## Entertaining the United Baptist Association Delegates.

Delegates to the Western Baptist Association will be entertained as follows:

Allen, Mrs. Elvina, of Acadia, with Mrs. J. H. Hicks.  
Allen, Mrs. N. H., of Acadia, with Mrs. J. H. Hicks.  
Bancroft, Rev. J. W., of Annapolis, with Rev. W. H. Warren.  
Blackadar, J. A., of Ohio, at the St. James Hotel.  
Beckwith, Mrs., of Nictaux, with Mrs. Abram Young.  
Carter, Rev. H., of Clementsport, with Dr. Burns.  
Clement, Mrs. A., of Ohio, with Mrs. V. Munro.  
Collins, Mrs. E. H., of Westport, with Mrs. Eugene Troop.  
Collette, Rev. G. H., of Yarmouth, with B. Piggott.  
Crowell, Rev. E., of Yarmouth, at St. James Hotel.  
Charlton, A. C., of Port Lorne, with Frank Charlton.  
Corbett, Rev. L., of Bear River, with Dr. Burns.  
Clark, Edward, of Bear River, with Mrs. Peters.  
Dix, Fred E., of Middleton, with Mrs. Newcombe.  
Isheshire, William, of Maitland, with Mr. Fader.  
Adridge, Capt. N., of Port Maitland, with Capt. Sailer.  
Froeman, Mr. and Mrs. B., of Milford, with Mrs. Slocomb.  
Hilton, Capt. B. R., and wife, of Yarmouth, with William Whitman.  
Hartow, Mr. and Mrs. M. A., of Brookfield, with Wallace Langley.  
Harris, Howard, of Melvern Square, with Howard Munro.  
Harnish, Samuel, of Milford, with Howard Munro.  
Howard, William, of Westport, with Mrs. Newcombe.  
Haverstock, Rev. C. H., of Nictaux, with Arthur Wheelock.  
Harris, David, of Bear River, with Jarvis Chute.  
Higgins, Rev. W. V., with Mrs. Hensley.  
Hubley, David, of Clementsvalle, with Arthur Wheelock.  
Langille, Rev. S., of Port Lorne, with Stanley Marshall.  
Merrill, Rev. J. R., of Acadia, with B. Piggott.  
Mason, Rev. E. S., of Lockport, with Adam Clark.  
Morse, W. A., of Nictaux, with Abram Young.  
Marshall, Rev. C. H., and wife, of Clementsvalle, with Mrs. Peters.

Nowlan, Charles R., of Havelock, with John Elliott.  
Nichols, Manning, of Deep Brook, with Henry Nichols.  
Porter, W. H., and wife, of South Range, with James Messenger.  
Frozier, Rev. A. J., of Port Mahland, with L. G. Hinesy.  
Porter, Rev. I. W., of Wolfville, with Mrs. Lockett.  
Price, Rev. D., of Milton, with Rev. W. H. Warren.  
Pitman, Mrs. A., of Brooklyn, Yarmouth, with Mrs. Lockett.  
Pugh, Mrs. W. A., of Westport, with Mrs. Eugene Troop.  
Read, Rev. E. O., of North Brookfield, with Mrs. Hensley.  
Ringer, Joseph, of Milford, with John Elliott.  
Rose, Capt. James, of Port Maitland, with Capt. Sailer.  
Rose, Rev. C. W., of Yarmouth, with B. D. Neely.  
Raymond, Mrs. Z., of Yarmouth, with Mrs. Hatt.  
Roop, Joseph, of Clementsport, with F. Charlton.  
Roop, Charles, and wife, of Springfield, with Mrs. Stronach.  
Ryerson, Mrs. W. E., of Brooklyn, with Mrs. Lockett.  
Spurr, Shippy, of Melvern Square, with Newcombe Marshall.  
Spurr, William, of Deep Brook, with Newcombe Marshall.  
Smith, Rev. H. B., of Melvern Square, with Adam Clark.  
Sanford, Rev. R., of Aylesford, with W. Craig.  
Saunders, Rev. A. H., of Ohio, with Asard Beeler.  
Saunders, Rev. H. H., of Paradise, with B. Neely.  
Saban, C. F., and wife, of New Tuxet, with Minard Graves.  
Smith, Mrs. John, of Smith's Cove, with A. Vidito.  
Stark, Deacon, of Port Lorne, with Stanley Marshall.  
Sabon, Leslie, of Havelock, with Parker Whitman.  
Trefry, Grace, of Yarmouth, with Mrs. Hatt.  
Whitman, I. J., of Torbrook, with A. D. Brown.  
Wilson, Rev. G. M., of Argyle, with Mr. Lloyd.  
Wyman, Mrs. A., of Ohio, with Mrs. V. Munro.  
Woodman, Mrs. H., of Smith's Cove, with A. Vidito.  
Weir, Mr. and Mrs. S., of Smith's Cove, with Lorne Hall.  
West, Rev. J. K., of Pubnico, with Z. Phinney.

## Western Association of United Baptists Meets at Bridgetown.

The Western Association of United Baptists will hold their annual session in Bridgetown from the 15th to the 18th inst., when a programme of special interest will be carried out. The visitors are expected to arrive on Friday of this week and the opening session will be a business meeting held on Saturday morning at ten o'clock as will also the afternoon session. The Saturday evening session will be a temperance meeting with a report on temperance work by Rev. A. T. Dykeman. A number of platform speakers will take part in this meeting. Sunday will begin with a

devotional meeting at 9.30. The usual morning session, at 11.00 will include the Associational Sermon by Rev. C. W. Rose. A session in the interest of the Sunday-Schools will be held at 2.30 a.m. In the evening a report on Foreign Missions will be given by Rev. H. C. Newcombe followed by Missionary addresses. On Monday morning after devotional exercises a report on Education will be given by Rev. W. H. Warren followed by a discussion of Educational work. Monday afternoon two meetings will be held, one in the Baptist Church where a Report in Denom-

inational Literature will be given by Rev. C. H. Haverstock; and the others a Womens' Missionary Meeting in the Methodist church. Educational addresses will form the main program for the evening session. Tuesday morning a paper on Systematic Giving will be presented by Rev. A. H. Saunders, Tuesday afternoon a Sunday School report will be presented by Rev. E. S. Mason. In the evening the closing session will be held which will be devoted to Missionary and other Church work in which various speakers will take part.

### Prominent Nova Scotian Dies in the West.

Red Deer, Alb., June 9.—Rev. Dr. Gaetz died here to-day at the age of 66. He was born near Halifax, and occupied the leading pulpits at Fredericton, N. B., Yarmouth, N. S., Central Toronto, Hamilton, London, Brandon and Winnipeg. His health failed and he settled at Red Deer, Alberta, in 1883, and has ever since been closely identified with the progress of the West. He was the conservative candidate for the Provincial Government in 1883, supported the N. P. in 1878, and gave an address at the inauguration of Confederation at Halifax in 1867. The family all live West, Mayor Gaetz being his second son.

### Loss of Life and Property

Cloudburst Precipitated Six Inches of Rain and the Waters of Big Creek Swept the People of Gradyville From Their Homes to Their Death. Chicago, June 9.—Twenty-nine persons dead and forty persons injured, constitute the list of casualties resulting from a storm of wind and rain which swept over Southern Illinois, Indiana and Central Kentucky last night and to-day. Houses were swept away, bridges demolished and thousands of acres of growing crops destroyed. Gradyville, Kentucky, was the worst sufferers. A cloud burst caused Big Creek to deluge that village last night and thirty persons were drowned or crushed by falling houses. At New Mindinville a tornado did five hundred thousand dollars worth of damage. At York, Illinois, three persons were killed and thirty injured by a tornado which descended on the town last night.

### A Booming Division.

Within the past two weeks eighteen propositions for membership have been made in Olive Branch Division, and six were initiated on Monday evening last, the remaining twelve to be welcomed later. This looks decidedly promising for our pioneer temperance organization. Two very creditable entertainments have been given by the respective parties led by two hosting captains, and better fare is still in pickle. Instruction and hymns are judiciously blended in all the entertainments, and the nutritious is not forgotten. The Division looks as bright as a new nickel. May its shadow never grow less.

### NINE THINGS TO PAY ATTENTION TO.

- 1st. Prevention of spitting.
- 2nd. Proper cleaning and fumigation of houses containing, or having contained, tuberculous patients.
- 3rd. Isolation as much as possible of bad cases.
- 4th. Prevention of marriage among consumptives.
- 5th. Medical examination of milk, cattle, meat, and those handling it.
- 6th. Early examination of children for tuberculous, or predisposing conditions.
- 7th. Better ventilation and heating of houses, public buildings, work shops, and all places where people gather together.
- 8th. Prevention of overcrowding in tenements, etc.
- 9th. The simple life.

TO CURE A COLD IN ONE DAY Take LAXATIVE BROMO Quinine Tablets. Druggists refund money if it fails to cure. E. W. GROVE'S signature is on each box. 25c.

### New Test for Tuberculosis.

Paris, June 6.—Professor Roux, of the Pasteur Institute, has made public a process for definitely ascertaining the presence of tuberculosis in men and animals. As he claims, Prof. Valle has made successful tests of the process on animals at Alfort. This process consists in making a small superficial incision in the skin, rubbing it with a swab of cloth impregnated with drops of the Koch tuberculin taken from a 1:250 solution culture. If the patient does not have tuberculosis the incision will cicatrize of itself without doing any harm. If the patient has tuberculosis, although other symptoms do not appear, the incision will be soon covered with a little knob which will turn into a pustule analogous to that of vaccination.

