Constitution of the Missionary Society of the Methodist Church of Canada.

ADOPTED BY THE GENERAL CONFERENCE, 1878.

I.—NAME.

THIS Society shall be known as "The Missionary Society of the Methodist Church of Canada."

II.—OBJECT.

The Object of the Society is the support and enlargement of the Indian, French, Domestic, Foreign, and other Missions which are carried on under the direction of the Conferences of the Methodist Church of Canada.

III.—MEMBERS.

Every person paying annually the sum of four dollars and upwards, and every person collecting annually ten dollars and upwards, for this Society, shall be deemed a member, and entitled to a copy of the Annual Conference Report. And every person paying annually twenty-five dollars, or collecting for the Society thirty dollars or upwards, shall also be entitled to a copy of the General Report.

IV.—AUXILIARY AND BRANCH SOCIETIES.

The Methodist Missionary Societies within the bounds of any Annual Conference shall collectively be entitled "The Auxiliary Missionary Society" for that Conference; and severally shall be entitled "Branch Societies" of such Auxiliary. Missionary Societies formed in our Sunday-schools shall be entitled "Juvenile "Branches" of the Conference Auxiliary.

V.- TREASURERS.

I. Each Annual Conference may appoint a Treasurer, through whom all remittances to or from the head office shall be sent. In case any Annual Conference does not make such an appointment, then all remittances to and from the head office shall be made through the Chairmen of Districts in such Conference.

2. The Superintendent of a Circuit or Mission shall be Treasurer of the Branch Societies on his Circuit or Mission.

VI.—REMITTANCES.

The money raised on any Circuit or Mission shall be transmitted as

soon as collected to the Chairman of the District, deducting only what has been disbursed for incidental and local expenses; and the Chairman shall in turn remit promptly to the General Treasurers, through the Conference Treasurer (or directly if there be no Conference Treasurer), all moneys received, deducting only necessary incidental expenses. All moneys from the General Treasurer to a District shall also pass through the Chairman's hands.

VII.—CIRCUIT LISTS.

The Superintendent of each Circuitor Mission shall prepare annually, not later than the first day of the Annual District Meeting, a list of all subscribers of two dollars and upwards, also the aggregate of all collections and sums under two dollars; such lists to be sent without delay to the Conference Treasurer or Chairman, who shall forward them to the Mission Rooms for insertion in the Annual Report, together with a statement of the gross receipts, local disbursements and remittances.

VIII.--CENTRAL BOARD.

I. There shall be a Central Missionary Board for the management of the Missionary Fund, which shall meet annually at such time and place as it may appoint.

2. This Board shall be composed of the President of the General Conference, the Officers of the Missionary Society, one minister to be chosen annually by each Annual Conference, one layman to be chosen annually by the laymen of each Conference Missionary Committee, and six other persons— one-half of whom shall be laymen—to be appointed by the General Conference, and to continue in office for four years.

3. The duties of this Board shall be to review the Missionary work, and apportion the funds committed to it to the respective Conferences according to the necessities of the various departments of the work. XI. -GENERAL OFFICERS AND THEIR DUTIES.

I. The General Conference shall appoint the General Secretaries and Treasurers of the Missionary Society, who shall be ex-officio members of the Central Board.

2. The General Secretaries shall, previous to each Financial District Meeting, furnish each Chairman of a District with a schedule to be filled up by said Chairman at the Financial District Meeting, showing the estimated income and expenditure of each Mission for the support of the ministers and preachers, the amount of Missionary grant recommended by the Financial District Meetings, &c., &c., which schedule shall be forwarded to the General Secretaries without delay. From these schedules the General Secretaries shall prepare a tabular statement for the information of the Central Board, in order that its members may intelligently and justly apportion the funds of the Society to the several Conferences.

3. It shall be the duty of the General Secretaries to make themselves acquainted with the entire Mission field, by official correspondence and personal visitation when practicable. It shall also be the duty of the Secretaries to publish the Annual General Report of the Society, and the Reports of the several Annual Conferences, with a statement of their income and expenditure.

In the discharge of their duties, the Officers of the Society shall act in harmony with the legally appointed courts and officers of the General and Annual Conferences. Provided always that in case of any emergency arising that may require prompt action in the matter of supplying any remote Mission, it shall be competent for them, on the recommendation of the Committee of Consultation and Finance, to request the proper authorities of any Annual Conference to aid them in meeting such emergency, by appointing one of its ministers or preachers to such Mission.

STANDING RESOLUTIONS.

SPECIAL CLAIMS.

SUPPLY IN CASE OF SICKNESS.—In case a Missionary is laid aside during the year by illness which incapacitates him for work, the President of Conference, and Chairman of the District, may, if they judge it necessary, procure a suitable supply; and the Treasurers, on being duly certified of the facts, accompanied by a Physician's certificate as to the health of the Missionary, are authorized to pay towards the cost of such supply, an amount not exceeding the proportion of a single unordained man's salary, for the period during which his services are necessary, within the current Conference year.

SUPPLY IN CASE OF DEATH.—In case of the death of a Missionary his family shall be privileged to remain on the Mission, and receive the allowances for the rest of the year; and an amount for a supply, similar to that mentioned in the preceding regulation, may be allowed.

SUPPLY PENDING THE REMOVAL OF A MISSIONARY.—In case a Missionary is removed from a distant station, and it is found necessary to supply his new field of labour, until such time as he can reach it, a grant for such supply may be made, similar in amount to that mentioned in the preceding cases."

AFFLICTION.

These grants are intended to HELP in cases where expenses incurred by sickness are exceptionally great, or the salary unusually small. It is to be understood, therefore, that only cases of this exceptional character will hereafter be entertained, and the Board reserves the right of granting either the whole, or part of such claims, as it may judge expedient.—Adopted by General Conference.

In order to prevent unnecessary delay in the settlement of Special Claims, it is recommended that they be presented at the next District Meeting—Financial or Annual—and, if recommended by such meeting, forwarded at once, with the physician's (or other) bill duly receipted, to the General Secretaries.

ERECTION AND REPAIRS OF MISSION PREMISES, &c.

1. No application for a grant for new Mission premises, or buildings, will be entertained, unless a description of the proposed buildings, with their estimated cost, has first been submitted to, and the expenditure distinctly authorised by, the Central Board, or the Committee of Consultation and Finance.

2. The same rule will be observed in regard to the repairing of Mission Buildings, and the purchase of Furniture.

CLAIMS OF DOMESTIC MISSIONS.

The Central Board, experiencing great embarrassment in providing for the really destitute portions of the Domestic Work, and finding great difficulty in responding to the calls made upon it from the Heathen World, and this difficulty and embarrassment arising, to a large extent, from the demands made by Domestic Missions of long standing and of large membership, and in old and well-settled districts, this Board is strongly of the opinion that grants to such Missions should either be greatly modified or absolutely cease; and appeals to the devotedness and loyalty of the members of the Church, on such Missions, generously to relinquish Missionary aid, and thus enable the Board to meet its responsibilities, in making more equitable appropriations for the more destitute portions of its extending work.

TIME FOR THE BRANCH SOCIETIES' RETURNS.

The Treasurer's Report shall be closed from year to year on the last day of June, and the Superintendents of Circuits are required to use all practical effort to have the subscriptions on their respective Circuits collected, and paid to the Treasurers, at or before the Session of Conference.

REPORTS OF MISSIONS.

The Report of the Religious State of Missions shall be prepared by the Superintendent of each Mission, and read in the May District Meeting, subject to the revision of that Meeting.

CORRESPONDENCE.

The Chairmen shall require regular quarterly Communications, to be made by each of the Missionaries on their respective Districts, to the Secretaries of the Society, giving information of the state and prospects of the several Missions in which they are employed.

PUBLICATION OF ANNUAL REPORTS.

After the present year the following method shall be adopted :— Let the Secretaries publish an Annual Report for each Conference, containing a brief religious summary of our whole Mission work, the names of Subscribers of \$2.00 and upwards, and the Disbursements of each Conference; also a General Report, containing the religious summary, the aggregate of income from each Circuit and Mission, and a statement of all expenditure.—*Resolution of General Conference*.

(For distribution of Reports, see Art. III. of "Constitution.")

SPECIAL RESOLUTION.-REDUCTION OF THE DEBT.

That a sum equal to one-fourth of the debt—say \$16,000.00 be divided among the Conferences, in proportion to the amounts raised for Missionary purposes last year; and that the sum so allocated be divided by the Annual Conference Missionary Committees among the Districts of each Conference, to be raised and paid to the General Treasurers towards the reduction of the debt.— *Resolution of General Conference*.

MISSIONARY INTELLIGENCE.

The publication of the Missionary Notices is hereby discontinued, and instead thereof the editors of the Guardian and Wesleyan are directed to place at the disposal of the Missionary Secretaries sufficient space in their columns for the publication of such matter as is usually published in the Missionary Notices. All communications from the Mission Districts intended for publication in the organs of the Church, shall be first examined and approved by the Missionary Secretaries.—Resolution of General Conference.

INDIAN MISSIONS.

SEVERAL interesting occurrences have marked the history of the past year with two of the more recently formed Missions to Indian races. At Fort Simpson, a violent hurricane did much damage to the newly-erected Church, and for some time placed the inmates of the Mission-house in great peril, but a merciful Providence shielded them in the hour of danger. The Indians bravely contended with the stormy elements, and saved the sanctuary they so heartily love from utter destruction. This untoward visitation at so early a period after the formation of the Mission tested the reality of their faith and zeal; for immediately after the storm had passed away they gathered their forces to replace the roof, making a collection of all kinds of valuables they could command, in addition to what money they could give, such as gold rings, bracelets, fish, blankets, &c., amounting to upwards of \$400. Whilst destruction brought out their gifts and offerings, the Lord graciously visited them in the absence of their devoted Missionary with a wonderful outpouring of the Holy Spirit, so that religious services were held night and day, conducted by Mrs. Crosby and Miss Knott, the teacher. Truly, "The wind bloweth where it listeth ;" many were awakened and truly converted to God. As a result of this blessed work the subjects of converting grace have carried the gospel message to numerous and distant bands, actuated by love and gratitude to the Saviour whose transforming power had made them "new creatures." The day-school is very largely attended, and even numbers of adults are anxious to read the Word of Life.

[1877 - 78]

The Mission at Naas has been organized by Mr. Green, under Mr. Crosby's zealous superintendency, and promises to be one of great fruitfulness.

All the Indian Missions in the Provinces of Ontario, Quebec, Keewatin, and the North West Territory continue to receive the fostering care of the Central Board and Committee. On many of them are obvious improvements both in spiritual and material life. The Industrial Institution at Mount Elgin, Muncey, has shared in revival influences, whilst the different branches of mechanical, agricultural, and domestic training are successfully preparing Indian youths for future usefulness, and, if the lessons taught them there are practically carried out when they leave the Institution, for future independence and social comfort.

VICTORIA.

The Indian Mission has received due attention by a noble staff of workers, and much good has been done with God's blessing thereon. Five regular services, each week, have been well attended, and considerable progress evinced in reading and in their knowledge of the Bible. Their punctuality to the class of Tuesday and Friday evening prayermeeting, is seldom equalled by English members of the Church. Several have died in hope of the "rest that remaineth to the people of God." As the Dominion Government has not removed the Indians of Victoria, this Mission will continue, especially while our friends labour for it as they have done, and remain, as in the past, the least expensive, although one of the most useful on record. A tea-meeting given by the Indian friends proved a fine success, and netted \$95 for the trustdebt of the Indian Church. A Missionary meeting, the first of the kind, was held, and a collection taken up of over \$15, and given to the General Fund. Twenty-five persons were received during the year, and 1877-7

the present membership is 30. This Mission, among other blessings, is an asylum for our Chris'ian Indians coming from various parts of this vast Province to Victoria, for here they meet with their own race engaged in religious services, and are helped on in the Christian life.

NANAIMO.

Bro. Cushing's labours have extended to several small neighbouring tribes, and once he visited the tribes on the west coast, which is two days' travel from Nanaimo. The prevailing temptations alluded to in last year's report, and the crying need for the protection of these poor people, still exist, and tell with sad effect upon our work. The result is, we can scarcely hold our own, and until something more effectual is done by the Government, we can make but little progress. As it is, the natives are the easy prey of the most abandoned whites. If a suitable day-school teacher could be employed, we have no doubt of its salutary effect. Two brethren from town have lately started a Sabbath-school and it is well attended. Our Sabbath congregations, too, are good and have sometimes filled the Church. I preach there regularly on Sabbath afternoons. Members, 5 ; on trial, 13 ; total, 18.

CORNELIUS BRYANT.

BURRARD INLET.

This double work of Indian and white populations bring mixed anxieties and, thank God, unmixed blessings. Our Indians have been, for a season, very much scattered. The fishing calling them away to the "Frazer" for salmon, and other parts for "dog-fish," from which they get fish-oil for market. Since I wrote last our little native cam p has known sorrow—the sudden drowning of an Indian woman, one of our members, by the sinking of a canoe. The tale of her husband runs thus:—"Canoe go under water; wife sink. I hold on paddle, and keep up; and after long time wash upon Island. My sight gone. I pray to Jesus. He first make my heart warm, then my body get warm, then again my eyes see." Thus Jesus alone can warm the heart of the sinking and the drowning. I will close my report with an extract from a letter received from Bro. Crosby :—

"An Indian came here all the way from 'Bella-bella,' and in the meeting said, 'I have been a very wicked man, a very bad man. I went to Burrard Inlet last summer, and a young Indian asked me to go to church; and the first time I went I came out making fun. I went again and the words stuck fast to my heart. I then went away to my home and tribe, and built a house and called my people into it, and told them about Jesus Christ; and now I am come here to know more about Jesus Christ, and go back to tell my people. My new house is now a house for God.'" Brother Crosby adds, "I write this, my dear Bro. Derrick, to encourage you, and to let you know that this poor Indian found Christ at Burrard Inlet—went away to his

SUMAS AND CHILLIWHACK.

On this Mission the labours of the past year have not been spent in We have been cheered and encouraged by seeing sinners vain. brought to a saving knowledge of the truth as it is in Jesus. We have had three camp-meetings during the year :- At Chilliwhack, Ferndale, W.T., and at Semiahmoo, on the British side of the boundary line. These meetings were attended with much labour, yet the ingathering of souls more than repaid us. We had also a four days' meeting at Squihala, which resulted in much good, some of the people attending from distances of thirty to forty-five miles. We have built two churches during the year, one at Swah-why-a-mult, the other at O-hah-men. We have also hung a fine new bell at Squihala. Through cutting off the Washington Territory part of our work, we report a decrease in our membership. We visit them occasionally until the M. E. Church can take them up, which we hope will be done before long. We have received during the year 77 on trial; 1 has died; 4 have been dropped; by altering the boundary we lose 93; leaving our present membership at 88; with 39 on trial; total, 127.

FORT SIMPSON.

Our work at this place has never seemed to lose by my absence, although I have been away a great deal, but, on the contrary, the fact that we are trying to reach those beyond, inspires in our people a missionary spirit, and does much to keep up their own religious life. Our young men readily volunteer to go with me on those hard, long, and often dangerous trips to distant places, and the fact that those dear people have so repeatedly come forward with their means to help in the outlay for building, assures us that they are sincerely attached to the cause of the Mission. The year has been one of great prosperity in every way. Our people are improving very much in a social condition. The old heathen houses are fast disappearing and nice little cottages are taking their place. About thirty of these houses have gone up, and many others will, probably, be built the coming summer. Many of our people, however, are very poor, on account of the great depression in the fur trade the last two years. Our schools are doing a good work. The day-school is efficiently carried on by our excellent teacher, Miss Knott, and her assistants. The Sunday-schools are a great source of happiness and blessing to all our people. And the general improvement is marked especially among the young people, many of whom read well in the Bible. The old people take great pleasure in repeating over the text in their own tongue till they get it on their memory. The spiritual interest is

growing among the people. In many lives we see a steady growth in grace, and several who have become S. S. teachers and class-leaders show a strong desire to work for the Master. The revival last fall brought in a large number on trial. We have now seven classes very largely attended during the winter, and the intense desire which seems to prevail among all the tribes around for the Gospel, shows that the blessed influence of the revival has been felt more or less among all the tribes. I should have said that the injury done our church in a terrible gale last fall was a great trial to us all, but, by God's blessing, it is well repaired again at a cost of \$700, besides a great deal of volunteer labour which, if paid for, would have brought the total outlay up to about \$1,000. We have received 54 during the year; 5 have died; removed, 7; on trial, 165; members, 85; total, 262. This does not include those 55 on trial at Kit-a-mat and Kit-ce-las. T. CROSBY.

NAAS RIVER.

The work on the Naas has been most encouraging since the arrival of Mr. Green, hundreds of these poor people are leaving their heathenism and coming to the Saviour. A good school is in operation. We shall need help from the Society towards building soon for that Mission, and I have no doubt they will be ready to help us after what our dear friends in Victoria have done towards commencing the work there. We have been obliged to keep two young men, one as interpreter to Mr. Green, and one at the upper village, which is about twenty miles distant. I have visited Kit-a-mat, one hundred and fifty miles south of us, where no Missionary had ever visited before. Between twenty and thirty of the people of this village came here to spend the winter in order to attend our schools, &c. They have now returned to their homes, one of our young men accompanying them at their urgent request as teacher, and to lead them as best he can to the truth as it is in Jesus. We have fifteen of these people on trial.

The Kit-ce-las people on the Skeena River, about one hundred miles from here, need very much a native teacher. We have 40 of these on trial.

The work at Wrangle has been handed over to our American Presbyterian friends, with 60 members on trial, and I trust the work will be carried on there till the truth shall spread through all Alaska. A young man, Philip McRay, who has been engaged there since the first, died very happy during the past winter. THOS. CROSBY.

CHINESE.-VICTORIA.

as regular at the school for the year. The Sabbath-school and Wednesday evening services have been regularly attended to, but, having no reliable interpreter, the channel for communicating instruction in the Bible seemed at times closed—a fact that strongly urges the necessity of employing a hired native agent in order, hopefully, to prosecute a mission work among the Chinese, so formidable in language, superstition, and numbers. A Missionary meeting was held, addressed, among others, by several of the ministers attending the District Meeting, and the Chinese manifested a liberal interest in it, as evinced in giving a subscription at the time of over \$50, which will be considerably increased after the collectors have reported. The Chinese population of this coast is estimated at 75,000; and although there is, especially in California, a strong English prejudice against them, arising chiefly from the labour question, yet they are increasing; and this fact calls loudly upon the Churches of Canada and the United States to enter this field with redoubled energy, to christianize this race, redeemed by our common Lord.

WE regard the work of God on this Mission as in a hopeful condition at present. The people have so far sustained their character for liberality. A considerable sum has been raised towards the painting of our Church. We were able to send nearly fifty dollars to aid in rebuilding the Methodist Churches of St. John, and our Missionary subscriptions will be creditable. Various improvements have been made on the Mission premises, at a cost of, say, \$100, (an approximate amount).

The preaching of the Word has been regularly attended by our adherents: more than one has professed to be awakened by it, but these have not yet brought forth fruit to perfection. We have two appointments, and hope soon to take up a third. Woodville has been visited as occasion required. From twenty to fifty persons, chiefly Indians, have been found there at each visit. From thirty to fifty families are wandering about this place as sheep having no shepherd. "Pray ye therefore the Lord of the harvest that He would send forth labourers into His harvest." H. M. VICTORIA.

During the past year your missionary has been blessed with good health, and also with many gracious tokens of divine power while preaching the word of eternal life. One trip to Battleford was made during the year, but as the workmen left last fall, and there are but few settlers, it was not deemed advisable to renew the visit. A few of the people here have joined with us, and give evidence of a change of heart; but we fail to see the success for which we have laboured, and which we have fondly and anxiously expected. The day-school has been faithfully kept up by Bro. Sinclair amidst many discouragements of a nature calculated to dishearten an earnest teacher. Many of the children have gone with their parents to the plains, and when at home, are not sent regularly to school. Where parents are uneducated they sometimes fail to see the advantages of an education for their children. 'The average attendance for the winter has been 19. Several of our members removed last fall. JOHN WALTON.

WHITE FISH LAKE.

I am still pursuing, I trust, in the path of duty, and the work is being prosecuted; and you will be glad to learn that, under the blessing of Almighty God, this Mission has during the past year enjoyed a good degree of temporal and spiritual prosperity. We are trying to move on in the right way. Our people seem to see the importance of improving their temporal condition, and now, having ceded their lands to the Government, they are securing help, in the shape of farming implements and seed, and oxen to plough with. Ever since they pitched their tents on this spot, the great drawback they have experienced all along in their attempts to cultivate the soil has been the want of those implements which are now being supplied to them. If in former years, when in want of these, they did well and raised enough to maintain themselves and families, I trust God in gracious providence favouring their efforts they will do better hereafter.

Formerly there were two settlements, White Fish Lake and Good Fish Lake, seven miles apart. The two are now being joined by the people building houses, clearing and ploughing up plots of land between the two places: this they commenced to do after the treaty was made. The settlement is enlarging, and it is very likely some of the wandering Crees will come under the shadow of this band. It cannot be said that this is a model place, yet those of the outside who would try to induce the wild Cree to do something for himself in the way of cultivating the soil and derive his living therefrom, have always pointed to this place and what its people are doing.

It is a matter of thankfulness to God, without whose blessing no effort can be of any benefit, that there is now some development resulting from those wearied efforts, made amid discouragements and temptations, to promote the temporal interest of this band of Indians. As it has been reported that these were comparatively comfortable in their cir-

cumstances to many of their brethren, and this is increasing every year, they see this, and are induced to be more diligent in attending to the things pertaining to their temporal welfare. As regards the religious matters connected with this Mission station, I am glad in being able to report that there is no declension in the zeal, on the part of our people, to go on in the good and right way to advance in divine knowledge. All our Methodistic usages are considered to be truly the means by which the life of God is attained and retained in the soul. On no Sabbath has your msssionary been obliged to talk to empty seats in the church—for that is always crowded to excess by attentive hearers. No class-leader has ever had occasion to complain of the non-attendance of his members. All our usual week-day services have been kept up and well attended.

