## TAFT ASKS FIELDING To Meet at Albany, With Earl Grey, TO A TARIFF CONFAB

President Making an Unusual Effort to Avert a Trade War—Is Conference To-day or Sunday.

SIR WILFRID INVITED BUT COULDN'T GO

FIELDING ACCEPTS.

OTTAWA, March 18.—(Special.)—Altho earlier in the evening Mr. Fielding declined to say whether he had accepted President Taft's invitation to go to Albany, it was announced late to-night that the finance minister would leave to-morrow morning.

ALBANY, N.Y., March 18.—History both state and international may be made here to-morrow and Sunday, when Albany entertains the governor-general of Canada and the president of the United States. The president comes on the invitation of personal friends and originally, it is believed, his visit was intended to be purely social. Since he accepted the invitation several weeks ago, however, the Canadian tariff situation has become acute.

It was learned to-night that Earl Grey, the Canadian governor-general, accepted the request for the Albany University Club, that dinner here to-morrow night only after he was informed that the president desired to meet him here.

The announcement from Rochester that President Taft has invited W. S. Fielding, the Canadian minister of finance, to discuss the tariff dispute with him during his stay indicates the chief reason for the governor-general's wish to be present at the same time.

President Taft first invited Sir Wilfrid Laurier, the Canadian premier, to a conference, but the latter was unable to come. Henry M. Hoyt, counselor of the state department, and Charles M. Pepper, tariff expert of the department of commerce and labor, will come from Washington, to be present at the conference.

Settlement With France. President Taft announced to-night that a complete agreement had been reached with France on all tariff differences and that at Albany to-morrow he would sign a proclamation reducing rates provided for in the Payne-Farley tariff law.

The president will meet on his arrival at 2:30 by Gov. Hughes and Mayor McEwan and representatives of the University Club, and go with them in a motor to the executive mansion. Earl Grey is not due here until the hours later, and since Gov. Hughes will be with the president at that time, the governor-general will be welcomed on behalf of the state by Adjutant-General Henry, the governor's chief of staff, and a committee from the University Club, which will include Speaker Wadsworth of the assembly, Leonard Widworth of the assembly, and other military companies will escort Earl Grey to the Hotel Ten Eyck.

On Sunday morning the president will attend church with Gov. Hughes, and in the afternoon the governor will give an informal luncheon at the executive mansion. Among the guests will be the president and Earl Grey, Mr. Fielding, President Nichols of Dartmouth College, Bishop Doane and Bishop Lewis, respectively of Albany, and former Gov. David R. Francis of Missouri.

## DON FOUNDRY BURNS POOR WATER SUPPLY

One Storey Structure at Foot of Cherry Street is Completely Destroyed.

Fire was discovered in the Don Foundry, east of Cherry-street, on the morning of last night and an alarm run in from Front and Cherry-streets, but so firmly had the flames seized upon the single storey, iron-sheeted structure that the firemen, working with a limited water supply, were unable to do more than hold the blaze in check, while many of the valuable moulds were removed from the doomed structure.

The cause of the blaze is unknown. It is believed to have been due to a short in an electric wire or to a spark from the furnace. The iron sheeting proved a great hindrance to the firemen, preventing free access to the burning wood beneath.

The city hydrants do not come close to this spot and the firemen had to use the manual pumps of the British American Oil Co's plant close to the burning building. This provided only a limited number of streams. Twenty-five men were employed in the foundry, which was built a year ago.

Fire was discovered in the building owned and occupied by Wm. Coulter & Sons, cooperage, 15 and 17, George-street, at 3:07 last night. The blaze started in the basement from the furnace and damaged the premises and stock in the sum of \$200. The loss is fully covered by insurance. The men were confined to the first floor and the greatest loss was in the stock of patterns.

Referred to Committee. LONDON, March 18.—The House of Lords' Royal Commission's conclusions looking to the return of the chamber to a committee, which will consider them next week.

## EXORBITANT ESTIMATES FOR THAT ALBERTA RY.

And Also Fancy Salaries—Legislature is Adjourned Until May 26 When Commission Reports.

EDMONTON, Albn., March 18.—(Special.)—The government to-day made a final and complete surrender by announcing the insurgents what they were preparing to demand—the adjournment of the house until the royal commission have completed their enquiry into the Great Waterways Railway deal.

When the legislature adjourned, it stood adjourned until Thursday, May 26, when it will again be called upon to hear the report of the commission. Premier Rutherford made the statement that no money would be paid to the railway company on their guarantee until the investigation was over. It was also promised by the premier that no portion of the route, to a further extent than Battleford, 25 miles from Edmonton, would be approved by the government until the investigation was finished.

Smith, of Camrose demanded that something be done in order that the government might have a check on all expenditures on the road. He made charges that exorbitant salaries were being paid to officials of the company. He understood Consulting Engineer Dr. Waddell was paid \$25,000, while the chief engineer of the Grand Trunk Pacific only got \$10,000. Also, the general manager was getting \$50,000 a year.

Holding in his hand Waddell's estimate of the cost of the road, he quoted estimates of \$12 an acre for right-of-way. This was exorbitant, for the country thru which the road was passing, at most of the land was Dominion Government land, and therefore would cost nothing. He quoted \$1 a yard for loose rock and \$2.40 for solid rock.

Smith, of Camrose demanded that something be done in order that the government might have a check on all expenditures on the road. He made charges that exorbitant salaries were being paid to officials of the company. He understood Consulting Engineer Dr. Waddell was paid \$25,000, while the chief engineer of the Grand Trunk Pacific only got \$10,000. Also, the general manager was getting \$50,000 a year.

## RUSSIAN PEPLAR KILLED

John Draugenas Struck Down by a Train at Port Credit.

Stepping from one track to another in order to avoid an approaching G. T. R. train, John Draugenas of 51 Nelson-street, Toronto, was struck by a C.P.R. train, a mile and a half west of Port Credit last night. He was severely injured that he died an hour later.

The train, a C.P.R. special, carrying the University Glee Club to Hamilton, was stopped and the injured man placed on a stretcher and taken back to Port Credit, where an examination showed that he had sustained fatal injuries, nearly every bone in his body being broken. He was then conveyed to Hamilton, where he died.

The deceased was a Russian by birth, and a tailor by trade. He leaves a wife and three children, the oldest being only 8 years of age.

Draugenas was in the habit of making periodical journeys to points along the line for the purpose of peddling goods. A letter addressed to himself furnished the clue to his identity.

## READY TO BUILD THE ROSEDALE EXTENSION

Works Committee Asks Board of Control to Take Advantage of Whitney Act—Mile of Track to Cost \$75,000.

"That the Board of Control be requested to consult with the city engineer with the object of building the Rosedale extension by day labor under the act passed by the legislature, as soon as possible."

The foregoing resolution was unanimously passed by the civic works committee yesterday, on motion of Ald. Maguire with Ald. McBride as second. The car line in question is the one which the street railway offered to build externally, for the purpose of accommodating the public at the Q.O.R. celebration next June. The city's representatives see in the move, however, the possibility that the railway's real object is to facilitate an entrance of the Metropolitan Radial Railway by way of Moore Park.

The building of the line by the city, if decided upon, will be the first fruits of the Whitney legislation, which empowers the city to construct extensions in the districts annexed since the agreement of 1891. It will be important, moreover, as marking the initial stage in the municipalization of the street railway, which cannot be delayed longer than eleven years. As the city will own the extension in entirety, sub-structure and rails, it can absolutely checkmate any designs of the radicals to enter thru North Rosedale. Of course, if the street railway declines to agree, the whole undertaking will be rendered futile, since the extension must necessarily be joined with the Church-street line on the south of Glen-road bridge to be effective.

The city engineer estimates that the route as planned involves the laying of about a mile of tracks, including the small section to be double-tracked, namely, across the bridge to Pelham-place. A single track is to run along Glen-road, Edgewood, School, Avenue, Binsworth-road and Pelham-road, forming a loop and merging with the double tracks. Mr. Rust estimates the whole cost at about \$75,000, as against about \$20,000 which the city would have to pay if it laid the substructure alone as under the usual terms.

Ald. Maguire pointed out that, as the proposed course would not involve the granting of a charter, it would not be necessary under the Street Act for a vote of the people to be taken. All that would be needed would be a proclamation by the lieutenant-governor-in-council. By the use of day labor, no time would be lost in awarding contracts and the lines could be ready for the military celebration, just three months ahead of the mayor, had asserted that the railway's object was to meet Sir Henry Pellatt's wishes, any refusal on his part to agree to the arrangement would show the insincerity of his claim. The motion carried without discussion.

## AL REEVES, AS NEWSBOY, BOOSTS BUILDING FUND

WITH MISS LANSFORD, LEADING BEAUTY Sells "No Change" Special from Automobile on Street Corner, Drawing in Nearly \$100 for the Home and Gym.

Everything went from a dime to a dollar and there was even room for the pennies at the big benefit-sale of the special edition of The World yesterday noon when, in forty minutes "chastling," Al Reeves, proprietor of the Al Reeves Big Beauty Show at the Gayety Theatre started the glory of the Gayety Theatre started the game, buying the first paper for a brand new dollar bill. The second man on the job was one of Dr. Sheard's "white-wings" who plucked a dime, and then they came thick and fast, pennies, nickels, quarters every sort of coin there is with a sprinkling of dollar bills.

All Kinds and Conditions. The ladies were not backward and came along with their coin to help the kids, as did every description of man, the bum, the boss and the bumpkin. While you watched you thought of the old wheeze "richman, poorman, beggarman, doctor, lawyer, merchant," Hartley H. Dewar, K.C., ex-county crown-attorney, was there with his dollar and Al Jolson, headliner at the Theatre, bought a bunch for two dollars.

As usual the newsboys came right up with their money, and more than one grimy little fist was shoved into the auto with a nickel, a dime, there were even several quarters, and a good round half dollar.

Meanwhile Miss Lansford was very busy out in the crowd with an armful of papers, and a newsboy's hat for the fill.

Believe me, she made all sorts of a hit and sold paper. An offer was made her from the circulation managers of six Toronto newspapers, and also from The War Cry. She didn't shout her sheets, but she sold them in lumps, chunks and bunches and brought in goodly wedges of coin every time she came back for a fresh supply. Suppose this theatrical business does go bump, she can still be rich hustling papers.

The Spirit of the Thing. But it was the spirit of the thing that did the big share of the work, and it was the advertising of the project which was the big thing aimed at and attained. Everybody will now know that there is a newsboys' gymnasium, night school and club to be built and equipped. They will know why it is needed, and what it will aim to do.

It is up to you to help in building the machinery for building good citizens out of these little merchants of the street. The money will be accepted at the Trusts and Guarantee Company, 54 West King-street. Send it along. Everything goes, dimes or dollars, all will be welcomed.

JACK CANUCK: Did I understand you to make it clubs?

## TARIFF EUCHRE

OTTAWA, March 18.—(Special.)—The most important event in a day spent in supply was Hon. Mr. Fisher's announcement that before long the recent trade agreement with Germany will be followed up by the establishment of a trade agent in Germany, probably in Hamburg.

It was J. B. Armstrong, who elicited this statement, when the minister of agriculture was putting thru supplementary estimates, pertaining to the trade and commerce department.

The Easter recess was fixed. The house adjourns on the 23rd and re-assembles on the 26th. The motion put forward by the government was that the house meet again on Easter Tuesday, but Sir Wilfrid Laurier succeeded to the request for one extra day, by Mr. Warburton of Prince Edward Island, and some western Conservatives whose multiplicity was George Taylor, Dr. Clarke of Red Deer protested that it meant a month longer time spent by western members, who remained in Ottawa, in absolute idleness.

W. F. Maclean asked if the government would make any pronouncement before Easter on the tariff war. Mr. Fielding replied that it would depend on the state of business at that particular time. At present it would not be in the public interest to make any statements.

