COULDN'T PLAY SUNDAY BASE- BALL IN BOSTON

Police Awed Teams Ready
for the Game, But Mana-
ger was Arrested.

Boston, Sept. 18.—Boston's puritanical laws met the Sunday base ball question fairly today and won out, and the first organized attempt to play a scheduled game on the Lord's day failed. Eugene O'Connor, jr., manager of the All Church League team of Jamaica Plain, was arrested, and the case will be threshed out in court tomorrow.

A game between the All Church League and a team from Fort Banks at Revere has been advertised for several days, to be played at Jamaica Plain, and a quasi permit for the affair secured from the deputy superintendent of police. When a thousand or more spectators had gathered for the game and admitted free to the grounds, the police of division 13 showed up. The Fort Banks team refused to go ahead with the game. The All Church League team also held back, and Manager O'Connor, donned a baseball suit and batted a home run over the fence. He was at once arrested.

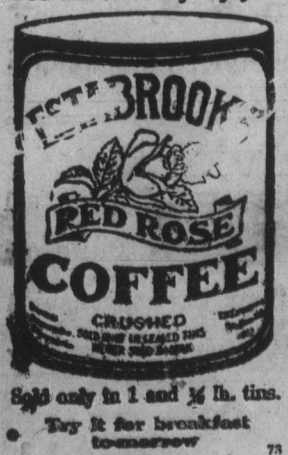

The All Church League team claimed to have the backing of a large number of citizens and several clergymen in their endeavor to promote Sunday baseball in Boston.

AERONAUT TO TRY PERILOUS FEAT

Will Start Today a Flight Across the
Simplon Pass to Italy.

Brig, Switzerland, Sept. 18.—The cross-Alps aeroplane flight from this place over the Simplon Pass to Italy, which was scheduled to begin today was postponed until tomorrow. The local authorities declined to allow the aeroplane to depart before noon on account of a religious fête held in honor of a local Swiss hero, and the race committee announced a postponement. Two thousand spectators had assembled in the aerodrome, which is located on a plateau about 900 feet above sea level, and they strongly manifested their discontent over the disappointment, some of them demanding the return of their money. Many of the visitors went so far as to assert that it was a trick to keep the crowds here.

Estabrooks' Coffee is full of snap and fine flavor. It gives genuine satisfaction to the last drop, and brings back the cup for more. It is as uniformly good as Red Rose Tea. It does not contain an atom of chicory, nor any other adulterant. You will certainly enjoy it.

Crippen Trial is Sensational

Miss Leneve's Former Landlady Tells of a Conversation Which She Had With
The Prisoner.

London, Sept. 19.—Something of what Ethel Clare Leneve suffered as, half mad with jealousy, she impatiently awaited the fulfillment of Dr. Hawley H. Crippen's promise to make her his wife, was revealed at today's session of the inquest into the death of Belle Elmore, with the murder of whom the doctor and his typist are jointly charged.

In her distress, Miss Leneve confided in her landlady, Mrs. Jackson, and the story that the latter told on the witness stand rivalled the most sensational evidence introduced at the murder trial. Mrs. Jackson said that the accused girl gave up the room which she had occupied at the home of the witness on March 12, explaining that she was leaving to be married to Dr. Crippen. Until the first week in February Miss Leneve had slept regularly at Mrs. Jackson's. After that she stopped at the house only occasionally. She said that she spent the other nights at the homes of friends. On one occasion, Miss Leneve mentioned having been at the Hill Drop Crescent, the home of the Crippens, early in February, to help the doctor in a search for a bank book which showed an account of \$1,000. She added that a diamond tiara and rings had been found in the house and that the doctor had raised \$850 on these.

About the middle of February the witness said, Miss Leneve appeared miserable and depressed. Such was her state that Mrs. Jackson followed the girl to her room to learn if possible the cause of her trouble. Miss Leneve, the witness said, was in a terrible state of agitation. Her eyes seemed fairly starting out of her head. The landlady insisted on an explanation telling the girl that she must have something awful on her mind to be in such a condition. The witness testified that the other replied:

"Would you be surprised if I told you that it was the doctor and Miss Elmore? He was the cause of my trouble when you first knew me. She is his wife and when I see them go away together it makes me realize my position as to what she is and what I am."

Mrs. Jackson asked: "What is the use of you worrying about another woman's husband?" To this Miss Leneve answered: "Miss Elmore has been threatening to go away with another man. Dr. Crippen has been waiting for her to do so, when he would divorce her."

