The Voice of UNB

UNB To Host Central and Eastern Canadian Law Student Convention

SOVIET STUDENTS MEET SRC

Gathered in the Tartan Room of the Memorial Student Centre last Wednesday evening shortly after their arrival in Fredericton by air from Halifax, are members of the Soviet student delegation, the UNB Student Council President and the campus NFCUS chairman.

(Left to right, front row)—Norma Beatty, UNB NFCUS, and Alla Tzutayeva, medical student. (Back row)—Emmanuil Eguizarov, a post-graduate student of the Moscow Institute of Foreign Languages who acts as interpreter for the group; Steve Hart, SRC President; Alexei Golubev, leader of the group and a member of the Presidium of USSR students; Boris Ponomarev, deputy executive secretary of the Committee of Youth Organizations of the USSR; Rod Bergin, NFCUS chairman at UNB.

by WAYNE ANDERSON

The delegation of four Russian students arrived almost an hour early last Wednesday evening and so had an excellent opportunity to meet the members of the SRC before the meeting.

The delegation leader was Alexei Golubev who spoke no English but was aided ably by Emmanuil Equizarov who acted as interpreter, Boris Ponomarev and a young lady, Alla Tsut-sarova, made up the remainder

SRC meeting which began with the presentation of a silver cigarette box to Mr. Jack Murray, the retiring Alumni Secretary, by Steve Hart. The inscription on the box read, "For years of service above self".

In a speech following the presentation Mr. Murray said he wanted to impress on the SRC the power they represent. To exemplify this he related the clever methods used by the SRC of '39

In a letter to the SRC, Dr. B. L. Jewett said he was happy to accept the position of Honorary President of the SRC for 1960-61.

For the last item on the agenda a belted budget of \$340.00 was granted to the IAC which was represented at the meeting by Marg Howie. A motion was passed to grant Miss Nancy Ellis the amount of \$100.00 to cover the expenses of her trip to the Atlantic Bowl Conference in Halifax.

GIFT FROM STALIN

In his address to the students on October 21, Lord Beaverbrook referred to a special treasure, the gift of carved figures presented to him by Stalin in Moscow in 1941. Students will be interested to see this little Caucasian Band now on display in the Beaverbrook Room of the Library.

At the time Stalin gave him this present, Lord Beaverbrook then a Cabinet Minister in Churchill's Government, was head of a British delegation to Moscow. The outcome of the negotiations was a break with Russia to prosecute the war.

of the delegation. A fifth student was expected, but was detained because of illness.

Coffee and hors d'oeuvres by the Lord Beaverbrook Hotel were served to the guests and the members of the SRC during the meeting. As the students began to get better acquainted many impromptu questions passed from both sides. The Russian students responded to the questions with straightforward answers.

The delegation witnessed the

to obtain the gymnasium by making use of their yearbook.

The SRC moved to support a resolution of NFCUS by which all Canadian Universities will put their full weight behind a program to secure more scholarship and student assistance from the government and other outside sources. The council decided to determine the opinions of other New Brunswick universities before taking action concerning the Provincial Government.

Dance Tonight

The Student Centre will be the scene of a dance this evening sponsored by the Physical Education Society. The Radio Club will provide music to swing to from 8.30 to 12.30.

The major attraction of the evening will be the Phys. Ed. Queen who will be chosen from the three lovely candidates: Sandra Pond, Janet Campbell and Nancy Freeland.

Remember, dress will be casual, but in conference with the new SRC ruling of no red university jackets.

Admission is 25 cents, and students of Teachers College, Business College and Nurses are cordially invited to attend.

by DAN CROZIER
News Editor

Somerville House is the scene, this week-end, of the second annual convention of the Central and Eastern Canada Law Students' Association. This is the first time that the University of New Brunswick has had an opportunity to play host to this new organization which had its inaugural meeting last year at Queens University at Kingston. At that time the first constitution was drawn up and the election of the first officers took place.