I am sorry I cannot report increase in our members. There has been, and is still, much sickness in our village, by which six of our people have been taken away by death. Three of this number were members in our society. Two of these died well and very happy. So our numbers stand 94 members, 8 on trial. I have baptized infants in this and at the other stations, 10 in all: 3 marriages have been solemnized at this station.

Our much esteemed teacher, Miss Barrett, has left us, and since then the school has been carried on by one of my own boys, Egerton R. Steinhauer. It was a heavy cross to him at first; after a while his diffidence wore away, and he has since conducted the school in a satisfactory manner. Though deficient in higher educational training, yet his knowledge is sufficient to meet the wants of his present charge. Average daily attendance has all along been 30. He is teaching reading, spelling, writing, arithmetic, geography, and singing. The young Crees, (the old ones too,) are very fond of music. Our school is in want of books and other school apparatus. I trust you will still remember us in your prayers that God may yet more abundantly bless this Mission. HENRY STEINHAUER.

MORLEYVILLE.

At this place we are trying to do something for the glory of God, and though far from feeling satisfied with the work which has been done, yet we have reason to be encouraged. Our school is well conducted, the attendance has been good, and the progress of the children is gratifying. We have now a good school-house, as comfortable a building for the purpose as can be found in the North-west. Miss Barrett is teaching at present, and Bro. Sibbald is working with me completing the Mission premises—these we hope to have for the most part finished by the return of spring—then Bro. Sibbald will (D.V.) resume the school, as he has already signified his willingness to continue in the work. Miss Barrett will also (if she does not go home, which I hardly think probable) take charge of some other school in the District. JOHN McDOUGALL.

ROSSVILLE.

In closing our fifth year on this Mission we have much to thank God for. Our work has been considerably disturbed, owing to the large exodus to Fisher River and the difficulty in providing them with a proper person to look after their spiritual wants and teach their children. This we have accomplished without letting our work suffer here, though having some extra trouble. Last September about one hundred and sixty persons left this Mission for their new reserve at Fisher River-this made a great difference in our congregation at the time, but others have come in, so that there is not much difference now. In fact, the school has been better attended this winter than for some time previous-the returns for the third quarter is 48 average daily attendance, and over 60 children on the roll. The children have improved well during the winter. There is nothing special to report in regard to our church services-they are well attended, and a deep interest is manifest in learning the way of salvation. We have not had as large an addition to our membership as we should have had, only a few conversions having cheered us in our happy toil. Death has been with us reaping, and six have fallen asleep. "Our people die well." The work at the outposts is going steadily on. I have visited Nelson River once, and Cross Lake twice during the year. At both these places a marked change has taken place, especially at Nelson River, where the Indians have made rapid advancement in the knowledge of our holy religion. They are consistent, zealous, and faithful members. At Nelson River we have 20 members, and at Cross Lake 22; but, owing to their unsettled habits of life as hunters, they are not organized into classes. Our membership for Rossville is as follows : White members, 4; Indians, 240; total, 244. JOHN H. RUTTAN.

OXFORD HOUSE.

So far as Mission work is concerned, at least active work, the winter is the most barren and lifeless part of the year. Our congregations are small and changeful. Sometimes it happens that a few

xvii

hunters arrive on Saturday who remain for Sunday worship. Oftener, we have only the few who make either the fort or the Mission their constant home. Still, I hope that religion is not decaying in the hearts of the few who are here, and those who come in from time to time give evidence that they often find the house of God and the gate of heaven when they stop for a night by the way. A few even-. ings ago we had what Peter Cartwright would call the shout in our prayer-meeting, while one of the hunters who had arrived was praying. I think that some at least are growing in grace; and I hope we shall see more good accomplished soon. There are many yet unconverted who hold their old superstitions with a very firm grasp. While they are here in summer, they seem to oscilliate between a desire to embrace Christianity and the clinging habits of their old practices. One man has been, ever since I came here, asking for baptism. He has four (had six when I came) wives, who have been his stumbling-block. He has promised every year to put all but one away; but the next year, when he comes, he has still his four wives. I have found others who had been baptized and afterwards gone back. One of this class had been quite an useful exhorter. He is now living with two wives. Such persons, doubtless, exercise an influence over their pagan friends, but I do not think it is very powerful or extensive. There have been examples of whole families coming to join themselves to the "praying ones," and others where one has been influenced to come alone, and afterwards bringing the rest of his family. I remember one just now, a young man, who came earnestly desiring salvation, and, after unduring considerable opposition from his father, finally brought both him and the rest of his family into the Church. When the leaven is truly received into the heart it spreads. I hope to see Island Lake this summer. I think there are some there who are truly in earnest, while there may be others whose hearts are not yet touched. I hope to have all the wood ready this spring for the new Mission-house. Now, if we can get a carpenter, it may soon be finished. Membership : died, 3 ; removed, 6; present membership, 148; increase, 23; baptisms, 15.

BEREN'S RIVER.

As the close of my second year on this Mission draweth near, it seems of importance that a statement of its condition and prospects should be furnished to those whose is the oversight and management of our missionary domain. I am pleased to say that a growing interest has been accompanied by an evident progress during the year past. The people have become convinced that the Lord is *the* God, and many are beginning in simplicity and ignorance, yet with earnestness and faith, to supplicate a Throne of Heavenly Grace for light, wisdom, and strength. From many a wigwam where, but a few short months ago, idols were worshipped and demons invoked, ascend with unfailing regularity the songs and petitions of awakened men.

Childish lips have learned to lisp, "Our Father which art in Heaven," and quivering-voiced age delights to sing,

> "Praise God from whom all blessings flow, Praise *Him* all creatures here below."

The change has not been so deep as I could wish. Even yet they hardly understand what is meant by regeneration or sanctification, but we can afford to be hopeful of those whose outward deportment has already undergone so material a change. The fallow-ground has been broken. The soil of their hearts is now ready for the good seed of the kingdom; and I believe that the weeping sower will speedily come again with rejoicing, bringing his sheaves with him. This very day the chief of the tribe came in to see me, and with sufficed eyes, blessed the day when he first heard of Jesus and His love. "I have my troubles, perplexities, and oppressions," said he, "as all other men have, but they do not occasion over anxiety or undue depression. I take every difficulty to God, and He gives me mercy and grace, strength and wisdom, food and raiment. Every hour my mind is stayed upon God and I have contentment and peace."

My own heart was warmed and my emotions could scarcely be repressed as I listened to the happy old man, blackened by poison, broken by hardship, feeble with hunger, bearing his willing testimony to the power of God to comfort and save. May many more like him rise up at Beren's River as living witnesses for our blessed Jesus in this benighted land. There will be one hundred families connected with this Mission next year, even if Fisher River is made a separate circuit. I am of opinion that, if the society feels burdened, Fisher River could be managed from here for one more year, during which time the way could be prepared for the accommodation of an ordained man after the Conference of 1879. In my judgment, this Mission could not be managed from Fisher River on account of its outposts, but for a time the converse would be the best move for all concerned. If it be God's will, I hope to be recalled during the coming summer. A married man could be much more useful here, because his wife would exercise a vast amount of influence over that portion of the community which is most degraded, because most neglected. It is to be hoped that my successor will come quickly that the work lose nothing by the interim.

MANY of the aged members of the Church have passed away to their reward, leaving a good testimony to the power of God to save to the uttermost. The Indians who follow Christ die well. We have six classes, which meet every Sunday and are well attended. Congregations good. Two Sunday-schools and two dayschools keep open all the year well attended. "International Bible Lessons" are being used in the Sunday-schools, and our Catechism in both Sabbath and day-schools. From three to four hundred verses of Scripture committed to memory by the Sunday-school children each week. On the whole, your Missionary is encouraged that his labours are not in vain. Hope is inspired that the sons and daughters will honourably take the place of their parents, and cultivate intelligent piety on this Indian Mission. May the God of Missions enrich us with His grace for this important work committed to our care. Members, 78. WILLIAM CROSS.

Indian Missions.

GRAND RIVER.

In connection with the Methodist Mission among the Six Nation Indians of the Grand River Mission, there are four appointments among the tribe of Mohawks and one among the tribe of Onondagas—five in all. To attend these appointments, and superintend two day-schools and one Sabbath-school, necessarily occasions much labour and travel: one of our Sabbath appointments is eight miles from the parsonage. During the Conference year we have taken 18 members into the Church, including two leading chiefs—one of the Mohawk and one of the Onondaga tribes. Present membership, 98; increase, 18. During the past year one of our Sabbath-school girls, Elizabeth Rankin, died happy in the Lord. Elizabeth was very regular in attendance and a good reader in the New Testament, and bore testimony in her last hours to the good she had received from the Sabbath-school. E. HURLBURT.

MUNCEY.

During the year a gracious awakening has prevailed on this Mission. Two meetings were held which proved very successful, one at Colborne and the other at the Institution. The congregation at Bear Creek is improving. Two Potowatomies were baptized this spring. We think others will follow. We have commenced preaching in the village of Meddlemes, a station on the Air Line Railroad, with a good prospect of success. The quarterage is in advance of last year over ten dollars, and the Missionary contributions over fourteen dollars.

Forty-seven have been received on trial, and four from other circuits. After allowing 10 for deaths, removals, and dropped, we have an increase of 41. Twenty-five Indians remain on trial. Ninety-nine in full membership, also 11 whites. Total, 135. But the best of all is, "God is with us." T. COSFORD.

S. TUCKER.

MORAVIANTOWN.

This Mission has been deprived of one of its best members in the death of James Snake, who has been a local preacher and interpreter for a number of years. Brother Snake lived well and was prepared to die. We visited him frequently during his illness and found that he had a glorious hope of the better land. The congregation at Moraviantown has increased in numbers and we trust in spirituality. Membership, 9. A. J. SNYDER.

RAMA.

Seventeen years of mission life amongst the aborigines of this land has intensified our interest in the temporal, as well as in the spiritual and eternal welfare of the people of our charge; and we are thankful to know, at the close of this our fourth year at Rama, that in these respects our labours have "not been in vain in the Lord."

The services at the church have been well attended; several of the congregation have been unable to secure proper accommodation. The uniform attendance, and serious deportment of many of our young people, has been greatly encouraging to us. These we trust will, as time rolls on, fill the places of our aged veterans, two of whom have during the year entered into rest. Our local brethren and others have most commendatorily co-operated with us in preparing the way for the special services of last winter.

The Sabbath-school has proved increasingly interesting throughout the year, and has been sustained by a well-regulated staff of officers. The day-school has, we are happy to state, progressed considerably under the very efficient management of our excellent teacher.

. There has also been a marked improvement in the cultivation of the soil, the Indians having fenced in considerable land, besides planting, etc., to a far greater extent than they have ever done before.

Our Longford appointment has been regularly attended to. Members: Indians, 81; on trial, 12. Whites, 5; on trial, 1. Total, 99. T. WOOLSEY.

SCUGOG.

There has been no great change in the religious or numerical status of this Mission during the year. The regular services have been continued, with a few intermissions owing to unfavourable weather and roads. The attendance in the congregation on the part of white families has been in advance of last year, but as they are members of other churches it does not increase our numerical strength. Members, 25. One death. David B. MADDEN.

ALDERVILLE.

We have nothing of any great importance to report during the past year. Our Sabbath services are very largely attended, especially in the evenings, when it is, at times, very difficult to accommodate our congregation. During the winter we had cottage meetings and protracted services, at which, by the blessing of God, some good was done. Three of our young men were converted, who bid fair to be useful, and some of our old members were greatly blessed. Our quarterly meetings are generally very profitable.

We have still much to contend with, especially in the matter of intemperance, and even now—although the Dunkin Act is in operation in these United Counties—the Indians who are addicted to this vice readily obtain the means to satisfy this depraved appetite, through the agency of unprincipled white men. We have had for a short time a white appointment, handed over from the Fenella Mission, where I preach once a fortnight in the afternoon. There is not much prospect, at present, of its becoming of much value. Some of the old members who once belonged to it are dead, others moved away until there was not one left, and the place was left without preaching for

some time, until Brother Dowler took it up again. The congregation is increasing a little, and perhaps after a while a cause may be raised again. Our Sabbath-school is well attended, and the day-school has been opened for the last nine months without interruption. Present membership: Whites, 13; Indians, 39; total, 52. Our missionary subscriptions are considerably in excess of last year.

R. BROOKING.

HIAWATHA.

On this Mission, during the year, we have been pursuing the even tenor of our way. Our Christmas festival was a grand success. The children of our Sabbath and day-schools were delighted with their presents and much encouraged. Our cottage meetings were seasons of good, and we were much revived. The old and consistent Indians of this band will soon all be gone, while the younger are indisposed to place themselves under the control of Church discipline; still, they respect the ordinances of religion, and attend the worship of God both on Sabbath and week-day, but they are easily ensnared and fall frequently into vice. Death is still making inroads among them; hence our numbers are being diminished. Members, 37.

W. ANDREWS.

ST. CLAIR.

This Mission is progressing. God has blessed the work. Souls have been converted. Congregations good. The Sabbath-school is prosperous, but the day-school is not doing so well. The Indians are very kind to your Missionary. My interpreter, Mr. W. Wawanosh, is well qualified for the position he occupies. Chief John Sumner is one of our local preachers, and does all he can to promote the interest of the Mission. The Indian Council very kindly gave over \$100 worth of furniture. Members, 140; on trial, 20. Nine have died happy in the Lord during the year. F. G. WEAVER.

KETTLE POINT.

We have had charge of the Kettle and Stony Points Indian reserves since last Conference. We have realized God's presence among us in the religious services. We report 6 on trial and 34 in full membership. G. A. SCHRAM.

WALPOLE ISLAND.

In reporting this Mission for another year, I can say that we are steadily advancing. Our Indians have improved their Church. The cost is about \$275; stoves and pipes, \$30; organ, \$175. Total, \$480. They have paid about \$200, leaving a debt of \$280. I have

[1877-78.

baptized the past winter eight adults, one of whom, I suppose, was between sixty and seventy years old. She lived with her son, who is wasting away with that disease so prevalent among our Indians-the consumption. He had made a profession of Christianity for some four or five years. She, seeing his peace of mind, his hope, his joy in his expectation of removal, resolved to be a Christian. I appointed a meeting for their bark-house, for such it was when I baptized her and administered the Sacrament to her and her dying son. We had a good time. All present, I think, felt it to be such to them. There has been quite a number of pagans coming of late to our meeting. May the Holy Spirit enlighten their minds and save their souls. Our congregation is much larger than it was when we came here, and much more regular. Our day-school is very much improved. The attendance is much larger than what it has been in the past. This spring the average has been about 45; for the year, 35. Our Sabbathschool is also doing a good work. But, to be efficient, your Missionary ought to be in it, having his Bible Class, showing that it was something more than the day-school. It is true that your teacher works hard and does all that he can do to make it interesting. For this he is deserving of very great credit. But your Missionary should be with him in the Sabbath-school : of this I was fully convinced at the end of the first year, and endeavoured to have the incubus removed from the Mission, but failed. I therefore hope that the White work will be taken away this year. Members, 135. THOMAS HANNA.

SAUGEEN.

The spiritual state of this Mission is improving, and more encouraging than it has been for some years. The public services are well attended and the Indians are usually very devout, and appear to highly appreciate the means of grace. Some of them are exceedingly punctual in attending the class-meeting. One of our leaders resides at least five miles from the church he attends, yet, if at home and well, he will not be absent once during the whole year, and frequently remains for prayer-meeting on Sunday evenings and then returns home. Special services have been held, and a few professed to receive good. The day and Sabbath-schools are kept with as much regularity as possible during the year. Since I have several times prosecuted white men for furnishing the Indians with whisky, there has been very little drunkenness in this band, and it is quite evident to the whites adjacent that there has been a marked improvement among them. The funds are slightly in advance of last year. Membership: on trial, 6; members, 82; total, 88. Increase, 8.

have seen and felt the manifestation of the goodness of God in the conversion of sinners. We have built a fence around the church and planted shade trees, etc. We also built a picket fence in front of our parsonage, and have planted shade and other trees to beautify its appearance. We have a good Temperance Society of 70 members, in consequence of which intemperance is being done away with. Members, 114.

BACHEWANA, &c.

No class of Indians are more to be pitied, or can have stronger claims upon the sympathies and benevolence of the Church of Christ than those who wander over the wilds, rivers, and lakes, from the shores of Lake Superior northward. They literally have no homes they often suffer great hardships for the want of suitable clothing, food, and protection, and many of them can truly say, "No man careth for our souls." The last two years the Committee have made a grant to cover expenses incurred in holding a series of religious services under the direction of the Rev. Thomas Williams, of Garden River, for the benefit of the Indians who annually assemble at the Hon. Hudson Bay Company's Post at Michipicoton. Bro. Williams speaks in very grateful terms of the assistance and courtesy shewn him and his party by the Company's officers stationed there. From a lengthy report of the visit in July, 1877, we quote as follows :—

JULY 28th.—Sunday rose upon us with the promise of a beautiful day, but for the flies, which were in force, it would have been delightful. The Indians were soon engaged in an early prayer-meeting. Some few more had come, filling better the circle of our ground. Among ourselves, it was arranged that each of us would preach once a day. I held an English service in the afternoon, for the benefit of the English-speaking people-quite a number being here-among others, Mr. Law, of the Law Building Company of Meaford, and his menthen building a large mansion as a residence for the Hudson Bay Company's chief trader for Michipicoton District. Quite a number of Indians, not considered as our people, and some French mixedbloods were on the ground and attentive to the services to-day, and remained till evening. Both the Indian preachers had preached themselves hoarse, still the prayer-meeting went on far into the night; and all, even the larger children, entered into the spirit of the meeting. When it was near midnight, there was no abatement of the interest. It was with difficulty that I made them feel that they needed some rest. Yet, when I urged, they were obedient. It was past midnight when praise and prayer ceased in the different tents.

I had noticed a dejected, dispirited expression on the faces of many of the older and middle-aged people, different from the glad

aspect of last year, and that they were not so well clothed. It seemed that some trouble was pressing on them. On Monday, 30th, at the morning prayer-meeting, I told them what I had observed. I wished them to get together that forenoon in council, and if they had anything they wished to tell me, I would hear it and give them the best advice I could. They held such a meeting in one of the tents, and after some time came together for the conversation with me and their friends who were present.

The substance of what they said was as follows :—"We are much poorer than ever we were before. In times past, up to last year, the Company's traders would supply us with provisions while out in the summer, and then give us an outfit when we went back inland. This year they would not do so, but sent us back to our hunting-grounds at once, away from the shores of the Great Lake, to get our living as best we could; saying they could not give us supplies as before. It is very hard for us to live inland in the summer. We still think we might have homes and gardens if we had any one to guide us. We would like to hear what you have to say to us."

I told them, as I could not recommend them to make the effort on the Reserve, I would go that afternoon a short way up the river and take a look at the land in that direction, and to morrow I would tell them what I thought. This was agreed upon, and leaving Sky in charge of the meeting, a party of us went on this exploration. I had not proceeded far beyond the limit of the land claimed by the Hudson Bay Company, when I became satisfied that here was a situation and soil very suitable for such an effort. I was also desired by the Chief, To-to-me-uay, to look at another spot, on which he and his son To-jeise had made an effort towards settlement, building, each of them, a small house. I did this and found a sort of a valley—not large, with a good growth of timber on it, and nearer the inexhaustible supply of fish afforded by the Great Lake—but beneath the vegetable surface a soil of white sand, which would wear out after a few crops. I preferred the other location chosen.

I had instructed Bro. Clark to gather as many of the youth as were disposed to learn, and give them as he could, some instruction, and I furnished him with a few books for this purpose. I found that he had attended to it, and some of the youths and younger people were acquiring such a knowlege of the sounds of the letters, that they were beginning to apply it in reading the hymns in their own language. I could not find that any attempt had been made before this time to teach this people the knowledge of letters. While we were waiting for the steamer to come for us, our meetings were maintained every evening with unflagging interest. I did not take any measure to ascertain what might be a possible membership. In the absence of the possibility of keeping up Church organization, it did not seem to me called for. Those who call themselves our people are, I think, over 100. I a me. I am anxious about the poor people. Their condition oppresses me. Their case seems truly pitiable. As early as August, with the outfit which the Company provides them, they begin to move into the far interior—break up into small hunting parties and families. They see very little of each other until the next spring opens. Then they come out to the principal trading posts on the shores of the Great Lake. In years past they remained through the spring and summer months, getting supplies from the Company. That policy is now changed. After getting their furs and peltries, they are urged back to their hunting-grounds, to come again only for their winter outfit. This course, if continued, must deprive them of all opportunities for social, moral, or religious improvement. Missionaries cannot follow them in their wide dispersions into families far apart in the wilderness.

MOUNT ELGIN INDUSTRIAL INSTITUTION.

My report of this Institution last year was tinged with sadness, but this year, thanks be to God, all is bright and gladness. The year now closing has been one of very gratifying prosperity. Our crops were good, and the products of the farm have been equal to all the requirements of the Institution, and have added considerably to its funds. By untiring diligence we have succeeded in bringing the farm into a state of very greatly improved culture and productiveness, and, with God's blessing, we intend to make it what it was intended to be—" A Model Farm." The school has been in a very gratifying state of efficiency and success during the year. The moral character of the scholars has very much improved, and a goodly number have manifested pleasing evidence of true devotion to God. Twenty-one are members of the Church, and we frequently have from twenty to twenty-five scholars, and ten whites, at class. The shops are also doing well and in a state of creditable prosperity. One of our most important buildings remains to be renewed, when that is done we shall only have our regular work to pursue, when, I trust, we shall enjoy abundant prosperity for many years to come, and the Institution be a great blessing to the Indian bands of our country.

THOMAS COSFORD, Governor.

OUR MISSIONS AMONG THE INDIANS IN THE PROVINCE OF QUEBEC.

OUR work among the Indians of this Province has opened up most encouragingly before us during the year. To our older portions of this field, such as Oka, Caughnawaga, St. Regis, and Cornwall Island, we have had an interesting addition in a band of Indians numbering about one hundred and fifty, at a place called the *Rouge*, in the Township of Arundel, and about one hundred and fifty miles north-west from Oka. This place was visited early in the year by one

[1877-78.

of our young Indians, who accompanied an agent from the Montreal Bible Society intent upon circulating the Scriptures among them. Our Indian, who is a most devoted and talented young man, addressed the Rouge Indians on the subject of experimental and Bible religion in a most effective manner. Tears not only ran down his own cheeks, but also on most of those who heard him. The place was subsequently visited by Joseph (the Chief), and nearly the whole band—if not the whole—have renounced Romanism and placed themselves under our spiritual care. They now ask for a teacher that their children may receive an education that may enable them, at least, to read the Word of God. At Caughnawaga, St. Regis, and especially at Cornwall Island, despite the determined opposition of the priests, our influence is gaining most encouragingly. Several conversions have taken place and quite a number of families have declared themselves on our side, that by us they may be instructed in the Gospel of the Saviour.

