London, June 18—Lord Charles Beresford, in a letter to the press this morning, strongly criticizes the policy of reducing the British naval strength in the Mediterranean and argues that the adoption of the programme which he submitted three years ago, estimated to cost \$300,000,000, would have prevented the present crisis. Lord Charles says: "The government, having apparently determined virtually to abandon the naval defence of the Mediterranean, what the nation must decide quickly is whether or not it will permit the weakening to the breaking point of what is the main link of the defence of the empire."

NOMINATE ROOSEVELT AND B CONVENTION

Rough Rider's Tactics a Confession of Weakness - Balance of Power in the Hands of Colored Delegate, and he Shows Realization of Fact

(Registered in accordance with the copyright act of Canada, unauthorized use either in whole or in part or colorable summaries thereof forbidden.) Special to Times and Toronto Star.

By H. F. Gadabey

Chicago, Ill., June 18—If it all comes as per schedule, Theodore Roosevelt will be six o'clock tonight in the hands of the delegates to the national convention at Chicago assembled. Whether Wm. Taft is nominated afterwards by a convention from which the insurgents have withdrawn Roosevelt carries not a course. He came to Chicago to become a candidate, and this is now his prospect to go about it. When the national steam rolling republican committee presents Elihu Root as temporary chairman of the convention, Roosevelt delegates will move that the name of Senator Borah be substituted. This will force a roll call of the delegates and a Roosevelt booster from Alabama, the alphabetical head of the list of the states, will challenge the right of the Taft team to call delegates from that state to vote. This will open up the whole question of credentials.

FAT WILL SOON BE IN FIRE

All the fat will be in the fire in a few minutes. If these tactics succeed in gaining Roosevelt the mastery of the convention, that is the temporary and permanent chairmanship of the whole convention, and the mastery of the credentials committee, then the convention will be his and he will be nominated as Governor-elect. The prediction is that the nomination will follow so quickly on Senator Borah's grabbing the gavel that it will make everybody's head swim. Before Elihu Root has a chance to open his mouth, some big Roosevelt booster will step forward and say: "I nominate Theodore Roosevelt for President of the United States in the name of the people." Having said it and been acclaimed, the Roosevelt faction will blow out with great noise through the flaps of the Coliseum, leaving the flabbergasted remainder of the convention to sit alone as a group of spectators. If the Roosevelt crowd can pull this off it will please most of the visitors. They can all go home. But the printer will please make that a large upper case.

But what will the Taft people be doing while the Roosevelt lightning is working all these changes? Well, Victor Roosevelt, in his thin piping voice, will be declaring everything out of order in spite of a western man will pull his gun and then the rough house will begin. Strong arm Bill Ryan will use the Roosevelt chair a deadly weapon to break a head or poke an eye out.

CROWELL TO BE OUTDONE

The best guessers are foretelling blood shed when the rough rider gets through with the Chicago convention. Oliver Crowell's little stunts of turning parliament out of doors will look like a garden party of the kindergarten class. It is confidentially expected that the police ambulances will have something to do. All the country can hope is that the events of the day will not bear out these early morning forebodings.

There are patriots even in the Roosevelt party who look on these gory plans with dismay. Although it is sweet and becoming to die for one's native land one does not select by preference a republican convention as the spot to die in. The innocent bystander in the Coliseum will be hit on the floor when the shooting begins. It is no great honor as the republican party bulls just now to be winged by either wing of it. As the battle with rage over and around the heads of the newspaper men, who are right in the foreground between the two armies, nobody will blame them if they seek safety at the nearest instruments.

Joking aside many good republicans who are not necessarily admirers of William Taft are disgusted with the ogmansia of Theodore Roosevelt which turns the national convention into a beer garden. The darkey delegate from South Carolina was not far wrong when he remarked that all depended on "de zoological nomenclature" as a matter of fact his rough house tactics are a confession of weakness on Roosevelt's part. If he has, as he says, he has enough delegates to win in the regular way, what is the need of all this

WHENCE THIS EASY MONEY?

There was little use talking to the Cummins and LaFollette delegates, who are dark horses to the last dark minute, but some of the instructed delegates were open to reason and the colored brethren were brought into the fold in considerable numbers. Light penetrated their darkness to such an extent that they blazed out in plug hats and alpaca coats and Taft detectives tried to find out where they got their easy money.

MANIFESTO BY TEMPERANCE MEN

Their Position in This Election Contest—A Call for Support of Mr. Keirstead

The Temperance Federation has issued the following manifesto to the electors: To the electors of the City of St. John: In the evolution of temperance reform, the next logical step is a prohibitory law applicable to the entire province. Beginning many years ago with the pledge of total abstinence for the individual, the temperance sentiment soon demanded a similar standard of morality for the locality. This gave rise to the local option campaigns that have been a marked feature in the temperance work of recent years.

The time has now arrived when the standard for the individual and the locality must become the standard for the province. Experience has proven that the larger the area under prohibition the better the opportunity for the enforcement of law. It is impossible to keep the country districts dry while the cities are wet. It is a confusion of moral standards to make a city a salubrious place in one part of the province while the same act is protected and condoned in other parts. We want a single moral standard for city and country.

WAS A MERRY SCENE IN THE GLICKS' HOME

A Stirring Time for Constables and Policemen in Brussels Street House

There was an interesting docket in the police court this morning. The most interesting case was that of Constable Blair and Policeman Whittier against William and Benjamin Glick, charged with assaulting them in the discharge of their duties. The affair is alleged to have taken place in the defendants' house at 180 Brussels street. The constables went to the house to confiscate an antique clock furnished having been charged with assaulting them in the discharge of their duties. HERE'S THE PROOF

The following despatch from Chatham in today's Standard confirms all that has been said by Liberals about the state of the roads in New Brunswick: "The campaign of the opposition voters has this far proved an unmitigated disaster as their efforts to secure a ticket. Messrs. Stewart and Doyle started for Beakdown in Mr. Weldon's auto on Friday, to hold a meeting that evening. They were joined by Councillor Vanderbeck at Millerton, but misfortune and consequent delay dogged their footsteps all along the line, and night found them stranded some miles away, with a broken-down auto and no means of conveyance procurable to enable them to reach their destination."

KING'S BENCH DIVISION

In the matter of William Deschais, insolvent, application was made before Mr. Justice McKernan in chambers this morning, to have Barlow, Mongemais & Co., of Montreal, booked with the rest of the creditors. The application was refused. Deschais carried on a tailoring business in Chatham for the last few years, and has now become insolvent, owing at that time \$800 to Barlow, Mongemais & Co., of Montreal; \$400 to Clayton & Sons, of Halifax, and various amounts to other creditors. In November, Clayton & Sons and other creditors asked payment or security. Deschais saying that he was insolvent, and if he granted their request, it would give them a preference over the other creditors. A few weeks later, it was said, he gave \$300 worth of goods to Barlow, Mongemais & Co's traveller, and fifteen days after that he made an assignment for the benefit of his creditors.

