## any British Farmers to Come ork of the Farm Settlement nada and Holland Increasing.

League of Great Britain for several of the films showing life in the farm districts of this province, and these have proved a great drawing card and an excellent advertisement for the province.

A. Schravendell, of Segers Brothers, Lisse, Holland, is in the city at the Royal Hotel. Mr. Schravendell represents a firm of bulb exporters and told The Telegraph yesterday that the business connection between Holland and Canada was fast assuming considerable dimensions. The emigration of Dutchmen to this country was also on the increase, and as most of these kept their ties with the mother country, and were as rule careful and frugal men and women, their success encouraged others to come to Canada, and the attention of the merchants of Holland was attracted to Canada as a market for many of their manufactures.

With regard to the business of bulb growing, Mr. Schravendell said that there were very large importations of bulbs into this country, and as it was possible to grow them of such fine quality here, the importation would always continue. The most desirable bulbs for export were the bulbs and both climate, and soil, and the years experience enabled them to produce the finest quality of bulbs. Cheapness was also one of the advantages that came into consideration, as a matter of cents) was equivalent to the value of a dollar here.

There are fashions in vogue in bulbs as in everything else, added Mr. Schravendell, and the call at the present time is for those of lavender color.

# HARD TO GET LODGINGS ON THE WEST SIDE

## Most of the Hotels and Boarding Houses Are Full—Busi- ness There is Brisk.

Reports from the West End indicate that hotels and lodging houses are to have the most prosperous season in the history of the winter port.

The principal places are already crowded and most of the private homes taking roomers are filled to that many clerks and dockmen who are coming here during the next two weeks will have difficulty in securing accommodation.

Thirty men were refused by two of the larger hotels on Friday night, and a large influx of strangers is due to the increased winter port traffic and also to the building of the new C. P. R. elevator at Sand Point. Some idea of the amount of work going on at present at Sand Point may be formed when one considers that the contract for the construction of the elevator, although the season is yet in its infancy, has cost \$1,000,000, and the Metcalf Company will total many thousands of dollars.

Owing to the fact that some of the new houses are at a loss to know where to look for lodgings it has been suggested that those who are responsible for the arrangements whereby the information as to lodgings can be secured without the necessity and worry of going from door to door as was the case of an elderly gentleman who sought a place to sleep finally had to implore a householder to take him in for the night.

# MR. HAWKE COMMEMORATED FOR HIS STAND ON TEMPERANCE

Moncton, N. B., Nov. 25.—The temperance meeting of yesterday continues a prominent topic of discussion. A statement of the Standard this morning that the late driver of P. Hawke, editor of the Transcript, had been commemorated by the placing of a tablet in the meeting hall was attentively listened to, but as after six o'clock, Mr. Hawke's remarks were brief. He said he was ready to do anything for the cause of temperance, and he would do it in any court or otherwise, and discuss the question.

One of the features of Mr. Thomas' address was his references to the editor of the Transcript in connection with his services in aid of the temperance cause. The audience applauded vigorously.

# NORTON ITEMS

Norton, N. B., Nov. 25.—Mrs. Annie Campbell, of Moncton, is visiting friends and relatives here.

Mrs. Alice and Susie Byron, of St. John, spent Sunday at their home here.

Frank Tomlin, of Smith's Cove, Kings County, is the guest of Mr. and Mrs. James Atkins.

Mrs. W. C. Hunter, of Sussex, is the guest of Mr. J. W. Campbell.

Howard Gallant, of St. John, was the guest of Mrs. James Byron.

Mrs. Carrie Titus, of St. John, who has been visiting friends and relatives here, returned home.

The many friends of Gilbert W. Titus, of Moncton, will be sorry to learn that he is lying dangerously ill at his home here.

## Maritime Winter Fair.

President R. Montgomery Campbell of the Maritime Stock Breeders' Association, has issued an announcement concerning the Maritime Winter Fair to be held at Amherst, December 2 to December 6, inclusive. Lieutenant Colonel Campbell says there will be a most attractive programme, and the success of the fair will be guaranteed by leading men of the Maritime provinces. The Maritime Winter Fair is an event which increases in interest yearly and this year is no exception.

# CONTRIBUTION NOT RECIPROCAL NOT POPULAR IN SENATE

## No Need of It, Say Several Senators Roache, Power, Domville and Others Speak Plainly

## Strong Feeling That Banking Act Should Be Changed in the Interests of the Farm- ers—Are Making Too Much Money and Allowing Debit- ors Too Little Interest.

Ottawa, Nov. 25.—The naval proposals, banks, crops and the value of the Duke of Connaught's trip through Canada last summer were the outstanding points touched upon in the senate today. The debate on the address was continued, five senators speaking.

The addresses of the several Liberal senators seem to indicate that the proposed naval bill will not receive a very great supporting hand from the Liberal majority. The debate will be continued tomorrow.

Senator Roache, Liberal, Halifax, continuing the debate on the address, said the speech bore evidence of having been cut down from considerable greater dimensions. Too frequently in the past the government had allowed themselves to be surrounded and used by a special group in Canada who claimed to have a monopoly of loyalty.

Referring to the property and trade paragraphs of the speech, Senator Roache said the Conservative government had not done much yet to make exports equal imports and thus produce a balanced trade.

## I. C. R. WAS NEVER SO PROSPEROUS

## A STEADY GROWTH

Shows Maritime Provinces Are Forging Ahead in Manufactures—Moncton is Feeling the Effects of Natural Gas Supply, and its Future Looks Rosy.

Moncton, Nov. 25.—The Intercolonial Railway is at present in the most prosperous condition in its history, declares Mr. David Pottinger, assistant chairman of the managing board, who is at the Windsor.

