BRIDGETOWN, Annapolis County, N. S., WEDNESDAY, MARCH 8th, 1922.

Terms:—\$2.00 Per Year In Advance.

SINGLE COPIES FIVE CENTS

REGULAR MEETING TOWN COUNCIL

Reports From Several Committees
Submitted and Approved of.
Bills Ordered Paid.

A regular meeting of the Town Council of the town of Bridgetown was called by his worship the Mayor and held pursuant to written notice given by the Clerk to each in Council chambers, March 3rd, 1922, at 7.30 o'clock, with Mayor W. A. Warren in the chair.

Committee present: H. B. Hicks, C. B. Longmire, A. L. Anderson, C. A. Best, W. E. Gesner, and A. J. Burns.

Bills presented and by motion ordered paid:

Poor account at Co. Home for year ending 1921.....\$788.35
Weekly Monitor..... 4.55
Smiths Record Ribbon..... 2.00
Pay Sheet, month February..... 17.30

Minutes read and approved. Council adjourned.

BUILD YOUR HOMES IN 1922

Costs are Much Lower Than a Year Ago, Say Many Building Supply Men.

For those who have been turning over in their minds during the last few years the momentous question of building a home, the lumber and building supply men have some good news. Many have been kept from building during 1921 because of the falling market of lumber and supplies.

The manager of one company was able to give a very concrete idea of the present position of low prices. He said: "We make a practice of selling the complete outfit for construction of a thoroughly well built home. Last year, take, for instance, this home would have cost you \$3,648.89. We have just set our prices for 1922. They stand at \$2,577.66, or, in round figures, one-third less than last year. Here's another: Last year \$2,237.99, and this year \$1,557.19. The reason is that lumber prices have hit bottom. In fact, are trending higher again. Other minor necessities are still due for a slight fall in prices, but any one who waits for all prices to reach bottom will get nipped, because of the upward tendency of the lumber market—for lumber is the major element in construction of a home. Lumber prices on the upward trend will more than offset the small gain in cheaper general supplies."

His judgment is upheld by the trade in general. Renewed activities of contractors and builders throughout Canada would indicate that they are preparing for more building this year.

Middleton Man Meets Many Former Nova Scotians While in Florida

Middleton, Feb. 28—Mr. and Mrs. O. P. Goucher returned yesterday from New Smyrna, Florida, where Mr. Goucher attended the annual meeting of the "Two Hundred Thousand Club" of the Manufacturers' Life Insurance Company.

These winter sessions in southern climates have become a feature of the company. Mr. Goucher represents, furnishing a pleasant outing for those agents whose business render them eligible for membership and also a valuable opportunity for the interchange of sales talks.

There is also a "Hundred Thousand Club" and Mr. Goucher states that since these clubs have been in existence the company's business has doubled, the members of the clubs being responsible for three-fourths of the production.

Mr. and Mrs. Goucher stopped at Montreal, Detroit, Toronto and Cincinnati and passed through five of the southern states during their four week journey. They found the weather much the same as Nova Scotia in July, but without the intense heat. The recent cold wave that penetrated far south was felt to a degree by the visitors while there. They visited the Florida orange groves which have just been harvested of a large crop.

Many Nova Scotians were met and it was noticed that King's County was well represented among the winter visitors from the north.

HOWARD GIVES DANCE TO WEDDING GUESTS

London, Feb. 28—Most of the Canadians who attended the wedding of Princess Mary and Viscount Lascelles, to-night, attended a dance and supper given by J. Howard, Agent-General for Nova Scotia, who is the doyen of the overseas officials in London, to the Agent-General of Ontario, William C. Noxon, and Mrs. Noxon, the latest arrivals among the overseas official colony.

NAVIGATOR TOWED TO ST. JOHN

Wednesday night a tug from St. John had reached the steamer Canadian Navigator and started back for St. John with the disabled ship in tow. The Canadian Navigator proved to be the unidentified steamer reported in Halifax Wednesday as being in distress in the Bay of Fundy. She was then off Boat's Head Light, which is only several miles below Mink Cove, Digby County. The Canadian Navigator, Capt. A. J. Gilbert, sailed from St. John Tuesday afternoon for U. S. Entremont, of West Public, was chief officer; R. A. Clark, of Burin, Nfld., shipped as second officer, and A. J. Melanson, of Grosses Coques, Digby County, went as third officer.

MONTHLY EDUCATIONAL MEETING

Held Under the Auspices of the Lawrencetown Library Association

The third public monthly meeting, held under the auspices of the Lawrencetown Library Association, took place in the Demonstration Building, Tuesday evening, February 28th.

The audience was equal to, or larger, than at any previous meeting. It is safe to say that there has been more reading and thinking along educational lines during the last few months than for many years previous. The library contains a good supply of educational material. Educational reports from every province of Canada and from every state of the United States may be found on its shelves. The people are reading and thinking about education as never before.

The program consisted of musical selection by the Lawrencetown orchestra; address on education, by L. R. Morse, M.D.; address on education by Rev. H. T. Jones, B.A.; music, duet, Rev. H. T. Jones and Miss Butley; a very effective scene from Mrs. Jarley's Wax Works, and a closing number from the orchestra.

The audience was appreciative, the addresses being much above the usual addresses on education. Too much praise cannot be given to the young ladies and gentlemen who furnished such excellent and appropriate music. Mrs. I. C. Archibald (Mrs. Jarley) excelled herself in her new position, and the general setting and appearance of every figure in her wax works were worthy a much larger place.

The committee wishes to thank all who helped to make this meeting both instructive and interesting.

The fourth and last of this series of meetings will be held in March. This meeting is called "The Town Improvement Meeting." The subjects for discussion will include tree planting, flower gardening, and allied subjects. Several gentlemen will give short addresses. There will be Arbor Day exercises by the school children.

We appreciate the beautiful ideas along our streets and the kindly oaks that line the bank of the river. We hope to set out several hundred maple trees this spring. Let us help to beautify our town. "Breathes there a man with soul so dead, etc." Arrangements are made by which any child that sends twenty-five cents and name to the Treasurer, Mrs. W. E. Palfrey, or grown person who sends fifty cents with name, will have a tree planted in their name, and this list will be recorded in the Library as a living and beautiful memorial of the people.

"A DELIGHTFUL LITTLE CLOWN" IS MARY MILES MINTER IN NEW AVERY HOPWOOD COMEDY

Back to the days of real sport; back to the time when the coming of a circus meant careful saving of nickels—that's the journey to be taken Friday and Saturday night by a big audience of Bridgetown folk, at the Primrose Theatre of "The Little Clown," a "big top" story by Avery Hopwood, author of many comedy successes.

"The Little Clown" should appeal to all classes of playgoers—and to scores of people who do not ordinarily attend the theatre at all. It will attract those who have fond memories of youthful days at the circus; it will fascinate the children with its visioning of clowns, bareback riders and real animals—camels, elephants, monkeys, bears, coyotes, etc.

And certainly as "The Little Clown," Mary Miles Minter has one of the most delightfully entertaining roles of her long and successful career before the camera. Whether it be as the orphan ward of the clown, "Toto," happy in the care-free atmosphere of her beloved circus; or as the same girl, disheartened by her efforts to be a lady, and the constant disapproval of the family of the boy she loves, Miss Minter at all times holds the heart strings of her audience. The climax is an unusual one, providing a delightful ending for a splendid story.

The reality of "The Little Clown" is one of its most remarkable features. The circus crowds, the balloon hawkers, the scenes under the "big top"—all are real. These scenes are carried out with such completeness as to make one certain that an experienced circus man was on hand at all

THE DEATH OF BURTON D. NEILY

One of Bridgetown's Most Prominent Citizens Passes Away at the age of 73

Our town was, on Saturday last, saddened by the news of the death of one, who, during all his active business lifetime was a prominent citizen.—Burton D. Neily.

The late Burton D. Neily was born in Bridgetown on the 27th day of March, A.D., 1849, and was seventy-three years old at the time of his demise.

He was the youngest son of the late Samuel T. Neily, and Sarah Neily. He was twice married, his first wife being Eliza, the only daughter of the late William and Elizabeth Miller, of Clarence, and his second wife, Mary Elizabeth Griffin, widow of the late Brenton Griffin, and daughter of the late Benjamin and Katherine Miller, of Clarence.

After the decease of his father, Samuel T. Neily, he continued to conduct successfully the blacksmith business established by his late father, and then later went into partnership with the late John Murdoch, in the boot and shoe business. After the death of John Murdoch he went into partnership with Harry J. Crowe, and for a long time conducted a thriving grocery business on Queen Street. He then purchased an interest in the McKenzie, Crowe & Co.'s Larrigan factory, and was Secretary-Treasurer of that concern. Afterwards he sold out his interest and purchased the boot and shoe business now conducted by J. E. Lloyd, for which business he retired. He was for a long time deacon of the Bridgetown Baptist Church, and was a consistent living member. Up to the last few months of his life he was a man looked up to in the community, and was capable of filling any position. He was mayor of the town from 1903 to 1906. The last months of his life were clouded by an unfortunate illness due to paralysis. He leaves besides his wife, to mourn their loss, a step-daughter, Hortense Griffin, and one brother, Owen Neily, of Toronto. This passes another of the old landmarks of our town into the Great Beyond.

"Burt" Neily, as he was familiarly known, is dead, but he leaves beside his immediate family and relatives, hosts of friends who will long remember his many kindly offices, and thus, although dead, he yet lives.

The funeral was held Monday afternoon with a short service at the house followed by the regular service from the Bridgetown Baptist Church, both of these being conducted by Rev. C. W. Robbins. The pall bearers were J. E. Lloyd, J. I. Foster, A. B. MacKenzie, K. Freeman, A. Young and W. E. Reed. Interment at Riverside cemetery. The floral tributes were beautiful.

MIDDLETON
(Outlook)

Mrs. Johnson, of Karsdale, was the guest on Tuesday of Mr. and Mrs. W. Court.

We are pleased to note that Mrs. W. H. Dill has returned to her home from the Memorial Hospital much improved in health.

Mrs. John Bragg, of North Range, Digby County, was in town Tuesday and visited her brother, H. G. Healey, at the Hospital, whom we are pleased to report is improving. Mrs. Bragg will be a guest at the home of Mr. and Mrs. Alfred Healey, at Outram.

TO EXECUTE CRIMINALS AS THEY SLEEP

The execution of the first two men to be sentenced to death by lethal gas was set in Carson City, Nevada, for some time in the week ending April 22nd.

The condemned men are two Chinese tong men convicted of murder at Mina, Nevada. The statute provides that the exact day of execution is left to the discretion of the prison warden, who is to put the prisoners in the lethal chamber for several days and turn on the gas some night while the condemned men are asleep.

Amongst those who were invited by their Majesties the King and Queen to attend the wedding of H.R.H. Princess Mary to Viscount Lascelles on February 28th were Mr. and Mrs. John Howard, the Agent-General for Nova Scotia.

ST. CROIX COVE

Mrs. Naomi Banks returned home from Bridgetown, the 24th ult.

Mrs. Rose Stark, Mt. Rose, is visiting her niece, Mrs. D. M. Hall.