A project for a new cut-off canal to connect the St. Lawrence River with New York waters was alluded to by Mr. Puzlevy. There is a vote for a survey of the route opposite Montreal to the Richelieu canal, and the minister of public works stated that it has been proposed to dig a canal from a point on the St. Lawrence opposite Montreal to the Richelieu River. This would save 100 miles and give a waterway shorter than the present rail routes.

"That would be a diversion of trade from other Canadian ports," opined E. A. Langford of Elzevir.

It appears that Mexico has dropped her subsidy of \$25,000 to the Pacific steamship service between her ports and the British Columbia seaboard, and that Canada has accordingly assumed that amount extra. The Atlantic and Pacific Mexican subsidies are now costing Canada \$25,000 a year. Report was made of a \$25,000 subsidy for a St. John to Cuba line given last November to the Wm. Thompson Co. of St. John.

It was a case of urgency, said the government, when Hon. John Haggart complained that parliament should have been consulted before entering upon the contract.

Major J. A. Currie asked if the West Indies would net help with some of the subsidies, and Mr. Fielding, in reply, talked hopefully of the work of the recent royal commission on trade between the West Indies and Canada.

## NEW G.T.P. ELEVATORS

Will Be Erected at Port Arthur to Hold Ten Million Bushels.

OTTAWA, March 18.—(Special.)—While he was defending a vote of \$425,000 for dredging in the current year in Thunder Bay, Hon. Mr. Puzlevy made the statement that the G. T. P. has decided to erect at Port Arthur elevators to contain ten million bushels of grain. Ultimately these elevators will have a capacity of thirty million bushels.

## MR. BORDEN ON TOUR

On Trip to Visit New York, Boston and Halifax.

OTTAWA, March 18.—(Special.)—R. L. Borden and Mrs. Borden left today for New York, where they will spend a few days before going to Boston, where he will speak on March 23. On March 25 Mr. Borden will be the guest of honor at a "conservative banquet" in Halifax.

He will return to Ottawa on April 1.

## FIVE HUNDRED HOUSES BURN

Seven Lives Lost in Conflagration in Yokohama.

YOKOHAMA, Japan, March 18.—Five hundred houses were destroyed by fire here to-day. Seven lives were lost.

## A RETROSPECT.

March 12, 1886.—La Salle, while trying to make a journey from Fort St. Louis, Texas, to Canada, was murdered near Trinity Lake by some of his ruthless followers.

March 19, 1871.—Archbishop Lynch of Toronto consecrated Rev. Ezeas Tasseron, Archbishop of Quebec.

March 19, 1865.—Lockport was retaken from the Sepoys during the mutiny.

## NOW FOR EASTER.

Easter is the big time of all the year for new clothes and new hats. The Dineen Company have gone to the end of trouble to endeavor to outdo all their former efforts and have secured such a display of men's hats as has seldom been shown in America before. English, American, German and French styles. Store open until 10 o'clock Saturday night.

## CANADA TO SEND TRADE AGENT TO GERMANY

Statement re U. S. Tariff Not in Public Interest Just Now, Says Mr. Fielding to Parliament.

OTTAWA, March 18.—(Special.)—The most important event in a day spent in supply was Hon. Mr. Fisher's announcement that before long the recent trade agreement with Germany will be followed up by the establishment of a trade agent in Germany, probably in Hamburg.

It was J. B. Armstrong, who elicited this statement, when the minister of agriculture was putting thru supplementary estimates, pertaining to the trade and commerce department.

Referred to Committee. LONDON, March 18.—The House of Lords' Royal Commission's conclusions looking to the return of the chamber to a committee, which will consider them next week.

## The Sunday World

Ten thousand railway men and four hundred thousand people of Toronto who hurry over the crossings when the gates are raised, have looked at the flagman, with his cork leg or humpsey sleeve, and wondered how it happened.

Could you have in mind now your nearest railway gateman. What accident put him in that branch of the service? It is one of the most fascinating and thrilling railway stories ever published in Toronto, and is fully illustrated.

The Sunday World has searched out the sole survivor of that awful railway disaster, in 1857, at the Desjardins Canal, on the outskirts of Hamilton. It was the worst wreck in the history of rail-roading in Canada. The story is illustrated, and of impelling interest, as told by the only one left, who was there.

In a smashing editorial The Sunday World calls upon the people of Canada to stand by their government in the present tariff crisis.

A woman of tact comes very near to ruling England thru her influence with the King. She is a powerful woman socially. Read about it. Roosevelt's interest in the British hero, Gordon, at Khartoum is told in one of Walter Weifman's cables.

Among scores of pictures are the Etendale and Guelph floods, of the slums of Toronto, of Mrs. Gladstone, wife of the first Governor-General of South Africa; of the newsboys' tag-day episodes, and grandchildren of the King. The liberal spirit of McMaster University is an article of interest to Baptists thruout Canada, and Lenten Noon Hour at St. James' appeals especially to the great Anglican church membership in Toronto, and there is another great picture, showing where St. Patrick is buried.

Every educationist in Canada should read the attack on the Ontario public school curriculum by an eminent graduate of Harvard University.

Roman Catholics of Toronto will find a powerful review of the history of the Catholic Church in Western Canada, by Rev. Father Morice. The music, education, public library, literary, science and fine art departments are alone worth the price of the paper.

In the auto and motor departments is an especially strong article on how to save the machinery. New York bankers are combining to build automobiles de luxe. It's a great story of auto exclusiveness. The ladies will be interested in motoring fashions.

The movement and happenings in Toronto society have been closely followed, and the theatrical pages post you next week's amusements. Among the features is a "cracking" interview with Booth Tarkington.

Last week the edition was sold out at 10:30. Agents should order extra copies at once from the circulation department.

### BAR OUT STRIKEBREAKERS TRADE COUNCIL'S DEMAND

Annual Banquet of C.M.A. Branch—Important Proceedings of Board of Control.

HAMILTON, March 18.—(Special.)—The Trades and Labor Council endorsed the resolution emanating from the Guelph Council asking the government to pass legislation prohibiting the importation of strikebreakers. The council will hold a demonstration on Labor Day, but has not decided yet whether there is to be a parade or not. In his address at the banquet of the Hamilton branch of the C.M.A. at the Waldorf Hotel this evening, Robert Holman, who presided, said that the time was past when Canada had to go to Washington for tariff concessions. Other speakers were: W. H. Rowley, H. G. M. Murray, J. E. Walsh, R. W. Brewster and J. S. McKim. R. A. King, principal of the Institute College, India, was the speaker at the Canadian Club's luncheon at the Hotel Royal this evening. He defended the British administration of India.

Conservative Club. A large audience greeted W. S. Middlemore, M.P., North Grey, and Arthur S. Goodwin, M.P., Kootenay, etc., this evening in the Conservative Club. T. J. Stewart, M.P., presided and was given an enthusiastic reception. He declared that the fight over the power bill had resulted in a victory for the Conservatives, and that they would not allow it to pass until they were satisfied.

### HAMILTON BUSINESS DIRECTORY

#### HAMILTON HOTELS. HOTEL ROYAL

Every room completely renovated and newly carpeted during 1907. \$2.50 and up per day. American Plan. 67

With it. Votes of thanks were moved by J. W. Lamoreau and Wm. Armstrong, and the meeting closed with cheers for the speakers and Mr. Stewart.

William Holder, 249 Herkimer-avenue, an old resident, died this evening. Mrs. Place, 16 Wilson-street, wife of Thomas Place, died this afternoon at St. Joseph's Hospital.

Only a small gathering attended the concert given by the Toronto University Glee Club under the direction of D. A. Tripp, in the Alexandria rink and in aid of the Sick Children's Hospital fund. Roy McIntosh and A. R. Garthwaite contributed vocal solos.

Hotel Hanrahan, corner Barton and Catharine-streets, Hamilton, conveniently situated and easily reached from all parts of the city. Erected 1906. Modern and strictly first-class. American plan. Rates \$1.50 to \$2 per day. Thomas Hanrahan, proprietor. Phone 1455.

Went Join Municipal Union. The board of control have refused to join the Union of Canadian Municipalities in order to get the municipalities power to force railway and other companies to conform to a general plan adopted by any municipality. The arguments used were that "the move was largely against the Hamilton, Waterloo and Guelph Railway, and that only Toronto was interested. The city officials said that it would not pay the city to put up the annual fee of \$150 to become a member of the union. Controller Cooper, one of the members of the deputation that visited the natural gas field yesterday, reported that there was plenty of gas to be had if the city wanted to install a municipal distributing plant. A deputation was appointed to wait upon the Ontario Railway and Municipal Board Monday to ask permission to borrow \$100,000 for waterworks extension, and \$45,000 for sewers for the new annex. If the governor-general is agreeable, a civic reception will be tendered to him on April 22, when he comes here to attend the banquet of St. George's Society.

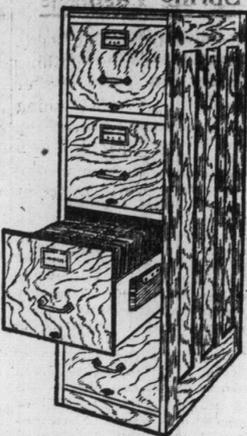

Special Easter Holiday Rates. Return tickets at single fare will be on sale at all C. P. R. ticket offices and stations, Thursday, Friday, Saturday, Sunday and Monday, March 24 to March 29, inclusive, with return limit March 30, between all stations in Canada east of Port Arthur, and to Buffalo, Niagara Falls, N.Y., etc. Special rates for students. Phone Main 2350 for particulars, or ask any Canadian Pacific agent. 3495

Bottled water lacks life and flavor. Come in and try a glass of pure, filtered water. Pasteur Filter, family size, \$10. Alkenhead's, Temperance-street.

Three Charges. William Lanthan appeared in police court yesterday morning charged with being drunk, with stealing a pair of boots and with attempting suicide by turning on the gas while in the police cells. He was remanded a week.

### 4-Drawer Oak Vertical Letter File Cabinet, \$21.00

HERE it is! A handsome, solid oak Letter File Cabinet. Drawers slide on strong suspension arms. Each Drawer has a capacity for 4,500 papers. Capacity of Cabinet about 18,000 papers. Complete with label holders and rods. The biggest bargain in Vertical Letter Files on the market.

We will ship this Cabinet anywhere in Canada for approval. If not as represented, return at our expense. Catalogue of Cabinets and Supplies upon request.

### CITY 'LITTLE AFFECTED' BY LAW LORDS' DECISION

Power of Ontario Railway Board as to Street Car Lines is Supreme.

A hollow victory for the street railway. This is the city hall's opinion of the judgment of the privy council of the privy council to the effect that, under the agreement of 1891 between the city and company, the latter can lay down new lines on whatever streets it desires.

The reason why the mayor, board of control and legal department view the outcome with comfortable equanimity is because, under the lately enacted Whitney legislation, it matters naught what construction may be put upon that aforesaid fecksome document, the street railway agreement. The Ontario Railway and Municipal Board alone can say where lines are to be laid. Even the atmosphere of the street railway offices was subdued yesterday.

Thirty Thousand Dollar Fire. WATERLOO, March 18.—Fire this morning did \$30,000 damage to Valetine and Martin's shoe factory.

The appeal by the city to the privy council was the result of the failure of the city and company to agree upon the streets to be used, the resultant decision of the railway board in the company's favor in 1908, and the upholding of this decision by the Canadian courts. Lord Macnaghten, in delivering the judgment said: "This is a singular appeal, and in their lordships' opinion a very idle one. In form it is an appeal from an order of the court of appeal for Ontario dismissing an appeal from the order of the Ontario Railway and Municipal Board. In substance it is an attempt to avoid or impugn an order of his Majesty-in-council and to re-open a question finally determined in litigation between the parties to the present controversy—the City of Toronto and the Toronto Railway Company.

The argument on the part of the appellants appears to be mainly founded on the shorthand notes of some extracts from speeches delivered by counsel on the hearing of the former case, a line of argument which their lordships are not prepared to follow or disposed to countenance.