Two UNB students received the distinction of being elected to office on that occasion. Robert Higgins, who has since graduated, was elected as President of the Association, and Alfred Landry received the office of Secretary-Treasurer. Mr. Landry is presently at Oxford on a Rhodes Scholarship and in his absence George Bastin of the UNB Law School is acting in his capacity.

Representatives of the law faculties of Queens, Dalhousie, McGill, Laval, U of T, Western, Ottawa, and Osgoode Hall will arrive today in time for a reception tendered in their honor by the members of the UNB Faculty of Law.

The Law students have a full schedule on Saturday which will commence with an opening address by Dean W. F. Ryan, QC, Dean of the UNB Law School. The president of the Association, Robert Higgins, will then present his report on the activities of the past year. Beginning at 10.00 am the meeting will launch into a discussion about the progress the Association has made toward realizing its purpose established at the first meeting. The areas under discussion will include the advancement of common interests shared by its members in professional, literary, academic and social undertakings. Another topic is the promotion of a closer bond and a greater exchange of ideas between member law schools. Finally, the representative obligations of the Association and the administration of fees and grants accruing to it.

Commencing at 11.30 am will be the mandate reports. As a

result of last year's meeting UNB submitted a brief to the Canada Council requesting that body to give serious consideration to the granting of scholarship and fellowships for post-graduate study in law. The mandate report of the university of the Western Ontario Law Faculty will entail the results of their survey of the available law scholarships offered by the various universities, along with an examination of the law scholarship system. These, plus other mandate reports will be discussed at the sessions.

At 1.30 Saturday afternoon three representatives will present papers on a serious critique of the teaching methods in their respective universities and the requirements for the bar admission in their provinces. From the discussion following this presentation it is hoped that progress can be made at elucidating and eliminating the existing disparities in these two areas that presently confront aspiring young lawyers. This is part of the Association's project, achieving a standardization between the bar associations and law schools of the various provinces.

Another symposium involving a discussion of the future of the Association will be held at 3.15. The meeting will close after the mandates for 1960-1961 have been delegated and the new officers have been elected.

The general public is invited to attend any of the sessions held at Somerville House during Saturday.

On Saturday evening the representatives will be feted at a

(Continued on Page 4)

SDC WARNS — NO DRINKING

Bob Soward, Chairman of the SDC announced last Wednesday that there will be definitely no drinking at the football game Saturday Afternoon. At the same time he released the names of two previous offenders who were brought up before a recent meeting of the SRC.

TWO STUDENTS CONVICTED

Peter Snowball, a second year Business Administration student was charged with possession of liquor (one can of beer) at a student function (football game) on October 15th at College Field.

Gary Wheeler, a third year Civil Engineering student was also charged with possession of liquor (4 cans of beer) at a student function at College Field the previous week.

In both cases the SDC found the accused guilty and the penalty entailed the removal of their Students' Passes for the remainder of the term. A fine of ten dollars was also charged.

Mr. Soward wishes to draw the attention of all students to the fact that these penalties were the result of the possession of liquor at a college function regardless of the quantity.

"Have you given your pint of blood yet?"

Every student at the University of New Brunswick should consider this question at some time during the three day Red Cross Blood Donor Clinic being conducted next week. Every student should ask this question, not only of himself, but of his friends, roommate and classmates.

External pressures from various organizations will be applied continuously during the clinic. Faculty, residence and university laurels are at stake. The fact that you're an Artsman, Engineer, or a Forester takes on added meaning during Blood Donor Days.

The Corpuscule Cup, symbolic of the highest donor % among Canadian Universities was won by Mount Allison last year. Our New Brunswick counterparts have taken a stranglehold on the national title again this year by bleeding a % of 81.5. A remarkable achievement, despite what our football fans think of Mount Allison.

Regardless of the numerous strong external pressures, the greatest response must come from within. The giving of a pint of blood should not be the result of a charitable impulse only, but should be considered a moral obligation; an obligation that rests with every student.

