### Re. New School Debenture Issue

The Advocate, having received a number of enquiries from citizens, respecting the new issue of School Debentures for \$35,000, the application of which the Town Council has been asked to support, by the Board of School Trustees, we have gathered the following particulars which we are pleased to publish for the benefit of the public.

The Board of School Trustees has already spent over \$25,000 on the new Bayle School, the new Bute School and the finishing of three new departments in the Harkins' Academy. Out of savings on their assessments they have been able to pay about \$13,000 on this amount, which still leaves a balance of \$12,000 owing.

\$2000.00 was spent on the Bayle School \$8000.00, on the Bute School and \$15000.00 on Harkins' Academy. This work should have been bonded at the time it was performed, but it was thought by the School Board that the expenditure could be extended over a period of years and thus go away with the issuing of debentures. They now find that the accommodation of the schools is overtaxed, and the rest of the space in Harkins' Academy must be made available for the accommodation of new pupils. To complete this work it will take upwards of \$20,000.00. This amount with a balance of over \$12,000 which they are now carrying, is impossible to provide for out of yearly assessments, without putting too heavy a burden on the ratepayers. The School Board consider that the only feasible way to complete this work will be to issue \$35,000 worth of 30 year debentures. If bonds are issued it will mean an increase in the yearly assessment for schools, of enough money to pay interest and sinking fund on debentures; if no issue is made, it will necessitate large direct assessments for a number of years on the ratepayers, as the new work is deemed absolutely necessary by the School Board.

All present outstanding School bonds are fully provided for by sinking fund, to retire them at maturity.

### Commanders Of Military Units In The Province

St. John, Jan. 31—Announcement was made this morning at military headquarters of the officers who will command the various military units in the province this year. All have served overseas and it was found by General MacDonnell, G. O. C. No. 7 District on his recent trip through the province that the feeling among officers and all other ranks was in favor of the units in all branches of the service being commanded by those who had been on the other side during the war.

The units of the province with their commanding officers as announced by Lieutenant Colonel Sparling, D. E. O., today are as follows:

Eight Princess Louise Hussar, Lieutenant Colonel A. J. Markham; 28th N. B. Dragoons, Lieutenant Colonel C. H. McLean, D. S. O.; Heavy Artillery Brigade, Lieutenant Colonel W. H. Harrison, D. S. O.; Field Artillery Brigade, Lieutenant Colonel S. B. Anderson, C. M. G., D. S. O., of Moncton; Machine Gun Brigade, Lieutenant Colonel A. McMillan, D. S. O., 87th Regiment Headquarters at Woodstock, Lieutenant Colonel L. L. Kennedy, of Centerville; 71st Regiment Headquarters, Fredericton, Major W. H. Laughlin, of St. Stephen; 73rd Regiment, Major C. Donald headquarters at Chatham; 1st Brighton Field Engineers, Lieutenant Colonel W. W. Melville, headquarters at Woodstock; Field Ambulance, Lieutenant G. G. Corbett, and Army Service Corps, Captain A. G. Rainnie.

While no date has been set by Ottawa with respect to camp training, headquarters have recommended June 15 as the date for the opening of Sussex camp. It has not yet been officially announced that there will be a camp there but there is reason to believe one will be held. If so it is expected it will be a very large one, many of those who served overseas being desirous of going in order to meet with those from various parts of the province with whom they fought in France.

### Annual Congregational Meeting Of St. James' Church

The annual Congregational meeting of St. James' Presbyterian Church was held in the church, last Friday Jan 30th, at 7.30 p.m. Owing to the severe cold the meeting was not largely attended.

Messrs D. W. Stothart and Allan J. Ferguson acted as Chairman and Secretary, respectively.

The minutes of the last Annual Congregational Meeting which was held on January 27th 1919, were read and approved.

An extension of time was granted the committee, which was appointed to look into several matters in connection with changes to be made in the Act respecting the election of Trustees etc.

The Annual Report for 1920, as published, was adopted.

The Pastor, Rev. L. H. MacLean addressed the meeting and thanked the congregation for the much appreciated support and co-operation given him during the past year. He reviewed the past year's work, which was to him, as well as to the congregation, most encouraging, and he felt that if the present good work was kept up, 1920 would prove a still more satisfactory year than 1919.

A resolution from the Board of Trustees for 1919 recommending that the Pastor's stipend be increased from \$1600.00 per year to \$2000.00 per year was passed unanimously.

Estimates for 1920, amounting to \$5550.00 for current expenditures during the year were discussed, and it was the unanimous opinion of the congregation that the general subscriptions for the year would require an increase of 50% to take care of the expenditures, which would be necessary during 1920.

Mr. Walter Sutherland, chairman of the Manse Com. gave a lengthy report on the repair work which was done on the Manse during the year.

