GERMAN TROOPS AND POLICE SURROUND COMMUNISTS, TAKE 1,000 PRISONERS AT LEUNA

Insurgents At Nitrogen Plant Offer Stubborn Resistance—Fifteen Rioters Killed, Forty Wounded in Clash With the Security Police at Essen—Attempt to Bring On General Strike in Manufacturing Centre Fails.

Berlin, March 29.—An important gain was made today by the Government forces engaged in dealing with the Communist disorders in Central Germany when Government troops and security police surrounded the nitrogen plant at Leuna, which has been a Communist stronghold for the past five days, and forced the insurgents to surrender.

The insurgents, against whom the attack was opened at an early hour this morning, at first offered stubborn resistance, but their escape was cut off on all sides, and they were obliged to capitulate.

The troops took 1,000 prisoners and seized large quantities of rifles, machine guns and ammunition.

RIOTERS ARE KILLED.

Essen, Germany, March 29.—Fifteen rioters were killed and 40 others wounded in a clash with security police here. The attempt to bring on a general strike in this region has so far failed.

An "exceptional status" has been proclaimed for Dortmund, Boohum, Gelsenkirchen and other points in Rhenish Prussia.

The "exceptional status" referred to presumably is similar to or identical with the "non-military state of siege," which has been put into force by the German authorities in parts of Central Germany affected by the communist disorders.

With the exception of the minor outbreaks in the United States bridgehead region Monday, which was promptly and effectively dealt with by the United States military police, the disorders reported in the foregoing are the first to be recorded in the Rhine area since the outbreak of the communist rising in Prussian Saxony.

Berlin dispatches filed late Monday night indicated some anxiety in governmental circles there over the development of possible disturbances in the capital Tuesday, an attempt by the extremists to tie up the big industrial and other plants in a general strike being forecast.

WEATHERMAN LINES UP WITH BOLSHEVIKS

Bewhiskered Crew Drags Him From Straight and Narrow Path.

WAS ONCE RELIABLE

Winter Attire Again Being Torn From Friendly Moth Balls—Now Up to Old Sol.

While British labor has definitely rejected Lenine and the Moscow Internationale, every indication seems to point to the Weatherman having aligned himself with the Bolsheviki. Since he has been led away by the bewhiskered crew, he has never lost an opportunity of shattering all the old traditions about the climate.

Once upon a time he was as reliable as the newspapers. Now he can no more be depended on than Germany's promises of reparation. He is quite likely to deluge the country with snowflakes on July 1, and to ruin snowshoeing and skating in January with soft spring showers.

Easter Sunday, which should have been bright and gay, to form a fitting background for all the new apparel with which both male and female London was prepared to deck itself, was cold and rainy. Today, when temperatures should have been climbing toward their summer altitude, the Weatherman threw in the reverse gears and backed up to 10 degrees above zero. Mathematicians point out that this is just 13 degrees below zero, and is no temperature for the second week of spring. Besides, 13 is unlucky. It was terribly unlucky for a lot of people who packed all their winter attire away with the moth balls.

Warm sunshine gave promise of better things to come, and, considering the lamb-like entrance of March, there may not be much protest if it lives up to form and goes out like a lion.

MANITOBA LEGISLATURE REPECTS AMENDMENT TO GOVERNMENT BUDGET

Winnipeg, March 29.—The Legislature last night rejected, 1 to 6, an amendment to the budget proposed by J. T. Haig, Conservative leader, and characterized by Premier Norris and Hon. T. H. Johnson, attorney-general, as a dodge to get a want of confidence vote passed. The amendment was to the effect that the accounts of the telephones and other commissions should be included in the public accounts. Practically the whole House lined up against Mr Haig, his only supporters being members of his own party.

Would Expel All Rent Profiteers From Churches

Pittsburg, Pa., March 29.—A resolution, under which "rent profiteers" would be ousted from the churches, adopted by the Pittsburg Baptist Ministers' Association was made public here today. Unwarranted rent advances constitute an un-Christian "Phariseeism," according to the resolution, which urged all Pittsburg ministers "to combat gouging landlords, to take a prominent part in community protests against these wrongs, and to use the influence of their ministerial associations to prevent new burdens of greedy extortion being imposed upon the general public."

2,000 CHORUS GIRLS IN ENGLAND ARE WITHOUT JOBS

London, March 29.—Unemployment in theatreland like that in other professions and trades is widespread here at present. It is estimated that there are now over 2,000 chorus girls and "small part" actresses out of work, and it is feared that unless conditions improve immediately many producers will have to go out of business. Oscar Ashe, one of the leaders in theatrical circles here, says that the problem is intensified because so many people come into the profession without credentials. Naturally they are suffering. Touring companies are not leaving London for the provinces at present and consequently hundreds of girls cannot get employment.

Mr. Ashe asserted the report that many London theatres may be transformed into super-cinemas was without foundation, as there was just as big a slump in the cinema world.

AUSTRALIANS ALSO DIVIDED ON IRISH QUESTION

The Sydney Labor Conference Would Have Crown Troops Withdrawn.

London, March 29.—Cables to the London papers from Sydney, N. S. W., report that there have been striking manifestations of a sharp division of public feeling in Australia over the Irish question. The Sydney labor conference is urging Hon. D. Storey, minister of health for New South Wales, who is now in London, to interview King George with the idea of obtaining the withdrawal of crown forces from Ireland and assisting the endeavor to secure self-determination for the Irish people. On the other hand the Protestant Federation and the National party have denounced Bishop Phelans, a Roman Catholic prelate, for what they regard as his insults to the Union Jack.

GOVERNMENT UNAWARE OF OFFER TO EXCHANGE WHEAT FOR PORTUGUESE WINE

Ottawa, March 29.—Canadian Press.—Reports that an offer has been made to the Portuguese Government to exchange Canadian wheat for Portuguese wine are not borne out so far as Dominion authorities are concerned. "We have no knowledge of any such offer having been made," it was stated at the department of trade and commerce today.

It is thought likely, however, that some private firm, acting on its own behalf may have made some such offer in order to avoid exchange difficulties.

MANY PRISONERS TAKEN BY GREEKS IN ASIA MINOR

Important City of Eski-Shehr Is Occupied.

ATHENIANS CELEBRATE

March to Angora Is Believed To Be Easy Now.

London, March 29.—Greek troops have occupied the city of Eski-Shehr, capturing many prisoners and a large quantity of war materials, says a Central News dispatch from Athens.

Eski-Shehr was one of the important objectives of the Greek offensive in Asia Minor, which began last week. It is the junction point between the main line of the Bagdad Railway and the road running south-eastwardly toward Konia.

TURKS LOSE HEAVILY.

Athens, March 29.—Turkish Nationalist troops suffered very heavily in the fighting which preceded the capture of Afiu Karahissar by the Greeks, says an official statement issued here. The Turks fiercely resisted the advance of the Greeks, and made several counter-attacks, but the Greeks, using the bayonet, succeeded in driving the Turks from the city. Afiun Karahissar was occupied at 3 p.m. Monday, and the Greeks captured many prisoners and large quantities of war material, it is said. Occupation of Afiun Karahissar it is declared by newspapers here, makes the Greek march to Angora easy The news of the Greek victory was received with joy in this city, church bells were being rung, flags being displayed and crowds gathered in the streets celebrating the event.

GREEK PREMIER CONFIDENT.

Athens, March 29.—Declaration that the Greek delegates at the near eastern conference in London had "saved the Sevres treaty from falling into ruin," and that their efforts had been directed toward "the last word being given Hellenic arms" was made here yesterday by the Greek premier on his return from London.

"Greek guns are now having their say," he continued, "and they will be heard more and more. We will be able to secure the necessary financial support from allied sources to carry on the war. I am sure the continuation of the struggle will bring victory to Greece."

CAPTURE IS CONFIRMED.

London, March 29.—A dispatch received here from Athens gives official confirmation of the fall of Afiun-Karahisar.

MARTIAL LAW IN ANGORA.

Constantinople, March 29.—Large Turkish forces at present in Armenia have been recalled by the Turkish Nationalist Government at Angora for the purpose of opposing the Greek offensive. Martial law has been declared in Angora and general mobilization has been ordered.

Demand Bathing Costumes From Neck To Knee

London, March 29.—Enactment of ordinances making it an offence for a member of either sex to wear a bathing costume that does not extend "from the neck to within four inches of the knee," has been suggested to local authorities at seaside towns by the ministry of health.

ALDERMEN OPPOSE INCREASE OF GAS RATES AND ALSO DISAPPROVE M'CREA BILL

Mayor, in Letter to Council, Emphatically Denies Any Ill-Feeling Against Aldermen—Offers to Present Any Motion of Protest to the Legislature.

Opposition to any increase in the price of gas until the money collected in service charges is refunded was expressed in a unanimous resolution at a special meeting of the city council today at noon. Disapproval of the McCrea bill was also placed on record, and will be forwarded to the premier and the Legislature. This measure would give the Ontario railway and municipal board power to increase the fares on a street railway under its control without the consent of the local council or the people.

Mayor Little was at Sarnia. Ald. Harley presided in his place. In a letter, the mayor disclaimed any bad feeling between himself and the aldermen as reported in a local paper. Ald. Wenige asked him Saturday if he would call a special meeting in regard to the McCrea bill. He replied that he had no intention of doing so, but that if a majority of the aldermen were to make a request to that effect, he was quite willing to accede to it. Ald. Wenige sent to the city hall and secured the necessary form for this purpose and the meeting was duly called. "If the mayor and the council are at loggerheads it is not my fault or desire," the mayor stated. As he will be in Toronto tonight, he offered to present to the Legislature any motion of protest against the McCrea bill which the council passed.

Not Clearly Put.

The council immediately went into committee of the whole for discussion of the gas tangle. Ald. Wenige said the motion regarding the settlement had not been clearly put at the council meeting where it was adopted. The aldermen had not voted the way they wanted to. This often occurs at council meetings, he claims. The discussion gets mixed up with the question, and the members are not certain of what they vote for.

Seconded by Ald. Drake he moved that the council oppose "any legislation that would give any permanent increase in

COURTS OF REVISION ADD 37 NAMES TO VOTERS' LIST AT SESSION THIS MORNING

E. W. M. Flock and Lieut.-Col. Graham Differ as to Duties of Revising Officers—Latter Claims People Are Entitled To Ascertain If Name On List From Presiding Officer.

One hudred and fifty names were added to the voters' lists in the city up to noon today by the courts of revisions sitting in each of the four wards of the city for the purpose of revising the list of voters in preparation for the Canada temperance act referendum. During the morning 37 applicants succeeded in establishing their rights to a vote.

Scores of people seeking information besieged the different courts throughout the morning. By far the greater number of people applying had their names already on the lists according to officials in charge. Following the announcement on Monday that applicants should discover whether their names were already on the list before appearing before the court many people have sought information at the city hall. According to several who followed this course officials at the city offices have refused to give any assistance in the matter as they cleaimed it was the work of the revising officers.

As the work of the courts is held up considerably by many who seek only to assure themselves that they would be given a vote,, E. W. M. Flock, who is in charge of the court in Ward 4 suggested today that applicants should seek the information at the committee rooms of the Temperance workers, if the city hall refused to divulge information.

Col. Graham Differs.

Col. Graham stated that a wrong impresion had been created by a statement that persons wishing to find out whether their names were on the list should see the city clerk. He declared that this was part of the work of the revising officers and that numbers of persons had come to him to assure themselves that their names were on the list. The city clerk was not concerned in the matter as he only took care of the municipal lists, he said. Judge Talbot Macbeth was the senior revising officer and the four ward officers worked under him.

Fourteen names were added to the voters' list for Ward 1, making a total of 78 added during the session of Col. C. M. R. Graham's court of revision. In Ward 2, H. R. Cluff added seven names this morning, the total to date being 25. One name will be struck off the list automatically, the person having died since the 1919 election.

In Ward 3, where G. M. Gunn is in charge, only one name was added to the list making a total of ten up to noon today. There were, however, a large number of people asking information.

With fifteen names added to the list, Ward 4 showed the largest returns for the morning. Up to noon today a total of 37 names were added in this district.

RUSSIAN INSURGENTS CAPTURE MINSK CITY

Kiev Is Reported To Be Surrounded by Rebellious Peasants.

London, March 20.—Minsk, an important city in Western Russia, has been captured by revolutionaries, says a Copenhagen dispatch to the Exchange Telegraph Company, quoting Helsingfors dispatches. The eighth Bolshevik army is declared to have joined the revolutionists, who have formed a democratic White Russian republic. Kiev is said to be surrounded by rebellious peasants, and the Communists there are adopting terrorist measures.

WORKMEN KILLED IN FIGHT.

Barcelona, Spain, March 29.—Three workmen belonging to an independent union were killed and five others were wounded here last night, when six free syndicate workers entered a saloon and began firing. The men who did the shooting attempted to escape, but five were captured.

POLICE BELIEVE BLAST WAS CAUSED BY BOMB OR GAS; VICTIMS HORRIBLY MANGLED

Warehouse Building in Southeast Section of Chicago Scene of Catastrophe—Fire Attorney Immediately Starts On Investigation—Man Seen Running Up Stairway Near Scene May Have Been Bomb Thrower—Building Is Reduced to Pile of Broken Timbers and Plaster.

Chicago, March 29.—An explosion which wrecked a warehouse building on the southwest side caused ten deaths and injuries to several score other persons, according to first reports received by the coroner's office. City police and firemen said they could see bodies in the ruins of the building. The cause of the catastrophe was not made known by the first reports.

Half an hour after the explosion three bodies were taken from the ruins and four persons, badly injured, were sent to the county hospital. A dozen others were treated at a neighboring drug store.

Of the building where the blast originated, there was left only a pile of broken timbers and plaster.

Later two more bodies were taken from the ruins, bringing the known death list to five. Parts of another body also were recovered, but the corpses were so badly mangled that the coroner's assistants were uncertain whether this latter discovery actually increased the death list.

The police were informed that the warehouse contained a wholesale grocery stock, including considerable starch and flour.

Shirley F. High, fire attorney, started an immediate investigation. That the explosion was caused by gas or a bomb were the early theories of the police.

The first victim to be identified was Mike Tapinskie, 32 years old, a truck driver. His body, mangled and crushed, was found in a building on 15th street, near Halstead. The building was almost turned upside down, according to witnesses. Samuel Helman, who is proprietor of a paint shop near the warehouse, and who was injured by flying glass, said that a moment before the blast a man ran up the stairs of his shop and asked how he could reach the plant of the Joseph Weil Paint House, which is near the scene.

"He wore a checkered overcoat and a felt hat and seemed to be terribly excited," said Helman. "I don't know who he is, but he may have been trying to find a place to throw a bomb.

"All I could see was a flash of flame and then I heard a roar. I was knocked off my feet, and when I got up my head and face were bleeding."

JOHN BURROUGHS, NATURALIST, DIES ON N. Y. C. TRAIN

Was Returning East After Spending Winter in California.

ILL FOR SIX WEEKS

Took Long Journey Despite His Feeble Condition.

New York, March 29.—John Burroughs, famous naturalist, died at 2 o'clock this morning on a New York Central train at Kingsville, Ohio. Word of Mr. Burroughs's death was received here by New York Central officials. He was returning east after spending the winter in Pasadena, Cal, where he was reported to have been slightly ill with afflictions incident to old age. He was in his 84th year.

TOOK CHARGE OF REMAINS.

Cleveland, March 29.—New York Central headquarters here received a report from their superintendent at Erie, Pa., that John Burroughs died on train No. 16 near Kingsville, Ohio, early this morning apparently from heart disease. The report says a lady physician who was accompanying Mr. Burroughs took charge of the remains and continued east. Mr. Burroughs boarded the train at Chicago and was bound for Poughkeepsie, New York.

END CAME SUDDENLY.

Utica, N. Y., March 29.—John Burroughs, who died on a New York Central train on his way home from California at 2 o'clock this morning, had been very ill for six weeks with an abscess on the chest and heart, and with kidney complications. He was so eager to get home that the long journey was undertaken with the hope he could survive. The end came suddenly, a few minutes after he had asked "How near home are we?" His physician, Dr. Clara Barrus, his granddaughter, Ursula Burroughs, and the Misses Elinor and Harriet Burroughs accompanied him.

SHOT BY DETECTIVES, DYING IN HOSPITAL

Peter Kozawanka of Niagara Falls Hit in Pistol Duel.

Niagara Falls, March 29.—Peter Kozawanka, aged 34, of this city, is dying in the Mount St. Mary Hospital here from a bullet wound in the left side. He is said to have been shot early today during a pistol duel which he and a man whose identity has not been learned, had with O. W. Miller of this city, and John Scroeter of Buffalo, Lehigh Valley special detectives, who claim they discovered Kozawanka and his companion looting freight cars. The men fled, firing as they ran, and Kozawanka's companion escaped. Kozawanka was shot by one of the detectives.

APPROVES ONTARIO'S EDUCATIONAL PLAN

Ottawa Citizen Says Provincial System Is Best.

Ottawa, March 29.—Praise for the Ontario Government's attitude toward the advancement of education was given at the regular meeting of Ottawa Collegiate Institute board last night. C. H. Bowie, chairman of the board, said: "The present government undoubtedly is trying to assist technical education." This statement was made following the receipt of a grant of $25,459.57 for technical advancement, made up as follows: Building, $9,273.40; equipment, $7,962.51; salaries, $8,233.66. In discussing a circuar received from the minister of education offering proposed changes in the educational system for criticism, and asking for suggestions, the chairman pointed out that the government was going the right way to determine the educational needs of the province.

Butter and Eggs Cheap in Chicago

Chicago, March 29.—First-grade butter and strictly fresh eggs are now quoted here at the lowest price in several years. The retail price for first-grade creamery butter is 49c, while best eggs sell at 30c.

DRINK OF WOOD ALCOHOL CAUSES DEATH OF POET

Chicago, March 29.—Will Reed Dunroy, poet, and widely known as a press agent, died here last night of wood alcohol poisoning. Men with whom he has been associated lately said that he had not taken a drink for years, but yesterday he asked a friend for one to cure a cold. Dunroy was 45 years old, and in his younger days was a protege of William Jennings Bryan, who paid his way through the University of Nebraska.

Emotions Can Actually Break Human Heart

London, March 29.—Actual broken heart is a physiological possibility, according to J. Stickland Goodall, an eminent heart specialist, in a lecture here. He said rupture of the heart fibres might result from emotion, more often from joy than grief.

"The ordinary, everyday emotions of life produce more wear and tear on the heart than work," he added. "The heart is protected from over-strain in a variety of ways. Fainting, with the subsequent rest of the heart, is one of these."

Awakens After Three Years; Yawns, Then Goes Back To Sleep

Fort Smith, Ark., March 29.—James S. Eslinger, 54, who has been asleep for nearly three years, awakened yesterday in the County Hospital here, yawned, and then went back to sleep, according to the nurse attending him. He did not speak, she said, but he was awake. Eslinger entered the hospital in 1914 a sufferer from pellagara physicians say. In August 1918 he fell into the sleep which was broken for the first time yesterday. He has been fed through a tube since his lengthy sleep commenced physicians say, and has not lost weight.

FATHER FINDS SON'S BODY HANGING FROM BEAM IN THE BARN

Brockville, March 29.—When John Kinch, a township of Kitley farmer, residing near Newbliss, missed his son, Vernon Kinch, aged 21, he instituted a search and found the young man's body hanging from a beam in the barn with a chain attached to a rope around his neck. Kinch had committed suicide by jumping from the beam, his neck having been broken. When found he had been dead for some time. Dr. Anderson Jasper, coroner, decided that an inquest was unnecessary. No reason is given for the suicide.

LABOR BOARD DECLINES TO ADMIT LEAGUE TO RULES CASE HEARING

Chicago, March 29.—The United States Railroad Labor Board today declined to admit the National Industrial Traffic League to the rules case now before the board. "Hearing of the petition would not be helpful and would not be in the public interest," said the board. The decision also argued that to admit this organization as a party contestant would result in opening the gates to dozens of similar bodies and perhaps prolong the hearing for a year.

MONTREAL GIRL'S BODY NOT FOUND IN SEWER

Montreal, March 29.—That the body of 8-year-old Lily Manning of 170 Versailles street, this city, is not now in the sewers into which she fell through an unguarded manhole on the afternoon of March 10 last, was established yesterday when a thorough search of these underground passages was made by men in a boat.

It is now thought certain, that except for the possibility of the body having been crushed in the big turbines of the pumps near Delorimier avenue, it will be found somewhere down the St. Lawrence River.

JAPS LEAVING CHIEN-TAO.

Honolulu, March 29.—The last Japanese troops will leave the Chien-Tao district, west of Vladivostock and north of the Tumen River, on April 1, according to a Tokio cablegram yesterday to the Nipis Jiju, Japanese language newspaper here. Title to this district has been in dispute between China and Korea since 1885.

PENITENTIARY TERMS FOR YOUTHS ENTERING STRATHROY STORES

William Benjamin and Albert Ashton Go Down For Two and a Half Years.

William Benjamin was sentenced to two years and six months in Kingston Penitentiary, and Albert Ashton to two years and five months in the same institution by William Trueman, J. P., at Strathroy, on Saturday for breaking into two stores. Crown Attorney J. B. McKillop prosecuted. On October 8, 1920, the pair of youths were sentenced to six months in jail at Toronto for breaking into a shop. They were allowed out five months later. Four days after their exit from jail they committed the crime in Strathroy.

BRUTAL ASSAULT BY DRINK-CRAZED MAN ON AN AGED WOMAN

William Coyne Remanded by Magistrate For a Week.

William Coyne was charged with assaulting a 70-year-old woman this morning in police court, and as he offered no evidence was remanded a week for sentence.

Mrs. Mary Judge, the complainant, who lives in the south part of the city, said that last week Coyne hit her twice, threw her against a bed, and hit her again on the nose. She could give no reason for the attack. She has a house of two rooms and rents one of them to Coyne. In future, her son said, she wants Coyne to keep away from the place.

Coyne said that he had been intoxicated when he was in the house that day and he did not remember having assaulted Mrs. Judge in such a manner.

A medical certificate was produced to show that she had been seriously wounded about the face and that a rib on her left side had been broken.

"This seems to me to be a very brutal assault. You might have been here today charged with murder or manslaughter," said Magistrate Graydon.

