BULGARIA AND GREECE PREPARING FOR BATTLE

Nations Rapidly Drifting Towards War Over Salonika.

ARMIES MOBILIZE ALONG FRONTIER

Grecian and Servian Forces Holding Strategic Positions — Bulgars Withdrawing Troops to Meet Movement.

London, April 22.—Bulgaria and Greece are rapidly drifting towards war over the possession of Salonika according to the Chronicle's correspondent at that town.

The Greeks have mobilized every available soldier and concentrated an army in the neighborhood of Salonika, while another is being landed at Orfani, in the Gulf of Orfani, in order to watch the movements of the Bulgarians at Drama and Kavala. The victorious Epirus army from Janina is being distributed along the new strategic front from Salonika to Orfani.

In the meantime, adds the correspondent, the Bulgarians have suspended passenger traffic between Dedagich and Salonika and are utilizing the railway for the concentration of troops in the neighborhood of Drama close to the Greek position. They have already brought one division each from Adrianople, Thessalonika and Bulair, and it is estimated that the Bulgars now have 40,000 soldiers facing the Greeks and Servian forces, supporting the Greeks, which are assembling along the railway north of Salonika, and on the right bank of the Vardar River.

Cettigne, April 22.—The Montenegrins made a fierce attack on Scutari last night, according to the report. The engagement lasted the whole night. The Montenegrins captured two lines of posts on the west and east fronts.

Early this morning the Turks attempted counter attack, but were repulsed. The Montenegrin losses considered imminent.

Vienna, April 22.—A Trieste despatch to the Neue Presse says that the Austro-Hungarian military attaché at Cetinje wishing to proceed to Cattaro, found the frontier closed against him. He was stoned and insulted by Montenegrins at Cetinje. The Austrian minister has sent a protest to the government.

CALIFORNIA WILL PASS ALIEN LAND OWNERSHIP BILL

Insists on Law in Spite of Objections from Washington— President Wilson Wired of Intention.

Sacramento, Cal., April 22.—Through the exchange of telegrams today between President Wilson and Governor Johnson the settled policy of the California administration on the question of alien land ownership as agreed upon last Sunday, was officially made known.

Governor Johnson and his party leaders in the senate favor a bill excluding from land ownership in the state, all aliens ineligible to citizenship under the laws of the United States. Such a law probably will be passed in spite of the objections of Washington, it was said tonight.

The assertion is made by the governor that a state law of this nature would not be in contravention of any existing treaty. He is upheld in this view by the majority leaders in the senate, who met him today and agreed upon the form of the telegraphic reply to President Wilson's message sent today.

THE AMHERST CASE GROWS MYSTERIOUS

Amherst, N. S., April 22.—The arrest of Charles Watt, for the alleged murder of his sister's infant child, still continues to be the main topic of excitement in Amherst. Watt has made no comment since his arrest.

Unfriendly friends procured a solicitor for him last evening.

The crown has discovered some evidence that tend to show the fate of the child, and in contrary to the story told by the mother that the child was given away to parties who would care for it. The production of the child would, of course, terminate all proceedings but the child has not been produced.

GIANT GERMAN BOAT AGROUND ON FIRST TRIP

Hamburg-American Liner Im- perator Grounded in the Elbe Yesterday Morning Preparing for Trial Trip.

Hamburg, April 22.—The new Hamburg-American Line steamship Imperator, 900 feet long, ran aground in the Elbe this morning. She was proceeding from the Vulkan shipbuilding yards for the lower Elbe to her first official trips, when she grounded on Altona.

She was floated this evening and proceeded on her way to sea. The steamship Imperator, when she goes into commission with the start of her maiden voyage to New York on May 28th, will for a time be the largest vessel sailing. Her keel was laid two years ago, 900 feet in length, or almost double that of Germany's largest warship, while her other dimensions are 96 feet beam and 62 feet depth.

REFUSED TO ARREST RICH WHITE SLAVER

Deputy District Attorney of Los Angeles Declines War- rant Against Millionaire Bix- by—Blackmail is Defence.

Los Angeles, Cal., April 22.—Deputy District Attorney McCartney refused to issue a felony warrant against George H. Bixby, a Long Beach millionaire, in connection with the alleged enslavement of two score young girls.

Chief of Police Sebastian demanded the warrant as a result of the story told by Mrs. Mary Brown Levy, one of the young women who said they were enticed to a lodging house by Mrs. Joseph Rosenberg, whom they now in jail on charges of having acted in behalf of a man known as "The Black Pearl."

McCartney said he must have evidence corroborating the story of the girl Brown Levy and immediately Sebastian brought in two girls, Jeannette Ellis and Mary Devoe. Their names resulted in the arrest of Hon. W. H. Hood who is charged with pandering to "The Black Pearl" and his alleged millionaire associates.

Mr. Bixby, who is 49 years old, and has a wife and five children, declared he was the victim of an extensive scheme of blackmailing. As head of two banks and director in many corporations, he said he was selected as an easy victim.

Chief of Police Sebastian said that if the corroborative evidence offered by Jeannette Ellis and Marie Devoe did not cause Deputy District Attorney McCartney to issue the felony warrant against Bixby today he would take the whole case to the county grand jury.

POPE MUST HAVE AN ABSOLUTE REST TO COMPLETE RECOVERY

Rome, April 22.—The Pope sat up for two hours today, when he received a message from the bishop of Amici, by the instructions of Prof. Marchisava forced him to return to bed, which the Pope did reluctantly. Dr. Amici remained in the sickroom for a considerable time to make certain that his orders were carried out.

The Pope continues to express impatience for the resumption of his ordinary life, but the physicians insist upon absolute rest, at least for another fortnight. They declare that a further relapse in such a case would be inexcusable both for the patient and the doctors.

Cardinal Merry Del Val, the papal secretary of state, today received a pilgrimage from the diocese of Cambray, France, conducted by Bishop Delandrie, who brought with him a bronze group representing the Virgin curing a patient who had been carried before her. The bishop said that the pilgrims desired to present the group to the Pope and asked that it be taken to his bedroom as a good augury that the Virgin would smile upon the sick Pontiff and relieve him of his infirmities.

Liberals Still Unable To Agree as To End Of Debate.

PUGSLEY FACTION STILL ASSERTIVE

Many Liberals Desirg to See End of Struggle— Premier Answers Every Objection Raised by Sir Wilfrid Laurier in Yes- terday's Debate.

Special to The Standard.

Ottawa, April 22.—The closure is coming to the end. Tomorrow night should, and probably will, see the vote. This may not happen with the willing participation of the whole of the opposition, the course of events today pointing pretty conclusively to the fact that the Liberals have been, and are, unable to agree themselves as to the termination of the debate. Many of them will see the end of the struggle, and they are following is still asserting its authority.

The prime minister, the minister of finance and the minister of labor all took part in the debate today, while the speakers on the other side included Sir Wilfrid Laurier, Minister of Justice, and Sir Joseph Pope, Minister of Agriculture.

The opposition made the belated discovery that something could be done by moving the adjournment of the House. This would give them the chance to repeat their speeches and obstruct.

The secret was jealously guarded by the Liberals although the speakers on the other side included Sir Wilfrid Laurier, Minister of Justice, and Sir Joseph Pope, Minister of Agriculture.

The opposition made the belated discovery that something could be done by moving the adjournment of the House. This would give them the chance to repeat their speeches and obstruct.

UNDERWOOD SAYS TARIFF WILL NOT AFFECT BUSINESS.

Oscar W. Underwood, chairman of the House Ways and Means Committee, believes that the country was braced for the tariff change and that there will be little shock to business.

WAS AFRAID OF COMPROMISE UNDERTAKERS IN BELGIUM

Buried Her Mother and Sister in Cellar So that Bodies Would Not be Taken Away —Feared Dissection.

St. Louis, April 22.—The bodies of Mrs. Ernestine Kominich and her daughter, Selma, were found shortly before noon today buried in the basement of a building at 2412 South Broadway.

Marie Kominich, another daughter, was arrested at the city hospital shortly after noon for an investigation in connection with the mystery.

Marie Kominich, who is 43 years old, told a reporter at the hospital that she and her mother and sister had hidden their bodies in the cellar of the house at 2412 South Broadway for nearly 20 years.

"My mother and sister were afraid they would be buried in cemeteries," she said. "They were afraid their bodies would be stolen and also afraid they would be buried alive. That was the only reason we did not have their bodies attended to in the usual way."

"My mother died nine months before my sister did. I don't remember the exact date, but sister died February 10, and I figured back at that time, so I know there was nine months difference. My sister died of heart trouble and from taking too many headache powders. My mother died of old age. Before my mother died she made sister and me promise that we would not take her body out of the house so the undertakers could get her. We had no doctor for her; there has not been a doctor in our house for ten years, and a doctor could have done mother no good."

The socialist leader, Emile Vandevelde then spoke saying:

"We the deputies, to the left, support M. Masson's motion for a compromise. It remains for us to decide whether the strike shall end or not, but we have the conviction that the adoption of the motion will be a step in advance."

The first part of the motion was then adopted unanimously by the chamber.

The socialist voted against the second part of the motion, but it was carried by the conservatives and liberals, the vote standing 124 to 34.

The socialists abstained from voting when the two parts of the motion were taken together. In that way it was carried by a vote of 138 to 2.

PORT ARTHUR HAS A MYSTERIOUS MURDER.

Port Arthur, Ont., April 22.—An 18 months old boy was murdered as he slept in his cot at 439 North Court street, early this morning. Father and mother, Mrs. Redmond McGrath, are now lying in the hospital, the man with his upper jawbone broken, eyes swollen to blindness and cuts over his face. The woman is in a similar condition and will not talk. The child was killed by a blow on the head from an axe. There is no clue.

U. S. SENATE WILL TALK TARIFF BILL PRIVATE

SIR CHARLES TUPPER GETS \$100 BOUNTY

Ex-Premier Saw Military Service in Fenian Raid—Minister of Militia Makes Presentation at Ottawa.

Special to The Standard.

Ottawa, April 22.—Sir Charles Tupper left Ottawa this afternoon, probably never to return. The aged statesman, who has been residing for the past few months in British Columbia, is returning to England where he intends to remain. He left at 3:15 for Montreal. A large number of parliamentarians and others were present as Sir Charles said good bye to the capital where he was for so many years a leading figure and where he took part in so many stirring scenes.

Just before the train pulled out Col. The Hon. Sam Hughes presented Sir Charles with the hundred dollar bounty to which he is entitled as one of the veterans of '66. "Thank you," said Sir Charles. "This is the first reward I have ever got for my military services."

Sir Charles Tupper is now 92 years of age. He is remarkably vigorous for his years.

A BRAKEMAN CRUSHED TO DEATH UNDER CARS

Percy Kennedy Killed While Shunting Cars at Nackawick Station—Body Taken to Pa- rents' Home for Burial.

Fredricton, April 22.—Percy Kennedy, of Millville, employed as a brakeman on the Southamptton Branch Railway in the upper end of York county, was almost instantly killed this afternoon while engaged in shunting cars at Nackawick Station.

He was caught by a rope which was attached to a box car being placed on a blind siding and his body was thrown across the tracks. The wheels of the car passed over his body about the pit of the stomach and he died instantly.

Kennedy was about 26 years old, unmarried and resided with his parents at Millville. His father is section foreman on the C. P. R. at Millville. One brother, Thomas, is section foreman on the C. P. R. at St. Marys, another is employed on the Southamptton Railway, and another is in the C. P. R. employ at Woodstock. The remains were conveyed to the home of the bereaved parents at Millville. The accident is the first fatality on the Southamptton Railway.

ICE BREAKER ON WAY TO RELEASE FLEET

Vessels Held Up by Ice Near Soo Canal—Expect Passage Will be Cleared Immedi- ately.

Ottawa, April 22.—The Department of Marine and Fisheries is making every exertion to clear the passage for the down bound fleet, which left Port Arthur for Sault Ste. Marie two or three days ago. Word has been received that the fleet is now on the edge of the ice in White Fish Bay.

