and a quarter, appear to have a mortgage on the lion's share of the prize money. The only three other entrants, Soteria, Cliff Stream and Inspector Letrade, have but an extremely remote chance of overtaking the Schorr candidates. Owner Schorr will be represented in the running of the initial dash of the afternoon, a sprint of three-quarters of a mile for 2-year-olds in the good old Hamilton.

Jockey Dalton McCarthy, candidate, Calgary, and the pride of the Toronto owner's preternatural racing establishment, will meet John Schorr's Leobahas for the third time, and it is the opinion of Trainer Patterson that over the Woodbine track Calgary will take the measure of the Schorr colt. Contention in the event will be keen, there being several likely youngsters in the event that have yet to display their best form.

Undoubtedly one of the best fields of favorites that have been to the post of the Canadian circuit this season will face Starter A. Barrett Dade in the Woodbine track Calgary will take the measure of the Schorr colt. Contention in the event will be keen, there being several likely youngsters in the event that have yet to display their best form.

Motor Boat Racing Season Closes Today
 The Toronto Motor Boat Club racing season closes today. Two races are on the card, both handicaps, affording every boat in the club a fair chance to win. On Saturday, the harbor commission has granted permission for these races to start in front of the Motor Boat clubhouse. This will enable members and their friends not participating to view the most exciting parts of both races from the club balconies.

Men's Doubles.
 McMaster and Baird defeated Smart and McEachern, 2-6, 4-6.
 Ross and Burns defeated Wittchall and Dunlop, 6-3.

Baseball Final Today.
 The Hustlers and Leafs will close the International season here today with a double-header at the stadium. The first game of the series will be called at 2 o'clock. Should either team walk away with the two games today they will have a margin on the other on the season, as the Leafs by winning two straight from the Hustlers have tied them up on the season. Keeffe and either Kienler or Hurbes will be the Rochester leavens, while Maxwell and either Stricklet or Rudolph will be in the points for Toronto.

Golf Favorites Beaten.
 MANCHESTER, Vt., Sept. 20.—Fred Herreshoff of Warlock and Norman Hunter of Edinburgh, Scotland, were both defeated in today's play for the "Roxbury" Cup on the Keweenaw Links. Both men had been favorites for the final, but the British exult was defeated in the second round by P. A. Martin, Keweenaw, and Herreshoff was put out in the semi-finals by W. E. Marston of Cranford. Marston will meet F. T. Clark, Cranford, in the final round tomorrow.

Motorcycle Races.
 The Toronto Motorcycle Club are holding a very lively run, commencing at the Woodbine at 1.30 o'clock this afternoon. The route is as follows: From Woodbine via Port Home to Peterboro, arrive Peterboro Saturday night. From Peterboro via Hastings to Cobourg; arrive Sunday noon. From Cobourg via Port Home to Toronto; arrive Sunday night. The entire expenses of every star will be paid by the Toronto M.C. Club. The run is by the Dunlop Shield. Two motors containing officials will follow the racers.

CONTRACTORS BLAMED

Should Not Have Allowed Inexperienced Men to Work on Derrick.
 Coroner Dr. Cleghorn's jury at the inquest into the death of William Peckham, the morganist who returned a verdict that he had come to his death by the falling of a boom and collapse of a derrick while engaged on a building under construction at the Union Block yards. A rider was attached to the contractors, Wells & Gray, blaming for allowing alterations other than standard to be made to the crane and in allowing the derrick to be operated by inexperienced hands.

G.T.R. STEAMER SERVICE

Line to Operate Between Providence, New York and Boston.

MONTREAL, Sept. 20. (Can. Press.)—It was tonight announced by the G.T.R. that they were arranging for an extensive boat service between Providence, R.I., New York and Boston in connection with their new line from Palmer, Mass. to Providence.

This line, the New London Northern, will run as a branch of the Central Vermont, which is a subsidiary of the Grand Trunk, and work is progressing so favorably that it is expected the connections between Montreal and Providence will be in running order early next year, when the G.T.R., the Grand Trunk will have direct connections between the Atlantic port and their whole system through Canada.

The Banana as a Source of Cheap Alcohol.

Banana flour, which is rapidly coming into use for various food preparations, has been found by C. Nagel, a German, to give promising results as a source of cheap alcohol and a good quality of yeast.

The flour, made by grinding the peeled and dried ripe fruit, is mixed with water and a little malt extract, and at a temperature of 140 degrees to 160 degrees Fahrenheit the diastase of the bananas which is then converted into alcohol by the fermentation following the addition of a suitable yeast.

The malt extract increases the amount of alcohol, the yield by the process indicated being one quart for every four to five pounds of the banana flour.

For yeast culture one part of malt is mixed with two of the flour, and the production of yeast is said to equal about a fifth of the weight of the original materials.

Suffragists to See Premier

The officers of the Canadian Suffrage Association have been granted an interview with R. L. Borden on Monday afternoon. The premier is in Toronto. The hour, however, is not known. It will not be a large deputation. A letter is being prepared which will be read to Mr. Borden and any questions he may ask will be answered if possible.

CHIVALRY BEGINS ABROAD.

Suffragists have formed a large proportion of the English people who have taken an active interest in securing the release of Miss Mallock, the young Anglo-Russian girl, from her sentence to Siberian exile, but the W. S. T. finds something funny in the spectacle of English men in general rushing to the rescue of Miss Mallock, who is a fish woman, whose "purity of motive" was allowed even in sentencing them, languish in English prisons. The official organ of the Union has a cartoon in its last issue showing the stalwart English knights, "Sir Edward" and "Sir Herbert" ranging forth on a dourly other crusade against the wrongs in their men's lands, "because 'chivalry' begins abroad," and "words not deeds" make the shortest cut to glory. Coming face to face with Britannia's weeping, Sir Edward's great heart is stirred.