Mrs. Judge got out of a sick bed to give evidence, her son stated.

DIES OF BULLET WOUNDS.

Boston, March 29.—John F. McCarthy, kept alive for several days by a transfusion of blood from his mother and brother, which made it possible for him to be married while on a hospital cot, died today.

McCarthy was shot in the barroom brawl last Thursday in which "Larry" McLean, former major league baseball player, and a native of Fredericton, N. B., was killed. John J. Connor, the bartender, who fired the shots, is being held without bail. He claims that McLean and McCarthy were intent on assaulting him when he fired.

ADVERTISER PUZZLE CONTEST CORNER

Important Questions Answered by Contest Manager and Matters of General Interest Discussed—Contestants Should Watch This Corner

Question: Is it permissible to have more than one section of circles in the first left-hand column and in the last column on the right as well?

Answer: You are allowed to have one or more sections of circles in the first left-hand column. You may also have more than one section of figures encircled in the last column on the right. It is permissible to have more than one section of circles in any column provided you follow the rules in drawing your chain of circles across the chart. See problem in this regard about where two sections, or parts of sections, run parallel, that there must be at least one row of figures between them, so as to preserve clearly the course of the chain. Also see problem and illustration about it being permissible for corner circles to touch obliquely. Finally, be sure to start in the first column on the left and to end in the last column on the right. Have at least one section of figures encircled in these two columns.

Question: What do you mean in your second puzzle by odd and even figures?

Answer: Any number in this puzzle that you can divide evenly by two is considered an even number. Such numbers as 12, 18, 26, 32, 40 and 98 are considered even numbers: 9, 21, 37, 45, 63 or 87 are odd numbers.

Question: How do you add up your odd and even figures?

Answer: Add them up just as you have them encircled. Don't attempt, for instance, to take the number 29 and add it up as 2 in the even column or 9 in the odd column. Add it up in your odd column as 29.

REAL ESTATE FIRM TO SELL CITY HOUSE

Decision to sell the remaining houses on the Pine Lawn Survey through the London Land Development Company was made by the housing commission at a special meeting Monday afternoon. There are 42 houses in the group. Five have been sold. The company will charge approximately 3 per cent of the value of the houses for handling all the details for persons purchasing from the commission.

The commissioners expressed the opinion that there was still a great demand for houses, and that the commission with its houses for sale at cost had one of the best propositions in the city. An aggressive sales policy was necessary, however, in order to bring sales to a successful conclusion. F. B. Lavender, who has been selling the houses up to this time, will be employed with the company and will continue his present work.

The commission will not consider any rental policy.

HEAVY SNOW IN MONTREAL.

Montreal, March 29.—This district reverted to wintry conditions last night after remarkably balmy weather during the Easter holidays. Quite a heavy fall of snow took place.

SPRING AILMENTS

Impure Blood, Humors,—Relief in a Good Medicine.

Spring ailments are due to impure, thin, devitalized blood.

Among them are pimples, boils, other eruptions, catarrh, rheumatism, loss of appetite, that tired feeling, nervousness and "all run-down" conditions.

Hood's Sarsaparilla combines the roots, barks, herbs, berries and other medicinals that have been found in many years of intelligent observation to be most effective in the treatment of these ailments.

Successful physicians prescribe the same ingredients for diseases of the blood, stomach, liver and kidneys, and in cases where alterative and tonic effects are needed.

Hood's Sarsaparilla is the spring medicine that purifies, enriches and revitalizes your blood, increasing power of resistance to disease.

For a laxative take Hood's Pills.

LANGFORD TO INTERVIEW MINISTER OF EDUCATION

Plans for New Collegiate To Be Discussed in Toronto Wednesday.

The interview to be held by Trustee A. A. Langford, chairman of No. 3 committee of the board of education, with the minister of education relative to the plans for the new central Collegiate Institute building, which it was expected would take place today, will probably be held tomorrow. The change of date has been caused through inability to get into touch with officials in Toronto to set the date and time. Secretary W. A. Tanner stated, however, this morning that he expected the interview will be held tomorrow.

The following trustees left the city to attend the annual convention of the Ontario Educational Association: Mrs. W. C. Tanner, A. N. Udy and D. Eggett. Trustee Mrs. Hunt went down on Saturday. Miss Rowe, superintendent of school nurses, is also attending the convention.

COLD SNAP CAUSING ANXIETY TO FRUIT-GROWERS OF DISTRICT

No Damage Done As Yet, Is Report Received.

The cold snap which has followed the mild, springlike weather which prevailed up to Easter, is causing considerable anxiety to growers of early fruits in various parts of the country. On the American side, approximately $11,000,000 worth of damage is reported to have been done to the fruit crop in Oklahoma, representing about 75 per cent of the whole, while communications from Kalamazoo, Michigan, state that the freezing weather there has probably resulted in tens of thousands of dollars' worth of destruction to peaches and early cherries.

Fortunately peaches are not extensively grown in Middlesex and neighboring counties, and in any case the crop, such as it is, comes along later than in the south, so that the loss in this respect is negligible, but considerable quantities of early cherries and plums are grown, and if these were assailed at a critical period it would be disastrous.

So far as can be ascertained, however, the fruit buds, although showing signs of development, are not far enough advanced to be affected by a frost such as that which has so transformed the genial conditions of the past few days, and, on the whole, growers are glad to see the cold dip come now and not later, when the blossoms are beginning to open out. The buds are still protected by their cold-weather sheath, but when the temperature drops towards zero after the blossoms have appeared it is fatal to the fruit yield.

"So," as one horticulturist remarked, "If there is more cold weather to come let us have it now, and we shall be surer of having seasonable conditions later."

INDUSTRIAL COMMITTEE TO MEET ON MONDAY

Board of Education Plans Much Business Next Week.

Notice that the regular monthly meeting of the industrial advisory committee of the board of education will be held at the Technical and Arts School at 8 p.m. on Monday next are being issued to the members of the committee today. The chairman of the committee is Trustee Thomas Rowe. The following committees will also have to hold their regular sessions between now and 4:30 o'clock Tuesday afternoon in order to prepare their reports for the regular meeting of the board, which will be held on that date: No. 1 committee, chairman, Trustee Edwin Smith; No. 2 committee, chairman, Trustee Harry Hayman (this committee will probably meet on Monday afternoon); No. 3 committee, chairman, Trustee Rev. A. A. Bice.

CHURCH OF REDEEMER ENCOURAGING REPORTS

Ladies' Aid Society Raised $1,000 During the Year—Officers Elected.

The Church of the Redeemer held its annual vestry meeting last night when organizations of the church gave encouraging reports. Perhaps the best report was that presented by the Ladies' Aid of this small church which raised $1,000 during the year. Officers elected for the year were: rector's warden, J. C. Walde; people's warden, Andrew Wallace; vestry clerk, John Perry; lay delegate to the Synod, Mr. Southam; substitute, Frank Bernhart.

WILL ENTERTAIN PREMIER.

Montreal, March 29.—The Right. Hon. Arthur Meighen, premier of Canada, and Mrs. Meighen, will be the guests of honor at the reception to be given in the Windsor Hotel next Saturday afternoon by the women's branch of the National Liberal and Conservative Association. The other guests include the Hon. C. C. Ballantyne, minister of marine and fisheries; Right Hon. C. J. Doherty, minister of justice, and Mrs. Doherty; Senator George G. Foster, Senator Rufus Pope and Mrs. Pope, and Lady Foster.

HER CASE SEEMED HOPELESS

PLAN MEMORIAL TO LATE CANON CRAIG

Church of St. John the Evangelist May Rebuild Schoolroom.

At the Easter vestry meeting last night in the Church of St. John, the Evangelist, a committee was appointed to deal with a proposed memorial to the late rector, Canon Craig. It is proposed to remodel, or probably rebuild the Sunday school room of the Church as a memorial, and a stained glass memorial window will also likely be placed in the church. The committee having the matter in hand consists of N. F. Willmott, Arthur Butchart and J. R. Wainwright.

The vestry meeting was presided over by the rector, Rev. A. L. G. Clarke. An adjourned meeting will be held on April 11, when complete church reports will be presented. Last year was the best in the history of the church, the Sunday school collections alone amounting to $6,700. There are no deficits, and a floating debt has been wiped out. The following officers and committees were appointed: Delegates to Synod, Col. Fisher and Stephen Grant; substitutes, B. S. Murray and J. C. Butler; rector's warden, J. C. Butler; people's warden, C. Bluett; standing committee on the rectory, Ray Lawson, William E. Green, Stephen Grant and the church wardens; converer of sidesmen, F. Linley.

EASTER VESTRY MEETINGS HELD FOR LAST TIME

St. James' Church Will Install New Steam-Heating Plant.

For the last time annual vestry meetings of the Anglican churches were held on Easter Monday last night. Hereafter they will be held on the first Monday in January.

The church temporalities act required the meetings to be held Easter Monday. The synod, however, decided to close its financial year before the legislature. In anticipation of the possing of this most of the local Anglican churches held their vestry meetings last January, but as the legality of the business transacted was doubtful it was confirmed last night.

St. James' Church vestry confirmed business done in January. At the suggestion of Gerald Collyer, the rector, Rev. W. L. Armitage, was requested to call a meeting of all the church bodies to formulate a plan to raise funds for a new parish house. This will be held a week from Friday.

It was announced that part of the steam-heating equipment to replace five hot-air furnaces now in use had been received. The remainder is expected in a short time, and the installation will be made immediately.

VESTRY ELECTS OFFICERS AT ST. GEORGE'S CHURCH

The Easter vestry meeting of St. George's Anglican Church was well attended. Rev. Canon G. B. Sage, D.D., the rector, presided. The meeting was adjourned following the election of officers to receive, three weeks from last night, the reports and financial statements of the wardens and several church organizations. The following are the new church officers:

Delegates to Synod, J. K. H. Pope and T. F. Dexter; rector's warden, W. R. Kennedy; people's warden, T. G. Turville; vestry clerk, R. L. Stephenson; sidesmen, north aisle, M. Wilson, A. Jeffries, W. Wilson, F. A. Andrewes, A. Bending, T. F. Dexter, W. A. Hunt, S. F. Sims, S. Bending; south aisle, J. Stokes, J. G. Guymer, C. W. Nicholls, F. Hodgins, J. K. H. Pope, George Finnegan, J. H. Hobbs, J. R. Depotie, T. C. Margrett; ushers, north aisle, W. C. Bending, G. Pollock, S. White, J. Johnson; south aisle, R. A. Y. Stinchcombe, George Cotton, S. Henshaw, R. L. Stephenson, S. Leader; financial committee, Mrs. Stinchcombe, Mrs. Talbot, Misses Gower, Gahan and L. Fowler, F. Hodgins, T. F. Dexter, S. F. Sims, T. C. Margrett, J. K. H. Pope, R. L. Stephenson and the wardens; auditors, S. F. Sims and J. K. H. Pope.

Votes of thanks were passed for furnishings presented to the church during the year.

ALL SAINTS' VESTRY HEARS SPLENDID REPORT

All Saints' Anglican Church received Monday night the most favorable reports in its history. The warden's report showed receipts of $6,423.83, and an expenditure of $4,908.87. The total balance was $1,514.96. During the year $900 was raised for the organ fund. All the church organizations reported substantial balances.

The following officers were elected: Rector's warden, S. W. Parker; people's warden, T. Hubbard; vestry clerk, W. R. Southcott.

Select Vestry—W. R. Southcott, H. H. Hill, Ald. G. B. Drake, F. Newton, F. Shaw, E. Risler, F. Mayston, E. Rose, A. C. Thompson, O. Conley, C. Pope, N. Sawyer.

Lay Delegates to Synod—Ald. G. B. Drake and H. F. Hill; substitutes, A. C. Thompson and C. Pope.

BEST YEAR IN HISTORY.

St. Mark's Church vestry meeting last night, after receiving the warden's report, adjourned to meet again in three weeks. Rev. A. L. Beverley, the rector, presided.

The year just closed was the best in the history of the church. The receipts were $1,329.43, and the expenditures $1,154. The total balance was $215.48. The amount raised to reduce the rectory debt was $470.43.

The following officers were elected: People's warden, Henry B. Turner; sidesmen, J. D. Reynolds, M. J. Morrison, Charles Fredin and Wallace Dunston; select vestry, C. Chapman, M. J. Morrison, W. A. Langford, Mark Garrett, Robert Crawford, Edmund Webb, Allan Fitzsimons, Alexander Garrett.

PROHIBITIONISTS HOLD USUAL WEEKLY SESSION

The London Prohibition Association held its regular weekly meeting Monday in the Bank of Toronto Building, when the workers in the different wards reported the progress of their work.

Practically everything is lined up for the campaign now, except that the workers will continue to visit all householders in the city, asking them to see that their names and the names of the inmates of the house are on the list. To any names that the workers find are not on the list, a card is sent giving the voters information as to where and how to get their names on. The courts of revision are open for six days, and the members of the association are urging all young people who have recently come to the voting age to get their names placed on at once.

Prior to the business session of the association a prayer meeting was held for the workers in this movement.

BIRD NOTES

(Contributed by McIlwraith Ornithological Club.

Very often on a fine bright day when one would expect the birds to be very much in evidence, the number noted on a ramble through the country is surprisingly small. Then on a rough, stormy day, when outdoor conditions are very uninviting, the one who does venture forth is often amply repaid. This latter was the case on Saturday, February 26, one of the stormiest days of the winter. A driving snowstorm was in progress when the start was made, and both members of the party had secretly hoped that the other fellow would not turn up at the rendezvous, so that an excuse might be afforded for not going.

The list that day totaled eight species and over twelve hundred individuals, including one that had not previously been recorded. A large flock of crows seeking shelter in the cedar swamp northeast of Wolseley Barracks helped to swell the total, but the most interesting occurrence of the day was the number of prairie horned larks, between 450 and 500 being recorded, in flocks of some 40 to 200 birds. This is the earliest spring migrant to reach us, and a few remain to nest in the fields nearby. It is hard to explain how so many should be concentrated here at one time, as the number reported that day was more than one might expect to see in a lifetime. The bird is a relative of the English skylark and derives its name from the fact that it was formerly found only on the western prairies. It has gradually extended its range, however, until now the Atlantic coast has been reached. It also has the power to erect the feathers on each side of the head, so as to resemble miniature horns, hence the name prairie horned lark.

G. W. V. A. TO AID POSTIES IN PROTEST TO MEIGHEN

Vice-President of Provincial Command Attacks Government.

Bob Harrison, Toronto, vice-president of the Provincial G. W. V. A., passed through London today on his way to Windsor.

Mr. Harrison is interesting himself in the efforts of the local postmen to prevent the 25 per cent cut in their high-cost-of-living bonus, and assured an Advertiser reporter that the Provincial G. W. V. A. would be behind the postmen in their protest to Premier Meighen against the proposed reduction.

"I think it is a scandalous thing," said Mr. Harrison, "that the Dominion Government should contemplate such a step after increasing their own indemnity last session by such a substantial sum. These postmen work hard, and at present have barely enough to live on. They are the worst paid branch of the civil service, and it is a shame to try and deprive them of their bread and butter."

SERIES OF WINTER PICNICS AT THE "Y"

McCormick Employees Plan an Enjoyable Evening for Saturday Next.

The McCormick employees will hold their winter picnic next Saturday evening in the Y. M. C. A. The London Life and McClary picnics will be held on the following Saturday evenings. Industrial Secretary R. P. Liddle has drawn up a splendid program for Saturday night. The official welcome will take place in the main lobby of the "Y" at 8 o'clock, after which games will be played in the gymnasium. Physical Instructor David Allen will have charge of the games. The men will participate in the following: Straddle ball relay, front roll relay and walking to Dublin. The girls will take part in: new potato race, minute walk and dodge ball.

On the top floor billiard tables will be set aside for girls who do not wish to take part in the gymnastic games. On the second floor palmistry will be the feature. Madame Vasa Caprino and Professor Zibisko have been secured for this. A sing-song will be conducted in the auditorium by Mr. Liddle.

SELF-DENIAL CAMPAIGN

Local Officers of Salvation Army to Tour Western Ontario.

Adjutant Wright of local No. 1 Corps of the Salvation Army is in Windsor today in connection with the self-denial campaign, which is being conducted there. Adjutant James Martin of local headquarters staff left today for St. Marys, Stratford, Listowel, Palmerston, Durham, Owen Sound, Wiarton, Goderich and Exeter, where he will open the self-denial campaign.

A number of ministers in St. Thomas have agreed to speak from their pulpits next Sunday on the work of the Salvation Army in foreign and Canadian mission fields. They will also ask the citizens to co-operate with the St. Thomas Kiwanis Club in the campaign for $5,000 for the self-denial fund. Brigadier Alex. Crichton, district commander, will speak at an open meeting in No. 1 Citadel in the Railroad City on Sunday.

STILL DISCOVERED IN WILMINGTON JAIL

Wilmington, Del., March 29.—A still was discovered today in the kitchen of the Newcastle workhouse. The warden smelled something suspicious, and an inspection found ten gallons of grape juice and corn cooking on the stove in the jail kitchen. Where the material came from is a mystery.

ST. RAILWAY STRIKE AGAIN ON HORIZON

Company Will Seek a New Agreement May First.

MEN DEMAND INCREASE

Absolutely Impossible to Live Properly On Present Wages, Is Claim.

That London will soon be facing another period of "walking to work" is practically assured by the statement made to The Advertiser this morning by Manager C. B. King of the London Street Railway Company, to the effect that "the company will not accede to the demands of the motormen and conductors for an increase of their pay to 52 cents an hour."

It is, according to officials of the men, equally certain that there will be no backing down by the men in their demand for an increase as presented to the company on Saturday last. They are at the present time in receipt of 48 cents an hour, plus any surplus that is made on the operation of the road.

The agreement under which the men accepted this figure rather than the 52 cents which they demanded at the time of their last strike expires on April 30, and their notice of a renewal of this demand was made last week in order to comply with the terms of the agreement that one month's notice of any change desired by either party to the agreement should be given to the other party by the one desiring the change.

The men claim that it is absolutely impossible for them to live properly on the 48 cents an hour rate and also that in giving this rate practically a year's trial, they have done their duty to the company and to the citizens.

Rumors that the company purposed notifying the men that it would be necessary to make a cut in the 48 cents pay that they are receiving, but that it was forestalled by the action of the men are current, but confirmation of it has not been obtained.

Obituary

DEATH OF MRS. KETTENHOFEN.

Mrs. Annie Kettenhofen, wife of Nicholas Kettenhofen, 648 York street, died Monday morning in St. Joseph's Hospital, after an illness of about three months.

Mrs. Kettenhofen was a resident of London for 30 years. Besides her husband she is survived by three sisters, Mrs. Owen Downey of London, Mrs. Michael O'Keefe of Lucan, Miss Rose McGrenery of New York city, and four brothers, William, Dominic, and James McGrenery of London, and Hugh McGrenery of Walkerville.

The funeral will be held Wednesday morning from the residence of her brother-in-law, Owen Downey, 331 Hill street. Requiem high mass will be sung in St. Mary's Church at 9 o'clock. Interment will be in St. Peter's Cemetery.

DEATH OF MRS. CLARK.

Mrs. Clark, wife of Frank Clark, 163 Clarence street, died on Monday, following an extended illness. The funeral will be held Wednesday afternoon to Woodland Cemetery.

CLAIM PROPOSED PLAN FOR TARIFF TAXATION IN U. S. IS UNFAIR

Washington, March 29.—Protests against that legislation agreed on by Republican leaders to provide for tariff taxation at United States instead of foreign valuations are being received by members of the Senate Finance and House Ways and Means Committee. That inequalities and injustices would result, especially to consumers of imported wares in the middle section of the United States is declared by business concerns objecting to the new valuation plan.

Those criticizing the United States valuation system, adopted to increase tariff returns and also, in effect, to raise tariff rates and provide more protection for United States industry contend that United States values of merchandise differ at Boston, New York, San Fransisco, New Orleans and other ports of entry and that no inflexible standards of valuation are feasible. The prices differences, it is contended, would be greater in the middle of the country because of the transportation distance from the seaboard.

Two hundred extra men will be employed by the C. P. R. in carrying out its regular maintenance of way work this year, according to local officials of that road. As the men will be employed at different points throughout the division, it is not likely that the action of the company will affect the labor situation in any one place materially. Among the 200 to be employed there will be several gangs of foreign track workers.

With the completion of several boarding cars, the construction of which is being rushed by the company, it is expected that the maintenance of way work will be started on or about April 1. The division has been awarded its annual allotment of 150,000 ties for the purpose of replacing worn ones. Twenty miles of the line will be re-ballasted.

MR. GILLEAN IMPROVED.

John Gillean, depot master of the G. T. R., who is confined to St. Joseph's Hospital, where he underwent an operation last week, was reported today to be feeling better. Mr. Gillean rested comfortably Monday night.

FIRST AID CLASS.

H. Call, general organizer of the first aid department of the G. T. R., will organize a class among the girl employees of the G. T. R. in this city. It is expected that while he is in this city he will give examinations to the two teams selected to try for the championship.

EASTER TRAFFIC.

After what was perhaps the heaviest Easter business in the history of the two local railroads, passenger traffic was reported to be almost back to normal today. Extra coaches, however, were still being hauled by practically every train. Officials of both the roads were unanimous in their belief that never before has so many people traveled at Easter time.

CUSTOMS AND INLAND REVENUE DEPTS. TO AMALGAMATE APRIL 1

But Little Change in Inland Revenue Department Is Contemplated.

The amalgamation of the customs and the inland revenues departments in London will become an accomplished fact on April 1.

On and after that date all customs ports and outports, and all inland revenue division offices and outoffices, shall be discontinued, and be superceded by ports and outports of customs and excise.

The inland revenue department will be taken over by the customs and excise, and the staff which is now employed by the inland revenue department will be employed by that department.

The offices in London which are being used by the inland revenue department on the second floor of the customs building, will be vacated and later on will probably be used by the customs department for the express and postal branches of the service, which are at present located in the Carling Block.

There will probably be little change in the inland revenue staff, which will be taken over by the customs and gradualy placed as requred.

The Government idea in amalgamating the two departments is to economize. In smaller places where there is only one collector of customs and one of inland revenue, it is likely that one only will be required, and in larger centres a big reduction will be made in the staffs.