### TONIGHT.

If you would enjoy tomorrow take Chamberlain's Stomach and Liver Tablets tonight. They produce an agreeable laxative effect, clear the head and cleanse the stomach. Price, 25 cents. Samples free at W. A. Warren's drug store.

### Acadia Anniversary.

Delightful weather and favorable conditions contributed much to the success of the Anniversary exercises at Acadia University last week. A large concourse of people assembled as usual to witness the proceedings. Twenty-six young graduates of the College received their degree of B. A., and twenty-two young ladies completed their work at the Seminary. The year past has been one of marked success at these schools, and the outlook for the future is better than ever before. The Academy has also done admirable work, and has given a large number of matriculants to the College. Rev. W. B. Hutchinson, D. D., a former graduate of Acadia, who has won distinguished honors since his college course was completed, has been chosen as President of the University, and he will enter upon his duties in the autumn. A number of new teachers will be appointed for the Seminary and Academy, and steps are being taken for enlarged accommodations in class room and residential respects. Principal DeWolfe, of Acadia Seminary, reports that during the past year 305 young ladies have been attending the classes under his jurisdiction. Of these 106 have been residents of the Seminary, and 199 have been registered as day or occasional pupils. Acadia University is rapidly advancing in strength and popularity. It is doing most creditable work, and its graduates are to be found in almost all parts of the world. The second forward movement is steadily progressing in its efforts to raise \$100,000.00 to which John D. Rockefeller is to add an equal amount, to be used as a permanent endowment for the institution.

### Another Link Between The East and West.

(Calgary Herald.) One of the most recent arrivals in this Province is Mr. John A. Irvine, who comes after twenty years experience in real estate and insurance in Halifax, Nova Scotia, to seek his fortune in this Greater Canada. Mr. Irvine does not come empty handed, but is bringing with him the Nova Scotia Fire Insurance Company, for which he has been appointed General Agent for the Province of Alberta. This company was organized in Halifax some years ago, and has since been engaged in the fire insurance business throughout the Maritime Provinces of Canada. Realizing, however, that a successful Fire Insurance Company must cover a large territory so as better to scatter its risks beyond any danger from conflagrations, the management decided to extend the field of operations. We attend the field of operations. We are sure that this province will accord the "Nova-Scotia-Fire" a hearty welcome. In these days of high finance and speculation, it is a pleasure to consider carefully managed, yet wide-awake companies. (Mr. John Irvine is, we understand, a native of Granville Ferry.—Ed.)

### CHILD SOLDIERS.

(From the London Outlook.) I am convinced that the attempt to make little soldiers of our school children will evolve a vast amount of misplaced energy and frustrate one of the main objects of the National Service League—namely, to cultivate a serious view of the military obligation among all up grown citizens.

### Joker's Column

#### AN ABSENT-MINDED PROFESSOR

Dr. Jenkins is a scientist, and therefore a deep thinker, and consequently, often preoccupied and absent-minded. His most recent adventure attributable to his absent-minded propensities is at present furnishing much amusement for the faculty.

He was reading one evening after dinner when his wife approached and, touching him on the shoulder, remarked softly: "Oliver, Mr. and Mrs. Brammer are coming over this evening, so just go up-stairs and put on your other coat."

The quiet little professor complied without a murmur. An hour later, when the visitors had been in the house some time, the hostess excused herself for a moment and slipped upstairs to see what detained Dr. Jenkins. She found him in bed, calmly sleeping.

"O, to be sure, the Brammers," he said, when she awakened him. "I'll be right down. I guess I was a little absent-minded. I must have forgotten what I came for when I removed my coat, for I kept right on undressing and went to bed."

**WHY WILLIE WAS SENT.**  
(Exchange.)  
(Exchange.)  
The school teachers of a great city have many and curious experiences with the small people whom they are teaching to which there is no royal road. There was a large kindergarten convention held recently in New York, and the Canadians who attended have brought home some amusing yarns about the ways of the youngsters in the metropolis. There was a teacher who had in her charge a small boy who evidently belonged to the Green U.S.A. She sent him home to be properly scolded, but Willie returned more malodorous than ever. Once more, the teacher, true to the quality which is next to godliness, sent him to his mother with a note to the latter, telling her that her small son was not pleasing to the sense of smell. Willie patiently trudged home and then to school with the following letter to the fastidious young woman:

"Dear teacher—Willie ain't to be smelt—he's to be learned."

#### HIS NAME.

In some country districts it is not unusual to see the owner's name simply chalked on carts and other vehicles, in order to comply with legal regulations. Unfortunately, this custom leads itself to the playing of practical jokes on the part of the residents maliciously inclined, who sometimes rub off the lettering, and thereby get the cart owner into trouble with the police.

A case of this kind having occurred, a constable accented an Irishman whose name had thus been wiped out unknown to him.

"Is that cart yours, my good man?"

"Av course it is," was the reply.

"Do you see anything the matter wid it?"

"I observe," said the pompous policeman, "that yer name is obliterated."

"Then ye're wrong," quoth Pat, who had never come across the long dictionary word before. "For my name's O'Reilly, an' I don't care who knows it."—Illustrated Bits.

#### NOT RASH.

Old Quiver—"And so you want to take our daughter from us? You want to take her from us suddenly, without a word of warning?"

Young Goslow—"Not at all, sir. If there is anything about her you want to warn me against, I'm willing to listen."

#### RECOGNIZED HER.

Fortune Teller—"Beware of a short, dark woman with a fierce eye. She is waiting to give you a check."

Visitor—(despairingly)—"No, she ain't. She's waiting to get one from me. That's my wife.—Baltimore American.

#### ONE FAST TRAIN.

"My! How fast you're running!" exclaimed the dressmaker's lap-board to the sewing machine.

"Of course," replied the sewing machine, without a moment's pause. "I've got to make a train."

#### A CUSTOMS JOKE.

First Tourist—These customs officials seem to take positive delight in their work.

Second Tourist—Yes, they combine duty and pleasure.—Philadelphia Record.

### Puzzle Corner

Dear Boys and Girls—This week we shall give you no puzzles but publish instead two interesting letters from little friends of this column and an essay written for Empire Day by a ten year old boy. We think he knows a good deal about "This Canada of Ours" and tells it well, too.

The Puzzle Editor would like to know which interests you more, puzzles or letters.

**A BUSY BOY.**  
Dear Boys and Girls—

I thought I would write and tell you how I am interested in work, school and play. My papa works away most of the time and my brother and I have the work to do about the place. I have to get up early in the morning to help milk. I have the wool to bring in to last till I get home from school. I have the hens to tend, we have 17. As I have a long walk to school I often miss a day, but I do not get behind in my class as mamma teaches me home. Before I go to school, I have to make a fire in mamma's room as she is sick. She has been an invalid for ten years. I like to go to school. We have great fun playing ball. My brother and I play after we get our work done. I think it is nice for the Editor to give us a Puzzle Corner. This is the second week I have sent answers to the puzzles. I cannot write any more as I am left handed. It cramps my hand to write much at a time. With best wishes to all the boys and girls interested in the puzzle corner.

Yours truly,  
SHANNON TANCY (10 yrs.)  
Granville Centre

**A LITTLE BOOKLOVER.**  
To the Puzzle Editor:

Dear Editor:—The Puzzle Corner is of great interest to me and I watch very anxiously each week for the Monitor.

My favorite pastime is reading, and my favorite authors are Dickens, Ralph Connor and Mr. and Mrs. Thompson-Ston.

I prefer Dickens because he keeps one interested all the time and introduces so many queer characters. I think Old Curiosity Shop, David Copperfield, Nicholas Nickleby and Oliver Twist are my favorites.

I greatly enjoy Kate Douglas Wiggin's stories and many others, but I have not outgrown my liking for "Alice in Wonderland" and "Through the Looking-glass and what she saw there," nor Grimm's and Anderson Fairy Tales.

Thanking you for your kind interest in the children,  
Believe me,  
Your sincere friend,  
GLADYS B. VANR-SKIRK.  
(Age 13.)  
Upper Granville.

**CANADA A PART OF THE EMPIRE.**  
Canada is the brightest gem in the diadem of Great Britain. It contains 3,456,000 square miles of territory. Its boundaries are: United States on the south, Arctic Ocean on the north, Atlantic Ocean on the east, and the Pacific Ocean on the west. It is only a little smaller in size than the United States and Alaska put together.

The St. Lawrence river and the Great Lakes form one of the most noted water highways of trade in the world. Lake Superior is the largest lake in the world, and is larger in size than the province of New Brunswick. The most noted mountain range in Canada is the Rocky mountains, where some of the grandest mountain scenery in the world can be viewed. Why should we not be proud of our great Dominion? In the great west of Canada they raise much wheat which is shipped to about every nation in the world. Such quantities of wheat are raised that it has to be stacked up in great piles out of doors. All over every kind of fruit known is grown in Canada. Annapolis Valley, in Nova Scotia, is one of the most noted apple raising districts in the world. Ontario also raises much fruit. Lumber is another export. The minerals of Canada are Gold, Nickel, Copper, Coal, Petroleum, Iron, Silver, and the fisheries are a great source of wealth. The population of Canada has increased very much in the last few years. The leading people of Canada are of English, Scotch, Irish and French descent. Sir Wilfrid Laurier, the present premier of Canada, is a Frenchman. Fifty other nationalities are represented in Canada. The Rev. Lewis Parker, when preaching on the British and Foreign Bible Society work, said that in the depot at Winnipeg the Bible had been asked for in forty-five different languages, 12,000 Englishmen alone came over in 1906.

