IRISH DOMINION LEAGUE IN HOME RULE INTEREST

Influential Organization Being Formed in Ireland

NOT IN FAVOR OF REPUBLIC

Stands for Prompt Measure of Home Rule on Full Colonial Lines—Plunkett, Yates and O'Connor in It—New Charges of Atrocities

Dublin, June 18.—(By the Associated Press)—An influential organization is being formed in Ireland under the name of "The Irish Dominion League." It is composed of men who believe that an Irish republic is unobtainable and undesirable, but think that a prompt measure of home rule in the fullest colonial sense is urgently necessary.

Among the promoters of the league are Sir Horace Plunkett, chairman of the Irish convention, and many others who were associated with him in the convention as well as representatives of important business and professional interests. The proposals mark a large advance on the provisions of the 1914 home rule act or the two previous home rule bills and their promotion by men of position is regarded as significant of the growth of home rule opinion and the urgency of settlement.

A weekly paper in the interest of the league is to be published. It will be known as "The Irish Dominion." The directors include Sir Horace Plunkett, William Butler Yates and T. P. O'Connor. The contributors, it is announced, will include some of the most distinguished of the workers of the Irish race.

Paris, June 18.—Messrs. Dunne and Walsh of the Irish delegation have sent President Wilson another letter concerning alleged atrocities in Ireland. They say that since their previous report to the president reports have been being against witnesses to atrocities, many of them being arrested, and that they are urged to send to distant points. They offer to produce many persons to substantiate the statements that they are making.

London, June 18.—James Jan MacPherson, chief secretary for Ireland, denied the charges of cruelties to Irish prisoners. London, June 18.—While several newspapers welcome the statement of James Jan MacPherson, as a "complete and crushing refutation," the Daily News thinks he would have done better to let the charges made by Frank P. Walsh and Sir Horace Plunkett "answer themselves, as some of their allegations could only be believed by those who wish to be deceived."

"As it is," the newspaper continues, "the public will not believe the government in some of Mr. MacPherson's denials. His statements scarcely conceal the fact that the present government is organized and that the bulk of the population is organized against it. The government in some of Mr. MacPherson's denials."

A Dublin dispatch to the Daily Mail says that Sir Horace Plunkett, chairman of the Irish convention, in speaking of a recent remark by Viscount Northcliffe in which the latter referred to the "future dominion of Ireland," said: "I believe things are moving that way. Of that we shall know more a fortnight hence."

RAILWAY BILL TO JOINT CONFERENCE

Ottawa, June 18.—The railway bill over which there has been prolonged discussion in the two houses of parliament during the last two sessions, will be considered by a joint conference of the commons and the senate. Last night a message was read from the commons to the senate asking for a joint "free conference" upon the measure.

On the motion of Sir James Loughheed the commons and the senate appointed as its representatives Senators Hildin, Foster, Lougheed, Ross (Middleton), McLennan, Power, Dandurand and Bostock.

GERMAN CROPS

Berlin, June 18.—(By the Associated Press)—The crops in Germany this season were better than last, but they have been checked by bad weather in May and they will be still further affected if a rainless season should set in, said Herr Schmidt, food minister, yesterday.

Receipt of Bolshevik Money in Winnipeg Shown in Correspondence

Statement of Minister of Labor Re The Arrests

TODAY'S DEVELOPMENTS

Some Expressions by Labor Leader Tom Moore on Matter—Another Arrest in Winnipeg—Some Street Cars Running

Winnipeg, June 18.—The latest addition to the list of arrested labor leaders in Winnipeg is Sam Blumensberg, who has been arrested on a charge of receiving money for the Bolsheviks. A prominent figure in advanced Socialist circles in Winnipeg, and who was named among those against whom proceedings were to be taken. Walking into the police station he inquired for Acting Chief of Police Newton. When he saw him he wanted to know what was against him. The answer was that he was placed under arrest and is now being held awaiting instructions of the special crown prosecutor.

Records of the strike committee which were seized when the Labor Temple was raided early yesterday morning indicate that a special committee was selected on June 16 to investigate and report on the possibility of cutting off the electric power from the city.

Information to this effect was given last night by Hon. Gideon Robertson, minister of labor, in the course of an interview explaining why strike leaders had been arrested yesterday and not before that date as being suspected of taking part in a seditious conspiracy.

Car Service Resumed. Winnipeg, June 18.—Street car service on a limited scale was resumed this morning. Thirteen cars are in operation, managed by regular employees who returned to duty in response to the street railway company's ultimatum.

London, June 18.—On behalf of the metal trades union, Frederick B. C. Brown yesterday sent the following telegram to Sir Robert Gordon: "The metal trades union of Toronto, representing several thousand workers on strike in this city, recognizing that the dominion government is evidently assisting the employing class in Winnipeg with the intention of destroying the labor movement of the west and Canada, demand that your government take steps that will insure the release at once of the representatives of labor arrested around the shops in Winnipeg. We further demand that the recent act of the legislature intended to be used for the purpose of injuring the working class movement be repealed immediately. We declare that the continuance of the government with the employing class who are causing criminal and inviting grave trouble with the whole of this dominion."

Moncton, June 18.—There was great relief among C. N. R. shompen as the citizens generally last night when news was received that the railway shompen strike was called off for the present. Local labor leaders breathed a sigh of relief when they learned that the strike order was cancelled, which they termed as the unpleasant duty of carrying out strike orders received from Montreal.

Prior to receiving the news of the strike being called off the union men held meetings and held preparatory for going out this morning in accordance with instructions. Strike committees were appointed and also pickets to work in ones and twos. Some of the longshoremen have gone back, and are working alongside of volunteer longshoremen, who are unloading an occasional boat in the harbor.

Orders in preparation for the strike from D. B. Hanna and M. H. McCleod, president and vice-president of the C. N. R., were posted yesterday in the shops. Many of the C. N. R. employees here were averse to going out on strike, but being union men would have gone out had the strike order remained in force.

One Settlement. Calgary, June 18.—The award of the Leithbridge arbitration board has resulted in a settlement of the dispute of the civic employees.

In Vancouver. Vancouver, B. C., June 18.—The fifteenth day of the Vancouver strike finds the city undisturbed in its domestic life and very little affected in its business life. The strike is marking time.

The strike committee has "nothing to announce," merely remarking when asked that the strike would now spread to unorganized labor. Some of the strikers in different industries are going back to work in ones and twos. Some of the longshoremen have gone back, and are working alongside of volunteer longshoremen, who are unloading an occasional boat in the harbor.

STRIKE COMMITTEE IN VICTORIA DISSOLVED. Victoria, B. C., June 18.—There will be no strike in Victoria. The strike committee has dissolved. Members of the strike committee voted 9 to 8 on the question of a general strike in sympathy with Winnipeg. The deadlock called for dissolution of the strike committee.

