Vol. XLI, No. 43.

WOLFVILLE LOSES TO BRIDGETOWN

Visiting Team Won By Three Runs and Eight Wickets

Wolfville was defeated by Bridgetown in a league cricket game on Saturday. The game was won by three runs and eight wickets to spare, the winning run being scored when only two Bridgetown players were out.

The game was uninteresting and, contrary to games played before this season, it did not comprise any brilliant fielding nor did it provide any thrilling moments. Several long hits were made in the batting, and D'Almaine, of Wolfville, had the batting honors for the day, when he scored 27 runs. If each Wolfville player had done half as well as he the tale might have been a different one, but he lacked support. While he was scoring his 27, the other ten, combined, could gather only 12 runs. Seven Wolfville players were retired in the first inning without breaking their duck's egg, and a majority of these did not last an over.

For Bridgetown Philip Donat ran up the high score, 19, while Little, McKenzie and W. Donat ran into double figures also.

Jack Malcolm, star Bridgetown pitcher, who was bowling a great game for Bridgetown, had a chance to show his sportsmanship in the last part of Wolfville's second inning. Robinson hit one which Malcolm caught, not, however, before it touched the ground. If he had let it go as a catch the game would have been ended and Bridgetown would have won easily. However, he called it a "bum" ball and called the players back to the field. Robinson collected more runs and necessitated Bridgetown's going to bat again. They put up but four men before they collected the eleven runs necessary to win.

WEDDING ANNIVERSARY

On Monday evening, Aug. 7th, a number of people met on Wolfville Ridge and made known their approach to the home of Mr. and Mrs. Reginald Hennigar by the blowing of horns and whistles and the ringing of bells. It was the tenth anniversary of their wedding. The bride and groom of ten years opened their hospitable doors and ushered in the company out of the pouring rain. The visitors took charge. Mr. and Mrs. Hennigar were presented with some useful and ornamental gifts and beautiful bouquets of cut flowers. A well arranged program of games, solos and instrumental music was carried out, and the party broke up, after singing the National Anthem, in the wee small hours, wishing their host many happy returns.

TO GET TRADE FOR CANADA

Hon. J. S. Robb, Minister of Trade and Commerce, left last week for England on a mission designed for the development of trade between Canada and European countries.

GREENWICH

The whole community was interested and shocked when the news was circulated on Wednesday (2nd) afternoon and evening, of the fatal accident at Windsor, that the only son—Lloyd—of Councillor and Mrs. Ira Lohnes had been almost instantly killed that afternoon, by falling from a team wagon to the street, his head being struck by a wheel. The terrible accident happened so near to his home, on a public street and while the little boy, who was between 6 and 7 years of age, was on his way to his father's place of business, he being the well known undertaker of that town. He also was riding on his father's team in company with an elderly man who was very fond of the little fellow and who was in Mr. Lohnes employ. Mrs. Lohnes, the mother of the little boy, was Miss Bessie Harvey, daughter of Mrs. Emma Harvey of this place. Mrs. Harvey and Mr. and Mrs. Lee Bishop, as soon as possible started for Windsor, Mr. Harris Forsythe taking them in his car. The funeral was held on Friday afternoon. A good many relatives here motored down to attend. The grief stricken parents have the sympathy of friends here. Two little daughters are left to them.

Miss Isabelle Hawley went to Waterville last Wednesday, to visit friends for some time.

Mr. and Mrs. Edward Jiles and two children, of Digby, recently visited for a few days at the home of Mrs. Jiles' sister, Mrs. R. Schofield.

Mr. and Mrs. Manzer, of Somerville, Mass., are guests of the latter's sister, Mrs. George Bishop.

Mr. and Mrs. Chesley Forsythe, of Bridgetown, called upon relatives here last Thursday morning, having motored through, accompanied by "nearly" Mr. and Mrs. Banks, of Morristown, the latter being a sister of Mrs. Forsythe. They went on to Halifax to spend a few days, Mr. Forsythe being on a vacation from his duties as station agent.

Miss MacDonald, who has been a guest of Miss Esther Pearson for over a week, left on Saturday morning for her home in N. B.

Mrs. T. A. Pearson and daughter Annie, are spending some time with Mr. and Mrs. Brenon Merry, at Bear River.

Mrs. Fred Forsythe left on Saturday morning for Mordean, to visit for a week, with her friends, Mr. and Mrs. Hicks, of Aylesford, who are stopping over at the shore for a few weeks.

A PLEASANT OUTING

Employees of L. E. Shaw Ltd. Hold Picnic—Other News from Avonport

The employees of the brick-yards of L. E. Shaw Limited, with their families held their annual picnic on Saturday last at Kingsport. Seven cars and one truck conveyed the party of about sixty-five to their destination and a most enjoyable afternoon was spent. The sports included baseball, running and other athletic events. On the return trip the party stopped at Wolfville, where the ball team played a game with the 'Boy Scouts', resulting in a victory for the visitors by a score of 7-3. The evening was spent at the Opera House where a fine program of pictures was presented after which a delightful drive home was much enjoyed. The whole affair was a most pleasant one and tended to still further promote the good feeling that exists between the management and employees of the Company.

Mr. Edwards and Miss Haldeen motored from Halifax on Sunday last and spent the day with their friend Miss Olive Parker. On their return to the city they were accompanied by Miss Parker who will spend three weeks there.

Mr. L. E. Shaw spent Monday and Tuesday of this week in Halifax and Truro.

Miss Kimba Lockhart is spending the week in Hantsport guest of her friend Miss Ida Harvey.

Miss Alice Fuller attended Camp Meeting at Berwick on Sunday last. Mrs. C. A. Homes and little daughter Frances left on Friday of last week for a two weeks visit with her parents in Shubenacadie. She was accompanied by her cousin, Miss Nan Miller who has been her guest for the past two weeks.

Dr. and Mrs. B. C. Borden returned on Tuesday from Sackville, N. B. Mr. Ralph Holmes and friend Miss Armstrong, of Windsor, spent Sunday last with Mr. and Mrs. W. A. Holmes, Sr. Mr. and Mrs. George E. Wallace and two children and Mr. Fred Wallace, of Newton, Mass., are guests of E. L. Wallace.

Mr. and Mrs. Carey, of Sackville, are last for Drinkwater, Sask., where he will visit his son, Mr. Edward Carey.

Miss Leah Borden, of Canard, and Miss Gertrude Borden, of Wolfville, were the week end guests of Dr. and Mrs. B. C. Borden at "Crancroft".

PROVANDIE TO RETURN TO EUROPE

Wadsworth Provandie, the distinguished American Baritone has been offered these appearances at Albert Hall, London, England, together with an engagement with the celebrated Colonne Orchestra, Paris, during the coming season.

These engagements will mark the Baritone's first appearance in Europe since 1914. When asked if he would make an extended stay overseas Mr. Provandie thought it doubtful because of the chaotic conditions still obtaining in Italy where most of the Grand Opera companies start out, although he has a standing contract to sing leading roles under Impresario Pozzolo, Milan, should he care to do so.

During the greater part of last season Mr. Provandie devoted his time to teaching, counting among his pupils some of the best singers in the South.

Temporarily retiring from public singing gave him the opportunity of enlarging his repertoire preparatory to his appearances in the coming season.

Mr. Provandie will still maintain his school with able assistants and it is possible he will devote some time also to making records for the Brunswick Phonograph Co.

Mr. Provandie and his talented wife, Marion Tufts Provandie, will again delight the people of Wolfville and vicinity at the Opera House, Aug. 21st.

"THE UNLOVED WIFE"

Miss Florence Edna May must have had the important questions in a woman's life in mind when she wrote "The Unloved Wife", as the dramatic construction of this play shows the untiring efforts of a master mind in playwrighting and stagecraft. "The Unloved Wife" is human, it carries with it an appeal, it strikes quick at the heart, its comedy situations are brilliant, it is a remarkable story made into a really big play.

