They were not picking on him to-night. They were listening with listless attention to an oft repeated story of one of the hardened veterans of the gutter, whose would

Stomach Liver Cure

The Most Astonishing Medical Discovery of the Last One Hundred Years. It is Pleasant to the Taste as the Sweetest Nectar. It is Safe and Harmless as the Purest Milk.

This wonderful Nervine Tonic has only recently been introduced Into this country by the proprietors and manufacturers of the Great South American Nervine Tonic, and yet its great value as a curative agent has long been known by a few of the most learned physicians, who have not brought its merits and value to the knowledge of the

This medicine has completely solved the problem of the cure of indigestion, dyspepsia, and diseases of the general nervous system. It is also of the greatest value in the cure of all forms of failing health from whatever cause. It performs this by the great nervine tonic qualities which it possesses, and by its great curative powers upon the digestive organs, the stomach, the liver and the bowels. No remedy compares with this wonderfully valuable Nervine Tonic as a builder and strengthener of the life forces of the human body, and as a great renewer of a broken-down constitution. It is also of more real permanent value in the treatment and cure of diseases of the lungs than any consumption remedy ever used on this continent. It is a marvelous cure for nervousness of females of all ages. Ladies who are approaching the critical period known as change in life, should not fail to use this great Nervine Tonic, almost constantly, for the space of two or three years. It will carry them safely over the danger. This great strengthener and curative is of inestimable value to the aged and infirm, because its great energizing properties will give them a new hold on life. It will add ten or fifteen years to the lives of many of those who will use a half dozen bottles of the remedy each year.

IT IS A GREAT REMEDY FOR THE CURE OF

Nervous Prostration, Debility of Old Age Nervous Headache. Indigestion and Dyspepsia. Sick Headache, Temale Weakness, Nervous Chills. Paralysis, Nervous Paroxysms and Nervous Choking, Palpitation of the Heart, Mental Despondency, St. Vitus' Dance.

Consumption of the Lungs, Catarrh of the Lungs,

Bronchitis and Chronic Cough Neuralgia, Pains in the Heart, Liver Complaint, Pains in the Back. Chronic Diarrhœa Delicate and Scrofulous Children Summer Complaint of Infants.

All these and many other complaints cured by this wonderful Liervine Tonis

NERVOUS DISEASES. As a cure for every class of Nervous Diseases, no remedy has been able to compare with the Nervine Tonic, which is very pleasant and harmless in all its effects upon the youngest child or the oldest and most delicate individual. Nine-tenths of all the ailments to which the human family is heir are dependent on nervous exhaustion and impaired digestion. When there is an insufficient supply of nerve food in the blood, a general state of debility of the brain, spinal marrow, and nerves is the result. Starved nerves, like starved muscles, become strong when the right kind of food is supplied; and a thousand weaknesses and ailments. disappear as the nerves recover. As the nervous system must supply all the power by which the vital forces of the body are carried on, it is the first to suffer for want of perfect nutrition. Ordinary food does not contain a sufficient quantity of the kind of nutriment necessary to repair the wear our present mode of living and labor imposes upon the nerves. For this reason it becomes necessary that a nerve food be supplied. This South American Nervine has been found by analysis to contain the essential elements out of which nerve tissue is formed. This accounts

for its universal adaptability to the cure of all forms of nervous de-Crawforderville. Ind., Aug. 20, '86.

INDIGESTION AND DYSPEPSIA. The Great South American Nervine Tonic Which we now offer you, is the only absolutely unfailing remedy ever discovered for the cure of Indigestion, Dyspepsia, and the vast train of symptoms and horrors which are the result of disease and debility of the human stomach. No person can afford to pass by this jewel of incalculable value who is affected by disease of the stomach, because the ex-

perience and testimony of many go to prove that this is the one and only one great cure in the world for this universal destroyer. There is no case of unmalignant disease of the stomach which can resist the wonderful curative powers of the South American Nervine Tonic,

Hariff E. Hall. of Waynetown, Ind., says:

"I owe my life to the Great South American
Nervine. I had been in bed for five months from
the effects of an exhausted stomach, Indigestin,