WHERE THE MONEY GOES

At the joint meeting at Buctouche, P. J. Veniot read the following affidavit: "This is to certify that my son, Willie McDonald, worked on the Farrel Bridge, and at the same time worked four days on John Campbell's farm (saving his crop) and got his wages by check from the Provincial Government for the time he worked on bridge and farm."

Giving Things A Rest
By RUTH CAMERON

TO last as long as possible and remain in the most efficient state, human beings must have a certain amount of rest and change. That is a truism. But did it ever occur to you that inanimate objects also seem to profit by an occasional rest?

A few months ago, a clock which we had had a great many years, suddenly stopped in the middle of the week, and firmly resumed all efforts to start it. "It needs cleaning," we said, "we must send it to the clockmaker." We were very busy, however, and put off attending to this matter until last week. At that time we were about to call up the clockmaker and ask him to come for the recalcitrant time-piece, when someone suggested, "Let's try to start it once more before we send it away." We did so and the clock started cheerily off on its duties of time-keeping without a murmur or a hitch. All it needed, you see, was a rest.

Everyone knows that boots and shoes will wear just about twice as long if they are not worn steadily, but given a chance to rest a day or two every now and then, and many people say the same about clocks.

At the end of last summer, the hat which I had worn all the season seemed absolutely impossible to me, and I bought my winter hat considerably earlier than I had intended to, because it did not seem to me that I could wear my faded and dilapidated summer hat even once more. But behold, when I took that hat out of the wardrobe after a winter's rest, it didn't look half bad, and I actually wore it a few times.

A woman who keeps two or three expensive plumes as permanent hat ornaments, declares that she is able to get a good deal more wear out of them, if she gives them a season's rest now and then. "If I used them steadily every season, they would only last three or four years," she says, "but by giving them a summer or a winter vacation now and then, I can keep them presentable for eight or nine years."

Perhaps someone will suggest in the case of the hat that the change was subjective rather than objective; in other words, that it was my eyes which profited by the rest rather than the hat. There may be something in that, but that hypothesis doesn't explain the clock, you know, nor the plumes, nor the shoes.

There have been philosophers who contended that there is a principle of life in every inanimate object. I can't quite go that far, but I do still insist that, however you explain it, in this matter, inanimate objects are just like you and me—they sometimes need a rest.

LA MARQUISE DE FONTENAY
Lord Devonport, Whom Ben Tillett Threatened to Shoot if Troops Were Called Out in London Strike—Royal Birthday Honors

(Copyright, 1912, by the Brentwood Co.)

Lord Devonport, the unpaid chairman of the board controlling the port of London, whom Ben Tillett, Dock and Transport Workers' strike-leader, has publicly threatened to shoot if the military are called upon to preserve order, is a self-made man, and the principal rival of Sir Thomas Lipton in the tea and grocery business as also in the tea-planting industry in Ceylon and Assam.

Hudson Kearley, by birth, he started life as a clerk, or rather as an office-boy, in a tea house in London, at the age of fifteen. When he was twenty he set out to begin business for himself as a tea merchant, and his firm, known now as Kearley & Tong, was then begun as a one-man concern, he acting as his own buyer, blender, traveller, and book-keeper.

He has establishments all over the world; in the United States, Europe, South America, Asia, Africa, and Australia, and is exceedingly rich.

Entering parliament for Devonport, in 1892, as a Liberal, he showed such a knowledge, acquired as a boy, of everything relating to life and work along the water front of London, that Sir Henry Campbell-Bannerman, then premier, made him a member of the administration, as parliamentary secretary to the government board of trade and entrusted him with the great task of carrying through parliament that arrangement whereby the London docks passed into the possession of the state.

Simultaneously he reorganized the entire management of the great port of London, which extends from London Bridge and even higher up the river—to Tedding and top Lock. A believe-down to the mouth of the Thames. For his services in this connection he received, in turn, a baronetcy, a seat in the king's privy council, and elevation to the upper house as Lord Devonport.

Parliament voted a salary of \$30,000 a year for the office of president of the state board of control of the port of London, which he now holds; but as he refused all emolument, on the ground that so important a position as his in itself is sufficient reward. He has a country seat at Marlow, in Buckinghamshire, and another near Denbigh, in Wales, is one of the pillars of the Reform Club in London, and also the first member of a great grocery firm to receive a peerage.

If Lord Carrick had received a barony of the united kingdom on the king's birthday, it is in order to provide for him a seat in the House of Lords, and to give the government an additional vote there. His peerages are all Irish. There are some 130 Irish peers, and they elect for life twenty-eight of their number to represent their order in the upper house of parliament at Westminster.

As an overwhelming majority of them are Unionists, no Liberal Irish peer stands any chance of election when a vacancy occurs. Lord Carrick is a Liberal, and what is more, a home ruler, who has rendered most useful service to the state as inspector of the agricultural and technical instruction department of Ireland, since his retirement from the army, his activities being directed towards promoting both the agricultural and the manufacturing industries of the Emerald Isle.

A few years ago, prior to his accession to the earldom, he figured as an expert witness in an important lawsuit in Dublin, in connection with the Irish linen trade, and was able to give much technical information to the court in regard to the production of the fabric from the raw material.

About two years ago he secured the conviction in the Central Criminal Court, London, of a big firm which made a practice of selling, in their various stores, handkerchiefs and similar articles made of a mixture of linen and cotton, which they described as Irish linen.

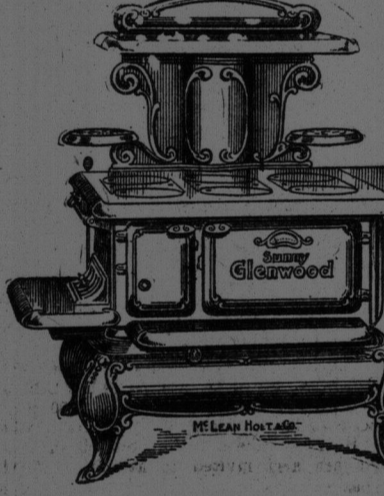

In the course of his duties as inspector of Irish dairy produce in England, he resorted to many odd expedients to obtain satisfactory evidence; for instance, dressing himself as a laborer, in order to purchase samples of butter that was being sold to the poor as the product of Irish dairies, a plan that was extremely successful.

Another noteworthy royal birthday honor, is that conferred upon Sir Francis Allston Channing, who makes another step upward in rank. Created a baronet in 1898, he now receives a barony, as a reward for his excellent services in promoting agricultural, educational, and labor reforms. He was born in the United States as the son of that famous Unitarian minister, of Boston, Rev. W. W. Channing. His wife is a Bogdanov, the daughter of

Henry Bryant of that city, and they have two children, both girls.