Unity Play Co., the producers, sends it here with a capable cast and beautiful production. The performance is for everybody over the age of sixteen, at the Opera House, Wolfville, Tuesday night only, Aug. 15th.

Pay Your Subscription To-day.

WOLFVILLE PLAYERS WIN AND LOSE

In N. S. Tennis Tournament at Bridge-water

Fine weather greeted the opening of the N. S. Tennis Tournament at Bridge-water on Monday. Wolfville's male representatives were unfortunate in that they were drawn with the best players in the province in the first round. R. W. Tufts lost to A. C. Wiswell, Halifax, last year's champion, in two exciting sets, 2-6, 4-6. Dr. Leslie Eaton was defeated by Captain Black, of Lunenburg, a former member of the British Davis cup team, 3-6, 4-6. This match drew rounds of applause from the gallery. Prof. A. B. Balfour lost to R. H. Goss, Halifax, 4-6, 4-6. Dr. C. E. A. deWitt gave Major C. Grant, of Halifax, a former champion, a hard game, taking the first set, 6-3, but losing the next two, 4-6, 2-6. Dr. Eugene Eaton defeated Ross McLean, Halifax, 8-6, 2-6, 6-4; and Austen Chute defeated his team-mate, Murray Beardsley, 6-2, 6-4.

The rain on Tuesday interfered with the tournament but playing was resumed on Wednesday. Dr. Eugene Eaton lost to Major Grant, 1-6, 3-6. R. W. Tufts and Dr. deWitt, playing splendid tennis, defeated Smith and McLean, Halifax, 6-3, 6-0. R. W. Tufts and Mrs. Fay, Bridgetown, defeated R. McLean and Miss E. Nauss, Halifax, 6-4, 9-7.

Miss Mary K. Lewis, of Lewis Avenue, South Yarmouth, Nova Scotia, has contributed to the Heraldic Display of the College of Arms of Canada, on parchment, a beautiful painted coat-of-arms of the Poole family. It is the work of her own hands as an artist. She ranks first of all in the Maritime Provinces, in ornamental art and she is the only one in the Maritime Provinces to send a specimen of Heraldic art in the said Display.

The congregation of St. Andrew's Church was favored on Sunday morning last with two beautifully rendered solos by Mr. Louis Bennett.

ENVER PASHA

Former Turkish Minister of War, who has established a new Mohammedan state in the Trans-Caspian. He has warned the Soviet to keep their hands off trans-Caspian territory despite the help they gave him in establishing his power in Turkestan.

U. S. RY. STRIKE CAUSES FEWER VISITORS

The strikers are not earning for themselves or their cause any good wishes from travellers. The news comes now that two charming girl descendants of the vice-admiral Nicolas Denys, Count de la Thibaudiere, etc., Viceroy in 1654 of Acadia (Nova Scotia), Gaspesia and Newfoundland, cannot secure transportation in time to be present at the Grand Pre celebration. Their names are Susan and Willimay Simmons and their home is a beautiful plantation near Louisville, Kentucky. They hold their diploma of registration in the Noblesse in the College of Arms of Canada. Their father, a wealthy and prominent banker, died some years ago leaving them heiresses to considerable property. On their father's side they descend from the English magistrate Samuel Simmons who was Deputy-Governor of the Province of Virginia under King Charles I in 1645. As representatives of Acadia's ancient viceroy a public reception had been planned for them at the Government House, Halifax, on their arrival.

FUNERAL OF DR. PRIMROSE

The funeral of Dr. Frederick Primrose took place last Saturday afternoon from his late residence. There was a short service at the house for the family and personal friends conducted by Revs. G. W. Miller and R. F. Dixon. The body was then taken up to St. John's church where it was met at the entrance to the churchyard by Rev. H. C. Cunningham of St. George's, Halifax, a very old friend of the deceased. A good choir had been got together and in the absence of the organist, Mr. David Manely, Mrs. L. Haliburton Moore took the organ. Two hymns and the Nunc Dimittis were sung and the Rector read the service. A short and very touching address was delivered by Rev. G. W. Miller, who had attended the Dr. during his illness, in which he spoke briefly of his fine personal qualities. Rev. Mr. Cunningham took the service at the grave. There was a large attendance in the church.

FARMERS' PICNIC

There will be a Farmers' Picnic at the Experimental Station, Kentville, Friday, Aug. 18th, at the picnic grounds. Tea, milk and sugar will be supplied by the Station free at noon and evening. Dishes will be provided as far as possible. A cordial invitation is extended to all Associations to join in making this a success. A program is being arranged and an opportunity will be given to look over the work being carried on at the station.

OPERA HOUSE, Wolfville

JOINT GRAND CONCERT

Monday Ev'g., August 21, at 8.15

WADSWORTH PROVANDIE

Celebrated Grand Opera Baritone

AND

Marion Lina Tufts Provandie

Eminent Pianist

Positively their last appearance here for some time.

WHAT THE CRITICS SAY:

MONTREAL STAR

Beyond a doubt the laurels of the evening go to Wadsworth Provandie, for his splendid work as the King of Ethiopia, he possesses a rich powerful Baritone with unusual clear qualities. Throughout his entire performance not a break or a false register was noticeable, his presentation in emotional scenes and particularly in his acting with Aida, was evidence of his scenes ability, and reserve force. Creator is always welcome to Montreal with such a singer as Provandie!!!

TORONTO GLOBE

Unquestionably the palm goes to Wadsworth Provandie who last night gave an admirable portrayal of Rigolotto, his robust Baritone voice is particularly suited to the character he represented.

QUEBEC CHRONICLE

Provandie's voice is a marvelous Baritone of great power and dramatic quality, and he is an actor born. He brought to his tragically pathetic character of the Hunchback superior intelligence, breadth of imagination, and great histrionic power, in addition to his splendid musicianship. Last night's audience will not soon forget his masterful singing.

THE GREAT PADEREWSKI

calls Mrs. Provandie his grand-daughter at the piano, in recognition of her remarkable ability and artistic interpretation.

PHILLIP HALE

of Boston Herald states: "Miss Tufts possesses a finely trained sense of artistic judgement. Her touch is agreeable and combines beauty and eloquence in every respect. A touch that is robust and yet not harsh. A tone that is warm and luminous, and with melodies clearly defined. Hers is the individuality that appreciates the value of poise and restraint, as well as exuberance and warmth of feeling. It is this command over her emotional and intellectual forces that mark her as indeed the 'pianist of today'."

There are singers and there are pianists, but we say without fear of contradiction, that the above artists are positively the greatest artists that have ever visited this valley, and this is YOUR opportunity to hear them.

Price \$1.00 plus tax. Seats now on sale at Wolfville Opera House, Phone 20-11. Secure your seats early.

SPARKS FROM THE WIRE

The darkness of intemperance has been dispelled throughout the Province by the brilliancy of Prohibition light, we have our plant and equipment installed throughout the Province, and it is for us to see that the full current is kept on, each light burning brilliantly, the power station kept running to the top notch, and it is only by keeping the light constantly shining that we can keep the darkness dispelled. Every unit of membership is required to keep up the power in our circuit. Surely you do not wish to see the power weakened nor the light dimmed? We know that we can depend upon you to do your best, and there is no time like the present, so do it now.

Yours Fraternaly, in Love, Purity and Fidelity.
 GEORGE A. McLEOD, G. W. P.
 Grand Division Sons of Temperance of Nova Scotia.

