57TH YEAR. NO. 22750 | THE LONDON ADVERTISER, LONDON, ONTARIO, WEDNESDAY EVENING, JUNE 30, 1920. 96 COLUMNS | PRICE THREE CENTS.

ONE HUNDRED AND FIFTY SIX NEW HOMES BEING BUILT IN LONDON AT THE PRESENT TIME

Building Total For Half Year Reaches $805,105—Average Cost of Construction Is $3,857, or $1,135 More Than Last Year.

Although the average cost of houses has advanced more than a thousand dollars, 156 new homes are under construction at the present time in London. Much of this activity is due to the housing commission, which is building 42 dwellings on Pine Lawn, Hamilton road, and 26 in other sections of the city. Excluding the Pine Lawn houses the total cost of construction has been $439,690, or an average of $3,857. The average cost last year was $2,722.

Building figures for the month maintained a long lead over those of last year, but did not advance as rapidly as expected. The only large permit today was taken out by Ald. J. C. Wilson, for the construction of a house at 365 Dundas street, to cost $6,000.

During the month 137 permits were issued for a total of $174,340. The total to the end of May was $650,765, giving a total for the first six months of the year of $825,105. In June last year the total was $163,615, while the total for the half year was $548,635.

BRIDE OF WEEK FOUND DROWNED AT ST. THOMAS

Mrs. Gordon Dennis May Have Deliberately Committed Suicide.

St. Thomas, June 30.—Mrs. Leola W. Dennis, wife of Gordon Dennis, of the Edgeworth road, Yarmouth Township, was found drowned in Pinafore Lake this forenoon. Mrs. Dennis was married a week ago, and returned last night from her honeymoon trip to the residence of her father, Myrtle street, St. Thomas.

She left the house this morning, and was seen in the vicinity of the lake by Superintendent Clark. When she did not return an investigation was made, and on finding her boots on the bank the water was dragged. Later the body was found. The fatality points to a suicide.

Will Hold Sugar Until the Price Is 24 Cents a Pound

Growers, Mill Owners and Brokers Are Pledged to Agreement.

Havana, Cuba, June 30.—Cuban grain growers, sugar mill owners and brokers, claiming to control the sale of 2,180,000 sacks of unsold sugar, were on record today as definitely pledged not to offer any more sugar for sale until the price had reached 24 cents a pound, the level reached during the last half of May.

This decision was reached at a mass meeting held last night.

INSURGENTS ARE REPORTED TO HAVE CAPTURED AVLONA

Entire Italian Garrison May Have Been Taken Also.

Belgrade, June 29.—A report that the Albanian city of Avlona has been captured from the Italians by Albanian insurgents has been received by the newspaper Prava in a dispatch from Uskub, Southern Serbia, the report adding that the entire Italian garrison was taken with the town.

ANARCHISTS CAUSING TROUBLE.

Rome, June 30.—The anarchists who fled from Ancona are trying to stir up trouble in other parts of the province. There have been disturbances at Pesaro, Jesi, Porto Fabriano and Civita Nova.

In Romagna there have been attempts to start strikes in various towns.

Dispatches from Terni, province of Perugia, say that four persons were killed and nineteen wounded in disturbances there.

BRITISH GOVERNMENT WILL CONTROL SUGAR

Bill For Continuing Food Controllership Introduced in House.

London, June 30.—By Canadian Associated Press.—In answer to questions in the House of Commons yesterday, Andrew Bonar Law, Government leader, indicated the continuance of the sugar control, and no free letter post for members of Parliament.

The bill for continuing the food controllership was introduced, and the overseas trade credits bill was read a second time, after some opposition in the House of Lords. Lord Curzon said the provisions for establishing civil administration in Palestine would be submitted to the league of nations. The mass of immigration would not be allowed mandatory power, and it would not be the Jewish minority that would exercise governmental control.

POLICE PLAN TO STOP GAMBLING

Many Local Youths Placing Bets On American Races.

The local police are on the alert for numerous gambling resorts, where the youth of the city daily place bets on races run across the border in the United States, and where a very profitable system of bookmaking is carried on by the "bookie." Acting Chief of Police Birrell stated to The Advertiser today that suspicions were directed along certain channels, but no direct evidence against the offenders has been obtained.

The system employed by the bookmakers is to have agents posted downtown, who bring their friends to certain places by appointment, where introductions are in order and bets are placed. The "bookies" have a large number of clients of all ages on their list, many of whom cannot afford to place money on the race results.

One victim is alleged to have stolen money in order to place bets. Arrests following a general clean-up by the police are expected to take place in the near future.

POLICE SEIZE 35,000 GALLONS OF LIQUOR

Boston, June 30.—Federal prohibition agents in New England have seized more than 35,000 gallons of liquor and alcohol valued at approximately $1,000,000 in raids conducted since January 1, according to William J. McCarthy, federal prohibition enforcement agent for this section.

In addition, thousands of gallons of beer, containing more than ½ of 1 per cent alcohol, have been confiscated.

The liquor is stored in eight warehouses here awaiting removal to Washington.

MINERS FLOCKING TO NEW SILVER STRIKES

Vancouver, June 30.—So that miners flocking to the new silver strikes in the Portland Canal country may know at all times on which side of the boundary they are prospecting, boundary lines between Canada and Alaska are to be clearly defined this summer.

Several Canadian Government engineers were here recently on their way from Ottawa to Prince Rupert, where they will start north, working along the lines. They will proceed northward until they meet a party of American Government engineers, who are to work south from the Unuk River, 100 miles north of Prince Rupert. A boundary trail cut fifteen years ago along the boundary will be cleared and new cairns and monuments will be erected.

WILL RELEASE MISSIONARIES.

Constantinople, June 30.—The American missionaries, Paul Nilson and his wife, who recently were captured by Turkish bandits near Tarsus, Asia Minor, have been taken to Silvisk, according to a message received from Mersina on June 26. The Turkish general in charge is reported to have promised their immediate release.

HERRING WERE PLENTIFUL.

Vancouver, B. C., June 30.—From January 1 to March 31, of this year, fish to the value of $1,300,000 were caught in British Columbia waters. The bulk of the catch was herring. Seventeen varieties were taken in provincial waters, including octopus, which netted the fisherman $2,000.

GROUP SYSTEM OF GOVERNMENT FOR MANITOBA

Premier Norris Will Have At Least Twenty Followers.

FARMERS AND LABOR TIE

Each Have Eight Seats—Winnipeg Results Are Still Incomplete.

Winnipeg, June 30.—Electors of Manitoba seemingly have adopted the group system of government. They have defeated the Norris Government in the sense that Norris candidates could not today command a majority over all other groups in the Legislature, but the followers of the present premier number twenty or a little more, and will constitute the largest single group in the House. Labor will have a group of ten or twelve members, and predictions are heard today that F. J. Dixon, who received a tremendous vote in Winnipeg, will be the leader of the provincial Labor party, this being based on the fact that he has had experience in the Legislature and on his outstanding achievements at the polls yesterday.

Winnipeg Results.

Winnipeg's ten members, for the most part, still are unknown.

It is conceded that Dixon and Hon. T. H. Johnson, attorney-general, are elected since they lead the other 39 candidates by a big margin, even though Dixon leads Johnson by probably 6,000. It is claimed that the remaining eight seats will go about three to labor, perhaps three to the Government and two to Conservatives.

Mrs. Arthur Rogers, Government candidate, is among the leaders, and the final count under proportional representation might send her to the Legislature. At least half of the Winnipeg candidates are believed to have lost their deposits.

Allowing one seat to the Government and one to Labor in Winnipeg, the standing at 8 a.m. today is approximately as follows: Government 18, Conservatives 6, Farmers, 8, Labor 8, Independents 5; deferred 2. Total, 47. (Eight other Winnipeg seats make up the Legislature of 55 members).

Has No Opposition.

The two deferred elections and eight Winnipeg seats not included in the summary make up the Legislature of 55 members. Edward Brown, provincial treasurer, is Government nominee in The Pas, one of the deferred constituencies, and so far has no opposition.

The presence in the field of numerous farmer and independent candidates provided the three-cornered and, in some cases, four-cornered contests which upset the calculations of the experts. It is regarded as certain that in essentials of his policy Premier Norris could count upon the support of a considerable number of these candidates who were elected, and political statisticians are inclined to think that an agreement upon the various minority groups to upset the Government is not among the probabilities.

Premier Norris and all his ministers were elected, but Conservative Leader Willis was defeated.

VICTORY FOR LABOR.

Toronto, June 30.—The Toronto Star today publishes the following dispatch from Winnipeg:

"Indications are that Labor won a great victory in the general elections which took place for members of the Legislature yesterday throughout the province. Twelve Labor members were elected, over half from the city and suburbs. The peculiar thing is that half of the new members are either in penitentiary or on prison farms serving sentences, as a result of the labor strike a year ago.

"The Norris Government, which swept out of office the corrupt Roblin Government five years ago, may again go into Opposition, as only 20 of its supporters were elected. There are Farmers, Labor, Independents and Socialists in opposition.

For First Time.

"The result in Winnipeg will not be known for days, as the proportional voting was tried out here for the first time.

"Candidates probably elected in Winnipeg by proportional representation are: Dixon (Labor), heading the poll. His surplus will elect either Queen or Ivens. Armstrong will be elected on the Socialist ticket, and possibly Russell. All but Dixon are in prison. Johnson is elected on the Liberal ticket, and the next runner-up is Duncan Cameron, with John Stovel third and Mrs. (Continued on Page Three.)

QUEBEC FARMERS NOT FORMING NEW PARTY

Organization At Present in Doubt What Steps To Take.

Montreal, June 30.—At the closing of the second annual convention of the United Farmers of Quebec here last night, no action looking towards the formation of a political party was taken the reason being given that the organization was in doubt as to what steps to take until the question of amalgamation with the Cultivators' Union of Quebec is settled. A committee appointed from the executive of both organizations was formed to study the matter and report later.

ST. RAILWAY MEN DISSATISFIED WITH PRESENT WORKING METHODS

Employees Working Nine and a Half Hours Reduced to Nine —Brings Wages Close to Old Level—Will Operate Cars For Remainder of Summer.

General dissatisfaction with working conditions on the street railway will be voiced by representatives of the union if a member of the Ontario Municipal Railway Board comes to the city this week. A. B. Ingram, the vice-chairman, is expected at any time.

One of the chief grievances claimed by the men is that an attempt is being made to reduce expenses by reducing their working hours. Men who have been working nine and a half hours are being cut down to nine hours, and similar changes of that kind are being made, they claim. As the increase at which they returned to work was only four cents an hour the reduced working hours bring their wages close to the old level.

Present indications, however, are that the men will stand loyally by the agreement which they made and will operate the cars for the remainder of the summer. Their executive will endeavor to have some of the grievances corrected.

STEAM ROLLER RUNS AMUCK, YORK ST. HILL

Narrow Escape For Springbank Car.

CHASED BY CREW

Runaway Roller Is Finally Brought Under Control Before Bridge Reached.

Accustomed to proceeding under its own motive power, a huge steam roller belonging to a paving company operating in this city resented being led behind a motor truck this morning. It was able to restrain its rebellious spirit, however, until it had been hauled to the top of the long York street hill, but as it was crossing Ridout street it suddenly broke loose and started down the brick-paved incline.

With increasing speed it rolled. By inches it escaped crashing into a Springbank car which was climbing the hill. Several spectators held their breath, expecting that something would be smashed, while one of the crew who had been riding beside the driver of the truck gave pursuit on foot.

Climbing aboard, the pursuer daringly turned the runaway into a narrow lane leading to a lumber yard. Although there were only inches to spare on each side of the engine, it was brought to a standstill with little injury done, except to a water wagon, which was fastened on the rear of the roller. The extremely sharp turn into the laneway snapped the tongue from the heavy tank.

REV. DR. JOHNSTON MAY TAKE POSITION AS PROPAGANDIST

Would Carry On and Superintend Presbyterian Home Missions.

Montreal, June 30.—At the meeting of the Presbytery of Montreal here yesterday a lively discussion occurred in regard to the teaching of religion in the Protestant schools of the province. This was recommended by a committee as a principle, but the plans submitted were so indefinite and the criticism of the proposed plans so cogent that it was decided to leave the whole matter over for future study. The other main business transacted was an effort to secure the services of Rev. Dr. Johnston as a Dominion propagandist, to carry on and superintend home missions throughout Canada. This also was not decided definitely, although it was intimated by Rev. Dr. Johnston that he felt the call of Canada very strongly, especially in mission work, and although he had been called to the chair of homiletics at the Hartford (Conn.) Theological Seminary he would in all probability accept the Canadian proposition.

BOMB DID NO HARM.

Tokio, June 30.—(By the Associated Press).—A bomb was exploded today in front of the building in which the Japanese Diet conducts its sessions. Some damage was caused, but there were no casualties.

NO HYDRO RADIALS TO BE BUILT FOR AT LEAST 2 YEARS

Significant Features Contained in Statement Issued by Commission.

Toronto, June 30.—The most significant feature of the statement issued today by the hydro commission relative to the Dominion Government's offer of the federal radial lines in Ontario is that the only money required by the commission for the equipment, construction and operation of electric railways under contemplation for the year 1920 will be approximately $1,000,000, and for the year 1921 $2,500,000. This means that the radials between Toronto and St. Catharines and each of the cities are not to be gone on with for at least two years. But the right-of-way has been acquired as far west as Port Credit, and there is no intention of abandoning the lake shore line.

While the radial lines offered by the Dominion can be secured at an average cost of $43,000 per mile as against $300,000 per mile estimated at the present-day cost of construction and equipping a line from Toronto to St. Catharines, some of the Drury ministers are not keen about the proposal.

"The purchase would lay the foundation for a scheme involving at least $40,000,000," said one of them today.

If this view of the hydro's application is accepted by the cabinet, the vote may be close, for nearly half of the members are strongly opposed to a big radial program. On the other hand, if the municipalities can be allowed to vote on the purchase of the federal lines without committing the Government to completing a whole system of radials, no opposition may develop. The purchase requires no actual exchange of cash, but merely bond financing.

MAY CHARGE STREET RAILWAY RENTAL FOR SPRINGBANK PARK

Action Being Considered by P. U. As Result of Passes Being Cut Off.

Charging the street railway company a rental for the use of Springbank Park may be the course adopted by the public utilities commission in retaliation for free transportation for its employees being stopped without notice by the Ontario Railway and Municipal Board.

Commissioner Philip Pocock said today that he regarded the action as most high-handed. He pointed out that the commission is put to a large expense for the maintenance of the park, which it would not have to provide were it not for the fact that the street railway company opens the park to the general use of the public.

In the past before the rate of fare on the Springbank line was determined there was always a consultation with the utilities commission, because part of the line was on its property. When the previous increase in Springbank fares was made the commission was notified of it and consented to it. This time they received no official notice whatever, and only through press reports were they told that their free transportation privilege had been cancelled.

Mr. Pocock thinks that the utilities commission might have been consulted at least.

CYCLONE LOSS IS $100,000.

Syracuse, N. Y., June 30.—Two men were injured, two big barns wrecked, acres of valuable crops damaged or ruined and telephone communication interrupted for a time by a miniature cyclone which ripped a path to the north of the city late yesterday. The damage is estimated at $100,000.

VOTE AGAINST A "WET" PLANK IS TWO TO ONE

Sub-Committee of Democrats Rejects Proposal in Framing Platform.

McADOO'S DECISION

Will Not Allow Name Formally To Go Before Convention.

San Fransico, Cal., June 30.—The subcommittee of nine making a preliminary draft of the Democratic platform has rejected a proposal to include a "wet" plank. The deliberations and vote were in secret, but it was understood that the vote against a wet plank was at a ratio of 2 to 1.

Stripped for action, the Democratic national convention today swung into the business of selecting a presidential nominee.

Definite and final instructions came from the east early today that William G. McAdoo's name was not formally to be placed before the Democratic national convention.

Burris Jenkins of Kansas City, who was prepared to make a nominating speech for McAdoo, revised his plans again and decided to accede to the wishes of the McAdoo managers.

Speeches were on the program nominating Wm. G. McAdoo, Attorney General Palmer, Governor Cox of Ohio, Chairman Homer S. Cummings of the Democratic national committee, Governor Edwards of New Jersey, Senator Hitchcock of Nebraska, James W. Gerard, former United States ambassador to Germany; Senator Owen of Oklahoma, John W. Davis, United States ambassador to Great Britain.

Palmer Forces Intact.

Palmer supporters in an official statement said the Palmer movement was stronger than it had ever been before, and that his forces were intact and claimed votes in the convention which would not be shown on the first ballot because they would be cast for favorite sons and come to the Palmer column later.

Cox forces professedly undisturbed by the wet and dry argument, which has arranged around its candidate and the outside issues which have been injected into his campaign were tightening up their lines and were ready to start the balloting.

LOWDEN NOT A CANDIDATE.

Springfield, Ill., June 30.—Governor Lowden will not be a candidate for re-election. Coupled with the announcement that he would support Lieutenant-Governor John F. Oglesby for governor, this decision was made public last night.

HARDING MEETS COOLIDGE.

Washington, D.C., June 30.—Senator Harding of Ohio and Governor Coolidge of Massachusetts, Republican nominees for president and vice-president, met today for the first time since the Chicago convention selected them as the party standard-bearers for 1920.

WETS WIN FIRST.

San Francisco, June 29.—Wets won the first skirmish today before the resolutions committee of the Democratic National Convention. By a vote of 27 to 25 a motion was adopted which forced the drys to present their side of the question first.

The motion and vote followed a lively scrap, during the course of which W. J. Bryan charged Senator Glass, chairman of the resolutions committee, with joking and quibbling on a serious questions.

Both wets and drys, jockeying for position, tried to make their opponents present their arguments first. Bryan said the wets ought to talk first, because they were defending a change in the law.

Congressman Sabath, Illinois, and Bourke Cockran, New York, said the wets did not have any change to pro-

BLACKBERRY CORDIAL AND CHERRY WINE NOW "INTOXICANTS"

Further Drastic Ruling Made by American Authorities.

Washington, D. C., June 23.—Blackberry cordial and wild cherry wine have been added by the bureau of internal revenue to the list of intoxicating liquors, and may be sold by druggists in retail quantities of less than five gallons only to persons who have obtained permits to purchase intoxicating liquor.

Instructions were issued to federal prohibition directors detailing a number of preparations containing alcohol which are held to be fit for beverage purposes and are therefore regarded as intoxicating and subject to the prohibition regulations.

Elixir of licorice came under the bureau's ban along with the elixirs of anise and bitter orange. Compound spirits of juniper and myeia were ruled intoxicating as well as compound tincture of lavender and a number of other pharmaceutical preparations.

MURDERER'S PROPERTY GIVEN TO VICTIM'S HEIRS

Regina, June 30.—For the first time in the history of the courts of Saskatchewan a ratification of settlement has been made by a judge of the court of King's Bench, which give the proceeds of the property of a murderer to the heirs and assigns of the murderer's victim. In April, 1918, Pierre Guilleux shot and killed Jean Marie Bhorhis and his father. He was sentenced to hang October 3, 1918, but the sentence was commuted to life imprisonment.

LONGWOOD ROAD

Will Become a Provincial Highway on July 2.

On Friday next the provincial authorities take over from the jurisdiction of Middlesex County the Longwood road, extending from Lambeth to the eastern border of Zone Township, as a part of the new provincial highways program. From this date the road will be maintained by and all repairs kept up at the expense of the province. The assumption of the road by provincial authorities from July 2 is registered in the West Middlesex County registry office.

WANTS FRIENDLY RELATIONS.

Boston, June 30.—A letter from David Lloyd George urging the establishing of "a good understanding between the American and British democracies" was read last night by Rev. J. Morgan Gibbon of Great Britain, to the International Congregational Council, in session here.

PARLIAMENT ENDS TONIGHT; BOTH BORDEN AND FOSTER ARE LIKELY TO RETIRE

General Election May Be Held in the Fall—Drayton and Meighen Prominently Mentioned As Borden's Successors—Important Changes May Be Made Generally.

Ottawa, June 30.—By Canadian Press.—Parliament will prorogue at 10 p.m. today, and an important caucus of Unionist members will be held at 10:30 a.m. tomorrow. Expectations are that the business of the House of Commons will have been completed at 7 p.m., and that the House will assemble at 10 o'clock for the formal prorogation ceremonies.

The caucus will be the most important of the season. Sir Robert Borden will then make a definite announcement as to his intentions in regard to the leadership. It is generally expected that he will announce his retirement from political life. Then will come the choice of a successor. Mr. Arthur Meighen, minister of the interior, has been mentioned, as well as Sir Henry Drayton for the position. Sir Thomas White has definitely decided not to return to political life.

FOSTER MAY DROP OUT.

In political circles the rumor is current that the retirement of Sir Robert Borden will be accompanied by that of Sir George Foster. In this event Sir George may take the Canadian high commissionership in London.

The general caucus of Government supporters will, it is understood, be preceded by separate caucuses of Liberal-Unionists and Conservative-Unionists for discussion of the situation.

A reorganization of the Government following a change in leadership would, it is expected, be followed by a general election in the fall.

WM. G. McADOO, whose campaign manager today sprung a surprise by not allowing his name to go before the democratic convention.

CAUCUSES TOMORROW.
[Special To The Advertiser.]

Ottawa, June 30. — The indemnity question having been disposed of by an almost unanimous House, in which leadership failed signally to lead, the Murdock resignation sensation having been brushed aside and most of the pressing legislation of the session having been passed, prorogation takes place tonight. Members today are in a happy mood, and wishful of home. Many of the Oppositionists have already packed up and some have already departed.

But the Government forces must remain for the series of caucuses, or rather conventions which is to follow prorogation. On the result of these there is much speculation. There has been no intimation whatever of the intentions of Sir Robert Borden, nevertheless it is current gossip in the corridors that he will tender his resignation, and that it will be accepted. For the past fortnight the premier has shouldered the burdens of leadership, and taken full responsibility for the legislation before the House. In fact, he has evinced an activity such as he has not evinced at any time during the past two sessions.

May Be the Last.

Be that as it may, members are fairly well convinced that it is the last activity which he will exercise in Parliament, and that he has decided to go out. The choice of a successor, it is said, lies between Hon. Arthur Meighen and Sir Henry Drayton.