"The road is now taking care of the greatest amount of traffic it has ever handled," said Mr. Pottinger today. "The amount of freight offered especially is much greater than at any time in the past. This seems to be due to the natural development of the maritime provinces, and not to any temporary boom in traffic."

"The development in the east is very satisfactory. Moncton in particular is expanding very rapidly. The discovery of natural gas in Albert county, a few miles out of the city, has led to a boom in manufactures and several new industries are expected to locate in Moncton shortly."

## Shows Where Canadians Have Lost Millions by Failure of the Agreement to Carry—Scores Minister of Public Works for His Debauchery in Elections, and Drives Him from the House —Rogers' Bluff About MacDonald's Outrage Hooted by Liberals.

Ottawa, Nov. 25.—Parliament's sitting was electric, and at times disorderly this afternoon. F. B. Carvell, the forceful, plain-spoken New Brunswicker, whose deadly sting has already disposed of one of the Goliaths of the Borden administration, in the person of Mr. Morin, the deposed head of the Search-for-Scandal commission, directed his missiles at the Minister of public works.

Hon. Robert Rogers cut a sorry figure and had a hasty retreat from the house, while the Liberals vigorously called for him to "come back and take your medicine."

"Without a doubt, he, the minister of public works, is charged with being the architect of all the electoral tyranny and debauchery that went on," declared Mr. Carvell, amid liberal cheers.

A roar of laughter greeted Mr. Rogers as he rose to leave the house.

"Hold on," said Mr. Carvell, in an effort to stay his exit. "I do not want the minister to leave. I have a few words to say to him."

But Mr. Rogers evinced his conviction that the minister was the better part of valor. He vacillated amid renewed Liberal laughter.

"I wanted to tell the minister," proceeded Mr. Carvell, "that when he was not here he had a series of other affidavits to defend the operations in the MacDonald plot which he would submit to the house some other time, he was putting up one of the biggest bluffs of his career. He had not got them, and he knows he has not."

"Oh, Oh," interrupted Mr. Sharp, of Ontario.

"I am not talking to the member for North Ontario," retorted Mr. Carvell, "I am talking to the empty-headed seat of the minister of public works. It is he, I am concerned with, and I do not want to bandy words with a back-bencher."

## RECORD PRICE FOR WINNIPEG LOT

Winnipeg, Nov. 25.—The property formerly owned and occupied by the Eastern Townships Bank, on the east side of Main street, near the corner of Ferguson avenue and now owned and occupied by the Canadian Bank of Commerce, has been purchased by the Dominion Trust Company. The price was \$300,000 or \$7,000 a foot. This is the highest price ever paid for Winnipeg property. The lot has a frontage of forty feet on Main street.

# SERVIA AND AUSTRIA AT BREAKING POINT

## CONFERENCE OF POWERS LIKELY

## Britain Takes the Initiative in Inviting a Round Table Discussion

London, Nov. 25.—Sir Edward Grey's proposal that the ambassadors of the six great powers, Great Britain, France, Germany, Russia, Austria-Hungary and Italy, should assemble in one of the capitals of the low groups of powers forming the Triple Alliance and the Triple Entente in opposite camps over isolated questions such as the powers of the map arising from the changes of the map arising from the war and there is a disposition to believe that they will be opened on a basis of equality for all nations.

Problems like the Austro-Serbian difficulty will be left for settlement after peace has been concluded. The main object of the proposed conference is to bring the powers into closer contact and to have in existence an authoritative body which will be in a position to eliminate causes of friction whenever they arise.

News as to the negotiations of the Bulgarian and Turkish envoys at the village of Baghatche, near the lines of Toluhaia and the temporary armistice, has reached the outer world as to the actual proposals made by the allied Balkan nations which would enable an estimate to be made of the result. Dr. B. Danoff, the speaker of the Bulgarian parliament, has been chosen to preside over the negotiations.

## Latter Mobilizes Her Army

## Government Wrathful at Capture of Adriatic Port

London, Nov. 25.—The Servians, ignoring the proclamation of Albanian independence, have occupied the port of Durazzo without resistance. This information comes in a direct despatch from that town to night.

"This conflict is now raised in acute form between Austria and Servia, and it remains to be seen whether the Austrian Government will take any direct action or will be content to leave the question for the after the war settlement."

The Servian action, coupled with the eminently warlike feeling prevailing at Vienna, is likely to keep Europe in a continued state of anxiety. On the other hand, the fact that the negotiations are progressing at Baghatche and that there is no sign of the resumption of operations on the Toluhaia lines, while the great powers are exchanging proposals for the assembling of a European conference, all make for a peaceful settlement.

Should the proposed conference materialize, for apparently Austria has not consented to participate, it would be considered as preparatory to a later full conference, which would include the Balkan States and Turkey for a final settlement of all questions. Nothing has been decided as to where the conference will be held or precisely what questions will be discussed.

The project appears to have arisen out of a general sense of irritation at the inevitable delays necessitated by the constant telegraphic interchanges of views.

Great secrecy is preserved regarding the conference at Baghatche, and it is not known whether the plenipotentiaries are discussing the terms of an armistice or base for the conclusion of peace. It is reported from Rome that a provisional Albanian government has been constituted at Valona (Avlona) by eighty Albanian delegates.

## MANY MOURN FOR LATE COLONEL D. McLEOD VINCE

## Funeral at Woodstock Largely Attended—Barristers Pay a Glowing Tribute to His Worth.

Woodstock, Nov. 25.—(Special)—The funeral of Colonel D. McLeod Vince was held today from the Baptist church and was largely attended. Rev. A. C. Berris, Rev. Dr. McLeod, of St. John, Rev. Mr. Kennedy, of Houlton, and Rev. R. W. Weddell of the Methodist church here took part in the impressive funeral service.