Canada aims to build up a great Dominion by putting railways to its farthest boundary and by inviting

#### Air-Ship Blown Out to Sea

Boston, June 7.—The breaking down of his motor, which allowed the air-ship he was navigating to be blown out to sea, came near resulting in a fatality for Lincoln Beachy, of Revere Beach, yesterday. Beachy had made a sensational journey from Revere Beach to Boston. Sailing high over Boston's tallest structure, the Ames building, and passing over the steeple of the Park street church, and the state house dome, he finally landed on Boston Common, where thousands of people were attracted by the unusual appearance. Beachy delivered a message to the governor and then rose in his air-ship for the return trip. When the aeronaut was in the harbor, after leaving the city, his motor broke down and the air-ship was fast being blown out into the harbor. Beachy managed to fix up his engine partially so as to get back to the vicinity of Revere Beach. Several hundred feet off shore the balloon settled rapidly and it looked as if Beachy would be thrown into the water as it entangled beneath his air-ship. Men in row boats and launches nearby seized the aeronaut's drag rope and started for shore, towing the air-ship, which was finally beached without damage, while the navigator was taken off in the boat.

people in to share with them the valuable mines, fisheries and wheat fields. The leaders of Canada see that they will have to make a just law that will deal with all people alike. It also takes able men to do this, so Canada will have to be careful what men she selects to do this work.

MAX G. SAUNDERS,  
Paradise  
Annapolis County,  
Age—10 years.

Wandering Walter—Worse'n dat, dat, Phil, worse'n dat. It was soupenst.—Cleveland Leader.

Beware of Ointments for Catarrh that Contain Mercury.

Mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescription from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by Dr. J. C. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free. Sold by Druggists. Price 75¢ per bottle.

Take Hall's Family Pills for constipation.

The trade territory of a town is not all dependent upon the distance to neighboring trading points. The trade territory depends upon the enterprise of the merchants and the residents of the town. If a town does not reach after the trade it will come over as fast as it has to, and will grow as it is forced to. But if the merchants go after business in the surrounding country, advertising in every possible way and making good every word of their advertising, trade will come from an ever increasing radius, the town will gain a reputation for being awake and it will forge to the front. It is the men in the town and not altogether the men living within a certain number of miles from it that make the town.

**Suppression of Insect Pests.**

**California Leads the World, By Introducing Natural Parasites to Combat Injurious Insects.**

(The Brooklyn Chronicle)

To the Editor of The Chronicle—  
Massachusetts and Federal authorities at Washington may be expected to criticism by the nation for an unnecessary spread of the gypsy and the brown-tail moth pests. Doubts have stirred private citizens to action. Years of attention and the expenditure of millions of dollars in Massachusetts, instead of bringing relief, now find those pests in nearly all New England, and threatening the country by natural and by suspected criminal means. Science and sense appear to have been in a costly conflict.

Insect pests are one of the most powerful forces in nature. Man's inability to control that force, save by turning nature against nature, is a truism with the world's best experts on this, and with those whose means of support depend on holding insect pests in check. Our loss from insects alone in the United States is said to amount to four hundred millions of dollars annually, principally from imported insects.

In about a month or two the moth caterpillars will begin to appear again. At the Brookline town meeting of last January the town did not approve of a \$25,000 contract with California, to introduce the natural enemies of these moths, payment to be conditioned upon success. This was sound, for the town did not understand the matter fully, and what has since been learned—hereinafter summarized in part—shows that no such contract need be made now.

It has been a short interval between the special town meeting of January 28th, and the formal meeting of March 14th; shorter than was anticipated. Immediately after the January meeting some public spirited citizens of Massachusetts decided that instant action be taken to clear a doubt on this serious matter. They requested the writer to go forthwith to California and be ready to report, before the annual town meeting convened, on just what had been done and could be done by that state to combat insect pests by beneficial insects.

The journey and investigation were completed in twenty-six days, covering about 5,000 miles, and including personal interviews with the most accomplished specialists in the science of parasitology in California, who offered every facility for inquiry for 500 miles from the borders of Mexico to Sacramento, the capital of California. Investigations were made with experts in the orchards and ranches, and at the state insectaries; inquiries were made by land owners and horticulturists, by quarantine experts, by the world's greatest master of plant breeding, Luther Burbank, and by the Governor of the State. This was an immense task, and the examination of thousands of pages of printed matter from among the most valuable collections that the world perhaps offers on the specialty, as well as hundreds of pages of contemporaneous correspondence, work that was pursued daily both in crossing and recrossing the continent.

To me it is now very clear that Massachusetts men have erred in no keeping, during these recent years, in closer touch with a section of the world that has been compelled for a quarter of a century or more to pursue this science in its practical application, and to maintain the lead in it.

It is impossible to impart in this letter all the information obtained by me throughout his instructive journey. Some conclusions are these—  
1. On returning to Santa Barbara, Cal., from work with experts in the field near the Mexican border, a telegram reached me, February 29th that the annual town meeting in Brookline was called for March 14th, and asking suggestions for an article in the warrant to cover the moth issue. I telegraphed back the form of the article now numbered the twenty-eighth, which was intended to cover the subject-matter, although it was that too soon to determine what vote would be best to offer under that article.

I now suggest that no action be taken at the present time under that article, because, as a sequence of this mission, it is now expected that in May or June next California will of her own volition send some of her experts to Massachusetts, who will examine and report on the situation in this state before further negotiations, if any, will be necessary. The Superintendent of the Massachusetts Commission, Mr. A. H. Kirkland, has recently written to the Commissioner of

**Fruit-a-tives**

**"FRUIT-A-TIVES" differ from any other remedy in the world.**

**They cure, absolutely, Stomach, Liver, Kidney, Bowel and Skin Troubles.**

Because none of the usual remedies have given you relief, is no reason why you should not give "Fruit-a-tives" a good, honest trial. Fresh fruit acts directly on the three great eliminating organs—Bowels, Kidneys and Skin. But fruit contains only a minute quantity of the medicinal principles and in order to receive any marked benefit from fruit, one would be compelled to eat more than could be assimilated by the system.

"Fruit-a-tives" contain all the curative virtues of fruit in a wonderfully concentrated form. In making "Fruit-a-tives," the juices of apples, oranges, figs and prunes are combined—and, by a wonderful discovery of a famous physician, a chemical change takes place in the juices, by which the medicinal action is many times increased. Then tonics are added, and "Fruit-a-tives" contain no Colomel—no Cascara—no Senna—no Morphine—no violent purgatives—only fruit juices and tonics.

"Fruit-a-tives" act directly on the Bowels, Kidneys and Skin—strengthening them—and arousing them to vigorous action. With the Kidneys healthy—the Bowels moving regularly every day—the Liver active—and the pores of the skin doing their full share towards ridding the system of waste—there can be no disease. "Fruit-a-tives" mean health for every member of the family.

50c. a box—6 boxes for \$2.50. Sent to any address on receipt of price if your druggist does not handle them.

**FRUIT-A-TIVES LIMITED, OTTAWA. 103**

8. The interchanges of relief in this field between New Zealand and between South Africa and California, are proof of the sensible views of practical planters in seeking the world's recognized authorities in parasitology.

9. When California put her state embargo on Mexican oranges on account of the Morelos orange maggot, and diplomatic correspondence was thereby precipitated between Mexico and our Department of State, it was the Hon. Ellwood Cooper, State Commissioner of Horticulture in California, who cleared the atmosphere.

10. It is on the Pacific Coast that we find stringent quarantine laws against the admission of infested plants, shrubs and trees. Every vessel is overhauled by the inspectors, under the skilled guidance of Mr. Edward M. Ehrhorn, the State Horticultural quarantine officer, and a rigid enforcement of the law excluding insect foremen of the law accumulated at that port is maintained. Such inspections occur both at San Francisco and at San Diego. An invaluable collection of insects has now accumulated at the latter port in California, giving her intelligent experts, Edward K. Carnes, Frederick Maakow, and others, rare advantages that only years of time, much outlay, and hazardous adventures by her world searchers could assemble.

11. Last year an official "entomologist" in Western Australia questioned the efficiency of the endeavors of the Department of Agriculture of Western Australia to cope with insect pests by means of natural parasites. Whereupon the matter was officially reported on by a committee of experts that made a cutting exposure of this entomologist's inconsistencies. Omitting these features, however, I quote the following from the report—  
"Speaking generally, it may be said, that the conflicting opinions in this field appear to be, on the one side, those of the professional museum-trained entomologist, who mainly concerns himself with the identification and description of insects in general, irrespective of their places in the economy of nature. Success with him is measured by the degree of completeness in the collection under

his charge." "On the other side are the practical entomologists, who bear the agriculturalists calling for aid against the ravaging hosts of minute insect foes, and who say, 'We are not concerned as to what the insect is, we want to know what it does. If it is a fighter on the side of the agriculturist, we want him in millions; and if he is a pest, we want him in millions; and so they go their way searching for the farmer's friends, heedless of the thousands of forms useless to him, each one of which, however, would claim attention in turn from the academic entomologist.' "With the success of the past in evidence before us, coupled with the so far well sustained contention that 'no insect is a pest in a country where it is indigenous,' it would seem an act of wanton disregard for the immense potentialities possible to the state were we to lapse into the do-nothing policy of some other states. The longer they continue on that course, the better start secured by our growers and the greater will be the attraction we can offer to settlers from overseas."

12. In December, 1905, the amount of woodland infested with the gypsy moth in Massachusetts was put at 365,265 acres, valued at \$9,894,885, or \$27.08 per acre; while the woodland in the rest of the state was then valued at \$14,041,195,729 acres, or \$12.81 per acre. (Mass. Pub. Doc. No. 73, Jan., 1906, p. 105.) The value of the fruit industries alone in California is put at from \$50,000,000 to \$50,000,000 annually.