The department is retiring a number of men who are advanced in years, both in ports and outports, and their places will gradually be filled from the available staffs.

THOMAS FURNITURE COMPANY ACQUIRES NEW PUBLICITY MAN

Mr. J. C. Rait, Brantford, Joins Staff of London's Progressive Furniture Store.

The Thomas Furniture Company announces the acquisition to their business personnel of J. C. Rait of Brantford, who assumes the management of the advertising and promotion department.

Mr. Rait comes to London and Thomas from The Arcade, Limited, of Brantford, where for the past several years he has directed the store's publicity. Previous to his Brantford appointment he was identified with The Home Furniture Carpet Company, A. Welsh & Son, of Toronto, and for a number of years had charge of the furniture department of Robinson & Co., Ltd., of Winnipeg. Mr. Rait is a thorough furniture man, having spent his entire life with the trade, and for the past ten years has directed his efforts to furniture advertising. He assumed his new duties with the Thomas Furniture Company Monday. b

City Briefs

FORD CARS RECOVERED.—Two Ford cars, which were stolen from in front of churches while the owners were attending services on Sunday evening, have been recovered by the police. They had been abandoned by joy-riders.

DETROITER TO SPEAK HERE.—Harry Ledyard, an eminent Detroit lawyer, is expected to address the Chamber of Comemrce on April 14, his subject being "Municipal Transportation."

TENDERS FOR FILTERS.—Tenders for the new filters to be installed at the Ridout street pumping station for the elimination of iron from the city water will be dealt with by the public utilities commission at its next regular meeting on Thursday week, April 7.

TENDERS FOR ASPHALT.

Five tenders for 1,500 tons of asphalt were opened at a special meeting of No. 2 committee of the city council on Monday afternoon. They were referred to the city engineer for tabulation. The contract will be awarded at the regular meeting of the commitee tonight.

INCOME TAX RETURNS.—Inspector of Taxes George Tambling and his staff are having a busy time dealing with the returns. These returns are coming in very well, but it is well to remember that the last date for sending in Forms 13, 14 and 15 is on March 31. Form 13 is that which relates to trustees, executors and assignees; 14 is for employers' returns, and 15 is for dividends of corporations.

FIRE WATER PROVES COSTLY.—Edward Groat, an Indian from Brantford, secured a bottle of whiskey from a bootlegger on Bathurst street last night, he told Magistrate Graydon this morning. A local Indian helped him dispose of the liquor. Groat's admission brought him the option of paying $200 or spending three months in jail. His friend was fined $10 and costs for getting intoxicated.

BUDGET COMMITTEE OF U. W. F.—The budget committee of the United Welfare Fund is to have a meeting in the chamber of commerce on Thursday afternoon to consider the budgets submitted by the various organizations who are eligible. The chairman of this committee is A. T. Little, and the other members are: Col. Claude Brown, J. G. Richter, Major T. J. Murphy, A. E. Silverwood, W. F. D. Jarvis, W. M. Spencer, J. K. McDermid and C. R. May.

READY FOR BUSINESS.—Next week will probably see London motorcycle policemen on the streets, Chief Robert Birrell stated today. A number of agents of motorcycles will give demonstrations of various machines this week. The patrol is in good running condition again and the new touring car has proved to be very satisfactory, it being able to attain 50 miles an hour on a hill near St. Johns.

ONE MAN'S OBJECTION OVERRIDES COUNCIL

Proposed Change in Municipal Act Goes to Regular Meeting.

Because one alderman objected, an attempt to secure the consent of the city council to a change in the municipal act, preventing aldermen from being members of other commissions, failed today. Immediately after the adjournment of the special meeting at noon, at which gas and street railway matters were discussed, Ald. Bridge asked permission to introduce the matter of the proposed change.

Ald. Harley, presiding, ruled that this could not be done as the meeting had been called for a special purpose, but he would permit it if the council unanimously approved. Ald. Ashton would not consent, and the question will have to wait for a regular meeting.

If the change is made, Ald. Bridge and Ald. Cameron Wilson, who are members of the London Railway Commission, will have to be replaced by private citizens.

STANDARD STOCK EXCHANGE.

Toronto, March 29.—There was no great accumulation of orders over the extended Easter holidays, and business this morning was quiet on the local mining exchange, some 30,000 shares changing hands. Weakness developed in the gold stocks, Keora selling off 1½ points to 14½c. McIntyre lost 1c at $1 95, Dome Mines 25c on an odd lot transaction, and Gold Reef a small fraction. Holly was steady at $6 90, while V. UN. T. advanced ½c to 21. Silver stocks were virtually ignored.

[Special to The Advertiser.]

Toronto, March 29.—Mornin sales: Dome Extension, 2000 at 60; Dome, 17 at 18.00, 120 at 18.25; Gold Reef, 2000 at 3⅝, 3000 at 3¾; Holly, 200 at 689, 350 at 690; Keora, 2000 at 14½, 2000 at 16; Atlas, 100 at 17; Lake Shore, 200 at 114; L'Oro, 800 at 30; McIntyre, 300 at 195, 1100 at 196; V. N. T., 1250 at 20½, 5000 at 21; Skead, 500 at 52; West Tree, 300 at 6; Nipissing, 200 at 870, 10 at 875; Trethewey, 1000 at 14½. Total sales, 29,447 shares.

TORONTO STOCK EXCHANGE.

Toronto, March 29.—Transactions on the stock exchange this morning, with the exception of Victory bonds, were light and generally uninteresting, prices in the main being practically unchanged from those registered in the session prior to the Easter recess. Abitibi was the only stock to record a substantial price fluctuation, declining to 39½. This issue was fairly active, and no support was forthcoming. C. P. R. lost almost a point at 129⅛. Steel of Canada continued to sag, while Riordon lost a fraction at 109⅞.

ALDERMEN OPPOSE

the price of gas—any legislation that would grant a temporary increase until the necessity of it was proved by auditors or competent experts—

This point, however, made little difference as it was a thing of the past. The business before the committee was the motion introduced by Ald. Wenige. He favored the first two clauses, but was opposed to the third. No permanent increase should be given the company in the face of falling costs, but to demand the refunding of the service charges was unfair, he claimed. The city's own auditors had declared that $1.35 was a fair price for gas when they examined the company's books last year. The company had not made money and the people were not entitled to gas at less than cost.

Wilson Objects.

"It was collected illegally," Ald. Cameron Wilson objected. "That doesn't make any difference," Ald. Bridge replied. "We consented to the increased price by the very fact that we didn't oppose it, and we have no right to encourage the citizens in the belief that they are entitled to their money back. No person had ever said that the charge wasn't illegal, but it was the only way open to get an increase, which the council tacitly admitted was necessary. If they had not believed it necessary they could have secured an injunction from the Ontario Railway and Municipal Board quite as easily as the high cost of living committee did."

Ald. W. A. Wilson said the city did not want gas at less than cost. He believed the gas company should have a fair dividend and that after that the citizens should have the whole benefit. He had paid his service charges without any thought of getting them back. He thought the Government should have a competent board to investigate matters of this kind.

An Amendment.

Ald. Bridge moved an amendment that the third clause of the motion, relating to the return of the service charges, be struck out. This was not supported. On motion of Ald. Cameron Wilson, a rider was added to the second clause, whereby the city will not incur any of the expense of auditing the company's books.

The motion opposing the McCrea bill was moved by Ald. Watt and Cameron Wilson. Ald. Ashton thought the railway board should have power to increase fares while it was operating a road, but not to give an increase to a private company. The board could give final decision in other matters, he pointed out.

FUNERAL OF JOHN COLLIER.

The funeral of John A. Collier, who died last Thursday at his home in London Township, was held Monday morning to St. Patrick's Church. Rev. Father Wylie sang requiem high mass and also officiated at the grave. Interment was made in St. Peter's Cemetery. The pallbearers were W. Barrie, James Murray, W. Regan, J. O'Bier, G. Belton and J. O'Brien.

CANNOT FIND GUNMEN.—Gunmen, who held up T. N. Sumner on Waterloo street on Saturday night, have not been found. It is thought that they are men who make a practice of riding freight trains, and that they are miles away at this time.

ADVISES PANAMA TO ACCEPT WHITE AWARD

Panama, March 29.—Refusal on the part of Panama to accept the decision of Chief Justice White of the United States supreme court fixing the boundary between this country and Costa Rica might lead to serious consequences for Panama, declared the message of President Porras which was read yesterday before the extraordinary session of the National Assembly. President Porras asserted that non-acceptance of the White award would result in the United States withdrawing her friendly offices, which recently ended hostilities with Costa Rica and that warfare would be resumed. He declared that Costa Rica would receive arms and support from other Central American republics, while Panama would be without means of defence. A committee of seven deputies was named for the purpose of studying the note to the Panaman Government from the United States secretary of state which suggested the acceptance of the White award.

MINT LEAGUE SEASON TO OPEN ON MAY 10

Flint, Mich., March 29.—The Michigan-Ontario League has adopted a 120-game schedule, the season to open May 10, and close Labor Day. Port Huron will replace Battle Creek this year. The Canadian membership remains unchanged.

TWO ARE KILLED IN ITALIAN DISORDERS

Alexandria, Italy, March 29.—Two persons were killed and several were injured in fighting between Nationalists and Socialists here last night. The police have restored order, and have made a number of arrests.

GREEK PRINCE CATCHES MUMPS FROM BRIDE

Athens, March 29.—Crown Prince George is ill with the mumps, which he caught from his bride, former Princess Elizabeth of Rumania who has been ill from this disease for the last few days.

MASSES FOR CARDINAL CONTINUE.

Baltimore, Md., March 29.—Members of the different Catholic religious orders, male and female, filled the cathedral this morning at the second of the series of special requiem masses for the repose of the soul of Cardinal Gibbons who died last Thursday. After the services the public resumed its slow march past the cardinal's bier.

The National Federation of Ukrainian Jews to America, in convention here, adopted resolutions of sympathy "to the people of Baltimore and all who mourn the passing of his eminence."

CONSIDERING WAGE REDUCTION.

Ottawa, March 29.—The Riordan Pulp and Paper Company, of which the Gatineau Company, Limited, is a subsidiary, has not yet decided on whether there is to be any reduction in the wages of its employees as affecting the plants formerly owned by W. C. Edwards & Co. at Rockland and Ottawa and that of the Gilmour and Hughson Company at Hull. Announcement to this effect was made last night by an executive officer of the Riordan Pulp and Paper Company.

COMPLAINTS JUSTIFIED.

London, March 29.—(Canadian Associated Press).—The postoffice authorities here admit that the Canadian complaints regarding delays in the transatlantic mail service are justified, but declare that only the magazine post is affected. The authorities explained that magazines can only be sent by steamers sailing direct to Canada at intervals of sometimes longer than a week, but that letters are frequently dispatched to Canada via New York when that course avoids delay.

GRANGE IS OPPOSED TO DAYLIGHT SAVING

ST. THOMAS, March 28.—The Elgin County division of the Dominion Grange is opposed to daylight saving, and the members are not unfavorable to an eight-hour day. At the annual session these questions were discussed, and the members will sign a petition to have an office of the district agricultural representative, Mr. Buchanan, removed from Dutton to St. Thomas, as the most central to the farmers throughout the county.

The officers chosen were: Worthy master, Arnold McCallum, Glasworth; worthy overseer, Harry Palmer, Port Stanley; secretary-treasurer, Hattie Robinson; assistant, Clara Humphrey; lecturer, W. E. Leeson, Aylmer; chaplain, Charles Saywell; steward, Orrie Lounsberry; assistant, Murray Roberts; stewardess, Flossie Monroe; gatekeeper, W. E. Wardell; executive committee, Mrs. Frank Barnard, Dora Dolman and Mrs. George Campbell; delegate to the salt company, in June, W. F. Wardell.

COMMITTEE HAD A LIGHT SESSION

Only Routine Business Was Considered by Members Last Night.

ST. THOMAS, March 28.—Other than routine business, No. 3 committee had little to do tonight. The fire chief reported seven calls during the month. The only damage done was that in the fire at the residence of Mr. Campbell, Gas street, amounting to $203, covered by insurance.

The application of W. N. Beckett to change the store front to that of a dwelling house was allowed. The property is situated at 11 Queen street.

The property owners fronting on the alley running from Southwick to Hincks street asked that the surface be paved with brick or concrete, and that the city assume its proportion of cost, was favored by the committee.

The city engineer was instructed to procure prices and samples of cloth for a dozen uniforms for the firemen. Blue or grey material was favored.

"You Are Working Too Hard, John"

"WELL, I cannot help that. I am trying to figure out how the business is going to pull through and meet the liabilities with prices falling the way they have been lately."

"But, John, if anything happens to the business your health will be more necessary to you than ever, and you cannot afford to take chances of putting such a strain on your nerves. You are looking so worried and nervous, and you do not half sleep."

"What am I to do? You know I have got to keep plugging along and try to see things through."

"One thing you can do is to begin a treatment of Dr. Chase's Nerve Food. You know how well that brought me around when my nerves gave out and I was so miserable."

Mr. Charles E. How, R. R. No. 5, Aylmer, Ont., writes:

"My system became generally run down, and I suffered from dull, heavy headaches. I was nervous, could not sleep at night, and my muscles used to twitch. My appetite became poor. I had indigestion and weak spells. I consulted a doctor, who gave me a tonic, but it did no good. I used other remedies, too, before finally trying Dr. Chase's Nerve Food. I found that this did me more good than anything I had ever taken."

Regulations for Taking the Vote on April 18

THE Parliament of Canada has recently passed a bill regulating the taking of the vote on the Referendum in Ontario on April 18. The points to remember are as follows:

1. Every British subject by birth or naturalization, man or woman, resident in the Dominion of Canada one year previous to February 1, 1921, and resident in the *Province of Ontario* for two months previous to same date, is entitled to vote, unless otherwise disqualified.
2. Voters' Lists used in the last provincial referendum are the lists to be used in this Referendum, subject to revision. Every voter in an urban polling division must be on the list, and will presumably be on the list only in the division in which he resides.
3. In incorporated cities and towns of 1,000 population or over, arrangements will be made for receiving applications from any who are not now on the list on March 29 to April 4 inclusive—except Sunday—when for six clear days officers will sit to receive such applications.
4. In rural polling divisions the voter must be either on the list or be put upon it as a resident and be vouched for as such by another resident.
5. Both affirmative and negative sides have the right to select scrutineers.
6. Women have the right to vote.

80-MILE GALE HITS NEW YORK, KILLING TWO

Temperature Changes From 78 to 37 in a Short Time.

NEW YORK, March 28.—An eighty-mile gale swooping down on New York late this afternoon tore off roofs, uprooted trees, caused accidents which have resulted in at least two deaths and brought a touch of real winter. The wind was accompanied by a drop in temperature from 78 at 2 p.m. to 37 degrees at 10 o'clock, with indications of a further drop to 30 degrees by morning.

The weather bureau declared the gale to be mostly local in character, caused by the heat of yesterday and this morning, but partly of a general storm in the east. While not officially recognized as a hurricane, persons in the sections to the north of the city declared they saw a small funnel-shaped cloud moving away before a squall. Reports from Plainfield, N. J., declare a hurricane cut a half mile path through the western part of that town.

Dropped Rapidly.

The temperature dropped rapidly with a heavy downfall of rain coming on the heels of the squall. Later in the evening it turned into sleet and hail.

The deaths reported were those of a Brooklyn child playing in a frame structure once used as a motion picture house and an unidentifiefid woman struck by an automobile. The picture house collapsed when what spectators described as a "whirling cloud" struck it and reduced it to a pile of debris. Firemen worked three hours before the child's body was recovered.

Pinned Under Auto.

The woman was found pinned under the rear wheel of a heavy automobile, and the police believe she walked into it while temporarily blinded by the storm. She was instantly killed.

Brooklyn was struck hardest by the wind, and it was there the greater part of the damage was done. The walls of a synagogue under constructno in Flatbush were blown to the ground.

Reports from Somerville, N. J., told of the wrecking of a building sixty feet high. The structure was almost razed to the ground, and bricks were blown considerable distances.

A number of minor accidents from flying objects were reported and several persons were struck by automobiles unseen in the flying dust and rain.

BIG LAKE BOATS ARE BEING REPAIRED

GODERICH, March 28.—A gang of 40 men is now working on the steamers in the harbor here, repairing and fitting them up for the coming season. The most extensive repairs are being done to the steamers Martian and Midland King.

The engineers have all arrived, and if all the necessary repairs are completed in time navigation may open about April 5.

The annual excursion of the steamer Greyhound, which runs from Detroit every season, is announced for June 13.

ALFONSO IS MUCH BETTER.

MADRID, March 28.—King Alfonso is entirely recovered from his recent indisposition and held a conference with his ministers relative to the reopening of Parliament.

TAKE CARE OF THAT COUGH

Some people get a nasty cough and don't pay much attention to it, saying: "Oh, it will wear away in a short time," but while it may wear off, serious injury may have been done to the lungs and respiratory organs by the prolonged, harsh, racking coughing.

On the first sign of a cough or cold get a bottle of Dr. Wood's Norway Pine Syrup. It will stop that nasty, troublesome cough, ease the tightness across the chest, and loosen the phlegm.

Mrs. Wm. Earnshaw, Apsley, Ont., writes: "Last winter I caught a bad cold, had a sore throat and a terrible hacking cough that I could not get rid of. I could not sleep at night. I tried quite a few remedies, but they did not do me much good until I got Dr. Wood's Norway Pine Syrup. By the time I had taken two bottles, my cough was all gone. I feel that 'Dr. Wood's' has no equal."

When you get Dr. Wood's Norway Pine Syrup, you are not experimenting with new and untried remedy, but one that has a reputation extending over thirty years.

Put up in a yellow wrapper; three pine trees the trade mark; price 35c and 60c a bottle, manufactured only by The T. Milburn Company, Limited, Toronto, Ont.

IF BACK HURTS BEGIN ON SALTS

Flush your kidneys occasionally if you eat meat regularly.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which clogs the kidney pores, so they sluggishly filter or strain only part of the waste and poisons from the blood, then you get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, constipation, dizziness, sleeplessness, bladder disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, get about four ounces of Jad Salts from any reliable pharmacy and take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia and has been used for generations to flush clogged kidneys and stimulate them to activity, also to neutralize the acids in urine, so it no longer causes irritation, thus ending bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which all regular meat eaters should take now and then to keep the kidneys clean and the blood pure, thereby avoiding serious kidney complications.

LABOR REFUSES TO AFFILIATE WITH LENINE

Proposal of Extremists Turned Down by a Huge Majority.

VOTE WAS 521 TO 97

Minority May Secede From the Party and Take Own Course.

SOUTHPORT, England, March 28.—The Independent Labor party, in conference here today, rejected by an overwhelming majority a proposal to accept Lenine's 21 conditions for affiliation with the Third Internationale of Moscow. The minority report favored acceptance and this element may secede from the party.

The Independent Labor party has for the second time in succession defeated the extremist section, wishing to affiliate with the Third Internationale. Fifty branches of the party supported the Moscow conditions, and there were some stormy incidents at the convention, but when the decision was a card vote the Moscow proposal was defeated, 521 to 97.

May Be Significant.

The Independent Labor party is the extreme wing of the Labor party, and today's vote is interesting in connection with Mr. Lloyd George's speech on March 23, accusing the Labor party of revolutionary proclivities. This speech has been the subject of much excited criticism, and on the Labor side has been interpreted as preparing the ground for a general election, and indicating that the prime minister has resolved to throw in his lot with the Unionist party and become its titular leader.

It was reported today that some of the prime minister's close friends had represented to him the indiscretion of his speech, in view of the heavy polls the Labor party had recently achieved at a by-election, and urged him to endeavor to explain it away.

May Cause Split.

The indications are that today's vote will lead to a split in the Independent Labor party. The group favoring Moscow met here tonight to discuss the situation, and, it is understood, resolved to secede from the party unless the conference decides tomorrow to remain outside the Second Internationale. There will probably be consultations with the local branches, however, before the final decision.

Among the incidents at the conference was an attack on Mrs. Philip Snowden, the militant suffragette, owing to her denunciation of Bolshevism after her visit to Russia. But on the card she was nominated to represent the Independent Labor party on the executive of the National Labor party by a vote of 235 to 191.

Former Tilbury Woman, Mother of Sixteen, Admits Desertion.

[Special to The Advertiser.]

DETROIT, March 28.—Peter Brusseau, aged 69, who spent most of his life on a farm at Tilbury, Ont., but who is now selling coal in Detroit, was granted a divorce by Judge Goff today from the wife he married in 1875, and who bore him 16 children.

Brusseau charged desertion, which has continued since 1907.

Mrs. Brusseau, 63 years old, whose appearance showed the result of years of hard labor on the farm, made no denial of her husband's charge of desertion. She admitted she left him in 1907 and remained away. She also told of two previous desertions, but said she came back for the sake of the children.

Mrs. Brusseau charged that her husband whipped her many times, and had driven her from home more than once, compelling her to sleep in the fields. She denied her husband's charge that she had attacked him.

Mrs. Brusseau also charged non-support, claiming her husband had dissipated his earnings, and when she attempted to raise a garden to aid her children he turned cattle on it and it was destroyed.

Brusseau was granted a divorce on the understanding that he give his wife two-thirds of the cash he has in a Canadian bank.

WILL BE GASSED WHILE ASLEEP

Hanging and Shooting of Condemned Men To Be Abolished.

CARSON CITY, Nevada, March 28.—A bill providing for the use of lethal gas in executing the death penalty in Nevada was signed here today by Governor Boyle.

Signing of the bill abolishes other forms of capital punishment in the state. Hitherto, condemned men had the choice between hanging or shooting.

Nevada is believed to be the first state to make gas the means of capital punishment.

Under the new law the death warrant must designate a week within which the execution must take place. This week must be not less than sixty nor more than ninety days after the date of the judgment

The law calls for a suitable cell for inflicting the penalty where gas is used, and provides that the warden, a competent physician and six other citizens must witness the execution.

The bill gives no details concerning the cell, but sponsors for the bill said it was understood that it was intended that it should be air tight, fitted with windows of thick glass and equipped with valves to admit air.