# EATON'S DAILY STORE NEWS

## MEN'S WEAR: The New Waterproof and Motor Coats For Spring

For rainy weather wear this Spring, we show a more protective sort of garment than has been general hitherto. A waterproof that buttons to the neck, with military collar, and is made of that ideal raincoat fabric, Paramatta cloth.

Choose from a very broad assortment at most accommodating price-range.

AT \$5.90—Waterproof and motor coat for wet, stormy weather. Made of an olive paramatta cloth with checked linings. Prussian collar buttoning up close to throat. Extra value at **5.90**

AT \$7.90—Imported English paramatta cloth, motor or waterproof coats in a fine double texture material, olive and fawn shades. All seams sewn; Talma or slash pockets. Military collars **7.90**

AT \$10.00—Very smart waterproof coats, roseda and fawn shades; double texture paramatta cloth, English mixture. Long full coats with military stand collars; slash or Talma pockets. Rubber faced buttons **10.00**

AT \$11.50—New style motor coat, the "triple front" has three-ply material across breast of coat. Long single-breasted effect with military collar. The material is an English paramatta cloth in fawn and roseda shades. Slash pockets **11.50**

"THE RAGLAN" waterproof motor coat of fawn and roseda paramatta cloth, double texture, fine finished fabric. Slash pockets; military stand collar; all seams sewn. Price **11.50**

AT \$13.50—Fine paramatta coats, for motoring, etc., made of a very fine finished paramatta cloth in fawn and olive shades. Cut "Raglan" style (continuous sleeve to neck), all seams sewn and have strapping of same material, 7/8 inch width **13.50**

MAIN FLOOR—QUEEN ST.

## Examine Our Upholstered Furniture

You will find a quality in the springs, in the well laid padding, in the stout, carefully fastened strapping and ticking that will surprise you. You will find a diversity in the covering material, silks, velours and tapestry that gives individuality to the styles.

**THE SECRET IS THIS:**—In our own factories every detail of these operations is studied and carried out. You can buy from the manufacturer, and the middleman's profit helps to put the extraordinary quality into the goods and finish.

Take these specimen values and compare them with the goods.

Parlor furniture affords a magnificent display of arm chairs, reception chairs, arm rocking chairs, parlor suites, davenports and couches, all the new and popular designs, covered with new fancy silks, tapestries and velours.

Davenport sofa bed, with wood ends in early English finish, is a sofa by day and a double bed by night, simply constructed and easily operated, is very comfortably fitted with the best coil springs and upholstered in felt, covered in velour **26.00**

Arm chairs of genuine mahogany, handsomely designed, have large spring seats, covered in fancy silk tapestry **11.90**

Three-piece parlor suites, have birch mahogany frames of new design and include an arm chair, arm rocking chair and settee with upholstered seats, covered in fancy velours **18.00**

Three-piece parlor suites, with mahogany finished frame, show assorted patterns, highly polished, the spring seats are covered in tapestry and velour **21.90**

Parlor arm chairs, in mahogany finish, with upholstered spring seats, covered in new patterns velour **4.50**

Parlor arm chairs, rocking chairs and reception chairs of genuine mahogany and mahogany finish with upholstered seats, covered in fancy silks and velours **7.90**

Three-piece parlor suites of mahogany finished frames, highly polished, are of new design, the upholstered spring seats covered in fancy silk and tapestry **31.50**

Wire back all-over upholstered chairs, are exceedingly comfortable and serviceable, a large size, covered in denim **17.50**

Chesterfield sofa, all-over upholstered, 6 feet long, suitable for living room or library, covered in green denim **44.50**

## Wall Papers That Suggest Color Schemes

The season's papers have been designed with such consummate art that the shade combinations and color contrasts are safe guides to the complete furnishing of your drawing room.

On the other hand if two colors happen to jar in your furnishings they can often be harmonized by selecting a paper in which both colors are blended.

The papers themselves are a dream of elegant colors and exquisite patterns, from the French silks to the sturdy German and chintz-like English patterns.

Japanese grass cloth, for the panelling of dens, libraries, sitting rooms or dining rooms, is 36 inches wide, and is made in brown, red and green colorings. Half price, per yard **.25**

American varnished tile wall paper, in stripe, brick, floral and set figure patterns, for kitchens, halls, or bath rooms, comes in blue or green colorings. Per single roll **.25**

American wall papers, in conventional and art designs, are intended for lower rooms or halls and show a large variety of new 1910 papers. Per single roll **.40**

New English drawing room papers, in green, yellow, blue, ivory and other delicate colorings, have designs most artistically arranged. Per single roll **.50**

English hall and dining-room papers, in light, dark and medium shadings, lend themselves readily to high-class decorating. Per single roll **.75**

High-class American wall paper, shows an exceptionally fine shade of brown, background is intended for use in hall or dining room decorations. Per single roll **1.00**

English bedroom papers, in stripes, florals and small patterns, show designs for almost any style of bedroom decoration, in many new shades. Single roll **.50**

French Tussah silk drawing room papers, in champagne, blue, cream and green, represents a class of papers that is a perfect substitute for real silk in up-to-date drawing rooms. The finish and silky lustre are all that could be desired. Per single roll **1.75**

Blank wall papers, in complete combinations of side wall, ceiling and border, ordinary rooms can easily be made bright at very small cost. Pretty papers can be had at single roll **.5**

9-inch border, per yard **.1 1/2**

Gilt wall paper, in styles designed for halls, sitting-rooms, dining rooms and libraries, some of the patterns are outlined in heavy gold, have 18-inch shaded fringe and ceilings to match. Single roll **.15**

18-inch border, per yard **.6**

Plain stripe wall paper, for bedrooms in white and blue, green and white, white and pink, etc. Comes in side wall only. Single roll **.15**

THIRD FLOOR

## Many Young Men Favor the Soft Hat For Spring Wear

MAIN FLOOR—QUEEN ST.

We've prepared extensively to meet that demand. New styles, new finishes in the felt, new textures, new shades—a very broad assortment of new fashions.

One pleasing style is a new soft hat in a Myrtle Green. A dashing style with turned stitched brim and self-colored corded silk band. The illustration shows the effect. Hat is of good quality fur, 2.00 felt, and moderately priced at **2.00**

Another new style that bears a smart, jaunty appearance and conforms comfortably to the shape of the head, is a sage green soft fur felt, with darker silk band. Slightly roll brim, with raw edge; calf leather sweatband. This hat can be worn in so many variations of brim and crown that it affords a constant "change" of headware. The price is **1.50**

### Derby Hat in a Dressy Style

Made from genuine fur felt in a very fine smooth finish; pure silk trimmings, Russian calf leather sweatband. It has rather a full crown, and the brim is narrow and flat set. An approved Spring style. Price **2.00**

## BOYS' SUITS Spring Fashions

Easter rush buying starts Monday, and our clothing stocks were never better ready to supply the clothing wants of boys big and little. The few items that follow tend to show how very comprehensive is the assortment in all lines.

Bloomer suits of an all-wool navy blue English clay twill worsted. Coats three-button, double-breasted, with stitched cuffs; loose fitting strap and buckle bloomers, Italian body linings; sizes 29 to 33. Price **7.50**

Bloomer suits very smartly tailored in the new patterned imported fancy tweeds, in pretty shades of brown, dark and medium shades of green, neat striped effects. Coats double-breasted, with and without belts. Good quality trimmings. Strap and buckle bloomers; sizes 24 to 28. Price **5.00**

Two-piece suits in the popular Norfolk style, single-breasted box pleated coats with belt. Variety of new patterns and shades, Italian cloth linings, knee pants; sizes 24 to 28. At \$2.75, \$3.29, \$4.00, \$4.50.

Three-piece suits of imported tweed in a pretty shade of brown with small stripe patterns. Coats double-breasted, knee pants, Italian body lining; sizes 28 to 33. Price **5.00**

Three-piece suits, stylishly tailored from English fancy worsteds in the new Spring patterns and shades. Single and double-breasted. Best trimmings, knee pants; sizes 28 to 33. At \$5.00, \$6.00, \$7.50, \$8.50 and \$10.00.

MAIN FLOOR—QUEEN ST.

## Spring Undergarments for Men

Imported fine natural wool undershirts and drawers, in spring weight. A little cotton carded in to help render it unshrinkable. Natural shade. Sizes 34 to 46. Per garment **.75**

MAIN FLOOR—QUEEN STREET

## Men's Sateen and Zephyr Shirts, Monday 33c

Two items that promise substantial price saving to early buyers.

Black sateen shirts of fairly heavy, enduring quality. Seams are double-stitched. Well proportioned and generously cut, with attached collar; sizes 14 to 18. While a limited quantity lasts. Each **.33**

Scotch zephyr shirts in a wide color assortment of neat stripe patterns. Neglige style with small cuffs attached; all sizes. They are of very much better qualities than the price would indicate as they are a maker's "seconds" and a wonderfully low figure is effected to clear them. Each **.33**

MAIN FLOOR—QUEEN STREET

## The EATON Watch is a Student's Aid

With its absolute, unvaried accuracy it stimulates the regularity that is the secret in student life.

The EATON watch itself is the result of years of careful development. Each of its jewels has been added to do a certain duty, the adjustable settings were adopted to make possible a more exact regulation. In fact everything has been done to make the EATON an ideal watch.

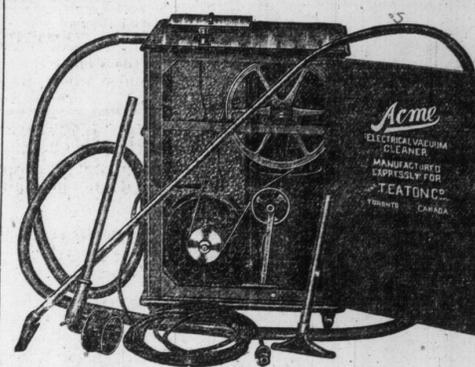

The case is made to suit the individual liking, in solid gold or gold-filled. Fully guaranteed in every particular. The EATON welcomes close acquaintance.

17 jewel EATON with every improvement in a gold filled case that we will renew at any time should it prove unsatisfactory; size 12 for **12.50**

MAIN FLOOR—YONGE ST.

## The Dustless Home is the Germ-free Abode

"Half the ills that flesh is heir to" may be avoided by simply keeping the lungs free from the germ-laden dust; always present where old-fashioned methods of sweeping are in use, but the "Acme" Electric Vacuum Cleaner offers means of securing immunity.

If you have little ones playing on the floor, you owe it to them to remove every particle of dust, and the "Acme" will do it; the price will be saved in doctors' bills in the average family.

Either direct or alternating currents will operate the "Acme," which is built to take its power from the ordinary electric light plug for house use.

Small enough and inexpensive enough to be a reasonable equipment for proper housekeeping, the "Acme" is large and powerful enough to serve clubs, stores, schools, churches and other semi-public buildings, yet weighs only 60 pounds.

Different nozzles and brushes are designed to clean behind pictures, under furniture and registers, on top of the doors and mouldings, under the edges of rugs, everywhere in fact that dust may lodge. A demonstration will interest you.

The "Acme" cleaner is a household and business necessity. Machine **\$100.00** complete

A CARPET SWEEPER saves time and much hard work in the everyday sweeping of carpeted floors. Our "Grand Rapids" and "Jubilee" are excellent \$3.00 sweepers; the "Eaton" a good \$3.50 value, and the "Elite" a splendid \$4.00 sweeper.

—Demonstrated on Third Floor.

# Eby, Kelly and Hall Elected Unopposed

Eighteen Candidates Nominated For C.L.A. Council—Elections Next Friday.