13. The joint agreement between California and Western Australia, each paying one-half of the expenses, is between two states 7,000 miles apart, employing men in insectaries and men to travel throughout the world. Also Ladies' Skirts in natty patterns in greys, blues, blacks. All this season's makes. Ladies' Oxford in tan, black and Blucher cut. Buy here and save money. Prices lowest, quality best.

**HELLO! HELLO!**  
Have you been into JACOBSON'S and seen their big stock of OILCLOTHS, CARPETS, STRAW MATTINGS and LACE CURTAINS? Also Ladies' Skirts in natty patterns in greys, blues, blacks. All this season's makes. Ladies' Oxford in tan, black and Blucher cut. Buy here and save money. Prices lowest, quality best.

**Jacobson & Son**  
The effect of Scott's Emulsion on thin, pale children is magical. It makes them plump, rosy, active, happy. It contains Cod Liver Oil, Hypophosphites and Glycerine, to make fat, blood and bone, and so put together that it is easily digested by little folk.

ALL COMMUNICATIONS in reference to any matter connected with this paper should be addressed to M. K. PIPER, Publisher and Proprietor.

WEDNESDAY, JUNE 12, 1907.

**HOW CALIFORNIA DOES IT**

The subject of suppressing injurious insects is enlisting the attention of California scientists who are acting upon the theory that nature works with nature for the profit of mankind where her forces are properly employed. They do not propose to confine themselves to defensive action only, but are protecting their orchards and fireflies, but are allying insect forces to annihilate their insect foes. Their method may be profitably studied by our Nova Scotia orchardists, and for their benefit we publish elsewhere a descriptive article of the work being done in California and Australia. Massachusetts is joining the combination also and we trust Nova Scotia will not lag in the rear of the procession.

For the article herewith published which is from the pen of Alfred D. Chandler, of Boston, who has made personal observation of California methods, we are indebted to a Boston subscriber of the Monitor W. W. Saunders, who takes a commendable interest in the progress and prosperity of the old home land.

**HEWSON PURE WOOL TWEEDS**  
Pure wool means ALL wool—Nova Scotia wool—at the Hewson mill.

The election of the Rev. Dr. Robert Campbell to the Moderator's chair of the Presbyterian General Assembly is, as the Montreal Witness remarks, a fitting tribute to one who has done much for Presbyterianism. The honor comes as a crown to one of the longest pastorates of to-day, the completion of forty years at St. Gabriel's having been celebrated recently. As joint clerk of the Assembly for fifteen years, Dr. Campbell has been directly in touch with every branch of the work of this great denomination, and under his guidance the deliberations of its highest court will assuredly be characterized by dignity and broad-minded Christianity. —Chronicle.

There are but few editors in this province who have not made a vigorous kick against the city mail order house. This has been done in the interest of the home merchant, and without money and without price. If the editors of the land had received regular advertising rates for all the have said against these enemies of the country merchant they could now be wearing diamonds. Now the department store man appreciates advertising space and is willing to take all the average country paper has for sale, and at a good price. What other class of business or professional men would refuse business to help their friends, especially as many of said friends never seem in the least disposed to return the compliment or even appreciate it.

**Nova Scotia's Team.**

The inter-provincial rifle match takes place at Sussex, N. B., on Thursday. The competition for places on the Nova Scotia team resulted as follows:

Lieut. Shaffner, 69th,	282
C. M. S. Harrison, R. C. A.,	279
Capt. Bishop, 69th,	277
Pvt. Bayfield, 63rd,	275
Pvt. McKean, 78th,	274
Sgt. Christie, 78th,	274
S. M. I. Longwell, 63rd,	274
Lieut. F. L. Milner, 69th,	271
Sgt. B. W. Saunders, (sub),	260

**HOME FROM CALIFORNIA.**

(Truro News)  
Rev. E. E. Daley, of Immanuel Baptist Church, and Mrs. Daley, went to Oakland, California, about four weeks ago, on account of serious illness in the family of Mrs. Daley's sister. Mr. Daley returned home last evening from Oakland, after a nine days passage, travelling through the States of California, Oregon and Washington. From Seattle, Wash., he went to Victoria and Vancouver, B. C., thence by C. P. R. Mrs. Daley remains in Oakland for a few weeks longer. Mr. Daley will occupy his pulpit at Immanuel church on the Sabbath.

**A WRINKLE FOR CAKE MAKERS.**

If you are your own cake baker—and surely you are—you perhaps have noted the difference there is in flour. There are two principal constituents in flour—starch and gluten. All wheats contain both, but in varying quantities. Ontario fall wheat is rich in starch, while Manitoba spring wheat contains a large percentage of gluten. By combining the two kinds of wheat scientifically a flour is made that gives delightful results, whether for cake, pastry or bread.

Millers are now blending these two kinds of wheat in such a way that the rich delicacy of the first is combined with the strength of the second—making an ideal flour. Expert cooks have given Blended Flour exhaustive tests, and they are one in the opinion that no other flour can make such white, light, wholesome cake, pastry and bread.

Housekeepers will find Blended Flour without equal, both for making dairy foods and substantial baking, and they will find Blended Flour most economical, too.

**U. S. A. Subscribers**

**Please Notice**  
New Postal regulations by which each paper mailed to subscribers in the United States will require one cent postage necessarily causes a change of subscription rates. This change of postal rate goes into effect immediately, but in order to allow our subscribers fair warning we shall make NO CHANGE IN OUR ADVANCE RATES UNTIL JUNE 1ST. After that date our advance rate on subscriptions to the United States will be increased from \$1.00 to \$1.50; on subscriptions not paid in advance from \$1.50 to \$2.00.

SAUNDERS, the photographer, is well pleased with the patronage he is receiving since he opened his Bridgetown office, and talks seriously of taking up a permanent residence in our town, which impresses him as a desirable place to live in. Mr. Saunders' work speaks for itself and we are pleased that he is meeting with the patronage he deserves.

**CHANGE IN DOMINION ATLANTIC STEAMSHIP SAILINGS.**

The Service between Yarmouth and Boston will, beginning Sunday, June 9th, be increased to four round trips per week, sailing from Yarmouth Monday, Wednesday, Friday and Saturday, from Boston Sunday, Tuesday, Thursday and Friday, S. S. "Prince George" and "Boston" in commission.

F. GIFFINS, General Manager.

Important to Subscribers:

Who Are in Arrears
Finding hundreds of dollars worth of subscriptions two or more years in arrears on our books, which we must collect without further loss of time, we are mailing such accounts this week and placing drafts with the nearest bank in order to thus accommodate our subscribers and ourselves.

LOCAL AND SPECIAL

St. John will have no Exhibition this year.
A. W. Beckwith is the possessor of a new Ford runabout, a beauty and very easy-running.

The next regular meeting of the I. O. Foresters will be held on Tuesday evening, June 18th.
The D. A. R. steamer, Prince George, is now making four trips a week between Yarmouth and Boston.

Our business places have a good chance to advertise themselves this week, and should let attractively dressed windows and a generally neat appearance greet our visitors.

The marriage takes place this (Wednesday) evening in St. Mary's Church, Belleisle, at 7 o'clock, of John Owen Parker, of Lower Granville, to Miss Laura A., third daughter of Robert Gesner, Belleisle.

Richard Shipley, well and favorably known in business here for many years, whose ill-health has extended over a long period is reported, we regret to state, as very low without hope of recovery.

Rev. A. S. Lewis, the new pastor for the Baptist Church, is expected to arrive next week, with his family. They will be domiciled at Mrs. Forsyth's until the new parsonage, which is now building, is ready for their occupancy.

While searching for the brown-tail moth a good many orchardists have found the nests of the Tussock Moth, which now appear in clusters of white egg masses. These should all be destroyed when possible and it is advised to give an extra spraying for them after they are hatched, using vitriol, lime and Paris green.

The S. S. Bridgewater, while on her regular trip from Halifax to Guysboro last week, struck on the Shoals and was wrecked. The passengers and crew were saved. Among the former were a number of Acadia students who by a co-incidence happened to be on the steamer Strathcona, when she caught fire and was burned off Leage's Harbour last December.

The decision of the Town Council to shut off the water from all delinquent tax payers including those who have not paid for the water in advance to next November has provoked considerable discussion. It now appears to be the opinion of the Council that at least a number of them did not exactly understand that they were giving their sanction to such a stringent measure and the probability is that tax payers who have paid for the time they have used the water need not worry.

Nelly's buck-board when leaving the station with four passengers last Thursday afternoon making too short a turn was upset. No injury was done to the occupants nor was the vehicle much damaged. On the same afternoon Mr. Brown's buck-board was upset before the Grand Central when the horses took fright and dashed down Queen street and across the bridge, but were stopped before any damage was done.

A public meeting of the Association B. Y. P. U. will be held in the Bridgetown Baptist Church on Friday evening at 8 o'clock. Address will be given by Pastor I. A. Corbett, of Bear River, subject: "The Soul Winner's Greatest Need," followed by an address by Pastor H. B. Smith, of Meyers Square—subject announced later. A business meeting will be held Saturday at 9 a. m.

A. J. WILSON, Sec'y, Association B. Y. P. U.

Mr. and Mrs. Harry J. Crowe returned from their European trip last week by the turbine steamer, Empress of Ireland. It was expected that the steamer would land her maritime province people, numbering twenty-two, at Spleby but on the contrary the steamer proceeded to Quebec, under strong protests from her eastern passengers. Nor was this their only grievance—they were obliged to return to Halifax minus their baggage, which by some blunder had been put on the C. P. R. train and carried westward. The passengers held an indignation meeting and there is some talk of taking legal action.