It was planned that when the condemned man should be asleep the air valves would be closed and others, admitting lethal gas, be opened, life being taken without the prisoner's awakening.

Cold Dip Caused $11,000,000 Loss

Fruit Crop Ruined in Oklahoma by Freezing Temperatures.

OKLAHOMA CITY, Okla., March 28.—Oklahoma sustained a loss of approximately $11,000,000 when 75 per cent of the fruit crop of the state was ruined last night by freezing temperature.

KILLED BY BASEBALL BAT.

BLACKSBURG, Va., March 28.—Lawrence G. Sumner of Norfolk, a student at the Virginia Polytechnic Institute, was almost instantly killed here yesterday afternoon, when a baseball bat slipped from the hands of his friend and classmate, Otis Forbes, and struck him above the heart.

TORPID LIVER

FOR OVER FOUR MONTHS

The duty of the liver is to prepare and secrete bile and serve as a filter to the blood, cleansing it of all impurities and poisons.

When the liver becomes lazy, slow or torpid it is not working properly, and does not supply sufficient bile to thoroughly act on the bowels and carry off the waste products of the system, hence the bowels become clogged up, the bile gets into the blood, constipation sets in and liver troubles follow.

Milburn's Laxa-Liver Pills quickly remove the secretions, clear away the waste and effete matter by acting directly on the liver, and making the bile pass through the bowels instead of allowing it to get into the blood, and cause so many troubles.

Mrs. Alice Mehill, Napanee, Ont., writes: "I was very badly run down, and had a torpid liver for four months. I tried several remedies, but got no relief. One day my husband brought me home a vial of Milburn's Laxa-Liver Pills, and before I had used half of it I was much better. I only used two vials, and I am a different person today. I can safely recommend Laxa-Liver Pills to any one troubled with liver trouble."

Milburn's Laxa-Liver Pills are 25c a vial at all dealers or mailed direct on receipt of price by The T. Milburn Company, Limited, Toronto, Ont.

Taste *Real* Raisin Bread

and you'll want it ever after

Go to the right dealers and get real raisin bread—bread that's *filled* with luscious raisins—delicious, nourishing. Or bake a loaf at home according to the recipe below.

Once try real Sun-Maid Raisin Bread and you'll be particular thereafter to have the bread that's full of raisins.

Bread filled with raisins brings you natural iron for the blood, and that means rosier cheeks. Iron helps to make healthy men, and pretty women.

The blood needs little new iron daily, but that need is vitally important. Insure your *full* supply of iron by eating raisins every day. Every first-class baker has this bread.

SUN-MAID RAISINS

Real Sun-Maid Raisin Bread is made with Sun-Maid Raisins—California's finest. They are tender, meaty, luscious, fruit-meat, a natural and incomparable confection.

Packed in California in a glass-walled, sun-lighted plant by immaculate methods.

Clean, sweet, wholesome, American* raisins—the kind you know are *good.

Three varieties at all dealers: Sun-Maid Seeded (seeds removed); Sun-Maid Seedless (grown without seeds); Sun-Maid Clusters (on the stem). Insist upon the Sun-Maid brand.

MAY REDUCE WAGES.

MONTREAL, March 28.—J. W. Norcross, president of the Canada Steamships Company today refused to confirm a rumor that his company was about to announce a thirty per cent reduction in wages. He would not say that the report was entirely false, but it was as yet too early in the season to state what policy would be followed.

NO FEAR NOW OF INDIGESTION

A Host of People Seem To Thrive on What Used To Provoke Indigestion Before They Learned of Stuart's Dyspepsia Tablets.

When the stomach becomes sour, with gassiness and heartburn due to indigestion or dyspepsia relief may be had by one or two Stuart's Dyspepsia Tablets. Simply chew them, no hot water nor any other fillers for a stomach perhaps already too much overcrowded.

These tablets supply to the stomach the alkaline effect which is what relieves the sour acid condition. They also contain pancreatin to help digest the starchy foods such as potatoes, rice, oatmeal, white flour, etc.

Get a 60-cent box of Stuart's Dyspepsia Tablets, have them on hand at all times and thus have no fear of indigestion or dyspepsia.

The fact that these tablets are on sale everywhere in the United States and Canada shows how generally recognized they are as an efficient id when the dyspeptic stomach needs a little help.

TELLS DYSPEPTICS WHAT TO EAT

Avoid Indigestion, Sour Acid Stomach, Heartburn, Gas on Stomach, Etc.

Indigestion and practically all forms of stomach trouble, say medical authorities, are due nine times out of ten to an excess of hydrochloric acid in the stomach. Chronic "acid stomach" is exceedingly dangerous and sufferers should do either one of two things.

Either they can go on a limited and often disagreeable diet, avoiding foods that disagree with them, that irritate the stomach and lead to excess acid secretion, or they can eat as they please in reason, and make it a practice to counteract the effect of the harmful acid and prevent the formation of gas, sourness or premature fermentation by the use of a little Bisurated Magnesia at their meals.

There is probably no better, safer or more reliable stomach antiacid than Bisurated Magnesia, and it is widely used for this purpose. It has no direct action on the stomach, and is not a digestant. But a teaspoonful of the powder or a couple of five grain tablets taken in a little water with the food, will neutralize the excess acidity which may be present and prevent its further formation. This removes the whole cause of the trouble, and the meal digests naturally and healthfully without need of pepsin pills or artificial digestants.

Get a few ounces of Bisurated Magnesia from any reliable druggist. Ask for either powder or tablets. It never comes as a liquid, milk or citrate, and in the bisurated form is not a laxative. Try this plan and eat what you want at your next meal and see if this isn't the best advice you ever had on "what to eat."—Advt.

CLEAN SPORTS ARE IMPORTANT TO COMMUNITY

Strong Pleas For Encouragement At Big Educational Conference.

TORONTO, March 28.—Urging the importance of clean amateur sport, not only to young men and women, but to the community and the state, Rev. D. Bruce MacDonell, principal of St. Andrew's College, Toronto, and president of the Canadian Amateur Athletic Association, and Major-General Sir A. C. MacDonell, K.C.B., commandant of the Royal Military College, Kingston, Ontario, addressed the opening gathering of the Ontario Educational Association at its first annual convention in Convocation Hall here tonight. Both speakers were frequently applauded, and their advocacy of the encouragement of sports by school teachers was sympathetically received. Both speakers deprecated commercialized sport.

An Important Factor.

Rev. Mr. MacDonald took the ground that clean amateur sport was necessary for the sanity and general well-being of the main body of citizens, and was as necessary for adults as for the young. He emphasized the importance of personal participation in sports, not merely being spectators and cheering others on. He advocated laws which would give all citizens time to have spare hours to be devoted to sport, not only in the urban districts, but also in the rural sections. Sport, he said, should not be regarded merely from the standpoint of winning, but for the self-sacrifice, self-command and sense of fair-play which it developed. Mr. MacDonald advocated establishing as many community recreation centres as possible.

Makes Better Men.

Major-General MacDonell, whose attitude toward sport was similar to that of Rev. Mr. MacDonald, cited his army experience as showing that sport tended to make for better manhood, cleaner living and a greater call for fair-play. In speaking against professional sport, as Rev. Mr. MacDonald had done, General MacDonell said that putting a score or more players in the field, with a thousand onlookers, was the reverse of his idea of sport. This had been the case at the Royal Military College, he said, but because it was not his idea of sport he insisted that instead of a score of men participating in the games while a few hundred students gathered at the sidelines to watch them, all should take part in the games. He believed the results were good for the students.

Regrets Scrapping.

General MacDonell said he did not object to baseball, but he regretted the spirit which appeared to rule the game. His view that it was not the sport ideal, he said, was based upon the frequency with which the players disputed the decisions of the umpires, instead of accepting them as true sportsmen should.

Held Birthday Banquet.

In celebration of the Ontario Library Association, coming of age, a banquet was held at the Central Young Men's Christian Association here tonight, when about 250 representatives of libraries in every district in the province were present. A "birthday cake" crowned with twenty-one lighted candles, was a feature of the banquet tables. W. J. Robertson, St. Catharines, presided.

"Library Work as a Profession," was the subject of Miss B. Mabel Dunham, B. C., Kitchener, president of the association, who said that library work was a profession particularly suited to women, and was in the same class as teaching.

Dr. Frank P. Hill, chief librarian of Brooklyn, N. Y., spoke on "The Librarian's Relation to the Board of Trustees, and the Trustees' Part in the Administration of the Library."

SHE DARKENED HER GREY HAIR

Tells How She Did It With a Home-Made Remedy.

Mrs. E. H. Boots, a well-known resident of Buchanan County, Ia., who darkened her grey hair, made the following statement:

"Any lady or gentleman can darken their grey or faded hair, and make it soft and glossy with this simple remedy, which they can mix at home. To half a pint of water add 1 ounce of bay rum, one small box of Orlex Compound and ¼ ounce of glycerine. These ingredients can be purchased at any drug store at very little cost. Apply to the hair every other day until the grey hair is darkened sufficiently. It does not color the scalp; is not greasy and does not rub off. It will make a grey-haired person look 20 years younger."—Advt.

Seized $300,000 Worth of Liquor

Prohibition Agents Make Biggest Raid Yet in New York.

NEW YORK, March 28.—Liquors valued at $300,000 were seized by prohibition agents here today in what was described by them as the biggest raid here since the Volstead enforcement act went into effect. The largest haul resulted in the Bowery warehouse of the Menorah Wine Company, where 2,500 cases of wine, each containing three gallons, and 500 barrels of wine, each containing 52 gallons, were confiscated.

Ernest S. Langley, chief prohibition enforcement officer, who conducted the raid, assisted by three members of his staff, estimated the present value of the liquor at $250,000. Earlier in the day the same agents visited five other places where they confiscated wines and whiskey valued at $50,000.

CAT HAS SIX FEET.

KINGSGTON, March 28.—E. Farmer of this city possesses a maltese cat which has six feet, with a total of 28 toes or claws. The two extra feet are in front, and the kitten, which in every other way is normal, seems to use them as easily as if six feet were the natural complement of every well-regulated feline.

ARE BOLSHEVIKI TO BLAME FOR GERMAN REVOLTS

Wholesale Arrests Are Being Made by the Police.

TROUBLE IS NOT OVER

Considerable Anxiety in Official Circles Regarding the Situation.

HALLE, Germany, March 28.—Eisleben is quiet and the town is under control of the police. Reports from Bitterfeld say the authorities have suppressed the revolt. The only fighting has been near Sangerhausen, where a workmen's armored train was held up and an engagement ensued, a few men being killed or wounded.

The workmen still have the upper hand in Leuna, the police showing no intention to attack them for fear that the big factories will be blown up, which the workmen threaten. At Halle the situation is quiet, this, according to the police, being due to postponement of the communist plans, which provided for the capture of surrounding towns first. The intention then was to march on Halle and gain control of the strategic and industrial centre of the whole province.

Police Are Nervous.

The police are not yet ready to say that the Communist movement has failed and are still nervous over the outlook. But conditions are such that it is generally believed the police are in a position to enforce the law.

Later in the day Halle was cut off virtually from every line of communication except to Berlin by the police, who instituted rigorous control of all activities in an effort to check agitation by alleged Russian Bolsheviki who, they say, are numerous here. No telephoning was permitted except in German. The streets were ordered cleared by nine in the evening, and no vehicles were permitted to go beyond the city limits.

Wholesale Arrests.

Congregation in the streets of more than three persons was forbidden, and there were wholesale arrests of suspects. The Associated Press correspondent and two other United States reporters and one Englishman, who had been frequently investigated, were placed under arrest for the second time, while entering the security police administration headquarters, where they had been a number of times, sent to district police headquarters under guard and examined for three hours.

The papers of the newspapermen were scrutinized for suspected forgeries, their speech was examined for signs of the Russian accent, and their opinions were solicited to determine if they had radical sympathies. When they entered the room, conversing in English, a resplendently uniformed sergeant with a monocle, closely clipped hair and upturned mustache, called out sternly: "Speak German here."

Were Examined.

The correspondents, paying no attention to this order, a young officer appeared and said: "Follow me."

"Who are you?" was asked, and he replied, tapping his chest:

"Here I am; follow me."

The correspondents followed, and were subjected to a cross-examination regarding other newspapermen who were reported to have made Bolshevist speeches. Finally they were permitted to proceed on their way when the German authorities were convinced they had no intention to act as agents of the enemy, and that they were not Bolshevik propagandists.

Another arrest occurred as the correspondents were calling on a communist leader and caused a long harangue, during which the police authorities attacked the British press as partly responsible for the present situation here, because of its anti-army attitude. Strangers are shadowed at every move, and the police are in possession of the minutest details concerning every visitor.

FIRE SWEEPS CAPREOL TOWN

Business Section in Ashes and Loss Is $60,000.

CAPREOL, Ont., March 28.—Fire destroyed a part of the business section of Capreol this morning, the total loss being estimated at about $60,000. The fire started in Sisson's general store, which was destroyed, the building being valued at $10,000, and the stock at $15,000. Other buildings burned were: Windsor Cafe, W. B. Reid's hardware store, Frank Drago's shoe store, Miss MacDonald's candy shop, and a haberdashery store adjoining. The Windsor Cafe was valued at $3,000, Reid's hardware stock at $6,000, and the building, owned by James Wilson, at $8,000. The other losses ranged from $500 to $2,000.

A high wind during the fire made the task of the firemen difficult and dangerous. Explosions of gasoline tanks and cartridges in Reid's hardware store added to the firemen's danger.

HAMILTON FIRM TO PRODUCE PHOTO PLAYS

HAMILTON, March 28.—A company has been organized to produce photoplays here for distribution throughout the British Empire. The company has taken out a Dominion charter, and is capitalized at $1,500,000. Among those named in connection with the proposed local film industry are Gerald McTergua and John Churchill, Montreal, and Will C. Smith, St. John, N. B. Several American financiers are said to be interested.

FORD SAYS WORST HAS BEEN PASSED

DETROIT, March 28.—Belief that the trend of industry definitely is upward was reiterated here today by Henry Ford. "Indications everywhere are manifest," he added, "that the bottom of the business depression has been reached and passed." He predicted the Ford Company shortly would be opening on a full-time production basis. Orders for April, he said, aggregated nearly 90,000, or 10,000 more than those for the month just closing.

FINANCIER SUICIDES.

HAVANA, March 28.—Joseph Lopez Rodriguez, a leading financier and multimillionaire, committed suicide at his home here today by hanging. Senor Rodriguez was credited with having been a heavy loser as the result of the financial crisis in Cuba.

DECLARES RUSSIA WILL NOT GIVE UP COMMUNISM

Soviet Minister Renews Efforts To Trade With United States.

HELSINGFORS, March 28.—Regardless of the rebuff administered by the United States State Department in its recent communication on the subject, the Russian Soviet Government will probably continue its efforts for trade with the United States, Jaan Antonovich Behrsin, Soviet minister to Finland, told the Associated Press today.

"Other efforts undoubtedly will be made," said M. Behrsin, "most likely through United States business concerns, to which we are ready to grant concession, while, of course, Soviet Russia is undoubtedly ready to make new overtures at any time the United States Government sees fit to change its viewpoint towards us.

"But one thing is certain, despite all newspaper reports to the contrary, Russia will not give up communism and revert to the principle of private property.

"In brief, our situation is this: We have now for the first time peace with our neighbors, and have things well in hand at home. Our government is willing to become a capitalistic concern itself in order to maintain communism within its borders. As a government, it will deal with foreign concerns, granting and guaranteeing concessions, but the results of these deals in produce necessary for our people will continue to be distributed communistically by our government.

"The peasants now have and for some time have had a more or less free opportunity to trade through the cooperatives, the communes, etc., but as for reopening the middlemen's business and the shops of individual profiteers that is impossible, as we will not surrender the main principle of communism."

THE PACT WITH RUSSIA.

The Anglo-Russian trade treaty may prove the first step to political recognition of the Lenine-Trotzky regime. Armed intervention and non-intercourse having both failed to affect the standing of the Bolshevik rulers, the new agreement may be taken as indicating that they are [illegible]ty firmly seated in power.

[illegible]here was a lot of protest in the British Commons when the trade treaty was presented. It is hard, no doubt, to think of having trade relations with such a treacherous pair as Lenine and Trotzky. However, the trade treaty includes an agreement on each side to cease propaganda against the other party.

Lloyd George, no doubt, recognizes that whatever some of his followers may think of Russia, the country remains there, a great mass of people, stagnant in their trade since no one would trade with them, and needing almost every article of manufacture since their own manufacturing plants have been closed. They, on the other hand, have considerable stores of some raw materials that Britain needs. May there not be real gain in resuming trade? A famished man is not brought to saner mind by being denied food, yet that is what some of Lloyd George's critics urged.

GREEKS VS. TURKS.

When one looks into the Greek-Turco question it is readily seen that Greece could take no other course than the present drive against Kemal and his Nationalist army. Greece stood to lose Smyrna, and a large part of Thrace, had she remained quiescent under the proposed settlement of the question by the Allies. Had this gone through, much of what Greece had won in Asia Minor would have been lost. The great offensive which is now under way takes the form of a double-barreled advance. From the shores of the Sea of Marmora the Greeks are pushing on toward Eski-Shehr, junction of the Bagdad Railroad with the branch line leading to Angora; from Smyrna another army is attacking toward Afiun-Kara Hissar, where the railroad from Smyrna meets the main line to Bagdad.

This operation, if successful, will cut off the Turkish troops in Cicilia from co-operating with Kemal's main forces. It is estimated that the Greek forces number 160,000 to the Turks' 90,000, but as it is likely that Kemal will resort to guerilla fighting, to which the country is admirably suited, the Greek commander will require every man he can get. The sympathy of the world generally will be with the Greeks. The attempt of Constantine to turn Greece into the kaiser's ranks is, of course, not forgotten, but it is felt that this will be atoned for if the Turk can once for all be driven from Europe and so cooped up into Asia Minor as to be helpless for further crimes. Greece in warring on the Turk is fighting not only for its own safety, but in the interests of Christian humanity.

THE RETIREMENT OF JUDGE COULTER.

Sir William Blackstone said of the British navy: "The royal navy of England has ever been its greatest defence and ornament—it is its ancient and natural strength—the floating bulwark of our island." How well the navy verified these words in the great war.

An American statesman returning from England some years ago, when asked what impressed him most, replied: "The stability of its government."

England is strong at every point. It has more than one bulwark. It is not alone in its navy or its government or its army. "Justice is the great interest of man on earth," and Burke tells us, "The march of the human mind is slow," and Browning adds, "Progress is the law of life, man is not man as yet." The administration of justice as it is in England has attained nearer perfection than in any other country. Canada has always been proud of its judges. There has never been a doubt of their integrity. The county court judges have shared with the superior court judges the confidence and respect of the people.

Middlesex has had judges like Judge William Elliot, Judge Davis, and Judge Edward Elliott. We hear of justice tempered with mercy, but Judge William Elliot tempered it with humor. Elgin had Judge Hughes, Blake-like in appearance, for many years, a big man, mentally and physically.

Judge Coulter, the senior judge of the county of Elgin, is retiring, and was tendered a banquet, at which the bar, the municipal officers and the people testified their esteem.

Judge Coulter's life has been an honorable and useful one throughout. He practiced his profession successfully for many years in Cayuga, and represented Haldimand in Parliament for some years. He proved both as a lawyer and member of Parliament that he possessed more than ordinary ability, coupled with industry and the highest character. He brought these with him to the county of Elgin, and made an ideal judge, taking rank with the best. Increasing years brought the decision to retire, and there is general regret. It is men like Judge Coulter who have preserved and increased in Canada the respect for the administration of justice. A good natural disposition, a good general and legal education, to which was added the experience gained in legal practice and public life in Parliament. These rounded out the qualities necessary to make a good judge, and these the county of Elgin has had the benefit of since his appointment.

It is hoped that he will live for many years, and yet give to the administration of justice in Elgin the benefit of his experienced judgment and kindly heart.

A MARTYR OF SCIENCE.

Dr. Adolphe Leray has died, a victim of his X-ray researches. Great was his work for humanity in war-time, and he had the satisfaction of dying a hero.

It is not only the prophets and reformers who have suffered for truth. They have to contend for the most part only with man's own prejudice and cruelty. The scientific pioneers meet the dangers also of the materials and circumstances of their work. As Dr. Leray put it laughingly, "the hidden God strikes at the scientists who would unravel his secrets." Perhaps he was thinking of the Greek myth of Prometheus, who stole fire from heaven and brought it down as a gift to men. The chief god punished him most cruelly for this. Or the X-ray martyr may have had in mind the general "cussedness of inanimate things," "the rages of the ages," and "darts" of circumstance, as Hardy phrases it with more literary pessimism.

But it seems that the man who once gets possessed with the thirst for truth will never give over the pursuit of it for either god or man. The inventor has been stoned as often as the prophet, but he kept on. Even ridicule and persecution had no effect. Sir Walter Scott called the inventor of gas-lighting a madman. Jenner, who fought smallpox to a standstill, was bitterly opposed. Sir James Simpson, the discoverer of chloroform, was denounced as an infidel. William Harvey, who worked out the system of the circulation of the blood, was persecuted. Of course, one reason why people attack an inventor is that nine-tenths of the propagators of new ideas are fakes and prove so. The majority is far more often right than the various minorities of one or a few.

But probably it is more often their material to which scientists fall victims than to persecutors. Poor Bacon caught his death o' cold from stuffing a chicken with snow, pioneering in cold storage. Many a brave medical researcher has died of blood-poisoning or the disease he fought. Most of the early aeronauts fell like Daedalus. When early chemists blew themselves up, people said the devil flew off with them, and you could smell the sulphur. An interesting thing about the researcher is that he becomes so absorbed in his work for its own sake, let alone for humanity's sake, that life is only a secondary concern.

LETTERS

MR. MARSH TO MR. CUNLIFFE.

To the Editor of the Advertiser:

I am in receipt of a copy of the London Free Press of Thursday last, March 17, 1921, under the heading "G. W. V. A. to keep its identity. No amalgamation unless allowed to dictate terms." This statement is credited to J. W. Cunliffe, secretary of the London G. W. V. A., during an interview with the reporter, who stated that the G. A. U. V. had commenced negotiations for amalgamation with the G. W. V. A., Dominion Command at Ottawa.