The new Trustees elected for 1920 are as follows:

- Trustees**
  - A. McCurdy, D. W. Stothart, Allan J. Ferguson, Wm. E. Fish, W. F. Copp, George M. Lake, Capt. John Russell, Wm. Ferguson, W. J. Sutherland, Dr. J. D. MacMillan, Wm. A. McMaster, and Chas. P. Stothart.
- The Trustees elect, remained after the Congregational meeting and appointed the following officers and committees for the ensuing year.**
- Officers of Trustee Board for 1920**
  - Wm. A. McMaster—Chairman.
  - Wm. Ferguson—Secretary.
  - E. A. McCurdy—Treasurer.
  - Allan J. Ferguson—Financial Sec.
  - Dr. J. D. MacMillan
  - W. J. Sutherland—Auditors.
- Standing Committees for 1920**
  - Church and Graveyard Com**
    - D. W. Stothart—Chairman
    - W. F. Copp and Geo. M. Lake
  - Manse Committee**
    - W. J. Sutherland, Chairman
    - John Russell and Dr. J. D. MacMillan
  - Sunday School Committee**
    - E. A. McCurdy, Chairman
    - Wm. A. McMaster and Allan J. Ferguson.
  - Lands Committee**
    - Wm. E. Fish, Chairman
    - Wm. Ferguson and Chas. P. Stothart.

### Fredericton Wins McLellan Cup

The three rinks of Fredericton curlers who went to Bathurst after the McLellan Cup on Wednesday last, succeeded in lifting the silverware by the score of 60 to 51.

The recre by skips was as follows:

Fredericton	Bathurst
T. A. Belmore 21	Stout 11
R. F. Randolph 19	Thibideau 18
F. P. Hatt 20	McKay 23
60	51

.. In Competition Since 1887

The McLellan Cup is emblematic of the curling championship of the Maritime Provinces. It was put up for competition in 1887 by the late Hon. David McLellan of St. John. Fredericton held it once before, winning it at a bonspiel in St. John in 1888 and holding it one day, Bathurst won it last year and defended it successfully some half dozen times last season and this until defeated by Fredericton last night.

.. Challenges In

The cup is a perpetual challenge trophy. Truro will play Fredericton for it next Wednesday. Other clubs with challenges in for the trophy are Campbellton, Oxford, N. S. North Sydney, Halifax and the Mayflowers of Halifax.

### The Forward Movement

A Forward Movement is needed to deepen the spiritual life of all our people; to get men and women into a more vital touch with God, to render more efficient the work in which the Churches are now engaged; and to extend our work until the world shall know Jesus Christ and His Salvation. We need more men for the Ministry, Church extension on the prairies and in the crowded cities. The tide of immigration is rising again.

Moreover, the Foreign Field is under-staffed, clergy, doctors, nurses and buildings are needed there. In the Orient there are great opportunities. All peoples are eager to hear the Good Gospel and to receive Western teaching, men and money are needed to overtake the work.

Hence Five Christian Communions—Anglicans, Baptists, Congregationalists, Methodists and Presbyterians—are co-operating and making a United Appeal in a simultaneous and separate canvass for amounts aggregating \$11,300,000 for the vital need of the work, and to call the youth of the land to life service for the work of Jesus Christ. The Churches have the resources and the will to meet all needs. Their motto is—"Fight the Good Fight", For Canada and For the World.

The Forward Movement of Your Church confidently calls for your sympathetic co-operation in this great task.

The National Peace Thank-Offering will be canvassed for from Feb. 9th to 14th. We have no doubt the canvassers will meet with the cheerful and liberal support which the work merits.

The death occurred Friday afternoon of Samuel Deotte at the home of his son-in-law M. Coakley of Marysville. He is survived by his wife and four children. The body was sent to Newcastle for interment.

**Number of Men Killed During War**

M. L. Shaw, Upper Woodstock, asks for information as to the number of men who were killed during the war or died of wounds. On March 1st, 1919, General March of the U. S. A. issued a statement, showing that battle deaths during the war among all participants numbered 7,354,000 so far as could be estimated from available statistics. This figure includes only men killed in action or who died of wounds. In the list prepared by the United States General Staff, Russia led with a total of \$1,700,000; Germany was second with 1,600,000 and the United States last with 50,000. Approximate figures for other nations were: France, 1,385,000; England 800,000; Italy, 460,000; Turkey 400,000; Belgium, 102,000; Rumania 100,000; Serbia and Montenegro, 100,000.