PERSONALS

George Freeman spent Monday in town.

Mrs. B. A. Farnsworth spent Sunday in Granville Ferry.

Mrs. G. B. Longley and Mrs. John Corbett spent Sunday in Halifax.

James Gardner, of Boston, spent Sunday with Mrs. A. R. Bishop.

Mr. and Mrs. J. Harry Crowe arrived in Bridgetown on Monday.

F. W. Fickels, of Annapolis, was in town with his Ford runabout yesterday.

Lyman Cann and Herbert Rice are home from Acadia for the summer holidays.

Mrs. B. M. Williams and daughter, Kathleen, left for Boston on Saturday to visit friends.

Miss Annie Strong, of Anover, Mass., is spending her annual summer vacation in Bridgetown.

Burton Margeson, of Harbourville, visited his parents, Mr. and Mrs. Noble Margeson, recently.

Mrs. (Rev.) W. H. Warren, Mrs. W. A. Warren and Miss Ethel Davies attended the closing of Acadia.

Mrs. G. E. Hoyt and two children arrived from Ontario on Saturday to visit her parents, Mr. and Mrs. Elias Messenger.

Mrs. Charles H. Hoyt and family arrived from New York last week to spend the season at their summer home here.

Miss Elliott, of Dartmouth, has been the guest of her brother, Manager Elliott of the Union Bank, during the week.

Mrs. Dennison, who spent the winter with her son, Dr. Arch. Dennison, of Lynn, has returned to Bridgetown for the summer.

Dr. Anderson left yesterday for Halifax to attend a meeting of the Masonic Grand Lodge. He will return on Friday.

R. B. Richardson, Manager Royal Bank of Canada, at Sumnerville, P. E. I., is the guest of Mr. and Mrs. Irvin at the Cottage this week.

Miss Beatrice Young is at home from Acadia Seminary for the summer holidays, having completed a course in stenography and typewriting during the past year, in addition to pursuing other other courses of study.

LOCAL AND SPECIAL

There will be a match game of base ball between the Bridgetown Athletic Club and a team from Annapolis on Saturday afternoon at the Bridgetown Athletic Club grounds. Admission 15 cents. Ladies free.

Town Clerk Milner has gone to Sussex to take part in the inter-provincial rifle match which takes place there to-morrow.

Dr. Louis Saunders has sold his matched blacks to Dr. Phinney, of Yarmouth, for a fancy price.—Middleton Outlook.

Fourteen of the Station Agents and Operators of the D. A. R. had a most enjoyable supper in the dining rooms of V. J. Rogers Friday evening. The table was artistically arranged and the cuisine of a high order.—Spectator.

The marriage takes place at Brooklyn, Annapolis County, to-day of Mr. Gordon Braime (of the Londonderry Iron Mines), son of R. I. Braime, of Halifax, to Helen, daughter of Charles M. Wright, of Brooklyn.

The St. John Times observes: With hay around twenty dollars per ton, the New Brunswick farmer naturally welcomes the frost, remarkably rapid growth of vegetation.

Mail Contract

SEALED TENDERS addressed to the Postmaster General, will be received at Ottawa until Noon on Friday, the 12th of July, 1907, for the conveyance of His Majesty's Mails, on a proposed Contract for four years six times per week by way, between MARGARETVILLE and MIDDLETON from the 1ST OCTOBER, next. Printed notices containing further information as to conditions of proposed Contract may be seen and blank forms of Tenders may be obtained at the Post Offices of Margaretsville, Middleton, Melville, Prince Albert, etc., and at the Office of the Post Office Inspector at Halifax. G. C. ANDERSON, Superintendent, POST OFFICE DEPARTMENT, Mail Contract Branch, Ottawa, 27th May, 1907.

BUSINESS LOCALS

Go to T. A. Foster's for Hats, Caps and Clothing.

Saunders, The Photographer, will continue his 4 Photos for \$1.00 offer until June 26th.

New coverings have arrived. We are prepared to do your upholstering work.—J. H. Hicks & Sons.

Buy your spring footwear at Kinney's Shoe Store. The latest style for men and women.

Arriving this week, Parlor Suites, Couches, Morris Chairs, Iron Beds.—J. H. Hicks & Sons.

Pineapples 18c at J. E. Lloyd's. Fresh Strawberries on Saturday 20c box.

Buy your Screen Doors and Sashes and Lawn Mowers at K. Freeman's.

Dr. V. D. Shaffner will be in his dental office at Lawrencetown from June 5th till the 22nd.

TO LET—Store in Union Bank Block formerly occupied by H. E. Moody. Apply Union Bank of Halifax, Bridgetown, N. S.

NOTICE

Anyone wanting wool carded can have it done as usual by leaving the wool at the usual place. I pay freight on 100 pounds, but any one sending single bundles must pay his own freight. Thanking all my patrons, I remain, Yours truly JOHN CARR.

MARRIED

MULHALL-PARKER—At Hotel Spa, Middleton, June 5th, by Rev. M. W. Brown, assisted by Rev. Joseph Gates, Fred A. Mulhall and Grace Parker, both of Middleton.

WHITMAN-MILBURY—At Middleton, Mass., on Tuesday, May 28th, by the Rev. Elliott L. Mosse, George C. Whitman, of New Albany, N. S., and Ida M. Milbury, of Middleton.

DIED

QUINLAN—At the County Hospital on June 8th, Edwin Quinlan, of West Paradise, aged 40 years.

CHANDLER—At the County Home on June 11th, Maria Chandler, colored, aged 84 years.

**A WANDERER AT HOME AGAIN.**

Dear Editor:—After years of wandering, it's good to be back on the old farm again. While it is true that things have somewhat changed during my absence from home all these years, still, I find my dear people leading the same simple happy lives as heretofore. This I felt as I sat in the Baptist church of our village, and listened to the simple but eloquent sermon of the Rev. Mr. Carter, while the same dear faces greeted me from all sides. The only noticeable change was in the choir. "Another generation sits there now. When Deacon Jacob Cornwell and Deacon Jonas Rice took up the collection, it seemed like the days of my childhood when from my album I would be suddenly aroused to tender my wee offering. Those who would travel abroad in search of pleasant scenery should first

cast a lingering look at our uplands, verdant meadows, valleys and sylvan streams, and first and last of all our beautiful Annapolis Basin, for I believe they will find no more beautiful spot on God's last earth.

**DO NOT NEGLECT THE CHILDREN.**  
At this season of the year the first unnatural looseness of a child's bowels should have immediate attention. The best thing that can be given is Chamberlain's Colic, Cholera and Diarrhoea Remedy followed by castor oil as directed with each bottle of the remedy. For sale by W. W. Wade and Bear River Drug Store.

**WAS ALIVE IN THE GRAVE.**

The wife of a farmer of Mont de Marsan in the province of Landes, France, was buried while in a state of cataplexy. The woman had suffered from a lingering illness, and death apparently took place a week ago. The body was interred and for some unexplained reason the grave was not filled a once. The next day a man who was passing the grave heard stifled cries proceeding from it, and ran to the house of the mayor to give information. The mayor summoned a doctor and hurried off with him to the cemetery. When the coffin was opened on Friday the woman inside made a convulsive effort to rise. The doctor put his arms round her and raised her to a sitting position. Her heart was still beating, but she died shortly afterwards. The woman had torn her shroud to pieces in her desperate efforts to escape from her living tomb.

**MOTHER SEIGEL'S SYRUP**  
Will make you bright, strong, and healthy; it tones and invigorates every organ of digestion, cleanses your blood of all impurities and gives new life to your entire system. It CURES ALL STOMACH TROUBLES.  
Price 25 cts per bottle. Sold everywhere. A. E. WHITE & CO., MONROVIA, N.S.

**BEAR RIVER**

(Telephone)  
Miss Edith, daughter of Mr. and Mrs. W. G. Clarke, left on Wednesday for Montreal to join the party of Rev. R. G. Borden to tour Europe during June, July and August.

Walter Smith (Lac.) arrived home last Saturday from Acadia on a few days visit to his parents, Mr. and Mrs. Eli Smith. We understand that Walter will be located at Weymouth during vacation.

Gordon C. Benson has severed his connection with the Learmont Hotel, Truro, and has accepted a position travelling for the Pitner Gasoline Lighting Co., Ltd., of Toronto. We wish him success in his new occupation.

Some of our farmers have made a discovery that will be of vast importance to farmers during a dry season. They have found that in planting onions and potatoes in the same field in alternate rows, the onions, being so strong, bring tears to the eyes of the potatoes in such volumes that the roots of the vines are kept moist and a big crop is assured, in spite of the drought. It is time to commence putting out your onion sets now.

Wallace Berry, of Upper Waibee, while plowing in his field on Monday, saw a moose in the road, which he judged to be about a two-year-old. My lad walked along the highway and turned into an open gate, went within a short distance of the house, turned around and leisurely sauntered away. A number of others saw him also, among them being an old and celebrated hunter of the "Wabiees," who remarked to his wife that someone's horse had run away and that it was the worst looking horse he ever saw.

The remains of the late Alpheus Marshall arrived here from Boston last Friday and interment took place Saturday afternoon in St. Hope cemetery, the services being conducted by Rev. A. S. Rogers. The funeral was a large one, there being relatives and friends present from Grandville, Annapolis, Digby and other places. The members of Keith Lodge, A. F. and A. M. and representatives of other Lodges marched ahead of the body to the grave, where it was interred with Masonic honors. The floral offerings were numerous and handsome.