CEETEE PURE WOOL UNSHRINKABLE UNDERWEAR

Worn by the Best People Sold by the Best Dealers

Many people have remarked on the peculiar name given to this Underwear, which has earned the reputation of being the best pure wool underwear made. It might be interesting to some to explain the origin of the word. "CEETEE" Underwear is manufactured by The C. Turnbull Co. of Galt, Limited, a firm founded a little over fifty years ago. The present Manager, Mr. C. Turnbull, adopted the idea of practically attaching his signature to every high-class pure wool garment turned out on their special machines for full-fashioned underwear. He, therefore, used his initials by putting them into words CEE (C) TEE (T), and surrounding the words with a drawing of an Australian Merino Sheep, from the wool of which every garment of "CEETEE" is made. To-day the word "CEETEE" on any garment is practically Mr. Turnbull's personal signature. It means that it is guaranteed absolutely unshrinkable and made from nothing but the finest pure Australian Merino wool.

NEXT WEEK AT THE THEATRES

Great Musical Festival.
The most sanguine hopes of those who have in charge the great musical festival which is to signalize the opening of the Arena, have been surpassed by the great feat of this week. It is unusual to open a plan three weeks ahead, but this was rendered necessary by the vast number of locations to be disposed of and by the persistent demands of the public eager to secure their seats at once. That the festival will be a provincial, rather than a local event, has been demonstrated by the great number of orders from outside cities like Hamilton, Guelph, Brantford, and Peterboro. It is quite evident that the extent and generosity of the scheme has taken the Canadian public by storm. The opportunities for music-lovers are quite unprecedented in the history of this country. To hear within one week, such singers as Gadske, Sembrich, Fremstad, Felice Lynne, Yvonne de Treville, Alice Nielsen, Charlotte Maconda, Rosa Oltzka, Orville Harrold, Giuseppe Campanari, Rudolfo Fornari, supported by an orchestra of sixty picked performers from the New York Philharmonic and Metropolitan Opera Houses, under the direction of Nahau Frankel, is an opportunity that comes but seldom to any city of the civilized world. How is it possible to do it at the prices has been the question on many people's lips. The answer is that Mr. Lawrence Solman, the manager of the Arena, and Mr. J. H. Dalton, of New York, who is promoting the festival, have calculated that the great seating capacity of the Arena makes the festival possible even at lower prices than those charged for an ordinary theatrical attraction of the first class. The number of locations available for each of the eight concerts is so great that the necessary revenue to pay the great artists to be heard at each concert will be forthcoming. The fact that the acoustics of the Arena are admirable, and that every concert goer will have an unobstructed view of the stage assures the popularity of the event, which it now seems certain will become an annual affair.

bert and William A. Brady are sending the original New York Company that has just closed a most remarkable engagement at the Comedy Theatre, New York. Buntly has during its run of a year played more extra performances than any play ever produced in New York. The comedy is from the pen of Graham Moffat, a Scotch actor and author. It is out of the ordinary, happily constructed, witty and epigrammatic, and brings on a little lesson without being preachy. It is easily followed by the most untrained theatre-goer. The last curtain speech reflects the whole play. It is in the words of the fiance Weelum: "I dinna care if I'm the most henpecked man in Scotland, I'll just glory in my shame." The company includes Miss Molly Pearson, Mr. Edmund Beresford, Miss Fera Pole, Mr. Ethelbert Hale, Mr. Sanderson Moffat, Miss Amy Singleton, Miss Margaret Nyblce, Mr. J. E. MacGregor, Miss Marjorie Davidson, Mr. Leonard Booker and others.

"The Siren" at the Princess.
"The Siren," with Donald Brian as the star, under the management of Charles Frohman, will come to the Princess Theatre next week. "The Siren" is in three acts, and Mr. Brian has the role of a young marquis who is

there is plenty of dancing as well as singing and fun in this musical comedy. Composer and librettist have supplied him with the most stirring songs and the most enchanting music to the rhythm of which his peculiar grace well fits him. The charming young man who made "The Merry Widow" world-famous, fairly dances thru the whole three acts of this new vehicle and he has a partner in every way worthy of the artistic honor, Julia Sanderson. Their "waltz caprice" has created a veritable sensation everywhere.

"The Fortune Hunter."
Banker Lockwood, father of the village heiress, whom Nat Duncan has designs on, in "The Fortune Hunter," is afflicted with an unfortunate twinkle of the eye. To the uninitiated it looks like a wink. Entering old Sam Graham's drug store one day the banker becomes interested in Nat's "try-out" as a drug clerk. "It's pretty warm," he says, "think I'll take a glass of sody." The old man's every observation is punctuated by the inevitable twitch. To Nat it is a wink, and a wink in a drug store means just one thing—whiskey. Nat is astonished. "Have you had any lately," he says, "I don't know why anyone should want intoxicating liquors," he sighs, "when they

see the play that has eclipsed all records held by a dramatic attraction for the past ten years in that city. "Bought and Paid For" tells a true story of an American married life, and shows to the auditor a phase of the marriage problem, and the dilemma of a girl who has become the wife of a man different from the one she anticipated. This furnishes a serious thread of the play, which, however, carries an amusing vein of comedy. The same cast as is now appearing in the play at the Playhouse will be seen here.