The following tribute was paid to the deceased by the barristers society:

"The barristers of this town of Woodstock herewith assembled this twenty-fourth day of November, D. 1912, with a grief which their unfeigned sorrow at the death of D. McLeod Vince, Esq., K. C., D. C. L., which occurred on the evening of Monday, 24th. During the many years in which Mr. Vince practiced law in Woodstock his relations with other members of the bar were pleasant, largely due to his own unflinching courtesy and kindness of heart. His deep knowledge of the law in its various branches, the result of a profound analytical study, which was continually followed combined with his natural ability and his habits of punctuality and conscientiousness led to the acquisition of a large and constantly increasing practice. He was moved by a deep sense of the care and responsibility which attaches to the work of a practicing lawyer, and we can all readily testify to the energy and zeal he displayed in looking after the interests of his clients. Particularly would we emphasize the ever fair treatment he was so ready to accord to those for the time being, who advocated the other side in contentious matters. In his passing from the scene we feel that the bar of this place has lost one who guided by feelings the most honorable and good on the profession, representing that which is most to be commended in those who follow the arduous practice of the law. The memory of him as one of our brothers, will long be green amongst us and we feel sure that the example he set both in his dealings with his clients and with his fellow barristers will be remembered and emulated for a long time to come."

## ACID POURED INTO LONDON LETTER BOXES

## Many Letters Destroyed in the Business Section—Suffra- gettes Blamed for the Out- rage.

London, Nov. 25.—Another series of letter box outrages, supposed to be the work of militant suffragettes, was committed in the centre of London this evening. Acid was poured into letter boxes throughout the district, including Threadneedle street, the stock exchange and the Mansion House, the official residence of the Lord Mayor of London. Many letters were destroyed and much inconvenience was caused.

Many letter boxes were similarly treated in the West End streets indicating that the outrages were planned to cover a large area and that many persons were implicated in them.

In the city of Nottingham a corrosive fluid was poured into many letter boxes tonight. This also is believed to be the work of suffragettes.

## ROGERS' GUNMEN

## Report That Warships of Both Countries Have Been Or- dered to Muscat.

Moncton, Nov. 25.—A special to the Montreal Star from London says:

"According to the Daily Mail, the dispute between France and Great Britain over gun-running at Muscat or Oman has reached a troublesome stage. This dispute has embarrassed Franco-British harmony for a decade, and a settlement is reported to be blocked because no French minister seems to be strong enough to overcome the interested opposition of a handful of deputies.

"France has taken a significant step in sending a large cruiser to Muscat, which is now on the way. Great Britain has responded by ordering a ship of similar power from the China squadron. Great Britain has arranged with the Sultan of Oman to stop the gun-running, whereby the border tribes of the north western part of India get arms. France is pressing the Sultan to cancel the agreement because certain French subjects at Muscat play a lucrative trade in gun-running."

## BRITAIN NOT A PARTY TO RUSSIA'S CHINESE GRAB

## Living in a Fool's Paradise

London, Nov. 25.—Great Britain was in no way party to the Russo-Mongolian agreement by which Russia recognized the independence of Northern Mongolia, according to a statement made by Sir Edward Grey, British foreign minister, in the house of commons today.

The statement was called forth by an intimation in the form of a question put by Laurence Guinness, an Irish Nationalist, that the mission of J. J. Korostovets, former Russian minister at Peking, to Urumchi, Mongolia, and the treaty with the Khan of Mongolia, were the first fruits of the recent visit to London of Sergius Sazonoff, Russian foreign minister.

Blizzard Strikes Halifax.

Halifax, N. S., Nov. 25.—(Special)—Halifax had a heavy snow and wind storm tonight which demoralized street car traffic and made communication by telegraph and telephone difficult. The wind was thirty-three miles an hour from the north-east.

## ST. ANDREW'S DAY BANQUET AT ST. STEPHEN LAST NIGHT

St. Stephen, N. B., Nov. 25.—(Special)—The members of the St. Andrew's Society celebrated St. Andrew's day with a banquet at the Windsor hotel this evening. About seventy members with their friends were present. The affair was a most enjoyable one. The usual toasts were proposed and the responses to them were of an unusually high order. Mr. Ross, of St. John, furnished the music of the pipes and Mr. McNeill rendered popular Scottish songs of the day. Rev. A. Gordon Dickie, in a brilliant address, spoke for The Day, and All Who Honor It.

## ALBERT COUNTY WOMAN'S TRIAL ADJOURNED TO PROCURE HER COUNSEL

Hopewell Hill, N. B., Nov. 25.—(Special)—The trial of Frances Wilson, who is charged with concealing the birth of her child, which was born in the attic of her home, opened before Judge Jones at Hopewell Cape today, and was adjourned until 10 o'clock tomorrow morning to allow the accused to procure counsel. The father of the prisoner was present with her today and the request for adjournment was assented to by M. B. Dixon, K. C., who is conducting the prosecution. The accused was not called upon to plead today, but it is expected she will enter a plea of guilty.

## UPPER CANADIAN BANK CLEARINGS

Montreal, Nov. 25.—Clearings in Montreal for the week ended Nov. 23 are \$8,241,074 less than the week ending Nov. 21. This week's total was \$51,121,071; last week \$50,392,145.

Winnipeg, Nov. 25.—Bank clearings for the week ended today are \$42,096,170, as compared with \$34,756,787 for the corresponding week of last year.

Quebec, Nov. 25.—Bank clearings for the week ended Nov. 23, 1912, \$3,800,373; corresponding week last year, \$3,769,067.