Miss Ida Newcombe gave a very interesting and instructive address under the auspices of the Mission Band to a large and an appreciative audience in the Baptist Church on last Sunday evening. Miss Newcombe, who has spent some ten years on the mission fields of India, and is now on tour, is too well known to our parts to need any praise on our part and to those who did not hear her on Sunday missed a rare treat, as she has her subject "The Missions of India" at heart and is devoted to her work.

There was a time last fall when the prospects for the reorganization of the band looked bright. The instruments were all called in and there the interest dropped. We have a number of the young people who are anxious that it be started up, but they must have the support of the older ones, and that if the ladies of the town would take an active interest that in a short time the band would be started. The material is here and plenty of it, all that is wanted is push and perseverance. Will someone make a move in this matter at once? We are at your service to do all that is within us. We would suggest that a meeting of the citizens be called in order to get their voice in the matter.

**RESCUED TWO FRENCH FISHERMEN.**

Sydney, June 10.—Two fishermen from the French schooner *Bearnaise* arrived in the city last night and applied at the Police Station for lodgings for that night. Their story was that on May 20th two of them in a dory strayed from the schooner, on for three days, without food or water, until picked up by an American fishing schooner which was going to the Magdalenas. They were landed at Pictou, and last night came in by train. The men are under the protection of French Consul, J. A. Gillies, and will be forwarded to St. Pierre-Miquelon, to-morrow. Their names are Jean Baptiste Ailet, and Louis Ameri, and both are natives of St. Malo, France.

"THIS IS IT—  
**St. George's Baking Powder**  
—the baking powder that makes the best bread—the whitest biscuits—the lightest cake and Pastry—you ever saw."  
"Order it can NOW—so you will be sure to have ST. GEORGE'S for your next baking."

National Drug & Chemical Co. of Canada Limited, Montreal.

**WOULD EXPERIMENT ON MURDERERS IN INTEREST OF SCIENCE.**

Pastor's famous remark, made twenty years ago, when experimenting with prophylactic serum of rabies upon animals that if he were king, emperor, or president of the republic he would reprieve prisoners condemned to death on condition that they underwent inoculation tests, has been revived this week by a Parisian doctor, who sees in the idea a solution of the problem what to do with murderers.

The situation in France in this respect is a peculiar one. Since July, 1906, up to the present date, nearly thirty murderers in France and the colonies have been condemned to death, and none of them executed. It is generally supposed that the sentence are not carried out because the budget commission of the chamber last year threw out the appropriation for working the guillotine; but this is not the cause, for the deputies later voted the usual fund, on the ground that a penal code could not be altered by a budgetary vote. "Monsieur de Paris" consequently has drawn his salary as usual without having any work for it, and one criminal after another has been hounded by the presidential prerogative of mercy.

Several juries recently passed resolutions in favor of the maintenance of capital punishment. A well known medical writer in the *Journal* suggests that the wishes of both those who favor and those who are against the death penalty be met by subjecting prisoners condemned to death to experimental tests which would benefit the human race by advancing the science of medicine. Let the brute who killed be utilized to save life, is the gist of the argument.

**POSSIBILITIES IN THE CHILD.**

Every child is a bundle of wonderful possibilities that God has packed up for men to unfold. A good many years ago a child was born that showed so little sign of life that they turned their attention to the mother, and paid little heed to the babe. Several years ago the child was discovered that there was life in the little body, and they began to care for the child, too. The babe lived, grew to boyhood and manhood, and became the father of Henry Ward Beecher and Harriet Beecher Stowe. The children are all worth saving, their souls as well as their bodies.

**If isn't everybody knows how to mix a drink of LIME JUICE and yet it's an easy thing to do**  
See the Instructions how to do it on the **SOVEREIGN LIME JUICE** bottles this season. **75 glasses 25¢**  
THE NATIONAL DRUG & CHEMICAL CO. LTD. MONTREAL

**PICTURES OF THE MONTH.**

The June "Canadian Pictorial" is full of variety and of greater general interest than any yet issued. The cover shows the massive monument unveiled in Montreal on May 24, to Lord Strathcona and the Canadians who lost their lives in South Africa during the war. It is full of life and vigor, and will rank among the greatest monuments of the country. The Canadian public man of the month is the Hon. Charles Fitzpatrick, Chief Justice of the Supreme Court, who, during Lord Grey's absence in England is clothed with all the authority of the Governor-General. There are some first class snapshots of the Colonial Premiers in England, in which Laurier and Botha figure largely. By way of contrast to the dignified Boer Premier, who now wears frock coat and silk hat, is given a picture showing the general during the war in the rough and ready dress of a soldier on the field. One of the most striking pictures shows a London crowd massed on one of the great squares at an open-air meeting. The sea of upturned faces is worth studying. Among the other notable pictures are: Spring on Mount Royal, the New York Zoo, a model hunter's camp, the Cambridge boat crew, Dr. Torrey, the famous evangelist, the "Suffragettes" and the London police; the famine in China, and a new London bridge. The woman's department, which includes a picture of Mrs. Charles Fitzpatrick, consists of timely fashion articles and illustrations and suggestions of interest to every household, including hints on chafing dish cookery. The news of the month is given as usual, and there are several jokes worth repeating.

**Nurses' & Mothers' Treasure**  
—most reliable medicine for baby. Used over 50 years. First compounded by Dr. F. E. Peck in 1857.  
**Makes Baby Strong**  
Restores the baby to perfect health. Cures sound sleep, without resort to opium or other injurious drugs. At Apothecaries, No. 100, St. John St., Montreal.  
National Drug & Chemical Co. Ltd., Montreal.

As you move through life let your influence be felt and your voice raised in behalf of dumb animals. They suffer like you; they hunger and thirst and wish for kinder treatment. They are helpless in the hands of man. God gave us dominion over animals that we might protect them and be aided and made happy by them. Be a lover of animals and help to protect them.

**EVERY MAN HIS OWN DOCTOR.**

The average man cannot afford to employ a physician, for every slight ailment or injury that may occur in his family, nor can he afford to neglect them, as so slight an injury as the scratch of a pin has been known to cause the loss of a limb. Hence every man must from necessity be his own doctor for this class of ailments. Success often depends upon prompt treatment, which can only be had when suitable medicines are kept at hand. Chamberlain's Remedies have been in the market for many years and enjoy a good reputation. Chamberlain's Colic, Cholera and Diarrhoea Remedy for bowel complaints. Chamberlain's Cough Remedy for coughs, colds, croup and whooping cough.

Chamberlain's Pain Balm (an antiseptic liniment) for cuts, bruises, burns, sprains, swellings, lame back and rheumatic pains. Chamberlain's Stomach and Liver Tablets for constipation, biliousness and stomach troubles. Chamberlain's Salve for diseases of the skin. One bottle of each of these five preparations costs but \$1.25. For sale by W. A. Warren, Pharm. B.

**ANOTHER PROPHECY.**

Middletown, Conn., June 1.—Horace Johnson, known throughout New England as an accurate weather prophet, has announced that all Manhattan Island and much of the adjoining territory will be destroyed by a great earthquake sometime in August. He says one-half of New York City will sink into the East river and the other half in the North river, and the disturbance will entail a loss of thousands of lives. "Uncle Horace," as he is familiarly known, is about 80 years old and is a prosperous farmer. He has made a life-long study of astronomy and changes in the atmosphere. He predicted the great blizzard of 1850 and many other catastrophes, such as the recent earthquakes in San Francisco and Porto Rico. He says that the coming earthquake has to do with the constant change in the equilibrium of the earth and that he has known of the coming catastrophe for many years, but has not announced until he has made absolutely certain that it will take place.

**The Mooney Way**  
There's nothing too good to go into MOONEY'S CRACKERS. The best flour that Canada mills, the best butter and cream that Canada's famous dairies can produce, and the best equipped bakery in Canada, to convert them into the best crackers you ever ate—

NATIONALLY APPROVED. (Chronicle) The widespread interest which Sir Wilfred Laurier's great Imperial scheme for an all-British service, by way of Canada, linking Britain and the Australian Commonwealth, has aroused, is a happy augury for the realization of the proposal. Heretofore interest in the establishment of an ocean express service has been confined mainly to the Maritime Provinces, particularly Halifax. It is, therefore, especially gratifying and encouraging to those of us who have been urging the importance of providing faster mail communication between Canada and the Mother Country to find that the present proposal has been received with a chorus of approval from the Press of the Dominion.

A. M. Bell & Co Halifax, N. S. Agents for N.S. and P.E.I.

Household.

TO TELL THE LAZY WOMAN. MARRIED PEOPLE WOULD BE HAPPIER.

"I can tell at a glance whether a woman is well groomed, and if she is not, I know she is lazy. She may complain of not having enough time to keep her person and her clothes in order, but I always know better. If her hair or teeth or nails are neglected, and a loose hand is protruding from her skirt, I know she has cared more for sleep than for the neatness of her body or her toilet. Or if the hem of her gown is dusty or there are disfiguring spots on her skirt or jacket, I know she has been too lazy to brush them before hanging them away. The untidy woman is the unhealthy woman nine times out of ten, and it is her fault."

BIRDS AND THEIR CARES. Canary birds which have for generations been bred in cages, probably do not feel their confinement to any marked degree, and yet it seems to me the natural instinct of the feathered tribe to enjoy the outer world must at times assert itself in their little hearts, and they must wonder why a cage of decent size is not provided.

The smallest kindness that we can do for them is to see that all their wants are carefully attended to. Birds are naturally neat, and it must be a positive misery for them to be confined in the disorderly cages which often disfigure the otherwise orderly home. For birds and all pet animals the dishes used for their food need to be as clean as those used by human beings.