WHAT KRAMER SAYS

Few men in Ohio have been closer students of the development of the Prohibition sentiment and the power of the old liquor traffic than John F. Kramer, first Federal Prohibition Commissioner. Mr. Kramer considers this a most critical period in the history of Prohibition, and says, "Never was there a time in the history of the Anti-Saloon League or the W. C. T. U. when these organizations were needed more than now, and if they were to stop their activities, Prohibition would soon become a thing of the past. There must be more organization and more education during these restless years of reconstruction.—Forward.

ISN'T IT STRANGE

A well known firm of carters in London, Eng., have 25,000 pieces of crockery broken every week.

Old age pensions are drawn by 72,311 persons in London, Eng. Of these more than two thirds are women.

A Pittsburg, U. S. A., girl, Jessie Ann Vichstain, eleven years of age, preaches every Friday night at a mission hall.

Charles Dickens wrote a Life of Christ for his children, and left definite instructions that it should never be published.

The ticking of a clock in a wireless station in Bordeaux, France, can be heard distinctly in Wellington, New Zealand, where Dominion time is synchronized daily with Greenwich time via France.

The Sperry gyro-stabilizer, which, its inventor claims, will prevent a ship from rolling badly in a rough sea, is a solid metal device 23 feet in diameter and 100 tons in weight, capable of revolving 800 times a minute.

In the Spalding district of Lincolnshire, Eng., flower-growers are using electric light in order to secure early blooms. Glasshouses are being fitted with electric lamps and during a part of the night, and on sunless and dull days, the light is switched on.

A GREAT MOTHER

The death is announced of Mrs. Catherine MacKinnon, of Lake Ainslie, N. S. Mrs. MacKinnon was the mother of eight sons, of whom five are in the ministry of the Presbyterian Church. One son resides at home, at Lake Ainslie. Two others are in the medical profession. The five sons in the ministry are, Rev. Murdoch MacKinnon, D. D., Regina; Rev. Hector MacKinnon, Port Arthur; Rev. A. D. MacKinnon, Vancouver; Rev. John Y. MacKinnon, Halifax; Rev. Archibald MacKinnon, Lunenburg. Another son who was preparing for the ministry died in College. No decoration among those bestowed for service to King and country would be too honorable for mothers such as these.

"SIX MONTHS AGO"

"It's hard to realize that six months ago I couldn't walk across the floor and now I am so well!"

"I have never been very strong but the heat last summer was too much for me. This and the fact that my husband was out of work and I had to work day and night to keep from starving, left me a physical wreck. Luckily my husband was able to get a good job just when I had to go to bed. I tried everything I could think of to get strong, but each week, I was reduced to a skeleton. I couldn't eat or sleep, I had no strength left and finally I was so weak that I was trying to cross the floor one day I collapsed. I was so ill and weak that I didn't care whether I lived or died. And then I heard about that marvelous preparation—Carnol. A friend of mine had used it with wonderful results and as it had done so much for her, I decided to try it. The results were nothing less than miraculous. In two weeks I was able to get up and walk about the house. My appetite had returned. I was actually hungry. I could sleep when I went to bed, something I had not been able to do for months. I have already taken six bottles of Carnol and I am still taking it. I weigh more today than I ever weighed before in my life. I sleep like a child. I am never tired and my skin is as clear and my cheeks as rosy as a girl's. I bless the day I heard about Carnol." Mrs. K., Toronto.

Carnol is sold by your druggist and if you can conscientiously say, after you have tried it, that it hasn't done you any good, return the empty bottle and he will refund your money. 8-122

SOLD BY H. E. CALKIN

KEEP COOL IN SUMMER BY USING COOL DRINKS AND DESSERTS

By Mary Mason Wright
 When the hot weather comes there is a demand for cooling drinks, and frozen desserts, even the fruit sherbits and sorbets are very acceptable, although they are not much more than frozen drinks; yet with the addition of egg-whites, nut-meats and conserves of whole fruit, they are not only delightful to the palate, but are nourishing, and suited to the needs of the system during hot weather.

Banana Cream
 1 pint whole milk, 2 eggs, 2 oranges, 2 cups sugar, 1 pint cream, 1 pint banana pulp, 1/2 lemon, 1 teaspoonful vanilla.

Just bring the milk to the boil, then stir in the well-beaten eggs, add the sugar and cook until smooth, then let cool and add the vanilla. Add the cream and pour into the freezer and partly freeze; then stir in the banana pulp, and the fruit juices and complete freezing. Serve in glasses with balls of banana rolled in lemon juice, and then in powdered sugar.

Orange Cream
 1/2 cup rice, 4 oranges, 1 pint cream, 1 quart whole milk, 2 cups sugar, 1-8 teaspoonful salt.

Place the milk and the rice and salt in a double-boiler and cook until tender; let simmer a little of the grated rind of the oranges in this; then add the sugar and cook a little while longer. Pass through sieve. Cool, and then turn into a freezer, and when it has commenced to freeze stir in the whipped cream, and the orange pulp, and finish freezing. A good orange cream is also made without the rice. Use two eggs to a pint of milk and one of cream. Scald the milk, and pour over the well-beaten eggs, and stir over the fire until smooth; then add the sugar to taste, and cool. Pour into a freezer and partly freeze, stir in the whipped cream and the juice and pulp of the oranges. Complete freezing.

Pineapple Mint Sherbet
 1 pint chopped pineapple, 18 mint leaves, 2 egg-whites, 2 cups sugar, 3 lemons, 5 cups boiling water, 1 table-spoonful gelatine.

Place the mint leaves and the thin rind of the lemons in a cup or two of the water, and let simmer for about twenty minutes, then strain. Stir the gelatine dissolved in a fourth cup of water. Add the sugar and the remaining water and let boil to a syrup; add the lemon juice and let cool; then add the mint and pour into freezer and freeze to a mushy consistency; then stir in the pineapple pulp, and complete freezing.

Caramel Ice Cream
 3 cups heavy cream, 2 whole eggs, 2-3 cups caramelized sugar, 1/2 teaspoonful salt, 3 cups milk, 1 teaspoonful vanilla, 1 cup light brown sugar.

Scald the milk in a double boiler; beat sugar and eggs together until light; add to the scalded milk and stir until the mixture thickens; add salt.

Homes Wanted!

For children from 6 months to 16 year of age, boys and girls. Apply to H. STAIRS, Wolfville Agent Children's Aid Society.

Plumbing and Furnace Work

JOBING PROMPTLY DONE

H. E. FRASER

Phone 75

while still warm add the caramelized sugar brown the sugar, but be careful not to let it burn, add one-fourth of a cup of boiling water. Turn into a freezer and partly freeze; then stir in the whipped cream, and complete freezing. Pack down in salt and ice and allow to stand a few hours before serving. A few fine-chopped nut meats improve this cream.

Grape Ice Cream
 1 pint heavy cream, 1 cup grape juice, 1 table-spoonful gelatine, 1 pint top milk, 1 cup sugar.

Scald the milk adding just a pinch of salt and the sugar; then stir in the gelatine, dissolved in a little cold water. Let cool, freeze partly, and stir in the grape juice and the whipped cream. Freeze, and pack down in salt and ice and let stand one or two hours.

Cocoa Ice
 1 pint water, 1 cup heavy cream, 1/2 teaspoonful vanilla, 1 pint milk, 6 table-spoonfuls cocoa (level), 6 table-spoonfuls sugar.

Mix the cocoa and sugar; add a little of the water and mix to a paste, then add the remainder of the water. Bring to the boiling point and let boil two or three minutes; add the milk and bring to the boiling point again. Remove from the fire, and let cool. Flavor with the vanilla. Pour into a freezer and freeze to a mushy consistency; then stir in the cream whipped stiff and sweetened with a little powdered sugar. This is nice served with maple-nut sauce. By using shaved ice with this instead of freezing it in a freezer you have a delicious iced cocoa. Top with the whipped cream.