Replying to this statement I wish to inform Mr. J. W. Cunliffe that the G. A. U. V. have never at any time been in negotiation for amalgamation with the G. W. V. A. What the G. A. U. V. actually did was to communicate with C. G. MacNeil of the Dominion Command in Ottawa, also R. Crystal Irving, secretary of the Army and Navy Veterans' Association, at Winnipeg and his board, other soldier organizations, with a view to the presentation of a united front before the Parliamentary Committee at Ottawa on pensions, and re-establishment for the rank and file of the returned men and women and not for the paid officials of any soldier organization.

The G. A. U. V. have always favored unity of action and this stand has been indorsed by 90 per cent of the returned men and women of Canada only being opposed by a few individual officials whose statement is a detriment to the good work that is being done for ex-service men and women. by those who have no ulterior motive for their actions.

Some paid officials like Mr. Cunliffe probably do not require any re-establishment, but who ought to be big enough to sink in oblivion and to devote the time they are wasting in "knocking the welfare of the tens of thousands of veterans who are not re-established, especially those who have suffered during the past winter through unemployment.

I am glad to state that all the officials of the G. W. V. A. are not like Mr. Cunliffe, as I am in receipt of a letter from C. G. MacNeil to the effect that our plans submitted to him are excellent and that he will be glad to co-operate with us in this fight for proper re-establishment; the same reply has been received from the Dominion Secretary of the Army and Navy Veterans.

Mr. Cunliffe refers to the right of the G. W. V. A. to retain the name G. W. V. A. What is in a name? When the time is opportune for amalgamation the name G. W. V. A. will not be appropriate, seeing that the G. W. V. A. at their last convention followed the lead given by the G. A. U. V. and opened their doors for membership of veterans of other wars. The question for Mr. Cunliffe to answer therefore must be: How can a veteran of other past wars be a Great War Veteran? Therefore we must admit that Mr. Cunliffe's argument is ridiculous to say the least.

Although under these circumstances the name G. A. U. V. embraces all veterans, both military and naval, our ideals are too broad for us to foolishly state that the amalgamated association in the future must be called the G. A. U. V. as the name will be of no consequence, seeing that it is only unity of action and purpose in the interests of all ex-service men and women and dependents of those who paid the supreme sacrifice.

The G. A. U. V. will be prepared to talk amalgamation when every official of the G. W. V. A. will be prepared, as are the officials of the G. A. U. V., to call a joint convention of the two, and resign their positions and let the rank and file appoint new officials to carry on the good work. In conclusion I would suggest to my comrades of the London G. W. V. A. that while they remain G. W. V. A. to have only in offices officials who will work untiringly for the rank and file and not only for their general gain.

Trusting you will find space in your valuable paper to insert this statement and wishing your paper and all veterans in London every success, I am

Yours very truly,
J. T. MARSH,
Secretary.
Grand Army of United Veterans,

OTHERS' VIEWS

THE DUTY OF THE CITIZENS.

[La Patrie.]

The proposal for proportional representation did not meet much sympathy when the city bill was before the Legislature. The prime minister and his colleagues did not display any inclination to attempt an experience in that direction, and we believe the reason they did not eliminate the propoal was because they are confident the electors themselves will outvote it at the referendum. On thing is to be desired: It is that the taxpayers will interest themselves in the coming campaign and inform themselves of the nature of the two proposals that will be submitted to their choice. For the past ten years the citizens have energetically claimed the city's autonomy. It now remains for them to show that they deserve it by being in a position to give an intelligent vote on May 16, and making it a duty to go to the polls on that date.

THE PRICE OF COAL.

[La Presse.]

While Montreal pays $18 a ton for coal, it is sold much cheaper at Toronto. It is explained that this is because cost of transportation is so much more from the United States to Montreal. We are surprised the difference should be so great. The coal controller might inform the public exactly what it costs per ton to carry coal from the United States mines and deliver it at Montreal and at Toronto, for we have reason to believe that exaggerated profits are made.

QUEBEC AN EXAMPLE AGAIN.

[Le Soleil.]

The Canadian authors, English and French, have at last organized themselves as an association, with the object of protecting their literary interests. It is a good step taken. But many more are required. The Quebec Provincial Government has given an example of proper recognition of talent, and it would be well if it were followed throughout the Dominion.

"STAND TOGETHER."

[Montreal Gazette.]

"Whatever else may happen in this world, we two people must stand together," said Sir Phillip Gibbs the other evening in New York, at a farewell dinner tendered to the famous war correspondent upon his return to England. The next few years will, in his opinion, decide whether Europe goes forward to a richer civilization, or sinks back to a new age of darkness, and be run over again by fresh hordes with a cruder civilization. The references of Sir Phillip Gibbs to the urgent need for the United States and Britain to remain together under circumstances so menacing to the peace and progress of the world, were received with loud applause. And, indeed, the magnificent reception Sir Phillip received from the most outstanding people in the country more than atoned for the verbal attacks made upon him by pro-Germans and pro-Sinn Feiners in his lecture tour throughout the country.

Europe is not recovering, in the degree in which it was hoped it might recover, from the physical and moral devastations of the war. Orderly and increased production, guaranteeing bread for all, would have saved Europe from many of the ills which now oppress it, for the greatest fact in elemental life is the stomach; but that was denied by hectic elements which desired to make the world over in the new by starving it to death by way of preliminary. Morally and spiritually, Europe is staggering toward an abyss. Society is virtually disrupted. Ideals have been trampled under barbarian feet. The United States and Britain and France stand for the order that is impaired, the moral values which have been betlittled, the idealism which would give wholesomeness and beauty to life, the sanctions lacking which Europe must go to pieces. Enemies from without and within would part the two nations upon which, in a special degree, the hope of the world rests; but the urgent need, the natural affinity, the mutual sympathies of the two great peoples will make for the binding cement which, in vital matters, will make the two one.

LENIN'S PERSONALITY.

[The Forum.]

Vladimir Ilyitch Ulianoff, whose nom de guerre is Lenine, is the son of a member of the lower order of the hereditary nobility. The father apparently held revolutionary theories which Lenine and his elder brother put into practice. The two boys were educated at the Kazan University, and here occurred a tragedy which was probably the turning point in Lenine's career. His elder brother was executed for complicity in a plot to assassinate the Czar Alexander III. It is not difficult to understand the effect of this distressing event upon an emotional and courageous youth already convinced that absolutism was the cause of all the troubles in his unhappy country. In his eyes his brother was a martyr, and he himself was ready for the same fate. But martyrdom was not his fate. If that is yet to come, if he is to meet his death by assassination, which is so frequently the end of revolutionaries, it will come, by a strange irony, not in the cause of liberty, but for exercising a despotic tyranny unknown in all the history of the czars. Lenine was expelled from the Kazan University for participating in a political demonstration. He studied law at the University of Petrograd, and in later years was exiled to Siberia for his connection with revolutionaries in Switzerland. Much of his life was spent abroad, and he married a woman who had been exiled for extreme opinions.

What Robespierre was to Gamelin Evariste, Karl Marx and Engels are to Lenine. From his own writings it is evident that he is a man with a narrow but acute intellect, and possesses the purely deductive type of mind. His tendency is to discard all complex and confusing facts, and for the sake of clearness and simplicity to consider life and men as abstractions.

To Lenine, Max and Engels are the prophets of a new religion, and Das Kapital a holy Koran, every word inspired. To criticise it is blasphemy; to differ from it the most damnable of heresies. It is the first word and the last, the Alpha and Omega, the beginning and the end of economic doctrine. The entire domination which these works exercise over his intellectual faculties is evident throughout his writings. To confute an adversary he quotes a text, and feels that the matter is settled.

EVERYTHING

MARCH.

[Kenneth Slade Alling.]

The earth is warm and yet; strange exhalations
Trouble the air now unappeasably.
Spells older than the ancientest of nations
Come as a wind that comes out of the sea.
Beauty is hunting; wild, invisible.
Her feet flash everywhere, like bright rain falling,
Her presence is a hidden miracle:
But oh, our hearts have heard her golden calling.

The earth was sown with song. This season brings
The song to blossom.
Unreturning springs,
The weary watchers of the winter, ghosts
Innumerable perceive the time has come:
On hills, in fields, even by barren coasts,
They danced to sounds of March's enchanted drum.

THE CAPTURE.

[Clara Platt Meadowcroft.]

Soaring, dipping, circling in the river-garden,
Swarms of dreams were hovering above the roses there.
Cunning was my dream-net, so curiously woven,
Wildest, shyest, dream-sprites could not escape the snare.

High above me poising, a dream-fay glanced and sparkled.
All day long I chased him, dazzled by the gleam.
Day-long he escaped me, but at misty evening,
Trobbing heart exultant, I snared the shining dream.

Dark the drooping branches, dark the river flowing
Here among the shadows I hold him closely yet:
Dream-light slowly waning, wing-beats growing fainter—
Dead within the meshes of my cunning net.

Young Girls Need Care

FROM the age of twelve a girl needs all the care the thoughtful mother can give. Many a woman has suffered years of pain and misery—the victim of thoughtlessness or ignorance of the mother who should have guided her during this time.

If she complains of headaches, pains in the back and lower limbs, or if you notice a slowness of thought, nervousness or irritability on the part of your daughter make life easier for her.

Lydia E. Pinkham's Vegetable Compound is especially adapted for such conditions. It can be taken in safety by any woman, young or old.

Read How These Mothers Helped Their Daughters

Cobourg, Ont.—"Lydia E. Pinkham's Vegetable Compound was recommended to me for my daughter. She had trouble every month which left her in a weak and nervous condition, with weak back and pain in her right side. She had these troubles for three years and frequently was unable to attend school. She has become regular and feels much better since she began taking the Vegetable Compound, and attends school regularly. She is gaining steadily and I have no hesitancy in recommending Lydia E. Pinkham's Vegetable Compound and Lydia E. Pinkham's Blood Medicine."—Mrs. JOHN TOMS, Ball St., Cobourg.

Toronto, Ont.—"I have suffered since I was a school girl with pain in my left side and with cramps, growing worse each year until I was all run down. Some of the doctors wanted to perform an operation, but my father objected. Finally I learned through my mother of Lydia E. Pinkham's Vegetable Compound, and how thankful I am that I tried it. I am relieved from pain and cramps, and feel as if it has saved my life. You may use my letter to help other women, as I am only too glad to recommend the medicine."—JEAN KENT, 42 Blamford Ave., Toronto, Ont.

Home-made Remedy Stops Coughs Quickly

The best cough medicine you ever used. A family supply easily and quickly made. Saves about $2.

You might be surprised to know that the best thing you can use for a severe cough, is a remedy which is easily prepared at home in just a few moments. It's cheap, but for prompt results it beats anything else you ever tried. Usually stops the ordinary cough or chest cold in 24 hours. Tastes pleasant, too—children like it—and it is pure and good.

Pour 2½ ounces of Pinex in a 16-oz. bottle; then fill it up with plain granulated sugar syrup. Or use clarified molasses, honey, or corn syrup, instead of sugar syrup, if desired. Thus you make 16 ounces—a family supply—but costing no more than a small bottle of ready-made cough syrup.

And as a cough medicine, there is really nothing better to be had at any price. It goes right to the spot and gives quick, lasting relief. It promptly heals the inflamed membranes that line the throat and air passages, stops the annoying throat tickle, loosens the phlegm, and soon your cough stops entirely. Splendid for bronchitis, croup, hoarseness and bronchial asthma.

Pinex is a highly concentrated compound of Norway pine extract, famous for its healing effect on the membranes.

To avoid disappointment, ask your druggist for "2½ ounces of Pinex" with directions and don't accept anything else. Guaranteed to give absolute satisfaction or money refunded. The Pinex Co., Toronto, Ont.

Puppy Stories

THE LITTLE LAME DOG.

Part Six.

"My goodness, me! What a beautiful cat!" exclaimed Pinkey, the white rat.

The cat, all ready to spring on poor Pinkey, and eat her up in one gobble, stepped back and put his head on one side.

"Who taught you the cat-language, pray?" asked the cat. "No rat was ever known to speak cat before."

"I'm no ordinary rat," Pinkey spoke up boldly. "I'm Pinkey, the white rat. Surely you must have heard of me."

"Indeed, I have, and a very bold rat you are!" the cat answered. "It's a great wonder to me some of my brothers haven't eaten you up long ago; though, to tell the truth, I am glad they haven't, for I am a bit hungry tonight, and need a nice supper just about your size."

"That means that you are going to eat me up," Pinkey said, without a trace of fear in her little voice. You see, Pinkey was trying to make time, so that the old mother dog would come to her help.

"That's just what it does mean. I AM going to eat you up!" the cat declared evilly as he licked his mean old lips.

"Eat away, and may you enjoy your feast. I have just eaten a poisoned rat biscuit, anyway, so I will soon be dead," Pinkey fibbed.

"Do you mean to tell me you have eaten a poisoned rat biscuit?" the cat cried in alarm. "Then I shan't eat you up. That would mean I would get poisoned, too, for I couldn't eat you without eating the poison."

"Of course, you couldn't," Pinkey grinned.

The cat didn't like that grin. "Why aren't you dead, if you have eaten the poisoned biscuit?" he asked, suspiciously.

"Because I am a white rat, and it was a grey rat biscuit," Pinkey answered on the spur of the moment. "They take longer to work on white rats."

"Fiddlesticks!" declared the cat, now thoroughly sure that Pinkey was fooling him. "I shall kill you, anyway, and eat you quite carefully afterwards. Have you made your will?"

"I have nothing to leave. All my family have died," Pinkey said quite truthfully, as she wiped away a tear. She wasn't feeling so sad, but was just making out she was, so that the cat would lose more time.

"Then you will be the next one to die," the cat cried, as he sprang forward.

"Help! Help!" cried Pinkey, and then in rushed the old mother dog to the rescue.

What a scramble there was then! Out went the cat, and under a crack in the door went Pinkey to hide. As soon as the coast was clear she came out again. "Ise everything all ready?" she asked the mother dog.

"Here comes my master now," whispered the old dog, excitedly. "Prepare to run. Oh, I hope our plan will work out all right!"

BRIGDEN GOLDEN WEDDING.

A very pleasant even was celebrated at Brigden on Wednesday afternoon, March 23, when Mr. and Mrs. Harvey Arnold of Bradshaw celebrated the fiftieth anniversary of their wedding at the home of their son, Mr. James H. Arnold of Sombra Township.

Mr. Arnold was born seventy-six years ago in the township of Mosa and Mrs. Arnold in St. George, Ontario, both coming to Sombra when quite young, where they have resided ever since.

Fifty years ago they were married at the home of the bride, then Miss Maggie Murray, lot 25, con. 15, in Sombra Township, and they now reside on the same farm.

Mr. and Mrs. Arnold knew this part of the country when roads were cut through the woods, when churches and schools were not only scarce, but crude buildings built of logs and when moss was often used in the cracks instead of mortar. Mr. Arnold's principal occupation was lumbering, being the first to build a sawmill and manufacture lumber in the vicinity in which he lived.

Both Mr and Mrs. Arnold were, and still are, members of the Bradshaw Methodist Church for many years. Mrs. Arnold teaching a class of boys and girls in the Sunday school for over twenty years, and being now Bible class teacher.

There were nine children, seven sons and two daughters, four still living, Edward and James H., in Sombra township, and Julius in Muskoka.

On Wednesday, March 23, 75 children, grand-children and friends joined these two in this golden wedding celebration.

Among the many present was Mrs. L. Sinclair, who was bridesmaid fifty years ago, and Miss Annie Murray and Mrs. Edward Booth, who were guests at the first wedding, and through life very close friends. Others were present from Detroit, Leamington, Port Huron and Sarnia.

The many and valuable presents which they received, show the very high esteem in which they are held by their friends.

ALEXANDRA SCHOOL MILK MONEY.

Over $60, cleared at the recent concert held by the children of the Alexandra school, will supply every needy child with a daily milk ration until the end of June. This very fine concert was repeated for the benefit of the school children themselves on Thursday last, as a closing program for the winter term.

RIVERSIDE M. C. CONCERT.

The concert which the Riverview Mothers' Club is holding in the Masonic Temple on Wednesday night, March 30, in aid of the Children's Hospital, promises to be very fine. The program will include many interesting numbers by children in costume, among them several of the old nursery rhymes, the children themselves taking the parts of the story book characters. In addition, a very fine musical program has been arranged.

LORD ROBERTS CHAPTER.

The Lord Roberts Chapter, I. O. D. E., is not meeting this month, but will have several important matters coming up at the April meeting.

LOCAL COUNCIL OF WOMEN.

At a meeting of the Local Council of Women sub-executive, which is being held at Cronyn Hall on Wednesday afternoon, the date for the next meeting of the council, probably next week, will be set. At this coming meeting the most important piece of business will concern the formation of a Women Voters' Association in the city.

FOR LOVE OF BETTY

[BY MAY CHRISTIE.]

(Copyright, 1920, by the McClure Newspaper Syndicate.)

XLIX.—Puzzling Thoughts.

Jack Trevor's thoughts were far from pleasant or reassuring as he hurried from the Red Cottage to catch the New York train.

And Kate, the Irish maid, had been so vague and unsatisfactory in her information.

"Miss Betty's been out all day by herself," she had told the anxious lover. "I have no notion of her whereabouts at all."

"Can I see her aunt for a moment?" Trevor had queried.

But Kate had shaken her head decisively.

"Miss Marion's in her bed, and ill."

"Will you tell her how sorry I am to miss seeing Miss Betty?" Trevor had said.

"But she hasn't a notion that Miss Betty's been wandering since lunch-time," Kate had expostulated, "and 'tis not meself that'll be exciting the ould lady—"

Trevor had departed, vexed and disappointed. He had given the maid an address in Maine, where letters would find him, and asked her to instruct Miss Betty in the same.

But Kate had not caught the address rightly. All that she could clearly remember of the conversation was that he was going north on a long journey, and that Miss Betty's absence from the Red Cottage had worried him. Also that he had inquired particularly as to whether or not Miss Betty had been ill in the last three days.

Now, as the train carried him over the route which Betty had journeyed only that morning, Trevor grew more puzzled and perplexed.

Betty had not written him—he had been away from her three whole days, too—it was inexplicable.

"It isn't as though she's been ill," he told himself, frowning, "she hasn't got a shadow of excuse! And she promised me she'd write. . . ."

She had taken no notice of his letter, either—the letter he had written from the Junior Club on the very night he'd left her. He had prided himself upon that letter—and yet he was curiously sensitive about its reception. For Trevor was no lady's man—and this had been the first love-letter he had ever penned . . .

"Why has she chosen to ignore it?" he asked himself. "Was there anything in it that could have offended her?"

He blushed a little as he recalled some of its more rhetorical passages . . . .

Betty had perhaps thought him foolish, had laughed over his sentimental missive?

He could not know that Betty's letter, true to her promise, had been written and dispatched the very day after his departure for New York, and was lying forlornly in the Bachelors' Club, with no one to claim it.

Nor could he guess—not being gifted with second sight—that the love-epistle he himself had penned to Betty was even now reposing in Charlie Davon's waistcoat pocket, and had never reached its rightful recipient.

"I can't make it out at all," he told himself. "I never thought Betty would act like this. . . . ."

She had seemed the very soul of frankness, and simple affection and kindliness—the exact antithesis of April Moore.

And yet—obviously there were things about Betty he didn't rightly understand.

This sort of conduct, for instance. . .

What was the hint, too, that had worried him from the moment it had fallen on his jealous ears?

"Maybe she'll be afther walkin' out with wan uv her swatehearts," the Irish maid had volunteered.

Was Betty, then, a flirt?

It certainly sounded like it.

Of course, Betty wasn't to know that he was coming at that precise hour. But it was odd that she should be away from her home all day, and no one know her whereabouts. . . .

If his business had finished that morning, and he had rushed off to the country, why, he would have spent the whole day hanging around the Red Cottage, kicking his heels in idleness, and waiting for his wandering lady-love. . . .

It was very thoughtless of Betty.

What could be the reason of it all?

He had had such a disagreeable time in New York in the last few days, with all this endless business to put straight, that he really deserved a little petting and sympathy. . . .

And Betty was the girl he adored. . .

There couldn't possibly be—another man? He grew a little white as the idea struck him.

Confound that Irish maid, with her insinuations!

"I'm a cad to think of all these things," Trevor told himself angrily "There's been some trifling misapprehension, that's all—five minutes' talk with Betty would put everything straight again—"

But that important five minutes had been denied him.

"Has April Moore been putting Betty against me?" Trevor's thoughts were beyond his control—he could not check them. "It's just the sort of thing that April might try to do—I know her!"

April had accosted him laughingly at the railway station only that evening.

"Hello, Jack! How jolly to meet like this!" she had said when they confronted each other unexpectedly at the ticket office. "Now we can travel together!"

Trevor had ignored the suggestion, and had practically ignored April. He had been so worried over Betty's silence and over the fact that business summoned him to Maine, away from Betty, that he had been almost rude to April.

They had traveled into the country in different cars of the train. Trevor saw to that. . . .

But it wasn't possible that April had been responsible for any mischief made between himself and Betty. April hadn't been out of town in the last few days. She had told him so herself.

Arrived in town, he drove from the station to catch the 10:30 express for the north.

"I think that Betty's been horribly unkind," were his last reflections as he dozed off in the comfortable sleeper of the train. "Anyhow, she's got my new address in Maine, where letters will reach me in the next few days—and I shan't write her again until she writes to me!"

Tomorrow—"A Lady To See You."

Cynthia Grey's Mail-Box

The nearer you come into relation with a person, the more necessary do tact and courtesy become.

To Exchange Music.

Dear Miss Grey,—I wonder if any of the readers of the Mail-Box would care to exchange music with me. I mean to keep. I'd like some Irish pieces, or pretty waltzes, or such as "Beautiful Ohio," "Rosy O'Moore," "The Holy City." Here are some I have: "Mutt and Jeff," song book of six or seven songs with music; "Colleen Machree," "Subway Glide," "You Made Me Love You," "Till We Meet Again," "Just Like a Rose," "Mother." I remain, WILLING TO HELP.

Three Times and Out.

Dear Miss Grey,—I am going to try my luck again. I have sent two letters in now, but as I have not seen either in print, I think we must have some careless mail carriers or curious ones. However, three times and out.