The government icebreaker St. Ignace is at work breaking a passage and the expectation is that the fleet will be released by morning and let into the Soo. The ice below the Soo was broken some days ago and the upbound fleet passed into Lake Superior.

CHANGE IN MANAGEMENT OF STEAMER SOKOTO.

Montreal, April 22.—It was stated at the local offices of the Elder-Dempster Line today that the Sokoto would load for Liverpool by about the end of this week and that her future movements would in all probability be directed from the Liverpool office.

The government icebreaker St. Ignace is at work breaking a passage and the expectation is that the fleet will be released by morning and let into the Soo. The ice below the Soo was broken some days ago and the upbound fleet passed into Lake Superior.

Expectation is That This Plan Will Greatly Expedite Bill.

PARTIES DIVIDING ON PARTY LINES

Underwood May Hold House to 12 Hours of Continuous Work Daily in Hope of Limiting De- bate to Five Days.

Washington, April 22.—By a strict party vote the Senate Finance Committee, today, decided finally that no public hearings will be given upon the tariff bill when it reaches the Senate. Interested persons will be given a full opportunity, however, to file briefs or statements with the committee bearing on any of the tariff schedules. The decision is expected to materially shorten the time that will be consumed in getting the tariff bill before the Senate for consideration.

Tariff debate opens in the house at 11 o'clock tomorrow, and in the hope that the general debate can be limited to five days, Democratic Leader Underwood will attempt to hold the house to 12 hours of continuous work daily. Another week of consideration under the rule permitting amendments will send it to the Senate soon after May 5, it is believed.

The tariff bill came back to the House today from the Ways and Means Committee, with a vigorous supporting report from the Democrats on the committee and an opposing report from the Republican members.

The general debate, which begins tomorrow, will be followed by concerted effort on the part of the Republicans in the House to amend the bill in all its important schedules.

While the Senate finance committee has decided that further hearings are unnecessary, Democratic members of the committee will confer tomorrow with Democratic senators from the Pacific coast and the Rocky Mountain States, who are opposed to the free sugar and free wool provisions of the bill.

A number of Western senators, including Senators Myers, of Montana and Sabourin, of Arizona, will not participate in the conference, as they have decided to support the free wool and sugar program if it is approved by the house. The conference tomorrow will demonstrate the strength of the measure, as proof of which they point to the fact that the Louisiana senators, and others interested in a change of the free sugar and free wool provisions have not been included in the conference.

FATAL EXPLOSION IN POWDER PLANT

Three Men Killed and Seven Injured When Explosion Occurred in Packing House of Atlas Powder Company.

Lake Hoplong, N. J., April 22.—Three men were killed and seven injured in an explosion today in the packing house of the Atlas Powder Co. The packing house was wiped out and no trace was left of the three men known to have been inside at the time.

These injured were working in several of the 50 odd other buildings of the plant near the packing house. The explosion broke windows of houses at the other end of the lake four miles away.

400 MEN THROWN OUT
OF WORK BY BIG FIRE.

Baltimore, Md., April 22.—Fire today practically destroyed the plant of the Canton Iron and Steel Company at Canton, a suburb, causing a loss of \$75,000 to \$100,000, and throwing about 400 men out of work. The works were fully insured.

A STINGING REBUKE FOR PUGSLEY'S ORGAN.

(Montreal Gazette.)

A Liberal newspaper in St. John, N. B., has been asked by a subscriber to give the truth in its accounts of political events. The incident appears to have surprised the publisher. Nevertheless it may do good. It may bring to other minds as well as his own the knowledge that the public is beginning to expect that newspapers will give the news and not a one-sided distortion thereof. And in this the public is right.

Continued on page two.

INTERESTING ADDRESSES AT THE HOUSING PROBLEM

W. F. Burditt and Others Addressed Joint Meeting Under Auspices of Canadian Club and Board of Trade—Conditions Bad in Some Parts of City—W. I. Fenton Tells of Business Side of Question.

A thorough, systematic survey to ascertain the exact facts in regard to housing conditions in St. John. The enactment of a housing code and effective building regulations. Adequate provision for inspection and enforcement of the law. The formation of a co-partnership or other form of building company, to set an example and standard for emulation by erecting a group of model cottage homes.

W. I. Fenton contended that it was not a business proposition to build houses with the idea of selling them to workmen, and that if the people in comfortable circumstances would build houses and release the flats the congestion would soon be abolished. J. M. Robinson presided and there was a fair attendance, including a few ladies.

He referred to the investigation into housing conditions in Brooklyn, which reveals conditions that caused a great deal of public concern, and resulted in legislation abolishing 40,000 windowless rooms in one year. Investigation must precede reform, and the first step in St. John should be a thorough investigation conducted by the public authorities.

Evils of Bad Housing. "We talk of the evil of allowing boys and girls to roam the streets, and suggest curfew bells and other remedies, but if any wonder boys and girls, and men and women, too, fly from dreary shelter places to the brightness of the streets, the saloons and dance halls, bad housing and malnutrition is often the cause of drunkenness. Tantrums and are recruited from localities where bad housing is most pronounced. Bad housing was more often the cause than the consequence of poverty.

Had Pains Around The Heart AND SMOTHERING FEELINGS. The terrible smothering and choking sensations and sinking turns, that come to those whose heart and nerves are deranged or disordered call for prompt relief.

There is nothing that brings with it such a fear of death as to wake up in the night with that awful feeling of smothering. Milburn's Heart and Nerve Pills are the only remedy that can give prompt relief and effect a complete cure in cases of such severity.

BRIDE OF A DAY HAS CAUSE FOR JOY

MRS. FAY LAFFERTY.

Longing for his bride of a day when in the mines of far away Peru, Fay Lafferty, voted the most popular man of his class of 1912 of St. Lawrence University, said goodbye to the mule teams and sun baked quarries and returned to Brooklyn a few days ago.

Presentations to Mr. and Mrs. Kempton Gates and Daughter, in Ludlow Street Baptist Church. In the vestry of Ludlow street Baptist church last evening a farewell reception was tendered Mr. and Mrs. Kempton Gates and their daughter, Evelyn.

Les Drastic Plan in England. Motions to proceed to the orders of government to keep a debate of the House open, as the Liberal members, and by no one else, should result, he would be ready to substitute the English rule.

Seven Drunks Arrested. The police arrested no less than seven drunks last night. Pictures were shown of streets, of mechanics' houses in Philadelphia—8 room stone houses, with sanitary conveniences, renting for \$16. They were built to sell. There was no philanthropy about it. Other houses with plaster fronts rented for \$15.

Had Pains Around The Heart AND SMOTHERING FEELINGS. The terrible smothering and choking sensations and sinking turns, that come to those whose heart and nerves are deranged or disordered call for prompt relief.

There is nothing that brings with it such a fear of death as to wake up in the night with that awful feeling of smothering. Milburn's Heart and Nerve Pills are the only remedy that can give prompt relief and effect a complete cure in cases of such severity.

TIGHT IS EXPECTED TO SEE NOTE ON THE CLOSURE

Continued from page one. Sir Wilfrid Laurier gave instances of motions to adjourn, whose debate had been entirely proper. One case was in 1896, when the government had been disrupted by the bolt of the seven ministers. The government moved the adjournment and the opposition, debating it, demanded an explanation. Such a rule would largely nullify the advantages of parliamentary government.

Debatable Motions. He next asked if any chance was to be made in the motions which, under the new rules, are to remain debatable. He presented, for example, a motion for a third reading can be debated and amended. He held that the new rule would shut off the moving of an amendment on a third reading.

Automatic Supply. The rule for automatic supply next engaged his attention. It simply meant taking away from British subjects one of the most valued privileges which had been enjoyed for more than a century and a half. There had been parliamentary government. Grievances should come before parliament, and the rule was more inapplicable because it was altogether unnecessary. It was an invasion of the privileges of free speech which all were vested by all who valued their freedom.

The Premier's Reply. Mr. Borden rose at 4:15 to reply. The leader of the opposition, he said, had led the suspicious part of his nature run away with his judgment. He took up one by one Sir Wilfrid's objections to the proposal to render motions to adjourn undebatable. Such motions had been used as dilatory motions, and all the instances mentioned could have been brought up in other ways.

As for the words "preamble or preambles," if there was only one preambule, it would be voted on. Any motion with rules and restrictions must do so at its own risk and responsibility.

The St. John Standard

Published by The Standard Limited, 32 Prince William Street, St. John, N. B., Canada. H. V. MACKINNON, Manager. R. E. WALKER, Editor.

IN A CHASTENED MOOD.

The discussion on the Closure Resolution yesterday in the House of Commons has cleared the air. The Leader of the Opposition in his speech gave an opportunity to Mr. Borden to enunciate in the clearest terms the amendments to the present rules of the House were not framed with any idea of restricting free speech, but only with the object of getting the business of the country finished in a reasonable time.

The business of an Opposition is to assist in the proper administration of affairs, just as much as it is the duty of the Government. Cautious criticism never has been a desirable factor in the passing of legislation. It usually is the product of small minds, and has usually the fate meted out to the mean and the insignificant. While parts of the debate yesterday were highly technical, and only of interest to those deeply versed in parliamentary procedure, there were some outstanding features.

In the first place, the Opposition was in a more conciliatory mood and inclined to accept mercy from the Government. If such, indeed, were needed at the present juncture, from the passing of the closure. Such an attitude on the part of the Opposition is highly amusing, after the days and nights of factious obstruction, which the country has witnessed. It is suggestive of the story told of a son who was on trial for murdering his father and mother, and when sentenced to death, made a touching plea for mercy to the presiding judge because he was an orphan.

There is no evidence of the talk of forcing the Government to the country, and none of the dilatory hypocritical talk of Autonomy and a desire to have "free speech." It was only by accident that the latter phrase seems to have crept into the speech of the Leader of the Opposition. The Opposition is in a more chastened mood and has at last seen that the country, while in favor of freedom of speech, does not favor license of speech, riotous and unobstructed.

Sir Wilfrid Laurier had several objections to the proposed amendments and Mr. Borden met them one by one. His legal training, and his honesty of purpose, convinced the House, and the cheers which punctuated his remarks were clearly indicative of the esteem of his followers. The Premier gave the Opposition every chance to change the rules which were before the House, and to present the English rules, which, as had been maintained by the Liberals, were not as stringent as the Government's proposals; but the obstructionists were caught; they were too wise to accept Mr. Borden's offer. They knew when to leave well enough alone. Their bluff was called.

The remarks of the Prime Minister concerning the Speakership are worthy of notice. He acknowledged the force of the argument that the question of enforcing the rules should be placed in the hands of the Speaker and not of the Government. But, as Mr. Borden states, conditions are different in Canada to those in the Old Country. The Speakership in England is further removed from party politics than in Canada, and so it is better that the duty of enforcing the rules should be left in the hands of the Government.

The answer of the Premier to those who insinuated that these new rules might be harshly used, was also significant. He stated that his Ministers would be as reasonable as he in their enforcement, and that no fear should be held in that regard. The debate brought out the sanity and usefulness of the new rules. It has shown their absolute necessity. It has clearly demonstrated that the minority will not suffer; for no Government would be so careless of public opinion as to foment openly the wishes of the Canadian democracy. The Liberals created bodies, which were promptly disposed of by the Leader of the Government. His opinion, in his closing remarks of the debate, will be echoed throughout the length and breadth of the land, that useless and needless obstruction must be prevented, and that the business of the country must be carried on. Canada is a busy country for busy men.

SOUTH AFRICA'S "FOOD TAXES."

In comparison with the other Dominions little notice is taken of the progress and development of the youngest of the daughter nations, the Union of South Africa. A recent official report to hand, dealing with the results of the Union's tariff legislation, discloses facts as remarkable as they are satisfactory. In the early days of the Union the Government, profiting by the experience of the Sister Dominions, established a moderate system of protection with the Preference included. The duties were slightly increased in 1909 and thereafter

both producer and consumer have reaped a marked benefit. The most significant feature of the record lies in the lesson this young and growing Dominion is teaching the Free Traders and Cobdenites in the Mother Country who anatomize "Food Taxes" on the ground that the duties will increase the price of the loaf and other necessities.