Mr. and Mrs. John Graves, Port Lorne, spent the 22nd at the home of Capt. E. Brinton.

Mr. Austin Weir and Mr. Clayton Parker's Cove, were recent visitors at the home of Mr. and Mrs. Frank Poole.

Mrs. Ella Acker and little daughter, Lunenburg County, were recent visitors at the home of Mr. and Mrs. Robert Marshall.

Miss Kathleen Poole left February 24th, for Boston, Mass. On the evening previous to her departure, the young people enjoyed a candy pull at the home of her parents. She was accompanied by Miss Alice Messenger, who has been spending the winter with relatives here.

YOUNG'S COVE

Mr. Freeman Gregory had the misfortune on Monday last to lose a new milks cow, a good one, and all he had. The farmers seem to be preparing for another drought by refusing to sell hay to the people in this locality, thereby reducing the stock.

Miss Lottie Steadman accompanied her sister and family, Mrs. M. T. Knowles, when they moved to Lynn, Mass., and is spending a few weeks visiting her brothers and their families, who reside in Lynn.

Mrs. Edwin Guest has returned home from Wolfville where she has been for the past two weeks to attend her daughter, Vera, who has undergone an operation for appendicitis. She reports her doing as well as could be expected, and expects she will be able to return home quite soon. While there Mrs. Guest was the guest of her niece, Mrs. Oliver Stalling.

Nothing Else is Aspirin—say "Bayer"

Warning! Unless you see name "Bayer" on tablets, you are not getting Aspirin at all. Why take chances? Accept only an unbroken "Bayer" package which contains directions worked out by physicians during 21 years and proved safe by millions for colds, headache, earache, toothache, neuralgia, rheumatism, neuritis, lumbago, and pain. Made in Canada. All druggists sell Bayer Tablets of

Aspirin in handy tin boxes of 12 tablets, and in bottles of 24 and 100. Aspirin is the trade mark (registered in Canada) of Bayer Manufacture of Monocetaceticacid of Salicylicacid. While it is well known that Aspirin means Bayer manufacture, to assist the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross."

OUTRAM

We wish the sick in Mt. Hanley a speedy recovery.

Miss Lena M. Banks has gone to Weymouth to spend a month.

Mr. and Mrs. J. S. Miller recently visited Deacon and Mrs. Bayard Marshall.

Mr. George Banks is the guest of his uncle, Mr. Joshua Banks, at time of writing.

Dr. M. W. Brown, of Port George, made some calls in this place one day last week.

Mr. and Mrs. William Hall, of St. Croix Cove, were recent visitors at Mr. Alfred Healy's.

Mr. Will Bent, who has been confined to his bed for a week or more, we are glad to say is able to sit up.

It was with regret that the death of Mr. O. S. Dunham was learned. We extend our sympathy to his family.

Glad to see Mr. George Andrews and Mr. Parker Banks, who have been on the sick list, able to be around again.

Mr. H. G. Healy, of Middleton, who fell on the ice, fracturing his hip, on January, 19th, is not improving as rapidly as his friends would like to hear.

We noticed Mr. and Mrs. Albert Marshall in our congregation on Sunday morning. After church they were guests of Mr. and Mrs. David Marshall.

Mr. and Mrs. J. H. Stoumb recently visited their daughter, Mrs. G. H. Hines, Mr. Hanley, sorry to hear Mr. Hines had the misfortune to cut his knee quite badly.

Mr. and Mrs. George Andrews spent the 26th, guests of the latter's sister, Mrs. Wallace Marshall, Arlington. They also visited her mother, Mrs. John A. Bolser, who is spending the winter at the same home.

Miss Wynona Brown, at Brooklyn, at present visiting her sister, Mrs. Harry Hines, of Mt. Rose, visited her friend, Mrs. Alfred Healy, of this place, a short time ago. Mr. and Mrs. J. E. Stoumb, of Mt. Hanley, were also recent guests at the same home.

PRINCEDALE

Glad to report those on the sick list improving.

Miss Jennie Feener returned from Annapolis Tuesday.

Mrs. Annie E. Fraser is spending a few weeks in Bear River.

Mr. Loran Wright returned Monday from a short visit in Waldeck.

Mr. Eustace Wright sold his oxen to Mr. S. Shaw, of Round Hill.

Mr. Dennis Wright, of Deep Brook, spent Sunday at his home here.

Mrs. McBride, of Deep Brook, spent Sunday at Mr. Gardner Wright's.

Mr. Banks, of Paradise, is a guest of Miss Marshall at Mrs. George Wright's.

Mr. and Mrs. Clarence Cress, of Waldeck, were guests at Mr. Walter Dunn's, Saturday.

Miss Gladys Wright, of Moschelle, is spending a week with her parents, Mr. and Mrs. Peter Wright.

WEYMOUTH

T. E. G. Lynch, Digby, was a guest at the Goodwin, Friday.

Mrs. Walter Payson, of Deep Brook, arrived on Wednesday and is visiting Miss Grace Brooks.

John Barr was a passenger to Digby Saturday to meet his daughter, Mrs. Strayhorn, who arrived from St. John to visit her parents.

Schooner Lucille M., Capt. Andrew D'Eon, is taking ice and other supplies aboard at Yarmouth and will proceed to Shelburne.

GRANVILLE FERRY

Rev. H. P. Patterson was in Digby last week.

County Health Nurse, Miss Chute, has been in the village the past week.

Mrs. E. Armstrong is visiting her daughter, Mrs. Harold Smith, in Halifax.

Mr. Dan Parker has again accepted the position as policeman of Annapolis.

E. R. Reed, who arrived home from Montreal Monday, left for Halifax Wednesday.

Miss Emma Parker spent the week end with her parents, Mr. and Mrs. Fred Parker, Port Wade.

Miss Georgia Gilliat, who has been spending the past four winter months in Westport, arrived home Monday.

Mrs. Frank McNaught and daughter, Isabelle, returned from Chatham last week, the former much improved in health.

The home of Miss Georgia Gilliat has recently been sold by the Annapolis Valley Real Estate Agency to Mr. Arch Bent.

Rev. S. C. Freeman, returned missionary from India, gave a very interesting talk in the Baptist Church on Sunday morning.

The young ladies of the Mission Circle of the Methodist Church held a bean supper, February 14th, proceeds amounting to \$25.00.

Miss Eva Wheaton, who has been a guest at the home of Mr. and Mrs. Kerr, returned to her home in Canby, Kings County, Friday.

Mrs. Durant, of Halifax, who has been spending the past four weeks at the home of her sister, Mrs. E. R. Reed, returned home Monday.

GREYWOOD

Mr. Guilford Harnish took tea at Mr. Lawrence Orde's on Sunday.

A "sing" was held at the home of Mr. Samuel Harnish on Sunday evening, February 26th.

Mr. Hayden Rawding, his mother, and little brother, are spending a few days with relatives here.

Mrs. Guilford Harnish took tea with Mr. and Mrs. William Dunn on Sunday evening, February 26th.

Mr. and Mrs. Lawrence Orde and little daughter, Geraldine, spent Sunday with Mr. and Mrs. Austin Harnish, Lequille.

The sad news reached here on Thursday last of the death from influenza of Isalah Wallace, eldest son of Mr. and Mrs. Avarde Orde. Much sympathy is felt for the bereaved relatives.

FLORENCE BELLAIRE

200 Montague Street, Brooklyn, N. Y.

BROTHERS MARRY SISTERS

A unique double-wedding took place this week in Springfield, Mass., when the two sisters, Doris Elinor and Bertha Blanche Miller, were married to brothers, Jack and Albert Levinson. Because of the Jewish custom, which forbids the marriage of two sisters on the same day, the wedding had to be arranged so that one sister was married before sunset and the other after. This was possible, since the Jewish day ends at sunset.

MARINE

At Digby, Capt. Ansel Snow is fitting out his schooner, the Grace L. Corkum, purchased by him from Lunenburg parties last fall. His crew will leave Yarmouth this week to join the vessel, which will be one of the fresh fish fleet out of Yarmouth this season.

Built at a cost of \$85,000 three years ago, at Weymouth, the three-masted schooner Marine, 453 tons net, was sold by auction at Halifax Tuesday, to Capt. Tremblay, of Lunenburg, for \$7,800, about one-eleventh of her cost. The Marine has been laid up for a number of months because of lack of freight.

According to advices received at Halifax Wednesday by the C. G. M. M. office, the steamer Canadian Planter, which is in command of Capt. John E. Roop, of Bear River, left Bluff, New Zealand, February 22nd, en route from Auckland for Halifax via New York. She is coming via the Panama Canal route.

The schooner Cupola, Capt. Louis LeBlanc, which since last fall has been fresh fishing out of Liverpool returned to Yarmouth last week, when Capt. LeBlanc resumed charge of the schooner Loran B. Snow, which he has very successfully skippered during the last two seasons. Capt. Peter LeBlanc, formerly of the Lewis H. Smith, will take charge of the Cupola.

Oil tank steamer Thomas H. Wheeler, Capt. Samuel Purdy, Yarmouth crossed the Atlantic this trip from the south. She arrived at Timeshaven on the 26th from New Orleans. Steamer Southern Cross, Captain Leander H. Porter, Port Wade, sailed from Santos, February 20th, for New York. Her cargo includes 20,000 bags of coffee.

The Yarmouth tug Mary H. Cann, which has been undergoing an overhauling, went into commission again this week. During the time the boat was tied up, she received a new tail shaft and other important repairs. The Bruce Cann and Wanda are now being overhauled. The Mary H. Cann, Capt. Emory Peters, left for Little Brook, Digby County, where she took in tow a raft of poles for Sandford for the recently organized Sandford Fish Trap Co., Ltd. The poles will be used in setting the company's new trap in the berth off the Iron Mine.

Capt. Dennis Morrissey left Parrsboro on Thursday for Mobile to take command of the term schooner P. C. Lockhart, recently purchased by Capt. C. B. Merriam, of Parrsboro. He was accompanied by LeRoy Merriam, who will go mate of the vessel. The Lockhart has been chartered to load hard pine at Gulfport, Miss., for Gilhara, Cuba. Capt. Morrissey was formerly master of the term schooner Truro Queen. The P. C. Lockhart sails from St. John, N.B., was built at Annapolis Royal in 1910 for Grace and Company, Limited, of Montreal, and registers 268 tons.

After a rough passage of twenty-three days from Turk's Island, during which her decks were many times swept by heavy seas, the term schooner A. H. Comeau, Capt. Creighton Haughn, arrived in Halifax Wednesday morning. She is to go to L'Anse-au-Loup to discharge her cargo of 5,600 bushels of salt and will be towed there by the tug Leary Lee, Capt. Fred Turner.

The vessel is one of the fleet managed by F. K. Warren. The Comeau's outward voyage was from Halifax with a cargo of fish shipped by Robin, Jones & Whitman, to Macoris. Capt. Haughn said that the passage to the Brazilian port was attended by boisterous weather and the trip occupied fifty-eight days.