Toronto, Nov. 25.—The clearings of banks in Toronto for the week with comparisons were as follows: Week ended Nov. 23, \$40,284,081; last week, \$46,373,520; corresponding week 1911, \$37,838,218; corresponding week 1910, \$34,048,621.

## MISSING CALAIS SCHOONER SAFE

Calais, Me., Nov. 25.—The schooner J. Kennedy, which has been reported abandoned at sea, brought a real Thanksgiving to this port today when she arrived with all hands safe.

FROM ALONG THE MARITIME PROVINCES

FREDERICTON

Fredrickton, N. B., Nov. 25—Chief of Police McCallum has put a stop to Sunday liquor selling and for the first time in months the lid was on yesterday. This was the result of a warning issued by the chief some days ago.

In the Methodist church last evening, Rev. Neil MacLennan preached a strong sermon on the evils of dancing.

Miss Newell, a normal school student, is ill at the Victoria Hospital.

Joseph Alexander, of the U. N. B., is much worse today, and only slight hope is held for his recovery.

The net receipts of the fair held by St. Dunstan's Catholic church congregation at St. Dunstan's hall last week amounted to \$122. The amount is the largest on record for the church fair, and goes towards the reduction of the debt on the new St. Dunstan's school building on Regent street.

Four inches of snow fell last night.

Fredrickton, N. B., Nov. 26—The annual session of the senate of the University of New Brunswick was concluded here this afternoon, when a conference was held in the Arts building with the various professors.

Six hundred dollars was voted for the greater part of the amount to be expended in the departments of civil, electrical and mechanical engineering.

The senate also discussed the matter of leases of university lands. The opinion was expressed that sufficient revenue was not being obtained from the properties of the college, which are under lease. A committee composed of Judge Barry and Dr. W. C. Crockett of Fredericton, was appointed to consider the matter.

Dr. W. S. Carter presided, and those present were Judge McLeod, Dr. Murray MacLaren, Dr. H. B. Bridges, Dr. Thomas Walker, Dr. W. W. White, and W. H. Harrison, St. John; W. A. Park, Newcastle; and Dr. W. C. Crockett, Dr. G. C. Jones, the chancellor, and Havelock Cox, the registrar.

The financial reports showed gross expenditure of about \$220,000 and a surplus of about \$15,000, which will be more than taken up by increases in salaries of professors which are to go into effect. The senate granted \$200 additional towards the new grandstand at the college field and \$75 towards a tennis court for the young women students.

A law course had been inaugurated at the university and there were ten students taking the law lectures. A report was also submitted showing the progress made towards having an agricultural college in connection with the university. A standing committee on finance was appointed composed of Dr. Murray MacLaren, Judge Barry and Dr. W. C. Crockett.

A letter was read from Dr. A. J. Crockett, St. John, in which he expressed a wish to donate for five years at least the sum of \$100 annually to be competed for by members of the freshman class in Latin and Greek. Chancellor Jones was instructed to write Dr. Crockett and thank him for his generosity.

The senate decided that the scholarship would be known as the William Crockett scholarship in honor of the doctor's father, formerly chief superintendent of education and for many years connected with the work of the university.

falling off in the number of non-resident students, particularly those from the United States. The returns will not be in for some weeks.

From all sections comes the story that cow moose are very plentiful but that bull moose are decreasing in numbers. This is generally recognized as an undesirable state of affairs but the remedy is not easily found. An open season for cow moose as far as residents are concerned is suggested and it would not be surprising to see it put into effect.

Joseph F. Alexander, of the junior class, died in the Victoria Hospital this morning after a few days' illness from typhoid fever. He was a son of John L. Alexander, of Fredericton. The deceased was aged twenty-three. He was a bright student, popular with his associates, and his death has occasioned great regret. The body was taken to Fredericton Junction this evening and interment will be made there. A special funeral service was held in the Brunswick street Baptist church this afternoon. Chancellor Jones and other members of the university faculty and fellow students of the deceased attended. A short address was made by Rev. Dr. J. H. MacDonald, pastor of the church, and Chancellor Jones made a few remarks appropriate to the occasion in which he expressed appreciation of the worth of Mr. Alexander as a student. The body was followed to the C. P. R. train by students of the university.

Robert Warner, of John Warner & Sons, London, is here arranging for the installation of the chimneys in the tower of Christ church cathedral.

John P. Hudson, a former well-known citizen of Fredericton, is dead in Brooklyn. He had made his home in Brooklyn for many years, being employed as a clerk in the supreme court. He usually spent his summers in St. Andrews. He was sixty years of age. His wife and two daughters survive.

Shelby Blair Aitken, London, and E. A. Smith, John G. White, L. V. Linley and D. King Hazen, of St. John, are applying for incorporation as Maritime Properties, Limited, with a capitalization of \$200,000, to engage in a general real estate business.

Captain Charles C. Taylor, and Mrs. Taylor, Sheffield; W. I. Barton, L. T. Taylor, and J. P. Johnson, of St. John, are applying for incorporation as the Maritime Steamship Company, Limited, with a capitalization of \$2,000,000, to acquire the steamboat Ocean and carry on a general steamship business.

R. B. Hainington, Frank Wade, S. George Robinson, of St. John, and others, are applying for incorporation as the Granite Pavement and Construction Company, Limited, with a capitalization of \$40,000.

W. D. Rankin, George E. Balmain, George McPhail and Joseph A. McLean, of Woodstock, and D. L. C. MacIntosh, of Harland, are applying for incorporation as The Gulkana Silver Fox Farm Company with a capitalization of \$40,000.

