

Watford Guide-Advocate

Volume XLVIII—No. 7

WATFORD ONT., FRIDAY, FEBRUARY 17, 1922

\$2.00 PER YEAR IN ADVANCE
In United States \$2.50

LOCAL HAPPENINGS

Wheat \$1.20.
Are your hens laying?
Sap was running last week.
Are you going to buy a car?
Were you at church last Sunday.
Winter is wearing itself away nicely.

The next public holiday will be April 14th, Good Friday.
Ford Touring Car, only \$651.00, delivered.—R. Morningstar. 17-2t
Miss Mifflin is in Toronto this week taking in the wholesale millinery openings.
Our Work Shirts are the talk of the town and country, the price is \$1.25.—Swift's.
The reason men no longer strike matches on their pants is because the modern pants won't stand it.
Have you seen the New Shoes for Spring, very new styles at much lower prices.—P. Dodds & Son.
R. D. Swift is in Toronto this week attending the Convention of the Retail Merchants Association.

Before the war it was "where did the money come from?" To-day it is "where will the money come from?"
Mrs. George Lingwood and Miss Alice Lingwood, Guelph, spent a few days last week with Mrs. C. C. Leigh.
From October to December the children of the Forest public school deposited \$346.80 in the Penny Bank.
A writer says chop suey is not what it used to be. He will now confer a great favor by telling us what it used to be.
W. E. Fitzgerald was in Toronto on Monday, Tuesday and Wednesday attending court and other legal business.

Very little wood has been brought into town so far this winter, coal being plentiful and at an easier price than last winter.
The Ladies' Aid of the Presbyterian Church, will hold a home-made cooking sale on Saturday, Feb. 25th. Particulars next week.
Dance and Euchre at the Armory, Watford, Wednesday, Feb. 22. Tickets \$1.50. Good time assured. Come and bring your friends.
Officials of the Hydro Commission were here on Monday regarding the connecting of the Alvinston transmission line with the Watford station.
Our stock of Wall Paper for Spring is complete and new patterns are in stock, much lower in price.—P. Dodds & Son.

Information is wanted of Granthe Lois Berbell. Anyone knowing anything about a person of that name will please notify Mr. W. S. Fuller, town clerk.
March 17th. Oh! that's the date. Snakes and Shamrocks, with innumerable good things, are awaiting your pleasure. Keep the date open.
Services as usual in the Cong'l church on Sunday at 11 a.m., and 7 p.m., when the pastor, the Rev. T. DeCourcy Rayner expects to be able to preach. Everybody welcome.
Someone broke into Silverwood's warehouse on Thursday night. So far as known the breaking of the glass in the office wicket was the only damage done and nothing was taken.
A hockey match between the London Alerts and the Watford hockey team will be played in the Watford Arena on (this) Friday night. This will be a good game and all should witness it.

Our prices on Groceries are always right, and goods always fresh every week. Have you tried our special Blend Coffee.—P. Dodds & Son.
Mr. L. H. Cook, superintendent of the Lambton House of Refuge, Sarnia, called on old friends in Watford Monday. He was down attending the funeral of the late James W. Edgar of Metcalfe.
A former well known Watford boy received a sudden summons at his home in Flint, Mich., when Ernest W. VanAuken was stricken with paralysis from which he passed away after two weeks illness, aged 45 years. He leaves a wife, two sisters and two brothers. Born in Watford he was the son of the late Clark A. and Sarah A. VanAuken. For the last 14 years he had been a faithful and much valued employee of the Dort Motor Car Co., of Flint, where he was much esteemed. The funeral was held last Saturday morning, Rev. J. Bradford Pengelly officiating, and interment made in Grace Lawn cemetery, Flint. A brother of deceased, Mr. C. Perry VanAuken of Tackens, Mich., N. Y., attended the funeral. Mrs. P. J. Childs of Flint is a sister. The best Overalls in Canada at Swift's—price \$2.50, see them.

LOOK AT YOUR LABEL

The new Caps at Swift's.
FORD, the car with a magneto, never held up for weak storage battery.—R. Morningstar. 17f-1f
The Valentine tea in the Methodist church Tuesday evening was much enjoyed by those who attended. An excellent meal was served by the ladies.
Tailoring at Swift's special prices. Advice has been received at the local postoffice to the effect that money orders issued in Canada will be payable in the United Kingdom, Australia, Fiji and the Union of South Africa at the rate of one pound for \$4.60.
Here's hoping that the school convention to be held in London on Feb. 24th will be able to tell us the meaning of some of the expressions one hears so often these days among young people and even men who are in business. For instance—"Yaw"; "Believe me"; "Surely"; "Rotten shame"; "Yew-m-m". Are we acquiring a new language or is it just a sign of cleverness.

Boys' Suits—see our display. Ask to see those special Suits with two pair pants.—Swift's price \$10.00 a suit up.
The regular meeting of the Watford Women's Institute was held at the home of Mrs. J. McKay on Wednesday evening, Feb. 8th. The meeting opened with singing the "Maple Leaf" and prayer. The Institute have taken two more shares towards the rink fund. Also are placing on the table the Canadian Home Journal for use in the Library. Mrs. Mitchell gave a reading on "Sir Isaac Brock", after which the National Anthem was sung. Next meeting at the home of Mrs. H. Restorick.

Economize, buy a Ford, the car that defies competition.—R. Morningstar. 17f-2t
Dance and Euchre at the Armory, Watford, Wednesday, Feb. 22. Tickets \$1.50. Good time assured. Come and bring your friends.
Mrs. Edith Blunt will have an auction sale of household furniture at Warwick Village on Friday, Feb. 17. See ad.
Ford Touring Car, only \$651.00, delivered.—R. Morningstar. 17-2t
Service in Zion Congregational church on Sunday afternoon at 2.30 p.m., when the pastor, Rev. T. D. Rayner expects to be able to preach, weather permitting. Everybody welcome.

The Lantern Lecture "Heroes of the Cross" announced for Wednesday, Feb. 15th, in Calvary Baptist church had to be postponed on account of the illness of Rev. Mr. Rayner.
On Wednesday evening, Feb. 8th, the young people of Knox church, Warwick, were entertained at the home of Mr. J. Leggett. The evening was spent in contests, games and community singing. A dainty lunch was served after which a hearty vote of thanks was tendered to Mr. Leggett and family to which Miss Myrtle Leggett (of Regina) who is home on a short vacation, ably replied.
Basil Williamson, son of Henry Williamson, fourth line, met with a serious accident on Wednesday last week, while sawing wood on the farm of Richard Manders. By some means he got caught between the running belt and the mashing, the belt striking him and cracking some ribs. At last report he was doing nicely, although at first it was thought the accident would prove fatal.

FORD, the car with a magneto, never held up for weak storage battery.—R. Morningstar. 17f-1f
A social evening of the Warwick Women's Institute and young people of the community was held in the Town Hall, on Monday evening, Feb. 6th. Mr. E. H. Bean very ably acted as chairman of the evening. The meeting was opened by singing "O Canada" followed by a short address by the chairman. A chorus "Moo Cow Moo" was sung by the young people west of the village. Sketches on the life of Canadian Authors were given: "Pauline Johnston" by Miss M. Archer; "John McRae" by Miss Anna Auld and one of Robert Service's favorite poems was read by Mr. Lee Cook. Misses M. Wilkinson and D. Robinson (in Indian costume) sang the well-known song "Red Wing".
The main feature of the evening was a splendid address on "Advantages of Community Life" by Rev. R. Johnston. Miss M. Hawkins and S. Ferguson sang a duet very sweetly, followed by violin selections by N. Dewar and G. Stevens. The meeting was closed by singing the National Anthem, after which a dainty lunch was served. The next meeting will be held on Thursday evening, Feb. 23rd. A silver collection will be taken at this meeting.
Fordson Tractor, \$438.00 F.O.B. Watford, cheaper than horses, and will furnish power for everything on the farm.—R. Morningstar. 17f-2t

Pat to Mike: "Did you hear that England was going to set Ireland free?"
Mike: "They are?"
Pat: "Yes."
Mike: "And we don't have to fight any longer for it?"
Pat: "No."
Mike: "Ain't that just like the dirty English?"

