

THE "THUNDERER" SPEAKS OUT FOR BRITISH PARTICIPATION

Panama Exposition Should be Entered—No Other Nation Enjoys Same Relations With United States as Does Great Britain.

[Canadian Press Despatch] LONDON, Aug. 20.—The Times, in a striking editorial this morning, makes a strong appeal for participation by the British Government in the Panama-Pacific exposition. It says: "It is always annoying to be obliged to acknowledge a mistake, but we credit our rulers with statesmanship enough not to persevere in a blunder when they once understand that a blunder has been made. The contention that because Germany followed our example we cannot reconsider it will not bear examination. It says: "Does any Englishman seriously consider that our relations with the United States are the same as those with any other power? Of course they are not. We are never tired of saying they are not, or of welcoming American assurances that they are not. Moreover, they never can be. The same race and history, the same institutions and language forbid that they should be. We have had many differences and a few quarrels with Americans, and we may not impossibly have some more, but in our hearts we felt and they felt that these have been family squabbles, and that, to repeat once more the words of one illustrious American, which no time can stale and no iteration can hackney, 'Blood is thicker than water.' "Are we going to refuse anything which Americans keenly desire for the sake of £250,000? What becomes of all our assurances of special regard for our kinsfolk, as we love to call them, if we do? We have already dwelt upon the inferences which the American masses may naturally draw from this practical comment upon our declarations, and we need not enlarge upon them again. Is it not worth £250,000 to save them from thinking we are boycotting the exposition, because we resent the Canal Act? If we need an example on a matter where our course is so straight and plain, it has been given to us by Canada and by Australia. The British Government began by refusing to take part in the St. Louis exhibition, then promised a little help, and finally took an active share in the work, with excellent results. "We trust that precedent may now be followed. If it is not, we cannot but believe that British manufacturers and merchants will once again make good the shortcoming of their rulers and show what private patriotism and enterprise can accomplish."

TOO MUCH JOHNSON TO PLEASE LONDON

Public Exception Taken to His Appearance in a Music Hall.

Federation of Variety Performers to Discuss the Problem.

[Canadian Press Despatch] LONDON, Aug. 20.—There is a possibility that Jack Johnson, the American negro pugilist, will not be allowed to appear on the stage in this city. The announcement that he would do a turn next week at one of the smaller West-end music halls brought a number of remonstrances to the manager, to the effect that London public, after the revelations of Johnson's violation of the white slave laws of the United States, would not stand for the negro pugilist as an entertainer. The Federation of Variety Artists will discuss the question at a meeting in this city on Thursday. Rev. John Clifford, for a number of years president of the World's Baptist Alliance, protests through the press against "bringing this most disreputable individual before the public, degrading the amusements of the metropolis, and impeding the moral sentiments of the young people of the city."

And What Will Grandpa Give?

P. A. B. Widener of Philadelphia Has New Baby Granddaughter.

NEWPORT, R.I., Aug. 20.—The daughter of Mr. and Mrs. F. J. E. Dixon, the latter a daughter of Mrs. George D. Widener, born Friday, will be one of the richest babies in America. Her great grandfather, P. A. B. Widener, the Philadelphia traction magnate, is here. It is he who gave the granddaughter, Miss Fifi Widener, daughter of Mr. and Mrs. Joseph Widener, a check for \$1,000,000 on the fifth birthday.

Failed To Find Wife, Weds Toronto Girl

SOUTH BEND, Ind., Aug. 20.—J. R. Ricetts, a former automobile manufacturer, of South Bend, who for two years travelled over the United States and Canada in an attempt to locate his young wife, since divorced, and said to be a resident of Indianapolis, was married July 20 at Toronto, Ont. They are now at Hammond, Ind. Ricetts claims to have spent \$30,000 in the search which he conducted for his wife, who in the meantime was in hiding until she could secure a divorce.

SEATTLE, Wash., Aug. 20.—The question of who will meet Willie Ritchie, lightweight champion in the Labor Day match at Vancouver, will be decided Saturday at Vancouver, when Ray Campbell, a Seattle lightweight and Eddie Moy will box fifteen rounds, according to a telegram received here from Campbell last evening. The winner of the Campbell-Moy bout will be Ritchie's opponent. Campbell is the brother of the well-known pugilist who was killed in a fight with one of the Bellman brothers and seriously injured.

HARRY THAW AND HIS RELATIVES INTEND TO FIGHT EXTRADITION

Brother-in-Law Has Left For Quebec and Skilled Counsel Will Be Employed—Accused Man Was Himself the First to See a Flaw in the Commitment Against Him.

[Canadian Press Despatch] SHERBROOKE, Que., Aug. 20.—Harry K. Thaw, fugitive slayer of Stanford White, caught by a New Hampshire sheriff after his sensational escape from Matteawan spent the night in the hospital ward of the jail of this little border town and this amount to delay all proceedings, if possible, pending his arrival. Meantime Chas. D. White, recommended to the Thaw family as Sherbrooke's most astute lawyer, has taken charge of the case and at Thaw's arraignment before a commissioner this forenoon was expected to ask for an adjournment of the proceedings. An army of old acquaintances, among them newspapermen who reported the Thaw murder trial in New York or followed the recurring sanity proceedings clamored about Thaw's prison cell this morning. One of the men who engaged Thaw was Harry Thaw. Thaw-like he had demanded special bedding on his cot; Thaw-like, he talked of statements he purposed to issue; though for the time he declined to be interviewed. He said briefly that he had slept well. The question of insanity was not embodied in the commitment which brings Thaw before the immigration authorities here. He is held merely as a fugitive from the "penitentiary at Matteawan," and the guards remained with him all night. Thaw had only a few cents in his pocket when arrested yesterday and was without funds when he wanted to purchase fresh linen this morning. He was finicky about his personal appearance, and after a barber had shaved off four days' growth of beard, he said he would like to have a new necktie. He was given money to supply his needs and after brushing the dust of at least four states and of Canada from his clothes, he said he was ready to appear in court at any time. Some Fight. NEW YORK, Aug. 20.—George Lauder Carnegie, Harry Thaw's brother-in-law, accompanied by Mrs. Carnegie, and a New York attorney, left here late last night for Sherbrooke, Que. They expected to reach their destination at 6 o'clock to-night. Hasty arrangements for the trip were made after Mr. and Mrs. Carnegie had talked over the telephone with Thaw yesterday evening. At the railroad station, Mr. Carnegie was asked if he was going to Canada to aid his brother-in-law. "You bet I am," was his reply, "and it will be some fight." (Continued on Page 6)

ROBBED THE PARSON WHO BEFRIENDED HIM

He Got Away and Was Arrested by Minneapolis Police.

WINNIPEG, Man., Aug. 20.—Edwin Brewer, charged with the theft of the household furniture from the home of Rev. W. B. Caswell, was arrested in Minneapolis, at the request of the Winnipeg police. A short time ago Brewer, poured into the minister's ears a tale of woe, which coupled with his forelorn appearance, constrained the kindly parson to take him into his household as a friend. Brewer's gratitude was so eloquently expressed that when Caswell went on his vacation, he left the house in the young man's charge. On his return, he found it denuded of its more valuable furnishings and his protégé missing. The police traced the furniture was traced to a local second-hand dealer named Harris. Harris was unable to give a satisfactory explanation of his dealings with Brewer and his license was revoked. A description of the missing young man was spread resulting in a friend, who had been in Minneapolis, was arrested by the Minneapolis police.