**SUNNY CORNER**

Sunny Corner, Jan. 19—Miss Rose Tozer spent last week in Wayerton the guest of Mrs. James Allison. Mrs. Belle Matchett was a visitor in Redbank on Monday. Miss Berneta Hyland has returned from Newcastle, where she has been for the past two months. Mr. Everett Mullin left for New York City on 16th inst. The death occurred of Mr. Charles Mullin of this place on Friday morning at 2 o'clock, the deceased was fifty-seven years of age and had been ailing for the past four years, but seemed as bright as usual up until Wednesday morning when he suddenly took the change for the worse and although everything possible was done by loving hands to save his life, he peacefully passed away, leaving a great number of sorrowing friends besides his wife (nee Fanie Tozer) and the following sons and daughters. Mrs. Percy Gremley, Mrs. Jeremiah McAferty, both of Newcastle N. B.; Fred of Silliker, Parley, Walter, Ida, Roy and Annie at home. The funeral service was conducted at the house by the Rev. Mr. Girdwood on Saturday at 2 p. m. Interment taking place in St. Stephen's cemetery.

The marriage took place on Jan. 18th of Mr. Elvin E. Tozer of Sunny Corner and Miss Hatie A. Tozer of Silliker N. B. The happy couple drove to the manse at 7 p. m. and was united in the Holy Bonds of matrimony by the Rev. Mr. Girdwood. The bride looked charming in a dress of taupe silk georgette crepe with hat and coat to match, both the young people are very popular and have a host of friends who wish them every happiness, they will reside in Sunny Corner.

**FTON PROPERTY CHANGES HANDS**  
Fredericton, Jan. 28—Chief of Police W. H. Finley has purchased the property on University avenue, occupied by H. R. Babbitt from the G. E. Fonesty estate. The purchase price is said to have been about \$4,000.

**Literary Club For Millerton**

The people of Millerton and Derby have long felt the need of a Literary Club in their midst. With this end in view they collected at the residence of the Rev. Mr. Rowlands on Jan. 14th and spent a very enjoyable evening during which games and music were indulged in. A committee was appointed to prepare programs for the month. The committee consists of Misses B. Clarke, B. Crocker, E. Kerr; Messrs A. Crocker, G. Redman, and G. Miller. They meet on an average twice a week and are evidently executing some very strenuous mental work. It was decided that the Club meet every Thursday, the fourth Thursday of each month to be a social evening. After refreshments the company dispersed for their homes, anticipating keenly the announcement of next week's program. The Derby Literary Club held their second meeting on Jan. 22nd, twenty members were present. As Jan. 25 was Burn's anniversary the Program committee planned a "Burn's evening" A very interesting and instructive paper on the life and works of Burn's was read by Mr. Rowlands, after which several members discussed the works of the poet. Roll call was answered by a quotation from Burns. During the evening a question box was introduced. This was opened before the meeting was closed, several of the questions were answered, the remainder left for our hard working committee.

**Stormy Weather Hard On Baby**

The stormy, blustery weather which we have during February and March is extremely hard on children. Conditions make it necessary for the mother to keep them in the house. They are often confined to overheated, badly ventilated rooms, and catch colds which rack their whole system. To guard against this a box of Baby's Own Tablets should be kept in the house and an occasional dose given the baby to keep his stomach and bowels working regularly. This will not fail to break up colds and keep the health of the baby in good condition till the brighter days come along. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams medicine Co. Brockville, Ont.

**TAKES OFF DANDRUFF, HAIR STOPS FALLING**

Save your Hair! Get a small bottle of Danderine right now—Also stops itching scalp. Thin, brittle, colorless and scraggy hair is mute evidence of a neglected scalp; of dandruff—that awful scurf. There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength and its very life; eventually producing a feverishness and itching of the scalp, which if not remedied causes the hair roots to shrink, loosen and die—then the hair falls out fast. A little Danderine tonight—now—any time—will surely save your hair. Get a small bottle of Knowlton's Danderine from any drug store. You surely can have beautiful hair and lots of it if you will just try a little Danderine. Save your hair! Try it!

**Influenza Is Spreading**

Ottawa Jan. 27—(by Canadian press)—The following statement was issued here by the federal department of health: While the federal department of health has as yet no information of the recurrence of the influenza epidemic in any part of Canada the report of new cases in Chicago means that the people of Canada must fear the possibility of a return of the epidemic. In view of this possibility the department of health is keeping in close touch with the United States public health service and is receiving full information of the progress of the disease there and of the methods found valuable in the United States towards relieving the disease and combating the epidemic. The Dominion council of health at its meeting in October 1919 thoroughly discussed the matter and mapped out a campaign to be carried out in case of the return of the disease in Canada and all provincial boards of health have been quietly and efficiently preparing for eventualities. These preparations include provision for rapid expansion of hospital facilities; registration of all available nurses; emergency training of volunteers and registration of volunteer home workers. **FORWARD MOVEMENT** The local churches are now preparing for the financial drive in connection with the Forward Movement, to be launched February 9-12. The matter is in the hands of a capable committee.

**CASTORIA**

Fletcher's Castoria is strictly a remedy for Infants and Children. Foods are specially prepared for babies. A baby's medicine is even more essential for Baby. Remedies primarily prepared for grown-ups are not interchangeable. It was the need of a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research, and no claim has been made for it that its use for over 30 years has not proven.