The Bell Family at Shea's Next Week.
Manager Shea has another great show to offer his patrons at Shea's Theatre next week. Altho the change of the weather has affected the indoor amusement in nearly every place in the city, capacity business still holds the rule at Shea's. The headline feature of next week is the great Bell Family, a musical combination of nine rare artists, in a medley of songs, dances and musical surprises called "Fiestas of the Montezumas," introducing beautiful scenic effects and costumes of old Mexico. The great combination has been here once before, and since that time has claimed the plaudits of the audiences of the world's greatest hippodromes. They were a sensation thru-out Europe. Rosalind Coghlan, with her company, is making her first vaudeville appearance here, in a playlet by Edgar Allan Wolf, called "The Optimist Miss Grange." The offering is spoken of with favor, and Miss Coghlan needs no introduction to theatre-going people. She is the daughter of a house of great actors, and she has already won distinction for herself. Willbur Mack and Nella Walker are here for their annual visit, and they are sure to welcome. They have a new version of

their "Musical Flirtation," and as clever young people are always up-to-date, their offering promises to be better than ever. It is always well worth the price of admission just to look at this perfectly groomed couple. Williams, Thompson and Copeland are newcomers, and their success elsewhere promises a welcome for them from Shea-goers. The Woods and Woods Trio are little less than a sensation with their original comedy pantomime, "An Elopement by Wire." Miss Ollie Woods is a feature of the act, and the wire-work of the trio is marvellous. McIntyre and Groves are newcomers, and have a howling comedy skit in "On Father's Train." Andrew F. Kelly, the Irish story-teller, makes his first appearance here. He is genuine, and his stories are original. Archie Ontl, the original juggling genius, is assisted by Miss Dolly in a novelty comedy juggling act. The kinograph closes the bill with new pictures.

Beautiful Kitty Gordon.
One of the most important theatrical announcements of the season is the coming of beautiful Kitty Gordon to Victor Herbert's latest comic opera, "The Enchantress," which equals, if not surpasses, his other famous successes such as "Mlle. Modiste," "The Serenade," and "Babes in Toyland." The charming prima donna will make her appearance at the Princess Theatre the week of September 30. Joseph M. Gatten will present identically the same production which locally the most brilliant and colorful spectacle of many seasons. Supporting Miss Gordon will be the original company which was seen in the five months' engagement at the New York

Theatre. It includes Nellie McCoy, the famous dancer; Ralph Riggs, Hattie Arnold, Ventriz Fitz-Hugh and the famous Beauty Singing Chorus.

Clark's Runaway Girls.
Manager Henry of the Gayety Theatre, will inaugurate a season of fun on Monday afternoon with Clark's Runaway Girls Company. The reputation of this company made the past season is too well-known to need much comment. Manager Clark has spared neither pains nor expense in making this one of the best companies in the eastern wheel. The musical comedy is entitled "The Maid of Montezuma," introducing fifty people in the cast, with beautiful scenery, electrical and mechanical effects the equal seldom if ever seen here this season.

"Oriental Burlesques."
A good big show, all new but the title, opens at the Star Theatre next week. The show is the "Oriental Burlesques." Even the manager and producer of the burlesque, and songs of music and vaudeville novelties. The cast is a very strong one, and made up of the leading stars of the vaudeville and burlesque field. Most prominent may be mentioned, John Williams and Harvey Brooks, singing and talking comedians; Lena Bruce and Clara Dagneau, the smart little sister team; Bill Swan and Frank Bamford, America's foremost knock-out comedians, who return to burlesque after a triumphant tour of the United States vaudeville circuit; Collins and Hawley, eccentric dancers; Lizzette Howe, the well-known leading lady, and Pat-

Conroy, known as the "Wizard of the Violin."

Cocograph at Massey Hall.
The attraction at the Cocograph entertainment in Massey Hall this afternoon and evening promises to establish a new record for large motion picture bills. The program is headed by the two well known singers, Howard Russell and Harvey Bennett. The latter will sing Scotch songs in costume, while the former will render a number of popular songs, which will be beautifully illustrated in colors by lantern views. The photo plays will include a number of subjects showing comedy, tragedy and travel scenes. One of the chief films will be the Relief of Lucknow, in which are vividly depicted the suffering of the besieged English garrison and residents; and the obstacles that the English army had to undergo before they could raise the siege.

"Buntly Pulls the Strings."
"Buntly Pulls the Strings," that refreshing and wholesome comedy that charmed Toronto on two former visits,

Mollie Pearson, the original "Buntly" Alexandra, next week.

Donald Brian, in "The Siren," at the Princess, next week.

suspected of having written letters derogatory to the emperor as well as some seditious verses. The minister of police, desiring to secure a sample of "his handwriting for the purposes of verifying the crime of which he is suspected, employs a score of the most beautiful women of society to coax from him some written words, but their wiles are powerless. At last, however, he falls a victim to the innocent plot of a little country girl, Lolotte, who does not comprehend the gravity of the task that has been set her. After many complications and many sorrows to the young lovers, there is a happy ending brought about thru the forgiveness of the emperor.

Of course the announcement of Donald Brian in the star role means that

"Julius Caesar."
In his all-star revival of "Julius Caesar," which is an attraction at the Royal Alexandra Theatre the week of Oct. 7, William Faversham presents one of the clearest and most realistic battle scenes that our stage has known in many seasons. For these scenes the ranks of the regular company are augmented by the services of one hundred and fifty specially trained supernumeraries.