These taxes, which in operation would impose a small duty on food stuffs imported from foreign nations with a preference or free entry from the Dominions, will not be an issue in the next general election in the United Kingdom, but they constitute, nevertheless, a live question. It can be shown, not merely in theory but in actual practice, under the South African tariff, that moderate food duties on foreign supplies do not raise the prices of commodities, but on the contrary have a tendency to reduce them.

In confirmation of the argument that the increase in the duties has had a marked tendency to reduce the price of these commodities a report entitled "The Union Tariff," dated this year, and published by the South African Manufacturers' Association, can be quoted. It was prepared by Mr. W. T. Laite, the Association's general secretary, from official data and was printed at Cape Town.

It is learned from this report that the South African Customs Tariff of 1906 imposed increased duties upon a large number of foodstuffs, such as flour, bacon, jam, sugar, cheese, butter, beef, mutton, pork and oatmeal. Comparing the current average retail prices of these articles in 1906 with the prices current in 1912 (up to August) in Johannesburg, we find that the price of flour has fallen by 2s. 6d. a bag, of bacon by 2d. per lb., of jam, by 3d. per tin, of sugar by a halfpenny per lb., of cheese by 1d. per lb., of butter by 3d. per lb., of beef by 1d. to 3d. per lb., of mutton by 4d. per lb., of pork by 2d. per lb., and of oatmeal by 6d. per stone. According to "Free Trade" theories the prices of these commodities under increased "Food Taxes" ought to have advanced proportionately.

These figures, as has been pointed out, were compiled from official data, and are reliable. The reasons for these satisfactory results are clearly stated by Mr. Laite in the Association's report. "They demonstrate conclusively," he writes, "that the imposition of protective duties has reduced the cost of living in a centre which is reputed to be one of the dearest places in the world in which to reside. In other words, protection has induced our farmers to produce in larger quantities, and the more they produce the less to them is the ratio of cost of production, hence their ability to sell cheaper, to the advantage of the consumer. . . . The actual experience of South Africa is that Protection has encouraged the farmer, and by encouraging the farmer the cost of living has been reduced."

The effect of a tariff, then, even when it includes many "food taxes," as exemplified in the case of South Africa, is to cheapen the cost of living. This is an object lesson which will doubtless not be lost on the Unionists in the Old Country in their campaign for Tariff Reform and Imperial Preference. If a scientifically constructed tariff can produce such results in South Africa, why should Tariff Reform not produce similar results in Great Britain? Free Traders have nothing to oppose to these facts except a set of obsolete theories. They have no panacea to offer for low wages and high prices, because the only real remedy is one which has no place or part in their political creed.

CURRENT COMMENT

The Wicked Partner.

(Toronto News.) It is Mr. Rogers' turn to be the wicked partner. It may be worth while saying that as yet he needs no defence at Ottawa. He is capable of dealing with his opponents. There is reason to think that he will confound their prophecies and wholly discredit the wild editorial writers and romancing correspondents of the Liberal press. In any case, it is curious to have a complaint from a party which completely sees the leadership of Sir Wilfrid Laurier questioned, restated, and flouted by Mr. William Pugsley.

The British Example.

(Vancouver News-Advertiser.) The Victoria "Times" says that the introduction of the closure is viewed with uneasiness in Canada and "in England it has aroused grave apprehension." The English apprehension seems to be well concealed. That country is too well satisfied with itself to be apprehensive because Canada follows the British example.

A Just Verdict.

(Brookville Times.) The United States magazine passing under the name of "Collier's" is about to stop its Canadian edition, owing to lack of support. The publication was in no sense Canadian, and will be mourned only by Liberal organs which used to quote its utterances against the Conservative party in Canada.

DIARY OF EVENTS

HISTORIC DAYS IN CANADA

SIR JOHN BOYD.

Hon. Sir John Alexander Boyd, the eminent jurist, was born in Toronto seventy-six years ago today, the son of J. Boyd, a Toronto educator, educated at Toronto University, he was a gold medalist in modern languages, and graduated with the M. A. degree. Called to the bar half a century ago he rose rapidly in his profession, and in 1880 was made Queen's Counsel.

BORN IN ST. JOHN.

Craven Langstroth Betts, the poet, was born in St. John, N. B., sixty years ago today, and was educated in that city. At twenty-six he left St. John and thereafter made his home in New York. His published works include "A Garland of Sonnets," "Songs from Beranger," "Tales of a Garrison Town," and "Freewick's Experiment," a novel.

ROBERT BELCHER.

Robert Belcher, Alberta military officer, and for thirty-five years a member of the Northwest Mounted Police, was born sixty-four years ago today. He performed notable services in the Riel rebellion, and with Strathcona's Horse in South Africa.

CANADA'S FIRST POSTAGE STAMPS

Postage stamps were first issued in Canada sixty-two years ago today, following the former introduction in the mother country.

THE HUMAN PROCESSION

CHAUNCEY DEPEW.

Chauncey Mitchell Depew, former United States senator, founder and perpetual president of the Smiley-White Club, and champion catch-as-catch-can orator, was born eighty-two years ago today. Mr. Depew has lately been gallivanting about Europe with Mrs. Depew's aid, and that continent has been fairly convulsed with laughter at his jokes. Few public men have been so bitterly attacked as Mr. Depew, but through it all he has worn the smile that won't come off. "Exposures" have the effect of the spurs of the general Chauncey. It is with a grin that he greets any such statement as the following: "The number of the general Chauncey, it is with a grin that he greets any such statement as the following: 'In a last reduction, who and what was Mr. Depew? A jangler, an after-dinner speaker, a bluffer, a deluder of money to twang a servile lute and soothe with servile lays the ears of avarice fired with the million clinking of its dollars.'"

PRINCE OF PLESS.

His Serene Highness Hans Henry XV., Count von Hochberg and Freiherg von Putschstein, Prince of Pless, celebrates his fifty-second birthday today. The Princess, who was Mary Theresa Olivia (Cornwallis West, is a sixteen-year-old daughter of the late Prince of Prussia, and was formerly secretary to the German embassy in London.

THE PRESIDENT OF VALE.

Dr. Arthur Twining Hadley, Yale 'N.Y., and head of a faculty which includes former President Taft, celebrates his fifty-seventh birthday today. The president of Old Eli lately suffered a nervous breakdown, and went to California to recuperate. During the fourteen years of Dr. Hadley's leadership, Yale has enjoyed a greater growth than the half-century preceding. Dr. Hadley's father was the greatest Greek scholar of his time and country.

CHICAGO'S MAYOR.

Carter Henry Harrison, the almost perpetual mayor of Chicago, passes his fifty-third milestone today. He comes of distinguished southern ancestry. His father, the father of an assassin, was mayor of the Windy City five times. Mayor Harrison was editor of the Chicago Times before going into politics.

THE PASSING DAY.

SHAKESPEARE'S BIRTHDAY.

In an upper room of the little house in Henley street, Stratford-on-Avon, which is still standing, William Shakespeare was born 349 years ago today. Fifty-two years later, to a day, in his handsome home opposite the Guild Chapel, in his native city, he died, and the world was deprived of its foremost genius, although it still enjoys his deathless legacy. Today, as for many years past, the anniversary will be marked by performances of Shakespeare's plays in the theatre of the Memorial building at Stratford-on-Avon. In many English and American cities Shakespeare memorial banquets are scheduled for tonight. Of late there has been a growing tendency toward making Shakespeare's birthday a festival throughout the English-speaking world.

CERVANTES.

Cervantes, most humorous of satirists, died on the same day as Shakespeare, and the anniversary will be marked today by memorial exercises at "Don Quixote's House" at Valladolid, Spain, where Cervantes lived from 1595 until his death on April 23, 1616. This house was recently purchased by King Alfonso for conversion into a Cervantes museum, while houses on either side have become the property of the Hispanic Society of America, and will be used as annexes to the main museum. Cervantes, with his wife and daughter, a niece and a female cousin, lived in two small rooms of this house, the women supporting themselves by dressmaking, while the greatest of Spanish writers worked on his immortal novel.

OPHELIA'S SLATE

IN LIGHTER VEIN

Heard in an Office. Dibbs—I say, Gibbs, let's go somewhere tonight. The wife's got everything torn up, housecleaning. Gibbs—Nay, nay, old man! Things are ditto at our place, but as the poet says: Be it ever so tumbled, there's no place like home. Close Shave at That. Bix—So you are living in the suburbs? Do you have to walk to the train mornings? Bix—Wait until the Suburban's cars set out there, you'll have time for breakfast.

Only Dared Think It. "Father," said a little boy, "had Solomon seven hundred wives?" "I believe so, my son," said the father. "Well, father, was he the man who said: 'Give me liberty or give me death?'"—Town Topics. Refuted. "There's always room at the top," said the Sphinx. "At us and guess again," replied the Pyramids.—Cincinnati Enquirer. Blasphemy Showreck. "A kiss often leads to marriage." "Yes, many a courtship has been wrecked on the coral reefs."

Should Score a Home. Kitty—Oh, Fan, dear, what do you think Mr. Profundo, who sinks in our chik's wishes me to marry him. What would you advise? Fan (well named)—Take your bass. Misplaced. First Cinder—Why so angry? Second Cinder—I've been wasting time in a glass eye.—New York Sun. Ambiguous. Grafton Hall, the seminary for girls, is without heat or light. Hundreds of chickens have been drowned by the food.—Milwaukee Wisconsin.

ENGLISHMEN TODAY HONOR PATRON SAINT

St. George's Day When Memory of Famed Christian Warrior is Especially Revered.

WEAR THE ROSE FOR HONOR OF ENGLAND

Something of the History and Legends of St. George—What St. George's Cross Means—The Local Society.

Today is St. George's Day, the greatest day in the calendar for patriotic Englishmen, the anniversary of both the birth and death of the Patron Saint of Merry England; a day also hallowed to the remembrance of the great deeds of Englishmen the world over. In every English city, the four corners of the globe the red cross banner will be hung to the breeze today, and in the evening around the festal board of the head of the family will recount with special pride for the benefit of the younger generation the legends of St. George and many a tale of bravery and daring done under his banner. And many of English blood with swelling throat will sing:

THE BANNER OF ST. GEORGE. It comes from the misty ages, The banner of England's might, The blood red cross of the brave St. George.

That burns on a field of white; It speaks of the deathless heroes, On fame's bright page encircled, And bids great England ne'er forget The glorious deeds of old.

O'er many a cloud of battle, That banner has floated, It shines like a star o'er the valiant hearts, That dashed the Armada's pride; For ever amid the dangers The sailor could die or die, While tongues of flame leaped forth below, And the flag of St. George was high.

O'er many a field of battle, That banner has floated, It shines like a star o'er the valiant hearts, That dashed the Armada's pride; For ever amid the dangers The sailor could die or die, While tongues of flame leaped forth below, And the flag of St. George was high.

O'er many a field of battle, That banner has floated, It shines like a star o'er the valiant hearts, That dashed the Armada's pride; For ever amid the dangers The sailor could die or die, While tongues of flame leaped forth below, And the flag of St. George was high.

high art, it being estimated that there are nearly one hundred frescoes and panels alone which are yet well preserved. In western art he is represented as a fair young man richly arrayed, and beardless, the Italians and Greeks depicting him in the same way. He is generally shown on horseback killing the dragon, though there are several examples of St. George being on foot trampling on the beast. He is often in full armor. The most familiar representation is that seen on English coins, the design for which was made by a Roman artist named Plinucci about 1817. The coins with this design have been declared the most beautiful in Europe.

In Drama. Shakespeare has countless references to St. George. In Henry V, the king cries: "God for Harry, England and St. George!" In Richard II, the king encourages his soldiers with the words: "Our ancient word of courage, fair St. George." In King John reference is made to "St. George who swung the dragon and e'er sits on his horseback at mine hostess' door." Ballads and plays have been written on St. George, many of which provided amusement in country houses on holidays.

