REPORT.

The Trustees, in again meeting the Subscribers to the Charity, have the pleasure of stating that every year is adding to the usefulness of the Institution, by the increased amount of assistance it is able to afford to the deserving poor.

The number of subscribers is steadily increasing, and the prejudice which existed in the minds of some persons, that such a charity in a young and prosperous country like Canada is unnecessary, is rapidly disappearing.

When it is considered how much hardship the majority of those engaged in clearing a new country have to endure, and that many are without friends able to assist them, should they meet with accident, or become sick, it is not surprising that so large a proportion of the cases received into the House are persons who have been reduced to a state of health which totally unfit them for supporting themselves; and it is only necessary to refer to the annexed list of inmates to convince any one, that were it not for such an Institution the suffering entailed upon those unfortunate individuals would be most materially increased.

The most anxious attention of the Trustees has ever been devoted to making permanent provision for orphans, deserted children, and those whose parents have rendered themselves liable to legal punishment; and the large number of children who have been placed out with respectable persons in

the country is a proof of the advantages which have arisen from the system adopted.

The applications for apprentices are much more numerous than the Committee can supply; and several persons, since the Act of Incorporation was granted, have placed their children under the protection of the Trustees in order that they might be bound out, considering that it would be the best means of providing for them, as the greatest care is always taken in selecting the persons with whom they are placed; and when the facilities possessed by the Trustees are more known, no doubt a much larger number will avail themselves of them.

The doors of the Institution are never closed against such, as the Trustees have always felt that one great advantage of the Charity has been to remove as large a number of the young as possible from the temptations and vice to which they are exposed in a large city.

The Trustees regret that their future career of usefulness in this respect may be in some degree interfered with, in consequence of the Roman Catholic Clergy having recently decided to prevent, so far as their influence extends, persons of that religion allowing their children to be placed in the Institution, from the, no doubt, conscientious belief, that in a charity where all denominations are upon an equal footing their religious principles may be endangered, although the bye-laws and indentures of apprenticeship are most comprehensive and stringent against any interference with the faith of the children on the part of those with whom they may be placed out.

The Trustees during the past year petitioned the Government to make some provision for the numerous idiots and imbecile persons whom the Commissioners of the Lunatic Asylum are unable to

receive; and they are happy to find that the Legislature was pleased to appropriate a sum for that purpose; and also a grant to provide a House of Correction for juvenile offenders, a subject which has also occupied much of the attention of the Committee.

It is to be hoped that a great improvement will shortly be made in the system of granting Tavern and Shop Licenses, by which a large reduction in the number of the inferior description will be made, and the houses placed under more stringent regulations; for the Trustees can speak from experience, in asserting that much of the distress which prevails may be traced to the temptations to which persons are exposed in such places.

It would afford the Committee much gratification, if an Institution could be established, where unfortunate females who desire to reform could find a home, and have an opportunity of redeeming their characters: at present many of them are necessarily sent to prison, to associate with others more hardened than themselves, and on their discharge, having no alternative but to return to their former course of life, and they sink from one degree of misery to another, until they become perfectly reckless of consequences. By placing such persons under moral and religious restraint, many might be restored to society entirely reformed. This Charity could not receive them, although the Trustees would gladly assist in such an undertaking.

The Trustees, in July last, opened a house in connection with the House of Industry, for the reception of casual poor, into which persons are admitted without recommendations of any description, on their applying at the Institution. The assistance afforded, as a general rule, is confined to one night, with supper and breakfast, upon the same principle

as the asylums for the houseless poor in England ; it was built at an expense of £130, and will accommodate ten males and ten females.

In undertaking this additional expense, the Committee felt that it would be the surest means of doing away with street begging, as it prevents the applicants for assistance having the excuse that they do not know where to get a night's lodging or food ; and the Trustees earnestly hope that the benevolent will not encourage the demoralising system of begging, for which there is no necessity, as the Superintendent has instructions to afford temporary assistance until the Visiting Committee can consider their cases.

The Trustees have much satisfaction in stating that the health of the inmates has been very satisfactory, notwithstanding the large increase in the numbers admitted ; and the Committee feel that they owe a deep debt of gratitude to the Medical Officers of the Charity, Drs. Hodder, Badgley, and Bovell, who gratuitously devoted their time and talent in watching over the health of the Institution, and to whose exertions, under Providence, may be attributed the above satisfactory statement.

A donation of £30 from the Committee of the late Widows and Orphans' Fund has been received for the purpose of distributing an additional supply of wood among the poor, which has been a great assistance to this Charity.

Several handsome donations in potatoes, &c., have also been thankfully received, and are acknowledged at the end of the Report.