"Bought and Paid For."
The real dramatic success of the past and present theatrical season comes to the Royal Alexandra Theatre week of Sept. 30, when William A. Brady offers for the first time in this city George H. Broadhurst's compelling play, "Bought and Paid For." It has just passed its four years' career at the Playhouse, in New York City, and comes here direct. In fact, Toronto will be the first outside city to

CHURCH'S NEED IS MEN FOR SERVICE

Prominent Speakers at Convention of Brotherhood of St. Andrew Emphasized Necessity of Securing Young Men—Mass Meeting in Massey Hall Tomorrow Afternoon.

"The church's need—men for service" was the interesting subject chosen for three speakers to address a public meeting held under the auspices of the Brotherhood of St. Andrew last night.

St. James' parish house was well-filled when A. Munro Grier, K.C., Toronto, took the chair.

Ven. Archbishop H. J. Cody, M.A., Toronto St. Paul's Church, Toronto, first took up the question and handled it in such a way that the audience was vastly impressed. Rev. R. J. Remison, M.A., rector of the Church of the Ascension, and A. Munro Grier, K.C., also spoke on the subject.

Yesterday afternoon several fine addresses were delivered on various questions affecting Christianity by prominent speakers.

The convention concludes Sunday night with a farewell sermon in St. James' Church, preached by Rev. H. Symonds. Yesterday there were 350 delegates in attendance.

Public Meeting. Friday's sessions of the convention were brought to a close with a public meeting, the chairman being Dr. Reeve, assistant bishop of Toronto. In introducing the speakers he explained the principle of brotherhood. Rev. R. J. Remison, speaking on "The Church's Need—Men for Service," said that Canada was the greatest nation in the world, the marvelous meteoric growth of railways and the growth of civilization showing this. The countless thousands coming into this land must have church in their midst or

they would soon become materialistic and godless. The Church of England had done the greatest missionary work so far. The speaker impressed the audience with the necessity of maintaining this standard. He made an earnest appeal for men to enlist themselves in Christ's service. True happiness only came from being of help to others.

A. Munro Grier, K.C., thought that more men were actually needed in service of the church today and this work was not a clerical and ladies only. To interest the men the church should take up the more human side of the work, such as hospital service. Man was fundamentally just as religious as woman, therefore they needed Christ apart from Him they could do nothing. The church needed men inside not on the outside. Higher than the ideal of justice was the ideal of love. That men were responding to the call was evidenced in many movements for combating of evil, for conservation of national resources, the growth of cities, the subdivision of labor, the rapid dissemination of news, making us beings of a world, the increasing association of races, not by any means a white man's world, the unrest in the social world, these all manifested the rapid advancement of religion.

TOMORROW'S MEETING. A men's mass meeting will be held in Massey Hall at 8:15 Sunday afternoon, when several important addresses will be given. The Lord Bishop of Toronto will speak on "Canada's Need—Foundation of True Citizenship." Other speakers will be Rt. Rev. E. S. Talbot, Lord Bishop of Winchester, and A. C. Boyce, K.C., M.P., chancellor of the Diocese of Algoma.

EARL OF LIVERPOOL APPOINTED AS GOVERNOR OF NEW ZEALAND

Lord Islington's Successor Is a Comparatively Young Man, and One of the Small Circle of Liberal Peers—Has Been in Army Since 1891 and Served in South Africa.

LONDON, Sept. 20.—(C. A. P.)—It is officially announced that the Earl of Liverpool has been appointed governor and commander-in-chief of New Zealand.

His Career. Arthur Foljambe, Earl of Liverpool, who succeeds Lord Islington in New Zealand, is one of the comparatively few British peers on the Liberal side of politics. He is the fifth holder of the title, which, created in 1786, lapsed for a period, to be revived in 1905. He also holds the title of Viscount Hawkesbury of Kirkham, County York, and Mansfield, County Nottingham, Northamptonshire, and of Ollerton, Sherwood Forest, Nottinghamshire. He is a major of the 6th Battalion, Rifle

Brigade, and was A.D.C. to his excellency Earl Cadogan, K.C., when the latter was lord lieutenant of Ireland. Receiving his early education at Eton, he determined to enter upon a military career, and after a course at Sandhurst, was appointed second lieutenant in the Rifle Brigade in 1891. He was staff captain in the Dublin district from July, 1898, to December, 1901, and served the following year in South Africa. In 1906-7 he was staff steward and chamberlain to the Earl of Aberdeen, K.T., lord lieutenant of Ireland, and received the title of major of the 6th Batt. Rifle Brigade in 1907. The Earl of Liverpool is 42 years of age, in 1871 he married Annette Louise, daughter of Viscount Monck. He has one son, Hon. Gerald Savile Foljambe.

BIG RALLY OF HOME RULERS

Wm. Redmond, M.P., to Address Great Demonstration for the Cause in New York.

NEW YORK, Sept. 20.—(Can. Press)—What is planned to be the biggest demonstration for home rule ever held in New York will occur in Carnegie Hall on Sunday evening, Sept. 22. The principal speaker will be Wm. H. K. Redmond, M.P., brother of John Redmond, the Irish leader. Mr. Redmond is due to arrive in this country tomorrow.

It was announced tonight that a committee of prominent citizens, including representatives of every creed and political faith had extended the invitation to him to address the Carnegie Hall meeting, over which Supreme Court Judge Martin J. Keegan is to preside.

SAW HUMBER PROPERTY

R. Home Smith Took Large Party Over the Beautiful District

A party of citizens under the guidance of R. Home Smith, in half a dozen motor cars left the National Club yesterday afternoon and went over the property which is being developed by English capital there, and were shown the park lands which one or two aldermen object to the city receiving. The two pieces of land of 12 acres and 8 acres respectively which the city are asked to appropriate in order to complete the boulevard system proposed up the Humber by Mr. Home Smith were also pointed out. The park lands include everything from the foot of the bluffs on each side of the river and embrace 132 acres which the city will get for the cost of improvements.

