American Notes But Other "Scraps of Paper"

British Comment on Lusitania Finding and Attack on the Orduña—Washington Believes Her Position Strengthened

London, July 19.—The morning newspapers commenting on the judgment of the court of inquiry into the Lusitania disaster, and the attack by a German submarine on the Canadian liner Orduña, characterize the latter as proving that Germany cares nothing for the American protests against Germany's warlike.

The Daily Graphic in an editorial says: "This latest outrage may help convince the American people that the German government attaches no more weight to President Wilson's despatches, than to any other 'scraps of paper.'"

American Position Strengthened

Washington, July 19.—President Wilson returned here early today after an absence of nearly a month to take up for immediate consideration with Secretary of State Lansing and other members of his cabinet, the situation between Germany and the United States.

The president was to discuss formulation of the policy which the United States intends to follow as a result of the last German note. A tentative draft of the American answer has been prepared and will be submitted to the cabinet tomorrow and the revised draft probably cabled to Berlin before the end of the week.

Official advice still being awaited today as to the circumstances of the German submarine attack on the British steamer Orduña, carrying a dozen American passengers. The fact that the liner carried no munitions nor contraband, leads officials here to believe that the position of the United States as outlined in its previous notes, has been considerably strengthened. It bears out the officials say the American contention that the character of the vessel and cargo can be ascertained only by search.

Reported Austrian Plans

London, July 19.—The Morning Post Budget correspondent says the Austrian government contemplates following up its note to the American government with a scheme for the mobilization of American Austrians and Hungarians of whom there are a million in the United States, so as to interfere with manufacture of war materials.

AT ST. PETER'S CHURCH

Rev. Simon Grogan, C. S. R., of St. Peter's will leave this evening for Toronto. He has been transferred to St. Patrick's church. He is also appointed consultant to Vice-Provincial Mulhall, C. S. R. Father Grogan came to St. Peter's church three years ago from the Mission Church, Roxbury. He was formerly stationed in Toronto and is therefore going to a parish where he is well known. During the three years at St. Peter's he has made many friends who sincerely regret his departure.

Rev. Father Costello, C. S. R., the new rector, arrived in the city on Saturday evening accompanied by Rev. J. C. O'Hare, C. S. R., who is to replace Rev. E. Walsh, C. S. R., who was recently appointed rector of St. Augustine's church, Brandon. Rev. J. C. O'Hare, C. S. R., who is succeeding Father Grogan, also arrived in the city on Saturday.

ATTACKED IN MILL STREET

Isaac Goldberg came near falling the victim of a highway robber on Saturday night while passing along one of the busiest sections of the city. He was walking along Mill street past North when a man sprang on him and dealt him a blow on the head with something hard. He was fortunately only partially stunned and cried out loudly for the police. His would-be assailant dashed north street and escaped.

Mr. Goldberg's hat was badly crumpled from the blow. He is well to do junk dealer.

CAPT. STURDIEE SLIGHTLY ILL; NOT WOUNDED

Remarkable Week's Work in Montreal Brings Excellent Results

Montreal, July 19.—As a result of the most remarkable week's recruiting campaign that has ever been known in Montreal it is announced by Major J. O'Donoghue, that not only had the 60th Battalion for active service, but that sufficient reinforcements had been secured to enable the ten per cent base detail for reinforcements. This leaves only the additional reinforcement company of 300 men now to be recruited, and it is expected that this number will be easily secured as a result of the hard work done during the week.

A sign of what may be expected, was shown by the fact that yesterday, although it was Sunday, and the big campaign had ended, twenty-five men volunteered.

The 60th Battalion was authorized only in June, and during last week recruiting meetings were held in the open air all over the city.

H. A. LYNNAM IS SERIOUSLY HURT

Injured in Automobile Accident This Morning at Renforth

Harold A. Lynnham, of Northrup & Company, was seriously injured this morning by being struck by an automobile driven by J. Herbert Emery. Mr. Lynnham was driving a motor car and was generally shaken up. It is too soon to tell how his injuries will be, but his condition is regarded as serious.

From the stories of witnesses, it would appear that the accident was unavoidable on the part of the driver, and no blame attaches to Mr. Lynnham.

Mr. Lynnham, who resides in the summer with his brother-in-law, I. N. Northrup at Renforth, was leaving the hill to catch the subway train which was already at the station. He was hurrying across the road to reach the track. A milk wagon was standing in front of the house, and he passed to the rear of it and jumped into the middle of the road, right in front of the automobile.

The instant Mr. Emery saw him he swung the car around, but it was too late to catch the subway train which was hurrying across the road to reach the track. A milk wagon was standing in front of the house, and he passed to the rear of it and jumped into the middle of the road, right in front of the automobile.

The effort of the driver to avoid the collision, swung the car into a ditch. Mr. Lynnham was thrown from the car and landed in the ditch. He was hurled to the ground, the car striking him and the front wheel passing over him.

With Mr. Emery in the car were W. C. Brown, Harry Barnum and Mr. Northrup. Mr. Emery was driving the car, and was too much overcome by the occurrence to proceed to business.