Am sending you some poppy seeds for the Box, and wish you to send me some of any kind of flowers which you may have on hand. I bought a lot of flower seeds last spring, but very few grew. I believe home-grown seed is the best yet; also seed saved from our gardens saves a lot of cash in the spring. Here is another shinplaster to add to the S. C. H. fund.

How sad so many of our girls do the same as "Seven Years' Sadness." Girls, isn't it much better to stay single than to be so sad for years? Little ones do bring happiness, but a mother must have comforts for them, and an outing occasionally to keep up her strength, that she may care for the little ones. Don't you think, S. Y. S., that if you would go to your parents, or write if you feel you could not talk to them, tell them you are sorry, and ask their forgiveness, I'm sure it is a queer mother who will not forgive her own child? Perhaps she is just waiting for you to come to her. Go to her for your little ones' sake, if not your own, but I am sure you will not be sorry, if she has a mother's heart. Get them interested in your husband and he in them, and note the change. If he is aware your parents are against him, probably that is one reason for his faults. By all means keep your home together, be cheerful, and in time things may be more cheerful for you, and he will love you with an untiring love.

Now I must change my pen name, as there are about four M. of Fours now—at least, they appear to be different mothers when they write. So I will be my HUBBY'S ONLY ONE.

Ans.—Thank you for poppy seeds, also for "plaster." Am sorry your former letters did not reach me.

Sunny Jim's Query.

Dear Miss Grey and Readers,—Last time I wrote I asked a few riddles. You will remember you asked me if I would answer them. Well, I would like some of the Mail-Box people to try and answer them. If they fail, then I will tell them the answers. We get rain every day now, don't we? This doesn't look a very good year for maple syrup, but nevertheless some are making, anyhow. I expect to be real busy in a week or two. Say, some of you girls like to take walks through swamps and such places, but don't you know some of them are none too safe? I was driving in a swamp one day this winter with part of a load on, when the sleigh went down and I lost my load. Had to put it all on again. I never used that same road again. Where have you all gone to? I don't hear from you any more? I never seem to be of any use to the Mail-Box, somehow. How about a few questions? 1. If a fellow dances, is it necessary to have an introduction to girls whom he doesn't know before it would be quite right or proper to ask them for a dance? Here's a riddle to answer with the rest: What is the greatest curiosity on earth? Something tells me it is time for me to close. What do you think of my awful writing? Now I must close, wishing the Mail-Box every success. I remain yours as ever. SUNNY JIM.

Ans.—Of course it is not proper to speak to a girl or ask her for a dance unless you have been introduced. I think you must have known that, didn't you? Your writing is quite legible, and I would not term it "awful."

Start Tonight
This new way to beautiful teeth

Your druggist today has a new way of teeth cleaning. And a ten-day tube is free.

Millions of people now employ it. Leading dentists everywhere advise it. You would never go without it if you knew.

Go ask for that free tube. There are few things more important than well-protected teeth.

Remove the film-coat

You brush teeth now, but you leave much of the film. A viscous film clings to the teeth, enters crevices and stays. The ordinary tooth paste does not end it. So teeth too often discolor and decay.

Dentists now know that the reason lies in film. That causes most tooth troubles. And, until one ends it, brushing fails to save the teeth.

It is the film-coat that discolors, not the teeth. Film is the basis of tartar. It holds food substance which ferments and forms acid. It holds the acid in contact with the teeth to cause decay.

Millions of germs breed in it. They, with tartar, are the chief cause of pyorrhea. And pyorrhea wrecks countless lives today.

An alarming situation

Tooth troubles have been constantly increasing. Very few people escape them. So dental science has in late years studied to combat that film.

Now we know how. The methods have been proved by careful clinical tests, made under able authorities. Now millions of people employ them, largely by dental advice. A new era in teeth cleaning is fast spreading the world over.

These new methods are combined in a dentifrice called Pepsodent. A 10-Day Tube is given to everyone who asks. Now all who will may quickly know that film can be combated.

What you will see

A test of Pepsodent brings quick and unique effects. One sees and feels them clearly. And a book which comes with the 10-Day Tube tells the reasons for them.

One ingredient is pepsin. Another multiplies the starch digestant in the saliva to digest starch deposits that cling. Each application also multiplies the alkalinity of the saliva—to neutralize the acids which cause tooth decay.

Two factors directly attack the film. One keeps the teeth so highly polished that film cannot easily adhere.

Day by day we fight the film and all its ill effects. You see the results in whiter teeth. You feel them in cleaner teeth. But the great results are such protection as teeth never had before.

You owe yourself a knowledge of these facts. Old ways of brushing have proved sadly inadequate. Nearly everybody at some time suffers troubles caused by film.

Now science knows how to combat film, and in ten days you can know. Never again will you trust the old ways when you know the new.

Free

At any drug store named below, a 10-Day Tube of Pepsodent. Simply present the coupon.
Get this free tube. Its use will be a revelation. To you and yours the results will open a new era in teeth cleaning. Learn now what they mean to you.

Teeth will glisten when the film-coat goes

Get this free tube and watch it. Note how clean the teeth feel after using. Mark the absence of the slimy film. See how teeth whiten as the film-coat disappears.

You will instantly know that Pepsodent does what nothing else has done. In a few days you will realize what clean teeth mean.

11 School Cage Teams Send in Entries For Big Tourney And More Is a Certainty

Chamber of Commerce Arranges For Billeting of Members of Teams—Draws For Thursday's Games Later.

With two more mails still to be heard from, eleven teams from Western Ontario have entered the basketball tournament, which is being staged on Thursday and Friday of this week under the auspices of the Western University Athletic Association. In the past there has always been a great deal of discussion as to which school had the best basketball team, but as the travelling expenses have been so great the schools have been unable to decide the winners, so the Western University A. A. decided to hold a monster tournament when the various teams could meet and have a series of eliminating games deciding which team could claim the championship for 1921. A magnificent trophy, made along the same lines as those presented on May 24, has been denoted and the winning team in addition to holding this trophy for the year will receive gold medals, while the runners-up will receive silver medals.

Arrange Billets.

The chamber of commerce have undertaken to arrange billets for the visitors, and the boys are looking forward to a good time socially as well as athletically. The local armories have been secured, and the games will commence Thursday afternoon at 2:30, while the evening games will commence at 7:30. The games will be refereed by Mr. A. T. Taylor, Lieut.-Col. Eric Reid and Mel Brock, and as the playing space is an ideal one, and the officials competent, the team which carries home the trophy will justly earn their title of champions. The draws for the first day's play, together with a full list of entries, will be published later.

Varsity Elections Hot.

Great interest has been aroused this year over the annual Western University Athletic Association elections. When the nominations closed last week there were thirteen applicants for the four positions on next year's board. The different years have gone into the matter, and each have their candidates, and they intend to back them to the last ditch. It has been decided this year that the lady member elected to the executive shall before the close of the year form an executive from among the women of the university, which will have charge of the ladies' athletics under the supervision, of course, of the directorate. The election takes place in the university gympasium on Wednesday night, April 6, and one name comes off the list on each ballot. Three of last year's directorate are up for reelection. Following are the nominations: Meds, two to be elected, W. A. Mace, T. O. Smith, V. A. Callaghan, Jas. P. Jarrott, Jack Sifton. Arts, ladies, one to be elected, Misses Edith Anderson, Helen Berdan, Jean Jarvis, Geraldine Webster. Arts, men, one to be elected, J. Pack, W. Beamer, W. Hollerhead, A. Hale.

There has been a suggested change in the constitution regarding the present student athletic fee, which should give rise to a very interesting discussion.

MIDGETS ACCLAIMED AS CANADA'S BEST

Great Welcome Accorded by Stratford Citizens On the Team's Arrival Home.

STRATFORD, March 28.—Acclaimed as "the best junior team in Canada," even though they did not bring back the Memorial cup, the Stratford Midgets were accorded a great reception by the citizens on their return from Toronto tonight.

Following their courageous battle on Saturday night, the Midgets endeared themselves to the citizens a hundredfold, and tonight the station platform was crowded when they arrived. Rousing cheers were given as the players appeared. Headed by the band, the procession proceeded to the city hall, where the players were formally welcomed by Mayor Gregory and others.

The Stratford Midgets tonight are greater and as much admired in defeat as they would have been in victory.

Ald. Gifford, chairman of the special committee of the city council, was chairman. As the Midgets mounted the city hall steps, carrying the junior O. H. A. trophy, cheer after cheer was given for the players and the management.

Proud of Them.

"As mayor, I want to tell you the citizens are proud of you," said Mayor Gregory, to the team. Their record, he said, was unequaled in any year of Stratford's hockey history.

"While we did not bring back the Memorial cup, we have brought to its rightful home the junior O. H. A. cup," said Charles Farquharson, president of the Stratford Amateur Athletic Association, and past president of the O. H. A.

Stratford, he said, had won the junior trophy more often than any other city.

Dr. Lorne Robertson, president of the S. H. C., C. Barnsdale and Secretary "Toad" Edmunds all spoke briefly. Then the call went up for a speech from the players. The Midgets modestly expressed their thanks for the welcome.

The appreciation of the citizens will take more tangible form soon. Already steps are under way to handsomely remember the players.

RUGGER.

LONDON, March 28.—(Canadian Associated Press.)—Rugby games played today resulted as follows:

Northern Union.

Battley 14, St. Helens 5.
Wigan 21, Leeds 0.
Bradford 2, Rochdale 11.
Bramley 5, Hull 31.
Halifax 21, Wakefield 0.
Hunslet 3, Salford 3.
Huddersfield 6, Oldham 5.
Leigh 0, Dewsbury 0.
St. Helens 9, Broughton 7.
York 8, Swinton 0.
Hull Kingston 27, Barrow 10.

PREPARING FOR REFERENDUM.

WINDSOR, March 28.—Six courts of revision to prepare the voters' lists for the referendum ballot opened in the Border Cities today and will continue hearing applications of persons whose names are not on the lists until Thursday night.

City Lacrosse For Sarnia Is Still in the Air

Organization Almost Certain—City League Ball Likely.

SARNIA, March 28.—The organization meeting of the City Lacrosse League will be called some time this week, Norman Glintz having been busily engaged during the past week in doping out some method of laying the matter before the young fellows in the clearest possible light.

At the last meeting of the Sarnia Lacrosse Club the city league idea was touched upon, and the members to a man decided to grant some trophy for annual competition. With the backing of the lacrosse club, which was lacking before, the way is comparatively smooth sailing.

The Wanderers and Bear Cats, being low in their treasury, will likely pass up the game, but individual members of both clubs anxious to get into the game will likely be out with one or two of the other teams, which are being scouted up for the first year of the revival of the national game's effort to come back in this part of the country.

Baseball Perplexity.

With very little likelihood of having an entry accepted in the Lambton County League, and no possibility of entering a team in the proposed Tri-County organization, nothing remains for the S. A. A. C. to foster but the city league. To date none of the city teams have made any move in this direction.

TWO MORE OFFERS FOR BIG FIGHT

Nevada Mining Camp Offers $800,000 and London Half Million.

NEW YORK, March 28.—Two new offers of sites for the Carpentier-Dempsey championship boxing match were made to Promoter Tex Rickard today. One came from a Nevada silver mining camp, and guaranteed the pugilistic impresario the sum of $800,000 if he would stage the fight on July 4. The other was presented by representatives of a London syndicate, and included a half million dollar offer if it could be staged in the Olympia during derby week.

Rickard took the offers under consideration, and said a final decision might be expected during the present week unless untoward developments occurred to prevent the selection of a site.

From unconfirmed sources came a report that Rickard has no intention of staging the match is any isolated section of the country, if a site close to the metropolis is available. The expense attendant on a boxing bout of this calibre is so great that only a large centre of population to draw from would warrant the erection of an arena capable of seating the number of spectators necessary to pay for the purse involved.

Reports were current today that the contest would be held in New Jersey, and both Newark and Jersey City were named as probably sites for the arena. Rickard refused to deny or confirm the rumors, and stated positively that he would not announce the place of combat until he was absolutely assured that he could go through with the enterprise once he had started building the structure.

PRIZE BULLTERRIER FOUND WITH 19 BULLET HOLES

MONTREAL, March 28.—With nineteen bullet holes in her body, the bullterrier champion, Etonian Countess, belonging to L. W. Halliday, of this city, was found by her owner in a dying condition. The dog, which has taken several prizes in the bullterrier class at different shows here, was shot about 200 yards from her owner's home on Belmere avenue, and died soon after being found.

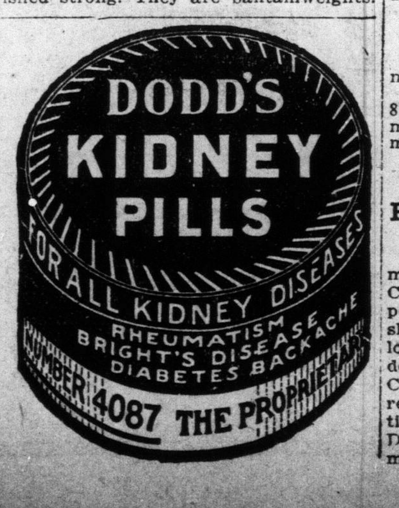
Detectives and the S. P. C. A. are working on the case.

LYNCH BEATS PINCHOT BY SHADE IN 10 ROUNDS

PITTSBURG, March 28.—Joe Lynch, bantamweight champion, won by a shade from Young Pinchot of Charleroi, Pa., in ten rounds here tonight, according to a majority of the sport writers at the ringside. The only knockdown came in the seventh, when the champion sent Pinchot to the canvas for a count of nine. The bout was slow, and in the early rounds Pinchot was the aggressor, landing often with his left. Lynch took six rounds, Pinchot three, and one was even.

TREMAINE ON POINTS.

DETROIT, March 28.—Carl Tremaine of Cleveland outpointed Jabez White of Albany in a ten-round go here tonight. Newspaper opinion gave Tremaine five rounds, White two, and the others were declared even. Both finished strong. They are bantamweights.



Peterboro Beat Woodstock 39--14 in First O. B. A. Finals

Red and White Five Secured Only Four Points in Second Half.

PETERBORO, March 28.—Peterboro won the first half of the O. A. B. A. basketball finals here tonight, defeating Woodstock by 25 points. The total score was 39 to 14. Woodstock opened the scoring with a dangerous rush and scored six points before the homesters got started. After that it was easy sailing for the Peterboro team, and halftime found them leading in eight points. Woodstock secured only four points in the second half.

The return game will be played in Woodstock. The line-up:

Woodstock—Hastings, Coles, Hosacks, Sedges, Thornton, Talbot.

Peterboro—Seeley, T. Pogue, Stewart, Degraw, R. Pogue, Jobbitt, Darling.

Referee—E. E. Birks, Toronto.

OTTAWA WINS THIRD GAME AT THE COAST

Vancouver Played Without Skinner and Mickey McKay.

Vancouver, March 29.—Ottawas defeated Vancouver here last night in the third game of the Stanley Cup series by a score of 3 to 2.

Minus Skinner, their right wing goalgetter and temporarily deprived of the services of MacKay, their rover, the Millionaires managed to provide a plucky argument. MacKay's baby girl, who has been seriously ill several days, was too ill to permit the star rover's attendance until the opening of the third period, when his appearance was greeted with tremendous applause.

Never in the history of the game did a team battle so gamely against odds. The seven-man game seemed to suit the Ottawas and their forwards worked combination plays and three-man rushes to a nicety. The seventy-foot centre area gave the players an opportunity to open out the game and speed up considerably. Judged simply as hockey the game was far the best of the world's series. Cyclone Taylor, who played centre for the Millionaires, played brilliantly in places, but his rushes and shooting lacked their old effectiveness.

Cook Opened Scoring.

Cook opened the scoring for Vancouver, two minutes after play had commenced, only to have Darragh tie the count seven minutes later. Dennenay and Cleghorn each scored for Ottawa in the second period, while Jack Adams contributed Vancouver's second tally. Neither team scored in the third period.

The run of play, while hard, was comparatively clean, only two penalties being handed out. Thursday's game will be played under eastern rules, with the 40-foot centre ice space instead of the 70-foot space used last night.

The standing is now two games to one in favor of Ottawa. The next game, which will be next Thursday night, will be under the six-man rules.

The lineup:

Vancouver.	Position.	Ottawa.
Lehman	Goal	Benedict
Cook	Defence	Gerard
Duncan	Defence	Boucher
M. Adams	Forward	Cleghorn
J. Adams	Forward	Dennenay
Harris	Forward	Darragh
Taylor	Forward	Nighbor
	Substitutes	
Desireau		Broadbent McKell Bruce

Summary:

First Period—1, Vancouver, Cook, 2 minutes; 2, Ottawa, Darragh, 7 minutes.

Second Period—3, Ottawa, Dennenay, 8:22 minutes; 4, Ottawa, Cleghorn, 3:30 minutes; 5, Vancouver, J. Adams, 7:10 minutes.

Third Period—No score.

Final Score—Ottawa 3, Vancouver 2.

Arena Project Still in Much-Befogged State

Wednesday night's meeting of all club representatives in the city at the Chamber of Commerce to discuss the arena project, which will be attended also by members of the fair board's arena committee, will give any budding Moses a great opportunity to lead the scheme's supporters out of the bondage of a dream state into a land of actual figures and cold and hard calculations.

The situation at present appears to be that everybody is in favor of an arena; everybody has shoved their hands into the air with the yeas, but nobody as yet has shoved their hands down where the long green nestles and rustles. And before anybody will put the reverse on the show of hands, somebody will have to put the project into terms of cost of erection, cost of upkeep and probable revenue and produce an approximately correct answer to the little sum in addition and subtraction.

Once this has been shown satisfactorily, the project will be in a more digestible form for prospective subscribers to stock.

The Western Fair board's plan of a stock arena has looked like a good peg to hang the ice arena project on. It's been good enough at any rate to get the idea properly started and public opinion more or less out in the open, but as an actual arrangement it has many drawbacks which will need to be gone into Wednesday night and contrasted thoroughly with other alternative propositions which might mean more permanence than the Queen's Park attraction.

An arena for 1922 is not as important as an arena for 1923 and one that will be on the landscape in 1992. An arrangement of site tending to be of a temporary or makeshift variety would be far better left alone, is the opinion of a good many fans.

MISS GIBSON DEFEATED.

PINEHURST, N. C., March 28.—Mrs. Dorothy Campbell Hurd of Pittsburg defeated Miss Hope Gibson of the Hamilton Golf Club of Canada, 2 to 1, today in the second round of the north and south championships. The Canadian player led most of the way.

STOPPED BOUT.

ROCHESTER, N. Y., March 28.—Referee Dick Nugent of Buffalo stopped a scheduled 15-round bout between "Irish Patsy" Cline of Newark, N. J., and Cal Delaney of Cleveland, in the fifth round here tonight. Nugent claimed that Cline was stalling. Up to the time of the referee's decision Delaney had the better of the go, according to newspaper critics.

DOMINIONS WIN BANK TITLE IN LAST GAME

8--5 Score Against Royal Bank Team of Montreal.

TORONTO, March 28.—The last hockey match of this season at the Toronto Arena was played tonight between the Dominion Bank team of Toronto and the Royal Bank team of Montreal, and was won by the former, 8 goals to 5.

The two teams were champions of the bank leagues in their respective provinces. Home and home games were played for the possession of the Bogert cup, and in the final game at Montreal the Royal Bank team had a lead of one goal. The return game was played in Toronto on March 18, and the score was evened up. Although the rules called for overtime in such a case, Royal Bank players refused to continue, and a third game was finally decided upon.

Tonight Royal led at the end of the first period by 3 goals to 2. At the close of the second period the score was tied at 4 goals each. In the final period the Montrealers suffered a collapse, and Dominion scored four goals in rapid succession.

Alert Bowlers Cinch Second Series Honors

Will Play Thistles For Title of Five-Pinners This Week.

The Alerts cinched the championship of the second series in the Forest City Five-Pin League last night. This will put them up against Thistles for the five-pin championship of the city, probably this week. Thistles are now battling for second place honors with the Manhattans in the second series.

The victory of the Alerts in the second half has been the surprise of the league play. Every man on the team was a novice on the alleys at the first of the season.

CLARK PITTINGER TO PLAY WITH BOSTON

Londoner To Be Given Place With Red Sox.

Boston, March 29.—A Canadian recruit is going to have an opportunity of showing his speed with the Red Sox during the next few days. Clarke Pittinger of London, Ont., is scheduled to play third base for the Red Sox in all the games on the present trip, because of an injury to Oscar Vitt, newspaper reports received here today said. Vitt, who wrenched his right ankle, is on crutches, but will be able to play before the American League season opens, dispatches state. Manager Duffy says Pittinger is one of the best recruits he ever saw at a training camp, and reports from the south have stated that the London boy will be a serious contender for the Keystone position if Derrill Pratt does not report. The Red Sox were in Memphis today for a game with that city's Southern League team.

MUST BE DISCIPLINE IF I. L. P. TO SUCCEED

Must Not Allow Tail To Wag Dog, Says Thompson, Discussing the McBride Expulsion.

Commenting, in reply to some questions addressed to him by an Advertiser reporter this morning, on the overwhelming majority by which the British section of the Independent Labor party refused the offer of Lenine to affiliate with the Third Internationale, or Moscow party, J. F. Thomson, delegate from the local branch of the I. L. P. to the recent convention of the Ontario I. L. P. at Welland, declared that the result of the vote was "a proof of English level-headedness."

"The Canadian section of the I. L. P. is only three years old," said Mr. Thomson, "an infant compared to English section, and naturally it has not yet attained that maturity and permanency of thought or action that the older party has reached, yet there is not lacking even in Canada a steady growth of independence of thought, a steady evolution from the old-time acceptance of ready-made ideals and policies that portends great things for the future of the Dominion."

Discipline MacBride.

Answering a question relative to ex-Mayor M. M. MacBride of Brantford, who, according to dispatches from Welland, had been expelled from the I. L. P. by the convention, Mr. Thomson replied that the action of the convention was rather a disciplinary measure than one of expulsion. "The party cannot, in its own interests, permit an individual member to carry on a guerilla warfare of his own. If the Independent Labor party is to succeed and attain the position of permanence and reliability as a combined political nnd industrial organization in this country that it has reached in Great Britain there must be discipline.