Reports indicate that there is a large demand being experienced by the White Star-Dominion Line for accommodation on their spring and summer sailings, especially for the new Regina, which is to make one call at Halifax in the spring, and the Canopic. The Canopic, which will visit the St. Lawrence for the first time this spring, is now receiving a thorough overhaul and reconditioning preparatory to her entering the Liverpool service. Originally constructed for service in the hot climates of the Mediterranean, her accommodation is especially large and airy. In company with the Regina and the Canopic, the Regina and the Canopic will maintain a regular weekly service between Montreal and Liverpool, the initial departure being fixed for May 4th, from Montreal, when the Canada will sail to Liverpool via Cherbourg, at which port she will disembark a large party proceeding to the Eucharistic Congress at Rome. Capt. W. A. Morehouse, a Nova Scotia master mariner and native of Digby, is to have command of the new Regina this season. He was captain of the Canopic.

LAKE MUNRO

Percy Hison spent a few days in Annapolis Royal.

Mr. Frank Orde, of Graywood, is visiting Mr. and Mrs. Austin Nass.

Mrs. S. Mallman spent Tuesday with her daughter, Mrs. Allison Wentzel, of Milford.

Mrs. George Cress and children returned home after visiting four weeks with her parents and friends here.

Maurice Wentzell spent Saturday and Sunday with his parents, Mr. and Mrs. Allison Wentzel, of Milford.

WHAT CAUSES SO MUCH SICKNESS

Constipation Responsible for 90% of Disease

"FRUIT-A-TIVES" Corrects It

It is generally recognized among the medical profession that Constipation or Insufficient Action of The Bowels, produces more disease than any other one cause. Constipation is responsible for at least 90% of the disease in the world today—because Constipation is responsible for the Indigestion and Dyspepsia—the nervousness, Insomnia and Rheumatism—the Eczema and other skin troubles—the Headaches and Backaches.

Why is this? As you know, it is the duty of the bowels to carry off the waste matter in the system. If the bowel muscles are weak or the liver inactive, then this waste matter remains in the body and poisons the blood. As a result, every organ in the body is poisoned by this waste.

"Fruit-a-tives" has been wonderfully successful in relieving Stomach Troubles, Nervous Troubles, Liver Troubles, Kidney Troubles, Skin Troubles and Blood Troubles, because "Fruit-a-tives" positively and emphatically relieves Constipation. "Fruit-a-tives" will always relieve Constipation, even though the trouble has been chronic for ten, fifteen and twenty years. Thousands of grateful users proclaim "Fruit-a-tives" the greatest remedy for Constipation that the world has ever known.

50c a box, 6 for \$2.50, trial size 25c. At dealers or sent postpaid by Fruit-a-tives Limited, Ottawa, Ont.

DROPPED DEAD AT LIVERPOOL

James C. Inness, a prominent merchant of Liverpool, N.S., dropped dead while walking between his home and stable at Liverpool last Wednesday. People on the street saw him drop and ran to his assistance. He was carried to a neighbor's house, and Dr. J. W. Smith was called, who immediately pronounced him dead.

Mr. Inness had not been ill, and his death was a shock to the whole community in which he and his family are highly esteemed, and with a wide circle of friends.

Mr. Inness was sixty-four years of age. He had been engaged in business for many years in Liverpool, and at the time of his death was conducting a grocery business, his son Douglas being associated with him.

He is survived by his wife, who was a Miss Payzant, and one son, Douglas, and one daughter, Miss Rhoda, who is at home. In religion he was a Methodist.

KEEP LITTLE ONES

WELL IN WINTER

Winter is a dangerous season for the little ones. The days are so changeable—one day bright, the next cold and stormy, that the mother is afraid to take the children out for the fresh air and exercise they need so much. In consequence they are often cooped up in overheated, badly ventilated rooms and are soon seized with colds or grippe. What is needed to keep the little ones well is Baby's Own Tablets. They will regulate the stomach and bowels and drive out colds, and by their use the baby will be able to get over the winter season in perfect safety. The Tablets are sold by medicine dealers, or by mail at 25 cents a box, from The Dr. Williams' Medicine Co., Brockville, Ont.

Brave.

Jenkins and his best girl were motorizing a considerable distance to see one of the last-round cup ties, and the margin of time was very short.

With about twelve miles to go, he bade defiance to all police traps, and, turning to the girl of his heart, exclaimed: "We're going fifty miles an hour. Are you brave, dear?"

The girl, as she swallowed a quantity of dust, replied, with emotion: "Yes, dear; I'm full of grit!"

Pat Won

Two Irishmen were arguing who were cleverer: "Well," said Pat, "I'll bet you can't tell me what keeps brats together?" "Shure," said Mike, "it's mortar." "Wrong," said Pat, "that's what keeps them apart."

For Fifty Years

Wether Seal's Syrup has been the world's remedy for indigestion, and it is still the best and cheapest of stomach and liver tonics. The medicinal extracts of valued roots, barks and leaves restore the natural efficiency of the digestive organs and it has banished countless cases of pain after eating, headaches, flatulence, acidity, biliousness and constipation. Sold in 50c. and \$1.00 bottles at drug stores.

MORE STARTLING FOREST FACTS

It has been recently brought to my attention that some foreign buyers of Canadian wood, who are trying to camouflage their own operations, are making the statement that my efforts to conserve Canadian wood for Canadian industries is not an unselfish campaign, as an embargo on wood being shipped out of the country would materially increase the value of lands which they claim I own in the United States.

I do not own an acre of land in the United States or a dollar's worth of property of any nature in that country. Even my own relatives who have small land holdings in Maine have sold a large part of the stumpage on the same, leaving them with but a small supply of wood for their own mill, so that they are in the same boat with other pulp and paper manufacturers in the United States.

If I had any selfish motives I would not be advocating an embargo on fee land wood, as my holdings are all fee land in Nova Scotia, and if it is worth more to the settler and farmer to be free to ship his wood to the United States, the same argument would apply to my holdings as well.

I have become so thoroughly imbued with the critical situation that is facing this continent with regard to its wood and timber supply that I am withdrawing from business as rapidly as possible so as to be in a position to devote my whole time to what I consider is the most important problem facing Canada, namely, the conservation of her wood supply.

It has been frequently stated that the bud worm has passed over New Brunswick and departed, but from a recent cruise on quite a large area in that province it was discovered that thirty-five per cent. of the soft wood trees were defoliated by this pest the past summer.

An owner of some 250,000 acres of land in Maine advised me last week that after a careful cruise of his lands the investigators found the fir was all dead, and from forty-eight to fifty-two per cent. of the spruce as well.

I have seen another recent report on a large area in Northern Maine which shows sixty-four per cent. spruce and fir dead.

The whole situation looks very serious to me. It would seem as if man and insect were fighting for control of the earth's surface, without trees, human life could not exist.

LOGGING SLASH THREATENS DESTRUCTION OF FORESTS

The time is approaching when we shall be forced, for the very preservation of our lives, to burn all logging slash and debris left in the woods.

This slash has been very aptly termed by Dr. J. M. Swaine, "the garbage of the forest." It is just as much a menace to our tree growth as a breeding place for insect life which threatens the destruction of our forests as the garbage of a city is to human life, with the added danger from the enormously increased fire risk. If all land owners are required to burn their slash, it will be no hardship as every one will be on the same basis and the cost will simply be passed along or added to the sale price of the product, whether it be pulp wood or lumber. As this is one of the most effective measures in prolonging the life of our forests, no one should object to its adoption.

The Canadian pulp and paper companies should—

(1) Reduce the cut on their own lands as near one-half as possible; (2) Insist on an embargo or an export tax of not less than \$10.00 per cord on fee land wood, so as to save for the mills of Canada the large amount of wood that is now being shipped out of the country, and with the immense amount of capital invested in Canada in the pulp and paper industry this is imperative;

(3) Insist on more and better fire protection;

(4) Insist on the burning of all slash;

(5) Insist on the utilization of every inch of the tree that is cut down;

(6) Improve present wasteful logging methods; and

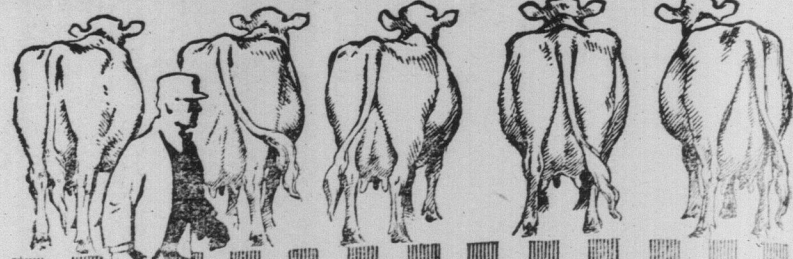

(7) Insist on reforestation on a large scale.

The most serious question to consider in this connection is what we are to do for a wood supply for our mills between the time of the exhaustion of our present stand, some fifteen years hence, and the time when the seedlings we are about to plant grow to the minimum size for pulp wood, some forty years hence.

ENORMOUS INCREASE IN CONSUMPTION AND WASTE OVERLOOKED

Very few writers figure on the enormous increase in consumption of all kinds of wood that is going on in this continent through increase in population. This increased consumption, together with the enormous destruction caused through fire, bugs, wind, and waste in every logging operation, is usually overlooked in computing the duration of our present wood supply. They simply take the estimated stand, which is always very wide of the facts, and then compare

(Continued on Page Three)

More Milk

HALF a gallon more milk from each cow every day, will more than pay your feed bill.

Nearly every cow owner gets that increase with Purina Cow Chow.

It costs about a dollar a month more to feed Cow Chow, but that difference is more than made up in the first week. The rest of the month you get your extra milk for nothing. Feed out of the Checkerboard Bag and you will get more milk.

Sold in Checkerboard Bags Only

EDDY'S
Indurated Fibreware
Baby Tub

Baby will just love his bath in an Eddy Fibreware Tub. Its glazed surface can't scratch or chafe his tender skin and it is so easy to keep sweet and clean.

The water too, will retain its heat longer in an Eddy Fibreware Tub. No danger of chills for baby no matter how long he plays in his bath. His body can't come in contact with cold metal or splintery wood.

Lighter than wood, easy to lift and carry, Eddy's Indurated Fibreware Tubs are yet stronger than metal. They can't leak, rust or become odorous. Buy an Eddy Tub for your baby. It costs no more than the old-fashioned kind and lasts twice as long. Ask your dealer.

SASKATCHEWAN
WOMAN
RECOVERS

Found Health by Taking
Lydia E. Pinkham's Vege-
table Compound

Melval, Saskatchewan.—"I saw
Lydia E. Pinkham's Vegetable Com-
pound advertised for women's trou-
bles and when a friend recommended
it to me I tried it and it has done me
so much good in the two years in
which I have been taking it that I
find I am a different woman since
then. I recommend your Vegetable
Compound as much as I can and you
may use my letter as a testimonial."
—Mrs. Wm. J. Thomas, Melval,
Saskatchewan.

These letters recommending Lydia E.
Pinkham's Vegetable Compound ought
to convince women of the great worth
of this medicine in the treatment of
ailments to which they are often sub-
ject.