W. C. Brown, who was in the car, tells the accident as follows: "We were coming along at a moderate rate, and when we reached Renforth Mr. Emery sounded the horn and then slowed down. A milk wagon was standing in front of Mr. Northrup's house, and we did not see any one coming from the house until Mr. Lynnham came suddenly around the tailboard of the wagon and was in the road right in front of the car. We were almost on top of him, and although Mr. Emery tried every effort that could be done to avoid striking him, it was impossible to dodge quickly enough and, almost before we knew it we were over him.

Mr. Emery has the reputation of being one of the most careful drivers on the road, and it was only the exceptional circumstances which made the accident possible.

HEAVY LOSSES BY AUSTRILIANS DAILY

Try Desperately But Vainly Against Russians—General Notes From the Front

Geneva via Paris, July 19.—An Innsbruck despatch to the "Tribune" says: "The Austrians in Sokol region are making desperate but vain attempts to drive back the Russians. The daily losses of the Austrians are very heavy."

"On the Danube front, the Russians are resisting desperately the Austrian advance north of Horodenka, where the Austrians gained a partial success, succeeding in throwing troops to the left bank of the Dniester, the Austrians took ground near Jaslovce."

SIXTIETH BATTALION RECRUITED AND SOME MEN TO SPARE

SIX VACANCIES IN OTTAWA COMMONS

Ottawa, Ont., July 19.—The resignation of William H. Sharpe, M.P., for Lisgar to become first Conservative lieutenant in Manitoba, and the anticipated resignation of James Aikens of Brandon, the new Conservative leader from the commons, will make six vacancies in the federal house.

The other seats are—Kings, N. S., by the resignation of A. Dewitt Foster; Prince county, P.E.I., by the death of J. W. Richards; Carleton, Ont., by the resignation of W. F. Garland; and East Hamilton, by the death of Hon. Samuel Barker. No immediate elections may be looked for.

Body In The River; Marks of Violence

Coroner Investigating Death of James Murray, Lumber Drive Worker—Not Seen Since Celebration in Fredericton

Fredericton, July 19.—On Monday last James Murray, an employee of the St. John River Log Driving Co. at Douglas boom, came to the city in a gasoline launch with three companions to witness the Orange celebration. He failed to return in the evening and yesterday his body was found in the river near the Mitchell boom by John Stannick of Upper Mauderville. Coroner George A. Perley of Mauderville found marks of violence on the body, which indicated that there might have been foul play.

He engaged Dr. W. E. Plummer of Oranoc to make a post mortem and decided to hold an inquest on Thursday. Murray was married; about thirty-five years old and hailed from Stanley. He had been employed at the Douglas boom for about five weeks. Previous to that he worked on Randolph & Baker's drive. He was accompanied to the city on Monday by three boom employees, who returned home late in the evening. One of them is said to have admitted that Murray had been drinking and had been in a fight. These men are still at the boom and will be called upon to testify.

Mrs. Sarah Chapman, widow of Anthony Chapman, for many years coachman at Government House, died yesterday. She leaves one son and one daughter.

There is likely to be quite a smash here for the position of Indian agent, vacated by the death of N. J. Smith. The place is worth \$550 a year.

The New Brunswick Medical Society will meet here in annual session tomorrow.

McDonald of the 28th Battery, who has been in hospital here, will leave for Valcartier this evening to join his corps.

NO CHANGE YET IN GOAL STRIKE SITUATION

Miners Now Demand That Munitions Act Proclamation Be Withdrawn

London, July 19.—Reports from the South Wales coal fields indicate no progress in the negotiations for the settlement of the strike, but efforts will be made, at a cabinet meeting today, to find some means of speedily solving the labor problem. It is generally believed in the mining district, however, that no satisfactory way out of the present difficulties can be found, unless the government takes over the mines and operates them during the period of the war.

One of the first things the miners demand is the withdrawal of the proclamation which brings them under the provisions of the munitions bill. They represent the idea of working under coercion and insist they will not consent to it at any price.

It is possible that Mr. Runciman, instead of the munitions court, may conduct the arbitration.

The proposed terms entail some slight concessions on both sides. There seems to be no doubt the cabinet had the proposal before it at today's session, and the outcome of its communication to the miners' committee is accepted as an indication that the ministry ratify the suggested compromise, accepting the proposed way out. This will mean immediate return to work by the men and an undertaking to abide by the decision of the court or Mr. Runciman, whatever it may be.

SEASIDE PARK

Seaside Park is certainly a delightful place to visit in fine weather and yesterday hundreds of visitors of all ages were there and enjoyed the sunshine and the lovely breezes. All ages were represented from the tiny baby in arms to the middle-aged and even the old folks. The tide was making in the afternoon and some who were unfamiliar with the Bay of Fundy habits had occasion to remember their visit and be more careful in future if they don't want a ducking.

There is one matter to which the attention of the management of Seaside Park should be promptly directed and that is to the dilapidated and rather dangerous condition of some of the steps leading to the shore. They certainly need renewal.