Oka still stands as a monument of the mercy of the Lord ; as a mark for the enemy to shoot their bitterest arrows against; and as a light of Gospel truth to many around, and far beyond, them. Bonds and imprisonments still await them by the priests of Rome, but aid and abounding consolations are their inheritance from the Lord. When their Great Master shall say to their raging foes, as once He said to the raging waters, "Peace, be still," we cannot say; but that He will do so eventually, we doubt not, for He has said that "The rod of the wicked shall not rest in the lot of the righteous;" and He is not a man that He should lie; nor the Son of Man that He should repent. The day and Sabbath-schools at Oka, as well as the day-school more recently commenced at Cornwall Island, are doing well, and rendering important aid to the cause of the Saviour. As a fact most pleasing to refer to, both these schools are now taught by Indian youths,-a young man at Oka and a young woman at the Island,-whom we trained and educated, both at the school at Oka, and the young man, subsequently, at a superior grammar school, and by our excellent friend and teacher, Mr. Masten, at Lacolle.

LAKE OF THE TWO MOUNTAINS (OKA.)

The spiritual condition of the Church at Oka is very encouraging. The tone of piety in all our religious gatherings is deep and earnest. The Sabbath services are well attended, and our prayer-meetings are seasons of especial profit and sacred delight. The Sabbath-school has on its roll 40 names, and the average attendance is 30. interesting adult class, which the Missionary conducts every Sabbath afternoon. We have received 20 persons into the Church, truly converted to God, notwithstanding the fierce and continued persecutions of the priests of Rome. From many signs, the most convincing and satisfactory, we may say that the Lord is among this people of a deed and truth, and thus making the wrath of man to praise Him. We have lost five by death during the year. They all died happy in the Lord,—and our present membership is 276; being 15 of an increase. A. PARENT.

CAUGHNAWAGA AND ST. REGIS MISSIONS.

With the help of God I commence the report of my Mission as follows:—During the year I have visited St. Regis, Cornwall Island, and Caughnawaga. Its is with great gratitude and pleasure that I am permitted to write of the progress of the Gospel among those Indians. In Cornwall Island there have been three conversions, and five families on the point of leaving the Church of Rome. Sixteen other families listen with much interest to the reading of the New Testament and the presentation of Christ crucified. There is here an English school, taught by Charlotte Karonhianoros, of Oka, where about thirty Indian children, of both sexes, are learning the elements of knowledge.

In Caughnawaga, I am bold to say that, notwithstanding all obstacles, even the prohibition of the priest, I have, nevertheless, more facility than ever in speaking to the people in their own tongue, and never in Latin, as the priest does, and in reading and explaining or interpreting the Gospel of Jesus Christ. The number of families that manifest interest in hearing me speak of the things of God are twentyfour. However, there has not yet been any open renunciation here of the Church of Rome.

I have also visited another Indian Post on the Red River (the Rouge), in the Township of Arundel, at a distance of one hundred and twenty miles north-west of Oka. During my sojourn among them, having shown them as well as possible the errors of Rome, and explained to them the preciousness of the gift of God in his Son, Jesus Christ, who died upon the cross for us, the chiefs of families, to the number of fifty souls, solemnly declared their intention to leave that Church, with all its pomp and show.

I cannot forbear mentioning, among the other events of the year, my imprisonment in the common prison of St. Scholastique : during all that time I followed the example which St. Paul has given us in writing, namely, "to pray with, and exhort my companions in exile to persevere in the good way." I also had the happiness to see six of my fellow prisoners converted to God. (All the others were converted Christians long before their imprisonment, so that the conversion of the remaining six completed the Christianization of the whole bandfourteen, who were incarcerated on the foul and trumped-up charge of burning the Papal Church at Oka.-J. B.)

But the last and greatest event which I can mention here, is the visitation of my God, in my house, and of which I was witness. As a token of His infinite love towards His children, He took and carried away into His celestial abode two of my dearest children, and in return He has given and left me His most abundant benedictions. Amen. JOSEPH ONESAKENRAT, Chief.

Tokio...... George Cochran, Chairman ; Tsuneyasu Hiraiwa, Hiroku Sugiyama, Japanese ministers. Shidzuoka Davidson McDonald, M.D.; Yemu Yamanaka, Japanese minister. Numadzu ., George M. Meacham, M.A; Toshimi Hossoi, Japanese minister, to alternate with Mr. Sugiyama every three months, under Superintendent of Tokio. Kofu Charles S. Eby, B.A. ; Asagawa Koko, Japanese minister.

THIS Mission continues to be favoured with such tokens of the Divine blessing which excite our gratitude, and tend to increase the confidence of many who have subscribed largely to its maintenance. The brethren to whom have been solemnly committed the responsible and honourable task of laying the foundation of our Zion amongst those interesting people have proved themselves faithful, zealous, and successful ministers of the word of life, and God has accompanied the elevation of the cross with the "drawing" influences that the Saviour himself declared should ever attend His being "lifted up" as the only hope and refuge for perishing sinners. In addition to the membership constituting Christian churches at Tokio, Shidzuoka, and Numadzu, the Head of the Church is raising up a native ministry, men who have gifts as well as graces to publish to the millions around them, "in their own tongue, the wonderful works of God." Five candidates for the ministry have already been received on trial, and others are being trained, according to our disciplinary usages, for the same holy work. A visit from Mr. Eby to Nambu, during the year, awakened such a lively interest in favour of the Gospel, that it has resulted in his taking up his residence at Kofu, the capital of the Province, by their

own earnest entreaty, where he has cheering openings, among thousands of these benighted people, of sowing "the seed of the word" with every certainty of an abundant harvest: for, where there is a good soil for this to fall into, heavenly influences coming down upon the people as rain upon mown grass,

> "Watered by *His* Almighty hand, The seed shall surely grow."

We are glad to say that the sisterhood of the Mission families are diligent Christian workers, and are exercising a good influence upon Japanese women and youth, to whom, in their different localities, they have access.

SHIDZUOKA.

Since sending my annual report in April last, a measure of prosperity has attended the work in this field. During the year thirty-four have been baptized, making a total of one hundred and twenty who have been admitted to baptism. Thirty-five of these have removed, and two have been dropped, leaving eighty-three in Shidzuoka. Six of these, however, are infant children of parents who are members of the Church.

Until recently the services were all held in our house. Efforts were made, on several occasions, to rent a preaching-place in the midst of the city, but on each occasion an opposition arose to which it was deemed wise to yield. During the past year, however, the way opened, and a suitable building was secured in the month of January. Services are now regularly held in that place, and a Sabbath-school has been organized, having an average attendance of thirty-five.

In connection with our church in Shidzuoka, there are some earnest Christian workers—men who really desire the prosperity of Zion. Some, also, have been called to preach the Gospel who have greatly aided me in my work. Of these, I may mention Mr. Tszuki, an efficient local preacher, and Mr. Yamanaka, who is a candidate for the ministry, and who, under the chairman, will have charge of the church in Shidzuoka the coming year. He has both natural and acquired abilities of a fine order, and has been instrumental in the conversion of souls. Thus, in connection with the churches in Japan, God is raising up a native ministry for the promulgation of His truth.

During the four years of our residence, we have received much kindness from the people, and have often been reminded of the Scripture to the effect that God "hath made of one blood all nations of men for to dwell on all the face of the earth."

Living amongst the people, one sees their great need of the Gospel of the Son of God. The religions of Japan utterly fail in

giving religious hope and comfort. Buddhism, though it is an elaborate system, is powerless in controlling the consciences and the lives of men, but, by the spreading light of the Gospel, it shall be set aside, its idols abolished, and the people, now in darkness and superstition, shall be saved. Truly, the ancient prophecies shall be fulfilled, and the kingdoms of this world shall become the kingdoms of our God and his Christ. D. McDONALD.

NUMADZU.

At the close of eighteen months residence in this far-off mission post, I have pleasure in submitting my report, which I will endeavour to compress as much as possible. We have on the Numadzu Circuit two appointments, Numadzu, in the Province of Suruga, and Nilta, a little village in Idzu, about six miles distant. From the beginning till now, we have received into the church, by baptism, thirty persons, seven of whom have removed. Our class-meetings are pretty well attended. The Sabbath-school is one of surpassing interest. A class of adults, men and women, both, is conducted by Mr. Suyeyoshi, one of the teachers in the Academy, and another, of children and blind men, by Principal Yebara. Both of those gentlemen, members of the Church not yet fifteen months, preach the Gospel acceptably. Last Sabbath, they both accompanied me to Nilta, where they rendered excellent service. Our evening congregations in Numadzu are very large, and a feeling more and more friendly towards Christianity is evidently growing. It would be unfair to suppose that the conversion of thirty persons measures the amount of good done since our coming. Take one instance. A well-to-do farmer baptized last Christmas, told us in class-meeting some time afterwards that, he felt pressed in spirit to work for Christ; and upon inquiry, we found that since becoming a Christian he had gathered into his house every evening his poor neighbours to instruct them in secular learning and Christian doctrine. This he has followed up ever since, and his meetings of from eighteen to forty persons, often last till after midnight. One at least has been led to Christ by his teachings, and others are enquiring the way. Within the last month, there has been formed in our town, by the Yokohama minister, of whom I have already written, a little church of ten or twelve members, who have learned what they know of Christianity almost exclusively from us. Besides, we know of many now as thoroughly convinced of the divinity of Christianity as we are, whom the influence of friends, the fear of man, habits which Christianity cannot tolerate, or the Sabbath question prevent becoming Christians.

Upon our removal from Numadzu in July next, the church which has met in our house will have to find a new place of worship. Mr. Yebara offers to raise \$100 towards building a chapel. If \$150 besides were put in our hands, we could accept this very generous offer, and put up a church which would serve all practical purposes for some years to come. GEORGE M. MEACHAM.

GERMAN MISSIONS.

Hamilton	Stephen Kappele.
Preston and Paris	Supplied from Hamilton.
Renfrew and Thorne	Henry Kropp.
Eganville	Carl Allum.
Raglan	One wanted.

As a distinctive branch of the Church's work there is no extension of territory in this department, though the labours of the brethren are much appreciated amongst those who do not understand the English language : this is especially the case in Renfrew, Thorne, and Rankin. There are six principal appointments supplied by three Missionaries ; all of whom report success in reaping, as well as exhibit zealous diligence in sowing. Though it may weaken the German element of the Churches—yet we rather rejoice in the fact stated by Mr. Kappele, when he says :—"We are constantly weakened by the "gradual joining in with the English Methodist Church on the part " of our young people."

HAMILTON.

The year's labour on this Mission has not been in vain. Although our peculiar circumstances hardly gave us hope for great prosperity, yet the social means of grace, together with the preaching of the Word, have been a blessing to our people. Especially were the means fruitful in preparing several dear souls for the Kingdom of Glory. One who had backslidden was reclaimed and died in the saving faith of Christ. Several found peace with God, and others have expressed a desire to seek the Lord. Never do we find it more beneficial to talk to our people in their own language than when visiting them in the sick chamber, and when administering to the dying the last comfort of the Gospel. Hamilton is the most hopeful of our appointments. S. KAPPELE.

PRESTON AND PARIS.

In presenting this year's report your Missionary would record his gratitude to God for His favour and blessing, while he, at the same time, regrets that the apparent increase has not been greater. This Mission was formerly supplied by two Missionaries, but this year had to be worked by one. As a result, the field of labour had to be contracted, and the amount of work given to each appointment had to be limited. The appointments are Paris, Preston, and Roseville

xxxiii

2

At Paris nearly all the Germans belong to us; so that there is no room there for growth, excepting in the spiritual condition of those under our care, in which a good deal remains to be done.

In Roseville the German cause has developed into a large English congregation, making it necessary to allow the English language to supersede the German in the public service. There is here every prospect of a very successful English appointment. We have a class of some 15 members, German and English, and our Class-meetings are of the true old-fashioned Methodist stamp.

In Preston we have been blessed this winter with a most gracious revival, such as that place never saw before. The services were conducted in English, but our Germans heartily united, and God heard and abundantly answered earnest prayers sent up from German and English-speaking followers of Jesus, and very many were the saved of the Lord; so that the feeble few became a multitude. Nearly all the converts joined the English branch of our cause, even those of German tongue, but some cast in their lot with us, giving us now a membership of 23 in Preston.

Our Mission has been a blessed leaven in Preston, the results of which are now being seen, and although the young people will eventually prefer the English to the German service, yet there is a work to be done here by a faithful presentation of the truth in the language of the Fatherland. Financially, this has been a very difficult year. Our people are poor, and want of work has made them poorer, so that our collections are this year less than last. We have received 10 new members, but removals prevent our reporting an increase.

• S. KAPPELE.

RENFREW.

There are seven appointments on this Mission, which have been filled once in three weeks; they are widely separated from each other, being upwards of one hundred miles from one extreme to the other. Some of these appointments are near English ones, and they may be united with them and thus save Missionary money, especially as many understand and speak English. Fourteen were received on trial, and the total membership is 93. H. KROPP.

EGANVILLE.

We have endured another year of hardships, we trust, like a good soldier, patiently surmounting obstacles before which other men have fled. The entire year has been one special effort to arouse our people from the state of lukewarmness into which they have fallen, they having been for several years in part neglected by the reduction of our Missionary force. Greatly do we rejoice because our labour has been blessed to this end, and in having persuaded some fifteen others that in serving God there is great reward. this the most fruitful toil. Our people are, with few exceptions, strongly attached to our Church, and are therefore much disheartened because of rumours abroad that they were about to be given up; and to restore their waning confidence is not so easy a task, and has damaged certain enterprises. In Brudenell two acres of forest have been cleared and the walls of a contemplated church erected. Similar efforts will be made at other appointments if services are continued. CHAIRMAN'S REPORT ON THE FRENCH WORK.

MANY reasons for renewed devotion in the work of French evangelization have been given in the course of the past year. A widening and inviting enlarged effort has been very manifest in the growing spirit of enquiry presenting itself in every direction, and in the greater readiness to listen to the reading and exposition of the Word of God, and even to join the Missionary in the divine service of prayer. And yet, perhaps, in no year since Protestantism has come into a more full and persistent conflict with the errors of Rome, have the abettors of that false system manifested a greater zeal and a more reckless determination to evade and, in some instances, to even seriously injure their opponents. This state of things can only be cured by a fierce conflict of parties,—for which things appear to be ripening fast,—or,

by the converting and renewing power of the Spirit and Word of God. That the latter is the more desirable method, all right-minded persons will admit, but, if so, then the means now employed for such a work must be greatly increased and strengthened; the limits to which should be our utmost ability, and that as a most prayerful solicitude would readily acknowledge and submit to. The Lord is raising us up agents ready for any place or work we may have for them, which, with doors, great and effectual, opening around us, and the exciting and antagonistic influences working in our midst and around us, are surely calls to duty and action which no servant of Christ should for a moment disnegard.

MONTREAL.

This important Mission field has been this year the theatre of much anxiety and toil, of some defeats and disappointments, but, thanks be to our Heavenly Father, also of great encouragements.

Our congregations have continued to increase steadily in numbers and interest at each of our six appointments. They are becoming more uniform and better organized, especially our central congregation at the chapel. The Sunday-school held here every Sabbath morning numbers about fifty, but is not as thoroughly organized as we would desire. We have, however, the material for a strong organization at no distant day. We have fifty volumes in the library.

The "Fraternité d'Espérance," or Temperance Band of Hope, numbers about one hundred, and has already accomplished much good among the young people. It is a means of social intercourse, of culture in music, reading, declamation, debate, etc. It being the only organization of the kind for the French population of the city, it is destined, we believe, to exert a far-reaching and salutary influence in the community. Rev. G. Aubin has devoted to it much of his time and energy.

Our day-school, kept by Mrs. Frey, has thirty pupils on its roll, and is doing much good. Here are schooled the children of our newlyconverted families. A few children have been attracted from Roman Catholic families, with prospects of attracting more. As these enterprises are all in embryo, the care which their details impose upon your Missionaries is no inconsiderable part of their duty.

We are experimenting in the efficiency of cottage meetings, and very much to our liking. Many people can be reached by them who cannot be reached by more public gatherings. And then the families where they are held are generally visited with the blessing which came upon the house of Obed-Edom.

We hold on an average twelve public services per week. However, we clearly see that their efficiency depends largely upon systematic pastoral visitation and general tract distribution. These departments are not forgotten. We have also tested the benefit of adver-

Our statistical report shows an increase in membership of 34, after a loss by removals of 11, leaving a present force of 75. Baptisms, 27; marriages, 4; and burials, 2.

The project of building a church and school at this important centre has been greatly encouraged by our friends, especially in the Province of Ontario. This has wonderfully stimulated our young society.

Comprehension of the importance, and confidence in the feasibility of our work, seem to be springing up in the hearts of our English brethren. This is no small factor in the elements of our success. But we are made aware that the more thoroughly and rapidly we proceed the more terribly our foes are maddened against us. False and monstrous representations of ourselves and our work are made in the Romish pulpits and by the press. The minions of blind zeal and superstition glory and fatten in insulting us on the streets, and sometimes in attacking our places of worship. I suppose we might say in truth, "Our life is in jeopardy every hour." Nothing but primitive, Christian heroism can sustain us in the work. What Paul said of ancient Ephesus we can say of modern Montreal : "A great door and effectual is opened unto us, and there are many adversaries."

HULL.

As a field for Missionary labour, Hull has many claims for attention. It is not only close to the capital of the Dominion, but is a large manufacturing place in which are employed great numbers of French Canadian Romanists. This being but the first year in which our Mission to the French has been in operation here, we cannot report as favourably as we could wish, nor as perhaps facts would warrant us We have, however, organized a society of twenty members; in doing. while our congregations are steadily increasing. By means of out door services, which we held last summer and fall, quite a number were brought under the sound of the gospel of the Lord Jesus Christ, at least, on whom we may believe impressions more or less lasting were made. Our movements have excited the ire of the priests and their dupes-a common occurrence-and efforts to intimidate both speakers and hearers were brought into requisition. But by the grace of God we were lifted above these oppositions, and pursued our course of duty unappalled by the enemy. We have strong hope that ere long the truth will greatly prevail in these parts. The English-speaking friends of this place have given us a generous and welcome encouragement, having subscribed \$89 towards furnishing our parsonage. We greatly

need a church here, or at least a suitable place to hold our services in ; and we trust the good providence of the Lord will help us in this particular. JOHN SYVRET.

SHERBROOKE AND COMPTON.

After four years spent in this field, where no one has laboured before us, being the pioneer Missionary in this as in many other parts in Eastern Canada, we can look back over the results, and rejoice in the seal by which God has so evidently owned our humble but wellmeant efforts. There are on this Mission thirty-five families who declare themselves Protestants-a number of whom are savingly converted to God as well as changed from the errors of Rome to the truths of the Gospel of Christ; and now acknowledge the Word of God, and that only, as their rule of faith and practice. We have five preaching appointments, with congregations varying from ten to thirty persons. We have a building which combines in its arrangement a parsonage, a church, and a school-house. This property has cost nearly \$3,000, about \$1,300 of which yet remain to be provided for. This debt is a great evil, as it is a great burden, and threatens yet greater evil if not soon removed. With this as a serious drawback to success in our labours, we have also the constant stream of emigration to the States of the French of Eastern Canada ; hence, five families out of six which during the year had come under our influence, have recently passed from us in this way. We cannot but deeply regret that, owing to the financial embarrassments, of the Society, we cannot have the aid so necessary for carrying out educational operations here, such as were contemplated when our buildings were commenced. This, together with the debt, which is mainly borne by the Missionary, is a most serious discouragement and hindrance to our prosperity. May the Lord send us help, and that speedily. THOMAS CHARBONNEL.

KINGSEY SIDING.

I thank God for His blessing upon my feeble efforts to advance His kingdom on this Mission during the past year. I have three appointments which I regularly attend. The average number of persons attending them is from fifty to eighty. The congregations are mixed of English and French speaking persons. Our work is steadily progressing, and I look for a revival soon, for there is a very general spirit of enquiry by the French Romanists throughout the place. A few weeks ago, I gave a Bible to an Irish Roman Catholic family, and a few days after, passing that way, the man stopped me to ask explanations on several passages of scripture. Still thirsting for information on scriptural subjects, he called at my house the week after, to resume his application for explanations. The result of all this is, he has left the Church of Rome to follow the teachings of the Word of God. At the time of this change in his spirit and conduct, he was living1877 - 78

together with his wife—in the same house with his father and mother: but no sooner had he quitted their Church than he was forced by his parents to leave the house and place, so intensely did they persecute him. I have made it my habit to visit very particularly the families in the neighbourhood of my appointments, and am generally very well received. Some of them appear very desirous of knowing much about the pure religion of God. During the year 8 removed from the bounds of my Mission—yet I have an increase of 2 during the year. Membership, 20. I have baptized 7. ANTOINE GEOFFROY.

ROXTON FALLS.

This Mission has not, during the year, shown those results of our labour we could have wished. The want of suitable places for our worship has in several instances been a great drawback. At South Roxton the school-house is much too small, while at Acton we have no place other than a private house in which we can meet for worship. Efforts, however, are being made to erect a church at South Roxton, and to refix the one at Roxton Pond, which, when completed, will very much relieve our present need. Yet, notwithstanding these hindrances, we have had good congregations during the year, and therefore think we are on the eve of a good revival. We hold this hope because, while the congregations manifest great seriousness of spirit, there are manifest awakenings in several parts of the Mission. We have had 6 removals, yet, having had 5 additions, our decrease is but 1. The membership now is 69. E. L. DEGRUCHY.

WATERLOO AND CANAAN.