Solicitor Newton, who is looking out for the interests of Dr. Crippen and Miss Leneve, closely cross examined the witness, suggesting that her lodger's excitement was due to the landlady having resurrected a trouble which the girl experienced during her earlier association with Dr. Crippen.

Typhoid Fever Still Increasing

More Patients Being Cared For at the Temporary
Hospital—About Fifty Cases—
One Death.

The outbreak of typhoid fever reported last week has not abated and daily new cases are reported. The hospital is crowded with patients, and the sisters in charge are greatly overworked in their endeavor to look after the patients. A number of cases which could not be accommodated at the hospital are being cared for at their homes.

At present writing there are about fifty cases and already one death has resulted.

As far as the Graphic can learn nothing is being done to clean up the sources from which the disease is supposed to emanate. A number of premises are in a very unsanitary condition, but no steps have been taken to have the matter remedied.

Some time ago the Provincial Board of Health instructed Col. Maltby of Newcastle to make necessary sanitary arrangements and for a time the arrangements were satisfactory, but lately they have been neglected and things generally are in a disgraceful condition. "Something should be done at once."

TRAGIC END OF WINNIPEG POLICE OFFICER'S SPREE

Threatened to Kill Two
Men on C.P.R. Sleeper
and Later Killed Himself.

Toronto, Sept. 18.—Having threatened the lives of two men in the C.P.R. sleeper from Ottawa to Toronto Friday night, Alfred Robertson, inspector on the Winnipeg police force, and formerly the big drum major of the 48th Highlanders, fired two shots into his own brain in the ladies' lavatory of the car "Oacade" after he had arisen Saturday morning.

The cause given is reaction after a night's dissipation. The conductor of the train took Robertson's revolver away, but when he quieted down gave it back again.

FREE RUM NOW IN CAMPBELLTON

Many Selling Booze and no One
Appears Willing to Enforce
The Law.

POLICE INACTIVE

For a time after the fire it was almost impossible to procure a drop of liquor in Campbellton. The local government suspended all licenses, and we had an orderly and dry town.

One or two did attempt to sell some liquor on the quiet, but those in authority were awake and several raids were made.

But for the past two weeks liquor must have been sold, as there is at present much drunkenness on the streets and contractors are handicapped by having their men go off and get drunk.

It is said on good authority that there are half a dozen places where liquor can be bought and sold by people who ought to know. Why is this state of affairs allowed to exist? If the present police force cannot or will not do its duty, let us have a new one, or if liquor is to be sold, resume the licenses. We respectfully call the attention of the police committee to this matter and sincerely trust that some action will be taken at once.

British Columbia Trapper Shoots an Official Dead

Vancouver, B. C., Sept. 18.—Donald McDonald, of Salmon River, B. C., shot Frank Savage dead yesterday when the latter went to his hut to look for beaver skins. Both were trappers, and there was some jealousy between them. Savage was also a special constable and had a search warrant. McDonald gave himself up and is now in Vancouver jail.

E. J. PERRY CUT WOMAN'S THROAT AT TRURO N. S.

Gave Himself up to Police
and Claimed he Acted
in Self Defence.

Truro, N. S., Sept. 19.—What looks like a case of desperate murder came to light this morning at four o'clock when E. J. Perry gave himself up to the police. He told a story of having been attacked by Mrs. Maud Wright in her house on Foundry Hill, and killing her in self defence. The woman's body was found covered with blood and with her throat cut from ear to ear.

Perry exhibited cuts on his wrists and throat to substantiate his story of the attack, but the cuts appear to be self-inflicted.

The Wright woman has led rather a checkered career, and her husband is said to be living in the west. Perry belongs to Charlottetown, P. E. I., but has been in town all week. The deed, the outcome of which will likely result in a charge of murder against Perry, was the result of jealousy.

It is the opinion of the doctors that the woman was killed Saturday night though nothing was heard of it until early this morning. Three razors were discovered in the house, and Perry is said to have borrowed a couple of them from a neighbor yesterday.

When a reporter visited the house the upstairs portion was in a topsy-turvy condition and the room in which the crime was committed was covered with blood.

The inquest will be held this afternoon at two o'clock, when some interesting evidence will be heard.

Mrs. Clifford Sullivan of Boston, is visiting her brother, Lawrence Coughlan of Nelson, N. B.

Mrs. H. B. Anslow and children have returned from Taymouth, York Co., where they were visiting Mr. and Mrs. Wm. Munroe.

