The copy filmed here has been reproduced thanks to the generosity of:

Harold Campbell Vaughan Memorial Library
Acadia University

The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shall contain the symbol \rightarrow (meaning "CONTINUED"), or the symbol ∇ (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

L'exemplaire filmé fut reproduit grâce à la générosité de:

Harold Campbell Vaughan Memorial Library
Acadia University

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole \rightarrow signifie "A SUIVRE", le symbole ∇ signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. Les diagrammes suivants illustrent la méthode.

PREFACE.

The design of the following Work is to furnish young persons with an easy Guide to Spelling, and to combine utility with conciseness.

As an additional help to ascertain the proper pronunciation of particular words, the equivocal sounds of the letters *c*, *s*, and *g*, are carefully distinguished in an easy and compendious method. Thus the learner will observe that the letter *c*, with this mark annexed to it, always bears a soft sound like the letter *s*, as in *cell*, (*sell*); and if marked thus, *c'*, it is sounded like *ts*, as in *'shaft*, (*ts'haft*); *s'* denotes the sound of *z*, as in *wise* (*wise*): *g* represents the sound of *j*, as in *'gem* (*jem*); and *g* has a similar sound.

When such marks are not affixed to these letters, they must be understood to retain their natural and more general sound, as in the words *call*, *house*, *get*. It must be observed likewise, that in words where *h* is printed in the Italic character, it is not aspirated; and wherever any other letter occurs in that character, its sound is dropped. A circumflex (*^*) over a vowel denotes a long sound, as in *colt*.* Where difficulties of irregularities arise, which cannot be thus easily obviated, the scholar is referred to the bottom of the page for a correct pronunciation. The plan itself is doubtless extremely simple. But when the circumstances of those for whom it is professedly designed are considered, this simplicity itself will probably be esteemed a recommendation.

* This mark over a vowel gives it a long sound.

† It is highly improper to pronounce this, or any other word that has the diphthong *oi*, such as *boil*, *toll*, *soil*, as if written *bile*, *tile*, *sile*.

‡ The soft sound of *g* is here distinguished by a small *f* before the letter, thus *fg*, and the capital letters by a small *g* (*fg*), which obviates the necessity of any directions in the way of notes; and when pointed out properly to the young learner, will be equally intelligible. Without these distinctions the *g* would be considered as having a hard sound.

§ 22. When *s* occurs with this mark to it, it sounds like *z*. Thus *ss* is pronounced like *zz*. Hence the words derived from the Greek, *ss* takes the sound of *z* and *ch*.

A Comma, a Semicolon; a Colon: a Period or Full Stop.
 Note of Interrogation ? a Note of Admiration !
 An Apostrophe is used to shorten a word; as, I'll, for I will.
 A Brace is used to couple lines together, whether in poetry or prose, as,
 Religion only can our wants restrain,
 The mind support beneath corporeal pain,
 Make life more sweet, and death eternal gain.
 To a Year's Rest from Christmas, 1837.
 to Christmas, 1837.

A Caret is placed where a word is left out in writing; as,
 mutual

ve in a love.
 An Ellipsis supplies the place of a letter or letters in a word, when the writer does not choose to write the word at length; as, J—s T—son, James Thomson.

Asterisks, * are sometimes used for the same purpose.
 An Hyphen is used to part Syllables; as, Ab-ba

A Parenthesis serves to include a sentence in the body of another; as, This act of cruelty (for such it certainly was) almost the only strain in the character of, &c.

A Quotation signifies the words so marked are transcribed from the writings of another in his own words. The end of a Quotation is marked thus, " and shows that the passage quoted is finished.

Single Accent denotes the stress to be laid upon a particular syllable in a word.

Double Accent serves to mark a short sound in a syllable.

Crotchets inclose short sentences or references that have connection with the subject treated of.

Asterisk, * Are all used as references to the bottom of the page or margin of a book. Figures, also, Obelisk, &c. as, 1, 2, 3, &c. are used in like manner, and have, in general, the same signification.

¶ Paragraphs and Sections are not always used like the other marks, references to the margin or bottom of a page. They are chiefly used to mark divisions and separate heads of a discourse. The former character is to be with in many parts of the Old and New Testament; and in Locke's Essay mark § is prefixed to the Sections of the discourse.