It is gratifying to the Committee to find that a much larger number of persons than formerly have visited the House during the past year ; and they hope that during the present there will be a still greater increase, satisfied that the more the Charity is known, the more full will the advantages it confers

be appreciated. It has grown with the wealth and population of the City, and after a period of fifteen years is at length placed upon a permanent advantageous basis as a Corporation.

The Trustees have had to regret during the past year the resignation, from impaired health, of their late Superintendent and Matron, Mr. and Mrs. Perry, who for eight years most satisfactorily fulfilled the duties, and they have been succeeded by Mr. and Mrs. Hancock, with whose management the Committee have every reason to be satisfied.

In concluding their Report, the Trustees have the satisfaction of feeling that much distress has been prevented through the instrumentality of this Charity, and while supported as they have hitherto been, by the liberal donations of their fellow-citizens, they will not relax in their exertions to aid the deserving poor, while they will do all in their power to prevent imposition upon its funds.

ANNUAL MEETING OF THE SUBSCRIBERS,

*To receive the Report and Statement of Affairs for 1852, held
on Wednesday 19th January 1853, in the Council
Chamber of the Board of Trade.*

JOHN ARNOLD, Esq., in the chair.

Mr. O'NEILL commenced the proceedings by endeavouring to shew that parties, whether Subscribers or not, had a right to take part in the proceedings as rate-payers, which was overruled by the Chairman, as being contrary to the Act of Incorporation.

The Report and Statements of the accounts and relief afforded having been read,

It was moved by Rev. Mr. JOHNSTON, seconded by Mr. JOHN MULHOLLAND—

That this meeting is much gratified at the very satisfactory Report and Statement of the Affairs of the Charity, and authorize the Committee to publish it for the information of the Subscribers and public.

It was then moved, in amendment, by Mr. T. J. O'NEILL, seconded by Captain ELMSLEY—

That whilst this meeting willingly recognizes in the House of Industry a useful medium of dispensing relief in a temporary form, recent experience has served to convince, that if its charities have heretofore been exercised upon the principle of non-sectarian benevolence, its Managers are no longer desirous of attaching to it that christian and honorable distinction: that the conduct of the majority of the Managers, as expressed in the instructions given to, and their connivance at the conduct of their Superintendent, in relation to members of certain religious bodies in connection with the Catholic Church, has been insulting, detrimental to the spiritual interests of the catholic inmates, and calculated to draw odium on the Institution: and, that the Managers, by their refusal to accede to the reasonable requests of their catholic fellow-citizens, clerical and lay, as expressed through their representatives at the Board, in respect to consigning the charge of the orphan children

belonging to the catholic body to the care of members of their own church willing to assume the duty and responsibility of providing for them in all necessary respects, and in conformity with the rules and requirements of the Toronto House of Industry, have thereby forfeited the confidence of the catholic members of the Board, and of their catholic fellow-citizens generally.

After a long and animated debate, in which many charges were made by MESSRS. O'NEILL and ELMSLEY, and replied to by Rev. Drs. LETT and BURNS, the Rev. J. JENNINGS, the Secretary, (Mr. WESTMACOTT) and other gentlemen, the amendment was put from the chair and lost by a very large majority, only eight or nine voting for it.

Original motion was then put and carried by the same majority.

It was then moved by Mr. M. P. HAYES, seconded by Mr. A DIXON—

That the Trustees be requested, before the publication of the Report in question, to remove that portion which alludes to the interference on the part of the catholic clergy.—Lost.

Moved by Mr. DIXON, seconded by Mr. DOEL—

That this meeting are much gratified to find, that the health of the inmates has been so satisfactory, and beg to offer to Drs. HODDER, BADGLEY and BOVELL their warmest thanks for their attention to the sick and their gratuitous services during the past year, and sincerely hope that they will continue to afford the Charity the benefit of their skill and kindness during the next year.—Carried unanimously.

Moved by Dr. LETT, seconded by Dr. GREEN—

That the cordial thanks of this meeting be presented to the Press of this city, for their advocacy of the interests of this Charity.

Moved by Rev. Dr. GREEN, seconded by Mr. MATHERS—

That the thanks of the Subscribers be presented to the Treasurer and Secretary, for their gratuitous services during the past year.

Moved by Rev. Mr. SPENCER, seconded by Mr. HENRY ROWSELL—

That the following twenty-five Gentlemen be appointed Managers, in accordance with the Act of Incorporation, for the year 1853:—Rev. JAS. BEAVEN, D.D., Rev. R. BURNS, D.D., ANSON GREEN, D.D., E. BALDWIN, B.A., J. DOWSE, E. SANSON, ROBERT IRVINE, DR. BURNSIDE, MESSRS. S.