Mrs. Thomas writes that she is a
different woman now. If you are suf-
fering from troubles women often
have, or feel all run down, without
any ambition or energy for your
regular work, take Lydia E. Pink-
ham's Vegetable Compound. It is a
natural restorative and should help
you as it has Mrs. Thomas and many
other women.

This medicine has been helping sick
women nearly fifty years—surely a
long record of service.

MORE STARTLING FOREST FACTS

(Continued from Page Two)

this with the annual cut, which is
always much larger than is reported,
leaving out of consideration entirely
the very much larger elements, name-
ly, increase in consumption and the
tremendous loss through waste.

Even the annual shipments of
Christmas trees from the State of
Maine increased in twelve years from
600 to 1,750,000 trees. I merely cite
this as an example of the enormous
increase in consumption in only one
small branch of the wood-using in-
dustries.

In this connection I should like to
call attention to Bulletin No. 835, en-
titled "Wood for the Nation," written
by Colonel W. B. Greeley, Chief For-
ester of the United States, and pub-
lished by the U. S. Department of
Agriculture, which is one of the best
written and most comprehensive arti-
cles that has come to my notice. This
Bulletin should be read by every one
who takes any interest in forestry.

There should be no further expan-
sion of the pulp and paper industry
in the East, from the standpoint that
there is not the raw material to feed
them.

Any new mills that are built
in the East will simply be taking the
raw material away from the mills
which are already operating, and
which have very large capital invest-
ments and upon which whole towns
and cities are depending for their ex-
istence.

This year we shall, of course, see
the same high prices, proportionately,
for wood that obtained a year ago, and
personally I have always felt that
high prices for pulp wood and paper
are the only salvation of the situation,
as high prices are the only thing that
will reduce waste and prolong the life
of our wood supply and the life of the
pulp and paper mills.

HIGH PRICES THE MOST PRACTI-
CAL CONSERVATION MEASURE

Just so long as low prices for wood
and paper continue this enormous
waste will go on. High prices are
the most practical conservation mea-
sure we can have. The higher the
value, the greater the conservation;
so in my efforts to arouse the public
to our critical condition with regard
to our wood supply I am simply work-
ing not only in the best interest of
the pulp and paper mills but for the
good of the whole continent as well.

The price for pulp wood for the
future will have to be much higher
than in the past in order to com-
pensate the land owner for the cost
of slash burning, increased fire pro-
tection, reforestation, continual in-
crease in length of haul, and increas-
ing scarcity in the supply.

The one consolation the timberland
owner has with regard to the loss he
has suffered through the ravages of
the land worm is the fact that what
he has left will be worth four times
as much per cord or thousand on ac-
count of the great reduction in the
remaining supply. This is, of course,
only from the mercenary standpoint,
and the sad question remains as to
what our children are to do for wood,
as we are even now using up their
heritage. Every time we cut one of
these small, half grown trees, of
which our operations are largely
made up to-day, we are simply rob-
bing our own children. In fact, it
is worse than robbery as it is a
menace to their lives.

I have heard the remark made that
we are still cutting, in spite of the
prediction made thirty years ago that
timber would be exhausted in the East
by the present time.

My answer to this is that the pre-
diction made at that time has proved
absolutely correct, as what was cal-
led timber in those days is gone for-
ever. I sold my first stumpage at
that time and the operator would only
cut a mark of logs that would run
four to the thousand or two hundred
and fifty board feet per tree, while
we are cutting mere poles to-day
running down as small as forty trees
to the thousand board feet and which
at that time would have been con-
sidered worthless. So you must not
derive any comfort from the fact that
we are still cutting trees, but rather
the reverse, when we look at the
size of the poles in our river
drives and the amount of three and
four inch pulp wood seen at our rail-
way sidings.

There seems to be so much igno-
rance with regard to our timber re-
sources that I shall here merely state
a few well known and acknowledged
facts, and then every one, whether he
be an expert or a layman, can figure
out whether we need any further in-
formation before we come to a realiza-
tion of the alarming condition that is
facing us with regard to the future
of our wood supply.

In the first place, the word TIMBER
is a misnomer as applied to our wood
growth east of the Rockies to-day;
for our timber is practically a thing
of the past, and we are down now
largely to a pulp wood proposition.
Take the State of Maine, for in-
stance. A few years ago this was
called the Pine Tree State, while to-
day the pine is gone. It next became
the great spruce lumber producer. To-
day the saw mills of the mighty
Penobscot and Kennebec Rivers are
little more than a memory; while
here in Nova Scotia it is very difficult

**I Eat, Sleep, Work and

to fill an order for lumber calling for
even 5% of twelve inch stock.

In addition to the loss from cutting
fire, and wind, very few are yet fully
aware of the tremendous loss we have
suffered the past three or four years
through the spruce bud worm and its
resilient pests or followers. It is
perfectly safe to state that Maine has
lost through dead and still dying tim-
ber 50% of her spruce and fir stand.
The same figure will apply to New
Brunswick. The loss in Quebec has
been set by competent authorities at
75,000,000 cords. Nova Scotia has
practically escaped this pest. Owing
to the small amount of fir or balsam
in this province, it has been unable
to gain a foothold here. This scourge,
having swept over the eastern coun-
try, is now working west through
Ontario, as well as along the north
shore of the St. Lawrence and in the
Lake St. John district, and is doing
a vast amount of damage in these
sections.

Some writers have advocated that
we should take a census of our timber
supplies, but we already know, with-
out any further information, for all
practical purposes, just what the
situation really is. All we need is to
take the figures we now have and
use a little intelligence.

The United States is cutting more
than half of the entire amount of
timber that is consumed in the whole
world, and is using 95% of this at
home.

In the United States to-day there
remain only 137,000,000 acres of virgin
timber, only a proportion of which
is in inaccessible locations and is of
indifferent quality. The cut-over and
partly burned land amounts to some
250,000,000 acres, making a total of
only 387,000,000 acres of forested and
partly denuded land.

The loss by fire alone in the United
States during the past five years
amounts to over 56,000,000 acres, or
more than 11,000,000 acres per year.
This from fire alone, to which must
be added the depletion from cutting,
wind, and insects, which means at
least an additional annual shrinkage
of 15,000,000 acres or a total destruc-
tion in the United States of not less
than 26,000,000 acres per annum.

With regard to the loss from wind
the United States, in just one storm
last January, lost from this cause
some 7,000,000,000 feet of timber, equal
to 140,000,000 cords. In addition to the
damage by these gales, we have the
continuous loss that is going on all
the time in the woods from wind
which, if it amounts to only three
trees per acre, more than offsets any
annual growth, and the harder our
lands are cut, the greater this loss
from wind will be.

ENORMOUS WASTE AS COMPARED
WITH AMOUNT ACTUALLY USED

The situation in Canada is equally
startling, for while our annual cut is
very much less than in the United
States, our standing supply is also
very much smaller, and our destruc-
tion from fire, wind, and bugs is pro-
portionately larger. As a matter of
fact, the entire supply remaining in
Canada to-day would not last the
United States over six and one half
years. In British Columbia alone 655-
000,000,000 feet of timber have been
burned, while on the Transcontinental
railroad between La Tuque and
Cochrane 20,000,000 cords have been
destroyed by fire as against consider-
ably less than 1,000,000 cords which
have been cut and hauled out on the
same railroad. This shows the enor-
mous waste as compared with the
amount that is actually cut.

When we consider all the above

Our Personal
Guarantee
to All Skin Sufferers

You have our absolute guarantee
that if you use the first bottle of D. D. D.
You money will be refunded without a word
if you tell us that the first bottle did not stop
that itch, did not cool and soothe that erup-
tion. You alone are the judge.
Medical men watched the action of this standard
of relief from the first bottle of D. D. D. in hun-
dreds of cases and we know. And if you are just
cray with itching skin, you will feel cool and
soothe the moment you apply this scold-
ing, cooling wash.

family by recommending D. D. D. to a skin
sufferer here and there, and we want you to
try it now on our positive no-refund guarantee.
Price \$1 a bottle. Try D. D. D. Soap too.

facts, it is ridiculous for any one to
suggest that some hardship might
accrue to the farmer if he were to
be deprived of an open market for
his pulp wood in the United States.
All I can say to this is that every
day the farmer allows his wood to
stand and grow he is making money
very much faster than he possibly
can by cutting it now, as it is in-
creasing faster in value than any-
thing else in which he can possibly
invest, and I cannot urge the farmer
too strongly to let his trees grow,
even to the point of borrowing money
if necessary. In addition, he must
remember that every cord of wood he
ships out of the country shortens the
life of one of our greatest industries,
namely, pulp, paper, and lumber; and
he is thereby destroying his home
market for his produce by the pre-
mature closing down of our home in-
dustries through the exhaustion of
their wood supply. Finally, by reduc-
ing the cut one-half, which would
produce a shortage rather than a
surplus, as at present, the farmer's
income would be just as large be-
cause the price of wood would auto-
matically double, and instead of prac-
tically giving his stumpage away
which he is doing at present, he would
then be obtaining a fair stumpage re-
turn as well as an operating profit,
and at the same time be conserving
our timber supply. I am not cutting
a tree on my own land and shall not
do so while I remain in business, just
so long as I can buy a cord of wood
at any price.

In any event, the Government of a
country must, of course, always con-
sider the greatest good to the greatest
number; and when one figures the
number of employees and dependents
upon our great pulp and paper in-
dustry, as compared with the com-
paratively few who may be shippers
of wood to a foreign country, who
might be temporarily inconvenienced
by their ultimate benefit, there can
be no possible question as to what
the Government's action should be.

CONSERVE CANADIAN WOOD FOR
CANADIAN MILLS

I am positive, now that the whole
truth is apparent, that the urgency
of the situation and the force of pub-
lic opinion will compel the Govern-
ment to take action to conserve Can-
adian wood for Canadian mills, and
that in the future no Government can
stand that does not provide adequate
protection for Canadian wood-using
industries. These industries are in a
class by themselves, as every industry
and every individual in Canada is
dependent upon the preservation of
our wood supply.

The subject of an embargo or ex-
port duty on pulp wood is not a ques-
tion of what Canada might like to do.
It is an absolute necessity for the
protection of her own mills. It is
a situation where she must retain
what small wood supply she has left
or close down her most important in-
dustry in order to ship wood out of the
country to supply the mills of the
United States. Therefore, any sug-
gestion of retaliation by the United
States is unthinkable and could not
be seriously considered. It must not
be forgotten that small as the supply
of standing timber in the United
States now is, it is still four times
as large as the Canadian stand.

The wood supply is unlike any
other commodity, as it takes from fifty
to one hundred and fifty years to
raise a new crop of trees.

COL. C. E. BENT TO
LOCATE IN VALLEY

Amherst Man Has Purchased A Farm
Near Lawrencetown.

Amherst, Feb. 27.—Col. Charles E.
Bent, who unsuccessfully contested
Cumberland County against H. J.
Logan, K.C., in the last Federal elec-
tion, plans to move from Amherst
and take up farming in the Annapolis
Valley.

The farm is about two miles from
Lawrencetown and is a splendid gen-
eral purpose farm of about two hun-
dred and fifty acres. It has a large
orchard, in a splendid producing state,
and it was this feature as well as its
location that made it so attractive to
Colonel Bent. His brother, Bert, who
has been in the West during the past
few years, is joining Colonel Bent in
the venture and will arrive home in
a few weeks.