Orange-and-Peach Sherbet
 1 quart peach pulp, 1 pound sugar, 2 egg-whites, 2 cups strained orange juice, 1 pint water.

Boil the water and sugar together for about twenty minutes then let cool. Add the peach pulp, using rice, ripe, uncooked peaches that will mash fine, and the orange juice, and pour into freezer and freeze to a mushy consistency, then stir in the whipped egg-whites and continue freezing by packing down in ice and salt, but do not stir any more.

Maple-Nut Mousse
 1 pint heavy cream, 1 cup chopped nut meats, 1 cup maple syrup, 1 table-spoonful gelatine.

Place the maple syrup in a double boiler and heat, then stir in the gelatine that has been dissolved in a little cold water, then add the chopped nut-meats, and fold in the cream, whipped until light. Line a mould with plain ice cream, and fill the centre with this mousse, cover tightly and pack down in ice and salt for two or three hours. Dip the mould in hot water, turn out on cold plate.

and slice down. This is fine with chocolate ice cream, also; line the mould with the chocolate cream instead of the plain ice cream.

CANNING GIRL WINS SCHOLARSHIP

CANNING, N. S., August 1—Miss Emma Bigelow, daughter of Councillor and Mrs. H. B. Bigelow is receiving the congratulations of her many friends on her brilliant record at the recent Provincial Examinations.

Miss Bigelow entered the King's County Academy at Kentville in the "A" class at the beginning of the school year and took the whole High School course of four years, in French and Latin, in the one year.

The results of the Provincial Examinations show that Miss Bigelow leads the class of eleven pupils in both French and Latin. She has also made the highest aggregate in the class, and thereby wins the \$100 scholarship.

Miss Bigelow well merits the praise of her friends on her good work.

Misses Mildred Holmes, Mabel Brown and Ruth Sheffield, all students of the Canning High School the previous year, are also to be congratulated on obtaining their "A" certificates.

THEY WOULD APPRECIATE THE SERVICE

How often does your salesman cover his route in a year?
 Twice thrice or perhaps four times.

In any case there's a big gap between his visits to your customers.

Without a doubt many of them, in these days when business confidence is still only slowly reviving, will have underestimated the demand they had to meet, and will have given an order too small for their needs.

Are you to leave your customers with shelves bare of your goods until the next regular visit of your salesman?

In that case you lose business and give your competitors a chance to oust you.

It's a poor method!

Why not cut away from crippling routine and go after that business man-fashion.

A Long Distant Telephone Call to a customer likely to be short of your goods won't cost you much; and, even if it doesn't result in the immediate sale of a bill of goods, it will earn you valuable returns in the shape of Good Will.

The customer will appreciate your attention to his interests.

FRANK W. BARTEAUX

CONSIDER THE OLD HEN—

She doesn't quit scratching when worms are scarce

¶We'll say she doesn't.

¶On the other hand when the picking is poor she does more scratching than ever before, going over the back yard with a fine tooth scratcher, so to speak. And more than that she invades new territory, and opens up new fields of endeavor.

¶How many of us can learn a lesson from the homely hen, and when business is bad, instead of sitting idly by waiting for it to "pick up again" proceed to do more advertising—more extensive advertising—better advertising—than ever before.

¶And not only that, can't we too open up new fields—reach out further by newspaper advertising, and like the old hen, increase our scratching radius.

¶THE ACADIAN reaches every corner of your territory and is read by more than 95 per cent. of the people whom you wish to reach.

¶In other words, we furnish the scratcher.

¶Here's to the old hen, long may she scratch.

¶And may we have sense enough to profit by her example.

THE ACADIAN
 PUBLISHED EVERY FRIDAY AT WOLFVILLE, N. S.

Another Conference at Wolfville

(Continued from last week.)

At the session on Tuesday morning Rev. Mr. Machum led his class further into the depths of Old Testament history with energy and explicitness. Rev. Mr. Strothard's class considered ways and means of holding the attention of the pupil.

Of the specialization groups Miss Harrison's is entirely practical. She is the Children's Division Secretary for the Maritime Religious Education Council and has an attractive personality, and a talent for getting things done. Her class has been specializing in the proper teaching of the children's division in the Sunday School, and has been particularly helpful to the members.

In the afternoon the first games in the volley ball championship were played with the following results: Annapolis County defeated Western Nova Scotia 21-14. Kings County East defeated Kings County West 21-18. New Brunswick defeated Eastern Nova Scotia 21-5. The fat people defeated the thin people amid much applause.

In the evening after Mr. Milligan's lecture on intermediate work, the students gave a practical demonstration of dramatizing stories. The stories of the "Ancient and Modern Virgins" and the "Pied Piper of Hamelin," were very clearly expressed by dramas arranged in a short time and with remarkable cleverness by a number of the students under the leadership of Mrs. Banks, Mr. Neary and Mrs. Ross.

The lecture by Dr. Clark on Wednesday morning was on Psalm 73—"The Song of the Clue to the Mystery". This Psalm is a struggle in man's mind, a battle between two conflicting emotions. He is almost undone when he sees how prosperous the wicked people are, yet he follows their course quite logically until he sees them come to judgement, and then he realizes that it is something else than worldly prosperity that brings true success and lasting happiness and glory and joy to life. It is the presence of God and so he comes to the glorious conclusion in the last verse of the Psalm, as for me I am happy when close to God; I have made Him my refuge.

Mr. Machum, Dean of the Faculty, conducted his course on Old Testament history, dealing with the major and minor prophets.

Mr. Strothard showed how to use illustrations and stories properly in teaching the Sunday School students while the specialization work was again done most efficiently by Miss Harrison, Miss Mitchell and Mr. Milligan.

In the afternoon the volley ball championship was continued, with the following results: Annapolis County defeated King's County West 21-13; Eastern Nova Scotia defeated King's County East, 21-18; New Brunswick defeated Western Nova Scotia, 21-16.

In the evening after the regular lecture on Young People's Work by Mr. Milligan, Miss Harrison gave an interesting sketch of how pageantry and drama came to be used in connection with this work. As an example of how quickly these things could be done, she divided the audience into seven groups and asked that in ten minutes each group be ready with a simple dramatization of some historical event. The results were wonderful and showed both talent of the school and the benefits accruing from such impromptu work!

On Thursday the work of the Summer School was finished and the conference came to a close. Into the one short hour at their disposal the lecturers in the different courses at the morning session endeavoured to pack as much information as was possible.

In the afternoon the volley ball championship was settled for this year, the honors going to New Brunswick.

The graduation exercises were held in the chapel hall at eight o'clock with Rev. Mr. Machum in the chair. Friends of the graduating class, with the students filled the hall to capacity with an eager and interesting audience.

After devotional exercises a bright little play was staged, illustrating what the ideal Sunday school should be, as told by a young lady who had been a delegate at a S. S. Convention.

On behalf of the students Miss Ella Covey, of Halifax, gracefully addressed the audience, urging the students to go forward with renewed energy and added knowledge to do a greater service in Sunday schools of the home congregation. She also voiced the appreciation of the students for the painstaking work and untiring energy of the members of the faculty. Rev. D. H. Maitland, of South Ohio N. S., was the representative of the graduating class to speak on their behalf, which he did exceedingly well. He gave as the keynote of the Summer School the word "efficiency" with its inclusive qualities of patience and perseverance.

Mr. Machum reported sixty-six regular students, four occasional, and two visitors, which with faculty made total attendance of seventy-nine, the largest number ever enrolled in any of the Maritime Summer Schools. Sixty-two certificates or diplomas were presented amid much applause.

The graduation class are as follows:—Miss Ella Covey, Halifax; Miss MacConaghey, Fredericton; Mrs. A. J. Banks, Middleton; Mrs. Frank Neary, Wolfville; Rev. D. H. Maitland, South Ohio; Rev. Frank Neary, Wolfville.