Each student should make it his business to go to the Clinic at his earliest opportunity. Those that don't have very few excuses. In fact, we feel that there are only two reasons why people will not or do not give blood: fright or indifference.

Fright can only apply to those who have never given blood, indifference can apply to anybody. Join the Red Cross Blood Donor campaign against fright and indifference, ask everyone you know, "Have you given your pint of blood yet?"

Don't forget; **YOUR BLOOD IS THE GREATEST GIFT.**

For listings in the Brunswickan of coming events contact the Campus Co-ordinator at GR 5-5234. Deadline for Tuesday issue is 6 pm previous Thursday and for Friday issue, 6 pm Tuesday.

Today:

CENTRAL & EASTERN CANADA LAW STUDENTS' CONVENTION: Somerville House, November 4th and 5th.
LBR FORMAL: Lady Beaverbrook Residence.

Saturday:

FOOTBALL: UNB vs Mount A, College Field, 1.30 pm.

DANCE: Sponsored by the Arts Society, Memorial Hall, 8-12 pm.

Sunday:

CANTERBURY CLUB: Tartan Room, Students' Centre, 8.15 pm.

Monday:

WUSC: Conference Room, Student Centre, 8.15 pm.

MOOT COURT: Somerville House, 7.30 pm.

ENGINEERING SOCIETY: Room 212, Civil Engineering Building, 8:00 pm.

Dr. Mackay Supports Drive

COLIN B. MACKAY

Last year more than 50% of the student body supported the Pre-Medical Club in its drive to receive Red Cross blood donations. This fine record was much better than in the previous years and I hope that once again a substantial majority of the students will feel that they can support this most necessary project.

Much of the good work of the Canadian Red Cross Society depends on blood donations and I am confident that the students of UNB will play their part in seeing that this organization can carry forward with its fine effort.

Colin B. Mackay
 President

From the V.P. (Admin.)

"In November the Red Cross will again hold a Blood Donor Clinic at the University. This offers an opportunity to all students and University staff who are physically fit to make a contribution to support the Blood Service of the Red Cross. A blood contribution might well save the life of a fellow human. I would hope that all of the University community who feel able will lend their support to the Clinic."

B. F. Macaulay.

From the Dean of Men:

On November 7, 8 and 9 the Red Cross Blood Clinic makes its annual appeal to the students and faculty of the University of New Brunswick. In two world wars, the Red Cross has offered outstanding service in the cause of humanity. In peacetime, the generous and ready support of the Red Cross in time of disaster and emergency has become well known. Not the least of its ser-

THE CORPUSCLE CUP

The basic purpose of the Blood Donor Clinic is to give UNB students an opportunity to assist the Red Cross. To insure that every university across Canada would give complete support to this cause, the Forestry Department of the University of British Columbia established the Corpuscule Cup for annual competition. This competition is now sponsored by the National Federation of Canadian University Students.

The method of determining the winning university is on a percentage of registrations at the Clinic to enrollment of the university. In 1959 Mount Allison won the Corpuscule Cup with 835 registers at the Clinic. This fall Mount Allison registered 951 students at the Clinic out of an enrollment of 1167 students. In order to beat Mount A's record, UNB will have to register at least 1450 at the Clinic. How about it, Red and Black? Get out next week and give a pint of blood for the Red Cross and the glory of UNB!

MT. A BLOOD DONOR STATISTICS; CAN WE TOP THIS?

Blood Donor Percentages from Mount A.:

Bennet House	100. %
Center Section	100. %
East Section	100. %
Hunton House	100. %
West Section	100. %
Bigelow House	99.04%
Palmer House and Hillcrest	83. %
Cottage and Bordon Hall	79. %
Allison Hall	76. 5%
Hart House and Town Girls	63. 5%
Town Men	52. 5%
Overall percentage for the University	81. 5%

vices is that made possible by the Blood Donor Clinic. Many lives have been saved by prompt blood transfusions offered through the aid of the Red Cross. The success of this particular service depends entirely on the generous support of the individual members of the public. I therefore urge that all members of the university community, who are eligible to do so, support this very important cause.