MOTHERS WHO HAVE DAUGHTERS

Find Help in Lydia E. Pinkham's Vegetable Compound

Winchester, Ind.—"Four doctors told me that they could never make me regular, and that I would eventually have dropsy. I would bloat, and suffer from bearing-down pains, cramps and chills, and I could not sleep nights. My mother wrote to Mrs. Pinkham for advice, and I began to take Lydia E. Pinkham's Vegetable Compound. After taking one and one-half bottles of the Compound, I am all right again, and I recommend it to every suffering woman."—Mrs. MARY DEAL, Winchester, Ind.

Hundreds of such letters from girls and mothers expressing their gratitude for what Lydia E. Pinkham's Vegetable Compound has accomplished for them have been received by The Lydia E. Pinkham Medicine Company, Lynn, Mass.

Girls who are troubled with painful or irregular periods, backache, headache, dragging-down sensations, fainting spells or indigestion, should take immediate action to ward off the serious consequences and be restored to health by Lydia E. Pinkham's Vegetable Compound. Thousands have been restored to health by its use.

If you would like special advice about your case write a confidential letter to Mrs. Pinkham, at Lynn, Mass. Her advice is free, and she will write you.

Tonic or Stimulant?

There is an immense difference between a tonic and a stimulant. Up one day, way back the next; that's a stimulant. Steady progress day by day toward perfect health; that's a tonic. Ayer's Sarsaparilla is a tonic, a strong tonic. The only Sarsaparilla entirely free from alcohol. Do not stimulate unless your doctor says so. He knows. Ask him. Do as he says. J.C. A GOOD ROAD.

The completion of the International Railway from Campbellton across northern New Brunswick to the Maine border at St. Leonard's is an event which means much to the development of the northern part of the province. This line opens up some very valuable agricultural territory and brings very rich timber resources within easy reach of the world's markets. It also traverses a region that abounds in fish and game, and will therefore develop a good business with tourists and sportsmen. It brings the people of the north-eastern part of New Brunswick and adjoining portions of Quebec into closer touch with the American market. The road is well built and when in full operation will be of immense value to the province. —St. John Times.

An Associated Press despatch states that the American Peace Society hopes to see the United States and Great Britain make a treaty of obligatory arbitration for an unlimited period of time, and hopes that the celebration in 1904 of a hundred years of peace will bring about such an agreement. This is a practical suggestion of far greater value than any number of celebrations.

GEROW-ATKINSON

Moncton, N. B., Sept. 21.—In the Central Methodist church, this evening, Miss Mae Atkinson, Moncton, and Mr. Burton Gerow, barrister, St. John, will be united in marriage by the pastor, Rev. J. L. Batty. The interior of the church is being elaborately decorated for the occasion. Much interest is being taken in the event as Miss Atkinson is one of Moncton's most popular young ladies and prominent in musical and social circles. As a token of the esteem in which she is held, and as an expression of good wishes for her happiness in the life in which she is entering, Miss Atkinson has been made the recipient of several remembrances from friends in social circles as well as a large purse of gold from the members of the choir of the Central Methodist church, in which choir Miss Atkinson has taken the part of leading soloist.

MONTGOMERY-POLLOCK

A happy event took place at the home of Mr. and Mrs. Jas. Pollock, Flat Lands, Sept. 21st, when their daughter, Mary E., was united in marriage to Thomas Montgomery, merchant of Flat Lands. Only immediate friends were present. Margaret Pollock, sister of the bride, was bridesmaid and Wm. Pollock supported the groom. Rev. C. A. Hardy, B. D., officiated. The guests spent a pleasant evening and left with many good wishes for the happy couple. The bride received many handsome presents. The groom's gift to the bride was a gold bracelet. They will reside at Flat Lands.

ATTENTION

Some weeks ago we commenced rendering subscription accounts to subscribers whose subscription had expired or which were about to expire, asking that the amount be remitted at once if possible. Evidently a large number have not found it possible to remit as less than ten per cent of the accounts rendered have been remitted for. We trust that the other ninety per cent will realize that we need this money to install our new plant and pay our bills. Amounts due may be sent to either Campbellton or Newcastle. Let the subscriptions come in lively now.

Home department reports were in from only about half the schools. They were as follows: Red Pine Island, 12; Tabusintac Presbyterian, 92; Burnt Church, 92; Newcastle Methodist, 39; Newcastle Baptist, 22; St. John's (Chatham) 30; Chatham Methodist, 42; Douglstown, 12; Millbank, 15; Bartibogue, 12.

No reports from teacher training, elementary, adult and I. B. R. A. departments. The only temperance army reported is in Newcastle Methodist.

Rev. Mr. Coffin gave a fine address on teaching training in Trinidad. There is the advantage of day schools being religious as well as Sunday schools. He praised Moravian work in that province especially.