KILLS SON AND DAUGHTER AS THEY LIE SLEEPING

MOTHER OF REV. B. H. THOMAS PASSES AWAY

Dorchester, N. B., July 19.—Early this morning Mrs. Hannah Thomas, mother of Rev. B. H. Thomas, Protestant chaplain at the Dorchester penitentiary, passed away. She had reached the age of eighty-seven years and eight months. Death was due to general breakdown. She is survived by one daughter, Mrs. D. W. Warner of Marlboro, Mass., and one son, Rev. Mr. Thomas. Mrs. Thomas had been a consistent member of the First Baptist church in Digby, where she formerly resided and was beloved by all who knew her. The funeral will be held on Tuesday afternoon from her son's residence here. Service will be conducted at the house by Rev. Mr. Freda, of the First Baptist Church here.

SETTLEMENT

London, July 19.—Proposals for ending the strike have originated with the miners. They were sent to London by the executive committee with the sanction of the miners' leaders, who believe they will prove acceptable. It is understood the plan contemplates temporary concession of the demands of the miners' court, which would decide regarding marginal differences between the award of Mr. Runciman and the full demands.

It is possible that Mr. Runciman, instead of the munitions court, may conduct the arbitration.

The proposed terms entail some slight concessions on both sides. There seems to be no doubt the cabinet had the proposal before it at today's session, and the outcome of its communication to the miners' committee is accepted as an indication that the ministry ratify the suggested compromise, accepting the proposed way out. This will mean immediate return to work by the men and an undertaking to abide by the decision of the court or Mr. Runciman, whatever it may be.

DEATH IN MILFORD

The death of Mrs. Ellen Clark, widow of James Clark, took place yesterday morning at her home in Milford. She is survived by one son, James, at home, and seven daughters, Mrs. James Gifford of Milford; Mrs. B. M. Yale, Mrs. W. Herbert and Mrs. Colin Packman of Somerville, Mass.; Mrs. W. Wallace of Milford; Mrs. D. W. Daley of Millidge Avenue and Mrs. Annie at home. Mrs. Clark was well known throughout Milford and enjoyed the esteem of a wide circle of friends.

**LEGAL WIT.**

When Attorney Krauthoff began to address Judge Carpenter in the Rock Island case, an equally distinguished lawyer asked him to speak louder. Krauthoff still failed to make himself heard by his contemporary, who proceeded to move his seat, with the remark: "I haven't heard a word you said. Of course, it may not be important." After an instant of painful embarrassment, he added: "I mean that it may not be important that I should hear."

When Attorney Esterny hurried into court Monday morning from the train a trifle late, a young attorney remarked to an old associate: "Esterny didn't have time to comb his hair." "That's all right," replied the veteran. "He knows he'll get a good trim in here."—The Wall Street Journal.

THE LUSITANIA.

Lord Mersey, a man of much experience in determining the cause of and fixing the blame for disasters at sea, finds, after investigating the sinking of the Lusitania, that Germany alone is to blame.

skilled hands would find use if he were even a small portion of the success that was to attend upon his work.

How many men who should be in khaki are wearing yachting suits?

Have the young men now in Canada less courage than those who have gone to the front?

Recruiting is too slow in the maritime provinces, Quebec and Ontario. This is Canada's war. Where are Canada's men?

The signs point to Roumania being forced into the war ere long. Bulgaria and Turkey are glaring at each other. The Greeks are stirring and Sweden is mentioned as a possible belligerent.

News of the death of Rev. Dr. Lindsay Parker will cause deep regret when it reaches the yachtsmen now on the R. K. Y. C. cruise. He was for several years the revered chaplain of the club.

If the people of these provinces could all visit Valcartier, and catch the spirit of the men under canvas there and chafing to be off to the front, there would be less difficulty in getting recruits.

By vicious attacks upon Sir Wilfrid Laurier the Standard, in its own way, is "doing its bit" to unite Canadians and stimulate them to forget everything but the common duty and the common danger.

A tremendous battle between the Russian and Austro-German armies is said to be now pending. The Russians are still unbeaten, though forced back in some portions of a front that is a thousand miles long.

The Standard says it was the Liberal government in Manitoba that brought on the elections. Does the matter not date back farther than the coming of the Liberal into power? Significant about the trust reposed in the Republican Conservative government is the real reason why an appeal to the people is necessary now.

REGENT DEATHS

Rev. Dr. Parker.

Rev. Lindsay Parker, Ph. D., for many years a prominent clergyman in New York and its vicinity, died unexpectedly here on Saturday night at his home, 202 King street east. For many years he had spent his vacation here, and his interest in yachting lured him each season for the cruise on the river. He became chaplain of the R. K. Y. C. and in this charge became esteemed by all the members. Many here as well as elsewhere will be grieved at his death.