Would Call All-Canada Strike. Calgary, June 18.—Request that a dominion-wide strike in protest of the arrest of the strike leaders in Winnipeg be called by the Dominion Trades Congress has been made by the trades council here in a wire sent last night to Toronto.

As Hiram Sees It

"Hiram," said the reporter, "I don't know what you mean by 'As Hiram Sees It'." "I mean," said the reporter, "that I am going to tell you what Hiram would say if he were here. He would say that the strike is a mistake, and that the men should go back to work. He would say that the government is doing the right thing, and that the men should be satisfied with the terms offered them. He would say that the strike is a waste of time and money, and that the men should be satisfied with the terms offered them."

Division on Budget May Come Tonight

Reported Agreement Re Franchise Bill—Railway Board and Men's Demands

(Special in Times). Ottawa, June 18.—Now that members have agreed to twenty minute speeches there is some hope of a division late to-night on the budget. How Mr. Cressy does not expect more than ten votes from the government side, but chances are that there will be twelve or thirteen.

Some agreement which is not being divulged has been struck at between the government and leader of the opposition regarding holding over of the Franchise Bill and it is probable that the five by-elections pending will be held on the old plan.

The Railway War Board is today considering demands of the Canadian railway employees outside of the running tracks. It is understood that the demands of the men will be met.

A coating of oil will be laid on the new paving in Union street between Dock and Prince William streets in order to protect the surface and by the dust.

The paving on both sides of Main street between Portland street and Douglas avenue which has been undergoing repairs is now practically completed.

Bring Action Against City in Garage Matter

George Carvill announced this morning that he is prepared to go ahead with the matter against the city in the garage matter. He said that he had given his solicitor instructions to bring suit against the city to compel the authorities to give him a building permit.

Mr. Carvill has sought this permission from the city and has been unable to secure it owing to the section of the building law which prohibits the erection of a building in the immediate vicinity of a place of public worship if the proposed building is of a height greater than that of the latter.

Mr. Carvill wishes to test the validity of this restriction. The building he wishes to erect would be of brick construction, two stories in height with all modern improvements and would cost \$25,000.

Coblenz, June 17.—(By the Associated Press)—The concentration of troops preparatory to advancing further into Germany if the Germans refuse to sign the terms of peace will begin on Wednesday throughout all the occupied area. Orders to this effect were received today from Marshal Foch, commander-in-chief of the Allied armies, who sent similar orders to all the Allied forces on German soil.

Some Concessions of Allies in Matter of Ships and Financial and Economic Measures if Peace Concluded

Deal, England, June 18.—Eight American steamers laden with provisions for Germany are detained in the Downs pending the signing of the peace treaty. Some Concessions. Paris, June 18.—The plan of the Allies to make concessions to Germany with regard to ships and financial and economic measures, if she signed the peace treaty, was deemed advisable to assure Germany a certain amount of food and clothing in order to maintain the credit which it would be impossible for her to resume her industries or pay reparations.

June Brides

Barrett-Walsh. The wedding of two well-known young people, Daniel J. Barrett and Miss Mary Josephine Walsh, took place this morning at 8:45 o'clock in Holy Trinity church, Very Rev. J. J. Walsh, V. G., officiating. The bride, who was given in marriage by her father, Edward Walsh, was prettily attired in a white satin with veil and orange blossoms. She carried a bouquet of white roses. Miss Corinne Doherty, dressed in pink and wearing a black picture hat, acted as bridesmaid. She carried a bouquet of pink carnations. Dr. F. J. Donnelly of Montreal was groomsmen.

Following the ceremony a wedding breakfast was served at the home of the bride's parents, 128 Rockland road, after which Mr. and Mrs. Barrett left on a honeymoon trip to New York and Washington. The bride's traveling suit was of tailored blue with hat to correspond. On their return they will reside at 238 Beaufort avenue. Both bride and groom are popular with a host of friends whose best wishes for the future they enjoy as well as attend to in a handsome assortment of valuable wedding remembrances.

Shaw-McGuigan. A very pretty wedding was solemnized this morning in Holy Trinity church when Very Rev. J. J. Walsh, V. G., united in marriage with mutual assent John Vincent Shaw of the post office staff and Rose Elizabeth McGuigan. The bride looked charming in a traveling suit with hat to match. She was attended by her sister, Miss Katherine A. McGuigan, who wore a pretty dress of anethyst crepe de chine with leghorn hat. Mr. R. McGuigan, brother of the bride, was best man. After the ceremony Mr. and Mrs. Shaw left for a short honeymoon to Boston. On their return they will reside at 27 Bentley street.

Mowry-Harrison. In St. Luke's church at 8:30 o'clock this morning a popular North End wedding was solemnized by the rector, Rev. E. P. McKim, when Clarence E. Harrison gave his daughter, Miss Mary Catherine, in marriage to Lester W. Mowry. They were attended by the bride's father, Mr. Wm. Harrison, and her mother, Mrs. M. Harrison. The bride wore a becoming suit of navy blue with seal cape and grey hat and carried a bouquet of pink roses. After the ceremony Mr. and Mrs. Mowry left on a wedding trip to P. E. Island. On their return they will reside at 9 Melville street.

Many nice wedding presents were received, including an electric reading lamp from the staff of the Bradstreet's Company, in whose office the bride was employed; a handsome picture from Alexander Circle, S. C. A., and a silver flower basket from the Monday Evening Club, to both of which she belongs; a mahogany chair from the wardens and vestry of St. Luke's church; a turned oak library table from the staff of R. F. & W. Starr, where the groom is employed, besides a substantial cash remembrance from the firm. Among the other wedding gifts was a pretty little Angora kitten as a mascot.

CANADIAN SOLDIERS, IMPATIENT AT DELAYED HOME-COMING, ATTACK EPSOM POLICE STATION

London, June 18.—(By the Associated Press)—Unrest among Canadian soldiers in England because of continued postponement of home ward sailings, culminated last night in an attack by 400 Canadians on the Epsom police station. Several policemen were wounded, one so severely that he died this morning.

The purpose of the attack was to release a Canadian soldier who had been arrested.

To avoid further trouble, the police released another Canadian in whom the mob was not interested.

There is much sympathy here for the Canadians, who repeatedly have been given dates for home ward sailings only to be told that further postponement was necessary owing to strikes of dock-workers at Liverpool and other ports or to lack of transports.

GERMANS KEEP UP TALK OF THE IMPOSSIBILITY OF SIGNING TREATY

Berlin Report Declares Negative Reply to Allies Probable

CONSIDER DEMANDS ULTIMATUM

On Other Side See Bolshevism and Chaos—"Whatever We Do Will Be Terrible," Says Frankfort Gazette—Austrians Very Verbose in Observations on Terms

Berlin, June 18.—(By the Associated Press)—The impression of those engaged throughout the night in translating the reply of the Allied and associated powers to the counter-proposals to Germany is that it will be utterly impossible to sign and that it is probable a negative reply will be wired to Dr. Huozl von Hasmann, for submission to M. Clemenceau.