Baron Channing—to call him by his new title—was educated at Oxford, is a Fellow of University College, and was for some time tutor and lecturer in philosophy at that great seat of learning, where he earned for himself a very distinguished record, including honors both in classics and mathematics, the chancellor's English essay, and the Arnold historical essay.

To enumerate the various royal commissions on which he has served would make a long list and, besides, he has written several books on agriculture, politics, the classics, and natural history, which he entered parliament for East Northamptonshire in

Daily Hints For the Cook

FANCY SANDWICH
Take a thin slice of tongue, a piece of the breast of a chicken, and mayonnaise of peas. To make the mayonnaise take the raw yolk of an egg, oil—add a drop at a time—and vinegar to thin it, together with salt and pepper as seasoning. When thick, mix it with cooked peas. Place a slice of chicken and a spoonful of pea mayonnaise on each slice of tongue. Roll the latter up like a pancake, and roll again in a very thin slice of bread and butter, to hold in form.

BUTTERSCOTCH PIE.
One cup of soft "A" sugar, two eggs,

two tablespoonfuls of flour, one cupful of cold water, two heaping tablespoonfuls of butter, one teaspoonful of vanilla extract, one baked pie-crust. Mix the sugar, flour, and yolk of eggs to a smooth paste; add gradually the water and the butter, and stir over the fire until thick; then add the vanilla extract. Pour into the pie crust. Beat up the whites of the eggs to a stiff froth, add two tablespoonfuls of sugar, put this on the top of the pie and brown slightly in the oven. If a few bananas are sliced into the pie and covered with the filling and the whites of the eggs an excellent dish will be the result.

Secret of Baking Good Bread

THE VALLEY RAILWAY
The people of New Brunswick want a railway constructed from St. John to Grand Falls, operated as part of the Intercolonial system.

PROOFS OF PANIC
The Tories in St. John are doing a lot of whistling to keep up their courage. If public meetings and large posters and big advertisements, and the circulation of literature from house to house could win a victory, then victory would be theirs.

THE COMING VICTORY
The reports that come from all sections of the province to the Liberal headquarters are of the most cheering character. They show that the wave of opposition to the Fleming government is rising higher, and that the defeat of the government is practically assured.

UNANSWERABLE ARGUMENTS
Why are not Hon. Dr. Landry and the other members of the agricultural commission supporting Mr. Copp? The Richibucto Review points out that they strongly recommended the policies in relation to agriculture which Mr. Copp has adopted as part of his platform.

TIME FOR A CHANGE
New Brunswick is a comparatively small province, with a comparatively limited revenue. It cannot afford the luxury of an extravagant government, or one that is the tool of the corporations.

KEEP YOUR FEET ON IT

FLEMMING IS TRYING NOW TO SAVE SELF

Making Appeal for Personal Votes in Carleton County

PROVINCE IS IN REVOLT

Reports From All Sections Promise Overthrow of the Government on Thursday—Read The News of the Situation and Judge.

Woodstock, June 17.—As election day draws nearer the anxiety of the Tories increases, and the party is now verging on a panic. Premier Flemming is working the sympathy dodge by beseeching the electors to save him, as a defeat will mean his political extinction.

At Florenceville he grew desperate and said if Carleton threw him down he could get a seat from another county.

Tory leaders concede the Liberals two and a strong show for the whole district. It is said a large campaign fund has been furnished by the C. P. R. who want to have Flemming at any cost to carry out their plans to control the Valley Railway. The people are thoroughly aroused over the situation and will speak in no uncertain way next Thursday.

REVOLT IN YORK

Fredericton, June 17.—The opposition continues to gain ground in a surprising manner and the government forces are alarmed. It is now openly admitted that Hon. H. F. McLeod is being knifed by his own side and on that account an appeal for Liberal votes on his behalf is being made to a considerable extent.

Conservative workers admit privately that there is something wrong in York county and that the campaign is not going as it was expected. At Burtt's Corner Saturday night 500 people crowded the hall to hear W. J. Osborne, opposition candidate, and J. D. Phinney. From all parts of the county reports come that the government meetings are very slimly attended and it is said that Hon. J. D. Hazen has been summoned at the eleventh hour to bring out those who are ordinarily strong party men.

FALSE PAY LISTS

Moncton, June 17.—The report in the Moncton Times today of the explanation of the charges of stuffed pay lists and forged endorsements on cheques, is simply and knowingly lies.

Dr. Landry, according to arrangement, had an hour to reply and refute the charges. He spoke in English in reply and delivered his speech just delivered in French. He never attempted a reply to the charges beyond saying that a royal commission would be appointed to investigate them.

Edward Girouard, mentioned in the Times as not having received his full pay, and that what was finally due him was placed in his little boy's name, was repudiated the platform, and when asked by Mr. Veniot if he had received his full pay separate and apart from the cheque sent to his ten-year-old child, his reply was: "Yes, I did, and I am now prepared to swear that the cheque sent in my boy's name had nothing whatever to do with my time or pay."

The same Mr. Girouard was approached two days before the Buctouche meeting by a leading Conservative and offered a position under the dominion government, if he would hold his tongue and not appear with his child at Buctouche meeting.

The people of Buctouche know full well that the Times lies throughout its whole report.

ON NORTH SHORE

The Conservatives of Buctouche are in despair as a result of the serious charges against the government made and proved by Hon. C. H. Lablanc on nomination day. In their desperation they have driven every office holder into the field in an effort to stem the tide. Lumber scalars, game wardens, road superintendents and others are being forced to follow the meetings to cheer for the government that pays them and to distribute liquor to the electors.

IN KINGS

In Kings county the government forces are in a similar state of panic. Liquor is being freely distributed in an effort to debauch the electorate, but this has proved a boomerang to the Tories, as it has turned hundreds of respectable and law-abiding people of Kings county against them. Their conduct in this matter appears even more despicable in view of the fact that the government candidates seek to delude the temperance people by intimating that they are ready to take the pledge of the Temperance Federation, but that they had not been given the opportunity to do so.

This was nailed last night by the evidence of the president and secretary of the Temperance Federation, who sent word to them at the same time as the opposition candidates, who promptly signed them.

Another illustration of the part the Federal government is taking in the local campaign has been discovered. During the recent provincial campaign in Quebec the newly appointed train agents on the I. C. N. were transferred to the maritime provinces. They have now been sent back from New Brunswick to Quebec, but as soon as the campaign is over they will again be placed on the trains in this division.

Frances Mead Was Never Able To Secure Her Birth Certificate IS DEAD AT AGE OF 96

Some \$2,000,000 Held by English Authorities, But Claim Was Never Established and Mrs. Mead Died in the Workhouse

London, June 14.—A romance of the Hackney workhouse was disclosed at the inquest on Frances Mead, a widow of ninety-six, who died in absolute poverty although a claimant to a £200,000 fortune.