Everything is in readiness for the annual meeting of the Canadian Lacrosse Association next Friday in Labor Temple. The proposed amendments are all in order, and yesterday the list of nominations closed with three of the four chief offices going by acclamation, and the eighth name for the ten places on the council. The three auditors are again elected without opposition. Following is the official list of nominations:

President—Oscar S. Eby, Hespeler.  
First vice-president—J. K. Forsyth, Toronto.  
Second vice-president—J. J. Kelly, Brampton.  
Secretary—W. H. Hall, Toronto.  
Auditors—J. G. Bell, Bradford; Dr. Lou Campbell, Bradford; Dr. W. A. Groves, Ferguson; Jos. A. Hewitt, Guelph; J. M. Hinds, Arthur; Chas. Hocking, Toronto; Geo. C. James, St. Catharines; Ernie McNeill, Toronto; Thos. J. Mackie, Brampton; J. P. E. McGibbon, Bracebridge; D. McMillan, Beaverton; Chas. W. Mitchell, Dundalk; Frank Oliver, Lindsay; Arthur E. Rankin, Owen Sound; Russell Richards, Toronto; Dr. T. Scrivener, Aurora; Woody Tezart, Toronto; C. L. Wallace, Woodbridge.

Auditors—J. G. Bell, Bradford; Dr. Lou Campbell, Bradford; Dr. W. A. Groves, Ferguson; Jos. A. Hewitt, Guelph; J. M. Hinds, Arthur; Chas. Hocking, Toronto; Geo. C. James, St. Catharines; Ernie McNeill, Toronto; Thos. J. Mackie, Brampton; J. P. E. McGibbon, Bracebridge; D. McMillan, Beaverton; Chas. W. Mitchell, Dundalk; Frank Oliver, Lindsay; Arthur E. Rankin, Owen Sound; Russell Richards, Toronto; Dr. T. Scrivener, Aurora; Woody Tezart, Toronto; C. L. Wallace, Woodbridge.

ship of President Doyle, will begin at 11 o'clock.

The new Teuness Amateur Athletic Club rooms will be thrown open to the C. L. A. delegates on Good Friday.

The chief office of the C.L.A. is filled this year without a contest. Blaney McGuire was nominated, but he decided to leave the field alone to Oscar Eby, and the Hespeler man is president for 1910 by acclamation, while Blaney will fight it out with Jack Forsyth for the first vice-presidency.

Aslan W. H. Hall, the popular secretary-treasurer, is deservedly returned also by acclamation. One of the most courteous of officials, Mr. Hall fills the position with equal credit to himself and benefit to the association.

The other official returned without opposition is J. J. Kelly of Brampton, secretary. Mr. Kelly has represented the Excelsiors the last few years on the council so acceptably that he deserved the promotion unopposed. Judging the record on the lacrosse field warrants Mr. Kelly as a member of the national team that won the senior championship of the C.L.A. in 1909. J. J. came originally from Newmarket.

Joe Miller, the star quarterback and former captain of the University of Michigan football team, who disappeared shortly after he was drafted to fight in the war, has been located. He is in good health, except that he says his mind is not clear. His hair has turned gray.

**Soccer Notes.**

The special meeting of the Toronto and District Football League Executive is called for Tuesday evening, instead of Monday, and will be held at the Labor Temple, on Church-street, at 8 o'clock.

British United footballers will practise on Stanley Barracks at 3 o'clock. All old players are requested to be on hand and any new ones will be made welcome.

The Devonian Football Club will hold their first practice on the Don Flats to-day, and request all players and Devonians wishing to get in the game to be present. The Devonians are holding a special meeting on Tuesday night next in the S. O. E. building, for the purpose of electing officers, etc., and request all players and members to be present.

**Score's**  
"THE HOUSE THAT QUALITY BUILT"

# Gentlemen's Spring "Plumage"

We are specialists in high-class tailoring—we put the cloth value and the making value in the clothes we make—and can always emphasize "the most for the money."

We show to-day a grand collection of specially selected and personally purchased direct importations in British woven suitings for spring and summer wear.

# U.C.C. TOURNAMENT GALLIHER'S SHARP POON

Heintzman, Simpson, Grant, Lawson and Brown Other Winners.

The fourteenth annual boxing tournament of the Upper Canada College was held in the college gymnasium yesterday afternoon before a large assembly of spectators and their friends. The tourney proved to be one of the most successful the U.C.C. have ever pulled off, and in the eleven events on the program some sixteen exciting bouts took part.

In the final, heavyweight class, Galliber, who had defeated McLeod in the preliminaries and beat him almost without trying; Galliber is some boxer, and has shown strength to place him among the "good ones." In the first round he was after his opponent, who was hit so far as physical qualities are concerned, and by that leading and alertly parrying easily got him on the run. The second round was Galliber's in a walk, he doing all the leading and handing out all the punishment and receiving "blows" in return.

The program was a repetition of the first and second, the honors all going to Galliber. This boy is fast on his feet, has great strength and his blows, in scientific, keeps cool, and in fact has all the qualities to develop him into a top-notch fighter.

Brown and Donnelly, two of the popular boys of the college, fought in the middleweight class and mixed things for a while. Brown had the best of the reach proposition, but Simpson was so fast as his snifty opponent. The first two rounds went about even, with both boys doing their share in the leading. The third round was faster than the two previous, and in this round of the battle Brown gained the decision on account of his aggressive work. Lawson won all three rounds easily, and would be hard to beat at the west.

The lightweight final brought together Lawson and Hett. Lawson is quite a sledge-hammer, that he lands too often for his opponent's Hett was too eager to open up his guard when he punched, and Lawson took advantage of his openings and got in his work. Lawson won all three rounds easily, and would be hard to beat at the west.

Grant and Wadsworth put up a fast exhibition in the final of the featherweight class. Both boys were good boxers, neither did enough leading. Grant being the worst in this department.

Simpson met Ellis in the final of the bantam weight class, the audience were given a lightning fast exhibition of reach proposition. Simpson mixed things from the shake till the final bell, and both showed excellent skill. The referee gave the decision to Simpson, who was a very effective swing.

The special class brought together Hett and Grant. Hett was very fast and had a good lead. The first two rounds were clearly Kemerer's, but with the opening of the third round he gained the decision on account of his aggressiveness. The boys were very fast and had a good lead. The judges gave the decision to Heintzman, there was much criticism on this point, some thinking it should have been reversed.

**Summary.**

Special class—H. C. Heintzman defeated Higgs. R. O. Ellis defeated R. H. Blumenthal.

Featherweight—R. Wadsworth defeated L. Drummond.

Lightweight—J. R. Hett defeated P. L. Wadsworth.

Lightweight—W. Grant defeated A. E. Williamson.

Heavyweight—M. R. Kingford defeated J. W. McLeod.

# GEORGE LYON AGAIN CAPTAIN

Re-elected by Acclamation—Lambton Golf Club's Meeting To-day.

George S. Lyon has been re-elected captain of the Lambton Golf and Country Club and also W. H. Garvey vice-captain.

The annual meeting takes place at 3:30 p.m. to-day at the club house, when eight governors will be elected, eleven candidates being in nomination as follows: J. C. Breckenridge, R. R. Cronarty, E. G. York, R. H. Hart, C. McDonald, George S. Lyon, C. S. McDonald, John T. Richardson, Frank A. Rolph, J. Chas. L. Wisner, W. Lloyd Wood.

# Capital Elect Officers

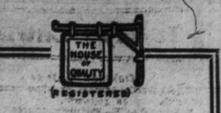

The annual meeting of the Capital Lacrosse Club was held last night at the Central Y.M.C.A. Considerable business was transacted, and the officers for the coming season were elected. The prospects for next season are very promising, indeed, and with such promising material as they have in view they should just about land among the top-notchers.

Three teams will be organized. One will enter the Junior C.L.A., one the Juvenile C.L.A., and the third will join the ranks of the Juvenile City League. The first workout of the season will be held at Jesse Ketchum Park on Good Friday morning, weather permitting. Any players who would like to play with the Caps are requested to call up M. 633, S. Pitzer, last night's president, relative from the club, but it goes without saying that he will still take an active interest in the club's affairs. The officers were elected as follows:

Hon. president, F. W. Thompson; hon. vice-president, A. A. McArthur; hon. secretary-treasurer, W. J. Campbell; executive committee, S. Richards, D. Stevenson, G. Carmichael; manager, J. R. Richardson; patrons, C. A. Macey, E. Brotherton, Pete Knowles, A. Allan, F. Bankham, E. Robins, J. McDonald, C. A. Fitzgerald, F. R. Richards, W. McArthur, S. Richards; manager of Juvenile C.L.A. team, Alex. McDonald.

**President Powers' Father is Dead.**

# BARNEY CONNOLLY'S PETS NOW IN FIRST PLACE

Detroit Samaritans, Winners Last Year, Are Second—Hamilton Here To-day.

The expected happened last night at the C. B. A. tournament, when a new high-water mark was set for the five-men event, but strange to say, it was not Detroit that took the lead, as many expected, but a bunch of babies corralled by Barney Connolly and known as Cook's Dominion of Toronto, who rolled 225. These gallipers broke the barrier in the first game, with Detroit trailing, and so it was for the three games. Connolly and his boys were the leaders, with Detroit, with a strong finish, landing the pins to put them in second place by a good margin. These Samaritans of Detroit are the team that took home the C.B.A. Trophy last year, but they were not hitting them right last night, while their opponents were in the fettle all thru.

The Detroit rollers bowled their doubles and eights in the afternoon, the best being Waller and Vizard, who totaled 130, which places them in sixth position. Fourth place being grabbed off by Connolly and Pett of Niagara Falls, with 112.

The World bowling team rolled in the afternoon, but failed by forty pins going to the bad start in the first game, when they rolled 110. The Hamilton rollers will be here this afternoon, arriving at 2 o'clock on a special train, and led by a band. Members of the C. B. A. executive are requested to meet at the Athenaeum Club at 1 o'clock to receive the victors.

# Amateur Baseball

The Carlton B.C. is the champion, having defeated Simcoe here to-day at 8 o'clock. The Y.M.C.A. Building in the near future, and expect to cheer with a strong team, the same as last year.

The Don Valley League held an organization meeting last night, and the present executive decided to ask for letters of application from all teams desirous of entering. This league plays all its games on the Don Flats, and proved to be the fastest and most interesting in Toronto last season. Applications for the two vacancies in this league should be addressed to R. Ferris, 22 Sward-street.

**Barrie 15, Simcoe 8.**

BARRIE, March 18.—(Spec. Ag.)—Barrie defeated Simcoe here to-day at 8 o'clock in a well-played exhibition game by the decisive score of 15 to 8.

The Barrie team were noticeably outclassed in every department of the game and although the Barrie team was strengthened by two senior men, McLean and Burkhardt, they were unable to effectively check Barrie's stellar run and combination. McMillan played in his usual good form, but failed to do any effective work, Burkhardt and McLean did well. For Barrie it was hard to make preference to any man, but R. Hornefield, Leroux and Foyson deserve particular mention, all three men having put up the game of their lives. The score at half time stood 8 to 3 and at full time 15 to 3 in favor of Barrie.

The line up:

McLean; Goal, Brown; point, Hornefield; cover, Rowe; rover, Hornefield; center, Meeking; left wing, Foyson; right wing, McLean; left wing, Warwick; right wing, Burkhardt.

Referee, Green, Caldwell of Barrie.

The Senior City Amateur League will hold its first meeting of the year at Hotel London on Monday evening, March 21, at 8.15. All clubs are requested to send representatives.

A successful meeting of the National Cash Register Company's B.C.C. was held Friday evening, March 18, by a number of players and supporters. It was decided to enter a team in a manufacturer's league, and any manufacturer's team thinking of organizing a league should call on or write Geo. Leonard, secretary-treasurer, National Cash Register B.C.C., 10 Lombard-street.

The Dufferin baseball team will hold a meeting at the clubrooms, 121 West Bloor street, on Monday, March 21, at 8 p.m. They have entered a team in the West Toronto Senior League. All last year's players are invited to join, and are requested to be on hand. There will be a practice this afternoon, weather permitting, at Dovercourt Park.

# 700 Horses At Auction

Tuesday, March 22  
350 HORSES

Wednesday, March 23  
150 HORSES

Thursday, March 24  
200 HORSES

Sales commencing each day at 11 o'clock.  
Private Sales Every Day. Stables Always Open.