The honor list is as follows:—Miss Ella Covey, Halifax; Miss Marjorie Mason, Wolfville; Miss Annie Allen, Yarmouth; Miss Ruth Jackson, Bridgetown; Mrs. G. E. Forbes, Scotsburn.

After the presentation of the diplomas, Dr. J. E. Clark, of Halifax, spoke on behalf of the faculty, and in his usual happy way he summed up the whole life of the conference and gave the students a most delightful message to carry away with them.

Thus closed the Summer School of Methods for 1922, and the students are already looking forward to the school of 1923.

He who has some goods to sell, And whispers the details down a well, Is not so apt to collar the dollars, As he who climbs a tree and hollers.

Don't complain to the editor because he doesn't print all the news. You'll probably see the time when you'll be mighty glad he doesn't.

CAMP ALDERSHOT WILL OPEN AUGUST 22nd

The Kings N. S. Mounted Rifles, affiliated with the 6th C. M. R. Battalion, C. E. F., will go into camp at Aldershot this year for their annual training on Tuesday, August 22. Lt. Col. T. A. Lydiard, of Kentville will be in command of the regiment, with Lt. Col. B. W. Roscoe, D.S.O., as second in command. The squadron commanders will be as follows:

A. Squadron (Canning)—Major F. R. Henshaw, M. C.

B. Squadron (Kentville)—Captain J. P. Knowlton.

C. Squadron (Middleton)—Major Ross Parsons, M. C.

All the officers and N. C. O.'s of the regiment are returned soldiers. The camp last year was a very successful one, considering the short time available for training. All ranks not only enjoyed the work but benefitted greatly by the nine days under canvas, and in the saddle, and are looking forward with pleasure to a similar experience this year. Therefore, on August 22, the Khaki will again be donned and historic Aldershot, which has been the training ground of thousands of troops including the famous Highland Brigade, of undying memory, will again be a scene of activity.

ORIGIN OF "BRIDGE"

Bridge is a descendant of the old Russian whist and came to its name in a very simple way about forty years ago. At that time there lived at Greta Pally, Leicestershire, England, two families devoted to the game. They paid each other visits on alternate nights. Their way lay across an old rickety bridge, dangerous to travel after nightfall. So often did one neighbor say to the other in parting, "Thank goodness it is your bridge to-morrow night," that in time they referred to their game only as "bridge". And thus the new name became popular in the countryside, and was later accepted throughout England, and soon followed to this continent and all over the world.

ADVERTISING IS A PUBLIC BENEFIT

Government figures prove beyond dispute that business revival is marked by the business revival is meant manufacturing and production. Retail trade has not yet caught up. Close analysis of this situation discloses that the retailers have lagged because they have failed to put into the minds of the people a feeling of confidence that prices have reached the bottom and that better times are at hand. It is amazing how few retail merchants in the smaller towns realize the value of educational advertising. They are so close to the picture they fail to see its perspective. They look for the immediate dollar and in grasping at the shadow they miss the substance. The value of advertising is cumulative. Indeed

that is its greatest worth. Eastman has actually advertised the word camera out of the dictionary and advertised the trademarked name kodak into the dictionary.

The day of misleading advertising has passed. The public has come to see advertising in the light of news, and it is news. The merchant who advertises tells his story frankly to the public, knowing he will be checked up and courting investigation of his statements and prices. The advertisement of today is not the subject of suspicion. It is the merchant who is not afraid to tell his story over his signature that the public regards without doubt, and properly so.

The boom in retail trade awaits only a little thought on the part of the merchant plus the fundamental knowledge that advertising is an investment and not an

expense and a duty owed to the public whose support is sought. The whole business structure of the nation depends on advertising. Increased business means greater production, lower first cost, a larger turnover, increased buying and consequently provides a saving to the buying public. The public should support merchants who advertise because they are the constructive force that helps to keep costs down.

Subscription Rates—In British Empire, in advance, \$2.00 per year. To U.S. A and other countries \$2.50 per year.

Advertising Rate Cards and information respecting territory and samples of paper mailed upon request, or may be seen at the office of any advertising agency recognized by the Canadian Weekly Newspaper Association.

Advertisers must have copy in by Tuesday noon in order to insure changes for standing advertisements. New display advertising copy can be accepted one day later.

Correspondence—Letters addressed to the Editor and intended for publication must be short and legibly written on one side of the paper only. The longer an article, the shorter its chance of insertion. All communications must bear the name of the writer, not necessarily for publication. The publication or rejection of articles is a matter entirely in the discretion of the Editor. No responsibility is assumed by the paper for the opinions expressed by correspondents.

Editorial Notes

It is decidedly uncomfortable—to find ourselves continually scuffling through miniature ponds of water while picking one's way along our "modern" sidewalks during these times of rainfall. This is particularly the case during the evenings when the heavy foliage in some sections makes our street lights to be pretty nearly useless. Ladies who wear low shoes—as most of them do nowadays—suffer most, and naturally complain. The evil is due to the uneven state of the foot-paths and ought to be corrected. If we are to be content with our earth or cinder sidewalks we should at least see that these are kept in a fair state of repair. The time to have the work attended to is during or following a rain-storm. Then the depressions are plainly discernable, and with the abundance of suitable material at hand might be easily and cheaply repaired. THE ACADIAN but voices a complaint that is frequently heard and trusts that those in charge of our streets will see that the matter has immediate attention.

Now that in all probability the work of dredging the Wolfville harbor will soon be in progress the idea of using the material to be removed for the purpose of filling in the creek inside the railway bridge naturally again presents itself. Both of these undertakings are of the utmost importance and if they can be carried on simultaneously the work ought to be completed at a minimum of cost. We believe that if a determined effort were put forth there would be very little difficulty in securing the co-operation of those in authority in the carrying out of this most desirable undertaking which would mean so much for our town and community. All things may come in time to those who wait, but they certainly come more quickly to those who are not afraid to put forth an effort to secure what they want. This is the time for action.

A WOLFVILLE GARDEN

Mr. C. B. Russell, physical director at Acadia, is proving himself a most enthusiastic and successful gardener. A visit to his well laid off and well kept garden is a treat indeed. One of the features in which Mr. Russell has had great success is in growing sweet-peas. As early as June 24th he had beautiful blossoms and at that time each church in town received a bountiful donation of these beautiful and fragrant flowers. On Monday of this week Mr. Russell picked fifteen hundred blooms and on Tuesday when a representative of THE ACADIAN visited the garden, there was a great profusion of blossoms. Evidently Mr. Russell is a very skillful gardener and deeply interested in his "hobby"

Playing to capacity houses in Halifax for Carnival Week. Read what Dr. J. D. Logan says of this play in Tuesday's Herald.

"The Unloved Wife" is a drama of surprises. It is a thoroughly clean and wholesome play containing not an iota of the salacious or purient. The play thrills the attention, delights the fancy and keeps up the suspense of wonder as to what is really going to end—until the very end and the healing kiss of love. By all means let everybody see "The Unloved Wife". It is a pure, sensible, excellently acted play of love and its truthworth.

A number of young people here attended the Masquerade dance at Pickfords', in Grand Pre, Wednesday night.

Mrs. Thompson and daughter, of Halifax, are visiting Mrs. Maurice Dimock.

Miss Betty Goodwin, of Dartmouth, is visiting friends at the Beach.

"Tell me," said the solicitor for the prosecution, "were you present at the inception of the altercation?" "No, sir," replied the witness, "but I was there when the fight started."

Coming Events

Notices under this heading are inserted at 10 cents a line. Each repeat, 5 cent a line; minimum charge, 30 cents. Contract rates on application.