HOUSEHOLD HINTS. Rubber must be kept away from all gold and silver. Rubber bands around boxes in which silver is kept will cause the articles to tarnish. Vegetables growing above the ground should be cooked in salted water, those below in fresh water. Never cook tomatoes in iron or stir them with a metal spoon.

When cooking onions or cabbage try setting a tin cup with vinegar on the stove and let it boil. It is said there will be no disagreeable odor. A delicate flavor will be given cookies or plain cake if an apple or orange is placed in the box in which they are kept.

If a few drops of ammonia are added to the water in which silver is washed each day, it will keep it bright as new without expeditious strength. If ink is spilled on carpets it can easily be absorbed if attended to at once. Cover thickly with salt, and as soon as that layer is black put more layer remains white. Do not remove on it; continue this until the top of the salt until quite dry, and then sweep off.

By holding onions under the faucet and allowing the water to run over them when peeling, the eyes will not be affected. The best way to keep the juice of a pie from running out is to spread a strip of wet muslin over the edge just before putting the pie in the oven.

Try Scrim for sanitary face cloths, it is so thin that the cloth can be quickly washed and dried, and being very porous, the air circulates very freely. Absence of lint is another fact in its favor. A Hint - Always grease your baking pans well and then flour with as much flour as will stick, and you will never be bothered with your cake sticking.

COLIC AND DIARRHOEA. Pains in the stomach, colic and diarrhoea are quickly relieved by the use of Chamberlain's Colic, Cholera and Diarrhoea Remedy. For sale by W. A. Warren, Phm. B.

For all kinds of Baking

Use A Blended Flour (of Ontario and Manitoba Wheat) and you use the perfect flour. BLENDED FLOUR combines the splendid food properties of Manitoba wheat - with the lightness and nutty flavor of Ontario wheat. TRY A BLENDED FLOUR - the result of your first baking will PROVE its superiority.

Easy Payment Plan. By our system each payment you make reduces to greater extent the amount of the loan, the interest becoming all the time less also. The amount of each instalment depends upon what time borrower wishes in paying off the loan. F. W. HARRIS, ANNAPOLIS Representing The Eastern Canada Loan Co.

PUMPS! PUMPS! We have on hand a large assortment of the celebrated "Myers" pumps which we are offering at exceedingly low prices. These pumps are guaranteed satisfactory in every respect. We should be pleased to show them to anyone who may be interested. BRIDGETOWN FOUNDRY Co. Ltd. BRIDGETOWN, AND NEW GERMANY.

LOOK HAPPY. Don't let the corners of your mouth droop. Or what use is a pretty complexion if it is accompanied by a peevish mouth? Just look in the glass and say to yourself, "I was not very pretty to start with, but I am bound to make myself pleasant to look at." A merry, wholesome, plain face is much pleasanter to look at than a pretty, peevish one. TETTER CURED. A lady customer of ours had suffered with tetter for two or three years. It got so bad on her hands that she could not attend to her household duties. One box of Chamberlain's Salve cured her. Chamberlain's medicines give splendid satisfaction in this community. - M. H. Rodney & Co., Almond, Ala. Chamberlain's medicines are for sale by W. W. Warren, Phm. B.

SUNSHINE FURNACE. There is no dust nuisance in connection with the Sunshine. Because the Sunshine is fitted with a dust flue (see illustration). When you rock down the ashes (no back-breaking shaking with the Sunshine) what dust arises is drawn from the ash-dust-flue, ascends to the outer air. Only two things to remember in connection with this operation - open both the dust and direct draft dampers. Sunshine is just the cleanest, simplest, easiest managed, greatest labor saving furnace that you can buy. If your local dealer does not handle the "Sunshine" write direct to us for Free Booklet. McClary's London, Toronto, Montreal, Winnipeg, Vancouver, St. John, Hamilton, Calgary. BRIDGETOWN FOUNDRY COMPANY.

### My Hair is Extra Long

Feed your hair; nourish it; give it something to live on. Then it will stop falling, and will grow long and heavy. Ayer's Hair Vigor is the only hair-food you can buy. For 60 years it has been doing just what we claim it will do. It will not disappoint you.

### The Grand Imported Percheron Stallion "CRITON"

RECENTLY PURCHASED BY THE PERCHERON STALLION SYNDICATE.  
Will make the season's route as follows:  
GOING WEST.  
Will stand at Bridgetown, "Grand Central," Monday evening, May 20th.  
Round Hill, Isaac Whitman's, Tuesday evening, May 21st.  
Annapolis, Edward's Stable, Wednesday evening, May 22nd.  
Lawrencetown, Stoddart's Stable, Saturday evening, May 25th.  
GOING EAST.  
Middleton, Shaffer's Stable, Monday evening, May 27th.  
Aylesford, Brunen Stable, Tuesday evening, May 28th.  
Tatamook, John Barteaux's, Thursday evening, May 30th.  
"Criton", 55,400, will sire horses that the farmer wants and can drive to market or work on their farms, and will sell for the highest price of any draft breeds, and keep on one half of the feed and always be fat and their feet and legs will always be right.  
Farmers wishing to breed should inspect this grand young stallion before breeding, and the farmers of Annapolis County should be proud to think that they have men with the enterprise to buy a high priced horse and bring him for them to breed to. For as the saying goes "There is none too good." It is hoped that he will be well patronized.  
Terms: \$10.00 for the season. For particulars as to pedigree, etc., see large posters.  
Lawrencetown, May 29th, 1907.

## Among Our Neighbors

### Lawrencetown

J. A. Brown has the contract for erecting a large warehouse at Windsor, already in process of building.  
Mr. and Mrs. N. H. Phinney are on a weeks trip on the South Shore.  
Rev. William Brown and Miss Edith Whitman spent last week in Halifax.  
Ed. Oswald is spending a week at Aylesford.  
There were two baptisms and six received into the Methodist church last Sabbath evening.  
Miss Jean Talbot is spending a week in Albany.  
Mrs. H. H. Whitman is spending a few weeks in P. E. I.  
W. J. Brown went to Windsor this week to assist his father.  
Ed. Daniels is home from Wolfville.  
Rev. R. D. Porter and daughter were calling on friends here last week.  
Henry Foster, of Boston, is visiting his parents and friends for a few days.  
Several from here attended the Parker-Mulholland wedding at Middleton.  
Mrs. S. Selridge and two sons, of Aylesford, have been recent guests of H. Reid.  
We are sorry to hear of the serious illness of E. C. Merry, Albany.  
Mrs. John Stoddard and daughter, Francis, are visiting friends in Queens County.  
Our fishermen are having plenty of sport now. The river abounds in salmon and many of them are being taken. All you want is a good outfit, lots of patience, some skill and the rest is easy.  
Mr. and Mrs. L. P. Schaffer, of Middleton, spent a few days here last week.  
We give below an extract from the "Maine Farmer," the most up-to-date farming paper of the age:  
"Orchardists in the great apple-growing center of Nova Scotia are alert to save their industry from the ravages of the brown-tail moth, as evidenced by the prompt action to insure concerted effort just taken in calling a convention of fruit growers and agricultural experts to meet June 7 at Annapolis, N. S. This up-and-doing spirit is just what would be expected of these progressive fruit growers. The same spirit has served to make the orchards, the fruit, and the methods of marketing known in every apple market of prominence in the world. We congratulate our friends of Nova Scotia and hope the fullest success may attend their efforts in controlling the pests."  
A good bloom is reported all over the country and the prospects at present are good for fruit.  
We noticed farmers plowing on the 10th instant with overcoats and gloves on. How is that for the middle of June?

### Paradise

Rev. and Mrs. H. H. Saunders are attending the closing exercises at Acadia. The pulpit was occupied on Sunday by Rev. J. H. Balcom.  
Dr. and Mrs. Goodspeed left on Monday to be present at the marriage of H. J. Starratt, which took place at evening on Tuesday.  
T. Dwight Bugbee of University New Brunswick is spending a few days with his mother, Mrs. J. C. Phinney.  
At a meeting of the Mission Band on Sunday morning, Mrs. D. C. Freeman, the ex-President, who has so faithfully filled the position for several years, was pleasantly surprised by being presented by an address and a handsome Oriental rug, given by the members of the Mission Band. The presentation was made by the President, Mrs. J. H. Balcom. Mrs. Freeman, who was very much surprised, responded with very suitable remarks.  
The work of cleaning up the cemetery on account of the busy season had been postponed until next Monday.

### Granville Centre

Services for Sunday, June 16th—Baptist, 3 p. m.; Episcopal, 10.30 a. m.  
Miss Lena Withers, who has been spending several months in Brookline, Mass., returned on Saturday last.  
John G. Willett, of St. John, spent Sunday at his uncle's, J. Reed Willett.  
Miss Christina Willett is visiting friends in St. John.  
J. V. Eaton is slowly recovering from a severe attack of la grippe.  
Mr. and Mrs. C. E. Withers attended the golden wedding of Mrs. Withers' uncle, James Morrison, sr., at Lower Granville last week.  
Miss Annie Eaton, having finished her sophomore year at Acadia College, is at home for the vacation. She was accompanied by Miss Pauline Patterson, of Hamilton, N. Y., and Miss Pearl M-rse, of Lawrencetown, who spent a few days with her before proceeding to their homes.  
Miss Beatrice Troop spent Sunday with her sister in Annapolis.  
Miss Atta Robbitt left last week for Deep Brook, where she has a class in music for the summer.