Colonel Bent left for Lawrencetown
last evening to complete arrange-
ments and expects to be home again to-
morrow night. The date of his re-
moval from Amherst is not definite
as yet, but it is expected to be about
the middle of March. Col. Bent will
be much missed from Amherst, where
he has been active in various phases
of public life. He has worked zeal-
ously on behalf of the returned sol-
diers. Colonel Bent was, prior to the
election contest, Collector of Customs
of Amherst. He is an ex-President
of the Commercial Club of Amherst,
and President of the Provincial Com-
mand of the Great War Veterans.

WEDNESDAY, MARCH 8th, 1922.

GIRLS' WORK BOARD NOTES

On Friday evening, March 3rd, at 8.30, Miss Chute, County Nurse, addressed a large gathering of C. G. I. T. girls in the United Church vestry. This is the first meeting of the C. G. I. T. groups of all the churches under the auspices of the Girls' Work Board, and the interesting lecture was well received.

Two events of special interest are being planned for by the Board. The first is the visit of Miss Mary R. Allison, Girls' Work Secretary of the Maritime Religious Education Council. Miss Allison will spend a few days in the Valley, for the purpose of holding Training Courses for leaders and prospective leaders of girls. The dates announced for Bridgetown are March 21st and 22nd, with a return visit April 1st to 3rd. During the latter time, it is expected that we shall have a rally of Mothers and Daughters. Particulars of programs and plans for using Miss Allison's time will be announced later.

Another meeting of importance under the direction of the Board will be a gathering of the Elementary Workers of Bridgetown and vicinity in which Miss Alice M. Harrison, Elementary Secretary of Maritime Religious Education Council will present methods and programs for teachers of children. This meeting will be held on March 30th, time and place to be announced later.

ANNAPOLIS ROYAL MAYOR

C. C. King, the new mayor of Annapolis Royal, is the junior member of the firm of A. M. King & Son. He was Mayor in 1921, but declined nomination in 1921. He has served on the Town Council seven years, the first time being 1909, when little more than twenty-one years of age—in fact, he has the honor of being the youngest Mayor or Councillor ever elected in this town.

Mr. King is a public spirited man, and has the best interests of the town at heart. He is President of the Children's Aid Society, and very active in the public school. It is anticipated that the year 1922 will be one of particular business activity and advancement in Annapolis Royal, and a feeling of universal satisfaction is evinced in Mr. King's election, and confidence in his ability to "carry on".

A. M. King, father of C. C. King, was Mayor of Annapolis Royal in 1895 and in 1904.

UNIVERSITY EXTENSION COURSE

The Bridgetown Boys' Work Board has arranged the following course:

1.—Tuesday, March 14th, Prof. A. W. Coit, of Acadia, "Other Worlds Than Ours".

2.—Tuesday, March 21st, Prof. G. F. Kingston, of Kings, "Modern Everyday Psychology".

3.—Tuesday, March 28th, Prof. A. B. Balcom, of Acadia, "The Canadian Melting Pot".

4.—Tuesday, April 4th, Prof. H. G. Perry, of Acadia, "Hereditry".

The lectures will take place each Tuesday evening at eight p.m. The place of meeting will be announced at each preceding lecture. The first lecture, March 14th, will be held in the Baptist vestry. The price of the series will be seventy-five cents, (single tickets twenty-five cents). Tickets will be on sale by the young people of each of the three churches, Friday of this week.

PLAN AERO SERVICE

A fortnightly aeroplane mail service for all classes of mail except parcels, from Cairo, Egypt, to Baghdad, Iraq, is now in operation, it is announced. The requirements of the mail are that "By Air Cairo-Baghdad" must be prominently written on the address side of the envelope, and the usual postage affixed. Additional postage stamps to the value of twelve cents per ounce must also be placed on the address side of the letter or paper.

RECENT APPOINTMENTS

To be a School Commissioner for the town of Middleton for the unexpired portion of the term ending the first day of February, A.D., 1924.—Lester C. Andrews, of said town, in place of F. B. Armour, resigned.

To be a Commissioner under Section 1 of Chapter 35 of the Revised Statutes of Nova Scotia, 1900.—Y. L. Roop, of Springdale, in the County of Annapolis.

Schooner Annie L. Spindler, which is in command of Captain William Snow, of Digby, sailed from Yarmouth on Tuesday on her first trip of the season to the banks.

Local Happenings

Mr. Israel Longley, Granville, has had a telephone installed in his house. The number is 7-2.

The appointment was announced last week of Herbert L. Vroom to be sub-collector of customs at Clements-Port in place of W. C. Jones, superannuated.

All those interested in the new rink are especially requested to attend the meeting which will be held in the Board of Trade rooms at eight o'clock this evening.

W. A. Branch, of St. James Church, held a service Friday afternoon, it being the day observed by the Christian women of North America for special prayer and intercession.

The Bridgetown Boys' Work Board have arranged for a series of four lectures to be held on Tuesday evenings this month. The dates and subjects are given in another item.

The C.G.I.T. girls were addressed on Friday evening, March 3rd, in the United Church vestry, by Miss Chute, county nurse. A very interesting lecture was heard, a full report of which can be found in another column.

The third public meeting of the Lawrencetown Library Association was held in the Demonstration Building, Tuesday evening, February 25th. A full account of the program is shown in another column of this issue.

The picture at the Primrose Theatre next Friday and Saturday promises to be a particularly "good one". Among the cast of "A Delightful Little Clown" are Jack Mulhall, Nelly Edwards, Helen Dunbar, Winter Hall, Cameron Coffey, Laura Anson and Mary Miles Minter. Mr. Mulhall has made many admirers by his unexpected expertise at trick riding.

Rev. J. H. Freestone, pastor of the United Church, preached at the Methodist Church, at Dalhousie, on Thursday evening last. He was accompanied by a large sleighing party from town given by Mr. and Mrs. E. A. Hicks. After the church service, dinner was served at the hospitable home of Mr. and Mrs. Thomas Todd and the remainder of the evening given up to social enjoyment.

ORDERING SEED OF THE BEST VEGETABLES

In order to obtain the best results from the garden, it is a well known fact that good seed of the best varieties is one of the important factors which will insure certain success. In this regard many of the old standard varieties are still giving satisfactory results, but it is a good policy at this season of the year to study the records of past years, to ascertain if the crops obtained then, compare favorably with the requirements of to-day.

Procrastination on the part of those intending to order seed may end in disappointment, because the bulk of seed orders received by seed houses are received late in the season. Those orders that are sent in early are liable to receive exactly what is asked for, whereas, orders sent in later may receive many substitutions.

The requirements, whether general or specific, as the case may be, will have some influence on the choice to be made. However, it is a well known fact, and most people are well agreed upon it, that earliness, yielding ability, uniformity and quality are the chief deciding factors when making a choice of varieties for a garden, whether commercial or for home use. It is here, that discrimination has to be applied, because, there are many novelties being offered which may prove satisfactory and may be not. Where it is desired to introduce new early varieties, it is a good policy to refer to definite data dealing with this particular question, and in this way, find out from the reports of experiments the performance of such sorts. For instance, in the case of early corn, there is early Malcolm and sweet Squaw, both of which are fully ten days earlier than our best early variety. Both of these are white, but possess such quality, earliness and yielding ability that they can be recommended to the public with certainty. The same performance holds in the case of tomatoes, of which there is the Alacerty. It has become quite well known as a variety for earliness, quality and yielding ability. If such varieties are added to the garden tests, or other varieties that have become known, there is little doubt, but that the results will be very satisfactory.

MARINE NEWS

The tern schooner E. P. Theriault, which has been undergoing repairs at Meteghan is ready to leave the slip and will sail this week for Shelburne, where she will load lumber for Barbados.

Capt. William Snow left Digby Tuesday for Yarmouth with a crew for the schooner Annie L. Spindler which is fitting out for the banks. Captain Arthur W. Longmire, of Hillsburn, Annapolis County, was in Digby Tuesday on his way to Yarmouth with a crew for his schooner, the A. W. Longmire, which is also fitting for the banks.

H. N. Putnam, of the Halifax offices of the Federal Public Works Department, visited St. Mary's Bay points in Digby and Yarmouth counties last week, where he surveyed various breakwaters needing repairs and extensions. He also looked over the one at Beaver River, authorizing an immediate expenditure for repairs, and also inspected the new work being done at Port Maitland.

Mayor Walker's schr. Roseway, Capt. Benjamin Cunningham, which has been fishing out of Liverpool for the winter, returned to Yarmouth Sunday and has commenced fitting for the halibut fisheries. The schr. Cupola was also of the Walker fleet, arrived at Halifax from Liverpool and upon arrival Capt. Louis LeBlanc will immediately be transferred to his former charge, the Loran B. Snow.

Born in Nova Scotia, across the river from Annapolis Royal, a cable brings news from London of the death there of Captain Clarence Troop. He was an old-time skipper, and came into the service of the Canadian Pacific in 1903. He was on the Montezuma, Assiniboia, Mount Royal and Princess Charlotte, and later superintendent of Millwall Dock, London, before being retired on pension by the Canadian Pacific.

The work of repairing the Weymouth tern schooner E. P. Theriault, which is being done at Meteghan, is about complete and she will probably be put afloat in a few days. Last week Robt. McLeod, of Liverpool, representing the American Lloyds, went to Meteghan to hold a survey on the vessel. The E. P. Theriault received her damage when she went ashore last fall near New London, Conn., when on the passage from New York to St. John with a cargo of hard coal, afterwards floated and reached her destination.

The spring lobster season will, in ten days, be upon the fishermen of Western Nova Scotia and they are all along the coast, making somewhat extensive preparations to pursue the industry. A large quantity of new gear is being made up which will, with that on hand from the short season of last fall, give some fishermen longer lines of traps than ever before used. In addition to new gear many of the fishermen at Wedgeport and at the Publics are acquiring new splendidly built boats in which to follow their arduous callings.

A despatch to the C.G.M.M. office at Halifax reports the sailing from St. John Sunday for Halifax of the steamer Canadian Navigator. She arrived there Monday and went into the dry dock for inspection and overhaul, returning to St. John to load for Liverpool. Leaving St. John last Tuesday the Canadian Navigator's cylinder head was damaged and she was towed back to St. John from a few miles off Boar's Head Light, Digby. Temporary repairs were effected in order to take her to Halifax, and while there permanent repairs will be made to her machinery.

The largest shipment of Panama coffee imported direct in many months, arrived at Boston this week, on board the United Fruit Company's steamship, San Blas, Capt. George H. Grant. Many tourists returned from the tropics with the vessel. Captain Grant, who is a Nova Scotian, hailing from Weymouth, reported falling in with the British schooner Varuna on February 8th, in latitude 20.04 north, longitude 81.22 west, while the San Blas was on the outward passage to Havana. The schooner's headgear had been carried away, and her captain had lost his bearings.