Dr. Clapton concludes his life of St. George as follows: "All honor to this tutelary saint of old England! May the English race throughout the world continue to revere his memory as of yore, and ever flourish under that red cross banner which is the symbol of our patriotism! May not we all cry fervently in imitation of what was put in the mouth of Henry V, by the immortal Shakespeare: 'God for Harry, England and St. George!'"

One of the customs by which Englishmen observe the day is to wear a rose; and in this connection the following poem, which was sent to the Standard by a well known Englishman of the city will be of interest:

"Wear the Rose, England's Rose," Wear it for her foes to see, Snarling out their traitors; Show her foes How it grows; England's Rose.

Men of Wales may wear the leek, Shamrock is not far to seek; But the Rose, Where it grows, England knows.

England's Rose is "rooted still" Deep down in the people's will— England's Rose, There it grows, England knows.

Let her pluck her rose today, Proudly wear it those who may, Whose the Rose, When it blows? England knows.

Pluck it from her "heart's ripe-red," Wear it—when the foe is said— "Who knows? Where it grows, England's Rose." —By Bertha Pasmore.

The Local Society. St. George's Society in St. John has been in existence over 100 years, having been founded in 1812. It is always active in the encouragement of the spirit of patriotism and works of charity, and has numbered among its members many of the most distinguished residents of the old Loyalist city. It has a large membership and has made a point of celebrating in an appropriate manner England's Day, and Trafalgar Day. As defined by its constitution the objects of St. George's Society are to foster a spirit of patriotism and nationality, to promote social intercourse among its members and to extend aid to Englishmen and Welshmen or their descendants, or their widows and orphans.

In addition to these objects the society's activities are manifested in a broader field. It aims to maintain a spirit of fraternal union and a pride of race, to further English interests and customs, and to celebrate St. George's Day, England's Day, which is also the anniversary of the birth and death of Shakespeare.

Officers of St. George's Society, 1913. President—Gerrard S. Mayes. Vice-Pres.—Fred E. Hanington and E. E. Church. Treasurer—Geo. W. Ketchum. Secretary—W. A. Church. Asst. Sec.—Frank A. Kinneer. Historian—Col. E. T. Sturdee. Chaplain—Rev. E. B. Hooper.

SPECIAL SUBURBAN TRAIN. The C.P.R. will run special train St. John to Lingley and return May 2nd. Leave St. John 9.30 a. m., and leave Lingley at 8 p. m. Suburban train for accommodation of suburbanites wishing to make preparations for summer season.

Secretary Needed. New Brunswick Tourist Association. Applications for the position of secretary will be received until April 30th. Applicants to apply by letter. Box 267 St. John.

HAD A DREADEFUL COUGH FOR OVER SIX MONTHS. Thought It Would Turn Into Consumption.

Mrs. Jane Doucette, Point a la Gade, Que., writes—"Just a few lines of gratitude I must write on account of your famous remedy, Dr. Wood's Norway Pine Syrup. I had been suffering from a dreadful cough, for over six months, and tried everything but in vain. I thought I was going to turn into consumption. A friend happened to come to my house, and was so frightened when he saw me he nearly dropped. He asked me what I was taking, so I showed him some medicine I had, but he said for me to try Dr. Wood's Norway Pine Syrup. I bought a bottle and before it was finished I was well, and did not cough a bit. I will recommend your medicine to every suffering friend, for I know it is good to them just the same as it did me. See that you get "Dr. Wood's" when you ask for it. Do not accept any imitation. Price, 25 and 50 cents. Manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

CAME TO WED BEAUTIFUL ACTRESS AND LIVE IN MILLIONAIRE'S HOME

DIRK VAN BAAREN'S CASTLE IN THE AIR

Hoodwinked by some swindlers operating a matrimonial agency in Chicago, Dirk van Baaren, an old miller, living in Holland, was induced to come to America, where he paid several hundred dollars as an advance fee for obtaining a wife. He was duped into paying this by the swindlers, who showed him pictures of the house of Charles Schwab, the millionaire, and Miss Maxine Elliott, the beautiful actress.

In Chambers. In Chambers yesterday hearing on the application of petition of John B. Sullivan of Bonny River to wind up the St. George Pump and Paper Co. was had. The petitioner alleged that there was over one million feet of lumber held up on his land for the past six months thereby causing great damage to his land. On the part of the company it was contended that the logs were left there on account of the very high freights and would be removed as soon as possible. The nature of an action at common law and further that the claim was for an unliquidated amount, therefore the petition should fail. Other technical objections were taken to the petition. His Honor suggested that counsel for the petitioner withdraw the petition which was done. No costs were allowed.

C. J. Coster, K. C., appeared for the petitioner and George J. Clarke, K. C., of St. Stephen, for the company.

An Interesting Case. A very interesting case was tried before Mr. Justice McLeod in Chambers yesterday. The late Edouard Mallais, of Gloucester, had been insured in the Societe du Artisan Accidents, a Quebec fraternal insurance society. One Mary Breaux was beneficiary named in the policy but by a subsequent certificate the beneficiary was changed to Maxime Mallais, the society's treasurer. The money into court. This action was to settle which party was entitled to the money. Argument will take place this morning.

Dr. W. B. Wallace, K. C., and J. P. Byrne appeared for the defendant, the insurance company. John B. Baxter, K. C., and John A. Barry for Mr. Mallais and C. F. Sanford for creditors.

OBITUARY.

Mrs. Mary Corbin. Mrs. Mary Corbin, wife of Richard Corbin, of Willow Grove, died at her home Monday. She was born in New York more than 90 years ago and had lived there all her life. She had been in failing health for about a year. Besides her husband, who is near 100 years old, she is survived by two sons and one daughter. The sons are Alfred and John, both of this city. The daughter is Miss Rachel, at home. Mrs. Corbin was well known both in the vicinity of her home and in the city.

Mrs. W. Williams. Hampton, Kings Co., April 22—Mrs. William James Williams died at the home of her son-in-law, J. W. Keirstead on Station Road, about half-past seven o'clock this morning, after a illness of some seven or eight months, during which time she had the services of a trained nurse, in addition to the loving care of her daughter, and members of the family.

She was eighty-five years of age and has lived with her daughter since the death of her son, the late Wm. Williams, train dispatcher, of Campbellton. Her husband died almost twenty-five years ago. Before her marriage she was Miss McDonald, of Sydney, Nova Scotia, where one brother, John McDonald, still resides. Other brothers surviving are Murdoch, of Quincy, Mass.; Alexander, of Dorchester, N. B., and her living sisters are Mrs. Ronald McDonald and Miss Ellen at Sydney, N. S. Mrs. Williams was a devoted member of the Baptist church for many years, and removed her membership to the Station Baptist church when Mr. Keirstead came to live at Hampton. A funeral service will be held at her home tomorrow, Wednesday evening at 8.30 o'clock, and at 7.30 the remains will be taken by the Maritime Express to Campbellton, where, on Thursday morning they will be laid to rest in the Rural cemetery beside those of her husband and son.

FUNERALS.

The funeral of Mrs. Elizabeth A. Murphy took place yesterday afternoon at 2.30 from her late residence, 101 Simonds street, to Fernhill. Rev. Henry Pierce conducted the services at the house and at the grave. Mr. Kee took place yesterday afternoon from her late residence, 487 City Line, to Cedar Hill cemetery. Rev. G. P. Scoville conducted the services. The funeral of Mrs. Andrew Stanley took place yesterday afternoon at 2.30 from her late residence, 53 Carleton street, to the funeral of Mrs. William G. Flowers took place yesterday afternoon at 3.30 o'clock. Rev. P. S. Porter conducted the services.

IMMIGRATION SHOULD BOOM THIS SUMMER

Dominion Immigration Agent Wilmot Looks for Big Influx of Settlers to Province—Those Here Prospering.

A. B. Wilmot, Dominion immigration agent for New Brunswick, was in the city yesterday. He expressed himself as much pleased with the way immigrants had been coming to the province during the winter, and thought there would be a good many new settlers located in the province this summer. A gratifying feature was the number of enquiries about conditions here, coming from Quebec and the Prairie provinces. In connection with his work on behalf of the Farm Settlement Board, Mr. Wilmot has visited nearly every part of the province, and met a large number of the farmers from the old country who have settled here in the last few years. All of these are much satisfied with conditions here and many are doing well on farms of their own.

SUCCESSFUL CONCERT IN EVERY DAY CLUB

The enthusiastic manner in which the programme put on by the boys of the Every Day Club aided by their grown-up friends at the concert last night was received, showed how keenly it was appreciated. The hall was well filled and as a result a substantial sum was realized which will go towards purchasing equipment for the baseball league. George Scott was in the chair and in his opening remarks he told of the work which had been done during the past winter and spoke of the larger plans for the coming summer and winter.

During the evening the ladies sang a number of patriotic choruses with fine effect. Mr. Brindle put them through a course of physical drill movements while Sgt. Sullivan gave them military drill. In both instances the movements were executed with a precision which showed careful preparation. One of the features was an acrobatic display by Jack Thompson which was high class and certainly deserved the hearty applause which rewarded him. Others who took part were A. F. Belding, who gave a vocal and piano solo. There were solos by Walter Brindle and recitations by Chesley Campbell and J. Smith.

Subdividing City Lands. The mayor and city commissioners made a trip to Lancaster yesterday and inspected the city lands there. They are making arrangements to have streets laid out through a portion of the land and to have it subdivided into building lots. They have, however, decided not to take up Mr. Hatheway's scheme, as the section of the land he wanted for workmen's homes will be reserved for industrial sites.

SENT TO PENITENTIARY.

Quebec, April 22—Arthur Dansereau and a woman giving her name as Annie Morin, alias "St. Louis," of Montreal, were condemned to two years in the penitentiary each, in the police court today. Dansereau and the woman stole a Russian lamb coat and boarding house yesterday. They were arrested here last night and pleaded guilty in the court this morning.

Monotony of Woman's Work

How is the woman with the cares, worry and work of a home to get well when she feels that her strength is being overtaxed and that nervous prostration is slowly but surely creeping upon her?

It is often monotony that breaks down the nervous system, and woman's work is above all else monotonous. Doing the same thing day after day has a wearing and depressing effect on both body and mind.

It is easy for doctors to advise change of scene and work, but how few women with families about them can follow such advice. The cure must be brought to them, and no treatment has ever proved more satisfactory under these conditions than Dr. Chase's Nerve Food.

By increasing the red corpuscles in the blood this great food cure builds up the system and restores vitality to the wasted nerves. Gradually and certainly it brings back the courage and strength which have been slowly ebbing away. Unlike stimulating medicines, its benefits to the system are both thorough and lasting.

Nervous prostration does not come on you

MR. NORTON GRIFFITHS SEEKING INFORMATION

Wants Preference to Dominions that Support the Navy—Raises Question in British House of Commons.

London, April 22—In the House of Commons yesterday Mr. Norton Griffiths asked the Chancellor of the Exchequer whether he could now consider the advisability of introducing legislation giving preference to those dominions which supported the Imperial navy either directly or indirectly, when there were loans issued in this country and a preference to all the dominions over foreign countries by the imposition of a small tax similar to that existing in France on foreign loans raised in this country. Mr. Lloyd-George replied that, under the existing law, there already is a preference as regards the stamp duty in respect to loans issued here by colonial governments as compared with foreign governments, but that no further differentiations would appear advisable.

PITCAIRN ISLAND. The first of the descendants of the famous mutineers of the ship Bounty to visit England was Russell McCoy, who arrived at Liverpool thirty-two years ago today. In 1790 the mutineers, ten in number, headed by a ring leader called Christian, with six Tahitian men and twelve women they had kidnapped, took possession of Pitcairn Island, a solitary rock in the Pacific between Australia and the South America.