**350 Horses on Hand for Private Sale, Monday, March 21st 350**

On account of Friday next, the 25th, being Good Friday, we are holding a sale on Thursday the 24th, and will have fresh shipments for this sale. We will have a great lot of horses in for our next week's auction, and any wanting a horse of any class should not fail to visit The Repository. The sale, which will commence Tuesday morning at 11 o'clock, will practically be a three-day sale with fresh shipments added for Wednesday and Thursday. And we will also sell at each of our next week's sales a great number of city horses, guaranteed serviceably sound, and a number warranted as to wind and work. Western or carload buyers could easily pick up a load of city horses at any of our next week's sales, as we will have a great many of these in.

**FOR TUESDAY NEXT.**—A hackney mare, young and a fine stylish driver; is well broken and reliable. Is well bred and has her papers. This mare will make one of the finest drivers a man ever owned.

ALSO a fine young Clydesdale stallion, well bred, and a sure foal-getter.

# Great Sale of Lumber Woods Horses TUESDAY, MARCH 29th

Consigned by the THE GARNEY LUMBER COMPANY of Massey, Ontario.

This is the first sale of lumber woods horses of the season, and they are to be sold absolutely without reserve. The horses are all out of hard work, and they are all horses of tried abilities, and were originally purchased for high prices. The lumber companies pay the very highest prices for their horses, as none but the best could stand the work they are put to, and in the most trying seasons of the year. There will be great many mares among this consignment, and there is absolutely NO RESERVE.

# Annual Spring Sale of Carriage, Saddle and Roadster Horses

Including a Number of Trotters and Pacers With Fast Records, on THURSDAY, APRIL 7th

The entry books are still open for entries for this sale, and the earlier you enter your horse, the better position you will receive in the sale catalogue. Do not fail to inspect our heavy team harness or farm harness, and you cannot do better than enter your horse for this sale.

# "A Horse Departmental Store"

We maintain a Carriage and Harness Department in our Main Building, that is stocked with everything you would want in the line of vehicles or horse goods.

Having secured the animal best suited for your purpose, there still remains the proper accoutrement, and this may be obtained in our Show Rooms. Do not fail to inspect our heavy team harness or farm harness when at The Repository. We know the requirements in harness, and we make our own harness.

Sole Canadian Agents for REDUCINE price \$1.00 per tin, cash with order; and Sole Agents for FERNOLAC, a distilled extract of hemlock and sweet fern, unequalled as a body and leg wash for road and race horses.

**We Sell as Commission Agents Only**

OUR MONEY-BACK GUARANTEE accompanies every horse sold under a warranty. Any horse that is not fully as represented, will be returned up to noon of the day following sale, when purchase price will be promptly refunded.

**MR. "AL" REEVES A GOOD DRESSER**

Always Buys the Finest Fabrics Is a STICKLER for Correct Fit.  
**LIKES TORONTO TAILORS**

Mr. "Al" Reeves, the popular comedian now playing to Toronto audiences, is one of the most fastidious dressers in the profession. He is a stickler for correct fit, and the tailor that fails to catch his ideas in this way had better so "way back and sit down."

He is a splendid judge of fabrics, and does not hesitate to pay the highest prices for what he wears, if the goods please his fancy. For many years he has patronized the well-known firm of Hobbler Bros. & Co., the big Yonge-street tailors. "I like their ways," says "Al," "and they certainly give you the fit every time."

"Whenever I play Toronto, I always call at Hobbler's and I can truthfully say that their garments have given me entire satisfaction."

When Mr. Reeves closes his engagement here, he will take away with him some fine examples of tailoring by this well-known tailoring house.

**Central Ontario Curling.**  
BROCKVILLE, March 18.—The last match in the Central Ontario Curling League series was played here, two Kingston rinks opposing the local Brockville rink. The contest was a close one, the Kingston rink grasping the championship, for had they won they would have been in the lead. J. E. Christy's rink defeated W. B. Finlay's by 15 to 13, but Rev. Robert Laird led D. W. Downey's quartet at the finish by 22 to 7, making Kingston in all 12 the good. As matters now stand the best figuring the Brockvillians can do is that they are a tie with either Napane or Belleville.

**HIGH SCORES AT BRAMPTON**

Second Day of the Gun Club's Shoot—The Prize Winners.

BRAMPTON, March 18.—(Special)—The second day of the Brampton Gun Club's annual shoot was the most successful in its history. The weather conditions were ideal and the scores high. George Beattie of Hamilton was high amateur gun for the two days and G. M. Dunk of Toronto, high professional. The latter won the Polston the Thaburn Cup with a straight score of 25. The merchandise event, which was very closely contested, was won by G. M. Dunk of the local club having a straight score with six others with 19 dead birds. The shooting was shot off and won by J. E. Jennings, who succeeded in getting a straight. After the shoot the members of the club, and the recipients of the various prizes. The scores were as follows:

Shot at. Hit.	
P. Wakefield	465 342
G. L. Vivian	465 249
W. Vinton	465 282
W. T. Ely	465 247
F. Kerr	465 252
G. M. Dunk	465 312
Court Thomson	465 249
George Beattie	465 279
E. G. White	465 231
T. W. Barnes	465 255
E. Jennings	465 287
T. Bennett	465 165
H. Marlett	465 146
J. E. Packham	465 205
J. S. Beck	465 202
F. Peaker	465 172
M. Durney	465 172
R. Choate	465 28

**Death of First Baseman Stork.**

AUBURN, N.Y., March 18.—Allan M. Stork, who played all of the infield positions with the Pittsburg National League team during the seasons of 1908 and 1909, and who was signed by Cincinnati for the coming season, died at the home of a friend in Newton, Mass., this morning. Word of the young man's death came in a telegram from his father, Frederick E. Stork, a prominent attorney of this city. Young Stork was 25 years old. He was a graduate of the Auburn High School, of Amherst College and of the past three years has been a student in Harvard Law School. Stork began his baseball career in the high school. He played with his college team, later with Providence in the Eastern League and then went to Pittsburg.

**Rosedale Golf Club.**

The Rosedale Golf Club has moved from

**Windor Athletic Association.**

WINDSOR, March 18.—A means of encouraging outdoor athletics in Windsor this year the commission appointed by the city council for "Windsor Athletic Park," is considering a scheme for the organization of an association to finance and control the different kinds of sport. It is intended to bring Windsor's Baseball Club under the management of the association; to enter a city football team in the Western Ontario League and providing for cricket, quoiting and other sports. It is proposed to secure the services of an experienced trainer, who may also conduct night classes in physical culture at the park.

**Parkdale Gun Club.**

Parkdale Gun Club will hold an open shoot this afternoon, consisting of 5 29 bird events, entrance \$1 in each event. The club will donate \$15 for high averages and all moneys will be divided. Rose-system shooters will be handicapped according to merit. A cordial invitation is extended to all.

SATURDAY MORNING, MARCH 19, 1910.

PROBLEM AND REMEDY

William Mackenzie and his company own the town. Even if the citizens were prepared to buy it back, the legislature has refused them the authority to do so. The private council, beyond which there can be no appeal, has declared that the Street Railway Co. can construct lines all over the place if it wants to and the people must submit. Fortunately the company will not want to lay lines everywhere. Wellington, Adelaide, Bay and University-streets, however, are the spoil of the company. Only the streets that may contribute to an economical and profitable service, it may be assumed, will be occupied by the company. Manager Fleming has frequently declared that if he had a free hand he would give the citizens a perfect and faultless service. The naturally incredulous citizens did not accept this assurance with the faith Mr. Fleming expected, but he will no doubt now show that he is nothing if not reliable.

They are putting a brave face on it at the city hall, and professing that but for the last act passed by the legislature placing the company under the control of the Ontario Railway Board, the city would be in a dreadful state. The railway board has no objection to the street railway company going on the streets mentioned. The only argument that the city could approach the board with would be the declaration that the city wanted to build on those streets itself. But this is a plea directly provided against in the new act, for the company is specially protected against competition within its franchise. It is only where the company refuses to build that the city may build. As the railway board has already placed itself on record sympathetically to the company's wishes, there is nothing now to prevent the company building the lines it wants, unless it be any enlarged view of its powers under the new act which the board may take.

The instant lesson of the situation is the necessity to proceed with the construction of the tube system without a moment's delay. There is no other way to checkmate the advances of the railway company towards the acquisition of a renewed franchise, which is the goal of every effort and stratagem in the company's campaign. The mayor and council should not lose a working day in getting the tube proposals into day-in-shape.

At the same time an educational movement looking towards the expropriation of the railway system should be inaugurated. It must be clear to everyone that to delay the reacquisition of the franchise for eleven years would be to give the railway company opportunities of entrenching itself in Toronto, which the simple citizens would never be able to counteract.

The tubes immediately. Expropriation as soon as possible. It is up to the mayor and aldermen.

CONCEALMENT DOES NOT PAY.

A great deal has been made of the purchase of a motor-car by the hydro-electric power commission, and columns have appeared in The Globe and other opposition papers dealing with

the question. We have not observed anywhere anything tending to establish the fact whether or not the car was worth what was paid for it. That, of course, is the main point. The government papers refrain from any mention of the matter, thru fear, perhaps, that something may have been wrong. Just why the public accounts committee did not get all the facts at once is one unacquainted with the devious methods of politics can say, but where there was nothing to be ashamed of there was no need for concealment. No one has been able to do more than suggest that something was wrong. When the whole facts were finally brought out there was nothing that need not have been published in the papers from the first. A government does itself no good by such methods. The things that are really wrong, and will come into light some day, are those which will cause real trouble to Sir James Whitney and in his camp. Every secret thing shall be revealed, and every hidden thing brought to light. Politicians who think differently do not know enough to pound sand. There is only one way to get ahead of the game, and that is, do nothing that there is need to be ashamed of. It is a pity that Sir James Whitney does not know all that is going on in Toronto. We venture to preserve this faith in him that he would put the grand kibosh on it quick.

BLAME JUSTLY.

A great deal is said in criticism of the city officials, but, to do them justice, the temper of the elective administrators should be taken into consideration. Dr. Sheard has recommended that the intake pipe should be extended 1500 feet. Do the mayor and controllers accept this presumably expert advice? By no means. They cut it down by one-third.

The citizens should be thankful for small mercies. The water will be better at 1000 feet farther out than at the point where it is now. After another typhoid epidemic the extra 500 feet may be added.

Our dainty little municipal mouths must take two bites at a cherry.

THE PRIVY COUNCIL'S LATEST.

Toronto has again failed to satisfy the judicial committee of the privy council that the special provisions of its agreement with the Street Railway Company, placing control of extensions in the hands of the city engineer, subject to the council's approval, were intended seriously and formed part of the considerations which led to the grant of the franchise. The judgment was not unexpected and the appeal was really a foregone hope. Courts of final appeal are never prone to admit, even by implication, that their decisions are open to challenge, or that their faculty of interpretation may have been misapplied. On the occasion of the judicial committee's previous judgment The World expressed the view that it amounted to an inversion of the agreement—indeed invented a new agreement far remote from the intention of the parties and even from the understanding of the railway company during the preliminary stages of the controversy. This is undoubted, but, nevertheless, the construction placed upon its terms by the court had to be accepted. It held then that the city had no right to specify the streets on which new lines should be laid—it has now decided that the city has no right under the agreement to interfere with the choice of the company. In plain English, it hands over the city streets to the uncontrolled will of the Street Railway Company.

Uncontrolled, that is, had the recent acts of the provincial legislature not

Cold Feet and Hands Tells How to Cure.

"My circulation was so weak that in summer both hands and feet were almost constantly cold, and in colder weather I suffered intolerable discomfort. This is the way Mrs. R. J. Pennington describes one of the more common symptoms of lowered nerve energy. She proceeds to say: "It took me so long to get warm on retiring that sleep was delayed, and this coldness I am sure, was the cause of my easy waking."