The Entente answer, also, is considered nothing less than an ultimatum.

Weimar, Tuesday, June 17.—(By the Associated Press)—No statement has been issued by the German cabinet on the Allied reply to the German counter-proposals, but the Associated Press learns that sentiment in the cabinet is almost unanimously against signing the treaty, the only objection being the possibility of Bolshevism and chaos in Germany.

The cabinet met at noon and continued its session until late in the day. The peace commission began deliberating on the Entente answer at six o'clock. Official circles here were weary tonight, since a large number of the cabinet members and other dignitaries also stayed up all night to read the Allied terms without delay. Indignation is said to be increasing in Weimar.

The German Press. The Associated Press. Berlin, June 17.—Commenting on the Allied reply to the German counter-proposals to the terms of peace, the Frankfort Gazette says: "Whatever we do will be terrible. Germany is in no position to refuse to sign the treaty when the signature is forced by an ultimatum. Let us resign ourselves to the inevitable and hope for a better peace."

In concluding a violent denunciation of the treatment given Germany by the Allies the Vorwarts says:—"If the Entente's covering note describes war as the greatest crime against humanity, it is certain there is yet another and greater crime against humanity. That is this so-called peace."

Paris, June 18.—(By the Associated Press)—No decisions were reached at today's sessions of the Council of Four, and all reserved subjects were put over until Friday, when it is hoped that final disposition will be made of them.

Austrians Verbose. Paris, June 17.—(Havas Agency)—The extension of time granted the Austrian delegation for technical consideration of certain parts of the peace terms explained today. Dr. Karl Renner, Austrian chancellor, has sent a long memorandum to the peace conference in which he sets forth arguments that the proposed treaty with Austria is unfair.

Paris, June 17.—(By the Associated Press)—The Austrian observations responding to the fragmentary treaty first communicated to the Austrian delegation were today undergoing translation for submission to the Council of Four. They make a document so formidable in size that they cause wonder regarding the length of the answer that would have been delivered had the Austrians been in possession of the complete treaty.

German-Austrians. Paris, June 17.—Vienna despatches received here by way of Basle say that Austrian newspapers publish despatches from St. Germain saying that Dr. Karl Renner, head of the Austrian peace mission, has handed to the Council of Five a memorandum drawn up by delegates from the German sections of Austria and setting forth the alleged injustice which "menaces 4,000,000 German-Austrians, as the result of the proposed peace treaty." It is said that Dr. Renner has asserted that the setting up of new states in the heart of Europe would "create another method of war such as the Balkans have been."

According to these despatches, Dr. Renner has also handed the council a note covering territorial questions generally, in which he calls attention to the great responsibility assumed by the Entente in submitting millions of German-Austrians to foreign domination. It is said that he has expressed the hope that the conference will act on the suggestions contained in his memorandum relatively particularly to the Tyrol, Southern Carinthia, Styria and Western Hungary.

He is reported to have declared that the new German-Austrian state would "form a second Alsace-Lorraine, doubly greater in size and condemned to remain without defence, a considerable part of the ancient nation being subjected to much younger peoples."

"That domination," despatches quote him as saying, "could never be supported by the former or authorized by the latter."

Paris, June 18.—The Council of Foreign Ministers was the only organization of the peace conference to hold a meeting today. The ministers discussed the Polish-Ukrainian problem as well as plans for the control of Danzig during

Other good acts on the programme are: Rutan's Song Bird, a novel musical offering with dainty little Rosetta Burrows, a whole show in herself; Dave Hanley in a little talk on timely topics that provokes roars of laughter! The Standard Comedy Trio, three sweet harmony singers; Geo. and Nettie Pato in sensational feats of contortion and eccentric dancing; and for a picture, the serial drama, "The Man Might."

STRIKE SITUATION IN MONTREAL TODAY WAS MUCH BETTER

Montreal, June 18.—The air has cleared to a marked degree during the last twelve hours with respect to the labor unrest in Montreal. In nearly every case negotiations point to an early settlement. About 6,000 of the 15,000 on strike have gone back to work.

The Canada Sugar Company and the St. Lawrence Sugar Company have signed new agreements with their men. The men demanded a five cent increase an hour all round. They made a settlement on a basis of increase from two to five cents per hour according to the occupations.

The executive of the Railway Shopmen's Union who have called off their general strike, sent a communication to the Canadian Railway War Board this morning expressing the hope that the board would see fit to reopen negotiations with a view to an early settlement of the wage and hours controversy. D. Killian, fair wage officer of the department of labor at Ottawa, arrived here this morning in connection with the strike of the Dominion Textile workers.

The Canadian Vickers Company strike which has so long continued to be a deadlock today showed signs of immediate settlement.

The outlook in the strike of the electricians is both good and bad. One of the directors of the Canadian Construction Company from New York, the biggest electrical contractors in the city, was here yesterday and met the strike committee of the union. He said he was willing to sign the new agreement provided he knew that seventy-five per cent of the other contractors in the city would do likewise. The threatening feature of this strike is the decision of the affiliated trades council yesterday to take co-operative action with the striking electricians.

The strike of the packers is practically at an end. Five concerns signed the new agreement yesterday. These were Matthews-Blackwell, Conroy, the Montreal Abattoir Company, east and west plants and the Masterman Packing Company.

NATURALIZATION BILL AT MORNING SESSION OF COMMONS

Ottawa, June 18.—Sir Robert Borden in the house this morning presented the naturalization bill. The purpose of the bill is to consolidate the present Canadian naturalization acts and to incorporate therewith the provisions of the imperial act of 1914 as amended by the imperial act of 1918.

Provision is made under the bill for revocation of certificates of naturalization granted in Canada where such certificates have been obtained by fraud, where the holder has shown disloyalty to his majesty, where the holder was not of good character at the date of granting of the certificate, where he has continued to reside abroad for not less than seven years and not maintaining connection with his majesty's dominions; where according to the law of the state at war with his majesty, the holder remains a subject of that state; finally where the continuance of the certificate is not conducive to the public good. Provision is also made for the naturalization of persons who served with the British forces in the war.

Mr. MacKinnon remarked that in view of the great importance of the measure he feared it had been introduced at too late a date in the session.

Sir Robert replied that the purpose of the bill was to make Canadian naturalization uniform with that of the United Kingdom.

The bill was read a first time.

CALLS TO TWO CITY BAPTIST CHURCHES

(Maritime Baptists)

Rev. G. Stanley Weaver has accepted a call to the Whiteville-Lyntonfield, and will begin his services there the first of next month.

Rev. Aubrey Horwood has resigned his field at Hampstead to accept the call extended by the churches on the Surrey field.

The Victoria Street church, St. John, has extended a call to Rev. G. D. Hodson, of Annapolis Royal. Should he decide to come it will mean a valuable addition to the ranks of the Baptist pastors in this city.