128 STRIKERS UNDER ARREST

They Are in Prison at Nanaimo and Have Been Remanded by Magistrate.

VANCOUVER, B.C., Aug. 20.—One hundred and eighty-eight men now in prison at Nanaimo yesterday afternoon forty-eight of them were brought before Magistrate Simpson, on a multitude of charges and in every case remanded. In the same jail is flying Dutchman, who is to be hanged next week for murder. The prisoners were brought to the court house under a guard of militia with fixed bayonets before and behind. Constables were stationed all around the court room and the gallery was thronged with friends of the men. Only once was there any interruption from the spectators when there was a meek and mild "hear, hear" which greeted the remarks that any amount of bail would be given for the release of Chris. Pattenson, who is a local organizer. Charles A. Leighton of Victoria, appeared for the accused. Two of the defendants were hardly more than fourteen years of age. The most brutal assault was laid at the door of a man who stood little more than four feet high. In reply to the magistrate on a question of bail, Mr. Leighton stated that there was not one of the union men who intended to leave the district. Bail was refused.

Marquise Del Monte, Devoted Mother, Returns Still Loving Her Native Land.

NEW YORK, Aug. 20.—One of the passengers on the liner New Amsterdam, which arrived yesterday from Europe, was the Marquise M. I. Del Monte. She was accompanied by the little Marquise Lidia, six months old, and her mother, Mrs. John H. Michener. The marquise is an American girl who was married in Paris about a year ago. She had gone to Paris to finish her education and there met and fell in love at first sight with the marquis; but she says she is as much of an American as ever. "Why should I be a devoted mother?" she asked. "Why should not every girl become a devoted mother? I think it is every girl's station in life to be a wife and a mother. I want a lot of children. We are going to live in this country for the next two years, and my daughter is going to be very much of an American."

PORTLAND, Ore., Aug. 20.—Four or five masked robbers held up the Soo-Spokane fast passenger train on the Oregon-Washington Railroad and Navigation Line, as it was passing under a viaduct here last night, going through the coaches, forcing the passengers to give up their valuables and firing more than a score of shots to intimidate the trainmen. A tramp riding on one of the Bellman cars was shot and seriously injured.

SLASHING ATTACK ON APPEAL MADE FOR \$500,000 FOR SPORT

British Labor Organ Declares it is Snobbery in Sport for Peers to Make Appeal—People Starve and Are Underpaid for Work Meanwhile.

[Canadian Press Despatch] LONDON, Aug. 20.—The Daily Citizen, the organ of the Labor party, makes a slashing attack this morning on the peers' appeal for \$500,000 to secure the adequate representation of Great Britain at the Olympic games of 1916. Under the heading "Snobbery in Sport," it says: "At the very time the peers' appeal is published with a flourish of trumpets, another letter not signed by any dukes ventured to enlist the sympathies of the British people on behalf of thousands of starving people in the Balkans. "In our own country subscriptions have to be raised to relieve the miseries of underpaid and underfed women and children. While such subscription lists remain unfiled can the peers be serious in asking the general public to give special aid toward a sports fund? If anything were needed to make the average man treat the appeal with scorn it would be the fact that the money is being raised on behalf of associations which deny the right of any artisan, mechanic or laborer to call himself an amateur. The poor are to pay that 'rich may play.'"

MATCH SIGNALS SAVE HIS LIFE

Kent County Farm Labor, Injured on Track, Attracts Crew's Attention.

CHATHAM, Aug. 20.—Even when suffering the untold agony caused by a double fracture of the right leg, a broken arm and many bruises and cuts to the chin and body, David Young, a farm laborer, remained conscious and managed to save his own life by signalling a passing freight train, on which he was moved to St. Joseph's Hospital. Had he remained in the ditch for a few hours he would have died from injuries and exposure. Young was walking along the C. P. R. tracks west of Chatham when his attention was directed to the Grand Trunk tracks to the south by a train. On this account he did not notice the approach of train west-bound. He was struck and thrown into the ditch, but despite the fractured arms and legs, he did not lose consciousness. With his left arm he managed to take a box of work matches from his pocket and with these he flagged a freight train which passed about an hour after the accident. He was removed to the city on a mattress on a flat car and taken to the hospital in an ambulance. Dr. R. V. Bray, the company's surgeon, is in attendance and the patient has a good chance for recovery. Little is known of the injured man's past life. His home is in the States and for a few weeks he has been employed as a farm laborer near Ringold. He first worked for Dave Orr and more recently for a farmer by the name of Little. He was injured while on his way home.

STATE OF AFFAIRS DOWN IN MEXICO

Negotiations With U. S. Representative are Proceeding in a Cordial Manner.

[Canadian Press Despatch] MEXICO CITY, Aug. 20.—A series of attacks upon Mexican railway trains running between the capital and Vera Cruz, which have hitherto been unprovoked, is feared as the result of a serious incident which occurred yesterday a short distance outside the capital. The engineer of a train from Vera Cruz who saw a column of rebels crossing the tracks, deliberately plunged his train into the ranks, crushing five men to death beneath the wheels. The Zapatistas opened fire upon the train, but no one was injured. Sent a Note. MEXICO CITY, Aug. 20.—The Mexican government to-day sent a note in which it was stated that negotiations between John Lind, the personal representative of the President of the United States, and Provisional President Huerta of Mexico, were continuing in a cordial manner. The note also made denial of the report that Dr. Urrutia, the minister of the interior, had made any statement which might be regarded as an ultimatum to the United States. Foreign Minister Gamboa and all other government officials refuse to discuss the character of the notes exchanged between President Huerta and Mr. Lind. A Denial Made. LONDON, Aug. 20.—A categorical denial was given yesterday by the London office to-day, to the report called to this country from the United States, to the effect that Provisional President Huerta of Mexico, had granted important railroad concessions to an English group headed by Lord Cowdray.

LIMIT FRANCHISE FOR MALE VOTERS

Calgary Council of Women Would Require Test in English Reading.

CALGARY, Aug. 20.—Far-reaching political, moral and social reforms are being agitated for by the local Council of Women of Calgary and the organization proposes becoming a real power in municipal and provincial affairs. The council has outlined a program of reforms for which it will press and these are now being considered by the affiliated women's clubs. One of the most important matters to be dealt with is the cause of defective children. The council will make representations to the Government of Alberta with a view to procuring needed institutions, care and protection for these unfortunate. A home for helpless old people and destitute children will also be asked for. Limit Franchise. One of the most important steps to be taken by the women will be the starting of a movement for the limitation of the franchise for men. At present any man of the age of 21 years who is a British subject may vote. If he has resided in Canada for three years he may become a British subject, no matter what his nationality. The Calgary Council of Women proposes to make it impossible for any man to vote who cannot read the British North American Act in the English language. Efforts will be made to secure the appointment of two women to the Calgary police force. The claim is made that women have made very successful members of police forces in other cities, and that their presence would be very beneficial here in a number of ways. Early in September the women will begin their active campaign and expect to meet some measure of success this fall with the municipal part of their program because the Calgary city elections take place in December and the female vote at Calgary municipal elections is always a large one.

An Advocate of Central Authority

AS REGARDS MUNICIPAL DEBTURE SYSTEM THROUGHOUT CANADA. [Canadian Press Despatch] CALGARY, Alta., Aug. 20.—John Coles, London financial expert, director of the Hudson's Bay Company, here, as personal representative of Lord Strathcona, in connection with the opening of the Hudson's Bay's new Calgary establishment, speaking as an investor in Canadian debentures advocates for Western Canada, the establishment of some central authority which would control municipal borrowings, and to which English investors could refer for information concerning securities offered. In Great Britain this function is performed by the local government board. He is of the opinion that the first prospect which formulates some such scheme will find itself possessor of a distinct advantage in its financial undertakings.