The old lady, who had been in the workhouse for the last eight years, died from the effects of a fall. She was a cousin of Mrs. Helen Blake, the widow of General Dudley Blake, who died in 1876, without issue and intestate, leaving property now held by the crown amounting to £200,000 realty and £140,000 personally.

There were other claimants besides Mrs. Mead to this fortune, which has now gone begging for more than thirty years. She expected to secure at least £200,000 of this legacy, but a lost document stood between her and wealth.

"The old lady was very hopeful at one time of proving her right to this fortune," said the master of Hackney workhouse. "That she was actually the cousin of Mrs. Helen Blake was as clear as daylight, but it could not be legally proved. One paper, and one paper only, was missing, which she said, had it been found, would have proved beyond all doubt that she was a rightful claimant. This was the certificate of her birth in the remote Irish village where, ninety years ago, she remembered playing as a child with her cousin, Helen Sheridan."

At the age of nineteen her cousin ran away to Scotland to be married to young Lieutenant Blake, who when he died left her this fortune.

This birth certificate was burnt or destroyed during the Irish rebellions of last century, with many other registers of births, marriages and deaths, and so Mrs. Mead was never able to prove her claim. She came in here at the last, and many times since she has thought that the whole matter might be cleared up and she would leave the workhouse."

Search for Heirs

In May, 1876, after the death of Mrs. Helen Blake, the crown authorities advertised for any claimants to the property. They only gave the address, "Helen Blake, deceased, of 4 East's terrace, Kensington" and did not mention Ireland. The advertisement was published only in London papers, but the relatives were all Irish people, and it is presumed that the legal notice never reached them there. Nearly sixty years had even then passed since the romantic marriage of Lieutenant Blake with Miss Helen Sheridan, the daughter of an obscure Irish schoolmaster.

Nine years ago some Australian claimants were found. One was Edward Gleason, proprietor of a clothing store in Adelaide, but his claim was never established, and the fortune has remained in the hands of the crown.

Twizel Castle, Northumberland, by the side of the River Till, is one of the places included in the property left by Mrs. Blake. In the hollow close by is Twizel Bridge, mentioned by Scott as "Marmion," where he describes the march of the English "From Flodden Ridge."

DEMAND THEIR PAY

More Trouble in China—International Bankers Come to The Rescue

Peking, June 18.—The non-payment of soldiers' wages is causing serious disaffection. The division of Manchou troops quartered at the summer palace on Sunday night started for Peking with the intention of compelling the authorities to pay the arrears in their wages. President Yan Shi Kai's troops, however, intercepted them and arrested their leaders.

Reports from the province of Shan Si, Shensi and Shan Tung foreshadow outbreaks there unless the troops are soon paid. On an urgent appeal by the Chinese government the group of international bankers has agreed to advance approximately \$2,100,000 to avert a crisis.

THE COMMON COUNCIL

Government Refuses City Request Re Post Office—City Insurance—The Dog Question

At the meeting of the civic commissioners yesterday the recommendation of the finance committee to place all the city insurance with tariff companies was allowed to lie over for a week, after two of the commissioners had opposed the action. The engineer's report on repairs to Silver Falls pump was referred back for further details and the section of the report on water and sewerage board report recommending the awarding of tenders for water extension in Egbert street was withdrawn, owing to the unwillingness of the Norton Griffiths Co., Ltd., to make the guarantee. A communication from the secretary of the dominion office department was read at the meeting informing the commissioners that the minister had refused to grant the request of the city council, the board of trade and Agriculture Society to set the building line a few feet from the street line for the purpose of allowing for a plot of grass and shrubbery in front of the building.

In other respects the report of the commissioners was adopted practically as recommended, with the exception of the recommendation for the withdrawal of city insurance from non-tariff companies. Commissioner Schofield moved in amendment to the section that 25 per cent of the cost of insurance be borne by the non-tariff companies and the balance be placed in the tariff companies. He did not think it was fair to the non-tariff companies to ignore them altogether and it was well to remember that some tariff companies could be as weak as any non-tariff company. This amendment was seconded by Commissioner Agar, but was opposed by Commissioners Wigmore and McLellan, who supported Mayor Frink in the recommendation.

In defending the section, the mayor said that the insurance on schools, amounting to \$250,000, over which the commission had no control, was all in non-tariff companies and that out of a total of \$750,000 on city property this proportion of non-tariff companies was pretty large enough. He agreed to let the matter remain in abeyance until the next meeting. Permission was granted the Rubber Tire Wheel Company to erect a projecting electric sign over their premises 154 Prince William street, and Commissioner McLellan called attention to the fact that the law requiring signs and awnings to be so placed as not to be an eyesore was being disregarded, and said it was better that the owners should be notified than to wait until they were brought up in the police court and fined.

The last two sections of the report referred to the granting of such privileges as the city possesses to Frank H. Elliott and C. B. Lockhart to erect fishing wharves at Partridge Island bar and on the Ballast wharf, respectively, on payment of \$5, were withdrawn on advice of other commissioners who objected to the city assuming responsibility if it had no rights, as the recorder had advised. By-laws providing that dogs must be in leash when out doors between May 1 and November 1 was adopted. The penalty for non-observance is death of the animal.

MORNING NEWS OVER THE WIRES

In Halifax yesterday, besieged by a swarm of office hunters, Premier Borden said that the master of the C. P. R. is carrying running rights over the I. C. R. was now under consideration. The National Packing Company of the United States is to be voluntarily dissolved on August 1. The civil suit which was to have been brought against the company by the government, is to be held in abeyance. The third attempt to secure freedom for Harry K. Thaw from the state asylum at Mattawan was begun yesterday. Doctor Leak, second in charge at the institution, testified that Thaw was "constitutionally inferior," and could not recover. Dr. W. A. White, an alienist of Washington, said that he did not think Thaw insane. W. A. Stone gave similar evidence. Dr. Jerome is opposing the application for liberty. Vancouver, B. C., June 17—Mrs. R. C. MORNING LOCALS

In Cranston avenue about six o'clock last evening Mr. and Mrs. Lawrence MacLaren were sitting in the dining room of their home when a bullet crashed through the window and lodged in the wall. The bullet passed not more than three feet over their heads. It was found that it was a shot from a rifle. It has not yet been learned who fired the shot. It is now feared that Leonard Williamson, the eighteen year old son of Mr. and Mrs. Samuel Williamson of Williamson's Landing on the St. John River, has been drowned in the river. He has not been seen since Sunday evening at six o'clock, when he was out on the river in a row-boat. Grappling operations were begun yesterday. The preliminary hearing in the case of Joseph Neely, charged with assault, was concluded before Justice Allingham in Fairbairn street yesterday afternoon, and the prisoner was sent up for trial. Being unsuccessful, one threw a missile which struck W. J. Osborne, a Liberal candidate, who was delivering an address. The incident has aroused great indignation.