The Waterloo Street church, St. John, has extended a call to Rev. E. G. Dakin, now pastor of the Aylesford church, and is very hopeful that a favorable reply will be received.

WOODSTOCK OFFICER WRITES OF RETREAT OF CANADIAN BATTERIES IN SIBERIA

Fredericton, N. B., June 18.—"Napoleon's retreat from Moscow had nothing on this one," declares Lieut. J. Douglas Winslow, son of Postmaster Norman Winslow of Woodstock, in a letter describing as "worse than anything he saw in France," the retreat of the Canadian batteries—the 67th and 88th—from Sknkrak on the north Russian front about 180 miles south of Archangel.

Lieut. Winslow, who was awarded Military Cross for the part he took in the action, was at the most advanced post before the "show" began and had two days and nights of fighting before they gaged the main body of troops at Sknkrak.

DROP IN PRICE OF WOMEN'S SUITS

During these days when all indications point to prices in most lines advancing, the price of women's suits has dropped. It is possible to protect themselves against the higher prices, simply by taking full advantage of the sale of women's suits, now being conducted by "Old Hall" for fall. It is with a sense of appreciation that the women learn of this sale, and when this can be procured at 1-4 of the regular price, it is quite evident that it is an opportunity not to be lightly passed up.

This sale started Tuesday morning, and although many women have taken advantage of it, there is still a neat stylish range of suits to choose from, but it would be advisable not to delay any longer than necessary.

CHAIRMAN'S WARNING TO C.P.R. TELEGRAPHERS

Speaks of Ambitions of Certain Strike Leaders, Aiming to Smash Organization

Winnipeg, June 17.—D. McPherson, general chairman of the Order of Railway Telegraphers on western lines of the C. P. R., has sent a warning to all members of the order against becoming involved in illegal strikes. He says: "While proper recognition and collective bargaining were denied to the postal trades employees, the employers have now offered these principles just as we enjoy them, and a settlement of the original dispute would probably follow. It is not for the ambitions of certain strike leaders who, by instigation of power, aim to smash all international organizations and dismantle existing institutions of authority. A break in the bond of comradery would be a serious informed a gigantic conspiracy against constitutional government will be exposed."

"You can render good service to the state, to your order and yourselves by keeping calmly at work, respecting and obeying the laws of the organization and by encouraging others to do likewise."

(Moncton Transcript.)

Rev. W. H. Barraclough and Mrs. Barraclough left this afternoon on the Ocean Limited, the latter to visit her invalid mother in Norwich, Ontario, while Mr. Barraclough will take part in the great Centenary Celebration of the Methodist Missions, to be held in Columbus, Ohio, from June 30 to July 18. Mr. Barraclough is a unique one, and the congregation of the Central Methodist Church as well as their pastor are to be congratulated in the honor extended to him, in giving him a place on the programme of this great world-conference.

The two big Methodist churches of the United States are to hold a centenary at Columbus, Ohio, this summer. It opens on June 30th and will last nearly one month.

Rev. W. H. Barraclough, pastor of Central Methodist church, Moncton, has received an invitation from the Missionary Society of the above churches to take an active part in the celebration. Mr. Barraclough was, no doubt, chosen from the united standpoint of his interest in missions generally and on account of his experience as a missionary himself, he having for many years labored among the Indians of Western Canada; part of the time under the superintendence of his uncle, Rev. Thomas Crosby, one of the most outstanding figures in Canadian missionary life.

Would It Embarrass You Financially If Your Partner Died To-morrow?

We have known cases where, on the sudden death of a partner, credit has tightened and the remaining partner has had a hard time keeping things moving while straightening out matters for his partner's heirs.

Moreover, the family of the deceased man invariably looks to the remaining partner for first help. One cannot always realize upon the assets of a deceased partner, but an Imperial Partnership Policy is ample protection against such a contingency.

The matter is very clearly dealt with in a book we have published, entitled "Personality in Business. It would be well worth your while to send for a copy and read it. It's free for the asking.

RE BAND CONCERTS.

To the Editor Times—

Sir—Reply to Mortimer Robertson's letter I was not only interested, but surprised and even amused at the communication in last night's Times from the pen of Mortimer Robertson, who passes as a critic of the band concerts given in the square. No doubt Mr. Robertson is correct in so far as himself is concerned, and a fair minority of the citizens of St. John, but is Mr. Robertson aware that the works of one of the composers he mentions have been played by our city bands? During my ten years directorship of the City Cornet Band there has never been a programme played that did not contain at least one standard overture and one grand opera selection, and on numerous occasions as high as four or five of the works of the great masters he mentions have had a place on our programmes. In fact I might state without any fear of contradiction that our repertoire of music is not exceeded by any musical organization in Canada, and by few in the United States. When your correspondent refers to "The Miserere" from Macsaga's opera "Cavalleria" the "cavalleria" as being hackneyed, I wish to draw his attention that these two pieces are considered masterpieces of the great composers by leading musical critics the world over, and are rendered frequently by the finest operatic companies and bands that the world can produce. And with all due deference to Mortimer Robertson of 44 King Square, and Ford motor works, he has yet to convince me that he has heard a full programme of classical music ever performed even by the very best bands in the world, for as a "Hiram Hornbeam" person, I am personally concerned. So far as I am concerned, I admire his taste, and if the citizens of St. John would all big class music the City Cornet Band are well prepared to play selections from any of the following composers, such as Verdi, Mendelssohn, Beethoven, Tschalkowsky, Elst, Wagner, Mozart, Handel, Haydn, Greg, Bach, Chopin, Gounod, Bizet, Meyerbeer, Auber, Wallace, Balfe, Flotow, Krentzer, Benedit, Donizetti, Sallivan, Manquet, Lehar, etc., etc.

RETURNED BANDSMAN.

I remain yours, Dear Sir,
FRANK WADDINGTON,
Musical Director City Cornet Band.
Recommended by The Royal Military School of Music, Kitchener, Hali, Hallowell, London, England.

St. John, N. B., June 18, 1919.

To the Editor of The Times,
Sir—

In reply to a letter published in your issue of last evening from Mr. Robertson regarding band music, I would like to inform him that it is not the fault of the bandmen that the standard of music is not better at the local concerts. Perhaps he is not aware of some of the difficulties under which they try to keep their organizations together. The bands are depending largely upon the city for their upkeep. They receive for each concert about \$35—their expenses are considerable, including the purchase of music, payment of a bandmaster and incidentals. Considering the time necessary to be devoted to rehearsals, for the great majority of the players are amateurs and the time given to the concerts, this can hardly be deemed proper remuneration. It would hardly be possible to secure a band to play the standard of music Mr. Robertson desires at under \$100 an engagement. If the remuneration were better the bands would certainly be encouraged to go in for the higher class of music. As it is I think the bands are playing a better class of music for the return they get than they should.