"Before I began to take Ferrozone I was getting nervous. Little things would make me start. My hands would grow moist, and I had flashes of heat and annoying twitches in various parts of the body. I was bloodless—if I even scratched my finger it would bleed and bleed, so my blood must have been watery indeed. But Ferrozone put life into me quickly. I became stronger and stronger, and my color came back. I soon could take long walks, and this seemed to help the medicine do me good. Ferrozone was my "life preserver"—that is what I call it. It cured nearly forty pounds. Ferrozone has made me so well I do not need to take any more."

No other tonic will so surely brace you up, bring back your vigor and youthful looks. Ferrozone is the ideal remedy for all sick and weak men, women and children. Try it. 50c per bottle for 30 days. All druggists. The Catarthozone Co., Kingston, Canada.

been passed, precisely in anticipation of this latest eventuality. Without the remedies now open to the city it would have been absolutely helpless either to secure or to provide reasonable transportation facilities for and within the districts now unserved, or only partially served. This remedial legislation was a measure of precaution taken by the government and the legislature in advance of the probable emergence of a situation which would have deprived many thousands of citizens of traction facilities to which they are urgently entitled. Nor can its fairness be questioned, since it is entirely in line with the public service commission policy already carried into effect both in Ontario and the Dominion. It does not alter or vary the agreement, but it secures the use made by the railway company of the powers it has been held to possess under independent control and compels recognition of the fact that the public who granted the franchise have rights and interests in the extent and character of the service provided by the franchise-holders. That the acts in question within the power of the provincial legislature do not seem to be open to successful challenge, but the question of jurisdiction, if the company sees fit to raise it, cannot of course be avoided. Be that as it may, the position, in so far as it is changed, has been altered for the better, and the only policy now is to take immediate and full advantage of the authority which has been received to construct subways and to provide proper traction service in districts held to be excluded from the agreement.

To the Street Railway Company the judicial committee of the privy council must appear a veritable boon. But what has it done to deserve this blessing?

Speaker Cannon is not the great gun he used of old, and apparently will, before long, be relegated to the shelf. Too much power always breeds the autocrat, and he in turn the rebel. To the world was while freedom grows.

Knowledge arows, but wisdom lingers with President Taft and his advisers during their discussion of the tariff issue. To call off the bluff may be against the grain, but the recalling of a false move is better statesmanship than preferring its consequences.

Thomas Reynolds has done nobly in his official capacity, and the reward he has received is signal. But as a private citizen Mr. Reynolds has set an example which should gain him equal honor from his fellow-countrymen. It is in the bosom of his own interesting family, however, that his chief reward is to be found.

Lord Curzon ventures the opinion that the overseas British States would rather have a second chamber of dukes than a first chamber of demagogues. He is wrong. The new British democracies know how to get rid of the demagogues, but hereditary dukes are birds of another feather that cannot be demagogized with safety. After all, demagogues is only Curzonese for democrat.

Toronto is learning by sharp experience to appreciate the wisdom displayed by the cities and countries that have preferred public ownership and operation of their service utilities. Under that advanced and enlightened policy efficient and cheap service is the first consideration and its provision is a matter of administration pure and simple. Now are public rights endangered by new legal constructions eliminating clauses intended to protect the people.

IMPORTANT ART SALE.

Yet another important sale of oil and water color paintings is about to take place in Toronto, which is rapidly forging ahead as a centre of art distribution. On Tuesday next Messrs. C. M. Henderson & Co. will dispose by public auction of a large and valuable selection of representative works belonging to Mr. John Payne, the well-known commissioner of this city. It includes many pictures and drawings by celebrated British, Canadian, Dutch and other European artists, all excellent examples and a

MONARCH

the name in the typewriter-using world that stands for honesty of manufacture, perfection of mechanical principles, uncompromising durability, enjoy a ease of operation, and marvellous adaptability to all nature of office detail.

The Monarch Typewriter Company LIMITED

98 King St. West, Toronto

number of exceptional quality. Proven among them is a fine water color by the late J. W. Turner, "A Ruined Tomb on the Apian Way," near Rome. It has all the master's delicate quality and its history is interesting, since it originally belonged to Dr. Munro, an early and helpful friend of the greatest of English landscape artists, "John Constable," by David Cox, purchased from Wallis and Son, The French Gallery, London. This is a charming drawing in the artist's earlier style, and more detail than is usually found in his later years. John Linnell, still revered for his fine perspectives and delicate coloring, exemplifying both characteristics.

Canadian art includes a really superior water-color by G. R. Jacob, "The Ruined Mill," painted at the artist's residence, "The Grange," near Toronto. This is a charming drawing in the artist's earlier style, and more detail than is usually found in his later years. John Linnell, still revered for his fine perspectives and delicate coloring, exemplifying both characteristics.

Other Canadian artists represented in the collection are: "The Boat," by E. M. Bell-Smith, "The Dutch Canal," by I. Van Couwen, "Amsterdam" is an splendid painting full of atmosphere by W. Wood, by T. Van Weele of The Hague, is noteworthy and there is also a fine specimen of the landscape ability of G. Feggenbeck, J. G. Fogel's "Moonlight in Holland," and A. Rochussen's "The Windmill," are also notable works. It is interesting to know that two or three weeks ago Dutch dealers visited Toronto and Montreal for the purpose of buying back paintings that have found their way to Canada and cannot be sold in Holland. The sale will take place on Tuesday, March 22, at 2.30 p.m., and will be absolutely without reserve. The paintings will be shown in Messrs. Henderson's Art Gallery, 87 and 89 East King-street, to-day (Saturday) and Monday.

RIO DE JANEIRO LIGHT AND POWER CO.

In another column will be found reprint of an important notice issued by order of the board of the shareholders of the Rio de Janeiro Tramway, Light and Power Company, Limited. It narates that the new concession to the Rio Gas Company was finally approved and granted by the Government of Brazil in November last, that the work of reconstructing the gas works and erecting the new plant has been commenced, is being rapidly pushed forward and is expected to be in part operation before the end of the present year. Their completion will enable the company to operate on a more economical basis and will increase its gross income, particularly thru the sale of gas for heating and cooking.

To provide the funds necessary for the construction of the gas works the balance of the price of the Botanic Company and the price was met in part by the application of the greater portion of the Rio de Janeiro Company issued in May, 1909.

SELF CURE THE McCONNELL SYSTEM HUMAN ELECTRICITY

Mr. McConnell Visits Toronto for the Fourth Time, March 17th to 20th. Oral or Correspondence Course—FULL INFORMATION AT OFFICE—88 COLLEGE STREET TORONTO PHONE NORTH 1478

A PROSPEROUS INSTITUTION

The Canadian Railway Accident Insurance Company Had Another Year of Marvellous Prosperity.

On another page of to-day's World will be found the fifteenth annual report of the Canadian Railway Accident Insurance Company, an institution which enjoys an enviable reputation through the length and breadth of the Dominion for the prompt and satisfactory manner in which it settles the claims of its policyholders. Since its establishment fifteen years ago, the expansion of the business of the Canadian Railway Accident Insurance Company has been little short of marvellous. The report indicates, the premium income for the first year of operations amounted to \$9,130,000, while for 1909 the premium income reached the magnificent total of \$43,553,000. This is only one feature of the phenomenal success of this organization, the revenue of which to-day exceeds \$35,129,000 per annum. By a conservative margin it is declared to be the leading personal accident insurance company in Canada, the largest volume of accident and sickness insurance.

This company also issues employers' liability, workmen's collective, general liability and other protective accident policies of all description, and is largely patronized by employers of labor who desire a perfect system of casualty insurance for their men.

That the progress during the year recently closed has been even more gratifying than in any corresponding period in the past is evidenced from an examination of the statement in connection with the latter it is important to note that the Canadian Railway Accident Insurance Company endorses the policy preferred by the Insurance Department, of giving to the public a statement of all of the exact condition of its affairs. The statement of revenue and expenditures and assets and liabilities is itemized to the fullest degree with the result that any reader can gain an intelligent idea of the company's affairs.

It is shown that during the year 1909 the company was transferred to the permanent reserve over \$2,200,000, the reserve fund at the end of the year amounting to \$12,242,000, with a surplus of \$1,117,409.23 paid out by the company in claims since its inception. There is indicated a balance of the credit of profit and loss account of \$68,472.00, which was transferred to the permanent reserve over \$2,200,000, the reserve fund at the end of the year amounting to \$12,242,000, with a surplus of \$1,117,409.23 paid out by the company in claims since its inception. There is indicated a balance of the credit of profit and loss account of \$68,472.00, which was transferred to the permanent reserve over \$2,200,000, the reserve fund at the end of the year amounting to \$12,242,000, with a surplus of \$1,117,409.23 paid out by the company in claims since its inception.

MISSIONARY ASSAULTED

Catholic Populace at Caracas Made an Attack. CARACAS, Venezuela, March 18.—The Rev. Gerard A. Bailey, a missionary of the Christian and Missionary Alliance, and agent for the American Bible Society, while holding services at Guaranas, was attacked by the Catholic populace. He escaped unhurt, and the Bible was saved into a ditch. The Bibles used at the services were destroyed by the assailants.

FRENCH-CANADIANS' REQUESTS

Want a Judge and More Senators—Premier Symphetic. OTTAWA, March 18.—Sir Wilfrid Laurier was waited upon to-day by a deputation headed by the recent French-Canadian Congress of Ontario. Sir Wilfrid was asked to consider that although there are over 300,000 French-Canadians in Ontario, there is no French-speaking judge on the high court bench and only one French-Canadian senator.

The premier said that there was much force in the arguments advanced. The matter would receive serious consideration.

DARNING STOCKINGS ON A SEWING MACHINE.

The Singer Darning is the greatest device of its kind for darning stockings, knit underwear, etc. It holds the stocking firmly, so it can be darned at any point. Shown in use and for sale at Singer Store, 112 Yonge-street.

FOR THREE SUCCESSIVE YEARS

The Great-West Life has written the largest Canadian business of any Company.

In 1909 the Paid-for business of the Company in Canada amounted to \$9,564,269.00—the largest paid-for Canadian business ever secured in a year by any Company.

THE GREAT-WEST LIFE ASSURANCE CO.

HEAD OFFICE—WINNIPEG Ontario Branch Office 18 Toronto Street, Toronto, Ont.

TO EXTEND INTAKE PIPE INTO 140 FEET OF WATER

One Thousand Feet of Pipe Ordered at Probable Cost of \$40,000.

Believing that delays are dangerous, the board of control yesterday instructed the city engineer to advertise at once for one thousand feet of six-foot steel pipe for the extension of the intake further south into Lake Ontario. Mr. Rust states that the proposed extension will carry the mouth of the intake into 140 feet of water, or 40 feet deeper than the present location, as determined by soundings taken by Waterworks Engineer Fellows during the morning. He thinks that the extension can be completed within two weeks at the most, and that the weather conditions are favorable. The cost will be about \$40,000.

Perpetual Youth

Let Me Tell You How to Regain All Your Old Vigor, and Manly Strength. Be a "Health Belt Man"; Feel Young for Balance of Your Life. Age Doesn't Count if You Have the Vitality.

"I could shout for joy after years of weakness and debility, your Wonderful Health Belt Cured Me. I am a Man Again. Use My Name as You See Fit."

A. E. GRIFFIN, Lakefield, Ont.

Perpetual youth. That is precisely what I mean. I say as man to man give my Health Belt a reasonable chance and it will carry you through any business, mental or physical strain you may be under. It doesn't stimulate; it simply adds the electro-ionic element to your bone, nerves, tissue and blood; all the force and strength which has been drained from your system by some earlier indiscretion. My Health Belt is essentially a strength giver. It overcomes the private symptoms of weakness in men which sap the vitality. If you are nervous and lack manly vigor you are passing away thousands of brain cells every day. Ask your physician if this is not true. I stop this awful weakening process. You wear my Health Belt nights, while sleeping a great stream of soft electricity passes into your body at the small of the back; it cures backache in one application; you feel better immediately; inside of an hour; two months will make a new man of you. No drugs; no privations; no restrictions except that you must give up all dissipation. Follow my advice and I promise you you will be able to face the world with net ambition. The Health Belt cures other ailments, too. A positive remedy for rheumatism in any part of the body, sciatica, lumbago, kidney, liver, stomach disorders.