According to one account, the white men and the Tahitians warred against each other until at the end of ten years only one man, John Adams, was left, with eight women and a number of children; and from them the present inhabitants of the island are descended. The colony was unknown until 1808, when it was discovered by the American sealing ship Topaz. The first British ship arrived in 1814. Great Britain annexed the island in 1839, and in 1856 nearly 200 of the islanders were transferred to Norfolk Island, but a number of them afterwards returned to Pitcairn. Mark Twain made the Bounty mutineers the subject of a humorous story.

FINANCIAL AND COMMERCIAL NEWS AND COMMENT

FUNERAL OF J. PIERPONT MORGAN ATTENDED BY MANY THOUSAND ADMIRERS.

SCENE WITNESSED IN STUYVESANT SQUARE WHILE MR. MORGAN'S FUNERAL SERVICES WERE BEING HELD

The financial world, men prominent in the greatest business institutions of the country, leaders in the law, science and education, joined with the relatives of the great financier in paying a last tribute of affection and esteem to the memory of J. Pierpont Morgan, financier, constructor of great business, patron of art, parent and friend.

Men and women of the social world, members of art and scientific societies, trustees and directors of museums and delegations from patriotic and philanthropic societies were in the assemblage which attended the funeral.

CLOSING STOCK LETTER FROM RANDOLPH

(F. B. McCURDY & CO.)
New York, April 22.—The market opened quiet and without much change. After some hesitation around the opening level, prices advanced, and a fair amount of strength was shown during the first hour, but fractional gains throughout the list. Some stocks, however, seemed to be for sale on the advance and prices hesitated and in the afternoon a sagging off began, which increased as the day wore on so that before the close very general declines were shown from the early high level. The advance of yesterday and this morning seemed to be a covering movement on the part of the professional element on the floor. When this was over, the support from this source was withdrawn and prices started to sag back to their previous levels. There was no news to affect values. The money market, both for time and call funds, was quiet and continues easy. Commercial borrowers still complain of high rates and difficulty in securing accommodation.

DEVELOPMENTS AFFECTING MARKET

(F. B. McCURDY & CO.)
The commander of the International fleet blockading the coast has notified Montenegro that she must immediately withdraw her troops from Scutari, or else the fleet will land troops at Antivari. In the Senate a combination of opponents of the wool sugar and citrus fruit provisions of the tariff bill are expected to fight. Experts say that a break in the levee will flood 1,130 square miles in the cotton belt. A Minn. rate case decision cannot be expected for several months. United States Circuit Court judges favor extension of time for the dissolution of the Hartman lines until July 1st. New Haven's 9 years financing is under United States inquiry. The firm's arbitration board will announce its decision tomorrow. A delegation representing 100,000 trainmen will meet the road managers today for increased wage demands. Information channels are favorable to conservative purchases.

A LISTLESS DAY IN MONTREAL MARKET

Montreal, April 22.—The local stock market showed a further tendency towards listlessness today, with what trend there was on a slight downward direction. Even C. P. R., with a range of only 1/2 point in the local trading and little more than that in the New York market, failed to furnish a feature of interest. Power was similarly listless, holding unchanged at 229 throughout the day. Both leaders closed virtually unchanged. On actual transactions C. P. R. showed a gain of 1/2 point, but closing bid at 244 1/2 was shaded 1/4 point below Monday's.

PRICE'S LETTER ON COTTON MARKET

(F. B. McCURDY & CO.)
New York, N. Y., April 22.—Cotton market has shown continued nervousness again today with prices again making new low ground and reaching the lowest level touched since the high point of last December. The opening was steady at an advance of 1 to 3 points in response to steady cables and a renewal of yesterday's late buying movement, but there was a lot of cotton for sale around the opening prices, and it looked as if favorable weather over the south generally was offsetting reports of a severe break in the Mississippi levee between Greenville and Vicksburg. Liverpool houses were buyers and there was some support from trade sources, but the market broke sharply following favorable weather forecast and the lowest point was reached during the early afternoon when the active months were 12 to 15 points under the closing figures of last night. Nothing further developed in the way of fresh news bearing on the old crop situation and the fact that southern spot prices are maintained through the independence of holders rather than through any particular demand seemed to be indicated by the further advance below a party. Private cables reporting apprehension of labor troubles in Lancashire proved rather a surprise as recent mill advices may have been optimistic on this point.

MARKET VIEWS OF NEW YORK PAPERS

(F. B. McCURDY & CO.)
New York, April 22.—News—There is nothing important in way of news to explain the reversible form in the market, and the movement is generally attributed to a drive against the short interest, forcing them to cover.

EVANS ON STOCKS.

(F. B. McCURDY & CO.)
New York, April 22.—The market is apparently sold out, and the rally yesterday was on shorts. This rally is apt to go farther today, but there is nothing in the situation to cause any real change in the market, and it will probably remain for some time longer a trading affair without any real tendency in either direction.

ST. GEORGE'S DAY.

Throughout the British Empire the subjects of King George will today observe the festive of St. George, tutelary saint of England. The hero of the legendary battle with the dragon was a tribune in the reign of Diocletian, and was beheaded on the 23rd of April, 290. At an early date he was honored above other saints by English Christians, and in 1222, during the reign of Henry III., it was ordered that his feast be kept as a holiday.

DOCTOR ON TRIAL IN WIFE POISONING CASE

The trial at Springfield, Ohio, of Dr. Arthur B. Smith, accused of murder in the first degree by poisoning his first wife, Mrs. Florence C. Smith, is attracting considerable attention. J. B. Malone, chief counsel for Dr. Smith, declares that experts' evidence will show that no trace of poison was found in the body of Mrs. Smith and that she died of natural causes.

DOV JONES' SUMMARY OF NEWS AND VIEWS.

(F. B. McCURDY & CO.)
House begins its debate on tariff bill today.
Stock Exchange incorporation bill to be considered at executive session of Senate Judiciary Committee today at Albany.

MARRIED IN TAUNTON, MASS.
Apothegui, April 18.—Cards have been received announcing the marriage on Tuesday, 15th, in Taunton, Mass., of Harry L. McCreedy, youngest son of C. B. McCreedy, of this place, and Miss Grace R. Conaty, of Taunton. The couple left on Wednesday for New York en route to Atlantic City and other southern points.

BREAK WHISKY'S GRIP ON YOUR LOVED ONES

Drunkards will tell you with tears of sincerity that they do not want to drink. The craving coming from the inflamed membranes of the stomach drives them to it.

NOTICE OF ASSIGNMENT AND MEETING OF CREDITORS.

TAKE NOTICE that William G. Lee, of the City and County of Saint John in the Province of New Brunswick, formerly Steamship Agent, pursuant to the provisions of Chapter 141 of the Consolidated Statutes of New Brunswick, 1908, intituled "An Act respecting Assignments and Preferences by Insolvent Persons," did on the twenty-first day of April instant, make a general assignment for the benefit of his creditors, within the jurisdiction of the said Province of the City of Saint John and County of Saint John, High Sheriff of the said City and County; and also did on the twenty-first day of April instant, at the hour of eleven o'clock of the forenoon, for the appointment of inspectors and giving of instructions with reference to the disposal of the estate and the transactions of such other business as shall legally come before the meeting.

THE CITY OF ST. JOHN

Invites Sealed Tenders for the following works, viz:—
Excavation, backfill and cartage for sewer and water main in Douglas avenue, Adelaide street, and for the building of a concrete culvert over Newman Brook in Adelaide street.

GUNNS

For quality in Bacon, Cooked Hams, Smoked and Salted Meats, Pure Lard and Compound, Cooking Oils and Salad Dressing, Western Beef only handled. All government inspected. Phone, wire or mail your order.

BUILDERS' SUPPLIES

Steel Beams cut to exact lengths, Metal Lathing, Corner Brads, Expanded Metal, Concrete Bars, Steel Ceilings, Waterproof Concrete Flooring, Terrazo Flooring, Steel Scaffolding, Iron Stairs, Bank Railings, Elevator Enclosures, etc., etc.

Valuable Sale of Government Property

Known as the Immigration Building, with frontage on three streets, 150 feet M. or L. on St. John St., 200 feet M. or L. on Lancaster St., 250 feet M. or L. on St. George St., West St. John.

SEALED TENDERS

Addressed to the undersigned, and endorsed "Tender for Construction of a 50 ft. 6 inches Single Screw Wooden Tug," will be received at this office until 100 P. M. on Monday, May 12, 1913, for the construction of a 50 ft. 6 inches Single Screw Wooden Tug with Gasoline Motor.

INSURANCE SETTLED.

The appraisers have settled the damage to the Lawrence building which was damaged in the Daniel fire at \$725.

WEST LAND REGULATIONS

Persons tendering are notified that tenders will not be considered unless made on the printed forms supplied, and signed with their actual signatures, stating their occupation and the places of residence. In the case of firms, the actual signature, the nature of the occupation, and place of residence of each member of the firm must be given.

LIVE TOPICS OF SPORT AT HOME AND ABROAD

AMERICAN, NATIONAL AND INTERNATIONAL LEAGUE RESULTS

AMERICAN LEAGUE. Philadelphia, 7; New York, 4. Philadelphia, Pa., April 22.—Hard hitting in the fourth inning mixed with a pass and a wild pitch gave the home team four runs and practically won today's game from New York. The final score being 7 to 4. The fourth inning really drove MacConnell off the rubber. His place was taken by Schultz, of whom only one run was made, this being a homer by Barry Brown, who was effective after the fifth inning, is the only Philadelphia pitcher to twirl a full 9 inning game this season. He aided materially in winning this game by making a double and driving in two runs. Manager Chance played his first championship game in the American league and shifted his team considerably, Chase going to center and Harzoll to short. New York... Philadelphia... Brooklyn, 8; Boston, 3.

Washington, D. C., April 22.—Washington suffered its first defeat of the season today, succumbing to Boston, 5 to 3. President Wilson attended the game. In the seventh inning, the home team apparently was hopelessly behind, and the crowd began to leave, but the president remained until the last man was out. Inability of Washington to hit Leonard at critical times was mainly responsible for the defeat. The locals having 14 men left on bases. Score: Boston... Washington...

St. Louis, Mo., April 22.—Although Perry gave only two hits Pittsburgh today won the third successive game from St. Louis by a score of 1 to 0. Slow fielding and the pitcher's own errors, followed by a single gave the visitors their lone tally. Pittsburgh got its first hit in the seventh when Wilson scratched a single through the pitcher's box. Wilson moved to second on a sacrifice and went to third on Perry's poor throw. McCarthy's single scored Wilson. Score: Pittsburgh... St. Louis...

Chicago, 3; Detroit, 2. Chicago, Ill., April 22.—With the stars and stripes and the Detroit pennant inverted on the flag poles of the pavilion and the lineup of the local American league team changed. Manager Callahan managed to check the winning streak of Detroit. The score was 3 to 2. Manager Callahan decided to remove Body from center and placed Mattick in that position while Tom Easterly, the hard-hitting pinch hitter, relieved Schultz in catching. The visitors started a rally in the last inning which almost proved disastrous to Chicago, but Scott straightened out the side was retired without further damage. Score: Chicago... Detroit...

Cleveland, 4; Cleveland, 2. Cleveland, Ohio, April 22.—Magner Stoval, of St. Louis, headed a ninth inning batting rally which enabled St. Louis to win from Cleveland, 4 to 2 today. Wild throws by Land and Jones enabled St. Louis to score two runs in the first two innings. In the sixth, Cleveland tied the score on an error and three base hits by Jackson and Lajie. A double and two bases on balls filled the bases in Cleveland's half of the ninth, but good fielding prevented a score. Early Hamilton is the first left-handed pitcher Cleveland has faced this season. Score: Cleveland... St. Louis...

Baltimore, 2; St. Louis, 1. Baltimore, Md., April 22.—Montreal treated Baltimore to a coat of ball, Shavley kept up his record as a hard luck pitcher, as he out pitched Matters, allowing but three hits, a stupid error by Twombly in the first inning gave the Royals two runs and the game in the opening inning. Score by innings: Baltimore... St. Louis...