EXHIBITION HOCKEY TONIGHT (FRIDAY)

SKATING CARNIVAL

At last the big treat of the skating season is announced for Thursday evening, Feb. 23rd, when a myriad host of folk even more curious than those who lived in Pudding Lane in the glorious days of Mother Goose and Peter Pan will gather at the new Watford Rink for a grand reunion. They are all coming, beautiful fairy princesses and grotesque clowns, witches and bold knights of old; gypsy queens and a color'd gen'men so black that when he closes his eyes he becomes entirely invisible. Yes, they are all coming, and the big fifteen-piece Strachroy Band will be on hand too. There will be some worth-while prizes offered for various racing events; best costumes etc., and weather permitting this night promises to go down in history as the most brilliant that Watford's ice lovers ever witnessed.

In a cold wave at Ottawa Sunday the thermometer dropped 51 degrees in 12 hours.
Gananoque High School has installed the necessary appliance for the teaching of wireless.
Petrolia council set aside \$3000 out of the general funds for the purposes of a Soldiers' Monument.
The Caradoc-Ekfrid Telephone Company paid a dividend of six per cent. to the shareholders for the year 1921.
Thomas Manchester for many years court constable for the Lambton county and supreme courts died at Sarnia Sunday, aged 76 years.
It is reported that a Waukon farmer sold two turkeys in that town at \$10 each, purchased a horse for \$49 and went home with the extra dollar.
The Northern Navigation Co. will shortly open a ferry line between Sarnia and Port Huron. One of their ferry fleet is now lying in Sarnia bay.
James Drury of Norwood, over 90 years old, cut his winter's supply of wood in the bush this winter and walked three miles each day to his source of supply.
Mrs. Randolph R. McKellar, wife of a former owner of the McKellar House, Glencoe, died in Calgary last week. The remains were brought to Glencoe for interment.
John Farrell of Forest was selected president of the Ontario Fair's Association at its meeting at Toronto. Much criticism of lack of co-operation on the part of the large city fairs was expressed.
Middlesex county council will petition the provincial authorities to enact legislation to provide for the holding of municipal nomination day on the previous Friday when Christmas falls on Sunday and the legal holiday is held on Monday.
The appeal in the case of James Holding of Plympton township, convicted in the township police court on January 14 last of illegally keeping liquor for sale, was heard before county judge Albert E. Taylor in his chambers Monday, but judgment was reserved.
The brethren of Washington and Petrolia Lodges, A.F. & A. M. are now called to order with handsome elephant tusk ivory gavels the gifts of Mr. James Buchanan of Java. The Masters of the Lodges are proud of the new gavels and have written Mr. Buchanan to tell him so.
At the annual meeting of the Forest Library Board the following resolution was placed on the books:—Resolved that whereas the Councils of Bosanquet, Warwick and Plympton, had refused to give the Library any financial assistance, we raise the price of tickets to Township patrons to fifty cents which will put them more on a par with the townspeople who are required to pay fifty cents per capita on the entire population in taxes to maintain the Library. Same to be in effect at once.

LAMBTON'S 149 I. O. D. E.

The Annual meeting of Lambton's 149 I. O. D. E. was held at the home of Mrs. Leigh on Tuesday, Feb. 14th. The house was prettily decorated in keeping with St. Valentine's Day.
There were eighteen members present and Mrs. Pritchett, the retiring Regent, was in the chair.
Much minor chapter business was transacted and very satisfactory reports were read by the Secretary and Treasurer.
The Secretary's annual report will be found in another column. The Treasurer reported that during the year, altogether, \$885.00 has been raised by the Chapter. There is a balance on hand of \$40.00.
A motion was unanimously carried that a hearty vote of thanks be given to the general public who have so kindly and generously supported the Chapter during the year.
The election of officers took place and the new executive is as follows: Regent—Mrs. T. A. Adams. 1st Vice-Regent—Mrs. F. Pritchett. 2nd Vice-Regent—Miss E. McLeay. Sec.—Mrs. Monroe. Treas.—Miss K. Harris. Educational and "Echoes" Sec.—Mrs. Connolly. Standard Bearer—Mrs. Leigh. Pianist—Mrs. V. Fuller.
Further arrangements were made for serving refreshments at the rink. The meeting closed in the usual manner.

Annual Report Lambton 149 I. O. D. E.

During the year from Feb. 1921 to Feb. 1922 there have been 10 regular meetings, one each month with the exception of the holiday months of July and August, and four special meetings.
The officers for the year were: Regent—Mrs. Pritchett; 1st Vice-Regent—Mrs. J. W. McLaren. 2nd Vice-Regent—Miss Ella McLeay; Sec.—Mrs. V. Fuller. Treas.—Miss K. Harris; Echoes Sec.—Mrs. T. A. Adams; Standard Bearer—Mrs. Alex Elliot; Pianist—Mrs. Siddall.
Mrs. Adams was delegate to the Provincial Chapter Meeting in Toronto, and Mrs. Monroe to the National Annual Meeting in Toronto in May. Two framed pictures and a set of 8 volumes of the Dominion Educator were presented by the Chapter to the Public School and 4 books were given as prizes to the pupils for essays, written on the subjects of the pictures.
Three historic books were presented as prizes for General Proficiency in the High School for last year and arrangements made to present 4 prizes of \$10 each to the students for this year.
\$10 was donated to the Local Horticultural Society.
At the April meeting Staff Capt. Ritchie of the Salvation Army addressed the meeting and the Chapter voted \$25.00 to that worthy organization which he represented.
Five dances have been given by the Chapter: at Easter, in May, Fair Night, Halloween and at New Year's. During the year two concerts have been given under the auspices of the Chapter, one by the young people of Walnut, and the other by the Blind Girls—Students of the Institute for the Blind in Brantford. In the latter case the total proceeds went to the Blind Girls.
On Armistice Day the Chapter sold over 300 "Poppies", the money raised going to the Christie St. Hospital for Disabled Soldiers in Toronto, and to the Franco-Canadian Orphanage. The remainder was sent to the Children's Memorial Hospital in London.
During the year the Chapter paid the local Rink Committee \$150.00 for purchased stock and also the total net proceeds of one dance and of the sale of refreshments at the rink on three different occasions.
Money was sent to the Zenana Mission in India.
At Christmas the Chapter remembered the poor and needy families in town with baskets of groceries and parcels of warm underclothing and stockings for children. Remembrances were sent to the two local Nursing Sisters who are at present in hospital.
A tea was given by a group of the members at the home of Mrs. Millar in January.
At present there are 25 members in good standing on the roll.

NOTE AND COMMENT

We believe a large majority of Ontario women would prefer to be without the suffrage.—Kincardine Review.

The "late civil war in Ireland" don't seem to be quite over yet. This shooting at one another seems to be a hard habit to break.

Orillia Packet.—Miss McPhail, M. P., will draw \$4,000 a year, with a free pass on the railways. O joy! Think of having a wife bringing in a tidy sum like that, and staying away from home from four to six months every year!

It is expected that the Finance Minister will float a domestic loan next fall, the same as the several Victory loans, for the refunding of the portion of the Victory loan of 1917 which falls due in December of this year.

While the train of disaster that caused the wreck of the Merchants Bank is relatively fresh an official enquiry should be made by the Dominion government to satisfy bank shareholders and the public generally.

Thos. A. Edison says that in a short time we will be enabled to hear ants talking while they cross the room floor. That will be very interesting, and then we will be able to "consider her ways and be wise." The Wizard has so far fulfilled all his predictions. Why not this?

Teaching the pupil how to express himself is a matter that should receive more attention from school teachers. Now that a boy comes in for censure for giving another a bat on the nose to enforce his opinion, the art of speaking fluently and forcibly should be encouraged to make up for the good old fisticuff method.

Mr. P. C. Larkin of Toronto, has been appointed Canadian High Commissioner in London, England. He is in his 66th year and was born in Montreal. His parents were Canadian and he is so proud of being Canadian that he will not investigate the origin of his ancestry any farther back.

The Irish Free State has ordered that Queenston, the seaport of Cork, shall be known henceforth as "Cobh" which is but the Gaelic form of "Cove". The Cove of Cork used to be a familiar name in Ireland, until it was changed to Queenston in honor of Queen Victoria. The natural thing would be to change back to "Cove" but that would not be Gaelic. There is no "v" in the Gaelic language.