The efforts employed for the spiritual and financial improvement of this Mission during the year have not been in vain. We have improved and fitted up the buildings acquired since my last report at a cost of about \$500. Our Mission-school opened last November with six scholars has now sixteen in regular attendance. The priest's influence is strongly employed against it, yet we hope to prevail and succeed in our project notwithstanding. Our school in Canaan is pursuing its way amid similar discouragements and opposition. Next week it is to commence another term of teaching, with a prospect of an increase in the number of children attending. We have recently taken up a new preaching appointment in East Bolton, with very encouraging prospects of success. We have a large field of Missionary labour and trust that by the blessing of God we shall reap a bounteous harvest ere long. Appearances are encouraging. We have free access to 45 families, numbering about 200 persons. We have lost three families, who moved away to the United States. Our membership JOSEPH A. DORION. is 67.

VICTORIA.

PERHAPS, all things considered, no part of Methodism in the Dominion of Canada has prospered more during the past ten years than here in Victoria. The church edifice has been greatly enlarged ; the membership quadrupled in the face of a constant exodus; and her missionary spirit is felt along the entire coast. Herein God has caused His grace and mercy to abound, giving us blessing still in all our borders. The present state of this church is hearty, harmonious, progressive, and all the services are well attended. Fifty-one persons have been received during the year, and our small net increase of eight is owing to removals. Financial depression in the city has stood in the way of the Mission funds, but the collectors hope, by diligence, to go beyond the noble sum of last year, \$645; besides \$373 for Naas for the last nine months, not forgetting \$40 for St. John, N.B., and \$40 more for the re-roofing of the Mission church at Fort Simpson. The Sabbath-school is thriving, and reports an average attendance of 107, the highest since organized, and donates as a Christmas offering \$122 to the Mission fund. Church debts have been considerably reduced, and \$1,000 secured for a large pipe-organ, which is expected to be placed in the church this fall.

Contemplated changes of ministers remind us of the speed of life, impressing probation; of church ties among a dear and sympathizing people; of our needed reliance on Him who "shall choose our inheritance for us," and that our itinerancy, so pronounced in nature, as well as attested in history, is not without its claims and utility for British Columbia. ings have resulted therefrom. During the year we organized a prayer meeting on Salt Spring Island, which is very well attended. The attendance at public worship has been cheering, as also the interest with which the Word has been listened to. We have a large decrease in our circuit income, owing to the depression of business among the farmers. We think it will be a long time before this Mission will be self-sustaining. The majority of our people are very poor, and perhaps do their best towards the support of the Missionary among them. Members, 21. JOHN J. MARTIN.

NANAIMO.

We submit our third annual report from this Mission with thankfulness that although the unsettled state of trade in the district has materially interfered with our congregations and collections, yet we are not behind, but a trifle in advance of former years. The adoption of the "envelope" system of giving, in our congregation, would have shown larger results had times been more prosperous; but as it is, our friends unanimously vote it a success. The trust estate has been improved, and during our stay nearly \$1,000 has been raised for various purposes connected therewith. Its present debt is about \$175. The Sabbath-school has maintained its interests and held its own against adverse circumstances. Its library has been greatly improved, which, together with other local wants, amounted to \$73. This sum was raised by the children during the year. Our Missionary contribution has much exceeded last year.

We have regular Sabbath services as reported last year, and your Missionary leads two classes and two weekly prayer-meetings besides. In these we have often received help from on high, and can joyfully record our gratitude and praise for the Divine mercies. Members, 36; on trial, 4; total, 40. CORNELIUS BRYANT.

NEW WESTMINSTER.

In reviewing our labours on this Mission at the close of another year, we feel that we have much cause for humiliation and gratitude. I came to this station three years ago in a very poor state of health, hoping that a change of climate and an easier field of labour would assist me to recuperate, but my health has gradually declined, so that I am necessitated to take rest at least for a short time.

We report 48 members. The return in the Minutes of 1877 gives 51, but this includes Maple Ridge and Langley, which will be reported separately this year. By making these places a distinct Mission, we lost 10 members, hence we have a small increase on this Mission.

The Sabbath-school is well attended; we have a staff of good teachers and officers; a large number of young people take a deep interest in the Bible-class.

Annual Report.

We have a small Indian congregation in the summer. They generally return home for a short tine in the winter. There have been a few clear cases of conversion among them. They unite with us in all the church services.

The ladies of the Church have been organized into a society to work for the reduction of the debt on the Mission premises. They intend to have a bazaar in the fall. Until the debt is lessened, it seems to be impracticable for the society to increase their contributions for the support of the minister.

Our connexional funds are in advance of last year. Mission Fund \$180; Superannuated Ministers', \$32 10; and Educational, \$8.

The prospects of this Mission are in some respects more hopeful. The dyking of the valley of the Fraser, and the new industry of canning salmon will increase the population of this part of the country, and the churches will probably be benefitted thereby. WM. POLLARD.

MAPLE RIDGE.

This new field is made up of part of what formerly belonged to New Westminster Mission and of a portion of territory hitherto unoccupied. This is a thriving district, the population at present being not fewer than 350, and is constantly increasing. We have four appointments,—Maple Ridge, where we have a good church, Fort Langley, Langley Prairie, and Mud Bay : at each of these appointments we have a good congregation. The people are generally poor, and consequently are not able to do much in support of the Missionary. As they improve in temporal matters, they will doubtless contribute more liberally to all church funds. A class of seven persons has been formed during the year at Mud Bay, one of whom belonged formerly to the New Westminster Circuit, two were received by letter, and four on trial. We have lost one member by death. We have 14 members and 4 on trial; total, 18. T. H. GILBERT.

BURRARD INLET.

The growing importance of this Mission manifests itself with every succeeding year. Its trade and commerce show an upward tendency. Never in its history has there been so many ships for cargoes of lumber as during the past year. Domestic life, with all its blessings, is becoming more and more general, marriages and baptisms more frequent, and two beautifully-worked common schools, (thanks to our provincial school system) are well attended, and their fruits already rapidly appear. My congregations at all preaching-places are much improved, sometimes crowded. The mill-owners, officials, and ship captains take deep interest in our religious services, and, as a rule, are always present. We have four preaching-places, namely, two churches, one in a literary institute, and one in a school-house, and a prayermeeting held on the Wednesday of each week. 1078-7

SUMAS.

In presenting our annual report, we feel deeply grateful for the mercies which a review of the past year recalls. Our annual campmeeting was a season of unusual interest and power. Several souls found peace and joined our Church. Two weeks after its close we had the privilege of joining our American brethren of the M. E. Church in a camp-meeting south of the line 49, about 50 miles from Sumas, which we reached by travelling on horseback through a vast tract of forest which still intervenes between the settlements on the Fraser in B. C., and those on the Woolsack River, in Washington Territory. The meeting lasted four days. Many souls were converted and added to the Church. Again, in September, our American friends joined us in another camp-meeting near the U.S. boundary, but in our own territory, which proved about equally a blessing to both Churches.

During the month of January we held a few weeks of special services of more general interest than any that has been held on the Mission since I came here, and probably for years before. Several persons were converted, and a few of our people were enabled to enter the rest of perfect love.

Four Sabbath-schools were organized during the past year, attended by one hundred and eleven scholars, with a staff of twentyseven officers and teachers. Two of the schools are kept open during the whole year. Sixty-three dollars and seventy-seven cents were raised during the year for Sabbath-school purposes, and over one hundred and sixty dollars for Connexional Funds. Received on trial during the year, 21; dropped, 7. Present membership: on trial, 8; full members, 86; total, 94. Bro. support of any good and worthy object. But at present the miners are poor, and money is very scarce. The gravel diggings, which have yielded so enormously in the past, are now nearly all worked out ; and the recently-discovered quartz ledges in this district, said to be rich in gold, are, as yet, only a bill of expenses to those who hold them. Before those quartz ledges can be of any benefit to the miners, large and expensive quartz mills must be erected in connection with other costly apparatus for collecting and saving the gold. And unless foreign capital is introduced for the working of the mines, several years must elapse before these gold-bearing ledges can be developed. And, in any case, little or no benefit will be derived from them during the ensuing year, except by those who are employed in the erection of the mills. Therefore, this peculiar state of things, which now exists in Cariboo, in its transition from the cheaply and easily worked gravel mines to the more expensive mining in quartz ledges, will introduce to this Mission one of the most difficult years in finances ever experienced in its history. But when this new enterprise in mining operations is successfully established, it will give permanency and wealth to the place, and, we trust, influence and independency to your Mission.

The spiritual condition of the Church is very much improved ; and in all our class and prayer-meetings the tone of religious feeling is deep and earnest. Our Sabbath services are fairly attended by an In no part of this apparently earnest and appreciative people. province have we met with a more orderly and attentive congregation. There are two small Sabbath-schools in successful operation, situated, one in Barkerville and the other in Stanley. These we have supplied with Testaments and Catechisms. The teachers are greatly interested in their work, and the children are faithful in attendance.

The six members so frequently reported from this Mission, we again report as faithful devoted members of the Church. To this membership we add two more, who have been received during the last quarter. W. V. SEXSMITH.

NICOLA VALLEY.

In making a brief statement concerning the work of God on this field of labour, the writer would first record his gratitude for mercies received. The enjoyment of good health (a blessing so essential to success on such a Mission as this), together with preservation from accident, place me under renewed obligations to the Author of all good.

I have gone on as formerly, performing long journeys, and with all the difficulties of long distances and bad roads to be overcome, have been enabled to carry out my appointments without any serious interruption. The winter being one of the finest ever experienced in this Province, enabled me to pursue pretty much the same course as I did in the summer. Taking the whole year, I think I have ridden on horseback over 4,000 miles. When I think of so much physical toil, along with mental anxiety, which cannot be measured by any rules of arithmetic, I feel that strong faith is required to prevent me from thinking

that I have not "laboured in vain, and spent my strength for naught." But the promise that the "bread cast upon the waters shall be found after many days," leads me to hope that the seed sown during the past year may yet yield a harvest. The different settlements have been visited with as much regularity as I possibly could, and yet, in some three or four places they have had service only once in two months. The extent to which this militates against the work can be easily understood by all who have laboured or may be labouring on such a field. The congregations have improved in nearly every instance, and this, coupled with the fact that we have raised more than \$100 over last year, leads me to think that the people are taking a greater interest in the work than formerly. Indifference on religious subjects is still very prevalent, and practical infidelity is to be found all through this country. But we must not think of leaving them without the gospel. On a Mission not yet three years old, where they are now raising nearly the minister's salary, it would not be just, I think, not to give them a further trial.

Whoever comes here to labour must be prepared to rough it in the strictest sense of the word; but a beautiful climate, plenty of good healthy exercise, enough to eat and wear, and above all, the consciousness of trying to do good should, in some measure, compensate for the toils of the work. The present membership is 17. May the time shortly come when this number shall be greatly augmented is the earnest prayer of your Missionary. JAMES TURNER.

POINT DOUGLAS.

In reviewing the work of the year, it is with devout thankfulness to God we record some success on this field of labour. Early in the year the Sabbath service at Zion was changed from the afternoon to

Annual Report.

the evening. The change was found beneficial, as the congregations at once rapidly increased, so much so that it will soon be necessary to have a larger church. A new organ has been put in the church ; a new library of 104 volumes for the Sabbath-school has been purchased. Services have been kept up at Prairie Grove as regularly as the state of the roads would allow during the year; and the people there are anxious for a church. We have taken up appointments at Brown's, Jenkin's, and Morris, up the Red River. At the latter place we are now erecting a new church, 30 by 40ft.; cost, \$1,000. At Plumb Coolie, Jeffries', Marshall's, Springfield, and Cook's Creek the people are asking us to give them service, and offering land for church sites as soon as we can come to them. Additional men are greatly needed to meet the demands of the work. All the funds are largely increased. There are 23 members at Point Douglas, and 25 members at the outposts. Total, 48. J. W. BELL.

SELKIRK.

When I came to this place in August we had only one Methodist family. The neighbouring ground was largely Presbyterian and Episcopalian. The half-breed population adhere almost entirely to the latter denomination.

But in view of the certain growth of Selkirk into an important Canadian settlement, owing to its being the locality selected by the Government for the crossing of the Canada Pacific Railroad, it was deemed advisable at once to commence the erection of a church to meet the requirements of the incoming population.

Our church, though unfinished, was dedicated in December, at which time our regular Church operations really commenced, when impressive services were conducted by Revs. J. F. German and Matheson, Presbyterian minister.

Work will be resumed on the building in two weeks, and when finished it will be the second best Methodist Church in the Province. The cost, with land, is \$2,000. In addition, a parsonage lot has been secured, for which we pay \$200. We have obtained in subscriptions \$1,100, \$850 of which has been paid. \$150 has been kindly contributed by friends in Ontario. Our debt, as will be seen, is very heavy; but I hope gradually to reduce it, if possible without aid from the Missionary Society.

Several persons have testified as to their receiving spiritual profit in connection with our services. We have seven members in union with us; but business and other engagements taking them away so irequently, render it difficult to organize them as yet into a regular class. I hope soon to see an improvement in this respect. Our Sabbath-school is the most encouraging feature in the work, numbering 40 children in regular attendance. The Advocate is supplied to one child in each family.

My attention up to the present has been confined to Selkirk, and in looking after the financial affairs of our church building, a matter

of no small anxiety. I have now made arrangements to take up an appointment at the Lower Fort, and intend visiting a settlement ten miles north with the view of giving them an occasional service. But for some time, Selkirk demands careful and unremitting attention. It is the centre of the settlements to be formed, especially east of the river, and our position in them depends much on the success of our efforts here. I would like to have reported greater success, but, for what has been accomplished, I am thanktul, and give God the glory. WESLEY CASSON.

ROCKWOOD.

Throughout the six townships where services are held every alternate Sabbath, there has been a marked improvement in attendance and attention to the word preached, which has been attended with the presence and blessing of "the Head of the Church."

During the early part of the winter, we succeeded in erecting a neat little frame church in the township of Grassmere, which was dedicated by our esteemed Chairman in February. This building, when completed, will be a valuable addition to our cause. The site is a most eligible one, commanding an extensive view of land which is fast filling up with new settlers. A large steam grist mill adds to the importance of the locality, and, with its surroundings, is already regarded as the nucleus of a small town. With subscriptions already contributed and promised, we hope to be able to meet our liabilities by local efforts. As school-houses are now being built where our services are held in private houses, we expect soon to worship altogether in public buildings.

Should we be favoured during the summer with a few more good Methodist families, our work will assume a more desirable shape. Members, 25; on trial, 5; total, 30. CHAS. MEARING.

POPLAR POINT AND WOODLANDS.

In submitting our report for the past year, we feel grateful to the Lord that some little progress has been made. The presence of the Master has been with us to bless and do us good.

A series of special services were held with encouraging results.

Three very enthusiastic Missionary meetings were held, at which the Revs. Messrs. Halstead and Bell were present and did good service. Subscriptions to the amount of \$201 35 were received, being a respectable increase over last year.

In the month of October a meeting was held, at which it was resolved to erect a suitable place of worship. An acre of land has been secured, and we expect the building to be erected next fall.

PORTAGE-LA-PRAIRIE.

Our public services have been well attended and there has been always a most respectful attention to the heavenly message. We have good reason to believe that the seed sown will not prove unfruitful. We have often had seasons of spiritual refreshing and encouragement, but owing to the scattered state of population the class-meetings have not been as well attended as they should be. We are hoping for much improvement in this respect.

Our Sabbath-schools are doing much good, and are becoming more interesting and efficient.

Many immigrants from Ontario and, other parts are now pushing West through this mission to the free-grant lands about the Little Saskatchewan, where a Missionary, by all means, should be appointed as soon as possible.

As a Church, we have a large share of work to do for our Heavenly Master in this vast North West country. May all our people realize our responsibility in this great work. Members, 79; on trial, 16; total, 95. W. HALSTEAD.

PALESTINE.

Most of the members have been faithful and true, and God has honoured His Word by making it the power unto the salvation of souls. The special services held upon the Mission were crowned with considerable success, several giving their hearts to God and themselves to the Church. We have erected a church in Gladstone and fully provided for the debt. The walls of another church are up and the material for its completion on the ground. In these church enterprises our people and adherents have distinguished themselves by their perseverance and the liberality of their offerings. These efforts were nobly supplemented by a gift of \$138 from the Metropolican Church, Toronto, as well as donations from other parts, all of which we greatly appreciate.

Our Sabbath-schools, two of them recently organized, are efficiently sustained and promise to be useful auxiliaries. Through the efforts made by "Polly Norquay," the well-known correspondent of the *Guardian*, we have received from various sources over one thousand volumes for Sunday-school purposes.

We cannot close this report without calling the attention of the Missionary Committee to the great want in Gospel privileges of hundreds in the Little Saskatchewan District. This district is much larger than the whole of London Conference, and yet without a single Missionary. It is estimated by many that its population will increase some hundreds before the year will close. Cannot something be done to answer the earnest call of this people? "Come over and help us." BOYNE RIVER AND PEMBINA MOUNTAINS.

Our field of labour has greatly enlarged and the justly-merited fame of the Pembina Mountain District has induced a large number of immigrants to seek a home on this elevated plateau. The extent of our field is so great that fully two-thirds of our time is occupied in traveling and visiting. This seriously interferes with the hours for study and necessarily militates against our preparation for pulpit work. When the immigrants are settled on the land now located, which must be within a year, this Mission will comprise twenty-two townships, each six miles square. You will at once understand the utter inability of one man to overtake this amount of work, and I hope you will see your way clear to appoint two men for the coming year, or else our work must suffer as a consequence.

Though the showers of grace have not been as abundant nor as frequent as we could have desired, yet we have not been without evidence that our work found acceptance with our Heavenly Father. It has been very difficult for me to attend any of the social means of grace, owing to the extent of country over which I am obliged to travel, having driven as much as forty-six miles and preached three times in one Sabbath. This is the exception, but it is no exception to travel twenty-five and thirty miles. We do not complain, God forbid, but we desire you should know something of our work.

While Mrs. Harrison has been leading the social means in my absence, the Master has been visibly present, and much good, we would fain believe, has been accomplished. We bless God that similar manifestations of the Divine presence have been felt during the ordinary means. While speaking a short time since from the text.—"There is but a step between me and death," the power of the Holy Spirit fell upon us, and I trust the Word brought forth fruit which will remain unto eternal life.

A brother, just arrived from Essex, Ont., fell asleep in Jesus on the 24th inst. The shock to his family will be very great. Members, 23; on trial, 2; total, 25. J. M. HARRISON.

FORT FRANCES.

The very unsettled state of society, and the uncertainty as to the future of this place, have been, and are still, the great hindrances to the prosperity of our work both temporal and spiritual.

During the year, however, we have not been without some tokens of the Divine presence to comfort and sustain. The week of prayer was duly observed, and with blessed result. Our class and prayermeetings, though not largely attended, have been profitable seasons Financially, our people have done nobly. Members, 9.

SAULT STE MARIE.

THIS Mission has, by the blessing of God, been brought through a very trying ordeal during the year. I need not say what was the nature of that ordeal; but I may say that during a large part of the year I moved constantly with fear and trembling; towards its close, however, God graciously vouchsafed His blessing, which greatly improved the religious and social feeling of the society and added a number to the Church. We now have peace in all our borders and enjoy a prospect of increasing prosperity. Our congregation has been good and slowly increasing, though the population of the place as yet has very little changed. Last fall quite a number, some of whom were members of our Church, left the place. Indeed, there is a constant coming and going to and from the town. We return a decrease in the membership for the Sault, but that is more than made up by the returns for Korah Mission. Last year the membership of both was credited to the Sault. The people have raised a larger amount for ministerial support than the previous year. One hundred dollars have been raised for parsonage improvements and twenty-seven for the We now have a comfortable parsonage and, by the Sabbath-school. courtesy of the Town Council, a good sidewalk to our door. Mem bers, 50.

KORAH was worked during the year by my son and our respected local preachers, under my superintendence. At two of the appoint ments there was an increase of membership. The people are expreting a man to labour among them next year, and arrangements have been made for his board. The Mission is very extensive, reaching from Bar River, some thirty-one miles below the Sault, to Goulais Bay, about the same distance above. I have visited all the appointments between these two points during the year, in addition to preaching twice a Sabbath at the Sault. The country is rapidly filling up, and I find that a large proportion of the settlers are of Methodist proclivities, and are looking to the Methodist Church for religious ordinances. The membership is 55, and will, doubtless, be considerably increased during the year, if we have an active and

zealous young man to look after them. Much good might be done by the organization of Sabbath-schools all through this district, there now being but two week-day schools between Bruce Mines and Thunder Bay, about four hundred miles. The great difficulty in our way is want of books. The people are poor. Would that God would move about twenty-five of the old wealthy schools in old Ontario to send me their useless libraries which, having been read, are now laid aside, I would find good work for them in this large and needy part of the Master's vineyard. A. R. CAMPBELL.

LITTLE CURRENT.

I thank God for His goodness during the past year. At Little Current we enlarged our church and formed a class. The church at Shequiandah has been completed and its debt paid. The Lord poured out His Spirit upon us at this appointment and we had a very gracious revival. At Skippen's the Lord gave us a few souls, and the erection of a church is in contemplation. Appointments have also been kept up at Gore Bay, Ice Lake, Mudge Bay, and Kagawong. This is a very arduous and extensive field; the settlements are scattered, and the people are not wealthy, but they are exceedingly sympathetic and kind. Members, 16; on trial, 19; total, 35. R. G. JAMES.

MANITOWANING.

The year just closed has been one of toil on the part of your Missionary However, our labour has not been in vain in the Lord; sinners have been converted, and believers quickened into freshness of zeal for the cause of God. The social means of grace in some of the appointments have been seasons of refreshing. Financially, we are in excess of all other years since the Mission has had an existence. During the year we have built a very comfortable church in the village of Manitowaning, costing about eleven hundred dollars, all of which is provided for except about one hundred. The Mission is too large for one man to work successfully, being about forty-five miles in length, with twelve appointments. We need a rich baptism of the Holy Ghost over all the Mission. Members, full, 48; on trial, 2; total membership, 50.

BRUCE MINES.

The blessing of the Great Head of the Church has rested upon us during the year. Several have been converted and added to the Church as the result of special services. Two new appointments have been taken up, at one of which a class of twelve has been organized. Occasional visits, as circumstances would permit, have been made to the new settlements and St. Joseph Island.

[1877-78.