The schooner Clarke L. Corkum, Capt. Ansel Snow, is at Yarmouth from Digby to complete her fitting for the fresh fisheries, and is about ready for sea. This fine vessel was built at LaHave in 1914, and measures 36.6 feet long, 23.8 wide, 9.9 deep, 36 tons register, and was purchased last fall by Capt. Snow and others of Digby to engage in the fresh fisheries out of Yarmouth, making a valued addition to our fleet. The Clarke L. Corkum was built for the salt bank fisheries, in which she was always engaged until taken over by her present owners. Since then she has been almost entirely rebuilt, so far as her hold is concerned, and is now one of the most modernly fitted fresh fishermen to be found on the coast. In addition to the interior work, she has been equipped with a 30 horse power Acadia motor, the rigging extensively overhauled and a new full suit of sails bent. The Corkum will carry eleven double dories, and a crew all told of twenty-five men.

Mr. F. Max Bishop, of Lawrenceville, has been appointed travelling salesman for Nova Scotia for the old established firm of Messrs. J. and A. Mellon, wholesale stationers, smallwares, and etc., of St. John, N. B.

The North Sydney Herald recently stated that the programme of a concert at the Strand Theatre there on Sunday evening was contributed by Miss Vera Langille, of Annapolis Royal, who has a splendid contralto voice and sang "The Ninety and Nine" with good expression.

DIGBY COUNTY NEWS

Mr. Finley, St. John, was in town last week.

Mrs. Eber Turnbull held an enjoyable bridge Tuesday afternoon.

Mr. George E. Graham, general manager of the D.A.R., and Mr. O. C. Jones, of Bridgetown, were in town on Tuesday.

Mrs. E. C. Sollows, of Tiverton, passed through Digby on Monday en route to St. John, to attend the millinery openings.

Rev. Dr. Goodwin, of St. John, who has been in the Annapolis District for the past week or so, returned to St. John Wednesday.

H. E. Kirkpatrick and party were the week end guests of Mr. Kirkpatrick's parents, Mr. and Mrs. L. Kirkpatrick, Water Street.

Mrs. Wentworth Brayne and daughter, who spent several weeks in Digby, returned to Yarmouth on Wednesday last and proceeded to their home in Tusket.

Mr. Edwin Hutt, of Dartmouth, formerly of the Monotype Department of the Royal Print and Litho, Halifax, spent the week end with friends in Digby.

A. M. Gidney, for a number of years collector of customs at this port, was superannuated last Thursday. A. E. Cousins the same day received his appointment as acting collector, but no permanent appointment has yet been made.

An unusual sight was witnessed in Digby Basin early Wednesday morning when comparatively early risers who looked out over the Basin saw seas breaking over the Bear Island Bar. This is only seen about once in a lifetime as the tide and wind must be exactly right to cause it and the combination does not take place very often.

James E. McMahon, private detective, passed through Digby Tuesday on his way to spend a vacation at his home in Cardiff, Wales. During his career he has never been sent for a man but what he has got him. He has handled a large number of important cases particularly in reference to wrecking and salvage, and in this capacity he did a lot of work last year in connection with the City of Colombo and the Binghamton.

A meeting of the executive of the Boy Scout Association was held last Friday in the office of the chairman, H. E. Jones. The scout master reported forty-two boys in training, fifteen in first class standing, twenty in second class standing, and seven tenderfoot. It was decided at this meeting that the executive also take over the Girl Guide work. This organization now numbers sixteen in Digby and the girls are a most enthusiastic group. Digby now has a troop of boy scouts and one of girl guides, under the control of an executive council composed of leading citizens both men and women appointed by an association for whose membership any citizen is eligible upon the payment of a small fee for the support of this work.

Mr. Avard Robar made a business trip to Bear River Tuesday.

Mr. Truman Hamilton, of Bear River, was a Sunday guest of his friend, Mr. O. Robar.

A sing was enjoyed Sunday evening at Mrs. Forest Robar's. All had a very pleasant time.

Mr. George Riley, of Bear River East, was a Sunday guest of his brother, Mr. John Riley.

Miss Lee Etta Riley and sister, Miss Esther, spent Tuesday at Clements-ville, the guest of their cousin, Miss Dorothy Wambolt.

FLU EPIDEMIC ENDED

New York, March 2.—The influenza epidemic which claimed five hundred and forty-four lives in New York City since January 1st, was declared officially ended to-day by Health Commissioner Copeland.

Reports to-day showed seventy-five new influenza cases and five deaths, a normal number for this time of the year, he said. There were eighty-nine new pneumonia cases and forty-five deaths during the past twenty-four hours.

The provincial convention of the Social Service Council of Nova Scotia will be held in the Y.M.C.A., Halifax, March 13th and 14th.

MANY HEARTS SADDENED

Death of Mrs. Ella S. Whitney On Saturday, Feb. 18th, Will Be Deeply Regretted By Many In Oneonta.

The following is copied from an Oneonta, N. Y., paper:

"Many hearts were saddened Saturday by news of the death that morning at the Parshall Hospital, of Ella S. Charlton, wife of Austin F. Whitney.

Mrs. Whitney had been in failing health for some time and underwent an operation five weeks ago, from the effects of which, in her weakened condition, she failed to recover. The funeral services were held at 2 p.m. Monday, from her late home, 10 Rose Avenue, her pastor, Rev. Dr. E. J. Farley, officiating. The body was placed in the vault at the Plains cemetery for interment in the spring.

Mrs. Whitney was a native of Nova Scotia, being born at Williamstown, in that province fifty years ago, of Phineas and Lavonia Charlton. Her life, until her marriage in 1898 to A. F. Whitney, of Baldwinville, Mass., was spent in Nova Scotia. Immediately after their marriage, Mr. and Mrs. Whitney came to Oneonta where they have since resided. Besides her husband and three children, Irving, Mildred and Waldon, all residing at home, she is survived by her father and three sisters, Mrs. J. H. Balcome, of Paradise, N.S.; Mrs. J. C. Whitney, of Horse Heads, N.Y., and Miss Ena Charlton, of Halifax, N.S.

A member of the First Baptist Church since she first came to Oneonta twenty-three years ago, Mrs. Whitney was an ardent church worker. As a deaconess she was prominent in the management of the institution and every event which took place at the church received her hearty support and untiring co-operation. In her home she was a fond wife and a kind and loving mother. She had a wide circle of friends in the city by all of whom she was highly esteemed and respected as a woman of the highest Christian character and as one with ideals of friendship rarely found.

Colorado has the highest 'yacht anchorage in the world at Grand Lake at an altitude of 8,369 feet, where a regatta is held every summer for a Lipton cup.

In The Supreme Court

BETWEEN:

EDWARD A. HICKS and HENRY B. HICKS, Plaintiffs

and ARTHUR BENT, Defendant

Pursuant to an order of sale and foreclosure made by his honor, J. A. Orlerson, Judge of the County Court for District No. 3, and Master Ex-Office of the Supreme Court of Nova Scotia, dated at Weymouth, February 15th, A. D., 1922, there will be sold at Public Auction, in front of the Court House, at Bridgetown, in the County of Annapolis, on

TUESDAY THE 21st DAY OF MARCH At Two O'clock in the Afternoon,

all the estate, right, title, interest, property, claim and equity of redemption of the late Jerry Saulnier, of Bonconsfield, in the County of Annapolis, herein off, in, to or out of, all that piece or parcel of land situate, lying and being at Hampton, in the County of Annapolis, and bounded and described as follows:—

Beginning at the angle formed by the Bridgetown road at the upper cross roads at Hampton, thence southerly on the east side of the Bridge-town road, seventy rods or to the lands of Ingram B. Snow, thence easterly the course of Snow's north line, forty rods or to the lands of Rueben Chute, thence northerly along the west line of the said Rueben Chute, seventy rods or until it comes to the said cross roads, thence westerly on the south side of said cross roads to the place of beginning, containing by estimation twenty acres more or less, the same being the lands bounded and described in a mortgage from Jerry Saulnier and wife to Edward A. Hicks and Henry B. Hicks, dated March 1st, 1910.

TERMS:—10% cash at the time of sale, balance on delivery of the deed, said deed to be delivered within ten days of said sale.

Dated this 16th day of February, A. D., 1922.

J. H. EDWARDS, High Sheriff of the County of Annapolis.

Oliver S. Miller, Plaintiff's Solicitor. 47-51.

At Any Time You May Need Zam-Buk

Every home and farm needs Zam-Buk simply because it is the purest, safest and best antiseptic ever discovered. Equally good in simple cuts and burns as for chronic wounds or sores. If you would save worry keep Zam-Buk handy.

FOR SCALPS—Mr. Geo. H. Duff, a C.P.R. fireman of Port William, says: "The water gauge of my locomotive burst and scalded the left side of my face terribly. Fortunately I carry Zam-Buk about with me, and as soon as possible I had the burn freely applied. Zam-Buk did the work of a doctor and in a few days it had my face nicely healed."

PIMPLES & FACE SORES—Miss S. G. Hamilton, of Hamilton, Ont., writes: "My face and hands were simply a mass of pimples, blotches and sores. The affected parts were as painful as if I had been scalded. I found nothing of real use except Zam-Buk. It soothed, purified and healed my skin perfectly."

OR POISONED WOUNDS—Mrs. A. Berryman, 190, John St. North, Hamilton, who had her right foot crushed by a wagon wheel, says: "The flesh was terribly blackened and inflamed when I got Zam-Buk. Within two days all pain, swelling and discoloration had disappeared. In four days the injury was thoroughly healed."

MAGIC BAKING POWDER

During his year the church literally woke up. Attendance at church increased from twenty-five to one hundred and seventy; attendance at prayer meeting from eight to forty-five. The people were very anxious to have him remain permanently and promised \$750 and a manse (a large salary at that time for such a small church). As Mr. McGregor had still a year at Edinburgh he could not accept, and though the call was repeated on his graduation he declined. The reason for his success was his charming personality and close personal contact with, and work among his people.

In 1880-'87, Middleton, Lawrence-town and Wilmet were added to Bridgetown and the Rev. John Cameron secured as ordained missionary. Then the eastern sections applied for permission to be made a mission station with a pastor of their own and again Bridgetown was left alone. Toward the latter part of 1887 Presbytery sent ministerial emissaries to patch up the wounds of Annapolis and Bridgetown and find if they could be re-married. Annapolis, like Barkis, was "wild" but the other partner offered some opposition.

However, in November, 1887, union was again effected and the pulpits were filled by Mr. Cameron for about two years, when Mr. Cameron felt the work was too severe for one of his age and resigned in 1889. Mr. Cameron was a staunch Scotchman of the old school and was well known and universally respected. For several years, after retirement from active service, he lived in Bridgetown and died here March 1st, 1907, after a long and useful life in the service of God and his fellowmen.

In 1890 steps were taken to secure the Rev. W. M. Fraser. A guarantee of \$500 from both churches made the matter of salary possible and Mr. Fraser was inducted into a charge Monday 23rd of that year. Even then the congregation in this end of the Valley were badly organized. Mr. Cameron supplied addition and was not occasionally. Finally, in 1890, Rev. R. Ross visited the section, organized the communion roll, dispensed the sacraments and supervised the church and managers in each congregation. During this pastorate the church debt was paid off and the church received the names of Gordon, McRae, Fraser, Fraser is well remembered, I find, by many of the people of Bridgetown. A thoroughly devoted Christian worker, especially among the boys and young men, his resignation in 1891 was met with universal regret.