Jersey City, 1; New York, 0. Jersey City, N. J., April 22.—Timely batting and perfect teamwork earned a victory for Toronto, the first of the season today's game with Jersey City at West Side Park. The Chicago combination proved to be more successful and won out in the last three innings. Score: Jersey City... New York...

Philadelphia, 1; New York, 0. Philadelphia, Pa., April 22.—Timely batting and perfect teamwork earned a victory for Toronto, the first of the season today's game with Jersey City at West Side Park. The Chicago combination proved to be more successful and won out in the last three innings. Score: Philadelphia... New York...

AMERICAN WHO LOST HYDRO-AEROPLANE CUP AND HIS FRENCH RIVAL

The first run at Monte Carlo for the Coupe Internationale d'Aviation Maritime Jacques Schneider was won for France by Maurice Prevost, on a Deperdussin hydroaeroplane of 100 horse power, with a Gnome motor. The race, therefore, will be run in France again next year. There were four competitors—Mr. Prevost, Roland Garros and Gabriel Espanet, representing France, and Charles T. Weymann the United States. Mr. Weymann's failure was due to the fact that he did not carry sufficient lubricating oil and his tank was not filled before the start.

CLEVER YOUNG PITCHER

Manager of Chicago Cubs. I think I can honestly say that the funniest incident that I can recall in baseball took place five years ago in Cincinnati in a game played between the Reds and the Chicago team. It was a game in which both teams were playing mighty good ball, there being little hitting and the score, along in the late innings, being 4 to 3 in favor of the Cincinnati team. We finally were able to get a start, and had Frank Schube on first base, and another runner on third base. So Schube failed of pulling off to center and were yelling with the coaches to Schube to try to stand up and block a double play should the ball go to the infield, for only one man out, and only a fly ball or a double play could prevent us from getting the run needed to tie the score. Sure enough the ball was hit down to the Reds' infield, going along nicely to Miller Huggins and not very far from Schube. Huggins played the ball clean and tossed it to Corcoran, foreing Schube.

Schube was coming down the line and stood up straight in his tracks. The trick he turned was a clever one, at which possibly there is a question about the ethics of the play. The ball was on first base, and Sam Crawford was at bat, in a close game, and one in which one run meant a lot. Crawford hit a sharp single to center, Bodie getting the ball clean and near enough to second base for it to appear that Cobb would not take the chance to try to third. Bodie saw Cobb stop, and he started to throw the ball back to the infield. Then Cobb, who was watching Bodie, was off for third base like a streak. Cobb, in making his slide, noticed the ball drop well off the bag, and then, with a movement hard to detect, swung his legs around with his hand on the base and kicked the ball with the back of his heel, sending it almost over to the Detroit bench, and then proceeding to score the run which eventually proved the one needed to win the game.

FUNNIEST PLAYS SEEN BY BIG LEAGUE PLAYERS

Just how we should go about to break it up. Seeing we were at sea, Duffy came running up, yelling for White, who had received the ball back from Sullivan, to throw to me at first base. He did just in the nick of time, and I had Schube turn in his tracks and make another break for second base. He had the ball and started in full pursuit but I could not catch him. After I had gone almost down to second in my attempt to get Schube from second to first, I was watching out of the corner of my eye, started for home. I turned and barely got him in a mighty close play at the plate. So Schube failed of pulling off to center and were yelling with the coaches to Schube to try to stand up and block a double play should the ball go to the infield, for only one man out, and only a fly ball or a double play could prevent us from getting the run needed to tie the score. Sure enough the ball was hit down to the Reds' infield, going along nicely to Miller Huggins and not very far from Schube. Huggins played the ball clean and tossed it to Corcoran, foreing Schube.

SPORTOGRAPHY Eastern Association Opens

—Ewing, Dead 18 Years— A Baseball Record. An old baseball circuit with a new name is the Eastern Association, which will get away on the long pentant race today. This is the fifteenth season of the flourishing class B organization formerly known as the Connecticut League, under which name it travelled until the close of last season. James H. O'Rourke, who is the cap'n bold, likewise the first mate and the second mate—in other words, president, secretary and treasurer—of this baseball craft has been at the helm since the early days of the league and has piloted it through many shallows and around numerous dangerous rocks.

Eight years ago today the New York Giants occupied second place in the National league standing for the last time during the 1905 season. The following year McGraw's men took the lead and held it until the end of the race, finishing with the Pirates a bad second. Despite their marked superiority over the other clubs of the old major league that year, the Giants were humbled when they tried to repeat, with practically the same players and the identical pitching staff, the following year.

John Ewing, who was one of the greatest pitchers of his time, died eighteen years ago today. The great Chicago twirler, whose name is all but unknown to the present generation of fans, pitched his last game for the Giants late in 1891. Soon afterward he was taken ill, and the baseball world knew him no more. On the Giants' pitching staff with Ewing was the equally great Amos Rusie, who finished his life a physical, mental and financial wreck.

A baseball record that is likely to stand a long time was made at Battle Creek, Mich., two years ago tomorrow, when the local team of the South Michigan team pulled off two triple plays in the course of a game with Grand Rapids. One triple was made when the catcher caught a bunt, threw to second and first, and the other triple was started by the shortstop, who caught a line drive and retired runners at first and third.

By Appointment To H.M. THE KING. Another German Airship Lands on French Soil—Greeks and Servians in Agreement with Turkey. Nancy, France, April 22.—Another international military aviation incident occurred on the Franco-German frontier this morning, when a German army aeroplane alighted on French territory at North Arracourt. Two German officers in uniform were on board. The machine was held, but later allowed to return to Germany.

Hostilities Suspended. Constantinople, April 22.—The Greeks and the Servians today concluded an agreement with Turkey, similar to that made between Bulgaria and Turkey by the terms of which hostilities are to be suspended for ten days.

A Sensational Report. New York, N. Y., April 22.—A special cable to the American from London says: Winston Churchill, First Lord of the Admiralty, it is learned today, has been the victim of a most daring and sensational robbery, in which a beautiful young woman is suspected as the possible agent of some foreign power. By the theft the First Lord not only lost \$2,500 in money, but highly important confidential naval data.

A Montreal Murder. Montreal, April 22.—Crazed, it is said, with jealousy, Tomaso Bernardi, an Italian, at noon today, shot and fatally wounded Angelina Bezzani. Bernardi also wounded the girl's male companion, Louis Scrolo, and it is believed that he also will die.

Visiting Workers. New York, N. Y., April 22.—A cable from London says: The King and Queen yesterday began another tour among the industrial classes of their subjects. Yesterday they were at Crewe and today tomorrow in Oulton. The tour is believed to be also will die.

Cars in Collision. Montreal, April 21.—Crashing into an automobile in which P. Lacoste, K.C., and his wife were passengers, a heavy Round-the-Mountain car figured in a thrilling automobile accident in Oulton last night, knocking the chauffeur unconscious, slicing off the two front wheels of the automobile and hurling the motor car 100 feet across St. Catherine Road. The occupants were slightly hurt.

WOULD HAVE P.E.I. ADOPT N. B. EXAMPLE. (Charlottetown Guardian.) We notice our friends in New Brunswick are busy trying to the enormous value of "advertisement" artful aid for their immigration department has been running a series of films of life in New Brunswick in the principal centres of the United Kingdom, and with such satisfactory results that they have had more "money" immigrants this spring than for the whole of the preceding ten years put together. In order to prove to the people in the province that there is no deception in the scenes depicted, the immigration authorities there have just arranged to have the films produced in the local picture theatres for the inspection of the general public.

What more interesting and popular scenes could be reproduced in any picture theatre throughout Canada or the United States than those connected with fox-ranching? They would immediately arrest the public eye and centre attention on the other attractions of the island. It is a suggestion worth considering.

MARTIME CONDENSED FOREIGN NEWS

Another German Airship Lands on French Soil—Greeks and Servians in Agreement with Turkey. Nancy, France, April 22.—Another international military aviation incident occurred on the Franco-German frontier this morning, when a German army aeroplane alighted on French territory at North Arracourt. Two German officers in uniform were on board. The machine was held, but later allowed to return to Germany.

Hostilities Suspended. Constantinople, April 22.—The Greeks and the Servians today concluded an agreement with Turkey, similar to that made between Bulgaria and Turkey by the terms of which hostilities are to be suspended for ten days.

A Sensational Report. New York, N. Y., April 22.—A special cable to the American from London says: Winston Churchill, First Lord of the Admiralty, it is learned today, has been the victim of a most daring and sensational robbery, in which a beautiful young woman is suspected as the possible agent of some foreign power. By the theft the First Lord not only lost \$2,500 in money, but highly important confidential naval data.

A Montreal Murder. Montreal, April 22.—Crazed, it is said, with jealousy, Tomaso Bernardi, an Italian, at noon today, shot and fatally wounded Angelina Bezzani. Bernardi also wounded the girl's male companion, Louis Scrolo, and it is believed that he also will die.

Visiting Workers. New York, N. Y., April 22.—A cable from London says: The King and Queen yesterday began another tour among the industrial classes of their subjects. Yesterday they were at Crewe and today tomorrow in Oulton. The tour is believed to be also will die.

Cars in Collision. Montreal, April 21.—Crashing into an automobile in which P. Lacoste, K.C., and his wife were passengers, a heavy Round-the-Mountain car figured in a thrilling automobile accident in Oulton last night, knocking the chauffeur unconscious, slicing off the two front wheels of the automobile and hurling the motor car 100 feet across St. Catherine Road. The occupants were slightly hurt.

TOM SHARKEY KNOCKED OUT BY NEWSBOY. New York, N. Y., April 22.—Tom Sharkey was knocked out by a newsboy given a nickel after buying four cent newspapers it could not have caused more amusement among his friends. Actually, and beyond doubt the one-time champion of the navy acted as target for a left hand opponent which landed squarely on his jawbone, and he promptly went to sleep for the count of ten and then some more. What is more astonishing is that the deliverer of the blow was a newsboy known as "Yellow" in East 14th street, but whose real name is George Davis, and who lives at No. 105 West 101st street. An accurate description of Mr. Sharkey's career in the ring was followed by Sharkey's offer to give an exhibition of his prowess outside his saloon at 144 East Fourteenth street. "Yellow" was willing to make good on his opinion of Sharkey's fighting ability, and they all adjourned to the pavement. Two minutes later the sailor or pugilist was carried into the saloon unconscious. Dominick Ross had counted him out, while his seconds, "Doc" Ryan and "Jack" Kelly, declare they threw in the sponge before the battle ended. Policeman Lawlor and Little arrived too late to stop the fight. "Yellow" was carried away by his admiring friends, who now want him to challenge a few other "white hopes."

MARITIME PROVINCE HAPPENINGS DAY BY DAY

CONDENSED FOREIGN NEWS

Another German Airship Lands on French Soil—Greeks and Servians in Agreement with Turkey.

Nancy, France, April 22.—Another international military aviation incident occurred on the Franco-German frontier this morning, when a German army aeroplane alighted on French territory at Nord Arracourt. Two German officers in uniform were on board. The machine was held, but later allowed to return to Germany.

Visiting Workers. New York, N. Y., April 22.—A cable from London says: The King and Queen yesterday began another tour among the industrial classes of their subjects. Yesterday they were at Crewe and today and tomorrow will be among the people of the potteries.

Cars in Collision. Montreal, April 21.—Crashing into an automobile in which P. Lacoste, K.C., and his wife were passengers, a heavy Round-the-Mountain car figured in a thrilling automobile accident in Outremont last night, knocking the chauffeur unconscious, slicing off the two front wheels of the automobile and hurling the motor car 100 feet across St. Catherine Road. The occupants were slightly hurt.