"Personally I consider MacBride a good man and one that might be of great value to the party, but I would say to him, as Wolsley said to Cromwell: 'Cromwell, Cromwell! I pray thee throw away ambition, for by this sin the angels fell.' I believe his intentions in all the things that he has done have been good, but unfortunately the road to hell is paved with good intentions. He has been inclined to the stand that 'I am M. M. MacBride, attend all ye,' but we cannot permit the tail to wag the dog.

"The newspapers have made a great deal about the I. L. P. being bankrupt, but let me tell you that when 50 or 60 men, none of them of the wealthy class, can collect offhand $500 amongst themselves because they have faith in certain principles, it does not look as though the party was so very dead after all. There must be something solid at the bottom.

"So far as London is concerned, the I. L. P. has been the means of giving to the city the Labor Temple, the Labor Herald and the Co-operative Society."

FARM HELP

Farmers Filing Applications for Men With Government Bureau.

Recent weather conditions have made the farmers busy and there is a keen demand for married men with agricultural experience. At the London office of the Ontario employment service, applications for help have been filed by quite a large number of farmers in this district. They are offering from $500 to $600 a year to married men with the necessary experience, together with free house, fuel, and the usual perquisites and privileges. If applicants have young men in their families these are also offered employment at current wages.

One farmer applying for a single man with experience restricts his working day to ten hours, and others are coming into line with the idea that if farm workers are to be made contented and satisfied with their conditions, they must be conceded a portion at least of the privileges which are enjoyed as a matter of course by those employed in cities.

"Good roads would do much to solve the farm labor problem," remarked one authority on such matters, "for this would enable the hired man to get on his wheel and ride to and from the city in quick time whenever an opportunity offered."

REV. L. S. HUGHSON IS LEAVING BAPTISTS TO JOIN PRESBYTERIANS

Stratford Minister Quitting for Doctrinal Reasons.

Stratford, March 29.—Rev. L. S. Hughson, pastor of Ontario Street Baptist Church, announced to his congregation last evening that he was leaving the Baptist ministry to enter that of the Presbyterian Church. He expressed the view that the Baptist Church stands in need of doctrinal broadening out and relaxation of its requirements for membership.

In his statement he said:

"For a long time I have experienced a growing uneasiness concerning the terms of admission to our membership and communion service. The Baptist theory concerning the church is that there is contained in the New Testament a complete church with prescribed organization in full which may not be modified. On this assumption we are shut up to a high church status of the denominations, but when we look abroad and recognize, as we must, that by all the marks of spirituality and service, they are as much blessed of God as we, who must somehow revise our ideas. This I have done and it has led me to believe that the underlying principle of the Baptist Church is not justified by the New Testament and that there is allowed to the church the right duty of further development under the direction of God.

IMMIGRANT MUST POSSESS $250 TO ENTER CANADA

Regulation Regarding Certain Classes Has Been Extended.

The various agents of the Dominion immigration department have been notified that the qualification which provides that certain classes of immigrants must be in possession of $250 before being permitted to land in Canada, has been extended for an indefinite period.

ohn Riggs, who has been in charge of the local office for the past nine years, has received word to this effect. Mr. Riggs states that this order provides that immigrants of the mechanic, artisan and laborer classes, whether skilled or unskilled, shall possess this sum, but of course, the regulation does not apply to farmers, farm laborers, or household workers, nor yet to the wives and minor children of persons legally resident in Canada.

It has been stated that attempts are made to evade this law by forwarding checks to intending emigrants, but such procedure would render participants liable to severe penalties.

It will be recollected that some time ago labor organizations in various parts of Canada brought the matter of extending the qualification period before the Government.

W. O. R. INSPECTION

General H. A. Panet Will Review Regiment Wednesday Night at Armories.

Gen. H. A. Panet, district officer commanding Military District No. 1, will inspect the 1st Battalion, W. O. R., in the armories on Wednesday evening. This will be the last inspection of the year, and will mark the close of the M. D. No. 1 inspections.

After the inspection a muster parade will be held. The three bands will participate in this. The regiment is now 287 strong. The newly-formed pipe band, under the direction of Peter Russell, has 26 pipers and drummers; the brass band, with Lieut. W. Slatter as the leader, is 32 strong. The bugle band is under the leadership of Sergt. George Haun.

POSTAL CLERK HAS MADE RESTITUTION

ST. THOMAS, March 28.—Charles Hardy, the local postal clerk charged with stealing money from a letter mailed as a decoy, was before the magistrate today, and was remanded for a week. Hardy has made restitution, and having borne an excellent reputation hitherto the magistrate is considering what the measure of his sentence may be.

Morrison Will Speak.

J. J. Morrison, secretary of the U. F. O., will address a get-together luncheon at the Y. M. C. A. Thursday night. The function will be under the auspices of the Canadian Club.

Lieut.-Col. Lewis E. Jones, D.S.O., of the provincial highway department, Toronto, was an Easter visitor with his father, Capt. T. H. Jones, Wilson avenue.

Mrs. Helen Gunn Passes.

Born on the old McIntyre farm west of Wallaceburg, February, 1828, and a resident of the village for over 70 years, Mrs. Helen Gunn, the wife of Hugh Gunn, passed away Easter afternoon. She was the daughter of a pioneer settler of the Talbot district, the late Archibald McIntyre, and about the only survivor of the first families coming to the township of Dunwich. For over 65 years her home was never without tallow candles, which she herself made, and a flax wheel and spinning wheel are still there, silent reminders of the old pioneer days. Mrs. Gunn is survived by one daughter, Isabella Gunn, Wallacetown, and a brother, W. A. McIntyre. Miss Gunn of the local Y. W. C. A. is a niece. Interment will be Wednesday afternoon in Black's Cemetery.

An Unusual Charge.

A case not usually on the police docket was that of a local resident this morning who was charged by the M. C. R. detective with traveling over the line on another man's pass. The ticket was in the name of another. He was fined $10 and costs, and also paid his fare to the railway authorities.

Stole All the Machinery.

The entire stock of razors and other side accoutrements were stolen from the barber shop of Sam Heard, Wilson avenue, Sunday. When Mr. Heard arrived for business this morning he found his tool had vanished. A few coppers in the cash box also disappeared.

Drunk on Shandy Gaff.

Jonas Chambers who filled up on a shandy gaff made from alcohol and temperance ale was fined $25 and costs this morning. Nelson Walker, an old chum of Chambers, found the alcohol on a doctor's order, and Chambers discovered the beer. They mixed the drinks at Walker's house, and Chambers was found at a very hilarious moment on Talbot street early Sunday morning, and was taken to the police station.

Didn't Know Bootlegger.

His funds being somewhat limited at this season of enjoyment, and not anticipating so heavy a penalty because of the festive period, Charles Elsu will go to jail for four months because of his inability to pay a fine of $200, which he was ordered to do today by Magistrate Maxwell for a violation of the O. T. A. He paid $6 for the bottle of whiskey, but the man with the bootlegs was a stranger to him.

FINANCIAL AND COMMERCIAL

EGG PRICES ARE STILL FALLING

Supplies and Buying Anything But Brisk.

OATS SLIGHTLY FIRMER

Live Hogs, Hay and Oats All Plentiful.

Egg prices took on another slump at the local market on Tuesday morning. The supplies were not heavy, and the buying was not brisk. Wholesale prices were 28c and 30c, and retail, 30c and 35c per dozen. The majority of the retail sales were around 30c and 33c per dozen.

Oats were slightly firmer with the active demand. Two loads were offered at $1.55 per hundredweight. By the bushel they sell for 53c.

Wheat prices slumped again and quotations are now $1.80 and $1.90 per bushel and $3 and $3.17 per hundredweight. It was intimated that local millers were not paying these prices.

Live hogs were plentiful today for the shipment to Toronto on Wednesday. Prices were somewhat lower because of this condition. The present quotations are $13.75 and $14 per hundredweight. Fat sows sell for $8.75 and $9 per hundredweight. Dressed hog quotations were slightly lower. They now sell for $19 per hundredweight.

A number of loads of hay and straw were on the square today, and both found a ready sale. There were no changes in prices.

Corn—May, 64⅝c; July, 68c.

Oats—May, 41⅛c; July, 42½c.

Chicago, March 20.—Apprehension that freezing weather had done considerable damage to the new crop led to material upturns today in the price of wheat. A leading expert, however, declared that unless the roots were injured, no more harm would result than from running a mower over a lawn. He said new shoots and ample growth would follow. Opening prices, which ranged from ½c to 2½c higher, were succeeded by further gains and then by some reactions.

Corn sympathized with the wheat strength. After opening ¼c to ⅞c higher, the market eased off a little and then hardened again.

Oats were firmer with other cereals, starting unchanged to ½c up, and continuing to average above yesterday's finish.

LIVE STOCK.

NEW YORK STOCK EXCHANGE.

New York, March 29—Wall Street, 10:30 a.m.—Although overnight advices, especially as to industrial conditions, were mare reassuring, leading shares were under pronounced pressure in the early stages of today's stock market. Motors, oils, steels, equipments and tobaccos were the objects of renewed short selling. Studebaker, Mexican Petroleum, Crucible, American Locomotive, American Woolen and Consolidated Textile were lower by large fractions to 1½ points. Motor specialties, particularly the rubber tire division, also eased, and coppers and sugars reflected a lack of support. Changes among rails were nominal. Exchange on London was slightly higher.

MONTREAL STOCK EXCHANGE.

Montreal, March 29.—After four days of idleness the local stock exchange opened this morning with prices corresponding to those which prevailed at the close last Thursday, and very few noticeable changes appeared during the first half hour. Abitibi, whose dividend was reduced yesterday, was much weaker at the opening today, its first quotation being 39, which represented a drop of 3½ points from its closing figure last week. Brompton was also down half a point to 34, while Laurentide sagged ¾ to 38. Wayagamack was steady at 67. Other leaders did not appear during the early trading.

Nothing of interest developed during the morning, and the close was devoid of excitement. Abitibi closed fractionally stronger at 34¼c. Brazilian, which did not appear until late, remained unchanged at 32¼, while Brompton closed at its opening figure. Breweries was quiet throughout the morning at 38⅛, as was also Riordon at 110. Other issues did not change.

The Egyptian Vegetable Peach

U. S. A. copyright.
This new and distinct form of Vegetable Marrow is of a running, or trailing habit, very short-jointed, and extraordinarily prolific. The fruits are globe shaped, are the size of an Orange, and when ripe take a deep canary color. In appearance it is more like a Melon than a Marrow. When cut open it resembles a Cantaloupe. Instead of the rather insipid, watery flesh of the ordinary varieties, it is firmer in texture, and possesses a delicate flavor that pleases all who have tried it. It also makes a white, transparent Jam that is absolutely unequalled. Ideal for small Gardens, as the vine occupies but a small space and the fruits ripen 90 days from germination.
We import these seeds and they are carefully selected and freshly gathered.
1 Package, 50c. (We do not break Packages).
We think we can claim that we have introduced a Vegetable that will be welcome in every garden.

New Guinea BUTTER BEAN

This wonderful new vegetable is easily grown and will do well in any part of the United States. The vines are very prolific, producing beans from 3 to 5 feet long and weigh from 6 to 18 lbs., one being sufficient for a family for several meals.
One of the very best Vegetables that has ever been introduced to this continent. All over Canada — East, West and north—it will flourish, and it will be as advertised. The Seeds we sell are Imported. Fertile, and Australian crop, 1920.

Financial Strength
THE principles upon which a Bank is founded, the number of years it has been in operation, and the policy followed during these years—these features, combined with its present standing, form the criterion of the strength of a Bank.
The Bank of Montreal began business in the year 1817, with a modest capital of $1,250,000, and for over a century it has followed a conservative—aggressive policy until to-day its capital and reserve fund total $40,000,000 and its total assets are in excess of $560,000,000.

BUSINESS CHANCES

AT THE MARKET LANE, LONDON businesses are sold. Call Sydney Smythe, Insurance Agent.

Sutherland & Smith

INVESTMENT BROKERS,
207 Royal Bank Building.

CHEMICAL PRODUCTS, LIMITED. This company manufactures sulphuric acid, acid phosphate (chemical fertilizer), sodium nitrate, refined, and Aspirin from the raw materials located near its plant at Trenton, Ontario. Most of these products have been heretofore imported into Canada. The demand for these products is greater than this company supply for a great many years. They are manufacturing now and the estimated net returns for this year is about three times the amount of the dividends required for preferrd stock. That is why the common stock will have a substantial rise in market price when listed. Our advice is to make immediate application for this stock.

GENERAL STORE AND DWELLING, first-class business, good locality on county road to city. Box 170, Advertiser. 82c

GENERAL STORE OPPORTUNITY

No better time than now to go into business providing you get in right. This is a live store doing an active trade and making money. Purchaser need not fear loss on account of falling market as stock turns over about every six weeks. In country village on railway; stock about $4,000, store $20 a month or will sell. Many other business openings listed here. Ask for what you want.

APRIL FOOL FUN.

The origin of All Fools' Day is lost in the dim mists of antiquity; it is probably an ancient pagan spring festival, for it is observed in India on the 31st of March, and is a long established custom in France and Great Britain. Its age shows it to be a natural expression of the mood of spring, light-hearted and good-natured; when the children know it in this spirit it is good for them. Laughter of the right sort is childhood's prerogative. It is a short-sighted mother who has not an April fool trick up her sleeve and cannot take an April fool jest with a laugh.

For an April fool party, there are all sorts of jolly stunts. Let half the children stand behind a curtain or screen and show only their hands over the top. Let the other half seize each a hand, and guess the owner, receiving an April fool star on his tally if he guesses wrong.

Have a peanut hunt where half the peanuts are empty shells, and a star for the tally of every child who gets fooled. Darken the room and show shadow silhouettes of the children in turns, giving stars for failure to guess them correctly.

Serve harmless April fool candies and salty punch before you serve the real refreshments, but always put some good candies in with the others. Crown the child who has the most stars April fool king, and let him lead a stumping party, which you have planned beforehand, so the children will not get out of hand and go too far.

Winter Itch.

This is the season when people with dry and irritable skin should not without malice aforethought bathe. Now is the winter of discontent for people who imagine that cleanliness is a mere matter of soap and water and fancy plumbing. The common drinking cup and the roller towel are sanitary institutions as compared with the common bathtub, and yet thousands and thousands of our newly well-to-do with regular inside bathrooms and everything actually boast of their use of the bathtub. Real lovers of cleanliness want nothing but a shower.

Many elderly persons, and many younger ones, whose metabolism is too slow, scrub almost daily under the influence of the sanitary plumbers' propaganda, and then wonder why they burn and scratch and dig and squirm and suffer with winter itch. One wouldn't expect a kid glove or a sheep-bound book to withstand frequent soap and water washing. Why make such demands on the poor old skin? A bath twice a week is amply sufficient for the average individual in cold weather; once a week may suffice for many whose work or play does not expose them to much dirt; once in two weeks is often enough for many an elderly person to take a soap and water bath. A vigorous young person may endure a daily bath all the year 'round, if plenty of artificial tropical climate is available in the colder season.

The excessive dryness of the skin caused by too frequent bathing with soap and water, particularly soap, is one cause of winter itch. This may be obviated or relieved by frequent applications to the skin of this:

Lanolin	1 dram
Boroglycerid	2 drams
Cold cream (made with white vaseline)	6 drams

IT IS JUST LIKE THIS.

Q.—Will you kindly tell me whether cigar ash is injurious if swallowed? I like the salt or mineral taste and often when smoking put some of the ash on my tongue and swallow it. (F. H. Y.)

ANS.—No. The craving perhaps indicates that your ordinary diet is deficient in lime—a common fault of dietaries. You might better satisfy that craving by including in your diet things which are rich in lime. Among other things, milk, cheese, nuts, entire (unmilled) wheat, wheat bran, raw cabbage (cold slaw or salad), chocolate, or even powdered egg-shell.

Q.—A house in which grain was stored for years still has mice, and often there is an unpleasant odor when one dies inside the walls. Does this injure the health of occupants? (Mrs. B. R.)

ANS.—Only in so far as the disagreeable odor may impair appetite.

Q.—Would a cellar which is always damp and usually has water oozing through the walls cause a person to have a cough or any kind of fever? (D. P. M.)

ANS.—No. It does not affect the health of occupants of the house.

Q.—Are tuberculosis and consumption identical? Has cancer ever been cured? If so, by what method? (R. C. A.)

ANS.—Consumption was the old-fashioned name given tuberculosis of the lungs, which, in ye olden days, was seldom recognized, what with dilly-dallying and shilly-shallying about "weak lungs," "bad colds," and such-like delusions, until the tuberculosis had progressed so far that the body of the victim had become emaciated.

Thousands of cases of cancer of internal organs have been cured by radical surgery, if the operation has not been put off too long. Perhaps half of all cases of skin cancer ((epithelioma) are curable by X-ray, radium, or surgery. Now and then a case of skin cancer (which is not so malignant nor so quickly fatal as organ cancer, called carcinoma) is cured by a quack's caustic applications; pastes, oils, salves containing caustic which destroy every tissue, normal or diseased, which they touch. But this is indeed crude, torturous, and exceedingly dangerous surgery; it amounts to cutting blindly with an axe. Persons who submit to such "knifeless" treatment are to be pitied.

Q.—.... (page 3) ....and I have always thought that toxemia had something to do with it. I feel so....

ANS.—No doubt it has. Toxemia is a feature of nearly all ills. It is one of those medical terms that do not mean anything in particular.

Q.—My mother believes that silk stockings, or even wool ones, worn with oxfords in the winter are not only ridiculous but injurious to health. Is that true, when one wearing them feels perfectly comfortable and warm? (Helen W. C.)

ANS.—So far as health and hygiene may be concerned, the comfort of the wearer is the only important consideration. If you are comfortable with low shoes, or no shoes, with wool, silk or no stockings at all, I assure you that you need worry none at all. Of course, mothers will always be obstinate about this, but we need not insist on their wearing oxfords in winter.

Q.—Please advise me whether I am right in my conclusion that plenty of fresh air, pure food, and rest in bed are the main weapons with which to combat tuberculosis. (H. A. J.)

ANS.—Fresh air, a reasonable amount and variety of plain, wholesome food, and, in active cases, rest in bed are important weapons. Sunlight is another. But in my judgment the first essential for recovery is the regular supervision of a physician whose judgment is necessary at all times in determining the proper use of these weapons.

Q.—What is dementia praecox? What chance is there for recovery? May it be treated at home? (B. F. J.)

ANS.—Mental deterioration in early life, developing usually before the age of 25. About one in eight cases terminates in recovery, although there is a tendency toward a second attack. The patient is best treated in a hospital for the insane.

WOODSTOCK MAN PAINFULLY INJURED

Charles Miller Caught in a Cave-In of Sewer Excavation.

WOODSTOCK, March 28.—Charles Miller is in the hospital suffering from serious injuries sustained when the sides of an excavation being made for a sewer fell in. He was working at a depth of ten or eleven feet when the walls gave way. His leg was broken and he sustained internal injuries, the extent of which are not known at the present time.

On Saturday night three men visited the village of Thamesford, stating that they intended going to Hamilton and intimated their intentions of not walking any further. Sunday morning it was found a village garage had been entered and the car brought to the door, but the intruders failed in an attempt to start. They then visited the barn of Mr. Golding and stole a horse and harness. A buggy they secured at John Gordon's, then they drove to Woodstock, where they left the horse at the G. T. R. station and evidently proceeded by train to Brantford or Hamilton.

EASY FOR BOYS TO PURCHASE CARTRIDGES

Lad Who Killed Comrade Testifies At Coroner's Inquest.

TORONTO, March 28.—Fifteen-year-old Harold Holmes, who shot and killed Cloy Tupling, 9 years old, on Good Friday, in the outskirts of this city, told a coroner's jury tonight that he had had no trouble in purchasing all the cartridges he wished for his .22-calibre rifle, and that he was shooting at a groundhog, when Cloy Tupling threw himself in the way of the bullet. Of five boys present at the time of the tragedy, Holmes was the only one who said he saw a groundhog.

Delmar Tupling, 7 years of age, a brother of the deceased, said Holmes had pointed his rifle at one of them before the fatality occurred, and then laughed.

The inquest was adjourned until next Monday.

DECLARES HE IS BROTHER'S KEEPER

Offers To Serve Prison Term of Man Who Escaped.

COLUMBUS, Ohio, March 28.—"I am my brother's keeper" is the feeling of the brother of James Connors, penitentiary prisoner, who recently walked away from the prison farm at London. The brother has offered Warden Thomas to serve until Connors is apprehended if that will mitigate the latter's punishment.

"I was my brother's keeper" is the feeling of the brother of George Mendel, who walked away with Connors. He has offered $500 in addition to the state's $50 reward for Mendel's arrest.

Mendel and Connors were placed on the farm at the request of their brothers, that they might be permitted to make good.

The strange story of the one brother's fidelity and of the other's regard turning to anger when he found his confidence betrayed came to light today in letters to Warden Thomas.

Both of the brothers expressed keen regret at the escape, feeling that their confidence was betrayed to the warden. Mendel's brother is a prominent manufacturer of the state. He describes his brother as an "ingrate," and said that their father had left $8,000 in trust for Mendel, when he should be liberated.

BURIAL AT TILBURY.

TILBURY, March 28.—The funeral of George Elford (Jim) Andrews, eldest son of Mr. and Mrs. George Andrews, which was held in St. Andrew's Church yesterday afternoon, was attended by a gathering of friends and acquaintances which filled the auditorium. Six young friends and associates were pall-bearers: Arthur Taylor, Nelson Putt, Alfred Connor, Gordon Ainslie, Clyde Fenner and George Bromley. Among the floral tributes were pieces from the young people's societies of the church and from the local deer-hunting club. Interment was made in St. George's Cemetery, Middle road west.

SPRING IMPURITIES DUE TO POOR BLOOD

A Tonic Medicine a Necessity At This Season.