Hon. J. J. Foy accompanied the party, which comprised many leading business men of the city. Mr. Olinde, the American city planning expert, was along and the party dined at the Lamerton Club.

Mr. Home Smith's public spirit was commented upon, and his enterprise in enlisting English capital for the development of the city. The building operations will be very extensive and a permanent roadway has been laid on Jane street.

NEW MANUALS ISSUED

Books for Use in Teaching English to French Pupils.

Manuals to be used in teaching English to French-speaking pupils in Ontario schools, have just been issued by the education department. "The aim," says the book, "is to bring the French-speaking child to an English-speaking child on entering school. It will, of course, require much repetition and practice to give the former the fixed, unconscious habit possessed by the latter of thinking and expressing his thoughts in English."

COBALT MINES PROFITABLE

Continued From Page 1.

Optim. Cochran, Columbus and Black (now the People's), so follow in the steps of their successful neighbors. Results Mean Much.

Both Timiskaming and Beaver will be working at still lower levels in the near future, and the results mean much to their end of the camp. The new find at the Penn Canadian (formerly Big Pete Mine in Cobalt, Ontario holdings), the belief that Bailey will prove to have a productive acreage, the richness of the Savage, the new wealth disclosed at the McKinley and Nipissing, and the once-betilted Princess having proved a source of great results to the La Rose Co., have encouraged owners of prospects in this section that resumption of work can be seen on some of their immediate neighbors and the outlook generally is good.

Repairing Machinery. The Silver Queen and the Foster loomed up big in the early history of Cobalt. The shaft at the former is being pumped out, and mine machinery repaired in a reparatory, a reservoir of work, and the Flynns have arrangements under way for renewal of mining at the Foster. It must be remembered that only small fraction of the acreages of these properties has been touched with "underground development" and "ore reserves" is a watchword instead of "premature dividends" the "last state" of these mines may be "better than their first."

Learned a Lesson. The Canadian investor today in Cobalt mines will surely see that his money goes into actual development and not to promoters. The latter will be quite willing to take "prospective" profits if he hopes to succeed. Promoters as well as investors have learned their lesson and if the money is lost in "real" mining few criticisms can be made. Comparisons may be odious, but it is of interest to note that the silver production of the McKinley-Darragh for the first six months of the current year amounted to 1,820,000 ounces. Nipissing record for the same period was 2,506,994 ounces. A comparison may be made that the smaller companies will have no cause to repudiate. It is also doubtful if there is any new acreage in the camp that is making the showing that the Savage does. At the Nipissing 600 men are employed, and 50 drills at work—25 in drifts. The Meyer, 4th July, Kendall, 73, 30 and 25 are being worked. In the Meyer drift at 250 ft level (a new level), a long ore body of several hundred feet is shown open. The vein is very rich for a vein of 4 inches with milling ore in abundance. The permanency of values is proved and the further east the workings are the greater the depth of the vein. 4th July and Meyer veins have both been sunk on, but the ore from both comes up the Meyer shaft. The 4th July vein is being worked at the depth of 200 ft. Developing at this level and the ore is very rich. Kendall's 122 and 150 shafts on the other side of the lake and several veins are worked from each shaft. Kendall at a depth of 245 ft. is wonder vein and the smaller four million ton body of ore has been the result to date. Veins 63, 148, 57 and 82 are worked from this shaft.

Good Milling Ore. Vein 122 has been traced on surface for over 1000 feet, showing an abundance of 25 inches of vein. The mill for treatment of low-grade ore will soon be completed and will treat 300 tons daily. With the completion of this mill, Nipissing will only ship bullion. The hydraulic of the hills opposite the Town of Cobalt continues. With a 650 ft. and anomalous pressure of 125 pounds at 150 feet above the pump, it gives a 3 1/2-inch stream and 4800 gallons per minute, sending rocks, stumps and dirt in one huge concentrated mass. As a result four new veins (one an extension of 128) has been exposed.

Future Assured. With ore reserves valued at nearly five million dollars, which include no low-grade mill rock except what is on the dumps, the future of the property, having in mind its unexplored territory is assured.

The company now operating the properties of the Cobalt Central Co. is confining its operations to the old Big Pete lot adjoining Bailey. A car of ore has been taken out of the old shaft at the first level, where a raise of 70 feet can be made for a length of 200 feet. The ore is high-grade and should interest the purchasers of the property. A nice figure, Supt. Balmer Neely has also got the mill in operation, and with ore showing in every face in the fifth level, and the new find at this level at a depth of 305 feet, he feels greatly encouraged in his supposedly hopeless task of taking up what many thought a worked-out property.

New Vein Tapped. The new vein has been tapped by the old managements but no work done on it. It was only an inch wide where first encountered and drifting for a distance of 25 feet was in barren rock. The vein widened and became rich as it is extending out under the office towards and under Glen Lake, has great possibilities. No work has been done in this end of the lot. In the fourth level of Big Pete vein drifting is done in a foot of good milling ore with a lot to go.

The 30 ton car already shipped is said to average over 1200 ounces to the ton, and another car can be sent out shortly. Dick Sandow is mine captain, and thirty-two men are employed. Frank Burr Mosure.