WOULD HAVE P.E.I. ADOPT N. B. EXAMPLE

(Charlottetown Guardian.) We notice our friends in New Brunswick are this time to the enormous value of advertisement's artful aid for their immigration department has been running a series of films of life in New Brunswick in the principal centres of the United Kingdom, and with such satisfactory results that they have had more "money" immigrants this spring than for the whole of the preceding ten years put together. In order to prove to the people in the province that there is no deception in the scenes depicted, the immigration authorities there have just arranged to have the films produced in the local picture theatres for the inspection of the general public.

What more interesting and popular scenes could be reproduced in any picture theatre throughout Canada or the United States than those connected with fox-ranching? They would immediately arrest the public eye and centre attention on the other attractions of the feature. It is an suggestion worth considering.

The Daily Hint from Paris.

The I.C.R. police are getting a new headquarters office in the I.C.R. depot here. The room which during the past few months has been occupied by Assistant Superintendent Fleming and Station Master Bovard has been given up to the use of Inspector A. J. Tinsley, while Mr. Pendergast will take up his quarters in the office in the east end of the station formerly occupied by Mr. Edward, the agent of the G.T.R.

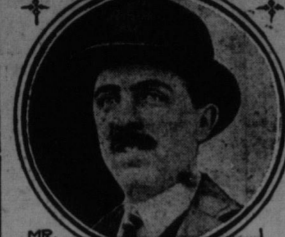

A New Face Without Surgical Skin Peeling

"I do not approve of the surgical operation of face peeling," says Julia Off. "It's too radical, too often dangerous. There's a better way of removing offensive complexion and one that is entirely safe and rational. Ordinary merozolized wax causes the devaluated scar skin to come off, but gradually and gently. Unlike the surgical process, the skin is not forcibly taken off in big pieces all at once, but absorbed in tiny particles as it is absorbed by the wax. From ten days to two weeks are required to complete the transformation. There's no pain, no discomfort.

"Nature renews complexion the same way, shedding tiny cutaneous scales day by day. But deficient circulation, or other abnormal condition, may interfere with the shedding—a 'bad complexion' results. Then merozolized wax assists Nature by hastening the removal of the aged, faded or discolored top skin. Thus only the lively, young, healthy-sued skin is in evidence, as in robust girlhood. This is why merozolized wax produces the indescribable beauty of ever-renewing youth. The wax is put on at night like cold cream, and washed off in the morning. You can procure it at any druggist's; an ounce is sufficient."

Capes have again become fashionable. In this model, worn in a French play, the typical new cream shade is shown, and the actress, with graceful gesture, has drawn it unconsciously into draped folds.

JACQUES WORTH SAILS; MISS CLARK ON BOARD, TOO

MR. JACQUES WORTH

MISS GENEVIEVE CLARK

Now that he has seen the American woman in her native environment and knows just what she will wear next season, Jacques Worth, of the Paris dressmaking establishment, started for home on board the France, of the French line, not so encumbered with his newly acquired information that he was prevented from admiring those for whom he hopes successfully to design.

"I have had a most delightful stay here, and all too short a one," he said, "but I am coming again next year and every year; not only to get ideas of what the women want to see them, but for they are a most wonderful sight. Such grace and sparkle; and they all have it."

Among others who were passengers on board the France was Miss Genevieve Clark, the beautiful daughter of Representative Champ Clark.

RECOVER CROSSES STOLEN FROM CHURCH

Calais, April 21.—Through good work on the part of the police, the crosses stolen from St. Anne's Episcopal church on Monday evening, April 14, were recovered on Saturday by Deputy Marshal Albert Greenlay and Officer William Macnamara. Suspicion rested upon a young man named Carl Symington, whose father at one time was rector at St. Anne's and the police were finally able to secure sufficient evidence to warrant making an arrest. Young Symington was found in Milltown and, on being arrested made a clean breast of the affair; the crosses being recovered at his home where he had hidden them on the night of the robbery, unknown to his mother and relatives. He was at once locked up and held for trial.

It is thought that another party was with Symington in the robbery. The young man now under arrest has been acting rather queerly of late and this may account for his action in breaking into the church.

NEW POLICE HEADQUARTERS.

(Moncton Times.) The I.C.R. police are getting a new headquarters office in the I.C.R. depot here. The room which during the past few months has been occupied by Assistant Superintendent Fleming and Station Master Bovard has been given up to the use of Inspector A. J. Tinsley, while Mr. Pendergast will take up his quarters in the office in the east end of the station formerly occupied by Mr. Edward, the agent of the G.T.R.

A New Face Without Surgical Skin Peeling

MR. SPENCER'S NEW THEATRE.

(Truro News.) F. G. Spencer, of St. John, the lessee of the new theatre, is spending the day in town today. Misses Claude and Dauphine Melanson, of Upper Aboussahan, are spending a week with friends in Sackville.

AN AGRICULTURAL PICNIC PLANNED

It will be held in St. Stephen, on grounds near Dominion Fertilizer Plant, on May 3rd.

St. Stephen, April 22.—An agricultural picnic will be held in St. Stephen on the grounds not far from the factory of the Dominion Fertilizer Co., Ltd. If the weather should be unfavorable the lectures will be delivered in a hall in St. Stephen.

A number of speakers will be present including: J. B. Dargatz, secretary for agriculture; Andrew Elliott, seeds and soil specialist; A. B. Durost, B. S. A., fertilizer, drainage and bees; Miss Daisy Harrison, formerly superintendent Women's Institutes for New Brunswick.

Mr. Elliott will discuss in detail the growing of crops for and the methods of conducting field crops competitions. A number of these competitions are to be carried on in the County of Carlton the coming season, under the auspices of the various agricultural societies.

Mr. Durost will discuss fertilizers from the farmer's point of view. Speakers from the Dominion Fertilizer Company and others will discuss the matter from the manufacturer's side.

The Dominion Fertilizer Company's factory will be open for inspection, and arrangements have been made with the manager to have men, well acquainted with the manufacture and mixing of fertilizers, who will, following the lecture, show parties through the factory.

The factory will be in full operation and every opportunity will be given to see fertilizers in all stages of preparation. The nature and use of the various raw materials, which may be seen there in large quantities, will be carefully explained. This will be an opportunity which no farmer can well afford to miss—to see what is being put into the mixed fertilizers that he is using on his land.

While the men are seeing the factory, Miss Harrison will address the ladies on some subject of interest to them.

Sandwiches, cake, tea and coffee will be served free on the grounds. The committee will not be offended if the ladies prefer to enter this bill of fare by bringing baskets.

PROVINCIAL PERSONALS.

(Moncton Times, April 22.) R. O'Leary, of Richibucto, is in the city. Mr. and Mrs. E. H. Sinclair, of Newcastle, were in the city yesterday. Mrs. Allen, of Amherst, is spending a few days with friends in the city. Mr. and Mrs. F. L. Doyle, of Moncton, are registered at the Dufferin hotel, St. John.

Mr. and Mrs. J. W. Spencer, of Bathurst, are spending a few days in the city. George Ackman was registered at the Royal Hotel, St. John, yesterday. G. D. Osgood, of Sussex, registered at the Dufferin hotel, St. John. C. S. Hanington, real estate agent, of St. John, was in town yesterday and registered at the Brunswick.

Miss Milligan, of Baird and Peters' staff here, is visiting friends at MacCam. Mrs. Joseph Wood, of Chatham, is visiting Mrs. H. P. Wood, of this city. Mrs. J. F. Allison pleasantly entertained at bridge on Saturday afternoon. J. H. Gilchrist, immigration agent for New Brunswick, was in town Friday.

W. M. Spence, of the firm of McLeod and Spence, Port Elgin, was in town Saturday. Misses Claude and Dauphine Melanson, of Upper Aboussahan, are spending a week with friends in Sackville.

(Gloucester Gazette.) B. McKay, of St. John, N. B., is a visitor in town today.

LUMBER MILLS MAKING READY FOR SEASON'S WORK

(Chatham Gazette.) The Multhead or lower roasting mill of the Miramichi Lumber Co. will start work in a few days and will run at full capacity all season, with night and day crews at work from probably the middle of May onwards. The upper roasting mill at Morrison's Cove will be started this year the first in several seasons and will be run to its full capacity of its fifteen machines from the first part of May. The big mill at Douglastown is now ready for its start and will run at night probably two or three months. It will also be worked to its full capacity in the three departments, sawing, shingles and laths.

The Miramichi Lumber Co. will have an exceptionally busy season with the opening of the operation and it is estimated that the amounts that this company will pay out during the season in wages alone in these mills will reach the big total of \$125,000.

The first steamer that the company expects to arrive here is the Agout which sailed from Liverpool for Chatham on the second of the month, and is due here any day. The next will be the Apennine.

Mr. Durost on the river are expected to open about the usual time, though bad driving conditions may delay matters somewhat at the start.

On the whole the Miramichi may look forward to an active season in the lumber business and as the starting of the mills means giving employment to upwards of 2,500 men, the importance of this industry to the people who live along the banks of this river may easily be judged.

WITH THE DRIVES IN THE MIRAMICHI

Chatham, April 22.—On the Miramichi the stream driving crews are being sent to the headwaters to commence work. A report from Doaktown this morning said that the river was clear of ice and that some drivers left yesterday and others were going today.

Business reported a heavy shower this morning and that stream driving had started on Trout Brook and Taxis this morning said that all the lumber and men are being sent to the head of the river to start work on the main river drive on Monday.

On the Northwest branch the ice is still holding down to the railway bridge. Below that is open, and the Sinclair lumber mill at the bridge had steam up yesterday.

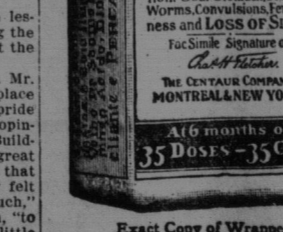

BOY THIEF GETS TWO MONTHS

Moncton, April 22.—James Jones, seventeen year old lad who was arrested at Paines yesterday, charged with breaking into an I. C. R. box car and stealing one pair of canvas, consigned to Tignish, P. E. I., and a quantity of men's collars, consigned to a Charlottetown firm, was brought before Magistrate Stevens this morning and pleaded guilty, and was sentenced to two months in jail, and will likely be taken to Dufferin this evening.

STRIKE FEVER SPREADS IN NOVA SCOTIA.

Halifax, April 22.—Word was received here this morning that the quarry workers at Avondale, Sweet's Corner and Wentworth, Hants county, had gone on strike for an increase of about 25 per cent. The number of men affected, including engine drivers, blacksmiths, quarrymen and laborers.

BABIES SORES

Every mother should realize that sore skin on her baby is so tender that the secretions of the body often lead to rashes, eruptions, etc., all of which may be removed by Zam-Buk. Scores of restless, crying babies, upon examination, are found to be suffering from some form of skin irritation or "heat." Don't let the little one suffer when Zam-Buk will cure!

Mrs. L. Hood, of 475 Alexander Avenue, Windsor, says: "I have proved the value of Zam-Buk when applied to children's sores. Some nasty ones broke out on my baby's mouth, and despite all the preparations used, they refused to heal. I took him to St. Boniface hospital and he remained there for two weeks. At the end of that time he was no better, and we again took him home. I was then advised to try Zam-Buk and obtained a supply. The effect of the first few applications was very gratifying, and I continued with the use of the ointment. A little perseverance resulted in a complete cure."

Mrs. E. Cooke, of Yorkville, Ont., says: "My little baby had a bad running sore over her little chin. A few applications of Zam-Buk healed the sore in a perfect manner. Had so sore was left behind."

Score of similar cases could be stated. Zam-Buk is a medicinal preparation containing animal fats, no mineral coloring matter, no perfumes, and is in the form of a cream for baby.

Zam-Buk

DRIVES IN RIVER MAY BE HUNG UP

Fredericton, April 22.—The expected trouble in getting out the drives in central portion of the province is developing and it now looks as if many of the drives in this part of the country would be tied up. R. B. Smith, of Oromocto cut about eight million feet of logs on the Oromocto and on Little River, Sunbury county, and it is said today that all the lumber that he has been successful in bringing out will not amount to more than one million feet. The drive on the Oromocto has been hung up, one drive on the Little River is also hung up, while an effort is being made to drag out the other drive on Little River. The water in the St. John river here has come up steadily during the past couple of days, but is not rising rapidly today.