The Ontario Government is not prepared to undertake the financial burden of directly assisting the municipalities in carrying the cost of educating adolescents who, under the new legislation, must continue to attend school until 16 years of age. The matter was brought before Hon. H. R. Grant by a deputation from the Toronto Board of Education, and the Minister in pointing out that he was not in a position to recommend a special grant to Toronto made it fairly evident that this alternative—assistance in this direction as part of a general scheme in which all municipalities in the Province might share—was not practicable at present. The discussion brought out the fact that even on a moderate estimate of cost, the extending of aid to the local boards would involve the Province in an outlay of at least \$3,000,000 a year.

The Ontario minimum wage board has decided the following wages: In cities over 30,000 population the minimum wage for experienced adult sales women will be \$12; in cities of from 10,000 to 30,000, the rate will be \$11; in towns and cities from 4,000 to 10,000 the rate will be \$10; in villages and towns from 1,000 to 4,000 the rate will be \$8. The foregoing rates are for saleswomen and do not apply to office workers or operatives.

The British embargo on Canadian cattle will not be removed according to the Minister of Agriculture, who announced in the House of Commons last week that in view of the almost unanimous opinion of agriculturists of England and Wales that removal of the restrictions would seriously injure the industry, and the fact that the Royal Commission appointed to investigate the question had reported that its removal would have little effect on the price of meat in the United Kingdom—the Government was not prepared to introduce legislation for the free entry of Canadian cattle.

Talk may not be cheap, but it is cheaper in the cities of Ontario and Quebec today than the Bell Company intended. The judgment of the Railway Commission refusing an increase of telephone rates proves that the vigorous opposition of the counsel for the Province of Ontario, the city of Toronto and associated public bodies made an impression on some of the members of the Commission, even if the Chairman and Mr. McLean still feel that the Bell Company is an oppressed and sadly misunderstood corporation. As soon as the decision was given by the Commission the Bell Company again made application for an increase.

The Government's railway policy is attracting considerable attention at the present time. Hon. W. C. Kennedy, the Minister of Railways and Canals, is at present engaged in an inspection tour of the Grand Trunk lines east of Winnipeg, and at the conclusion of his trip will be in a position to advise the Government as to whatever he may find necessary. The attitude of the Maritime Provinces, and the demands of members from that section of the country that the Intercolonial should be returned to local management have been placed before the Government by a large deputation of the members from that section, and the matter rests there for the present.

NOT A PUBLIC UTILITY

Almost every editor that ever was has intended some time or another to write an editorial to his readers along certain lines. One, the editor of the Burlington, N.J., Enterprise, seems to have accomplished what others have often been tempted to do. The Enterprise says: A newspaper is not duty bound to print anything that it doesn't want to print. There is no rule that requires it to print something of absolutely no news value just because somebody wants it printed. It is not obliged to effusively laud some person where laudation is not earned, nor to lambaste some individual where adverse criticism is not deserved.

It is not printed for the purpose of satisfying selfish motives. There is not the remotest reason why it should give away space to somebody who is running something for monetary benefit.

The mission of a newspaper is to print news of general interest. Advertising is not news. An article skinning some private enemy or opponent is not news.

Numerous other things of a like nature that find their way into a newspaper are not news. It is not hard for a trained newspaper man to draw the distinguishing line. It is not hard for anybody to draw the distinguishing line, if they will stop a moment and give the matter logical thought.

HALL'S CATARRH MEDICINE

Those who are in a "run down" condition will notice that Catarrh bothers them much more than when they are in good health. This fact proves that while Catarrh is a local disease, it is greatly influenced by constitutional conditions. HALL'S CATARRH MEDICINE is a tonic and Blood Purifier, and acts through the blood upon the mucous surfaces of the body, thus reducing the inflammation and restoring normal conditions.

"FACTS TO BE FACED"

Rev. Dr. Westgate Addresses M. & S. Branch of Bible Society.

There was a fair attendance at the annual meeting of the Manitoba and Saskatchewan branch of the British and Foreign Bible Society held in Convocation Hall, Wesley college, Winnipeg, when Rev. T. B. R. Westgate, D. D., who was the chief speaker of the evening told his hearers of the work which is being done by the society in introducing the Bible into the far off corners of the world. The chair was occupied by Rev. C. W. Gordon, D. D., LL.D. Dr. Westgate touched upon the state of affairs in famine stricken Russia emphasizing his remarks with paragraphs from published accounts. He called attention to the fact that these conditions were prevalent not only in Russia, but also in China and Armenia. He pointed out that it was not only food for the body which was needed, but what was of even greater consequence, was the spiritual famine which existed in all parts of the world. It was to supply the latter need that the Bible societies were formed and although they were doing a great work he felt that congratulations were not in order. While agreeing that a great deal had been done, there was so much that had not been done.

"These facts have to be faced," said Dr. Westgate in giving a resume of conditions which showed that there were vast spaces in the world which still were in need of spiritual food. "North Africa with its 8,000,000; the Soudan with its 50,000,000 Arabic with its 7,000,000; Thibet with another 7,000,000; these were but some of the places which are in dire need of the Word. We cannot congratulate ourselves on having carried the Bible to these people. True, we are not to blame for the omission in some cases. There being countries under the Mohammedan rule into which we are forbidden to carry the Bible and our only hope lies in prayer for greater success. This great work must be carried on; and to this end we must see that our children are imbued with a spirit which will lead them to take up this work. "Your prayers will aid us in our work," said Dr. Westgate, "and we must spend more time upon our knees, taking our cue from those whom we call heathen but who bend the knee in prayer five times a day, whereas we find it hard to do so three times."

BOSANQUET COUNCIL

Council met on the 6th inst. All the members present except Mr. Scott. Minutes of previous meetings confirmed. The Reeve and Clerk were authorized to sign a petition to the Minister of Public Highways asking for the statutory grant on \$19239.72.

A By-law was passed authorizing the Reeve and Clerk to execute a contract between the council and the Hydro Electric Power Commission for a supply of power and to permit the commission constructing and operating the lines necessary to serve the customers.

Council extended the collector's time for collecting the taxes until the 14th inst.

The auditors presented their report for 1921 which was accepted.

Council will attend the Annual Good Roads Convention at Toronto. The following orders were given: W. J. French and Fred Sercombe, auditors, \$15 each; Good Roads Association \$5 membership fee; Jno. Vivian \$5 serving copies of engineers report etc; re repair of Coultis drain on Mayor of Forest and Reeve of Plympton; Geo. Smith \$2.10 for E-Moloy drain; Edwin James \$75 for 5 ewes killed; M. World \$2.14 bal. for Collector's roll; H. J. Pettypiece \$5 advt re Hydro meetings; John

Wilkinson \$20 grant to Children's Aid Society, Sarnia; Chas. T. Rogers \$10 to purchase supplies for James Fraser and Frank Drew, \$2 inspecting Edwin James sheep. Council adjourned to meet on the first Monday in March at 10 a.m. GEO. SUTHERLAND, Clerk.

LAMBTON MAKES GOOD SHOWING

Lambton stands high in the list of counties of the province of Ontario in the annual report of grains and live stock issued by the Ontario department of agriculture for 1921. The report shows a total of 453,826 acres under cultivation in the county 7,432,439 bushels of different grains being harvested.

While Lambton county only topped the list in turkeys, where a commanding lead was in evidence over the other counties of the province it was well up in practically every other department. In the total for poultry Lambton stood 5th, in swine 8th. A somewhat better showing was made in cattle, Lambton standing 6th.

In field crops the county made an enviable showing. In sugar beets Kent county was the only one to head Lambton. This county produced almost a million and a half bushels more sugar beets than the next highest centre, standing out as one of the leaders of the sugar beet industry in the province. The county also stood second in flax production, having 781 acres under cultivation. Huron county had a wide margin over the rest of the province with 2,042 acres under flax.

In fall wheat only Kent and Middlesex eclipsed Lambton, but in the spring wheat class this county made a rather weak showing.