Dr. Parker was born in 1846 in Dublin, Ireland. After concluding his theological studies at the Methodist College, Belfast, he came to America in 1872. In the succeeding years he held various important charges, the most important being the rectory of St. Peter's Church, Brooklyn, N. Y. He was compelled to resign from this in 1910 on account of a nervous breakdown. He visited several sanitariums and also traveled on the continent in an effort to restore his health. Finally he was compelled to give up and he came to St. John in 1910 to spend the rest of his days near his daughter. He was confined to his home most of the five years and during the last two he was bed-ridden. Dr. Parker leaves his wife, Mrs. Frances Reed of Connecticut, one daughter, Mrs. J. M. Robinson, and one son, L. R. Parker of Toronto. He leaves also a sister, Mrs. Lucy Carroll of Belfast, Ireland.

The funeral will take place on Tuesday afternoon from Trinity church.

The dwelling house of Lot Kelly, at Cole's Island, Q. C., was destroyed by fire last Thursday. The owner resided alone in the lower flat, and when a search was made for him he was found dead in a hut close by. He was about eighty years of age and it is thought that weakness and suffocation killed him. He is survived by his wife, who was away at the time of the fire, and one son and one daughter.

Mrs. Frances K., widow of H. S. Parlee, died at her home in Smith's Creek, N. B., on Sunday morning. She is survived by one daughter, Caroline, at home, and two sons, M. H., barrister, in Hampton, and Harvey R., at home.

Mrs. James G. Titus died at her home in Titusville on July 8. She is survived by her husband, one son, E. G. Titus, of Pesseque, two daughters, Mrs. I. D. Pearson, of Lower Millstream, and Mrs. A. M. Ford, of Titusville, also one brother and three sisters.

George Smith, a well known resident of Fredericton, died on Sunday morning after a short illness. He was eighty-four years of age. E. S. Baker, of Fredericton, is a cousin and the only surviving relative. The body was taken to Maugerville today for interment.

Ingersoll Cheese is good for sandwiches. Spreads like butter. Keeps moist and fresh.

A minister of a rural parish in Scotland found one of his flock shooting a hare on the Sabbath, and remonstrated with him. "Macpherson, do you know what a work of necessity is?" "I do," replied Macpherson.

"Well, do you think shooting a hare on Sunday a work of necessity?" "It is that," said the parson.

"How do you make that out?" "Well, ye see, meenister, it might nae be oot on Monday."

When giving sticky medicines to children, dip the spoon in boiling water, then take up the medicine, and it will leave the spoon easily.

LIGHTER VEIN.

"What business are you in?" "The film business."

"Do you manufacture ladies' garments or moving pictures?" "Louisville Courier-Journal."

Employe—Sir, I would respectfully ask you for an increase of salary; I have got married lately.

Manager of Works—Very sorry, Horneyhand, I can be of no assistance to you. The company is not responsible for any accident that happens to its employes when off duty.—Birmingham Age-Herald.

Have women the strength of mind to conduct themselves in politics like men? Could a woman like Caesar, have refused a crown?"

"I think so," said the lady addressed. "Of course she might have tried it on, just to see if it was a fit."

"Madam," said the tattered and torn applicant to the benevolent lady who answered his timid rap at the door, "have you any old clothes you can spare for an unfortunate victim of the European war?"

"I think I have, my poor man, but how does this happen? You cannot have been in this war, surely?"

"No, madam," humbly replied the sufferer, "but my wife has sent all my clothing to the Belgians"—Harrisburg Star-Independent.

An artist and his wife were entertaining some friends to tea in the studio. The host's picture, which had recently been "hung" was the topic of conversation. Said one lady:

"Mr. Vandike, yours was the only picture that I looked at in the exhibition."

Vandike bowed and smiled delightedly. "Believe me, madam," he said, "I appreciate the honor."

But she gave a little start of perplexity. "Honor?" she said. "The others, you know, were so surrounded by the crowd."—Tit Bits.

The Sunday school teacher was talking to her pupils on patience. She explained her topic carefully, and, as an aid to understanding, she gave each pupil a card bearing the picture of a boy being flogged.

"Even pleasure," she said, "requires the exercise of patience. See the boy being flogged; he must sit and wait and wait. He must be patient."

Having treated the subject very fully, the teacher, in the simplest, most practical question: "And now can any little boy tell me what we need most when we go flogging?"

The answer was quickly shouted with one voice: "Bait!"