Alvin J. Shaw.

From the Dean of Women:

In spite of great distances and great rivalries, there is among university students all over the world a fundamental community of purpose, and a sense of responsibility for each other which widens into a concern for the whole human family. In no way can this sense of solidarity be demonstrated more practically and tangibly than by a donation to the Blood Bank.

M. H. Seaman.

The annual fall **Blood Donor Clinic** will be held in the Lady Beaverbrook Gymnasium, November 7, 8, and 9 under the direction of Chairman, Marilyn Wiley and with the assistance of some Pre-Medical Club members. The blood collected at the Clinic, operated by the Canadian Red Cross, will be sent to New Brunswick hospitals and administered to needy patients free of charge—a service which the Red Cross has been providing for over 10 years.

The Clinic hours will be: Monday November 7—2-4, 6-9 pm; Tuesday November 8—9-11 am, 1-4, 6-9 pm; Wednesday November 9—9-11 am, 1-4, 6-9 pm.

All students 18 years old or older are urged to donate blood, or, if physically incapable of doing so, to register at the Gym so as not to lower UNB's standing in the national intercollegiate competition for the Corpuscle Cup, which was won last year by Mount A with a total of 835 registrants—UNB had 787.

Students living in UNB's four residences will be competing for the Gaiety Trophy, which will be awarded this fall to the residence with the highest total percentages in the Clinics last spring and this fall. The Gaiety Trophy was won last fall by Aitken House, which also had the highest percentage of registrants last spring.

The Deans Pronounce

Science:

"During the Second World War, the university received, tested and processed blood for Canada's armed forces from dozens of donor centers in New Brunswick and Prince Edward Island. Well over 75,000 pints of blood were passed through our laboratories and, in the form of plasma, eventually found their way to all theatres of war where Canadians were serving.

"From this wartime effort the present collection of blood for peacetime uses has been a natural outgrowth. It enables our hospitals to maintain adequate supplies of blood and plasma against the many needs of modern surgery and medical treatment and, importantly, at no direct cost to the patient.

"It is natural and proper that students of the University of New Brunswick should support the Donor Clinics which from time to time are held on our campus, by freely offering their blood."

C. W. Argue.

Nursing:

"The men and women who give their blood to the Red Cross know for sure that their gift promises improved health to those who receive it. Such an incentive should move all the healthy people of UNB to be present the day of the Blood Donor Clinic."

Catherine MacLaggan.

Forestry:

The Blood Donor campaign makes an opportunity for students to assist those who are less fortunate in health than themselves, and I would like to urge that all Foresters who can contribute, to do so. The blood bank has proved of tremendous value in our Canadian hospitals and in many cases has provided an opportunity for some one to live where other means might be ineffective.

I therefore hope that all Foresters will maintain the effort that they have in the past in assisting in this worthwhile service.

J. Miles Gibson.

Engineering:

"Each year the Blood Donor Clinic affords all of us a unique opportunity

Did You Know?

DID YOU KNOW blood cannot be manufactured and that there is no substitute?

... that many times each day **Blood is the only bridge between life and death?**

... 650 bottles of blood are used each week in New Brunswick's 39 hospitals?

... nearly all of these 650 bottles are used in their whole state?

... THAT BLOOD CAN BE STORED FOR ONLY 14 DAYS?

... that a haemoglobin test is done before every donation?

... that your haemoglobin must be 85% of 12.6 grams before a person is allowed to donate?

... that over 198,105 bottles of blood have been collected from voluntary blood donor clinics in 8 years in N.B.?

... that at \$25 a bottle there has been a saving to the people of New Brunswick of \$4,952,625 for blood alone?

... that 15 pints are in the average body and that a donation is a little more than 20th of this amount?

... that the body replaces its blood volume in 7 hours?

... that the spleen stores blood that is used to partially replace that donated? The remainder is soon made up.

