GET DOWN TO BUSINESS

The present is an exceedingly unfav orable time in which to essay the task of manufacturing political capital. The elections are a thing of the past. The people have selected men to represent their interests in the various offices within popular gift and there is no political contest of any nature penuing.

The public has no interest in petty squapoles designed either for the promotion or injury of individual political aspirations. What the people desire at the present time is united action along lines which will tend to bring into practical effect needed reforms and legislative enactments.

ceaseless agitation, crimination and recriminations will avail nothing. The country has sunered sumciencly aneady from that sort of thing.

the time is at hand when suc matters should be dropped and the whole community irrespective of occupation or political predilection should stand shoulder to shoulder for

the besterment of general conditions The mining industry, the backbone of the whole country, is in a mo disad antageous condition owing to the fact that there is no available Sapply of water which will aumit or the prosecution of operations upon a

proper scale.

Dawson but the wise in the mining longe taken in Wisconsin last season district. The smaller reforms, many did not run above 8 pounds; certainly limit, different, of course, for differ sink entirely into insignincance when mate converged with the absolutely diskessing need of cheap and plentum

The most competent engineers in the territory have given expression to the pads, view that, with the establishment of a suitable water supply system, the output of the district would easily be doubled for a long term of years to "stripped" and put back, but it had come and under favorable conditions

in the estimation of this paper. therefore, the whole people of the territory should apply themselves to anyhow. the attrement of this most important It is believed by western anglers problem. It can be carried to a succe stal issue only through aid received from the government and to this end the most screncous enorts should be put forward to enlist assistance from induce the legislatures of the states parliament at the present session.

Let theap talk, clap trap and demagogic denunciations cease for a time. there is only one source from which aid can be secured and it is obvious that such aid will never be obtained through the agency of an uplifted

A calm, unbiased, practical presentation of the facts backed with ten tio sand signatures should be laid ? before the government through properly constituted channels. Let politics go by the board for the time being and every man join hands with his neighbor in pressing upon the government the necessity of prompt and effective action. A delegation of rabid oppositionists at Ottawa might howl themselves hoarse without creating a

single ripple on the surface. The people by petition and argu ment by their representative can ac-

other means.

strike of real value has been made in for the spring drives of logs. the Tanana country. The reports time to believe all that is told. For not get back. When a newspaper offers its advertising space at a nominal figure, it is a the present there is nothing telere to obtain legislation putting some the public but pure guess work.

> Parliament will assemble early in the the coming month and Yukon's repre- dam. ward all" matters pertaining to the territory's well-being. His hands should be strengthened in every posefforts to throw stumbling blocks in his way should be discouraged

With the marvelously rich resources behind this town there is no reason needed is united action on the part of the people and a general realization tewer than 500,000,000 starsof the fact that altered conditions

Simeon's, and Simeon hollers

Lackawaxen, Jan. 27. - " If it up missin' in that deestric, and not hadn't 'a' been for that dod darn be at Job's, where it was sent for, bear,' says Job, 'that black shoat o' was more than I could handle, and I Simeon's mowt 'a' follered me in, told Simeon that his shoat must 'a some time or other, consarn him !" sa s Job.

"It was a leetle inconsid'rit in that er for a minute thunk that an inconbear, that's so," said the man from sid'rit bear had come along to un-'cause in the the Knob country. first, place, bears had kep' shet o' that deestric' for more'n five year, The anglers doubtless will be able and folas wasn't countin' on bears as Capt. Joe, from the Eddy, hadn't o' things come tidin' in to look over a lumber parcel bein' part and amongst 'em, but sort o' depended on job he had took, and he says Job to keep 'em on their taps. So 1 said then, an' I say now, that it was black shoat? a leetle inconsid'rit in that bear, and skeercely fair to Job, for it to come ed all about that missin' shoat o mixin' in things the way it did. -"Simeon come in one day, lookin'

as if he was chief mourner to a fun-ther ! eral, and I says to him "Some o' your folks dead?" I tain Joe. 'A bear took that shoat,

"'No, he says. 'That black shoat long ago eatin' of it over yonder in mine turned up missin' this morn- the edge o' the woods. He had it

'We'l,' I says, 'why don't you go away and left the rest when he see up to Job's and git it?' I says. 'I been up to Job's, he says. 'I jest come from Job's,' he says? " 'Why didn't you bring the shoat

When Job came down a day or so a back with you then ?' I says. "Job didn't have it, says, Sim- terward and heerd about it be was ' 'Lob didn't have it' thinkin' that I hadn't heerd Simeon dairn bear,' he says, that black shoat

right. 'Job didn't have it !' I says. No, says Simeon. 'He didn't 'Leastways,' says he, 'Job bein' mad and disapp'inted, neither don't think he's got "That jest knocked me criss-cre for if there's anything I don't like

and Job was a shoat missin' didn't have it! Job lived somethin' bears. ears havin' kep shet o' that deestric' for five year and better, folks ort o' depended on Job to keep 'em on their tans.