Rev. S. J. MacArthur spoke on teacher training in New Brunswick. He said that everyone is conscious of the inefficiency of our Sunday Schools. In spite of the noble effort of the teachers, boys and girls entering college are sadly deficient in knowledge of the Bible. The pupil studies the Sunday School lessons at home only when he feels like it. Parents seem to take very little interest. We need more efficient training of teachers. They should be as systematically trained as are the day school teachers. He intended to have a Teacher Training class in connection with the St. James school the coming winter.

After session closed with continuation of Rev. Mr. Ross's excellent address of the forenoon.

Following officers were elected for 1911:

Amatite ROOFING

Ideal for Farm Buildings

AMATITE is the ideal roof for farm buildings. No other approaches it in economy or durability. Here are some of its features:

1. **Low Price.** Amatite costs, weight for weight, about half as much as ordinary smooth-surfaced roofings.
2. **No Painting Required.** Amatite costs absolutely nothing to maintain because it has a real mineral surface.
3. **Absolutely Waterproof.** Amatite is waterproofed with coal tar pitch, the greatest waterproofing compound known.
4. **Easy to Lay.** No skilled labor is needed for Amatite. It is just a matter of nailing down.
5. **Stormproof.** Amatite is not a flimsy, paper-like felt. It is one the heaviest and the most substantial ready roofings made, weighing 90 lbs. to the square, against 40 to 50 of material in the ordinary "Rubber" roofings.

The three important points to be remembered are that Amatite has a real mineral surface, that it needs no painting, and is waterproofed with Coal Tar Pitch. You are only sure of getting them in Amatite.

HOW MANY REALIZE
THE MARVELLOUS
VALUE OF FRUIT

IN CURING MANY DISEASES?

Wonderful Success of "Fruit-a-lives"
—The Famous Fruit Medicine

Fruit juice consists of about 97% water, 8% of sweet matter, and only 1% of an intensely bitter substance. Careful experiments show that it is this bitter principle, which is the active or medicinal material of fruit juice.

Under certain conditions, the bitter principle can be made to replace or transform some of the sweet atoms in the juice, thus making a new compound which is much more active medicinally than the ordinary juice.

Many fruits were analyzed and it was found that the juices of apples, oranges, figs and prunes gave the best results. These fruit juices, having been made more active by the secret process of changing the sweet principle into the bitter, are combined with tonics and antiseptics and made into tablets. These tablets are the famous fruit medicine—"Fruit-a-lives"—known in every part of Canada for their wonderful curative qualities in diseases of the Stomach, Liver, Bowels, Kidneys and Skin.

"Fruit-a-lives" is the only medicine in the world made of fruit juices. 50c a box, 6 for \$2.50 or trial size, 25c.

ST. JOHN WOMAN
THROWN FROM
THIRD STORYShocking Act of a Husband
Crazed With Drink.

St. John, Sept. 18.—With her jaw dislocated, one rib broken and her arm broken, Mrs. Kenneth Kerr was picked up Saturday night on St. Patrick street in the yard where her husband had thrown her from a third story window. The man was crazed with drink and after the woman had been taken to the hospital the police returned and placed him under arrest; his screams alarming the neighborhood.

The body of Patrick O'Neill, of Restigouche Co., who escaped from the insane asylum and jumped from the suspension bridge into the river on June 25th last, was recovered today.

Where Mary And Her Little

Lamb Went To School.

"Mary Had a Little Lamb" is as familiar to school children as their A B C's, but not many of them know that it is a "really, truly" story.

It all happened in Massachusetts many years ago. Mary Sawyer lived in a pretty little house in Sterling. Her father owned a number of sheep, and when one of them died, leaving a dear little lamb motherless, Mary carried it into the house, gave it milk and made a little bed in a box by the fire for it. The lamb grew day by day and before long showed its devotion to Mary by trotting after her wherever she went. But the story of its faithfulness did not reach the world until it followed her to school one day. "No wonder the sight of a snow white lamb within the halls of learning," made the children laugh and play.

It was not long after that a friend of the teacher, who had been told the story, wrote a poem which soon known throughout the entire country, and has ever since been a favorite with the children.

Mary's care of the lamb was amply repaid. Many years later, when she was a grown woman, happily married, and a member of the Old South Church of Boston, Mary unravelled a stocking made from the wool of that lamb, wound bits of it on cards and sold each of them for twenty-five cents. The money she made in this way she gave to the fund which saved the Old South Church from being razed to the ground. Designer for January.

THE FINAL WORD ON CHAT
HAM'S GIRLS.