MONCTON

Moncton, Nov. 25—At a meeting of the city council tonight it was decided to widen Church street extension where the street car line is expected to run. The sidewalk reported that the Petitioner's bridge was in a dangerous looking condition and it was decided to have the city engineer and Structural Superintendent Forbes visit and report on it. The natural gas pipes cross the river on the bridge and if the bridge should fall it would be a serious matter for the citizens of Moncton, in view of the large number now depending on gas for fuel.

It is probable that the I. C. R. will soon be using natural gas in the shops as well as for the cars. Experiments with natural gas have been made to take the place of kerosene, or used with it, the result being satisfactory. An agreement has not yet definitely been entered into but documents in the matter have been forwarded to the minister for his approval.

C. W. Price has been appointed chief of the dispatcher of the I. C. R. at Moncton in place of H. B. Fleming, recently appointed assistant district superintendent.

Moncton, N. B., Nov. 25—Thomas Best of Lewisville while coming to work in the morning this morning was struck by an I. C. R. train and nearly killed. He was walking on the track. Apparently he noticed the express coming into Moncton and stepped out of his way but did not see the freight train eastbound going out of Moncton. He stepped right in front of the freight and the cowcatcher caught him, throwing him into a ditch. Both trains were stopped and the injured man was picked up unconscious and taken to the home of his brother James Best here.

The management of the Moncton Victoria Hockey Club was considerably surprised at this morning to receive a telegram from a member of last year's Victoria team stating that he would play in Moncton this season for \$1,200. Word is received here that Tommy Smith, Ross Murphy, Billy Hague, upper Canadian players who were members of the Victoria hockey team last year had signed with the Socials of Halifax for this season.

As a result of the change of the I. C. R. system of accounting several transfers of I. C. R. employees from Moncton are being made including the following: Charles Brown to New Glasgow; Fred Sears, J. A. McDonald, Joseph McInure and Loyal Belyea, to Truro; F. J. King, Graham Swetnam and A. B. Thibodeau, to Campbellton; J. J. Belanger, William Walsh and James Stewart, to Lewisville.

HARCOURT

Harcourt, Nov. 25—Rev. R. N. Staveit is spending a couple of weeks visiting New York and other American cities. In his absence his church services are being taken by F. W. Holmes, a theological student of Mt. Allison.

The many friends of Mrs. D. J. Buckley, of Newcastle, will regret to learn of her serious illness. Mrs. W. F. Buckley went to Newcastle on Sunday to accompany her sister to Montreal, where she will enter a private hospital for special treatment.

Mrs. Leonard Barrett went to Campbellton this week to spend a few days with Mr. and Mrs. A. H. Ingram.

Mrs. Andrew McIntosh returned on Monday from Campbellton. She was accompanied by her little grand-daughter, Ethel Miller, who will spend some time here.

Mrs. Thomas Lambie and little son Roy, returned on Thursday from a week's visit with friends in Amherst.

Mrs. W. W. Cummins, Miss Crockett and Miss Louise Cummins spent Saturday with Moncton friends.

Edward Walton, of Albert, Albert county, is spending the week in the village.

The death of Mrs. William Lett occurred very suddenly on Friday morning

last, at her home in Mortimore. The deceased who was about her work as usual and in her usual good health, while in the act of putting wood in the stove, was seized with a pain over her heart. She was assisted to a lounge by her daughter, who was the only person with her at the time, and expired in a few moments. Besides her husband, she is survived by four sons and two daughters. The funeral was held on Sunday forenoon from St. Matthew's Episcopal church, where services were conducted by Rev. W. H. Ivers.

Miss Maggie Wellwood was a guest during the week of friends in Newcastle.

HOPEWELL HILL

Hopewell Hill, Nov. 24—Mount Pleasant Lodge, I. O. G. T., has elected the following officers for the current year: F. J. Smith, C. T. Oyle, Newcastle, V. T. Hugh White, secretary; Mrs. A. H. Peck, N. S. Arthur, Milton, F. S. Everett, Newcastle, treasurer; Mrs. J. D. Gray, ship-lain; Mabel Steves, M. E. Taylor, Newcastle, D. M. Frank Steves, G. Douglas Keiver, S. Ora Milton, P. C. T.

The funeral of Mr. B. Dixon, H. C. G., was held at Hopewell Hill on Saturday. The deceased was a well-known citizen of the place and was a member of the C. P. R. train by students of the university.

Robert Warner, of John Warner & Sons, London, is here arranging for the installation of the chimneys in the tower of Christ church cathedral.

John P. Hudson, a former well-known citizen of Fredericton, is dead in Brooklyn. He had made his home in Brooklyn for many years, being employed as a clerk in the supreme court. He usually spent his summers in St. Andrews. He was sixty years of age. His wife and two daughters survive.

Miss Amy C. Peck returned today from St. John, where she spent the past four days on her home while riding about the village on Saturday, is doing nicely, her injuries not proving serious. Owing to the suddenness of her fall, she was thrown from her horse while riding about the village on Saturday, is doing nicely, her injuries not proving serious. Owing to the suddenness of her fall, she was thrown from her horse while riding about the village on Saturday, is doing nicely, her injuries not proving serious.

Two junior basketball teams, taking in both sexes, are being organized at the Hill, and their first meet was on Saturday night. The exercises were evidently not so deadly as the rumors that emanated from the town hall would indicate, as no accidents have been reported.

GREENWICH HILL

Greenwich Hill, Nov. 25—Mr. Appleby, the bridge contractor, expects to complete the new bridge at Haviland's Corner in a few days, which will be a great boon to the traveling public.

Chas. A. E. Pitt was a passenger on the Champlain Friday for St. John, where he will spend the winter with his sister, Mrs. Alfred Pitt.

Miss Milla Pitt returned to Portland (Me.), last week.

Mrs. and Miss Wallace have moved to the new house at the winter months.