In January, 1892, Rev. R. S. Whidden, who had been in the United States, applied to Presbytery for permission to preach in Canada. This was granted and Mr. Whidden was sent to the congregation of Bridgetown and Annapolis as a probationer. His work was so acceptable that he was called to the field and given charge of the united congregation in June, 1892. Mr. Whidden was a good business man and aggressive worker as well as a strong preacher. He was a firm personal friend and advocate of Temperance. During his pastorate Mr. W. E. Anderson, a man of considerable means and known in church matters, came to us from the United States. In many ways added our struggling little church. In March, 1892, at a special congregational meeting, called by the pastor, Mr. Anderson made a presentation of the church and the congregation accepted and the church and manse were one of the prettiest church properties in Nova Scotia.

Again in 1898, with Mr. H. S. Davidson as pastor, the Presbyterians of Bridgetown, feeling their importance and strength financially, applied for permission to separate from Annapolis. This was granted and Mr. Davidson sailed alone for five years. During the pastorate of Mr. Davidson the interior of the church was renovated, new seats and platform were provided and the walls tastefully painted.

In 1904, Mr. Davidson went to Germany for further study. Our next minister was Rev. A. J. McDonald, who ministered to us from 1904 to 1910. In 1908, Gordon Memorial celebrated the jubilee of organized Presbyterianism in Bridgetown by a general reunion and social gathering with special contributions to church funds. Mr. McDonald resigned in 1910, after a successful pastorate of six years. Both Mr. and Mrs. McDonald will long be remembered as strong personal friends and good citizens.

MRS. A. W. DANIELS

HISTORY OF PRESBYTERIANISM IN BRIDGETOWN

(Continued from Page Six)

George T. Bryant as union minister. It would not be wise to conclude a review of the history of the church without mentioning the names of those members, who by personal sacrifice and more than ordinary faithfulness, attained an unusual degree of prominence in its records. We know we are not, in shortening this list, doing justice to many, for with few exceptions every member of the little band who kept up the struggle for sixty-three years has been faithful and time will not permit of mentioning all.

We have records of only ten elders during the sixty odd years. Elias Tupper and Daniel Cameron came from Round Hill. Mr. Tupper is beyond my ken, and I can only remember Mr. Cameron as a very old white haired man.

Attendance at church meant a drive of some ten miles for them. The little brick saw them principally on commission days. Mr. Cameron afterwards purchased a farm a short distance from Annapolis, and during the latter part of his life he gave his services to the Annapolis congregation.

Donald Sinclair Gordon Messenger, was given the name of his pastor, as he was the first infant baptized by Mr. Gordon. He died after a few days' illness of pneumonia on April 22nd, 1899. A sessional note of that date says "He was a most efficient superintendent of the Sunday School and faithful elder. He was a tower of strength to the little congregation, his place cannot easily be filled."

Many of us remember David Phinney, a fine type of citizen, and Presbyterian, died in June, 1917, in church work he was always dependable and faithful. He held several offices in the church during his lifetime, notably that of elder. His long connection with the church was marked by unusual loyalty, while his uprightness and integrity in business has left many kindly memories in the countryside.

W. Chesley is still living in Bridgetown. Throughout his church life he has been a whole-hearted Presbyterian, very zealous in the work of the church, zealous of her rights and privileges. Growing up with Gordon Memorial, safe-guarding her interests, fighting her battles and lifting the harder when her cause seemed weak he could not see his way clear to be satisfied with giving up the little church and joining the Union.

Of the five elders living, four have agreed to Union and are working in the United Church, and of these a special word of appreciation is due to Messrs. W. B. and A. O. Price. It would be difficult to find more upright citizens, more faithful church workers or more sterling Christian characters than these two men in any church. It is indeed fortunate to number such men among its members.

Mr. Newcombe has lived quietly with a wife since he came to Bridgetown, and has proved himself a man of broad views in church matters and a worthy citizen.

Of the other old members what can we say. Many are dead and many have moved away. We remember the Fullertons, who attended from Round Hill, and whose carriage I, as a little lad, used to watch for Sunday mornings, and hope we could get off ahead of them. The Whitmans, of Tupperville, left. The family of Jared Tupper are inseparably connected with the annals of Presbyterianism. Miss Harriet, sister of Jared, was one of the first members and always a leader in its activities. She died a few years ago in Halifax. Archie went to Santiago de Chili as a teacher-missionary and died there. Fanny, the youngest daughter, is married in the West. She was prominent in the musical and Christian endeavor activities.

My mother, one of the earliest members of the church, joining in 1862, for many years led the singing, before an organ was purchased. Mr. and Mrs. Robert Fitzendolph, Mr. and Mrs. R. A. Crowe, Mr. and Mrs. Daniel McEwan, Mr. and Mrs. W. R. Calder, F. L. Miller and family, all of whom we have lost either by death or removal, are to be long remembered among those who gave of their best for the good of Gordon Memorial.

One notable loss, that of Major J. H. Tupper, occurred as a result of the Great War.

As we look over the long list of members we can feel that the life of the little church was in vain, and yet we cannot escape a feeling of sadness that Presbyterianism has in this part of the province, almost lost its organized identity.

ENTERTAINMENT

AT CLEMENTSPORT

Clementsport, Feb. 16—On Tuesday evening the Social Service Council of Clementsport gave a very interesting treat entertainment, composed of music, readings and a three-act comedy. This is the first programme rendered since the organization of the Society, a month ago. The committee in charge, as well as all who participated, are to be congratulated on the success of their first effort. It is evident that there is some excellent local talent available for service. The acting was good, in spite of the fact that there was very little time for practice. The programme was full of spirit and action and the audience was not given any opportunity to get drowsy.

Seattle, Wash., Feb. 27—Seattle retailers, through the retail trade bureau of the Seattle Chamber of Commerce to-day announced that Canadian money would be accepted at par for the first time since the unfavorable situation created by the war.

PROMOTION OF D. A. R. MEN ANNOUNCED

(Halifax Herald)

George E. Graham Tuesday announced important changes in the positions of traffic officers of the Dominion Atlantic Railway.

Effective March 1st, the freight and passenger business of the Dominion Atlantic was consolidated at 117 Hollis street, with F. G. J. Comeau in charge, as general freight and passenger agent, while the United States territory will be in charge of R. U. Parker, as general agent, located at 12 Milk street, Boston.

The consolidation will make for greater co-ordination of effort and bring about still closer relations with their patrons.

Mr. Comeau's wide experience, together with his intimate knowledge of general traffic conditions, particularly fit him for the dual position. He brings to it marked ability.

The significance of Mr. Parker's promotion to Boston lies in the fact that the management of the railway, appreciating the possibilities of, and urgent necessity for, the development and increase of traffic to and from New England, via Yarmouth, decided to place a tried officer in the field. Mr. Parker's intimate knowledge of Nova Scotia, together with his characteristic energy, provide him with admirable qualifications for the new and responsible position he will be called upon to fill.

HONORABLY ACQUIT GIRL AT MONTREAL

Montreal, Feb. 15—Alma Morel, a maid accused of manslaughter in connection with the death of Adelaide Perreault, sixty year old housekeeper, was today honorably acquitted on the charge by Judge Cusson.

Miss Perreault was alleged to have died from injuries sustained when she was knocked down by Miss Morel. Her death, however, did not occur until several months after the quarrel. The former is said to have reprimanded the maid for entertaining a male visitor late at night, which resulted in the latter calling her "an old skunk" and giving her a violent push. The affair occurred at the home of C. Chaput, Sherbrooke Street, last spring, while Mr. Chaput was away on his holidays.

ROSY CHEEKED HEALTHY WOMEN

Know the Full Value of Rich, Red Blood

Robust, healthy, red-cheeked women seldom worry. Their condition of mind and body is such that they can rise above the causes that bring melancholy and brooding. It is the woman with weak, watery blood who is thrown into nervous unrest by little annoyances that grow so great in the imagination that it seems as if she must scream to relieve her feelings.

A woman's health quickly falls when her blood becomes thin and weak. The stomach is disordered and appetite vanishes. The nerves lose their strength and so sleep is irregular and does not refresh the body. A state of weakness arises that increases gradually and gives further cause for worry. Good blood is necessary to every woman who has grown pale and weak, and in this condition Dr. Williams' Pink Pills will be found of great benefit, because they enrich and purify the blood. Women who are anemic, suffer from indigestion, palpitation, headaches and nervous attacks will find new strength through a fair use of these pills. Among the women who have proved the value of this medicine is Mrs. Enos Levy, Hackett's Cove, N.S., who says: "About two years ago I began to fail in health and was very weak. My constitution was all run down, and my blood was weak and watery, as was manifest every month. I had heard of Dr. Williams' Pink Pills and what they would do for the blood, and being in such a low condition I decided to try them. By the time I had finished the fourth box I found to my great delight that I was a great deal stronger, and my blood a deep red color. I have a lot of work to do besides taking care of my little one, and with my good health I enjoy it, and I can truthfully say I owe this condition to Dr. Williams' Pink Pills."

Dr. Williams' Pink Pills can be obtained through any medicine dealer, or may be had by mail, post paid, at 50 cents a box, or six boxes for \$2.50, from The Dr. Williams' Medicine Co., Brockville, Ont.

"I think, dear," said Mrs. Grabbit, "I'll ask the people next door to share our Sunday dinner."

"Why?" asked her husband.

"Well, the man left their turkey here by mistake, and it seems only fair."

DEATH OF MRS. MACVICAR

(Thursday's Herald)

The Chronicle of Cambridge, Mass., has the death notice below which refers to a daughter of the late John O. Pineo, who resided many years at Wolfville and previously at Canning:

"Mrs. Annie F. MacVicar, wife of W. Mortimer MacVicar, who last year retired as master of the Roberts Grammar School, died last week, Thursday, at her home, 16 Broadway, Watertown. Although closely associated with Cambridge since she came here in 1898 to take a post-graduate course at Harvard, and later as a master in the grammar school, Mr. MacVicar and his wife have made their home in Watertown since 1912. Before her marriage, Mrs. MacVicar was Annie Pineo, of Nova Scotia, where her ancestors settled in 1750 when Acadia was re-opened for settlement. Her father's people were Hutterites who settled in the Connecticut valley after their flight from France and England during the religious upheavals of the seventeenth century."

Mrs. MacVicar received her education at Acadia Seminary, from which institution she graduated in 1870. She grew up in that section of Nova Scotia famed in Longfellow's "Evangeline." She is survived by four children:—Mrs. L. C. Harlow, of Nova Scotia; Mrs. G. W. Blen, of South Portland, Maine; J. E. MacVicar, of Montreal, and G. M. MacVicar, of Germantown, Penn.; also one sister, Mrs. R. V. Jones, of Berwick, N.S., and two brothers, Joseph H. Pineo, of Canning, N.S., and William S. Pineo, of Middleton, N.S. Funeral services were conducted from her residence Sunday afternoon at two-thirty by Rev. Dr. Worcester, of Immanuel Church, Boston. Four of the choir boys from the choir which she had heard so often and loved so well, sang several selections. Interment was in the new cemetery, in Watertown. The flowers were abundant and very beautiful."