The country, both on St. Joseph Island and on the mainland, is being rapidly settled, and bids fair to become an important part of our work, and should be supplied with the means of grace. Many Methodist families from the older portions of Ontario have gone in and settled, believing that they will be looked after and their wants supplied by our Church. Members, 46. GEO. H. KENNEY.

PRINCE ARTHUR'S LANDING AND SILVER ISLET.

Our people on this Mission are kind and generous, but few in number. The present year we have lost heavily by removals. We looked and hoped for greater spiritual prosperity than we have been permitted to see. Our financial successes have been secured by the united and untiring efforts of the ladies of the congregation.

Silver Islet and other places needing attention had to be neglected on account of the Bay not freezing, and there being no sleighing. Oliver Township is now being settled. The Mines are working more vigorously, and it is expected that better times will be experienced in this interesting and important portion of our Dominion. Members, 27. W. HICKS.

HASTINGS.—This Mission has lost several very valuable members by removals during the past year. The great wonder is that we have done so well in a financial respect. Our people are much grieved at the small grant allowed by the Missionary Com mittee last year. We have paid over \$300 on our church debt the past winter, and hope, ere long, to cancel the remainder. Our prayer-meetings are growing in numbers and power. Some of our people are advancing in spirituality and liberality. Owing to the removal of our valuable and esteemed brother, the Rev. Ashton Fletcher, my personal labours have been augmented. Our Sabbathschool in Hastings is doing a good work under the superintendency of Mr. Harry Morton and his earnest band of teachers. We give prominence to the temperance cause in the training of our children. Upwards of fifty of our scholars meet in class. Our class and fellowship meetings are seasons of comfort and hallowed joy. By reason of so many removals we report a decrease of ten members. We return T. CLEWORTH. 125, with five on trial.

FENELLA.—All departments of our work have been well sustained. The congregations are regular and very good, while there are few places in Canada where class-meeting is better attended. After supplying all deficiencies, we return an increase of twenty. Members, 86. JOHN A. DOWLER.

MARMORA.-In our difficulties, the President came to advise with us and to assist us. We made another effort, changed our

plan of operations, providing for the payment of the whole debt in two years. In this way we have paid, since last June, \$461 55 on the mortgage, \$510 74 on notes, and \$22 in expenses; in all, \$994 29. We will say nothing about the subscription and notes which we hold until next year, when we expect that a good many of them will be paid. It was certainly to us very inopportune that our Missionary grant should have been so much reduced in this year of our local pressure, and we shall feel very keenly the result in our diminished circuit income ; but the collections to the Missionary Fund are in advance of last year, for which we are indebted greatly to the diligence of the children. Other connexional interests are well sustained. Another great drawback has been felt in the discontinuance of the second minister, thus cutting off half the services and affording preaching once in four weeks only at six of the appointments, altogether insufficient for the maintenance of a vigorous work. We have, however, one local helper. We have eight preaching appointments, six Sabbath-schools, and 145 members.

FLINTON AND ADDINGTON ROAD.—On closing our third year on this Mission we look back and reverently thank the God of all our mercies for His continued presence in all our trials and triumphs. VENNACHAR.—The year just closed has been one of toil, trial, and family affliction and bereavement, but the grace of God has been sufficient to sustain. In some respects our work has been extremely pleasant, in others very discouraging, through the unfaithfulness of some who profess to love the Saviour. Our prospects are much brighter than they were a year ago, owing, partly, to the large number of settlers who are just coming in, and partly to the Kingston and Pembroke Railway, which will cross the lower end of the Mission. MAYNOOTH AND YORK RIVER.—This Mission extends to about 110 miles north of Belleville, is over thirty miles in length and fifteen in width, taking in the greater portion of six townships, and making a circuit tour of about eighty-five miles. been one of trials and drawbacks, as it has been to backwoods Missions generally. Spiritually, however, we with gratitude report a measure of success. During the year the great Head of the Church has been with us, and, as the result of special services, over a score professed to be born of God. In connection with the ordinary services, not a few have been moved by the convincing power of the Holy Ghost. The field is far too large for one man. There are different settlements deprived entirely of the preached Gospel. Truly the fields are white already to harvest, but the labourers are few. BALLYDUFF.—Our work, though weakened somewhat by lack of funds, yet sustained by hope, trust, and prayer, is making a little progress. A subscription of \$450 has been obtained for the erection of a church at Ballyduff: preparations have been made for building and the contract let. It will cost about \$1,000. However, in the name of the Lord we set up our banners, and, if our utmost wishes have not been realized, we have all along had the satisfaction to see and know that we have not been toiling in vain. Evidences have not been wanting that the promise given by the Master was remembered to us-" Lo, I am with you." The piety of the Church has been more than maintained, and, notwithstanding the multiplicity of removals and defalcations, the number of members has slightly increased. Financially, the Mission is very much embarrassed. However, a very considerable amount of indebtment has been removed within the period of our occupation, and some heavy furniture for the parsonage has been supplied and paid for. The Mission Fund has been better sustained, and the brethren generally seem more hopeful than we have seen them in other years. We HENRY WILKINSON. return to Conference 106 members.

I have taken up three new appointments, two of which had previously been dropped. I have met with many opposing influences during the year, such as is common to these back Missions. MINDEN.-With gratitude to the Most High, we write words of cheer respecting this Mission field. We have been blessed to a large degree, both spiritually, numerically, and financially. The spirit and power of God was present at all our appointments, and at two of them very signally felt in its convincing and converting efficacy; and although through unfaithfulness some few members have been dropped, and a number of removals, still God has blessed us with a goodly ingathering. We have established four Sabbath-schools, two of which are under the control of our own Church. Our people are very kind, and have given both to the support of your Missionary and to the Mission fund to the utmost, and in some cases beyond the bounds of their ability; and, though losing heavily by removals. still the contributions to the Mission fund are more than double those of last year, and for the support of your Missionary they are thirty per cent. ahead of last year. the membership has nearly trebled its number during the three years. Two new churches have been built, one at Glenarm and the other at Palestine, both of which are out of debt, though erected under very difficult circumstances. The first Methodist Sabbath-school has been organized, and has 50 scholars at Glenarm. With the aid of Brother Sherin, who is a most worthy colleague, we held special services at McIndoo's school-house, which resulted in the formation of the first class of twelve members. Our Sabbath-school there was started last summer, and is the largest school on the Mission, having an average attendance of fifty scholars. We also held a special meeting in the new church at Palestine with good result. We have lately opened an appointment at the Midland Junction; but can only give week-night services. The prospect is encouraging. Members, 170.

Finances are good, considering the hard times in this region. This Mission, before many years, is likely to become one of our best circuits. Present membership, 75. JOHN HART.

VICTORIA ROAD.—We have organized two Sabbath-schools, which appear to be doing well. Dedicated a new church and paid for it, also paid a part of the parsonage debt, besides improving the property. A small increase to the Connexional funds and congregations. Members, 64. THOMAS FOX.

DALRYMPLE.—God has blessed His word; some found the Saviour in the ordinary services, and over one hundred in special meetings: most of them joined the Church. There have been two Methodist Sunday-schools established: many of the scholars have been led by their teachers to love Jesus. We opened up our new appointment, built our new church, frame 26 by 40; succeeded in taking up a subscription for another 24 by 30, and getting part of the stuff ready. The class-meetings are well attended, considering the roads; received fifty-five members last Conference returns. Total, 144.

HILLSDALE AND PENETANGUISHENE.—At some of our appointments the blessing of God has rested upon the people in revival influences. Two churches have been built, and are nearly out of debt. Members, 252. THOS. J. SNOWDON.

COLDWATER.—There have been encouraging circumstances on this Mission,—good attendance at the house of God, good attention to His Holy Word, precious tokens of His presence in the means of grace; and a few souls have been led to seek the mercy of God through Christ. Notwithstanding the hard times, our people have commenced the erection of a new parsonage, and we are hoping for a greater degree of both financial and spiritual prosperity. Members, 56. W. TUCKER.

MORRISON.—Considerable success has crowned the humble efforts of your Missionaries on this field of labour during the year, confirming the truth that "Christ's strength is made perfect in our weakness." More than six months were devoted to special services. Sinners have been converted to God, backsliders reclaimed, and many justified souls have (through faith) ascended higher in the divine life. Our congregations have increased, and profound attention is given by the people to the Word. We have made some church improvements. Arrangements are being made to build a church in Washago. During the year many of our best members have left this Mission. After allowing for deaths, and a large number of removals, and those dropped, we report 144 members. Increase, 20.

THOMAS W. GLOVER.

BRACEBRIDGE AND BAYSVILLE.—Being unable, alone, successfully to work the whole of this large Mission, which formerly had two men, our attention has been principally given to Bracebridge and surrounding appointments, making only a few visits to the more distant Baysville part. In Bracebridge, we have a good congregation and a large interesting Sabbath-school; but frequent removals to and from the village retard the rapid growth of the cause. At the country appointments, the services are well attended, and faithful Sabbathschool workers are engaged at each place. The conversion of some has encouraged us in our trying work. Having very little support from the funds, and the greater part of our people being poor, we have done but little in much-needed church building and improvements. Members, 184. GEORGE M. BROWN.

PORT CARLING.—God has done much for us on this Mission. During the year souls have been saved, and our heart greatly comforted by the increase of spiritual life in the membership. The present state of the work is very encouraging. We have eight appointments, all of which we strive to supply as best we can. We have built a neat new church at Port Carling, which is nearly free from debt. Present membership, 102. Increase, 27.

A. W. Ross.

HUNTSVILLE.—We have completed a neat and comfortable church in the village of Huntsville, free of debt; provided,—by subscription, —about one hundred dollars towards paying the debt on Utterson church, and secured nearly sufficient lumber to build a parsonage 20 by 32, the work of which will commence immediately. We have started four connexional Sabbath schools during the year, all of which are doing well. Our Heavenly Father has also granted us good proof of our ministry in the conversion of sinners and the increased spirituality of His people, so that, with grateful hearts, we report increase in every department over last year, and are compelled to exclaim, "It is the Lord's doing." Members, 208.

REUBEN TOYE.

SPENCE. —The spiritual state of the Mission is much improved. Over fifty persons have been received into the Church during the year, many of whom are endeavouring to lead a life of holiness. Our new church at Doe Lake has been dedicated, and nearly all the debt has been provided for. We are preparing to build a church, 40 by 28 feet, at Magnetawan Village, toward which about \$200 has been subscribed. With God's blessing attending the labours of His servants, we believe it will yet be a good field for Methodism. Total membership, 94. Increase, 38. THOS. W. HALL.

RossEAU.—We are sorry we cannot report the amount of prosperity desired, but our labour has not been in vain in the Lord, for sinners have been converted and believers quickened. Three new appointments and two Sabbath-schools have been established. The Ashdown church has been completed and re-opened. The new block church at Sequin Falls has also been dedicated to the worship of God. Members, 39. Increase, 33. W. P. BROWN. Horn Aven Stayn Parr McK

HORNING'S MILLS.—Though the year has been one of much discouragement, we are thankful to be able to report a measure of success. Improvements to the amount of \$200 have been made in our church in Shelburne, where we have a large congregation but small membership. Notwithstanding the pressure of hard times, and the heavy financial burdens resting upon them, our people have, during the year, raised upwards of \$200 towards the reduction of the heavy debt on the parsonage. Our congregations are good, and our membership on the increase. We return a net increase of 8. Members, 312. JAMES WOODSWORTH.

AVENING.—Owing to the removal of my colleague early in the year to supply a vacancy on another circuit, this year has been one of incessant toil, accompanied, however, by rich blessings from Him who suffers not His servants to labour in vain. We had special services at several of the appointments, which were crowned by spiritual blessings; many wanderers were reclaimed and believers quickened. We have let the contract for a new church at Cerlie, 26 x 40, which will be completed early in the fall. The cost of erection is nearly all provided for, the ground being generously given to us by Mr. John Cumberland, a member of the Presbyterian Church. In closing this, our third year on this Mission, we cannot help but say, "The end was better than the beginning." We found 140 members returned, During the three years we have had occasion to remove the names of 100 from the church register, but we are thankful to our Father that. notwithstanding all, we are able to report 167. THOS. R. REID.

STAYNER.—The year has been one of affliction in your Missionary's family, and resulted in the death of his son, who was 16 years of age, and had been a great sufferer for over three years. Through Divine mercy, the Mission, spiritually, is in a healthy condition, although we cannot return any increase owing to removals. Several families connected with the church and congregation have removed from the Mission, which has been a great loss to us financially, and will affect seriously the finances of the Mission next year. Owing to the above cause, and the small amount granted from the Missionary Society, our deficiency is over \$200, which is very embarrassing. Our members in town, and a good many in the country, have paid an average of \$5.20. The average paid per member on the whole Mission is \$4.61. Members, 94. JOHN WEBSTER.

PARRY SOUND.—In presenting this report of our work upon this Mission for another year we desire to express gratitude to our Heavenly Father for the many mercies of the year. Our new church, which was in course of erection at the opening of the year, has been completed, and was dedicated to the worship of Almighty God on the 11th of November, 1877, by our esteemed Chairman, assisted by the Revs. Alexander Sutherland and John Wakefield. Our congregations are very much larger since the opening of our new church, and there is a steady and, I believe, an increasing interest in all our services. One very pleasing feature is the increased attendance at our weekly prayer-meeting. We have also completed a small church erected at one of our country appointments during the time of our predecessor. The future prospect for this Mission is very hopeful and encouraging. Our present membership is 18 on trial and 82 full members ; total, 100. W. SMYTH.

WALTER'S FALLS.—God has vouchsafed His blessing upon our labours and granted us a goodly measure of success. The memberbership, after making up for losses by removals, deaths, &c., have increased from 102 to 136. We purpose building a brick church at Ebenezer appointment. DUNDALK.—It affords us much pleasure to state that matters on this Mission are in a prosperous condition; and, with effort, care, and time, may develop into considerable proportions. It is a period specially to be guarded, as almost everything is in a transition state. We pray that it may be for the permanent good of the Church. The country is improving, and with it, the people and their circumstances. The Church will also share in the general advancement. We have added one preaching place, three Sabbath-schools, raised double the Missionary money (within less than one dollar), about all the connexional funds are increased, and, after very many removals, deaths, &c., the membership has been increased during the two years past. The congregations are also better, and general and financial improvement marks the whole work, notwithstanding sericus hindrances and hard times have been encountered. Present membership, 177.

PRICEVILLE.—On coming here a year ago, the people received us kindly, and we have spent a happy and successful year amongst them. Much special effort has been made during the year for the spiritual improvement of the Mission, which has resulted in quite a number of conversions and the strengthening of believers. We report 31 on trial; 10 removals; 70 full members; and a total of 101.

THOMAS HADDON.

SARAWAK.—Through the blessing of God upon our labours, our congregations have increased and the spirituality of the membership has been considerably improved. We have received some additions to our membership during the year, but have lost 4 by removals; one has died; and 11 have been dropped. Membership, 88.

R. STRACHAN.

WIARTON.—The past year has been one of much anxiety on this Mission. We can report slight progress in every department. One minister cannot perform the labour required. We try to keep them supplied as best we can, in expectation of a helper from the Conference. Our prospects in all respects are good for Methodism. Present membership, 120; on trial, 3; increase, 18.

JAMES BASKERVILLE.

HEPWORTH.—When we came to the Mission there was not any place for the minister to live in. We have now a pretty comfortable parsonage. Our congregations have trebled at some of our appointments. Our prayer-meetings have been seasons of peculiar blessing. We have had a few conversions, and the Church has been greatly quickened. To God be all the glory. We have also had some discouragements—several removals and several dropped. And the exceedingly bad state of the roads during seven months of the past year has greatly retarded our work. Yet we report an increase of 7. Members, 70. ROBERT JOHNSTON.

ALLENFORD.—I think I can safely say that this Mission is now in a healthy condition. We have bought a good parsonage during the

DURHAM.—The Spirit of God has wonderfully awakened the people on our field of labour, and our church, as well as all the other churches, has been greatly blessed. For more than five months of the year we were engaged in special services, by which means our congregations have been improved, our members have been stirred up to live nearer to their Saviour, backsliders have been brought back to the fold of Christ, and many, both old and young, have found peace through believing in the crucified one. The new church at Anderson's appointment has been finished and re-opened, and the church at Bethel has been newly seated. After making up for losses by death, removals, &c., we are able to report an increase of 10. Members, 149.

R. GODFREY.

CHESLEY.—By the Divine blessing progress has been made on the Chesley Mission. Two new appointments have been taken up, in one of which a class has been formed. At another appointment on the Mission the contract has been let for the erection of a church long needed. Our church in Chesley has been furnished and dedicated, where we now have preaching morning and evening to good congregations. Many doors of usefulness are open on this Mission to encourage the labourer to enter and gather souls into the church. Peace and love prevail. Membership, full, 195; trial, 10; increase, 12. W. B. DANARD.

TIVERTON.—A few have been added to the church and there are tokens of renewed spiritual life among our members. We have built a very neat and substantial frame church at Ribey's appointment, which, with a good shed, cost something over one thousand dollars. We have secured subscriptions to cover the whole amount. Members returned, 76. A. THIBADEAU. 1877 - 78.

SALEM AND PORT DALHOUSIE.—The plan of this Mission has been considerably altered during the year by the consolidation of three congregations in one. A new church has been erected in a central locality at a cost of \$1,600, (all of which has been provided for,) giving ample seating accommodation for the three congregations. In connection with the church is a capacious burying-ground. Our congre gations are on the increase. Some who were but indifferent attendants, have become deeply interested in the prosperity of the cause of God. Some have gone home triumphantly. Total removals, 23; members, 33. W. F. CAMPBELL.

NIAGARA.—Notwithstanding the somewhat discouraging aspects of our cause, by Divine help, we are able to report considerable improvement in some departments of our work. During the past year, our valuable church edifice (in town) has been thoroughly renovated and greatly improved, so that the building is both comfortable and attractive. The sum of \$820 has been expended in these improvements, provision having been made at the re-opening services for the entire amount. Our congregations at Virgil also increased during the year. We have peace in our borders, and, on the whole, we have reason to thank God and take courage. Members, 59; on trial, 3. JOHN MILLS.

[1877-78.

CROWLAND.—We held a protracted meeting at Lyon's Creek Church. Upwards of 30 presented themselves at the altar and professed to enjoy the peace of God, most of whom united in church fellowship with us. All the members have been greatly blessed, and the class-meetings are seasons of great spiritual profit. The congregation is greatly increased. We have organized a Sabbath-school in the place, with prospects of great good. Our Crowland appointment is small, but steady, and on the increase. Here we have a Sabbathschool all the year. Our third is held in a school-house. The congregation is large and very attentive to the preaching of the word. Here, too, a Sabbath-school is in operation. Our plan of operation has been to centralize our labour. The only plan which, we think, will both conserve and build up our work upon this Mission, Members, 74. WILLIAM McCANN.

RAINHAM.—Our labours on this field, though not attended with all the tokens of prosperity desired, have, nevertheless, not been without some manifestation of the Master's approval and blessing. Believers have been established and are aspiring to "higher life." Congregations, except during the period of bad roads and bad weather in winter, have been good. Membership, 46. THOMAS VOADEN.

PORT COLBORNE.—Our congregation has increased. The people have been attentive to the word. A church is much needed. We cannot, in our present position, make much progress. Our services are held in a union church. We cannot report an increase in our membership. A number of removals. Members, 18. J. MOONEY.

HAMILTON ROAD, situated in the south-easterly part of London city, has a very neat frame church, capable of seating about two hundred persons. This church has been erected with the view of affording the ministrations of the Gospel in the midst of an increasing population, many of whom cherish warm predilections for the Methodist Church. The establishment of this appointment has been largely owing to the Methodistic enterprise of several members of the Dundas Street centre quarterly board, and it is earnestly hoped there may soon be a large addition to the 36 persons whom we now return as constituting the membership of this church. Rev. J. Keppel has been laid aside on account of ill health, and I have taken his work for the R. E. TUPPER. last seven months.

INGERSOLL .- This church came into the union from the New Connexion body three years ago. It was in a very low state at that time, but, by the blessing of God upon the efforts of His people, the work has been greatly revived. At the time of my appointment to this Mission, two years ago, there were but twelve members, but since, that number has been augmented to forty, and the attendance on means of grace considerably increased. A good Sabbath-school is in H. T. CROSSLEY. operation.

THORNDALE.---We are thankful to be able to report some progress on this Mission. Our congregations are good and growing. Three years ago we bought a parsonage and furnished it, and this year we raised nearly \$800, leaving the parsonage clear of debt. For all purposes we raised over \$1,900. After making up for deaths and removals, we report 102 members, being an increase of 12.

C. HAMILTON.

APPIN.-Quite a number of precious souls have been converted to God and have connected themselves with our Church. At the Springfield appointment we have had a very blessed revival, and a new brick church is now being built at the above place. We are glad to be able to report that our official board, while feeling thankful to the Missionary Society for its aid in the past, unanimously resolved to take an independent position and, with the blessing of God, endeavour to W. WILLIMOTT. support their own minister in the future.

During the few months of its existence it has raised over sixty dollars for Sabbath-school purposes. With a view of giving strength to this Mission, two appointments were taken up in school houses, the one in the Township of Dover, and the other in the Township of Harwich. At the first-mentioned place the preaching services have been well attended. In Harwich a special meeting was held, at which thirty persons were converted and a very promising class organized. Our labours here, however, were brought to a speedy termination, as the school-house was closed against public worship. Members, 85.

BOTHWELL.— We have been visited by many tokens of Divine favour. Public services have been held twice every Sabbath and the congregations have been much improved. The class and prayermeetings have been well attended, and we have reason to believe that the members are growing in grace. Our quarterly services have been times of spiritual refreshing. Members on trial, 4; full membership, 63. ADAM J. SNYDER.

COLCHESTER.—At the two appointments there is a nominal membership of 20, but they are in the midst of churches of our own and other Methodist bodies, so that none of them are more than two miles distant from a church where regular services is held. The only show of reason why this should continue as a separate Mission is, the local prejudice on account of race and colour. I deem it my duty to state these facts for the guidance of the Missionary Committee.

MARTHASVILLE. — We have organized two societies of church members and a Sabbath-shool. This field is new, having been but one year in progress. Our religious services have been seasons of much spiritual comfort. Our prayer is that, God may continue to prosper our labours on this Mission. Members, 20. R. J. TYLER.