BORDEN REVIEWS 2ND DIVISION Captains Sturdes and Morgan Wounded? Need of Machine Guns - Search For Captain Moore Premier Borden reviewed the second Canadian contingent at Shordcliffe on Saturday and afterwards addressed the officers, wishing them Goodspeed. In a letter to his father, Lieutenant Stewart Ryder of the 12th Battalion, gives a list of the whereabouts of the New Brunswick officers with the first battalion and mentions Captain Sturdes and Captain Morgan as among the wounded. This is not quite credited, as no other word of their being wounded has been received. Lieutenant-Colonel H. F. McLeod, in a letter home, says that the first Canadian division can now muster only about 10,000 men, even with reinforcements. He says that the Germans have four times as many machine guns per regiment and that an equal number is needed by the Canadians. Rev. Dr. J. A. Morrison, in his sermon in the Carlton Presbyterian church last evening made an urgent appeal for more money for machine guns. Major C. W. Peck, of Albert county, writes that he has almost recovered from his wounds and is returning to France to search for his friend and former business partner, Captain D. M. Moore, who was reported seriously wounded two months ago, and who has not been heard of since. Charles E. R. Addy, of St. John, who gave up his position as manager of Metala, Limited, in Edmonton, to enlist as private, has been made sergeant-major and is with the pay and regulation department. Gunner Percy Lawson of the ammunition column, formerly in the I. C. R. roundhouse here, tells of the trip across, saying that when in the danger area they struck fog and had to slow to half speed and sound the fog horn, thus increasing the danger from submarines. Near their camp is a farm house in which Sir John Moore was born. Hon. George P. Graham and Hon. George E. Foster, together after a vacation in Dalhousie, will address a recruiting meeting in Toronto this evening. Sapper Michael J. Walsh, Canadian Overseas Construction corps, in a letter to friends, said they had a fine voyage across to England. He is a native of West St. John and a South African veteran. The corps are at Longmoor, Aldershot.

FORCE OF DROPS OF WATER It seems almost incredible that so small a thing as a drop of rain should injure the propeller of an aeroplane, but such is the case. At so great a speed does the propeller revolve—1,200 revolutions a minute as a matter of fact—that a rain drop hits it with such enormous force as to chip a piece of the wood away. Some idea of the hardships entailed by flying through the rain at sixty miles an hour may be gathered from the fact that an aviator who recently went through such an experience, alighted with the edge of the propeller fretted as though it had been gnawed by rats. The rain drops had chipped pieces out of the blades and also bruised the aviator's face, owing to the force with which they hit against his face.—London Spectator.

PAY OF INTERNEED SEAFARERS Judgment in Important Case Growing Out of the War In a recent test case of Mrs. Beal, the wife of an interned merchant officer, who is a member of the Imperial Merchant Service Guild, versus F. W. Horlock, owner of the steamer "Coralie Horlock," which was seized by the Germans on the outbreak of the war, Mr. Justice Rowlatt of England decided in favor of the claimant in respect to her being entitled to pay on her husband's allotment note. The shipowners have now decided to appeal against this judgment and the Imperial Merchant Service Guild have, therefore, instructed their solicitors to act on behalf of Mrs. Beal, with a view to upholding the judgment. This case is one of much importance and the ultimate decision is eagerly awaited by merchant seafarers. Although it is one dealing with the position of an interned merchant officer, nevertheless it will govern that of all interned seafarers in Germany.

"Periscope Hunting" New Sport For Americans

COULD CROSS ATLANTIC

No Government Commission Needed For Private Adventurers—Suggestion by E. W. Thompson

E. W. Thompson, writing in the Boston Transcript, says: In and about Boston during the last ten days the present visitor from Canada has rejoiced to find old-line American friends holding much the same opinions about Kaiser Wilhelm, Berlin, etc., that are prevalent in Canada. They feel that Prussia and Turkey are in the field to "down" individual liberty or democratic freedom not only throughout Europe, but throughout the world. Therefore they desire Uncle Sam to get into the fray as John Canuck has done. Impatient of the president's slow proceedings, they do not seem to sufficiently considerate of his difficulties, nor enough consoled by the wise old reflection that the wrath of the nation must be to be dreaded. They want Washington to "jump in."

Some of these impatient old friends of your contributor might easily gratify their longing for action by "jumping in" themselves. They are a bunch of sea-going motor boats, capable of crossing the Atlantic in ten days or less. Why not raise the upper end of the boat, or such a boat, hurry on Gatling or other rapid-fire guns; hasten to any of the waters haunted by the Kaiser's submarines; there spend the summer in periscope hunting. Private adventurers do not really need any governmental commission or warrant for taking to the suggested sport. The case resembles that which arose in western mining or cattle camps when the "Bad Man" or a bunch of desperadoes set out terrorizing the region. Every law abiding with a rifle and horse felt free to shoot the scoundrels at sight. No warrant from Governor, Mayor or magistrate was sought or needed. On the Atlantic coast, where there are, probably not fewer than 5,000 swift motor boats, each fit to carry a Gatling, to cross the ocean and to periscope hunting. Every periscope smashed implies destruction to its submarine. There should be little or no danger of hitting the wrong periscope off the coast of France, Belgium, Holland, Great Britain, etc., because pretty nearly all the submarines that run submerged are those of Wilhelm and not Tyrrell, French or British submarines travel mostly on the surface. They don't need to go under, since there are no loose German ships for them to shoot any but the right game. The chances of being torpedoed or shot by the Kaiser's craft would be about as great as another hunter's chance of being charged by a bull moose. The small size of every man, no matter who the nationality, to hunt and kill the sort of mad beasts who sank the Lusitania, even at any man's free and will, to hunt and kill wolves, tigers, hyenas or sharks.