A vote for the Liberal candidates in this campaign will be a vote for a real forward movement in New Brunswick. When milk buses remove it from the fire and place the asparagus immediately in a bowl of cold water and throw into the milk a pinch of salt. Stir with a spoon, and the burnt taste will entirely disappear.

POLITICAL NOTES

REVOLT IN NORTHUMBERLAND
Chatham World.—All the advances that have been made in the Northumberland election are being won by the Conservatives. "It is the election over again," says one report, "with the Morrissey vote under."

WILL NEED SANITARIUM
J. L. Stewart (Conservative) at New castle meeting. He agreed with much that Mr. Maclean had said. The establishment of a sanitarium was especially commendable and he had no doubt but some of the Morrissey ticket might have to go there for treatment when the votes were counted.

MORRISSEY AS A LIBERAL
Chatham World.—Mr. Morrissey called himself a Liberal, but denounces the leader of the Liberal party in New Brunswick, Mr. Pugsley, as a thief, and the honored representative of the Northumberland Liberals in parliament (Mr. Loggie) as "worse than a burnt Church Indian." He is a great Liberal.

THE YOUNG MEN'S PARTY
Fredericton Mail.—A pleasing feature of the present campaign is the large number of talented and energetic young men who have come to the front as Liberal candidates. Among the number might be mentioned Foster of St. John; McKenzie of Restigouche; Magee of Westmorland; Gilmore of Charlotte, and Limerick of York.

CHANGE OF SENTIMENT
"You would be surprised," said a gentleman from the country to the Fredericton Mail, "at the marked change in political sentiment. Scores of persons who were shouting for Hazen and McLeod four years ago are today as dumb as oysters. They make no bones about saying that they are disgusted with the Morrissey ticket. I believe that if the Liberals take hold and work as they should work, they can elect their ticket on June 29th."

YOU FLEMMING ROADS
Fredericton Mail.—Hon. H. F. McLeod and John A. Young, members of the government ticket in York county, after holding forth at great length at Harvey Wednesday night on the excellence of the highways under the Flemming government had to arouse a good Liberal of Hanwell from his sleep at about one a.m. Thursday and get him to harness his horse and pull their auto out of a ditch. Comment is unnecessary.

SUNBURY WILL NOT FORGET
Fredericton Mail.—The disgraceful tactics being employed by the Tories of Sunbury will lose their candidates many votes on Thursday next among lovers of fair play. When Mr. A. R. Miles was put in nomination a threat was at once made that the son, who holds a position in the public service, would have to look about for another job. Now we have the information that Mr. George Kimball, Liberal candidate in Sunbury, has been dismissed from the position of foreman of the Mitchell boom, the result of Tory influence. The reason is not far to seek. Mr. Kimball is a plain working man and therefore according to the Tory view of the case, is not good enough to represent his country in the legislature.

SHOWING BOGUS MAPS.
Carleton Sentinel.—The people of Royton a few days ago, were shown an elaborate plan of a line of railway through their fertile section, the very day this location was pointed out. Mr. Munro took the people of Summerfield into the railway scheme and had the line of track through their district—which is between four and five miles from the route through Royton.

MR. COPP'S PLATFORM
Carleton Sentinel.—The chief merit of Mr. Copp's platform is its practicability. There is not a plank in it which has not been tried out in other countries. There is not a plank in it which has not been advocated by our own people. Mr. Copp proposes to give the people what they want, and what they demanded of the present government.

AGRICULTURAL CREDIT.
Carleton Sentinel.—Take Mr. Copp's plan of providing agricultural credit. When the Hazen Agricultural Commission was roaming about the province many farmers were pointing out the need of an agricultural credit system, analogous to that in successful operation in a score of countries. At New Denmark, in Victoria county, A. J. Lensen advised the commission to look into the matter of introducing the agricultural credit system in vogue in Denmark.

THE TWO POLICIES.
Carleton Sentinel.—Mr. Flemming boasts of what he has done for the cooperatives; Mr. Copp tells us what he is prepared to do for the people. Their manifestoes illustrate the wide difference between the conservative and liberal parties. One assuages the corporations; the other serves the people.

RURAL TELEPHONES.
Carleton Sentinel.—When the Hazen Agricultural Commission met at Glasville, Carleton county, a farmer there advanced some striking arguments in favor of a rural telephone system. According to the report of the evidence Edward Wylie said that one of the difficulties about getting people to settle on the outskirts was the lack of telephone communication. Lands were unoccupied today that would be occupied if the families had had the protection the telephone service affords. In case of sickness, accident, fire, or other emergency, when the women were left alone on the farm, the telephone in the house was invaluable, and often saved serious loss even life itself. Other farmers in different parts of the province urged the need of a cheap rural telephone system to facilitate social intercourse and enable them to keep in touch with market conditions and thus sell their products to the best advantage.

THE WATER POWERS.
Carleton Sentinel.—Mr. Flemming has no policy in regard to water power development. In the last session he gave one hydro-electric company the most extravagant privileges, while he refused another company a charter of any kind for no other reason apparently than that it did not have a lobbyist who knew how to sell the ropes. In a letter to the St. John Globe, one of his former supporters, Mr. Frank Hatheway declared that he was giving to the company of which that great conservative, H. A. Powell was chief promoter, privileges that would enable the promoters to pocket three-quarters of a million dollars. And in addition to that this public spirited leader of the government gave this company the privilege of charging from \$7.50 to \$60 per horse power for electric energy, though in Sweden electric power is sold for as low as \$7.20 per horse-power, and in several Ontario towns for as low as \$10.

LOW VITALITY IN THE SPRING
Vigor comes from good, red blood. Almost everybody's blood is thin and watery in the spring. Hence the tired, languid feeling, loss of energy and ambition, and general weakness of bodily organs. You can feel yourself getting strength and vigor when Dr. Chase's Nerve Food is used. The blood is made rich and pure, the appetite is sharpened, digestion improves, and every organ in the body feels the benefit of the rich, red, self-sustaining blood.

MR. W. J. VANNER, clerk, 20 Blower street, Halifax, writes: "This spring I felt that I needed a tonic. My health was very much run down and my system generally in a weakened condition. Soon after beginning the use of Dr. Chase's Nerve Food I could see that it was doing me good, as I felt very much better. This medicine gradually toned up my system, cured me of headaches from which I used to suffer, and I now take pleasure in recommending it as a grand nerve and general tonic."