... that any blood which becomes too old for use as whole blood is transposed into blood derivatives?

... that your Red Cross will replace blood used for New Brunswickers in hospitals in other provinces where blood is not free.

Nothing you'll ever do ... no time you'll ever spend ... can be more richly rewarding than the few minutes you'll spend in giving blood. You can be proud all your life ... and the someone whose life you helped to save will thank you all of his.

to render a personal service of inestimable value to others. We can never know the intense gratitude of the sick and the injured for whom a ready supply of blood often means the difference between life and death. It is a pleasure to commend the Blood Donor Clinic to all students and especially to those in the Faculty of Engineering."

J. O. Dineen.

Arts:

"I sincerely hope that the students of the university will co-operate to the fullest extent with the Red Cross Blood Donor Clinic when it visits our campus. We are all conscious of the importance of this enterprise and of the support which it deserves. It gives me great pleasure to write this note in the interest of the work of the Red Cross."

A. G. Bailey.

Law:

"I urge all the students in the Faculty of Law to co-operate with the Pre-Medical Club of the University in their promotion of the fall Blood Donor Clinic, which is to be held early in November. This ex-

(Continued on Page 4)

Remember . . . It Won't Hurt . . .

If you have not given blood before because you are not sure just what will happen, we assure you **IT WON'T HURT.**

This is what happens when you go to give blood. At the Lady Beaverbrook Gym:

1. You receive a FREE coke while you are waiting to register.
2. You register and get your blood type classification.
3. You are taken to a bed by a Red Cross nurse. Minutes later, after donating your pint of blood you are taken to a rest bed, where you remain for ten minutes.

Afterwards, you may go to the Gym kitchen and be served free coffee and cookies by the university co-eds.

The Rules . . .

You are eligible to give blood if you are over 18 years of age and your general health is good. If for any good reason you are unable to donate your blood **PLEASE** go down to the gym and register. Your name will be counted in as a donor and hence you can aid in increasing the percentage of donors giving.

DO OR DIE — SATURDAY

Into the Valley of Death
Rode the Mounties

Bombers to the left of them
Bombers to the right of them . .

Dick Tracy

VIEWS IN SPORTS

by Doug McKinley

Tomorrow at college field the Red Bombers will meet the Mount A Mounties. The Swamper's after their 33-18 win over our uninspired team in Sackville last Saturday, will be looking for their second victory; something which they haven't accomplished since 1951. If they do manage this repercussion it will be because Mount A has more spirit than UNB.

If we lose it will be because the Bombers don't and apparently won't play as a team, a team which is stronger individually than Mount A. It will also be contributed to the fact that UNB students don't have as much spirit or support their teams in an enthusiastic manner as the Swampers.

The consensus of opinion on campus, among the students and players, is that the Bombers will win. If this is taken at face value, it simply means that the Bombers are going to be playing as a team and man for man are going to possess more desire and more determination to win than the Marsh Rats; this in itself will be a change. It also must mean that the majority of the student body will be at College Field cheering and drowning out the train load of Mount A fans who will unquestionably be supporting the Mounties in the same spirited fashion as last Saturday.

Tomorrow the age old question of who has the most college spirit and better football teams, Mount Allison or UNB, will be decided. It will be decided in favour of the team that wins and the team that wins will be the one that plays like a team and is strongly supported by their fans.

So how about it fans support the Bombers and walk away after the game knowing that you helped them win. Headlines will read Monday—Bombers end season with 3 and 4 record defeating Swamperos 37-20?

Forestry Yearbook

The Leader, the first annual Forestry Yearbook will be on sale on the First Floor of the Forestry Building, this Monday.

NEW IN SPORTS

Mr. Wes McVicar, National Council of Canadian YMCA's Physical Education Director, on a nation wide tour last year, outlined two activities that are on the upswing. One is Skin and SCUBA diving and the other is Gymnastics.