There are two kinds of girls in Chatham, the girl who works and the girl who plays. Commend us to the former. Work lends dignity to a pretty girl, is an added charm to her. The girl who works, God bless her, combines the useful and ornamental. She might gad about, loiter on sofas, gossip and read story books, but she prefers to be of some account in the world, and goes out as stenographer, teacher, saleswoman or housekeeper, bravely making her own way. Such are the salt of the earth and of such is the kingdom of heaven.—World.

THE FUTURE OF THE
INTERNATIONAL R. R.

The International Railway is practically finished and will be in full operation in a few weeks. A few weeks ago a report gained circulation that the Canadian Pacific had consummated a deal for the purchase of the road. Your correspondent investigated the report at St. John, but the General Superintendent, Mr. Wm. Downie, said he had not been advised in the matter. Mr. Downie thought the purchase was "extremely doubtful." Recently, the report has gained a wider circulation, but there is no substantiation of it. It is stated the International would be glad to acquire the new line. Deputy Minister Campbell favors the course. It is believed there will be some interesting developments.

RECOVERED CORNER STONE

Rev. Mr. Morris has in his possession the remains of the papers and documents placed in a bottle and sealed, then deposited in the corner stone of the Methodist church in 1888. The remains were taken to Bloomfield, Monday morning, where interment took place. The remains were accompanied by the father and brother of the deceased and several members of the Brotherhood of I. O. O. F. Firemen and L. O. L. No. 64, of Campbellton. During his stay here the deceased made many friends, who sincerely regret his sudden death. He is survived by a father, mother, two sisters, Ina and May, and one brother, Percy, Sunday evening a short funeral service was held at the home of Mrs. Wm. McRae, conducted by Rev. Mr. Schurman. Deceased was 21 years of age.

NEVIN—McRAE

A very quiet wedding took place at Knox Presbyterian Church, Montreal, on Tuesday, Sept. 20th, when Miss Sadie McRae of this town was united in marriage to Mr. Thomas Nevin, Manager at Montreal for Messrs. Burroughs, Wellcome & Co. The bride was attired in a travelling suit of blue broadcloth, with hat to match. She was unattended. After the ceremony the happy couple left for New York and other American cities. The popularity of the couple was evidenced by the handsome array of wedding presents, among which was a beautiful cabinet of silver from the Montreal employees of the Burroughs, Wellcome & Co. Mr. and Mrs. Nevin will reside in Montreal and the Graphic joins with Campbellton friends in wishing them much happiness.

Archbishop Bruchesi Hopes That Religious Barriers Will Be Swept Away, and That One Cemetery Will Hold All.

Montreal, Sept. 18—The feature of the annual ceremony of blessing the half million dead lying in the Catholic cemetery behind Mount Royal this afternoon, was the reference by Archbishop Bruchesi to the recent Eucharistic Congress. His Grace paid an eloquent tribute to "The support received from our separated brethren," and added, he hoped the time was coming when through the mercy of God there would be but one cemetery in Montreal, and that all religious barriers separating the people would disappear.

**PANAMA-PACIFIC INTER-
NATIONAL EXPOSITION**

San Francisco is determined to be the city in which the completion of the Panama Canal will be celebrated. 1915 is fixed for the event. Already, five years ahead, Chas. S. Fee, Chairman, Committee on Publicity and Exploitation is urging all friends of San Francisco to request their representatives in Congress to select San Francisco as the celebration City. New Orleans and Washington are also aspirant Cities, the City of the Golden Gate appears to have a long lead.

Among the interesting claims now advanced by Mr. Fee, are that the citizens of San Francisco have subscribed \$6,300,000 and will make it \$7,500,000—and that the city or State of California will add as much or more; that 90 per cent. of the people who take vacations do so in the summer and on of the factors influencing their destination is cool climate; that (contrary possibly to general belief in the East) cool summer climate is San Francisco's strongest card, temperature averaging 59 degrees which is only seven degrees higher than winter; that the new San Francisco built in the past four years at a cost of \$300,000,000 is the last word in great Cities, and in itself is a magnificent exposition of everything modern and beautiful in structure and the things that stand for a clean, healthy place to live and do business; that it is best equipped in hotels, and finally that the success, financially and otherwise, of the exposition is assured from the fact that experience has shown that 75 per cent. of the attendance at previous great exhibitions came from within a radius of 250 miles, and as San Francisco and the Cities around its Bay within 30 minutes ride, have a population of 900,000 within 50 miles of San Francisco 1,000,000 and within 240 miles 1,400,000 the people nearby can be depended upon to make it go as well as to give sufficient life and snap to insure a pleasant reception for those coming from a distance.