If caucus makes the choice, the chances are in favor of the former. The reason is consideration will be had to the future and regard will be taken rather for the picking of a leader of the Opposition than for a premier.

Sir Robert last evening dropped a hint of cabinet reconstruction. He declared that there might reasonably be a curtailment of portfolios. The number is seventeen at present.

He stated specially, that it was the intention of the Government at an early date to wind-up the department of re-establishment, of which Sir James Lougheed is the head. That will mean that the function of the department, which it is necessary to continue will be transferred to the militia department, and that Sir James Lougheed will lack a portfolio.

A Dark Horse.

This may account for the fact that a dark horse in the person of Sir James Lougheed is being mentioned today. Sir James is leader of the Government forces in the senate. He is a barrister from Calgary, and a man of much substance. But the very fact that he is not a member of the elective chamber is the best possible repudiation of the rumor unless it be that an election is to follow on the heels of reconstruction and there are to be no more sessions of the present Parliament.

Under ordinary circumstances, the estimates brought down this session would indicate that an election is contemplated. Fairly generous pensions have been provided for, public works on a large scale have been projected, railway extensions in various parts of the Dominion have been laid down, and the recent supplementaries include a long list of the "pork barrel" type of expenditures — mostly improvements, small docks and public buildings, dredging and harbor improvements—all the little items which in past days used to pack the main estimates and for which individual members clamored for the sake of glory before their constituents, all the machinery for an election has been prepared. A new election act will shortly be on the statute books. There is nothing to prevent one being held. On the other hand, it is hard to see what the Government can gain by dissolution.

QUESTIONS UNANSWERED.

Ottawa, June 30.—During the course of the discussion of the Murdock charges in the House today, A. R. McMaster (Brome) observed that the Murdock charges had been made by a man whom the Government thought competent to fill a position carrying a salary of $8,000 a year. The three commissioners had been allowed to disappear one by one, if the board of commerce had one Christian virtue, it was that of resignation, Mr. McMaster's recollection of the reference to the supreme court different from that of the prime minister. Mr. McMaster said that as he remembered it the reference was to determine certain powers of the board. It did not call into question the existence of the board.

What were the reasons of the board's egregious failure? The board had rendered decisions, but no profiteer of real importance, no manufacturer, who levied unjust profits had been punished by the board.

3 YEARS IN "PEN" FOR JEWEL THIEF

T. C. Haylings, Alias Dennis Dorlandine Sentenced Today.

NOTHING TO SAY

Aggravated Type of Criminal, Says Magistrate Graydon.

Thomas Charles Haylings, alias Dennis Dorlandine, alias Hoker, alias Laines, who confessed that, as a local hydro meter inspector he pilfered jewelry and money in four local residences, and was convicted on a fifth charge, was this morning sentenced to serve three years in Kingston penitentiary in police court by Magistrate A. H. M. Graydon. The prisoner admitted that Dennis Dorlandine was an assumed name, and volunteered that his correct name is Thomas Charles Haylings.

When asked if he had anything to say on his behalf, accused replied in the negative.

"Yours is simply a case of the aggravated type of criminal," said Magistrate Graydon. "You are to be sentenced on five charges, and I think that I am warranted in commenting that there are five or six other cases where there is reasonable presumption that you stole. One can understand a man in need yielding to temptation in stealing. It appears that you are a deserter from the British navy. The safest place for you until the Government can take some action in deporting you to England is in penitentiary."

Haylings, who has been on remand in jail for a week, was arrested by local detectives, who discovered in his possession a sum of money and numerous articles of jewelry. Since his trial last week on one charge, and at which time he pleaded guilty to four other charges of theft, several local citizens have appeared at the police station and identified some of the booty as missed from their homes. Haylings as a hydro meter reader gained free access to residences in the city, and then pilfered the goods. He came to this country, according to his story, from England in September last, and attributed his downfall to loss of memory following six years of active service in the British navy.

OFFERED $3,000,000 FOR THE LEVIATHAN

Washington, D. C., June 30.—An offer of $3,000,000 for the giant passenger liner Leviathan and $800,000 for the liner De Kalb, are the only ones that had been received when sealed bids on these two former German liners were opened today at the shipping board.

The American Ship and Commerce Company bid for the De Kalb, which it would operate in its passenger service to be inaugurated between the United States and Germany.

The board reserved decision on the offers for the vessels.

DOMINION DAY PROGRAM

Dominion Day program for many Londoners will mainly consist in out-of-town attractions. Those interested in baseball have a big day in prospect when Saginaw will compete with London in the Michigan-Ontario League at two games, morning and afternoon, in Tecumseh Park. Others will visit Springbank, Port Stanley or Grand Bend.

Out-of-town attractions include two big U. F. O. picnics at Strathroy and Grand Bend and a number of picnics at Port Stanley. Springbank will probably be the centre of attraction for Londoners seeking a shorter trip, many picnics being scheduled for the popular river-side park.

BANDITS MAKE HAUL OF $59,725

Hold Up Express Car and Take Marines' Pay Checks.

Augusta, Ga., June 30.—An express car on the Charleston and Western Carolina Railway was reported robbed near here early today by bandits who gagged and bound an express messenger and an armed guard and made away with $59,725, constituting the payroll for the marines at the Paris Island, S. C., station.

BLAMES HIS BIG FEET FOR AUTO SPEEDING

Vancouver, B. C., June 30.—In police court today the unique plea of "abnormally large feet" failed to save the defendant, charged with speeding past a standing street car in his flivver, from a $50 fine. The autoist explained that he had just bought the car and through an oversight had neglected to make allowance for his over-generous pedal extremities. In good faith, he said, he had placed his foot firmly on the brake pedal, but the accelerator also came within the zone of occupation and the car leaped forward with a bound.

JUST 107 BRIDES LED TO ALTAR DURING JUNE

Stork Adds 131 to Population, While Grim Reaper Takes 73.

June more than justified its reputation as the month of weddings this year. No less than 107 charming June brides were led to the altar. Last year Cupid had only 89 victories to his credit in this month.

The stork also had a busy time during the last thirty days. He paid 131 visits to the Forest City bringing 50 little boy babies and 81 cute little girls. Last year he divided things a little more evenly, and brought 55 girls and 51 boys, or 106 altogether.

Seventy-three deaths occurred during the month, compared to 59 last year.

STOP RECRUITING TO HELP THE FARMERS

Washington, D. C., June 30.—Following complaints that recruiting activities of the army and navy were tending to still further increase existing shortage of farm labor, Secretary of War Baker announced that steps had been taken to reduce to a minimum recruiting work in rural communities. Enlistments will be sought largely in cities and urban districts, hereafter, the secretary said.

PAVING PROGRAM PROCEEDING RAPIDLY

31,500 Square Yards Concrete Already Laid—Much Grading Completed.

In spite of the difficulty of obtaining materials, paving construction is progressing this year at a rate which will leave all former efforts far behind. Already 46,500 square yards of grading have been completed, compared to 20,500 at this time last year. Thirty-one thousand five hundred square yards of concrete have been laid. Last year at this time only 16,500 yards had been put down, while the total for the whole year was only 47,500 square yards.

Surfacing the concrete with asphalt was commenced on Rectory street on Tuesday, and every effort will be made to catch up with the concrete work. As two gangs are at work laying concrete it is likely that the asphalt gang will have to do some fast working if it is going to keep up to them, although the municipal paving plant is capable of producing a considerable amount more asphalt daily than required to cover concrete laid in the same length of time.

The work this year represents a considerably greater mileage than last year, because most of it has been done on narrow streets. Several of the pavements laid last year were wide ones.

Much of the progress has been due to the use of the new steam shovel for grading purposes.

AT SPARKS BROS.' CIRCUS

Cornalla Troupe of Acrobats at Both Performances Today.

BIG DAY AT PORT ON THE HOLIDAY

Aeroplane Stunts and Carnival On the Board Walk.

Capt. Harold P. Ayres and Harry L. Fitch, former officers of the Royal Air Force, who are to furnish one of the twenty feature attractions to be staged tomorrow at Port Stanley in celebration of Dominion Day, arrived in London this afternoon and will be ready for their holiday performances.

Ayers saw a prolonged period of service in France and afterward over the North Sea. He engaged the Huns in many thrilling battles, and from his grand seat in the skies saw the surrender of the German grand fleet at Scapa Flow.

Ayres and Fitch will give afternoon and evening stunt flights at Port Stanley. On both occasions they will perform all of the hair-raising feats of flying, including the loop-the-loop, immelmen turn and spinning nose dive. Fitch, while the machine is in full flight walks the wings and accomplishes death-defying acrobatics from the underframe.

Other big features for the holiday show, which lasts from early morning until late at night, include a baseball match between the Cleveland police department and the Manhattans of London, leaders of the Inter-Club League; a big baby show, in which three silver cups and other valuable prizes will be given by the London and Port Stanley Railway; a big program of comedy water sports, including such numbers as canoe-tilting, diving from a greased pole and a pillow fight over the water; a bathhouse parade with prizes for the best lady bathers' costumes; a night carnival on the boardwalk and a fireworks display, reproducing the battle of Jutland, in the lake off the L. and P. S. boardwalk. Music will be furnished by the G. W. V. A. Band of London and a fifty-piece brass band from Cleveland.

The regatta of the Lake Erie Fishermen's Association will be an added attraction, the events including races for boats of the fishing fleets, and a program in which Hon. F. C. Biggs and other prominent speakers will participate.

JAILED FOR STEALING MONEY FROM WOMEN

London, June 30.—By Canadian Associated Press.—Gordon Lewis Burke, engineer, born in Canada, who had served in the Canadian army, was given twelve months' imprisonment for stealing money from women. The police stated that Burke, after being discharged at Kingston, Ont., returned to England, and married an Englishwoman, who died heartbroken on account of his desertion of her. There were previous convictions against Burke, including one for burglary in Canada.

OH, JOY! OH, JOY!! THE CIRCUS IS HERE; FORENOON PARADE

Sparks Mammoth Show Arrived in City At Sunrise Today.

Thousands of people, young and old, from all parts of the city and suburbs, lined the streets today to witness the parade of the Sparks Circus, and from a spectator's standpoint it was a success.

Particularly noticeable were the neatly attired performers, mounted on sleek and well-groomed horses, and the music by several bands and the steam calliope. The elephants, ever a delight to the little ones, filed past holding on to each other's tails, while the monkeys in a camel-drawn cage, lions, tigers and other wild animals attracted much attention.

The first section of the Sparks Circus arrived here this morning, and its arrival was heralded by a noisy crowd of urchins who had been impatiently waiting for hours. The unloading was but the work of half an hour, accomplished without confusion. By 7:30 the big top was up, the animals had been all fed, the pink lemonade mixed, the bally-ho men's lungs nicely greased, and the wagons lined up for the parade.

The Parade.

Children were early on the job awaiting for the distant steam calliope, with its unlimited assortment of popular tunes that announced the glittering caravan which is so old and yet so new. And when it came, led by two pretty young women in th gaddy raiment of sixteenth century heralds, bearing the national emblem aloft, everybody crowded a few steps nearer the street to miss none of its glories.

Three brass bands, one clown and one from 'way down South in Dixieland, assisted the overworked calliope, to say nothing of a strange sound that was blamed on the laughing hyenas. The only animals that were not on exibition were the family of Australian kangaroos which had been added to the show's extensive menagerie since its last appearance here.

Circus Has Many Features.

There was a big crowd at the performance this afternoon. The performances were marked by rapidity of action the performers being full of ginger, and this was especially true in regard to the platoon of clowns. An unusually large number of funny men appeared on the tanbark, and they saw to it that there was not a dull moment from start to finish. The comedy was a strong feature of the Sparks performances.

The most thrilling act on the big bill was the work of Hiro Matuka, a Jap, on an incline rope. Twice, once forward and once backward, he slid from the top of the white top to the ground, and elicited loud applause. Another Jap, Kike Youmada, did a decidedly novel act, ascending a flight of steps on his head.

An aerial ballet by Misses York, Evans and Harris was another thrilling feature of the show, and was heartily applauded.

One of the most artistic acts on the bill was the opening number, Woodford's living statuary. In this act two women, three white English setters and a milk-white Arabian horse posed in a number of hunting scenes, depicting noted old country paintings.

A pair of Sparks trained elephants, under the direction of Miss Madge Evans and Miss J. Thompson, did some interesting and novel stunts, including playing at ball. A large football was used in this game of pitch and catch.

Miss Minnie Thompson's five high school horses provided the most interesting animal act. The horses did a variety of dances, from the old-fashioned turkey in the straw to the turkey trot and shimmie.

Miss Etta Meyers' high jumping horse performed well, delighting those who love the thoroughbred.

Altogether the performances were fully up to expectations, and the performers were freely rewarded with applause.

The evening performance will commence at 8 o'clock, and the doors to the menagerie will open an hour earlier, so that all may inspect the added features to this department, prominent in which is a family of Australian kangaroos, including a little baby now six weeks old, and out of its mother's pouch but a few days.

DR. EDWARD W. McBAIN DIES IN ST. THOMAS

Was 1915 Graduate of Western University Medical School.

The death occurred in St. Thomas of Dr. Edward W. McBain, at the home of his brother, John F. McBain, 17 Margaret street. Dr. McBain underwent an operation a year ago, and never recovered from the effects. He was a native of North Yarmouth, being a son of the late Duncan McBain, of that township. Graduating from the Western University Medical School with the degree of M. D. in 1919, he was attached to the Homewood Sanatorium at Guelph being associated with Dr. Hobbs, the superintendent.

The deceased was a member of St. James' Presbyterian Church, North Yarmouth. He was also a member of the St. Thomas Medical Association and of St. David's Lodge, No. 302, A., F. and A. M., St. Thomas.

Surviving him are his mother, Mrs. Duncan McBain, of North Yarmouth; two brothers, John of St. Thomas, and Charles, residing with his mother, and one sister, Mrs. Hugh McBane, Concession 12, North Yarmouth.

The funeral will be held on Thursday at 2 o'clock from the residence of his brother, 17 Margaret street, to St. Thomas Cemetery.

GRANTED $1,650,000 FOR RURAL CREDITS

Winnipeg, June 30.—The sum of $1,650,000 has been authorized under the rural credits act since January 1. Of this sum $921,251 has actually been sent out by the treasury department to shareholders to the 67 rural credit societies operating under charter. The difference between the two sums, Chas. Gifford, administrator, announced, represents what is known as "credits," where a shareholder does not use all the money which is authorized for him to borrow.

THOSE STREET RAILWAY PASSES

Manager C. B. King Explains Why Hydro Employees Now Have To Pay.

The following statement relative to the issuing of free tickets by the London Street Railway was handed into The Advertiser today:

"As there seems to be much dissatisfaction over the recent order of the Ontario Railway Board cancelling certain pass privileges heretofore enjoyed by some certain city officials, as well as some persons outside the official circle, Manager C. B. King stated today that "the board's auditors found the number of free tickets being used to be excessive, and upon further inquiry it was found that some forty or fifty hydro and water department employees were riding free on badges; their claim being that they were so entitled to ride under the bylaw as 'water inspectors.' It being quite obvious that the number of water inspectors could not be reasonably increased from two to such a number in a few years time, this claim could not be considered valid by the board.

"It was also found that many others, the exact number being unknown, were riding free as health inspectors, license inspectors, and so forth. It seemed that most anyone could get most any kind of a badge and obtain free transportation. The badge would not be worn in such a way as to be fully exposed to everyone, which is the proper purpose of a badge, but would be carried in the pocket or under the lapel of the coat, and so briefly exhibited that impositions could not be detected.

Were Supplied.

"The use of badges having thus demonstrated their impracticability, the board requested of the mayor a list of those city officials entitled to ride according to the bylaw and passbooks for such were so supplied.

"The present order making the use of badges invalid for transportation does not require that they be taken up, neither does the order prohibit the use of those having the free-ticket passbooks. Such passbooks in the possession of those not entitled to them under the bylaw will be cancelled when they become used up.

"Policemen and firemen are to be carried free of charge at all times when in uniform. Postmen, when in uniform, do not have to deposit any fare, as their transportation is paid for in bulk by the postoffice department."

TENDERS ARE HIGHER THAN WAS EXPECTED

Board To Be Asked To Meet Today To Accept Lowest.

All tenders on additions to Ealing school submitted to No. 2 committee of the board of education Tuesday proved to be considerably higher than the estimates for the work. The lowest one was that of John Putherbough, $89,367, while the estimate was only $78,000.

The board of education will be asked to hold a special meeting today, and to accept this tender. The city council will then be approached and asked for permission to transfer sufficient debentures from the northeast school building account to that for Ealing. The cost of work in the northeast section of the city was estimated at $35,000, whereas the actual cost will be only about half that amount. The members of the committee thought the council would make no objection to a transfer of this kind.

L. E. Carruthers, architect for the board, said that all the estimates for school building were now considerably too low, owing to increases in the price of materials.

BANK CLEARINGS—The bank clearings for this week were $3,084,925. For the same week last year they totalled $3,162,938, a decrease of $9,219.87.

VETERAN ENGINEER DIED ON TUESDAY

William Goulding Had Enviable Railroad Career.

BORN IN ENGLAND

Piloted First Engine Built by Grand Trunk.

William Goulding of 562 Hill street died at his residence Tuesday afternoon. Mr. Goulding was a retired railroad engineer, and was undoubtedly the oldest railroad engineer in the city. He piloted the engine which carried the late King Edward through Canada on his his tour in 1860. The engine was the first to be built by the Grand Trunk Railway. Mr. Goulding's father, Thomas Goulding, superintended the building of this engine, which, upon completion, was operated by his son.

Mr. Goulding was born in England, but came to this country when a young man. He later returned to the Old Land for a few years, and during that time worked on the railroads in Ireland. While overseas he had the honor of piloting royal trains, including the one which carried Queen Victoria through Scotland. Most of his railroad career in Canada was in the Province of Quebec, and for years he made his home in Montreal. He saw the late King Edward drive the last rivet into place on the Victoria bridge, which spans the St. Lawrence at Montreal, and he was the first engineer to drive a train across the structure.

Mr. Goulding went to Buffalo prior to 1870, and worked there for many years. He was badly burned in a roundhouse fire at the border when he saved the lives of a number of workmen by bringing his engine out of the burning building.

When the London, Huron and Bruce branch was opened, about 1875, he was transferred from Buffalo to London and operated the first train between here and Wingham. He remained on this run for a number of years before going back east. He had also served on the C. F. R.

Mr. Goulding was in his 84th year, and is survived by his wife. The funeral, which is of a strictly private nature, will be held Thursday morning at 10:30 o'clock. Services will be conducted by Rev. Canon Tucker of St. Paul's Cathedral at 10 o'clock. Interment will be made in Woodland Cemetery.

IS CHARGED WITH ASSAULTING MOTHER

W. G. Murrell, Westminster Tp., To Appear Before Court Friday.

William George Murrell of Westminster Township will appear before Squire W. H. Chittick in the county court Friday afternoon to answer to a charge of assaulting his mother, Mabel Murrell.

Accused has been in jail on remand pending an examination for insanity, and Dr. James Wilson, jail physician, has reported that the prisoner is sane. The charge was preferred by his father, and the assault is alleged to have occurred on June 24 last during the absence from the house of other members of the family.

CARRIED ALCOHOL

Thomas Murray Fined $200 in Police Court.

Arrested on the street Tuesday in an intoxicated condition with a bottle of alcohol in his possession Thomas Murray of this city was fined $200 and costs, with the option of three months in jail, by Magistrate A. H. M. Graydon this morning. Murray admitted being intoxicated.

"I carry a little alcohol with me all the time," he said in his defence, "I have used it for my rheumatism ever since I came back from overseas." When asked to plead, he continued: "I will have to plead guilty to having the alcohol, which I got on a doctor's prescription."

DANGEROUS MAN TO COMMUNITY, SAYS COURT

"I Would Not Kill a Fly," Replies Sidney Sare.

Sidney Sare, of local police court fame, was this morning sentenced to a term of not less than three months or more than two years, in the Ontario Reformatory at Burwash, following his arrest Tuesday with drugs in his possession. As Sare was out on suspended sentence after conviction on a charge of burglarizing a local doctor's office early in June, the sentence was imposed by Magistrate A. H. M. Graydon on the theft charge.

When asked to plead on the charge of unlawfully having drugs in his possession not for medicinal use, Sare remarked: "I would like to ask the court if the constable had any right to come up and grab me to search my pockets?"

"He did it, anyway," replied the magistrate, "and apparently his suspicions were well founded."

"Will you believe me when I tell you that I am not using this stuff" pleaded Sare. "Will you let me get out of the city?"

"No," replied the court. "You have been shown more consideration than any man in this court. You are on suspended sentence now. I am going to send you to Burwash."

"I have been there four times now," said Sare, "and if you think you are doing me any good you are making a mistake."

"You are a dangerous man to the community," declared Magistrate Graydon.

"Dangerous!" exclaimed accused. "I would not kill a fly."

"No, but every doctor in town is afraid you will break into his office to steal drugs," concluded the court.

As Sare was being led out he pointed to Constable Gavin Monahan and shouted: "It's the likes of this man here who are dangerous, who walk up to a man in the park—"

Here the prisoner was interrupted by Constable Monahan seizing him, and despite quite a struggle Sidney Sare was piloted downstairs in an uproar.

LOCAL NEWS

SLIGHT DAMAGE.—The fire department made a run to 1243 York street late Tuesday afternoon and extinguished a small blaze in the mold room at the place. The damage was slight.

PRACTICE THURSDAY.—A practice for the W. O. R. rifle shooters for the Saturday trials will be held at the Cove rifle ranges tomorrow morning at 10 o'clock. All are requested to attend.

COUNTY SPEEDERS.—John Garner and E. J. McClary of this city, and C. H. Finklestein of St. Thomas, were fined $2 and costs by Squire W. H. Chittick this morning for the privilege of speeding on county roads recently.

FINED $2.—John Booker, 582 Ottaway avenue, was fined $2 and costs in police court this morning for using insulting and abusive language toward Henry M. Shrimpton. Seven juveniles charged with damaging the gardens of a south end resident while searching for a baseball knocked over his fence, were allowed to go with a warning by Magistrate A. H. M. Graydon this morning.