Dr. Williams' Pink Pills are an all-year-round tonic for the blood and nerves. But they are especially valuable in the spring when the system is loaded with impurities as a result of the indoor life of the winter months. There is no other season when the blood is so much in need of purifying and enriching, and every dose of these pills helps to enrich the blood. In the spring one feels weak and tired—Dr. Williams' Pink Pills give strength. In the spring the appetite is often poor—Dr. Williams' Pink Pills develop the appetite, tone the stomach and aid weak digestion. It is in the spring that poisons in the blood find an outlet in disfiguring pimples, eruption and boils—Dr. Williams' Pink Pills clear the skin because they go to the root of the trouble in the blood. In the spring anaemia, rheumatism, indigestion, neuralgia and many other troubles are most persistent because of poor, weak blood, and it is at this time when all nature takes on new life that the blood most seriously needs attention. Some people dose themselves with purgatives at this season, but these only further weaken themselves. A purgative merely gallops through the system, emptying the bowels, but does not help the blood. On the other hand, Dr. Williams' Pink Pills enrich the blood which reaches every nerve and every organ in the body bring new strength and vigor to weak, easily-tired men, women and children. Try Dr. Williams' Pink Pills this spring—they will not disappoint you.

Sold by all medicine dealers or sent by mail at 50 cents a box or six boxes for $2.50 by The Dr. Williams' Medicine Company, Brockville, Ont.

ANOTHER CRIME WAVE SWEEPING NEW YORK

Two Murders and Numerous Robberies Have Been Reported.

NEW YORK, March 28.—An outburst of crime, in which two men were killed and a church and several storekeepers were robbed, kept detectives on the jump here today. Although most of the violence occurred early in the day only two arrests had been made at a late hour tonight.

Robbers entered a florist shop on upper Broadway early today, jimmied a safe and escaped with about $1,100 in cash. One man was arrested.

Christ Church, Manhasset, was entered and a safe containing sacred vessels was blown open. So strong was the explosion that a hole was blown in the roof over the safe. The thieves escaped with several communion vessels and gold and silver vases.

John Coffey, a former policeman, was found dying with his throat cut, after a fight in a cafe on east 76th street. Several women in an outer room testified the man ran from an inside parlor with blood streaming from his face after sounds of an altercation were heard.

An Italian, while trying to stop a free-for-all fight in the Italian quarter, was stabbed several times and died later.

THRONGS VIEW BODY OF CARDINAL GIBBONS

Special Mass Will Be Celebrated in Cathedral Today.

BALTIMORE, Md., March 28.—Throngs of people all day today filed slowly down the centre aisle of the cathedral and past the catafalque upon which lay, robed in purple, gold and white, the body of Cardinal Gibbons, with head toward the altar.

Many tarried in the pews to kneel and pray, and some knelt beside the body of the cardinal momentarily, but if a visitor stayed more than a second or two beside the bier, a member of the guard of honor, consisting of men from the various Catholic laymen's societies, tapped him on the shoulder and asked him to move with the crowd.

At each side of the body gleamed three candles, and above the head burned the candles in a seven-branch candlestick.

The mass at the cathedral tomorrow will be for the religious, and the mass Wednesday for the laity.

After the funeral mass on Thursday, burial in the crypt under the cathedral will be private.

Tonight a cablegram was received by Bishop O. B. Corrigan from the papal secretary of state, Cardinal Gasparri, which read as follows:

"The august pontiff has learned with profound sorrow of the death of His Eminence Cardinal Gibbons. He offered up prayers for the soul of the worthy prelate and sends heartfelt condolences to your lordships, to the clergy and the faithful of the archdiocese."

SOLDIERS' MEMORIAL WILL BE ERECTED

To Occupy Site Where Monument of Kaiser's Grandfather Stood.

KITCHENER, March 28.—The members of the Soldiers' Memorial Commission, together with members of the park board, visited Victoria Park today for the purpose of selecting a site for the memorial. The spot formerly occupied by the monument to the old Emperor William First, the ex-Kaiser's grandfather, was selected.

Henry M. Brubacher dropped dead at his home early today. He had just returned after spending the winter in Florida. He was sixty years of ago and leaves his widow, two sisters and one brother.

WHOLESALE PRICES OF SUGAR MAY ADVANCE

MONTREAL, March, 28.—Further advances in the wholesale price of sugar may be expected in the near future, following the advance made by refiners on Thursday last from $10.50 to $11.00 per hundred pounds, is the opinion of local sugar men. As Canadian and American prices are determined by the prices fixed for the raw product by the committee appointed by the Cuban Government, and as the bottom of the break in prices has apparently been reached, it is anticipated that the Cubans will raise their figure.

SHOOTING WAS ACCIDENTAL.

MONTREAL, March 28.—A verdict of accidental death was returned by Coroner McMahon this afternoon at the inquest into the death of Leopold Valiquette, 11 years of age, of 1903 St. Denis street, and Ferdinand Gravel, 48 years of age, of St. Dorothee, Que., who were killed by a bullet fired from a rifle in the hands of Arthur and Leopold Hotte, of St. Martine, on Isle Jesu, during rifle practice at the latter's home yesterday afternoon.

LIVE STOCK CLUB HAD SUCCESSFUL YEAR

PAISLEY, March 28.—The annual meeting of the Livestock Shipping Club for this district was held on Saturday afternoon, with President J. W. Howe in the chair. Reports read showed a very successful year. The receipts totalled $152,991.01 and the total payments $153,070.75.

The following officers were re-elected for the year: President, J. W. Howe; secretary and manager, Wallace Megraw; board of management, J. W. Howe, Dr. R. J. Nelson, A. L. McKinnon, James Blue.

DEATH OF WILLIAM RAMSAY.

TORONTO, March 28.—A cable message received in this city today announced the death in Gibraltar on Sunday of William T. Ramsay of Toronto, formerly superintendent of the Canada Life Assurance Company. The deceased, who retired from business life several years ago, was on a trip for his health, accompanied by his wife, a daughter of Sir William Meredith.

When Does Bronchial Trouble Begin To Get Serious?

First it was a little throat tickle, then a cough which grows severe. This neglected cough travels down the lungs, and it's mighty hard to treat. To treat throat trouble right, use Catarrhozone. It heals the sore spots, allays irritation, eases the cough, makes breathing regular; clears out the phlegm and frees the nostrils from crusts and accumulations. You can prevent colds, and keep free from Catarrh and bronchial trouble by frequently using Catarrhozone—thousands prove this every day. Sold everywhere; two months' treatment, $1; medium size, 50c; small size, 25c.

SOUND KIDNEYS SAVE SUFFERING

The hustle and bustle of modern life cause weak kidneys. Overwork and worry invariably create poison faster than the weakened kidneys can filter it from the blood. Pain in the back; nervousness, and lack of ambition are the first warnings that the kidneys are deranged, and for these conditions Warner's Safe Kidney and Liver Remedy should be used for beneficial action. For 50 years this dependable medicine has proved itself beneficial for kidney disease, and its ofttimes terrible effects. Here's an instance of its remarkable efficacy:

"I wish to say that your remedies have been used in our family for fifteen years. We are never without a bottle of Warner's Safe Kidney and Liver Remedy in our home, and it has saved many a doctor's bill. It is a wonderful medicine for all diseases of the kidneys and liver." (Signed) Florence E. Smith, R. F. D. No. 1, Dunkirk, Ohio.

Warner's Safe Kidney and Liver Remedy contains no harmful ingredients, and should be used when the kidneys need attention. Two sizes. At all druggists. Warner's Safe Remedies Company, Toronto, Ont. b

MY TIRED FEET ACHED FOR "TIZ"

Let Your Sore, Swollen, Aching, Feet Spread Out in a Bath of "Tiz."

Just take your shoes off and then put those weary, shoe-crinkled, aching burning, corn-pestered, bunion-tortured feet of yours in a "Tiz" bath. Your toes will wriggle with joy; they'll look up at you and almost talk and then they'll take another dive in that "Tiz" bath.

When your feet feel like lumps of lead—all tired out—just try "Tiz." It's grand—it's glorious. Your feet will dance with joy; also you will find all pain gone from corns, callouses and bunions.

There's nothing like "Tiz." It's the only remedy that draws out all the poisonous exudations which puff up your feet and cause foot torture.

Get a box of "Tiz" at any drug or department store—don't wait. Ah! how glad your feet get; how comfortable your shoes feel. You can wear shoes a size smaller if you desire.

ASKING GOVT. HELP TO REGAIN TRADE

Coal Men of Cape Breton See Chance For Business.

SYDNEY, N. S., March 28. — An urgent demand that the Federal Government take steps to bring about relief to the coal trade in Cape Breton was contained in a message sent by the Sydney Board of Trade tonight to J. C. Douglas, M. P. for Cape Breton South and Richmond. The message set forth that vessels of the Canadian Government merchant marine now lying idle at Halifax might be turned over to the Dominion Coal Company for use in the South American coal trade. This market was lost to the Dominion Coal Company during the war, but with added shipping an effort could be put forth to regain it.

Mr. Douglas was requested to bring the matter before the Government immediately.

GALE AT BOSTON.

BOSTON, March 28.—An unscheduled visit of summer, which carried the temperature from a minimum of 48 last night to a maximum of 73 this afternoon, came to a sudden end and in a smart thundershower tonight. At 10 p.m. the thermometer registered 42, with indications that it would show a much lower mark before morning. The drop was accompanied by a northwest gale.

LILLIAN GISH IN 'WAY DOWN EAST' SECOND BERNHARDT

Old Stage Favorite Gains by Its Screen Resurrection.

SUBERB OFFERING

Audience At the Grand Opera House Last Night Greatly Delighted.

After 22 years of pleasure and instruction provided to the great general public through the medium of the stage version, Lottie Blair Parker's famous play, "Way Down East," has entered upon what promises to be a greater triumph than even the most sanguine imagination of author or producer could have pictured in its film presentation, which is being presented at the Grand Opera House twice each day this week.

Even the most blase of theatregoers, with the impression that he or she has already seen the utmost that the silver screen has to offer in the way of exquisite and even wonderful exemplifications of the almost miraculous ability of the picture producer to combine the sister arts in a picture of surpassing beauty and infinitude of detail, must perforce admit that in the film production of "Way Down East," D. W. Griffiths has surpassed anything previously attempted, and that he has done so must largely be credited to an ability and intuition very much akin to the Scots' "second sight" with which he has selected the principals, the art directors, scenery, and in fact, every detail for the elaboration of this simple story of plain people and common everyday life.

As Anna Moore, the heroine of the story, Lillian Gish has made a name for herself as an emotional actress not second even to that attained by the "Divine Sarah" when at the height of her career, while as leading man, Richard Barthelmes, in the role of David Bartlett gives a support to the development of the story that could not by the most extravagant imagination be excelled.

The story of Anna Moore, who lives in a humble New England home with her mother, and is forced by straitened circumstances to seek the financial aid of wealthy relatives, is full from the beginning to the end of the pathos that till revealed by the suberb acting of Miss Gish has never found an expression outside of the humble ranks of life where repression of feeling has become second nature. As a result of her visit to her rich friends she becomes the victim of Lennox Sanderson, a man whose life plaything has been "woman." A mock marriage, the birth of a baby, which dies shortly afterwards, and Sanderson's refutation of any responsibility for the future of his innocent victim, give Miss Gish wonderful opportunity for the fullest display of her powers as an emotional actress, a power which mere words refuse to fittingly describe.

To relate the story in detail would not alone be too lengthy for the available space, but would tend to destroy the delight of watching the unfolding of this wonderful life story on the screen. Suffice it to say that there are innumerable scenes which fix themselves by their intensity, beauty or artistic setting on the mind with a grip which cannot be refused. Of these scenes, perhaps the outstanding is the rescue of Anna Moore by David Bartlett from the floating block of ice just as it is about to be hurled over the falls in the great rush of ice and water when the spring break-up takes place; the scene in the fashionable ballroom with the gorgeously attired women, this scene being in colors; the old-time barn dance with its true-to-life participators, and dozens more might be mentioned as worthy of special note.

The music, which is a feature in itself, its melodies and cadences being adapted to the spirit of the story in unusually clever manner, is rendered by a New York orchestra, and commenting on it after the show last night, Mr. A. D. Jordan, the well-known local musician, expressed warm appreciation of the excellence of its rendition by the orchestra.

To say that every person in the packed house last night went away deeply touched by the pathos of the story, and delighted with the splendid presentation of it is in no sense going beyond the strict confines of truth. The picture will be presented twice each day for the remainder of the week, and that there will be many repeat visits to see it is assured.

DENIES ALL KNOWLEDGE OF BRUTAL MURDER

FLORENCE, S. C., March 28.—Edmund Bigham of Pamplico was convicted of murder by a jury here today for killing his mother, brother, sister, and the latter's two adopted children, two months ago. The murder victims were found on Bigham's farm, all having been killed with a revolver. The crime was said to have been occasioned by financial troubles. At all times Bigham asserted his innocence, and after the verdict was returned today, said:

"I am innocent. I know nothing of how that crime was committed. That is the truth, so help me, God. If I am guilty I hope I may be petrified in front of this courthouse. I am innocent as a new-born babe."

FASHION SHOW

Raphael-Mack's Exhibition Draws Packed House at Loew's.

Everyone who attended this popular playhouse yesterday evidenced hearty approval of the style treat provided by the progressive local store, the Raphael-Mack Company. The styles exhibited in the grand promenade of living models were really wonderful creations, and left no doubt in the minds of all observers as to the fashion supremacy of this firm. Two performances were given—afternoon and evening—and they will be repeated at both today's shows. A cordial invitation is extended by the Raphael-Mack store to every woman and miss in London and this vicinity to attend this magnificent exposition of the most stunning successes in spring styles.

b

THEATRES

AT THE ALLEN.

Capacity audiences filled Allen's Theatre at the initial performances of "The Woman in His House," and judging from the interest aroused by this film, the rest of the run will be just as successful.

This delightful drama illustrates the sublime power of a mother's love in casting off evil and restoring good. The story, in brief, is as follows: Philip Emerson, a materialistic physician, marries a beautiful young girl, Hilda, whom he had met while spending a holiday on the northern coast. He takes her to his home in New York, but became so engrossed in medical science that he neglects his wife. Circumstances put groundless jealousy in the heart of Hilda, and when a tempter comes along she leaves with him, abandoning her little child, whom she afterwards hears has died during an epidemic. But the child is not dead, although the doctors say he will be hopelessly deformed. How, through Peter Marvin, a true friend of Philip, his wife returns to her home, and how the little boy is restored to health by a miracle of love, must be seen to be adequately realized.

The role of Hilda finds powerful portrayal in the hands of Mildred Harris, while Ramsey Wallace and Thomas Holding take the respective parts of the doctor and his friend. The rest of the artists are of uniform excellence.

Extra features include a Rolin comedy of outstanding merit and the Allen News of Canada. Charles R. Vickery, the celebrated Toronto tenor, sings some acceptable solos, and the orchestra overture, "Blue Jeans," is a most pleasing item.

AT LOEW'S.

Douglas Fairbanks is back again. After an absence of many months he is appearing at Loew's during the first half of this week in one of the funniest comedies of his brilliant stage career. Some brilliant producer called the play "The Nut," and he most certainly managed to put everything in a nutshell. The picture is one long draught of laugh-producing concoction prepared in such excellent settings that the whole is decidedly pleasant to take. Although Douglas Fairbanks did not stage as many startling acrobatic stunts as he has in some of his other pictures, he enriched the play by some of the most ingenuous comedy ever filmed. In fact, there seemed to be no end to Fairbanks' inventive powers. The star is well supported by an excellent cast. The play was produced on a sumptuous scale. There can be no doubt that Douglas Fairbanks is still a great favorite, for on Monday the theatre was packed to capacity during each performance.

Three excellent vaudeville acts followed by a gorgeous fashion revue staged by Raphael-Mack of this city, formed the other features of a well-balanced program. The first of the acts is an acrobatic and trapeze act which is above the ordinary. It is staged by a man and a women appearing under the name of Paul and Pauline. The man especially gives a remarkable exhibition of strength.

Eugene Emmett, an Irishman with a silvery tenor voice, won encore after encore by some sweet Irish songs and ballads. One rarely hears such a voice as his in vaudeville. Perhaps one of the most wholesome but downright funny acts ever staged locally was staged by two young men, Bryant and Stewart. The two attempted nothing serious, and they were so absolutely foolish that the crowd almost refused to let them go.

The fashion revue is a wondrous display of gowns, wraps and suits paraded before the admiring gaze of the spectators by five graceful misses. By effecting some rapid changes the models each appeared several times, each time costumer differently.

A Hank Mann comedy, a News Weekly and a Pictorial completed the program.

ALLEGE FORGER HAS MADE CONFESSION

Sidney Bedford Arrested While Trying To Pass $1,000 Check.

WINDSOR, March 28.—Sidney Bedford, aged 29, who was arrested on a charge of forging checks on a bank, has confessed, according to members of the Walkerville police force. Bedford was arrested while in the act of trying to pass a check for $1,000, at a branch of the Merchants Bank in Walkerville. He is alleged to have secured $700 in operations in Walkerville before his arrest.

On a charge of carrying a weapon, William Tillard was found guilty in police court this afternoon and remanded for sentence. Tillard, according to evidence, entered a restaurant with two companions and began shooting up the place.

MUNICIPALITIES MAY PURCHASE RAILWAY

Sending Delegation To Ottawa To Ask For Permission.

THOROLD, March 28.—At the annual meeting here today of the Niagara District Hydro Radial Union a resolution was passed asking the Niagara district municipalities to send a delegation to Ottawa to ask permission from the minister of railways and canals for the municipalities interested in the operation of the Niagara, St. Catharines and Toronto Railway, to negotiate directly for the purchase of the assets of the railway, independent of the usual guarantee given by the province of Ontario, subject to the approval of the ratepayers interested. This would mean that whether the Ontario hydro-electric power commission's radial projects go through or not, the Niagara district will have its own public-owned railway. It is understood that in any event, if the municipalities buy the railway they will request the Ontario hydro commission to run it for them. T. J. Lanigan, secretary of the Ontario Hydro Radial Association, declared that notwithstanding that the probe of the hydro-electric radial railway schemes had dragged along seven months, and that many varieties of experts had been heard thereat, the municipalities asking for hydro radials still had faith in them. He expressed a hope that some construction of the radial railways would be begun this year.

SAYS CITY LINE COULD HANDLE MORE BUSINESS

Manager of L. and P. S. Ry. Gives Figures Regarding the Traffic.

NEEDS MORE EQUIPMENT

Declares Freight Revenue For Last Year Totalled $210,259.

TORONTO, March 28.—The first of the witnesses called by Robert McKay, K.C., in support of the hydro radial case before the Sutherland commission, were heard at Osgoode Hall today. Most of the forenoon was taken up with the examination of James E. Richards, manager of the London and Port Stanley Railway, who submitted some interesting information as to the operation of that road. He pointed out that at the time of the electrification the estimated number of passengers was put at 450,000 per annum, and gave figures from 1916 to 1920 showing that the number jumped from 548,326 to 1,024,034. As to freight business, the estimated revenue was $144,000. The returns showed in 1916 it was $149,618 and in 1920 $210,259. Mr. Richards stated that 97½ per cent of the business was "absolutely competitive," and considered the reason for business finding its way to the London and Port Stanley was "just service." Provided there was sufficient equipment, he thought they could handle five to ten times as much business.

Gives the Figures.

Mr. Richards stated that the revenue per route mile on the London and Port Stanley Railway worked out at $11,800 for passenger traffic; $9,800 for freight and $1,200 for miscellaneous, exclusive of Port Stanley park earnings. These figures were calculated upon 24.5 mileage. The agreement with the Michigan Central Railway on a car mileage basis could not be regarded as remunerative or profitable from the point of view of the London and Port Stanley Railway, Mr. Richards said.

The London and Port Stanley Railway was not at any disadvantage with other railways in getting freight to competing points, Mr. Richards said. As to operations in winter time, he said the London and Port Stanley Railway managed to get along better than many of its neighbors.

Asks Hydro Advice.

R. S. Robertson, counsel for the municipalities opposed to the hydro-electric commission's radial railway schemes, asked Mr. Richards if engineering questions and the purchase of new equipment for the London and Port Stanley Railway were delegated to the Ontario Hydro-Electric Power Commission. The reply to this was in the negative. Mr. Richards added that advice was obtained from the hydro commission as to the different kinds of equipment the railway needed.

Mr. Robertson asked if complaint had been made by him or the London and Port Stanley Railway Commission to the London City Council regarding evidence given a short time ago before the royal commission by City Clerk Baker. Mr. Richards answered in the negative, and said that the matter was simply discussed at one of the meetings of the commission in London. So far as he knew, he said, neither the city council nor the board of control of London had been interviewed on the matter by the London and Port Stanley Railway Commission.

Complains of Service.

Several residents of Burlington testified in favor of the proposed hydro radials. H. Thompson Foster, a fruit grower, Burlington, complained of an "indifferent" service on the Grand Trunk Railway for a while last summer, then even this was taken away, he said. "The growers were forced to use motor trucks," Mr. Foster said, "because they could not get the needed service from the Grand Trunk Railway." The Canadian Express Company discontinued the morning fruit service about the first of July. The export of fruit from Burlington to Toronto was 1,515 tons, Mr. Foster said. What express cars had been provided to take the fruit from Burlington were "old, dirty, rotten stock cars," Mr. Foster asserted.

HELD FOR BIG ROBBERY.

NEW YORK, March 28.—Jacob Cohen, 39 years of age, was arrested here tonight on a federal warrant charging him with robbery in connection with the recent mail theft at Toledo.

HAS ESCAPED THAT TERRIBLE BACKACHE

Why Thomas Keefer Praises Dodd's Kidney Pills.

British Columbia Man Who Suffered for Years Feels Twenty Years Younger and Gives the Credit to Dodd's Kidney Pills.

Surge Narrows, B. C., March 28.—(Special).—Mr. Thomas Keefer, a well-known resident here, is always ready to recommend Dodd's Kidney Pills to those who suffer from pains in the back or kidney trouble.

"For the past seven or eight years I had been troubled with a very bad back," Mr. Keefer states. "For the last two years I was confined to bed for four or five weeks.

"In the fall of 1919 reading in Dodd's Almanac led me to try Dodd's Kidney Pills. I bought six boxes, and I am proud to say I have escaped that terrible backache. I am feeling twenty years' younger this spring and I give all the credit to Dodd's Kidney Pills."

Dodd's Kidney Pills are purely a kidney remedy. Their reputation has been made by the good they have done. Ask your neighbors about Dodd's Kidney Pills.