COMING EVENTS

A meeting of the Executive and Convenors of Fete Committees of the I. O. D. E. will be held in Town Hall, Tuesday, the 15th, at four o'clock.

Owing to the uncertainty and unreliability of the Nova Scotia climate (the weather man has no heart as for instance note the brand he handed out for the tennis tournament in Bridgewater) it has been decided to forestall any nefarious plans this gentleman has up his sleeve for the monster I. O. D. E. fete on Sept 14 and to hold it in the Rink, provided there is no skating on that date. Booths, decorations, special electric lighting, with band music, good things to eat and buy, will make a day long to be remembered. A special feature will be the sale of potted alpine and bulbs of all kinds. Don't confuse the "white elephant" booth with a rummage sale as no second hand clothing will be for sale. Send in the books of fiction you have on hand or that Christmas presents you never could find a use for, or the antimacassar your maiden aunt gave you, or the smoking set your mother-in-law selected, or the oil painting you inherited (no crayon portraits desired), or the souvenir you bought at Niagara Falls. Let every citizen of Wolfville help make this fete a great success.

GIRL GUIDES AT SUNKEN LAKE

On Monday the Girl Guides, chaperoned by Scoutmaster and Mrs. Brown, left for their annual outing at Sunken Lake. There are about twenty-five girls at the camp and Mr. Brown reported by phone yesterday that they are having a happy time. All are well and taking full advantage of the present fine weather. They will return home on Monday when the Boy Scouts will take their places. All boys who wish to go to camp must notify Rev. G. W. Miller not later than Saturday evening, or they may not get transportation. They must meet at the Club Room at 9 o'clock sharp on Monday morning.

At a recent special meeting of the School Board the offer of Messrs R. E. Harris and Sons to supply Springhill coal for \$7.55 per ton f. o. b. wharf was accepted. The supply for the coming winter has since been put in the bins at a cost of \$8.15 per ton.

NOTICE

A sitting of the Nova Scotia Board of Commissioners of Public Utilities will be held at the Town Hall, Wolfville, N. S., on Friday, the 18th day of August at the hour of 10.30 o'clock in the forenoon, for the purpose of considering the application of the Wolfville Electric Commission for approval of an amendment to its schedule of rates. A copy of proposed changes may be seen at the office of the Town Clerk, Wolfville.

All persons desiring it will be given an opportunity of being heard at such sitting.

By order of the Board,
L. B. TAYLOR, Clerk.

Halifax, N. S., Aug. 3, 1922.

MOTORS AND MOTORING: A Page Full of Interest to the Owner or Prospective Owner of an Automobile.

MISSING BEARING MAY SEND MOTOR TO REPAIR SHOP

Types and Engines Best Fitted for Them—As Long as Oil is Kept in Engine, Every One Will Perform Function Assigned to it.

Care of the bearings in an automobile is as necessary as observing the rules of health in the life of the individual. A bearing is a support for the moving part, made so as to minimize friction, stand wear and achieve fine adjustment. There are hundreds of these things in an automobile, so one could hardly be blamed for losing just a few. But the loss of only a few might raise a merry havoc with a machine, and put it in that dry dock of the automobile world—the repair shop.

There are many types of bearings, some in which the metals are selected with the idea of obtaining strength rather than non-friction qualities; others have long metal shells lined with a comparatively soft non-friction metal. In these bearings moving members slide over each other. In addition to this there are the so-called anti-friction bearings, in which balls, or straight, taper, or ball rollers are used, giving a rolling rather than sliding contact.

On the engines alone there are more than one hundred bearings. This is figured on the average six-cylinder motor; some of them have more than double the number. There are for instance, the following:

Six cylinders, six wrist-pin bearings, six crank-pin bearings, four main three cam-shaft, twelve cam, twelve push rod, twelve valve stem, two fan, two water pump, eight ignition, six spark control, six carburetor control, six carburetors, three oil pump, four self-starter, and four self-starter linkage bearings; total 102.

The first named cylinder and piston, not generally termed bearings, are usually of cast iron which gives comparatively long wear and in which friction is not great if well lubricated. When wear does occur at this point it is necessary to re-bore and have large pistons fitted.

The wrist-pin bearings usually are in the form of a bronze shell called bushings, surrounding the wrist-pin; when wear occasionally occurs it is necessary to drive out the bushing and replace with a new one which fits. In some cases it is necessary to replace the wrist-pin also.

The crank-pin bearings are usually in halves, the metal babbit or bronze, surrounded by a steel strap or casing. When wear occurs the adjustment is made by taking out thin sheets of metal, called shims, which allow the halves to be brought together. The main crankshaft bearings are of the same type.

The cam-shaft bearings are usually in bushing form, or of ball type, which must be replaced with new ones when they become worn. The cam-follower bearings may be just flat plates resting directly upon the cam, or rollers running on a pin in the valve push rod. Wear in these parts would usually be compensated for by adjusting screws on the valve push-rods.

The push-rods guides are sometimes made of cast iron or other metal, with babbit or bronze shell in bushing form, and would require replacement when worn.

The oil pump bearings consist of a plunger working in a small cylinder,

with the end bearing against a cam, or a pair of gears driven from the cam shaft. These bearings, being perfectly lubricated, seldom or never require adjustment.

All of the bearings considered so far are cared for by the lubricating system of the engine, which starts when the engine starts to run, and as long as oil is kept in the engine they are quite certain to be taken care of, barring accidental stoppage of the oil lead.

The fan usually runs on ball bearings, which are lubricated with a squirt can, being usually of the cup and cone type, that are adjusted by tightening the cone. The water pump bearings are lubricated by compression grease cups. When the bearings become badly worn it is necessary to drive out the bushings and replace them; generally the shaft also will need replacing. When this shaft becomes worn out of round no amount of tightening of the stuffing box will prevent water from leaking out.

The valve stem guides are sometimes bushings, but more usually are holes bored through the cylinder casting. In the former case, when wear occurs, the bushing may be driven out and a new one, with new valve, installed; in the latter case, the holes must be reamed true and larger, and valves with larger stems be inserted.

In the ignition system ball bearings usually are employed with or without means of adjustment. These are lubricated with an oil can or packed in grease. There is one bearing of the ignition system which is unique in that some manufacturers advise keeping it free of lubrication substances of any kind. This is the rocker arm of the interrupter on certain makes of magnetos. Other forms of interrupters are so constructed that lubrication is advisable.

The carburetor air-valve bearing operates better if not lubricated, but does wear and need replacing at times. The throttle bearings may be lubricated and would certainly wear longer if this was done. When they do wear air is admitted which is noticeable at low engine speed causing skipping and irregular running.

The throttle and spark-control linkage have a number of bearings which may be of the steel ball and socket type or of wire bent to fit in an eye. These pins should be frequently lubricated with a squirt can. Usually they are not adjustable, so that parts must be replaced when they become badly worn.

The self-starter, motor and generator are usually equipped with ball bearings and are lubricated with a squirt can. Both the motor and generator have a copper commutator on which carbon brushes bear. These are not bearings, strictly speaking, but they do require a very slight trace of oil. The commutator becomes worn occasionally and must be smoothed up with fine sand paper, or if badly worn, must be removed and trued in a lathe.

The other principal bearings throughout the car are usually of ball or roller type, which may or may not be adjustable. Usually the directions for the care and replacement are given in the manufacturers' instruction book.

Minard's Liniment for Burns, etc.