DEATH OF AGED RESIDENT OF FREDERICTON.

Fredericton, April 22.—The death occurred last night at the ripe old age of 90 years of Michael O'Leary, for many years an employe of the water department of this city.

MOUNT ALLISON WORKERS HAVE RAISED \$34,000 AND WANT \$50,000 BY NIGHT

One Subscriber, who has Already Given \$5,000, Promises to Make it \$10,000 if \$45,000 is Raised—Only \$10,000 More Needed—J. A. Likely Gives \$5,000—Campaign has Already Proved Marked Success.

Fifty thousand by six o'clock. This is the slogan of the Mount Allison campaign workers for today, and considering the success which attended their efforts yesterday morning and afternoon there is every prospect that the desired goal will be reached.

In yesterday's papers were acknowledged contributions amounting to some sixteen thousand dollars, and so successful were the canvassers yesterday that when reports were handed in last evening the total secured to that time was more than thirty-four thousand, over fifteen thousand being secured yesterday.

And perhaps the most encouraging feature of the canvass was the promise of one gentleman, who has already contributed five thousand dollars, that if a total of forty-five can be raised in St. John he will double his first subscription and give sufficient to bring the final amount to the desired figure of fifty thousand.

At the first meeting the following subscriptions were acknowledged:

Joseph Allison	\$5,000.00
W. B. Tennant	5,000.00
W. E. Enrie	5,000.00
E. R. Machum	1,000.00
H. A. Powell	1,000.00
A. P. Barnhill	1,000.00
J. W. Smith	1,000.00

Included in yesterday's collections were the following amounts of five hundred dollars or over:

Joseph A. Likely	\$5,000.00
P. E. Williams	1,000.00
William S. Allison	1,000.00
Howard P. Robinson	1,000.00
Walter C. Allison	1,000.00
J. M. Queen	1,000.00
James E. White	1,000.00
Rev. J. L. Dawson	500.00

SARDINES EATEN OTHER FISHES IN THE

Catch of Sardines Most Valuable of all Food Fishes in Province, Says Natural History Lecturer.

The reports of the teams indicating the total collected yesterday were:

No. 1—E. R. Machum	\$1,715.00
No. 2—H. A. Powell	5,370.00
No. 3—W. S. Allison	4,132.00
No. 4—W. B. Tennant	2,510.00
General	385.00

Yesterday's total \$11,112.00
Previously acknowledged 19,000.00
Total to date \$34,112.00

This leaves only \$10,888 to be secured today in order that the committee may take advantage of the five thousand and additional subscription promised.

Tomorrow Frederickton is to receive attention. It is expected that certain members of the St. John organization will go to the capital to assist the local committee, which is under the leadership of R. B. Hanson, Sussex, St. Stephen and Woodstock are also to be covered this week and on Sunday the leaders will be heard in Charlottetown, which, along with Summerside and other Island centres will be worked the first of next week.

A large bulletin board has been prepared and will be placed in a central location in this city in order that all interested may be kept fully informed as to the progress of the campaign in other places.

The committees are asked to meet this morning at nine o'clock in Mr. Tennant's office.

AROUND THE CITY

New Buckets for Big Dredge. The dredge fielding is laid up on the flats at Lower Cove being fitted with a set of buckets.

Art Studio, Peel street, Thursday 8 o'clock. Please be prompt. Music, speeches, refreshments. Silver collection.

Fly the Flag Today. Today is St. George's Day and all citizens having flags are requested by the president of St. George's Society to display them in honor of England's patron saint.

Government Offices to Move. On May 1st the government offices on Church street will be removed to Prince William street, on the second floor of the building occupied by the C.P.R. Telegraph Company.

The South Shore Service. So far there is nothing new in connection with the movement to have the S.S. Amelia resume her trips to the South Shore of Nova Scotia, but it is said a service as far as Yarmouth is assured in any case.

To Speak in Port Elgin. Rev. W. R. Robinson, of Ludlow street Baptist church, will leave this morning on the Halifax express en route to Port Elgin, where he has been invited to address a meeting under the auspices of the Sons of England.

Committee Appointed. At a meeting held in the Y.M.C.A. last evening T. W. C. Rose and John Seely were appointed a committee to act in conjunction with W. C. Cross, G. E. Barbour and A. H. Chipman to elect five men to serve as directors for the next three years.

Will Go To Quebec. Thomas Manly, who has been at Sand Point during the winter, working in the interests of immigration to the province will go to Quebec in a few days. He will remain there through out the summer, looking after immigrants en route to the province, and trying to get new arrivals to Canada to settle in this province.

Wedded Last Evening. A pretty wedding was celebrated last night when Rev. Dr. Pearson, pastor of St. Phillip's church, united in marriage Joseph Berkley and Miss Louise Attwater. The groom is a native of St. Kitt's, B. W. I., and the bride a resident of this city. The groom was attended by Mr. Patterson, of Boston and Miss Beatrice Hogan was bridesmaid. The happy couple were the recipients of a number of valuable gifts.

Public Utilities Today. A meeting of the Public Utilities Commission will be held this morning at 10:30 o'clock. A. B. Connell, Fred P. Robinson and Felix Michael, members of the commission, arrived in the city last night to attend the meeting. At today's session the hearing in the matter of the New Brunswick Telephone Company's application for reclassification of rates will be continued. The hearing was adjourned from last month owing to the absence from the city of one of the directors of the company.

Another Line Decided. Added proof of the fact that St. John is steadily becoming the only gateway of Canada is found in the fact that in a Canadian supplement of the Illustrated London News is found a page of matter descriptive of the Donaldson Steamship line which states that after years spent in testing the various Canadian ports, St. John had been selected as offering the most advantages and in the future will be the winter terminal of the line. In the summer a three weekly service will be maintained.

A Successful Concert. An enjoyable and successful supper and sale was held last evening in the First Presbyterian church of Carleton under the auspices of the Ladies' Aid Society, when after the supper Rev. Dr. Morrison took the chair and introduced the following programme: Reading, Howard Jamieson; selection, by the Pipers' Quartette; reading, Miss Gladys Smith; vocal solo, Mr. Girvan. A tableau was then given by Miss Cougle assisted by a number of young ladies. Miss Gladys Wilson presided at the piano. This entertainment marks the closing of the activities of the Ladies' Aid Society for the season. The affair was well attended and an enjoyable time was had.

S.S. CASSANDRA STEER TAKES HAD FINE TOP A HIGH ONE

Held Up Thirty-six Hours by Dense Fog — Two Babies were Born During the Passage.

The Donaldson liner Cassandra, Captain Mitchell arrived in port yesterday from Glasgow direct, docking at No. 2 berth, Sand Point, after an excellent run across the Atlantic. The Cassandra, it will be remembered, started from Glasgow several weeks ago, but when leaving the dock the tide or a heavy gust of wind swept her with terrific force against the concrete wharf, smashing a big hole in the bow and doing other damage. The steamer was forced to put back and go into dry dock for repairs before the journey could be resumed. These repairs took almost two weeks to finish.

During the past trip the average weather was excellent, although at times the ship ran into heavy storms through which she passed in safety. The Cassandra arrived in port nearly thirty-six hours late being held up for that period in the ice region owing to an extra dense fog which prevented navigating with any degree of safety. No ice was seen during the passage.

The passengers, which number 253 cabin and 714 steerage, a total of 967 were all landed here in good shape and are an exceptionally fine lot of people. They are all bound for the west, where they will make their future homes. The first day after leaving Glasgow the ship's doctor experienced an extra busy day, two babies arriving within a few hours of each other. One child, a girl, became a cabin passenger, while the other was forced, owing to circumstances over which he—it was a boy—had no control, to live in the steerage. Both the late arrivals are doing well and their mothers are in some doubt, as to which weighed the most.

The Cassandra will sail from here in a few days for Baltimore where she will load for Glasgow. For this reason a number of her crew will be transhipped to the Letitia and sent home to Scotland.

The Donaldson liner Atlanta was reported by wireless cable from Bristol at 8 o'clock last evening, and will dock today about noon. When she arrives, there will be three Donaldson boats in the harbor, a situation without precedent on this side of the Atlantic either at this port or at Montreal. The liners are the Athena, Letitia and the Cassandra.

They Resisted Arrest.

Last evening John Statlock was arrested on Pond street for being drunk and is also charged by Policeman Shortliff with resisting arrest. Patrick Donovan came all the way from Ireland to get in trouble. Last night he went into Smith's restaurant, on Mill street, and after receiving 94 cents worth of food, refused to pay for the same. This entertainment marks the closing of the activities of the Ladies' Aid Society for the season. The affair was well attended and an enjoyable time was had.

Impromptu "Water Sports" Enjoyed by Interested Audience in Vicinity York Point Slip—Refractory Steer the Star.

Aquatic sports, and the first of the season at that, took place last evening in the vicinity of York Point, the interested spectators stood on the surrounding docks and for an hour and a half viewed with amusement the feats of an accomplished steer in the water.

The animal was one of the three which were being led to the slaughter house. The young bullock evidently foresaw the fate which awaited him and preferred to take life in his own hands or hoofs rather than submit to the prospect of slaughter.

In coming down Union street a bold and successful break for liberty was made and the steer rubbed madly down the street towards the waterfront. On arriving at Gibson's wharf he leaped overboard, plunging into the water twenty feet below, and alighting between the wharf and a coal barge moored near the dock.

A crowd gathered on the wharf and watched the movements of the animal. A rescuing party was sent out but it was not until the spectators had been given a programme of water sports which has rarely been equalled that Mr. Steer was safe on dry land. The initial high dive was made about eight o'clock and it was half past nine when he was with difficulty landed.

As soon as it touched the water the animal made straight out from the wharf. A rowboat was brought into play, and Messrs. Chisholm and Shannon, two sturdy rescuers, with a companion set out in pursuit. After some careful piloting they brought the craft alongside the swimmer and a rope was finally slung about the steer's neck.

PERSONAL.

W. E. Mitchell was in Halifax yesterday.
L. G. Berrymore was in Halifax yesterday.
W. B. Callaghan was in Amherst on Monday.

Mrs. T. J. Dunn was in Fredericton yesterday.
P. Yeomans, of St. John, was in Amherst yesterday.

W. E. Foster, of St. John, was in Sydney on Monday.
Frank O'Brien left last evening for his home in Montreal.

George J. McQuarrie is on a business trip to Nova Scotia.
James Connelly, of St. John, was in Gloucester on Monday.

K. F. Bonnell, of St. John, was in Fredericton yesterday.
S. C. Hurley was at the Halifax Hotel, Halifax, yesterday.

W. W. Baker, of St. John, was a visitor to Amherst on Monday.
Miss N. Toner who has been visiting her sister in Fredericton has returned home.

D. F. Pidgeon, Mrs. Pidgeon and Miss Pidgeon, of St. John, were in Halifax yesterday.
Gordon Todd, accountant of the Bank of Nova Scotia at Fredericton, will be transferred to Jamaica, N. W.

W. M. McLean, school inspector, leaves this morning on an inspection trip to the schools in St. Stephen and Millville, N. B.

On Thursday morning F. A. Dyke and Co. will commence to sell what goods were damaged through the fire which took place recently in the store adjoining theirs. Bear in mind that their goods were not damaged to any perceptible extent but were saturated with smoke. All goods that you will find at their store during an sale and which will no doubt smell of smoke, will not show any damage; the smell is there but will pass off after being taken from the store. Some goods were damaged on the second floor with water and slightly soiled by being knocked around. All goods in the store will be reduced, some more than others, but you can depend on getting bargains in whatever you buy. The ready-made department offers the greatest bargains because it was there where the most damage was done.

At auction this morning, 10 o'clock, Market Square.
An Appropriate Window. Attention is called to Ward & Cronin's window display of regalia for St. George's dinner at their store on Charlotte street.