MAYOR WOULD RID CITY OF "KNOCKER"

Offers Assessed Value of Alderman's Property if He Leaves Chatham.

[Canadian Press Despatch] CHATHAM, Aug. 20.—An interesting municipal discussion is going on at present between Mayor Dunn and Ald. Houston. At the last council meeting Ald. Houston complained of the high assessment. Mayor Dunn offered to form a syndicate to buy all of his property at its assessed value, \$30,000, with one proviso, which was to give Ald. Houston the next day. The proviso was that Ald. Houston should leave the city never to return. Ald. Houston wrote an open letter to Mayor Dunn claiming that he was bringing him to leave the city. Mayor Dunn last night made a reply in which he characterized Ald. Houston as a chronic knocker, and that the proposition was a pure business one made for the purpose of ridding the city of what the Mayor termed "Ald. Houston's knocking." The discussion is proving very interesting to the citizens of Chatham. Parachute Worked Like Real Charm. Aviator's Machine Fell and Was Smashed to Pieces. [Canadian Press Despatch] PARIS, Aug. 20.—Aviator Pegoud to-day carried out safely a sensational experiment in the use of the parachute, in descending from an aeroplane while in flight. Rising to a height of 900 feet Pegoud pulled the string attached to a parachute folded on the aeroplane. The parachute immediately opened and filled with air, lifting the aviator from his seat and letting him slowly but safely down to earth, while the driverless aeroplane fell like a plummet and was smashed to bits. The parachute arrangement was invented by M. Bonnet and is intended for use of aviators when their craft becomes unmanageable. Race Entries At Windsor. WORKING OVERTIME MAKING "NICKELS"

One Hundred Thousand Five-Cent Pieces Being Coined Daily.

OTTAWA, Aug. 20.—One hundred thousand nickels—or five-cent pieces—a day, for 18 days, a total of 1,800 thousand nickels in three weeks. This is the total of tribute exacted from the Royal Canadian Mint by the moving picture shows since August 1; and it is likewise the herald of the approach of the fall fair. The demand for five and ten-cent pieces during the past few years has been enormous and is rapidly increasing. Last year alone there were minted 5,849,562 nickels for a value of \$292,478.10, and in addition to these, there were turned out over 3,000,000 ten-cent pieces. This terrific demand for small change is blamed on the number of persons who attend five and ten-cent moving picture shows. This week the mints are working overtime turning out dimes and will continue to do so for three weeks.

The Countess of Warwick went to the United States last year on a lecture tour, the purpose of which, it was stated, was to raise money to meet their financial obligations. Other two appearances she suddenly brought her tour to an end and returned to Europe.

JOHNSON-FYLE.

Sydenham Street Methodist church, which had been beautifully decorated for the occasion with ferns, palms, and pink and white blooms, was the scene of a very pretty wedding this afternoon when, Miss Clara, youngest daughter of Mr. and Mrs. Levi Fyle, Terrace Hill Street, was united in the holy bonds of matrimony to Rev. Frank Johnson, B.A., B.D., of Edmontown, The Rev. A. J. Snyder, pastor of the church officiated, assisted by the Rev. Franklin Parsons, of Sheffield, Illinois, brother-in-law of the bride. The bride entered the church leaning on the arm of her father, daintily attired in white crepe de chene over satin, with wedding veil and orange blossoms, her only ornaments, the gifts of the groom, gold bracelets, and collar pins set with pearls and diamonds, her bridesmaid preceding her, Miss May Fyle, wearing a pretty pink and white Dresden silk gown, with mob cap of tulle trimmed with white flowers; while the groom was supported by Mr. Wesley Warboys. Mrs. John Laing presided at the organ.

Following the ceremony a luncheon was served at the home of the bride's parents, about thirty of the relatives and immediate friends being present, and later in the afternoon, Rev. Mr. and Mrs. Johnson left on their honeymoon trip down the St. Lawrence and through the Thousand Islands. On their return they will leave for their home in Edmontown, followed by the countless good wishes of their many friends. The bride has been a great worker in both church and Sunday school, where she will be much missed, as well as in social circles. Many beautiful gifts testified to the popularity of the young couple.

The groom's gift to the bridesmaid was a set of collar pins set with diamonds and pearls, and to the groomsmen he gave a tie pin of the same design and setting.

Among the guests the gowns particularly noticed were those of Mrs. Fyle, black silk, bonnet with touches of white.

Mrs. Johnson (Toronto), black silk, chapeau to correspond.

Mrs. J. Franklin Parsons (Illinois), white embroidered voile, black hat with plumes.

Mrs. Butchart (Edmonton), white organdie, hat to correspond.

Miss Reba Fyle white organdie and white picture hat.

Miss Jennie Johnson, Miss Luella Johnson and Mrs. Alasin (sisters of the groom), of Toronto, also wore becoming costumes and were prettily attired.

Golf Notes

These are busy days at the Buffalo golf links evidently. On Monday morning the women's team of the Park club, played the Country Club women on the latter links, which resulted in the Country Club winning 13-2 points and the Park Club 4-1-2 points. Luncheon followed with the Country Club women as hostesses. To-day a team from Niagara-on-the-Lake are their guests, a luncheon following the match.

A soft word will often reclaim a bad temper.

An English servant girl who returned from the United States to visit friends was told that she looked "real aristocratic." Her reply was: "In America all of us domestics belong to the hire class."

THE COST OF WAR

A war correspondent who was present throughout the fighting in the Balkans, and who kept very careful notes with regard to the matter, gives these estimated figures with reference to the losses during the initial outbreak:

Men mobilized.	Dead.
Bulgaria 350,000	80,000
Servia 250,000	30,000
Greece 150,000	10,000
Montenegro 30,000	8,000

Total for Allies 780,000 128,000

Turkey 450,000 100,000

When this terrible slaughter was ended, the Allies promptly got at each other's throats with this loss in men:

Bulgaria 60,000
Servia 45,000
Greece 30,000

136,000

Here then we have a grand total of 364,000 lives sacrificed in a struggle which has not even yet successfully settled anything.

The financial cost is thus computed:

War Against Turkey	
Bulgaria	\$300,000,000
Servia	160,000,000
Greece	70,000,000
Montenegro	40,000,000
Turkey	400,000,000
Total	\$970,000,000

War of Allies	
Bulgaria	\$180,000,000
Servia	100,000,000
Greece	50,000,000
Total	\$330,000,000

This involves the enormous total cost of \$1,300,000,000, not to mention the great additional loss of lands untitled, during the sanguinary period.

It was Sherman, who, after he had served with great distinction throughout the American civil conflict, made the remark, "War is hell," and he was right.

A GRACEFUL ACT

British papers emphasize a graceful act which Canadian teachers performed while on their visit to the Old Land.