YOU CAN PAY WHEN CURED

If you're sceptical I'll prove it first. I'll take all the risk by letting you have the Belt on Free Trial, not to be paid for until cured. Send it back if it doesn't do the work.

Let Me Send You These Two Books FREE

They fully describe my Health Belt and contain much valuable information. One is called "Health in Nature," and deals with various ailments common to both men and women, such as rheumatism, kidney, liver, stomach, bladder disorders, etc. The other, "Strength," is a private treatise for men only. Both sent upon application, free sealed by mail.

If in or near this city, take the time to drop in at my office that coupon and get the free booklets by return mail. They are better than a fortune for any one who needs new vigor.

ATTEMPTS TO KILL WIFE. MONTREAL, Que., March 18.—Antonio Nazario, an Italian, last night plunged a dagger into his wife's neck with the intention of killing her, and then fled from the house.

CITY BOLD LAW-BREAKER TO SAVE \$10,000 A YEAR

Aldermen Aroused Over Use of Soft Coal at High Level Pumping Station. That the city, while enforcing the smoke prevention by-law so far as private business is concerned, is in the inconsistent position of violating the ordinance itself, was the situation as disclosed to the civic works committee...

It appeared that the chimney of the high level pumping station on Poplar Plain-road is the offender. It has the chronic habit of belching forth smoke of the black, opaque variety, just as there were no such thing as hard coal, and smoke consumers had never been invented...

Resolved Board of Control. "It is not true that we are prosecuting men for what we are doing ourselves," quered Ald. Dunn pertinently. "It is not true that we do not yet invently have succeeded in preventing others from doing the same."

Mr. Rust was asked on what should be done. He is expected to recommend a consistent attitude on the by-law, even if it costs \$10,000 per annum.

Never again will the city extract a profit from the man who sets a private drain put into his property. Last year's surplus of \$8000 on overcharges, shocked the committee, the Mr. Rust explained that he had tried to estimate the individual costs carefully. He will reduce the basis of charges.

So innocent a proposition as an invitation from the Ontario Asphalt Block Company to the committee to inspect its works at all expenses to be borne by the company, caused apprehensions in Controller Foster and Ald. McBride. The others all looked favorably upon the outing and will fix a date for it.

Automobiles will not have to equip their owners with the capital of a block of land bounded by Carlton, Yonge, Alexander and Church-streets has been lifted, the city will not consider roadwork to be granted in the corner of Carlton and Yonge and College-streets.

Harper, Customs Broker, McKinnon Building, Toronto.

Subscription in respect of the shares subscribed for, upon which all further payments will be endorsed as and when paid.

On payment of the Final Instalment, a Subscriber will receive, upon surrender of the Certificate of Subscription, certificate for the fully paid shares comprised therein, and paid for by him, together with a warrant representing interest at four per cent. per annum on the amount of the instalments paid, calculated from the respective due dates of payment to the 31st day of October, 1910.

Interest at the rate of 6 per cent. will be charged on overdue instalments. A subscriber, however, may pay up in full at any time in advance, and will thereupon be entitled to the next full quarterly dividend, subject to his paying interest at four per cent. per annum on the amount of the said next quarterly dividend as shall have accrued between the date of the last instalment paid and the actual date of payment in full of the instalments.

Applications for shares in accordance with the above offer must be made by shareholders or their assigns on the accompanying form, which must reach the office of the Company, Toronto, Canada, or the Canadian Bank of Commerce, Limited, London, E.C., or the Rio de Janeiro Tramway, Light & Power Co., Limited, Avenida Central, Rio de Janeiro, Brazil, or at the following banks in Belgium and Switzerland.

BRUSSELS: Banque de Paris et des Pays Bas, Banque Internationale de Bruxelles, Caisse Generale de Reports et de Deposits, Banque d'Outremer, Banque Nagelmackers & Fils. LIEGE: Banque Nagelmackers & Fils, Banque Liegeoise. GENEVA: Banque Federale.

Varsity Lit. Elections. Down-Town Vote Quiet, But Under Grads, Make It Warm. The annual elections of the University Literary and Scientific Society were held yesterday afternoon and evening. Most of the graduate vote was polled at the down town polling booth in the Manning Arcade annex.

FIRE AT LONDON ASYLUM. LONDON, March 18.—The fire brigade at the London Hospital for the Insane battled for two hours with a stubborn fire in the rear of the main building to-night. The building was seriously damaged, the roof falling in places.

A WORD TO MOTHERS. No matter whether baby is sick or well, Baby's Own Tablets should be kept in the home always. They not only cure the minor troubles to which childhood and childhood is subject, but will prevent their coming on at all. The medicine, Mrs. Geo. T. Walker, Maconch Rapids, Que., says: "I have used Baby's Own Tablets of childhood and am so pleased with them that I always keep the Tablets in the house. Sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont."

5,000 Out of Work. Not men, but corns that were put out of business last week by Putnam's Corn Extract. No corn can live if treated by Putnam's. It is safe, painless and sure. Use only Putnam's.

HAD BEEN HEARD TO SAY SHE WISHED HERSELF DEAD. Her husband, Arthur, certainly did not treat her as a husband should. Comber has turned against young Best, who arrived there early this morning, and was treated coolly on all sides. He has also lost his position as a tinsmith during his absence; the hardware store where he worked will not hire him. Comber does not think the young man guilty of serious crime, but censures him for posing as a bachelor. The mother of Alice Frankfurth is seriously ill. She is 60 years old, and the disappearance of her daughter imparted to her to-day a heavy mental cast. Elmore Frankfurth, a daughter, a school teacher near Essex, and her brothers in Detroit were notified, and are now at his bedside.

Cousin of Missing Mrs. Best Declares She Was Despondent Because of Love Disappointments. WINDSOR, March 18.—(Special.)—That Mrs. Arthur Best, the bride of a month, had threatened to do away with herself on several occasions is the statement of Martha Frankfurth, her cousin, who lives in Comber. She declares that Alice was disappointed in love at least four times.

Attempts to Kill Wife. MONTREAL, Que., March 18.—Antonio Nazario, an Italian, last night plunged a dagger into his wife's neck with the intention of killing her, and then fled from the house. She had been living away from her husband. She was once the belle of the Italian colony. Her husband is twenty years her senior.

SOCIETY NOTES

A concert under the auspices of the Flower and Good Cheer Club, in connection with the charity wards of the Western Hospital, will be held at the Conservatory of Music on Wednesday evening, March 20, at 8.15 o'clock. Tickets may be procured from Mrs. George Warwick, 178 St. George-street, and Mrs. Andrew Darling, Sussex-court.

Mrs. R. D. Nasmith will receive on Monday for the last time this season. The ladies of the Presbyterian Church, Weston, are having a sale of work and a "tea" on Tuesday afternoon and evening, March 22, in Dufferin Hall.

Mrs. Allan Ramsay will spend Easter with relatives in St. Catharines. The Misses Edna and Nora Tippet, Montreal, are the guests of their aunt in Ossington-avenue.

The Burlington Water Commission are giving a banquet in Queen's Hotel, Burlington, on Tuesday evening, March 22.

DAILY MENU

BREAKFAST: Oranges, Cereal, Baked Ham, Potato Cakes, Toast, Jelly, Coffee.

LUNCHEON: Corn Oysters, Potatoes au Gratin, Hot Biscuits, Preserves, Chocolate, Waters.

DINNER: Veal Broth with Noodles, Lamb Chops, String Beans, Baked Sweet Potatoes, Stuffed Tomatoes, Snow Pudding, Coffee.

Bible in the Schools Only as Literature

Religious Teaching Should Be Taught, Says Rev. Dr. Rose to Teachers' Association. "The public schools of to-day should not be turned into places of religious technical teaching. The pupils attend the schools for a good education and I am not in favor of the Bible being used for religious purposes any more than at present. I know many people have advanced the idea of having the Bible taken as a branch of the school curriculum, but if that were granted, then I would be in favor of secular schools," said Rev. Dr. Rose in an address at the annual meeting of the Toronto Teachers' Association yesterday.

Sinking Spells Every Few Days

"At the time I began taking Dr. Miles' Heart Remedy I was having sinking spells every few days. My hands and feet would get cold; I could scarcely breathe, and could feel myself gradually sinking away until I would be unconscious. Those about me could not tell there was life in me. After these spells I would be very weak and nervous, sleepless and without appetite; had neuralgia in my head and heart. After taking the remedy a short time all this disappeared and in a few weeks all the heart trouble was gone."

MRS. LIZZIE PAINTER, 323 3d Ave., Evansville, Ind. For twenty years we have been constantly receiving just such letters as these. There is scarcely a locality in the United States where there is not some one who can testify to the merits of this remarkably successful Heart Remedy.

Hour: 9 a.m. Day: Monday, March 21 Event: Sale 1,000 Pianos Place: Ye Olde Firme Heintzman & Co., Ltd., 115-117 King St. W. Reason: Preparing to Remove to Their New Store--the Brown Building, 193-197 Yonge Street

There's the story of the great sacrifice sale of new and slightly-used Pianos, Player-Pianos and Organs that opens at

HEINTZMAN & CO. WAREROOMS

115-117 KING STREET W., TORONTO

summarized in a few lines. There's never been an occasion like it in the piano trade of Canada. It's not a case of creating some fictitious reason for making such a sale desirable. The fifty years' record of the old firm of Heintzman & Co., Limited, is a guarantee against anything that partakes of fake methods.

The simple fact is that after fifty years in business, and forty-one of these in our present premises on King Street West, the growth of the business makes a new building necessary, and following the trend of trade we purchased nearly a year ago the large Brown Building on Yonge Street, just above Queen Street.

The present occupants vacate the building at the end of this month. Contractors enter on the work of remodelling at once. In the meantime we make preparations for moving. The first step is to bring down the volume of stock on hand—over 1,000 instruments. The prices will startle you.

These values are for those outside Toronto as much as those in it. Sign the attached coupon and we will write you fully on all points.

Easy terms of payment arranged with all purchasers.

PIANO SALON---WHERE SALE WILL BE HELD--- 115-117 KING STREET WEST, TORONTO, CAN.

Cut out this coupon and mail it. Heintzman & Co., Ltd 115-117 King St. W. Toronto. Please send us by early mail, price list of your special removal sale bargain in pianos, advertised in The Toronto World. Name Address

O. S. A. Exhibition.

That the public are taking a great interest in the annual O. S. A. Exhibition is evidenced by the increased attendance. Last Saturday over 2000 people viewed the paintings and to-day when the galleries are again thrown open free of admission an even larger crowd is expected.

Graduate Nurses Club.

The Toronto Graduate Nurses' Club have completed arrangements for their second annual entertainment, which will be given in the Massey Music Hall, Friday and Saturday evenings, April 15 and 16, with a special matinee Saturday afternoon.

Every Woman's Hair Should Be Beautiful.

Beautiful, glossy and lustrous hair is within the reach of every woman who will only try it, said Mme. La Claire, the French beauty specialist, lately.

PILES CURED at HOME by New Absorption Method

If you suffer from bleeding, itching, blind or protruding Piles, send me your address, and I will tell you how to cure yourself at home by the new absorption treatment; and will also send some of this home treatment free for trial, with references from your own locality if requested. Immediate relief and permanent cure assured. Send no money, but tell others of this offer. Write today to Mrs. M. Summers, Box P65, Windsor, Ont.

CARLING'S GOLD MEDAL ALE & PORTER. From Canada's GREATEST Brewery. For sixty years we have brewed by the old English methods, as adopted by Bass & Co. and Guinness & Co. We challenge comparison. When ordering Carling's Ale and Porter you know you are getting the old reliable, standard brews. No fads, no new methods as used by some brewers who can't compete with genuine methods. DEMAND CARLING'S and get the FINEST MADE IN CANADA. Every dealer everywhere.