Yours truly,
RETURNED BANDSMAN.

TELEGRAM SUPPORTS ACTION

Free Press Says Arrests Untimely as Strike Was About Reaching Inglorious End—Toronto Labor Leaders—Edmonton Union Man's Views

Winnipeg, June 18—In a front page editorial the Winnipeg Telegram comments on the arrests of the strike leaders in part as follows: "At last we have the start of action. Last evening's edition of the Manitoba Free Press thought the arrests untimely."

"The strike had been won by the citizens. Within thirty hours—from information which the Free Press believes to be absolutely authentic—it would have come to an inglorious end. And the leaders—those under arrest and their immediate associates—would have been involved in a disaster from which, in all probability, not one of them would have recovered. Labor, which had been betrayed and captured by them, would have disowned them; and they would have been called to account by the ordinary processes of law for the illegalities in speech and action which marked their course during the strike."

THE SOCIAL UNREST.

What Bolshevism means is indicated by the resolutions adopted by the Independent Socialists in Sweden. They would place all production in the hands of laborers and give the latter the privilege of going armed, while all others would be deprived of arms.

There is a tendency to go to extremes, but it does not affect the majority of the people. Some very well-meaning but not well-advised persons who have the ear of the public are talking a rather irresponsible fashion about a stamping out of the Bolshevism.

MR. CERAR'S SPEECH.

Advocates of tariff reduction will find a speech of Hon. Mr. Cerar in parliament last week some very striking arguments.

Mr. Cerar began by justifying his course in joining the union government, and went on to say that since the war is the fiscal policy of this country gains the great issue, and since the government is not to be held responsible for the war, it should not be held responsible for the war.

Mr. Cerar declared that the present budget is a protectionist budget. It was not 7-1-2 per cent taken off certain articles (though left on others) and there were also some reductions below that figure.

Why is the discrimination made in favor of the farmer of western Canada as against, say, the farmer in the maritime provinces? Simply because "the agricultural portion of the west had stated in unmistakable terms its opinion on the matter of customs duties on agricultural implements, and this concession in the budget merely a concession to attempt to satisfy opinion in western Canada, and do in such a way that the manufacturers do not suffer, and the users of implements throughout the rest of Canada are discriminated against."

innum. Gone are the special full dress outfits which ate up a large portion of the officers' pay. Coated hats, epaulets, and full-dress belts also are forbidden.

The order reads:

"As a result of the lessons learned during the war, during which officers of the navy were only required to wear the ordinary service uniform, as the result of which this uniform was found to meet the requirements for both formal and informal occasions, to effect economy and space on shipboard and facilitate ease in travelling from one station to another, a general order has been issued abolishing as part of the naval officer's equipment the following articles of clothing:

"Special full-dress coat; mess jacket; full-dress trousers; mess trousers; a cocked hat; epaulets and full dress belts.

"The following prescribed uniforms are abolished by the order:

"Special full-dress; white special full-dress; full-dress; white full-dress; dress; evening full-dress; dinner dress and mess dress.

"The action will result in a great saving to the officers of the service in the future, as they are required to purchase all articles of uniforms at their own expense. The only uniforms now authorized to be worn are: Undress, service dress, white service dress, and evening dress, but only the service dress can be worn until the president's proclamation that the war has closed. Epaulets will not be worn with evening dress hereafter."

A CLOSE UP VIEW OF WINNIPEG'S LABOR TROUBLE

W. J. Taylor Spent Five Days Among the Strikers Says Not a Strike—More Like Attempt to Pull Off Revolution and Set up Soviet Government

(Woodstock Sentinel-Review, June 11) That the press despatches from Winnipeg which have been appearing in eastern papers have in no way exaggerated the seriousness of the strike conditions in Winnipeg is the substance of the statement made to the Sentinel-Review today by W. J. Taylor, who returned on Sunday night from a five day tour through western Canada, the last five days of which were spent in Winnipeg studying the strike situation. Mr. Taylor left Woodstock on May 30 to attend the annual meetings of the provincial association of the Canadian Press Association, of which he is president, and thus was given a splendid opportunity of studying western conditions and western sentiment. Referring to the western conditions, Mr. Taylor said: "From all reports I could gather the west appeared to be getting back into splendid shape until the strike broke in Winnipeg. In the cities of Winnipeg, Saskatoon, Edmonton, Calgary, Moose Jaw, Vancouver, Victoria and Prince Rupert housing accommodations at a premium. Houses are just as difficult to rent in these cities as they are in the city of Toronto, and in the latter instance was undoubtedly ready to start throughout the towns and cities of the west. Even the large office buildings in such towns as Saskatoon, which many easterners a few years ago believed had been erected twenty years ahead of the time are all occupied and in Saskatoon alone it is estimated that fully 600 houses should be erected to provide necessary accommodations. Speaking generally, business in all lines throughout the west was good and the prospects for

Frail, Sickly Children Improve Rapidly on Vinol

The reason we so strongly recommend Vinol for frail, sickly children is because it is a non-secret remedy which contains Beef and Cod Liver Peptones, Iron and Manganese Peptones and Glycophosphates — but no oil — the very elements needed to build them up. It is delicious to the taste, and children love it.

These Two Mothers Have Proved This. Balastridge, N.Y. "My little daughter, 13 years old, overworked and was run-down, tired all the time, nervous, had headaches, couldn't eat and had to stay out of school. Vinol has built her up. She has a good appetite, no more headaches and has returned to school again." — Mrs. Lester Andrews. "My little boy was weak, puny, and tired all the time, did not want to do anything. Vinol remedied and he built up his strength and made him healthy. Now he romps and plays like other children. We certainly believe in Vinol for children." — Harley Clay.

Greatest Rule of Health

And How It May Be Carried Out With Dr. Chase's Kidney-Liver Pills

You sometimes hear it said that the most important Rules of Health is "Daily movements, and the Bowels regular, and it does not end there. You must consider the way it affects the liver, the kidneys, the digestive system, and in fact the whole human body. Headaches, backaches, aching limbs, indigestion, biliousness, kidney derangements, appendicitis, and the most serious diseases imaginable often have their beginning with constipation of the bowels. There is a direct and combined action on the bowels, the liver and the kidneys and gets these organs into good working order in remarkably quick time, and that is Dr. Chase's Kidney-Liver Pills. They afford relief in the most effective way. They cure constipation, and insure lasting regularity of the bowels by setting the liver body.

Mr. M. Lock, 80 Home Street, Brockville, Ont., writes: "After many years I have been troubled with constipation and have tried a number of remedies, but without obtaining much relief. About a year ago I started using Dr. Chase's Kidney-Liver Pills, and have found them to be the best medicine for me to my delight. I received great benefit from them in a short time. They are a splendid medicine, and I always keep a box on hand as a household necessity. Dr. Chase's Kidney-Liver Pills are so universally used as a treatment for constipation and kidney troubles that you can obtain them at any store where medicines are on sale. One pill does 25 cents worth. Edmonston, Bates & Co., Ltd., Toronto.