Solomon Bennett is in very poor health at present.

Rev. Mr. Buckland held service in the hall Sunday evening.

Miss E. Stewart spent the week-end with her friend, Miss Wetmore, at Jones Creek.

The Baptist Sunday school closed for the season on Monday night, with an entertainment and treat. A reward was offered by the Sunday school for the best conducted, and Miles Pitt carried off the prize.

Mr. J. J. Gilchrist has taken a six weeks' vacation.

Dr. W. M. Jenkins, of Hampstead, was summoned in aid of Mrs. Wm. Day on Sunday. She has been seriously ill for the past week, but hopes are now entertained for her speedy recovery. Her son Alex. Day, of St. John, arrived here on Sunday.

LOWER WOODSTOCK

Lower Woodstock, Nov. 2—Many of the Bulgarians have left work on the Valley Railroad here and have gone home to fight the Turks. There is still a good supply of Italians on hand, however.

This community was saddened recently by the sudden death of Mrs. Coleman Winchester, who has been in failing health for some months, and was on a visit to her mother-in-law, Mrs. Thomas Winchester, of Woodstock, and was just getting ready to come home, when she was seized with her fatal illness. Mrs. Winchester leaves, besides her husband, two small children and an aged father and mother.

ST. JOHN, N. B., NOVEMBER 30, 1912

THE FUTURE ST. JOHN If it should cost the St. John of the future as much money to correct its lack of foresight as it is costing Toronto, the price would be staggering.

At the last session of the Legislature the city secured the passage of town planning legislation, under which, by applying to the government, the city can exercise a healthy degree of control over the nature of its expansion into the surrounding parishes.

It is not anticipated that giving effect to this legislation will result in any unsettling or arbitrary readjustment of streets and properties, and it is well to keep in mind that property owners on the outskirts of the city, as well as St. John taxpayers, will profit in the end by having the city's growth directed along modern lines.

MEDICAL INSPECTION IN THE SCHOOLS From time to time the doctors of the city have been urging the appointment of a health inspector for the schools.

In Belgium, medical inspection is regular and thorough in most schools. For example, in Brussels every child in the public elementary schools is regularly examined once in every ten days.

defects which a medical examination would reveal and medical science remove. They are being punished for truancy for which they are not morally responsible, and their weakness in after life is seriously impaired.

De Quincey tells how a brutal beating inflicted on his brother in school drove him forth a wanderer on the face of the earth; add how he himself, through lack of a dose of salomai at a critical moment, was estranged from his family and so weakened in will power that he became the most renowned of all the victims of opium.

Experience has amply demonstrated that when a child is intractable or deficient it is usually suffering from a removable physical defect. The cure of that defect would almost immediately work a wonderful change both in deportment and ability.

THE VALUE OF LIFE An ancient writer asked the question, "How much is a man better than a sheep?" and he asked it in such a way as to suggest that the matter was not open for discussion.

He gives an instance in which it was better to be a fat hog than a woman or a child with consumption. This special case happened in one of the states of the Middle West. A woman with a child was stricken with tuberculosis.

Dr. Willey adds that he will run for president when the people of the country learn to put the welfare of the individual before their greed for the almighty dollar. On these conditions Dr. Willey will have much time to furnish his armor and perfect his arguments before he is offered the nomination for high office in any of our modern states.

Our society has not yet succeeded in establishing a social life where hunger and cold, intemperance and poverty, slavery and crime, premature old age and unnecessary mortality, have been banished. It is full of confusion which often leaves the individual conscious only of his apathy, engaged in a struggle, which, so far as he sees, has no more relation to justice and the common good than a dog fight.

THE TRUE SPIRIT The S. P. U. G. is a new society that has been formed in New York. It has more justification for its existence than many that have grown old in usefulness.

IMMIGRATION AND LABOR It is frequently contended, and the belief seems to be widespread in labor circles, that the arrival of a large number of immigrants tends to displace native labor, and that as the people from other countries pour into a new land in increasing numbers, the tendency is to lower the standard of living in the country of their adoption.

THE WELFARE OF CHILDREN The city schools are taking an ever increasing amount of the city's revenue. No objection would be made to this if all the pupils in the city could take full advantage of the opportunities which they offer.

A WORD FROM HETTY GREEN

If Mrs. Hetty Green were merely rich it would be useless, no doubt, to throw her opinions concerning some of the problems of the day in the faces of those women who have developed militant and emancipatory tendencies.

Work, optimism, balance, cheerfulness, independence—these words are frequently in Mrs. Green's mouth (in addition to the onion) and she bids other members of her sex keep them in mind as representing attributes to be cultivated earnestly.

A Case That is Causing Bitter Comment All Over Canada Today.

We have on several occasions referred to the wholly unjustifiable dismissal of Samuel Bent from the office of collector of customs at Oxford (N. S.) in his letter to the Morning Chronicle of the 16th of last October Mr. Bent says:

"I am one of those to whom fortune has been most unkind. I am sixty-three years of age, and am not blessed with an abundant supply of this world's goodly things. I was forced to have my leg amputated above the knee, and ten years ago a similar operation was performed on my right arm at the shoulder-joint (the bone being removed from the socket). So you see that my condition as far as the performance of manual labor is concerned is a sorry one."

"My successor is a young man, perfect in physical appearance and apparently capable of the best of health. While I live in a few small rooms over my store, and have been forced to draw in a large measure upon my own salary to support my wife and family, my successor owns one of the finest residences in the town, is a photographer and an artist, and has an excellent business."

"No wonder the London Advertiser calls it a 'brutal application of the spoils system,' and the Saskatchewan Phoenix in commenting on Mr. Bent's letter remarks: 'Is there not something malignantly cruel in thus depriving an old man of a means of livelihood and throwing him upon the world with a family who make it almost impossible for him to earn a living.'"