Following are the figures for the various grains:—wheat 51,890 acres, 1,214,226 bushels, an average of 23.4 bushels; S. wheat 223 acres, 3033 bushels, average of 13.6 bushel; barley 10,248 acres, 226,471 bushels, average 22.1; oats 87,090 acres, 2,200,176 bushels, average 26.4 per acre; rye 231 acres, 4, 158 bushels, average 18.0 per acre; buckwheat 268 acres, 5,360 bushels, average 20.0 per acre; peas, 690 acres, 10,350 bushels, average 15.0 per acre; beans, 204 acres, 2,652 bushels, average 13.0 per acre; flax, 781 acres, 4,842 bushels, average 6.2 per acre; mixed grains, 10,626 acres, 275,213 bushels, average 25.9 per acre; corn for husking, 17,542 acres, 1,501,595 bushels, average 85.6 per acre; fodder corn, 18,200 acres, 168,350 bushels, average 9.25 per acre; potatoes, 3,142 acres, 234,707 bushels, average 74.7 per acre; turnips, 264 acres, 79,200 bushels, average 300 per acre; mangels, 378 acres, 158,760 bushels, average 420 per acre; sugar beets, 6,273 acres, 2,396,236 bushels, average 382 per acre; carrots, 82 acres, 16,400 bushels, average 200 per acre; alfalfa, 12,045 acres, 40,110 tons, average 3.33 per acre; hay and clover, 94,954 acres, 96,853 tons, average 1.02; cleared pastures 156,495; summer fallow 7,809; rochard, 12,035; small fruits, 785.

Livestock

Livestock figures are as follows: Stallions, 113 mares, 12,274 geldings, 8,582 colts and fillies, 2,505 total horses 23,474; sheep and lambs 27,700, bulls 1265, milch cows 31,705, calves 24,351 steers, 15,547 other cattle 31,408 total cattle 104,276; swine all ages 57,416, turkeys 25,085, geese 18,856, ducks 19,912, other fowls 449,107, total poultry 512,690.

STORMY WEATHER HARD ON BABY

The stormy blustery weather which we have during February and March is extremely hard on children. Conditions make it necessary for the mother to keep them in the house.

They are often confined to overheated, badly ventilated rooms and catch colds which rack their whole system. To guard against this a box of Baby's Own Tablets should be kept in the house and an occasional dose given the baby to keep its stomach and bowels working regularly. This will not fail to break up colds and keep the health of the baby in good condition till the brighter days come along. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Our charge for "In Memoriam" notices is ten cents per line with a minimum charge of one dollar.

OBITUARY—ARCHIBALD HAY

(Huron County Tribune) Saturday, January 14th, Archibald Hay laid life's burdens down and followed his wife, who had passed to her reward just eight weeks before. The taking out of his life of the association of one, who for 65 years had been his companion was more than his gentle spirit could bear.

Mr. Hay was born at Perth, Ont., July 15, 1827. He was therefore in his 95th year. January 8, 1857, he was married to Elizabeth Thomas, his brother William performing the ceremony.

Deceased was the last of a large family of hardy pioneers, whose strong constitutions, sterling characters and deeply christian natures left their impress for good wherever they cast their lot.

Three brothers were widely known ministers in the Congregational church of Canada. One, William, being the pastor of the same church for over half a century. Mr. Hay himself prepared for the ministry but owing to poor health gave up his ambition and turned his attention to farming. In 1887 he brought his wife and family to Michigan and settled on a farm in Chandler township.

Mr. Hay was a man respected and honored by all who knew him. He had no ambition outside of his home and community and for these he counted no sacrifice too great to make. He was deeply religious by nature and training. No labors were so many nor work so urgent as to interfere with the reading of the scriptures and the family prayer that began the day in his home. His voice was ever raised in no uncertain tones against the wrong and on the side of the right.

His memory will long be held green in the minds of those who knew him, as one of those who will be said "he was the salt of the earth."

His family and friends will miss his genial, friendly presence, but in the future they will all feel "that Heaven is nearer, and the joys of reunion dearer, and sweeter far than by his having lived and wrought and departed." "To be with Christ, which is far better." The services were held at the home. His remains were laid to rest beside those of his wife, who had passed on so soon before, in the beautiful cemetery at Bad Axe.

To have the children healthy and sound is the first care of a mother. They cannot be healthy if troubled with worms. Use Mother Graves' Worm Exterminator.

THE HORSE AS A MOTOR

Old Dobbin Something More Than a Mere Machine.

He is Largely a Self-feeder—Does Not Rust When Resting—Has Horse Sense—Keep an Annual Inventory—How to Select the Breeding Ram.

(Contributed by Ontario Department of Agriculture, Toronto.)

The horse is, and will continue to be, the principal farm motor for an indefinite period. There are approximately 1,500,000 horses in Canada, all of which are used as a source of motor power. One and a half million may not seem to be a large number, but if we were to place the horses in the Dominion head and tail in one long parade line, they would reach from Halifax to Vancouver. So there is some horse flesh left in Canada, notwithstanding statements to the contrary by people interested in the manufacture of mechanical motors.

About the Farm Horse. The farm horse as a farm motor differs from the mechanical farm motor in that it is self feeding, self maintaining, self reproducing, and self controlling. These qualities give the horse a tremendous advantage over the mechanical devices used for field work on the farms and for haulage on the roads.

The Horse Largely a Self Feeder. Self feeding means a lot. There is no carburetor on the horse; nor are spark plug required. Green grass, good clean hay and oats, the products of the fields in which the horse labors, produce the energy that keeps up the horse's body, and keeps him going as a motor while labor is being performed.

The Animal Motor a Reliable One. Within the horse's body cavity there is a wonderful self maintaining motor. The heart, the lungs, and the digestive organs make an engine combination of great efficiency. This hidden motor made of flesh, blood and tissue keeps tight, and makes its own repairs. Furthermore, the horse motor develops pep, or places in reserve energizing substances that may be used on demand. The mechanical motor when at rest does not improve nor grow stronger as does the horse, but frequently wastes or risks. The high cost of gasoline, oil and motor mechanic service, together with the too frequent neglect that is accorded tractors on many farms, has reacted to the advantage of the faithful horse.

Old Dobbin Has Horse Sense. Old Dobbin is also possessed of horse sense. No mechanical motor yet devised has possessed this function. Fuel for the horse motor is grown on the farm, and all profits remain on the farm. There is no tax on it either.—Lionel Stevenson, Secretary, Dept. of Agriculture, Toronto.

ANNUAL INVENTORY.

Keep a Record of What You Own and What It Is Worth.

The man on the land can learn much about his own farming operations by taking an inventory each year. No form of record will give so much information about the year's work as will an inventory properly taken at a definitely fixed date each year. The usual time for taking an inventory of the farm business is in March, when there is least feed and unsold produce on hand. The inventory of any ordinary farm can be taken in a half day, so there is no excuse on account of shortage of time. The information gleaned about the farm business through the study made possible by inventory taking is worth many times the expenditure of time and effort.

For convenience in keeping the farm inventory, any blank record book with pages wide enough to permit spacing for a number of columns can be used, and if ruled to accommodate the entries for a number of years so much the better.—L. Stevenson, Secretary, Dept. of Agriculture, Toronto.

How to Select the Breeding Ram.

Select a ram that possesses scale, but not to the extent that he is lacking in quality. A well-developed ram is a rule transmitter of these characteristics to his offspring. He should be masculine in appearance, which is indicated by the carriage and boldness of head, short face; good width between the eyes, large open nostrils and an absence of feminine characters in general.

A ram should show good strength of back and depth of body, especially through the chest, with good width between fore legs and well sprung ribs. He should be closely made, that is, good depth, width of body, and short on legs.

The fleece should also be considered as to density, fineness and freedom from black fibres, with a skin that is pink in color, indicating that he is in good condition. Exchange a pure-bred ram if possible.

side, as shown will result in improved results will be seen in the quality of lambs. Breed character should be considered as it is very important, more especially in pure-bred flocks. Prices are relatively low and it pays to buy the best.

Head lettuce requires cool moist weather to head well. The loose leaf sorts are best for warm weather.

Prepare orchards for spraying for San Jose Scale and other pests by pruning and scraping off loose bark. Be sure that all seed corn and root seeds are secured from the best sources available, and are in ample quantities for sowing.