CAMLACHIE.—There has been gradual improvement, both financially and spiritually. Under the ministry of the Word, ten have professed conversion, and several have become witnesses for full redemption, Number of members, 101. N. BURNS.

GALT .- Our first year's labours on this old Mission winds up amid precious memories of God's faithfulness and blessing. With "fear and trembling" we assumed the responsibilities of this hard contested field, where "confessions" and "creeds" have been so thickly sown ; nevertheless, the mightiness of the Master has caused the weakness of His servants to prosper, the "beauty of the Lord our God has been upon us," and we have heard His voice bidding us "Go forward." Our public and social means of grace are all well attended, and our connexional interests have been sustained with a liberality unprecedented in the history of Methodism here. Our membership is slightly on the increase. We have lost some by "removals" and "death," but others have come in this way of repentance and faith. Thus "the bright succession runs." Members, 95. J. V. SMITH.

PLATTSVILLE.—While mourning over the sadly prevalent spirit of unbelief and impenitance, and the absence of any extensive revivals of religion, we rejoice that a few have been happily brought from darkness to light, and that some in the church give unmistakable

J. C. STEVENSON.

BERLIN.-Souls have been converted. The means of grace have been diligently maintained. There has been a very marked increase in the attendance upon the ministry of the word. Larger contributions for ministerial support, and all our Connexional funds are in advance of former years. In its present form the Mission is much too large and cumbrous for satisfactory working, and the Quarterly Board unanimously recommend such a change as will largely relieve the Missionary fund, and at the same time be more advantageous to the general work. Present membership, 169; increase, 3.

R. W. WILLIAMS.

NEW HAMBURGH .--- The Lord has been with us, and has favoured us with showers of blessings, so that all our labours have been crowned with encouraging success. There is a very interesting Sabbath-school in the village, in which a good work is being done. Fourteen of the scholars have been converted to God during the year. Moreover, something has been done towards providing for and paying up old debts. Prayer and class-meetings are well attended. Members, 53; W. L. HACKETT. increase, 37.

ROCKWOOD.—After three years of pleasurable toil upon this Mission I am glad to report some progress. At the Arkell appointment, during the present year, there was erected a brick church costing about \$1,000. It would be a benefit if Rockwood could have two services upon the Sabbath. Members, 130. DAVID AULD.

ERIN .--- This has been a very hard year upon this Mission, spiritually and financially. We have lost by removals and deaths and other causes, twenty-two, and have only received seventeen, so that we report a decrease of five. Total members, 115.

J. J. A. LEVER.

GARAFRAXA.-The harmony expressed in our last report has prevailed throughout the past year. I have not been able this year to contend with the winter weather, and hold revival services alone. As there have been some removals, we have to return 92 members this year against 95 last year. Our fourth Quarterly Meeting, by attendance and interest, indicated growth in grace, for which I feel very grateful to God, who has spared us to close the work of this J. B. GOODSPEED. FORDWICH.—Attendance on public worship has been on the increase. Special effort has been put forth beside the ordinary means, and some have been converted, and others quickened. After a stay of three years on this Mission, we leave a kind and warm-hearted people, praying the blessing of God to rest upon them. Membership, 169. J. R. ISAAC.

KENILWORTH.—Our class-meetings and prayer-meetings have been well sustained. The Missionary meetings were characterized by much enthusiasm, which resulted in a large addition to the funds. Special services have been held at two appointments, resulting in the addition of thirty-four to the Church. We have four Sabbath-schools kept up the whole year, and we are going to open a fifth. Membership, 118; increase, 13. H. BERRY.

PALMERSTON.—There have been some conversions, and some accessions to the membership of the Church. On the whole, the year has been one of success. The increased attendance at public worship made the enlargement of the church a necessity; and the various improvements projected early in the year have been carried to a successful issue. The re-opening services took place about the time of the May District Meeting, and exceeded in interest and financial results anything we had anticipated. Methodism is taking a good position in the town. Members, 105. WM. HAYHUBST.

CLIFFORD.—Constant removals and some defections prevent usfrom reporting an increase in the number of members. We have considerably reduced the debt on the parsonage; and built and completed a beautiful church, with tower, steeple, and basement, worth

\$7,000, in the village of Clifford, since which the congregation there has much increased in size. We still preach in Ayton to a few friends, though the members have nearly all removed. We have begun to preach in a small neighbourhood, hitherto not supplied by us with gospel ordinances. The future prospects of this Mission are JOHN HOUGH. good. Members, 120.

ARTHUR .- This Mission, we are pleased to say, has made advancement during the year. There has been a new brick church built at Cumnock ; all the connexional funds are in advance, and about fifty have been added to the Church. Present membership, 170.

WELLESLEY.—Another year of removals. The Germans continue to buy out the English-speaking residents. Members, R. J. HUSBAND. 76.

HOLSTEIN.-A very neat church is now in course of erection at Holstein village. We held one protracted meeting, at which some were saved, but the harvest was not as plentiful as we had anticipated. GODERICH .--- The Brock Street Church in Goderich was formerly an appointment of the New Connexion Methodist Church. On the union, the two churches in Goderich became one circuit. To sustain two men was a source of great embarrassment. A year ago the church would have been closed only from intimations that they might receive aid from the Mission fund. Such aid has been granted during the present year, but will not be continued, as it has been determined to close the church, and, by the sale of the property, enlarge the church JAMES PRESTON. in North Street.

KIPPEN.—We have had a good degree of success on this Mission. We have built a parsonage and barn costing \$1,000. We have raised towards paying the debt, by money and subscriptions, the sum of \$650. LACHINE.—Some who gave promise of usefulness to the Church have professed faith in Christ and have united with the people of God. In times of very extraordinary financial difficulties, there has been a noble and generous liberality manifested in contributing to the funds of our Church. The removal of others, and of four by death, some of whom we could ill afford to lose from our midst, lessens the net increase of our membership in this field of labour. Members, 36.

ST. LAMBERT AND CHAMBLY.—We have been blessed with a fairly prosperous year on this Mission, for which we are thankful to the

Giver of all good. The union of the St. Lambert and Chambly Missions, which was effected last Conference, has proved very satisfactory, although it deprived both of certain privileges, the loss of which was somewhat keenly felt. Members, 37. JOHN W. CLIPSHAM.

ST. JOHNS.—In the midst of much discouragement, so far as 1 know, all the members of our Church have continued faithful, and we have had a few additions to our little society. A class of young men, recently formed under the leadership of your Missionary, is one of the most encouraging events of the year, affording ground of hope that we are approaching a brighter day in the history of the Mission, though, owing to the very limited number of persons to whom we have access, our congregations never numbering more than one hundred, we cannot look for any great augmentation of our numbers. Members, 60. W. S. BLACKSTOCK.

ORMSTOWN.—Your Missionary is thankful to be able to report a year of general prosperity and peace. The attendance upon the public means of grace has been good; prayer-meetings have been well supported; and class-meetings better than before. We rejoice over several conversions by the ordinary means of grace, and an increase, after making up all losses, of eleven members. One new church has been completed and dedicated at Dewittville, and is paid for all but \$200. In making this his third report from this Mission, your Missionary wishes to bear grateful testimony to the unfailing kindness which he has received from this warm-hearted people, and the hearty co-operation and sympathy by which his hands have been strengthened in every enterprise for the extension of the Master's kingdom. Members, 110. G. H. PORTER.

HUDSON.—For this Mission some little spiritual progress may be claimed, its best safeguard to counterbalance numerical weakness. The path to a higher Christian life needs treading to bar out an aggressive encroaching world, and to secure our proper influence and just position in the community. Members, 42. S. E. MAUDSLEY.

NORTH GORE.—To God be all the glory for another year of spiritual prosperity on this Mission. Although not attended with such a large ingathering as last year; yet, after deducting removals by death and otherwise, we are able to report an increase. Present membership, 170. Also, we rejoice to state that during the year we have been enabled by the blessing of God to erect two neat and commodious churches, one at Mille Isles, and the other at Thomas' Gore appoint-WILLIAM WHITESIDE.

NEW GLASGOW.—Our services have been attended with a rich unction of the Holy One of Israel. The piety of our members is healthy and vigorous, and their contributions for the support of the ministry and for connexional objects liberal, although losses from death and removals render their amount less than last year. SHAWBRIDGE.—This year has been one of great spiritual prosperity on this Mission. The special services held were owned of God in the conversion of about twenty souls, the spiritual advancement of believers, and in reclaiming many who for years had been in a backslidden state. The class and prayer-meetings are well sustained. The Sabbath-school cause is also in a flourishing condition. Members, 78. J. GARVIN.

RAWDON.—We have spent three profitable years on this Mission. We have a kind people who feel anxious for the temporal and spiritual welfare of the Mission. This has been evinced by their liberal donations and zeal for the Mission's growth. We have been able, with the aid of the Hon. Mr. Ferrier and J. A. Matheson, Esq., and others, to make improvements on church and parsonage. Respecting our work, your Missionary is cheered by the signs of the times. The rapidly spreading liberal spirit, the arousing of the French mind from its long slumber, and the abhorrence expressed by some of their system of darkness, all prove the dawn of a brighter day. Your Missionary has endeavoured to scatter some seeds of truth in the French language. He hopes to see or hear of the good results at a future day. Members, 76; on trial, 8; total, 84.

AMHERST ISLE.—The Lord has owned the word, and made it a blessing to the Society, so that the members are seeking to lead a blameless life and to honour their profession. We cannot report any increase of members, but the reaping will surely come. Methodism is doing a good work here for the truth and for temperance. Members, 45. G. H. Squire.

BATTERSEA.—The attendance at the ordinary means of grace has been good. Our social gatherings and missionary meetings have been unusually interesting. There were a few conversions during the year. Many of our members are seeking and realizing more spirituality in their experience, and some hopes are entertained that we shall soon be gladdened with a gracious revival. Our Sabbathschool is very promising. Two of our members have died in the triumphs of faith. Our loss by removal has been great. Present membership, 80. J. E. WERDEN.

LANSDOWNE.—This charge, notwithstanding the many disappointments felt, are living in peace and harmony. The circuit is remodelled. One appointment has been given to Lyn Circuit, and other two have been amalgamated into one, and a Sabbath appointment made a weekday one, so that the circuit can be worked by one minister, and thus all claims on the Mission funds will be relinquished in future. In three places where we preached every Sabbath they will only get service every alternate Sabbath. I am sorry this state of things has been forced upon us. Members, 210. WM. D. BROWN.

CENTREVILLE.—We have not much territory, nor many members; and with the very small Missionary grant placed at our disposal, humanly speaking, not much to encourage either minister or people. We have had a few conversions at Croydon, an appointment taken up again this year, but they have not, as yet, united with us. This Mission needs a general revival. May God send it speedily. Members returned, 71. J. H. CHANT.

HARROWSMITH.—As regards this Mission, we are happy to say that the year now closing has been one of blessing and prosperity. There is now ample church accommodation for all on this Mission who are disposed to attend our services. The regular means of grace are very well attended, and gracious spiritual influences are enjoyed. CORNWALL.—The work of God on this Mission has many points of encouragement. Congregations are large, social services well attended, there is a prosperous Sabbath-school, and a quickened church membership, with a considerable addition during the year. FRANKTOWN.—We have had many manifestations of divine power, especially in our regular work. Our love-feasts and class-meetings, also, have been truly seasons of sweet delight to God's people. Five week-night and two Sabbath evening prayer-meetings have been pretty regularly kept up. Financially, the Mission has been greatly embarrased through failure of crops. We have a kind people here that ought to be attended to Members, 104. A. L. PETERSON.

LOMBARDY.—Concerning this Mission we cannot say much that is encouraging. We have had plenty of work, but the people are few and poor, however, God has blessed us, and while in money matters we have been called seriously to suffer, we have been spiritually blessed, while we have been trying to break the bread of life to the people. Our membership is 58, being an increase of 16 for the year.

J. FOWKES.

GLEN TAY AND MABERLY.—With the assistance of my excellent colleague we have been enabled to hold revival services in seven different appointments. Partly attributable to these we have secured fifty-three new subscribers to our paper the *Christian Guardian*, which undoubtedly will prove a great blessing to our cause and people on this Mission. Our boundaries have been extended by taking up four new appointments, all of which are in a prosperous condition. We have taken 123 on trial, received 2 from other circuits, dropped, died, &c., 25. A beautiful parsonage has been built and comfortably furnished, and one of our churches has been pewed and painted. Fifty-four souls have been gathered into the Church during the year, and we report, notwithstanding removals, etc., an increase of 37. Present membership, 108. G. A. GIFFORD.

METCALFE.—Ever since the revival held last February in Metcalfe village and at the Blair appointment, our class-meetings, Bibleclasses, and prayer-meetings have been seasons of great profit and spiritual refreshing. Members, 174 ; increase, 20.

BEARBROOK.—We have enjoyed a very gracious outpouring of the Holy Spirit, and in connection with the ordinary and special services, several precious souls have been won for Christ. We have lifted something off our church debt, and improved the parsonage furniture. One new appointment has been visited with some measure of success. May the presence of our heavenly Father constantly attend us till we reach the presence of God. Members, 82.

J. J. HAYLOCK.

POINT FORTUNE.—On account of personal affliction during the greater part of the year, we have not been able to hold any "special services," but, with the exception of a few Sabbaths, have been able to fill our regular Sabbath appointments. Not unfrequently have we realized the Divine presence and blessing when "holding forth the word of life," and trust eternity will reveal that we have not laboured in vain. The number of removals has been unusually large. Members, 66. EDWARD H. TAYLOR.

PLANTAGENET.—Last year this Mission had a severe trial. Your Missionary found thirty-three names on the Mission register; removals, 4; dropped, 10; received on trial, 3; members, 19. Revival services were held, and the members were much revived, and several gave themselves to the Lord and joined with us. Class and prayer-meeting and Sabbath-school are well attended.

R. LOCHEAD.

GRENVILLE.—In Harrington, where we had no interest for several years, we have a class of about fifteen members. During the year there were two happy deaths, seven removed, and eight were dropped. Present membership, 42. W. NORTON.

ARUNDEL.—Away among the mountains, lakes, and rivers of the North, about thirty miles long, with seven appointments, three in Arundel, two in Harrington, one in Desaleberry, and one in Wentworth, the people are very kind and attentive under the preaching of the word. Some souls converted last fall are still holding on their way. Received ten into the Church. Members, 40.

JOE LITTLE.

AVLWIN.—Your Missionary, amidst much excessive toil, long journeys, appointments far apart, and families at said appointments very scattered, has experienced much pleasure and satisfaction in trying to labour for the Master. Have witnessed many bow as penitents enquiring the way to Zion, and long-existing difficulties by the softening hand of grace mellowed and melted down. We still occupy the ground that used to be worked by two men, with the exception of the Rive Disert, and occasionally visit that place, eleven appointments in all, hoping that at no distant day the Missionary Committee will assist us in securing again the services of a second minister. The station, on the whole, has done well. We have peace in all our borders, with good hope for the future. Members, 80.

In spite of uncontrollable circumstances, we are happy to state that our cause is stronger than ever on this field, and that our successor will find a warm-hearted people and a good prospect for earnest labour. THREE RIVERS.—Living Christianity is very much required in this place, as it is so fully overshadowed by the pall of Romanism, and so signally guarded by its watchful eye. We have some indications of the Master's presence amongst us. The Sabbath-school continues to prosper. We have distributed a number of French tracts, and in most instances they have been well received. With the continuation of God's blessing, we may hope for greater success. Members, 29.

MELBOURNE.—The new church in Richmond which commenced with twelve members, now numbers thirty-five, with a uniformly attentive, growing congregation. Throughout the Mission, the competition is keen, ministerial life is a sustained battle; but God has given us the victory over error, worldliness, and sin. Our efforts to draw our people to the churches, as centres of influence, have not been in vain. The effect is seen in the increased vitality of the membership, and in a more steadfast adherence to our denominational system. Melbourne Mission presents a fine field for faithful, zealous, intelligent labour. Members, 142. G. FORSEY.

DANVILLE.—We have admitted upwards of fifty into the Church, and a number have been converted through the labours of your Missionary who have not united with us. We have two flourishing Sabbath-schools that are already proving a blessing to the Church. When the country is restored to an ordinary financial status, this Mission will take its place on the list of independent circuits. Members, 200. E. A. WARD.

WINDSOR MILLS.—The congregations at all the preaching appointments have greatly improved during the present year, and the presence of the Lord has been with us. At one appointment a number were converted to God and added to the Church. Our people are few, and, like most of our eastern Missions, we suffer from removals: from this cause, we lose this year over 20 per cent. of our membership. Members, 58. I. WILKINSON.

LENNOXVILLE.— Our membership and congregation have increased one hundred per cent. Owing to the large falling off in the Missionary grant this year, there is a deficiency of \$178 to return. Our people are kind and generous, and a spirit of harmony and holy zeal prevails throughout the circuit. Present membership, 92.

JOHN SCANLON.

ISLAND BROOK.—Members, 39; grant, \$290. (No report.)

COOKSHIRE.—We are glad to be able to report something of progress on this Mission during the past year. We have had increased attendance at most all our appointments, a slight increase of membership, and have been gratified to perceive the symptoms of the awakening of a deeper interest on the part of the general mind in everything Methodistic. This Mission gives the promise of a better and brighter day. Present membership, 49. JAMES HENDERSON.

MARBLETON.—As we close our three years' labour here we are thankful to say that there has been, on the whole, some improvement. The net increase in membership is twenty-nine : additions have been made to the parsonage furniture ; a church has been erected, though not quite completed, and we have peace and union, with considerable improvement in Sunday-schools. Members, 100. F. DELONG.

and a growing spirit of piety and self-denial among the members has been observable. The principal part of our membership is composed of poor people, many of them just beginning on new farms, with no capital save a willing and resolute heart, and a determination to succeed; and for this reason our finances are not in so flourishing a condition as is desirable. The presence of the Master has manifested itself during the year, and souls have been converted and added to the Church. We report an increase of 13, making a total membership of 54. A. M. DELONG.

LEEDS.—This Mission is in a healthy condition. Since our last report the regular services have been held, which have been productive of good. Other efforts of a special character have been made with satisfactory results. Removals and deaths prevent us from reporting much of an increase in membership. Present membership, 154, two of whom are still on trial. Moses Scorr.

INVERNESS.—We have received during the year on trial and from other circuits 24, but owing to deaths, removals, etc., we only report an increase of 11. We are very backward in Sabbath-school work, having only one efficient school on the entire Mission. In this one, however, we have noticed marked improvement in the attendance. In this school we are favoured with an efficient superintendent and a good staff of teachers. Our present membership on the Mission is, on trial, 4; full members, 104; total, 108. JOHN LAWRENCE.

BOURG LOUIS.—There is nothing special to report from this Mission. Membership and congregation about the same as last year, one family from the congregation removed, leaving us eighteen families, composed of fifty seven adults and forty-six children. At Port Neuf there are no members, but a small and attentive congregation. Members, 29. FREDERICK FRANCIS.

METIS.—The Sabbath and also the week-night services have been well attended during the winter. On some souls at least the word is exerting a saving influence, and it is sincerly hoped that on all its blessings may descend as the dews on Hermon. The Sunday-school presents some encouraging aspects. The children are making marked progress in the truth. Trusting, hoping, praying, we look for the opening bud and blossom, and fruit of the seed of spiritual life in those youthful minds. May the Spirit from on high hasten the good time. We are pushing forward the church towards completion as fast as our limited means permit. The inside is now lined, and presents an air of neatness and comfort. The people gave cheerfully of their means for the work, so that it has not increased our debt. Members, 9.

DIXVILLE.—Though far from being satisfied with our present condition, we are thankful to Almighty God for His presence and blessing, and good accomplished thereby. Members received during year, 9. Whole number, 32. M. TAYLOR.

MAGOG.—We have been greatly encouraged by the accession to our number of several heads of families. During the year two of our most prominent official members have died, many others have removed from the Mission, and nineteen have been received. Members, 124. WM. TIMBERLAKE.

MANSONVILLE.—The Lord has been with us in our work, and precious souls have been converted to God. The tabernacle meeting, held on our Mission, was a great blessing to us on the Mission. Our people are looking forward with hope for great spiritual success. During the year we have paid about eight hundred dollars on our new church, which is about completed. During my stay of three years on this Mission I have proved the people of the Mission to be full of kindness and Christian sympathy. Members, 93. WM. ADAMS.

WEST SHEFFORD.—We have endeavoured to sow the good seed, some of which has taken root, and has brought forth a little fruit, and we trust more will be gathered in by-and-bye. We have received on trial, 8; from other circuits, 1; we have dropped 5; one has withdrawn from the Church; one died trusting in Jesus; and 5 have withdrawn by certificate. Present membership: on trial, 6; full members, 66; total, 72. S. CROOKSHANKS.

LAWRENCEVILLE.—The Chairman of the Stanstead District states that this Mission has been in a very disturbed state for several months past. The progress of Christ's cause has therefore been greatly hindered. It is hoped that the arrangements which have been made will conduce to peace and harmony. We are reminded of the words of the Psalmist, "Pray for the peace of Jerusalem, they shall prosper that love thee." May the Lord smile propitiously on His cause at Lawrenceville. Members, 32.

COWANSVILLE.—On this Mission there has been general harmony among the members and a degree of prosperity. Christian influence is spreading, and our people are becoming more earnest. We have formed two new classes, and revived two which had ceased to meet. We have received twenty-eight members into the Church. Members, 106. S. G. PHILLIPS.

WEST BROME.—The renewed interest and attendance at the different places of worship has been good, and many have been blessed and made happy in God that have not united with us in churchfellowship. Take it from a fair standpoint, and considering the difficult circumstances the West Brome church has passed through, we can truly say this Mission is prospering. Present membership, 90.

T. RENNIE.

[1877-78.

FRELIGHSBURG.—The year just closing has been one of affliction, and yet God has prospered us. Twelve weeks have been spent in revival services, resulting in the conversion and addition to the Church of fifty-four persons. Financially, we have had prosperity also. As the Missionary Committee found it necessary to cut down the grant to the Mission, giving us \$120 less than last year, the Quarterly Board nobly came to our help, and the loss has been more than made up. And now, feeling anxious to do their part toward relieving the Missionary Committee, they have agreed to support their own minister. I here wish gratefully to acknowledge the services of Bro. Jackson, who has rendered me valuable help during the year, in both the spiritual and financial work of the Mission. Members on trial, 15; full, 103; increase, 40. H. CAIRNS.