**What is CASTORIA?**

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. **H.F. Rollings Is Surprised by Rapid Improvement—Troubles End.**

"The best proof I can give that Tanlac is the right thing for me, is the way it is building me up," said H.F. Rollings, of 62 Flower Hill, St. Johns, Newfoundland, recently. Mr. Rollings has been employed as carpenter by Reeds Newfoundland Railway Company for ten years.

"At the time I began taking Tanlac," he continued, "I only weighed one hundred and twenty-two pounds, but now I weigh one hundred and fifty pounds—have actually gained twenty-eight pounds—and am picking up, both in weight and strength."

"I had been in the worst kind of a fix for some time and could get nothing to do me much good, if any. My appetite went back on me and my stomach was in such a bad fix that I could not eat meats or any of the more substantial foods at all. I had severe headaches and was so run down and weak that I couldn't do justice to my work. I would get so weak, faint and dizzy that I was actually afraid to mount the scaffolds. I was very nervous and nearly all my strength just seemed to be gone. One day while crossing the railroad track I felt one of those dizzy spells coming on me. I managed to call for help, but I fainted dead away, and the next thing I knew I was home. I could never get a good night's sleep and that tired, worn out feeling was with me all the time."

"My improvement since I began using Tanlac has certainly surprised me. My appetite returned after the first few doses and by the time my first bottle was gone I could eat and digest anything. Then I commenced to pick up my lost weight and strength and get rid of that tired, worn out feeling. The headaches, dizziness and nervousness have all left me and I sleep so soundly that I have to be woken up in the mornings. My appetite is so big that I can hardly get enough to eat and I never have the least trouble with my stomach any more, and when it comes to work I can keep up my end with the best of them. I am convinced that Tanlac will help anyone who tries it and I am glad

to make this statement for what it may be worth to others."

Tanlac is sold in Newcastle by E.J. Morris and in Redbank by Wm. M. Sullivan.

**John Murphy Formerly of Redbank Dead At Denver**

John Murphy, veteran carriage-maker and at one time one of the most prominent business men of the city, died at his home, 420 East Sixteenth avenue, early Friday morning, following an attack of acute stomach trouble.

Mr. Murphy's death came as a shock to his many friends, as apparently he had been in good health. Two weeks ago he began to complain of feeling sick, but his illness was not serious enough to keep him from his business activities. It was only Wednesday evening that his condition became such as to put him to bed.

Mr. Murphy was 68 years old and was born in Redbank, N.B. Canada. In '79 he came to Denver and started work as a blacksmith. Thirty-five years ago he went in business for himself, establishing the John Murphy Carriage works at 1546 Wazee street, in which locality he had remained ever since. It was only lately that he had converted his business into an auto concern.

Mr. Murphy was a fourth degree, charter member, of the Knights of Columbus and a friend to rich and poor alike. Throughout his steady rise in business he had attained a host of friends. He also was one of the chief supporters of some of the various orphanages.

A widow, one daughter and two sons, the Rev. Eugene P. Murphy, S.J., a teacher at the Sacred Heart college, and John, a pupil at the Cathedral school survive Mr. Murphy.

No funeral arrangements have been made pending the arrival of Mr. Murphy's daughter, Ruth, from Washington, D.C., where she is attending Trinity college. Denver Post

## LIFT CORNS OR CALLUSES OFF

Doesn't hurt! Lift any corn or callus off with fingers

Don't suffer! A tiny bottle of Frezzone costs but a few cents at any drug store. Apply a few drops on the corn, calluses and "hard skin" on bottom of feet, then lift them off.

When Frezzone removes corns from the toes or calluses from the bottom of feet, the skin beneath is left pink and healthy and never sore, tender or irritated.

## A Breeze In Council

To the Editor of the Advocate Sir:

In the Official Report of the late Session of the County Council published in the Chatham "World" there is a statement not quite correct. When the Warden expressed the opinion that I was out of order, and I appealed to the Council, the Report states the Council sustained the view of the Chair. That statement is not correct. The Warden did not put the question to the Council to see whether he would be sustained or not. The Warden only expressed his opinion mildly on a point of Order.

Why was it supposed I was out of Order? Because I elected to explain before reading a Resolution I was about to offer. Now there is nothing in the Rules of Order to preclude a Member, offering a Resolution, from remarking upon it before he reads it. He may explain its aim and object either before he reads it or after. That is at his own option. The better way however is to explain it in advance so that when read it may be better understood. This according to Parliamentary usage is quite in order. Every man who makes a motion speaks about its object in advance. A Resolution is only a motion more clearly defined by being reduced to writing.

If it were thought my remarks were too lengthy, that notion—were it correct—furnished no ground for holding me to be out of Order, for there is nothing in the rules of Order providing a time limit. During the short time I occupied the floor as was my right, one of two members got badly out of Order. One Councillor so far forgot to respect himself, the company he was in, the Rules of Order, and the traditional dignity of the Council Chamber, as to make a gross and abusive exhibition of his coarseness. In all such cases the Rules of Order require the Warden to call the offender to order, and as he did not do so, he himself was out of Order and remiss in his duty.