They went under the auspices of the "Hands Across the Sea" movement, and were splendidly looked after while there. What they did in return is thus spoken of by one London publication:

"In the busy crowded life of London the visit of the Canadian teachers can hardly be expected to attract the same amount of attention as a visit of British teachers to Canada would. London at this time of the year is full of visitors, and the Londoner may be forgiven if he is hardly aware that there are some 200 teachers from Canada and Newfoundland sight-seeing London. But with all the many topics to interest him every day, we think that even the busy Londoner will feel his heart touched to-day when he hears that the Canadian teachers have been entertaining 1,000 of London's poorest children in Epping Forest. It does not need to be an Imperialist to appreciate this act of kindness. Canadian teachers are not rich, and their trip has cost them money which some of them no doubt saved not without much forethought and self-sacrifice. That they should entertain these poor children is an act so gracious and so generous that it must appeal strongly to everyone. Their little guests, to whom such a day as they will have to-day is a very rare occurrence, will long remember their Canadian hosts, and there will besides be many thousands of Londoners who feel not only gratitude to the Canadian visitors, but proud of them too. An act of thoughtful kindness such as this of these Canadian teachers brings home more than anything the real meaning of the "Hands Across the Sea" movement. Long may it flourish."

THE ESCAPE OF THAW

There cannot be any doubt but that the escape of Thaw was fixed in some manner.

Experience has shown that there are men everywhere willing to go to prison for a few months, if they can secure a fat sum in return for some such trick as that practised in this case.

All the indications show that Thaw knew of the waiting automobiles, and that the signal for him to rush out was when the gate was opened for an arriving milkman. In addition there must have been collusion inside for such a noted patient to be allowed to leave the building alone at so early an hour.

Certain papers on the other side of the line are in a sarcastic mood over the incident. For instance the Detroit News says:

"We only wonder why the employees of the institution did not assemble at the gate, line up and give him a cheer as he proceeded through the ranks to his car outside. If fact, it is a little surprising that the car was not driven into the grounds and up to the front door of the principal building of the institution."

New York papers are very severe in their comments. Here are some extracts:

Tribune: "With the escape of Thaw the scandal is complete. The public needs no more proof that the murderer with money is safe."

Herald: "Scandals in our state institutions have been so swiftly following each other that literally 'they on one another's heels do tread,' but the latest may well cause the most serious thought. The state is without a Governor, and, in sooth, it also seems to be without much law or order."

Sun: "People have often wondered why with his masterly pecuniary arguments and the easy collusion of inside and outside friends, he has not taken leg bail before. What care is he in? Who will he kill next?"

World: "There has never before been so shameless a devotion of great wealth to degrade justice on behalf of a worthless degenerate as in this case. It is not alone a demoralized state government which we have. It is a demoralizing state government, as this case shows, and no state institution can hope altogether to escape the consequences."

American: "It may be only a coincidence, the escape of Harry K. Thaw from the Matteawan state asylum for the criminal insane, at a time when the government of the state is hopelessly demoralized. But such an incident and more like it may be expected."

It was certainly a case of the law becoming openly, and contemptuously violated, and no state, or county should stand for that kind of thing under any possible circumstances.

NOTES AND COMMENTS

A despatch announces that the Turks have occupied Kuchuk. To do so they had to first chuck out the Bulgarians.

If Huerta does attempt to jerk one of the tail feathers out of the American eagle, he will find in the long run that he has helped himself to scream.

Thaw and his friends, before they get through, will have a very wholesome respect for the manner in which the law is administered on this side of the border.

The annual session of the Universal Peace Congress is taking place at The Hague. It is not believed that either of the Balkan States, or Mexico, or China, or the Philippines, will have delegates.

The first shipment of wheat has reached Winnipeg, and is reported to be of excellent quality. With the land boom reduced to its proper place, and a bumper crop, the Northwest will without doubt steady down in good style.

Across the line a paper started a discussion as to the cause of baldness, and many reasons have been advanced by its readers. How about pulling your things off over your head instead of letting them drop on the floor?

"No one dominates over French-Canadians," was one of the phrases used by Sir Wilfrid Laurier during his speech at St. Hyacinthe, Quebec. The inference conveyed, of course, was that under the Borden navy plan, French-Canadians would be dominated by Great Britain. Laurier, the "Mischievous Maker," is still at the job.

The local Grit organ recently presented a cut of the progress made on Brantford's new Government building, and stated that it showed "the amount of steel being used in the construction of this splendid structure." Splendid it will be, and by the same token the Expositor picture would have come out a blank had the Grits remained in office.

The Daily Beacon (Liberal) figures it out with regard to the admitted progress of Ontario under the Whitney Government, that "the forward movement has been made not because they are in power, but despite that fact." Things like Hydro-Electric, prison farm, cheaper school books, et cetera, et cetera, as a matter of course were not evolved by the Administration, but, like Topsy, "just grewed."

In connection with the renewed proposal to construct a tunnel between England and France, the London Times advances the plea that such a joining to Europe by so easy a highway would tend to a commingling calculated to impair the "quality which the possession of an island kingdom breeds in a race." It probably fears that the British costermongers would be tempted to yell their wares in the French language.

A five year-old horse is not nearly so old as a five-year-old automobile.

To The Editor

MARKET CLERK EXPLAINS

Brantford, Aug. 20th, 1913.

Editor Courier,
Sir—Re Fakir on Market Saturday night. I should like a space in your paper to explain what I had to do with the Fakir. About one o'clock on Saturday he came to the office and asked me if I was the Market Clerk, as he wanted to sell jewelry and watches on the market. I told him he could not, as we did not allow Fakirs on the market. He said, I can, for I have a license from Chief Slemin. I told him to produce it. He handed me a receipt for \$10.00 from the City Hall and told me I could not stop him as he had his license. I told him to see the Mayor, and if he or the Chief would consent, it would be all right. He came back about five o'clock and told me he saw Chief Slemin and he told him I was to give him a stand on the market for which I charged him one dollar and gave him a receipt for it, the usual fee for Fakirs and paid it over to the City Treasurer. Mr. Herbert of Eagle Place was in the office at the time and can vouch for what I say. Thanking you,
I remain, yours,
ANGUS McAULEY,
Market Clerk.

Editor of the Courier:
Sir—It appears to the writer that something should be done, and right away, in the way of protecting ladies and others from such indecent exposures as occurred on Lorne bridge and the centre of the bridge at that, yesterday afternoon, and this sort of thing has been happening in other parts of the city recently, too. Now, Mr. Editor, is it not time that all citizens of our fair city should pull together and encourage Chief Slemin rather than "knock" him. Let us forget this "knocking." I am sure he is equal to the occasion and will help us. Hoping this will not go unheeded, and thanking you, Mr. Editor,

Mid-Week Picnic.
A number of private picnics will be held at Mohawk Park and other groves this afternoon.

Attending Father's Funeral
Mr. J. Arthur Jewell, Colborne St. is in Fenlon Falls attending the funeral of his father, who passed away there on Monday.

Held Rehearsal
The Sergeants of the Dufferin Rifles held a "Mock War" rehearsal last night in preparation for Military Tattoo which is being held in Agricultural Park to-morrow night.

Football Note.
A general meeting of the All Scots will be held in the Borden Club rooms to arrange the second annual picnic and settle other business, on Thursday, 21st August, at 8 p.m.

Information Requested.
Robert Soper, of Hamilton, has written the City Clerk requesting information in reference to a firm in Brantford who manufacture portable buildings. He will no doubt be given the desired information.

Would Like Game
The Eagle Place Stars are anxious to arrange a game of baseball with the Brantford Red Sox after the Canadian League closes. The locals have suggested Sept. 2nd, and think they can give the "Pros" a good argument.

Kindly Act.
Mr. Herbert of the Brant Sanitarium gave the inmates of the House of Refuge a gramophone concert last night in front of the building, which took the form of an open-air concert. It was greatly enjoyed by the inmates. At the close one verse of the National Anthem was sung.