CLOSING HOURS OF THE METHODIST CONFERENCE
Fredericton, June 17.—The Methodist conference of New Brunswick and Prince Edward Island closed its session here tonight shortly after 11 o'clock after transacting a large amount of business. It was decided by resolution that the next board appoint a successor to Rev. Thomas Marshall as superintendent, he having resigned.

REPORT OF THE STATISTICAL COMMITTEE.
Reports of the statistical committee, temperance and moral reform committee and board of examiners were read and adopted. It was decided to hold the next session of the conference at Charlottetown on the second Thursday of June, 1913, at 9 a.m. The conference then adjourned.

REPORT OF THE SUNDAY SCHOOL COMMITTEE.
The report of the Sunday school committee was adopted. The following officers for this department were appointed: Rev. J. B. Gough, chairman; Rev. J. J. Pinkerton, treasurer; Rev. A. D. McCulloch, secretary; Rev. S. Howard and J. Hunter White presented the report of the Supplementary Committee. The report was sent back to the committee.

REPORT OF THE TEMPERANCE AND MORAL REFORM COMMITTEE.
The report of the Temperance and Moral Reform Committee was again sent back. Exception was taken to a section inserted on the presentation of a delegation from the W. C. T. U. to the effect that legislation prohibiting the sale of cigarettes should be secured.

BEWARE OF OINTMENTS FOR CATARRH THAT CONTAIN MERCURY.
As mercury will surely destroy the sense of smell and completely damage the whole system when entering it through the mucous surfaces, such ointments should never be used except on prescription from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury and is taken internally, acting directly upon the blood and mucous surfaces of the system. It is the only Catarrh Cure that cures. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. (F. J. Cheney & Co. are the only ones who sell it.)

LIBERALS SHOULD NOT FORGET THE WHOLE FORCE OF FEDERAL INFLUENCE INTO THIS FIGHT.
Summerside.—Rev. James Strothard, Parishes House and Young's Hotel, all in Boston.

RECENT DEATHS
The death of Mrs. Catherine McDonald, widow of John McDonald, occurred last evening. She was sixty-eight years of age and has been ill for several months. Four sons, John McDonald, Dr. S. H. McDonald, W. P. McDonald, and Louis McDonald survive. The funeral will take place on Thursday morning at eight o'clock from her son's residence, 210 Princess street. Many friends will regret to learn of her death and will feel deeply for the family in their bereavement.

CONSERVATIVES DENOUNCE GOVERNMENT METHODS

Read the testimony of Conservatives who are opposing the Flemming government because they are disgusted with its broken pledges and its failure to give the province honest and effective government. The following extracts are taken from the Conservative Chatham World. In a speech at Newcastle on nomination day, L. Doyle, opposition candidate, who is a Conservative, said: "In regard to agriculture he was sorry to see, on looking over the accounts, that the gentlemen who go about wearing diamond pins, and telling the farmer how to grow potatoes, get all the money while the farmers get nothing but advice, though a little mangel in it would be of much more help to them. "It was patent to any man that the promises in regard to letting public work by tender had not been carried out. Certain men were going around doing the work. This was not right no in the public interest. He would endeavor to rectify this if he were elected. "The great question was one of timber. The big lumbermen were in league with the old government, which was defeated, and the same men are now reported to be supporting Mr. Morrissey. There was something behind this that was not for the benefit of the people. Beware. There was something brewing."

At the same meeting, J. L. Stewart, editor of the World, a Conservative, said: "What was the secret of Mr. Morrissey's choice of lumber lords as candidates? What was the secret of the support he was getting from leaseholders who were formerly opposed to him? There was a nigger in the woodpile somewhere. Was it the hope of long leases of Crown land to the big operators? Rumor said so, and appearances supported rumor."

F. D. Swim, also a Conservative, said: "Mr. Morrissey used to denounce the lumber lords as a hoodlum brigade, but no candidate would suit him except one of the brigade. He took the biggest one, and on his retirement, took the next biggest. All the larger lumber operators were with the government, and they must have been promised something. Long leases had driven many young men out of the country, and he would oppose that policy. Lumber was the only opening for success, and a progressive country was one where the young men would do well. "The chief commissioner assailed the old government for its waste of road and bridge funds, but was not the same going on today?"

"A voice—Worse. "A bridge was to be built at Deaktown, and he had figured it out at \$400 for a man who wanted to tender for it if it were put up. Nearly \$800 was spent on that bridge. Men were brought from Chatham to do the work. There was no one at Deaktown who could repair a bridge! "He wouldn't uphold this government for doing what he had condemned as bad under the old government. Mr. Morrissey used to call it robbery. Was it any better today?"

"Mr. Swim proceeded to give instances, quoting from the public accounts, where more than half of the expenditure went to the superintendent, and asked if it was any wonder that the department was in debt. The money went to hold up some fellows to vote in a certain way. Was it right?"

All over the province there are many Conservatives who are refusing to obey the party lash in this election and who will vote against the Flemming candidates in order to give the country progressive and honest government. Stand to your guns on June 20 and help the good work along.

FLEMMING UNFAIR TO N. B. FARMERS

(Moncton Transcript.) It is the duty of the Provincial Government to place the province of New Brunswick in a better position than he is today and Mr. Copp points out how this can be done. Many farmers need cheap capital to develop their farms and increase farm production. The New Brunswick farmer has in Great Britain to compete with the Irish and European farmer, who has state aid in developing his farm; and therefore the New Brunswick farmer should be placed in the same position as the European farmer.

Mr. Flemming and his supporters say that the door of one market to our farmers, without providing that the New Brunswick farmer could compete on terms of equality in the other. On that account, the Transcript condemns the Flemming administration and urges the farmers and others who are interested in the welfare of New Brunswick to vote against it, and give Mr. Copp a mandate to establish some form of agricultural credit as in many European states.

THESE OLD PEOPLE OWE THEIR HEALTH

To The Wonderful Powers of "Fruit-a-tives"

Mr. N. Joubert of Grand Ligne, P. Q., says: "I am more than ten years I suffered with Constipation and Piles. I tried many remedies, but none did me good, after taking four boxes of "Fruit-a-tives" I am well. I am now over eighty years of age." Mr. Wm. Pitt, general store-keeper at Shanty, Ont., writes: "I am sixty-seven years of age and long suffered tortures from Headaches, due to Stomach Troubles. I was advised to try "Fruit-a-tives." I did so and they completely cured me." Mr. Wm. Parsons of Otterville, Ont., says: "I am seventy-nine years old and a great believer in "Fruit-a-tives." 50c. a box, 6 for \$2.50, trial size 25c. At all dealers or from Fruit-a-tives Limited, Ottawa.

MAXWELL IS STUCK IN MUD

Flemming Roads Keep Him Hours Late for Meeting—Several Cars Mired in Westmorland

Pennfield, Charlotte Co., N. B., June 17.—While telephone and telegraph messages were being dispatched from St. George along the line toward St. John tonight trying to locate the Hon. Robert Maxwell, who was booked to address a Conservative rally there, that gentleman was pacing the highway, near here, while more than a dozen farmers were exerting all their energy to dislodge his auto from the mire into which it had plunged.