MIDDLETON WINS EASTERN VALLEY LEAGUE

Kentville is Defeated by Champions by Thirteen to Nothing

KENTVILLE, Aug. 4—Middleton, by defeating Kentville this afternoon in a one-sided game of ball, on Memorial Park with the score 13-0, wins the championship of the Eastern section of the Valley League. This fine team, second to none in the province, had the honor of winning the championship last season in the Valley League. They are a fine aggregation of players, having worked together for some time. The team has put Middleton on the map in the baseball realm. The team as a whole played so well it would be difficult to specialize. However, V. Reagh as pitcher, J. Reagh in fielding and batting, Appleby as catcher, and Dodge, the team's star first baseman, excelled.

The Kentville team was disappointing after the fine game they put up with Westville Thursday. The fans' expectations were far from realized. Brooks was the best man of the Kentville team. His fielding was great, and he started the only double play of the game when he tagged Fisher and pegged Reagh out at first. He also secured two hits off Reagh, one being a double. Leitch also played real ball, making some fine catches and backing the infielders up well. Metzler made a pretty catch in the outfield, and Walsh retired the side in the first inning by a fine running catch of a high fly.

Hundreds of enthusiastic fans, both from Middleton and Kentville, filled the grand stand, the attendance being the largest of the season.

Hits, off Reagh, 2; off Burrell, 8. Struckout, by Reagh 9; by Burrell, 5. Errors, Kentville, 7; Middleton, 2. Burrell was relieved in the 9th by Caldwell and Leitch.

Middleton—Appleby, c; Reagh, p; Dodge, 1b; Phinney, 2b; Harlow, 3b; Goucher, ss; Fisher, cf; J. Reagh, lf; Fisher, rf.

Kentville—Walsh, c; Burrell, p; Simmonds, 1b; Brooks, 2b; Smith, 3b; Lightle, ss; Caldwell, lf; Metzler, cf; Leitch, rf. Umpires, Bull, Middleton; J. R. Hiltz, Kentville.

TALK INTO NOT ACROSS TELEPHONE TRANSMITTER

In most respects the telephone is such an easy instrument to use that we are very likely to overlook a few simple and really obvious practices that ought to be observed in its use. For instance, the number of people who do not talk directly into the mouthpiece of the transmitter but speak across the mouthpiece and often with their lips several inches away, is really surprising. Let the telephone user observe his own practice in this respect and bear in mind that the correct position is with the lips about a fraction of an inch in front of the mouthpiece. To talk with the mouth six inches away from the transmitter cuts down the volume of sound which enters the mouthpiece thirty or forty times. It is as unsatisfactory as conversation with a person when he is thirty feet away rather than when he is but three or four feet away.

In case either party to a telephone conversation has any difficulty in understanding, a marked improvement will result from talking slowly and distinctly. In fact, at no time when using the telephone is anything gained by rapid speaking.

As an aid to understanding a telephone message when one's surroundings are noisy, the transmitter mouthpiece may be covered with the hand while listening. This shuts out the extraneous noise from the transmitter and prevents the reproduction of this noise in the receiver which the listener holds to his ear, where it would tend to confuse the distant speaker's voice.

Those three practices, although extremely simple will, if consistently observed, be found to yield results amply justifying the slight attention they require.

THIS WILL BE ANOTHER Studebaker Year

Its the car everybody wants because it is the best. The unusual popularity of STUDEBAKER CARS is attested by the fact that the corporation enjoyed the biggest business in its history in 1921.

Notwithstanding the fact that the total number of all automobiles sold (except Ford) was 40 per cent. less than in 1920, the total aggregate of sales for the Studebaker cars was 20 per cent. greater than in 1920—and in Canada 64 per cent. greater than in 1920.

QUALITY COUNTS!

PORT WILLIAMS HAPPENINGS

(Received too late for last issue)

Mr. M. G. Ellis and son Donald left on Thursday for a trip to Boston and vicinity.

Invitations are out for the wedding of Miss Jennie Cogswell to Robert F. Newcombe on Aug. 16th, at the home of her uncle L. M. Cogswell. Everyone is glad that this popular young lady will not by her marriage be leaving the community, where she is so great a favorite.

Mr. and Mrs. Hall, of Bridgetown, spent the week end with Mr. and Mrs. A. F. Newcombe.

Mr. R. F. Newcombe has added greatly to the attractiveness of his house on Belcher Street by the building of a verandah.

Mr. Lorne Rice, of Sydney, is a guest of Mr. and Mrs. G. H. Illsley.

Miss Eleanor Hanson, of Amherst, who has been visiting her aunt Miss Laura Hanson, returned home last week.

Miss Evelyn Chipman, who has been in the States, is spending her vacation with her parents, Mr. and Mrs. O. N. Chipman.

The appearance of the Baptist Church is being greatly improved by a coat of paint. The Forsythe Bros. are doing the work.

Miss Cassie Faulkner spent two days last week in Hantsport, the guest of her grandmother, Mrs. Latimer.

Miss Pauline Lockwood, who is working in the Maritime Telephone Co., Kentville, spent Sunday at her home here.

Mr. and Mrs. Berwick Rooney, of Canning, were guests of Mrs. Hattie Bezanson on Sunday.

Miss Marguerite Bancroft, who was stenographer with G. A. Chase, has resigned her position. Miss Bancroft intends to finish her course at Acadia Seminary. Mr. Arley has taken her place.

Miss Mary Vaughan has been spending a couple of weeks at Hall's Harbor.

Miss Dorothy Illsley, who has been teaching at North Sydney, is spending her vacation with her parents, Mr. and Mrs. Geo. Illsley.

Mr. and Mrs. T. S. Lockwood and Miss Ella Wood are spending their holidays at Harborville, N. S.

Mr. and Mrs. Geo. Starr are entertaining their friends Rev. and Mrs. Webber, of Haverhill, Mass.

Mrs. Amanda Webster and son Harold and daughter Mrs. Hinds, of Brockton, Mass. spent Thursday with Mrs. Elmira Fullerton last week.

Edgar Manuel and two little brothers of Halifax are spending their vacation with their grandmother Mrs. Hattie Bezanson.

The Sunday School picnic held at Kingsport recently was a largely attended and a great success, everyone spent a delightful day. Sports under the direction of the Pastor and a strong committee were heartily entered into by young and old. The good things with which the tables were laden disappeared as if by magic when the children, refreshed by a dip in Fundy's tide, were seated around them. This school is keeping up its record for good attendance during the summer.

APPOINTMENT OF ACADIA GRADUATE

WINNIPEG, July 29—Announcement is made of the appointment of Rev. P. C. Reed, B. A., B. D., as pastor of the First Baptist Church at Port Arthur to succeed Rev. Harry Nobles, who has gone to Regina to become pastor of the Baptist Church there. Mr. Reed comes from Regina. He is at present director of religious education for Saskatchewan. Mr. Reed is a graduate in Arts of Acadia College, Wolfville, N. S., and a Graduate in Divinity of Newton Centre, Mass. He has held pastorates at Bridgewater, Sydney and Hantsport, N. S. During the war he served with the Y. M. C. A. as port officer at Halifax and later as transport officer, making a good record returning with the rank of captain. He is a specialist in Sunday School and Young People's work.

ARE YOU A GOOD SPELLER?

Are you a good speller? Here is a sentence which is guaranteed to make even a veteran speller quake and drop some of his pride. It was read aloud recently at a dinner of the Rotary Club in New York attended by a group of business men whose opinions on commerce and trade their fellows value highly.

Yet out of this short paragraph of 35 words read out by one member and written down by all the rest, not a single one of those present succeeded in spelling every word correctly, although all the words are familiar ones. Now take a change with your family; here is the sentence:

Outside the cemetery sat an embarrassed pedler and a harassed cottler each gnawing a desiccated potato and gazing at the scenery about, being especially attracted by the symmetry of a lady's ankle causing unparalleled ecstasy.