NARROW ESCAPE.—While crossing the corner of Talbot and King streets shortly after 9 o'clock this morning, Charles Cleary, 263 Horton street, had a narrow escape from serious injury when an auto bearing license No. 54324, coming west on King street, swerved into him. Cleary noticed the approaching car and stopped at the curb, but the driver swerved the car toward him, and Cleary seized the hood to save himself from the wheels. The near victim, who is a messenger for the London and Western Trusts Company, and an imperial army veterans, reported the freak driving of the car and its number to the police.

A. AND N. TAG DAY SATURDAY

Public Asked To Help Raise Funds For Convalescent Homes.

To enable them to relieve the suffering of their more unfortunate comrades of the war, who, they believe, have been sadly neglected by the Government, the members of the Army and Navy Veterans of this city will stage a tag day on Saturday, July 3. All citizens will be asked to contribute on that day to the fund for the convalescent home to be erected under the auspices of the association in Canada for the care of crippled veterans.

As there has been a large number of men, who, since demobilized, have broken down in health, although discharged as apparently unfit, the association believes that a place should be established where they may go for rest and change, amid congenial surroundings. Further, it is the belief of the association that any man who underwent the strain of the first line trenches will eventually suffer a reaction in some way or other, and with this in view it is planning to establish a place where those suffering can be restored to health.

This the members believe is absolutely necessary despite the fact the Government has promised a pension to those who suffer as a result of service, and that there are Government institutions where the men may go. It was pointed out that the pension if paid, is by far too small to care for a man unable to work, and that the red tape and discipline found in all Government institutions would be detrimental to the health of the patients.

Believing that the sympathy of the public is with the men who suffered as a result of service, the veterans are applying to everyone to help make their plans possible. Tags will be sold in this city on Saturday and the money will go towards establishing and maintaining clubs, homes and meeting places for the veterans.

In addition to these homes, a large farm to be known as "Meadowbrook," located in Niagara fruit district, has been purchased by the Army and Navy organization. The climate, size, location, and general conditions, it is believed, will make it an ideal convalescent home.

Everyone who is willing to help sell tags are asked to meet at 3 p.m. or 8 p.m. on any day at Cronyn Hall, Richmond street. Subscriptions may be sent to Murphy & Gunn, treasurers, Richmond street.

HODCARRIERS' STRIKE IS WITHOUT CHANGE

Both Sides Report Break in Opposite Ranks—Many Sympathizers Quit.

With absolutely inflexible lines on either side, the strike of the hodcarriers and construction laborers, in which 350 men have remained off work since Saturday noon, showed practically no new changes or developements today. Several more contractors, making four or five in all, were reported to have acceded to the men's demands by the strike committee, but these do not include any of the larger contractors represented in the Builders' Exchange.

The strike committee emphatically denied that any of the strikers had returned to work today, as the Builders' Exchange anticipated when it met last night. The situation stands just as it did on Saturday. The men will not return for less than 70 cents an hour, and an eight-hour day, and the contractors will not pay this rate, and also desire the men to work nine hours a day.

Prospects now are that there will be no settlement in sight, nor any renewal of negotiations until after Dominion Day.

Met Tuesday Night.

The Builders' Exchange held a meeting in the Bank of Nova Scotia Building, but gave out no official statement. Informally the contractors assembled stated that no contractor was too seriously affected by the strike, some were working with less men than they needed, but all were proceeding with some building operations. The contractors who previous to the strike had employed only union labor, had secured some new men and were still doing some work. The strike had made little difference to the contractors previously employing non-union labor, it was stated. Generally, however, building operations were hampered to a considerable extent, it was admitted. Several of the contractors intimated that they expected breaks in the union lines today. They had heard reports that some of the strikers were going to return to work.

At strike headquarters an unbroken front on the part of the strikers was reported, and no fears were admitted that any of the men would return to work individually. The strike committee claimed to have enrolled Tuesday another dozen men previously not union members, but who had struck in sympathy. The claim of the committee that the union was rapidly increasing its membership, appeared to be borne out by the number of candidates waiting outside the lodge room at several periods of the day for initiation as members. Since the strike was called, it is claimed that between 25 and 30 new members have been enrolled.

That two contractors so far have signed up to pay the 70 cents an hour demanded was reported by the strike committee. These are A. Johnston and Thomas C. Martin.

A mass meeting of the strikers will be held in the Army and Navy Veterans' club rooms tonight.

S. C. R. HOLDS PICNIC

Eighty Members of Office Staff Have Enjoyable Time at Lakeside.

About eighty members of the office staffs of the various branches of the department of soldiers' civil re-establishment participated in a very enjoyable and successful picnic at Port Stanley Tuesday afternoon. They traveled to the lakeside by a special car, which left London at 1:30 o'clock, enjoyed an afternoon of sports on the heights, played boxball, had luncheon at the cafeteria, and danced in the casino in the evening.

A feature of the program was the baseball match, in which the pensions and medical branch defeated the vocational branch by a score of ten to eight. Although very much outnumbered by the vocational, engineers' and other branches, the pensions department also made a good showing in the general program of races and sports, among the winners being Miss Olive Pearson, Miss Boyce, Miss Kinsman, Miss G. Coombs, Messrs. Yeo and Burgess.

The general committee in charge of the program included Misses McLeash and McCarthy, F. W. Burgess, Messrs. Dean, Storey and Morrison.

SUE FOR $500.—Meredith & Fisher, acting for Charles Caldwell, have issued a white in the county court against Levi Robbins and John Smallman of this city for $500 damages,a alleging wrongful dismissal.

FRIGHTENED BY PARADE.—Frightened by the circus parade, a team of horses standing on Talbot street ran away and crashed into the rear end of an automobile in front of the market branch of the Bank of Montreal, this morning. So far as could be learned, no one was injured, although both the vehicles to which the horses were attached and the automobile were damaged badly.

TWO COMMISSIONERS MAY BE APPOINTED TO BD. OF COMMERCE

Legislation Which Created Tribunal Still Stands At Ottawa.

Ottawa, June 30.—(By the Canadian Press).—The appointment is probable within the next few weeks of two commissioners to the Board of Commerce of Canada, to permit of the business of the board being carried on pending the decision of the privy council defining the exact legal status of the Board of Commerce legislation. The fact that the board was created by act of Parliament makes it difficult for the Government to abandon the board. Sir Robert Borden recently stated in the House that the orders of the board must be obeyed, and the supervision of the board's operations requires a staff for which salary checks must bear signature of two commissioners of the board, in whom the act reposes all executive authority.

The discussion of the resignation of the commissioners ended in the House last night without any definite announcement from the prime minister as to his provisions for the future of the board. There is some doubt that the Government can legally make the board a subsidiary of the department of trade and commerce, as an investigating and statistical department. The legislation creating the board stands until it is definitely upset by the highest legal tribunal of the Empire, and the act calls for an active board of at least two commissioners.

WATER ANALYSIS IS NOT YET COMPLETED

North Branch Fluid Still Being Tested.

Analysis of water taken from the north branch of the River Thames has not been completed. A. O. Hunt, assistant general manager for the public utilities commission, said today.

Commissioner Philip Pocock emphasized that the work being done at the north branch was of an experimental nature only and that no large expediture of money was contemplated.

ENTRANCE PUPILS MISS THE CIRCUS PARADE

However, the Rest of the Youngsters Were Present, for Holidays Started Today.

A case of the most refined cruelty was revealed today when it was learned that entrance examination schedules had been so arranged that 175 public school children were figuratively chained to their desks while the street parade of the "biggest show on earth" was making its way down the main thoroughfares.

The majority of school children were more fortunate than this small group, however. They tucked their books under their arms at 4 o'clock yesterday and departed from the school buildings with the delightful prospect of no more studies until September. Some of them are already speeding away on the trains for a pleasant holiday in the country, while all the others are busily planning their vacation activities.

Entrance students will be free today, and their regret at missing the circus may be somewhat alleviated by the thoughts of a lengthy and pleasant holiday.

School teachers no less than pupils are evincing a great deal of pleasure, but many of them are preparing to take summer courses in various lines of pedagogy so that they will return to their tasks next fall better equipped than ever for the training of London's younger generation.

NOTHING TO SAY

Dr. N B Alexander Returns After Speedwell Hospital Investigation at Guelph.

Dr. N. B. Alexander has returned from Guelph, where he was investigating the Speedwell Hospital case. He refused to make any comment as to what proceedings are being taken.

The charges were laid by eighteen nurses last Saturday afternoon, when they quit work because of certain duties in the diet kitchen which they refused to execute.

GAS COMPANY AUDIT

City Auditors Have Finished Job and Report Today.

Examination of the City Gas Company's books will be completed today. City Auditors A. Dale and A. Screaton may present a report on their work to No. 1 committee this afternoon. It is doubtful if the committee will take any action, as a special committee has been appointed to deal with the matter.

According to members of the committee only routine business is scheduled for this afternoon.

PUBLIC HEALTH ACT

Being Strictly Carried Out, Says City Clerk Baker.

The board of health is carrying out strictly the regulations of the public health act respecting disinfection, quarantine and placarding, City Clerk Baker declares, in a statement issued from his office today. Some complaint has been voiced in the press that communicable diseases were not being placarded properly.

The regulations of the health act require that:

Smallpox must be placarded and premises disinfected.

Scarlet fever, diphtheria and measles must be quarantined, placarded and premises disinfected, but bread-winners may be freed by option of medical officer of health.

Typhoid, chickenpox and whooping cough must be isolated, and premises disinfected.

Mumps and tuberculosis must be reported.

The board of health ordered inside placarding for typhoid, chickenpox, whooping cough and mumps, as an additional warning to make the isolation more effective.

CUSTOMS RECEIPTS SHOW AN INCREASE OF $16,977,923

Fiscal Figures For the Three Months Total $56,340,527.

Ottawa, June 30.—By Canadian Press.—An increase of $16,977,923 in the customs receipts for the first three months of the fiscal year, which ended today, is shown by the monthly statement issued from the customs department. For the three months' period this year receipts totaled $56,340,527, while during the similar period last year they were $39,362,604.

For the month of June alone the increase is $5,158,904 over June, 1919. The figures for June, 1919, were $13,672,914, while for the month ending today they are $18,831,818.

FIRE DAMAGE FOR JUNE IS $12,000

Fifteen Fires and Six False Alarms Responded To by Department.

Fifteen fires caused a total damage of $12,000 to buildings in London during the past 30 days, according to statistics compiled at the central fire hall today. There were six false alarms in addition to these. Five of the alarms were turned in from boxes and the remainder were given by telephone.

DEATHS AND FUNERALS

DEATH OF SELMA REICK.

Selma Reick, the nine-year-old daughter of Police Constable Charles Reick, 15 Macdonald avenue, died in Victoria Hospital on Tuesday morning as the result of an operation. The remains were taken to Kitchener last evening. The funeral will be held in a few days.

MRS. HANNAH McKAY.

The death occurred Tuesday of Mrs. Hannah (Rosser) McKay at Victoria Hospital, aged 65 years. She is survived by her husband, Byron McKay, and two daughters, Mrs. J. C. Hosie and Mrs. Norman Glen, all of this city.

The funeral will be held from her residence, 28 Garfield avenue on Thursday at 3 o'clock. The services will be conducted by Rev. T. S. Roy at 2:30 o'clock. Interment will be made in Woodland Cemetery.

FUNERAL THURSDAY.

The funeral of Wm. Simpson, who died in St. Joseph's Hospital on Tuesday, will be held from his residence, 17, concession 8, Lobo Township, Thursday, at 2 p.m. Interment will be made in Telfer Cemetery London Township. Mr. Simpson was aged 54.

VOTE AGAINST

pose, and argued that Bryan and his supporters should open the hearings.

With both sides declaring that they were not seeking to reopen the question of prohibition, Senator Glass finally tried to bring the bickering to a close by announcing that "as nobody seems to care to be heard on this matter, we will proceed on to something else."

Bryan Is Angry.

Bryan, his eyes flashing, was on his feet immediately.

"This is no time for joking," he cried. "This is a serious question, and we are not here to be ruled out on a quibble."

"I resent that charge that I am quibbling," said Glass hotly. "You have stated and the other side has stated that you have nothing to present. Therefore, the chair said that the committee had better proceed to hear others who do want to be heard.

Amid great confusion a motion was made that the drys talk first for 30 minutes and wets then have an equal time. Bryan tried to present an amendment, so that the drys would have 20 minutes, the wets 30 minutes and the drys 10 more in which to reply, but he was ruled out of order. He demanded a roll call on the motion, which resulted in defeat for him by a margin of two votes.

GETS DOWN TO BUSINESS.

SAN FRANCISCO, June 29.—The Democratic National convention wound up its preliminaries today and prepared to get down to business tomorrow.

With administration forces continuing in apparently complete control, it perfected its organization, accepting Senator Joseph T. Robinson, Arkansas, as its permanent chairman, permitted states to upset the unit rule, provided for taking women on the Democratic National committee and prepared for the business of having candidates nominated by adopting an order of business which will permit the delivery of nominating speeches before the platform is brought in.

Balloting for a nominee, however, will not be permitted before the platform has been adopted by the convention.

With the slate thus cleared of preliminaries, and arrangements set forth the principal business, the convention, after a three-hour session, adjourned to resume at 11 o'clock tomorrow morning.

GROUP SYSTEM

Rogers fourth, J. Haig is obviously the Conservative choice, and possibly W. J. Tupper. No independent is elected."

PARTIAL RESULTS BY CONSTITUENCIES

Assiniboia—Bayley, Farmer, elected by majority of 119.

Dufferin—August, Liberal, elected by majority of 79.

Mountain—Baird, Government, elected by majority of 131.

Minnedosa—Grierson, Government, elected by majority of 304.

Norfolk—Waugh, Conservative, elected by majority of 205.

St. Boniface—Bernier, Independent, elected by majority of 1,418.

Roblin—Richardson, Independent, elected by majority of 95.

Morden-Rhineland—Kennedy, Conservative, election assured by majority of 50.

Lakeside—McPherson, Government, elected by majority of 30.

Manitou—Ridley, Conservative, elected by majority of 1,137.

Dauphin—With one poll to hear from, Palmer, Labor, majority of 304. Palmer elected.

Killarney—Fletcher, Farmer, elected by majority of 400.

Lansdown—Norris elected.

Arthur—William, Government, elected by majority of 19.

Virden—Clingan, Government, elected by majority of 291.

Brandon—Smith, Labor, elected by majority of over 500.

LABOR LEADS WINNIPEG.

WINNIPEG, June 29.—Possible candidates elected in Winnipeg by proportional representation are Dixon, Labor, heads the poll. His surplus will elect either Queen or Ivens. Armstrong will be elected on the Socialist ticket, and possibly Russell. All but Dixon are in prison.

Johnson is elected on the Liberal ticket and the next runner up is Duncan, with John Stovel third and Mrs. Rogers fourth.

J. Haig is obviously the Conservative choice, and possibly W. J. Tupper. No Norman Glen, all of this city. The vote shows that Labor leads with 40 per cent of the vote and will elect four and possibly five members. The Government poll is 38 per cent and will elect three and possibly four members. One Conservative and possibly two may be elected. Winnipeg representation will probably be Dixon, Johnson, Cameron, Ivens, Armstrong, Queen, John Stovel, John Haig, Mrs. Rogers and probably one other labor or Conservative candidate.

THREE HUNDRED KIDDIES ATTEND ANNUAL OUTING

Separate Schools Picnic Held Despite Tuesday's Inclement Weather.

Despite the intermittent rain of yesterday afternoon it was found possible to stage nearly the full program of sports at the separate schools picnic. All the schools combined in the sport events. It would be hard to say what appealed to the children most, for many and varied were the attractions. Besides the races there was the zoo, the amusement park with its merry-go-rounds and the roller coasters, and also the novelty of the miniature steam engine, the new addition to the amusement park.

In other years it has been the custom of the school board to have the orphans of Mount St. Joseph's join the children's picnic, but owing to the home being quarantined on account of sickness this was impossible. The children, however, had a picnic of their own. Large quantities of ice cream and cake were sent to them in the morning.

Harry Ranahan, chairman of the school board, assisted by the other mebers of the board, were in charge of the proceedings.

The results of the races were:

Boys under 10 years—Gerald Phelan and Joe Darsey.

Boys under 12 years—Gordon Ogilvie, Bernard Marrs, Jack Lamey, Joe McLaughlin, Melvin Cobert.

Girls under 15 years—Agnes Walsh, Madeline Orendorff, O. Smoothy and Dorothy Hayes.

Boys under 15 years — Wilfrid Noonan, Harold Noonan, Warren Cook, Albert Fink, Joe McLaughlin and Peter Madan.

Boot and shoe race—Gerald Phelan, John Ashwell, Gregory Fowler, Neven Cobert and Joe Darsey.

The other races were cancelled, owing to a sudden downpour of rain.

PRESENTATION IS MADE TO GEORGE MOTTASHED

Foreman Leaves McClary's After 33 Years' Service—Goes to Missouri.

On Tuesday evening at the McClary foundry dining-room the foremen along with the manager and superintendent met to bid farewell to George Mottashed, on the occasion of his leaving for Independence, Missouri. Mr. Mottashed has been in the employ of the McClary Manufacturing Company for a period of 32 years, and during the greater portion of that time has acted in the capacity of foreman in the high closet and register department. His genial disposition, integrity and straightforwardness has won for him many friends, and his willingness to help has endeared him to all who came into contact with him. He was presented with a beautifully illuminated address, which was read by the superintendent, J. B. Walton. H. V. Kenerson on behalf of the foremen, presented him with a handsome club bag, set of military brushes, comb, collar box and soap box. All joined in wishing him, his wife and his family health and prosperity in their new surroundings. Mr. Mottashed feelingly and suitably replied.

A. AND N. VETS DISCUSS REPORTS OF CARNIVAL

At the regular meeting of the local branch of the Army and Navy Veterans held in their club rooms last night, the report of the carnival recently held under their auspices was the main topic under discussion. The full report has not as yet been completed, but will be ready within ten days.

The secretary of the provincial command, Major Cooper, was present and gave a short address, saying that he was proud to be the chief one in organizing the London branch.

A few of the reports of the carnival have been handed in, and each one points to success. Two men were selling the tickets for the Ford coupe. One of the men was President Rawlings of the local command, and the other was a member of the Sheesley Shows. It was found, after the first week of selling, that two men were needed in order that profits could be made. The man from the Sheesley Shows sold 546 tickets. His services cost the Army and Navy Veterans $383.59. This shows a profit to the organization of $152.41.

ORANGEMEN MAY BUY EAST END TOWN HALL

An offer from the Orange lodges of the city to purchase the East London town hall will be made at a meeting of No. 1 committee of the city council today, by a delegation representing the Orange order.

The temporary use of the building was asked some time ago and it is understood that is has proved satisfactory for the purpose. The lodges were formerly accommodated in the old Egerton Street Baptist Church, but as this was needed when the newer structure was burned this winter, they were obliged to seek other quarters.

Authorization of minor repairs to the roof of the building was delayed by No. 2 committee of the city council last night pending developments today.

C. P. R. CLERKS ORGANIZE FOREST CITY LODGE

An organization meeting of the Brotherhood of Railway and Steamship Clerks, Freight Handlers, Express and Station Employees was held at the Liberal Club Auditorium at Hyman Hall Monday night. The Forest City Lodge of the C. P. R. clerks was organized by General Representative P. J. Flannery of Toronto, formerly of Chicago. James Hussey, former secretary of the Trades and Labor Council, and Donald Wright, international organizer of the metal polishers, addressed the meeting. C. R. Smith was elected president of the union. Charles Hopper was elected vice-president, and Miss May Flannery was elected financial secretary and treasurer. Forty members were enrolled.

ONTARIO HOSPITAL HAS ENJOYABLE PICNIC

Owing to inclement weather the picnic which was to have been held by the patients of the Ontario Hospital yesterday afternoon on the grounds of the institution was staged in the rink building, and despite this fact the "outing" proved a decided success. About 800 patients enjoyed a real old-fashioned good time.

There were no sports run off, the idea of the committee in charge being to fill each merrymaker with ice cream, strawberries and cake, and those in charge claim to have succeeded in their undertaking. Music for the occasion was provided by a local orchestra. The expenses of the outing were borne by a special fund administered by Dr. W. J. Robinson, medical superintendent of the hospital.

WOMEN EVERYWHERE

Praise Lydia E. Pinkham's Vegetable Compound as the Greatest Remedy for Woman's Ills.

New Haven, Conn.—"For two years I suffered with a female weakness, pains in my back and painful periods, and I was so weak and tired that I was not able to do my work. A friend told me to use Lydia E. Pinkham's Vegetable Compound and it gave me great relief. My pains left me and I am now able to do my work and feel fine. You can publish my testimonial and if your Vegetable Compound does others as much good as it has me I will be very much pleased."—Mrs. CHARLES E. MORGAN, 37 Sea Street, New Haven, Conn.

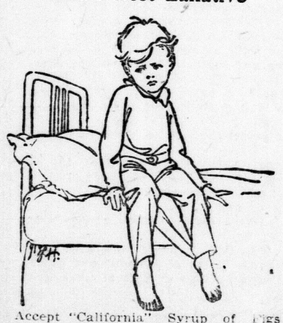

The reason Lydia E. Pinkham's Vegetable Compound is so successful is because it contains the curative, strengthening properties of good old fashioned roots and herbs, which act directly on the female organism.

There are women everywhere who long for children in their homes yet are denied this happiness on account of some functional disorder which in most cases would readily yield to Lydia E. Pinkham's Vegetable Compound.

Such women should not give up hope until they have given this wonderful medicine a trial, and for special advice write Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of 40 years' experience is at your service.

FORMER LONDONER IS ORDAINED, ST. MARYS

Local Clerics Take Part in the Ordination Services of Rev. Wm. Blankley.

At the ordination of Rev. Wm. Blankley, a former Londoner, at First Baptist Church, St. Marys, last night, several members of the city and district clergy officiated. Scripture readings were given by Rev. A. C. Bingham of this city, while Rev. N. S. McKechnie, a local minister, read the charge to the candidate. The hand of fellowship was given by Rev. J. N. Norton of Maitland Street Baptist Church.

The newly-ordained minister is a former member of Adelaide Street Baptist Church here, and he enlisted in the 142nd Battalion, proceeding overseas with that unit.

COMMITTED SUICIDE.

