Reuben E. Truax, M. P., millowner and manufacturer, of Walkerton, Ont., writes of the great South American Nervine: 'I had been for over ten years very much troubled with acute indigestion, tried many remedies and treatments and got little or no benefit. Your remedy was recommended to me. I obtained great relief from a few doses, and when I had taken only two bottles I felt entirely free from my ailment. I strongly recommend it and believe it will cure any who may be suffering as I did.

In conversation with a newspaper reporter heart many than the property of the patronage versation with a newspaper reporter he enumerated some of his ailments and how he was cured. About two years

how he was cured. About two years ago he said, 'my whole digestive apparatus seemed to become disordered. Some days I could move around, then again I would be obliged to go to bed. I tried several things but with indifferent success. Occasionally I felt relieved, but in a day or two the old symptoms would return with a more depressing effect. This kind of thing went on until I became troubled with my kidneys, which was a very annoying addition to my sufferings. I was reatless, with a sensation of sickness at the Bomach, with intermittent pain in the lees, with a sensation of sickness at the stomach, with intermittent pain in the small of my back. I was miserable enough when I consulted the doctor who probably did me some good, because I falt relieved. The doctor's medicine was taken and his directions obeyed, but I did not improve. I had heard of the fame of Dr. Williams' Pink Pills. My wife believed in them and urged me to try them. I am glad I did so for after taking one box I felt better, and I continued taking the pills until I was completely cured. This summer I had an attack of the same complaints and I found Dr. Williams' Pink Pills as effective as before. I had this advantage, my knowledge and belief in the pills saved me from costly and tedious experimenting such as I had undergone previously. I may further add that both myself and Mrs. Macpherson have derived much benefit from the use of Dr. Williams' Pink Pills, and I can cordially recommend them to those who are suffering similarly.'

NEWS NOTES.

that Mr. Pitblado, of Charlottetown, lately of the Bank of Nova Scotia in this as usual, at this season of the year, I ar city, recently went into a speculation out of which he has made thousands of dollars. The story goes that a large with all the "up to date" Rifles, Single and steamer became a wreck off the shore of became a wreck off the shore of Newfoundland; that the owners gave her up for lost and was very badly damaged; that Mr. Pitblado and a friend engaged the services of an expert, who reported that there was one chance in ten of making a successful investment, and that their offer of \$1,000 for vessel and cargo was accepted. The rumor then says that since that time the cargo has been successfully secured, the vessel found to be not as badly damaged as expected, and that the whole realized about \$70.000. The rumor reads very much like a dream.— Fredericton Gleaner.