Worth While Recipes. FOR BREAKFAST: Chipped Beef Omelet. Take a cupful of chipped beef and shred it well. Cover with boiling water, and let it cook slowly for five minutes. Drain and spread on a cloth. Make an omelet and spread the beef on it, but before folding the omelet. FOR LUNCHEON OR SUPPER: Fried Parsnips. Peel or scrape the parsnips and half till tender in salted water. Drain and cut in slices lengthwise. Season with salt and pepper and let them cool. Then dip in flour and fry in drippings till brown. FOR DINNER: Almond Soup. Blanch half a pound of almonds and brown them in the oven. When crisp and hot, mash them to a powder or run

Needlework Notes. Japan floss is the finest embroidery silk made. The covering of embroidery hoop rings should be renewed frequently. Badly torn places in lace may frequently be mended with a little net and the result is exceptionally good. A dainty gift for a schoolgirl is a white satin ribbon smock on which wee pink rosebuds are embroidered here and there. A pair of washers is a handy accessory of the work basket and is very useful in pulling out little ends of baste thread. The busy housewife who spends darning day may not know that paraffin rubbed on the heels of stockings reduces friction and saves many a jagged hole. Embroidery can be cleaned by rubbing the surface with a piece of bread a day or so. Use a small piece with the crust still on it, and then throw away as soon as soiled. If you can work letters neither with a hoop nor without it, compromise on a piece of fine muslin, sewed under the letters. Paste outside the portion to be marked, otherwise there is danger.

Redpath IS CANADA'S STANDARD FOR REFINED SUGAR. MANUFACTURED BY THE CANADA SUGAR REFINING CO., Limited MONTREAL, QUE.

"THE PRICE INEVITABLE," A GREAT REALISTIC NOVEL. By MABEL HERBERT UERNER. Author of "The Journal of a Neglected Wife." THE SMART SET. A MAGAZINE OF CLEVERNESS FOR APRIL. All Newsdealers.

Liquor & Tobacco Habits. A. McTAGGART, M.D., C.M., 125 Yonge St., Toronto, Canada. References as to Dr. McTaggart's professional standing and personal integrity permitted by: Hon. G. W. Ross, ex-Premier of Ontario; Rev. N. Burwash, D.D., President Victoria College; Rev. Father Teery, President of St. Michael's College, Toronto; Right Rev. J. F. Sweeney, Bishop of Toronto. Dr. McTaggart's vegetable remedies for the liquor and tobacco habits are healthful, safe, inexpensive home treatments. No hypodermic injections, no publicity, no loss of time from business, and a certain cure. Correspondence invited.

ERISH IN FLAMES

and His Wife Meet in Cobalt. March 18.—Wm. Cope, his wife Edith, aged 29, to death in their three-roomed cottage in Cobalt, about 11.20 o'clock last night, when a fire broke out, upsetting a lamp in the kitchen, and finding their exit blocked by flames.

direction, Mrs. Cope attacked her husband, who was stupor, out by the kitchen door, and was overcome by the flames.

me from Toronto, where they will reside, while Cope remains in Cobalt. They were married about 1880.

ing Recital. Hazel Wharton, graduate of the School of Expression, has given a recital on several occasions. She has given one on the night of March 18, at the Lyceum (Lafayette Hall), Toronto.

aged announced later. Mrs. Wharton's work as a recitalist in Toronto and several other cities in Ontario the public may hear.

VT. NOT INFORMED. March 18.—(C.A.P.)—In the town of Col. Seely stated that he had no information had no information received the government's notice to consider who should be granted a license to sell British trade.

# Melrose Park

ROBINS LIMITED AGENTS

Toronto's "Highland" Suburb

THE best and last opportunity to secure a home site on the highest point around Toronto. This is the last big plot of land on the west side of Yonge Street to be cut up into building lots, as it is impossible to get any more large blocks of land in this locality.

This property will be restricted so that nothing but a good class of dwellings will be built thereon.

### As an Investment

A large number of offers have already been made for a part of this property by people who guarantee to erect high-class residences immediately.

The trend of the city is northward, and Melrose Park with good car service—a bountiful supply of spring water—and high-class residential property at country prices and county taxes is bound to be built up rapidly.

With the advent of building, and improved facilities, prices in this locality will rapidly increase, as there is only a limited amount of property vacant on Yonge Street, and the steep incline to York Mills, just above Melrose Park, would deter people from going farther north.

### Our Methods

We have endeavored to give the public the best possible property for their money and always make our terms of payment so reasonable that everyone will have an opportunity to become interested in our projects.

The best evidence we have that we have satisfied our clients is that we have at least 15,000 satisfied purchasers in and around Toronto. Ask any of these as to the treatment they have received through us. In case of illness, or temporary disability from work, loss of jobs, etc., we will continue to do as in the past, that is, carry our clients until conditions with them improve.

### Advantages

MELROSE PARK is beautifully situated at an altitude of 300 ft. above the level of the Lake, on the Highlands of Toronto, away above the noise, smoke, and turmoil of the city. It is very slightly and commands a fine panoramic view of the entire surrounding country. Right opposite are the grounds and luxurious Club House of the Rosedale Golf Club, and adjoining are numbers of high-class residences and estates. Churches, schools, stores, are in the near vicinity, and the Post-Office at Bedford Park is located immediately adjacent.

A capable and efficient line of street cars pass the property, giving excellent service, and stop at three places on the Yonge Street frontage.

Early in the Spring the streets will be graded and put in proper condition, and improvements applied for. There are already some improvements in on Yonge Street. It is our intention to make this one of the choicest home sites in North Toronto.

### Special Cars

We have chartered special cars for our opening day, Saturday, March 19th. Cars will leave the C.P.R. crossing at Yonge St. and run direct to Melrose Park at 2.15, 2.45, and 3.15 p.m. These cars will carry all intending purchasers, or people who desire to inspect the property, FREE OF CHARGE, on presentation to the conductor of a COUPON PROPERLY FILLED IN, clipped from one of our advertisements appearing in Friday and Saturday papers.

### PRICES

\$10 Per Foot Front—and Upwards

### AVAIL YOURSELF OF THIS OPPORTUNITY

Office is open Friday and Saturday Nights, when your orders will receive prompt attention.

### Important Notice

As there were a great number of people outside the city who telephoned and wrote for lots relative to last Saturday's sale, and were disappointed because the lots were all sold early in the day, we advise all parties who are thinking of making an investment, besides helping in the upbuilding of greater Toronto, to get their orders in early, either by call or phone.

We are retaining one large block for outside purchasers.

All telephone and mail orders will be promptly looked after, but they must be received at this office not later than Monday the 21st.

We will absolutely guarantee to every purchaser who is unable to visit the property, and orders from us by mail or over phone, that the lots are perfectly level and in good condition to build on.

### Why Toronto Grows

The reason for the steady expansion of Greater Toronto is the increase in its manufacturing plants, the establishment of new industries, and the extension of its railway facilities. This industrial growth tends toward commercial prosperity, increases the city's population, and creates a big demand for residential property.

THIS COUPON is good for ONE ROUND TRIP between

C. P. R. Waiting-room and Melrose Park on Yonge Street

In SPECIAL CARS chartered by Robins, Limited, on Saturday, March 19, at 2.15, 2.45, and 3.15 p.m.

## Further Advances Forced In New York Securities

### Wall Street Operations Are Continued on Bullish Tactics—Local Market Active, But Advances Are Small.

World Office, Friday Evening, March 18. Greater activity occurred at the Toronto Stock Exchange to-day, the reason for which was not altogether understood by traders in this market. The only explanation for the new buying was on account of an upward movement in the New York Market, but despite the increased volume of business, prices responded very feebly.

At Dominion Steel and Duluth Superior were the speculative features of to-day's operations. Rio advanced about a point above yesterday's low prices, Dominion Steel held between yesterday's high and low figures, while Duluth Superior gained the dividend which was taken off the stock in to-day's prices.

There was nothing in the market to incite immediate buying, and speculation existed throughout the day as to the reason for the exceptional demand for some of the local securities.

The pool in Dominion Steel operated from Montreal made active dealings in the issue to-day, and a notice to Dominion Coal shares this stock was also marked up.

The day's transactions were presumably built on nothing less than the fact that new speculative buying could be brought into the market by advancing prices, but the advances were too narrow to allow even floor trading profitable operations.

The announcement during the session that the Toronto Railway had won its case before the privy council incited no buying of this stock, and not even one share was dealt in during the whole day.

Notwithstanding the tremendous fight which is supposed to be on in connection with the control of the Nova Scotia Steel Company, the shares sold lower to-day than they have hitherto done.

Sized up in a broad way, the Toronto market had a kind of superficial appearance, and it was questionable whether the strength to certain securities was real or only simulated.

**Wall Street Pointers.**  
Copper exports for week March 17, 2820, decreasing 2786 tons.  
Copper producers report noticeable increase in consumption.  
National Bankers organize strong opposition to postal savings bank bill.  
Outlook for settlement of Western Firemen and Engineers' strike more hopeful.  
Hooking Valley control now hanging in the balance, with chances favoring acquisition by the Hawley interests of C. & O.  
President of a strike through Pennsylvania on Monday next.  
The known movements of money for the week ending with close of business on Thursday indicate a gain in cash by the local clearing houses of \$2,254,000.

**Three Per Cent. Exchequer Bonds.**  
LONDON, March 18.—The chancellor of the exchequer to-day announced an issue of £23,000,000 five-year 3 per cent. exchequer bonds. They are offered in the market at 99 1/2-5.

**WALL STREET GOSSIP.**  
Joseph says: Do not sell the Copper trust on paper, but rather take quick profits. St. Paul is being well bought, this absorption must soon tell marketwise. Atchison is a remarkably good proposition, but one must exercise patience.  
Rock Island appeals to us very strongly as a good low-priced rail bull proposition. We are also inclined to the belief that Southern Pacific is a remarkably good proposition, but Pacific is destined later to go much higher.—Financial Bulletin.

The large short interest still outstanding in the leaders encourages further bullish operations, though the public not buying much and probably not until the Trust decisions are out of the way. The possibilities of a decision in the Tobacco case among market good points not to load up too much.—Town Topics.

**Winnipeg Bonds in London.**  
LONDON, March 18.—The Bank of Montreal, as Winnipeg's financial agent, has underwritten the issue on Monday of £500,000 of the City of Winnipeg's 4 per cent. inscribed stock at 103. This high price is the direct result of the city's wise financial policy in the past two years. It is doubtful if Montreal could borrow at a better price.

**Municipal Bonds.**  
Wood, Gundy & Co. have just been awarded \$45,000 City of Wetsaskin 5 per cent. debentures, \$40,000 repayable in 30 instalments, issued for water-works, and \$5000 repayable in 20 instalments, issued for electric light purposes. This firm has also purchased \$350,000 of Red Deer, Alta., debentures, \$4000, repayable in 20 instal-

**British Consols.**  
March 18.  
Consols, money 81 1/2-5

### SAVINGS DEPARTMENT

SAVINGS ACCOUNTS RECEIVE THE MOST CAREFUL ATTENTION AT ANY ONE OF THE BANK'S EIGHTEEN BRANCHES IN TORONTO.

### BUSINESS ENLARGES, BUT MOVEMENTS ARE SMALL.

World Office, Friday Evening, March 18.  
A much larger volume of trading developed at the Toronto Stock Exchange to-day, just where the increment in business came from was not quite understood. Prices of some speculative stocks improved to a small degree, but it was noteworthy that all the active issues were for sale at 1-8 to 1-4 above the bid prices. A further rally in Wall-street stocks was favorable to bullish operations here, but except for this there was nothing to create a desire for speculative ownership of securities. Prices appear to have arrived at a stage at which stocks can be had without offering inducements.