Off for Europe. Messrs. A. F. Webster & Co., the general agents for the Cunard Steamship Company, report having booked the following Torontonians to sail recently to England: Miss J. Bell, Miss F. Baillieu, G. Miles Bailey, G. A. Phillips, W. W. Thorburn, Mrs. M. Mrs. Cawthra Mulock and maid, Mr. Worley, Miss Mackay, Mrs. Cotton, J. E. M. Fosteronhaugh, A. S. Dewar, wife and daughter, S. CITY HALL SITE ELUSIVE

London Civic Fathers Sadly Perplexed by Problem.

LONDON, Sept. 20.—(Can. Press)—After balloting on six sites for the new city hall this afternoon, the committee appointed by the city council decided to purchase Dr. F. R. Eccles' property on Wellington street and Queen's avenue, for \$25,000. But when Assessor Commissioner Grant was sent to the owner to close the deal, he was informed by the owner that the option had expired and that the place was not for sale.

This completely upsets the work of the committee, and a special meeting of the city council has been called to deal with the new situation.

K. GAMBLE'S ESTATE

Many Toronto People Are Heirs to Small Amounts.

Killaly Gamble of Toronto, who died at Bournemouth, Eng., left an estate of \$48,650. The beneficiaries are: Arthur James Van Nostrand, who benefits the most under the will, he receiving a legacy of \$1000, besides the interest in the estate; Harriet Killaly, cousin, of Montreal, \$2000 and half the residue; Marjorie Thompson, cousin, Thornhill, Man., \$2500; Maude Korke, cousin, 199 Madison avenue, \$2000; Kathleen Pettit, cousin, St. George's Mansions, Toronto, \$2500; Clara Erwing, cousin, Montreal, \$2500; Kathleen Chipman, 103 Spadina road, \$2000; Nora Van Nostrand, York Mills, \$2000. Illumination: A Big Factor In Retail Selling

WINDOW lighting is one of the strongest factors in the building of a business. Its proper or improper use may either attract or repel.

The right kind of illumination has that attention-drawing power which stops the indifferent passer-by, awakens her interest in your windows, causes her to concentrate her gaze on the goods you have displayed, and eventually leads her to your counters—a new customer. Where a big store would look gloomy and forbidding, a small store would be blotted out altogether. The passing throngs do not see it, and the only service it renders is to show up more strongly the lighted windows of its neighbors.

Your problem is not altogether a question of having enough or too much light; it is principally a question of the right kind of lighting located in the right place, where it will be the most effective, and at the same time cost the least.

This problem of store lighting is not for the big retailer alone, but is also of prime importance to the small merchant, whether he is located on a main thoroughfare or situated on a side street.

All this requires the services of an illuminating expert. To any merchant interested, we will send a specialist who will solve his lighting problems for him without charge and without obligating him in any way.

As the effect of this investigation will be to stimulate sales, isn't it well worth the slight trouble of picking up your phone right now and calling up

SUNDAY WORLD FEATURES
 On the front page of the editorial section of the Sunday World is a strong cartoon and editorial on the vice of poverty. It represents the clean water with which consumption must be fought. There is also a strong editorial dealing with public schools and the practical life. The song feature is "Keep a Little Fire Burning in Your Heart For Me." The four-color feature is a magic song, 300 years old, which makes an attractive frontpiece to the magazine section. Mr. Kenneth Douglas writes on social and religious problems, and Kit in her column of comment touches on many subjects of special interest to the women.

Real Estate and Building---News and Opportunities

WELLAND

The Greatest Engineering Event in Canadian History Will be the Building of the New Welland Canal, Upon Which \$50,000,000 Will be Spent.

WELLAND, the fastest-growing town in Canada, will probably be the headquarters for the expenditure of this vast sum of money.

WELLAND WILL in all probability have a greater boom during the next five years than any other place in the Dominion.

WHY NOT invest in some WELLAND Real Estate and reap the enormous profit which is almost sure to be yours?

Upon receiving your name and address we will be pleased to mail you FREE our descriptive illustrated circular about Welland, and about

METROPOLITAN BUYING YONGE STREET BLOCK AT QUARTER MILLION

Radial Railway Purchasing Properties Between Birch and Alcorn Avenues Probably for Terminal Station.

Deals are on for the purchase of the Yonge street frontage between Birch and Alcorn avenues on the west side of Yonge street. Birch avenue is the first street north of the C. P. R. crossing. The same agents that bought the radial's right-of-way from Balmoral avenue south a hundred yards west of Yonge street are said to be the men after the Birch to Alcorn block.

About 50 feet of the total 210 feet of frontage in the block was bought some months ago for investors, said to be the C. P. R. This is the north corner of Birch. The rest of the property is divided between seven or eight different individuals. Only two of these, Nicholas Garland, jun., and Miss Alberta Albin, have not sold, and it is understood negotiations with them are progressing favorably. Some of the land has been bought at \$1200 a foot and more, and the total worth of the block to the radial will be a quarter of a million dollars. Five years ago this land was \$100 a foot.

At first glance it would appear that if the radial company are intending to buy the whole frontage they want it for a terminal station, but the property owners and the city in the vicinity, to some of whom The World talked last night, say that the railway wanted just the back of the Yonge street lots but the owners refused to be content with just 90 feet depth, which the railway wanted to leave them and demanded that they buy the entire properties.

North of Alcorn avenue, at least to Walker avenue, there are said to be an average of 60 feet of the back of their lots, leaving them still 90 feet depth.

There are fourteen stores in the Birch to Alcorn block. Refreshment and fruit booths predominate.

NEWMARKET

The great North York Fair at Newmarket showed a falling off in the number of entries by nearly a thousand compared with last year, owing to the late harvest. The quality of the exhibits, however, showed a high degree of excellence, and the flowers, fruits and vegetables were especially fine.