Mr. R. Childs, Hariston, Ont., writes: "I suffered from constipation and kidney trouble in winter time. One day I bought some of Dr. Chase's Kidney-Liver Pills to see if they would help me. I took them in a short time. They are a splendid medicine, and I always keep a box on hand as a household necessity. Dr. Chase's Kidney-Liver Pills are so universally used as a treatment for constipation and kidney troubles that you can obtain them at any store where medicines are on sale. No Trouble at Whitley Camp

London, June 17.—The sensational reports circulated that further outbreaks had taken place at Whitley Camp, where soldiers stationed there are denied by the staff at headquarters. It is stated that the conditions in the camp are normal. A statement issued by the staff follows:

Tells Dyspeptics What to Eat

Avoid Indigestion, Sour Acid Stomach, Heartburn, Gas on Stomach, Etc. Indigestion and practically all forms of stomach trouble, say medical authorities, are due nine times out of ten to an excess of hydrochloric acid in the stomach. Chronic "acid stomach" is exceedingly dangerous and sufferers should do either one of two things: Either they eat on a limited and often disagreeable diet, avoiding foods that disagree with them, that irritate the stomach and lead to excess acid secretion or they can eat as they please in reason and make it a practice to counteract the effect of the harmful acid and prevent the formation of gas, sourness or premature fermentation by the use of a few ounces of Bisulphate of Magnesia from either powder or tablets. It never comes as a liquid, milk or citrate and the bisulphate form is not a laxative. Try this plan and eat what you want at your next meal and see if this isn't the best advice you ever had on "what to eat."

An Important Discovery Swollen Veins Relieved

That Absorbine, Jr. would relieve varicose veins was discovered by an old gentleman who had suffered with swollen veins for nearly fifty years. He had made many unsuccessful efforts to get relief and finally tried Absorbine, Jr., knowing its value in reducing swellings, aches, pains and soreness. Absorbine, Jr., relieved him and after he had applied it regularly for a few weeks he told us that his legs were as good as new. He was so pleased with the result that he has since used this ointment for the purpose of preventing the return of his trouble. Absorbine, Jr., is made of oils and extracts from pure herbs and when rubbed upon the skin is quickly taken up by the pores; the blood circulation in surrounding parts is thereby stimulated and healing helped. \$1.25 a bottle at druggists or postpaid. A liberal trial bottle will be mailed you on address for 10c. in stamps. Booklet free. W. F. Young, Inc., 317 Lyman Bldg., Montreal, Can.

CALGARY WOMAN GAINS 25 POUNDS

Before Taking Tanlac She Was so Weak She Could Hardly Walk, Says Wife of Canadian Pacific Railroad Man.

"It certainly has paid me well to stick to Tanlac for it has really and truly made me feel like a new person," said Mrs. H. Wessant, wife of a well known Canadian Pacific railroad man, residing at 1924 Eighth Avenue East, Calgary, recently, in a statement which is both interesting and remarkable. "For several years," continued Mrs. Wessant, "I had been in a badly run-down condition and was extremely nervous. I also suffered from indigestion and my food seemed to give me very little nourishment. In this weakened condition I fell an easy victim to influenza last fall, which held me much worse off than ever, and not until six months later, when I got Tanlac, was I able to find anything to help me. My nerves were so shattered that the least noise would wake me at night and I would go to bed and not get up until the same way in the mornings. I had no appetite and not nearly enough strength to do my work, and that was the worst of it. I was completely exhausted. "After seeing from the papers that so many Calgary people were being benefited by Tanlac I concluded to try the medicine myself. For some time I could not see much improvement and felt disappointed and thought of giving up the treatment. But, then I thought again that it must be good for many people wouldn't be praising it. So I stuck to it and when I finished my fourth bottle I was improving rapidly. My appetite returned and I lost all signs of nervousness and indigestion. I could rest well at night, got up in the morning feeling refreshed and noticed myself getting much stronger. Well, after finishing my seventh bottle I was feeling so extraordinarily well that I weighed myself while down town one day and was not surprised to find that I had gained twenty-five pounds in weight. I have found by experience that Tanlac is a powerful tonic and I don't hesitate to recommend it." Tanlac is sold in St. John by Ross Drug Company and F. W. Munro under the personal direction of a special Tanlac representative.—(Adv.)

Y. W. C. A. EXPANDING

At the monthly meeting of the board of directors of the Y. W. C. A., held this week, the president, Mrs. John McAvity, was in the chair. The two new members of the board, Miss Berna MacLaren and Miss Nan Brock, were present. The secretary reported the total membership of the association to be 622, with 111 of these as sustaining members. The desire was expressed that more be secured, as they were urgently needed. It was decided at this meeting to call a general secretary for work among the girls of this city. The Travelers' Aid Department showed its usual record of good work, representatives having met three hundred trains during the month and cared for many needy or distressed travelers.

SUMMER SCHOOL OF HOME ECONOMICS

One to be Held in Fredericton Under Direction of N. B. Vocational Education Board

The most universal, and one of the most pressing vocational education needs in New Brunswick is in connection with home economics, using that term in its broadest and highest sense. The vocational board realizes that the success of its work in this, as other subjects, will largely depend upon the efficiency of the teachers it employs. The training of these teachers will therefore be the first concern of the board. As a beginning step in this, a summer school of home economics will be held at Fredericton from July 5 to August 1, 1919. The attendance will be limited to about fifty. Training Expenses: The traveling expenses of each student whose application for admission to the summer school is accepted, will be paid by the Vocational Education Board. Students should procure regular return tickets, as the railroads will give no special rates. The latter will be divided into two groups, and those who have had no previous training and experience an outstanding expert in rural work, while the other will be equally strong in the purely vocational aspect of home economics. Courses: Two general courses will be given. First—One for those already holding teachers certificates in home economics. Second—One for teachers who have never taken special work in this subject. The latter will be divided into two groups, and those who have had no previous training and experience an outstanding expert in rural work, while the other will be equally strong in the purely vocational aspect of home economics. POOR DOCUMENT

MC 2035

THE EVENING TIMES AND STAR, ST. JOHN, N. B., WEDNESDAY, JUNE 18, 1919

THE BUDGET DEBATE

Westerners whose votes will be of interest: (1) R. C. Henderson, M.P. for Macdonald, N.B., and secretary of the Manitoba Grain Growers; (2) J. M. Douglas, M.P. for Strathcona, Alberta; (3) F. L. Davis, M.P. for Neepawa, Man.