WEST FARNHAM.—In the spiritualities of the Mission, we are thankful to God for a measure of success. Peace and harmony prevail. God blessed our labours; and after deducting deaths, removals, and withdrawals, we report an increase of five members. Present membership, 95; on trial, 4; total, 99. HENRY MEYERS.

SUTTON.—Our beautiful church, dedicated to the service of Almighty God in October last, an account of which appeared in the *Christian Guardian*, is now regularly attended by devout worshippers. May it be he birthplace of many souls, and may heaven's richest blessing rest upon my successor whoever he may be, and also upon the people under his charge. Present membership, 98.

J. H. FOWLER.

BEDFORD.—This Mission was set off two years ago from other parts of the work. The change was necessary from the increasing demands of Bedford, a religious centre. It is very gratifying to be able to report that the Mission is doing well. The friends there have exerted themselves nobly to provide a parsonage and furniture. The blessing of God has attended the labours of the Missionary, Bro. Grentell. There are good prospects for this section. The foregoing is sent us by the Chairman of the Stanstead District, Bro. Grenfell being obliged to visit England for his health. Members, 90.

LAWRENCETOWN.—The old dilapidated church at Cole Harbour has been repaired and beautified, without leaving any debt. Special services at Lawrencetown resulted in the conversion of sinners and the edification of believers. Members, 28. R. WILLIAMS.

CHESTER ROAD.—Of the four appointments on this new Mission three of the services are held in school-houses, the other in the church built last year. Many of the people are very poor, but they value highly gospel privileges, and hesitate not to walk a long way to public worship. Members, 22. J. MCMURRAY.

HANTSPORT.—Class and prayer-meetings are well attended, and harmony prevails in three out of the four preaching places on this Mission. Subbath-school effort has not been in vain, some of the scholars having become church members. Members, 90.

A. D. MORTON.

HORTON.—God has graciously visited this Mission. Many have turned to the Lord, an I are now serving him in newness of life. In consequence of many removals we report a small decrease of Church members, but there are 45 on trial, making 101. J. S. COFFIN.

KENTVILLE — More attention is given to class and prayermeetings. At Greenwhich, the former heal of the circuit, there are pleusing evidences of an increased spirituality among our members; and in the town of Kentville there are in lications of prosperity. Members, 75. J. E. THURLOW.

MARGARET'S BAY AND SAMBRO.—No special outpouring of the Spirit through the year, yet we are glad to state that during the latter part of the year there have been some tokens of coming prosperity. Members, 52. J. W. HOWIE.

BERMUDA (HAMILTON).—Many tokens of the Divine favour have been realized in connection with ministerial effort. If good congregations, earnest prayer meetings, and a fair attendance at class, indicate prosperity we have not been without it. A special effort to reach and save our youth resulted in the conversion of 34, who still remain on trial. In every preaching place sinners have been converted. The army and navy work we have not been able to overtake, hence it is not in a very satisfactory state. Members, 294.

R. WASSON.

BERMUDA (ST. GEORGE'S AND BAILEY'S BAY.)—The spiritual state of this Mission has been of a very encouraging character. The Sabbath services have been well attended; the prayer-meetings have, in interest and attendance, been much above the average. Very few cases of religious decline, while a few have been converted. We clearly perceive that our interests are growing and becoming consolidated. Members, 257. W. C. BROWN.

STELLARTON.—Last year there were serious thoughts of abandoning this Mission, but the tide of prosperity has again returned. God has visited his people, and as the result of showers of grace the mcmbership has more than quadrupled. Members, 30. A. F. WELDON.

RIVER JOHN.—Many have been brought to God, and now love his ways. Stout opposers to Methodism and religion generally have yielded to grace and become workers for God. A promising candidate for our ministry has gone out from this Mission during the year. Praise ye the Lord. Members, 128. D. B. Scorr.

MAITLAND.—The fruit of the great revival and ingathering two years ago is still apparent, though a few have suffered the fine gold to become dim. The attendance at class and prayer-meetings is regular. While there are hindrances and some discouragements, there is much to encourage hope and awaken gratitude to God. Members, 145.

G. O. HUESTIS.

SHUBENACADIE.—A very discouraging field of labour. Strictly speaking, this Mission has no centre, but consists of many places, widely scattered, where we have but little interest. Though often cast down, yet we are not destroyed. Members, 80. J. R. HART.

MIDDLE MUSQUODOBOIT.—Our cause is weak in this region, yet we have cause to thank God and take courage. While the lack of religious interest is painfully felt, we are comforted to know some are growing in grace and in the knowledge of God. Members, 88.

in much permanent good. Young and old, parents and children, were brought in. Numerically, our membership has suffered somewhat this year from the migratory character of our people at the Joggins, as well as from ordinary causes; nevertheless, we are able to report a slight increase. Members, 111. R. B. MACK.

PUGWASH.—On this Mission an extensive and regularly planned work, in which local preachers and exhorters performed an important part, has been carried on. The congregations have increased, and the class meetings are more highly valued and more frequently enjoyed. Our special services resulted in a deepened experience in some, and the conversion to God of others. Our Sabbath-schools are becoming more efficient, and more largely patronized; and, we hope, more extensively useful. Members, 190. T. D. HART.

RIVER PHILIP.—The work here is of such a character as to require the service of a man of strong physical constitution. Congregations have been invariably good and attentive to the preaching of the word. The distance of our people from the means of grace, and the want of praying men and women, almost entirely preclude the existence of prayer and class-meetings, except in one part of the circuit; and, as a consequence of this, the burden of sustaining the spiritual interests of the work of God is thrown almost entirely upon the ministers. Members, 93. G. W. TUTTLE.

OXFORD.—The congregations have been very good during the whole year, and serious attention has been given to the preaching of the word. During the winter special services were held at East Leicester and at Oxford. At the former place a very extensive revival took place, in which many heads of families, and intelligent young men and women, gave themselves to the service of God. At Oxford, also, God owned and blessed our labours. Taking everything into consideration the prospects of this mission are encouraging. Although only the first year of the circuit's separate existence a parsonage has been begun which will soon be completed. Members, 191. D. W. JOHNSON.

PARRSBORO'.—The work has been hard and trying in some of its aspects, yet it has not been without its harvest. Special and profitable religious services have been held at Port Grenville and Parrsboro'. At the former place we have an earnest and working Church, which has advanced in all its departments. At Parrsboro' we have a large and intelligent congregation, and considerable religious interest has been manifested Members, 41. R. A. DANIEL.

work. The congregations have increased, and at Southampton and Mount Maccon there have been additions to the classes. At Canaan and Five Islands special services were held which were attended with a gracious influence. In all the preaching places on this Mission our cause has advanced. Members, 101. JOHN CRAIG.

ATHOL.—Although the place is thinly settled, the people attend regularly the public preaching of the word, and greatly appreciate the weekly prayer and class-meetings. At Spring Hill Mines the congregation is large. Class and prayer-meetings are held regularly at this place, although not so well attended as they should be. Members, 56. W. ALCORN.

ADVOCATE HARBOUR.—The spiritual interests of this Mission have been well sustained. The congregations have been large and attentive. Prayer and class-meetings have been regularly held. There have been some tokens of the Divine favour, believers have been quickened, backsliders reclaimed, and a few, hitherto careless ones, gathered into the fold of Christ. Members, 92.

ANNAPOLIS.—Great attention is often paid to the preaching of the gospel; yet few are in earnest in seeking its blessings. Some of our best members have removed from our midst, so that we are unable to report an increase. Members, 80. R. SMITH.

MIDDLETON.—This is a wide and an important field for Methodism, which, if well cultivated, will yield a large harvest. Congregations good, and social means of grace highly appreciated. At Nictau Falls a gracious revival resulted in the conversion of many souls. Though the toil has been severe, the results have been cheering. Members, 230. J. GAETZ.

AYLESFORD.—The efforts of the year have been crowned with encouraging success. Revival influences have been vouchsafed, bringing many sinners to God. At one of the most remote portions of the Mission thirty-five persons have given their hearts to God and united with us. An additional preacher is required to attend to the opening work of this extensive field. Members, 230. A. S. TUTTLE.

BERWICK.—Amid hindrances and trials we have had refreshing influences. In several places the work of God has prospered. Among those converted was one belonging to the Roman Catholic church. She has stepped from bondage to liberty, and is pressing onward. In consequence of removals and death we are obliged to report a small decrease. Members, 194. C. LOCKHART.

CALEDONIA.—The religious condition of our people, in many cases, is not all we desire. Neglect of class has induced spiritual sloth. Some have lost, we fear, their first love, and are not growing in grace. There is much to discourage on this Mission. Members, 67. R. MCARTHUR.

PORT MONTON.—Mingled joys and sorrows have been our lot. In some places the sparseness of the population renders it very difficult to keep up our social means of grace. At other points we have witnessed many pleasing proofs of Christ's power to save. A goodly number have been added to the roll of membership. Members, 120. J. JOHNSON.

afflictions and bereavement, but we are able to say as our troubles have increased our consolations have abounded, and can say, "hitherto the Lord hath helped us, the Lord of Hosts is with us, the God of Jacob is our refuge." The kindness and sympathy we have received from our brethren with whom we have been associated, and the dear people to whom we have ministered the word of life, have greatly helped to comfort our aching hearts while passing through these deep waters, and our prayer is that God may be their refuge and strength in all their troubles in this vale of tears.

J. S. PHINNEY.

SUSSEX.—The spiritual report of the Sussex Vale circuit is not as encouraging as it should be, considering the amount of labour bestowed upon it. Whilst the Sabbath services are well attended, and much interest appears to be manifested in the word preached, the class and prayer-meetings are to some extent neglected. I have reason to believe that the seed sown will yet vegetate and bring forth fruit. Whole number reported last year. Members, 121.

JOHN PRINCE.

APOHAQUE.—Our services have been well attended, and were often marked by tokens of the Divine favour. Although we have formed one new class, the fact that many have died during the year, and that many others whose names we found returned as members have had no connection with us for years, leads us to return a less number than was reported last year. Members, 165; decrease, 18.

WILLIAM TWEEDIE.

UPHAM.—We have enjoyed the Master's presence in our services. Many of our people live a considerable distance from the house of God, so that during stormy weather or bad roads their attendance is somewhat irregular. But generally our congregations have been good. The spiritual life of the people of God has been quickened, and a number of young people were led to become disciples of Christ, and their lives show that our "labour is not in vain in the Lord." Members, 71; on trial, 7. THOS. ALLEN.

ST. MARTINS.—The regular services on the Sabbath have been well attended by attentive listeners to the Word of Life; and not unfrequently have there been tokens that much of Divine power accompanied that word. The regular week-night prayer-meeting has been fairly attended, and its interest tolerably well sustained. Our sacramental occasions have been seasons of spiritual quickening and religious joy. The classes which have been meeting have proved, by those who have attended them, to be, as ever, the channels through which is received rarest spiritual good. A number have been received into Church fellowship. By death and removals a number have left us, so that, numerically, we stand about as last year. But spiritually, I hope and believe that those who have continued in the love of Christ have been growing up into Him their living head in all CHAS. W. HAMILTON. things. Members, 54.

GRAND LAKE, EAST.—Two of the members of our Church have been called away by death, leaving a glorious testimony of the power of Christianity in the soul of a believer. We have seen others brought to God on their beds of affliction and die rejoicing in a hope of a resurrection to eternal life. We have re-opened two preaching places, and organized three prayer-meetings and two Sabbath-schools, which are means of blessings to our people. After having two deaths and two removals to St. John, our members are 97; on trial, 4; total, 101; increase, 11. S. JAMES.

JERUSALEM.—The work of the Lord upon this Mission is somewhat encouraging. We held special services at several of our preaching places during the winter months, and were much encouraged by seeing souls saved and believers quickened. The class-meetings, when able to hold them, have been profitable seasons and well attended. The year has been marked by the death of several of our oldest members who left a good hope behind them. Members, 58. E. BELL.

WELSFORD.—This Mission is somewhat extensive, and demands much physical strength and energy to meet the demands of its ten preaching places. The people are remarkably kind and hospitable, and are very appreciative of pastoral visitation. The congregations have been good, and the word preached has been in many instances accompanied by marked tokens of the Divine presence and favour. Sabbathschools, prayer and class-meetings have, however, been only moderately well sustained. During the past three years the membership of the circuit has been more than doubled, while in the same period a very comfortable and convenient parsonage has been built at an expense of over \$1000, and paid for within \$150. Steady advancement, both in material and spiritual interests, has been characteristic of this Mission. Members, 107; on trial, 4; total, 111.

L. S. JOHNSON.

KINGSTON.—Methodism has made but little progress on this Mission, and there is evidently a great lack of spirituality. We are, however, thankful that we have a few anxious for the prosperity of God's cause and the welfare of their church, truly loyal to her doctrines, and exceedingly kind and liberal as far as their circumstances will allow. Our sacramental seasons and class-meetings have been seasons of spiritual joy. Members, 39. GEO. B. PAYSON. Kingsclear a Gibson Nashwaak a Boiestown

KINGSCLEAR AND LINCOLN.—In the use of the ordinary means several persons through the year have professed conversion, and have united with the Church. While conscious of much inability, and opportunities unimproved, we still rejoice that the hand of God has been upon us for good, giving us a measure of success and enabling us to report spiritual progress to-day. In all the departments of Church work we have evidence of Divine approbation, and tokens that we have not laboured in vain, nor spent our strength for naught. Members, 62. GEORGE M. CAMPBELL.

GIBSON.—We have been encouraged by the addition of some new members, whom we believe to have been truly converted to God. The week-night prayer and social services have been a source of blessing to our people, and we feel assured that the greater part of our membership are living in the enjoyment of more of the Divine favour. Our congregations are good and attentive. Our friends on the circuit are determined to do all in their power; and we are convinced if this circuit is nursed tenderly by the Missionary Conmittee for a few years longer-it is now only four years of age-it will be a most desirable and independent circuit. We have found good resulting among the families of our adherents from the distribution of the catechisms, and catechising them at our visitations; it has opened a way of speaking to them of Christ which would othewise have been closed. NASHWAAK AND STANLEY.—The regular Sabbath services have often been blessed with the approval of God by the presence of His spirit. In several instances penitents have solicited an interest in the prayers of God's people. Special services were held on two parts of the circuit accompanied with salutary results. Stanley, where for the first time special services were held under the auspices of the Methodist church, received much spiritual profit. As the result a new class of fifteen members has been formed. At the Tay our membership has been increased by the addition of thirteen. It is with gratitude to the Great Head of the Church that we are able to report the conviction that the Methodist interest on the Nashwaak and Stanley circuit is in a prosperous and growing condition. Members, 152; added, 15. R. W. WEDDALL.

BOIESTOWN.—We commenced holding special services at the Ridge. These services resulted in the conversion of quite a number of young men usually spending their winters in the woods. From the Ridge we went to Campbelltown; here we were also blessed with a gracious outpouring of the Holy Spirit, as manifested in the conversion of sinners and quickening of some already converted. After gathering these and those at the Ridge into classes as well as we could, we next sought the continued blessing of the Lord whilst we resorted to the same special agency for revival at Boiestown, nor were we disappointed. The communion rails of our church were soon filled with anxious seekers of salvation, most of whom soon found peace through believing, and the smile of joy soon irradiated the countenance where lately flowed the tear of contrition; here also a class was formed, which has since regularly met. Members, 88. W. W. COLPITTS.

KESWICK.—Our hearts have been gladdened by the conversion of souls from sin to God, and saddened by the knowledge that some, who years ago promised well in the Christian life, are now found amongst those who serve not God nor obey his commands. At Caverhill we have formed a society with thirty-six members, all of whom meet in class, and have a church in course of erection intended to seat about 200 persons. Total members, 107; on trial, 10; Increase, 31. THOMAS MARSHALL.

GRAND LAKE, WEST.—Employed in the capacity of local preacher on this circuit during the past year, we have endeavoured to labour for the glory of God and the good of souls. Our people have been constant in their attendance at the sanctuary and attentive to the word preached. The class and prayer-meeting have not been neglected, and have been the means of great good. Members, 22.

F. S. ROGERS.

GAGETOWN.--Class-meetings, prayer-meetings, and the ordinance of the Loid's Supper have been particularly profitable. We need a copious outpouring of the Holy Spirit, and some of our people are desiring and praying for it. Members, 58; transferred to Kingsclear Mission, 16. JAMES A. DUKE.

WOODSTOCK.—The spiritual state of this circuit is, in many respects, satisfactory. Souls have been converted, backsliders reclaimed and believers built up in the faith. The classes in Woodstock and Northampton have been well attended, while in Hay Settlement and Benton it has been found impossible to sustain class-meetings at all. Prayer-meetings have been regularly attended; and the public preaching of the Word has been attended by large and attentive congregations. After dropping on account of neglect of class, removal, and death, 25, we report a membership of 118. C. H. PAISLEY.

CANTERBURY.—Members, 48; grant, \$100. (No report.)

JACKSONVILLE.—We have been much favoured with the smile and blessing of Almighty God. Our hearts have frequently been cheered by seeing some, both young and old, in our congregations accepting salvation. The class-meetings have often proved "seasons of grace and sweet delight." God has also been pleased to bring, in the prayermeetings, souls to a saving knowledge of Himself. While we have sometimes had difficulty and trial, we are still enabled to "thank God and take courage." Members, 110. ROBERT S. CRISP.

RICHMOND.—As we entered upon the duties of this circuit a year ago, we found ourselves among a people who had been visited with a most gracious revival throughout the entire Mission. Many were the monuments of the Saviour's converting and redeeming power. It is our great joy to report that no serious declensions have taken place, the walls of our Zion, after the assaults and trials of the year, stand without a breach. The class and prayer-meetings have frequently been "seasons of grace and sweet delight." Two new settlements have been added to our list of preaching places. The outlook on these recently acquired appointments is hopeful. Members, 105.

WILLIAM HARRISON.

FLORENCEVILLE --Those who united with our Church the previous year have, with a few exceptions, given evidence that they were cleaving to the Lord. Last autumn special services were held at Summerfield, with very encouraging results. Believers were quickened, wanderers were brought back to the "fold of God," and a few profess conversion. At Lakeville during the winter there was a blessed work of grace. By it some families who had neglected the ordinances of God's house were brought under their gracious influence. Quite a number of persons, more than half of them heads of families, after having given themselves to Christ, united with the church. Some of these have become noble workers in the Master's vineyard. Members, 140; on trial, 5. J. J. COLTER.

ANDOVER.--We report steady advancement in our church interests. Prayer-meetings have been regularly kept up and well sustained. There has been an increase in the attendance upon the Sunday services. During the winter special services were made a great blessing to the membership of our church, and souls were added thereto. Members, 38; on trial, 3. JAMES CRISP.

UPPER KENT.—The congregations, in general, are good, and the people seem to appreciate the services conducted among them; and Christ verifies his promise of Divine presence with those who meet together in His name. We cannot speak of any special manifestations of blessing in the conversion of sinners, but we are not without tokens of Christ's power on earth to forgive sins. Members, 67.

ARTHURETTE.—The year has, in some respects, been a successful one considering that it is the first year it has been such. We have held special services for five weeks, which have resulted in the conversion of some fourteen souls. TINTRAMAR.—We have a wide extended Mission to travel which requires a great deal of labour. Though we have not seen that for which we have watched and prayed, yet we have been encouraged, especially of late, in our work. I have travelled, on an average, fifty miles a week, and preached four times, besides making over 740 visits, praying with and speaking to the people on personal religion. POINT DE BUTE.—The Head of the Church has visited the assemblies of His people, making His public worship a delight. Two regular weekly prayer-meetings are well sustained. Five classmeetings are in a healthy condition. We believe that the four lovefeasts during the year quickened the piety of many a follower of Christ. The covenant services were specially blessed to the assembled worshippers. Special services during several weeks of last autumn were held, during which time the spirit of the Lord rested upon the people, and great good was the result. Members, 112; one died; 7 removed.

DORCHESTER.—At Dorchester we have instituted cottage meet ings, not, as we hope, without some benefical results. At Rockland, during the latter part of the winter, some special services were held, which were instrumental in quickening believers and in begetting in a few others a desire to flee from the wrath to come. And with our people in Dover we have had some seasons of refreshing and divine comfort. Members, 53. CHARLES COMBEN.

HOPEWELL. Nothing has arisen to mar our peace or divert our attention from the higher interests of the soul. Our congregations are excellent, our several services well attended, and we are glad to feel that as a Mission we are on the upward grade. Members, 150. ROBERT WILSON.

HILLSBORO'.—At Hillsboro' village our class meetings have been well sustained in numbers and spiritual growth. In the early part of the year a Bible-meeting was organized for the study of the Holy Scriptures, and held fortnightly, composed of members of the Church and congregation. The attention and interest given by our young people to their means of grace are causes of encouragement and hopefulness. All our Sabbath services have been well attended, and our congregations are largely composed of members of other churches.

C. W. DUTCHER.

HAVELOCK,—Our meetings have been marked by the presenced and power of the Holy Spirit. A few persons in almost every place have been heard asking the way Zionward; and a few have found forgiveness through Christ. Some very blessed meetings of a social character were held at New Canaan. A few were led to put on Christ publicly for the first time, and the Church was quickened and warmed. We have now a well-conducted Sabbath-school there, and our services are very delightful. ST. ANDREWS .- For some years the Methodist Mission in St. Andrews has been in a very low spiritual state, but, we are thankful to say, that there are indications of a better state of things at the close of the year. The hopeful signs are seen in a much larger attendance on the preached Word than for some time past. Our prayer-meetings at the close of the Sabbath evening public service are seasons of comfort. The class-meetings and the sacraments are not neglected, and our members are rousing themselves for fresh endeavours for God. We have formed a new quarterly board, filled up our church trust, renoverated our church at a cost of some \$250, and have a small increase in membership. Members, 30. F. W. HARRISON.

ST. DAVIDS .- In the autumn special services were held at Upper St. Davids, but they were not attended with any visible results. In the months of February and March union meetings were held at Oak Bay and the Ledge, which proved a blessing to both Methodist and Baptist Churches in those places. Quite a number professed to find peace with God, and expressed their determination to lead new lives. Eleven have been received on trial for church membership, while some who professed to be blessed at those services have not connected themselves with any church, and a few others have removed from the place. GEORGE HARRISON. Members, 94.