The automobile procession, together with tradesmen's vehicles, was a great success, and for the third year in succession, R. J. Mathewson of Newmarket won a handsome silver cup. In lady driving there were five competitors. Miss L. E. Trent won the red jacket, and Miss Grace Peitch the blue card. There were six roadsters in harness, three years old, and the first prize was secured by Marvin Rutledge, with M. Blanchard a close second.

A. E. Widdifield's team of ponies won the first, and Norman Walker's the second.

In the single pony, 14 1/2 hands class, Sir Wm. Mulock took the first prize, and W. H. Eves the second.

In the 12 1/2 hands pony class C. K. Morrison won the first and J. Parkin the second.

Mr. John Curry's saddle horses took a first and second.

For high-stepping horses Edwin Raymond won the first and M. W. Bothan the second.

There was a splendid exhibition in the horse ring, all the classes being well filled. The chief exhibitors in Short-horn cattle were John A. Boug, Fred Sob, J. H. Proctor and A. S. Rogers.

J. B. Cowleson of Queensville swept the deck with Jersey cattle, and the principal exhibitors in grade cattle were: A. E. Starr, C. R. Dyke, J. H. Proctor, John Perkins, George Smith, John Curry, J. F. Smith, Fred Smith, C. H. Dennis, J. E. Farr and J. Plnder.

In sheep the chief exhibitors were as follows: Leonard R. Plnder, Cotswold--Wm. Thompson and J. F. Sanders; Shropshires--J. B. Cowleson, T. M. Blackburn and W. D. Monkman; Oxford and Southdowns--S. Lemon.

The prize-winners in swine were: Edgar Dennis, S. Lemon, J. B. Cowleson, R. Plnder, R. S. Frisby and Son, Fred Smith and T. Spaulding.

Poultry exhibits showed a decrease compared with last year. The chief exhibitors were: R. H. Crosby, J. H. Gibney, A. H. Hill, W. H. Huggins, W. N. Gibney, James Squires, A. F. Malcolmson, C. H. Byam, George Haskett, George Talvert, Mrs. Peter Talvert, W. J. Escouffeur, J. E. Hollingshead, W. H. Rosenhagen and W. E. Richardson.

The Aurora Band of 39 performers rendered a capital program of music on both days.

MARKHAM

Given favorable weather the indications are that Markham Fair, which opens on Wednesday, Oct. 2, will be bigger and better than ever. The fair is held on the second day, and a special program of sports and concerts is being arranged for their entertainment. About 2000 invitations have been sent out to old boys alone.

President Capt. Adam, and the directors are hopeful of securing the hydro-electric exhibit as an additional attraction. Sir John Gibson, lieutenant-governor of Ontario, and Sir James Whitney, premier of the province, have already accepted invitations to attend the fair.

Many of the members of the Ontario Motor League have expressed their intention to be present, and at their suggestion over 6000 motor invitations have been sent to automobile owners in Toronto and district, and a separate entrance and accommodation will be provided for autos.

Special trains will leave the Union Station, Toronto, on Oct. 3 at 12.30 p.m., and on Oct. 4 at 9.30 a.m. and 12.30 p.m. The train for Sutton will be held at Markham until 6 p.m. both days. In addition return tickets at single fare will be issued by all ordinary trains.

Richmond Hill

The high school girls' basketball team played a match with Newmarket High School on Wednesday on the ground of the latter. The match ended in a tie, 2-2. The return game will be played at Richmond Hill.

Mr. J. Wesley Palmer of Richmond Hill has been appointed a bailiff of the third division court of the County of York in place of Mr. Edward Dixon, resigned.

STOUFFVILLE

Mr. Pipher, with his threshing outfit, on Wednesday pulled in to thresh for Mr. A. E. Collins. The work was got thru before 5 o'clock, the result being 1000 bushels of barley and mixed grain.

The annual harvest festival will be held in the Stoffville Methodist Church on Sunday and Tuesday, Sept. 23-24.

AURORA

Mr. Bernard of York Township has purchased Mr. O'Leary's farm in the municipality of Aurora, or to speak more correctly, an exchange of farms on terms has been effected between the two. Mr. Bernard expects to take possession on Oct. 1. Seventy-four acres of his farm lies just inside the corporation, and is assessed for \$3290, 140 per acre, and the holdings at \$240. The place formerly belonged to Joseph Billings.

The monthly meeting of the Aurora branch of the Women's Institute will be held at the home of Mrs. Baycroft, North Yonge street, on Wednesday, Sept. 25, at 3 p.m.

OSHAWA

Dr. Struthers, chief medical inspector of the schools of Toronto, will deliver addresses at Oshawa and Brockville, explaining the system of medical inspection in vogue in the city.

AGINCOURT

The Agincourt branch of the Women's Institute held their September meeting at the home of Mrs. R. Pardee, Malvern, Mrs. M. Peterson gave a paper on "The value of punctuality," which was highly appreciated. Miss M. Hill rendered instrumental music. Mrs. A. Grant gave a humorous read-

The minister of agriculture at Ottawa has issued a poster calling the attention of potato growers to the importance of examining their crop to ascertain whether or not it is infected with "potato canker." The poster shows in natural colors a potato plant, the whole yield of which is affected by the disease. It also shows the appearance of individual tubers in which the canker has started to work. Growers who discover suspicious symptoms of the disease are requested to send affected specimens to the Dominion Botanist, Experimental Farm, Ottawa.

BRAMPTON

BRAMPTON, Sept. 20--Mr. B. F. Justin is making a four weeks' tour of the western provinces.