YARMOUTH FLEET OFF FOR THE BANKS

Yarmouth, Feb. 28—With the sailing this morning of H. A. Amiros schooner Annie L. Spindler, Captain William Snow, and this evening of the Catherine M., Captain Telisphore, Dentremont, and Clarke L. Corkum, vessels of the Yarmouth fresh fishing fleet are out in the banks. The last named vessel of ninety-six tons was built at LaHave in 1914, and is the latest addition to the Yarmouth fleet. Last fall she was purchased from her Lunenburg owners by her present skipper and other Digby parties who converted her from a salt bank fisherman to a very modern craft for the fresh fisheries. She is equipped with a thirty horse power motor. The Corkum will carry eleven double dorries, and a crew all told of twenty men.

Didn't Agree With Him

A young man, returning from the continent on board a crowded steamer, was asked to give up his berth to a little girl. He did so, and spent the night horribly ill on deck. A few hours later his wife received a telegram from him, handed in at Dover: "Expect me home immediately. Bad passage; awfully sick. Gave berth to a little girl on leaving Calais."

BUILDER OF NOVA SCOTIA

(Thursday's Herald)

Captain Stewart T. Salter, the new mayor of Parrsboro, who was elected by a substantial majority, is one of the best known men in Nova Scotia, particularly in shipping circles.

Captain Salter was mayor of Parrsboro four years ago, and filled the position in an admirable manner. He is a "booster" for Nova Scotia, particularly Parrsboro.

Speaking of the future, Captain Salter said that things had been better in shipping and also in the town the past year than in the years previous, and that he was looking forward to the present civic year with confidence.

He predicted there would be an increased activity in shipping, as there had been much lumber hauled to the various ports in the county which would be ready for shipment in a short time. There had been considerable activity in lumber circles at Moose River, Five Islands, Economy, Bass River, and at Parrsboro. This lumber will be shipped to American ports.

CHILD KILLED WHEN KITCHEN RANGE EXPLODES

Barre, Ont., Feb. 12—Audrey McClelland, daughter of B. F. McClelland, a girl of seven years, met instant death yesterday afternoon when the kitchen range in her home exploded. The accident is said to have been due to the freezing of a water pipe, the fire having gone out during the night.

Laren, with relatives in Moncton, N.
B., was killed when struck by a train
on the tracks in the Toronto yards
to-day.

LOCAL DEATH ROLL

MORTON KENT LONGLEY

The following is copied from a Re-
gina, Sask., paper:—

"The sad death of little Morton
Kent Longley, aged six years, one
month and twenty-seven days, son of
Dr. I. F. and Mrs. Longley, who died
at Regina General Hospital on Thurs-
day morning, February 9th, came as a
great shock to residents of this com-
munity.

Little Morton had been suffering
from burns received on Sunday morn-
ing, January 22nd, and the little fel-
low fought bravely from that time on.
His courage and cheerfulness went
far in giving hopes of his recovery,
but as the burns were so severe his
great courage and fortitude, together
with all possible medical aid could
not save him.

When at Govan, little Morton had
made many friends among adults as
well as among his numerous play-
mates, and to these the shock of his
death was very great indeed.

The funeral was held at Lumsden,
where Mrs. Longley's father resides.
Service was held at All Saint's Church
on Saturday at two p.m.

The heartfelt sympathy of the many
friends of Dr. and Mrs. Longley goes
out to them in this sad hour of their
bereavement.

(Morton is the only grandson of
Mr. Israel Longley, of Upper Gran-
ville, N. S.)

GEORGE R. CONDON

George Roland Condon, seventh son
of the late John and Laleah Condon,
of Bay View, died at Camp Hill Hos-
pital, Halifax, on Tuesday afternoon
about four o'clock, after an illness of
some months duration. He was
twenty-nine years old. As a boy,
George went to the United States and
worked there a number of years with
his brother John, in Roxbury. He re-
turned to Digby in 1914 and started
a meat market, but in 1916 enlisted
in the 112th, went overseas and was
wounded in France. He returned in
the spring of 1919 and bought out the
business of his brother, M. A. Condon.
He had never fully regained his health
following his overseas experience and
during the past year he commenced
to fail. In November he found it
necessary to close his business and
enter the Sanatorium at Kentville. In
January he was removed from that
institution and taken to Camp Hill
Hospital in Halifax, where he died.

He leaves to mourn, his mother, six
brothers, John, in Roxbury; Hayes, in
Boston; Maurice A., in Kentville;
William, in Boston, and Orbin and
Joseph at home; also one sister, Miss
Nellie, at home. He was a member
of Franklin Lodge, I.O.O.F., of Rox-
bury. The remains arrived home
Thursday afternoon and interment
took place Friday afternoon.

EDWIN K. LEONARD
At his home in Clarence on Feb-
ruary 27th, Edwin K. Leonard, an old
and respected resident, passed away
at the age of eighty years and eight
months. His wife, with whom he had
lived for some forty-nine years, pre-
deceased him less than four months.
The end came suddenly, he being
in his usual health until about thirty-
hours before his death. His children,
with the exception of one, were with
him during his last hours.

He is survived by one sister, Mrs.
George A. Pratt, of Wolfville, N. S.,
and five children, Mrs. T. B. Akin, of
Windsor; Mrs. C. A. Bishop, of Brook-
lyn, N. S.; Vernon B., Robert W., and
E. Stewart, all of Clarence, who will
cherish the memory of a good father
and brother.

The funeral took place on Wednes-
day afternoon, March 1st, from his
late residence, and was very largely
attended by relatives, neighbors and
friends. The funeral services were
conducted by Rev. W. S. Smith. The
pall bearers were his three sons, and
one son-in-law, C. A. Bishop. The
casket was covered with lovely flowers
from his children and friends. He
was laid to rest in Fair View cem-
etery, Lawrencetown, beside the be-
loved wife, who had gone only a little
before.

CUTLER TITUS
Digby, March 2—Cutler Titus, form-
erly business man of Swampscott and
Lynn, died at his home in Alliston,
Boston, last week. He was born in
Rossway, Digby County, in 1854, and
went to the United States as a young
man. He was senior member of the
firm of Titus & Poor, contractors,
of Lynn and Swampscott, and some
of the largest business blocks and
public buildings in these cities were
built by them. He retired from that
firm in 1904 and with his son, started
the firm of Cutler, Titus & Son, in
Swampscott. A few years ago he re-
tired from business. He leaves a
widow, one daughter and two sons.

MRS. THOMAS S. SAYER
Mrs. E. C. Young received a wire on
Wednesday, February 22nd, inform-
ing her of the death of her sister,
Mrs. Sarah Randolph Sayer, wife of
the Rev. Thos. S. Sayer, 72 Hillman
Street, New Bedford, Mass. Mrs.
Sayer suffered a shock on Sunday
a.m., never recovering consciousness

and sank rapidly until the time of
her death three days later. Deceased
being a daughter of the late John
and Anna FitzRandolph, was a native
of Bridgetown, N.S., and at the time
of her marriage to Mr. Sayer was
living in Boston. She leaves to mourn
their loss her husband, Rev. F. S.
Sayer, former pastor of the South
Bedford Baptist Church; also one
daughter, Mrs. Chester W. Chase. She
is also survived by two sisters, Mrs.
A. W. Kenney, Arlington, Mass.;
Mrs. Elizabeth Young, Bridgetown,
and one brother, John FitzRandolph,
of Kansas.

The funeral was held at the home
on Saturday, conducted by Rev.
Frederick W. Bull, pastor of the
Spruce St. Baptist Church, of which
Mr. and Mrs. Sayer were members.
Interment in Oak Grove cemetery. The
floral tributes were beautiful.

MRS. J. N. MACRAE

Friends of Mrs. J. N. Macrae, form-
erly of 26 Walnut Street, Halifax, nee
Miss Euphemia Young O'Dell, Anna-
polis Royal, will regret to learn of
her death which occurred February
16th, at East Orange, New Jersey. The
burial was in Arlington cemetery, Ar-
lington, New Jersey.

Mrs. Macrae had been in ill health
for some time but was convalescing,
and her death was a shock to her hus-
band, relatives and friends. Many
testaments of sympathy and floral tri-
butes sent for the funeral testified to
her popularity.

She is survived by her husband,
James N. Macrae, one daughter
Evelyn, six years of age, 105 Park
Avenue, East Orange; her mother,
Mrs. Sarah O'Dell, Annapolis; two
sisters, Mrs. Harry Marshall and
Mary, Halifax; and four brothers,
Fred, Cleveland; Corey, Boston, and
Harry and Kenneth of Jacksonville,
Florida.

MARION MOXON

The funeral took place on Sunday
afternoon from the residence of her
grandparents, Mr. and Mrs. Andrew
Riley, Victoria Street, of Little Marion
Moxon, the eight months old child of
Mr. and Mrs. Fred Moxon, of Kent-
ville, who had died at the Children's
Hospital in Halifax on Friday, the
body being brought here on Saturday
by the sorrowing parents. Little
Marion was a bright and promising
baby and the family have the sincere
sympathy of all. Burial was made in
Woodlawn cemetery with service by
Rev. C. A. Munro.

JESSE MITCHELL

Death occurred at Granville at the
residence of his son, Elias Mitchell,
on the 4th inst., of Jesse Mitchell, an
aged and highly respected colored
citizen of this community. The de-
ceased was in his 81st year and
throughout his long life had resided
in Ingleswood where he had played
a leading part in keeping up their
church and school.

Mr. Mitchell was noted for his re-
liability, straight forwardness and
candor, and his passing is regretted
by a large circle of friends and this
whole community who respected the
deceased very highly.

The schooner Avalon, one of the
Glooscester fleet, which put into Hal-
ifax recently to repair damaged dories,
was one of thirty-four vessels to ar-
rive at Boston one day last week
from the banks, reporting a catch of
18,000 pounds of halibut taken on
Quero Bank. The skipper of the
Avalon is Captain Stephen Post, of
Digby.

Frederickton, March 6—Mayor John
A. Reid was re-elected to-day without
opposition, as were three aldermen
whose terms of office had expired.

Purina Calf Chow

Is Different

Yes, it's unlike any calf meal on the market.

- 1st. It's different because it's better.
- 2nd. Every ingredient is a pure feed of recognized value, no "phony" products of unknown worth. It does not contain anise, or any appetizer. Calves eat it as greedily as they do whole milk.
- 3rd. It does not scour; blood flour is one of the important ingredients, which insures freedom from scours.
- 4th. Easy to feed, no boiling, just mix with warm water.
- 5th. It is balanced just like whole milk. Calves thrive from the first on Purina Calf Chow and it keeps them making gains without sickly periods. It is used by many of the best dairy farms in the country to raise the finest calves.
- 6th. But it is cheap enough to use on any calf, costs less than half as much as milk feeding. So easy to feed that boys or girls are assured of success.

Stop in and talk it over.