Southwest Councillors never engage in personal abuse, and never reply to it in kind, because they understand it is a field in which there are no laurels to be won. They know too, that personal abuse is the weapon, only of the coward and the vanquished. Councillor Watling ought to be old enough to realize these things. Blissfield Councillors usually sit silent, when they do rise, they do not ask the privilege as a favor, they demand it as their right. And while not inclined to demand more than their rights, they are by no means disposed to accept less. In offering my Resolution and remarks I was perfectly in Order in every respect. While not wishing to impute a wrong motive, or to say an uncharitable word, I must still submit, that sometimes, those who can neither answer, nor abide an unpalatable truth, may prefer to choke it off. My Resolution was adopted by a large majority.

Respectfully Yours,  
THOS. PARKER

Need Help to Pass the Crisis Safely—Proof that Lydia E. Pinkham's Vegetable Compound Can be Relied Upon.

Urbana, Ill.—"During Change of Life, in addition to its annoying symptoms, I had an attack of grippe which lasted all winter and left me in a weakened condition. I felt at times that I would never be well again. I read of Lydia E. Pinkham's Vegetable Compound and what it did for women passing through the Change of Life, so I told my doctor I would try it. I soon began to gain in strength and the annoying symptoms disappeared and your Vegetable Compound has made me a well, strong woman so I do all my own housework. I cannot recommend Lydia E. Pinkham's Vegetable Compound too highly to women passing through the Change of Life."—Mrs. FRANK HENSON, 1316 S. Orchard St., Urbana, Ill.

Women who suffer from nervousness, "heat flashes," backache, headaches and "the blues," should try this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound.

THE PRIMARY CAUSE of most sickness is neglect of the liver. Constipation follows. The poisonous matter which should pass out of the body spreads through the system. That is the cause of sick headaches, sour stomach and biliousness and these troubles are sure indications that the liver needs attention.

### What Are You Doing For The Returned Man

The discharged soldier demands a job for the future and has no desire to wander along in the same old rut. Life in the Army has broadened his views; that is why the different employment agencies of the Government are having trouble to place the returned man in a decent job; a place where he can earn a living wage and at the same time learn a trade. He has no taste for his former trade or calling and feels now is the time to decide. A year or two in the Army has opened his eyes and this, you will agree, is a good sign. What we are looking forward to is a better citizen for Canada and now is the time for the employers to step in and assist the different Government organizations to this end. The Department of Soldier's Civil Re-Establishment has done splendid work in fitting the returned man in the niches and grooves of civil life. Although they are doing all they can for these men, what they need is the co-operation of employers. Take the case of Smith for instance who before enlisting occupied a mediocre position in a local warehouse and earned about fourteen dollars a week; had four years service overseas; rose to the rank of sergeant and had one or two decorations. This man acquired a new confidence in himself and in his ability. Just after his return he met the boss who had employed him before the war and who said as he shook him by the hand, "You can have your old job back again." "You don't think that I am going back to that again? No, I am worth more than that." There wasn't any future in it for him. There had been opportunities for him in the Army. HE HAD GRASPED THEM; now that he was home he did not want to get back to the old style of living. He wanted something to fight for a job with a future and the chance to learn a trade. P. R. 790

#### HOW TO GIVE HIM THE CHANCE

There are a number of American firms who are employing such a returned man; running a training school in connection with their works and at the same time paying him a living wage. A large number of American manufacturing plants have installed such schools and investigators from the Government Re-employment Bureau report that they have increased the average working output of the unskilled laborer from thirty five per cent efficiency to as high as sixty and sixty five per cent. Increase in a worker's efficiency means increased production which in those times of great demand means more business and prosperity when such things are needed. Only by increased production can the cost of living be reduced in the opinion of many students of that question. The increased output is not, however, the greatest benefit that springs from the enhanced efficiency of the workmen. The big aim is for the worker himself. By increasing a man's efficiency you increase his own estimation of himself. Consequently, proponents of this scheme advance its claims as a remedy for the ills springing from the present industrial restlessness. What our returned man is looking for is a chance. He might be a laborer but what he wants is the opportunity to give it to him, TRY HIM OUT, and should he be a failure I am sure he will be the first to admit it and make way for a better man. But you will find that if he is the man who is struggling to get out of that you will not be able to keep him there. TRY IT FOR AN EXPERIMENT, and do not forget, employers, that the Information and Service Branch of the Department of Sold-