Mr. Frank Anthony is erecting a number of working men's homes on the Hayden property. There is a dearth of smaller houses in Brampton, and in view of the rapid growth of the town, the erection of a number of working men's cottages would be a good investment.

The Children's Aid Tag Days, Tuesday and Wednesday were quite a success. One hundred and fifty dollars was raised, to be devoted to the work in Peel County.

The double funeral of Messrs. John and Charles Wiggins took place this afternoon at Brampton Cemetery. Two sons, Geo. of Brampton, and John of Illinois, and five daughters, and a widow, were present. The Wiggins left a widow and two children. He was 40 years of age.

The local lodge of Oddfellows last night at their meeting made elaborate preparations for the official visit of Grand Master Eavout of Prescott on Oct. 10. A banquet was held at the Royal Hotel after the ceremonies.

North Toronto

The Town of North Toronto is deficient in an action brought by the Dominion Sewer Pipe Company for \$342 for goods sold.

Ward Seven

September promises to eclipse all other records in the building business for ward seven. For the first 15 days 29 permits were issued, with a total value of \$181,570, but during the last few days the amount was increased to the present total of \$255,770, or an increase of \$42,125 over the corresponding period last year. The list includes 38 dwellings and a number of buildings for the Harris Abattoir Co. Among these are two warehouses, an ice-house, a landing and a 220,000 rendering plant. The Campbell Milling Co. are about to erect a four-story mill near their present plant, to cost \$25,000.

The first meeting of the children's story hour for the children connected with the Runnymede Library was held in the library building, Herriot street, last evening. Mr. Nathaniel Shunk presiding. The election of officers for the ensuing year was the principal business of the evening and resulted as follows: Secretary, James Thomas; assistant secretary, Robert Hoffman; program committee, Messrs M. Durand, G. Stanway, M. Hatrick, C. Gray, D. Jackson and Melville Smithson; consulting committee, Messrs. A. Jeuer, F. Harrick, W. Durand, D. Coulter, H. Smithson and G. Gage.

The success of the story hour has been proved during recent years and officers and members look forward to a pleasant season.

The recent fatal accident caused by a change in telephone wire hanging from a post, and the strong protest sent in by ward seven residents to the Ontario Electric Co. against having suspended the wires at a great expense, would charge \$200 to \$500 for merely which were a constant menace to the

THE METHODIST SUNDAY SCHOOL FORWARD MOVEMENT.

A plan to raise a special fund of \$5000 or more for Sunday school work has been successfully launched by a joint committee of the Toronto Methodist Sunday School Union and other church and Sunday workers, and will undoubtedly be carried to a successful completion within a few days. The scheme involves the training and equipment of district secretaries, the preparation and issue of Sunday school leaflets and literature, the appointment of a specialist elementary secretary and the organization of an educational department, including superintendents and teachers' circulating library, lanterns, slides, etc., which will be accessible to all the local schools at a nominal cost.

While the annual contribution to the general Sunday fund has been gradually increasing thru Rally Day efforts, it is not yet nearly sufficient to enable the board to carry out its plans to meet the rapidly increasing needs of the work. The \$5000 campaign is an appeal for effort along this line and it is hoped that this undertaking by Toronto and other Ontario Sunday school leaders will be a challenge to the whole church to support strongly the educational ideals which are fast setting hold of the Sunday school movement.

It is said that Great Britain has more women workers in proportion to her population than any other country. There are 610,000 dressmakers.

Liberal Party's Days Are Numbered, Says Ex-Baillie Peter Burt, Who Also Thinks Labor Party Will Be Wiped Out at Next Election.

That the Liberal party will be defeated and the Labor party will be only hope, they will be returned to power. In support of this contention Mr. Burt recounted the results of the last few by-elections, showing that wherever a strong single tax advocate was the candidate the Liberals were returned with increased majorities, while negative or uncertain candidates were badly defeated.

Every Little While There's Going To Be a Melon Cut

The public seldom has a chance to invest in the stock of a garage company.

Garage companies are generally closed corporations, the stock in which pays enormous dividends.

There is splendid profit in the sale of automobile parts, lubricating oils, gasoline, carbide and tires, and in repairing, washing and polishing cars, accessories, replacing parts, etc.

The storage of cars is "found" money—nearly all profit.

The Automobile Livery business pays handsome dividends and is good the year round.

We are going to have an automobile company in Toronto that will make money, filling a long-felt need. For a fair charge your car will be called for, kept replete with supplies and brought to you just minutes after your request by telephone.

This Company is going to pay big dividends, and every little while there is going to be a melon cut. Here is your only chance of being on the books for the regular allotment of dividends.

We are the sole selling agents for the stock of the CENTRAL GARAGE & SUPPLY CO., LIMITED, OF TORONTO, and we have for you now in this office a prospectus of the company.

The Company offers some of its stock to the public for the very good purpose of having stockholders everywhere boosting the business.

Form for R. B. Haley & Co., Temple Building, Toronto, Ont. Dear Sirs: Please send me, without any obligation on my part, a prospectus and full particulars concerning the Central Garage & Supply Co., Limited, stock.

Form for Application for Stock CENTRAL GARAGE AND SUPPLY COMPANY, LIMITED AUTHORIZED CAPITAL, \$150,000.00

Enclosed please find... Dollars as deposit of 25 per cent. of the stock of your Company.

I hereby request you to allot me that number of shares, and I agree to accept the same and to pay the balance on allotment.

Address all communications to R. B. HALEY & CO., Bay and Richmond Sts., Temple Building Toronto, Ont.