SHAW, J. HARRINGTON, S. THOMPSON, L. BATTERSBY, R. CATHCART, P. BROWN, R. WORDSWORTH, T. K. FEEHAN, J. P. BATTERSBY, J. TOLFREE, J. TYNER, GEO. W. ALLAN, P. J. O'NEILL, H. MILLER, A. MCGLASHAN, GEO. BILTON, D. CRAWFORD. Honorary members—Drs. HODDER, BADGLEY, BOVELL.

Several attempts were made to alter the list, but without success, the only one being to substitute Mr. FEEHAN's name for Mr. HAYES, who declined to serve.

Moved by Mr. ELMSLEY, seconded by Mr. FEEHAN—

That this meeting recommend the Trustees and Managers to pass a bye-law providing that no children shall be placed out as apprentices under a period of twenty-one days; and that the clergy of the denomination to which they belong shall have notice of such children being in the Institution, in order that they may provide suitable persons under whose charge they shall be placed.

N. B.—The Secretary, not having received the original resolution, cannot give the precise terms of it, as it is entirely from memory.

Moved, in amendment, by Mr. ROWSELL, seconded by Rev. Mr. SANSON—

That this meeting has every confidence in the Managers of this Institution, and do not desire at all to interfere or suggest anything to the Board of Trustees and Managers.—Carried.

The meeting then adjourned at 9 o'clock, after five and a half hours' debate.

W. M. WESTMACOTT, *Secretary.*

REQUISITION.

A statement having been made by T. J. O'NEILL, Esq., at the public meeting of the Subscribers to this Institution held yesterday, that the Superintendent did, on a certain day, collar and otherwise disrespectfully use a clergyman of the Roman Catholic Church, who had visited the house in the discharge of his clerical duties, we, the undersigned members of the Board of Management, having heard of this charge against the Superintendent for the first time at the meeting referred to above, are of opinion that the same should be investigated with the least possible delay; and therefore request the Secretary (W. M. WESTMACOTT, Esq.,) to convene the Trustees and Managers at as early a day as possible, to consider and investigate the charge.

STEPHEN LETT, *Clerk.*

ROBERT BURNS, D.D.

E. H. RUTHERFORD.

JNO. HARRINGTON.

PETER BROWN.

R. H. BRETT.

24th January, 1853.

Moved by Dr. Lett, seconded by Dr. Green,

That this meeting regret that Mr. O'Neill did not mention at this Board, of which he was a member, the alleged charge, that the Superintendent did disrespectfully act towards a clergyman of the Roman Catholic religion, when visiting the House in the discharge of his duties, instead of asserting it at a public meeting of the subscribers, where such a charge was calculated to damage the Charity in the public opinion. And had Mr. O'Neill brought the charge before the Board, it would have been immediately investigated, as no such conduct on the part of its officer would be tolerated by the Board.

SPECIAL MEETING, HELD 7TH FEB., 1853.

G. W. ALLAN, Esq., *Chairman.*

Present—Rev. Dr. LETT, Dr. BURNS, Dr. BEAVEN, Dr. GREEN, Revs. Mr. DOWSE, A. GEIKIE, H. J. GRASSETT, Dr. BURNSIDE, MESSRS. R. CATHCART, J. TOLFREE, J. MATHERS, S. SHAW, J. DOEL, E. H. RUTHERFORD, R. WORDSWORTH, R. H. BRETT, J. W. BRENT, S. SPREULL, J. ARNOLD, J. TYNER, D. K. FEEHAN, G. BILTON, W. M. WESTMACOTT.

The minutes of the last special meeting having been read and confirmed—

Rev. Dr. LETT, as Chairman of the Select Committee, then read the following Report :

TO THE BOARD OF TRUSTEES AND MANAGERS OF THE TORONTO HOUSE OF INDUSTRY.

Report of a Select Committee appointed by the following resolution, adopted at a special meeting of your Board, held on Monday 24th of January 1853, viz.,

Moved by Rev. Dr. LETT, seconded by Rev. Dr. GREEN—

That a Committee be now appointed to investigate the conduct of the Superintendent towards the Rev. Mr. MALONY, on the occasion of his visit to the House in the discharge of his clerical duties on the 22nd December 1852, and on two other occasions; and also to investigate his conduct towards the Roman Catholic inmates, and reported upon as early a day as possible, to a special meeting of the Board, to be called for that purpose: that the Committee do consist of Rev. R. IRVINE, Rev. A. SANSON, Messrs. D. CRAWFORD, D. K. FEEHAN, G. W. ALLAN: and, on motion of Mr. O'NEILL, Hon. J. ELMSLEY and Rev. Dr. LETT's names were added to the list.