South Porcupine, Ont., June 30.—Finn named Hemming Hayu, apparently about 35 years of age, and believed to have a wife and family in Europe was found dead in the bush about two miles from Connaught with a bullet in his head. He had been dead some days when found, and one hand still grasped the revolver with which he committed suicide. He had shot himself in the mouth.

WOULD BARE DOUBLE DEAL OF UNIONISTS

Liberal Leader Insists On Letting Public Get Facts.

BORDEN IS EVASIVE

Makes Weak Effort To Explain Lack of Action On Part of Govt.

[Special to The Advertiser.].

OTTAWA, June 29.—Denouncing the two-faced policy of the Union Government with regard to the Board of Commerce, Hon. W. L. Mackenzie King, Liberal leader, demanded a searching inquiry into the affairs of that body and the actions of Union Government that led to the petering-out of the board. Applause greeted his remarks from all sides of the House.

Such Serious Charges.

Mr. Mackenzie King said that no such serious charges had been levelled against any government for many years as those contained in James Murdock's letter of resignation, addressed to the prime minister, on June 24 last.

They were made not by a political opponent of the Government, but by its own appointee, who was in a position to know what he was talking about.

Mr. King traced what he termed the disintegration of the board from the resignation of Judge Robson on February 23 to the resignation of the last remaining member, Mr. Murdock. Judge Robson had considered the act unworkable and made certain suggestions, which Sir George Foster, in reply, said would be considered. Instead of taking action, however, the Government had allowed the board to peter out.

Policy of Delay.

The very serious charges against the Government made by Mr. Murdock were given some support by the policy of delay and concealment which the Government had pursued. The Government policy was one of drift.

Instead of appointing a successor to Judge Robson and consulting the House with regard to amending the acts, it had allowed the board to simply die out. Such a lack of policy was calculated to increase the unrest in the country. It left on the public mind the impressions that the Government was on the side of the profiteers.

The only way to allay that unrest was to have a full inquiry, and Mr. King said he had intended moving that a committee of the House be named to make a full investigation and report back to Parliament. However, since the minister of naval affairs (Hon. C. C. Ballantyne) had informed him last night that the Government proposed to prorogue the House today, there was no time for that. He believed still that a full inquiry should be made, and that it should be by no "whitewashing commission," otherwise the people were justified in believing these very serious charges were true.

Most Extraordinary.

Sir Robert Borden thought Mr. King's attitude "most extraordinary." If he believed in a parliamentary committee investigating the whole matter, surely he had not changed his mind because a minister told him the House was to prorogue. Apparently Mr. King had committed himself to the statement of Mr. Murdock that there had been an ulterior purpose behind the legislation forming the board of commerce.

The premier reminded Mr. King that the legislation was based on the report of a committee of the House which had spent five weeks investigating the whole matter and made its recommendations to the House. There were Liberals on that committee.

Mr. King also apparently accepted Mr. Murdock's statement that Judge Robson was chosen as chairman because he was friendly to profiteers. Sir Robert said he had been chosen because he was believed to be the best man available for the position.

Had No Apologies.

The Government had no apologies to make for the appointment of Judge Robson, and it had done nothing to incur the charges made against it. If Mr. Murdock had believed at the time of Judge Robson's resignation that there was ground for these charges, he should have made then, instead of waiting.

During his absence, Sir Robert continued, the question arose whether the Government was prepared to depart from the civil service act and declare that of all the boards and commissions appointed, one should be exempted from the provisions of the civil service act. The Government did not see its way clear to follow that course. If Mr. King was not satisfied with the course the Government had then adopted, he could move a resolution before prorogation and test the opinion of the House on it.

The Government had acted along these lines: That all appointments should be made by the civil service commission; that only a moderate organization should, in the first instance, be built up by the board of commerce; that, if any experts were required by the board of commerce, such experts might very well be provided, for the present, by the various departments of the Government—as was done when the food branch of the department of labor was organizing.

The suggestion had been made that the Government attempted to influence the civil service commission for the purpose of thwarting the board of commerce.

Sought To Influence.

"The Government," Sir Robert declared, "never sought to influence the civil service commission, either in that respect, or in any other respect, so far as I am aware." The civil service commission is an important body and carries on its work under an act of this Parliament and I repudiate in the strongest possible terms any charge that the Government, by suggesting the civil service commission, ever attempted at any time to influence the action of that body in respect to appointments which the board of commerce desired."

Sir Robert also related the proceedings in connection with the appeal of certain textile manufacturers against an order of the board of commerce. The manufacturers had appealed to the Government against a questionnaire. The Government then gave as its opinion that the appeal had not been properly asserted and the manufacturers were informed that the only course which lay open to them was to go to the board of commerce.

In regard to delay in appointing a successor to Judge Robson, Sir Robert said that at that time a reference to determine the status of the board was pending before the supreme court. The board of commerce had itself drawn up the questions referred to the supreme court, and Mr. O'Connor was appointed to argue the case for the board. With such a case pending, when there was question whether the board had any legal status or not, Sir Robert asked how would it have been possible for the Government to secure the services of a suitable successor to Judge Robson—with the possibility that within a few weeks he might find himself chairman of a non-existent board.

Were Extremely Vague.

The charges made by Mr. Murdock were extremely vague. He believed Mr. Murdock to be perfectly sincere, but he was a gentleman of a certain temperament, one whose prejudices could be easily excited, and when they were excited his whole mind seemed to be completely honeycombed with suspicions as to the motives of people with whom he was associated. In conversations with Mr. Murdock, Sir Robert had reached the conclusion that he was sincere, but, on the other hand, that there was not a shadow of foundation of evidence upon which his charges could be based.

As to non-production of the Robson letters, Judge Robson had laid great emphasis on their being private and confidential. The Government had decided to leave the question of tabling the letters over until Sir Robert returned from his holiday. When Mr. Murdock's letter of resignation was published, the Government was considering the tabling of the whole correspondence. Mr. Murdock's letter, however, had disclosed all that the correspondence would disclose, and the correspondence was brought down.

"This Government," Sir Robert concluded, "does not shrink from the fullest and most complete investigation into every act of the Government in regard to the board of commerce."

Hydro Chairman Expects Decision On Radial Purchase Today.

OUTLINES HIS TERMS

Tells Commission Figures Proposed As Basis For Sale of Lines.

TORONTO, June 29.—Sir Adam Beck, chairman of the Ontario Hydro-Electric Power Commission, at a meeting of the commission here this afternoon, stated that he hoped to be in a position to announce to the Ontario Government at a meeting of the cabinet tomorrow that the Dominion Government had accepted his offer to take over the three electric railways in this province owned by the Canadian National Railways. Sir Adam submitted a report on the negotiations on which he has been engaged with Hon. J. D. Reid, minister of railways and Canals, including a letter from the hydro chairman to the minister of railways at Ottawa outlining the proposed terms.

Three Railways.

The three railways which the Hydro Commission proposes to purchase are the Toronto and Eastern Railway, the Toronto Suburban Railway and the Niagara, St. Catharines and Toronto Railway. Following are the terms on which Sir Adam Beck recommends the taking over of the railways in question:

Toronto and Eastern Railway—Price, $706,000, payable by Hydro Power Commission 4½ per cent 50-year bonds, guaranteed by the province of Ontario.

Toronto Suburban Railway—On this railway there are $2,628,000 of outstanding 4½ per cent bonds due 1961. This is to be taken over by the Hydro Power Commission to assume the bonds.

Will Assume Bonds.

The Niagara, St. Catharines and Toronto Railway—Price for this railway to be $3,544,274.10. On this road there are $1,098,000 five per cent bonds due 1929. The Hydro Power Commission will assume these bonds and give Hydro Power Commission bonds guaranteed by the province of Ontario, 4½ per cent 50-year bonds for the difference between $1,098,000 and $3,544,274.10.

Sir Adam Beck states that it was understood in the discussion with the sub-committee of the Dominion cabinet, that the Toronto Suburban Railway and the Niagara, St. Catharines and Toronto Railway must be taken together. It is also understood, he states, that if the Hydro Power Commission takes over these radial railways on behalf of the municipalities it is one of the conditions that an exclusive traffic agreement will be made for all traffic between the three electric railways in question and the Canadian National Government Railways.

STOLEN SUGAR IS FOUND BY POLICE

Detroit, June 30.—Several thousand pounds of sugar was uncovered by the police today in a search of the premises at 1363 Bewick avenue and 957 Lakewood boulevard, said to have been the home of Ferdinand and Joseph Friese, brothers. The men were arrested at Greenwood and Holden avenues by Patrolman Kinsey of Bethune avenue police station, who laid in wait for more than one hour. The brothers are charged with violation of the interstate commerce act. The sugar is believed by the police to have been stolen from freight cars.

SEAMEN DEMANDING RADICAL REFORMS

Genoa, June 30.—The international congress of seamen yesterday by a vote of 69 to 11 decided to place in the agenda for the next conference the proposal that no seaman under 18 years of age may be employed as a trimmer or stoker on a vessel.

The congress also voted 52 against 28 that no person under 17 years of age may be employed on night watches on vessels between the hours of 8 in the evening and 6 o'clock in the morning. This proposal, however, cannot be placed in the agenda for the next conference because of the rules requiring a two-thirds vote to decide a question.

EXIT THE BOARD OF COMMERCE.

Sir Robert Borden has informed Parliament that the Board of Commerce will cease to exist the day Mr. O'Connor's resignation takes effect, June 30. As a matter of fact the board ceased to function when Commissioner Murdock quit. It has passed away with tremendous explosion and fireworks, and there will be a general wish that it does not "come back," that is, in its old form. The public wants somebody to head off the profiteering rings and see that the people secure justice, but it has been made clear that the Board of Commerce under the conditions which govern it cannot protect the consumer. At every turn the commission has been found powerless to act. It has been hampered and handicapped by court decisions and by interference from the Government. From the beginning its jurisdiction and powers have been uncertain. It was set going with the statement that it was to be an independent body with wide authority. Quite the contrary has proven to be the case. The very right of the board to exist is in question. The privy council is to decide whether the legislation under which the commission was formed is constitutional.

As it stands today the board is a good deal of a joke and it will have to be radically changed before it can win back full confidence of the public, if it ever had it.

THE LAMBETH CONFERENCE.

A problem which promises to produce sharp controversy at the Lambeth Conference which opens in London, England, on Friday, is the future status of women in the counsels and deliberations of the Anglican Church. Although it is generally recognized that the time has come when this matter must be dealt with and settled, there are many of the older bishops who have been opposed steadily to women taking part in political matters, who will throw their weight against women being granted any larger powers in the church. On the other hand there is a very strong section which will urge that women by the work they have done have amply proved that they are entitled to a voice in the future government of the church. This section will be reinforced by the women themselves. Not only through their various organizations, but individually, they will make every effort to gain a place where they can exert their influence in the future direction of policies. Women and especially the women of England, have since the war broken away from their traditioned spheres and are progressing in the industrial and commercial world in a manner which women of former days only dreamed of. In all this progress they are still one of the mainstays of the church and their demands for a larger share in its government are entitled to the fullest consideration. It is quite true that England and the Anglican Church is conservative and opposed to change, but experience has proven that when occasion demands it the Britisher can change quickly. It may be that this will happen when the 300 bishops from all parts of the empire meet on Friday, and the outcome is being watched with keen interest throughout the world.

IS IT A CURE?

The reports of a possible cure for cancer now being tested in St. Michael's Hospital, Toronto, become quite optimistic. If the cure turns out to be the real thing, Dr. T. J. Glover will be one of the greatest heroes of medicine in all time.

Widespread interest is being shown by victims of the disease and by doctors far and near. The glad news yesterday was that of 60 cases under treatment not one fails to show improvement, although some have had but one injection of the serum. Probably most of these cases are extremely bad, given up after other methods of treatment, and snatching at any last straw. If they can be relieved, let alone cured, what a dazzling triumph! People hate to believe the thing achieved, for fear of one more cruel disappointment. The cases particularly reported as benefitted thus far seem to be women, and we know the readiness of hopeful or hysterical woman to believe or imagine herself better. One female patient already announces herself not merely improved but cured. So be it.

Cancer is an unspeakable disease. One would liefer fall into the arms of an octopus than have this horrible fungus fasten upon him; the finish would be quicker. Thousands upon thousands of victims and their families and friends will be in wild suspense over the tests at the clinics of Dr. Glover. If he succeeds, they will cry for joy, sing praises to him and the noble science that has trained him, make almost a saint of him. If any one fights the good fight he will be he, beating down this fearsome foe, as hydrophobia, diphtheria, typhus and in some measure even tuberculosis have been vanquished by his illustrious predecessors. Heroes these masters of medicine are. It is by no turn of the hand or mere intuition that they achieve their results, but by long vigils in the laboratory, endless patience in drudging details, dogged resolution surmounting obstacles, disappointments and various discouragement.

It is interesting to watch two kinds of healer practiced spectacularly in Toronto this week. One is the religious psychopathist at St. James' Cathedral, and the laboratory expert at St. Michael's Hospital. Both have a most difficult proposition before them. Both doubtless have their special fields of useful activity. Both are enthusiasts, devotees, in their way, capable of unlimited labor and self-sacrifice for the cause. All success to them both.

EDITORIAL NOTES.

To a woman a dog is a doll, but between a man and a dog subsists a rational understanding.

Profiteers will rejoice over the decease of the Board of Commerce—that is, they will until the inquest is held.

It is to be presumed that the textile interests, with profit of a hundred per cent or more, will favor removal of excess profits tax.

McAdoo, who said a week or so ago that he would not accept the Democratic nomination, seems by that very action to have made most of his party determined to have him.

Taylor, M. P. for North Grey, says he will not tell who attempted to bribe him. Of course, if Mr. Taylor caught a burglar attempting to jimmy has way into the public treasury he would turn him over to the police.

The Women's Council propose that women should help censor the movie films. But when you consider their street apparel, what won't the ladies approve in the theatre? And are they staying away from the shows as things are?

Apparently the Government is afraid that even a prospective prime minister might be defeated if he had to go to the polls today for re-election. Provision has been made in Government legislation for permitting a minister to become head of the Government without popular approval. If the Union Government lasted long enough it would legislate away every popular right the country ever had.

HOW FRANCE SETTLES STRIKES.

[New York Outlook.]

When her security is threatened, France knows how to act. She did it in the Dreyfus case when the army hierachy menaced her. She did it in separating church from state when clericalism threatened her. She did it in the great railway strike some years ago, when she called the strikers to military service. She is doing it now, when trades unionism menaces her, by dissolving the greatest general trade union, the "C. G. T.," Confederation Generale de Travail.

She can do this because, unlike America, she has had the wisdom to incorporate labor unions, thus giving to them the protection of the law, but making them responsible to its discipline. According to the law of 1884, the exclusive object of labor unions is "the study and defence of their economic interests." Now, during the past four months the C. G. T. has called a series of strikes. In February it called a general railway strike. Half of the railway workers responded. The strike persisted for three months, and was such a fizzle that on May 1 the C. G. T. ordered the men observing the May Day holiday not to return to work. About 20 per cent responded. Confronted by this unsuccess, the C. G. T., decided to call sympathetic strikes. So on May 5 it ordered a miners' strike. About 40 per cent of the miners responded, and half of this number later returned to work. On May 8 it called a dockers' and sailors' strike. Again some 40 per cent responded. But this was not enough of a response. On the following day is called a metal workers' strike. Only 20 per cent of the workers responded. On May 10, therefore, it called strikes in the building trade and among the transport workers on subways, street cars, omnibuses and taxicabs. With the exception of the taxicab drivers not one in ten men quit work. On May 11 it ordered the strike of electricians and gas workers. Obedience to this would have stopped the subways and street cars of Paris, and would have left the city without light. Of some 6,000 employees only 70 did not come to work, perhaps because they saw that the government had already provided for the filling of their places if they struck.

This succession of strikes has occurred not primarily because of hours or wages, but because the C. G. T. has now unfortunately fallen under the leadership of two radicals, Longuet and Loriot. First of all, they want to show their own power. But, secondly, they actually hope to get control of the government itself by wearing it out. For a long time they have been trying to do this. They expected to turn the parliamentary elections six months ago, but France spurned them.

UNRECOGNIZED DIVINE INSTITUTIONS.

[Orange Sentinel.]

Bishop Clark, addressing the Anglican Synod recently on the proposed legislation that will make it possible for divorce to be granted by the courts instead of by act of parliament, expressed the view that the measure "would be disastrous in its effect." Continuing, the bishop is reported to have said:

"The first thing the world today needs to learn is that marrige is a divine and not a human institution; that the civil courts have no more authority to break its bonds than they have to annul the laws of gravitation."

All real Christians will agree that marriage, as an institution, is divine. That is probably just exactly what "the world needs to learn." But is it not almost too much to expect that "the world" will learn that? It is true that in the beginning there were no divorce laws, but divorces were later granted because of "the hardness of the hearts" of some people. All through the ages there have been men and women who refused to recognize the divine law. If the whole population believed that marriage was a divine institution there would be no need of any divorce either by special act of parliament, as at present, or by way of trial in the civil courts. But the fact is that too many people refuse to recognize the divine law. That is a situation that must be met in a practical way. Under the new legislation, as in the past, divorces will only be granted in cases where both divine and civil laws have already been violated and the bonds have been broken. The law is intended to give relief to the innocent party. Without a civil law the innocent would be forced to suffer for the sins of the guilty.

There are many other divine institutions which too many people, even in this country, refuse to recognize. Take the Sabbath Day, for instance. If everybody—the world—recognized the Lord's Day as a divine institution and observed his commandments there would be no need of a Lord's Day act. If everybody believed and observed divine law there would be no need of criminal laws, courts of any kind, judges, police, jails, penitentiaries and a thousand other civil institutions. But the fact is that too many people deliberately ignore the divine law. Their lives can only be regulated by civil law; they refuse to admit any other. They cannot be forced by civil law to obey the divine law, but civil laws can be enacted for the protection of the innocent. That is the fundamental idea behind all civil laws.

OFFENSIVE STAGE PROFANITY.

[Letter in New York Globe.]

I was recently one of the "groundlings" at a performance of a current play. Far be it from me to accuse the actors of violating Prince Hamlet's advice to the players by ear-splitting vociferations, nevertheless, my auditorial nerve was incessantly jarred by a running fire of profanity indulged in by almost every member of the cast, "which," again reverting to Hamlet's advice, "cannot but make the judicious grieve: the censure of which must, in your allowing, outweigh a whole theatre full of others."

This conglomeration of languages, dialects and slang yclept English comes near being adequate to express emotions and passions ad infinitum, but if a mild cuss word will more clearly elucidate the point it may be permissible under the circumstances, but to hear the Deity execrated and to bring down the curtain on language not fit for ears polite is not conducive to the elevation of the drama.

The use of the Deific name was deprecated by English dramatists in the Victorian Era, unless in extremely solemn situations, such as pronouncing the death sentence, etc. I hope the practice is still adhered to. It could be inaugurated on this side of the Atlantic with advantage to the theatre.

From Here and There

THE BOYS CONVINCED.

[Kingston Whig.]

Just so! The boys are becoming convinced that a drug store complexion does not taste well, though it does smell sweet.

THE ART OF TALKING.

[Detroit Free Press.]

What a person talks about is a fine index to his mental and social development. Someone has divided people into three classes: Those who talk about other people, those who talk about things, and those who talk of ideas. We might add a fourth class, those who talk of themselves. It seems imperative to talk or be thought unsocial, but probably the real touchstone of individual or family is impersonality; only the high grade can get above the personal. Those who have only amusements and the social round for occupation must of necessity be superficial; they can offer only banter and badinage. Life is regarded as a series of outward acts, and earnestness and thoughtfulness are synonymous with boredom.

A YOUTHFUL HERO.

[Toronto Star.]

There are new heroes growing up all about us, but their identity is not suspected until a crisis reveals it. A small boy in Toronto was motorcycling with his father, and in collision with an auto the boy had both his legs broken. A doctor was called and fixed him up, and through it all the boy did not make a whimper. When his legs were in splints he turned to his father. "Dad," he said, "we'll just tell mother I've sprained my ankle."

THE MISUSE OF SUNDAY.

[Smith's Falls Record-News.]

If we were asked to name the most unsatisfactory day of the week from a work standpoint, we think it would be Monday, caused largely by the misuse of Saturday afternoon and Sunday. It is an economic fact that more than half of the people of this country return to their work on Monday either physically or mentally weaker than they left it Saturday night. In most localities the industrial output of Monday is below that of any other day in the week. For many people Sunday is not a day of recreation, but of dissipation. One test of a people is their use of leisure, and this is the test that Sunday brings. Sunday should be a day of escape from the things that irritate, annoy and sap out the strength; it should be a day with a purpose that brings release from the week's routine. The man or woman who permits Sunday to be starved or crowded out loses the best part of the week. Sunday brings its own peculiar gifts to the spirit rest, worship, recreation, leisure, renewal of friendship and meditation. Never were these values more needed than today, and it is indeed a pity if they are wasted or unrealized because of misuse or lethargy.

THE AGE OF ADVERTISING EXPERTS.

[Brooklyn Eagle.]

Alongside the illiterate newspaper owner, who wrote his own editorial, headed it "Qui Bono," instead of "Cui Bono," and got into his paper because chaffing editors and proofreaders would not suggest a correction in his copy, humor stars the traditional manufacturer who devised an advertising line for himself, and spent several thousands of dollars displaying for his soap or his pickles: "Equal to Few, Superior to None." Not many such blunders are made nowadays. Some of us remember the "Erin Go Brag" car cards of a Milwaukee beer concern, just before St. Patrick's Day a few years ago, but that was a typographical error. Few advertisers of any importance at present ignore primary considerations.

THE LUSITANIA'S DESTROYER.

[Pittsburg Chronicle-Dispatch.]

The German submarine which blew up the Lusitania and destroyed the lives of thousands of innocent men, women and children, is now only an empty hulk. It was wrecked on the west coast of Jutland, and its contents have been removed. It is proposed to blow up the empty shell, using for the purpose German mines which have drifted ashore, and thus remove every trace of the destroying vessel. This would be all right if the officers and men who manned the execrated thing could be placed on board and blown up with it. Another way to treat the "sub" would be to tow it to some great port and set it up in a conspicuous position, with proper inscriptions, to perpetuate for all time a monument of Hun atrocity, as a warning to future military mad autocrats.