### A. C. McKay Drops Dead

The residents of Irma and district were shocked to hear of the sudden death of one of their old time and highly respected citizens last Saturday night. Mr. McKay was in town most of the afternoon Saturday and had appeared to be in better health than usual. He had tea with his daughter, Mrs. G. A. Tripp and some friends and went over to the station with the intention of going to visit some friends and spend a few days. Just before the train arrived he went out on the platform and sat down on some cream cans. As the train approached Mr. Wilberham went to load the cans and noticed that he appeared to be sleeping, but after trying to arouse him, some men carried him into the station and summoned Dr. McGregor who pronounced him dead. The funeral was held on Monday afternoon from the home of Mr. G. A. Tripp, Rev. C. G. Hockin conducting the services, interment in the Irma cemetery. The casket was covered with flowers, a large concourse of friends followed the remains to their last resting place. The late Mr. McKay was born on Sept 27th, 1843 at Nelson on the Miramichi River. Married Diana Bateman in 1873. Moved to Harcourt N. B. in 1883, and was connected with the Millers Tanning Extract Co for 26 years, coming to Irma in 1909 where he has made his home ever since. Mr. McKay was a widower his wife having predeceased him to the great beyond 35 years ago, leaving a family of four. Mrs. G. A. Tripp and Mrs. R. S. Smallwood of Irma, Mrs. C. R. Thompson, of Everett, Mass., and Mr. J. Clifford McKay of Irma. He also leaves two sisters, Mrs. M. J. Moore of Truckee, California, and Mrs. Malcolm Amos of Lower Darby N. B. and two brothers, Wm McKay of Winnipeg and John McKay of Berlin, N. H. Copied from the Irma Times of Jan 16, 1920

## Musical Talks

By C.C. Laugher Mac. Bac. Bowmanville  
 No III—The Violin  
 The violin is the principal orchestral instrument. It is the soprano of the string quartette, the quartette of instruments being, violin (soprano), viola (alto) cello (tenor), contrabass viol (bass). The quartette more often used is 1st and 2nd violin, viola and cello.

The face value of the material in a violin may not exceed many cents, but that same little instrument may be valued at several thousand dollars. I quote from the catalogue of an American violin dealer of the better known makers as follows: Guarnerius \$18000; Bergonzi \$9000; Guarnerius \$8500; Stradivarius \$7500 etc.  
 Everyone is familiar with the shape of the violin which is entirely hand made, its weight being 8½ ounces, has 4 strings and is played with a bow. The tone of the violin resembles the human voice. It was formerly larger but to "Gasper da Salo" we owe its present shape. A well-made violin consists of 70 parts, and is generally understood that the Italian makers used such a delicacy in the making of violins, that it is often spoken of as a violin secret which died with the makers of that period. Violinists are familiar with such names as Stradivari, Stainer Guarnerius Cremona Amati etc. Molart says to choose a violin by its looks is like choosing a singing bird by its feathers.  
 Modern violin students smile to think of the great violinists playing with the chin on the right hand side of the tail-piece. Now we play with the chin on the left hand side of the tail-piece.

Violin compositions were in evidence around 1630. About that time the art of violin playing was generally understood.  
 Two notes at one time may be played on a violin and with a quick sweep of the bow four notes may be played almost simultaneously. The violin and its music hardly bears description. Hear the great violinists of today and the execution and interpretation forms will simply amaze one.  
 Let us review the career of the greatest violinist that ever lived, Niccolò Paganini, an Italian born 1781; died 1840. Although Niccolò was very delicate his mother dreamed that he would become the greatest violinist. This inspired him for at 6 years he was a remarkable player and at 9 years he played at a concert playing his own original variations. It must be remembered that the noted Paganini played only his own compositions. At eleven years of age his father took him to Parma to take lessons from the great teacher, Rolla, but Rolla, was sick in bed and while Niccolò waited in an adjoining room, he saw a violin and a music composition laying on the table; and taking the violin he played the composition so perfectly that Rolla inquired what master was in the house. On seeing a mere boy he could hardly believe his own eyes and protested that he could teach him nothing.

Paganini played astonishing feats on one and two strings to imitate a conversation between two lovers. He took off the two middle strings D and A and played the duet on the remaining strings. So well was Paganini received and appreciated that Pope Leo XIII decorated him with the Order of the Golden Spur. Reports were abroad that he was a child of Satan; whom one man declared he saw directing his bow at a concert. Paganini frequently visited an old Florentine castle and people declared that he held intercourse with the Devil for they heard all manner of queer noises coming from the place. When he made his first appearance in London throngs followed him in the streets, even pinching him at times to see if he were real. In his playing he combined the arco and pizzicato together, plucking the string with his left hand and at the same time using his bow with his right, making most astonishing feats. He tuned his violin to produce different effects, his system being mostly his own even though he had much training. Paganini was much opposed to the wiles of society leaders. On one occasion they tried to secure from him \$1,000 worth of violin music in return for the price of a dinner. On another occasion while concertizing in Paris he received a pressing invitation to dine with notable company and a postscript adding "do not fail to bring your violin." Paganini returned the invitation card with following written on it "My Violin does not dine." Paganini wrought a revolution in the Violin world. Viennese the renowned Violinist who had heard the wonderful Birtso said "He is the greatest of us all!"