Moved by Mr. FEEHAN, seconded by Rev. Dr. LETT—

That the said Committee are instructed to investigate and report upon certain alleged charges against the Superintendent with respect to the Ladies of St. Joseph.

In accordance with the foregoing resolutions, your Committee proceeded to perform the duty assigned to them, and beg to submit the following Report:

That the following extract from a communication addressed to your Committee by T. J. O'NEILL, Esq. represents the charges made against the Superintendent in the first instance—viz., "on the 22nd December, Rev. Mr. MALONY, in company with Rev. Mr. MALBOS, was violently assaulted, as far as the use of language could do it, for having taken the liberty of going down to the public rooms of the females, without having obtained the Superintendent's permission.

"This offence was committed openly, and in presence of all the inmates of that apartment, and such language used as would imply that it was in the power of the Superintendent to tolerate the presence of Mr. MALONY or not."

Your Committee, after a long and careful investigation, are of opinion that this charge has not been sustained. Two members of the Committee do not concur in this opinion, but they consider that no evidence produced has justified the implication conveyed by the words "violently assaulted," in the above extract.

Another extract from the communication above referred to states the charge made against the Superintendent in the second instance—viz. "a repetition of this gross misconduct took place on the occasion of the Grand Jury visiting the House. On Mr. MALONY's asking if he had permission to go down and see the Catholic inmates, the Superintendent replied, in a very offensive manner, 'he had not time then to attend to him, and wished he would retire,' or words as nearly as possible similar."

Your Committee are of opinion that this charge has not been sustained; and, as it appears that Mr. MALONY only imperfectly caught the Superintendent's words, your Committee therefore regret that any charge should have been brought forward against the Superintendent upon such slender grounds.

The next subject investigated by your Committee was the charge made against your Superintendent for having on two occasions (in November and December last) refused admission to the nuns of the order of St. Joseph, and for having kept them waiting an unreasonable time on the outside of the gate.

It is the opinion of your Committee that the Sisters of St. Joseph were not treated with that courtesy which your

Committee would have desired, as it appears they were detained at the gate on the occasions referred to, but that the detention occurred from a misapprehension on the part of the Porter.

The last subject your Committee were directed to inquire into was a charge made against the Superintendent for having, on a certain occasion, treated two Roman Catholic inmates in an unfair and partial manner.

Your Committee are of opinion, that this charge has not been sustained; and, from all the evidence which has been brought forward, it appears that in no one instance has the least partiality been shewn by the Superintendent to any of the inmates or other recipients of the benefits of the Institution, on account of their religious faith.

All which is respectfully submitted.

STEPHEN LETT, *Chairman.*

D. K. FEEHAN, *Secretary.*

House of Industry, Toronto, 4th Feb. 1853.

It was then moved by Rev. Dr. LETT, seconded by Mr. MATHERS—

That the Report now read be adopted and printed with the Annual Report.

Moved by Rev. Mr. DOWSE, seconded by J. ARNOLD, Esq.,

That the Trustees and Managers of the House of Industry beg to offer their cordial thanks to those gentlemen of the Select Committee appointed on the 24th January, for their assiduity and patience in investigating the charges made against the Superintendent by T. J. O'NEILL, Esq., one of the Managers, at the annual meeting of the Subscribers held on the 19th January; and also, their obligations to those members of the Board who signed the Requisition to the Secretary to call a meeting of the Trustees for the purpose of considering such charges, as it must satisfactorily prove to the friends of the Charity that the accusation made against the Managing Committee, that they connived at the alleged misconduct of their Superintendent, was not correct, as the moment a complaint was made it was fully investigated. And the Trustees are convinced that the report now presented will prove advantageous to the institution, on the ground that the public will be more than ever satisfied that its affairs are impartially managed.—Carried.

Moved by Rev. Dr. BURNS, seconded by Mr. TYNER—

That whereas the Superintendent of this Institution has

been publicly charged with harsh treatment of Roman Catholic inmates, and also of disrespect to Roman Catholic ladies, and to priests of that communion, when visiting the House: and a Special Committee, named by the Directors, for investigating these charges having reported, that after a very full and lengthened inquiry, and having heard evidence on both sides, said charges appear to have been brought without sufficient foundation.

The directors deem it to be due to Mr. HANCOCK and the House, that they consider them both fully entitled to the confidence of the public: and they are satisfied, that the Institution, under the excellent management both of Mr. Perry and his successor, has been, and is, and they trust will continue to be entirely free from sectarian bias.—
Carried.

Moved by Rev. Dr. GREEN, seconded by Mr. WORDSWORTH,
That the above resolutions be printed with the report.—
Carried.

The Committee then adjourned.

W. M. WESTMACOTT, *Secretary.*