CAMPING TRIPS

The Maritime Boys Camp and Conference, the pioneer boys camp in Canada, using the standard efficiency tests, has completed its season at Big Cove, N. S. H. O. Bank of the local N. B. C. A. staff, was camp director. Among the numerous subjects dealt with were: Public speaking, craftsmanship, woodcraft, swimming, health, education, athletics, good citizenship, first aid, nation study games, personal service, Church and Bible study. Rev. H. Wigles gave lectures on Egypt, Scotland and Palestine.

The Y. M. C. A. boys who were on a cruise on the St. John river returned home Saturday afternoon. They covered a distance of 150 miles. The outing was a grand success. The boys were not marred by a single accident. Several members of the Natural History Society left this morning for Woodstock where they will start on a two weeks' canoe trip down the St. John river, as far as the Washabouk, where they will join the girls' camp.

RUSSIA BUYING SUPPLIES IN BOSTON

Purchasing Board Stationed There Giving Orders

Preparations in Case the War Should Continue Throughout Another Winter—All Russia Confident of Final Result

Boston, July 17.—Andrew Avinoff, gentleman-in-waiting to the Czar and member of a special purchasing commission from Russia, staying at the Parker House, says he and his staff are purchasing heavy orders of supplies for next winter.
This is taken to indicate that Russia is looking forward to a continuation of the war through another winter at least, although Mr. Avinoff would not commit himself about what the view taken in Russia may be. He said that the purchasing has very largely been done already, and little business remains for them to perform in the next few weeks.
The commission represents the Czar in his war purchases in America, the four together using their judgment about prices, materials, etc. From time to time orders are received from abroad, and the local staff take it upon themselves to place the business. They have made large purchases of leather since their arrival some weeks ago.
Mr. Avinoff declared that his business related chiefly to shoes, but there were visible about his room, beside heavy and creased boots, many samples of heavy coats, underwear, flannel shirts, coats, blankets, rubber capes and the like.
Mr. Avinoff is a very democratic man and talkative about anything that does not concern his country or his business. He speaks English fluently. Asked about his private view concerning the war situation, he stated his confidence that Russia will ultimately come out on top. He said that Russia is prepared to fight several years, if necessary, but he would make no prediction when the end of the war is possible.
When asked to discuss conditions in Russia, Mr. Avinoff said:—"The Russians have been extremely hopeful and cheerful from the start. When we left Petrograd early in March, except for the hurrying of soldiers and the passage of military trains you would scarcely have known there was any war.
We are all confident in Russia of the ultimate result of the war. We know that the end will mean victory for us."
When asked if there was any possibility of the war ceasing because of economic exhaustion, he answered, "I do not think that likely. Everyone is doing all he or she can to provide funds enough for the war to continue. It will be fought to a decisive end."
He predicted that Russo-American relations will be more cordial than ever after the war, saying:—"All the Russian people appreciate the kindly feeling this country has for Russia. We intend to show our appreciation in a concrete way, in business relations with America when the war ceases. There is much produced in your country that we need in Russia. There has been

Why Drag Through Life Wearing Worthless Trusses?

90 p.c. of the Suffering and Trouble Tortured People Go Through is Caused By Spring and Leg-Strap Trusses

And find out everything you want to know. It is full of facts never before put in print.
It shows just why operation is nearly always a gamble with death and why those who manage to live through it often have to keep on wearing a truss.
It explains the fakes and humbugs—puts you on guard against being fooled and against throwing money away.
And it tells all about our guaranteed rupture holder—the famous Clark. Shows how simple it is. Why it stands up to both leg-strap. How it instantly and automatically protects you against every strain, so your rupture can't be forced out. How it provides the only way ever discovered for overcoming the weakness which is the real cause of rupture. How it has brought complete cure in thousands of cases that seemed almost hopeless. How you can get it on 60 days trial and how little it costs if you keep it.
Explains the care and attention we give you and why, because of our long experience and thorough knowledge of rupture, we are successful in cases that would utterly balk your local truss fitter.
Write for the book to-day. That will take only a minute. But it may free you from trouble and worry for the rest of your life.

KINGS CO. SUFFERS FROM CLOUDBURST

King's County yesterday morning suffered from a severe cloudburst, which has ruined an enormous amount of the season's crops. The district around Caswellville, Collinsville, Mountain and Snider Mountain was most seriously affected after the storm, the ditches were choked, the roads were deeply furrowed by the torrents and the fields were partly inundated. So far as reported there has been no loss of life and no destruction of buildings.

**Charge Not Substantiated**  
After President Tener had made a thorough investigation into the alleged statement of Captain Johnny Evers of the Braves he made the following statement:—  
"My attention was attracted to an alleged statement by Captain Evers during the games between Boston and St. Louis here on Monday that the race had been 'fixed' and on account of the great publicity which this statement was given I decided to make inquiries on my visit here today. Neither Empire Right nor Hart reported to me that Evers said they had been instructed to give St. Louis the benefit of close decisions in order to make the race close. There were no charges made against Evers to me."  
"Captain Evers says many things on the ball field in the heat of the contest that he does not mean, and that he should not say, but he has never done anything to bring discredit upon the game and all his life he has been a great credit to the sport."  
"Baseball is so firmly established that no one except some person wholly ignorant or with a corrupt mind would credit any such statement as Evers was alleged to have made."