VISION IS REALLY IN MIND

Said to Be Mistake to Imagine That One Sees Things Through Medium of the Eye.

Few of us realize that in seeing, the eyes play only a secondary part. Actually it is the mind that sees through the medium of the eyes. What we see is not necessarily that upon which our eyes are fixed, but that to which we turn our attention. Two persons of equal power of vision may look at the same things yet each see a wholly different scene. If a sailor and an artist were to watch the shipping at Dover, the vessels and their characteristics would figure largely in the mind of the one, while the other would see harmonies, color effects and a general impression of which ships and boats would be only a part. We see, broadly, the things we look for. Often, indeed, when we are deep in thought we see nothing of what lies before us, though our eyes are wide open. And until we have cultivated our power of observation, learned the art of seeing, we must always be oblivious to the greater part of what is going on before our eyes. The power of sight is largely a matter of will. Thus when many semi-blind persons have been put into the hypnotic state and "ordered" to see, they have completely recovered the power of sight. Actually, though they never knew it, only some oblique trick of the mind had hitherto prevented them from enjoying perfect vision.—Montreal Family Herald.

Worth It.

Mrs. Yearwood—That cook says she doesn't want me fussing around the kitchen. The idea!

Yearwood—Tell me if she sticks to it and I'll double her wages.

It Has Many Qualities.—The man who possesses a bottle of Dr. Thomas' Electric Oil is armed against many ills. It will relieve a cough, break a cold, prevent sore throat; it will reduce the swelling from a sprain, relieve the most persistent sores and will speedily heal cuts and contusions. It is a medicine chest in itself, and can be got for a quarter of a dollar.

HOW ABOUT THAT AUCTION SALE?

Going to have a farm auction sale soon?

Well you want it to be a good one, don't you?

You surely do!

Now, listen! About this Auction Sale Business.

Did you ever stop to think how much conditions have changed the last few years. People—your and your neighbors—travel in autos nowadays and they go down the concessions so fast that they don't always see an auction sale bill tacked on the corner fence post.

Oh well they might see it but they don't stop to read it—they are going somewhere and they haven't time to stop. Isn't that true? Sure it is. You pass 'em yourself.

But you are going to have a sale. You want a big crowd, for the larger the crowd the better the bidding, and the better the bidding the better the price.

Now having a sale is your business. Getting a crowd is our business. Our interests are mutual and right here we want to say that an advertisement of your sale in The Guide-Advocate will be seen by many hundreds of people. If you have the goods that will draw the crowd.

An extra bid on the brindle cow or the roan mare will cover the few dollars cost.

To be sure get out bills because many look for them alone. The majority of farmers nowadays are having both the bills, and the list in the paper. But remember this, that the ESSENTIAL thing nowadays is the sale list in the paper.

So come in and see us. We will help you arrange your list of stuff and arrange the advertisement, and help you on the whole deal. We are also prepared to print sale bills in the best shape.

INTERESTING SAYINGS AND DOINGS

Careless linotypers should get together and start the Pied Paper of Hamelin.

Wild oats seem to flourish almost as well in a dry soil as they did when the country was wet.

That Frenchman who is said to be able to make gold from lead is a hundred years at least behind the plumbers.

When you see a bloom of health in a distant cheek, you can't tell whether the girl has been roughing it or roughing it.

The announcement by leading astronomers that Mars is uninhabited will be a great blow to the scientists who have been receiving communications therefrom.

Was he a wise man or a fool who said that an ounce of international confidence and friendship is worth more than a ton of war material when it comes to insurance against war?

Mrs. Asquith, who is now in America, is a cigarette smoker and if the pictures of her in the papers are true to life, she shows it in her face. The little "coffin nail" paves the slide toward the cemetery for all its users.

Allowed to read, to think and to act pretty much as she likes, the young Canadian girl takes no harm. She is good because her instincts are good. She is fitting herself for her larger place in government and in business, and is making a very fine job of it.

Somebody remarks that an automobile is the railroad's greatest enemy, but when the fact is considered that it is conquered by a fast train with such consummate ease we feel that it is not an enemy to be feared by the railroads.

W. J. Moffat, who died recently in Calgary, willed \$10,000 to build a new Presbyterian church at Tilbury, or in the event of the Presbyterians not deciding to erect a new church, the gift is to go to a public library in the same town. Mr. Moffat was a former resident of Tilbury.

If you don't believe in religion or the church it is your loss, and the older you grow the greater the loss. You'll freeze up inside. Science brings no balm to the unbeliever any more. Darwinism has blown up. Most higher criticism of the Bible is empty sophistry.

Dr. T. W. H. Young, Medical Officer for Peterborough, has issued a warning to citizens to guard against the dangers of influenza. So far, influenza has not been reported there, but this warning comes in anticipation of the disease spreading from other places where it is prevalent. "Cut out the everlasting handshake," warns Dr. Young among other suggestions.

A conference is to be held in Rome this year to consider re-arranging the calendar. It is proposed to make the year 364 days, broken into four quarters, each with two months of 30 days and one of 31. The additional day would belong to no year but a great international holiday. Christmas would always fall on Monday, and the days of each month would be the same year after year. Easter would be fixed on April 14th and all the other "moveable" feasts would become fixed also.

When Mrs. Beasley read to her husband from the evening paper that a London lady had given birth to the third set of triplets in five years and was doing well, Colonel Bolivar Beasley snorted and exclaimed: "Doing well? That is damning the good woman with the faintest of praise. I would say she is a wonderful producer." Then Mrs. Beasley threw the paper at him and bounced out of the room, saying something about all men being brutes and vulgarians.

FLOWERS FROM SEED

Beauty and Fragrance for All at Very Small Cost.

Most Annuals May Be Grown Indoors For an Early Start—A Few Simple Remedies Suggested for Insect and Other Pests—Annuals May Be Transplanted.

(Contributed by Ontario Department of Agriculture, Toronto.)

Among the varieties that should be started early indoors are Petunias, Verbenas, Antirrhinum (Snapdragon), Pentstemon glazioloides, Salvia, Ageratum, Centaurea gymnocarpa (Dusty Miller), Pyrethrum (Golden Feather), and Lobelia. The four kinds last named being of a dwarf habit of growth are very useful for planting around the edge of flower borders. The Lobelia does best in light soil and where it does not get too much sun. The first named varieties being of a taller habit of growth (one or two feet) are better suited for the centre of flower beds or borders. There are no summer decorative plants that can be raised from seed that will make a finer and more continuous display in the flower garden during summer than those named, if the seed is started early in a window, hot bed, or greenhouse, and the plants given even ordinary care and attention. If sown out of doors early in May they are very late in flowering. All the plants before named will also be found very useful for helping to fill up window and verandah boxes, rustic stands, and hanging baskets. Being of a perennial or lasting nature, many of them can also be successfully dug up in the autumn before frosts, and placed in pots or boxes for indoor decoration during early winter. Those late in flowering, such as Ageratum, Snapdragon and Pentstemon are especially useful for this purpose. Seed should be saved from the best types of all of the plants named during the summer months for the next spring sowing. The Dusty Miller does not seed the first year, as a rule. A supply of cuttings may also be obtained from most of the plants named, if the old plants are kept in a cool window during winter.

Tall Plants for Centre. If a few tall plants for the centre, or at the back of a large border are required, plant a few seeds of the Ricinus (Castor Oil Bean). These may be planted about an inch deep in shallow boxes early indoors in April, and transplanted singly into 3 or 3 1/2-inch flower pots when three or four leaves are started; or one bean may be put in the same sized flower pot mentioned, and the plants allowed to grow there until planted out in the garden about the second week in June. All of the seedling plants started early as suggested should be transplanted when from four to six leaves have developed in good soil singly into 2 1/2 or 3-inch pots or be set about 1 1/2 inches apart in shallow, well drained boxes filled with good soil.

Some Annuals Suggested.