Anglican Lawn Social.
The Anglican mission at Echo Place are holding a lawn social on the church grounds this evening, and it is expected that a large number from the city will attend the affair.

Fine Time
Last evening Mr. George Fleming of New York, an old Brantford boy kindly gave a song recital at the officers' quarters at the armories. He was in splendid voice and was heartily concurred in time and time again. Recitations, speeches and "instrument" music filled up the balance of the time. There was a large attendance, and all thoroughly enjoyed themselves.

Tennis Tourney
The Dufferin tennis club will hold their first annual tournament shortly. Cups have kindly been donated by Mr. Geo. S. Matthews for gentlemen, and by Mr. J. S. Ruddy for ladies. Either must be won three successive times to become the property of the holder. Entries should be made immediately with the secretary to facilitate the arranging of the handicaps.

An Old Timer.
The tearing down of the Bank of Montreal building is now complete, and its demolition serves to remove one of the oldest buildings in Brantford. It was constructed as a private residence for a Mr. Strobbridge of the firm of Strobbridge and Botham, dry goods merchants. At that period Victoria Park was nothing but a tangled waste. Later the bank acquired the premises. Mr. Grier was the first manager, and his widow still resides in the city on Dufferin Avenue.

Back from Western Trip.
Mr. and Mrs. E. A. Hughes of the firm of Hughes and Howie, returned yesterday evening from an extended trip through the western provinces. Mr. Hughes states that he had a delightful trip and speaks in glowing terms of the great West, but still likes Brantford. During his western trip he visited nearly all the principal cities going through to the coast and as far north as Edmonton. Mr. Hughes looks hale and hearty and the picture of health, and his trip no doubt, greatly improved in health. "No matter where you go in the west you are sure to run across former Brantfordites," said Mr. Hughes.

With the City Police

There was a light session at the police court this morning. After the regular court was over, the juvenile court met to hear a case against some West Brantford boys for breaking into a canoe house. The magistrate thought the principle of "spoil the rod and spare the boy" should be more rigorously carried out.

George McCormack, who was charged with being a vagrant, was let off as he has a position to go to.

George Rowe, who was to appear on a charge of not working, did not appear. A warrant was issued for his arrest.

Alex. Deforest, who committed an assault against David Hawes a year ago, was arrested in Guelph by acting detective Borthwick. He was up in court this morning and fined \$500 and costs.

Geo. Daley and W. E. Palmer, two drunks, were fined \$3 or 30 days. They both decided to take the rest cure.

A case of assault preferred by Isaac Fouldsman against Louis Harry was adjourned.

Juvenile Court
A case came up in the juvenile court against four boys for breaking into the boat house of Wm. Robertson and taking out his canoe and damaging it to the extent of about five dollars. A bathing suit was also taken from the boat house. The boys had to pay the costs.

In Paris.
Five Heather rinks are bowling in Paris this afternoon.

Will Attend Tattoo.
A large number of Brantfordites have signified their intention of attending the military tattoo which is being held in Burford this evening.

Instantly Killed.
GLACIER PARK, Mont., Aug. 20. Dr. Fletcher, with his wife and men was instantly killed in Glacier Park yesterday while scaling Blackfoot glacier. He fell 600 feet.

Dr. Fletcher, with his wife and members of the Prairie Club of Chicago entered the park August 12. His body was recovered and brought here to-day.

PHILOSOPHICAL PHOENIX AND THE WEATHER

THE PROBS

TORONTO, Ont., Aug. 20.—The cool wave is centered this morning in the province of Quebec, attended by fine, cool weather from Ontario to the Maritime provinces. Showers have occurred again in many parts of Manitoba, also locally in northern Alberta.

Military Notes

In connection with the military tattoo which takes place at Agricultural Park tomorrow night, a slight fight is being arranged for a special scenery, which will be very realistic, is being prepared for the Boers' position, and members of the Dufferin Rifles will compose the attacking forces. The men of the regiment wishing to take part should apply to Sgt. Bolt. A number of splendid military bands have been engaged to furnish the music for the affair. The scenic effects will be elaborate and the fireworks will equal any ever seen here.

Runaway Locomotive in Toronto to-day
TORONTO, Aug. 20.—Tearing through the Union station at sixty miles an hour and across various level crossings at increasing speed, a runaway Grand Trunk locomotive without crew ran a couple of miles before being derailed near the Don station this afternoon. No serious damage was done.

Police Officials Dismissed
EDMONTON, Alb., Aug. 20.—Edmonton as the result of charges of sensationalism as the result of charges of maladministration in the force during the past three months. Yesterday Deputy Chief S. J. Wright and senior Sergeant J. S. Edwards were summarily dismissed by Chief Carpenter, formerly of Montreal on charges of having given out information to the press relative to the working of the department. The dismissed officials have excellent reputations and are popular with their comrades and a general strike of the force is threatened. Petitions are in circulation asking that a police investigation be ordered by the city commissioners.

Bigger Things to Come.
Fort William Times-Journal: What the matter with a section of the Canadian press anyway? One would think to read the editorial pages of some newspapers of standing that the country was off for the "how-wows" with a tin can reeled off with a double bowline knot. In reality there is nothing more or less the matter than that the Dominion, fresh from an overdose of prosperity, is merely resting up a bit to grab a new grip on bigger things to come.

A Rich Man's Burden of Taxes.
Ridgeway Dominion: Henry Ford, the automobile magnate, paid his taxes in Detroit last week, and the amount he paid was just double all the taxes levied in Ridgeway.

HARRY THAW AND HIS RELATIVES TO FIGHT EXTRADITION

(Continued from Page 1)
Don't Want Him.
ROCHESTER, N. H., Aug. 20.—New Hampshire does not want Harry K. Thaw within its boundaries. In the event that he re-enters the state through deportation proceedings in Canada and legal justification can be found for the act, he will be surrendered to the New York authorities. This declaration was made today by Governor Samuel D. Felker, Attorney-General James P. Tuttle, in support of this attitude, said that the matter of extradition was wholly in the control of the executive.

Protracted conferences to-day between three Canadian lawyers retained to oppose Harry K. Thaw's deportation to the United States indicated that his preliminary arraignment in court would be postponed at least until to-morrow, possibly for a week.
Deputy Attorney-General Leves ALBANY, N.Y., Aug. 20.—Deputy Attorney-General Franklin Kennedy left for Sherbrooke, Que., this morning to represent the State in an effort to induce the Dominion authorities to return Thaw to this state. Mr. Kennedy plans to join the Duchesne county officials, who left last night for Sherbrooke, and to supplement their request that Thaw be turned over to them, by a formal request made on behalf of the Attorney-General's office for the state, that the fugitive be returned at once to New York.

Guardian Talks
PITTSBURGH, Aug. 20.—"I am not going to Canada," declared Robert O'Mara, Harry Thaw's guardian, when he arrived at his office to-day. "Thaw will be given a hearing this afternoon and it will be over long before I can get there. Anyhow Thaw is perfectly sane, and with the help of his counsel, is capable of looking after this matter himself."
SHERBROOKE, Que., Aug. 20.—A man giving the name of Mitchell Thompson, and believed to be the Roger Thompson implicated in Harry Thaw's escape, was arrested while loitering about the court house here.