Further on the same paper adds: "Mr. Bent has not even been given a chance to defend himself. No particulars of his offence have been given nor are they likely to be given. The beginning and the end of his case is that his job was required for a party worker. A government office has neither heart nor conscience and it must also be admitted that the minister at the head of the customs department has all along shown himself absolutely indifferent to the rights of employes he writes out of the way."

The Hamilton Times prints Mr. Bent's letter and comments on it as follows: "In spite of Mr. Borden's pledges to reform the civil service, to do away with the gullotine, this cruel dismissal of this innocent and mutilated man has taken place. We pity the man, we pity the party that would stoop to such an act, and we sincerely pity the man who takes this unfortunate's place. He must have been hard pressed to take this poor fellow's bread out of his mouth."

THE MATTERS SET- TLED Commissioner Armstrong of the complaint that of Ernest Howes who said that in a report for a violation of the law against E. S. Sel, instructing him to later he gave Mr. Rhodes which his complaint received a copy of the police clerk to did not pay the \$100 amount would be sent to the magistrate for the money to his count he was preparing to the magistrate and that he could go on with the matter.

# INVESTIGATION BEGUN INTO CHARGES AGAINST POLICE MAGISTRATE

## Hon. R. J. Ritchie Conducts His Own Case and Proceedings Are Lively

### Inquiry Into Howes and Lenihan Statements—Evidence All in Except That of One Witness—Conspiracy, Says His Honor—Frequent Clashes Tuesday Morning—To Be Continued Friday.

Wednesday, Nov. 27. Great interest was taken in the investigation into the charges against Mr. R. J. Ritchie, police magistrate, which was begun yesterday morning in the probate court room in the Piquette building, before Colonel J. R. Armstrong, K. C., who was appointed by the local government to conduct the inquiry. The magistrate conducted his own case, and J. A. Barry appeared for the complainants.

Several times there were hot passages between the magistrate and the complainants and the counsel for the complainants.

The charge had to do with two sums of money which it was alleged were paid into court and had not been accounted for. The magistrate's explanation was that in both cases the money had been held by the counsel for the complainants and he vigorously denied anything irregular in his connection with the matter.

The court convened at 11 o'clock. Those present were the magistrate, the complainants, the counsel for the complainants and the commission.

The matters set out. Commissioner Armstrong read the petition of the complainants. The first was that of Ernest Howes, of Sussex, butcher, who said that in August, 1911, while he was proprietor of the Park Hotel, he was reported for a violation of the liquor law, that he engaged E. S. Ritchie as his counsel, instructing him to plead guilty; that later he gave Mr. Ritchie \$100 to pay the fine which his counsel informed him had been struck against him; that a fortnight later he received a telephone message from the police clerk to the effect that if he did not pay the \$100 at once a commitment would be issued against him; that he informed him that he had given the money to his counsel, that later when he was preparing to leave the city, he saw the magistrate and the latter told him that he could go away and need not worry about the matter.

The petition of Peter David Lenihan recited that, having been arrested in March, 1911, on a charge involving a fine of \$200, he engaged E. S. Ritchie as his counsel and on a charge of the latter he was allowed to go to secure the money as a further deposit for his appearance; that he secured the money and paid it to the magistrate at the latter's house; that on May 20 or 22 this case was dismissed; that later, on two occasions, he was taken to the police station, but did not get out, and that the last time he held the magistrate that he would not ask again. He prayed for the restitution of the money.

The commissioner then asked the police magistrate what he had to say, and the latter replied: "I have always said. No I say what I mean. Not a doubt of it. It is all correct. I just want to ask one question. I want to find out who is at the bottom of this."

The commissioner: "We may deal with that later. In the meantime, are you guilty or not guilty?"

The magistrate: "What?"

The commissioner: "That is more like it. Yes, they are correct, and all I want to know is who is the instigator of this conspiracy?"

The commissioner: "Then you do receive \$100?"

The magistrate: "I did, and I paid it back to the prisoner's counsel, just as if I would have paid it to your son or any other reputable barrister. It is just because it is my son that they are trying to throw mud at me. Not one cent ever went into my pocket. You will see who will come out of this matter."

The commissioner: "Who appears for the complainants?"

J. A. Barry: "I do."

The commissioner asked the magistrate if he appeared for himself, and the latter replied: "Yes, thank God, I can appear for myself and I can talk for myself."

Ernest Howes testified. Ernest Howes, sworn, said he is at present resident in Sussex. At the time the petition was signed he was doing business as a butcher in Sussex, and in August, 1911, was proprietor of the Park Hotel, St. John.

#### BALKED AT MURDER

##### Engineer Comes from Panama to Tell of Union Man's Admission—Other Important Testimony.

Indianapolis, Nov. 24.—How Herbert S. Hocking, secretary-treasurer of the iron workers organization, betrayed his associates in crime to the manager of the American Construction Company at Fallburg and how he afterwards got in touch with the Burns Detective Agency and planned for the arrest of the McNamara brothers and Orrie E. McManigal, was told on the witness stand in the dynamiting case yesterday with marked effect upon court and jury. The witness was F. A. Jewell, of Colon, Panama, but for ten years manager of erection for the bridge company. He said he left the United States for Panama early in the winter of 1910-11, and this was the first time that he had told the story with the use of Hocking's name.