A few varieties of annuals such as Anemone, Chinese Pink, Phlox, Drummondii, Zinnia, Balsam, Marigold, Coreopsis, Scabiosa, Calendula (pot Marigold), Mignonette, Schizanthus (Butterfly flower) and other varieties if needed, may be sown indoors early in April for early flowering or they may be sown out in the border about the second week in May for later flowering. A great many annuals such as Poppies, Nasturtiums, Ten Week Stock, Silene Armeria (Catchfly), Gypsophila elegans, Nigella (Love in a Mist), Annual Larkspur, and other similar annuals do not transplant or succeed as well when sown indoors. It is best to sow these last named out of doors early in May where they are to grow. Sweet Alyssum and the Purple and White Candytufts are among the best dwarf edging annuals we have, and should also be sown out of doors early in May. Early sown Sweet Alyssum is often attacked by the small black flea beetle, that completely destroys the plants. Plants from seed sown later (end of May) are seldom attacked. The best remedy for this flea beetle is to spray the plants with a solution of Paris Green, made by first well mixing a small teaspoonful of Paris Green (or Arsenate of Lead) in a tablespoonful or two of cold water, then add water to make one gallon. Dusting the plants with Pyrethrum Powder, wood ashes, or soot are also good remedies. Another good annual, especially for a hot, sunny position is Portulacca. The seed is best sown broadcast on finely raked soil, and the seed raked in very lightly. Thin the plants later on from four to six inches apart. If you have a dry, hot, sunny position where very few plants will grow, try some Portulacca. If a few early Nasturtium plants, or of any climbing annual are wanted for window or verandah boxes, put two or three seeds in soil in three-inch pots in April, they will transplant much better from pots than from boxes. Nasturtiums are one of the best annuals for window boxes. The seed may also be sown rather thickly in window boxes out of doors early in May, and the plants thinned to

Among the townships in Western Ontario that have been quarantined to eliminate the corn borer and from which the removal of corn fodder and corn stalks is prohibited are Brooke, Euphemia and Warwick.

A joint meeting of the executive of the county and township Religious Education Council of Ontario was held in St. Andrew's church, Sarnia, January 30th. The meeting was called for the purpose of considering the advisability of opening a summer school in Lambton county. Arrangements have been made to hold the summer school somewhere along the river shore near Courtright but a location has not been definitely decided upon. This is a splendid step and it is hoped that every Sabbath School in Lambton County will be represented by delegates.

INWOOD

Mrs. Albert Atkin was an Alvinston visitor one day last week.

Mr. J. W. Johnston was in Chatham on business last Thursday. Mrs. E. J. Bannister and Mrs. R. J. Richardson were in Forest recently.

Messrs. E. C. Richardson and W. A. Leitch motored to Forest last Saturday.

Messrs. W. R. Dawson and Clayton Johnston were in Strathroy last Friday.

Mrs. Clarence Atkin and Mrs. David Lloyd are spending a week in Detroit.

Mr. George Carpenter, a resident of Inwood, is renewing friends in the vicinity.

Mr. and Mrs. Roy Chapman and son Billy spent a couple of days in London recently.

Mrs. Volley Case of Strathroy is visiting at the home of her father, Mr. Otto Leimbass.

Messrs. Robert Dawson and Andrew Calhoun attended the London Motor Show last Friday.

Born—in Detroit on Sunday, Feb. 12th to Mr. and Mrs. Alfred R. Johnson, a daughter—Shirley Ruth.

Mrs. Angus McLachlan is in Cornwall, owing to the death of her father, a brother of the late Mrs. A. Lamont.

Mr. James Elliott of the Northwest arrived Thursday to attend the funeral of his mother, which was held Saturday.

The Young People's Society of the Presbyterian church held a social evening at the home of Mr. Frank Leimbass Monday evening.

Messrs. Ralph Chapman and Frank Myers drove two new Fords from Windsor, for G. A. Hadden, the Alvinston dealer, last Wednesday.

The February meeting of the W. M. S. of the Presbyterian church was held at the home of Mrs. A. Atkin last Tuesday. The meeting was well attended, and ten new members were added to the roll.

FOREST CLYDESDALE CLUB

The annual meeting of the Forest Clydesdale Breeders' Club, was held in the Council Chamber on Jan. 19, with President Wm. Janes, in the chair. Officers for 1922 were elected as follows:—

President—Wm. Janes.
Vice-Pres.—A. H. Lougheed.
Sec.—Treas.—D. Whyte.
Directors—Sam Edwards, Calvin Hodgins, Geo. H. Fisher and Sam Burr.
Auditor—Geo. Codling.

KERWOOD

Miss Blanche Rumford of Thedford was a weekend guest at the Parsonage.

Rev. C. J. Moorhouse attended the funeral of Rev. W. J. Ashton in St. Thomas.

Miss Minnie Weir of Strathroy spent a few days the guest of Mrs. Wm. Johnston.

Mr. and Mrs. Bourne of Alvinston spent the day with Mr. and Mrs. Jno. Richardson recently.

Keep the date open Feb. 23rd to hear Jack Miner and see the only moving picture of its kind in Canada.

Don't forget the hockey match for Thursday evening on the Kerwood open rink between Warwick and Kerwood.

Miss Erna Wright of Melbourne, Mr. Cyril Wright of London, spent Sunday with their parents, Mr. and Mrs. Frank Wright.

The Methodist Trustee Board met at the basement of the church on Tuesday and held a very successful business meeting.

Rev. R. O. Jolliffe, B.A., of West China, who is a returned missionary will preach in the Methodist church next Sunday morning and at Bethesda in the afternoon.

Jack Miner of Kingsville, has been secured by the Ladies' Aid and will give one of his celebrated talks on our Canadian Wild Birds. Arrangements are made for the showing of the moving pictures and slides. Remember the date Feb. 23rd in the Methodist church.

A very interesting meeting of the W.M.S. was held in the basement of the church on Thursday. A Bible lesson was read by Mrs. A. Brush and some very interesting letters were read by Mrs. James Richardson, that had been received from friends in the foreign fields. A paper on India was given by Mrs. J. H. Richardson, and solos by Miss Eva Wright and Mrs. H. Kerr that were very much enjoyed. Miss Nettie Wilson then gave an address which was very much appreciated by all present, Miss Wilson also spoke at the morning service in the Methodist church Sunday.

The Golden wedding of Mr. and Mrs. James Richardson of this place was celebrated at their home recently. About 27 of the relatives gathered and surprised the bride of 50 years. After some time spent in social intercourse the bridal couple were banqueted by the guests. Mrs. Richardson was presented with a beautiful bouquet of red roses and Mr. and Mrs. Richardson were each presented with a purse of gold. Mr. Richardson was born in Leeds, Eng., in 1846 and moved to Canada in 1854 settling in Metcalfe about 8 miles from Strathroy. A little later he moved into the village of Kerwood where he has resided for 52 years. Mrs. Richardson, who was Miss Mary Smitherim, was born in Pickering, Eng., at 20 years of age moved with her family to Metcalfe and by untiring industry, economy and sacrifice they have succeeded in building up one of the finest homes in the community. The family of five children were spared to manhood and womanhood years, the family circle is still unbroken. Miss Annie, Deaconess of Centenary church, Hamilton; Mrs. Rev. F. J. Rutherford, of Avon circuit; John, Fred and Mrs. H. Morgan of the home community. A very laudable phase of their wedded life has been the fact that early in life both Mr. and Mrs. Richardson united with the church. Mr. Richardson was for many years secretary of the Sunday School and has held many of the official positions in the church. Mrs. Richardson was W.M.S. president for many years and was also a teacher in the Sunday School. The bridesmaid of 50 years ago Mrs. J. J. Early and groomsmen, Mr. Wm. Richardson were present. Congratulatory letters were received and read from those who were unable to come. The church and their many life long friends join in hearty congratulations and hope to see the happy couple spared for many years to come.

EXTENSION OF METHODIST PASTORAL TERMS URGED

The placing of restrictions on the superannuation fund of the Methodist church will be the subject of one of several memorials to be addressed to the London conference this year. It is asserted that many widows are claimants on this fund, through their husbands served only a few months in the ministry, and an agitation is on foot to restrict pensions to the widows of clergy who have preached for at least two years. A second memorial to be brought up is the alteration of the ministerial term to conform in some respects to that of the Presbyterian system. Since a compromise on the part of both denominations will have to be made before organic union of the two can be effective, it is being urged that immediate steps be taken by the Methodists to make such revisions as are desired by the majority of pastors. Under the present arrangement it is the rule that no pastor shall remain in one charge for more than four years. Exceptions have been allowed only in a very few cases which present special circumstances and this fact has worked out hardships to both ministers and congregations in some instances. It is advocated by many that the pastoral term could be lengthened with advantage, and that pulpit changes would be made at the request of either the congregation or the minister.