GREAT BRITAIN AS MONEY-LENDER.

[Kingston Standard.]

Returns lately published showed to what an enormous extent Great Britain is a money-lender, and that even at the present time she is advancing large sums to various countries. But we have been struck by two curious matters in connection with this. The first is that the ex-King of Hungary, being hard up for money, offered Great Britain some of the crown and his own jewels as security for advances; Great Britain replied that she was not a pawnbroker. The other is that the Soviet Government actually asked the British Government to exploit Russian private property, and to share the proceeds with it; or, in other words, to finance stolen property on fifty-fifty terms. Needless to say, this impudent suggestion has been taken no notice of. These two cases are instances of the peculiar minds of certain European peoples.

OLD KING COAL.

[Regina Post.]

"Canada must have coal, sulphur, kaolin and dyes from the United States." This is a quotation from a recent committee report to the United States Congress.

The statement is directly challenged by the Canadian Mining Journal. All these materials we can supply from our own resources if we care to, declares the Mining Journal.

Ontario can produce the sulphur, Quebec can supply the kaolin, and either Nova Scotia or Alberta can supply the coal and the dyes, if it is considered necessary.

There is one thing, however, that Canada cannot do. She cannot maintain her national independence unless she will proceed to make the Dominion self-supporting in coal supply.

TRYING IT ON EMMA.

[Montreal Star.]

Emma Goldman was deported from the United States to Russia as a dangerous agitator for the overthrow by force of "capitalistic government." The belief was accepted that Emma, having branded conventional democracy as a failure, would find grateful spirit and congenial customs on the banks of the Neva, which for some years now have resounded with biting criticism of the system of government we possess.

Emma Goldman nursed, in common with the leaders and disciples of Bolshevism, a burning dislike of the present order and authority outside of Russia. She went her way in America assailing the puppets in political office on every side. So strongly did Emma feel that, when President McKinley was assassinated, she gloried in the act and praised the wretch who accomplished it.

To one of such conviction, assuredly, Russian Bolshevism sent a clear call of the blood. If ever a wanderer from the fold returned to the right address, Emma Goldman did so when she landed in Russia a few months ago, and first drew into her impatient lungs the pure ozone of freedom.

Interviewed at her hotel in Petrograd the other day, the erstwhile agitator spoke thus of the Marxian theory as she saw it in operation in Russia:

"I've been here four months now, and I've seen what it has accomplished. There is no health in it. State socialism or state capitalism, call it what you will, has done for Russia what it will do for every country. It has taken away even the little freedom the man has under individual capitalism, and has made him entirely subject to the whims of a bureaucracy which excuses its tyranny on the ground it is all done for the welfare of the workers."

It is plain that Miss Goldman's opinion of "government ownership" is not high. "Any form of government is bad," she says, "but between this and individual capitalism, the choice lies with the latter."

It remains in the logic of extreme radicalism still to make Emma Goldman appear as a prejudiced observer. Rumor may be spread abroad that Emma was bought up to go over and faint. But an eloquent police court record of martyrdom pleads in favor of Emma's impartiality and incorruptibility. Taking her testimony with the other proof recently forthcoming, many people will be ready to believe Emma and understand her feelings. Most of us have felt the shock of stopping a beautiful dream by falling out of bed.

Poetry and Jest

A LILY OF THE VALLEY.

[Dorothy Stockbridge.]

Have you ever seen a lily, a little virgin lily,
Growing in the valley where the brook runs cool,
Growing near the shallows where the water lingers still-ly,
Then whispers on through narrow pass and thoughtful, moss-grown pool?

If you have not, then you know not half the beauty, half the splendor,
Of her modest maiden whiteness growing there beside the stream,
And if you should happen on her, so shy and sweet and tender,
You would think you'd come unwitting on a fair, half-waking dream.

If you have not, then go seek her, where the water lingers stilly-ly
E'er it dashes on its way a-down the mountain slopes afar,
You will find her there agrowing, just a modest little lily.
Growing in the valley where the shine and shadows are.

DECLINE IN PRICES.

[Argus Leader.]

A New York woman was fined $1 for beating her husband. Prices are again getting reasonable.

THE LONGEST DAY.

[Alexander Louis Fraser.]

There is a sadness in the longest day,
We feel somehow the year has seen his best;
He seems to look around, then make his way,
With shortening breath, down to his snow-wrapt rest,
But 'tis not so—his best is yet to be,
When his child, Autumn, shall with gifts abound,
And when, at happy Yuletide, we shall see
His snow-white head with wreaths of holly crowned.
Then tell me not that life's best part is gone,
Because the high noon of the day is here;
There is a beauty in the twilight deep
One has not felt at any hour since dawn
And what is there for tired man to fear
When night comes in with stars and dreams and sleep?

UNCTION, BUT HUMAN NATURE.

[London Morning Post.]

She was saying her prayers, a task which she always performed with an unction which made a misogynist of her 10-year-old brother.

"And make me a better girl," she pleaded, "cos I want to see what it feels like."

TWO.

[Eunice Tietjens in the Delineator.]

My heart goes not my body's way;
They hardly meet at all.
My heart goes romping on the hills;
My body pays a call.

My body's decorous and mild;
My heart skips like a Jinn:
But, O, together when You knock
They run to let you in.

A FAIR EXAMPLE.

A certain clergyman was much grieved to find his "special services for men only" were so badly attended. He expressed his regret to the verger one evening when, as usual, they were the only two at the meeting.

"I really think they ought to come," he said, sadly.

"That's jest what I've zed to 'em, over an' over again," said the verger, consolingly: "I sez to 'em, I sez, look at me,' I sez, 'look at me. I goes to all them services,' I sez, 'an' wot 'arm does they do me?'"

THE SWEET O' THE YEAR.

[Charles G. D. Roberts.]

The upland hills are green again;
The river runs serene again;
All down the miles
Of orchard aisles
The pink-lip blooms are seen again;
To garden close
And dooryard plot
Come back the rose
And bergamot.

The ardent blue leans near again;
The far-flown swallow is here again;
To his thorn-bush
Returns the thrush,
And the Painted-Wings appear again,
In young surprise
The meadows run
All starry eyes
To meet the sun.

Warm runs young blood in the veins again;
And warm loves flood in the rains again;
Earth, all aflush
With the fecund rush,
To her Heart's Desire attains again;
While stars outbent
The exultant word—
"Death's in defeat
And Love is lord."

MODERN INCONVENIENCES.

Farmer Burr—How do you like your automobile, Ezra?

Farmer Root—Wal, I can't go to sleep on my way home from town and wake up in the barnyard like I would with old Dobbin.

ENGLAND.

[Beryl Carter.]

England—a meadow loud with bees,
Shut in with tall unwindy trees,
And colored like an angel's hair,
Because of all the kingcups there.

England—the ghost of an old mill
Still standing dauntless on a hill,
Itself as old as the shadows are,
Or the fixed shining of a star.

England—a woodway palely lit
With primroses where children sit,
Big bloomy bunches on their laps,
And in their hair, and on their caps.

England—a meadow loud with bees,
Shadowed by honeyed linden-trees,
The color of a sunset sky,
For this men live—for this—they die.

THE SECRET OF IT.

Fisher—How does Claude make so many friends, anyway?

Forrest—He always calls a lawyer judge, a professor or a minister doctor, and an army officer general.

EARTH'S VOICES.

[Helen Frazee-Bower.]

They said it was only a violet
That nodded across the lea
In friendly greeting this morning;
But I know that you smiled at me.

They said it was only a robin
That sang in the maple-tree
A gay little song at noontide;
But I know that you spoke to me!

They said it was only the surging
Of madcap waves at sea
That broke on the cliffs at midnight;
But I know 'twas your love for me!

For what are the sounds of nature?
Are they voices of things that be,
Or echoes of inmost longings?
They all whisper "you" to me.

A Maxwell car weighs 2130 pounds. It is made of the finest materials that may be obtained.

You cannot find in any car a better crankshaft, better bearings, better axles or better gears.

Neither science nor money can produce them better.

Do you know why such fine materials are used in a car like Maxwell?

We had to.

Keeping its weight down and yet maintaining strength mean the use of only those extra fine steels and metals.

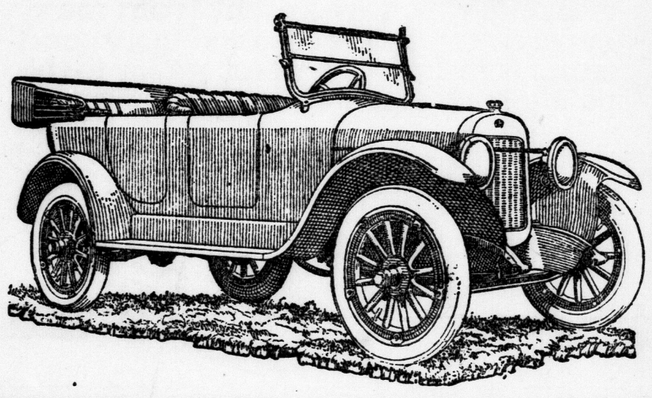

For a metal that is light in weight and yet strong, as any user of metals knows, is a high priced metal.

The use of these fine grades of steel has been the foundation of the business. Maxwell has grown in numbers and friends. The latter countless; the former well on the road to 400,000.

Light, tasty Tea Biscuits

The EASIFIRST way

Everything you cook or bake will be more delicious if you use EASIFIRST. It is the ideal shortening—always of the same high quality. Economical to buy. Economical to use—12 ounces go as far as 16 of butter or lard—and, further, the EASIFIRST left after frying anything can be used for something else without carrying over food flavors.

These things being so—EASIFIRST will save you money every week of the year. Easily proved—your first carton of EASIFIRST will do it.

THIS RECIPE WILL DELIGHT YOU

3 cups flour.
3 teaspoons baking powder.
2 level tablespoons EASIFIRST
1 teaspoon salt.
1 tablespoon sugar.

Sift flour, salt and baking powder together. Add sugar, rub in EASIFIRST, add sweet milk to make soft dough. Moderately hot oven. For a delightful variation, press into top of each biscuit a small piece of sugar loaf which has been dipped into orange juice, or drop a small portion of raspberry jam into a little hollow. Bake as usual.

Your grocer will supply you. Sold in cartons and tins.

TELL IT TO THE SOCIETY EDITOR.

The Misses Margaret and Gladys Martyn have returned home after making a short visit with the Rev. Mr. and Mrs. Leitch of Rodney.

Mrs. Florence Barr and son Jack have left for a holiday trip down the St. Lawrence. While away they will visit at Montreal and Quebec.

Mrs. Edward Martyn has returned to the city after spending a very pleasant visit with friends and relatives in Toronto and Port Hope.

For the next six weeks Dr. H. A. McCallum and family will summer at Ipperwash Beach, Dr. McCallum being absent from the city during this time.

Miss Carrie Gee of this city left last night by way of the Great Lakes for the Pacific coast, where she will spend the summer with her sisters at Vancouver, B. C. Returning by the Canadian West, she will visit her brother, Mr. Ernest Gee of Neepawa, Manitoba.

The Ladies' Golf Club has announced Saturday, July 3, as the big midsummer Field Day for women golfers. On account of the heat, the tournament will not begin until 3 o'clock, when there will be prizes awarded for approaching and putting. There will also be a prize for the best score playing nine holes against "bogey." Following the tournament will be a club dinner, those wishing to attend notifying the steward as early as possible.

On Saturday last "mixed doubles" were played off, three pairs coming in with the splendid score of 79. The winners were Mrs. Ronald Harris and Mr. Whittaker, Miss Mary Meredith and Mr. Bartlett, Mr. H. Skey and Miss Hunter.

A very pretty function was held on the spacious lawn of Mr. and Mrs. H. Vanloon, Wharncliffe road, on the evening of June 28. The hostess received her guests wearing a charming gown of charmeuse and Ophelia roses, while the Henderson Kiltie Band furnished delightful music. The guests included the Misses Bennett of St. John, N.B.; Mr. and Mrs. Morgan of Fort William; Mr. and Mrs. McIntyre of Brockville; Mr. and Mrs. L. McIntyre of Whitby; Mr. and Mrs. John McLeod, Mr. and Mrs. McDevitt, Mr. and Mrs. Morgan, Mr. and Mrs. A. Portsmouth, Mr. and Mrs. J. C. Hockin, Mr. and Mrs. D. Sare, Mrs. Flattery, Miss Lorna Jecries, Miss Skelton and H. B. Agnew.

The pretty grounds of Mr. and Mrs. Milton Jackson on the corner of St. James' and Alma streets were gaily lit with Japanese lanterns last night on the occasion of the garden party held there by the Ladies' Guild of St. John the Evangelist Church. Tables had been taken out on to the lawn from which were sold ice cream, home cooking, candy, flowers, tea and coffee, the following ladies being in charge: Mrs. Goaves of the tea room, Mrs. Loughrey of the ice cream, Mrs. Brown of the candy, Mrs. Conner of the flowers, and Mrs. Wm. Boug of the home-made cooking. A large amount of the success of the affair was due to the able general convener, Mrs. Bartram, president of the guild. A short musical program included numbers by Mr. and Mrs. Duncan Carswell and Mr. Ed. Webster.

Fortunate, indeed, were the members of the executive committee and also those of the study class of the First Methodist Church W. M. S., when on Monday afternoon they were invited to the home of Mrs. Robert Fowler, Queen's avenue. Mrs. Fowler received her friends in her usual gracious manner. Mrs. Green, whom the society chose as delegate to the branch meeting held in Kincardine recently, gave a very full and interesting report of the convention, in which she stated that the London branch had gone forward in every line of work and that last year was the best yet.

Miss Fowler retired from office as branch treasurer of circles and bands. Mrs. Green referred to her being honored at the convention, with other retiring officers, by receiving a beautiful bouquet of roses.

Mrs. Green was thanked for her good report, and Mrs. Fowler and her family for their kind hospitality.

Miss B. McCamus has just returned from the Y. W. C. A. camp at Port Bruce, and reports everything to be progressing there favorably. The first contingent of forty arrived at the camp on Saturday last, under the chaperonage of Mrs. E. H. Johnston. For several days beforehand the camp was a scene of constant activity, the fishermen of the district turning out and helping erect the tents and floors gratuitously. Now a regular camp program is in progress, beginning with morning exercises and dips, Bible study nature study, etc., followed by an afternoon swim, with Miss McCrimmon, the camp nurse, in charge to see that no one overdoes it.

There are still a few vacancies for the third camp from July 24 to August 7, but applications would need to be made immediately to secure accommodation. After that date, girls from St. Thomas will be given the privileges of this most attractive of camps. Miss Helen d'Avignon, the girls' work secretary expects to be at camp all summer.

Never did the grounds of Lieut.-Col. A. M. Smith, Wortley road, present a prettier sight than last evening, when the extension department of the Y. W. C. A. held a garden party there to raise funds for the sending of a girl representative to the Y. W. C. A. Industrial Conference at Camperdown. Scattered about the lawn were the pretty booths of the various girls' clubs, resplendent in the club colors. The Pollyannas sold tea and cake from a fairy-like structure of purple and yellow. Miss Gratereaux and Miss Lowe presiding. Summer drinks were dispensed by the Nightingales from a booth of red and white, Miss Lucas and Miss Wilk in charge. The Optimistics were the lemonade vendors, with Miss Chambers at their head. The "Ich Dien" Club sold grab bags from a maze of red, while and blue, Miss Hollowell in charge. Mauve and yellow colors shrined the "Goodfellowship" Club, where Miss Henderson and Miss Walker dished out ice cream. Flowers and Canadian flags graced the "Janey Canuck" booth, where Miss Birch was in charge, while the "Count on Mes" sold popcorn and peanuts from a booth twined with dark blue and orange, Miss Goddard in charge. The "Live Wires" took toll at the gate, while a gay Gypsy Cart, filled with popcorn, was trundled about the grounds by Miss Thomas and Miss Goddard. Even the returned men had their place, and sold articles of their own manufacture.

Music was constantly supplied by the Henderson Juvenile Band and No. 2 Salvation Army Band. The garden-party proceedings opened by a few words from the mayor's representative, delivered from the veranda of the house, on which were seated the patronesses, Mrs. E. B. Smith of the local Council of Women; Mrs. C. B. King and Mrs. Henderson, of the Y. W. C. A. Among those assisting at the garden party were Miss Moore, Miss Ora White, Mrs. Houlding, Mrs. Westland, Miss Hossack, Miss Sutherland and Mrs. John Crawford, Y. W. C. A. industrial secretary, who was largely responsible for the success of the garden party.

PHILLIP—POLLARD.

A very pretty wedding took place at the Church of the Redeemer on Thursday, June 24, when Fanny, daughter of Mr. and Mrs. James Pollard, became the bride of Mr. Percival Phillip, the Rev. John Morris officiating.

Miss H. Pollard was bridesmaid, while Mr. Ed Pollard assisted the groom. After the wedding the happy couple left for Toronto.

LAING—ROBINSON.

A very quiet but pretty wedding was solemnized at the home of the bride's mother, Mrs. J. W. Robinson, 388 Roncesvalles, Toronto, on Thursday evening, June 24, when Louise, daughter of the late Rev. J. W. Robinson, was united to Alexander Savigny Laing, son of Mr. Laing and the late Mrs. Laing of Montreal. The ceremony was performed by Rev. J. E. Hunter of Lambeth, brother-in-law of the bride.

Mr. and Mrs. Laing will be at home to their friends after September 1.

HOGAN—WASHBURN.

A wedding of interest to many Londoners took place on Wednesday, June 23, when Florence Matilda, daughter of Mr. and Mrs. A. C. Washburn, became the bride of Thomas Gilmour Hogan of Toronto. The bride was attired in a hand-embroidered gown of white georgette over silk, wore her mother's wedding veil, and carried a bouquet of Sunset roses and orchids. She also wore the groom's gift, a necklace of onyx and pearls. The bride and groom were unattended. After the ceremony they left amid showers of confetti for their home in Toronto.

GOUGH—LEITCH.

A very pretty wedding was held recently when Sarah Margaret, only daughter of Mr. Donald Leitch of Ekfrid, was united in marriage to Mr. Thurman R. Gough of Metcalfe. The ceremony was performed at the manse, Kintyre, by the Rev. W. A. Leitch, cousin of the bride. The bride was attired in her travelling suit of navy blue with white georgette blouse and grey hat. After a short honeymoon, Mr. and Mrs. Gough will be at home to their friends in Metcalfe. Prior to the marriage a number of the bride's friends gathered at the home of Mr. Leitch and showered her with many beautiful gifts.

CLARK—RILEY.

A very pretty event took place at the home of Mr. and Mrs. Chas. H. Riley, Concession 10, Gosfield North, on Wednesday, June 23, when their only daughter, Lena Grace, was given in marriage to Lewis A., eldest son of Mr. and Mrs. Em. Clark, of Cottam, Rev. C. C. Kaine officiating. The ceremony was witnessed by fifty near relatives of the young couple. The bride was attended by the groom's sister, Miss Iva May Clark, as bridesmaid, and the bride's brother, Ernest Riley, was groomsman. The wedding march was played by Miss Viva Reine, while Miss Sadie Neville rendered a solo during the signing of the register. The house was appropriately decorated for the occasion. Following the ceremony a wedding supper was served to the guests, and after supper the newly-married couple left on a wedding trip to Niagara Falls.

RAWLING—CHURCHILL.

A pretty wedding was solemnized at the home of the bride, 160 Wharncliffe road, yesterday at 1 o'clock, when Miss Ethel Vera Churchill became the bride of Alfred John Rawling, the Rev. Mr. Kirkland officiating. The bride was lovely in a gown of ivory satin charmeuse and old lace, with accompanying tulle veil and shower bouquet of bridal roses. She was attended by her sister, Miss Edna Churchill, in a pretty bridesmaid's costume of orchid organdie, with large orchid hat to match, and carrying pink roses. Harold Ross attended the groom, while Elbert Long played the wedding music. The house had been made pretty for the occasion with orange blossoms, peonies and roses successfully combined.

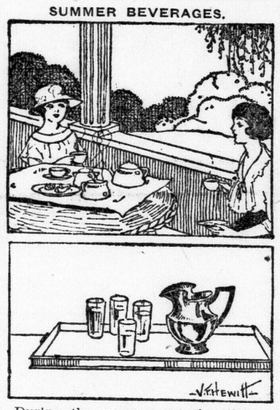

The young couple received many interesting presents, and a congratulatory telegram from the bride's brother, L. W. Churchill, of Cleveland. The groom's gift to the bride was a cameo brooch, to the bridesmaid a lavaliere, to the best man gold cuff links, and to the pianist a gold match case.

After a reception at the home of the bride, Mr. and Mrs. Rawling left for Niagara Falls and Buffalo, the bride traveling in a pretty gown of blue organdie with blue organdie hat to match, and wearing a corsage of roses. Mr. and Mrs. Rawling will reside in Hamilton.

HOME ECONOMICS

MRS. ELIZABETH KENT, MacDONALD COLLEGE.

SUMMER BEVERAGES.

During the summer months, there is an increase in the amount of evaporation from the surface of the body, and this loss of moisture may be very pleasantly made good by the use of summer beverages.

It is generally conceded that few people drink enough water to keep their bodies in good condition. Water may be taken in many forms, tea, coffee, lemonade, orangeade, Russian tea, ginger ale, fruit punch, milk, whey, kou-miss, or buttermilk, of course, in its various forms is really a food as well, and should be used only partially as a substitute for water. It should never be drunk quickly as one drinks to quench thirst.

Children should have plenty of fruit drinks in summer. They need the juices and the liquid, and the little sugar used is good for them also. Tea and coffee, either hot or cold, should never be given to children. They are rather worse for them cold, than hot.

It is great convenience to have a syrup ready made; then fruit drinks are very quickly and easily prepared as desired, and there is a decided economy of sugar. A good syrup is made by boiling one cup of sugar in one cup of water for ten minutes. Dilute with juice and iced water to taste.

Lemonade—Two tablespoonfuls of lemon juice, 1½ tablespoonfuls of syrup, ¾ cupful of cold water. If the seeds are removed before the lemon is squeezed there is no need to strain the juice, and there is considerable saving. Most people like the particles of lemon pulp if there are no seeds.

Pineapple Lemonade—Two cupfuls of boiling water, 1 cupful of sugar. Boil ten minutes. Add one pint can of grated pineapple and the juice of three lemons. Cool, strain, and add a quart of ice-cold water.