"They didn't never come right out change in its notes to prevent ease in and say, that Job 'd walk off with things, but they sort o' hinted that large number of bogus five and twenthings somehow had a way o' stickin' to him or follerin' him. Whenever in circulation which can only be desomebody's sheep or chickens or pigs tected by experts! vas mis in from the premises where they'd by rights natur'ly ought to the owner of 'em, jest so, when Simeon says to me that he d been to Job's to git his missin' hoat and Job didn't have it, I was est knocked criss-cross and all I

could say was in London. One is to promote "Simeon, you don't mean to say pledge not to drink between meals

"And Simeon said he d d .. 'Leastways,' says he, 'Job don't think he's got it.

"And after I had got enough breath o make it worth while for me to begn, I says

' 'Dan'l, says he, 'it was this way nendous and hated to spend the time to hoop up and drive to Job's to bring the oig back. But we was 'spectin' to ill in a day or so, and as we needed the pork, I didn't see no way out of of parliament, is now lit by electric goin' to Job's. So I hooked up and ity. It is still wound by hand, takdro e to his place on the ridge.

'Job was home, and I says to him that I had come after my black wisconsin, for instance, muskallonge reached if we consider recent photo- shoat, and that as it was a pesky here for tonnage to carry pig iron ontrary critter to drive, I says to from Middlesborough and Hartlepool Job that I d have to ask him to help to the United States. The chi ne home with it. Job he scratched of coal tonnage on the Type and registered on the photographic plate he was trying like all-possessed to "Indeed, we sometimes reach a think o' somethin. They by and by te says to me that he didn't think he

I says to him that he must have stars, however long the exposure. We the shoat, and he says to me that he Sir Hiram S. Maxim has written de to know what made me think so, remarkable letter relative to gambling and I says to him that he must have at Monte Carlo in which be demon it cause it wasn't to home.

" Why, is that so ? says Job, and not one chance in a million of win head, and lookin' up to the sky as if he was tryin' to get things straight, contract for a new Chinese loan all he could possibly see. The part me that he'd be darned if he remem railway from Tchengting to Yuan fi bered the shoat fellering of him in, The bonds will be issued by the Hus but he'd go an' lod

"So we went over to Job's pig- reary. pen, but the shoat wasn't there. We looked high and low all over the ic cannon is now engaging the attenpremises, but not a sign of a black tion of German artillerists in an in shoat was anywhere to be seen proved shape. It is only available !

"Then I had an idea, and I says forts. The principle of the gun is the empty space that girds our realm of erv, and sold him there. Job scratch- tile more than three miles with accur ed his head and looked more gumacy. Birkeland says he can increase fuddled than ever, and by and by he the distance fourfold says to me that be mown a done it. but it didn't seem to him, he says, duke Ernst, of Budapest, is to be pro as if he'd had time to do it and git secuted for participation in the forback home; and he hollers to his geries committed by one Max Skudwife and asked her if a black shoat had followed him home last night and

"Job's wife she str k her bead out o' the door and thun, a while, and then she hollers back that there wasn't no shoat follered him home last night, neither black or white. and that there hadn't nothin' follered the sound of the gong and evidently him home since Mose's two sheep had targed him in, and that was day their money. Ryan finished his man afore vesteddy, she says.

with a stiff left to the chin in the That's jest what I was thinkin', savs Job. 'No. Simeon, he' says, 'I don't think your black shoat follered me in last night. He mowt's "Samuel" in the opera "Pirates of

but I don't think so, says Job. Penzance" at the Auditorium of "And that's as far as I got track Wednesday, Thursday, Friday and o' my missin' pig,' savs. Simeon Saturday, Feb. 18-21, 'Where do vou s'pose he kin be WANTED-Clean rags at Nugget of-

Dan'l ?' savs he. "The idee that anything could turn fice for wiping machinery.