ELECTION OF OFFICERS

The Loyal Orange Lodge of the County of East Lambton held its annual meeting in Watford on Feb. 7, 1922, when the election of officers for the ensuing year resulted as follows:

W. Co. M.—Paul Kingston.
W. D. Co. M.—Bro. Archie Dewar
Chaplain—Rev. Bro. Shore.
Rec. Sec.—Bro. Gordon Smith
Fin. Sec.—Bro. Sydney Barnes
Treas.—Bro. Foster Smith.
D. of C.—Bro. Claude Newell
1st Lecturer—Bro. Elton Freer
2nd Lecturer—Bro. W. A. Lucas
The officers were then duly installed by the Past County Master, J. E. Wallis, after which lunch was served and a social hour spent.

The list of County Officers for the year is as follows:
Past Co. Master—A. Bygrove
Co. Master—J. C. McDonald, Sarnia.

Deputy Co. Master—Oliver Haggart, Dawn.
Chaplain—Norman Fraser, Wyoming.
Rec. Sec.—L. O'Dell, Dawn.
Sec. Treas.—J. J. Matthews, Petrolia.

D. of C.—Jas. Scott.
Electors—R. Logan, Bridgen, and H. E. Scott, Wilkesport.
Auditor—L. Weir.

At the county meeting of the L. O. L. of West Lambton, held in Petrolia, a resolution was unanimously passed to celebrate the 12th of July in Petrolia this year. About 100 delegates were present. The Grand Lodge meeting in Sarnia, March 6 to 9 was also discussed. The delegates were assured by Ald. Fletcher of the Publicity Committee that everything possible would be done for their entertainment and welfare on the 12th of July. District Master Alex Bygrove presided. Mr. J. C. McDonald of Sarnia, was elected district County Master for 1922.

James W. Edgar, a prominent resident of Metcalfe township passed away on Thursday, Feb. 9th, after a short illness with erysipelas, in his 64th year. He is survived by his widow, two sons, Ethelred and Ethelston, and one daughter, Mrs. E. Early of Adelaide. The funeral took place on Saturday from the home lot 4, cen. 1, to Strathroy cemetery and was very largely attended. The service was conducted by Rev. J. C. Moorhouse. Friends were present from Sarnia, London, Watford and Alvinston.

Two wild white hares have been shot on the premises of Mr. Nathaniel Corbett, one mile northeast of Brinsley. This species of rabbit has not been seen in this vicinity for the past forty years, and it was thought to be extinct. Many of the old settlers remember seeing these animals when they first came into the country. A number of farmers whose properties come together at the back have formed a union and will fence off a portion of these properties about 40 acres, for the preservation of these rabbits.

CORN GROWERS OFFICERS
The 9th annual meeting of the Lambton County Corn Growers' Association was held Thursday morning with B. W. Fansher, president, in the chair. Officers for 1922 were elected as follows. President, John McMillan; first vice-president, W. J. French; second vice-president, James Abra; treasurer, D. White; secretary, W. T. McDonald (re-elected); directors—Dawn township, Elton Japetz and John McDonald; Sarnia township, John W. Wilson and Lloyd Gardiner; Moore, Andrew Robbins and Fred Callum; Plympton, A. P. McFarlane and R. S. Jardine; Enniskillen (re-elected); Warwick, S. B. Chambers and T. McCormick; Bosanquet, Fred Shepherd and O. S. Walden; Euphemia, Donald Brown and Nelson Powell; Brooke, James Hand and George Annett; Sombra, Frank Burgua and Stewart McDonald. Notice was read of the retirement of John McRae who is leaving the county.
TREAT RHEUMATISM THROUGH THE BLOOD
Liniments and Rubbing Only Give Temporary Relief.
Rheumatism is a trouble extremely difficult to get rid of. If a tendency to rheumatism is established in the system it makes itself manifest by a return of the acute pains with every spell of bad weather. This is why so many people think the trouble is due to cold or damp. The fact is known however, to medical men, that with the appearance of rheumatism there is a rapid thinning of the blood, and that the rheumatic poisons are only expelled from the system when the blood is restored to its normal condition. This means that to drive rheumatism from the system it must be treated through the blood, and for this purpose Dr. Williams' Pink Pills have been very successful, as they build up and enrich the blood, thus easing the aching, swollen joints, and benefitting the health of the sufferer in other ways as well. Among the rheumatic sufferers who have satisfactorily used this medicine is Mrs. James Gillan, Charlottetown, P.E.I., who says: "For three long months I suffered terribly from rheumatism. I was so bad that I could not do my housework, and even to attempt to walk caused me agony. I spent a great deal of money on liniments and medicines without getting the least benefit, and my condition was pitiable. At this stage my attention was called to Dr. Williams' Pink Pills, and I began taking this medicine, and shall always praise the day I did so. Before long there was no doubt that I had at last found something that would give me relief. I gladly continued using the pills with the result that I am now as well as ever I was, able to do my housework and care for my children. Since that time one of my daughters fell into an anemic condition and was obliged to discontinue going to school. I gave her Dr. Williams' Pink Pills, and now she is as healthy a girl as there is in the city. You may be sure I lose no opportunity in praising this medicine."
Dr. Williams' Pink Pills can be had through any medicine dealer, or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.
SEND IN THE NEWS

A LESSON FROM Ancient Rome

Two thousand years ago the athletes and fighting gladiators of the Roman Empire, to ensure speedy healthy healing of wounds, sores and injuries used magical herbal oils and balms.
Taking a lesson from the Ancients, an eminent firm of manufacturing chemists undertook a search to recover these lost secrets. Certain rich herbal oils and essences were at last found and a scientific means of blending and refining them was devised.
After lengthy and costly experiment a super-balm was evolved which contains these potent herbal saps in the most perfect form. To this new discovery was given the name zam-buk, to indicate the highest achievement yet attained in the healing art.
Treatment of skin diseases and injuries has been revolutionized by zam-buk. Its healing and antiseptic power is enhanced by the complete absence of rancid animal fats that distinguish ordinary salves. Eczema, ringworm, ulcers, piles, poisoned wounds, rashes, cold-sores, chaps, chilblains, children's scalp troubles, etc., yield rapidly to zam-buk.

The Incriminating Paper By FRANK H. WILLIAMS...
Sam Jackson opened the door of the safe slowly, but thankfully. In the safe was a certain paper.

Sam Jackson opened the door of the safe slowly, but thankfully. In the safe was a certain paper. On this paper appeared the signature of a number of hot-headed young men...

The office in which Jackson was now standing and the safe he was now opening were those of Claude LaGrange, a shyster lawyer, who had been largely instrumental in working the young men up to the point of signing the paper...

Jackson rose to his feet with the paper in his hand. Under his flashlight he examined it more carefully to see that it really was the document he had committed burglary for.

"Walk over to that table in the center of the room, put that paper in the center of the table, and then sit down, but still keep your hands up!"

Sam went. And as he went he was sorely troubled and fearful. Clara in the secret service? There had always been some mystery connected with her occupation...

"Clara!" cried Jackson. "Y—yes, it's me," came Clara's voice. "Oh, Sam, I'm so sorry it's you. I've got to—arrest!"

ful mess were in. How can I ever explain the whole thing to you? A heart-broken look crept into Clara's face. For a moment she glanced at Sam, her whole affectionate soul in her eyes.

"I'm sorry—dreadfully sorry!" she said. "I had no idea it was going to be you when I got the tip that the paper was to be taken from the safe tonight. But Sam, dear, I've got to do my duty. I love you with all my heart, but I've got to do the one thing I've sworn to do. I've got to see to it that you're taken to the proper authorities who will punish you in accordance with justice and who will punish all the others who are in this thing with you in the same way."