Two Claimants for Reward.
MATTAPAN, N. Y., Aug. 20.—There are now two claimants for the reward of \$500 offered by Superintendent Kieb of the Mattawan Hospital for the capture of Thaw. The second claim was put in to-day by John Boudreau, chief of police at Coaticook, Que. The first claimant was B. H. Kelsa, the New Hampshire sheriff, who discovered Thaw's identity.

Will Go the Limit.
MANCHESTER, N. Y., Aug. 20.—"New Hampshire has no room for lunatics or others of the type of Thaw," said Attorney-General J. P. Tuttle to-day.
If Thaw is returned to New Hampshire, you can rest assured that New Hampshire will go the limit to get him back into responsible hands. We would rather Thaw would go through the state than stop here.

Sympathy for Murderer
SHERBROOKE, Que., Aug. 20.—Sentiment in Sherbrooke is distinctly in Thaw's favor. A great crowd which greeted him at the station when he arrived from Coaticook shouted: "Let him go. Set him free. He hasn't done anything to us. Give him a chance."
There were by court just eighteen women in the court room to-day. They were well dressed, well mannered and quiet. The drag in the proceedings got on everybody's nerves toward 11 o'clock, but still the judge had not emerged from his chambers. Thaw's attorneys in the meantime were drawing up the application for the habeas corpus writ.

Remember the sale, Monday, Aug. 25th, at No. 97 Marlboro-St. Terms—Cash.

HUNGARIAN PREMIER FIGHTS A DUEL

Both of the Participants Are Slightly Wounded as Outcome.
BUDAPAST, Hungary, Aug. 20.—Count Stephen Tizza, the Hungarian premier, fought a sword duel this morning with the Marquis George Pallavicini, a lieutenant in the Austrian army. Both duelists were slightly wounded in the head.
The quarrel arose over the marquis charging the premier with trying to influence witnesses in the recent libel suit brought by Dr. Ladislaus Von Lukacs of corruption.
To-day's duel was the third fought by Count Tizza in the present year. Marquis Pallavicini, who is a lieutenant of the 9th regiment of hussars, visited the United States in 1910, where he was the best man at the wedding of Count Anton Sigray, of Hungary to Miss Harriet Daly, of New York.

BY FREE LANCE. Manager Dick Tasker who was with the Sox last season has been replaced by John Novak, who played second base part of last season. Novak played centrefield in the game yesterday. Tasker is slated to pitch tomorrow.

GUELPH FATTENED UP THEIR BATTING AVERAGES AGAIN

Lill, Clermont and Gero Being Touched for 16 Safe Drives and Are Held Responsible for Red Sox 11-5 Defeat.

The Guelph team made another runaway of the game yesterday and had no difficulty whatever in defeating the locals, the score being 11-5.

It was another tame affair, almost a repetition of the day before. Lill started in to pitch for Brantford and the Leafs went right after him and scored 4 runs before the hand full of spectators realized the game had started. He was replaced by Clermont who pitched good ball for a few innings and then he went to the wall. Gero was then called upon to do the pitching and he did little or no better than his predecessors.

Dick Tasker of last year's team was in uniform and managed to get into the line-up by making a bunt on the bases. Guelph scored 4 runs in the first, 3 in the seventh and 4 in the eighth. The Red Sox managed to get two men across the plate in the fifth and 3 in the eighth.

THE HOME COMING OF THE AMERICAN TENNIS TEAM

Happy to get back after their successful quest of the Davis Cup, one of the most sought-for international trophies in existence, America's team of three tennis players were photographed aboard La France just before they disembarked. They are wearing the smiles that won't come off—at least not for some years, they hope.

but hurt his foot sliding into the base and Big Dick Tasker was sent out to run for him. Keenan hit a slow infield grounder and Dick who was over anxious to get in the run column raced around third and started for home. Doc Crandall who was traded to the Cardinals for Larry McLean when McGraw needed a catcher during Meyers' disability is to be back with the Giants. McGraws run in with several members of his team a short time ago was said to have been due to dissatisfaction among the players because the manager let Crandall go. It is understood Crandall comes back for a cash consideration and a player.

OTTAWA GAINED A GAME BY BEATING BERLIN 3-1

The Cockneys Dropped One to Rowan's White Caps.

OTTAWA, Aug. 20.—Ottawa gained one more game on London when they defeated Berlin 3 to 1 yesterday afternoon, while Cockneys were going under at Peterboro. Four hits off Bramble before the good pitcher had settled down in the first innings gave the Senators 3 runs and sealed up the match as Kubat pitched excellent ball thereafter.

ST. THOMAS, Aug. 20.—The Saints lost the second game of the series with the Hams yesterday by a score of 5 to 4, poor work by the infield being the cause of Hughie's downfall. Both Doherty and Dolan were hit hard, but they managed to keep the hits scattered.

STEIGER WAS EASY FOR THE WHITE CAPS. PETERBORO, Aug. 20.—The Pites had an easy time beating London yesterday, slugging Steiger's offerings hard and often, and winning 10 to 2. Fox and Trout were the leaders with the willow.

BASEBALL NOTES

Big Ed Walsh of the Chicago White Sox, has gone to see Bonsetter Reese about his arm. Kroy, nearly postponed Aitchisons trip to the Big League in the fifth inning, when he knocked a liner by the pitcher's dome.

Walter Johnson won his thirteenth straight game yesterday, and this after all the Washington papers had related how bad Johnson's arm was at present. Rochester has sold Outfielder Zina Weller to the Boston National. The latter have given Fred Mitchell his unconditional release. Mitchell will act as scout for the Boston team.

Because President Lichtenhein, of the Montreal club, ased \$10,000 for Gilhooly, the big league clubs who were after him have decided to pass him up and take a chance on getting him in draft. Poor Sammy.

YOUR LAST CHANCE

To Secure a National Vacuum Cleaner at Factory Cost.

Representatives of the National Manufacturing Co., who have been in the city for the past month in connection with The Courier's circulation canvas, will leave on Monday for Montreal, to fulfill a contract with one of the big dairies there. This, therefore, is the last week for securing a National Vacuum Cleaner at factory cost. See display ad on page 10.

Giants' Manager Takes Means to Pacify His Team.

NEW YORK, Aug. 20.—Otis Crandall, pitcher, whom Manager McGraw, of the New York National League club traded to the St. Louis team, was taken back last night by McGraw. St. Louis in return received a cash consideration, amount not named, and a player, also unnamed, whose delivery will be made as soon as the pennant race is settled.

Leafs Unloaded Some Weird Baseball—Were Beaten 14-1.

TORONTO, Aug. 20.—One of those unaccountably and inexorably bad ball games which teams sometimes play was furnished by Toronto against the prospective Newark champions yesterday. The mere statement that the Leafs seraped together nine errors doesn't begin to indicate the woody sort of performance that disgusted but finally amused the crowd.

Against this the Indians played the kind of ball that put them where they are, so the score was 14 to 1. As the cricketers would say the coming "champs" put in a six and a five, the fifth and six innings being the prolific frames.

THE ROYALS DROPPED TWO TO BALTIMORE. MONTREAL, Aug. 20.—Baltimore won two games from Montreal yesterday. Danforth won the opener 7 to 1, when in the second the Orioles landed the verdict in ten innings, after Montreal had a five-run lead.

"UMPS" NALLIN WAS IN TROUBLE IN BUFFALO. BUFFALO, Aug. 20.—Lafitte toyed with the Bisons yesterday and the Grays won hands down, 8 to 2. A decision by Umpire Nallin in the 5th, when he called a ball fair on Murray, after it had hit the batter and rolled into the diamond, threatened trouble for a time.