### Albany

A social will be held in the Baptist church here on Thursday evening, 13th of June. Revs. Elliott and M. W. Brown expect to be present; also Miss Newcomb.  
Edwin Merry is dangerously ill. Drs. Primrose and Morse are both in attendance and hopes are now entertained of his recovery.  
George Whitman and bride arrived home from Mass. a week ago Saturday.  
Mrs. H. Stey, of Kings County, and her daughter, Mrs. Graves, of Boston, have recently been the guests of relatives in this place.  
Mrs. Frank Dunlap and son, Arthur Ray, are home on a visit to her parents, Mr. and Mrs. Phinney Whitman.

With 37 Branches in Nova Scotia this Bank affords splendid facilities to Depositors. ONE DOLLAR will start an account in their SAVINGS DEPARTMENT. It begins to EARN interest at once and this interest is added to the account four times a year. No trouble or red tape. Start an account at once, and put something aside for the proverbial rainy day.

Total Assets over \$12,000,000

### Lower Granville

About seventy-five assembled at the residence of James F. Morrison on Tuesday evening (11th), the occasion being the fiftieth anniversary of his marriage. All the surviving children were present—three sons and two daughters coming from the States specially to be present. Photographs of the five sons and three daughters were taken, and as they stood on the lawn their fine appearance was the subject of general remark. About \$75 in cash—\$60 of which was in gold coin—was presented to the esteemed couple besides a number of useful and handsome articles. Amongst the guests we noticed Mr. and Mrs. Charles Withers, of Granville Centre, Mrs. G. I. Lesteyne, of Digby, and Mrs. John MacWhinnie, of Port Wade, sisters of Mrs. Morrison, and Mr. and Mrs. D. M. Foster and Mr. and Mrs. E. H. Porter. After a beautiful collation was served, the evening passed rapidly away in pleasant conversation and music. At a late hour the company dispersed wishing the esteemed couple many more years of happy married life. Mr. and Mrs. Morrison were born in this place upwards of seventy years ago and by their friendly disposition and straightforward christian life have won the esteem and confidence of the community who, one and all, congratulate them upon reaching their golden wedding anniversary.  
Archie Morrison and brother, Leonard, returned to Salem, Mass., on Saturday. William Morrison returned to Lynn on Wednesday.  
Mrs. James Morrison, jr., and Mrs. David Haynes went to Lynn on Saturday to visit friends.  
Mrs. Lucy Corbitt, of Centreville, visited her sister, Mrs. Caroline Covert, last week.

### North Williamston

Service here on the 10th at 7.30. David Ivere had the misfortune to cut his hand on badly last Friday. Dr. Miller dressed the wound and found it necessary to take several stitches in it.  
Mrs. William W. Whitman is spending two weeks with relatives in P. E. I.  
Miss Jessie Banks, who has been quite ill with heart trouble, is convalescent.  
W. W. Martin and baby, of Melvern Square, is the guest of her parents, Mr. and Mrs. Henry Banks.  
Miss Ruby Banks is spending the summer with her sister, Mrs. A. Kierstead, of Melvern Square.

### South Williamston

Mr. and Mrs. W. A. Bishop celebrated the twenty-fifth anniversary of their marriage on Saturday evening, the 5th. Over fifty guests were present to congratulate the bride and groom of twenty-five years ago. They were the recipients of many handsome and useful presents, including silverware, cut glass, Japanese ware, etc. After partaking of a bountiful repast, a very pleasant evening was spent, when the company united in singing "God be with you till we meet again" and bade Mr. and Mrs. Bishop "good night," wishing them many more years of happy married life.  
Fred Bishop, son of Councilor Bishop, has accepted a good position with the Davison Lumber Co. at Crossburn and leaves for there on Wednesday next. Fred is a bright, smart boy and we wish him success.  
Mr. J. N. Morgan and children, of Crossburn, are visiting at the home of her father, I. B. Bishop.  
William H. Marshall had the misfortune to lose a valuable horse last week.  
Messrs. Nogler Bros. have finished sawing lumber here and will move their mill to East Inglesville for another cut.  
T. G. Bishop has disposed of the property formerly owned by Oshart Marshall to Messrs. W. H. and F. C. Marshall of this place.  
Mrs. Emeline Beals is boarding with I. B. Bishop and daughter for a few weeks.

### Arlington

A faint tinkle of wedding bells in the air.  
The monthly meeting of our W. B. W. M. U. was held at Mrs. John Charlton's. Our next meeting will be held at Mrs. Arold Grant's. Every member try and come.  
Mrs. William Hall and Miss Desjoe Hall, of St. Croix, were visiting at Mrs. Howard Messenger's recently.  
Mr. and Mrs. Joseph Marshall enjoyed a pleasant drive to Middleton recently.  
Mrs. Leslie Strong was visiting at Mrs. Byron Chesley's, Clarence, one day last week.  
Miss Lettie Marshall is visiting at Mrs. Wallace Banks', Beleton.  
Miss Lettie Banks is the guest of Miss Beatrice Starratt, Stoddartville.

### Torbrook

In two weeks time the mines will resume operations.  
W. B. Foster, of Acadia University, Wolfville, is home to spend the summer holidays.  
The railway extension from the Wheelock shant to the Martin property is more than half completed.  
Many miners have left for Cobalt during the past few weeks.  
There have been no brown-tail moths found in the orchards here.  
Otto Wile has gone to Brookfield.

### Albany South

Rev. W. Brown, of Lawrencetown, and Leslie Freeman, of Springfield, were the guests of Mr. and Mrs. Allen Zwicker quite recently.  
B. McGinnis has returned to his old home in Albany.  
A fine school entertainment was given last Friday afternoon. The school-room was beautifully decorated with flowers and evergreens. A nice program of recitations and dialogues was finely rendered by the children, Kenneth Zwicker furnishing the music, which was much appreciated, after which a number of visitors addressed the children and their teachers. Miss Eva Wilson, expressing their pleasure and appreciation.

### A lame horse is a dead loss.

It costs as much to keep a lame horse, as it does a horse in latness—and the cripple brings nothing in. You can't afford to support idle stock. That's why you can't afford to be without

### Kendall's Spavin Cure

It takes away the pain and stiffness from Sprains and Bruises—draws the soreness out of Strained Muscles and Tendons—CURES Swelling, Soft Bunches and Swellings. Used for two generations by two nations.  
"I have used Kendall's Spavin Cure for a Bone Spavin of 14 years standing, which has entirely cured the lameness and greatly reduced the swelling. Another bottle of the Spavin Cure, 1 cm. size, will complete the cure."

Dr. B. J. KENDALL CO., KENOSHA FALLS, WISCONSIN, U.S.A.

### Springfield

The "small boy" is still wearing his mittens.  
Miss Grace Grimm spent last week with friends in Middleton.  
Miss Flora Hoop was the guest of her sister, Miss Estella Hoop, Bridgetown, over Sunday.  
Bulson's mill has been moved here for the summer and is now in full working order.  
Mr. Cook, of Berwick, has opened a photograph saloon in the store of S. P. Grimm and is prepared to undertake work.  
William McLaughlin and Mrs. Etta Mailman spent the 5th in Bridgewater.  
Invitations are out for the wedding of Miss Harriet Mason, daughter of Francis Mason, to Arthur Scovour of Bridgewater, to take place at the bride's home on Wednesday afternoon, June 12th. We extend congratulations.  
Mr. and Mrs. Stanley Grimm and baby of Bridgetown, are spending a few weeks at the home of Mr. and Mrs. S. P. Grimm. Mrs. Longley and Mrs. Corbitt, of Bridgetown, were also guests of Mr. Grimm's over Sunday.  
Rev. I. W. Porter, Field Secretary, occupied the pulpit in the Baptist church on Sunday last.  
We are glad to hear favorable reports from Owen Mason, who recently had the misfortune to fall and fracture his skull while engaged in carpenter work in Boston. The best medical skill was employed, and recent news received from his father, W. A. Mason, was very encouraging.  
Mr. and Mrs. Hubert Freeman, of U. S., are guests at the home of Mr. Freeman's parents, Mr. and Mrs. Joseph Freeman.  
Pearl Band of Hope entertained Woodbine Division on Monday evening, June 10th. The entertainment was excellent throughout and deserves highest praise. Special features of the programme were: A Rose Drill, given by ten of the young ladies, a reading in concert; the Spinning Song by eight young ladies, and a solo by Master Vernon Mullock, "My Irish Molly." A treat was served to the band by the Division, after which a very interesting and entertaining speech was given by Lawyer Davison of Middleton.  
We are glad to report Woodbine Division still flourishing, with an addition of members almost every night.  
Dr. Baitzen, of Middleton, was at J. C. Grimm's this week in the interests of his dental work. He intends to be in Springfield again during the month of June.

### Port Lorne

Patterson Foster has gone to Lynn for the summer.  
Capt. Edwin E. Hall was calling on his many friends in this place one day last week.  
Mrs. John L. Graves and Missie Sabean are visiting friends in Hampton.  
Miss George Hall, who has been spending a few days with friends in Bridgetown, has returned home. Dr. Mrs. Phinney Banks, who has been visiting relatives in U. S., returned home on Saturday last, accompanied by her grandson, Oscar Phinney.  
J. I. Foster and daughter, of Bridgetown, spent Sunday at the Day View.  
Miss Bessie Orel was the guest of her sister, Mrs. George Corbitt, recently.  
Capt. Samuel Beardsley, sr., left for St. John by S. S. Ruby L. on Monday last on a business trip.  
Schr. Glenara, Capt. Charles Starratt, called at this port on her way to Centreville.  
Capt. Freeman Beardsley is on a business trip to Digby.