The honorable gentleman was expected to arrive in St. George at 5 o'clock, but as the hours of 8, 9 and 10 passed and still no Maxwell appeared, there was grave danger that the meeting was going to lose one speaker whose stirring speech, upholding the Flemming administration and combating the strong protests from every quarter of the province against the disgraceful condition of the highways, was prophesied to start a reaction among the revolting Conservatives.

From soon after 6 o'clock till nearly 11 farmers near here were doing their best to get Maxwell's auto out of the mud. At 11:30 Mr. Maxwell's car arrived in St. George coated with mud and in a terrible condition. He went to the hall and was greeted with all the applause that the audience had the heart to extend him, when they were acquainted with the topic he was to deal with and the experience he had on his way to deliver his address.

Of fifteen automobiles which left Amherst on Sunday taking their owners, business men of the bustling little city, on a trip through New Brunswick, two had to be entirely abandoned and two or three others were taken back to be repaired in garages owing to the damage done them by the horrible condition of the roads in this province, chiefly from Elgin to Shediac. It was apparent that no work of any consequence had been done upon them during the last few years.

Snodgrass has been playing an acceptable game at first base for the Giants, but Fred Merkle has been missed, nevertheless. Fred was laid up with an injured thumb. Wyatt Lee of the Newark, has had remarkable success in the box for Newark of late. He won four victories in six days. Lee's control and knowledge are his success in this league. Some years ago Lee went to Washington as a recruit. Then his arm was young and he was able to display a great variety of curves. He had an assortment equal to that possessed by any left-handed pitcher. But he had a weakness. It was said of him that he had a "ten cent head" to go with a "ten thousand dollar arm." Now he has a good head and little or nothing in the way of curves.

Wilkesbarre has picked up outfielder Joe Delahanty to replace Homer Smoot in right field. Delahanty played last year with Toronto, but this season has been playing in the United States League. George Browne, the former outfielder of the Phillies and the Giants, again wears the Quaker garb. Browne, who has been managing the Washington United States League team, says it feels fine to think he is now going to play for real money instead of for promises.

The Cleveland Club has signed Pitcher Chester Miller, of the Wittenberg College Baseball Club for a tryout. Miller has pitched phenomenal ball for the Springfield, Ohio, College, striking out from thirteen to twenty-two men in nearly every game he pitched, with poor catchers.

Frankie Burns, of New Jersey vs. Banty Lewis, Newark. Young O'Neill vs. Charlie Sieger, K. O. Sweeney vs. Young Callahan, W. Watta vs. J. Nelson, and T. Moore vs. E. Butler, Mariaville, R. I. Matt Wells.

Matt Wells apparently isn't the man he was before his illness. He has not fought a good fight on this visit to America, and he's been there nearly three months. Wells' best showing was made with Montreal. And the New York papers said Packey gave him a boxing lesson. Since then he has lowered his reputation. Young Brown, a New Yorker, of no re-

ing support. Miller is twenty-one years of age, a right-hander, and a junior in Wittenberg college. His home is in Springfield, O.

Walter Johnson and Ed Walsh, two of the "iron men" of the American League, are having a merry race this season. Johnson excels in small hit games, having pitched two two-hit, one three-hit, three four-hit and one five-hit games.

The best pitchers in the American League are Wood, Walsh, and Johnson; in the National, Marquard, Marquard and Marquard. Three former International League players—Foster, Mueller and Gamble—have put the Washington Americans right on their feet.

Washington and New York are the only clubs with poorer fielding averages than Detroit. Eddie Collins' percentage of stolen bases is the highest. Milan, with 22, has stolen the most bases, but is second to Collins. Block, with a grand batting average of .35, leads the sluggers.

Victory for Stewart. New York, June 18.—Jim Stewart, a New York heavyweight, out fought Tom Kennedy, also of this city, in a ten round contest at Madison Square Garden last night. Stewart weighed 210 pounds, and Kennedy 197.

R. O. Brown Beaten. Winnipeg, Jun 18.—With Batting Nelson as referee, Jack Dillon of Indianapolis beat Knockout Brown of Chicago after twelve rounds of the fastest kind of milling here last night. Both men were going strong at the finish, but Dillon did most of the leading.

Albuquerque, N. M., June 18.—Governor McDonald, who refused to be quoted in the matter, let it be known that he would attempt to prevent the Flynn-Johnson fight at Las Vegas on July 4.

Miss Emma Reed, Laskay, Ont., writes: "I have great pleasure in writing to tell you about the great benefit I have received by using your Milburn's Heart and Nerve Pills. About a year ago I was very badly run down and could hardly do my work. I tried different medicines but none of them did me any good. I was terribly nervous, and would start at the least noise, and even start in my sleep, which made me very weak. I used two boxes of your pills and I was now well and strong again."

Milburn's Heart and Nerve Pills are 50 cents per box, or 3 boxes for \$1.25. For sale at all dealers, or will be mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

He outside his own ballpark, held him to a draw, or almost that, two weeks ago. Last week at Utica, N. Y., Bobby Wilson, a mediocre boxer, also got a draw with Wells.

His illness possibly removed some of the steam from the English light-weight champion. But Nelson, some months ago, fought Wilson in a ten round draw, but did it on his nerve for he had little of the old strength left. Judging by this performance Wells has lost much of his effectiveness.

TIDE STRONG AGAINST THE GOVERNMENT

People Want New Men at the Head of Provincial Affairs.

FLEMMING EXPOSED. More Evidence of His Double Dealing in the Railway Matters—One Term Has Been More Than Enough for People To Stand.

The tide of public opinion that will sweep the Flemming government from power and carry A. B. Copp and his Liberal followers into office is becoming irresistible as the day of the elections draws nearer. Both in St. John city and county and in every other part of the province the progress of the campaign has been marked by the steady weakening of the government's hold, and the rapidly growing strength of the opposition case.

At the Opera House meeting Mr. Flemming has overreached himself in the double game he is playing with the people of the province on the one hand and the C. P. R. on the other, and his game has been completely exposed.

At the Opera House meeting Mr. Flemming intimated that his Valley Railway ally would give St. John another Trans-continental Railway as the Canadian Northern was negotiating for the Temiscouata Valley and would use it as a link with the valley route. Since then the news crept out that it was not the C. N. R. but the C. P. R. that is trying to secure the Temiscouata "flag."

There was a meeting in the county campaign was held last evening. Another Grove under the auspices of the opposition. Ex-Councillor Fred Adams presided, and speeches were made by Messrs. Anderson, the Liberal candidate, and Messrs. Chas. A. Owens, Wm. M. Ryan and R. T. Colohan. The speakers dealt particularly with county issues and the agricultural policy of the government, and the opposition, and aroused great enthusiasm for the opposing cause.