ALLOWED ONE HIT IN TWELVE INNINGS. ROCHESTER, Aug. 20.—Quinn held Jersey City to one hit in twelve innings yesterday, the Hustlers winning by 2 to 1. The Skeeters' run came in the sixth, when McMillan threw Weller offering wide to first and Martin made an error of Schmidt's throw, Wells coming home. The Hustlers counted in the seventh on a walk and two singles and in the twelfth on singles by Simmons and Schmidt and Williams' sacrifice.

The games in the Northern Senior League on Saturday are: 2:15, St. Francis vs. Strollers; batteries, Byrne and Donohue; Brown and Robinson; 4 o'clock, Barons vs. Capitals; batteries, Ferral and Harrigan; Stanley and Tolley. Umpire—Pearson.

CAREY'S TWO HOMERS BEAT M'GRAW'S TEAM

Suggs Allowed Boston Only One Hit—The Cubs Won Another.

NEW YORK, Aug. 20.—Pittsburgh evened the series with New York by taking the fourth game by a score of 8 to 3. The visitors hit Fromme hard in the first and second innings, scoring six runs. In each of these innings Carey drove a home run into the upper tier of the grand stand. His long drive in the second followed Adams' single and Byrne's double. A sensational one-handed running catch by Murray on Wagner in the eighth inning was a feature.

WON BY MANY BUNTS. BROOKLYN, Aug. 20.—St. Louis played a bunting game to defeat Reulbach yesterday and had the Brooklyn infielders standing on their heads trying to stop the sacrifice bunting. Perritt was effective up to the eighth when he weakened. Huggins substituted Sallee, who stopped the rally. Regan pitched the ninth for Brooklyn and struck out the three batters who faced him. The Score: St. Louis 3; Brooklyn 2.

CUBS MADE IT FOUR. PHILADELPHIA, Aug. 20.—Chicago won its fourth straight victory here yesterday over Philadelphia, the score being 3 to 2. The visitors scored all their runs in two innings, by bunting four hits, including doubles by Schulte and Archer, with two passes.

ONLY ONE HIT OFF SUGGS. BOSTON, Aug. 20.—Cincinnati yesterday won both games of a double header from Boston, the first 4 to 2, and the second 2 to 0. Long hits by Bescher and Hohlitzel were mainly instrumental in giving Cincinnati the victory in the first contest. Suggs allowed but two Boston men to reach first base in the second, and he was only prevented from pitching a no-hit game when Maraville got a scratch infield single in the fourth inning.

Summer Time is Cycle Time

Do you remember when summer time was marked by unbounded enthusiasm for the bicycle on the part of almost every young man and young woman in the country? Those were the days when the bicycle was a fad. Perhaps you would be surprised to know that it is hailed just as heartily to-day by people who find in the bicycle its real use and its real pleasure. Last year was the biggest year bicyclists ever knew in some countries. This year we find the bicycle is going to have the best year it has had in the last ten years. Surely this recommends to you the possible use and pleasure that you might get from a good wheel. There is keen pleasure in wheeling through beautiful country, there is genuine health in the fresh air exercise provided by the bicycle, which brings good digestion, strong nerves, and a clear brain. But you should be careful in your selection of the wheel. You should select a

FARMER'S WIFE ALMOST A WRECK

Restored to Health by Lydia E. Pinkham's Vegetable Compound—Her Own Story. London, Ont.—"I am a farmer's wife and a very busy woman. Last summer I was taken with severe pains in my back so bad that I could not get up or scarcely move without pain, and my periods were painful. My husband called in a good doctor and I was under his care for some time, but he did me little or no good. One day a friend of mine told me to try Lydia E. Pinkham's Vegetable Compound as she had been greatly helped by it. I began taking it and soon got well, and my periods became natural again. Since then I have had perfect health. In fact I have never felt so well in my life. Lydia E. Pinkham's Vegetable Compound is a medicine many women need. If you think this letter will help other women please publish it."—Mrs. K. C. Forty Thousand Men Required

Farm Laborers' Excursions — This Year's Wheat Crop will be the Largest. The wheat crop of 1913 will be the greatest ever harvested in Manitoba, Saskatchewan and Alberta, thus requiring the farm laborers of the East, to recruit and assist in harvesting the World's greatest bread basket. The Governments of the respective provinces state that forty thousand men will be required for this year's harvest. These will have to be principally recruited from Ontario, and the prosperity of Canada depends on securing labor promptly. The Canadian Pacific, on which Company will fall practically the entire task of transporting the men to the West, is already making special arrangements for this year's excursions from points in Ontario to Manitoba, Saskatchewan and Alberta will be run, and special trains operated, making the trip in about thirty-six hours and avoiding any change of cars or transfers. This will be a day shorter than any other route. "Going Trip West." \$10.00 to Winnipeg, plus half-cent per mile from Winnipeg up to MacLeod, Calgary or Edmonton. "Return Trip East." \$18.00 to Winnipeg, plus half-cent per mile from all points east of MacLeod, Calgary or Edmonton to Winnipeg. "So you can watch yourself starve to death."

The SOUVENIR

(NEW IDEA SERIES) certainly does eliminate furnace bothers. SOME folks dread the winter—because of the furnace troubles it brings. Antiquated heating systems are certainly a nuisance. Dust and ashes, sometimes deadly gas fumes, all over the house. Or hot air like a breeze across a desert waste—poisonous, dry, health-destroying air. All because conservative manufacturers would not consider New Ideas in heating. The SOUVENIR furnace makes the hot air system the healthiest, cleanest and best. It's built right—A solid, one-piece iron firepot—tested and selected iron at that—and ranges on the outer side to increase radiating surface. The grate is simple, built—ashes easily dumped by a simple turn of the lever. No place for cinker troubles. From base ring to dome every SOUVENIR furnace is perfect. Ask for our new booklet. The SOUVENIR Furnace is made in Hamilton, the centre of Canada by The Hamilton Stove and Heater Co., Limited. Sole agents—Gurney-Tilden Company.

NEW REGULATIONS FOR EMIGRANTS

They Will be Devised in England to Check an Abuse.

LONDON, Aug. 20.—From ten to fifteen thousand men and women are turned away from the portals of the United States every year and sent to the countries whence they came, in their endeavor to enter the land of promise. The reason is that they do not meet the requirements set for immigrants by the American authorities.

This condition constitutes one of the most difficult problems faced by the American department of labor, and in an effort to solve it the department has sent W. W. Husband, one of its special agents, to investigate and report on emigration conditions in England and on the Continent. Every year, in spite of the efforts of the steamship companies to exclude such passengers from their lists, nearly fifteen thousand immigrants see the gates at Ellis Island closed against them, and with the earnings of years swept away by the expense of the voyage, they are compelled to resume the battle of life under the conditions from which they sought escape by emigration. The department does not either desire or seek, according to Mr. Husband, the lowering of the present standards, but Secretary Wilson is anxious to devise some plan whereby the shock and suffering incident to being turned back after sighting the shores of the promised land may be prevented. In an effort to do this, Special Agent Husband will investigate the booking of prospective immigrants by transportation agents with the idea of devising some method whereby only those who are practically certain of entry into the United States will be permitted to embark on this side of the water.

London's Unemployed.

LONDON, Aug. 20.—For some time past the view has been held that the statistics of unemployment prepared by the board of trade were an understatement of the volume of unemployment, and now for the first time it is possible to obtain an official confirmation of this view. At the present time the number of unemployed in London is estimated at 400,000.