OLD FORT EDWARD—WINDSOR

The only original blockhouse remaining in the maritime provinces, Fort Edward, Windsor, N. S., is to be preserved as a site of historic importance by the Canadian National Parks Branch. It was erected by Major Charles Lawrence in 1750 and was later called Fort Edward in honor of Colonel Edward Cornwallis, Governor of Nova Scotia. The fort occupies a commanding situation adjacent to the railway station and its meadows and old willow trees create a rare opportunity for a small historic park. A tablet has been placed on the wall of the blockhouse by the Nova Scotia Historical Society, but otherwise little attention so far has been given to the preservation of the site.

BE BUSY

If you were busy being kind, Before you knew it you would find You'd soon forget to think 'twas true That someone was unkind to you. If you were busy being glad, And cheering people who were sad, Although your heart might ache a bit, You'd forget to notice it.

The publishers of the best Farmer's paper in the Maritime Provinces is writing to us states: "I would say that I do not know of a medicine that has stood the test of time like Minard's Liniment. It has been an unfailing remedy in our household ever since I can remember and has outlived dozens of would-be competitors and imitators."

CROP CONDITIONS IN THE MARITIMES

OTTAWA, Aug. 2—In an estimate of the fruit and vegetable crops of the Dominion, issued by the Department of Agriculture today, appears the following:

New Brunswick
Apples—25 per cent. in excess of 1921.
Potatoes—74,000 acres, conditions good, but misses numerous.

Prince Edward Island.
Potatoes—35,400 acres, early potatoes, acreage considerably increased over last year.

Nova Scotia.
Apples—75 per cent. of the crop of 1921, or 1,527,000 barrels, fruit sizing well and generally clean.
Potatoes—38,400 acres, conditions excellent.

PROVING MA WRONG

Freddy, with a determined look on his small countenance, marched into the front room and up to the ardent suitor of his pretty sister.

"What's them?" he demanded thrusting out a grimy hand full of small white objects.

"What are those?" said the young man with an ingratiating smile. "Those are beans."

"He does know 'em, ma," bawled Freddy triumphantly into the adjoining room. "You said he didn't."

THE PROPER WAY.

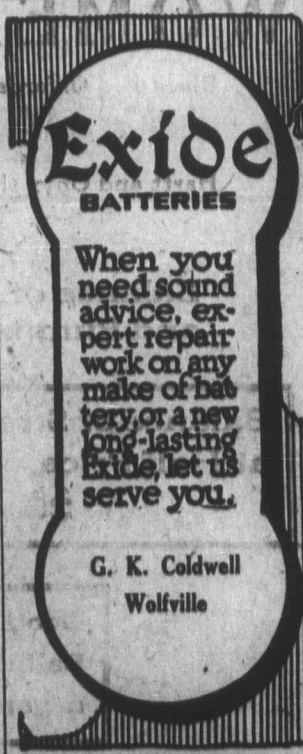

To those who contribute to the support of humane work and the animals' welfare only under pressure or when cornered by some humanitarian, financial strategist, the attitude of Farmer Applegate's cow applies.

"How much milk does that cow give?" asked the summer boarder.

"Wal," replied Farmer Applegate, "ef you mean by voluntary contribooshun she don't give none. But ef ye kin get her cornered so she can't kielk none to hurt an able bodied man kin take away about "even quarts a day from her."

Brown started out without a cent; He's rich now and still rising, Some say 'twas luck; some say 'twas pluck He says 'twas advertising.

Science is a great help in waiting for a street car. They say a thousand years is but a day to a scientist.

EDDY'S Indurated Fibreware Baby Tub

Baby will just love his bath in an Eddy Fibreware Tub. Its glazed surface can't scratch or chafe his tender skin and it is so easy to keep sweet and clean.

The water too, will retain its heat longer in an Eddy Fibreware Tub. No danger of chills for baby no matter how long he plays in his bath. His body can't come in contact with cold metal or splintery wood.

Lighter than wood, easy to lift and carry, Eddy's Indurated Fibreware Tubs are yet stronger than metal. They can't leak, rust or become odorous. Buy an Eddy Tub for your baby. It costs no more than the old-fashioned kind and lasts twice as long. Ask your dealer.

PERSONAL

Personal Paragraphs

Mrs. A. M. Wheaton is spending the week at Deep Brook.

Dr. and Mrs. G. B. Cutten and family have returned home from Deep Brook.

Mr. and Mrs. Dan McGilley, of Truro, are visiting Miss S. I. Chase, Church Street.

Miss Carrie Hennigar left yesterday for Quebec, on a visit to Mrs. Arthur Jones.

Miss Annie Allen, of Yarmouth, is visiting Miss Margaret Chase, Church Street.

Rev. Earle Kinley and family, of Truro, are spending part of their vacation at Wolfville.

Dr. and Mrs. M. C. Foster are visiting at the former's home, West Torbrook, Annapolis county.

Mr. A. B. Balcom and family left last Saturday for Mahone Bay, where they will spend August.

Mrs. R. D. G. Harris and daughter, Miss Helen, are visiting friends at Riverport, Lunenburg county.

Miss McElheny was a visitor over Sunday with friends at Halifax, and remained for the summer carnival.

Rev. G. G. Bleakney occupied the pulpit of the First Baptist Church, Charlottetown, P.E.I., on Sunday last.

Mr. Murray Smith, of the Bank of Montreal staff, is spending his vacation at his home at Riverport, Lunenburg county.

Mr. A. N. Perry has returned to Wolfville after spending the month of July among friends and relatives in Digby county.

Mrs. Norma Briggs, of Boston, and Miss Katherine Goodwin, of Cambridge, Mass., arrived Monday on their annual visit to Wolfville.

Mr. and Mrs. Harry Brown and Miss Brown have returned home from Hubbards, Halifax county, where they spent the month of July.

Mr. and Mrs. A. W. Bleakney and Rev. and Mrs. E. M. A. Bleakney and family are spending a short vacation at Hubbards.

Miss Gladys and Dorothy Curtis, of Halifax, have been spending their vacation, at Evangeline Cottage, guests of their cousin, Mrs. A. N. Perry.

Mr. Arthur Hunt Chute arrived in town last Saturday and is stopping at the Foster House on Acadia street, where Mrs. Chute and little daughter have been guests for some time.

CANARD NOTES

Mr. Kenneth Eaton, of Lower Canard, who graduated from Acadia this year, left on Friday last for the "West". He will likely stay there for some time, as he plans to teach.

Miss Susie Lawrence, of South Hampton, Cumberland Co., has been spending the past two weeks, with her friend, Miss Margaret Burbidge, of Lower Canard.

Mrs. Leander Burbidge entertained a number of friends at her home on Tuesday last.

Miss Emma McKinnon, of Springhill, Cumberland Co., has been visiting her friend, Miss Florence Eaton.

Mrs. Hanger, of Virginia, has been visiting her aunt, Mrs. Walter Eaton, at Upper Canard.

APPLE SCAB REPORTED

A Fredericton, N.B., despatch says—A serious consequence of the prolonged period of rainy weather in June has been reported, an outbreak of scab, in the chief apple growing sections of the province. It appears to be quite general and in St. John valley in particular. The varieties affected are Macintosh Red and Fameuse.

Minard's Linctum Relieves Neuralgia.

BIRD OF PARADISE
The little girl said:
"Of course I know what the Blue Bird is—it's the Bird of Paradise."
She was wrong, but you won't think she was far wrong after drinking

Blue Bird
"The Happiness"

First Aid For Thirst

The first thing to do when any person is stricken with an acute case of thirst is to place the sufferer in a sitting position with the head tilted at an angle of 135 degrees so that it will be easy for them to absorb a bubbling glass of

Evangeline Apple Cider

It's sudden death to thirst—first aid for the thirsty! But remember, there's almost as much difference between cyder and cyder as between champagne and ginger ale—so insist on Evangeline Apple Cyder.