"But, Clara," Sam protested. "I'm not in this thing myself. I simply came here to get a paper that my younger brother signed in a moment of foolishness. I knew you'd still care for me, just as I care for you."

"I do—with all my heart!" cried Clara. "But—but—" She got to her feet slowly as though it took every ounce of her strength. "Now we'll have to go," she said. "Stand up!" she commanded, her voice strained and husky.

"It was while Sam was slowly rising that an amazing interruption occurred. Through the open window a bulky woman rushed into the room. Sam recognized her at once. She was Hannah—Clara's mother—"Mammy," who had come with her to the city.

"What's this hyah foolishness, Miss Clara?" cried Mammy. "I done foller you, Miss Clara, 'cause I thinks you-all mighten get into trouble. And I done heard you—I was listenin' on de fish-escape. And what's this hyah foolishness, huh?"

SUFFERED YEARS WITH ECZEMA "Fruit-a-tives" Cleared Her Skin...
I suffered for three years with terrible Eczema. I consulted several doctors and they did not do me any good. Then, I used one box of "Sootha-Salva" and two boxes of "Fruit-a-tives" and my hands are now clear.

Is your subscription paid to 1921? The residence of Mr. F. L. Riggins, Sarnia, was burglarized Saturday night and \$7.50 in cash, and possibly some liquor, was stolen.

GAVE NICKNAMES TO OTHERS "Sunset" Cox Famed for Pinning Apellations That Stuck to Fellow Congressmen...
Samuel Sullivan Cox, having earned the nickname of "Sunset," showed considerable zeal in pinning nicknames upon other members of congress. He was a man of wide reading, and whenever a member of congress saw fit to borrow a bit of rhetoric to embellish a speech, Cox was on the alert to scent out such borrowings and call general attention to them.

NEARLY CRAZY WITH PAINS IN BACK Read How Lydia E. Pinkham's Vegetable Compound Helped Mrs. Becroft...
Hamilton, Ontario.—"I have suffered for three years from a female trouble and consequent weakness, pain and irregularity which kept me in bed four or five days each month. I nearly went crazy with pains in my back, and for about a week at a time I could not do my work. I saw Lydia E. Pinkham's Vegetable Compound advertised in the 'Hamilton Spectator' and I took it. Now I have no pain and my health is restored."

The worms that infest children from their birth are of two kinds, those that find lodgement in the stomach and those that are found in the intestines. The latter are the most destructive, as they cling to the walls of the intestines and if not interfered with work havoc there. Miller's Worm Powders dislodge both kinds and while expelling them from the system, serve to repair the damage they have done.

HOCKEY

ALERTS vs. MIDGETS

The return game between the Midgets and Alerts was played at the Arena on Monday evening, 7 to 8 o'clock, before a large gathering of hockey fans. The Alerts proved to be the fastest aggregation and defeated the Midgets to the score of 5-1. In the absence of the manager of the Midgets Norman Trenouth handled the game to the satisfaction of the teams.

ALERTS vs. KERWOOD JUNIORS

On Wednesday evening the Alerts played a friendly game of hockey with the Juniors of Kerwood defeating that team by a score 1-0. The Kerwood boys have an open air rink 80x100 ft., lighted by Delco, but the Alerts thought they were members of Shackleton's party when it came to changing skates in zero weather. The Kerwood boys will play return game at the Arena Saturday evening, 7 to 8 p.m. The following is lineup: Alerts—Goal, McNally; r. defence, Cook; left defence, Jackson; centre, Prentis; right wing, Vail; left wing, Rogers.

Kerwood—Goal, Woods; right defence, Johnson; left defence, Chittick; centre, Johnson; right wing, Galbraith; left wing, Moorhouse. Referee—Brush of Kerwood.

WATFORD vs. SARNIA

Thursday, Feb. 9, Watford High School played the first of home and home games with the Sarnia Collegiate to decide the group championship, at Watford. The visitors brought down a fast, heavy team and the local boys, basting all the way, were defeated 6-0. The ice was very soft, making carrying the puck very difficult and here the Sarnia Collegiate used their weight to good advantage.

COLLEGIATE WON DISTRICT

Watford High School Hockeyists Give S. C. I. Hard Run Here Saturday.

(Sarnia Canadian-Observer)

Final Standing

	W	L	F	A	
Sarnia	2	0	9	0
Watford	0	2	0	9

By virtue of two wins over the Watford High School the local collegiate hockey team is now in possession of the interscholastic championship of their district. Saturday afternoon they added another win to their list when they defeated the Watford team 3-0 in St. Andrews arena, and won the round by 9 goals.

The visiting aggregation played a strong game, showing up to a good advantage against the heavier Sarnia team. The ice was in no way conducive to good hockey as nearly half of the sheet was covered with water. This proved advantageous to the lighter Watford team who were able to get away quicker than their heavier opponents. The ice proved too heavy for Manore and Gabler on defence, while neither managed to score they put an effective barricade in front of Richardson who was not called up to do very much work stopping only two shots.

Eddie Robinson netted Sarnia's first tally 2 minutes after the commencement of play. He played a steady game, but was not so effective as LeBel, who seemed right at home on the water laden ice scoring two points for the Sarnians and whipping in many well placed shots that kept the Watford goalie busy during the whole game.

Sarnia closed the first period with two points to their credit LeBel scoring the second one 7 minutes after Robinson. Steadman in centre for Watford proved to be one of the hardest men to watch as he not only knew how to carry the puck but also how to shoot and check. The second period ran for seven minutes before a tally was made and then LeBel placed the third and last point of the game in the net.

The third period was rather listless as all the players were wet through and tired out from skating on the heavy ice. No points were scored in the third the game ending 3-0 for the localities. Harry Prout handled the bell and kept the two teams playing hockey although there were no manifestations of roughing it from either team. What few penalties were handed out were the result of loafing. The teams lined up as follows:

Watford—Goal, McKercher; defence, McGillicuddy and Trenouth; forwards, J. W. Kinnell and J. Kinnell; centre, Steadman; subs, Harper and Vail.

Sarnia—Goal, Richardson; defence, Manore and Gabler; forwards, LeBel and Ash; centre, Robinson; sub, Jenkins.

Referee—Prout. Score by periods.

First Period. Sarnia—Robinson, 2 min. Sarnia—LeBel, 7 min. Second Period. Sarnia—LeBel, 7 min. Third period—No score.

A fire alarm was rung on Saturday evening about 7.30 when a blaze was discovered in John Rudavsky's garage, Glencoe. It appears Mr. Rudavsky was pouring a couple of gallons of gasoline into the tank of his car, and a lighted lantern near by did what might have been expected. Help arrived quickly and the flames were brought under control before much harm was done. The side curtains and top of the car were burned to the extent of about \$25 and the garage was damaged some. The proprietor lost a part of his clothing, but was saved from being severely burned, by Case Troyer, who plunged him into a snowdrift.

BORN

In Bosanquet, on Wednesday, Feb. 1st, to Mr. and Mrs. Joseph Steadman, a son.

In Bosanquet, on Saturday, Feb. 4th, 1922, to Mr. and Mrs. Graham Romph, a son.

In Plympton, on Wednesday, Feb. 8, 1922, to Mr. and Mrs. Herbert F. Rothwell, a son.

At Lamond, Alberta, on Jan. 25th, to Mr. and Mrs. Bertie Dann, a son Benjamin Albert.

In Alpena, Mich., on Jan. 21st, 1922, to Mr. and Mrs. Stanley A. Thomas a son—Wayne Dayoe.

DIED

In Metcalfe, on Thursday, Feb. 9th, 1922, James W. Edgar, in his 64th year.

At her late residence, D & E Townline, on Monday, Feb. 6, 1922, Mrs. Harry Elliott, Sr., in her 79th year.

In Forest, on Monday, Feb. 6th, Elizabeth Kennedy, in her 72nd year.

IN MEMORIAM

Garside—In loving memory of my dear husband who died one year ago to-day.

We miss thee from our home dear father.

We miss thee from thy place; A shadow o'er our life is cast, We miss the sunshine of thy face.

We miss thy kind and willing hand, Thy fond and earnest care. Our home is dark without thee, We miss thee everywhere.

—Mrs. R. Garside, Daughters and Sons.