Russian Tea—Make fresh tea. Put a slice into a cup and pour the hot tea over it. For iced tea, make the tea strong, put a good-sized piece of ice into a tall glass with a slice of lemon and a teaspoonful of sugar, and pour in the tea. Iced tea should always be made from fresh tea which has been promptly strained from the leaves.

Manic-Depressive Insanity.

About eight in every ten cases of insanity are of the manic-depressive (not maniac-depressive, I beseech you, proofreader) type, which includes conditions popularly known as melancholy and delirium, though not mere hypochrondria and transitory delirium occurring in various illnesses. The cause is a feeble, unstable nervous system inherited from parents with some form of nervous disorder. Such a heritage is common, even among people of good education above the neck. In aim as well as in method education in this country has always tended to impair the stability of the nervous system, being top-heavy and ignoring the requirements of the human body as a complete mechanism. In short, our fool effort to train the mental and neglect the physical side is a bid for all sorts of nervous and mental troubles. It is as unwise as is the freak showman's effort to train certain of his muscles to lift huge weights.

An individual with a feeble or unstable nervous system does not well endure any strain upon mind or body, or any shock pleasant or unpleasant, or any severe illness. Out of some such experience dates the beginning of most cases of manic-depressive insanity, the first attack occurring generally before the age of 25 years and women being more frequently afflicted than men.

A progressively increasing melancholia is usually the first stage of the disease. This manifests itself not only in the mental state of the patient, but also in the physical condition.

Hallucinations develop sooner or later. The victims hears imaginary voices reproaching him for his real or fancied crimes; he is doomed to eternal punishment; he foresees dire misfortune about to overtake him and his family or the whole world; he refuses food, remains constantly awake and either walks restlessly about ringing his hands and looking the picture of abject misery or assumes a fixed, immovable, sometimes cataleptic posture and shows irritability when moved forcibly or fed or disturbed in any way.

An attack lasts several months, as a rule. In two-thirds of the cases recovery occurs within a year. Sometimes recovery occurs after several years of this type of insanity. But the patient may later have the manic form; many cases progress from the depressive or melancholic to the manic form without a remission.

In the manic form of manic-depressive insanity there is mental exaltation and bodily excitement or activity. From the prodromal or primary stage of melancholia or apathy the patient enters upon a life of unwonted activity, becomes strikingly loquacious, witty, even brilliant, shows a remarkable memory for events, poetry and such things, enters upon various ambitious schemes in business or social spheres and abandons them lightly, becomes pugnacious, carries a chip on his shoulder, keeps constantly on the go, and never seems to suffer fatigue. There are no noticeable delusions, and the patient's actions and ideas are coherent, though striking by contrast with the previous condition. There is much less tendency toward mental deterioration than in other types of insanity, and complete recovery occurs in most cases in from three to six months.

QUESTIONS AND ANSWERS.
Personal Interviews Verboten.

Can I make an appointment with you for a personal interview with you relative to my condition, on some day next week at your office? (H. T. K.)

ANSWER—I'd like to grant an interview, but when I begin doing that, the doctors will grow suspicious and—well, I'm sorry, but it is impossible.

Saccharin Not a Sugar.

Some time ago you asserted in your column that saccharin is not a food. Is it a condiment or a drug? The dictionary says saccharine is the uncrystallized sugar from maltwort. Is saccharin harmful to the system, if used at every meal as a sweetener in place of sugar? (A. T. B.)

ANSWER—Dictionaries and cyclopedias have a way of balling up technical subjects. Saccharin is a coal tar derivative, a chemical, with no food value. It is very sweet. Up to five grains a day may be used as a substitute sweetener when sugar is not allowable. It would be unwise to use saccharin merely because sugar is expensive. In my judgment the constant use of saccharin would be likely to prove injurious. Nearly all coal tar derivatives are injurious when used for a considerable time, weakening the blood, breaking down corpuscles, weakening the heart.

Wants Correspondent.

Dear Madam,—I should like very much to correspond with some godly Christian woman that we could tell our experiences and many other things connected with Scripture. Some woman with a long experience, that could help me, as I am only a young woman. Some time ago I asked in your column for information regarding a place named Stokes Bay. A lady wrote from Wiarton saying she would like to correspond with me and send me pictures, etc., of the place. I regret at the time the children and myself had the influenza so badly the matter slipped my mind. I should like to correspond with that lady again, as Stokes Bay holds much interest for me.

A COMRADE OF THE CROSS.

SELECTED RECIPES.
PINEAPPLE BAVARIAN CREAM.

3 tablespoons gelatin.
¼ cup cold water.
¾ cup boiling water.
1 cup light syrup.
1 cup whipped cream.
1 tablespoon lemon juice.
1 cup pineapple cut in small pieces.

Soak the gelatin in the cold water and dissolve it in the boiling water. Add the sweetening, the fruit and the lemon juice. Chill the mixture, and when it begins to thicken, fold in the whipped cream and turn into a mold. Serve with or without a soft custard.

CHOCOLATE COOKIES.

¼ cup nut butter.
1 cup honey.
2 eggs.
½ cup milk.
1½ cups flour.
3 teaspoons baking powder.
1¼ cups chocolate.
½ teaspoon vanilla.

Cream the nut butter and add the honey. Beat the yolks of the eggs until thick and add to the first mixture. Mix the dry ingredients and add alternately with the milk; next the whites of eggs (well beaten) and the salt.

Beat thoroughly and add the flour mixed and sifted with the baking powder. Add the flour alternately with the milk. Add the vanilla last. Chill and roll very thin. Cut with a heat cutter, first dropping it in flour. Brush over with the beaten whites of eggs, decorate with candied cherries and bake in a moderate oven.

MAPLE FONDANT.

2½ cups maple sugar.
1 cup milk.
1 teaspoon salt.
1 tablespoon nut butter.
½ cup chopped hickory-nuts and English walnuts.

Cook the maple-sugar, milk and butter together until it will form a soft ball when tested in cold water. Remove from the stove and let cool. Add the nuts and beat the mixture until creamy; drop into sizes desired.

MAPLE-NUT ICING.

¾ cup maple syrup.
¼ cup sugar.
1 white of an egg.
1 cup chopped nuts.

Cook the mixture of syrup and sugar until it form a long thread, when it is dropped from a spoon. Pour slowly over the well-beaten white of the egg. Beat until perfectly smooth and stiff. Mix the nuts which have been finely chopped and spread over the cake.

SPANISH STEAK.

Use about two pounds top round steak about two inches thick. Leave fat on. Brown in hot frying-pan, then add three-quarters cup boiling water, cover and bake twenty-five minutes in a moderate oven. Sprinkle with salt and pepper and cover with a layer of sliced, seasoned onions. Bake another hour, then cover the entire mixture with a can of tomatoes. Bake again fifteen minutes, sprinkle over top two tablespoons grated cheese, and place in oven long enough for cheese to melt. There will be delicious thick gravy and the steak will be tender.

MEAT STEW WITH DUMPLINGS.

Make stew from cheap cut of meat cut into small pieces, potatoes and such other vegetables as are desired. Thicken with a little flour diluted with cold water. Serve with dumplings made as follows:

Mix and sift one cup flour, two teaspoons baking-powder, one-quarter teaspoon salt. Work in with fingers one teaspoon butter, and gradually one-third cup milk or more if needed. Roll out batter to one-half-inch thickness, cut with a biscuit-cutter or in quarter pieces. The dumplings may be steamed, baked like biscuits or cooked with the stew. If cooked with the stew, remove enough liquid to permit dough to be placed on the meat and vegetables.

WORTH KNOWING.

Left over cereals may be used to thicken soups, stews or gravies.

An excellent breakfast food is browned bread crumbs and cream.

In the washing of gloves, whether leather or fabric, avoid hot water.

Never put meat into water to wash it, but wipe with a damp cloth.

When you rip an old garment, first cut a few stitches with the scissors, then pin the material to your knee and rip with a sharp knife.

Always keep half a lemon handy in the soap dish to use after washing your hands.

Muslin curtains hang more gracefully if only the hems and the lace are starched.

FOR REMOVING PERSPIRATION STAINS.

If a garment becomes badly stained with perspiration, put it in soft lukewarm water and wash with common Indian meal instead of soap, and the stain will quickly disappear. Rub it well into stained place with your hands, then on washboard. This will remove stains of long standing and will not injure the most delicate material.

WHAT'S IN A NAME

RHODA.

Among the flower names which have been under discussion in past weeks appears one name which is not generally recognized as belonging to the list. It is Rhoda, the graceful Greek name, which has completely lost its identity under importation and is now regarded as purely English and American. The name signifies "rose." It is taken from the Greek word for the flower.

It was apparently transplanted intact to English shores, as there is no record of its evolution from a Greek root. The Rohais which appeared in France and named the wife of Gilbert de Gaunt, is thought by etymologists to have arisen from the Latin hros, meaning fame, rather than to have been taken from the flower. Indeed, most of the derivatives of the feminine name, Rose, are believed to have come from this source rather than from the blossom. Thus Rhoda is almost unique in her place and significance; likewise it has never suffered contraction.

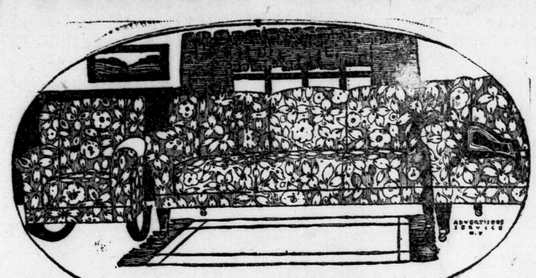

The ruby is Rhoda's talismanic gem. It possesses the deep red color, which is likewise her talisman, and promises her the fulfillment of her ambitions, bodily and mental health, and poise of bearing. Tuesday is her lucky day and five her lucky number.

THE THREE TRAMPS.
Part 5.

Herbie the hound had never felt so miserable before. Surely it couldn't last much longer he thought. For three whole days he had not had a bite to eat, and though he tried to fill up by drinking water it had not helped much, and the wonder of it all was how well Freddie and Sammy looked. Why, they were much fatter than when they started out together. Somehow, Herbie felt he was being paid up for his midnight feasts at the first part of the hunger strike. If he'd only kept to his resolution instead of playing the mean trick he had on the other dogs, he, too, would be enjoying comfort he thought, for the days of getting used to the hunger would long since be past. Poor Herbie, little did he know that Sammy and Freddie were stealing away each night for midnight feasts and were eating every bit as much as they could, so that they would get fat and tease the old deceiver.

Freddie's plan to get even with Herbie was certainly working out.

All day the dogs had tramped as usual, and the sun had been terribly hot. They climbed to the top of a high hill—at Freddie's suggestion by the way, for Freddie was bound to tire the old dog out—and Herbie sank down exhausted.

"I can't go another step," he whined.

"Can't!" exclaimed Freddie. "Why, Sammy, and I are as fresh as larks, much fresher than if we had eaten big heavy meals?" and to prove what he had said he chased Sammy around in a circle, and the two little dogs barked gleefully.

Poor Herbie could only groan and look on.

"I can't see how you do it," he said. "I can't go hungry another minute," and sadly he broke down and confessed how he had deceived them at the first of the hunger strike.

Freddie and Sammy were quite repentant, when they saw how miserable Herbie was, and while the old dog lay there too weak to move they hurried off and left him alone.

Herbie thought they'd left him there to die, but soon learned that that was not so, for in less than half an hour the two little dogs returned, and they were carrying big juicy pieces of meat they had discovered somewhere, and while Herbie was devouring these they hurried back after more.

After the old dog's hunger had been satisfied they, too, confessed the trick they had played on him, but Herbie agreed that it was just what he deserved.

HAMILTON, June 29.—A see-saw battle this afternoon resulted in a ninth victory for Hamilton by a score of 6 to 5.

The locals were one down in the second, but shot to the front in their half of the same inning. Rain fell at the end of the fifth with the score still 2 to 1, and it was about half an hour before the game was resumed. Bay City scored twice in the sixth and took the lead, only to have Hamilton score three in the same frame and go back in the lead. In the seventh Bay City tied it up, and in the ninth Tigers won before any one was retired. Reilly was taken out in the ninth and Morrisette sent in. He retired the visitors quite handily. Then the Tigers came on and won. Three double plays by Hamilton saved the game. The score:

ONE LONE HIT.

BRANTFORD, June 29.—One lone hit was all that the Battle Creek club could gather off Eddie Walters here tonight, and that was a wallop by Kelly over the short right field fence. Walters outpitched Rubber Krapp, the Sox hitting opportunely to win by a score of 4 to 1. J. Murphy provided the feature play of the game, spearing a liner and converting it into a double play. The pitching of Walters was the best seen on the local lot this season.

KIRLEY WAS GOOD.

KITCHENER, June 29.—The Beavers won their second game in the series with the Saginaw Aces by a score of 2 to 1 here this evening. Heavy rain fell an hour before the game was called, and the start was delayed 20 minutes to permit the diamond to dry. Matt. Kirley pitched for the local team, and while he allowed seven hits and issued five passes, he received perfect support, holding the visitors down to one run. Shriver only allowed four hits, but errors by Wright in right field and timely hitting gave the Beavers chances to score. McKee went in as a pinch hitter for Shriver in the ninth with Vitt on first, but Pike grounded to first. The score:

Kennedy's Three-Ply Hit With Bases Full Saves Badly Scorched Game

Tecs Sneak Up From Behind in Eighth and Ninth To Take Second Game From Speeding Vehiclers.

With two laid away to rest, and a man on every sack, Kennedy rapped a three-bagger out to the right garden, and the second game was taken by the win-fed Tecs from the Flinters over at Tecumseh Park last evening, by a score of 9 to 8. The game was played under protest, when Carroll allowed Neitzke in for the second counter in the fourth, Bodecker's pitch having hit his umps.

When the Flinters vehicled it down the line for six runs in the first two innings off Delotelle, and then grabbed two more in the fifth from Neitzke, who marched to the relief, it looked as if the Londoners wouldn't emerge any farther out of the dust than the two pairs of counters they squeezed out in the third and fourth cantos. Bodecker, the new acquisition of the Flinthards, seemed to be getting all the breaks, when even four hits failed to call any runs in the sixth. In the eighth, however, they stepped on the big fellow for three hits, productive of two runs, and that paved the way for the fighting finish.

Delotelle hadn't even a chance to think about adding any more runless frames to his string of 26. Three singles and two fielders' choices, with Dowling's error, the last single, sired by Honneck, going for a pair of runs to round out a quartet, banished those ambitions right smartly. In the second, Gray's choice and Speraw's single were pushed across for two more nicks on Trefry's double to centre, and the tall youth sought the friendly protection of the dugout. Neitzke allowed only four hits in the seven and odd frames he worked, whiffing six batsmen in the last four.

The Sneak.

Kennedy, Calbert and Kuhn singled to start off the third, the thick handling of Witry's grounder chasing the first sacker across with the second tally. Kennedy's single scoring Pittenger, and the protested run allowed across by Umpire Carroll, completed another brace. In the sixth, the Tecs got the win idea, but with four hits tacked up, a double play crossed them up. In the eighth, though, Dowling singled by the fraction of a hair on the play at first, and Neitzke bounced one off the score board. Kennedy's ground out, and Shay's liner to middle, scored the pair of them. With Shay at second on a wild pitch, Calbert smacked one that would have gone over the fence on a sunny day, and Wetzell stuck up his bare paw and the ball stuck.

The ninth drew Wetzel out of his shell and the dugout. With Pittenger and Carmen on on singles, Neitzke was passed, tenanting the whole works. Kennedy took a look at the third pitched ball, and decided that a fourth hit would look good tucked away in his average book. And a three-ply swat was. The score:

Marathon Trials To Be Run Over Hamilton Herald Course

First Four or Five to Finish Will Carry Maple Leaf in Belgium.

HAMILTON, Ont., June 29.—Canada's Marathon trial, the event which will decide who will carry the maple leaf in the Olympic Marathon at Antwerp, will be held on Monday, July 19, over the famous Hamilton Herald around-the-bay course. The distance is 19 miles, 168 yards. The best long-distance runners in the Dominion will be entered and the first four or five to finish will be sent on the long trip as Canada's representatives. Smoke, the Peterboro Indian, is already entered. He is regarded as one of the strong contenders. Lawrence of Montreal, while not yet entered, is expected to toe the scratch. He is another who is regarded as a sure starter in Antwerp. Runners from as far west as Vancouver, and Halifax in the east, are counted on to take part in the trial.

HOBLITZEL OF SARNIA IN THIRD GOLF ROUND

George S. Lyon, 62-Year-Old Veteran, Defeats Canadian Champion.

BEACONSFIELD, Que., June 29.—Sterling and at times remarkable golf marked the struggles in the first and second rounds of the Canadian amateur championship, which were played this morning and afternoon. The outstanding feature was the performance of George S. Lyon, the 62-year-old Lambton veteran, which included the defeat of the Canadian champion.

At the finish this afternoon, representatives from the West, Ontario and Quebec were left in for the third round.

Mr. Lyon met the redoubtable D. C. Cochran in the morning game, and defeated him after an extra hole had been played. In the extra hole, Mr. Lyon holed out in four, after being partially stymied.

In the afternoon Mr. Lyon defeated last year's champion, William McLuckie of Kanawaki, Montreal. He was up two at the sixth, and was never in danger after that.

Mr. Lyon meets a stripling of eighteen in the third round, J. H. McCulloch.

Mr. Greer played his record game in the rain. He turned in a card of 68, the best that has ever been done on the Beaconsfield course.

Those who qualified for the third round to be played tomorrow, and the draw are as follows:

F. G. Hoblitzel, Sarnia, vs. T. Gillespie, Calgary; Seymour Lyon vs. J. Haddon, Toronto; A. A. Adams, Hamilton, vs. Fritz Martin, Hamilton; George S. Lyon, Lambton, vs. J. H. McCulloch, Beaconsfield; J. T. Cuthbert, Winnipeg, vs. C. B. Grier, Royal Montreal; W. S. Greening, Lambton, vs. Frank Thompson, Mississauga; G. Turpin, Royal Montreal, vs. W. J. Thompson, Mississauga; Marcus Grier, Grandmere, vs. C. W. Hague, Calgary.

F. G. Hoblitzel, Sarnia, beat A. Gill, Toronto, by six and four; A. A. Adams, Hamilton, beat Stanley Thompson, Mississauga, by five and four; George S. Lyon, Lambton, beat William McLuckie, Kanawaki, by five and four; Seymour Lyon, Lambton, beat Norman Scott, Royal Montreal, by one up; T. H. McCulloch, Beaconsfield, beat W. C. James, Lambton, by three and two; J. Hadden, Toronto, beat R. C. Smith, Beaconsfield, by one up; F. R. Martin, Hamilton, beat J. W. Yuile, Royal Montreal, two and one.

FAVORITES IN SHORT SHIP ALL BEATEN AT PORT HURON OPENING

O'Deene L., a Canadian Mare, Had the First Event All To Herself.

PORT HURON, June 29.—Favorites trailed in the dust at the opening day of the short-ship trots, all three first choices being beaten. Ulhan Brooke, picked to win the 2:30 trot, was the first to fall, getting the flag in the first heat, after continued breaks. The Canadian contingent made a big killing in this event, backing O'Deene L. to the limit. With Ulhan Brooke out of the way, the Canuck mare was in a soft spot, trotting rings around the field, and making it a straight-heat affair.

Pat Pointer captured the 2:15 pace in successive reels, Lord Seymour, the early favorite, finishing second each time.

Four heats were required to decide the winner of the 2:20 trot, which ultimately went to Virginia Brooks.

LIVER TROUBLE AND HEARTBURN

All liver diseases of whatever character are diseases of the highest importance and demand close attention.

The liver is the largest and one of the most important organs of the body. Its duty is to prepare and secrete bile, and serves as one of the filters of the body, cleansing it of all impurities and poisons. Therefore when the liver gets out of order it is the starting of trouble in nearly every part of the body.

Keep the liver active by using Milburn's Laxa-Liver Pills, and you will have no heartburn, constipation, biliousness, sick or bilious headaches, dull, yellow eyes, brown blotches, sallow complexion, coated tongue, jaundice, catarrh of the stomach, or the painful protruding internal or bleeding piles.

Mrs. John Kadey, Chipman, N. B, writes: "I have used Milburn's Laxa-Liver Pills for some time and can recommend them to anyone suffering from heartburn and liver trouble I tried other remedies, but they only relieved me for a short time. I always recommend Laxa-Liver Pills to all sufferers, as I think they are a valuable remedy."

Milburn's Laxa-Liver Pills are 25c, a vial at all dealers or mailed direct on receipt of price by the T. Milburn Co., Limited, Toronto, Ont.

Glints From Mint Diamonds

That bunch of fool clouters will have to have meatless days or the Mint race will be over in July.

• • •

Some "snuk."

• • •

When interviewed after the game Manager Wetzel said "Uh Huh."

• • •

The odds are 9 to 1 that Red Hayes won't repeat his no hit, no run performance against the Tecs.

• • •

Carl Grimm and Lefty Weinike have left the team. Both were wanted by other Mint clubs, but are going to Pontiac.

• • •

Harry Fisher joins the Flint Club in Kitchener. He hurled in the Mint last year.

• • •

Hick Farrell has been fined a week's pay for shooting a straight ball at Shay in the first game. Looks drastic. But guess Ted feels that way, anyway.

• • •

But weren't those victory-stuffed birds of Wetzel hitting them?

• • •

Bodecker had a lot of things to make him look sick yesterday. After walloping one to the sign boards and then get stopped at first, and worse, pegged and tied down there for the whole inning—he's entitled to be peeved.

• • •

The big fellow opined rather heatedly that he didn't have to stand for such abuse, and also that they were a poor bunch of fans that went after a crippled team who were still hanging on to second place.

Wetzel said yesterday in conversation that he had a hunch he was going to tickle the centrefield fence. His three-sacker in the fifth just missed.

• • •

It seems that the fans rode Shag so hard when he mussed up two impossible ones on Saturday at Hamilton that he boiled over and threatened to resign.

• • •

Anderson had a lot of wide throws to get at the first sack, but the big fellow was reaching all over himself, even to spiking himself when he went after Pittenger's pop.