Louis here on Monday that the race had been 'fixed' and on account of the great publicity which this statement was given I decided to make inquiries on my visit here today. Neither Empire Right nor Hart reported to me that Evers said they had been instructed to give St. Louis the benefit of close decisions in order to make the race close. There were no charges made against Evers to me."  
"Captain Evers says many things on the ball field in the heat of the contest that he does not mean, and that he should not say, but he has never done anything to bring discredit upon the game and all his life he has been a great credit to the sport."  
"Baseball is so firmly established that no one except some person wholly ignorant or with a corrupt mind would credit any such statement as Evers was alleged to have made."

**AQUATIC Records Broken**  
In the Panama-Pacific Exposition indoor swimming championships meet on Saturday Dike Kahanamoku (Honolulu) swam 100 yards in 54 2-5 seconds, lowering his own record one fifth of a second. Michael McDermott of Chicago broke all records in the 200 yards breast stroke in two minutes 48 2-5 seconds. The Italian club won the relay in 82 minutes 4 2-5 seconds. Miss Frances Cervelli's time in the 200 yard dash for girls was 3 minutes, 20 seconds.

For variety, try Ingersoll Green Chile Cheese. Something different and very tasty.

## "The Kaisers Orders"

"Spare Neither Person or Property"

This was the order he gave his Huns and they are depicted in this thrilling war drama carrying it out to the letter. The story is of an English inventor who had invented a hot ray machine, and some German spies who receive orders to find the secret at any cost. During the screening of the play we are shown some wonderful scenes of the Belgians fighting; also some splendid views of

It is full of surprises. Why does June throw her arms around the neck of the man with the black vandyke and kiss him? What does Ned do? Why did the man with the black vandyke follow June? Be sure you do not miss this chapter. It's certainly surprising, but it's great.

"THE MISSING PAGE"

A missing page in a letter is responsible for the trouble that occurs in the working out of this Selig drama. A story you will like.

"RASTUS RIJOTOUS RIDE"

This Pathe comedy of colored people is one of the funniest pictures of its kind we have yet seen. Rastus steals a chicken for his daughter's wedding. How he gets it home is the theme of this comedy.

RECRUITING SUGGESTION. To the Editor of the Times: Sir—We are continually reading many suggestions for recruiting in your valuable columns, but certainly without very great success. We have right here in our city hundreds of well trained men (Officers, N. C. O's and men) who have received their annual "drill pay" for many years, doing actually nothing in the time of need, through no fault of their own, for various reasons. Now, Sir, if all the employers would call for volunteers it would give many of these men a chance to prove themselves men who at present feel bound to their employers for just kindnesses and endeavors to make their lives worth living. We are well aware it would be quite a sacrifice on the part of many employers to release men of trust or holding responsible positions, but by so doing they would not only be doing their

SALMON ARE BITING When the Quebec express pulled into Matapedia yesterday two American sportmen greeted two others, who alighted from the train, with great effusiveness. Asked how a fifth sportman was getting on with his salmon fishing, one of the Americans said: "Got twelve the other morning. Won't speak to me now when he comes down—his gittin' 'em so fast." From other sources it was learned that the salmon fishing in the Matapedia waters is excellent this season.

JULY WEDDINGS Linton-Laskie

At 5:45 o'clock this morning Rev. B. H. Nobles united in marriage Miss Ethel May Laskie, and Wallace Linton. The ceremony was performed at the home of the bride's mother, Mrs. M. Laskie, 71 Main street. The bride looked charming in a costume of white silk and carried a bouquet of roses. Following the ceremony a bounteous wedding repast was served, after which Mr. and Mrs. Linton left on a honeymoon trip to points of interest in Nova Scotia. Returning they will reside at 71 Main street. They were the recipients of a large number of beautiful presents.

DAVIDSON-NORTHUP On Saturday evening Rev. R. P. McKinnon united in marriage Horace Alexander Davidson and Miss Sarah Northrup. The ceremony took place in the presence of immediate friends at the home of Mr. and Mrs. Leonard Vail, 60 Edin street. The bride wore a very pretty costume of white material with pink trimming and carried a bridal bouquet of roses. She was unattended. The popular young people were the recipients of a large number of presents.

CAPT. R. A. MARCH NOW IS MAJOR

Promotion For Popular Officers of 6th Mounted Rifles

MAJOR LONG IS ADJUTANT

Regiment up to Full Strength—Included in the Ranks Are Some Half-Hundred Men Who Fought in South Africa

Capt. R. A. March, quartermaster of the 6th Mounted Rifles has been promoted to the rank of major. He has proved himself a most efficient officer and by none is he more warmly congratulated than by the officers and men of the 6th, with whom he is personally very popular. His position is one involving much hard work, and he has proved himself equal to every demand made upon him.