**BREAD TO BE WRAPPED**  
 The Board of Health regulations require that after Monday, February 2, all bread made for sale in New Brunswick must be wrapped. After this date it will be illegal to sell or offer for sale unwrapped bread, and violators will be subject to a penalty. The wrapping of bread will necessitate an advance of one cent per loaf. This will make the price for a pound and a half loaf fifteen cents.

## Racing Programme For The Maritime Provinces During 1920

Fredericton, Jan. 29—The Maritime and Maine Short Ship Circuit held a meeting here today for the purpose of arranging the schedule for the circuit during 1920. The meeting was largely attended, the majority of the tracks which will form the circuit being represented. There was enthusiasm shown and everything pointed to the horse racing season being the most successful ever experienced in the Maritime Provinces and Eastern Maine.  
 The circuit will open at Houlton, Maine, in the week of July 5th, and will close at Moncton at the end of September. July 1 is left open for any track to run an independent meet.  
 The meeting at the various tracks forming the circuit will be in the week's opening on the dates given as follows:  
 Houlton, Maine—July 5.  
 Woodstock, N. B.—July 12.  
 St. Stephen, N. B.—July 19.  
 Fredericton—July 26  
 Chatham—August 2  
 Moncton—August 9  
 Springhill, N. S.—August 16.  
 Sussex—August 23.  
 Fredericton—August 30  
 Chatham—September 6.  
 St. Stephen—September 13  
 Woodstock—September 20  
 Moncton—September 27

The different tracks will arrange their own programmes and select their dates. It is believed that the schedule has been arranged so as to best suit the interests of the horsemen and the public.  
 Each track also will make its arrangements concerning the time to be allowed trotters.  
 The meeting considered the matter of purses and decided that each track must put up \$400 for classes and \$500 for free-for-alls.

## Woodland Farm, Wednesday Morning

Dear Jane,  
 At last I've found a moment to answer your very welcome letter.

That's as far as I got, when I heard a terrible noise in the kitchen, and rushing in, found that Bobby had pulled a pan of boiling water off the stove and scalded himself badly. Just imagine!—and I ten miles from the nearest doctor and no one here to help! Thank goodness Tom has always insisted upon keeping Zam-Buk in the house. The poor little chap was in such awful pain it was all I could do to hold him while I plastered the Zam-Buk on his arm and leg. Then I bound them up with strips torn from an old sheet, and now he's actually asleep! Could you believe it? I always knew Zam-Buk was good stuff, but I'd no idea it was so wonderful for ending pain. Whatever should I have done without it!

This started out to be a letter, but it sounds more like a testimonial for Zam-Buk! I'll send it off anyway, because I want to ask if you'll please send me half a dozen boxes of Zam-Buk as soon as you get this, as I have only enough for one more dressing.

Yours in haste,  
 Mary  
 Mothers! Take the hint! Never be without a box of Zam-Buk on the shelf. Not only for scalds, burns and cuts, but for eczema, ringworm, ulcers, blood-poisoning, piles, cold sores, etc. it is without equal. And it costs no more than ordinary ointments. 50c. box, all dealers.

Mr. E. A. McCurdy has removed his office from the Royal Bank of Canada building to the Union Advocate Building, where in future his insurance business will be conducted.

**BAD FIRE AVERTED**  
A fire of serious consequence was averted last Sunday morning in the Baptist Church. The fire in the furnace had been started and shortly afterwards, a blaze broke out in the building near the flue. The blaze was extinguished without the aid of the Fire Department.

**CLOTHES BURNED**  
On Sunday while playing with matches, a young son of Mr. John Thomson, a resident of George St. near the C. N. R. Depot, set on fire a quantity of clothing which was hanging in a closet. The fire was extinguished by Mr. Thomson before much serious damage was done.

**PLEASANT EVENING IN DOUGLASTOWN**  
The social dance held in the Asselated Lodges Hall, Douglastown, last Tuesday evening was an enjoyable one. The music was furnished by Geikie's Orchestra, and much enjoyed by the dancers. A large number from Newcastle, Nelson and Chatham attended.

**SIR JOHN EATON NOT COMING**  
Arrangements are being completed for the holding of the T. Eaton banquet at the Hotel Brunswick Thursday night of this week. Sir John Eaton, head of the company, who was to have attended the function, has, owing to poor health, gone on a trip to California. He will be replaced by his brother, who is first vice-president of the T. Eaton Co.