• • •

The big fellow admitted he could not play first base. Which shows that Shag does know a ballplayer, even if it's himself.

• • •

Yesterday was the first time Buzz has lost his quiet, businesslike air. He was even muttering to himself when he entered the stands after the crowds had filed out.

• • •

Shag and Knotty mutter to themselves, too, but from a different cause.

• • •

Pittenger had a real chance to dance yesterday. He does a cross between a Dervish glide and jelly-roll every time he stands at the plate, but his was a regular war effort around second base while Kennedy was picking out one.

• • •

It is said unofficially that Manager Buzz cheered, but there has been no confirmation of the rumor yet.

MACHINE GUN MATCHES STARTS AT COVE JULY 1

Rifle Teams To Be Picked to Meet Challenging Marksmen.

The 2nd Canadian Machine Gun Brigade will start its inter-brigade rifle matches on Thursday morning, July 1, firing to commence at 5:30 sharp, and everyone going out individually and meeting at the caretaker's house.

Practices have been held every Monday, Tuesday and Thursday evening for the last three weeks at the Cove ranges, a large number of men attending and the results being very satisfactory.

At the request of the members of the brigade, the morning of the holiday on July 1 will be utilized, and the inter-brigade matches started, for which prizes will be given. First prize will be given for the highest individual score. Teams will be entered by brigade headquarters, company headquarters and each battery, and some keen contests are expected.

Col. W. G. Coles, the officer commanding, will be present, and light refreshments will be provided. All the members are being asked to turn out. The brigade has received a challenge from the headquarters staff at Carling Heights, and also from the W. O. R. A team will be picked on Thursday to represent the unit in these matches.

STRATFORD-ST MARYS ROAD RACE

STRATFORD, June 29.—July 1 promises to be one of the biggest days here for a long time. Under the auspices of the chamber of commerce a big field day will be held. There will be baseball and track events in the morning at the Agricultural Park, with canoe and swimming races on the river. The Stratford-St. Marys road race is attracting interest, and should have some speedy contestants. The runners will finish at the Agricultural Park just before noon. In the afternoon there will be horse races and a big picnic of the Church of Immaculate conception at the park. In the evening Sarnia lacrosse team will play the locals, and the day will end with a band concert and fireworks.

Round the Kitty

9 o'Clock Draw.

A. Henderson, St. Matthew's, vs. D. Anguish, Lambeth; A. H. Whitlow, St. Matthews, vs. Rev. A. Trumper, Exeter, at St. Matthew's greens.

J. Taman, St. Matthew's, vs. Rev. Kennedy, Ailsa Craig; J. Vivian, London Rowing Club, vs. Rev. A. L. Beverley, St. Mark's; T. Hobbs, All Saints' vs. W. H. Talbot, St. Mark's, at St. Mark's greens.

10:15 Draw.

C. R. Smith, St. Matthews, vs. C. B. Hillier, St. Matthew's; J. McLeod, St. Matthew's vs. R. A. Mercer, London Rowing Club, at St. Matthew's greens.

McIlroy, St. Thomas vs. Rev. A. A. Bice, All Saints'; Dr. Doan, Harristeville, vs. R. D. Hillier, St. Matthew's; M. J. Morrison, St. Mark's, vs. J. S. McDougall, London Rowing Club, at St. Mark's greens.

The games committee of the Thistle Club announce that they will hold an open tournament on Dominion Day to accommodate all those who are unable to take part in any "picked rink" affairs on that day. Good prizes will be given, and as many as the entry warrants. The draw will close at 1:45 sharp, with bowling starting at 2 p.m. Everybody welcome, and the more the merrier. Phone your name in and the games committee does the rest.

GUNNERS WITH BUT 8 MEN HOLD PATS TO SCORELESS TIE

Weather Too Warm for Good Soccer, But Game Fast in Spots.

The return league game between the Pats and the Gunners was played on Carling Heights last night in rather warm weather, which made the game uninteresting at times. The "Emma Gees" took the field with only nine men, and still played hard enough to keep the Pats from scoring. One of the Emma Gees' players got injured during this period, and notwithstanding the fact that they played with only eight men in the second period, their one-back game and open play kept the Tecumsehites puzzled appertaining to locating their opponents' net, and when time was called the game ended scoreless, each team thereby gaining one point in the league table. Thwaites, in goal for the Machine Gunners, played a magnificent game, while their line back, Boyd, was alert all the time. The Taylor brothers were in great form, and the same can be said of the other players. Hodgson got hurt in the first period, and was out of the game the biggest part of the time.

Robertson, the Pats' goalie, late Scots Guards and R. C. E., did not get much to do, but what he did was thorough. The Pats' right half, Mitchell, played well, considering he has been out of the game for a long time. Black played his old consistent game, while Capt. Edgar, their all-round player, tried hard in the second period to notch a goal for his team, and had hard luck in not being able to do so. The rest of the boys all did their best, but the extreme warm weather affected them and kept them from settling down to their usual aggressive game, which they have all along in the league been famed for.

To sum it all up, it was the Pats' off-night, which was rather irritating, seeing that last night's game was their second last league game, their last fixture being with the Public Utilities on Friday night on Carling Heights.

Harber, the Pats' new player, should show up well later on, with a little practice.

The line-up:

Princess Pats—Goal, Robertson; right back, Capt. Edgar, M. C.; left back, Sergt. Dalley; right half, Mitchell; centre half, Spiers; left half, Lance-Corp. Black; outside right, Sheedy; inside right, Lieut. James; centre forward, Harber; inside left, Woodward; outside left, Madden.

Second Machine Gun—Goal, Thwaites; right back, Boyd; right half, Hobbs; left half, A. W. Taylor; inside right, F. G. Taylor; outside right, Stuart; centre forward, McClenaghan; inside left, Rawson; outside left, Hodgson.

Referee, B. Devlin.

HOUSE PASSES INDEMNITY BILL FOR THIRD TIME

Leaders of Liberals and Farmers Firmly Oppose Measure.

ELEVEN VOTES AGAINST

Lanctot Motion To Delay Increase Until After Election Lost.

OTTAWA, June 29.—The House tonight gave third reading to the bill to increase sessional indemnities from $2,500 to $4,000, and the bill went to the Senate. The end came after a keen and exciting debate. Public galleries were filled as in the early days of the session.

Members were there in force, and during the proceeding the House witnessed the curious scene of the leader of the Opposition and the leader of the Progressives both opposing the increase so far as the present Parliament is concerned, and the majority of their followers voting for it.

It was not till committee stage was reached that the House had its first division on the measure. Then Roch Lanctot of La Prairie-Napierville, seconded by Mr. Proulx of Prescott, moved an amendment to have the increases applicable only after a general election.

Lanctot Motion Lost.

Amid enthusiasm, Mr. Lanctot's motion was defeated by 107 to 11. Hon. W. L. Mackenzie King and Hon. T. A. Crerar both supported the Lanctot motion. The other supporters of it were: Liberals—Messrs. Lanctot, Proulx, Sinclair (Antigonish and Guysboro), Sinclair (Queen, P. E. I.), D'Anjou (Rimouski), Hon. W. S. Fielding, Dechene (Montmagny), McMaster (Brome). Progressive—Kennedy (Glengarry).

During discussion Sir Robert Borden expressed the view that the number of cabinet portfolios could be increased. Increase to cabinet ministers' salaries would operate from the time the bill became law. Increases in members' indemnities would apply to the present session, but only in the case of members who had been in attendance three-quarters of the days of the House was sitting.

To Reject Measure.

Later, on third reading, Mr. Proulx moved that the whole measure be rejected except the section providing increased remuneration for the assistant clerk of the House. But Mr. Proulx's motion received the support only of Mr. Lanctot, and the bill passed its last stage in the House—unless it comes back with Senate amendments.

Mr. Proulx, seconded by Mr. Lanctot, in the afternoon, moved the six-months' hoist of the bill to increase judges' salaries. But the motion was declared lost on division, and the bill passed all stages in the House.

FURTHER ESTIMATES OF $53,000 ARE TABLED

OTTAWA, June 29.—Further supplementary estimates for $53,000 were tabled in the House this afternoon. There is a vote of $7,000 to increase the remuneration for members' stenographers to $4 per diem, the increase to date from the beginning of the present session. There is also a further vote of $5,000 to provide payment to the full sessional indemnity of members of the House—days lost through absence caused by illness, public business, being engaged in necessary farming operations, et cetera.

There is no mention in the supplementaries of the increased indemnities to members of the Senate and the House. They are provided for in a separate resolution.

Passed by Senate.

The Senate was in session both afternoon and evening yesterday, wiping out the legislative slate in preparation for prorogation. Among the measures passed were the aid to shipbuilding bill, the income war tax act, the special war revenue act, the wheat board bill and the franchise act.

On the second reading of the shipbuilding bill, Senators Bostock and Dandurand protested against the lack of information supplied by the Government, and also urged that contracts made under this legislation be confined to existing shipyards.

The shipbuilding industry was an important one. It represented a great investment.

Senator Turriff said in his opinion the bill before the House was not to help labor, but to help a few shipbuilders. It was along the line of much present-day legislation for the big interests at the expense of the country.

Bills Amended.

Minor bills including one to amend the Canada grain act, and another to amend the boards of trade act were given third reading. The House then spent much time considering the bill to amend the civil service act by providing for the retirement of certain employees. This, it was said, does not affect the superannuation act, and is intended to cover old employees not covered under that act. With the addition of a clause to provide against any civil servants being superannuated under this act after July 21, 1921, the bill was reported, given third reading and passed the House.

ANOTHER CO-OP. OPENING.

WINDSOR, June 29.—Having raised the required quota of capital required by the Provincial Government, articles of incorporation are to be taken out by the Border Co-operative Society, it was announced tonight. Arrangements have been completed for an unlimited quantity of farm produce at minimum figures, it is said, with farmers of the surrounding district. Following a meeting of the directors tonight, it was announced a grocery store specializing in fresh farm produce, would be opened August 1.

WORTH ITS WEIGHT IN GOLD, HE SAYS

George Braham Wouldn't Take Anything for the Good Tanlac Did Him.

"I wouldn't take all the gold you could pile up around me for the good Tanlac has done me," said George W. Braham of 31 Grove avenue, Toronto, recently.

"When I returned from overseas I was pretty much of a wreck. I used to have fainting spells, and my nerves were in such a bad state that I used to jump at the least sound. My stomach was always out of order, so that whatever I ate upset me. I never knew what it was to have a good night's sleep, and I always got up in the morning feeling tired and weary. I was steadily losing weight and finally got as weak as a rat.

"One evening I said to my wife, 'I think I'll try a bottle of Tanlac.' I did, and the result was wonderful. It just seemed to meet my needs from the start, and has relieved me of all my troubles. It gave me a good appetite, so that I can now eat well and my food agrees with me. My nerves are so steady and I no longer have the fainting spells. I sleep fine and I'm stronger in every way. If there's one medicine that's worth its weight in gold, it's Tanlac, and I want to express my gratitude for what it has done for me."

Tanlac is sold in London by Standard Drug, Limited, and by an established agency in every town.

STEFANSSON SEES GREAT FUTURE FOR CANADA'S NORTHLAND

Wonderfully Rich in Resources and Productivity, Says the Great Explorer.

Winnipeg, June 30.—"It is deplorable and ridiculous what the schools of Canada teach Canadian children about the northlands of the Dominion," declared Vilhjalmur Stefansson. "It amounts to most defamatory propaganda" added the noted explorer.

People generally display a lamentable ignorance concerning this country, and it is simply due to the fact that they are wrongly instructed when they are children, according to Mr. Stefansson, who declared that the country north of the Arctic circle is very different to what people believe.

There are 640 different species of flowering plants, and, roughly, three times as many species of flowering plants as non-flowering plants in the Arctic country, Mr. Stefansson said, and he described some of the conditions responsible for what to the people of Canada seems anomalous, because of the climatic conditions there.

In the north, he explained, there are two seasons similar to the seasons of the settled part of Canada.

Just in the same way as grass cannot grow here in the winter time, the grass cannot grow in the country around and north of the Arctic circle in the winter. But in the summer time one can find Kentucky blue grass which is the most prevalent among the vegetation up there, golden rod, poppies, blue bells, dandelions, timothy and watercress, "and these plants grow as far north as any land that has been discovered," added Mr. Stefansson.

Speaking of the development of the northland, Mr. Stefansson predicted that it would be developed in the same way as other countries. He explained that there are rich resources up there, and when asked if the climate would act as a deterrent, replied: "A land is measured by its productivity and not by its climate, and if a land is productive it will be developed irrespective of its climate."

HOPES CANADA WILL SEND COLORS FOR WOLFE'S MONUMENT

Dean of Westminster Makes Appeal to the Government.

London, June 30.—By Canadian Associated Press.—"I cherish the hope that some day the Canadian Government will send us a couple of colors for the perpetual adornment of Wolfe's monument in memory of the many which we kept there for three years. During all that time they were spectacles of never-ending delight and interest to every soldier visitor, as well as to our English crowds."

Thus writes the Dean of Westminster in an appeal which is receiving much publicity today for a quarter of a million pounds sterling to save Westminster Abbey from falling into decay. The King has subscribed a thousand pounds and the Queen five hundred.

"The need is insistent, the most historic, most beloved sacred building in the Empire is in danger of entering upon a phase of steady structural deterioration," adds Dean Ryle.

CARPET BAGGER FINDS NO WELCOME IN ELGIN

East Riding Conservatives To Run Local Man as Candidate.

ST. THOMAS, June 29.—The gentleman from Ottawa who would give up his practice as a barrister, Harold Maym Daly, and sacrifice much rather than the Liberal-Conservatives at home should let the East Riding of Elgin go by default and a U. F. O. man succeed the late David Marshall, was in the city today after a visit to Aylmer. Mr. Daly returns to Ottawa in a contented and satisfied frame of mind. A local man has been discovered who will carry the banner.

Mr. Daly went to the capital of the east riding this morning by way of Chicago, where he was on a business trip, and he found everything politically and otherwise to his liking. Having picked his man, Mr. Daly returned to Ottawa this afternoon to report progress.

FUNERAL OF E. VAN DUYN.

WINDSOR, June 29.—Funeral services were conducted today at St. Alphonsus Church for Edward Van Duyn, one of the best known and oldest residents of the border district, who died at the home of his daughter, Mrs. Gilbert Hebert, Pelissier street. Deceased was born at Coutremois, Belgium, near the historic scene of the battle of Waterloo, and came to Windsor 65 years ago, when a comparatively young man. He was formerly a landscape gardener, but had lived retired for the past decade.

FINANCIAL AND COMMERCIAL

HOGS THE FEATURE OF WEDNESDAY MARKET

No Market Thursday On Account of Holiday.

The local market was comparatively large for a Wednesday. It was chiefly due to the fact that tomorrow is a holiday and there will be no market. Hogs were the feature this morning, selling by the cwt. at $19. Fat sows went at $15 a cwt. The demand for them is active.

Although the price of hay is high, very few loads have been offered this week. It still remains at $32 to $35 a ton.

No strawberries were on the square this morning at 10 o'clock. The price remains unchanged from yesterday. Several crates are expected on Friday and Saturday, and the market officials think that Saturday's supply will wind up the season.

Oats did not change in price. The demand cannot be filled in the city. A shipment from the west is expected this week.

All vegetables were plentiful yesterday and today. The prices remain unchanged.

Butter and eggs are scarce and in good demand.

No change in the prices of hides were recorded.

GRAIN.

Chicago, June 30—Opening: Corn—July, $1 75¾; September, $1 70½.

Oats—July, $1 03¾; September, 87⅜c.

Winnipeg, June 30.—July oats opened 1c higher at $1 22½; October, ½c higher at $1 00⅝; December, ½c higher at 94⅜c.

July barley opened nearly unchanged at $1 64; October ¼c higher at $1 47¼.

July flax opened 1c lower at $4 12; October 1c higher at $4 06.

Chicago, June 30.—Uneasiness in regard to possible development of black rust in the spring wheat belt tended today to lift prices for other grain, including corn. After opening unchanged to ¾c lower, the market scored material gains all around.

Oats were firmer with corn. Opening prices, which ranged from ⅛c decline to ⅞c advance, were followed by a general upturn.

TORONTO STOCK EXCHANGE.

Toronto, June 30.—With the exception of the rapid advance in National Breweries, an unlisted stock, the Toronto Stock Exchange was devoid of interest and stocks were steady. On reports of excellent earnings, National Breweries opened strongly at 57½, and before the close reached 61. Dominion Canners dropped a quarter of a point from the opening at 64, while Quebec Railway was steady at 29⅜. Four shares of Bank of Hamilton were sold for 189½, a decline of more than 2 points. Abitibi, another unlisted stock, was higher at 76½.

MONTREAL STOCK EXCHANGE.

Montreal, June 30.—There was a great deal of trading in Breweries on the local exchange this morning, which many excited bidders were anxious to secure at 60, and during the first hour the rush of trade was unprecedented. Atlantic Sugar, wich had a sensational rise yesterday afternoon, started at 135 and advanced to 136, when the buying slackened and attention was given once more to Breweries. Paper stocks were quiet, but held firm around recent levels.

WALL STREET.

New York, June 30—Wall Street, 10:30 a.m.—Aside from its steadier tone, there were no signs at the opening of today's trading that the stock market would throw off its protracted torpor. A few important issues in the oil, shipping and steel groups recorded advances ranging from liberal fractions to a point, but many former leaders in the industrial and railroad divisions were unquoted in the first fifteen minutes of trading. Foreign exchange was easy in the preliminary quotations, but firmer tendencies were looked for in call and time money rates.

Noon.—For the first time in almost a fortnight the market developed a strong tone on relatively broad buying during the morning. The most substantial advances were made by express shares, American Express rising 8 points and Wells-Fargo 5 points. Plenty of call money was available at 9 per cent.

HOLIDAY ON 'CHANGE.

London, June 30.—The stock exchange and the silver market here will be closed tomorrow.

TORONTO CUSTOMS RETURNS.

Toronto, June 30.—Customs collections for June in Toronto, will be approximately $4,800,000, according to the official estimates. This is an increase of $700,000 over the month of May, but a decrease of $435,518 from the March figures, which were a record for this year.

Thirty Deaths From Razor

MUST CONCENTRATE ON DEVELOPMENT OF COMMERCIAL AVIATION

Col. Barker Sees Great Future For the Dominion.

Winnipeg, June 30.—Attention must be concentrated on the development of commercial aviation in Canada, Col. W. G. Barker, V.C., told the members of the Manitoba Aero Club, during an address here. Great results were predicted by him as the result of the awakening activity in air matters in the Dominion. He pointed out that the lessons learned during the war were proving of inestimable value to the development of peace time aviation. He urged that steps be taken to establish more aerodromes throughout the country, and quoted facts and figures to show that flying was being done throughout the world, and particularly in Great Britain, with less danger and loss of life than travel by train.

Col. Barker also announced that Winnipeg will be the western distributing point for hundreds of thousands of dollars' worth of aeroplanes and equipments. The aeroplanes and equipment are being sent here for sale by the Aircraft Disposal Syndicate of Great Britain, which has undertaken to dispose of leftover war equipment. The first shipment will arrive in Winnipeg in the course of the next few weeks, and will consist of 25 aeroplanes valued at $125,000.

This influx of equipment will prove a boon to Canadian aviation, he stated, the machines are all nearly new, many of them unused, and will be sold at prices within reach of the ordinary person. Lack of landing fields and aerodromes was the greatest deterrent to the advance of aviation in Canada, the colonel declared, and stated as soon as flying has become general and landing places are available in most of the towns, that regular travel by aeroplane will be established. He predicted that it will be possible in five years to travel from coast to coast in the air, in a fraction of the time it would take to go by train.

PLAN REFORMS IN HIGH SCHOOL WORK

New Minister of Education Is Getting Report From Committee.

Toronto, June 30.—Many changes in the Ontario high school system, particularly in the matter of examinations, are proposed by Hon. R. H. Grant, minister of education in the Drury U. F. O.-Labor Government. A strong committee has been named to arrange for these changes, including the following: From the collegiate institutes and high schools: Dr. McDougall, Ottawa; A. P. Gundy, Galt; A. J. Husband, Brockville; H. W. Bryan, Renfrew; W. N. Bell, Paris. From the continuation schools: A. C. Bernath, Huntersville; Miss L. E. Dobbie, New Liskeard. From the public school inspectors: L. A. Campbell, Weston; Dr. Marty, Toronto.

EXCHANGE RATES.

New York, June 30.—Sterling exchange heavy; demand, $3 94½; cables, $3 95¼.

Canadian dollars were quoted at 87.75c.

NO CONSTRUCTION TILL PRICES LOWER

Money Will Be Raised for the Cronyn Memorial Parish and Community House.

While efforts to raise money for building a new parish and community house in connection with the Cronyn Memorial Anglican Church will continue, the actual construction will not be commenced until the price of building supplies has returned to a lower level. This is the gist of a letter forwarded to all members of the congregation by the select vestry.

The best advice available has been sought. A survey of the church property has been made, and tentative plans and specifications have been considered. The vestry thinks that adequate equipment for the church work should be provided at the earliest possible moment consistent with sound judgment, but that the cost of building materials, heating plant and equipment of all kinds being abnormally high—probably at a maximum—that it is decidedly unwise to enter into any contracts involving expenditure of money at the present time.