BUDGET DIVISION ON THURSDAY

Ottawa, June 17.—The majority of the western speakers on the budget coupled with their declaration of allegiance a threat that the government would be expected to come through with reductions next year. There has been a rumor also that the big strike was being welded in the shape of another threat to resign by Borden, which would precipitate an election, something neither party could contemplate under existing conditions. But this is unlikely, as there has never been a sufficiently powerful scheme to cause alarm for the safety of the government. But by some means a number of the recalcitrant ones have been brought back to the fold, and the number of government supporters who will desert, it on the budget is now estimated at not over a baker's dozen, while it is said that Lapoint, Euler and MacRea will vote for the budget. The government would have no cause to worry over such a showing.

Speeches listened by the house today included one by F. Pardee, a former chief Liberal whip, who may be the only member elected as a Unionist east of the great lakes to vote for the McMaster amendment. Mr. Pardee declared himself in favor of free foodstuffs and clothing and urged that the duties on agricultural implements be reduced to the lowest possible point. In tariff legislation he said the farmer must be considered if the people generally are to benefit.

Supporters of the budget proposals at the morning and afternoon sittings of the house were Mr. McIsaac, of Quebec; Dr. Myers of Kindersley (Sask.); J. R. Wilson, Saskatchewan, and E. W. Nesbitt, North Oxford, while J. F. Fafard and

BAND WILL MEET TROOPS

The new G. W. V. A. band, which was finally brought into being at last Monday's meeting of the association, has already started its list of engagements and arrangements have been completed between the band committee and the Knights of Columbus Army Huts to have the band present at the arrival of all troop trains to the city. The new arrangement has been affected by Major George Keefe, commissioner, and Arthur O'Leary, secretary of the army huts.

Lieut.-Colonel Joseph Hays, D.S.O., succeeds Major Stewart as military director of the same department for Nova Scotia and P. E. Island.

COUNCIL PASSES ELECTRICAL LAW

Last Minute Arguments by Journeymen Heard—Recognition of Gallant Act is Urged

A delegation of journeymen electricians appeared before the city commissioners at a meeting in City Hall yesterday afternoon in connection with the new by-law which has recently been framed regarding the "examination and licensing of electricians and journeymen wiremen for the city." The matter was discussed in committee at considerable length after which the commissioners went into council, and the question came up in the report of the committee on the whole. This by-law and the other accompanying it "respecting the installation and use of electric current in or on buildings in the city," as passed at the council meeting, and other matters of interest were also dealt with. The mayor presided and all the commissioners were present.

Two returned soldiers, R. S. Black and W. H. Gorham were given permission to place a lunch wagon in South Market street at a rental of \$15 a month. Commissioner Thornton said that the rental formerly charged for this privilege was \$200 a year, but in order to help these returned men at the start the rate had been lowered. The privilege would continue at the will of the council.

A bill of fifty dollars from the Fernhill Cemetery Co. for damages alleged to have been caused by an overflow from pipes of the water and sewerage department was referred to that board. One from J. H. Doody for \$284.95 for repair on and new sections supplied for a boiler at City Hall was left with the city engineer for settlement.

H. O. McInerney wrote a letter, read by Commissioner Jones, asking that rental claims against a lease formerly held by Clowes Carman, which expired in 1915, be written off. The request was complied with.

The tender of the Granite Street Paved & Construction Co. Ltd., for \$200,000 of lumber was approved. The application of James Kennedy to be appointed a surveyor and measurer of lumber was approved.

A further sum of \$1,000 was granted to Messrs. Moses & Tobias for excavating the trench for the water main at Lake Fitzgerald, out of the amount held back under their contract.

The commissioner of harbors, ferries and public lands was authorized to purchase piling to the extent of \$3,000 for use at the face piling construction to the West Side ferry approaches, to be paid for out of bond issue. This amount being in addition to the Robert Roberts Sons' contract, but coming within the estimated cost of \$22,500 approved by the council on March 22 last.

The tender of the Phoenix Foundry & Locomotive Works of \$825 for furnishing a new steel-tail shaft for the ferry steamer Ludlow was accepted, it being the lowest.

A communication was read from the International Brotherhood of Teamsters, Local 661, that the by-laws regarding boys under sixteen years of age being allowed to drive jeeps in the city was being violated. Commissioner Fisher said he would like to see a small license fee charged every teamster and a register kept therewith in order that the enforcement of the law might be facilitated. The matter was left with the safety department.

A letter was read from J. C. Chesley appealing for some recognition by the city of the action of Nathaniel A. Palmer in rescuing from drowning at Marble Cove, a boy named Birmingham, a short while ago. Commissioner Thornton said that in diving into the water, Mr. Palmer had destroyed a suit of clothes and a valuable watch. The mayor was asked to deal with this matter.

RETURNED MEN HONORED

A reception for returned soldiers was held last evening in the Fabernacle Baptist church, Haymarket Square. The pastor, Rev. A. Lawrence Tedford, was in the chair, and an enjoyable evening was spent. A large number of returned soldiers were present, besides many members of the congregation and Sunday school.

The reception was held under the auspices of the Brotherhood and Sunshine Class of the church and Sunday school. During the war 128 members of the congregation and Sunday school enlisted for active service and twelve of these made the supreme sacrifice.

During the evening refreshments were served by the young ladies. The following programme was given during the reception: Gramophone selections; solo, A. McEachern; reading, Vera Roberts; solo, John McEachern; reading, Fred Wayne; address of welcome, A. Beves, superintendent of the Sunday school; Mr. Rupert and solo, Peter Murray.

GOOD YEAR CORD HOSE
MADE IN CANADA

FTER ALL there is more to the garden hose question than simply getting so many feet of hose to carry water from one place to another. Cut into an ordinary hose, and then cut into Goodyear Cord Hose—You will see the difference.

Goodyear Cord Hose is built after a new principle—layers of strong plant cords embedded in good rubber—seamlessly welded into one unit and with a smooth cover. The Cord construction makes the hose both strong and flexible. It cannot kink or tangle, and insures protection against costly bursts.

It resists wear—and gives a bigger stream of water—because it is oversize.

It's a hose not one whit too good for your place—You will appreciate its extra goodness.

The worth of this hose is backed by the Goodyear name stamped on every six feet of it.—It is one of Goodyear quality products.

Buy now from your hardware dealer—get the whole season's use.

DEPOSITS OF \$550 ARE FORFEITED

Liquor Cases in Police Court—Evidence and Argument in Brussels Street Matter

In the police court this morning the case of Wallace Stevens, charged with having liquor in his possession other than in his private dwelling, was resumed. E. S. Ritchie for the defendant, asked that as the defendant was out on a \$150 deposit, the case be disposed of that way. This was decided on.