There was a meeting in the interest of the Liberal candidate endorsed by the Temperance Federation, at W. Keirwood, in the school room of the Carmarthen street Methodist church last evening. C. Fraser McTavish occupied the chair and stirring addresses were delivered by Rev. Wilfrid Gastz and W. F. Washburn. In support of the fight which the opposition is making for a clean campaign, the Temperance Federation and the law enforcement committee of the Sons of Temperance are displaying large posters setting forth the penalties for bribery, intimidation and other corrupt methods.

A systematic watch is to be kept, and anyone found concerned in such practices will be prosecuted. Evidence has already been received as to plans for such corruption, and the people involved will be kept under surveillance.

WOMEN SUCCEED IN MEDICINE

Feminine Dentists Also Prosperous in Germany, But Lawyers Not.

Berlin, June 17.—The progress of the prospects of women in the professions which necessitate the possession of university diplomas has been the subject of enquiry by the Berlin University. The results show that the most prosperous of these professions were the medical and dental ones. There were 172 certified women doctors in Germany in January.

Forty-five German women took American dental courses between 1890 and 1900. Sixty other women took German courses between 1902 and 1912, and obtained official licenses. All these seem to be prospering, and there were indications of more openings for women dentists.

On the other hand, women who have taken law and economic courses are not doing well. Not more than twenty-three are using their diplomas, of which many were taken. The openings for women jurists seem to be few.

The government ticket as constituted is a fairly strong one but not as strong as a judicious selection of candidates for nomination might have made.

Famous Hoaxer Succeeds Again. Berlin, June 17.—Willelm Voigt, the Robber of Koepenick, a shoemaker and an ex-convict, who in 1909 visited Koepenick posing as an army captain, and arrested the mayor and burgomaster and sent them away under guard and then looted the town treasury, has succeeded again in hoaxing the newspapers.

The papers published a statement that Voigt, who served four years in prison for his escapade at Koepenick, had died in London on June 2. Voigt is very much alive. He himself spread the report for the purpose of again attracting national attention to himself.

WHY W. FRANK HATHEWAY IS NOT A CANDIDATE THIS TIME

Fleming Government Had Given Deliberate Slap in Face to the Labor Unions—The Government Was Also the Tool of the Corporations

(Eastern Labor News)

The Labor people of St. John and Moncton must regret that the man whom they were so instrumental in electing four years ago, decided last month not to allow his name to come before the St. John convention as a candidate for the city representation. From all we can learn it appears that several years ago Mr. Hatheway, and a few others, urged the Tweedie government to appoint a Commissioner of Labor who would be a member of the government. At that time the old government refused to do this. Largely for that reason the labor people in St. John in 1908 voted against the old government and elected Mr. Hatheway and his colleagues. We learn now in 1912 Mr. Hatheway again brought this matter before the present government, and urged the establishing of a Bureau of Labor with a commissioner who would be from St. John. We know that every labor union in Moncton and in St. John a few months ago sent letters to the government urging them to create a bureau of labor, and that a commissioner of labor should be appointed who would have a seat in the government. The letters from our own city, and letters from St. John, specially mentioned Mr. Hatheway's name as this commissioner. Rumor says that Mr. Hatheway was prepared to do the entire work of the commissioner of labor without any salary. The Fleming government, however, seemed to disregard these demands of the labor in St. John and in this city, and appointed Hon. H. F. McLeod, of Fredericton, as the commissioner of labor. Many consider this action of the government as a deliberate slap in the face, to the labor societies. We have not seen the letter which we under-

CAMPAIGN NOTES

The Tories in Kings county are on the run.

The Standard does not offer a word of congratulation to Hon. John E. Wilson.

Why is Hon. J. D. Hazen rushing about the province making speeches and cancelling federal regulations? Is it to aid the cause of coalition government?

There is no Woodbine in New Brunswick. The Fleming government has provided persons of sporting proclivities with a Mudbine, both for horse and auto.

The Standard says the Times announced yesterday that the Liberal party in New Brunswick had been losing ground since 1908. One roosterback is as good as another when a toby sheet is in the dumps.

While John A. Barry at Little River last night was showing that this a coalition government, Hon. J. D. Hazen at Sussex was using the whole influence of the Tory government at Ottawa to renege the Tory government at Fredericton.

The Standard this morning publishes affidavits from the Kings county Tory candidates to the effect that they did not receive copies of the Temperance Federation pledge card, but they do not state their position in regard to that which the pledge card asked of them.

The Standard this morning says:—"As a result of the reported dissemination of the opposition leaders to drop criticized bets that he will not save his deposit are freely offered."

What has happened to the Standard's "dissemination?"

Men were busy around town yesterday putting up flaring bills announcing that Hon. Robert Maxwell and the Tory candidates would speak at "Victoria Hall" this evening. The Standard this morning says that the candidates will speak this evening at "Victoria Hall."

Has Mr. Maxwell been withdrawn from the firing line?

FUSILIERS AT WESTFIELD

Company A Men Elect Officers—Plans for Summer and Camp

At a meeting of the Co. A Club of the 62nd Fusiliers, in their summer quarters at Westfield last Friday night, the following officers were elected: Honorary president, Col. J. L. McAvity; 2nd honorary president, Captain Malcolm M. McAvity; president, Stockwell Simms; vice-president, James Humphrey; secretary, Murray Jarvis; treasurer, Bert Simms; athletic captain, Gerald Anglin.

They are having a fine time at their hotel in Westfield, and quite a few members of the club are summering there. A few go up and spend the week-ends. A baseball team has been organized and all kinds of sports, boat racing and other amusements are indulged in nightly. It is altogether likely that they will have the formal opening of the hotel take place next Saturday, and they are making great preparations for it. A ball game will be held in the afternoon and in the evening a big dance will be held in the pavilion. The regimental band will be engaged for the occasion, and a gala time will be had. The ball game will be between two teams picked from the club members.

On July 1 most of the members will go into Camp Sussex with the regiment and will remain for two days. Although they will have plenty of duties to perform in camp, they have not overlooked the pleasure part of it, and have arranged with several of the other regiments to have a series of field sports on the camp grounds while under canvas. Captain Malcolm McAvity has donated a cup for competition. A company has among its members some promising athletes in all branches of sport and can hold their own with any athletic organization.

If the opening of the hotel does not take place next Saturday, it will be on some week-end in the very near future.

BURIED TODAY.

The funeral of Miss Jane C. Maber took place this afternoon at 2 o'clock at the place in Millidge avenue. Funeral services were conducted by Rev. E. B. Hooper and interment was in Cedar Hill. The body was brought to the city on the Boston express today.