Major J. Long, one of the ablest military instructors in Canada has been made adjutant in the 6th Mounted Rifles. The men are highly pleased with his appointment. With Colonel Ryan in command and Major Long as adjutant the 6th is fortunate. Capt. Roscoe has been appointed second in command of a squadron. The regiment, unlike some others at Valcartier, is up to full strength. The 4th and 8th C. M. R. are also at full strength. Lieutenant Colonel Smart commands the brigade with Lieutenant Colonel B. B. Black second in command. This splendid brigade will do honor to Canada, to whatever portion of the field it may be sent. In point of physical fitness and intelligence the men rank high, including a large number of university men, and men of military experience. There are about fifty South African veterans in the ranks of the 6th Regiment under Colonel Ryan, and many others in the 4th and 8th.

JOSEPH TEBO IS RECOVERING WELL FROM HIS WOUNDS

Brussels Street Man With First Field Ambulance Writes Home and Wife Also Gets Red Cross Notice

Joseph Tebo, who left St. John with the first Field Ambulance in the first contingent, is now in the Bell Tower Hospital, Berwick-on-Tweed, Scotland, recovering from wounds received in France.

In a letter to his wife he says: "I have been under an operation for injuries to my head and am doing fine, although I am almost deaf. We had some pretty good times here, and I was very soon sent out to it. It was pretty tough to be three days and nights without any sleep, but we don't mind anything like that. I expect to be back in the trenches in a month's time and try my luck again. I wish the boys mentioned would come along for I am longing for a smoke from home." Mrs. Tebo received a letter from the information department of the Canadian Red Cross in England giving her husband's address and saying that he is going on very well.

EAGER TO GET TO WAR, TAKE THE FIRST CHANGE

Some incidents at Valcartier—Few, Not Anxious to go, Get Ducking in Hotse Trough

A week ago yesterday a members of the Times staff was on a train en route to Valcartier. In the same car were military officers, and most of the talk was on military matters. Yesterday the Times man was again on a train en route from Valcartier to St. John. In the same car were three military officers, all young, en route to Halifax for a special course. When one expressed surprise that another of the trio, an English Canadian, was going to French camp from Montreal, the latter replied: "Well, I want to get across before the war ends, and I took the first chance." At Valcartier the Times man met a member of the 27th Battery who had transferred to another unit to get across the sooner, and two other men who were seeking to do the same. The men of the 6th C. M. R., the splendid regiment from the maritime provinces, are eager to get across, and when they learned one day last week that several of their comrades had secured their discharge, they scoured the men with "cold feet," and gave each of them a thorough ducking in one of the long horse troughs. "Seems them right—the outitters!" was the comment of the men of the regiment as the volunteer ducking squad, with yells of delight, carried their ex-comrades one after another to the horse trough.

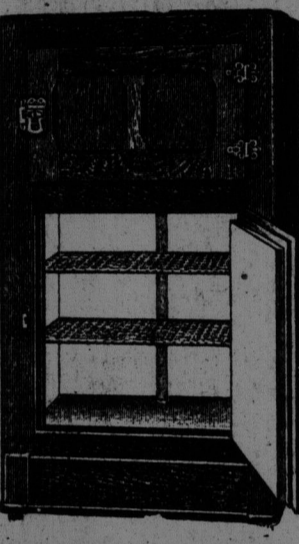

At Valcartier on Saturday the Times man met Major Weyman, Major Jones, Chaplain Thomas, Lieutenant Corr, Lieutenant Polye, Sergeant London, Charles Labbe, Gibbs, a well known dancer, and other members of the 50th Battalion, which arrived the day before and was snugly under canvas close to the 4th Y. M. C. A. tents. They were all highly pleased with their quarters and with the big training camp. Next to them are encamped the 40th Battalion from Nova Scotia.

GERMAN DERBY A SUCCESS

Hamburg, July 18, via London, July 18.—The "Deutschens Derby," the biggest sporting event of the year in Germany, was won today by Hannibal Fontana with Jockey Phierokup. The prize for the winner was 125,000 marks (\$31,250). The race was run on a muddy track, which put the favorites out of commission at the start. In spite of the war and its handicap, the Derby had more starters (20), than in any year since 1909.

Oak Hall's Big Mid-Summer Reduction Sale Starts Off at Full Tilt Again This Morning Great as this Annual Clearance Event at Oak Hall has come to be, the hundreds of men and boys who await it every summer have proved it greater than ever this year. Greater business—we have more goods to sell and bargains are better. What greater endorsement for square dealing and lowest value giving could any business have than the throngs which crowded our store during the opening days of this Annual Event? At times it was simply impossible to give the personal attention to each customer that we should have wished, so great was the rush. We hope to do better this coming week, having made arrangements for further additions to our selling force. In Considering the Opportunity for Saving This Sale Offers You, You Want to Remember 1. No better clothing than ours is made. 2. No clothing has more snap and style than ours. 3. No clothing will give such satisfactory wear as ours. 4.