The case against Harry Kent charged with having liquor in his possession in his premises in 77 Brussels street, was resumed. Inspector Saunders gave further evidence and Inspectors Linton, Daley and McKee gave corroborative evidence. Kent gave evidence that he was the proprietor of a grocery store and bakery at 77 Brussels street, and also was a contractor and builder by trade. He said that on Monday, June 2, between 8 and 9 p. m. while he was in his store waiting on a customer, Inspector Saunders followed by the other four inspectors, entered his premises and searched for liquor. He said that he told the defendant they had come to search the premises, and also that the defendant said that they would find no liquor there. The defendant denied this. He said there was one door and entrance to his private dwelling as well as inside. He said the inspectors found some liquor in a bedroom.

In April, 1917, before the prohibition act came into force, the defendant said he bought three cases of liquor, one of gin, one of whiskey and a mixed case of port wine and sherry, which he used solely by the family for medicine. What liquor the inspectors found was part of this.

He said that at the time he bought the liquor the store was not connected with the dwelling, but since then stairs had been erected leading from the dwelling to the store. He said he sometimes bought three dozen bottles of lemon a week, some of which he used for cooking and the rest he sold in the store only to his customers who were going to use it for cooking.

The case being concluded the magistrate heard the arguments of the counsel, D. Mullin, K. C. for the defence; J. Starr, T. K. for the prosecution. Magistrate Ritchie did not give judgment as he wished to consider, but he said, under the evidence, he would impose only the minimum fine of \$50. He added that if on considering the evidence he thought the case ought to be dismissed, he would do so.

The case of James McKenny, charged with having liquor in his possession illegally and which was to be resumed today, was not given a further hearing as the defendant did not appear. He forfeited a deposit of \$400.

Four men were charged with drunkenness and were remanded.

One man charged with drunkenness yesterday morning was fined \$8 or two months in jail.

Two men Leo Hayes and Walter Elliot, came to the police station this morning and gave themselves up to Detectives Biddiscombe and Donahue as they were wanted on charge of assaulting a Chinese, Chien Ham. They put up a deposit of \$20 each for their appearance in court. The case will likely be aired in the police court Friday morning.

LOST A LEG.

Private James Nicholl returned to the city last night from hospital in Fredericton, where he was undergoing treatment. He expects to go to hospital in Toronto soon to receive further treatment. Private Nicholl, whose home is in St. Patrick street, left St. John with the 11th Battalion and lost a leg in action in the Amiens fight last August while with the 24th Battalion from Montreal. His leg was riddled by machine gun bullets.

FIFTH ANNIVERSARY.

Friends and relatives gathered at the residence of Mr. and Mrs. H. S. Rathburn, 5 Millidge avenue, last evening to celebrate the fifth anniversary of their wedding. On behalf of the assembly a handsome electric roasting lamp was presented to them by Miss Margaret Burgess of Sussex. Mr. Rathburn in reply thanked his friends for the remembrance and their kind wishes. The evening was pleasantly spent with cards and music, and dainty refreshments were served.

MRS. ISABELLA ROBICHAUD.

The death of Isabella, aged eighty-one years, widow of Amos Robichaud, occurred last evening at the home of her son, John, at Randolph. Mrs. Robichaud is survived by four sons and three daughters. The sons are John and Angus, residents of Randolph; Joseph and Mellen, both of Boston. The daughters are Mrs. James Messier of Halifax, Mrs. M. Mellet of Riverview and Mrs. Orest Chervier of St. Charles, Kings county. The body will be taken on the early train on Thursday morning to Richibucto, where interment will take place.

CAPT. E. J. RYAN, M.D., EXPECTED THIS WEEK

It will interest many friends to learn that Capt. Edward J. Ryan, M. D., is coming home on the S. S. Aquitania, which is now on the Atlantic and is expected in Halifax tomorrow. A cable to his father, Michael Ryan, of M. & H. Gallagher & Co., brought the news. Captain Ryan was a physician in St. John when the war broke out. The very next month—September, 1914—he left for the scenes of conflict, crossing the ocean attached to the Strathcona Horse, with the first contingent. He joined the Imperial Army and went with the R. A. M. C. to France. After a brief period of service there he was detailed for duty at Lemnos Island in the Mediterranean and from there went to the Dardanelles, where he was through the Gallipoli campaign.

He was wounded in the leg in the fighting there and was sent to Alexandria, Egypt. For a time he was engaged on a Red Cross train, caring for the wounded and then spent some two years in military hospital work in Cairo.

Captain Ryan then joined the camel corps and was with it through the campaign in the Holy Land and was at the taking of Jerusalem by General Allenby. After the signing of the armistice he returned to England, via Italy, in last April. He has seen a lot of the world and of war experiences in his absence of nearly five years. A hearty welcome home awaits him.

BACK ON OLD JOB

Sergeant Charles M. Johnston, who severed his connection with the Canadian Drug Co., Ltd., some four years ago, to join a siege battery, has again resumed his duties as traveler for that company. The many friends of Mr. Johnston on the road will be pleased to learn that he is back in his old position and will call on them regularly in the interests of this firm, which has held open all the places for those of its staff who enlisted and went overseas to help win the war.

Something that may be cherished during the long years of married life — something that will stand a silent and permanent monument of your affection for the bride.

Furniture, of course, is the most tangible form of permanent gift, because furniture comes in daily contact with the "givee," if we might coin the phrase in this connection.

Our store is headquarters for bridal gift giving things, and no matter what extent your purse may be used, you will find here the very thing you'd desire to give and the very thing most acceptable.

GIFTS FROM K. C. HUTS FOR SOLDIERS AT THE FREDERICTON HOSPITAL

Major Frank Eason, adjutant of the Fredericton Military Hospital, accompanied by two returned soldiers, arrived in the city this morning for the purpose of taking to Fredericton a motor boat which has been donated to the Fredericton Military Hospital by the Knights of Columbus Army Huts through the commission of Major George Keefe. The boat is a fine craft, measuring thirty feet in length with a seven foot beam and is equipped with a three cylinder eighteen horsepower Fairbanks-Morse engine capable of attaining a speed of fourteen knots.

In addition to this boat the K. of C. Huts have donated to the Fredericton Military Hospital a large Chestnut cruising canoe. These gifts will no doubt afford great pleasure to the men under treatment at the Fredericton hospital and the thoughtful kindness of Major Keefe and the organization which he represents will be recognized and greatly appreciated by them.

ACTIVITIES OF CATHOLIC RED CROSS CIRCLES ARE REVIEWED AT MEETING

An interesting report of the activities of the organization during the war was made by the secretary, Mrs. Richard O'Brien, at a meeting of the central circle of the Catholic Red Cross last evening. The meeting was held in the Y. M. C. I. rooms with the president, Mrs. J. D. Maher, in the chair. Members from the six circles representing the six parishes in the city and vicinity were present.

Rev. Wm. M. Duke, rector of the Cathedral parish, in an address to the meeting congratulated the ladies on the excellent work that had been accomplished both in regard to the relief of the wounded and the comfort of the fighting troops overseas and at home. The Misses Lynch and Miss Hogan were heard in some delightful musical selections and light refreshments were served after the meeting.