ST. JAMES--Our labours have not been unfruitful. God revived his work during the winter on Pomeroy Ridge and added several to the church, such, we hope, as shall be saved. The spiritual condition of the larger part of the Mission however is still to be deplored. We have endeavoured to keep up our regular appointments, and benefit the young in Sabbath-school work. BOCABEC.—It rejoices my heart to be able to report that the work of God has been revived in several parts of this extensive Mission field. The year has witnessed considerable addition to the church for which we are devoutly thankful. The tuture prospects are good. Members, 83.

DEER ISLAND.—Our prospects at the present time are much brighter than they were at the commencement of the year, and a great deal of the prejudice against Methodism has passed away. Our services are well attended and the social and class-meetings have been seasons of spiritual blessing. At Chocolate Cave, the chief part of the circuit, we have been labouring under difficulties, owing to the want of a place of worship, but in a few months we hope to effect a remedy in this respect as we are now engaged in erecting a church. POWNAL.—Our congregations at all our appointments are large and attentive. Our Sabbath-schools are doing excellent work. Two or three of our people have died happy in the Lord during the year. Finances are discouraging, as some of our best supporters have felt much the pressure of hard times. Removals, 3; deaths, 3; members, 107. WILLIAM MAGGS.

SUMMERSIDE — We have six classes meeting with their respective leaders and showing a goodly degree of spiritual life. Notwithstanding the removal of several from the circuit, we are enabled to report a net increase of 10 full members and 30 on trial. J. F. BETTS.

EGMONT.—We possess visible proof that an interest is felt in the growth and spread of Methodism such as we have never seen through any previous period of our ministery on that circuit. We feel safe in

cv

saying that their love for Methodism far surpasses their financial ability. This circuit in its infancy, struggling with these difficulties, claims, "and justly so," not only the sympathy of the more prosperous parts of this district, but the more tangible proof of that charity which should begin at home. Members, 20. HENRY PENNA.

MURRAY HARBOUR.—We have had evidences of the readiness and power of God to save. Evidence that our labour has not been in vain in the Lord. Large congregations have attentively listened to the preaching of the word, and it seems to me, that the gospel has resulted more in restraining the people from outward vice and wickedness than in direct conversions. Special services were held that it might become the power of God unto the salvation of the people. These services, together with pastoral visitations, resulted in the quickening of believers and the addition of seven to the membership of the church. Two Sabbath-schools are kept in operation about nine months in the year, superintended by the minister. The International series of lessons is used. About 90 learn the catechism; 90 scholars; 6 teachers. We have endeavoured to act upon the Saviour's admonition "Feed my Lambs." A. E. Le PAGE.

SOURIS.—At Souris itself the number calling themselves Methodists is very small, while the congregation is large. At Marie a great interest in religion has been manifested, and the congregation is steadily growing. I formed a class-meeting there early in the winter, which has proved a blessing to many. Family prayer has been revived in several houses, and I have reason to believe that some have experienced a change of heart and life. I held special services for several weeks in Dundas, kindly assisted a part of the time by Bro. Lodge. There was a quickening of devotion that had been growing cold, and two or three joined the class-meeting. Dundas requires more attention than I could give it. The circuit is too large to be worked satisfactorily, and too poor to be divided. The membership is 46 ; on trial, 14. W. R. KNIGHT.

ALBERTON.—With much thankfulness we record God's mercies to us during this year on this station, your Missionary has sought to make it a year of diligent labour for the glory of God. The Sabbath services have been well attended, as also the weeknight-meetings in most of the places. The class-meetings have been held with as much regularity as possible among a people so scattered, and often were seasons of refreshing. A few of our senior members have died during the year, but their evidence of acceptance was clear and their hope bright. I close this third year with regret, but thanking God that He made this people precious to me, so they will long be an object of my prayers. Preaching services besides other meetings, 160; miles travelled for circuit work, 3000; pastoral visitations, 500; present number of members, 123; on trial, 3.

BONAVISVA-—The congregations are good, most of the classes are particularly well attended, and very great has been our pleasure and profit while meeting the members for the renewal of tickets. Members, 316; on trial, 73. JOHN REAY.

TWILLINGATE.—We feel it our duty to record our sense of gratitude to Almighty God for the many tokens of His presence and approval of our labours during the past year. In the early part of the year a special and gracious measure of the Holy Spirit's influence was poured upon our people, about 50 professed to experience a saving change, most of whom have joined our classes and continue to walk consistently. Members, 183; on trial, 30. WILLIAM SWANN.

BURIN.— The past year has been one of much anxiety and pain, as our people have suffered greatly from poverty, nevertheless we have been cheered in our pastoral visitation to find that our labours have not been in vain in the Lord. Number of members, 286.

GRAND BANK.—In presenting our annual report it is incumbent upon us to express profound gratitude to Almighty God for distinguished favours amid the prevalence of disease and death. During the last six months, diphtheria has entered the homes of several of our families, and twelve have fallen a prey to this terrible disease. In addition to the above, another has died who was the first convert in the place, whose Christian character has been truly beautiful, and who for more than sixty years had been a faithful witness for Jesus. Number of members, 85; on trial, 10. SOLOMON MATTHEWS.

FORTUNE.—The cloud which overhung this place at the beginning of the connexional year has been dispersed, and with the return of good health of our community we have also enjoyed a renewal of spiritual health, for which we thank God and take courage. Number of members, 100; on trial, 69. JABEZ HILL.

PETITES.—The eleven places along the coast stretching over a distance of from 40 to 50 miles have been regularly visited, and though some have treated the Gospel message with indifference, others have received it with joy and gladness. Number of members, 45; on trial, 12. JOSEPH PARKINS.

CHANNEL.—That the services of the sanctuary have been appreciated is evident from the large number regularly in attendance, and the results prove that the seed sown has not been altogether in vain. Bay St. George was visited in September; the love-feast held on the Sabbath after our arrival will long be remembered. Number of members, 44; on trial, 6. G. P. STOREY.

EXPLOITS.—In the fall we held special services, and several souls were saved, others went to their winter quarters in the Bay with wounded spirits. During my visit there in February, I found that in eight places God was saving souls. In the dead of the night the cry for mercy was heard from tilt to tilt, and the dockyard by day sounded with the voice of praise and prayer. Number of members, 80; on trial, 50. JOHN PRATT.

GREENSPOND.—Many of the members have made considerable advancement in the Divine Life, and are seeking the blessing of Christian perfection. We have had many indications that God is with us. New doors for Christian work are open, and we are endeavouring to enter in to tell "the old, old story." Number of members, 344; on trial, 34. CHARLES MYERS.

MUSGRAVE TOWN.—By the blessing of God, I am enabled to report an improvement in this Mission. We have six class-meetings regularly; a few have been gathered into the church and many more are anxiously inquiring their way to Zion. Number of members, 58; on trial, 8. J. A. JACKSON.

FOGO AND CHANGE ISLANDS.—In every place where we have preached the Gospel souls have been saved and God has been glorified. Our cause is stronger and more healthy on this Mission than it has ever been before. The new church at Fogo is quite finished and out of debt. Members, 180; on trial, 40. THOMAS W. ATKINSON.

HERRING NECK.—Our congregations have increased and the public and private services have been mastered by the special power and presence of God. The seed has not fallen by the way or on the stony ground. Members, 42; on trial, 28. WILLIAM JENNINGS.

MORETON'S HARBOUR.—My visit to Burnt Bay this spring was a lengthened one, extending over six weeks, during which time we witnessed such displays of God's power to save as we never did before. Sinners of every age from about eight to eighty-three cried aloud for mercy, and many were made happy in Christ. Members, 70; on trial, 92.

LITTLE BAY ISLANDS.—Although the spiritual state of this Mission is not all that we would desire, we have, nevertheless, had many cheering tokens for good. About the middle of February a gracious work began on the Little Bay Islands in connection with the ordinary means of grace. At Roberts Arm, in a studded Church, we preached to crowds of eager listeners. Here 65 souls stepped out of darkness into the marvellous light of God. Members, 150; on trial, 83.

R. BRAMFITT.

TILT COVE.—The outlook is hopeful. The opening of our new church at Bett's Cove, and the erection of school chapels in most of the outposts of the Mission, will give opportunities of opening up to our people the advantage of our regular and special public and social services, and with God's blessing our cause will doubtless become more and more established and fruitful. Members, 130; on trial, 6.

G. J. BOND.

ST. ANTHONY.—The failure of the fisheries on this part of the coast during the past year has plunged many into the depths of poverty. But under the blessing of God our number still stands good, and some of the best specimens of genuine piety I ever remember seeing are to be found on this Mission. Members, 107; on trial, 17.

W. B. SECOMBE.

FLOWER COVE.—In working this Mission we have found it impossible to do justice to the great work we have in hand. We have travelled the coast from Flower Cove to Quirpor eight times, each tour entailing more than 120 miles. Although we found the Flower Cove Mission sufficient to tax our best energies, yet, we felt it to be our duty to visit Red Bay (Labrador), which we managed to do three

BONNE BAY AND BAY OF ISLANDS.—The failure of the fishery, with the high price of provision, have almost brought some of our people to the verge of starvation, but in all God has proved to be a refuge and strength. Bonne Bay is sufficient for one man. The society has more than doubled, and we earnestly pray it may be enabled to keep "the unity of the spirit in the bond of peace." Members, 58; on trial, 22. THE FOLLOWING REPORTS WERE ADOPTED BY THE GENERAL CONFERENCE :---

To the Reverend Chairman and Members of the Central Board of the Missionary Society of the Methodist Church of Canada.

SYNOPSIS OF REPORT AND STATISTICS, 1878.

OUR oldest Missions to a pagan people are to be found on the Indian Reserves of the Province of Ontario. The influence of Christianity upon the various tribes has been so extensive, that only in a few places are to be seen specimens in pagan dress, manners, and usages of what the Ojibways, Oneidas, Munceys, Delawares, and Pottawatomies were some fifty years ago. During the last four years but little change has taken place either in the numbers, Missions, or Missionaries in Ontario. The Missions have all been maintained with vigour and success.

Two visits have been made to the north shore of Lake Superior, with spiritual profit to the Indians who come every spring from the interior to trade at the Hon. Hudson Bay Company's post at Michipicoton. The appointment of an agent of the Society, who understood their language, would be a great blessing to these wanderers, who literally have no settled habitation. A man of endurance and enterprise should be specially charged with the spiritual interests of the people at Batchewana Bay, the Pic, and Michipicoton. who, notwithstanding their very occasional visits from Missionaries, still prefer and profess their adherence to the Methodist Church.

Of the Mount Elgin Industrial School favourable report can be made, although the Board have just reason to complain that the departure of the Indian Department from the original agreement, of making provision for fifty resident pupils, has entailed great expense upon the Society, never anticipated when the enterprise was first started, now extending over twenty-five years. Whatever improvements in social, agricultural, or mechanical life may be manifest among the different bands, portions of whose annuities have been given up for the maintenance of the Institution, may be traced to the training Indian youth have there received.

Domestic Missions.

The Missions formerly known as existing in the Hudson's Bay Territory, now in Keewatin, have received much attention from the Board; that at Rossville, Norway House, has been diminished in size by the formation of another reserve at Fisher River, on the shores of Lake Winnipeg, about eighty miles from Selkirk. The immigrants from Rossville amount to two hundred, all adherents of our Church, but inefficiently supplied with religious ordinances, dependent upon a native teacher, with an occasional visit from the resident Missionary at Beren's River. Sheer poverty has prevented the Board from the expenditure, so pressingly needed, for the formation of a Mission, and the recommendation of an ordained Missionary to take charge of this branch of our spiritual household. Beren's River, Oxford House, and Nelson River have repaid the labourers' toil who have sown the seed of the word, which has given fruitful evidence of having

fallen into good ground. Since the meeting of the first General Conference, the Board and the Methodist Church have been called to mourn over the mysterious death of the Rev. George McDougall, the Chairman of the Saskatchewan District. Self-denying, brave, and enthusiastically devoted to the great work of saving souls, his loss is greatly felt amongst all the Indians in that vast territory. They had unbounded and child-like confidence in his love for their race, and in his wisdom to guide them in whatever affected their interests for both worlds-present and future. His place has been supplied by his worthy son, the Rev. John McDougall, whose work at Morley and its surroundings presents features of interest and encouragement, confined principally to the Stoneys and Crees, with an occasional visit to the Blackfeet and to Fort McLeod, where he has succeeded in opening a day and Sabbathschool by one of the Society's most valuable agents. The prosperous Mission at White Fish Lake maintains its interesting features of a happy and Christian community; but the alterations in progress, created by the transition state of the Indians and the expected opening of the territory for settlement, will call for the most careful attention of the Central Board for some time to come.

In the Report of 1874, the Missions of Fort Simpson and Naas, in British Columbia, had no place; within this period a commodious Sanctuary and Mission House have been completed at Fort Simpson, a large day-school established, a Methodist Church of 252 members has been formed; and at Naas and other places within reach of the Missionary labouring there, many have been converted to God, some of whom voluntarily spread themselves abroad to preach that

gospel to their pagan fellow-men, which has been made the glorious instrument of their own salvation. The calls for Missionaries along this coast, and from Queen Charlotte Island, are loud and affecting.

The Mission to Japan continues to be favoured with such tokens of the Divine blessing as excite our gratitude, and tend to increase the confidence of many who have subscribed largely to its maintenance. The brethren to whom have been solemnly committed the responsible and honourable task of laying the foundation of our Zion amongst those interesting people, have proved themselves faithful, zealous, and successful ministers of the word of life, and God has accompanied the elevation of the cross with the "drawing" influences the Saviour himself declared should ever attend His being "lifted up" as the only hope and refuge for perishing sinners. In addition to the membership constituting Christian churches at Tokio, Shidzuoka, and Numadzu, the Head of the Church is raising up a native ministry, men who have gifts as well as grace, to publish to the millions around them, "in their own tongue, the wonderful works of God." Five candidates for the ministry have already been received on trial, and others are being trained, according to our disciplinary usages, for the same holy work. A visit from Mr. Eby to Nambu, during the year, awakened such a lively interest in favour of the Gospel that it has resulted in his taking up his residence at Kofu, the capital of the Province, by their own earnest entreaty, where he has cheering openings, among thousands of these benighted people, of sowing "the seed of the word " with every certainty of an abundant harvest : for, where there is a good soil for this to fall into, heavenly influences coming down upon the people as rain upon mown grass,

"Watered by *His* Almighty hand, The seed shall surely grow."

We are glad to say that the sisterhood of the Mission families are diligent Christian workers, and are exercising a good influence upon Japanese women and youth, to whom, in their different localities, they have access.

The German Missions have not been increased in number; they are confined now to Hamilton, Preston, and Paris, in the West; and Renfrew, Thorne, and Eganville in the East. These places are supplied by three Missionaries, whose labours are much appreciated by the people, and whose ministrations have been blessed in the conversion of souls, and in building up the followers of Christ in the faith of the Gospel.

Domestic Missions.

[1877-78.

Missions to the French in the Province of Quebec have been blessed with prosperity, notwithstanding the formidable hostilities which, in various shapes, have to be contended with. The Lord is raising up agencies, great and effectual, for any place or work we may have for them. Is is to be regretted that the means at the disposal of the Central Board are too limited to allow of all the open doors for the introduction of Protestantism being promptly entered.

In the Missionary Districts the work amongst the new settlers is enlarging, especially in Manitoba, where we have now ten Missions and nine Missionaries. The tide of immigration to this fertile province and the territory beyond it, capable of sustaining millions of people, is sure to flow rapidly for many years to come. This great country will, doubtless, be carefully remembered by the Central Board and the appointing power of the Methodist Church.

With reference to the wide field over which are spread the Domestic Missions of the Church, in the Upper and Lower Provinces, the Society's Missionaries have laboured with fidelity and zeal; nor have they been without evidences of success. In the more eastern part of the Mission field both exposure and danger fall to the lot of the worker, but, cheered by the warm and friendly greetings of the lonely lumberman, or the hardy and adventurous fisherman; but, above all, animated and borne up by the presence of a covenant-keeping God, the task assigned them has been energetically and perseveringly completed. The brethren in the North may justly vie with those in the East as to who should have the palm for contending with physical difficulties. It is the pleasant duty of the Secretaries to state-so far as the Missionary Department is concerned--but very few difficulties have occurred, and those of a nature easily adjusted. The uniting of the two bodies of Methodists in the Upper Province has been most harmoniously accomplished, and during the past four years ministers and people have unitedly been worshipping and working as though they had never occupied other than one position in the Lord's vineyard. Whilst regretting the inability to enlarge the boundaries of the Church to the extent to which openings have been presented, and loud calls for help have been heard, they cherish the hope that better times are not very distant, when the treasury of the Lord shall be greatly replenished, the incubus of a large standing debt removed, and every part of the Missionary field relieved from any just complaint or personal suffering. To God be all the glory for the good already done; and to Him we look for future guidance and spiritual triumphs.

I.-Comparative Statement of Annual Income and Expenditure.

NOTE. - This deficit is reduced by a balance brought over from 1873-4.

The foregoing statement shows a falling off-though not large-in the income from ordinary sources, and the usual fluctuations in that from miscellaneous sources. In subscriptions and collections the difference between 1874-5 and 1877-8 is \$3,648 67; but when we remember that this has occurred during a season of the heaviest commercial depression that Canada has ever known, the only wonder is that the decrease has been so small. Then in juvenile offerings there has been a steady decrease, falling from \$22,051 81 in 1874-5 to \$16,753 32 in 1877-8, or a difference of \$5,298 49 ; this is a significant fact, and calls for the serious attention of those who have the charge of Circuits and Sunday-schools. The income from legacies is, of course, always uncertain, and should never be taken into account in making the appropriations for any year; the amount for the first and last years of the period is almost precisely the same (\$456 50 and \$469 50), but in 1875-6 the income from this source suddenly rose to \$10,209. while in 1876-7 it was \$3,423 67. Considerable fluctuation is also observable in miscellaneous income, being less in 1877-8 than in any

1877-78.]

[8.] Synopsis of Report and Statistics.

The large deficit on the quadrennial period calls for some explanation :---

First, in regard to the deficit of 1874-5, amounting to \$38,000; this is attributable chiefly to three causes:

1. Expenditure consequent on the Union.

2. Increased expenditure on Mission Districts.

3. Increased Miscellaneous expenditure.

In other words, there was paid to the former "New Connexion" work in excess of income from the same source, \$4,957.69, to the Eastern Conferences, \$3,881.40, to Mission Districts (chiefly on account of Indian Mission premises, begun one or two years before), \$10,550.72, to the Montreal Conference an increase of \$4,550.41, and on Miscellaneous expenditure (chiefly on account of the Mount Elgin Industrial Institution), \$8,181.69; these items alone aggregate over \$32,000. The balance being accounted for by falling off in income and smaller items of expenditure scattered through the various Conferences.

In 1875.6 there was an unusual increase of income from Miscellaneous sources, and a decrease of expenditure, by which the debt was reduced to \$25,338.70.

The next marked increase in the debt was in 1876-7, when it rose to the aggregate of \$53,597.70, or an increase of \$28,257, and occurred in this wise : when the Central Board met in the Autumn of 1876, it was found that the sum at the disposal of the Board would give the Missionaries only 50 per cent. of the grants which the Board thought they should receive. That the Missionaries should suffer this heavy discount was felt to be neither reasonable nor righteous, and hence it was proposed that the Treasurers be authorized to advance an amount sufficient to pay 662 per cent. of the appropriations, in the hope that the Church would come to the rescue, and provide the necessary funds. This hope, we regret to say, was not realized : the income instead of advancing, fell from \$162,639.73 to \$145,998.92, a difference of \$16,640.81, chiefly in legacies and other miscellaneous items. This, added to the increased expenditure authorized, makes the amount of the year's deficiency \$28,257.

In regard to the further increase of debt in 1877-8, amounting to \$9,498.12, the explanation is simple. In the first place, the income shows a decrease of \$4,523.80; on the other hand, there are certain items of annual expenditure which must be paid, such as Interest, Discounts, cost of publishing Reports, Allowances to School

Teachers, Interpreters, &c., &c., but the appropriations made by the Board last autumn, for several of these items were quite below the mark, and hence, in a number of cases, payments had to be made in excess of the sums placed at the disposal of the Committee of Finance; add to this the fact that nothing was left in the hands of the Committee for Emergencies arising during the year, and the entire amount of the increase of the debt is fully accounted for.

FURM OF A BEQUEST TO THE METHODIST MISSIONARY SOCIETY, AND THE LAW COVERNING SAME.

FORM.

I give and bequeath to THE MISSIONARY SOCIETY OF THE WESLEYAN METHODIST CHURCH IN CANADA the sum of \$ out of my pure personalty, to be paid, expended, and applied by said Society in the aid and support of the Missionaries upon the different Mission stations of said Society, and the receipt or receipts of the Treasurer or Treasurers of said Society for the time being, shall be a sufficient discharge to my Executors. And the published journals of the GENERAL CONFERENCE OF THE METHODIST CHURCH OF CANADA shall be sufficient evidence of authority upon which the said Treasurer or Treasurers may demand and receive payment of said bequest.

N.B.—In the Province of Ontario a devise of lands or tenements or interest therein may be made to any religious Society or Corporation of Christians if made at least six months before the death of the testator, so that, however, the annual value of the lands of said Society shall not at any one time exceed one thousand dollars. This may possibly give the Missionary Society power to take land by devise, and if so, the devise may be in the following form :—

FORM.

I give and devise unto THE MISSIONARY SOCIETY OF THE WESLEYAN METHODIST CHURCH IN CANADA all and singular [describe the lands as accurately as possible], to be held by the said Society upon the trusts set out in its Act of Incorporation.

[It will be advisable, however, where possible, that any gift to the Society shall be in money—not payable out of land, or in any way charged upon land thus preventing any doubt or trouble. ALL WILLS must be in writing, signed by the testator at the foot or end, or by some other person in his presence and by his direction, and such signature must be made or acknowledged by the testator in the presence of two or more witnesses present at the same time, who shall attest and subscribe the will in the presence of the testator.]