Mistakes are quite pardonable; if it was not for the mistakes of great men and women, history would be quite a bore.

EX-QUEEN THOUGHT TO BE A NEW BRIDE

Amelje of Portugal Seen Much With Marquis de Soveral in London.

LONDON, August 16.—Ex-Queen Amelje, whose garden party at Richmond for her future daughter-in-law, Princess Augustine Victoria, of Hohenzollern, was one of the most interesting events of the London season, has sent to her intimate friends among the guests a souvenir of the party.

It is a large photograph, taken on the lawn in which she is seated in a big garden shirt surrounded by a group, standing up, composed of Princess Augustine Victoria, ex-King Manuel, his future father-in-law, Prince William of Hohenzollern, and the Marquis of Soveral, formerly Portuguese minister in London of the monarchy now defunct.

The gossips' tongues have been wagging ever since and some of Amelje's friends have become bold enough to say: "It isn't a question whether Amelje will marry Soveral after her son's marriage has taken place. It is isn't she married secretly to him already?"

One Hundred and Five Unexpected Guests

Mrs. Winston Churchill Invited 120 and Found 225.

LONDON, Aug. 16.—Mrs. Winston Churchill proved equal to an emergency the other day. About 120 of her husband's constituents at Dundee came to London on a trip, and it was arranged that Mrs. Churchill should entertain them at luncheon at the House of Commons.

When the luncheon hour came it was found that the guests numbered 225 instead of the expected 120. Several Dundonians questioned the bona fides of some of the party, alleging they were Glasgow men who had joined the party owing to the allurements of a free luncheon, but Mrs. Churchill settled the difficulty by arranging for all to be regaled, making the party a pretty speech to boot.

ROBBING MRS. CHURCHILL

Bogus Laundryman Gets Away With Linen Belonging to First Lord's Wife.

Age twenty-five to twenty-seven; height about 5ft. 8in.; dark complexion; clean shaven; wearing a dark brown jacket suit.

This is the description of a man who is wanted for a daring theft from Admiralty House, Whitehall. He called at the First Lord's official residence on Tuesday, represented that he came from the firm which deals with the Admiralty House laundry, and asked for the week's linen.

The maid saw no reason to be suspicious, and a large number of articles of personal clothing belonging to Mrs. Churchill were handed over to the man, with two tablecloths worked with a rose, shamrock, crown and anchor.

Within less than an hour the genuine laundryman arrived, and the trick was discovered.

The value of the stolen articles, most of which are marked with Mrs. Churchill's initials, "C.S.C." is about £30.

He had tried in vain to cut through the slice of roast beef the restaurant waiter had brought him. "Look here, waiter," he said at last, "I can't do anything with this beef. Bring me something else instead."

"Sorry, sir," replied the waiter, "but I can't take it back now—you've bent it."

"PEOPLE OF THE GIRDED LOINS"

London Writer Calls Americans After a Tour With Them.

LONDON, Aug. 20.—The People of the Girded Loins is what Mr. J. W. Robertson Scott calls the Americans after going through England and Ireland with the agricultural commission from the United States. "To travel with them," he says, "is just to have one's mind made up once and for all that there are only two kinds of people—these people of the Girded Loins and the others."

The recognized way of getting braced is by getting something or going some-where.

RUDE IN ENGLAND TO THANK ANYONE

Intricacies of Manners Are Puzzling to Travelers in The Kingdom.

LONDON, Aug. 20.—That English etiquette is a sore trouble to foreigners is a very old story. That a foreigner may not be acquainted with all the niceties of English etiquette in the ballroom, dining room or theatre is held as no excuse by the British matron, as she contemptuously forgets them.

It says much therefore for the continental traveller that he or she is willing to learn. There are now 250 young men and women of seventeen different nationalities attending a holiday course of lectures at the University of London for instruction in English conversation, and etiquette.

One German girl according to Miss Violet Parkinson, one of the instructors of these classes, was greatly surprised when told that she must make the first sign of recognition when meeting a male acquaintance in the street. She did not think much of English manners to start with, "I think that most 'immodes't," she said, "The man always bows first in our country."

Nor can these students understand why the English take soup from the middle of the spoon instead of from the end, which is shaped for the purpose. And why should a man take his hat and cane into the drawing room when making a daily call, they ask. They may think it uncomfortable, but the only answer is that it is English etiquette.

After dinner do you thank your hostess? is another question asked. And the answer is no; it would be considered very rude in England to thank anybody.

Among the students none is more polite than the Japanese. One man who on leaving a house was accompanied down the stairs by a daughter of the hostess on reaching his hotel wrote the daughter a letter of thanks.

THE USUAL RESULT

"I tried to sing my youngest boy to sleep," said Senator Sorghum, "but it wouldn't work. Then I told him a story, and that wouldn't work either."

"How did you get him to sleep?"

"My wife came to the rescue with one of her clever suggestions. I delivered one of my speeches to him."

Closing Announcement!

Last week of Special Arrangement for Securing National Vacuum Cleaners at Factory Cost. Those not already supplied must have them not later than Saturday next for delivery.

THINK WHAT IT MEANS to the housewife to have the Cleaner run over her floor once or twice a week instead of sweeping them with a broom or carpet sweeper. Realize how absolutely clean she will keep every inch of her carpets with less effort than the old efforts require, dispensing for ever with house-cleaning days, keeping her home clean ALL THE TIME, just the same as it was right after house-cleaning time of yore.

The broom no longer is good for anything but fuel. Instead of cleaning, it just stirs dirt up into the air. The dirt naturally settles back on the floor or furniture, then you must "dust"—a terrible, straining process.

Then, too, this dirt you stir into the air is very dangerous. It is laden with disease germs, and you and your tots breathe them. Think of that!

The construction of this machine is the very best that skilled hands and perfect machinery can produce. It has three bellows, that form a continuous suction as the wheels roll over the carpet. The bellows are made of three-ply German linen, with heavy rubber insert, which makes it absolutely air-tight, and almost indestructible. It is the same material that is used in the very best organs, and will last in ordinary use for twenty years. The valves are protected by solid leather discs that rest smoothly and flatly on the openings, and will not curve or turn up at the edges. The single spring that holds them in position is responsible for this. Each machine is thoroughly inspected before it leaves the factory, and should at any time you find one imperfect in construction, you are at liberty to exchange it for one that is perfect. We, the manufacturers, can state for this cleaner that it is the very best that money and skill can produce, and will do the work of those high-priced electric machines. The bellows have an air displacement of 69 cubic inches with each revolution, 24,800 cubic inches per minute, giving a strong, continuous torque like a six-cylinder automobile. It is just as easily operated as the ordinary carpet sweeper, and in many cases will do the work of both the carpet sweeper and the vacuum cleaner. This machine has a retail value of \$13.50, and you can consider yourself fortunate to get it on the terms we are offering. This machine is the acknowledged monarch of all hand-power machines.

No vacuum sweeper made to-day has a greater reputation for superiority and durability than The National. Its wonderful distribution is not surpassed by any other vacuum sweeper. It is well and favorably known from ocean to ocean, and from the great lakes to the far recesses of the north, and in this immense field you find thousands and thousands to-day in use by the best families, giving complete satisfaction and affording splendid service.

The construction of the National Vacuum Sweeper is without a fault. It is built on the correct principle—built for hard service—built to clean carpets and rugs better than any other that is meant to clean.