Mr. Jewell's story of his conversation with Hocking held the close attention of every one in the court room. He said, "I called up the general manager of the Panama Canal Company in Panama, and he came to my office in Pittsburgh and said that he had some information that I ought to have. The work of the McClintock and Marshall company, by whom I was employed, had been dynamited seven times in different parts of the country, and I thought this was the subject of my visit for discussion. He said that a campaign of bloodshed was to be inaugurated and he did not propose to stand for it. He wanted it stopped, and he believed that it could be done. In further conversation he gave me his name as Herbert S. Hocking and said that the campaign that was being mapped out by headquarters for the whole country. He then told me of plans to destroy several bridges, and said he would show me where the explosive was located."

"I called on the general manager of the Pittsburgh and Lake Erie Railroad, but he was out of the city, and Hocking and I arranged to go to Rochester the next day, where he said the dynamite was stored, and with which it was proposed to blow up the bridges and other property. We went on the same train, but not together, as we did not wish to be seen in each other's company."

"At Rochester he preceded me by about 100 yards, and he went to an old cooper shop, where he pointed out three places where the nitroglycerine was. I saw several cans, and he told me there were fifty-two quarts in all. I left Hocking and went to see the manager of the railroad and told him of the cache where the explosive was hidden and gave him a diagram of the place. We arranged before parting for Hocking to accompany me to the place, and he said he would sign his name 'Stones' and I would know the letters were from him."

"Soon after this I was called by the hotel manager at Fallburg, and he said he would sign his name 'Stones' and I would know the letters were from him. He then said he was the man who was with me at Rochester. I recognized his voice, and he told me that something was coming off that night at Fallburg, and I had better get busy. I called up the superintendent and the work going on there and told him to double his guards, but the explosion occurred that night and the bridge material was greatly damaged."

The witness said he went to Detroit to see Hocking just after the Los Angeles Times explosion and in the conversation at the hotel he begged him to make a clean breast of the whole matter, telling him that it was only a question of time when the "whole bunch" would be hanged. Hocking then told the witness that James B. McNamara had caused the Los Angeles Times explosion and that Orrie E. McManigal was operating with him. He wrote out a description of both of the men and gave it to the witness. He said he would not go on the stand to testify, and when asked what he would do if forced to do so he replied that he would lie. He said Hocking told him in connection with the Times story that he had overheard part of a conversation between J. J. McNamara and James Lynch, president of the International Typographical Union, and that the two men walked away together. When the witness got back to Pittsburgh he called up Chief Wilkie at Washington and was informed that Burns was in charge of the dynamiting case investigation. Hocking, at the witness' suggestion, saw Raymond Burns, and gave him descriptions of the McNamara and McManigal and the story of depositions as he had given it to the witness.

A letter from Hocking to the witness informed him that there was a plot to blow up the hotel in Kansas City, where the McClintock & Marshall superintendent was staying.

Mr. Barry said that he had one more witness to call in rebuttal and the court adjourned until Friday morning at eleven o'clock.

# GET READY, HE SAYS, AND THE PEOPLE WILL COME

Wednesday, Nov. 27. "The only way in which immigrants will be attracted to New Brunswick," said Thomas Howell, general immigration agent of the Canadian Northern Railway to the Telegraph yesterday, "is by making provision for them and offering facilities such as will attract them. The maritime provinces in general and New Brunswick in particular have advantages that no other province in Canada can offer, and which appeal especially to the old country man."

The province of New Brunswick and more particularly the St. John river valley is adapted to mixed farming and to dairy farming, and these are both in the line of work that appeals to old country farmers. Here the Britisher will find life not so very different from his former home life, and the conditions easier than in the west. The contrast between the present prairie and the English village is infinitely greater than between the latter and New Brunswick. Should the immigrants come to New Brunswick at the present time," Mr. Howell added, "the province could not absorb them. When you are all in readiness there will be no difficulty in getting the people."

Oranemen Remember Their Chaplain. The Range, N. B., Nov. 25.—The Rev. H. W. McOutcheon, the Baptist minister of this place, and also the chaplain of the O. L. N. 113, was the recipient of a very nice letter from the members of the O. L. N. 113 in the shape of a nice sleigh robe. A number of the members of the O. L. N. 113 assembled at the parsonage, where Alonzo Barton, in behalf of the lodge, made the presentation, in a neat speech. Rev. Mr. McOutcheon feelingly replied. O. L. N. 113 is in a flourishing condition.

the counsel he would have felt morally bound to pay it himself, after letting Howes go. He did not report the case to the judge, because he could not do so until the money was paid in. He had not secured a receipt from E. S. Ritchie because it was not his custom. He explained that the other payments to counsel had mentioned were made by the court, not necessarily himself.

The magistrate, severely, "You will find that there was a conference of five men in your office, including the head conspirator, the Becker who employs the gun men."

"This is the man who always refers to me as an old B—and who has said that he wished to God I would drop dead on the street."

The commissioner entered a vigorous protest against the witness making insinuations that he was engaged in any conspiracy.

Mr. Barry: "Your honor, I was never in your office at such a conference."

The magistrate: "They are conspirators, and you should know it. I am informed that there was a conference of five men in your office, including the head conspirator, the Becker who employs the gun men."

SAYS WE HAVE FAILED TO RECOGNIZE OBLIGATIONS TO THE IMMIGRANT

Rev. J. Hunter Boyd, Secretary of the Overseas Welcome at Glasgow, Thinks Canada has Followed Too Closely the Movements in the United States—State Machinery Should Be Used to Greater Advantage.

Wednesday, Nov. 27.—The Rev. J. Hunter Boyd, secretary of the Overseas Welcome at Glasgow, who has been for two years, arrived in St. John yesterday and was very warmly welcomed by old friends.

Mr. Boyd pointed out that he was not, as some supposed, employed by the Canadian government. For several years European governments had sent invitations to Canada to send a delegate to annual conferences on the white slave traffic, but until this year none had been sent.