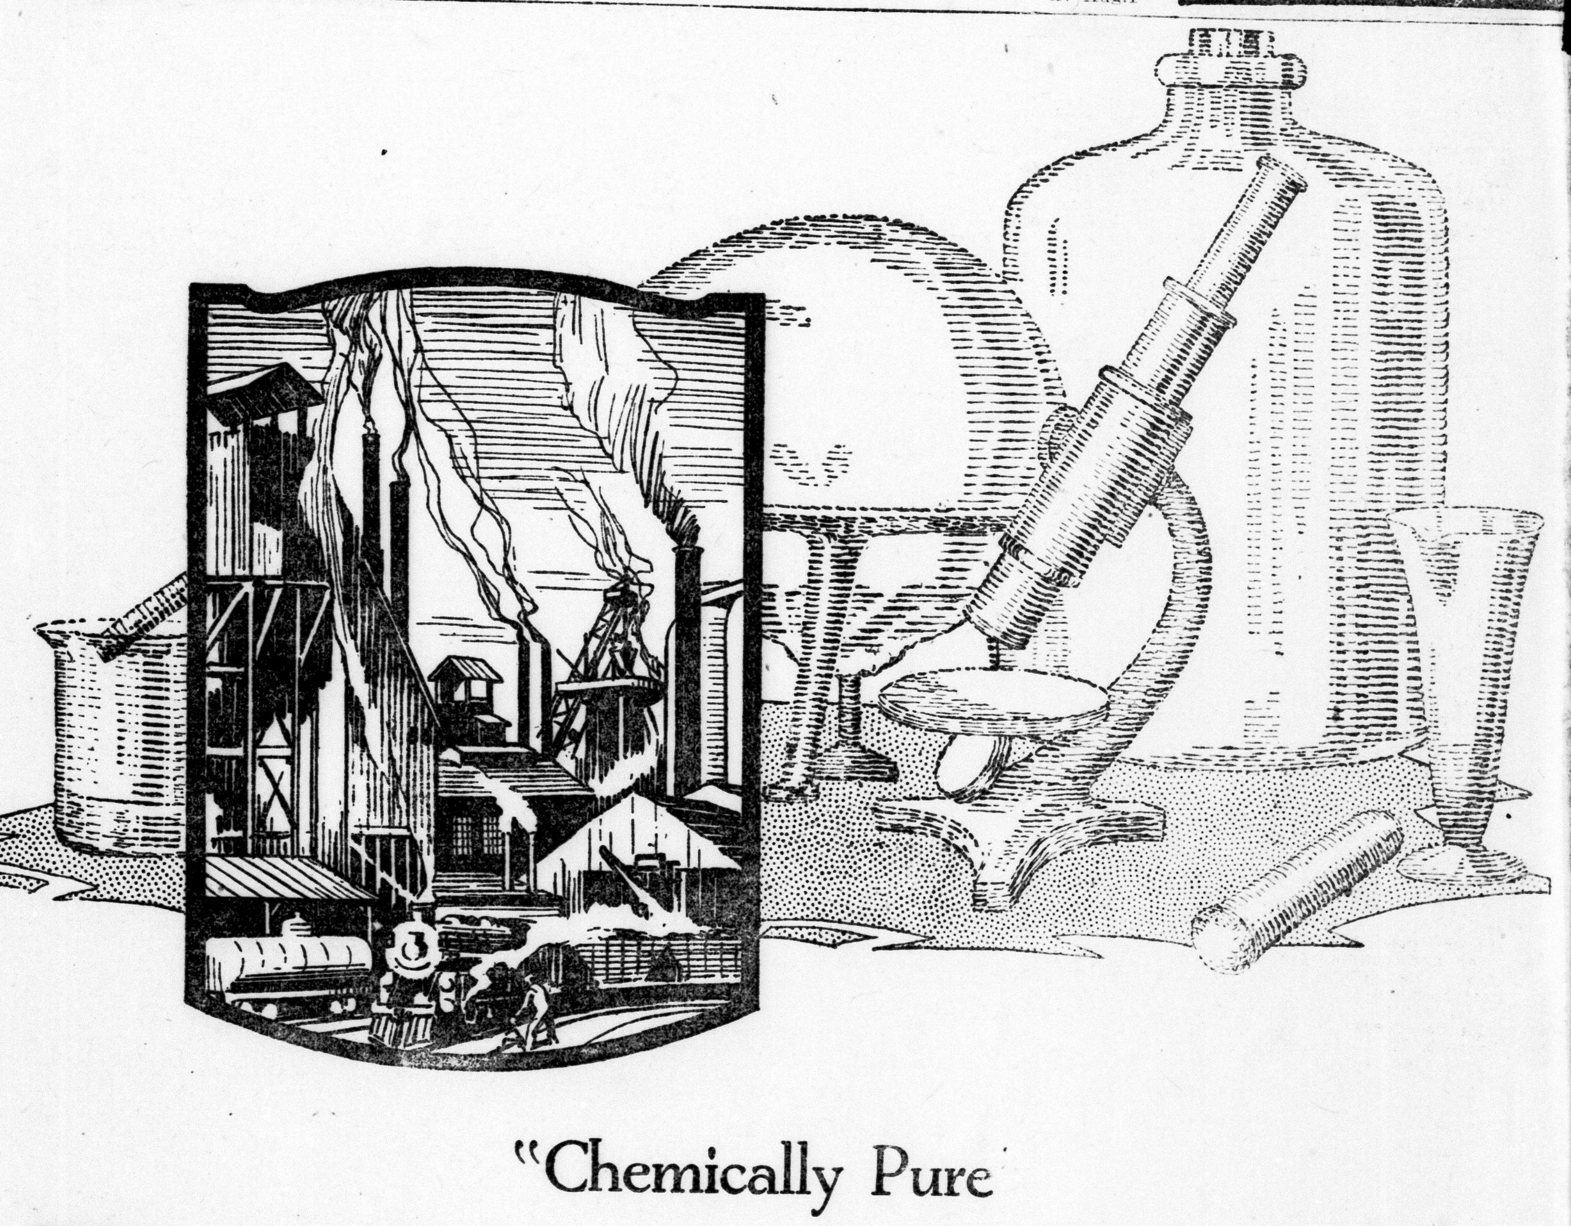

They point out that an organization with funds on hand will be in a position to secure the best terms when materials become more reasonable in price and urge that in order to take full advantage of any reduction in the cost of building that every possible effort be put forth now to increase the building fund. The present equipment, while not of the best and by no means fitted for their needs, is a great deal better than that of many churches doing good work, they state.

The building, when it is commenced, may also be a memorial to a number of members of the parish. The various parts of the building may be named by those giving generously to the construction of the whole. The auditorium, the gymnasium and the various club rooms might each bear the name of some family of the church as a memorial. The whole building would then be a real community memorial house.

"Chemically Pure"

CHEMICALLY CP PURE

THIS trade-mark of Chemical Products, Limited, tells the story of a Canadian achievement.

Highest standards and searching tests make all its products "Chemically Pure." Similar high standards and exacting tests have been applied in working out its plant management and sales methods.

Thoroughness and efficiency have made this organization the largest of its kind in Canada.

National distribution and a world-wide demand for its products forced it to acquire a larger plant.

Its output of acid phosphate (the chief commercial fertilizer) will now amount to approximately 100,000 tons annually. It will produce 1,250,000 pounds of acetylsalicylic acid ("aspirin") during the present year. In addition it will produce in immense quantities various important pharmaceutical chemicals.

Established confidence in its watch-word "Chemically Pure," is evidenced by the number and size of the orders received from the chemical trade in Canada and abroad.

Thus have Canadian resourcefulness and efficiency scored again.

HELENE'S MARRIED LIFE

BY MAY CHRISTIE

Copyright, 1920, by the McClure Newspaper Syndicate

CXI.—Confidences.

When Alice, quite suffused, returned to the sitting-room, I determined to tell her of the forgery of the check. In no other way could the foolish girl be placed upon her guard.

I knew, of course, that Alice would not keep the secret. She would probably go straight to Tony and tell him all about it. I might be hailed into the courts for libel.

But I did not care.

I recounted, then, to Alice, the trouble that had fallen on Jim through Tony—the forging of the check in Jim's father's name—my foolish quarrel with my husband—our parting—my amazement at finding Jim lying wounded by the roadside——

Alice interrupted me with an incredulous laugh.

"You actually thought that it was your Jim who had given me the diamond bracelet?"

I nodded, ashamed. She stared at me with wondering eyes.

"And you thought I was having an 'affaire-de-coeur' with him? Well, I'm jiggered! Helene, you idiot! I never saw the man in all my life until that first glimpse of him when you and Travis Lloyd appeared with him in the car, and he was carried into the house, unconscious!"

"I believe you, Alice," I said slowly. Her mind went back to the subject of the check.

"You maintain that the bracelet was paid for by a forged check?" Her air was inquisitive.

"Yes. The blame was laid on Jim. The jeweler described a lady and a gentleman coming into the shop together, and looking at a piece of jewelry. And then, later on, the gentleman came in alone, and bought it. The description of the 'gentleman' tallied exactly with Jim's looks."

Alice looked startled.

"Of course, come to think of it, your Jim does resemble Tony. And pray, what was the description of the lady like?"

"Yourself," I answered quickly.

Alice blushed.

"You seem to know all about the matter, Helene. How did you find out that it was I?"

"I visited the shop myself, and made investigations," I said bluntly. "You see, I refused to believe what Jim said. I wanted to verify the matter, personally."

"Quite a Mistress Sherlock Holmes!" ejaculated Alice, none too pleasantly. Then her face softened as she added:

"Of course you were ridiculously in love with your Jim. That doesn't pay."

Followed a pause. I broke it at last.

"Mrs. St. Aubyns brought Tony up. Do you know that? She and her husband treated him as a son. But he repaid them by getting into endless messes, being expelled from college, and so on. Mr. St. Aubyns shipped him out of the country, at last. It seems he returned a few years ago, and has borne a grudge against the St. Aubyns family ever since. I can't help thinking that he forged that check in the hopes of getting Jim into trouble."

Alice looked up defiantly.

"You're biased, Helene."

"Perhaps I am. But that doesn't make Tony any less a rascal."

Tomorrow—Blame.

At The Theaters

"MALE AND FEMALE" AT THE GRAND ALL THIS WEEK.

"Male and Female," showing at the Grand all this week, ranks as the greatest super-photoplay that has ever been presented in London. It is a picture of contrasts—contrasting the artificial and luxurious life of the titled Londoners with the primitive living on the desert island; contrasting the values of men, as servant becomes master and master becomes servant; contrasting the modern, primitive story of the love between man and woman with the Babylonian love story of the King of Babylon and his Christian slave. "Male and Female" has the indorsement of every man, woman and child who has witnessed this magnificent production at the Grand during the first two days of the week, and should be seen by everyone.

Miss Alice Graves in a delightful song revue, assisted at the piano by Mr. W. A. Bluethner; a Rolin comedy, the Pathe News and Review, Topics of the Day, and excellent music comprise the balance of the bill.

AT LOEW'S.

If you haven't seen Wallace Reid, in "Excuse My Dust," at Loew's, you've missed seeing the fastest moving little comedy drama of the season. It's a bundle of speed, with heaps and heaps of spicy romance and a whole bundle of that irresistible love stuff, that Wally usually is sponsor for in every one of his pictures. You'll enjoy Wally immensely in his latest effort.

The Peacock Revue, the headline feature has delighted capacity houses at every performance. Two charming misses, with abundance of good looks and oodles of ability, assisted by a dapper young male member, delight with their artistic dance conceptions. Marjorie Blake and Earl Hampton have something snappy in a singing skit, that is pleasing the fans. Their comedy of the light trend, is most enjoyable and makes for a satisfying little entertainment. The Crouch-Richards Trio are scoring big with a classy musical offering of popular and classical bits. The comedy is good and the Loew Pictorial doubly interesting.

BRIDES AND WOULD-BE BRIDEGROOMS, "DON'T EVER MARRY."

Oh, it's a horrible tale; it makes your face turn pale. Feller loves a gal and she loves him, but her dad won't have him in the family. So the feller and the girl they git smart and her pa kicks the feller in the—you know the part—and another gal and feller get all mixed up in it, and another female with a reputation black as sin. Oh, it's a horrible tale, is Marshal Neilson's "Don't Ever Marry," which is showing at the Allen again today and tomorrow.

There's Marjorie Daw as the hopeful young would-be bride; there's Mat Moore as the hopeful but doubting young fellow who wants to be Marjorie's husband, and there is Wesslo Barry, the premier juvenile comedian of the screen, whose bellhopisms provide more laughs than Wessly has freckles on his spotted nose.

A special violin solo by Grant Milligan, Christie comedies, Allen News and a beautiful scenic picture complete the program.

AT THE PATRICIA.

This is the Final Day of "Shod With Fire."

No one who has failed to see "Shod With Fire," the William Fox production featuring William Russell which closes its successful run tonight at the Patricia Theatre, should miss this final opportunity to witness a soul-stirring photoplay splendidly presented.

Harold Titus, author of the story, has pictured western life with telling effect. A stallion "shod with fire" plays a very important part in the swiftly moving action of the drama. William Russell again shows himself to be a master of horsemanship as well as an actor of remarkable ability.

The cast includes Helen Ferguson, Betty Schade, Robert Cain, George Stewart, Nelson McDowell, and Jack Connolly. J. Anthony Roach wrote the scenario, and Emmett J. Flynn directed the play. b

LAND OF THOUSAND LAKES.

There are more than one thousand lakes in Algonquin Park. To the excellence of the fishing to be enjoyed in this region here is undisputed testimony. Fish caught in the waters of the park have won each year many of the national competitions open to the anglers of the continent. The region is 285 miles west of Montreal, 169 miles west of Ottawa and 200 miles north of Toronto. It is 2,000 feet above the level of the sea. All the requisites for a camping outing or canoe trip may be had at reasonable rates at "The Highland Inn," Algonquin Park Station, Ont. MUSIC GRADUATES, HEARD IN RECITAL; DIPLOMAS AWARDED

Miss Laura Kirkwood's Playing Is Feature of Program At Auditorium.

The graduation exercises of the London Conservatory of Music held last night in the Masonic Temple marked an epoch in the life of that school and the auditorium was filled for the occasion with music lovers. The sweet girl graduates in their pretty gowns were showered with great bouquets and baskets of flowers, and the audience waxed enthusiastic as number after number on the program bespoke thorough training and abundant talent. It fell to the lot of Rev. W. L. Armitage to present the diplomas, scholarships and medals, and in doing so he referred to the very fine work exhibited by the school. He was introduced to the audience by F. L. Willgoose, principal of the London Conservatory.

Opening Number.

The program itself kept within the hour, but was so very fine that there was many a wish that it had been longer. Miss Olive Shaddock, a post-graduate pupil in piano, at once gave dignity to the recital with the opening number, "Rigoletto Fantasie" (Verdi-Liszt), played with delightful, abandon and artistic appreciation. Miss Dorothy Davis, who also is awarded her F. L. C. M. this year, was heard in a very fine interpretation of MacDowell's "Etude de Concert," displaying throughout a remarkably fine touch. Decided brilliancy characterized the third piano number, "Valse de Concert" (Wieniawski), played by Miss Doris Watts, while the final number of all, two interesting movements of a Saint-Saens "Concerto," by Miss Laura Kirkwood, with Thomas Martin at a second piano, was perhaps the biggest thing of the evening. Miss Kirkwood is also a post-graduate pupil.

Vocal Numbers.

The vocal numbers, of which there were three, also gave evidence of the very fine work being done at the school. Miss Florence Dewey, winner of the medal for singing, was heard sing Schira's "I Dreamt," exquisitely, and with a soprano voice which is rich and pure. "Elizabeth's Prayer," from "Tannhauser" (Wagner), rendered by Miss Gertrude Dumaresq, was another enjoyable vocal number, as were the three songs from "Cairo" (Carse), sung in delightful manner by Miss Olive Shaddock, the only artist to appear twice on the program.

As each number was rendered, an enthusiastic round of applause brought the graduates back to the stage, where they were gracefully offered flowers by little Miss Peggy Willgoose and Miss Ruth Westland.

Winners.

The winners of the medals and scholarships were as follows: Miss Doris Watts, the Heintzman Company scholarship; Miss Dorothy Davis, the principal's gold medal for Grade V. theory; Miss Margaret Crawford, the principal's medal for general musicianship; Miss Florence Dewey, the London Free Press gold medal for singing. The following pupils also received diplomas: F.L.C.M. post-graduate diploma awarded to Miss Laura Kirkwood, Miss Dorothy Davis and Miss Olive Shaddock; L.L.C.M. diploma awarded Miss Doris Watts, Miss Margaret Crawford, Miss Rosella Hamilton, Miss Mildred Chantler and Miss Evelyn Jarvis; A.L.C.M. diploma awarded Miss Pearl Jackson, Miss Margaret Coleman; L.L.C.M. diploma for singing awarded Miss Florence Dewey, Miss Olive Shaddock and Miss Gertrude Dumaresq, and L.L.S.E. diploma awarded Miss Rena Macpherson.

S. F. WOOD WINNER OF SILVER CUP AT ROSE SHOW; NASH IS DONOR

Thousands of Blooms Contributed For Horticultural Society Two-Day Exhibition.

In spite of discouraging heat and delayed rains, the rose show being held in Hyman Hall is one of the most successful in the history of the Horticultural Society. Wonderful colorings are displayed and a committee has arranged the beautiful blooms in most artistic settings, notwithstanding the limited means of decoration at its disposal. The very quiet and unadorned hall is forgotten in the beauty and fragrance of bloom.

Much interest has been shown in the new silver cup presented by John A. Nash, and valued at $50. It will be competed for, as follows, four times during tre year, and will be presented for ownership to the one winning it three times: First, at spring show for six best Darwin tulips; second, for six best blooms of peonies; third, for three Premium roses; fourth, for six best blooms of gladiolus. It has been won at the present show for Premium roses by S. F. Wood.

Parks Superintendent Graham, acting as judge, awarded the prizes as follows: General display of bloom, first, S. F. Wood, for some exceptionally fine Japanese iris; second, W. A. Turner; third, W. E. Saunders. Best display of Delphinium, W. T. Lawrence. Best display of Canterbury Bells, W. E. Greenway. Best display of poppies, S. F. Wood. Best display of Sweet William, first, Mrs. C. L. Jeffery; second, W. T. Lawrence; third, W. E. Greenway. Best display of pansies, first, J. C. Middleton; second, "Billie" Lawrence. Best display of peonies, first, E. Wyatt; second, W. E. Saunders; third, S. F. Wood.

To the exhibitors of roses as follows: Best general exhibit of roses, first, W. McNaughton, winning the Thomas Gillean cup, with 110 varieties; second, L. E. McGugan. Best collection of hybrid perpetual roses, six varieties, one each: First, M. S. Dale; second, L. E. McGugan; third, S. F. Wood. Best six blooms, white hybrid tea: First, L. E. McGugan. Best six yellow hybrid tea: William McNaughton. Best light pink hybrid tea: First, T. Benson; second, J. McLeod. Best six crimson hybrid tea: First, H. Hartry; second, E. Wyatt. Best six white hybrid perpetual: First, S. F. Wood; second, W. A. Tanner. Best six light pink hybrid perpetual: First, J. McLeod; second, S. F. Wood; third, H. Hartry. Best six dark pink hybrid perpetual: First, S. F. Wood; second, E. Wyatt; third, H. Hartry. Best six red hybrid perpetual: First, S. F. Wood; second, L. E. McGugan; third, H. Hartry. Best collection of Rambler roses: W. T. Lawrence. Best hybrid perpetual rose in the show: First, W. McNaughton; second, S. F. Wood; third, W. McNaughton. Best hybrid tea rose in the show: First, W. McNaughton; second, J. C. Middleton; third, L. E. McGugan. Best display of not more than twelve roses in one receptacle, any variety, arranged with own foliage: First, W. E. Greenway; second, W. McNaughton. Basket of hybrid perpetuals or hybrid tea roses, or combination of same, arranged with own foliage: J. McLeod. Best display of Rambler roses in basket or vase: First, J. C. Middleton; second, S. F. Wood; third, W. T. Lawrence. The best individual rose in the show, grown by W. McNaughton, proved to be hybrid tea rose, August Hartman. The tables are laden with contributions and the public should not fail to enjoy the festival of the flowers before the show closes.

FINGER AMPUTATED.

NO MONEY FOR ANY EXTENSION, SAYS BUCHANAN

Claims London Bill Defeat Prevents Laying of Water Mains.

Consultation between City Engineer Brazier and E. V. Buchanan, general manager for the public utilities commission, to see if some arrangement can be made for water main extensions was advised by No. 2 committee of the city council last night. A communication was received from Mr. Buchanan, stating that because the London bill was defeated there was no money for extending water mains, and that no water service could be furnished for the homes being erected by the housing commission on the Pine Lawn site, Hamilton road. He said the commission would no longer be responsible for repairing pavements torn up for repairs to the water mains.

In regard to the latter point, City Engineer Brazier stated that it would be compulsory for the commission to relay pavement which it tore up, as the streets could not be left in a mutilated condition. Ald. Drake pointed out that bylaws for paving many streets had been passed several years ago. He thought that the water mains should have been laid on these streets long ago. Mr. Brazier replied that the commission was not given notice until the paving work was about to begin. It was not notified when the bylaws were passed. Ald. Moorhead thought that a statement of the amount absolutely necessary for this purpose should be obtained. Ald. Drake asked where all the profits of the commission went and why they could not be used for this purpose.

No Funds.

Another paving problem arose with a communication from the City Gas Company, stating that it could make no extensions on streets which were about to be paved, because it had no funds for this purpose. Ald. Drake said that the paving program should be carried out regardless of whether the gas or water extensions were made first or not. A pavement is required on Adelaide street north, but this cannot be laid because of the street railway track, which the company refuses to pave owing to lack of funds.

Ald. Seabrook thought that Central avenue, opposite the entrance to Victoria Park, should be paved also. Ald. C. G. Moorhead, acting chairman of the committee, was authorized to interview the Ontario Railway Board to see if some arrangement could be made for this work.

Grading and general improvement of the east end of Nelson street was authorized. The building of a sidewalk on this street has been delayed because of litigation over a piece of property. No work was done on the road pending the building of the walk, in order that the proper grades might be determined.

Encourage Use.

Paving of Thames street to encourage a more general use of the subway under the G. T. R. tracks instead of level crossings was considered, and the city engineer will submit an estimate of the cost. He advised against the work being done immediately, because it would divert additional traffic to Ridout street bridge, which is in an unsafe condition.

Dr. H. A. Stevenson asked the committee to consider paving Colborne street in the vicinity of the Alexandra school. The engineer will report, but no action will be taken unless the property owners on the street ask it.

The board of health will be asked to investigate the condition of a creek in South London near the Wharncliffe road. It was alleged that several houses on Briscoe street empty their sewage into this stream, and that a most unhealthful condition has resulted.

Accommodation for female bathers at the north-end bathing camp was authorized on the recommendation of Ald. Moorhead. A dressing-room will be erected at a cost of about $50, and a woman supervisor will be engaged. No provision was made for this in the estimates, but the members of the committee were willing to face an overdraft, as they felt the necessity warranted it. Accommodation for bathers of both sexes is provided at the south branch bathing station.