In recent years, Canadians have felt the brunt of several fads sweeping the United States. We have in mind the Hula Hoop, Phone Booth Stacking, Go-Karts, and more recently Trampoline parks. These fads last for one or two years and then fade, mainly for two reasons: too easily mastered, or too complex beyond the elementary level.

Creeping up slowly and holding their own are Gymnastics and SCUBA Diving. Both are making their first appearances on the campus this year.

SCUBA stands for Self Contained Underwater Breathing Apparatus and is rather akin to deep sea diving in shallow waters. Basic equipment runs up to \$200 and once an enthusiast has invested this amount of money, he usually sticks with it for some time. Every Wednesday evening in the pool from 7 to 8.30, over 40 men and women are training for their Skin Diving and SCUBA

Diving Awards. The highest award obtainable, that of SCUBA INSTRUCTOR will also be awarded this year in affiliation with the Canadian YMCA National Council. This is the only award recognized in North America.

Gymnastics will make its first appearance next Tuesday at 6.30 in the Gymnasium. It is open to all students male and female regardless of ability. Barry Thompson, an ex-YMCA Physical Director and presently Assistant Professor of Physical Education, will be the head instructor and he assures us that all pieces of apparatus and tumbling will be taught.

During the past year, members of the Physical Education Classes have put on displays at half time in Basketball Games and during the Winter Carnival. This will be expanded upon this year and the Maritime Gymnastics Championships, will be held at UNB this coming spring. Some of the events covered will be Free Cal, Hand Balancing, Pommel Horse, Long and Short Box Horse, Roman Rings, High Bar, Parallel Bars, Tumbling, and in the near future, Trampolining.

Again, any male or female students interested in SCUBA or Gymnastics, now is the chance to get in on them.

FIVE-PIN BOWLING SCHEDULE

"A" Division —
Wednesday, November 9th — 7:00: Jr. Foresters "T" vs Soph. Mechanicals
Thursday, November 10th — 7:00: Int. Foresters vs Soph. Phys. Eds.
9:00: Engineers 54 vs Int. Civils
Thursday, November 17th — 7:00: Arts 21 vs Soph. Phys. Eds.
9:00: Jr. Foresters "T" vs Int. Civils
"B" Division —
Tuesday, November 8th — 7:00: Soph Foresters vs Soph. Engineers
9:00: Jr. Foresters "S" vs Geology
Tuesday, November 15th — 7:00: Jr. Civils vs Geology
9:00: Fresh. Foresters vs Jr. Foresters "S"
Wednesday, November 16th — 7:00: Int. Mechanicals vs Soph. Foresters

INTRAMURAL NEWS

WATER POLO

Teams and individual entries will be accepted up until November 4, 1960. An organizational meeting will be held in the Trophy Room of the Gymnasium on Wednesday, November 9th at 7 p. m.

DEADLINE FOR ENTRIES

The Athletics Department has announced deadlines for a number of men's intramural sports which will soon get underway. Classes wishing to enter these activities are reminded to organize their team immediately to avoid disappointment.

The deadline for entries are as follows:

Hockey — November 4th. Water Polo — November 4th.
Basketball — November 11th. Volleyball — November 11th.

HOCKEY

Entries for intramural hockey are now being received at the Athletics Office. The deadline for entries is Friday, November 4th.

An organization meeting will be held in the Lady Beaverbrook Gymnasium Trophy Room at 7:00 p. m., Tuesday, November 8th. All team representatives must be present.

Students are reminded that they are eligible to play within their class. If there is not sufficient interest, classes may be combined within their faculty subject to the approval of the Athletics Department and the team managers.

Fifteen players are required for a team entry. A ten dollar entrance fee will be charged. This fee will be refunded at the end of the season unless the team fails to complete their schedule or other obligations.

Students interested in refereeing are asked to submit their name to the Athletics Department.

WRESTLING

The first meeting of the Wrestling Club will be held on Monday, Nov. 7 in the Boxing Room of the Gym from 7 - 9 p. m.

All those interested are urged to attend.