**THANK-OFFERING**  
The Woman's Missionary Society of St. James' Church, will hold a Peace Thank-offering, Wednesday evening Feb. 11th, at 8 o'clock in the Kirk Hall. The announcement that Mrs. G. **LADIES CATHOLIC CLUB ELECT OFFICERS**  
At the Ladies' Catholic Club Meeting which was held in the A. O. H. hall, last Tuesday the work for the winter months was mapped out and it is the intention of the Club to hold a sale and tea after Easter. The following officers were elected for 1920:  
President—Mrs. D. P. Doyle.  
Vice-President—Mrs. A. J. Morrison  
Secretary—Miss Alice Morris.  
Treasurer—Miss M. Hennessy.  
Convener of Cutting Comm.—Mrs. Quinn.

**PHYSICIAN FINED**  
Rev. W. D. Wilson, chief inspector under the Prohibition Act, has returned from Albert County, where a physician was charged with issuing prescriptions for liquor to be used for beverage purposes and also with selling liquor illegally. He was fined \$25 on the first offence, and \$50 on the second charge.

The chief inspector says an accountant is engaged in figuring out a new schedule of prices to be charged by the vendors for liquors, and adds that wholesalers seem to be having difficulty in replenishing their stocks.

**MUSIC**  
By Vivian M. Moses  
God struck the lute  
And a quivering, wonderful pean of sound  
Through the universe trembled, a song so profound  
That no mortal could hear it, no mortal could know  
That majestic music's grand ebbing and flow  
God touched the man,  
And he, mortal, not knowing, reached forward and laid  
On the quivering strings human hands, and so played  
In a way now attuned to his own earthly ears,  
With the God-given impulse, the song of the spheres.

**PROVINCIAL FINANCES**  
The third report of provincial finances issued by the present government discloses a deficit on the year's operations of \$327,686.22. Added to the \$38,000 deficit of last year, this makes \$365,686.00 in two years. These deficits, with revenues the most buoyant in the history of the province, are matters of serious concern. They say plainly that we are living beyond our income, although that income is immensely greater than enjoyed by any previous government. They mean heavy additions to an interest account which is steadily climbing. For 1918 the interest demand was \$452,968.40, exclusive of the Valley Railroad guarantee. This year it is \$531,300.70, practically one fourth of the revenue from all sources, including the federal subsidy. The inability to make revenue and expenditure balance is attributed to the excessive cost for work done by the Forestry department and expenditure on roads and bridges in excess of expectations, heavy automobile traffic compelling unforeseen repairs to wooden bridges in many localities. If this year's deficit is funded there will be a corresponding interest increase for all time to come. If, on the other hand, it is carried forward to be recouped from this year's revenue, there must be heavier taxation and, be it remembered, the government is already tapping some sources of revenue which it should leave to the municipalities or share with them on a fair basis. There are the moving picture taxes, which aggregated \$2,042,000 every year collected in the larger communities, and there are the prohibition fines for which the municipalities have to provide all the court machinery. Neither of these sources of income should be tapped by the government, but should be left to the municipalities for their manifold needs under steadily growing cost. If the provincial situation is reviewed fairly and without political bias, the same conclusion must be reached as will be reached by an unbiased review of the St. John city situation. The effort is to do more than the wealth of the people justifies. Both the provincial and city governments are endeavoring to satisfy demands for improvements which can only be provided by imposing heavier burdens than a small, not wealthy and slow-growing population are warranted in assuming. Less haste in attaining metropolitan conditions is the remedy, but it is a remedy requiring greater moral courage than the average politician possesses or displays.

## How To Treat Stomach Trouble

### A Tonic Medicine is Needed to Build up the Digestive Organs

The old-fashioned methods of treating stomach diseases are being discarded. The trouble with the old-fashioned methods was that when the treatment was stopped the trouble returned in an aggravated form.

The modern method of treating indigestion and other forms of stomach trouble is to tone up the stomach and glands to their normal work. Every step toward recovery is a step gained not to be lost again. The recovery of the appetite, the disappearance of pain after eating, the absence of gas, are steps on the road to health that those who have tried the tonic treatment remember distinctly. Dr. Williams' Pink Pills are a tonic every constituent of which is helpful in building up the digestive organs, and therefore the very best remedy for simple or chronic cases of stomach trouble. The success of the treatment is best shown by hundreds of cases like the following. Mrs. Chas. Comer, Pictou, Ont., says:—"For upwards of two years I was a great sufferer from indigestion. Food would ferment in my stomach, and I would belch gas with a burning sensation. Often I would be troubled with nausea, sick headache and dizziness. Notwithstanding that I was under medical treatment the trouble grew so bad that I would only eat when absolutely forced to, and I was in constant misery. I was finally advised to try Dr. Williams' Pink Pills and had only been using them a few weeks when I found they were helping me. I very gladly continued their use and the result is they have made me a well woman, every vestige of the trouble having disappeared. I am so grateful for what Dr. Williams' Pink Pills have done for me that I strongly advise any who may be suffering from stomach trouble to give them a fair trial, and I believe that like myself they will find a sure cure."

You can get Dr. Williams' Pink Pills through any dealer in medicine, or by mail, post paid, at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.
